

# THE JUNCTION EAGLE

Volume 47

Junction, Kimble County, Texas, Thursday, October 23, 1930

Number 28

## Eagles Subdue T.M.I. Panthers Here Saturday

### San Antonio Team Outclassed In All Departments Saturday

Allowing the T. M. I. Panthers only two first downs, the Junction Eagles took to the air again Saturday and won their fifth victory of the season by the score of 25 to 0. The Junction Boys made seven first downs during the four quarters.

Early in the second quarter, Junction completed two passes to put the ball in scoring position and Harry Witt carried it across. The try for extra point failed. After the touchdown, Junction kicked to T. M. I. The Panthers' punt on the first play was blocked and a Junction man covered it. A pass from Captain Johnson to Witt was good for the second touchdown of the game. A pass was completed for the extra point. In the closing minutes of the first half, Witt intercepted a T. M. I. pass and ran 40 yards for the third touchdown of the game. The place-kick for extra point was blocked. The half ended with the score standing Junction 19 and T. M. I. 0.

In the third quarter, after advancing the ball within scoring distance, Raymond James carried it over for the fourth and last touchdown of the game. Again the try for extra point failed.

The Panthers did not make any serious scoring threats in any quarter.

The game Saturday with T. M. I. of San Antonio, was a non-conference affair, and the Eagles are now centering their attention on the district game with Menard which will be played on the Junction Field Saturday, November 1.

## P.-T. A. Will Meet Monday Afternoon

The Junction Parent-Teachers Association will meet at the High School auditorium Monday afternoon at 3:30 o'clock. All members are urged to be present and on time for the meeting.

The following program will be rendered:  
Program leader—Miss Inez Kelly.

"Better be safe than sorry."

Prayer—Rev. J. S. Newman Business.

Community Singing—Mrs. Milton F. Hill.

Roll Call—One thing I can do to prevent fires.

Safety First Alphabet—Members Fourth Grade.

Safety Talk—V. P. Emmons.

Special attention is called to the time when the program will start. It is 3:30 o'clock instead of 4.

## Road Bond Election is Ordered in Kerr Co.

An election was ordered in Kerr County on October 14 to determine whether \$450,000 should be voted for building roads in that county. The election will be held on November 15. The State and Federal governments will supplement this amount making a total of \$1,500,000 for Kerr County roads. In addition to this amount the Schreiner interests have tentatively agreed to contribute \$40,000 for road improvement.

If the citizens of Kerr County vote the bonds, it will fill a gap in the Old Spanish Trail, and build a system of roads in Kerr County that will be worth all it costs. Good roads are necessary for the development of any county.

Rev. Milton F. Hill left Monday for Harlingen where he will attend annual conference of the Methodist Church.

## Local Game Warden Puts Bass in Streams

S. O. Durst, game warden, has placed 500 crappie and 20,000 bass and brim in the South Llano the past few days. In addition to these, others will be placed in the Llano during the season.

The good rains the past few weeks have washed out the rivers, which will help fishing, as the moss is now washed out of the streams.

## Extension Men Will Conduct Terracing School Here Monday

### All Day Program Will Be Held On Tate Jarvis Farm

Every body in the county is invited to attend the Terracing Demonstration which will be conducted Monday, October 27 at the Tate Jarvis farm on the Junction-London highway. The demonstration will last all day. Monday morning will be the banner day for the 1930-1931 terracing program outlined by County Agent R. E. Homann. The presence of A. K. (Dad) Short and M. R. Bentley, who are conducting the demonstration, will add value to the day. They are well informed on the problems of soil and water conservation, and will give valuable advice to those present.

Because of a lack of transportation facilities, the terracing machinery will not be brought. However, the Vocational Agriculture Class of the Junction High School, under the supervision of Mr. M. B. Bethel, is building a V drag which is an efficient and inexpensive implement which will be used in the construction of the terraces.

Kimble County has 17,000 acres in cultivation, and only 160 acres have been terraced. The county agent estimates that during the last rains, 8,000 acre feet of water went to waste, or enough water to have produced 40,000 bushels of corn, or enough to finish 2,000 cattle for market.

## Joe Sillinas Gets First 1930 Poll Tax Receipt

Joe Sillinas was the first to pay his taxes and receive a 1930 poll tax receipt, according to Sheriff Frank Patterson, tax collector. Wm. McDonald was second and A. J. Groenbacher was third. Some of the schools are dependent upon the early payment of taxes for funds, and would appreciate taxpayers paying their taxes as soon as is convenient.

The tax rolls are opened on October 1 each year and several have paid to date, but Mrs. Patterson says that she has not had a rush yet.

## Luther Hill Delivers Rotary Club Address

Captain C. S. Nusbaum delivered a brief message outlining the Community Festival Week that he will lead here next week to which everyone is cordially invited to attend. The programs are free.

Luther H. Hill brought the main address at the luncheon and it was a worthwhile message on the subject of the builder's craft, Mr. Hill being a successful architect and builder.

The next meeting of the club will be held at the Fritz Hotel on Thursday evening at 7:30 o'clock and all Rotary Anns are invited. A Halloween program will be rendered.

Mrs. John M. Hankins received a message yesterday that her mother was seriously and painfully hurt when run down by an automobile in San Antonio.

## Hill Country Bankers Will Have Meet Here

### Junction Will Be Host to Association Members Saturday

Plans are complete for the second quarterly meeting of the Hill Country Bankers Association which will meet in the Kimble County Club Room Saturday evening, October 25, according to Mr. W. P. Riley, president of the Junction State Bank and vice-president of the Hill Country Bankers Association.

Twelve counties were represented at Kerrville when the association was organized on June 28, 1930. Fifty-six were present when the organization was perfected and the bankers from the twelve counties represented, are enthusiastic over the outlook for the new organization.

Among the prominent bankers who will fill places on the program here Saturday evening are John Q. McAdams, of Winters, who is president of the Texas Bankers Association; W. A. Philpot, Dallas, who is secretary of the state association; J. W. Butler, Galveston, vice-president of the United States National Bank of Galveston.

The following banks are (Continued on page 5)

## District Convention Of County Agents Meets at San Angelo

Mr. and Mrs. R. E. Homann left Tuesday to attend the Mid-Winter District Convention of County Agents and home demonstration agents, which is being held in San Angelo today, Friday and Saturday.

The agents first met at Brady where a joint meeting of extension agents and County Key Bankers was held.

A turkey grading school, the second to be held in the United States will be held during the convention at San Angelo. This will be one of the features of the convention.

About 300 county agents and home demonstration agents are attending the convention. This number represents one-half of the counties in the state. Agricultural problems and programs will be discussed at the convention.

