## Lubbock Architect Employed to Plan New M. E. Church

On Monday of this week, S. B. Haynes of Lubbock, Texas was employed by the building committee as architect for the New Methodist church.

Mr. Haynes planned the Methodist church at Lubbock, and it is one of the most complete churches in West Texas.

The building committee will go to Lubbock on Wednesday of next week to confer with him on plans which will be submitted at that time.

Everything is working out fine for the new building and as soon as plans are completed the old building will be wrecked.

## Second Annual Old Fiddlers Contest To Be Held in Amarillo

Amarillo, Tex., Feb. 14.—Plans are virtually complete for the second annual Tri-State Fair association's Old Fiddlers' contest to be held in the municipal auditorium here on March 7, according to Wilbur C. Hawk, president of the fair. Entries will close on March 1. The contest is open to old fiddlers of the Panhandle, Texas, Oklahoma and New Mexico. Each county is entitled to one contestant.

Ten prizes totaling \$200 will be given this year. The first prize will be \$75; second \$50; third \$25; fourth \$15; fifth, \$10; and five \$5 prizes.

The contest program will be broadcast over radio station WDAG. Further details on the contest may be secured from Wilbur C. Hawk, president of the Tri-State Fair, Amarillo.

## Child Undergoes Two Operations.

On Sunday, Feb. 3rd, Harrison, the little son of Mr. and Mrs. K. E. Hall swallowed an unshelled peanut, the frightened parents rushed him to Clovis to Dr. Miller, who advised taking him to Amarillo, and on Monday morning in the hospital in Amarillo he underwent an operation and small pieces of the nut were removed from the bronchial tubes.

Tuesday noon an X-ray examination located one half the nut in a pus formation in the right lung, another operation was immediately performed removing the foreign substance. The little fellow convalesced so rapidly his parents were able to bring him home last Saturday night.

They are with Mrs. Hall's parents, Mr. and Mrs. R. H. Adams.

## Pie Supper at Roebuck School Called Off.

There will be no pie supper at the Roebuck School House on the night of Feb. 16th. Watch for the program and date at a later date.

## C. W. Ison's Store Burglarized Wednesday Night

On Wednesday night the dry goods store of C. W. Ison was burglarized, the robbers entering by prizing the back window up.

An attempt was made to open the cash drawer, but failing to work the combination, a pair of scissors was used to prize the drawer away. Cash amounting to four or five dollars was taken and the cash drawer left on the floor. Nickles and dimes were scattered all over the floor. A number of dresses and coats were knocked down, but nothing was missing.

A window between Ison's and the Model Grocery was broken open and the burglars entered this store, rifling the cash drawer of between six and seven dollars. No merchandise was found missing.

## Portales Children Enjoy Sleighting

On last Friday and Saturday the youth of Portales, enjoyed sleigh rides the same as the children of the northern states.

Small sleds were hitched behind cars and for two days the sport of the northern clime was enjoyed by both children and spectators.

While this was a dangerous sport on the highways, no accidents were reported.

## Cream and Eggs Bring Good Weekly Revenue

That it pays to keep a flock of poultry and a herd of dairy cows is shown by the following weekly returns from the farm of John Davidson, near Rock Corner.

Mrs. Davidson is back of this part of the farming activities on the Davidson farm.

From 175 hens, Mrs. Davidson sold 10 dozen eggs last week, for \$10.00.

From three cows, she sold \$1.50 in cream each day.

They have a comfortable stucco farm house and one of the most attractive farm homes in the county.

## Little Interest Shown In School Election

Little interest was shown in the Portales School Board Election on Tuesday of this week, only a little over three hundred votes being cast.

The result of the election was as follows:

W. B. Oldham.....131  
C. M. Compton.....168  
J. H. Breashears.....172  
R. H. Grissom.....203  
A. P. Jones.....229  
E. P. White.....66  
S. E. Fletcher.....1

Breashears, Grissom and Jones were elected for the term of four years.

W. B. Oldham, retiring trustee, has served for the past eight years as the very competent clerk of the board.

## Scout Area Council Meets at Roswell Friday, Feb. 22nd.

The Eastern New Mexico Area Council will hold their annual meeting at Roswell on the 22nd of this month.

Portales members of the Council expect to attend this meeting. This council is in charge of the Boy Scout work in this area, and have been responsible for the establishing of the permanent camp at Weed, N. M., where the boys are given an annual outing each year under expert scout supervision.

## Don't Forget The Poultry Show on Feb. 21-22-23

Everything is all set for the staging of the poultry show in Portales February 21-22-23. The premium catalogue is now ready for distribution, copies of which may be obtained by writing to or calling on W. H. Harrell, Secretary of the Show. Farmers all over the county are showing keen interest in the show and indications are that many exhibits will be entered.

It is the purpose of the show management to serve especially the amateur poultry exhibitors, that is, those people who have not shown poultry before but who are interested in improving their flocks. Farmers should not be backward about bringing in their birds for exhibit. The show belongs to the farmers. The show will be under the supervision of W. E. Reynolds, Superintendent, and all birds will receive the best of attention. The Gardner building, which formerly housed the Porter Grocery, has been secured for the show, thus insuring protection from all kinds of weather.

Turkey raisers are especially urged to bring in exhibits. We hope to have a large turkey exhibit. Everyone is invited to attend the show. No admission charged for seeing the show.

## M. E. Church Announcement

There will be regular services at the Methodist church on Sunday morning and night.

Rev. Sowell, who has been in El Paso the past week, attending the Conference Training School will be home and conduct the services.

All are invited to attend.

## Mrs. Winningham of Joyce-Fruit Co., Returns From Market

Mrs. Winningham, who has charge of the ladies ready-to-wear department has returned from Chicago and New York, where she has been selecting the spring stock for her department.

Portales Has More Eagle Scouts Than Any Town in the Area. Portales bears the distinction of having more Active Eagle Scouts than any town in the eastern New Mexico Area.

## Development of Camp We-Hin-a-Pay

Five years ago Camp We-hin-a-pay was founded at Pine Lodge. The boys slept in pup tents and cooked their own meals. The next year a man at Ruidoso, N. M., let the scouts camp on his land. That year camp was a great success. About 15 army tents were used for sleeping quarters. One was used for the kitchen. James Love, the cook from New Mexico Military Institute was the cook for the camp that year. He has also cooked for the scouts for the last 3 years.

The following winter the need for a permanent camp was realized. A place near Weed, N. M., was chosen and the same year buildings were constructed and a swimming pool was dug.

There are 13 bunk-houses, each containing 8 bunks. The 8 boys who sleep in the houses form a patrol and select a name and a patrol leader. There is a lodge room in which the boys spend their leisure time in playing scout games, and singing scout songs. In one end there is a nature study department. There are different insects and leaves on the other end of the hall is Indian lore and handicraft departments.

A new log cabin has been constructed for the leather craft department. This building was made by the Ranger Division. There is also a mess hall and a kitchen. A Health cabin is at one end of the canyon for use when a boy gets his finger mashed or eats too much.

By Eagle Scout Gordon Greaves.

## Indian Lore at Camp We-Hin-a-Pay

There are always three distinct features of a scout's stay at camp We-hin-a-pay. They are: the anticipation, the camp itself and the memories. A scout has a lot of fun getting ready for camp. He assembles all of his equipment several times, then he decides that he is all ready to go to camp. Alas! at the last moment he though he had left out one of the most important parts of his equipment. He rushes through his stuff only to find he has it already packed, and now he must pack all of the equipment again and he only has a few minutes to get to the meeting place. Then the camp! The very first day he tires himself completely out trying to find and explore every place in and around camp. Then the memories! Say fellows—you never forget a real camp fire. The opening ceremony, scout reports, challenges, stunts, stories and Indian Lore, are enjoyed and participated in by all. The Council fire has burned dull red, the story has been told, and another day has passed. Every camper is quiet, thinking perhaps bigger and better thoughts. Benediction, taps, and rest.

An impressive Indian benediction given by an Indian lore camper one night is, in his book on the Indian sign language is: May the Great Spirit make sun-rise in your heart now and in the future in great measure.

By Eagle Scout Emmett White.

## Good That Merit Badges Do For Boy Scouts

After the first class badge is won, there comes a higher branch of scouting. Then, the various examinations that are given, test the knowledge of a scout along the lines of life saving, personal health, first aid, public health, scholarship, athletics and numerous other merit badges that fit a scout for better living.

After these honors are gained,

## What Portales has Done for Scouting

In the past five years the scout movement of Portales has advanced rapidly, most of this progress is due to the business men of this town.

In the year of 1925 the business men furnished the expenses for transportation and a camp at Ruidoso, New Mexico, and from then on they have paid our transportation and expenses to camp We-hin-a-pay. The school and churches and country club officials deserves mentioning for their kindness for the use of their building for our scout meeting places and a place to swim. You don't know what your backing is to the scouts until you have spent a day in camp or visited a scout meeting. The scouts will never forget the good times and moral lessons they have learned by your assistance.

We, the Boy Scouts of Portales appreciate this and thank you.

Hoping that you feel that your aid will make the future citizens of Portales, better fitted for their future work.

Eagle Scout, Vincent Cox.

a scout is more fit for his life work, no matter what field he may choose; for example, the first aid merit badge. When a scout passes this merit badge, he is well fit for a good start toward being a doctor, not only this, but at any time he may be called upon to render first aid, and in many instances, scouts have saved lives by having this knowledge of first aid. Also, after passing the athletics merit badge, he learns more about taking care of his physical body, and while he is young, he becomes physically fit for life. This is the most important factor, because without health, success cannot be attained.

