Carl W. Hoffmann -- A Memorium

The Eastland Memorial Hospitals Grounds Committee with Mrs. Samuel Butler, chairman, Mrs. Jack W. Frost, Mrs. Milton Fullen and Mrs. Clyde Grissom met at 10 a. m. Saturday morning and decided the large live oak tree north of the North Hospital Wing to be the memory of the late Carl W. Hoffmann.

Mrs. Butler said: "Great men have purposes; others have wishes. Like Ibsen, Carl Hoffmann believed 'a community is like a ship; every one ought to be prepared to take the helm. This is just what Carl Hoffmann did in every community project and we are grateful today for all the many things he accomplished that made this community a better place in which to live."

Mavettes, Mavs Bow In Openers

The Eastland Mavericks and Mavettes had the savor taken from their official debut in their brand new gymnasium Friday night when Comanche crews defeated them in the first games of the season.

The Mavettes bowed 58-41 to the fast-breaking Comanche girls and the Mavericks got closer with a 64-52 loss by the Indians.

The 600-plus stands were running over with people to start off the season in the modern, new gym. Fans and players alike found it to be ideal and predict many years of bleacher-hanging tilts ahead and the polished, gleaming maples.

The Treadwell brother-sister duo lead scoring for the evening, with Terry sacking 24, followed by Marsha's 22 for the Mavettes.

Other scoring for the Mavettes: Judy Kendrick, 10; Mary Clark, 7; Carolyn Key, 2. Maverick scorers: Mike Miller, 3; Norman Rhodes, 6; Wayne Waldon, 6; Larry Wilson, 4; Hayden Wilson, 7; and Mike Lewis, 2.

Mrs. Mary Ann Williamson, Travis and Randy of Playa Del Rey, Calif., are visiting in Olden with her parents, Mr. and Mrs. Travis Reese and Ricky.

Members then decided that a list of the project committees would be distributed to members of the Chamber and their ideas solicited to be formed by the committees.

Battle Acquitted After Long Study

(See Related Story Inside)

It took two days to get a jury, one day to present testimony to the jury in the James Battle murder trial in 91st District Court, and six and a half hours for that jury Thursday to acquit Battle.

A \$4.95 Barlow pocket knife appeared to be the hinge on which the case hung.

Battle, a 49-year-old Ranger Negro, was indicted by a grand jury in the July 4 slaying of Don Gonzales at Battle's Little Gem Cafe in Ranger.

From the day of the incident Battle had contended that he had killed Gonzales at Battle's himself because the Latin American Gonzales was attacking him with a knife.

The knife wasn't found and the grand jury indicted the murder with malice aforethought. During the testimony Wednesday Defense Attorney Bill Hart got admitted as evidence a knife, identified by several witnesses, as identical to that which Gonzales wielded during the fracas at the cafe.

This apparently established self-defense in the minds of the ten men and two women jurors, resulting in the "not guilty" verdict. However, what took the group so long to come to their conclusion was not known.

District Attorney Earl Conner Jr. was prosecutor and showed with witnesses including County Sheriff Lee Horn and others that Battle had a "bad reputation" in Ranger. Fanny Bee Russell, the Negro woman with whom Gonzales scuffled in the cafe before Battle intervened also testified.

Six jurors were picked Monday and six Tuesday as the questioning on the death penalty note consumed hours. The state finished its case Wednesday morning and the defense, using the same witnesses as the state, finished Wednesday afternoon. The charge was given the jury by District Judge T. M. Collie Thursday.

JOE TOW AND FRANCIS URBAN
... Retired By Lone Star

Two Veteran Lone Star Producing Co. Officials Retire At Same Time

Francis Urban and Joe Tow set some sort of a Lone Star Gas Company record in October. It was the first time the top two men in one area retired in the same month and one of the first times that two men from the same section retired at the same time.

The careers of the two men are closely parallel. They both started and ended their careers in the Eastland production office. They both came to Texas from Oklahoma, worked as roustabouts and both plan a retirement life of hunting, fishing and golf.