## LIONS ENTERTAIN LADIES TONIGHT

The Junction Lions Club will entertain their wives and sweethearts with a banquet at the Baptist Church this evening at 8 o'clock.

An interesting program has been arranged by members of the club.

Mrs. C. K. Stevenson is visiting her mother, Mrs. Beatrice Wright and her son, Junior Stevenson, in Austin.

## Junction Pecan Cooperative Association Formed Wednesday

At a meeting of Kimble County pecan growers here last night, the Junction Pecan Cooperative Association was organized for the purpose of assisting the pecan growers to market their pecans. G. R. Morgan of Brownwood, representing the National Pecan Marketing Association of Jackson, Mississippi, is here working with growers of this section.

Announcement is made that the association will be ready to receive pecans Saturday, October 25, at the warehouse of the Junction Cattle Loan Company. Mr. Alex J. Hamer will be in charge, according to one of the

## Wildcat Test Will Go Down East of Town

### Mudge Oil Company of Duncan, Oklahoma Will Make Test On Hodges Place

Material is on the ground and before many days the rig will be up and everything in readiness for the test on the Porter Hodges Place six miles east of Junction by the Mudge Oil Co. of Duncan Oklahoma. The drilling contract calls for a 2,800-foot test and those in charge are enthusiastic over the prospects. The drilling block was secured from George R. Pepper, J. L. Wright, R. A. Neal and Mrs. Porter Hodges.

Some time ago, Mr. E. Holekamp assisted Mr. R. Kamon to block up approximately ten thousand acres just east of Junction. The land was secured from M. N. Harrison, G. W. Westervelt, George Vierling, S. L. Pearson, C. A. Tupman, Ran Davis, Mrs. M. F. Wilson and the four who furnished the drilling block.

The ten thousand acre block is owned by the Consolidated Oil Company, but the Mudge Co. is in charge of the drilling operations. This test will be watched with interest as the greater part of the land in the eastern part of the county has been leased by companies during the last twelve months.

## London Takes Game From Yellow Jackets; Play Burnet Friday

Last Friday afternoon the London Lobos battled their way to a 6 to 0 win over the touted Menard team on the Junction gridiron. Several Junction fans attended the game, and stated that London has a hard fighting team with a charging line. Carlos Goodman was unable to get into the game because of his injured ankle. Denman Ake, Junction star of a year ago, played a good game against the Yellow Jackets.

The Lobos start their conference schedule tomorrow afternoon when they meet Burnet at Burnet. The other conference games will be Marble Falls at London on October 31 and Fredericksburg at Fredericksburg on November 7.

By defeating Menard, a team which has been rated as a possible District Championship contender, the London Lobos made another long stride towards recognition in the present title chase. If ineligibility doesn't wreck the London machine, they will go a long way in the pennant chase, possibly nosing out Fredericksburg.

Mrs. Hugh Wilson returned yesterday from San Antonio where she had gone with Mrs. Edwin Wahl and baby. The baby was quite ill when they left here, but Mrs. Wilson reported the baby improving slowly when she left San Antonio.

## Shot Falls Thirty Drunken Seamen

Sydney, Australia.—Beset by 50 drunken seamen in the redlight district of Sydney, Constable Tomlin drew his revolver and fired one shot in the air. Thirty fell to the ground crying that they had been wounded and lay groaning until police vans arrived.

## Eagles Will Play Melvin Team Here Saturday 3 O'clock

### McCulloch County Clan's First Team Averages 165 Pounds to Man

Saturday the Junction Eagles will meet a formidable non-conference foe on the local field when they encounter the Melvin eleven. The game is slated to start at 3 p. m. Melvin has a good club and will make it tough going for the Eagles. This same team lost to the Ballinger eleven by the small margin of 6 to 0. They have a team that averages 165 pounds, and they are due to give the Eagles a tough fight.

Following this game with Melvin, the Eagles have a real task facing them. On the following Saturday, they will meet the Menard Yellow Jackets in a district game, which may have much to do in deciding the district championship, as these two teams are two of the most powerful in this end of the district.

## Earthquake Tremors Shake Sections of Louisiana Sunday

NEW ORLEANS.—Distinct earthquake tremors shook 13 or more towns and cities of South-eastern Louisiana including New Orleans, but no damage of any consequence was reported.

The human injury reported from the earth quiver occurred in Morgan City, where worshippers in the Catholic Church scratched and bruised one another in a panicky rush from the edifice. The congregation began a hurried exit from the church when they thought they saw the walls rock. Only a few were hurt and those only slightly.

The earthquake occurred about 6:15 o'clock Sunday morning, literally shaking some New Orleans residents out of their beds. Thousands of telephone calls poured into newspaper offices from persons feeling the shock and wishing information.

Doubt existed as to whether two tremors occurred or only one. Some narrators were positive that there were two shocks about five minutes apart. It was definite that the first tremor lasted a full 30 seconds.

In Plaquemine, La., about 85 miles northwest of New Orleans the quake was severe enough to shake the glass from street lights.

## Menard County Votes Court House Bonds

Menard County citizens gave a majority of 16 votes in the bond election held last Saturday for a new court house. A very light vote was cast, the total vote being only 528. Some opposition is reported to have been created by reason of the fact that not enough home labor was used on the new school building just finished.

The issue is for \$80,000 and with such material as can be used from the old building, it is believed that a building adequate for the needs of the County can be built.

Mrs. Mattie Patterson, Dorothy Westmoreland, Frank Patterson, J. L. Hodges and Miss Josephine Urban spent Wednesday in San Antonio.

## Junction Will Have Community Festival Week

### Captain C. S. Nusbaum Will Be Speaker at Meetings

Captain C. S. Nusbaum, lecturer and town builder, will be in charge of the Community Festival Week which opens in Junction Monday, October 27. The Chamber of Commerce, backed by the business and professional men of Junction, is sponsoring the movement and plan to make it the biggest event in Junction in many months.

Captain Nusbaum talked to the Rotary Club at its luncheon today and explained the plans and purposes of the movement. He will address the Lions Club this evening, and with the permission of the proper authorities hopes to make announcements in the various churches Sunday and in the schools Monday.

Committees are being selected and it is the desire of the Chamber of Commerce and organizations interested to make this a real community builder week. Captain Nusbaum has put on this community week in more than 170 cities and towns and the people have been pleased with his work. He was formerly associated with Chautauqua work and has travelled in 14 states of the Union and in foreign countries and has a vast storehouse of information that he uses for the enlightenment and edification of the communities wherever he works.