After all these merit badges have been taken, a scout will realize that his time and efforts have been well spent.

James Compton, Eagle Scout.

## Public Lands Committee Approves Normal Land Grant of 76,000 Acres

### Eastern N. M., Area Council Complete Four Years Work

Four years ago men representing the various towns in Eastern New Mexico held a meeting in Roswell and organized the Eastern New Mexico Area Boy Scout Council. At that time there were only five troops functioning in the territory. The work has grown steadily and now has forty registered troops with 711 registered active scouts.

The territory includes Roosevelt, Curry, Quay, De Baca, Chaves, Lea, Eddy, Lincoln, Otero, counties in New Mexico and Farmer and Bailey counties in Texas. Roswell is headquarters and Minor Huffman Area Scout Executive works out of there visiting the various troops at regular intervals.

Portales has had a good organization since the Area was put under Council Rev. Grizzle was one of the first scout leaders. His old troop is now known as troop 1 and Rev. C. A. Loris is scoutmaster. E. M. Wheeler organized troop 18 and is still its scoutmaster. Under his leadership the troop has developed into one of the best in the Area.

The Court of Honor is the advisory body in Portales. This committee meets once a month, awards badges after satisfactory examination and generally supervises the work. W. B. Oldham is chairman and has since its organization been the guiding spirit. Other members are J. G. Greaves, E. N. Smith, J. G. Cox and Dr. N. F. Wollard.

### What I Like Best in Scouting

I like Camp best, because, I like the climate. I can go on nature hikes, and learn about flowers, and different kind of plants, like, century plants, wild columbine, mountain rose, blue bells, early golden-rod, blue sators, and large blue flags, also learn about animals.

Camp has a swimming pool. It is kept full by a cold mountain spring just at the foot of the hill. This mountain has some very large trees, one is 175 feet tall and 8 feet in diameter, another tree that is 7 feet in diameter and is 150 feet tall.

A person can pass any scout test he prefers.

Woodrow Davidson.

### Why I Joined The Scouts

I joined the Boy Scouts because I thought it would do me good, and I joined it for the fun we have. I like it because we have all kinds of fun, hikes, camp benefits and other things. I like it because we have good leaders and lots of work. I am going to be a good scout. I will try to be at every scout meeting and Court of Honor. I will try to have something to pass.

Hubert W. Burke.

### "Chums"—A Farce In Once Act

This farce will be presented by the Epworth League between shows at the Cosy Theatre on Monday and Tuesday night.

Cast of characters are as follows:

Mr. Breed, A Vermont Squire—Ernest Wheeler.

Harry Breed, A B. Harvard, his son—C. M. Sullins.

Tom Burnham, leading lady of Pi Eta Theatre—Wayne Stratton.

Flora Strong, Mr. Breed's niece—Lella Mae Freeman.

Mrs. Breed—Caroline Paddock.

### C. T. Gregory Dies at Lingo

C. T. Gregory, the Lingo merchant died on Wednesday evening about 4:00 o'clock.

Mr. Gregory was an elderly man, and his death while not expected, was a shock to the family and friends.

He has been engaged in the mercantile business in that section for a number of years, and was highly esteemed by his neighbors.

The funeral will be held at Lingo Thursday evening, Wheeler & Johnson having charge of the burial arrangements.

The Portales Valley News received a telegram from Senator Sam G. Bratton, announcing that the Committee of Public Lands and Surveys had approved the granting of 76,000 acres of public lands for the use of the Eastern New Mexico Normal School.

This is encouraging as it adds to the lands now belonging to this school, and will materially aid in getting the appropriation for the school.

Secretary Sam Seay, Ezra Watts and Coe Howard returned from Santa Fe on Wednesday of this week and reported that the normal situation was promising. This committee has done some fine work and every effort will be set forth to get everything ready for the early erection of the necessary buildings.

With the appropriation of this land by Congress, this school will have over 106,000 acres of public lands, which will go a long way towards the maintenance.

The importance in this normal school is being realized by the state legislature and when put into operation, will start off with a record attendance.

### Scouts Celebrate 21st Birthday

This year celebrates the coming of age of the Boy Scout movement. Twenty one years ago, Sir Baden Powell, of England, started the movement in that country and it immediately spread over all England. It was not until two years later that it was brought over to the United States.

A good turn performed by an unknown English Scout was responsible for the movement getting to this country. Mr. Boyce a Chicago newspaper man was in England and while trying to locate a party a boy came up to him and volunteered his services. The boy went to a great deal of trouble and after Mr. Boyce had received all needed information he offered to pay the boy, in fact he insisted on paying him, but the boy refused saying he was a scout and a scout did not take pay for doing a good turn. Mr. Boyce inquired about the movement and was directed to the British Headquarters. As a result he brought back to the United States a trunk full of information. In a few weeks a National meeting was called and the Boy Scouts of America was organized.

The movement was chartered by congress and headquarters set up in New York City. Mr. James E. West, a prominent lawyer of Washington, D. C., was selected because of his interest in the Y. M. C. A., and other boys organizations, to head the movement for the first year. At great sacrifices he agreed to give his services for six months but after the six months were up he was so interested in the work that he continued at its head and today is the Chief Scout Executive. The movement has had a normal and steady growth in this country. At the present time over 800,000 men and boys are registered.

### Arthur F. Jones Attends Fed. Reserve Bankers Meeting at Dallas

Arthur F. Jones, cashier of the First National Bank left Sunday for Dallas, Texas, to attend a meeting of the Federal Reserve Bank Advisors Board.

From Dallas he went to El Paso and Las Cruces before returning home.

Mr. Jones is one of the important members of this board, and at all times is looking after the development of New Mexico.

### Funeral of A. A. Beeman was held at Carlesbad

On last Sunday morning, a number of Portales Royal Arch and A. F. & A. M. Masons went to Elida to pay honor to A. A. Beeman.

The body was escorted to the train by the Masons of Elida and Portales, a large crowd of his fellow citizens taking advantage of the opportunity to view the body for the last time.

Mr. Beeman was one of Roosevelt county's outstanding citizens, and the entire county will feel his loss.

#### 1929 CROP PROSPECT

With the snow fall in the past week, the crop prospects for Roosevelt county are extremely bright. The farmer who had his ground listed is indeed fortunate as he will store good moisture for the coming crop.

Many of the Roosevelt county farmers had their lands prepared, and others will get into the fields with the plow as soon as the ground thaws sufficiently.

When time for the gathering of crops comes, the yield from the farms which have conserved the moisture will greatly exceed that of the farms where this important matter was out off till planting time.

#### PROHIBITION ENFORCEMENT

The enforcement of the prohibition laws will never be effective as long as reputable citizens patronize the bootleggers. The man who buys or drinks illegal booze is as guilty as the man who manufactures and sells it. Without the market outlet provided by this class of citizens, this business would be so unprofitable that the bootleggers and manufacturers would go out of business.

Bootleg whiskey is responsible for the majority of the crimes committed today.

#### TIME TO THINK OF HOTEL PROPOSITION

Now that an oil field is in prospect, Portales to get her share of the business from such a field, must provide ample hotel accommodations. After the field is brought in it will be too late and neighboring towns will get the cream.

At this time Portales needs a hotel of at least 50 rooms, provided with private and joint baths. To better class of traveling men and tourist will pass up the town without these accommodations.

Outside of the Harvey House at Clovis, there is no first class hotel between Amarillo and Roswell.

#### George Washington "American"

By Benj. Bayliff, Legionnaire.  
Now that another Washington Birthday is rolling round, the one hundred and ninety-seventh—it is altogether fitting and proper to recall some of the things that Washington really stood for, pleaded for, and fought for to the bitter end.

If there is one thing that for which Washington actually stood, it was for the belief that a real American will risk property—life—everything—in the protection of his freedom.

No man ever loved peace better or enjoyed the quiet domestic life of the farm better than Washington did. But he understood that peace and prosperity and liberty can only be secured and preserved by eternal vigilance, by lofty pride and readiness to strike down the tyrant, the marauder, or the invader.

There were pacifists in Washington's day and they drove him frantic. In the darkest hours of the Revolution at Valley Forge when all seemed lost, they assailed him most. He pleaded in vain for proper equipment for his troops. He cried out that his soldiers were freezing, were without shoes, were naked, and unpaid. He lost battle after battle and op-

portunity after opportunity, because his troops were ill-fed, ill-clothed, ill-armed, and necessarily ill-trained.

He pleaded for a regular army that he could drill and depend upon. Yet the pacifists and jealousies of the colonies prevented his ever effort, and would send him men with only short enlistments often three months and even less. If it had not been for the help of such great soldiers as Lafayette and Von Steuben and the help of the French fleet, and the French General, Rochambeau with over eight thousand trained French soldiers, the story of the American Revolution might of had a different ending.

We repaid the debt to France in 1918, by sending our armies across the seas, but what most Americans do not know, is that they had to borrow French equipment to fight with, and also from the other Allies. Not a single piece of American Artillery ever reached the Western front. Nor was our equipment ready till the war was over.

Speaking personally, I with thousands of others were issued an English rifle, the drift of the point is, what would of been our fate, the fate of the American homes and loved ones, if England and France had been on the other side. After all is said and done, the men of the American Legion know, that "paper treaties" will not stop high explosive shells. Neither can we forget our duty to keep the faith with our fallen comrades, who made their breasts a barricade between our country and its foe.

