At Least 200 Dead In Quake In El Salvador

SAN SALVADOR, El Salvador, May 7. (AP) — At least 200 persons were reported killed in an earthquake Sunday in the cities of Jucuapa and Chinameca.

Jucuapa is about 90 miles and Chinameca about 92 miles east of this capital. Jucuapa has a population of about 12,000 and Chinameca of about 17,000.

The strong quakes, which began at 5 p.m. Sunday, destroyed many homes and public buildings. Many persons were said to have been buried in ruins. The exact number of dead is not yet known, but authorities estimate about 200 are buried in the debris.

Nearby towns, Nueva Guadalupe, Santiago de Maria, Usulutan and Caserios, east of the Lempa River, also suffered great damage.

The Red Cross dispatched doctors to the scene and public works ministry workmen started clearing blocked roads.

All the towns are situated in the neighborhood of San Miguel volcano, but it did not erupt. The quake was attributed to underground activity of the volcano, however.

Dawson County Well Completed Discovery

Amerada Petroleum Corp. has completed its No. 1 Adcock as a flowing discovery from the Siluro-Devonian in Central - North Dawson County.

The new field opener flowed 662.-14 barrels of 41 gravity oil and no water in 18 hours on the official Railroad Commision potential test

The flow was through a one-quarter inch tubing choke. Gas-oil ratio was 422-1. Flowing tubing pressure was 250 pounds.

The calculated 24 - hour potential is 882.84 barrels of oil. That is based on the flow actually made during the 18 hours of testing.

The production is from perforated zones at 10 605-615 feet, which had been washed with 500 gallons of mud acid.

This important new discovery is located 467 feet from south and 1,530 feet from west lines of section 166, block 34, D&SE survey.

It is 14 miles northeast of Lamesa and four miles southeast of O'Donnell.

The wildcat drilled to a total depth of 10,888 feet in the Ellenburger. That formation made a large amount of sulphur water and had no shows of oil or gas.

The hole was then plugged back for testing in the Siluro-Devonian, the zone from which the project has been completed.

HOWARD COUNTY

Skelly Oil Co. No. 9 Frances Gunn has been completed as one-half mile southwest extension to the East Vealmoor field of Central-North Howard County.

The new oiler potentialed for 44 daily flow of 174 barrels of 44 gravity oil. Production is from perforations opposite the Pennsylvanian at 7,502-24 feet.

Gas-oil ratio was 973-1. Flowing pressure ranged from 779 - 300 pounds on tubing and from 740-525 pounds on casing. The perforated sections had been treated with 2,-500 gallons of acid. The reef was topped at 7,463 feet.

Location is 467 feet from north and west lines of the east half of section 21, block 27, H&TC survey.

The potential was gauged on a one-quarter inch choke.

SCURRY TEST

R. Olsen Oil Co. of Oklahoma City No. 1 Templeton, wildcat 10 miles east of Snyder, is taking drillstem test at 6,860 4,902 feet in a Pennsylvanian sand.

Tester is still in the hole No fluid had come to the top at last report, although there was a good blow of air at the surface immediately after the tool was opened

The top of the Pennsylvanian sand was at 6,825 feet

Operator is to core deeper after the drillstem test is completed

Drillsite of the No 1 Templeton of the discovery well of the Hermleigh Ellenburger field, which was plugged when it became depleted.

No Rain Seen In West Texas

(By The Associated Press)

Strong winds which whipped West Texas Sunday subsided today as a cool front completed its sweep across the state. Rainclouds covered most of the state at midmorning.

Rain fell over a wide area of the state in the 24-hour period ending at 6:30 today, and scattered showers were predicted for the south portion of East Texas today and tonight.

No rain was forecast for West Texas.

Temperatures reached 98 at Cotulla for the high in the state Sunday.

Dalhart and Marfa had 43 for the low Sunday night.

Rainfall included .01 of an inch at Abilene; Texarkana.34; and Tyler .59

Attempt Made To Save Negro Due For Chair

JACKSON, Miss., May 7. (AP) — A federal court suit to save Willie McGee was set for a hearing today just 11 hours before the condemned Negro rapist was scheduled to be executed.

Gov. Fielding Wright meanwhile held a clemency plea under advisement. There was no indication when his decision would be announced.

Barring another reprieve — he has had three — McGee will die in Mississippi's portable electric chair at Laurel at 12:01a. m. CST., Tuesday. The 37 - year-old grocery truck driver has been convicted three times on charges of raping a white Laurel housewife Nov. 2, 1945.

Time was running out again when defense attorneys filed a civil damage suit in U. S. District Court late Saturday during a weekend of pro-McGee protest meetings here and in Washington.

The suit charged that McGee's civil rights had been violated. It asked for an unspecified amount of damages and for an injunction to bar the execution until the federal court disposed of the suit. Judge Sidney Mize set a hearing for the injunction petition at 1 p.m. today.

About 300 Negro and white sympathizers staged protest demonstrations in Washington Sunday. One group chained themselves to three of the big pillars around the Lincoln Memorial, 18 around each pillar. All freed themselves before police had to remove them with force.

Forty-two sympathizers were arrested here Saturday on charges of conspiring to obstruct justice, accused of planning a demonstration which did not take place. All were released with the agreement that non-Mississippians leave the state at once and all Mississippians, except the one Jackson resident among them, leave here.

Civil Suit Filed Against Sheriff Lloyd Merritt In District Court Today

A $20,000 damage suit was filed by H. D. Griffin, city policeman, against Lloyd Mcrritt, sheriff, and Lawyer's Surety Corp. in 132nd District Court this morning.

Griffin is seeking $10,000 for injuries, mental anxiety and humiliation inflicted upon him when he was allegedly struck in the face on May 2 by Merritt.

Exemplarary damages in the amount of $10,000 arising from the willful and malicious acts are also asked.

The suit was filed by the law firm of Thomas and Thomas of Big Spring.

Twenty-one Cases Of Measles Reported Here

There were 21 cases of measles reported by physicians to the City-County Health unit last week.

It was pointed out this large number is not alarming, but only a seasonal number for this period of the year, by health officials.

Other cases reported include: three of mumps, five of chickenpox, and three of pneumoina.

Reward After Long Drop

Four-year-old Richard Schaefer gets a kiss from his cousin, Rae Nocelli, 3, after he survived a drop from the third floor as flames swept their apartment house. Richard was tossed from a smoke-filled window by his father. His fall was broken by two men on the ground, 45 feet below. Both his parents were injured when they were forced to leap to safety.

Rent Controls For Commercial Property Out For Time Being

WASHINGTON, May 7. (AP) —The Senate Banking Committee today threw overboard, for the present at least, President Truman's proposal to impose rent controls on stores, office space and other commercial property.

As the committee began 20 days of hearings on Mr. Truman's request for a two-year extension and revision of the Defense Production Act, Chairman Maybank announced the committee's finding, reached at a closed session.

There will be no testimony on commercial rents because there has not been sufficient study of the question, Maybank said. Written briefs will be received, however, and the question will be left to the end of the hearing "if it is taken up at all."

BEEF CEILING OPPOSED

Maybank also declared his personal opposition to the beef price rollback announced by the Office of Price Stabilization, and declared he was against "tampering in any way" with the parity provisions which govern ceilings on food.

"The effect of the beef order will be to cut back production, thus defeating the primary purpose of the Defense Production Act," Maybank said.

Defense Mobilizer Charles E. Wilson was called as the committee's first witness. The present law, which includes wage-price control authority, expires June 30.

Requesting a two-year extension, Mr. Truman April 26 also asked Congress for additional authority to curb inflationary pressures, which he said "have not yet reached their peak."

MORE CURBS NEEDED

Economic Stabilizer Eric Johnston told a reporter Sunday that wage-price controls are throttling inflation, but they can't do the job for long without higher taxes and stricter credit curbs.

Johnston predicted that inflation's "real fire" will begin next fall and the country must be ready to hold it in check or mobilization cost will soar sky-high.

The administration proposal which has stirred the greatest controversy would authorize a year-at-a-time freeze of farm parity in an effort to check food prices.

Farm state lawmakers protested vigorously, saying there is no justification for any such action.

Maybank has predicted the parity proposal "definitely will get no place in Congress."

PARITY CHANGE ASKED

Parity is a formula designed to assure farmers a fair return in relation to the price of industrial items they buy. At present, the formula is adjusted once a month —upward or downward, depending on what happens to industrial prices.

Under the administraton's plan, parity for each crop would be frozen from the start of the marketing season to the beginning of the next season. Then it would be adjusted to take into account industrial price fluctuations which had occurred the preceding year.

Supporters of the proposal say it would open the way for earlier price control of some farm products than is possible at present.

Violent Deaths At Lowest Toll

(By The Associated Press)

At least six persons died violently in Texas in one of the smallest tolls of weekend violence this year.

Traffic accidents, a plane crash, and a shooting accounted for the deaths.

They included:

Teresa Hernandez, 11, Denver, Colo., killed in an auto crash four miles north of Plainview Sunday.

Two-year-old Lee Cooper of Austin, hit by an auto Saturday.

J. A. Hunt, 35, of Snyder, victim of a highway crash near Post Friday.

Lieut. Wilbert H. Hill, 29, of Odessa, and Pfc. Richard M Buck of Philadelphia, Pa They were killed in a T-6 trainer plane crash near Ozona Friday. Both were from Goodfellow Air Force Base, San Angelo.

Leon Esparaza, 56, blind Latin American, shot to death Friday night at Sweetwater.

Twenty-three Die In Crash Of B-36 at New Mexico Airfield

ALBUQUERQUE, May 7. (AP) — A giant B-36 bomber crashed in flames as it tried to land at Kirtland Air Force Base Sunday, killing 23 airmen. The explosion made the base resemble a junkyard.

It was the fifth and worst B-36 crash since the Air Force put the 139-ton, six-engined bombers— the world's largest — into operation in August 1946. The toll of 23 dead is three less than the combined deaths in the other four.

Col. Perry G. Griffith, Kirtland commander, said the flaming wreckage "looked like a burning oil field. Flames shot up almost 200 feet in the air."

"I didn't want to look," said Lt. William S. Knipple. "I turned my back." Knipple is one of three members of the 188th Fighter Squadron who watched the crash

SURVIVORS CRITICAL

The two survivors were in critical condition at Sandia Special Weapons Base Hospital. Sandia adjoins Kirtland.

Twenty-two men were killed outright. The 23rd died at Sandia a few minutes later. The bomber, almost as long as a city block had just finished a three hour flight from Carswell Air Force Base, Fort Worth, Tex

Kirtland firefighters arrived at the scene — some two blocks from the Municipal Airport terminal — less than four minutes after the crackup. The three injured and bodies of 10 dead were thrown clear. Crash crews had to prowl the mangled wreckage for the others

Winds in excess of 40 miles an hour stirred up a billowing sandstorm and fanned the flames quickly to a parked C-54 Air Force Transport and a small, private cargo plane.

ROARS OVER CITY

Minutes before, the bomber caused windows to rattle and walls to vibrate by roaring not over 400 feet above the city.