This community service in which Captain Nusbaum is engaged is quite different from chautauqua work. No one is asked to guarantee large sums of money for the promotion of the work, and there is no charge for attending the meetings.

He will be busy every day meeting with various organizations of the city, and each evening a lecture will be delivered on some phase of community building. An invitation is extended every man, woman and child in Kimble County to attend these programs each evening. As soon as completed, the program will be printed and distributed throughout the county. Every citizen is asked to consider this an invitation to be present each evening and to attend all special meetings.

## Marriage License Bureau is Inactive

Cupid has been rather inactive in Kimble County during recent months. In September only four marriage licenses were issued as follows:

Pete Doran and Miss Willie Durban.

Bob Doran and Mrs. Maudie Riddle.

J. B. Sellers and Miss Lucille Rankin.

John Ossa and Miss Christelle Knoche.

Bob and Pete Doran, brothers, married sisters. We regret that we did not get a report of their weddings. Miss Knoche came from Westphalia, Germany to Houston where she was met by Mr. Ossa, and in company of relatives of Mr. Ossa, went to Corpus Christi and were married in the Lutheran Church. Mr. Ossa is employed at the Fritz Hotel.

Mr. and Mrs. C. T. Holekamp left Tuesday for a trip to Ft. Worth.

Mr. Marvin Skaggs met his brother Dr. L. L. Skaggs and Dr. Lockhart of San Antonio in Del Rio last Friday for a hunting trip in Old Mexico, but learned on reaching the border that the officials in that country had declared a closed season in Mexico for a year. They returned to Junction Sunday.

## Eagles Down T. M. I. Panthers Saturday

Last Saturday afternoon on the local gridiron the T. M. I. Panthers became another one of the powerful Eagles' victims by the score of 25 to 0.

The first quarter was hard fought all the way through. The Eagles were hunting the weak spots of their opponents, and it seemed that T. M. I. was doing the same kind of hunting. Neither of the teams scored.

The Eagles came back with more pep and worked together like the parts of a machine. They ran three touchdowns before the Panthers knew what was going on. The Panthers started roaming and ran away with a few yards against the Eagles, but they did not get in the danger zone of scoring during the half.

The third quarter ended with another touchdown for the Eagles. The Panthers were still trying to score on the Eagles, but our defense was holding them back.

Neither of the teams scored during the last quarter, but both were still fighting as hard as they fought in the first quarter. During the last four minutes of play the reserves got a chance to show against the Panthers. The reserves held them and came within a few yards of making a touchdown. This will make the regulars get right and work so as to start next time.

Coch Bowers is going to turn his Eagles loose on the Melvin Mules Saturday, October 25, so that the Eagles will have what it takes to "Mar Menard" November 1.

## Sixth Grade Enjoys Interesting Program

Last Friday afternoon the Jelly Sixth Graders enjoyed the following program which was given by members of the Sixth Grade:

A short play, "Jimmie's Call," by Ira Ferris and Lela Bell Amick.

Two riddles by Roy Stewart.

A short play, "Little Mother," by Olga Jones and Lela Bell Amick.

A verse, "The Farmer's Boy," by Morgan Taylor.

Song, "America," by the club.

The second program given by the sixth grade consisted of the following:

Jokey by Marvin Taylor and Athlene Millsap.

"When I get Married," by Ira Ferris and Athlene Millsap.

Jokey by Jose Hensley.

"Strength," by Oscar Stephens and Marvin Taylor.

"Old Black Joe," by Olga Jones and Lela Bessent.

Reading, "Jerry Tod," by Mrs. Guy Munn.

## Senior Class Will Meet Twice a Month

The members of the Senior Class met in their home room Tuesday morning at 8:30 o'clock for the purpose of selecting a chairman for the social committee and the program committee.

Hazel Lister was selected as chairman of the program committee, and Margaret Hubbell was selected as chairman of the entertainment committee. These chairmen were elected by popular vote. The assistants of the chairmen were chosen by the chairmen. The program committee assistants are Lorena Couey, Ella Simon, Blake Chenuit and Raymond James. The assistants for the social committee are Lois Goodwin, Louise King, Leonard Dunbar and Wilbur Jeter.

It was decided that a regular senior class meeting will be held every two weeks. The appointed day is Friday. A program will be rendered at each meeting.

## Only Girls Achieve Scholastic Honors

A student who has no grade below 90 on his report card is placed on the honor roll.

The honor roll for the past term is comprised of nine girls. These are: Lorena Couey, Ella Simon, Veola Wahl, Helen Merwin, Catherine Randolph, Emma Hensley, Harry Ethel Hubbell and Lucille Williams.

Of these, two are in the eleventh grade, five in the tenth and one in the ninth grade.

## IMAGINE

Rufus Smelser sleeping in the study hall.

Lucille Motley failing to serve the volley ball.

Louise King grunting.

Harry Witt with a serious look.

Ella Simon idle.

Paul Tomberlin grinning at someone.

Miss Kelly with black hair.

Raymond Furr being a doctor.

Marjorie Whitworth with hose on.

Vernelle telling someone what to do.

Raymond S. rolling his eyes and smiling like cupid.

Mae Delle being tall.

Lawson Johnson being at school every day.

Hazel Lister talking in English class.

**SPANISH CLUB FORMED**

Miss Nellie Bennett states that the Spanish Club was organized Wednesday. The Spanish Club has subscribed for the Spanish newspaper, "El Eco." This paper will be used in connection with the club work.

Switzerland has one bicycle to every five inhabitants.

There is so much chewing gum made nowadays that there is no use for some folks trying to chew it all at once.

## Monday was appointed as the day for the weekly meetings.

The meeting adjourned at 9 o'clock.

## Pep Squad Members Parade Saturday

The Pep Squad girls met at the school building last Saturday afternoon. Here they all climbed into a truck and headed for town. On the way they sang "Hail! Hail! The Gang's all Here." When they got to town they gave several yells for the Eagles and then returned to the school building.

They fell into line and marched out to the bleachers. During the half the squad marched out on the field and formed "J", "H" and "S". While in formation, they gave fifteen Raahs for the Eagles. From this formation they marched into the formation "S".

The girls did some real yelling, and they looked better than usual, because they wore their Pep Squad uniforms for the initial time of the season.

Saturday, when the Eagles meet Melvin on the Junction Field, the Pep Squad girls will be in the bleachers one hundred per cent doing their very best to help the Eagles win another victory.