Let the true Washington and his highest ideals be celebrated for once on his birthday, by the American Legion at least, that huge army of men who have loved peace well enough to fight for it, and who stand ready to maintain it. We recognize that we are a part of the great brotherhood of mankind, that there are mutual duties and obligations between nations as there are between individuals. But, we do not propose to entrust to any other power or combination of powers the right to make up our own mind for us. "If there is anything which is dear to Americans—which they are bound to preserve at all hazards—it is their independence." Nor must we let the strong right arm of Uncle Sam grow flabby. We must keep with in his reach the best and newest weapons the world can devise for his self-protection.

We must keep the fighting heart of our people wise and pure, loving the benefits of peace, and hating the evils of indifference of fantastic idealism.

The American Legion has never placed much faith in the so-called "Kellogg peace pact," knowing that only a few years have gone since the German War Lords, treated the "peace pact" with unhappy Belgium as so much paper, and no more. We have long sponsored the passage of the "Universal Draft Act," as the best and greatest preventive of future wars. Yet the pacifists and the money-slackers have so far prevented its passage in both houses of congress. Yet France has more machine guns than ever was in action during the war, and more rifles than Germany had at the beginning of the war, Germany has more planes today than any one else, and building more, and it is no secret that England is building ships night and day.

Yet in 1929 we stand with all the world of hatred against us, and our Army, our Navy, and our Air force are permitted to dwindle away once more while the pacifists hush us to sleep with the old, old cry, "there will be no more war." Some morning the bugle will wake us with the call to arms and find us as shamefully unready as always. When shall we pay Washington the real honor of listening to his immortal pleas for eternal preparedness? Let his words ring out.

"If we desire to secure peace, it must be known that we are at all times ready for war."

#### Chicken that May Prove to be Crow

When a feller's ridin' through the country and sees a nice fat chicken, (feather variety) a'crossing the road, he's apt to think "Mmhm! that am a fine pot roast for dinner!"

Restrain that rash impulse, be content with lowly cow meat, and go your way quickly.

The Dona Ana County Farm Bureau is out to stop petty thievery—and the organization generally gets what it goes after.

Through each of the local of the valley signs are now being distributed telling the world that Dona Ana County Farm Bureau offers a reward of \$25 for information leading to the arrest and conviction of any person appropriating unto himself property of any member of the Farm Bureau.

The offer of this reward is for the purpose of recompensing the farmer for time and money spent in bringing suit. In so many instances, a man may catch a petty thief red-handed, but owing to the fact that the amount of the theft is so small, as compared with cost of suit, the farmer releases the thief. Which, in turn encourages thievery.

So it is well for the tempted one to remember that the peach may appear luscious on the farmer's tree, but that \$25 dollar reward is very apt to buy a bitter pill to follow.  
—Rio Grande Farmer.

#### ONLY THIRTY DAYS LEFT FOR SHOPPING

There are only thirty days left in which to buy your baby chicks if you expect to realize the greatest profit from your poultry flock, says E. E. Anderson of the New Mexico Agricultural College. Unless a poultryman gets a high production during the period of advanced egg prices (October to January) he fails to make the maximum profit from his pullets.

For the average poultryman the heavy breeds such as the Rocks and Reds should be hatched in early March. The light breeds such as the Leghorns should be hatched in late March or early April. The exact time to secure chicks depends largely on the individual. Some people develop their pullets more quickly than others.

In order to get the most satisfactory results the chicks should be neither pushed or stunted. A normal steady growth is best. The time of hatch and condition of growing out should be such as to have the pullets laying by the first of October. Under ordinary circumstances a proper system of management can bring this about. The pullet should be forced into laying before she is well developed physically.

If a pullet begins laying in August or early September she may go thru a partial molt later on. Since most of the old hens are not laying heavily at this time some poultrymen prefer to have a part of their pullets come into production early so as to keep up a steady egg supply.

#### Plans for Celebration of Washington's 200 Anniversary being Made

Washington, D. C.—Congress has authorized appropriations of \$4,500,000 for a nation-wide celebration in 1932 of the 200th anniversary of the birth of George Washington. The commission, which has charge of the proposed celebration met recently to formulate definite plans of this event.

As part of the celebration, the meeting adopted a resolution calling for a suitable highway to connect Mount Vernon, Va., the home and burial place of Washington, with the south end of the Arlington Memorial Bridge now being constructed in the city of Washington over the Potomac River.

The meeting also adopted a resolution for the publication of all of George Washington's papers, except his diary which has already been published. Another resolution called for the restoration of "Wakefield," birthplace of George Washington. It provided further for the appointment of a committee of three to consider plans submitted by the National Wakefield Association and Army engineers for restoration of this property, which is owned jointly by the United States and the Association.

President Coolidge, chairman of the Commission, presided at the meeting. Others present were, Senator Fess of Ohio, vice chairman; Senator Capper of Kansas; Senator Glass of Virginia; Senator Bayard of Delaware; Representative Tilson of Conn.; the vice President Charles G. Dawes; C. Bascom Sloop of Va.; the speaker of the house; Nicholas Longworth; William Tyler Page of Maryland, clerk of the house and executive secretary of the Commission, and Mrs. Sherman of Denver, Colorado.

#### FRIENDSHIP

We have been having a lot of snow and cold weather the past week which was needed very much. On account of the bad weather there were not many present at Sunday School Sunday. Everyone is invited to come next Sunday and bring some one with them at 10:30 o'clock.

School is progressing nicely with a larger attendance than has been all year.

Mr. Banks and family has moved on the Joe Graham place. We

are glad to have them with us. Herman Roberson and Bill Onsey returned home from Wink, Texas, Saturday night.

Miss Mary Hall entertained a crowd of young people Sunday evening.

Mr. Gravelle received a letter from his sister saying that his niece was dead.

Willie Smith was a visitor in the home of W. H. Maxwell the past week-end.

#### FLOYD

The ball games with Rogers were postponed Friday night on account of the snow storms.

The Floyd girls, true to custom, were again victorious Saturday night when they defeated the Melrose girls with a score of 56-20. This was one of the fastest games of the season which the girls have played. Mr. Wilson of Rogers refereed the game.

The Junior high girls played their second game of the season with the Melrose Junior high, and were also victorious by a score of 21-5. Miss Leona Jones of Floyd refereed.

The boys game was one of the most interesting games they have played this season. At the end of the first half the score stood 10-5 in favor of Floyd, and at the end of the third quarter Floyd was still in the lead by three points, but when the final whistle blew the score was 21-15 in favor of Melrose. Excellent sportsmanship was shown by both teams through the entire game. Mr. Morgan of Eлда refereed.

The Floyd girls will meet the Clovis girls on Clovis court Friday night, Feb. 15. This promises to be an interesting game. Come out and see it.

Mrs. Geo. A. Siglar was unable to attend school Monday on account of illness.

Mrs. D. A. Gordon left Sunday for Amarillo to the bedside of her daughter, Mrs. Wilburn Rice, who underwent a major operation.

Miss Edna Pierson and Mr. Virgil Dickerson, of Floyd, were quietly united in marriage at Clovis last Wednesday. These young people are prominent in both church and social affairs. We extend congratulations to this young couple. They will make their home at Floyd.

The small daughter of Mr. and Mrs. Jess Gunn was buried Friday at 2:30 in the Floyd cemetery. The family have the sympathy of a B. Y. RH the entire community.

#### KENNA

Several from here attended the funeral services of Mr. Beeman, whose death will be a blow to the surrounding country.

Abner McDowell, Lois Irene Southard and Miss Grimes are new victims of the mumps. Miss Grimes is absent from school this week and Helen McDonald is assisting.

J. H. Crouch was a Clovis visitor Monday.

Quarantine Order No. 5 Amending Quarantine Order No. 2 Dated March 12, 1927.

In order to prevent the introduction of the sweet potato weevil (*Cylas formicarius*) into the state of New Mexico, and by virtue of authority vested in the Regents of the Agricultural College (Chap. 168, Session Laws of 1923 and Chap. 134, Session Laws of 1925), said Regents of the Agricultural College do hereby order:

A. That the introduction of sweet potatoes, sweet potato plants, sets

or slips, into the State of New Mexico, from any other state in which the sweet potato weevil is known to exist, is hereby prohibited.

B. That the quarantine shall be immediately effective, upon proper notification of persons concerned, against the following states: Texas, Louisiana, Florida, Mississippi, Georgia, Alabama, Arkansas and Oklahoma.

C. That the quarantine order shall be extended to any state in which the sweet potato weevil may be hereafter discovered upon subsequent amendment to this order.

D. All persons, firms or corporations, in the state of New Mexico are prohibited from having in their possession, transporting, selling, or giving away any sweet potatoes, sweet potato plants, sets or slips, introduced into the state in violation of this order.

E. That the President of the Agricultural College and other property appointed agents of the regents of the Agricultural College quarantine and regulatory matters are designated as the agents of the regents of the Agricultural College for the enforcement of this order.

In witness whereof we have caused the seal of the regents of the Agricultural College to be affixed this 8th day of October, 1925

**JERSEY BREEDERS PROSPER**

A Banner Year Again Reported.

New York, N. Y., Jan.—With a total of 7,909 Jersey registrations and 57,944 transfers recorded by the American Jersey Cattle Club in 1928, the year showed a gain of 45.3 per cent in registrations and 14.2 per cent in transfers over 1927, which was also a record year. Registrations and transfers are an accurate index of conditions and they reflect the splendid demand for cattle and dairy products throughout the country, for the Jersey is the second largest dairy breed in America. There are eleven million Jerseys in the United States of which some three hundred thousand are registered purebreds. The files of the American Jersey Cattle Club office in New York now contain the names of more than 85,000 owners and breeders of purebred Jerseys. During 1923 the number of Jersey breeders increased at the rate of 1,500 to 1,800 per month. The greatest increases were made in the States of Texas, Mississippi, Ohio, Indiana, Kentucky, Missouri, Tennessee, Michi-

gan, Oregon and Oklahoma.

