

DAWSON COUNTY COURIER

Volume 9 Lamesa, Dawson County, Texas, Thursday, March 16, 1939 Number 9

SEVENTEEN BANDS WILL BE HERE FRIDAY

Lamesa Will Become Member Of League

Construction Will Start On Park And Grand Stand Soon

Announcement was made here this week that Lamesa has completed all preliminary arrangements and have notified officials of the West-Texas New Mexico Baseball League that they are ready to enter the league.

At a meeting held Tuesday afternoon a temporary president, Johnny Lane, was elected. He was instructed by those present to proceed with the necessary arrangements. It has been decided to incorporate the club, and papers of incorporation were being drawn this week, according to the report.

A mass meeting has been called for Friday night at 8:30 p. m. in the District Court room and all who are interested in baseball in any manner are invited and urged to be present at that time. It is imperative that all stockholders, as well as prospective stockholders attend this meeting, as it is planned along with other matters, to elect permanent officers and a board of directors at this time. But, whether you own stock or not, or even if you do not intend buying stock, you are urged to attend this meeting.

Reports from Pampa are to the effect that their difficulties have been ironed out and they are ready to go. With the entry of these two towns, it brings the league to an eight club circuit. A meeting will be called soon to arrange schedules. It is not known when the first home game will be played in Lamesa, but this information will be given to the public as soon as it is released.

And so, unless there is some unforeseen difficulty, Lamesa will have organized ball this summer for the first time in her history. For many years the town boasted one of the finest semi-pro teams in this section of the state, but this will mark the first venture into the organized or professional group.

More details will be given as to park site, seating capacity, management, etc. at a later date.

TAYLOR-MCCALL REMODELING

Taylor-McCall Drug Company are this week completely overhauling their fountain. A new concrete foundation is being installed under the fountain and new plumbing fixtures will be used throughout.

GOOD WHITE TYPING PAPER

We have received a large shipment of good bond typing paper which we are in position to offer at a bargain price.

This is not to be confused with ordinary cheap paper, but is a good, white, watermarked paper. It takes either pen, pencil or typewriter and at the price we are offering it, costs little more than ordinary yellow second sheets.

If you need a good white paper... whether you use only a small quantity or thousands of sheets, you will find no better value.

For a limited time we are offering this paper at

\$1.00 FOR 1,000 SHEETS
60c FOR 500 SHEETS

Size 8 1/2 x 11 inches, or regular business letterhead size

THE COURIER OFFICE
PHONE 162-M

Courier Will Issue Special Edition On Opening New Livestock Commission Firm

In commemorating the opening of the Dawson County Livestock and Commission Company in Lamesa on Monday, March 27th, the Courier will next week issue a special edition.

The paper will not only be widely circulated in Dawson County to the regular subscribers but will be sent to Seminole, Seagraves, Andrews, Hobbs, Gail, and other points. It is planned to have several hundred extra copies of the paper printed for that issue.

Advertisers of Lamesa are reminded of the fact that not only will they have the opportunity of helping a community enterprise get started but at the same time reach many people with their advertising message which are not ordinarily touched with any advertising medium which they use.

Work will be started early and it will be the intention of the Courier to contact as many of the business people as possible, but in the event any merchant desires an ad it will be appreciated if he will phone 162-M and a Courier representative will call.

With the cooperation of all, this issue of the Courier should go a long way towards bringing new people to Lamesa to trade.

Those desiring ads are urged to get their copy in as early as possible so as to secure a better set-up as well as position.

Remember the time is next week, Thursday, March 23.

Stuart-Sublett To Open New Store In Lamesa Next Week

Plans Are Completed For Next Friday Opening

The Stuart-Sublett Dry Goods store will open for business in Lamesa next Friday according to announcements made this week.

Workmen have been very busy the past few days completely renovating and remodeling the building.

New show windows have been installed, the old awning has been torn away and a modern roll down will be installed.

A large crew of cabinet makers, under the direction and supervision of Allen and Waller, local architects and builders, have been building the modern new fixtures, which are possibly the most beautiful in this section of West Texas.