## CHEERFULNESS

(By Vernelle Tinsley)

Be cheerful, no matter what reverses obstruct your pathway or what worries follow in your trail to annoy you. Ask yourself what is to be gained by pitying yourself. Study this question, and the answer will come back, nothing is to be gained. Be cheerful at your work and at your play. It is better to spend a whole life time in diligent, cheerful and steady toil, though you never reach the height of fame, than to turn back at the first appearance of misfortune or to sour your naturally sweet and cheerful disposition.

A historian once said that being able to look at the bright side of things was better than an income of a thousand a year.

Persons who are always innocently cheerful and good humored are very useful in the world. They maintain peace and happiness and spread a thankful feeling among all who live around them.

## Junior Class Plans Hallowe'en Party

The Junior Class has planned a Hallowe'en Party for the near future. All the boys and girls are trying to be nice so that the goblins won't get them.

An English quiz for Monday is one thing that the Juniors are looking forward to for this week. It may be well to add that English is the pet aversion of the Juniors in the way of studies.

Mrs. Walter Tinsley substituted for Miss Knight the first of the week when Miss Knight was ill.

Veola Wahl was absent Monday on account of illness. Elsie Martin substituted as librarian for her.

The Juniors are eagerly looking forward to the arrival of their class pins.

Miss Kelly was a week-end visitor in London.

Louise King spent the week-end with Lois Goodwin.

Oscar Duderstadt visited at school Tuesday morning.

## English I Class is THROUGH WITH ODYSSEY

The English I Class has finished studying part of Homer's Odyssey. The class is now taking up some of the old English and Scottish Ballads.

The general science pupils have been studying the book on bread and fruit during the last few days. This class has completed nine experiments. Sixty experiments are required.

## SEVENTY-SIX BOOKS CHECKED THIS WEEK

The library is being furnished with magazines which are used in the school work. These magazines are issued out just like the other books, so that they will not be lost.

There are 76 books checked out of the library this week. The English classes have begun reading books for book reports.

## Junior Class Plans Hallowe'en Party

The Junior Class has planned a Hallowe'en Party for the near future. All the boys and girls are trying to be nice so that the goblins won't get them.

An English quiz for Monday is one thing that the Juniors are looking forward to for this week. It may be well to add that English is the pet aversion of the Juniors in the way of studies.

Mrs. Walter Tinsley substituted for Miss Knight the first of the week when Miss Knight was ill.

Veola Wahl was absent Monday on account of illness. Elsie Martin substituted as librarian for her.

The Juniors are eagerly looking forward to the arrival of their class pins.

Miss Kelly was a week-end visitor in London.

Louise King spent the week-end with Lois Goodwin.

Oscar Duderstadt visited at school Tuesday morning.

## English I Class is THROUGH WITH ODYSSEY

The English I Class has finished studying part of Homer's Odyssey. The class is now taking up some of the old English and Scottish Ballads.

The general science pupils have been studying the book on bread and fruit during the last few days. This class has completed nine experiments. Sixty experiments are required.

## SEVENTY-SIX BOOKS CHECKED THIS WEEK

The library is being furnished with magazines which are used in the school work. These magazines are issued out just like the other books, so that they will not be lost.

There are 76 books checked out of the library this week. The English classes have begun reading books for book reports.

# Country Correspondence

## LONDON LOCALS

"Our material values must not be permitted to displace our spiritual values... their Citadel is in the Home, their source is in religion. Our progress will finally depend on the faith of the people."

"I believe that the indications point to a deepening of our National faith, an increasing reverence for holy things, and a more thorough, loyal devotion to God. Therein lies all our hopes. Without such a manifestation of the public conscience all else would be in vain." CALVIN COOLIDGE.

Our gin has put out 279 bales of cotton to date. Our Board of Teachers go to Brady Thursday, October 23 to attend Teachers Institute. This arrangement is fine as the Institute at Brady will mean the assembling of the teachers of five counties, and the London Teachers will make the sixth county represented. Speakers and educators of state note will be at the meeting and no doubt such a gathering will be much benefit to all who attend. Such an institute as this one promises to be is worth while, and the money thus spent is well spent.

London High School football team won a contest with the Menard High School team Friday afternoon on the London gridiron. The score stood 6 to 0 in favor of London. This was an interesting game and a large crowd attended. The gate receipts were satisfactory and our boys and the entire community were pleased with the result of the game.

Our boys play a clean game and we all rejoice at their winning. The writer was asked not long ago why he was boosting the football team? The answer was nothing. My explanation—Our school wanted football, our community wanted them to have it, our trustees employed a coach who organized the team and there was nothing left for me to do except fall in line and boost. I am not one who believes in standing and knocking against the inevitable. When the majority move on, I believe in falling in line, and pushing on to victory. In a matter where I have to sacrifice a conscientious principle, I would stand alone with pleasure, and allow the world to ridicule me. The remainder of my life before I would yield, but where it is only a difference of opinion as to the best or the worst, the other fellow has as good a chance to know the best as I do. Great men, men who have spent their lives as educators, say football and other athletics are a benefit to the schools. Then who and what am I to contend that they are not? So here goes, Rah! for London's football team. Let's stand as one man and back them up.

Mr. W. P. Riley of the Junction State Bank was among our visitors last week. Mrs. I. W. Ellis and Mrs. Bill Sweat and baby, have moved to Menard. Mr. Edwin Ellebracht will occupy the Ellis place and cultivate the farm next year.

Mr. E. H. Kothmann was in town last Saturday. He says his small grain is looking fine. He has begun to graze it.

Editor Swinney and family spent Saturday and Sunday at Medina and state they had a wonderful good time.

A good crowd from Junction attended the ball game Friday and our people appreciated their presence and encouragement.

Mr. G. W. Matthews of the Ivy Community was in town Saturday.

Mr. and Mrs. Ellis Brown were shopping in town Saturday. Mr. Brown is planting 20 pounds of Austrian winter peas as an experiment and we hope to be able to say more concerning this experiment later, as we learn of its success or failure. These peas are recommended as a winter feed crop and as a soil fertilizer.

Mr. and Mrs. E. I. Cummins, Miss Bertie Lee and Mr. C. E. Lambert made a trip to Harper Saturday to look after their livestock they have on pasture in that section. They report their stock doing fairly well. Messrs. Rankin Kothmann

and E. B. Morrison attended the Tea Cup School entertainment Friday night, after which they spent the remainder of the night and Saturday at Rankin's Ranch near Mt. Home.

Mr. and Mrs. Marvin Hunter, Jr., spent Sunday night in London. Marvin was former editor of the London Graphic, but is now editor of the Bandera New Era.

Mr. Raleigh Kothmann was in town Monday and says that everything is fine on his ranch near Mt. Home.