Witnesses told this story:

The plane approached the east-west runway about 500 feet up. About halfway down the strip, the wingtip scraped the ground. The impact tore the propellor and cowling from the right outboard pusher-type engine and burst the right jet engine pod. A jet pod on a B-36 contains two auxiliary jet engines. There is one pod on each wingtip, some 230 feet apart.

The plane circled to the right. About three-fourths of the way around the circle, the right wing again dug in, the nose plowed down and the plane exploded. Bits of wreckage were strewn over a quarter-mile area.

The last and worst previous B-36 crash killed 14 men when a B-36 and F-51 fighter collided April 28 near Carney, Okla.

Marshall States Mac Plan Risks World War

UN Troops Advance On Retreating Reds

TOKYO, May 7. (AP) — South Korean infantrymen pushed the ends of the battle line northward today. Other U.N. forces took up the slack in between while armored patrols probed for withdrawing Reds.

South Koreans pressed across the 38th parallel toward Red-held Inje in the east. Other republican troops moved the western anchor of the Korea fighting line further northwest of Seoul.

A tank and infantry column rumbled through Chunchon on the East-Central front Monday, and a mile beyond, without meeting opposition.

Other armored groups fanned out all along the center. They found no Reds.

Communists sniped on tank expeditions in the west Monday. A U. S. Eighth Army communique said Reds reportedly fired rockets at tanks east of Uijongbu.

American jets left their rockets behind for a mass bomb attack on Red troop, supply and transport centers north of the Communist capital of Pyongyang. Thirty-five Shooting Stars made bomb raids in three waves on railway yards in the Sunchon area.

The Pyongyang radio claimed six U.N. planes were shot down and five airmen captured. The Allied command does not comment on Red propaganda claims. The Red broadcast also listed these asserted wartime U.N. losses: 65,000 troops captured, 326,000 casualties, 1,900 planes destroyed or damaged.

Red ground forces made their strongest bid northwest of Seoul.

South Korean troops made a limited advance against North Koreans who had been told there would be no big offensive because "The war is about over." U. N. intelligence officers attributed this statement to a Communist officer.

They did not make clear whether the officer had been taken prisoner or whether the report came from other captured Reds. U.N. spokesmen offered no interpretation of the significance of the statement. Presumably the Red officer meant the war had again reached a stalemate; that neither side would win and therefore neither would open an all-out offensive.

Intelligence reports said the same officer reported Allied warplanes blocked Red efforts to get tanks from Manchuria to support the now halted Communist spring offensive.

Red transport kept rolling south despite the constant air punishment. More than 3,700 trucks were spotted Sunday. Far Eastern Air Forces called it an "all out Communist effort to resupply and re-equip their divisions along the battle line."

U.N. tank patrols probed through no-man's land trying to find the elusive Red divisions.

The equally elusive Communist air force tried out night fighting jets, presumed to be a new type. Three of them made unsuccessful passes at a lone U.N. B-26 before dawn Sunday.

Similar attacks were made Monday morning. But air officers weren't certain it was the same type of plane. Far Eastern Air Forces spokesmen said no attempt to describe the new jet until more is learned about it.

There were a series of sharp skirmishes Sunday on the central front north of Chunchon. East of Seoul Chinese Communists put up small but stubborn fights between the Pukhan and Han Rivers. And there were small scale battles northwest of Seoul. One Red tank force was encountered in this area, south of Munsan. An allied patrol drove it back.

Release Names Of Airmen In B-36 Crash

FORT WORTH, May 7. (AP) — Carswell Air Force Base today released the names of 23 men killed in a B-36 bomber crash at Albuquerque, N. M., Sunday. Two men survived.

Texans killed were:

Crew members:

Major Edward L. Warner Jr., aircraft commander; Capt. Grant H. Fenn, co-pilot; Capt. Albert J. Gregg Jr., navigator; Capt. George W. Lee, radar observer; 1st. Lt. Mitchell J. Buckalew, flight engineer; Sgt. Kenneth R. Cota, radio operator; Staff Sgt. Arthur I. Botten, gunner; and 1st. Lt. John L. Corley, flight engineer, all of Fort Worth.

Staff Sgt. Robert A. Baker, Weatherford, gunner.

Passengers:

Capt. Fred M. Mitchem, Staff Sgt. Dale F. Curtis, Master Sgt. John Fritz, Tech. Sgt. John T. Thompson, Staff Sgt. James Margocee, all of Fort Worth; and Sgt. Loyd L. Goolsby, Spanish Fort, Tex.

Riff Seen In Iran Regime

TEHRAN, Iran, May 7. (AP) — Iran's new government was threatened today by a split with Fedayan Islam, the fanatical secret Moslem order whose assassination tactics sparked the nationalization drive that brought Premier F. Mohammed Mossadegh to power.

Mossadegh received an overwhelming vote of confidence in parliament Sunday, from 99 out of 103 deputies presenting the Mijlis (Lower House).

But Sunday night the Fedayam Islam revealed a surprise rift with the newly-installed premier when it distributed leaflets accusing him of vague "crimes" against Islam.

Anti-Slot Bill To Governor

AUSTIN, May 7. (AP)— A bill putting the axe to mere possession of slot machines was sent to the governor's desk today when the House agreed to Senate amendments, 102-14.

The bill is one of several introduced in the 52nd Legislature to bolster an anti-crime crusade.

It provides a 2-to-4 year prison term on conviction of possessing coin-operated machine of chance, even if it is in a private home and used only for pleasure.

Rep. Jimmy Adams of Mexia, author of the bill, said the Senate amendments clarified procedure on use of search warrants in slot machine cases.

Chinese Officer Captured

Two Chinese Communist prisoners carry a wounded Chinese officer and the later was brought in by the tank crew in the background. The officer was shot and captured by the tankmen while they were on a patrol north of Seoul, Korea.

Syrian Troops Fire Israeli Town At Front

TEL AVIV, Israel, May 7. (AP) — Syrian troops opened fire today with rifles and machine guns on an Israeli settlement near the frontier, dispatches reported.

An Israeli military spokesman said several houses were hit, including the settlement's children's home, but there were no casualties.

Near Tel El Mutella, where bitter fighting raged for three days, no new incidents were reported. The sector and that around the disputed Huleh swamp reclamation area to the north were reported quiet.

Israel has announced that she will not heed a cease fire order sponsored by the United Nations to end the bitter frontier dispute so long as Syrian forces remain in the demilitarized area northwest of the Sea of Galilee.

(In Damascus, the Syrian government announced it has sent instructions to its United Nations delegate to submit a new complaint to the Security Council on recent frontier outbreaks. The Syrian Foreign Ministry denied Israeli charges that Syrian forces invaded Israel's territory and violated armistice lines.)

Troops Arrive In Iceland As Defense Force

REYKJAVIK, Iceland, May 7. (AP) —A contingent of American troops arrived by air today for the announced purpose of aiding Iceland's defense under the North Atlantic Alliance.

In Washington, Defense officials said the initial detachment consisted of about 200 men under the command of Brig. Gen. Edward John McGaw of Philadelphia.

(In European capitals, the opinion was expressed that it was only a small contingent of American troops, probably technicians for the most part, sent to survey possible air bases in the Northern Atlantic outpost of Western defenses.)

The arrival of the troops apparently was no surprise to the people of this old island republic, since it was generally known that negotiations had been under way for some time. Nevertheless, the announcement of the arrival was published in extra editions of Reykjavik's newspapers.

The government statement said only:

"When Iceland joined the Atlantic Pact, it agreed that if war broke out the Allies would have a similar position in Iceland to that they had during the last war. But it was entirely up to Icelanders to say when such a position would be granted."

During World War II Iceland was major assembly point for convoys to Russia.

Members of parliament's democratic parties were consulted, the government said, and it was agreed that now was the time to ask for defense forces. This island, with an area of 39,758 square miles and a population of only 140,000, has no army, navy, coast guard or air force of its own.

Testimony Is Too Secret

WASHINGTON, May 7 (AP) —Senators who attended the questioning of Defense Secretary Marshall behind closed doors today said much of his testimony was too secret to make public

Senator Ellender (D-La), said Marshall was giving "a very effective answer" to many of the points raised by General MacArthur But he said much of the testimony involved top-secret and other "highly classified material"

"I don't see why they bring all that stuff up here," he said, referring to documents brought from the Pentagon

Ellender said he doubted much of it could be made public later even though it countered MacArthur's testimony

Senator Kem (RM-Mo) agreed that much of Marshall's testimony was highly classified

Escapee Returned Here By Sheriff Yesterday

Horace Edward Lyday, 21, one of the five prisoners who escaped from the county jail on the night of March 26, and captured at Santa Paula, Calif, was returned to Snyder last night by Lloyd Merritt, sheriff

Lyday charged with robbery by assault, was the fourth of the five to be captured He waived extradition papers for his return to Texas, the sheriff's department said

Only Charles Gardner, 18, also charged with robbery by assault, of the quintet, remains at large

Administration Will Not Let Formosa Fall

Memorandum In Support Of M'Arthur Discarded After Turn Of Battle

WASHINGTON, May 7. (AP) —Secretary of Defense Marshall contended to Senators today that Gen. MacArthur's Korean war proposals would risk "an all-out war with the Soviet Union."

Replying to MacArthur's attacks on the administraton's Far Eastern policies, Marshall also said:

1. The Truman administration's unwavering policy is to deny Nationalist-held Formosa to the Chinese Communists and to oppose seating of the Reds in the United Nations.

2. A Jan. 12 memorandum of the Joint Chiefs of Staff, which MacArthur contended supported his proposals for fighting the Korean war by direct action against Communist China, was drafted for use if American troops had to withdraw from Korea.

3. The memorandum was discarded when it became apparent that American troops had turned the tide of battle.

4. The memorandum contained 16 courses of recommended action, only four of which were quoted by MacArthur in his testimony last week to senators inquiring into his dismissal as Far Eastern commander and policy dispute involved in it.

"BASIC DIFFERENCES"

5. MacArthur was fired because of "basic differences of judgment" not only with the President, but the Chiefs of Staff and Marshall himself.

Testifying at a closed session with his "combed" testimony made public later, Marshall said MacArthur's plan would risk an all-out world conflict "even at the expense of losing our allies and wrecking the coalition of free peoples throughout the world."

Marshall said MacArthur "would have us, on our own initiative, carry the conflict beyond Korea against the mainland of Communist China, both from the sea and from the air.

"He would have us accept the risk of involvement not only in an extension of the war with Red China, but in an all-out war with the Soviet Union," the defense secretary said, adding:

"He (MacArthur) would have us do this even though the effect of such action might expose Western Europe to attack by the millions of Soviet troops poised in Middle and Eastern Europe."

Marshall, at the outset of his testimony, said he deplored what he called the necessity for testifying in contradiction to a "brother army officer."

DISMISSAL REASON

Then, in later discussion of MacArthur, he said it is "completely understandable and, in fact, at times commendable that a theater commander should become so wholly wrapped up in his own aims and responsibilities that some of the directives received by him from higher authorities are not those that he would have written for himself."