More detailed announcement of the opening will be made next week.

HIGHWAY PARK CONSTRUCTION GOES FORWARD

With a large crew of men working on the project, the State Highway Park, located at the intersection of Highways Nine and Fifteen, about 2 1/2 miles southeast of Lamesa, much progress is being shown.

Already the water has been piped over the entire plot which comprises about 37 acres, or the largest State Highway Park in the State of Texas. Hundreds of additional trees have been planted, as well as a large variety of shrubs. Grading on driveways and walkways is progressing. The old Big Spring road which crossed across the east end of the park has been fenced off and closed to traffic.

The project calls for the expenditure of approximately \$9,000 and when completed will not only be one of the beauty spots of this section, but will furnish a recreation ground for tourists as well as home folks. It is understood that benches and barbecue pits will be installed at convenient places throughout the park.

Mrs. E. G. Bias of Williamson, W. Va., spent the week end here visiting her mother, Mrs. L. E. Eager.

HIGHWAY WORK IN THIS AREA GOES FORWARD

Oil coating is rapidly being put down on Highway Fifteen in Gaines county, and it is expected that the road will be opened to traffic within the next few weeks. It is understood that the seal coat, or final topping will not be put on until a later date, but that with the first coating the road will be as smooth and even as it will be when finished. This will give a direct surfaced road from Lamesa to Seminole. There it connects with the road running from Lubbock to Odessa, or another paved outlet to the Bankhead Highway.

Caliche is being put down on the Brownfield road at a rapid rate and this work should be completed within a few weeks. Grading and drainage structures on another section of the road is expected to be started as quickly as this first section is caliched.

Grading and drainage structures are practically completed on Highway Fifteen in Borden County from the Dawson County line to Gail.

Word comes from Snyder that Highway Fifteen across Sperry County has been given a prominent place on the Highway Commission's major construction jobs for this year and it is expected that actual work on this section will begin this spring.

Among The Younger Set

This week the Courier presents little Johnnie Neil Billingsley, son of Mr. and Mrs. C. L. Billingsley of the Woody community. He has a most charming smile and is hereby appointed Ruler Supreme over the Younger Set for this week. He was born September 17, 1937.

PAVING CITY STREETS HERE IS CONTINUED

Paving in Lamesa goes steadily ahead with more than a dozen blocks of city streets already being graded with curbing and caliche base installed.

Several gaps in otherwise paved streets are also being included in the program. A gap on North Austin one-half block long is being paved, while another unpaved section on North First Street, is being finished.

Besides the three blocks on South Austin, one block on North Austin, one on South Main, one on South Third, one on South Second, the highway which traverses Dallas street through Lamesa, is being widened for several blocks and curbing and gutters installed on either side. On North Fourth where Houston Street intersects, the north side of the street is being paved with concrete gutters and curbs already installed.

There are rumors of much more paving throughout the city, but none of these could be confirmed this morning.

WILKES PUTS IN NEW MARKET FIXTURES HERE

Wilkes Grocery and Market this week completed the installation of new fixtures in their market department.

These are the very latest type, being aircooled with a fan to circulate the air throughout the east, thus maintaining the same temperature in every part, instead of being cold on the bottom and warmer at the top, as is the case in most units.

The new display case, which is longer than the old one, is full display, having glass clear to the bottom. The storage box is cooled with the same type of circulating air unit.

To give their customers a better service and at the same time to take care of their growing volume of business is the reason for this installation, according to store officials.

Visit the Wilkes store and see these new fixtures.

Dan Corley spent the week end visiting with friends in Fort Worth.

Massed Parade Be Outstanding Event Of Big Band Clinic

Clinic Band Concert Will Be Held At 7:30

Seventeen bands from over a wide area in West Texas have accepted invitations to attend the Lamesa Band Clinic in Lamesa, Friday of this week.

The bands will meet at the Methodist church Friday morning where they will organize for classes which will be conducted by D. O. Wiley of Texas Tech.