Testing for production continued to increase during the past year. At present there are 3,400 cows on Registration of Merit test; 2,508 records were completed and accepted by the American Jersey Cattle Club in 1928. The highest Jersey record ever made was completed last year by Abigail of Hillside, a Massachusetts cow. In 385 days she produced a total of 1,197.51 lbs. of butterfat and 23,677 lbs. of milk. The twenty-third Jersey record of over 1,000 lbs. of butterfat was finished by the California cow, Imperial Isabel. A world record was also broken by a Kenfucky Cal Club boy who tested the first animal he ever owned.

One of the most successful showing seasons Jersey breeders have experienced was another feature of the year just ended. Parish Shows, designed to encourage improvement in both type and production in dairy cattle were held in Michigan, Indiana, and Ohio and breeders were enthusiastic in their efforts to make such shows lasting and pronounced success. From the standpoint of the numbers entered at the various state fairs and district contests, and the high quality of the entries, 1928 set a new standard.

Important measures initiated by the American Jersey Cattle Club during 1928 include the requirement that all animals offered for registration after January 1, 1929 must be plainly tattooed in the ear with letters or numbers to be selected by the owner. This will give positive identification to each animal and will constitute a further protection for all breeders and owners. The tattoo marks will be stated on the Registration Certificate. The American Jersey Cattle Club is to be congratulated in taking the lead in this progressive move. Another important step was the adoption of the bi-monthly production test, which is a test every 60 days, and which will greatly lower the cost of Register of Merit testing.

A Three Day Pack Trip

By Boy Scout, Kimble McClain, Gloria Troop 12.

A feature of the Boy Scout camp activities during the summer of 1928 was the "ranger" work. Riding a horse in the Sacramento Mountains of New Mexico would appeal to any scout. This was proved when the subject would be mentioned. Every scout at the thought of feeling himself spring from the stirrups into the saddle of a spirited horse, was thrilled to the bottom of his boyish heart.

The following morning, after the scouts arrived at camp We-hin-a-pay, sixteen boys signed up in the Ranger division. After a boy signed his name, he ran "zip!" toward the corral, three hundred yards up the canyon.

In a few minutes the group of boys were saddling their favorite horse. Some spoke with joyous tones while they tugged excitedly at their saddle girths; others were silent in thought. The horse, being of good temperament, made friends with the scouts at once. Both were seeking freedom in the open ranges. The animals were seeking adventure, after being penned in the city. Youth without adventure is as dry as a "movie," without music.

For the first time the troop was mounted. The impatient horses pranced about, clicking stirrups as they came side by side. Their sleek necks became arched by a tight rein. The red numerals, upon the sleeves of the riders, showed they were from different towns; however, the same expression prevailed among them all. Beneath the brims of khaki hats was plainly written the eighth scout law—"cheerful."

Out of camp they rode—two abreast, headed by a cowboy, who was familiar with the mountains and favorite haunts. Scoutmasters were also in the party, eager as any twelve year old lad.

Never an oath was heard as they rode, nor the smell of burning tobacco; but the cool fragrant air with nature hovering about them. The horses willingly trod the plants and matted pine needles beneath their hoofs.

After returning to the camp, the fellows took the saddles off their sweating ponies which ran playfully off to graze and refresh themselves at the creek of running water.

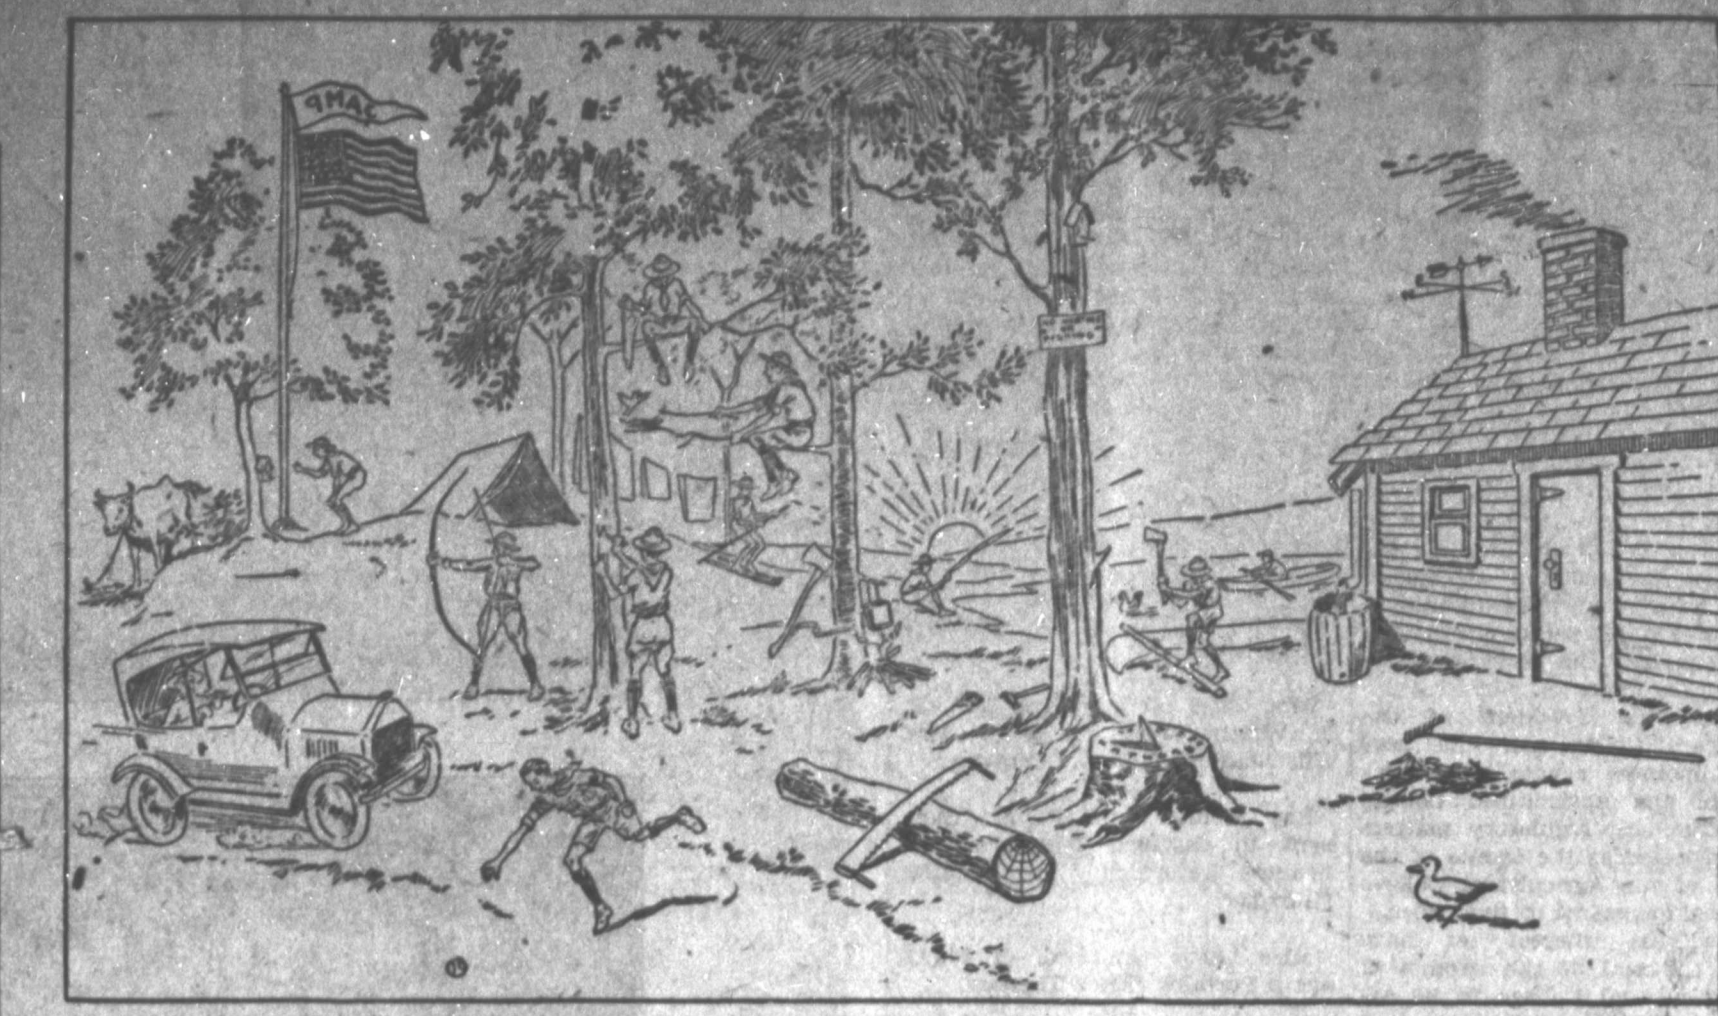

The main event toward which the rangers looked forward, was the two-day pack trip. This was taken across the mountains into Scott-Abie canyon, west of the rimrock. The trip and packing were carried out in real style. Each individual learned the different knots and hitches for packing from an instructor.