Mr. Urban worked off and on for Lone Star for ten years prior to 1940, when he was put on the payroll on a permanent basis. His seniority includes some 28 years with Lone Star. He worked in the Chickasha, Oklahoma gas field running a rod and tubing machine before moving to Eastland in 1941 as a roustabout. He worked as a gang pusher and other jobs before rising to job of superintendent.

"When I first worked for Lone Star, the offices were above the First National Bank Building in downtown Eastland," Mr. Urban recalls. The offices are now located northwest of town on the site of an old compressor station.

Born in Kansas on a farm, Mr. Urban moved to Oklahoma with his parents when he was four years old. They moved to New Mexico in 1911. The family stayed there several years before moving back to Oklahoma. Mr. Urban worked for the county com-

missioner building roads for a while but the commissioner was not re-elected and he lost his job. He moved to Arizona to build roads during the depression, then went to Oklahoma and Lone Star.

Mrs. Urban is the former Sibil Worsham. The couple married December 18, 1921 in Duncan, Oklahoma. The Urbans have four daughters. Mary Parks of Eastland whose husband works for Lone Star in the distribution office in El Paso; Nell of Jacksboro; Tena Fox of Winters, whose husband also works for Lone Star; and Melinda, who lives at home. The Urbans have three grandsons.

Mr. Urban doesn't have definite plans until after the first of the year. He has a rental home in Eastland and Cisco.

Former Resident Jay Hunt Dies; Rites Thursday

Funeral services for Jay Hunt, 70, former Ranger resident, were held Thursday, November 19 in Hedley, Texas.

Mr. Hunt died Tuesday, November 17, in Amarillo following surgery in a hospital there.

He was a member of the Baptist Church and of the Masonic Lodge.

Survivors are his wife; one son, Col. Jerry Hunt of the Strategic Air Command, Washington, D. C.; four grandchildren; one step-daughter, Mrs. Roy Bohannon of Amarillo; three brothers, Marian and Purl of Ranger, and Bob of Odessa. Seven brothers preceded him in death.

Mr. and Mrs. Marian Hunt of Ranger and James Hunt of Strawn attended the funeral. Purl Hunt of Ranger was unable to attend, but had visited Mr. Hunt just before the surgery.

Sometime next year, he wants to get a part-time job completing oil wells or looking after someone's production business, he said.

Mr. Urban's retirement partner is Mr. Tow, who retired as senior foreman after 30 years.

Mr. Tow began his Lone Star career December 7, 1943 as a laborer in Eastland production department. Following an 8-month break in service, he worked as maintenance helper, gang pusher, and pumper before being appointed fireman in 1952.

Born October 30, 1899, on a farm in Arkansas, Mr. Tow left the farm with his parents when he was 13 years old to move to southern Arkansas.

After three years, he moved to Oklahoma and later joined Sinclair Oil Company as a roustabout and pumper. He came to Eastland County in 1920 and was employed by States Oil Company. Four years later opportunity knocked and Mr. Tow bought a grocery store in Morton Valley during the Ranger oil boom. "I had \$500 and a car and I borrowed another \$1,000 and bought the grocery store," he recalls. "I opened the first day with \$4.55 and a lot of hope."

"He kept the store for 20 years and sold out in August, 1943 to join Lone Star. Always interested in the oil business, Mr. Tow owned two oil leases at different times.

He married the former Margaret Cowan on July 14, 1919. The couple has two boys, Don of Temple and Doyle of Conroe. They have six grandchildren — two boys and four girls.

Visiting with his two sons and grandchildren will be Mr. Tow's first retirement plan. He and his wife expect to go to the Texas Valley during the winter. He plans to build a home on Lake Leon, "but that's way in the future." Like his fellow retiree, Mr. Tow will get in lots of fishing and golfing.

Your Problems Are Our Business —

... or at least some of them are. For example, we Americans can't get along without the automobile. As a consequence we have problems some of which may be very grave and expensive. So we look to insurance — which is strictly American — for what relief it will afford. It can't solve all our troubles, but in the past 40 years it has saved our customers an untold amount of money by simply having the kind of insurance that paid off when needed. Are you adequately insured?