Now let everyone do his bit to hold the former agreed designation of Highway No. 10. The London man who would lay down on this job has not got a true view point of what it means to London. It is the greatest chance for permanent road that London has ever had. An oil field would play out in a few years, but No. 10 will stay after the oil was gone. Junction is with us. Lets do our part.

## IVY ECHOES

We are still getting plenty of rain in these parts. The grass and weeds that appeared dead a few weeks ago, now are pretty and green.

School is progressing well and there is just enough autumn coolness to make studying enjoyable. After all, what month of the year holds more beauty than October? Most assuredly this is a pleasant and beautiful season.

The patrons and all persons that are interested in the improvement and beautifying of the Ivy School grounds are requested to meet at the school house, Friday morning, October 31. Bring your garden rakes and loose rocks from the entire campus. Lets also haul a few loads of creek gravel and fill in around the windmill and drinking fountain. We also want to mark off a plot of ground for a tennis court and make some beds for flowers and shrubs.

If all will assist in this bit of work, it will not take long to complete the job. We have an ideal spot for a school campus and we have plenty of water and a splendid fence and if we do not beautify the campus by cleaning it off and setting out flowers and plants and shrubs, the fault will be our own. A nicely kept school premise is a valuable asset to our community and it will also impress favorably all of those who happen to be passing our way.

Don't forget the time and come prepared to assist in the work. After the work is finished in the afternoon of this day, the first game of basketball of the season will be played on the local grounds between the boys of the Ivy School and a team of local men from the Tea Cup community known as the Old Scogies. This will likely be an interesting game as the Tea Cup team consists of old veteran basketball players. However, we have a very good school team this year and the school expects to take the game from Tea Cup. This game will be called about 3 o'clock in the afternoon of October 31.

Miss Loree Kothmann spent the week-end with Misses Lily Robbins and Alberta Wootan. Bonnie Ray Amberson received a very severe sprain in one of her ankles last week. Bonnie Ray went hopping on one foot for a few days, but she is better now.

Mr. and Mrs. Lenzie Maass of Bandera are visiting Fred Maass and family of the V. & S. Ranch.

Marvin Lange spent Saturday night with Clarence Grobe.

John Walker of Little Saline visited at the Nath Walker home Sunday.

Ola Walker suffered an attack of tonsillitis last week and missed several days from school. She is improved now and back in school.

What Would Happen if— Lester stayed at his desk all day.

Irene sat straight in her seat. Ola didn't guard Marvin. Fay counted to twenty. Jack got in line first.

Frank wanted to go to the creek.

## What The Normal Man Should Weigh Ages 45 to 49

According to Leonard Williams, M. D., a gifted writer on Obesity—a man's most normal weight at ages 45 to 49—

5 Ft. 7 Inches	156 Pounds
5 Ft. 8 "	161 "
5 Ft. 9 "	167 "
5 Ft. 10 "	172 "
5 Ft. 11 "	178 "
6 Ft. 0 "	184 "
6 Ft. 1 "	191 "
6 Ft. 2 "	198 "

These weights include ordinary indoor clothing. Get on the scales and see if you are overweight and how much.

The modern way to take off fat is known as the Kruschen Method—and is well worth a four week's trial.

Cut out pies, cakes, pastry and ice cream for 4 weeks—go light on potatoes, butter, cheese, cream and sugar—eat moderate of lean meat, chicken, fish, salads, green vegetables and fruit—take one-half a teaspoon of Kruschen Salts in a glass of hot water ever morning before breakfast—don't miss a morning.

An 85 cent bottle of Kruschen lasts 4 weeks—get it at Heyman's Drug Store or any drug store in the world.

Mr. Stewart forgot to lecture in chapel. Bonnie Ray didn't take her books home.

Raymond came to school regular.

## LITTLE SALINE SAYINGS

The rain last week will help the grain. A party at Lee Dodd's Saturday night was enjoyed by all present.

Miss Nell Doran spent last week with Miss Loree Pool.

Mr. Claud Baker visited his brother, Bill, who is ill. Mr. and Mrs. John Pool and children and Mr. and Mrs. N. J. D'Spain and children spent Sunday with Mr. and Mrs. Dock D'Spain.

Miss Alice Hight spent Sunday with Mr. and Mrs. Ervin Pool.

Miss Loree Pool spent Saturday night with Mr. and Mrs. Dock D'Spain.

Miss Nell Doran, Leslie and Jessie D'Spain and Miss Loree Pool attended the ball game at London Friday.

You can skate two hours at the rink Friday and Saturday nights for 25 cents. Opep at 8 o'clock.

For Sale or Trade—Two 320-A tractors, well improved, 9 miles above Roosevelt. Will take sheep or goats at right price.

D. I. Adams, 26-4c Camp Allison, Texas.

## Pioneer Citizen Of Menard Dies October Ninth

On Thursday, October 9th, Mrs. Millie Culp died at her home a short distance west of Menard. In the death of Mrs. Culp the county loses another of its oldest citizens—one who pioneered in this section.

The subject of this sketch was born December 14, 1844 in Alabama. She was the daughter of Ace Ellis and Mrs. Polly Ann (Ainsworth) Ellis. Her father was born in Alabama in 1823 and her mother in 1826. Mrs. Culp came with her parents to Texas in the year 1852. They settled in Leon County. Later they moved to Stephens County and later to Palo Pinto County. From the latter, they moved to Menard County in 1864. Their first home in Menard County was the old Spanish Mission, a short distance west of town—the ruins of which are among the early evidences of the pioneer days and dangers.

From 1864 until the time of her death, Mrs. Culp lived in this county. At the time of her death, she was 85 years, 9 months and 25 days of age.

Mrs. Culp had three sisters and four brothers. Her sisters were: Mesdames Peter Robertson, Jim Nixon and J. N. Maddox. Of the three, all are dead except Mrs. J. N. Maddox of Junction. Her brothers were: Pen, Wes, Irve and Abe Ellis. Each of the brothers have passed on. Funeral services were conducted at the old Pioneer Rest Cemetery Friday afternoon by the Rev. I. B. Gilbert, and the last remains of another of Menard county Pioneer women were laid to rest.—Menard Messenger.

Your merchant can't meet his overhead expense, pay his invoices and stock new goods when you are running charge accounts with him and sending your money to mail order firms. Think it over.

WEATHER REPORT

Kimble County has had another week of cloudy weather with some rain. Rains last Saturday and Sunday totaled .65 of an inch in Junction with more in some parts of the county, according to Mr. E. Holekamp, who keeps official records. Showers are falling this (Thursday) morning with prospects good for more rain.

Mr. Holekamp reports 6.71 inches rain in Junction thus far in October. Some ranchmen report heavier rainfall on their ranches.