Early one morning a few scouts brought out some animals packed with supplies which consisted of food, bedding, pup-tents, canteens and axes. Behind each rider's saddle was strapped raincoats and ponchos. The brother scouts, who stayed at camp, watched them ride off west, leading the pack-horses. Everyone being in single file formed a line about seventy yards long. The scouts only stopped once, for their lunch.

In the early afternoon they came to the famous rimrock. With minds filled with wonderment, the scouts saw the beautiful scenes below. They saw the Alamo-gordo White Sands, the Oregon Mts., the White Mts., the Black Range and many other places, all from the rim. Land of different colored streaks could be seen as far as a hundred miles away and much over. A pink tint was reflected from the horizon. A stiff west wind tossed the horses' manes and tails as they lined the rim. The scouts stood silent, reins in hand, eyes on the abyss lying before them.

They turned and rode off in a southward direction. The scouts worked their way down to the hills below, only stopping at places where springs of cool water were bubbling up in a tempting manner. The boys, with eyes of scouts, discovered fresh bear tracks near an old apple tree. After the entire group got down, examined and commented on them, mounted and rode on. About four o'clock a purple haze streaked the hills about them. They found a suitable place in the Scott-Abie canyon, where the camp was made. The walls of the canyon rose perpendicularly, a distance of about two hundred yards of level, grassy land lay between them. The Sacramento stream ran over a little fall and spread out into a flat marshy place which formed a watering hole for the deer and other game of that section.

The scouts pitched their pup-tents in line, and turned their horses loose to feed. The tired animals fed, unusually well contented. A rail fence kept them within a half mile of the spot picked for camp. The fellows had cooked their food by the time it was dark. The moon furnished light enough for a game of "Capture the Flag," the walls of the canyon forming the boundaries. Of course they had a little camp-fire. Everyone entered into cowboy and scout songs. The bed of pine needles and boughs from fir trees afforded a wonderful place to sleep.

Next morning the boys enjoyed a beef-steak fried in the open on little fires scattered before the dew-covered tents. Soon they discovered tracks of several bucks, which watered within sixty yards of camp during the night.

The boys had an enjoyable return trip, seeing several deer, wild turkeys and more signs. The trip was the last riding of the ranger boys.

These Boy Scouts truly appreciate the efforts put forth by Minor Huffman and the citizens of Eastern New Mexico to make such a camp possible for the boys of this area. As a scout I can say there has been wonderful progress throughout the area and, I am thankful for belonging to such an organization.

Anniversary Court of Honor

Tuesday, February 12th, the Court of Honor of Portales met at the court house. This meeting was a special anniversary project of the Portales Boy Scout troops.

Thirty five scouts and eight visitors and five court of Honor members were present. The court of honor members were: W. B. Oldham, J. G. Cox, J. G. Greaves, and Scoutmaster, E. N. Wheeler, and Claude A. Lorts. The visitors were Mrs. Dublar, Mrs. W. E. Rumly, Mr. and Mrs. Walter Scott and their daughter, Mardell, J. H. Breshers, Willie Vale Oldham, Nora Belle Grizzle, and Mrs. J. G. Greaves.

The Court of Honor was opened by first call then followed a fifteen minute O'Grandy drill in which all scouts participated. Harold Jones and James Compton were the only ones that were not drilled down.

Frances Shaw, Denis Fields and Roy Fullerton from troop seven and Emmet McComes from troop 18 passed the tenderfoot tests. Joe Ison, Donald Fairly, Leon Schumpert, Rex McCauley, Junior Jones and Stinson Yoachum from troop 18 and Durwood Wright, Lynvil Scott, Junior Moody and William Traugher from troop 7 passed second class tests.

Woodrow Davidson, Earl Davidson and Harold Jones passed first class tests. The first class scouts that passed merit badges were: Vincent Cox, Conservation, James Compton, Aviation, Roy Breshers, Pioneering and first aid, Gordon Greaves, painting and wood carving, Rhea Crow, civics and firemanship, Clifton Bankston, firemanship and pioneering, Melvin Schumpert, painting.

The second class scouts who passed merit badges are: J. D. Boren, personal health, Will H. Fisher, book-binding and wood-carving, Marshall Rowley, firemanship and book binding, Hubert Burke, personal health, Jennings

Grimes, bookbinding and firemanship, Travis Smith, pathfinding and firemanship, J. T. Morgan, carpentry and firemanship.

Bill Schumpert, Billy Bob White, and Butler Johnston, were scouts that were present but did not pass tests.

Gordon King Greaves, Eagle Scout.

Eagle Scout Honored

Eagle Scout, Bill Lumpkin, of troop 4, Roswell, is a winner of the Harmon Foundation scholarship according to ward received from the Eastern New Council Headquarters. He was selected to represent the Eagle Scouts of this territory and Scout leaders are enthusiastic over the outcome.

These scholarships are awarded each year to an Eagle Scout in each state. Each Council is allowed to enter one of the active Eagle Scouts. The award is made for no spectacular deed. It calls for a record of continued and loyal service. The scholarship includes a one hundred dollar certificate that can be applied upon college expenses in any college in the United States.

Eagle Scout Bill Lumpkin has been active in scout work for the past six years. During the past five years he has been one of the leading boy leaders. He organized a troop at Captain and at Carrizozo and for the past four summers has been a member of the Junior Staff at the summer Scout camp. At the present time he is registered as an assistant Scoutmaster and has charge of the Sea Scout Ship in connection with troop 4, Roswell.

Dora

Editor—Lois Brown. Reporters—Harold Radcliff, Wren Drew, Mildred Cummings.

Although the ground was covered with snow there was a large crowd out to the Christian Church Sunday morning. A good sermon was delivered by Rev. Randall of Farwell, Texas.

A few people were disappointed Sunday evening and again Sunday night when Rev. Moore failed to appear. He was to preach at the school house Sunday evening and also Sunday night.

Mr. and Mrs. H. H. Wilhite, of Rogers, and Rev. Randall, of Farwell, Texas, were dinner guests of A. J. Burkett Sunday. Jack Shakelford spent Thursday night with J. C. Shaffer. Mabel Grimmet visited Elmda Wilmoth Sunday afternoon.

Messrs. Box Cathey, A. E. Lott, R. L. Hall and Jim Richards motored to Roswell last Tuesday on business.

The 7th and 8th grades met with the High school pupils Monday morning and Mr. Stephenson discussed the forensic and track meet. We hope to have several entries.

The Dora basket ball boys motored to Rogers Thursday night, Feb. 7th, where they played a very snappy basketball game with Causey. The final score being 23-16 in favor of Dora. Some of the Causey first line-up was not present and we expect a closer game next time.

On account of the snow and

cold weather the Dora girl's game with Milnesand which was to be played here last Friday evening was postponed until next Friday. Come and boost your home team.

Mrs. Jessie McCormack was unable to be at school last week on account of flu, but we are glad she is back with us this week.

Those absent from high school this week are Ethel Radcliff, Laverne Nicklas, Lillie Terril and Louise Hall. We hope a speedy recovery.

The ground has been covered with snow since Wednesday night. The girls and boys have not got to practice basketball all these days because their courts were covered with snow, while other teams were going ahead with their practice our girls and boys were hugging the stoves, the practice would continue throughout all kinds of weather. When this practice is missed a few days it not only makes pupils lose interest in athletics but makes him very disagreeable because if not taking exercise he becomes restless. You may say that there is no good in athletics, but "all work and no play makes Jack a dull boy," it will not only develop one physically, but it also develops one morally, socially and spiritually.

So, let's think of a gymnasium for our next enterprise for Dora.

Why Walter and Laverne are rivals. Why Lois is sore at J. D. Morrison. What Mildred was doing north of Dora Sunday at two o'clock.

Wollards at Home. Mr. and Mrs. N. F. Wollard were at home Sunday at dinner to the following guests; Mr. and Mrs. C. J. Fendergraft, Mr. and Mrs. Edwin G. Lanzer, and Mrs. Julia Nelson.

Portales Experiences Winter Blasts

On last Saturday morning the people of Portales awoke to realize that winter had come at last. Water pipes were frozen and cars were stalled.

Overcoats and overshoes were dug up and fires were the most popular places in town. Yet few realized that the temperature had dropped to 6 below, until the official report of A. J. Goodwin, U. S. Weather observer, was received.

While Saturday was a cold day, the hope of all was that the storm had passed and that Sunday would be a bright sunshiny day. Yet Sunday morning shivering was continued, and Goodwin made the report that it was 10 below. More pipes were frozen and plumbers were called in for relief. The evening warmed up to some extent and preparations for a warm Monday were made, but on Monday morning Goodwin continued as a joy killer by reporting 2 below.

JERSEY BREEDERS WILL TATTOO IN FUTURE

Solid Color and Lack of Distinctive Marking Cited as cause of Tatoo Regulation

To establish a uniform method of identification for Jersey cattle the members of the American Jersey Cattle Club this year adopted a By-Law which requires that all animals to be registered after January 1, 1929, must be tattooed. The Article covering this reads as follows:

"ELIGIBILITY—1. No animal shall be registered until both its sire and dam are registered; and, to preserve the identity of registered animals, all animals offered for registration must be plainly tattooed in the ear in indelible ink with such letters as the owners may select, no two animals (in the same herd) to have the same number. Both ears may be used, and the marks and the numbers in the ears must be stated on application for registration.

The above requirement as to tattooing shall go into effect on January 1, 1929."