Born in Richland, Texas, July 15, 1913, Dr. Stevens has been Assistant President of ACC since 1956. He is a member of the American Historical Association and Academy of Political Science. He will speak on the subject "The Spirit of Gratitude in Our Nation's History."

The DAR has urged the people of Cisco and surrounding areas to avail themselves of the opportunity to hear Dr. Stevens' address.

The 91st District Court grand jury is to reconvene Monday morning to continue investigation of criminal cases, it is reported.

The jury was in session beginning Nov. 9 and reportedly investigated ten cases, turning out indictments in nine.

Jurors are F. N. Sayre, Herbert Ekrut, and Pat Miller, all of Eastland; Lloyd Bruce, Bill J. Collings, and Joe Comacho, all of Ranger; M. F. Allen, and Charles Underwood, both of Gorman; C. J. Langelitz of Olden; Sterling Drumwright, Gene Abbott and Leo Clinton, all of Cisco.

Graridge Locates Wildcat Oil Test

The Graridge Corporation of Breckenridge has announced plans to drill a wildcat oil test as their No. 3 Sam G. Hart four miles north of Cisco in Eastland County.

Location was given as 1,114 feet from the south and 1,018 feet from the west lines of Section 66, Block 4, H&TC Survey, on a 118-acre lease. Permit calls for 4,300 feet to test the Ellenberger lime. A gas well is located just east of the test site.

who was also called Shannon. He said that on several occasions Gonzales had gotten after him with a knife and that on the last two occasions someone had to pull him (Gonzales) off.

James Goodwin, Negro, of Hanger took the stand and testified that he and Gonzales had stayed together and that he had stopped Gonzales on two different occasions when Gonzales was involved in fights with others. He also

When asked how well he knew Gonzales, he said they had been reared together and had always been good friends,

never having any trouble before. In relating the events on the evening of the shooting he said, "I was leaning over the counter when he (Gonzales) came in. We talked a few minutes and he wanted some beer. I told him I didn't have any beer but that he could go get some and bring it back there and drink it if he wanted to. He left and I went out back to the barbecue pits to braise my meat."

"A little later," Battle said, "Johnny Tucker came running out to the pits and told me that Shannon (Gonzales) had knocked Fannie Bell (Russell) down and asked me to come and stop them fighting. I went around between two buildings where they were fighting and saw that Shannon had a knife pulled on Fannie Bell. I said 'Shannon, don't do that, don't get yourself in trouble, then he turned

on me. I had stopped him before in fights but this was the first time he had ever turned on me. I kept backing off and telling him not to come up on me with the knife. I got my gun out and he knocked it out of my hand. I picked it up and kept backing up telling him not to come up on me with the knife that I didn't want to shoot him, but he kept on coming. I shot him in the right shoulder the first time, then I shot him again and the third shot hit him in the mouth and he kept coming at me with the knife and then I shot him in the head. He fell right at my feet. I ran into the house and told them to call the ambulance and the police, but they said the ambulance was at a funeral but the police was on the way. I ran back outside and began begging someone to help me get him to the hospital before he bled to

death. Tucker backed his station wagon up and we put him in the back. The police came then and I said, I done it, Mr. Bill, he made me do it."

When asked why he carried the gun, he said he carried it for protection against a mean hog which he had in the pens in back. He said he usually kept the gun in a drawer in the cafe for protection.

When asked what kind of knife Gonzales had, Battle said that it was a pocket knife similar to the one he carries and produced his own knife to show the jury and attorneys what size and type knife Gonzales had. He explained that the knife Gonzales had, had originally belonged to him and that he had given the knife to his son and his son in turn had given it later to Gonzales. Battle said a search was made for the knife after the shooting but it was not found.

Fannie Bell Russell, Negro, of Ranger, was called as the next witness. She testified that she and Gonzales had been living together since November. She said he came in and wanted to talk to her shortly before the shooting occurred and that he became angry and knocked her down when he found out that she was planning to go to Breckenridge with Johnny Tucker.