The following is the record by months of the rainfall in Junction as kept by Mr. Holekamp:

Table with 2 columns: Month and Rainfall amount. Rows: January (.17), February (.37), March (.55), April (1.92), May (1.62), June (1.30), July (1.28), August (.73), September (.73), October (6.71)

MR. AND MRS. THOMPSON ENTERTAIN FRIENDS

Mr. and Mrs. J. A. Thompson entertained the members of the Little Club and a number of friends, at the Fritz Hotel, Thursday evening of last week.

The Halloween motif was carried out in the tallies, floral decorations and party appointments. Mr. and Mrs. Ed Allen won the club prize, an attractive salad set. The ladies guest prize, a linen guest towel, went to Mrs. C. T. Holekamp. Mr. Fred Mudge received the men's prize, a tie. A pumpkin consoled Mrs. R. E. Homann for her ill luck.

A Mexican supper of hot tamales, Spanish Rice, friole beans, chile con carne, saguaro in aspic, wafers, pumpkin pie and coffee were served to Misses Elizabeth Summers, Blix Hankins, Mary Hubert, Messrs. Fred Mudge, Dillard Motley, Doebow Taylor, Leonard Hensley, Pierce Hoggett and Mr. and Mrs. Ed Allen. Mr. and Mrs. Rudolph Tatum, Mr. and Mrs. Irvin Jarvis, Mr. and Mrs. L. D. Borden, Mr. and Mrs. Vann Martin, Mr. and Mrs. C. T. Orth, Mr. and Mrs. V. P. Emmons, Dr. and Mrs. L. E. Standifer, Mr. and Mrs. Roy Spiller, Mr. and Mrs. A. S. Rieck, Mr. and Mrs. C. T. Holekamp, Mr. and Mrs. R. E. Homann, Mr. and Mrs. Raymond Allen, Mr. and Mrs. Rowland Martin, Mr. and Mrs. Slaton Fleming and Mrs. Dorothy Westmoreland.

golden balloon, and a hat with a horn concealed in the crown, so that much merriment and music was heard in the Leon Powell neighborhood and no one could doubt they were having a good time.

The color scheme was gold and brown even to the flowers on the dining table and the golden cake with six candles, and chocolate ice cream which was served to Charles and Jimmie Bissett, Harold Frazier, Tommie Dean and Hilda Henderson, Roy Reynolds, Jr., Anthony Rieck, Dorothy, Faye and Polly Wiese, Louise and Anna Belle Becker, Holbert and Helen Hardin and Mesdames R. Becker, Flora Hardin, Marx Wiese, Roy Reynolds, Frank Wilson, Leon Powell and the honoree, who received many nice gifts. Everyone went home knowing Mrs. Leon Powell was a wonderful hostess.

W. M. S. SHEPPARD IS W. M. S. HOSTESS TUESDAY

Tuesday afternoon the members of the W. M. S. of the Methodist Church were entertained at the residence of Mrs. T. M. Sheppard. The president, Mrs. W. M. Taylor, presided during the meeting.

The program opened with a song, followed by scripture lesson, read by Mrs. Howard Ragsdale. Mrs. W. M. Taylor lead the

devotional and Mrs. Ada Dockery led in prayer. The Home as a school of international brotherhood was the topic discussed by Mesdames E. R. Borden, Walter Tinsley and Milton F. Hill.

Discussion of the Psalms—Mrs. Ada Dockery. Questions on the Psalms—Mrs. A. E. Bissett.

Entertaining readings were given by Mildred Cavaness, Edwina Lowgren and Florence Ellen Sheppard.

At the close of the meeting chocolate cake and hot chocolate were served to Mesdames A. E. Bissett, George Cavaness, Walter Tinsley, Joe Ramsey, E. R. Borden, Roy Blackburn, H. H. Lawler, G. H. House, Ada Dockery, Jennie Stevenson, E. Fockhaus, Howard Ragsdale, Milton F. Hill, E. O. Lowgren and W. M. Taylor.

MRS. IRVIN JARVIS IS HOSTESS AT BRIDGE

Mrs. Irvin Jarvis complimented her sister, Mrs. Rudolph Tatum with a party Friday afternoon.

After a series of bridge games, the prize, a jar of shelled pecans, was awarded Mrs. Vann Martin and a similar trophy went to Mrs. J. A. Thompson, who made low score.

Hot chocolate and oatmeal cookies were served at the end of the afternoon to Mesdames Vann Martin, Joe Watson, Ovie Buser, Landers, L. D. Borden, L. E. Standifer, V. P. Emmons, Rowland Martin, J. A. Thompson, the honoree and hostess.

Mrs. J. B. Randolph is visiting Mrs. E. D. Porter in San Angelo, and writes the Judge that she is having a great visit.

Sunday at Our Churches

Presbyterian Services Will be Conducted in Episcopal Church

OUR INVITATION—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ, our Saviour and Friend, we extend our cordial INVITATION.

Sunday School starts at ten o'clock, and the morning Worship at 11 o'clock. Evening worship starts at 7:30 p. m. "Religious Education and the Home," will be the subject of a special program sponsored by the Woman's Auxiliary of the Presbyterian Church next Sunday night at 7:30 o'clock in the Episcopal Building.

CHURCH SERVICES AT EVERGREEN SUNDAY

There will be a church service at the Evergreen School-house Sunday afternoon at 3

o'clock. The Rev. Mr. Crofoot, pastor of the Junction Presbyterian Church will preach. A cordial invitation is extended to all.

BIRTHDAY PARTY FOR BUCKNER ORPHAN HOME

The women of the Baptist Missionary Union of the Baptist Church will hold a birthday party for Buckner Orphans Home at the church on Friday, October 31, from 2:30 to 7:00 p. m. Everybody interested in orphan children is invited to bring gifts.

An interesting program will be rendered in the auditorium and refreshments will be served in the dining room during the afternoon.

B. Y. P. U. PROGRAM

Topic—The Heroine of Avia. Records and business. Prayer. Song Service. Scripture Reading—Matt: 28: 16-20.—Roberta Ragland. "First Missionaries"—Letha Faye Taff. "Ann Hasseltimes Conversation"—Arthur Lee McCarroll. "Ann Marries Adoniram Judson"—Carleton Massie. "They Land in India"—Floy Turner. "Back to America"—John Cowvert. "Adoniram Judson, a prisoner"—C. W. McCarroll. "The Heroine"—Lorena Henderson. "The Death of Ann"—Lucille St. Clair.