"Many dairy animals are solid color and in many herds only the owner can definitely identify all such animals. With the tattoo mark recorded in the owner's records and on the Certificates of Registration of purebred animals anyone can identify every animal in the herd." In the event of the owners death or absence this information is of the greatest value.

It takes but a few moments to tattoo an animal and the identifying mark is permanently fixed in

the ear. Needle points from the design of letters or numbers and these points are held in position in the head of the marker which is like a large pair of pliers. The needle points are covered with indelible ink or paste. The instrument is then set in position and the needle penetrates the ear on the inside carrying the ink well under the surface of the skin. Ink is immediately rubbed into the slight wound made by the needle points and the job is done. There is practically no bleeding, and the operation is scarcely noticed by the animal. It is recommended that the ear to be tattooed be cleaned with alcohol before it is punched. This will remove the wax and other foreign matter and insure a clean surface on which to work.

The new ruling on tattooing has been very favorably received by breeders and agricultural leaders. The subject of tattooing will be of interest for some time to come as there are eleven million Jerseys in the United States and of this number over three hundred thousand are registered purebreds.

Mr. Gus Shaw, of Lubbock, Tex., an old friend of Mr. and Mrs. J. Rex Forrest was visiting them Monday.

### Found Antique "Mine"

Much has been said and written about places to go in search of antiques. The American traveler in his enthusiasm for the wealth of supposed antiques which he finds in every English city, is likely to be led astray by the hundreds of shops which line the beaten track and may pass up completely the out-of-the-way places where the real article may be found. A traveler says that he struck a veritable mine of riches in a little frequented town in the interior. Going down for golf he discovered a real antique shop "right off the map in the heart of the country."—Antiquarian Magazine.

# SOCIETY and Club

Mrs. Jno. V. Mauk Entertains Honoring Mrs. H. F. Jones and Members of U. D. C's.

Mrs. Jno. V. Mauk was hostess on Tuesday at one o'clock honoring Mrs. H. F. Jones and members of the U. D. C's. Suggestions of Valentine were every where. The large dining table and two quartet tables were each centered with beautiful red basket valentines. Red nut cups, with cupid on the handles, valentine place cards, red heart boxes for favors, and the green glass dishes, made a wonderful picture. The menu was served in three courses and carried out the color scheme. Mrs. Lanzer was a dainty waitress, and the eats were up to Mrs. Mauk's high standard. The guest list included:

Mrs. Jno. V. Mauk, Mrs. H. F. Jones, A. F. Jones, E. A. Herndon, C. V. Harris, J. B. Priddy, A. D. Ribble, Lillian Taylor, E. N. Neer, Coe Howard, James Christie, T. E. Mears, J. B. H. Young, N. F. Wollard, T. B. Howell, W. B. Oldham, E. T. Hensley, E. T. Moody, J. B. Sledge, Hugh McTehu, Lula May, J. C. Compton, Mrs. L. E. Cannon, Miss Kate McManaway, J. G. Greaves, C. J. Whitcomb.

Mrs. Floyd D. Golden Entertains Saturday Bridge Club.

Mrs. Floyd D. Golden was hostess Saturday afternoon at 2 o'clock to the members of the Saturday Bridge Club. The members were all present except Mrs. J. James Christie, and Mrs. S. F. Moore substituted for her. After the game, Mrs. Golden served a delicious plate lunch carrying out valentine colors. Valentines were used for favors.

Mrs. May Mrs. Grissom, Mrs. Hancock and Miss Bess Dehoney Give Party.

The Hancock home was tastefully decorated last Friday afternoon for a pre-valentine 42 party. Festoons of red hearts and cupid were draped effectively in the reception rooms, with bouquets of sweet peas adorning the piano, tables and buffet. The hours from 2:30 to 4:30 were spent playing the game of 42. After this lunch cloths were spread and the hostess served a delectable plate lunch, carrying out the color scheme of the decorations in red and white and also the form of hearts. The guest list included about seventy or eighty Portales ladies, and is as follows:

**Birthday Dinner.**

On Sunday last, Mrs. Henry Bremer prepared another of her excellent dinners, this time honoring the birthdays of Mr. Bremer and Mr. W. T. Cox, whose birthdays both occur on Feb. 10th.

Places were laid for Mr. and Mrs. W. T. Cox and son, Carl James, Pastor and Mrs. Claude Loris and son, Jack, Gordon, Mrs. Russell Williams and daughter, Anna Louise, Mrs. J. P. Ford and son, Evans, Carl Miller and the host and hostess.

**Christian Ladies Aid.**

On Tuesday, Feb. 7th, the Christian Ladies Aid was entertained by Mesdames Ben Cronig and W.

H. Catt at the home of the latter. Eighteen members responded to roll call.

The scripture lesson, John 1:1-17 was read responsively. Mrs. Loris leading. Prayer was offered by Mrs. Thigpen, and a discussion of the Bible questions followed.

The valentine box was then opened and contents distributed according to previous arrangements the "valentines" were articles from Varneys 9c sale and each lady received that for which she had wished.

Mrs. Carl Case assisted the hostesses in the serving of a plate lunch.

Next meeting, Thursday, Feb. 21st, will be with Mrs. Bremer, lesson, a review of questions numbers 898 to 935 inclusive.

**Woman's Club.**

The Portales Woman's Club met Wednesday, Feb. 13, at the home of Dr. and Mrs. R. W. Means, with Mrs. J. Rex Forrest, as joint hostess.

After a business session over which the vice president, Mrs. Carr presided, the meeting was turned over to Mrs. Howard, the program leader. The subject was Do's and Don't's of House Planning. Mrs. Howard discussed the location for a house, Mrs. J. C. Compton described two ideal dining rooms. Mrs. Forrest told of her theories for a bed room. Mrs. Hughes planned an ideal kitchen and Mrs. Carr an ideal bath room, while Mrs. Martin told of the necessity of thought in planning for electric lights and appliances. This was followed by a round table discussion.

Mrs. Martin favored the Club with several numbers on the piano. As this was Mrs. Martin's last time with the club, before she moves to Missouri, she was given a vote of thanks for her very efficient and helpful work in the club, the two years she has lived here.

Mrs. Means and Mrs. Forrest served a most delicious plate lunch carrying out valentine colors and heart shapes.

## ROGERS

Chapel Programs.

A series of interesting chapel programs are being given at school. The classes in the High School are contesting to see who will take a program to Portales. The Sophomores presented a very interesting program last Thursday morning. It was announced by Bill Mullins as follows:

Harmonica Solo—Paul Jones.  
Reading—Johnnie Holland.  
Duet—Mabel Grimmer and Jessie Lott.

Reading—Shariot Holland.  
Cracker-eating Contest.  
Sportsmanship—Clarence Kirksey.

A clever program was presented by the Freshman on Wednesday morning.

Faculty Take-Off.  
Reading—Florence Carter.  
The Human Ford—Freshmen Boys.

Reading—Elbert Howl.  
Musical Skit—Freshmen Girls.  
Everyone is eagerly awaiting the program by the Junior-Seniors which will come next Wednesday morning.

The Grades are also having a contest in chapel programs. They will give one each Friday morning. The eighth grade program will be Friday morning.

**Coming Ball Games.**  
Thursday night the girls will play Elida at Rogers gym. When these two teams met at Elida, the Eagles were victorious with a score of 23 and 17. However, Dora and Elida tied in a hard fought game last week. Therefore, the game bids fair to be a close and thrilling one.

The boys play Causey on the same night. It will also be a fast game according to all reports.

**Junior-Senior Party.**  
Cupid is shooting arrows around our school during this valentine week. Reports say that he will be very apparent at the Valentine party to be given by the Junior-Senior class in honor of the faculty and high school, Saturday evening, February 26.

**Pie Supper.**  
Watch for announcement of a pie supper which will be given some time soon to raise funds to buy Encyclopaedia for the Rogers library.

School was closed for Thursday afternoon and Friday of last week because of the snow, which prevented the trucks from running.

**Party at Post's.**  
Mr. and Mrs. Jap Post entertained a group of young people at their home last Saturday evening. A jolly atmosphere prevailed in spite of the low temperature without. After eating candy and peanuts to their heart's content, everyone voted that the Posts were "jolly good sports."

All the Rogers faculty will attend the Roosevelt county teachers association which meets in Portales Friday and Saturday of this week.

Howard Jones and Charles Halbert are two new pupils enrolled recently. We are always glad to gain new students.

### We Wonder Why?

The Basket Ball boys don't mention their trip to Floyd.

"The Sophomores are 'snooping' around all the time.

"The Juniors and Seniors don't pay rent for the use of the office. Bill is so interested in the mail that comes from Austin, Texas. Bennett wasn't at school Tuesday.

Una, Jesse and Leova are interested in "Bills."

Paul has been buying so many new clothes.

Mr. Wilhite doesn't like for the Basketball boys to play in the snow.

Niel gets so many letters. Miss Smith doesn't like snow. Ella Bea wanted to know how to spell Trece.

Charles thinks all the pretty girls are in Sudan. Jessie doesn't change Charles' mind.

Mr. and Mrs. H. H. Wilhite were visitors in Dora last Sunday.

Mrs. Oscar McCormack has been sick for several days.

Mr. and Mrs. Willie McCormack have also been ill. Mr. McCormack had a rather severe case of the flu.

Mr. and Mrs. L. G. Ross have returned from Lamesa, Texas.

Mr. and Mrs. James Wilson and Roy Smith spent the week-end in Portales.

Miss Lavelle Cravy spent the week-end at her home in Clovis.