At 2:30 in the afternoon a mammoth parade composed of all bands will be held. This should be a real show as it is estimated that approximately 700 band members will participate in this parade. This promises to be one of the most colorful displays in the history of Lamesa. Many beautiful as well as gayly colored uniforms will make up this giant procession, and it is expected that many of the bands will have their drum majors here to perform for the public.

At 7:30 a clinic band will give a concert at the First Methodist church under the direction of D. O. Wiley.

FARMERS CO-OP ASSOCIATION IS ORGANIZED

At a meeting held in Lamesa, Friday, March 10th, by farmers of Dawson County, the first steps were taken toward the organization of a Consumers' Cooperative to handle petroleum products, etc.

Articles of incorporation were adopted, a temporary chairman and board of directors elected and a name selected under which the cooperative will function.

The name of the cooperative shall be Consumers' Cooperative Service Association with headquarters at Lamesa, Texas.

The association will be incorporated under the Cooperative Marketing Act of Texas, as amended, shall have a capital stock of \$25,000.00, which shall be divided into 2000 shares, said capital stock to be non-assessable and classified as Common and Preferred, of which 800 shares shall be Common Stock and shall have a par value of \$12.50 per share; and 1200 shares shall be Preferred Stock, and shall have a par value of \$12.50 per share. Each class of said stock shall be issued and sold as provided by the Cooperative Marketing Act of Texas, as amended.

Temporary directors elected were C. M. Burton, J. J. Handley, L. A. Lewis, Lee B. Burger, W. C. Speck, H. L. Wilson and J. H. Proctor. C. M. Burton was elected chairman of the board.

S. D. (Bob) Warner was given a vote of thanks and confidence for the work he has done thus far and was appointed to continue his work as organizer of the association.

The Cooperative Trade Certificate now being issued, until surrendered for stock in the association, was read, approved and adopted.

DAWSON COUNTY LIVESTOCK COMMISSION HOUSE WILL HOLD FIRST CATTLE SALE MONDAY, MARCH 27

Announcement was made Wednesday that the first regular weekly auction sale of the newly formed Dawson County Livestock and Commission Company will be held Monday, March 27th, beginning at 11 a. m.

The large auction barn which is built in an oval shape, measures 40x50 feet. It will house the offices of the company, the scales, auction ring and seats for buyers and spectators.

Work which was started last week, has progressed at a rapid rate and the announcement that the plant will be completed this early was rather unexpected, but a large crew of men was employed to speed the project along so as quick completion as possible. E. E. Barron, one of the owners stated Wednesday that they had already been approached by many farmers and stockmen of this area who have stock to sell, and for this reason it was decided to finish the structure as early as possible.

Besides the large auction barn, there are a total of 48 pens for holding cattle prior to and after sales. Arrangements are also complete for feeding cattle there when necessary.

An Important Meeting Is Called

A meeting of all business men in Lamesa, as well as farmers and stockmen in Dawson County, has been called for Friday morning at 10 o'clock in the District Court room.

The purpose of the meeting is to discuss ways and means by which the opening of the new Dawson County Livestock and Commission Company may best be advertised.

Everyone who is interested is urged to attend this meeting and bring what ever suggestion you may have to better advertise this big affair.

As has been pointed out before, the holding of regular auction sales for livestock in Lamesa has been advocated by many of the town's business leaders as well as civic bodies, and it was largely through this advocacy that the commission house was built. It is felt that in order to make it worth all that it should be to the stockmen of this area, it should be advertised to as many people as possible, as the more cattle there are to sell the better sales may be expected.

Remember the time and place, Friday morning at 10 o'clock in the District Court Room in Lamesa.

Barron, Leonard Breeding and Sol Cleveland. It will be recalled that several weeks ago the Lamesa Chamber of Commerce called a mass meeting for the purpose of discussing ways and means for the securing of regular auction sales for Lamesa and Dawson County. At that time a committee was appointed for the purpose of feeling out the sentiment, not only of the

business people of Lamesa, but the farmers and stockmen of Dawson county. It was found that a keen desire for such an enterprise was manifest on all sides. It was pointed out at that time that several out of town concerns were very desirous of locating plants in Lamesa, but sentiment here was to the effect that it would be much more desirous for local men to handle the affair than to have strangers here. After the committee's report, the three above named decided to handle the affair.