The defense secretary continued:

"There is nothing new about this sort of thing in our military history. What is now, and what has brought about the necessity for General MacArthur's removal, is the wholly unprecedented situation of a local commander publicly expressing his displeasure at and his disagreement with the foreign and military policy of the United States."

Lamesa Man Injured In Automobile Wreck Near Hermleigh Sunday

John W. Woodard, 40 of Lamesa, was injured when he lost control of a 1937 pickup and turned over six miles southeast of Hermleigh about 5 o'clock yesterday afternoon, according to E. W. Green, highway patrolman, and Homer Whisnand, deputy sheriff, who investigated the accident.

Woodard was taken to the Snyder Hospital Clinic in a Bolger-Barnes ambulance. He sustained possible internal injuries and body bruises, the officers said.

A hitchhiker, Troy Fox, who was believed to be a passenger in the Woodard vehicle, left the scene, but left his handbag in the pickup, which was turned over to the highway patrol office this morning. Apparently Fox was not injured, said Green.

Woodard, a veteran was slated to be transferred to the veterans hospital at Big Spring today, Green said.

Weather

WEST TEXAS: Considerable cloudiness, not quite so warm this afternoon from Pecos Valley eastward. Partly cloudy tonight and Tuesday Warmer in Panhandle and South Plains.

EAST TEXAS: Considerable cloudiness this afternoon, tonight and Tuesday. Scattered showers this afternoon and tonight in south portion. Cooler this afternoon and tonight in southeast portion.

Permian Basin Oil News

Garza County Well Plugged And Abandoned

Continental Oil Company No. 4 Swenson Land & Cattle Co., Northeast Garza County exploration 20 miles northeast of the town andoned at total depth of 7,046 feet in barren Pennsylvanian reef lime.

Apparently the prospector did not encounter any shows of possible production. No official information has been released on any signs of petroleum which might have been encountered.

Location was 660 feet from north and 1,980 feet from east lines of section 43, block 2, H&GN survey.

It was one location northeast of Conoco's No. 2 Swenson, a small discovery from the Pennsylvanian reef which was completed several weeks ago.

* * *

Plug And Abandon Well In Stonewall County

Eight miles northeast of Hamlin Oxford Drilling Co. and others have abandoned the No. 1 Mrs. A. L Lewis, wildcat in Stonewall County

The failure was plugged at 6,277 Location was in section 158, block 1, BBB&C survey.

* * *

Swabbing Deep Well In Midland County

After re-acidizing perforations at 10,825-10,710 feet, operator is swabbing to clean out and test at The Texas Co. No. 1-C Scharbauer, indicated Pennsylvanian lime discovery in West-Central Midland County.

The latest gauge was 10 barrels of fluid per hour which was 15 per cent new oil and 85 per cent acid water.

The projected was drilled to total depth of 10,905 feet and plugged back to 10,860 feet.

The above perforations previously had been acidized with 4,000 gallons in 1,000 and 3,000-gallon stages.

Location for the possible new field opener is 1,983 feet from north and 2,061 feet from west lines of section 42, block 40, T&P survey, T-2-S.

* * *

Diamond M-Clear Fork Completion Recorded

Lion Oil Co. has reported completion of the No. 7 Clarence in the Diamond M-Clear Fork field.

The well pumped 24 hours for a potential of 43.97 barrels of 31.1 gravity oil and no water. The well had been treated with 18,000 gallons of acid. Gas-oil ratio was 127-1. Production is from perforations at 3,148-3,174 feet, 3,188-3,210 feet and 3,214-3,222 feet.

No 7 Clarence is in section 183, block 97, H&TC survey.

* * *

No Oil Shows Found In Garza County Well

H. L. Cain of Lubbock has plugged and abandoned the No. 1 Bevers, and others, wildcat in Southeast Garza County.

No shows were encountered in drilling to 2,750 feet in Permian lime.

The failure was 990 feet from east and south lines of west half of section 106, block 5, H&GN survey, and five miles east of Justiceburg.

* * *

Nolan County Wildcat Staked For Drilling

D. D. Feldman Oil & Gas Co. of Dallas has staked location for a 7,200-foot Ellenburger wildcat in Southwest Nolan County as its No. 1 H. B. Cook, Jr.

Location is 660 feet from north and east lines of section 173, block 1-A, H&TC survey

It is six and one - half miles southwest of the Featherstone-Strawn pool and three miles west of Honolulu Oil Corp. No. 1 Herring, 7,007-foot failure.

Rotary tools will be used to drill, beginning immediately.

* * *

Abandon Terry Wildcat

V. A. Brill of Houston has plugged and abandoned his No. 1 G. B Sloss, North-Central Terry County wildcat, at a total depth of 11,021 feet in the lower Pennsylvanian

Location was 660 feet from north T, D&W survey and three and one-half miles north of Brownfield.

Group Plans To Boost Texas

AUSTIN, May 7 (AP) — Greater Texas, Inc announced today it will do on its own what it failed to persuade the Legislature to do—spend money to advertise Texas

The non-profit, educational organization said it "will undertake to develop and carry out a nation-wide program to focus sharp and definite attention on the vast advantages of Texas"

A resolution to amend the State Constitution to allow the Legislature to appropriate money to advertise the attractions of Texas to tourists and industry appears doomed at this session The measure passed the House by a 67 to 58 vote when a margin of 100 votes was needed

The new organization, with headquarters in Dallas, said it will "launch an immediate organizational campaign to establish local or district chapters throughout Texas, composed of representatives of Chambers of Commerce, trade associations, service and professional clubs and other groups"

Senate Ponders Preparedness For Red Attack

WASHINGTON, May 7. (AP)—Out of Gen. Douglas MacArthur's exposition on strategy there emerged today this question for the joint Senate committees to ask the Pentagon high command

How ready is the United States, including the state of her atomic weapon and bomber force preparedness, if Russia chooses war?

The committees asked MacArthur about all the facts of policy and strategy differences which finally led President Truman to fire him, and the Russian enigma appeared and reappeared many times.

Then, late Saturday, near the close of the general's testimony, the riddle came up again.

Senator McMahon (D-Conn) contended the MacArthur plan—blockading China, putting aircraft over Manchuria and using Chinese Nationalist troops — might bring Russia into the war.

The general replied

"As far as the initial state of an attack is concerned, you must understand that our own preparedness, atomic preparedness, is far in excess of that of the potential enemy at the present time.

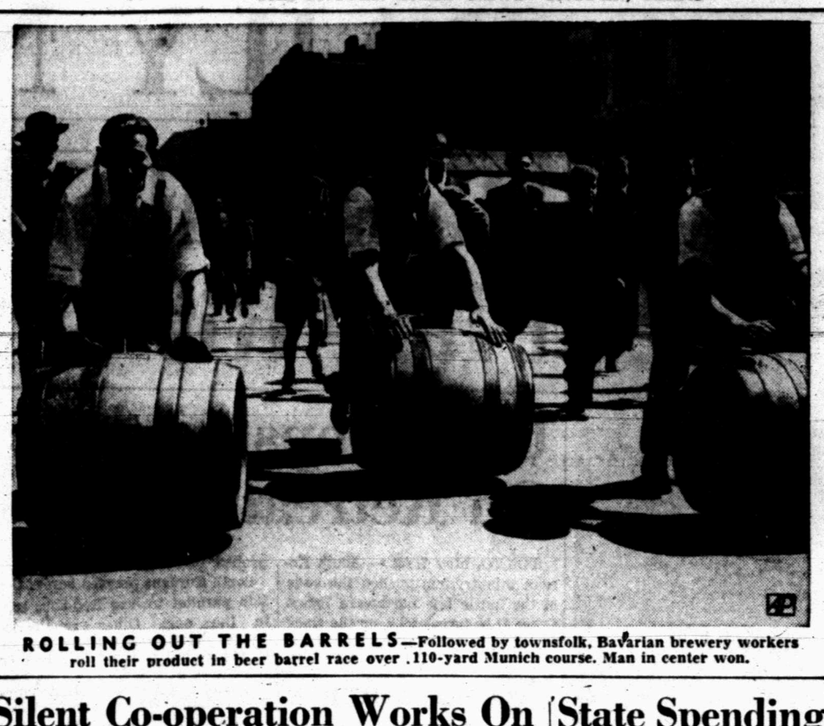
"Within hours after he launched, we could counterattack. Every disastrous and gloomy prophecy that you have made you can multiply against the enemy."

Will Pentagon strategy-makers, Secretary of Defense Marshall and the Joint Chiefs of Staff agree with that view? The joint committees today began hearing their ideas.

Mexican Labor Bill

WASHINGTON, May 7. (AP) — The Senate agreed to start voting today on a bill authorizing the federal government to recruit Mexican workers to meet a farm labor shortage in the United States

The National Geographic Society says the Aztec Indians used cacao beans for money.



ROLLING OUT THE BARRELS—Followed by townsfolk, Bavarian brewery workers roll their product in beer barrel race over .110-yard Munich course. Man in center won.

Silent Co-operation Works On Hong Kong-Red China Border

By STANLEY RICH

HONG KONG, May 7. (AP)—Along Hong Kong's 17-mile border with Red China, British police and Chinese Communist soldiers stand guard face to face in stolid, silent co-operation.

For the past year Brjtain has been building a defensive network against the day when this silent co-operation might erupt into roaring hostility.

Today there are three jet airfields where last year there were only rice paddies. Exclusive Fan Ling golf course sparkles with the sheen of newly-built gun emplacements. Holes dug for other guns pockmark the landscape.

Ten new roads have been built More are under construction.

KING TOURS BORDER

Frank H. King, of Dallas, a general executive of The Associated Press, and I toured the eastern half of the border today.

With Chief Inspector Roderick MacKenzie we visited three checkpoints through which Chinese farmers, traders and potential troublemakers may enter or leave this British Crown Colony.

At Lowu passengers of the train from Canton must get off and walk to the middle of a 30-yard wooden bridge to show travel permits and pass through customs.

Officially, Hong Kong authorities are negotiating to do away with this. Unofficially, they're not too displeased. It's easier for them to screen possible trouble-makers.

On the middle of the bridge today stood three Chinese Communist soldiers. One appeared to be no more than 14. Above them was an archway, with pictures of a smiling Stalin on the left and a smiling Mao-Tze-tung on the right.

EVERYTHING MARKED DOWN

En route to the next point, a mile east, we saw a strange looking building high on a hillside.

"Observation post," said MacKenzie. "All concrete. We've got four of them now and are building more. Each post has seven men, with a Chinese (Nationalist) corporal or sergeant in charge Everything that moves is marked down in their book."

Driving toward Shataukok we saw a shining steel fence topped with barbed wire.

"Took us six months to build," said MacKenzie. "It covers the whole border except for one mile.

TEXARKANA OF ORIENT

Just before we reached Shataukok we passed two Communist soldiers standing on a mound 10 feet to our left. If King had put his hand out the car window he could have said he'd been in Red China.

Shataukok is the Texarkana of the Far East. The border runs right through its center.

Only an un-marked stone in the middle of the street shows where Hong Kong ends and Red China begins.

On the way back, King remarked that the rolling green hillsides reminded him of Scotland.

Said Inspector MacKenzie, a native of Invernesshire

'Aye, all its wants is a bit o'heather."