# "I'm Glad I Bought A Ford"

YOU ARE buying proved performance when you buy a Ford. You know it has been built for many thousands of miles of satisfactory, economical service.

Letters from users in every part of the world show the value of its sound design, good materials and accuracy in manufacturing. You sense a feeling of sincere pride in the oft-repeated phrase—"Let me tell you what my Ford did."

Further tribute to the sturdiness, reliability and general all-round performance of the new Ford is shown in the repeated and growing purchases by government bureaus, by police departments and by large industrial companies which keep careful day-by-day cost records. In most cases, the New Ford has been chosen only after exhaustive tests covering speed and power, safety, comfort, ease of control, oil and gas consumption, low yearly depreciation, and low cost of upkeep.

They have found, as you will find, that the Ford embodies every feature you want or need in a motor car at an unusually low price.

Call or phone for a demonstration.

**Pioneer Ranchman Dies in Del Rio**

Frank W. Cochran, 74, pioneer ranchman of west Texas, died recently at the home of his daughter, Mrs. C. C. Belcher in Del Rio. Cochran suffered a stroke of paralysis, which was responsible for his death.

Cochran was born on November 3, 1856 at Bagdad (now Leander), Williamson County. He married Miss Katherine Sterling of that place in 1880. He leaves an only daughter, Mrs. Belcher, and two grandchildren, Mrs. H. B. Horn, Kinney County, and Frank Kirchner, of China. Mrs. Cochran died about six months ago.

Funeral services were held at the residence of Judge C. C. Belcher. Cochran, who had been a resident of the Del Rio section for 33 years, was among the pioneers in the sheep raising industry in west Texas. In the days before fences, his sheep ranged from San Angelo to Comstock.

**FEEDING POINTS**

Here are 10 points to remember in feeding cattle. (1) Growing animals make the best use of feeds—keep cattle growing. (2) Weaning time is a critical period; start feeding before weaning. (3) Balanced rations supply the animals' needs with the least feed. (4) See that water and salt are always accessible to the animals. (5) Legumes, pastures, and succulent feeds help production and profits. (6) Feed regularly and liberally for large production; mere maintenance yields no profits. (7) Keep breeding animals thrifty, not overfat. (8) Good feeding equipment prevents waste of feed and labor. (9) Parasites, exposure and overcrowding retard growth and waste feed. (10) Feed costs are important; not all balanced rations yield equal profit.

**FEEDING FOR EGGS**

The poultry flock needs a variety of inorganic materials for growth and egg production. Those required in the largest quantities are calcium and phosphorus. Sodium, chlorine and potassium are needed to a lesser extent. Bone and bone ash in various forms are excellent sources of calcium and phosphorus, especially of the latter. Oyster shells and limestone of high lime content are among the best sources of calcium.

Ordinary salt usually supplies sodium and chlorine. Other necessary elements are usually present in sufficient quantities in the feed, though sometimes it may be necessary to feed additional iodine and sulphur. The former may be supplied as "iodized" salt, and the latter as flowers of sulphur, sodium sulphate or calcium sulphate.

There are 25,000 letters in the Japanese language.

**WILL TRADE FOR SHEEP, GOATS, CATTLE:** Full market value will be allowed in trade on any of our used cars.

Highland Chevrolet Co. 27c

**Gasoline Business In Texas Immense**

The gasoline business has reached the proportions in Texas that it can be classed as big business. The four-cent gasoline tax collected for the fiscal year ending August 31 was \$32,221,529.78, according to the annual report of State Comptroller George H. Sheppard.

The total reported by claimants for the same period subject to a refund of the tax was \$2,292,535.56, leaving a total of \$29,928,994.22 to be prorated to state highway and available school fund.

Three-fourths, or \$22,446,745.67, goes to the highway fund, and one-fourth, or \$7,482,248.55, to the available school fund.

**MULE DEER ADOPTS PAIR OF RABBITS**

GRAND CANYON, Ariz.—What is believed to be a unique case of adoption is that of two rabbits into a band of semi-tame mule deer grazing near park headquarters at the Grand Canyon. The rabbits even accompany the deer on their nightly rambles through the adjacent forest leaving with them at sundown and returning with them at daylight.

The rabbits sought adoption when, during the winter, they were attracted to the deer feed yards by hay and barley, and timidly picked up what food they could find on the ground. The deer did not object, and the rabbits began to feed alongside them at the grain troughs, and to nibble from the same stalks.

This limited companionship did not satisfy the rabbits, who apparently by this time thought themselves full-fledged members of the herd. So they made up to the deer in many ways, bedded along-side them, nesting close. Sometimes they got upon the deers' backs and often, standing upon their hind legs, nosed the faces of the deer. The older deer permitted this unusual familiarity with more or less disgusted tolerance, although sometimes the rabbits' attentions became such a nuisance that they left their comfortable beds and moved away. The fawns, however, accepted the advances of friendship willingly, even nosing and licking the rabbits with apparent signs of friendliness and affection.

**Check Three Feet Wide Is Given French Flyers**

A specially designed check three feet wide and for the sum of \$25,000.00 was presented by W. E. Easterwood, Jr., of Dallas to Capt. Dieudonne Coste, trans-Atlantic flyer, at the international luncheon Friday October 17, in New York City.

The check has in the upper right hand corner a picture of Paris with the airport where Lindbergh landed, the Eiffel Tower and the French flag. In the upper left hand corner is a picture of New York, the Curtis Flying Field, the Statue of Liberty and the American flag. In the lower left hand corner is a picture of Dallas, Love Field and the Lone Star Flag of Texas. The check was designed by Harry Flowers of New York.

**Outstanding features of the new Chevrolet 6-cylinder truck**

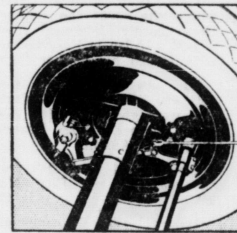

NEW DUAL WHEELS

6-CYLINDER 50-HORSEPOWER MOTOR

NEW RUGGED REAR AXLE

NEW FULLY ENCLOSED BRAKES

To every man who buys trucks, there are certain features in the new 1 1/2-ton Chevrolet that recommend it especially for modern hauling.

The rear axle is larger, heavier and more durable. The rear brakes are larger, and all four brakes are completely enclosed. Chevrolet's 50-horsepower valve-in-head six-cylinder engine combines modern performance with unexcelled economy.

Dual wheels, along with six truck-type cord tires, are optional equipment at slight extra cost. In addition, the new heavy-duty truck clutch, the 4-speed transmission and the heavier, stronger frame are factors of outstanding importance to the modern truck user.

Come in today and arrange for a demonstration of the new Chevrolet truck!