They have spared neither time nor expense to bring the very latest equipment to serve the people of this area with an adequate marketing place for their livestock.

They have secured the services of Kenneth Boseman, widely experienced auctioneer to handle the sales. He has worked in this sort of selling for many years and is highly recommended as being among the best auctioneers of Western Texas.

As has been pointed out many times before, this is not just another business enterprise in Lamesa, but has been (Continued on Back Page)

REGISTRATION OF CARS OFF FROM YEAR AGO

According to Buster Herndon, Tax Assessor-Collector, registration of cars and trucks in Dawson County are far behind the same date last year. Until March 15th, 1938, there has been registered a total of 731 vehicles, and on the same date this year there had been only 420, or slightly more than half as many.

There will be about 3200 vehicles to register in this county, and with only 420 registered in the first 15 days, it leaves approximately 2800 or seven times as many for the last fifteen days.

An appeal is made to secure your plates at your earliest convenience and thus avoid the last few days rush.

Recent Bride Honored With Shower

In the Klondike community last Monday afternoon, Mrs. Elbert Moss honored Mrs. Conley Esmond, the former Miss Geneva Spraberry with a miscellaneous shower. After viewing the many lovely gifts, refreshments consisting of cookies, sandwiches and punch were served to about forty guests.

Miss Guinn Honored With Bridal Shower

Mesdames Roy Love, Woodward and Thurman Carmichael entertained in the Woodward home last Tuesday afternoon with a shower honoring Miss Cladie Ruth Guinn, who became the bride of J. D. Nix, March 9th.

The gifts were presented by little Shirley June Robinson and the little Woodward boy, dressed as bride and groom.

Delicious ice cream and cake were served to about sixty guests. Several sent gifts who were unable to attend.

Angus Roberts Is Honored on Birthday

Mrs. G. M. Roberts honored her son, Angus, on his eleventh birthday at their home on South First street, Friday afternoon. Group pictures were various games were enjoyed during the afternoon. Group pictures were taken during the party.

Ice cream and a big birthday cake were served to Dan Boone, Bobby Conley, Pruitt Jones, Cecil Harris, Donnie Yeager, Lamoine Tune, Evelyn Moore, Sue Jean Bearden, and Wynelle Cotton.

Miss Betty Goldwin of W. T. S. T. C. Canyon, was the house guest of Miss Rita Meeks and Miss Jane Boone this week end.

Mrs. D. S. Day Hostess To Pioneer Club

Mrs. D. S. Day was hostess to members and guests of the Pioneer Club at her home Tuesday afternoon.

Games of "84" were enjoyed during the afternoon. At the conclusion of the games a delicious salad course was served to Mesdames Joe Barron, W. V. P. Baker, A. M. Bennett, R. E. Simpson, E. Bartlett, Dixie Kilgore, A. H. Smith and the hostess, Mrs. Day.

Mrs. Herman Sandle Honored Friday Afternoon

Honoring Mrs. Herman Sandle, the former Miss Melba Ruth Nance, Mrs. John I. Dean, Mrs. Marshall Stanley, and Mrs. Lem Gresham entertained Friday afternoon, March 3, with a shower in the home of Mrs. Dean.

As the bride entered the room, Mrs. W. J. Beckham played on the accordion the wedding march from Lohengrin. Mrs. Marvin Gresham, sister of the honoree, presided at the bride's book.

During the afternoon Mrs. Beckham delighted those present with several songs and accordion numbers.

Games were enjoyed by all after which Mrs. Ed Cartwright presented the honoree with a cosmetic case filled with lovely and useful gifts.

A St. Patrick's Day theme was featured in the appointments. A delicious salad plate was served to the guests and honoree. Several sent gifts who were unable to attend.