Miller Funeral Set Tomorrow

Funeral services for Claude H. Miller, 62, who died early this morning in a Colorado City Hospital, will be held at 2:30 tomorrow afternoon at the Church of Christ.

Mr. Miller was taken to the Colorado City hospital Friday afternoon after suffering a heart attack. He died at 4:35 this morning.

Mr. Miller was born in Fort Worth in 1908, and had lived in Snyder for about 14 years. He was engaged in farming west of Snyder.

Mr. Miller was a member of the Church of Christ.

He is survived by his widow, Mrs. Zula Miller; three children, Ronald Miller, 11, Margaret Ann Miller, 8, and Nancy Beth Miller, two weeks old; his mother, Mrs Ozie Miller of Snyder; and a brother, Ben W. Miller of Fort Worth.

Mr. Boyd Fanning, minister of the Church of Christ, will officiate at the services. He is to be assisted by Mr. Austin Varner, of Lawton, Okla., formerly minister of the church here.

Pallbearers are to be Ernis Floyd, Jay Rodgers, Earl McDow, J. L. Browning, Gordon Smith, Garth Austin, J. T. Stephens, and R. B. Baker of Colorado City. H. J. Rogers and E. J. Richardson will be honorary pallbearers

Burial will be in Snyder Cemetery under the direction of the Dennis Funeral Home.

The brittle star, a cousin of the starfish, is so fragile it is seldom found in shallow water distrubed by waves.

State Spending Bill Up Today

AUSTIN, May 7. (AP) —The multi-million dollar state spending bill was laid on House and Senate members' desks today, one day before the end of the 120-day session suggested by the constitution.

It was doubtful debate would begin before Tuesday.

The Legislature voted early in the session to require its finance committees to complete work on the general appropriation bill for essential state services within 60 days. That proved impossible.

However, the Legislature also voted that no other spending measure should be approved until the big money bill was passed. That has served to prevent passage of so-called "single shot" appropriations before vital state operations were provided.

It became obvious last week that the Legislature would not finish its job in 120 days. How much longer the session lasts will depend almost exclusively on how soon a majority of the House and Senate can agree on a tax program.

The body of the brittle star, a deep sea dweller, varies in size from two inches down to a pinhead.

Oil Company Pipelines Ruled Free Of Federal Regulation

WASHINGTON, May 7 (AP) —In a split decision which the government warned might have far-reaching effects, the Supreme Court ruled today that companies carrying their own oil in their own pipelines are free from federal rate regulation

A majority of the court held, however, that such companies can be compelled to file reports and maintain a uniform system of accounts

The case involved the Champlin Refining Co. of Enid, Okla

The Interstate Commerce Commission, which tried to force Champlin to file its pipeline rate schedules, had said the exemption granted by the court today "might exclude from regulation a large segment of this oil industry"

Justice Clark wrote the majority opinion in which Chief Justice Vinson and Justices Frankfurter, Jackson and Minton concurred

Justice Douglas, Reed and Burton concurred in part and dissented in part, holding that the company is completely exempt from the law bringing interstate pipelines under the ICC They would not require either the filing of rate schedules or reports

Justice Black vigorously dissented, declaring the majority opinion makes "impossible" enforcements of the Pipeline Act as he said Congress intended.

A special three-judge U. S. District Court in Oklahoma City had ruled that Champlin did not come under the act at all and did not have to file annual reports or publish its rates. Today's majority opinion reversed this lower court decision as to the annual reports, but upheld it as to rates.

Clark wrote that the court found it hard to conclude that Congress intended to impose "the duty of serving the public at regulated rates on all private pipelines merely because they cross state lines."

Black disputed this and said that because the transportation costs in a company's private pipelnie become a part of the cost of the final product private pipelines should be regulated.

Champlin refines oil at Enid and pumps refined products through its pipeline running through Hutchinson, Kas., and Superior, Neb. to Rock Rapids, Iowa.

Early Asiatic tribes sometimes established "waste lands" between ing out of them to avoid clashes. ing out of them to avoid cashes.

The Sino-Japanese war was in 1894 and 1895.

Olympics Open To Russians

VIENNA, May 7 (AP)—Russia was recognized today by the International Olympic Committee It now becomes eligible to take part in the 1952 Olympic games

The IOC action, which was taken this morning, was announced at a formal press conference tonight.

Russia was almost the first subject discussed when the 35-man committee opened its three-day session

The Russians will now be eligible to compete in the 1952 winter games which start at Oslo, Norway, Feb 14, and at the summer games at Helsinki in July and August, 1952

The Russians have taken part in only one previous Olympics, in Stockholm in 1912

TemperatureHereShows Sharp Decline Sunday

High winds and cloudy skies kept the temperature down to 73 degrees in Snyder yesterday, a radical drop from the 99-degree maximum of Saturday. Showers which fell late last night didn't produce enough moisture to show on the rain gauge.

The minimum before dawn this morning was 46 degrees, with 49 degrees recorded at 7:30.

Everything's O.K.! It's a BOY!
What price good news?
So often it's the price of a telephone call . . . and that means just a few pennies to spread the glad tidings.
Worth more? Of course. Many telephone calls are practically priceless in their value to you.
And yet the average cost, including tax, of each local telephone call—the big, important calls and the usual everyday variety—is about 2½¢.
Can you think of a better bargain?
A GROWING BARGAIN!
Telephone service has gone up far less than most things you buy—far less than the average family income.
EVERY HELLO IS A GOOD BUY!

New Breed Of Chicks On Sale At Feed Store

A new breed of broiler chickens is being introduced in Snyder by the Von Roeder Seed Farm store, Lindy Clark, manager, said.

It is a fast - growing cross between a pheasant and a chicken which produces more meat, and does it faster than regular broiler type chickens, Clark said.

The new strain of chickens is very popular here, he said.

It is the result of an artificial breeding process developed in Kansas a few years ago.

The chickens cost a little more than regular chickens when purchased, but that cost is more than offset by the fact that the chickens grow faster, produce more meat, and do it on less feed than ordinary broilers, Clark said.

To prove that the chicks are fast growing, Clark has a number of them in stock now which are five weeks old. All weigh more than one pound already.

But feeds and seeds are the main lines of the store.

A complete stock of Purena poultry, hog, and cattle feeds are stocked.

Startena and Growena are the poultry feeds recommended for starting a successful batch of chicks, and Growena is the feed they should be put on at five weeks old for fastest growth, Clark said.

Another chicken feed, Broiler Chow made by Purena, is recommended for all chickens that are to be eventually butchered, he said.

"We are selling a lot of garden and lawn grass seeds now," he said.

The store stocks a complete line of all types of seeds needed for gardens, lawns, and flower beds, but they are completely out of cotton seeds and have been so for about five months, Clark said.

Removal of government acreage restrictions caused the big demand for cotton seeds here and exhausted the store's supply late last fall, he said.

Early Ordering Assures Supply For Builders

Building materials are not in short supply in most lines, G. C. Spence, owner of Forrest Builder's Supply, said today.

Some items are scarce, but everything can usually be bought if orders are placed far enough in advance of the anticipated date of use, he said.

Cement and celotex are the only items that are scarce now, and we can usually supply our customers with all of those items they need by the time they are ready to use them, he said.

Bathroom fixtures, for awhile in short supply, can be selected to suit the taste of the builder, he said.

"Even though there has been some shortages in recent months here, there has never been any gray market here in building items," Spence said.

Forrest Builder's Supply has as complete a selection of building materials and builder's supplies as are available anywhere, and pleasant and courteous management and help make the firm one of Snyder's leading building supply stores.

Babe Ties Up Golf Match

PEBBLE BEACH, Calif., May 7. (AP) — The Transcontinental 144-hole Weathervane Women's Open Golf Derby was a head and head race between Babe Didrikson Zaharias and Patty Berg at the half-way mark today with the two deadlocked at 305.

Patty won the second lap Sunday. She racked up a pair of 76s for the tough pebble course for a 36-hole total of 152.

Mrs. Zaharias had forged to the front by winning the first lap at Dallas April 14-15 with a 149.

The best nine hole score of the two rounds was turned in Sunday by Betty MacKinnon. The Texas girl dropped a 60 foot chip shot on the ninth hole to post a one under men's par 35. She finished 80-82—162.

Allies Take Initiative

Black arrows on map locate areas along the Korean front where United Nations' force have taken the initiative against the Reds. The Communists were withdrawing on two fronts. They pulled back in considerable numbers on the central front. Allied tanks in the west went 11 miles north of Seoul into the highway junction of Uijongbu against little resistance. On the east front, U. N. elements attacked a Red unit east of Inje.

FAMILY RUNABOUT—A tri-wheel, three-seat motor scooter is demonstrated at International Auto Show in Frankfurt, Germany. It provides cheap transport for the small family.

FRIENDLY OVERTURES — A two-foot-high Shetland pony nuzzles a two-year-old miss at Hellabrunn Park Zoo, Munich, Germany, after ceremony naming the animal Galiban.

Sun Oil To Drill Two Wells In Scurry Fields

Sun Oil Co. has filed application for permission to drill two wells in Scurry County fields.

Sun No. 6-B G. H. Arledge will be nine miles west of Snyder in the Diamond M-Canyon lime pool Operations are to begin when approval is received. Location is in section 194, block 97, H&TC survey.

Sun No. 8 Mae Lemons will be in the Kelley-Snyder field five miles west of Snyder. It is in section 204, block 97, H&TC survey. Rotary tools will be used to drill to 7,000 feet.

Ranch Oak In High Demand At Firm Here

The largest selection of Brandt's ranch oak furniture available in West Texas can be seen on display in a leading furniture store of Snyder.

It is in Barrow Furniture Co., 2200 Twenty - fifth Street.

"We are proud of having the largest stock of Brandt's ranch oak in West Texas, and our display attracts customers from all over West Texas," Jack Alford, manager, said.

It is the one line that includes more than 200 pieces of open stock furniture, Alford said.

"There is a piece of Brandt's ranch oak to fit every wall space in the house," he said, "and they all fit exactly into the decorating scheme no matter how you wish to mix the pieces in the house."

"It has been our biggest seller so far, and its popularity is still increasing," he said.

Reasons for its popularity are simple. Brand's ranch oak furniture is all hand made. All drawers are built on rollers so that they always work perfectly. It is hand finished, and the longer it is used the better it looks, because there is no veneer to scratch or peel off.

"It mellows with age, and takes on a luster that is always more beautiful as it gets older," Alford said.

Brandt's ranch oak is just that. It is solid oak and is built to withstand use and abuse through the years.

It can be purchased for the entire house at one time, or one piece at a time—either way the customer prefers, Alford said.

Two half-car loads of Brandt's ranch oak were delivered to Barrow's last week, and the store is still not overstocked, Alford explained in pointing out how the demand for it is here.

Brandt's ranch oak invites use, yet its dignity makes owner's proud to have company in the house, he said.

Texas Leading SW Conference

(By The Associated Press)

The Texas Longhorns are expected to sew up the Southwest Conference baseball championship this week and prepare for their third National Collegiate Athletic Association tournament in a row.