When she got up she said that Gonzales had an open pocket knife drawn on her, so she ran out of the building and in between two buildings trying to get away from him. She testified that she thought he might kill her. She said he cut her dress and tore off the straps. She said that when Battle tried to stop Gonzales from fighting with her, that he (Gonzales) turned on Battle with the knife still drawn and open.

Johnny Tucker, Negro, was the last defense witness to testify. He told how Battle tried to talk to Gonzales and keep him from coming at him with the knife but that Gonzales told Battle "You'll have to kill me."

Conner recalled two witnesses for the prosecution, Sheriff Lee Horn and Chief of Police Bill Ogden and asked them what the general reputation of both Fannie Bell and Battle were in their community and each testified, "bad." Horn testified that he examined Fannie Bell's dress but found no cuts on the dress but that the straps were torn but still on the dress.

Conner also called Fred Wood, Negro, and Lewis Martinez to the stand and questioned them about the general reputation of Fannie Bell and Battle in their community and both replied "bad."

Bethel WMU Meeting Tuesday At The Church

Bethel Baptist Church will have its next WMU meeting Nov. 24 at 9:30 a.m. in the church. At that time, Mission Study Chairman Mrs. James Pittman, will teach the second and third chapters of the mission study book, "Frontiers of Advance."

The WMU met Tuesday, Nov. 10, at 9:30 a.m., at which time a program was presented.

led on Korea. Mrs. L. C. Brown, program chairman, led the program.

The meeting opened with the song, "Come Thou Almighty King," followed by the "Call to worship" by Mrs. Brown, using scripture from Psalms 95-12.

Prayer period was led by Mrs. H. B. Terry. A prayer of praise and thanksgiving was given by Mrs. Stella Rodrich. Mrs. Jess Cavanaugh gave a prayer of confession, and Mrs. James Pittman gave a prayer for mission causes and needs of the church and pastor.

Mrs. Terry stressed the fact

that true worship must come from the heart of reverence, appreciation and gratitude to God.

Others on the program were Mrs. H. S. Curtis, "Korea, Land of Morning Calm"; Mrs. James Glenn spoke on the religious life of Korea; Mrs. Pittman spoke on a mission tour in South Korea; and Mrs. Brown gave the conclusion.

Mrs. Terry, working with Community Mission Chairman Mrs. Curtis, stressed community missions for November and gave each member a part in community missions, which is to be completed by Thanksgiving.

A short business meeting followed and Mrs. Bob Gailey led the closing prayer.

from the hill...

By Bill Herridge

What's been happening behind the ivy-clad walls of EHS lately? Read on, dear friends, and discover the latest developments from the Hill.

The Big Red closed out a season of many disappointments but of excellent sportsmanship with an 8-8 draw with Cross Plains. Next time you see a Mav walking down the street, pat him on the back and compliment him on his good nature and not-so-fruitful determination to win.

The Fightin' Maverick Band came back from the Bobcat gridiron of San Angelo with a 1 in inspection and a 11 in marching. Mr. Foster said, in his opinion, that he has the best band in the district, and

the people of Eastland ought to be proud of their talented young musicians.

The loss of Barbara Barcus from our student body is a very big surprise and an even bigger disappointment to us. Barbara's good humor, friendship, and beauty will grace the halls of Hillsboro High School just as they've graced the halls of Eastland High School for the past two years. We're gonna miss ya, Babs.

Teacher of the week is Miss Verna Johnson. Affectionately known as "Teach," she has been teaching at EHS for longer than she would like to remember. She received her Bachelor's degree in English from Texas Tech, and her Master's degree in English from the University of Texas. She graduated from Eastland High School in 1960 with an honorary diploma from the students and school board. The dates have been omitted to prevent embarrassment.

Seriously, our hats are off to you, Teach, in gratitude for leading us down the paths of knowledge, as you have so many before us. We can seriously say that when we leave EHS, we know English, if nothing else.

The Maverick cagers make their debut against Cross Plains here Friday night at 7:00 p.m. The boys are very anxious to take on these worthy opponents in their new gymnasium, and they pledge to be worthy of such a fine building. We are all proud of it. Do the boys a favor and go to the game and give them your support. There's plenty of seating space, and it will give you a chance to see the new Eastland Maverick Gym.