Miss Thelma Post has been absent from school because of illness.

### Set Camel Before Wife

That a camel is worth more than a wife was the declaration of a native of Egypt who recently offered both to a clergyman. He first offered the wife for the equivalent of \$25. "Why do you want to sell her?" he was asked. "She is old and fights," was the laconic reply. "Then she would fight me," said the clergyman. "No, not an Englishman," was the answer. The offer being refused, the native offered the camel for \$100. Asked to explain the differences in prices, he replied curtly, "Camel better than wife."

### Food Requisites

According to Prof. V. H. Mottman, an adult woman needs but 2,500 calories a day. An adult man engaged in sedentary occupation requires 3,000 calories daily. A man doing hard work should have 5,000 calories. The physiological reason given is that the feminine organization utilizes food more economically than man. A child's food should not be proportioned according to his age, as he requires more than half the food of an adult. Boys and girls of fourteen are to be considered as adults in food utilization.

### Diets on the Brain

Within the heads of some of my patients, said the old physician, there is a jumble of half knowledge and fallacies and fads and fancies stored away in the section labeled diet.—Woman's Home Companion.

### All Wet

There is no question but that the movie children acquire wisdom beyond their years, and, while it is wonderful that these kiddies, so early in life, can lay up bank accounts for the future, one sometimes questions whether it compensates them for the loss of natural childhood.

A visitor at the Fox studios, after receiving a rather pertinent and wise answer from one of these youngsters, remarked: "My boys and girls would never speak to me like that."

"I thought not," said the child. "You've been completely spoiled."—Los Angeles Times.

### Expensive Yards

Two rival western teams both boasted of the prowess of their football teams, and a game was arranged. One town bet quite heavily on its team, and to make the result fairly certain, hired a celebrated professional player. Early in the game he made a sensational run of 75 yards to a touchdown—and to the surprise of the spectators, was immediately removed from the game. The manager gave this explanation:

"Why, we guaranteed to pay that guy at the rate of a dollar a yard. Do you think we want to see the town go broke?"

## Rams to Play Pleasant Hill Friday

The Portales Rams will meet the Pleasant Hill Indians Friday night in the Portales High School gym.

This probably will be one of the feature games of the season, the Pleasant Hill five being considered a strong team, and the Rams being downed only twice during the entire season.

The Portales Basket Ball fans will likely see an interesting game. The Rams will meet Texico Saturday night at the Texico gym in what promises to be an interesting game. Texico having downed Pleasant Hill 23-15.

The class B basketball tournament will be held in Portales, February 23. This tournament will include all basketball teams in class B, in Roosevelt county.

## Jingle Bells.

"Jingle Bells," seemed to have been the cry Friday and Saturday, yet many of the sleds lacked the bobbed-tailed bay.

From the window Billy Morris watched the children ride by on their sleds and could have kicked himself because he had pretended a "sore throat" the morning before the snow. Now he must stay in and all the gang having such a bully good time.

Once he thought he'd go to his mother and confess that he had just pretended he had a sore throat to keep from going to school, but he decided that she would not believe him.

Something had to be done and done quick!

If he could get out of his room he'd be alright, but his mother had locked the door.

Very soon he bumped into a plan that hit him right between the eyes. He screamed "fire, fire" just twice and then listened. Sure enough, she was running down the hall. The key turned in the lock and Billy's mother threw open the door, a frightened look was on her face. She ran toward the window from which Billy was looking, and Billy ran out the door.

The W. A. T. club has been organized in typewriting classes, which means "Win A Trophy," as they are planning on having entries in the contests which will be held this spring. The club consists of ten pupils making the highest rate a minute.

The members are Wynna Ohlhausen, who makes 63 words a minute, and who is first; next is Mary Brunk, who makes 46 words a minute and ranks second; Wilma Oldham also makes 46; third is Ruth Lee, who has a rate of 41 words a minute, fourth is Ruby Cooley, who makes 39; next Mildred Stinnett with a rate of 38; next is Ruby Swanner with a rate of 34; next Katherine Heckman, 32; Julia Stout is next 34; and last is Una Mae Coplin with 31.

## Style Show is Given in Chapel

The Home Ec. club gave a program in assembly Tuesday morning. It was in the form of a style show.

Before the curtain rose Nellie Rowse discussed the accomplishments of the club, the clubs aims and a brief outline of the work the club had already done.

The curtain was raised showing a scene representing a fashionable dress shop. Eulla Williams being the owner, Aletha Nidever and Hazel Burleson entered and told that they wanted to look at some dresses for street, church and school wear, this was given in the form of a song. Eulla asked them to be seated and she then called six of her models in to display the latest styles. The girls that represented the models were Eretth Maxwell, Jewel Fullerton, Mildred Stewart, Ruby Isaac, Myrtle Kimmons and Nadine Morris.

The girls came in and turned several times before each customer and then went off the stage to re-appear again in pairs. They tripped about several times.

The dresses were furnished the girls by Joyce-Fruit Co., Friday & Foshee, The Ladies' Shoppe and The Famous.

## Public Speaking Club in Parliamentary Mix-up

After a report on parliamentary rules for clubs and other school organizations by Duncan Simmons in Public Speaking Club Monday, the club had a parliamentary mix-up.

By having a definite set of rules for a club organization to follow in a business like manner, the student who addresses the club will have more confidence in himself, Duncan stated in his report. The house was open for any motion that a club member might wish to make concerning his or her club. The procedure of the parliamentary mix-up was in accordance with the parliamentary rules given by Duncan in his report.

## Officers Are Elected in Class

Ruth Wheeler was elected Editor of the Baby Yam at the bi-monthly election of the Journalism class. She succeeds Myrna Campbell who has been editor for the last two weeks. The purpose of having a change in offices every two weeks is to let all the members of the class get some experience in the various offices. Other members of the staff are:

Associate Editor—Myrna Campbell.  
News Editor—Cornelia Hunter.  
Copy Reader—Mildred Bedinger.  
Club Editor—Marie Forbes.  
Feature Editor—Jewel Phillips.  
Sport Editor—Jones Smith.

## EDITORIAL

If you were visiting another school and at the chapel exercises the students were noisy and the talking and noise continued even after the speaker rose, would you be favorably impressed, or on the other hand would you think them rude and un-cultured?

Although the student body has improved in conduct there is yet much to be gained.

Also the seating arrangements has a better appearance if the every room with no vacant spots students are seated uniformly in them.

When a speaker is addressing the student in assembly he is giving you his undivided attention, but are you returning the courtesy?

School was dismissed Friday on account of cold weather and lack of heat in the buildings.

## Mother's Night at Game Friday

Friday night, February 15, will be Mother's Night at the basketball game between Portales and Pleasant Hill. All the mothers of Portales students will be given a pass to the basketball game. All of the mothers of the girls on the team will have reserved seats. The girls pep club will put on a stunt to entertain the mothers.

## Rams Lose Second Game

The Rams lost the second game of the season when they dropped one to Clovis high last Friday night. The score was 17 to 19.

Some of the fans expressed their opinion of the game as a genuine exhibition of basketball.

At the half Portales led by a score of 7 to 8. During the last half first one team was ahead then the other. Clovis scored their last point from a free goal after the final whistle blew. Clovis was allowed the chance for another point because one of the Clovis boys was fouled by a Portales player.

Green was high point man with 9 points.

The starting line-up was: Stokes, forward; Foster Forward; Green, Center; Slaten, guard; Smith, guard, Watta, forward.

Substitutions: Watta for Foster. The local girls dropped a game to the Clovis sextet by a score of 37 to 8.

The local girls have had a losing streak that has lasted for three straight games. They hope to break away and register a win next Friday night when they meet the girls team from Pleasant Hill.

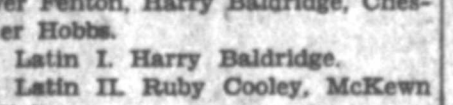

The starting line-up for the game with Clovis was:  
Forward, Brewer; forward, Hayes; center, Baker; center, J. Grimes; guard, McCaskey; guard, Fullerton.

## A Fellow's Wife is Worth a Home

A home for the wife—that's obligation; a home for the children—that's duty, also.

Every right-handed man recognizes this obligation as independent of his natural pleasure in giving joy to those whom he loves.

We can furnish the BUILDING MATERIALS that will make Your Home a joy and satisfaction forever.

## Grade School

Miss Autry was out of school four days last week on account of sickness, and Adele Oldham substituted.

Mrs. Ohlhausen is still sick and Mrs. Bailey is substituting in her place.

Miss Leta Smith said that she had two perfect days of attendance last week, and she wishes to lengthen this record.

There were four new pupils started to school this week.

Mr. Payne says that the students in his room are not quite as good about coming to school as Miss Smith's. He had had 9 absent this week.

There were 6 pupils absent from Mr. Davis' room this week. Mrs. Cannon's mature study class has been studying crystals this week, they have already studied the snowflake and frost. They are also learning the formation of crystal by chemicals.

Mrs. Cannon's art class has learned to cut snowflakes out of paper. They have also been studying the picture of George Washington.

Ruby Swanner and Jewel Fullerton spent Sunday afternoon with Pauline Baker.

Miss Padock spent last Friday morning with Miss Galloway.

There was no school last Friday on account of bad weather.

Vincent Cox, Melvin Schumpert and Hazel McColium are on hall patrol duty this week.

Read "The Last of the Titans."

Nadine Morris and Sallie Mae McCaskey went to Floyd Saturday night to the ball game between Floyd and Meirose.

Some of the seniors, have received their calling cards.