Texas can clinch the title by beating Texas Christian once and Southern Methodist twice. In that event Texas A&M, even if it loses no games this week — and it plays Rice two — would have no chance at even gaining a tie for the title when the Aggies clash with Texas in a series next week to wind up the campaign.

Last week A&M beat Southern Methodist 5-4 and Baylor 9-0 and 12-6 while Texas was blasting Rice 11-1. Texas Christian won over Rice 4-1.

Texas, leading the race easily has a 9-1 record. A&M in second place, has 7-4.

Baylor and Southern Methodist play at Waco today while Texas and Texas Christian get together at Austin.

Friday and Saturday Rice and A&M meet at Houston, Texas Christian and Baylor at Fort Worth and Texas and Southern Methodist at Austin.

MacArthur Resting

NEW YORK, May 7. (AP) — Gen. Douglas MacArthur — 'Glad the (Senate) hearings are over"—plans to remain in New York City this week.

The general rested in his Waldorf-Astoria Hotel suite Sunday.

Explanation Of When Industry Can Boost Prices, When Not

By JAMES MARLOW

WASHINGTON, May 7. (AP)—This is an explanation of an order, recently issued by Eric Johnston, economic stabilizer, on when industries can boost their prices and when they can't.

The order can be understood best, perhaps, by going back a bit. The price control story started Jan. 26 when OPS, the Office of Price Stabilization, ordered all prices frozen.

This drastic decision was put into effect suddenly to halt rising prices because OPS didn't have time to figure out a method of price control that would be fair to everyone. That could be done later.

Because this job is complex, OPS hasn't been able to do it all at once. It's been moving along, a step at a time, is still doing so, and has quite a lot more to do.

INDUSTRY-WIDE SYSTEM

In this story the emphasis is on an industry, which is not just one firm. An industry is made up of many firms, all turning out the same kind of product. For instance, women's coats and suits.

Now suppose some firm feels the OPS regulations covering its industry, and issued since the general freeze of Jan. 26, are going to force it to the wall.

It can appeal — as a hardship case — to OPS for special treatment, asking that it be allowed to change prices higher than those otherwise permitted by OPS for the industry.

But suppose an industry — that is, all the firms in an industry — feel that an OPS regulation or ceiling is going to cut down too much on the profits of the firms in that industry.

RULE FOR OPS

The industry, as a whole, can appeal to OPS to allow higher prices and, therefore, higher profits. Does OPS just go ahead and so so?

This is where Johnston's order, issued April 21, comes into effect. This, boiled down, is pretty much what he said:

No industry will be allowed higher prices if the average profits of that industry are not more than 15 per cent below what the industry's average profits were in any of three years between 1946-49, inclusive.

If OPS finds the average for the industry is more than 15 per cent below the average for the whole industry in the 1946-49 period, it can allow all the firms in the industry to raise prices.

But if it finds the average profit doesn't fall below the 15 per cent figure then, according to Johnston's order, it won't allow any of the firms in that industry to raise prices, even though some are in bad shape.

DUTCH RULER— Juliana, Queen of the Netherlands (above) and ruler of the Dutch Empire since 1948, celebrated her forty-second birthday anniversary on April 30th.

PERSONALS

Mr. and Mrs. Hubert A. Henley, 2200 Avenue M, are the parents of a daughter, Loyce Laynette, born Friday afternoon in a Sweetwater hospital. The baby weighed seven pounds, seven ounces at birth.

Mr and Mrs. John Curtis Medford, 1001 Twenty - sixth Street, are the parents of a son born Friday at Snyder Hospital. The baby weighed eight pounds, seven ounces at birth. He has been named John Curtis, Jr.

A son, David Lee, was born early this morning at Snyder Hospital to Mr. and Mrs. Emmett Lee Richards, 3017 Thirty-eighth Street. He weighed seven pounds and six ounces at birth.

Longview Soldier Dead

HEIDELBERG, Germany, May 7, (AP) — U. S. Army authorities today announced the names of two American soldiers killed in a truck accident last Friday.

They were Pfc. James F. Tew of Longview, Tex., and Pvt. Aral Compton of Fishtrap, Ky.

Civil Defense Leader Urges Fight On Fear

WASHINGTON, May 7. (AP) —Civil Defense Administrator Millard Caldwell today urged a "nation wide crusade against apathy."

"We must make it clear that there is a defense against the atomic bomb — not perfect, but a good one," Caldwell told the opening session of a two-day civil defense conference.

Caldwell declared that too many people in this country fall into one of two groups — those who are apathetic about the Abomb and its effects or those who are beset "by fear and helplessness."

"Our problem is to get those people to understand that an atomic attack does not spell doom — to understand that by taking certain simple precautions most people can continue to live and to work," he said. "We must persuade them to stop defying the first law of nature — that of survival."

Caldwell declared that well organized civil defense can reduce casualties from a bombing attack at least by half "and keep the cities and production lines in operation."

The conference was expected to attract more than 1,200 leaders of some 250 national organizations with a total membership of 50 million.

President Truman is scheduled to address the delegates tonight.

Chemical Tank Blast In Canadian Plant

SARNIA, Ont., May 7. (AP) — A chemical tank blew up in Canada's only synthetic rubber plant here Sunday night, injuring three workers slightly. The blast was felt through much of western Ontatio.

No one was killed.

A fierce fire set off by the explosion was brought under control by plant personnel within an hour. The flames covered an area 300 feet square and at their peak roared 100 feet high.

Casualty List Issued

WASHINGTON, May 7. (AP) — A Defense Department casualty list (No. 296) issued today contained 366 names, of which 50 are dead, 287 wounded, 12 missing and 17 injured in battle zone accidents.

Stock Market Prices Down

NEW YORK, May 7. (AP) —Prices showed a tendency to drop on the stock market today.

Most price changes were in fractions. Motors, oils and steels dominated the weaker side of the ledger with chemicals and selected industrials prominent among the stronger issues.

Sam Rayburn Dedicates Markers Of Ancesters Graves In Virginia

MARTINSVILLE, Va., May 7. (AP) —Rep. Sam Rayburn of Texas called on Americans to carry out the obligations laid down upon them by Revolutionary War leaders as he dedicated markers over graves of his Virginia ancestors Sunday.

The House Speaker talked only briefly. He dedicated the markers at the graves of Col. George Waller and Mrs. Anne Winston Carr Waller, his great-great-great-grandfather and great-great-great-grandmother.

He told how Col. Waller came to Henry County, Va., from England and fought with General George Washington during the Revolution.

San Angelo Rolls Up More Lead In Longhorn

(By The Associated Press)

San Angelo's Colts made hay while the wind blew in the Longhorn League Sunday.

Three games were postponed because of cold and high winds but San Angelo got in its stint against Midland and won 6-0 to increase its lead in first place to 3½ games. This game was called after six innings because of high winds.

Durward Cox pitched a one hitter for San Angelo. Six Midland errors helped.

Posponed were Artesia at Vernon, Odessa at Big Spring and Roswell at Sweetwater.

Typhoon Toll Rises

MANILA, May 7. (AP) — The death toll of a typhoon that roared across the Philippine Islands Saturday rose today to at least ten.

Seven other persons, missing more than 48 hours are presumed dead. Scores were injured and approximately 10,000 were homeless.

Koreans Want Arms, Training And Chance To Fight Chinese

By DeWITT MacKENZIE
(Associated Press Staff)

My good friend D. S. Kim, distinguished member of the South Korean National Assembly and director of the big Korean Pacific Press Service, tells me his country has plenty of manpower if it is trained and equipped by America.

"While Americans are being killed in the war," said Mr. Kim, "three million young Korean men are waiting for the chance to fight.

"If America will give us the arms and the training we will do the job. Our men are particularly well equipped because they know the country and its mountainous terrain.

"Korean military experts say that 500,000 Koreans, trained in American military tactics, and having modern equipment, could defeat any number of Chinese. Koreans had experience with the Chinese during the Japanese war."

Mr. Kim and Dr. Helen Kim (no relation), president of the Girl's College in Seoul, capital of South Korea, are in America on a good-will mission. On behalf of the Korean people they have presented to the United Nations "greeting to the free nations of the world and the heartfelt hanks of a proud and agonized people who pray for he days when the promises made by all the nations of the world, that Korea may become a free, unified and independent nation, may be answered."

"We are going to see it through," Mr. Kim told me. "We don't know whether we are going to survive as Koreans, but we don't give up.

"South Korea must be armed and trained for future use. The war may be long. We have plenty of manpower.

"Koreans on the spot have to die anyway so they might as well be soldiers.

"It takes time to train soldiers, so we need American teachers now, to prepare for the future."

I asked Mr. Kim what he thought about the view held in some U. N. quarters that a compromise peace might be acceptable, leaving North and South Korea separate states He shook his head, and said:

'You can't compromise with the Communists. That idea won't work. It's all or nothing with them.

Bill to Raise Soldier's Pay Set For Congress

WASHINGTON, May 7. (AP) — Rep. Van Zandt (R-Pa), said he would introduce in the House today a bill authorizing cost-of-living adjustments in the base pay of armed forces personnel.

Van Zandt said he would propose tying military pay to the labor department's cost of living index which some labor unions and private industries use in computing pay raises under the so-called "escalator" clauses in wage contracts.

THE ADVENTURES OF PATSY

Scrimmage Set Friday Night

A Thursday night scrimmage between next year's Tiger football prospects and last year's first string resulted in the Seniors winning 26-14 over next year's ball club, Speedy Moffett, coach, said.

Spring training has been under way for about three weeks, and 45 boys are out regularly to practice, Moffett said.

Star of Thursday's scrimmage was one of the old club members. Max Coffee did most of the scoring for the older boys. Coffee and Franklin Woods made all the senior's 26 points, he said.

Both Dan Burns and Clifford Green scored for the younger boys.

"I think we will have a good team, and will give some of our opponents plenty of trouble next year," Moffett said.

The Tigers lose 16 of last year's 23 man squad via the graduation route, and only have six back from the B squad, and six from junior high school, Moffett said.

Another scrimmage is planned for next Friday night between last year's team and next year's prospects, he said. It will be held in the new Tiger stadium at 8 o'clock. The public is urged to attend and see a good regulation football game, Moffett said.

Texans Win At Polo

BEVERLY HILLS, May 7. (AP) — Cecil Smith's Texas four edged out a Chicago team 8-7 in a polo game here yesterday.

Smith accounted for four of the winner's goals. Chicago staged a late rush, paced by Leo Hulseman.

Kentucky Derby Winner

Count Turf, with jockey Conn McCreary in the saddle, stands in the winners circle after winning the 77th running of the Kentucky Derby at Churchill Downs, Ky.

Pittsburgh Pitcher Is Toast Of Baseball After Blank Out

By JOE REICHLER
(Associated Press Staff)

The toast of the baseball world today is Cliff Chambers, a somewhat secluded southpaw pitcher whose only previous claim to fame was his ability to throw a "duster" as expertly as the next.

Chambers made history Sunday when he hurled a no-hit, no-run game, a feat no other Pittsburgh pitcher had been able to accomplish in the city's long tenure in the National League.