# MARRIAGE CONSIDERED TOO LIGHTLY, SAYS JUDGE, WHO TIRES OF "FLIMSY" DIVORCES

Judge E. J. Miller of the 35th Judicial District, has tried divorce cases until he is tired of the "flimsy" excuses offered as causes of divorce, and he is expressing himself in the press. The following article states his views on divorce:

"The rapidly increasing divorce rate in this state; the apparent disposition and practice of rushing into the divorce courts with trivial, imaginary and highly exaggerated charges; and the trial of such cases solely upon the evidence of the complaining party with nothing to indicate that the opposite party knows anything of the nature of the charges made, and possibly caring less, seems to justify the rules in divorce cases, which are published at the close of this article.

"Current statistics of the federal government show that in 1916 there were 8,504 divorces granted in the courts of Texas, while in the year 1929 the number had increased to 18,073. Making due allowance for the increase in population during that period, the increase in divorces granted, in proportion to population, is at least 100 per cent.

"The Dallas News of October 6, under the heading of "Dallas and the State 50 Years Ago," carries the following item: "For this term of the Galveston Court there are filed 15 applications for divorces. The law of Texas needs revision upon the subject of divorce. . . . The legislature will have to look into the matter and see what amendments or changes can best be made."

ment. The more sacred and permanent this relation, and the better it is guarded, the more permanent and enduring will be our institutions and our civilization. Marriage has come to be considered too lightly and divorce too easy. Instead of entering this most important of all relations with the view of making it permanent and to that end granting any and all reasonable concessions, it is too often gone into as a temporary or trial affair, and with the first minor disturbance or first discovery of slight divergences of disposition or of desires, a break is made for the divorce court. Often an infatuation for a third party is the real basis or occasion for discovering incompatibility or imaginary cruel treatment.

"While I am not opposed to divorce under reasonable circumstances, and upon well considered and worthy grounds, neither am I an alarmist, but it occurs to me that the rapid growth of divorce in this state as shown by statistics, is well worth the consideration of all people who care for the best interests of society or who seek to perpetuate American ideals

and institutions."

## DIVORCE CASE RULES

From and after this date the following rules will be observed by this court in the trial of divorce cases, to-wit:

FIRST: No divorce cases will be tried upon waiver of the defendant unless same is acknowledged in due form.

SECOND: No divorce case will be tried unless it appears that the defendant has been delivered a copy of plaintiff's alleged grounds for divorce.

THIRD: No divorce will be granted unless the evidence of the plaintiff is corroborated to such an extent as seems reasonable under the particular facts of the case.

FOURTH: No divorce will be granted on grounds of "cruel treatment" where parties have not been separated for as much as 12 months, unless good reasons for earlier action be shown.

**Junction Trade Notes**

(By G. G. Co.)

Thursday, October 23: No game; rain.

While practically all Texas has received abundant rains, according to newspaper reports, the drought continues generally from the Rockies to the Appalachians. . . In Junction territory there is considerable movement of lambs, goats and calves, according to Jim Carpenter, local commission man; the stock changing hands at satisfactory prices. . . Paterson-Rieck ranch has sold 1,500 mutton lambs and steer calves from the ranch to Vernon Powell, the stock to be placed in feed lots at Center Point. . . Ridenhower Bros., W. H. Cavaness and Isaac Self have sold yearling and two-year-old weather goats, to be moved to the Mountain Home section. . . In the San Angelo country, according to newspaper reports, there is active demand for ewe lambs at \$3 to \$3.50.

In stock this week: Seed Wheat, Barley and Oats. Gann Grocery Company. Mandeville King flower seeds. The assortment is complete, with four new varieties—a new Zinnia, a pink Petunia, a new Morning Glory, the latest Gypsophila.

Mrs. Hal Holland has moved in from the ranch for the school advantages. . . Judge Roy King will move in from the ranch in a short time and will occupy the Mrs. H. D. Taylor home on East Side. . . Mr. and Mrs. A. P. Urban will move this week to the Blardone residence recently vacated by the John Munns. . . Ranchman E. G. Hill will be able to put on his boots and leave the Standifer Hospital this week-end.

W. M. Oliver has leased a range in the Big Bend country south of Marathon and is now arranging to move his stock, sheep, goats and cattle, to that section. . . Pierce Hoggett and the Hazelwoods recently negotiated a deal by which Pierce acquires the Hazelwood property in Junction and the Hazelwoods become owners of a tract of grazing land in the vicinity of Sycamore.

New-pork Pork and Beans, Black-eye Peas, Red Beans, Kidney Beans, 10 cents can; assorted \$1.10 dozen. Dollars are now bigger than they were a year or so ago, because of their greater purchasing power. Groceries, clothing, furniture and many other household necessities are 10 to 20% cheaper than they were a year ago.

**Never Spilled a Drop**

When the British dirigible, R-100, started from Montreal on its return to England, a glass brimfull of water was placed on a table in the ship's cabin. On the way over the R-100 met a 75-mile gale, but the glass was still brimfull when it reached its home port. A new way to avoid seasickness.

Tatting may be cleaned without harm by wetting and soaping it well and then laid on a hard surface and scrubbed with a brush.

**THREE IN FAMILY  
AT COLEMAN HAVE  
SAME BIRTHDAY**

COLEMAN—There are three Coleman children in the same family who celebrated their birthdays Monday, October 13, and it was not for the convenience of the mother, whose duty it generally is to provide the parties. They are children of Mr. and Mrs. C. E. Owen. Wilson Owen is 20 years of age and was born October 13, 1910. Charlie Joe Owen is 17 and was born October 13, 1913, and Frances Owen is 15 and was born October 13, 1915.

Mrs. Ollie Floyd has as her guests her mother, Mrs. A. P. McClung, and brother, Gene McClung of Hamlin.

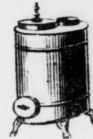

For every horsepower of water installed in the United States two and one-half horsepower of steam power are being installed. All the continents of the world produce some sort of furs useful for clothing purposes.

**THOSE WHO KNOW  
PREFER ICE**

**Plant Small Grain Now!**

That good rain we have been looking for has come and the ground has sufficient moisture to plant any and all seasonable grain. Wheat, Oats, Rye and Barley planted now will furnish pasture before many weeks. The short range makes it imperative that small grain be planted to supplement the range this winter.

Land that will be planted to other crops in the spring should be planted in rye which makes a fine winter cover crop and turned under in the spring makes good fertilizer.

County Agent R. E. Homann will be glad to confer with our farmers and ranchmen about the best grains to sow in Kimble County and the amount to sow per acre.