Nora Belle Grizzle was absent Tuesday morning on account of illness.

Rear Admiral Drake Navy Veteran, Dies
Washington, D. C.—Rear Admiral Franklin J. Drake, 32 degree, eighty four years old, U. S. N., retired, died at his home here recently.
Admiral Drake entered the Navy in 1863 and retired on his own application in 1906. He was one of the few surviving men who enjoyed the distinction of serving on the Constitution, or Old Ironsides, as the famous frigate was called. He was a member of Hope Masonic Lodge No. 20, and Albert Pike Consistory, Ancient and Accepted Rite, of this city.

Gift of \$100,000 To Masonic Home
Wichita, Kan.—When the estate of Charles J. Webb of Chicago is settled the Kansas Masonic Home will receive, as an addition to its endowment fund, \$100,000 as provided in the will of the deceased. Mr. Webb was formerly a Santa Fe Railway official at Topeka. He moved to Chicago when the Company transferred a portion of its general offices to that city.
The bequest to the Home came as a complete surprise to Col. Thomas G. Fitch of the Masonic Home board. In September, 1927, Col. Fitch and Mr. Webb occupied adjoining rooms in a hotel in Denver while attending a Masonic gathering, and Mr. Webb asked many questions about the Masonic Home. Just three months later Mr. Webb died and Col. Fitch was notified that the Kansas Masonic Home was residuary legatee of the estate.

W. D. Powers and family, of Paducah, Texas came in Sunday to spend a few days visiting the family of M. M. Powers, brother of W. D., and other relatives.

Jefferson's Writings Donated to Library

St. Louis, Mo.—A complete set of the writings of Thomas Jefferson were donated to the library of the new Masonic Temple here by Gustave W. Niemann. These are in ten volumes, but in each there have been bound what originally were two volumes so that there are in reality twenty volumes. The valuable work was presented to Mr. Niemann by James D. Richardson, 33 degree, who was a Representative in the National Congress for many years, from which he resigned to accept the office of Grand Commander of the Supreme Council Ancient and Accepted Scottish Rite of the Southern Jurisdiction. Mr. Richardson served as Grand Commander of the Supreme Council from 1901 until his death in 1914.

*(By The News)*  
The low down on Ted Martin's leaving Portales is that he is afraid that the Boston Bull, Beans Creams, will whip the Boston Bull, Jerry Martin. His other reasons for leaving are merely excuses to save his face.

The schools of the southeastern part of the county are now receiving close supervision from Superintendent Shock. "Business" calls him to that section of the country several times a week, and especially to the neighborhood of Pleasant Valley.

Last summer while in Arkansas, the writer obtained some inside dope on some of the Arkansas citizens of Portales. After telling them of some of the former Arkansawyers who had made good in New Mexico, he was asked if he knew T. E. Messers. Replying that he did, he was told that Messers caused considerable worry to his neighbors, as it took the entire township to put shoes on him when he reached the age of 21.

On Wednesday afternoon Sky-Pilot Grizzle, was seen going down the street with a siltion wrench on his shoulder. Wonder whether he had gone into the plumbing business, or was preparing to take some of Portales' sinners apart.

Speaking of the play Monday night, it has been heard remarked that E. M. Bailey sure looked natural. It must require a visit to the beauty parlor daily to give him the youthful face which he wears daily.

Tuesdays school election has caused much talk. It is the current opinion that Sam Fletcher cast the lone vote for himself for the position as school director. On Wednesday morning, however he received several phone calls from citizens claiming to have cast that vote. Sam says that if this keeps on that he will contest the election, as he believes that he should have received enough votes to have elected him to all three positions.

This department failed to state last week, that the editor butted in on a duck dinner at the home of Mrs. G. W. Carr. The Missus went to the Carr home and told the editor to call for her. At noon when he called the wife was seated at a duck dinner. Needless to say she ducked.

On Saturday night Mrs. Wollard was playing forty-two—a losing game. She soon switched to the winning side, and was winning with every hand when the doctor said it is time to go home. Reminds us of the early days of the Amarillo News, when the proprietor's boy would get into a crap game with the printers. As soon as he would make a winning, before the vetrans of the galloping dominoes had time to get revenge, the old man would come into the back office and send the kid home.

Tightening up on the distributors of cigars on Tuesday afternoon, cost C. M. Compton a place on the school board. He lost by only 5 votes. Five boxes of cigars would easily have changed the results.

Speaking of peanut politics and such like, reminds us that O. S. Strickland, while not a politician, bears the record of being the champion peanut roaster of the county.

Some of the young sprouts who are taking part in the play, "The Womanless Reception," make good looking gals. All they need is a permanent or a marcell to entitle them to enter the national beauty contest.

Last week Bob Grissom lost his specks and advertised for them in the Portales Valley News. Soon after he found them in a crate of potatoes in his store. Moral—if you lose anything advertise in the News and then buy a crate of Portales Valley Yams.

Eight degrees below zero Sunday morning, caused many Portales people to put off their Sunday morning bath. Water pipes were frozen all over town and cars were also stalled. This spell of weather was greatly enjoyed by the plumbers and auto shops.

Last Saturday it was so cold that, on entering the Judevine Creamery the writer noticed a cake of ice in the front office. It was so much warmer than outside atmosphere that Judevine was using it as a foot warmer.

The Gallup Independent is putting out a Masonic edition. They have asked for cuts of all the prominent Masons of Portales, but the only one that was available was the cut of Coe Howard and his red necktie.

Preacher Sowell played a dirty trick on H. W. Richards last Sunday. You know Richards is counter-jumper at the Priddy & Fooshee dry goods store. Last Friday he told the ed of this column that he had been asked by Bro. Sowell to fill the pulpit for him on Sunday. Being as stale eggs were scarce in Portales, a number of the congregation left town Sunday, using one excuse or another, but the unkindest dig of all was when Bro. Sowell had the church locked up on the excuse that it was too cold to have preaching service. Now Richards is trying to tell what a fine sermon he had prepared.

Dr. Means, who make a speciality of tooth plumbing and carpentry put one over on the soc. Ed. last Saturday when he got her into his chair to have a tooth pulled. After he had her strapped down and gagged he delivered a lecture on evolution, and many other topics. She never said a word.

J. B. Sledge is a very busy man looking after the finances of the church building program. He says that no golf playing will be tolerated, when it interferes with the new church building.

**Little Theater Play, "The Show Off," Great Success**

Displaying an excellency of acting seldom attained by an amateur group, the Little Theater players presented "The Show Off," Monday night.

"The Show Off" is a \$50 royalty play and ranks high among the "Big Ten" Broadway hits.

It cannot be said that the cast had a single weak character. All the parts were adequately portrayed.

Clifford Deen, in the part of Aubrey Piper and around whom the interest of the play is centered, easily approached professional caliber. Taking a part which is directly opposite to his nature, he portrayed Piper's combined traits of egotism, braggadocio, and lying to a perfection.

Mrs. Fisher Christoe, in the part of Mrs. Fisher and who had the burden of the lines, did an outstanding piece of work. Her mannerisms displayed accurately the traits of Mrs. Fisher, and her evident dislike of her son-in-law.

Preacher Sowell says that he will be a very busy man from now on, as his wife has entered society and he has just bought a bag of golf clubs.

On last Friday morning G. W. Carr was noticed in the back with overshoes and overcoats on, trying his luck on practice golf shots. In less than five minutes he made a birdie for the office stove.

Milt Kornegay appeared at his shop last week with his thumb in bandages. Milt says that it was caused by butting into his wife's business. He stated that he got up and attempted to build the fire, and bugged up his thumb on the stove grate and in the future he would not interfere, but allow the Missus to build all fires.

Aubrey Piper, was expressed in numerous witty speeches seldom heard in plays except those of unusual quality.

Vada Mae Jackson and Naomi McCarty in the part of Clara and Amy, the two daughters, performed a consistent piece of good acting. Each did her part well and stayed true to the character throughout the play.

Duncan Simmons, who played a double role in the parts of Gill, a laborer, and Rogers, an insurance agent, succeeded well in getting both parts across. He did unusually well, since both parts were portrayed so that one could not be associated with the other.

Ernest Wheeler, in the part of Joe Fisher portrayed his part of an ambitious hard-working boy to a "T."

Though only a few lines were apportioned to Otto Kaptino as Frank Hyland; and P. M. Bailey as Mr. Fisher, both displayed considerable ability though on the stage a short time.

The scenery of the play is perhaps the best the Little Theater has had to offer this season.

Since so many people were unable to attend the play on account of bad weather, the "Show Off," will be presented again on Thursday night, Feb. 21, at the Cosy Theater.

**Home Economics Club Sells Pies**

Pies were sold Tuesday and Wednesday, at noon, in the front hall, by the Home Economics Club.

The Home Economics I. classes were making pies in the class work, and it was decided at the Home Economic Club meeting that these pies would be sold.

Mayme Brewer and Bonnie Foster had charge of the sale Tuesday and Mildred Stewart, Lois Bankston and McKawn Walton, Wednesday.

**Latin Tournament Will be given at Portales High, April 13.**

A Latin Tournament will be given at Portales High, April 13, which probably Roswell, Clovis, Artesa, Carlsbad and other Latin clubs from the State may take part.

The tests will be over by 4 p. m., then the members will go kodaking after which at 7 p. m., a banquet will be served. The guests will stay at different homes of the members of the Portales Latin Club that night.

Bertrice Landess was elected as chairman of Social Committee, and James Compton for chairman of program committee at the Latin Club meeting Monday.