The no-hitter was the first in the Majors since Vern Bickford of Boston's Braves did it against Brooklyn Aug. 11, 1950.

Chambers, a big blond elbower from Portland, Ore., relieved his sub-par lifetime won and lost record of 27-31 with a performance reminiscent of a Carl Hubbell. He handcuffed the Braves, 3-0, in the second game of a double header after Warren Spahn had blanked the Pirates, 6-0, in the opener.

WILDNESS COUNTERED

Chambers was wild, walking eight. However, he was deadly in the clutches as only one Boston runner reached third. That was when the no-hitter was in deepest danger. With two out, Bob Elliott sent a long smash to right center but the fleet-footed Gus Bell made a catch over his head.

The surprising St. Louis Cardinals thumped the Dodgers, 11-7, despite a home run with the bases full by Brooklyn's Pee Wee Reese. The triumph gave the pace-setting Cards a half-game bulge over the Braves.

Philadelphia and Chicago split a National League doubleheader. The Phils won the opener, 5-4 and the Cubs took the 10-inning nightcap, 9-7.

GIANTS, EDS SPLIT

New York's Giants and Cincinnati also divided a twin bill. The Reds won the first, 4-3, on Red Stallcup's 10th inning homer.

The Giants, who now have dropped all four overtime tilts, won the second game, 8-5, on Hank Thompson's three-run homer in the first inning.

New York's high-flying Yankees whipped the Tigers, 11-6, for their eighth straight victory and increased their American League lead to two games over Cleveland.

Washington and Cleveland split a doubleheader. Julio Moreno polished off the Indians with an 8-1 seven-hit job to win his first start of the season. Bob Chakales, spurred by a two-run homer by Al Rosen, won a 4-2 rookie duel from Washington's Bob Ross in the second game.

Chicago's White Sox swept two games from the Athletics, 4-1 and 8-3.

Ted Williams' home run in the 10th gave the Boston Red Sox a 5-4 first game victory over the Browns but St. Louis came back to win the second game, 8-2.

Brownsville In First Place

(By The Associated Press)

Brownsville's slugging Charros pushed into first place in the Gulf Coast League today while Harlingen, the erstwhile leader, lanquished in the third spot.

The Charros slammed Port Arthur's lowly seahawks twice Sunday night to sweep to the top.

Harlingen took a double licking from Lake Charles and as a result idle Laredo moved into second place.

Brownsville clipped Port Arthur 6-3 in the first game as Alex Gonzales led an 11 hit attack while Levi Clay was limiting the Hawks to four blows. Charley Weber saw to it that Brownsville took the nightcap 9-5, slamming a bases loaded home run in the eighth.

Lake Charles beat Harlingen 14-3 in the first game. Bill Monahan went the route and then relieved in the ninth inning of the second game. The Lakers took that one 6-3.

Texas City pushed over two runs in the eleventh inning. Manager Rollie Hemsley of Galveston had tied the score in the ninth with a two-run single.

Rain caused postponement of the Corpus Christi-Laredo game.

Abilene Moves Up In West Texas-New Mexico Loop With Albuquerque

(By The Associated Press)

Only one game could be played in the West Texas-New Mexico league Sunday and it allowed Abilene to go into a virtual tie with Albuquerque for the lead.

Abilene, through one of the quirks of baseball averages, actually is a half-game ahead although 17 points behind in percentage.

Albuquerque at Borger and Clovis and Amarillo were postponed because of cold. Pampa and Lamest was called off due to dust and high wind.

Abilene beat Lubbock 10-6, using only five hits but as many Lubbock errors, plus seven walks, to make the grade.

Wichita Falls Dropping Low

(By The Associated Press)

Things were getting pretty desperate at Wichita Falls today as the Spudders recorded their seventh straight defeat in the Big State League.

They dived like a rock in a whirlpool — down to sixth place in the standings while Waco pushed into the first division.

The first three clubs held their places — Gainesville first, Austin second and Temple third but Waco and Sherman-Denison, tied for fourth, were breathing on Temple's bristling neck.

Bill Walker held the fumbling Spudders to seven hits as Austin clipped them 8-2 Sunday. Walker also clouted out two and batted in a couple of tallies.

It was supposed to be a doubleheader but cold winds caused the second game to be postponed.

Gainesville and Temple split a twin-bill. Temple took the first game 15-3 with a seven-run splurge in the seventh inning.

In the second game Southpaw Al Dlugokecki blanked Temple 3-0 on six hits.

Waco swept a double-header with hapless Texarkana, winning the first game 9-4 and the nightcap 5-4. Pete Wilson relieved in the first game to blank Texarkana for eight and two-thirds innings after Moe Santomauro had slugged a grand slam homer.

Waco used home runs in the second game. Paul Smith and Dick Drury parked the ball to furnish the big Waco punch.

Sherman-Denison slammed Tyler twice ,taking the first game 10-5 with a five-run surge in the tenth inning. In the second game, Roy Hawes pounded in four scores with two home runs to furnish the big punch in an 8-1 triumph.

Beaumont Making Delayed Bid To Get On Top Of Texas Loop

By HAROLD V. RATLIFF
(Associated Press Staff)

Beaumont's wild surge is the talk of the Texas League these days. It harkens to 1950 when what was considered the most impotent entry in the race suddenly caught fire and drove to the top, to stay there through most of the season.

This year the Roughnecks were marked off as contenders for the pennant before the campaign even started. Gone was that crafty manager, Rogers Hornsby, and most of the club that figured in that memorable drive.

For almost three weeks of this campaign, the Roughnecks either were on the bottom or close enough to be hit by a pebble. Then they started to move.

Today, Harry Craft's rambunctious boys have surged into the first division on the heels of a nine-game winning streak. They're tied with Fort Worth for third place and are two and one-half games away from leading San Antonio.

Sunday they licked Fort Worth 4-3 on Ford Garrison's homer in the ninth with two on base.

Opposite extremes in the league race met at San Antonio. Tulsa won 4-2. It didn't help a lot as Tulsa still is mired in the cellar but it shaved San Antonio's lead over Oklahoma City to a game and a half.

Buzz Zeiser captured a pitching duel from Johnny Pavlick.

Houston skidded into the second division by absorbing a 5-2 defeat from Oklahoma City. Johnny Beazley pitched shut-out ball until the ninth when the Buffs came to life for three extra-base hits.

Dallas swept both ends of a double-header from Shreveport, taking the opener 2-1 as Walt Lanfranconi notched his sixth straight pitching victory on Bob Prentice's two-run double in the ninth, and capturing the nightcap 6-4.

Air Force Men Win Oleander Skeet Shoot

GALVESTON, May 7. (AP) — The Strategic Air Command's five man team from Bergstrom Air Force base in Austin set a new record in winning the team title at the fourth annual Oleander Open Skeet Shoot.

They broke 990 x 1,000 targets Suday. The old record was 987 x 1,000.

Holliday Stratton of Waco broke 490 x 500 to win the high over all championship.

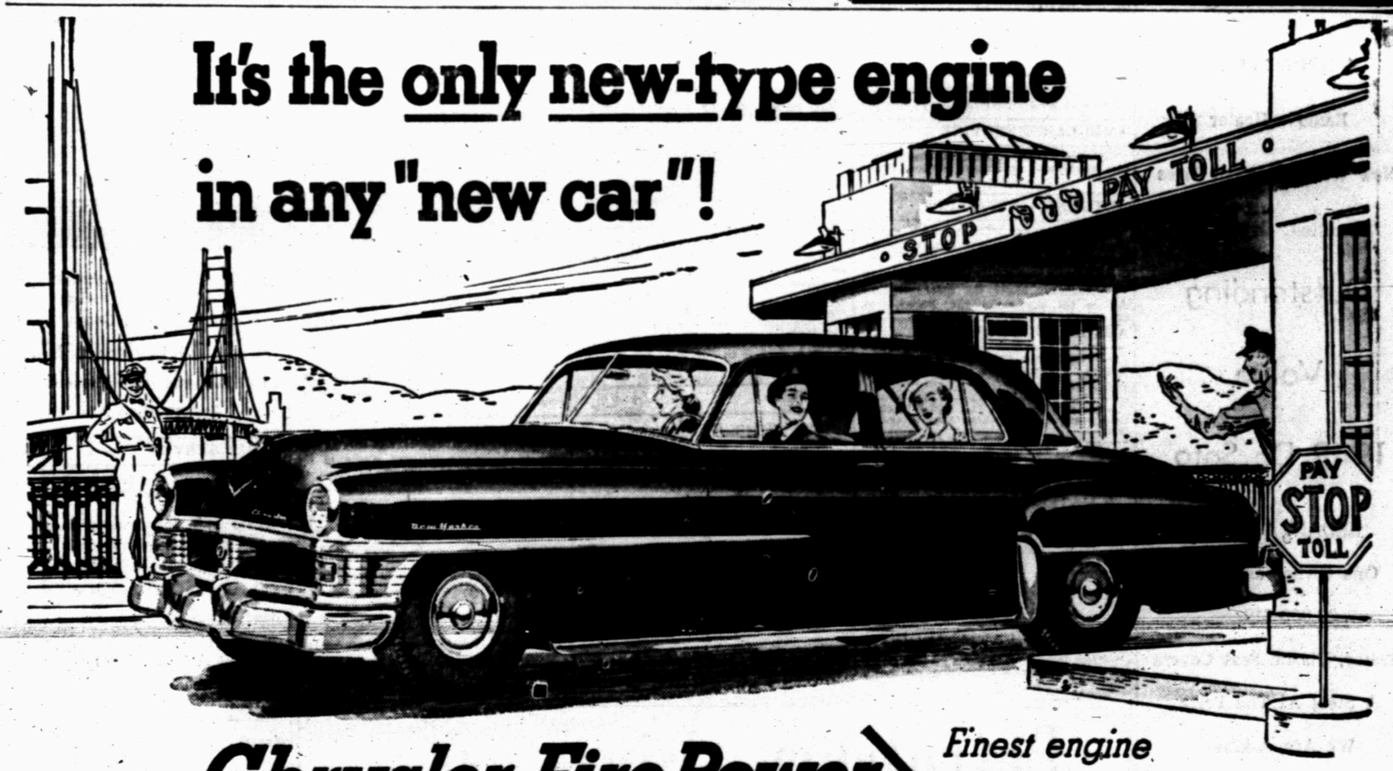
It's the only new-type engine in any "new car"!



Chrysler FirePower — Finest engine ever put in an automobile

180 HORSEPOWER

The new Chrysler Hemispherical Combustion Chamber, heart of the finest car engine built today. In this dome-topped area, you see the *only* ideal combustion chamber . . . the *only* way to develop full combustion, full compression, full work and value from every drop of fuel!

With so many engines claiming newness . . . how can we call FirePower the *only* new type engine today? The answer's very simple, and one you ought to know before you invest in a car.

The fact is that engine "improvements" happen every year . . . but a basically *new* motor car engine is a very rare thing. And FirePower is the *most basic* new development since Chrysler introduced high-compression in 1924!

To get to the heart of the matter, just go to the heart of the engine . . . the combustion chamber where the spark fires gas into power.