Here's some food for thought for you students. What sculpture is to a block of marble, education is to the soul. You seniors take this into consideration. This is your year to shine. Leave

good old EHS with a record of excellent scholarship. That just about wraps it up for this week. Thanks for lending your time to find out about the students and teachers on the Hill. A final thought for today's students: Tomorrow's leaders need it.

Ladies, a vote for gas is a vote for cooler cooking!

[down with hangover heat!]

Turn a gas burner off... and it's OFF! There's none of the hangover heat you find with electric ranges—wasted heat that causes boilovers and burned foods. Gas broiling is cooler, too, because you broil with the door closed. And it's smoke-proof broiling—(the flame consumes the smoke!) With gas your kitchen stays cooler and cleaner! Now's the time to elect a modern gas range to head up your kitchen: it's sale time!

School Menus

The lunch menu for high school this week has been announced as follows:

Monday—weiners and sauerkraut, whipped potatoes, pinto beans, tomato spoon salad, corn bread and cinnamon rolls.

Tuesday—turkey and dressing, whipped potatoes, English peas, cranberry sauce, sliced bread, and orange cake.

Wednesday—Italian spaghetti with cheese, harvard beets, black-eyed peas, hot rolls and sliced peaches.

New Insurance Plan Available To NSLI Holders

A new plan of permanent GI insurance — called "modified life" — is being made available to all holders of National Service Life Insurance through the new law which re-opens NSLI for disabled veterans.

Glyndon Hague, Manager of the Veterans Administration Regional Office in Waco, said the VA plans to notify all term policyholders at the time of renewal of the opportunity to obtain "modified life" policies.

Any type of NSLI insurance, including policies already issued, may be exchanged for or converted to this new plan which will be issued at lower premium rates than the present permanent plans.

The "modified life" plan provides a level premium through the life of the insured. However, the face value will be reduced automatically 50 per cent when the insured veteran reaches the age of 65.

At that time, Hague said, the policyholder will have the option of restoring the full amount of coverage by purchasing ordinary life insurance without a medical examination.

The new plan is offered as an inducement to NSLI term policyholders to convert before the premiums on renewable term insurance become prohibitive with advanced age, the VA Manager said.

There are still some three million NSLI term policyholders who have not converted to a permanent plan. The new policies will become available May 1, 1965.

The company will specialize in roof and siding work and in replacement aluminum window installation. The firm will represent numerous manufacturers in the building products line.

Mr. Turner is a native of Anson where he finished high school. He came here soon after World War II as an employee of the Halliburton Company. He spent five years in the Air Force during the war,

including two years in the Aleutian Islands.

After some seven years with Halliburton, Mr. Turner resigned and entered business for himself. His wife is the former Gloria Pippens, daughter of the J. L. An advertisement concerning the new firm appears elsewhere in this newspaper.

Hunters Asked To Send Hides To State Agency

ABILENE — "If you bag one — bag it!" deer hunters are reminded by Mrs. T. C. Campbell, Abilene. "At least 'bag it' in heavy paper and send it to Austin Taxidermist Studio, 2708 South Lamar, Austin, and we'll do the rest,"

The Volunteer Services Council, headed by Mrs. Campbell, once again will have donated hides tanned and distribute the leather among the 28,000 patients in Texas mental hospitals, tuberculosis hospitals, and schools for the mentally retarded. It is used in rehabilitation projects. "Throw a handful of table salt on the hide, let it drain, 'bag it' in heavy paper and send it to Austin Taxidermist Studio, 2708 South Lamar, Austin, and we'll do the rest," explains Mrs. Campbell. "Mark the 'charity' and freight lines will request, locker will send in hides Council leader. "The 28,000 hospitals and schools in saying, 'we bag' for every said Mrs. Campbell. Chronicle Shares Secrets Was It In Rip's Tomb?

Maker of S. Sea- found a true — and what have been diet famous Old of the June 21, d Chronicle," the Telegram. Vol- and Issue No. that the paper edition of that was publisher untly commis- way), and the in appearance to those to- national news front page — personal items (personal) make

up the inside pages, along with patent remedies. Mrs. Baker reports that the copy had been stored in some of her belongings, and that she can almost remember that her son, to whom the paper belongs, has told her that it was among those taken from the same courthouse cornerstone in which Old Rip, the horned toad, spent some 31 years. A check of dates makes the likelihood of the paper having been in the stone seem possible — plus the fact that it was an early edition of the paper, which likely would have been chosen for burying alongside the famous frog.

The remains of the paper are in far less than perfect condition — much poorer than

the remains of Rip, indicating that if the paper was buried with the frog, he might have nurtured himself on the '88 Chronicle for low, those many years of entombment. It gives rise to speculation.

In '88, national politics had a ring similar to those of late October, 1964. Democrat Grover Cleveland was president and was opposed by Republican Benjamin Harrison. The tariff was the major issue in the campaign and President Cleveland, seeking reelection, favored lowering duties on manufactured goods, while Harrison was a high-tariff advocate.

According to the editorials and "columns" in the old Chronicle, the Democratic Party was spent through this part of the country, and an effort was being made to pull the party together.

(The Humble Book of Presidents, courtesy of Obie's Service Station, informs that Harrison won in 1888, only to be defeated by Cleveland four years later.)

A sample classified ad in 1888 went like this:

"Shilohs Cough and Consumption Cure is sold by us on a guarantee. It cures consumption. L. C. Downtain & Co."

M. L. Coker was a general stock hunter, and doctors and lawyers advertised their services in 1888.

The 76-year-old paper described a "Sunday School Picnic" like this:

"... After a long speech the hour having arrived dinner was announced and all invited to partake. This, of course, made everybody happy. An elegant, bounteous meal had been prepared and all came away supplied."

A report of action in district court (presumed to be 42nd which has since been moved from Eastland County. Name withheld for obvious reasons)

"On Thursday, the case of State vs. xxx, theft of cattle, was taken up and tried, resulting in a verdict of guilty and punishment assessed at two years in pen.

"On Friday the case of State vs. xxx, charged with the murder of one xxx in 1981 was called. A special venire having been summoned after empanneling a jury the defendant plead guilty to manslaughter and takes two years in the pen.

"The case of xxx, the Cisco coon was set for Saturday, a jury empaneled and case tried, verdict of guilty, two years in pen.

"State vs. xxx verdict of acquittal. xxx was charged with robbing the depot at this place.

A four-line brief note on the first page reminds one of the era in which this newspaper was begun:

"Gen. Sherman was much better this morning, and expects to be able to get out Monday next. At no time did his illness take a serious turn."

Quail Shooting To Begin Dec. 1

AUSTIN — While big game hunters are stalking deer and turkey, the bird hunters also will be having their day in Texas, according to A. J. Springs, wildlife coordinator for the Parks and Wildlife Department.

The quail season opens November 14 in regulatory authority counties east of the Pecos with the exception of the Possum Kingdom region. The mourning dove season in the South Zone continues through November 24, except in counties which had a white-wing season. The closing date in those counties is November 20.

Quail shooting opens in most counties covered by state law on December 1.

Springs said sportsmen could well study the departmental hunting season guide or check with their local game warden or both, because of the many local variations in regulations.

First areas in Texas to have quail hunting were in La Salle and McMullen Counties in deep East Texas where the season opened November 1.

Meanwhile, said Springs the goose season which opened October 31 continues statewide but the duck season does not open until November 25.

Small nails were cut from sheet iron in the early 19th century.

The quilt, which was quilted by the club members to be given to some lucky winner on Achievement Day, was the pattern "North Star" and was won by Mrs. M. Hahn of Forked River, New Jersey, who purchased her tickets while visiting here recently with her sister-in-law, Mrs. Jess Perry, a member of the club.

Second prize, a wall plaque, went to Mrs. Vada Arnold.

Proceeds from chances on the quilt were added to the club treasury along with the money received from the sales of home-baked cakes and pies, which were furnished by the club members.