Here Chrysler brings you something *no* car has had till now . . . a *Hemispherical* combustion chamber . . . the *only perfect and ideal* combustion chamber in any passenger car. Here the same amount of gasoline delivers you *far more energy* than it could in any other car.

What this means to the man at FirePower's wheel is impossible to tell you till you take that wheel yourself. FirePower's 180 horsepower can outperform any other engine on the road, even on regular grade gas.

Remember, too, that Chrysler now offers the wondrous road-ease of new Oriflow shock absorbers with twice the shock-absorbing power of any others . . . and the exclusive safety and delight of Hydraguide *power steering** which takes four-fifths of the work out of steering! You can learn for yourself how Chrysler has changed your motoring life by seeing your Chrysler dealer now!

*HYDRAGUIDE regular on Crown Imperials, optional at extra cost on all New Yorker and Imperial models.

What Counts In Selecting a Home?

First, location counts. Is it close to school? Yes ,it is close to school. Second, construction counts. The finest materials available went into these new homes. They are two bedrooms, with tile in the kitchen and bath, beautiful hardwood floors, floor furnaces, in fact, they have everything from chimes on the front door to guest closets in the living room.

Down payments for veterans run around $1,000.00 including closing charges. F. H. A. loans set up on all houses for non veterans. For further information call at the Kittrell Heights office 35th & Avenue C or the main office, 505 East Highway.

Dollar Mile Short Of Mark

BELLS, May 7. (AP) — Upwards of 10,000 persons thronged Bells for a "Mile of Dollars" and the mile fell just a block shy.

The Rev. S. Baxton Bryant said "roll 'em up" when the string of dollar bills stretched more than seven-tenths of a mile along Highway 69.

The idea of the 'Mile of Dollars" was this Bells' Methodist Church burned last Thanksgiving Day. The "Mile of Dollars" was to have signalled an end to campaignfor funds aimed at rebuilding the church. The money was strung on a wire along the east side of the highway toward the church's ruins. The highway runs through this little Grayson County town.

Bryant's idea for the "Mile of Dollars" was to locate 10,000 persons with a dollar each.

The congregation needed $10,560 to finish their building fund. The "mile" today accounted for an estimated $7,000, but Bryant wasn't dishearted.

He said it had been decided to turn about as much as was needed back to the congregation, asking each to turn back $2 for $1.

Korean Vets Rushing Home On Furloughs

SEATTLE, May 7. (AP) — Some 1,500 army officers and enlisted men returning from Korea on rotation were streaking across the nation by train, plane or bus today for 30-day furloughs at their homes in the 48 states, Puerto Rico and Canada

The majority of the much-decorated veterans, many of whom had spent more than 9 months on the warfront in Korea, were rushed through the required processing at Fort Lawton, here within 24 hours of their arrival early Saturday.

Three Railmen Killed

VANCOUVER, B. C., May 7. (AP)—Three railwaymen were killed Sunday when the engine and 14 cars of a Canadian Pacific Railway freight train left the rails about 100 miles northeast of here.

Gas Meeting Opens

DALLAS, May 7. (AP)—The Natural Gas Department of the American Gas Association opens its spring meeting here today.

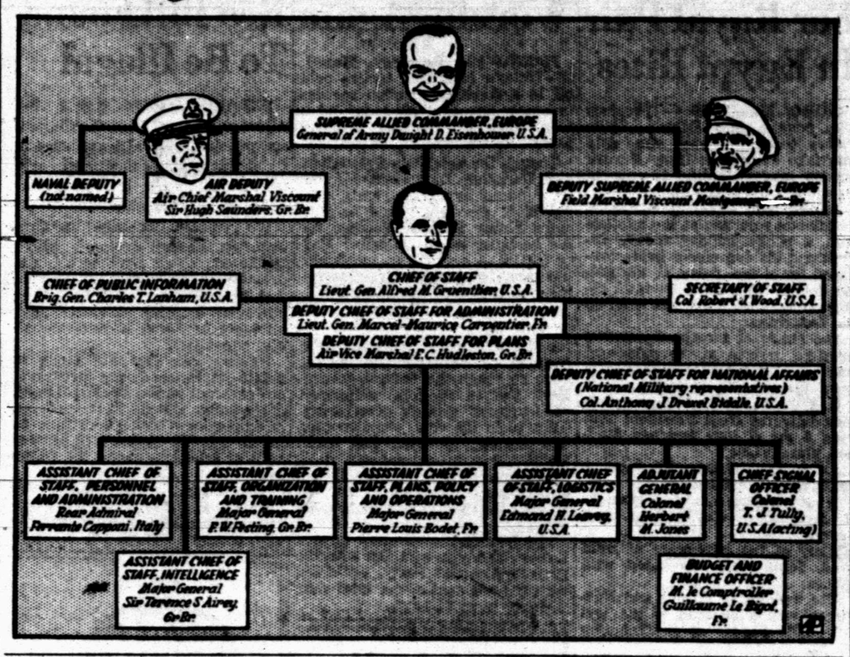
Organization Chart for SHAPE



Pressure of Inflation Mounts, Spending Peak Still Far Away

WASHINGTON, May 7 — Don't overlook a sleeper in the news. The furore in Congress and throughout the nation over General MacArthur's policy in Korea has overshadowed Lieut. General Van Fleet's victory over Chinese Red forces. If Van Flet's succes is the beginning of the end of the Chinese spring offensive, it could have a tremendous influence on U. S. business. The tempo of defense, already behind schedule, may lag some more. That would push the rearmament peak further into the future, say into late '52, instead of this year or early next

In that case, U. S. expenditures would not rise as rapidly as President Truman and Defense Mobilizer Charles E. Wilson now anticipate. Accordingly, the demand for steel and manpower would likewise be less than forecast. It's well for government policy makers, business men, labor leaders, and farmers to keep that possibility in mind, even if it's remote.

INFLATION BY-WORD

At the moment, however, all thinking is the other way. Wall Street and Washington seem firmly agreed on one thing Inflation. The thought echoes back and forth from one place to the other, thus providing its own asseveration and documentation.

Industrial common stocks have been climbing almost daily to new postwar highs. According to the Standard & Poor's weighted average for 50 stocks, they're only 9 per cent from a new all - time peak.

The rails and utility shares, however, are off 63 per cent and 76 per cent respectively from their '29 tops. The rails have been making some headway in recent trading on the New York Exchange.

Wall Street's theory is this: Comes fall and defense will boom the boom all over again—recent declines in the price of wool, cotton, grains, rubber, tin and other commodities notwithstanding. Furthermore, the slackening demand for television sets, automobiles, and apparel is regarded as temporary.

BOOM SEEN SURE

Economic Stablizer Eric Johnston expressed the official administration view in a talk to the U. S. Chamber of Commerce thus "By Christmas our defense production will be really rolling. By the first quarter of next year, the rate of national income will be 12 per cent higher than in the first quarter of this year. That is a tremendous inflationary force."

Johnston is projecting ahead (a) schedules of military production and (b) his personal apprehensions. His job is to curb price advances. His success as a government official depends on that. So it's but natural that he would tell members of the Chamber of Commerce that inflation is America's greatest domestic problem.

Johnston's not alone in projecting ahead his particular problems Secretary of Labor Tobin is worried about the labor force How will he get the 7,200,000 additional persons he estimates will be needed by the end of 1952 for defense plants and the armed services?

To attain that large total, Tobin is counting on the addition of 1,800,000 person to the labor force through normal growth, attracting 1,400,000 persn not now working into defense plants, reducing unemployed by 600,000, and shifting 3,400,000from nondefense to defense work. In many cases this last would not call for job shifts. A person working on television sets, for example, might merely transfer within the plant to electronic specialities for the armed forces.

"UNSTABILIZATION"

To George W. Taylor, chairman of the newly - constituted Wage Stablization Board, that means a sellers' market for labor. Business men will be willing, even anxious, to raise wages to hold workers. For Taylor, that's a headache, since his job is to stabilize wages. His board will have to develop a formula to restrain voluntary wage increases.

Similarly, Michael V. DiSalle and the Office of Price Stablization are looking forward apprehensively to mounting pressure on prices when cutbacks cause real shortages of consumer durable goods. Then, consumer purchasing power will spill over to apparel, groceries, housewares.

To Johnson, price stabilization is the way to wage stabilization In a democracy, when the cost of living goes up, wages inevitably follow." That's why the administration wants to fix farm parity prices for a year ahead. Then, the price of foodstuffs would not move up every time industrial prices rose slightly, thus pushing the button on escalator clauses in wage contracts.

The record since Korea is in Johnston's mind. Farm prices are up 23 per cent as against a 16 per cent rise in industrial prices. The rise in the cost of living has been 8 per cent. To General Motors workers alone that would mean a wage rise of about 13 cents per hour in nine months. Such increase would result in automatic unstabilization, since all workers would want them.

Meanwhile, the business lull shows up in department store sales, which were up only 3 per cent over a year ago in the week ended April 28. Since prices are about 10 per cent higher, actual merchandise moved is down. During March and April — the period covering Easter both this year and last—sales were up only 5 per cent. In the earlier months of the year, the gains ran around 20 per cent. So, it remains to be seen whether another wave of consumer buying will develop this fall—as expected.

Jet Spray On Sale For Doctor's Use Today

NEW YORK, May 7. (AP) —The jet spray, which replaces the hypodermic needle, goes on sale today — to doctors only — in two Ohio counties.

The jet, abut the size of a two-battery flashlight, has a hole 22 times smaller than the finest hollow needle. The spray, passing through this smaller hole, hits fewer pain nerves than a needle.

Girl Scout Day Camp Plans Set

Preparation for the Snyder Girl Scout day camp was discussed at a meeting in the First Methdist Church Friday night. Mrs. Ben Pennington and Mrs. Claud Kenner, who will direct the camp, were in charge of the meeting.

Leaders, co-leaders and others interested in working at th camp were given demonstrations in knot tying, hatchet and knife work ad fire precautios. They also learned games, and songs.

The next training meeting is to be held at 730 Tuesday night in the scout room of the church, when the study will be on building unit homes at camp. Training in arts and crafts will be given at a simlar meeting at 730 Friday night.

Those attending the meeting last Friday were Mrs. Dorothy Miller, Mrs. Jimmy Spain, Mrs. Loraine Osborn, Mrs. Delia McPherson, Mrs Lola Milam, Mrs. Helen Wood, Mrs. Maggie Best, Mrs. Mildren Craven, Mrs. W W. Adcock andMrs Floyd Boston

Persons who did not attend the first session may join the training course by attending the Tuesday night meeting.

Four Navy Men Lost In Lake Michigan

EVANSTON, Ill., May 7. (AP) —A Navy salvage operation ended in tragedy yesterday as four Navy men were lost in rough Lake Michigan waters. Eight crewmen were rescued.

Spectators on the shore saw the salvage boat ship water and sink in ten feet of water in about 30 seconds.

The diving party had been searching for the body of Lt. Laverne F. Nabours, 30, Lake Zurich, Ill., Navy flier whose two-engined jet fighter crashed into the lake Friday.

TwoPanhandle Cities Honored

HOUSTON, May 7. (AP) — The Texas Manufacturers Association today honored two Panhandle cities for industrial-emphasis programs sponsored by their chambers of commerce during the Second Annual Texas Industrial Week April 1-7.

The Amarillo chamber, headed by Rex Baxter, won the top award for activities in cities between 25,000 and 75,000 population in a TMA-sponsored competition.

The Pampa chamber, whose manager is E. O. Wedgeworth, won the award for cities with less than 25,000 population. It was the second successive year for the Pampa chamber to top this division.

The four-man judge committee headed by George W. Gilliam of Corpus Christi also awarded certificates of merit for "notable and distinguished" programs to the chambers of Coleman, Denison, Falfurrias, Jacksonville, Jasper, Palestine, Sulphur Springs, Taylor and Texarkana.

The Pampa and Amarillo chambers will receive plaques from TMA at the 29th Annual Conference of Texas Industry next October in San Antonio.

Hollywood

By BOB THOMAS

HOLLYWOOD, May 7. (AP) —What does a woman do when her husband dies after she has spent most of her life in the shadow of his fame

In the case of Mrs. Alan Hale, she is returning to acting after an absence of 30 years.

The famed character actor died last year, leaving his widow well endowed for the rest of her life. But the prospect of a comfortable future was not enough. Her two children, Karen and Alan, Jr., were grown and making progress on their own film careers. So why not mother?

The suggestion came when a family friend was visiting the Hale home, a few blocks from Hollywood Boulevard. The friend brought a book called "50 Years in the Theater." In it was a picture of Mrs. Hale as a child stage star.

"It would be a shame to deny such talent to the public," he jested.

Mrs. Hale took the hint. She went out to Warner Brothers, where her husband had been under contract for 14 years. She landed a role in "As Time Goes By," using her professional name of Gretchen Hartman Now she has other deals on the fire and is enthused about the reflowering of her acting career

"It was a big thrill to get stared again," she told me. "Nervous? Not much. It's just like riding a bicycle. Once you get your balance you can go right along"

Splash Day Beauties

GALVESTON, May 7. (AP) — A couple of beauty contests highlighted Galveston's annual "Splash Day"Sunday.

Joanne Hill, Dallas television singer, was named "Miss Splash Day" and Jeannie McMullin, 20, of Houston was named "Miss Photo Flash" by the Houston and Gulf Coast Press Photographers Association.

TALK OF THE TOWN

BY FRANCES BROOKS

When I think of all the Snyder women who have proudly confided that they finally had put away all winter clothes, mothballing or spraying on whatever method they use . . I sympathize wholeheartedly. Friday night in a spurt of energy, all my jackets, wool skirts, and heavy sweaters went neatly into their storage places. I think just as the last bag was sealed the present norther was conceived up north somewhere. Today, like a lot of other girls, I freeze in a cotton.

• • •

It seems to be the fashion to get together lists of ten rules on how to accomplish almost any of life's desires. Why ten is such a handy number for rule purposes I don't know, but it is the classic number. I'm an old ten-rule reader from way back and in my time have run the gamut from "Ten Rules for Superb Souffles" to "Ten Rules for a Lovely, Shining Head of Hair."

• • •

There are sets of ten rules covering just about every subject but for the life of me I can't sem to remember ever reading "Ten Ways to Remain a Spinster"—although I seem to have run through a number of series on "How to Remain a Bachelor." And come to think of it, I've never seen a set of rules entitled "Ten Ways to Win a Wife".

Of course I don't think I've ever known a girl who was determined to remain a spinster all her life. However, there must be females somewhere in the world who sincerely wish to maintain their single blessedness. We all know there are males who fight shy of the wedding band as if it were a branding iron.

• • •

For the benefit of that portion of womanhood which wishes to continue being carefree, untrammeled, and self-supporting the rest of their lives, herewith a set of rules which are guaranteed to keep the obeyer from dangerous proximity to the altar.

1. Every time you meet an attractive man who is a little taller than you are and obviously unattached, ask (a) if he is married and (b) what he does for a living. Wrinkle your nose pityingly when he answers and murmur, "How dull for you".

2. Don't spend a lot of time worrying about clothes and manicures and shiny noses. Take to heart all that stuff men say about not liking lipstick and nail polish—don't ever wear any.

3. Talk about yourself a lot and let every man you met know what a smart girl and clever businesswoman you are, and give him an impression you make just about twice what he does.

4. Light your own cigarettes, insist on Dutch treats and argue him out of such ideas as taxing you all the way home, helping you across the street and removing his hat in elevators. Tell him all about equal rights for women.

5. Top all his anecdotes if you can; tell rough, smoker stories in mixed company; break into his favorite stories with the punch line. Indicate you first heard his jokes when you were in kindergarden.

6. Drink too many cocktails at parties and always order the most expensive entree on the menu.

7. Don't let him think he's the only fish in the pond—make references to other fellows and dream up tall, rich and handsome ones

8. Yawn when he starts talking about baseball, boxing or love and launch into a discussion of the international situation, capital vs. labor, or something you've boned up on. Avantegarde poetry is good it you're hard up, and you can always make nasty remarks about other women of his acquaintance or talk about dieting.

9. Confide in him. Tell him about your ill health. Tell him of your fanatic devotion to canaries and other house pets and explain you like them much better than children

10. Develop a high nasal voice which can be heard for long distances—and make it a practice to hail waiters in it. Break out all over when you laugh and get all red and puffy-faced when you cry in theatres.

It is practically guaranteed that if these rules are followed to he letter, the ambitious spinster who wants to stay that way can fix it so that in ten days her telephone will never ring and strong men will cross the street when they see her approaching.

Miss Shirley Teague and Miss Sandra Blackard have returned from a week-end trip to Waco, where they visited Shirley's sister, Miss Nancy Teague, enrolled in Baylor University. Both girls were investigating the possibilities of enrolling in the university next Fall.

Exile Leads In Bolivian Vote

LA PAZ, Bolivia, May 7. (AP)—An exiled leader of Bolivia's working classes held a commanding lead in his country's tense presidential race today but his big upset so far had not clinched the presidency.

In preliminary returns Victor Paz Estenssoro, who campaigned from Buenos Aires, with Communist support, appeared well along to a sweeping plurality in the six-man race, but it appeared doubtful he could get the majority necessary to elect him outright.

Unless Paz Estenssoro gets such a majority, congress Aug. 6 will choose a new president from among the three top candidates. And unless government leaders have an unlikely change of heart, the congress — dominated by opponents of the National Revolutionary Movement (MNR) which backed Paz Estenssoro — is likely to choose instead the government-supported candidate, Gabriel Gosalvez.

Such an action could touch off widespread disorder in this country.

PERSONALS

Mrs. Ella Cooper, 3007 Avenue S, is in Excelsior Springs, Mo., where she is taking the health baths.

Mr. and Mrs. Jim Sullinger, Jr., 1008 Twenty - eighth Street, spent the week end in Fluvanna with Mrs Sullinger's parents, Mr. and Mrs. Robert Warren. With them were their house guests, Mr and Mrs. Noble Oliver from Colorado City.

Mr. and Mrs. Jack Piner, former residents of Snyder, returned here to live again over the week end. They will live at 3101 Avenue U, Mr. Piner working as a tool pusher for Clay and Gaffle Co. They have lived the past few months in Carrizoza, N.M.

Mrs. Homer Graham was taken back to the Sweetwater Hospital Friday, suffering a relapse She had been recuperating at her home from major surgery. Her condition is fair.

SATURDAY

Bridal party for Miss Jonnie Delle Brock, 10 a.m., the Country Club.

Panama Riot, Men Wounded

PANAMA, May 7. (AP)—Opposition leaders shot it out with plainclothes secret police on Panama City's Main Avenue Sunday night and the government of President Arnulfo Arias charged a "vast subversive plan" was under way.

National Assembly Deputy Jorge Illueca, fiery leader of the opposition Patriotic Youth Front, was wounded and escaped to the U. S.-controlled Panama Canal Zone a block away. His condition was said to be not serious.

A plain clothesman also was wounded. Another opposition deputy was reported under arrest and a third reportedly fled.

A government communique accused the Youth Front, the outlawed Communist Party and other opposition groups of a plan against the government.

Gifts Pour In For Royal Pair In Egypt Rites

CAIRO, May 7. (AP) — Precious gifts poured into Cairo's Abdin Palace today following the gala marriage at which King Farouk Sunday made beautiful 17-year-old Narriman Sadek his queen, wife.

As the Nile kingdom continued its jubilant rejoicing at the nuptials with a public holiday today, Farouk and his commoner bride prepared for a tea party at the palace tonight. A gala diplomatic reception Tuesday night will wind up the festivities.

The chiefs of foreign diplomatic missions arrived at the palace at mid-morning today, bringing gifts from their heads of state.

U. S. Ambassador Jefferson Caffery delivered from President Truman a set of four matched Steuben glass vases.

From King George VI came a massive silver inkstand.

What the Russians were giving—if anything — was a deep dark secret.

Many of the gifts were of solid gold. Some were decorated with stones.

The wedding of Farouk and Narriman was announced to the joyful public Sunday by the booming of 101 salute guns.

While the bride waited in her widowed mother's modest home, a 20-minute all-male Moslem ceremony at Kubbeh Palace joined the couple late in the morning.

Six hours later Narriman made her first public appearance as queen, driving the seven miles to Abdin Palace past more than a million of her cheering new subjects.

Nazi Tactics Working Again

HANNOVER, Germany, May 7. (AP)—Hitler's campaign tactics paid off in a startling election success in Lower Saxony State today for a new Nazi-like German political party.

Though the established Socialists and Christian Democrats led the counting as expected, nearly 400,000 West Germans voted in Sunday's Lower Saxony election for the Socialist Reich (Empire) Party (SRP) — a group so much like the Nazis that the federal government is trying to outlaw it.

Led by former supporters of Hitler, the party campaigned on a promise to "restore the many good features of Nazism." Its tactics were so rough the federal government banned its 6,000 uniformed "Reichsfront" guards as terrorists.

But when the votes were counted this morning, the SRP had taken fourth place in a ten-party field. In its first test at the polls it had won 11 per cent of the votes, and 16 seats in the 159-member parliament.

The Socialists, who now govern Lower Saxony in coalition with the Catholic Centrist Party, again led with 33.7 per cent of the total vote, givnig them 64 seats.

Parts Of Anti-Red Bill Found To Be Illegal

OKLAHOMA CITY, May 7. (AP)—Attorney General Mac Q. Williamson punched several legal holes in Oklahoma's anti-Communist oath law Sunday night by ruling portions of it unconstitutional.

His opinion directed to Gov. Johnston Murray declared that public employees can't be made to promise to bear arms, if they object on religious grounds. But they still must sign the oath, he added, agreeing to serve in non-combatant capacities.

Neither can the oath apply to public employees during their present contract period this fiscal year, the opinion stated. That condition of employment would constitute an impairment of contracts to persons such as school teachers, the ruling said.

The ruling also held that the law does not apply to persons not performing continuous work for the city, county or state, nor to members of organizations declared subversive by the U. S. Attorney General after April 9, 1951, when the law went into effect.