Gamma Alpha Held Regular Meeting Monday Evening

The Gamma Alpha, a chapter of the Beta Sigma Phi sorority, met Monday evening, March 6, at the Woman's Club House for their regular meeting.

In the absence of the president, Miss

Jesse Norris, Miss Betty Bratcher, vice president, presided during the short business session. A very helpful and interesting program was rendered during the evening.

Members of this chapter have been invited to attend a 1 o'clock luncheon at Midland this coming Sunday by the chapter there. Several are planning to attend.

Members present were Misses Betty Bratcher, Myrtle Henderson, Gertrude Day, Lenora Barron, Edna Bedwell, and one of their sponsors, Mrs. Louis B. Reed.

Mrs. Clyde Branon Is Hostess to Wednesday Bridge Club

Mrs. Clyde Branon was hostess to members and guests of the Wednesday Bridge Club last Wednesday at the home of Mrs. Tom Burnside on South Third street.

Games of bridge were enjoyed during the afternoon with Mrs. A. G. Barnard winning high score and Mrs. Gus Ragsdale and Mrs. Louis B. Reed being awarded slam prizes.

At the conclusion of the games a delicious salad course was served to Mesdames Tom Burnside, A. G. Barnard, Audrey Cox, E. Conley, Noble Price, Elzie Burleson, Powell, Gus Ragsdale, Jap Randall, Louis B. Reed, M. Q. Martin and the hostess, Mrs. Branon.

Girl Scouts Hold Regular Meeting Thursday

For some time the Girl Scouts of Lamesa have dreamed of a club house, and there has been quite a bit of talk on the subject but very little action.

At the regular meeting of Troop 3 last Thursday, the girls voted that ten dollars of their present treasury be donated as the beginning for a club house fund. The ten dollars may appear small beginning, but backed by the determination of these young girls it is an excellent beginning for any enterprise.

These girls are making plans whereby they can earn more money to add to the fund and they want the cooperation of every man, woman and child in Lamesa.

Besides being a meeting place, and a working place for our girls, the house will be a definite attraction for Lamesa. There is not an attractive meeting place available in our entire town for Girl Scout work and yet these girls work hard and faithfully in school rooms, stores, homes and any other place they are granted the privilege of working.

Kirk McKinnon Is Honored At Hardin-Simmons University

From the Hardin-Simmons Brand. During this week the Junior Class of Hardin-Simmons is publishing the Brand. The Junior Editor suggested that we honor one of the outstanding junior students this week. After talking to the editor a few minutes, I could tell that he thought that Kirk McKinnon, the president of the Junior Class, was the most outstanding student in that class.

Kirk came to Hardin-Simmons as a freshman in the fall of 1936 from Lamesa High School where he had made an ace football player. His freshman year here on the campus he lettered on the freshman football team. He made his place right then on the varsity for the next year.

At the beginning of the Sophomore year the class selected him as vice president of the group. He was one of the outstanding members of the class and worked side by side with the president in every undertaking that the Sophomores attempted. He was a member of the Varsity football squad and played a good game at quarterback. Kirk was selected as president of his class this year, because he is friendly, a good mixer, a good athlete, and can lead a group in any undertaking. He is the chief of the Junior Jamboree, and is really putting it over.

Kirk is a brunette with dark eyes, about five feet and ten inches tall, and weighs about 178 pounds, and above all is married. Kirk slipped away from his college friends during the Christmas holidays and was married to Miss Bobbie Dee Hull.

To Kirk McKinnon, the Junior Class presents the Silk Bandana for this week.

MARRIAGE LICENSES

J. D. Nix and Miss Cladie Ruth Guinn, March 9.
Conley Esmond and Miss Geneva Spraberry, March 9.
Charles F. Bohmert, Jr., and Miss Laura Marie Kirk, March 10.
Aubry Wallace and Miss Ethel Lena Stevens, March 11.
Elmer E. Dean to Miss Katy Luedell Mitchell, March 11.
Claude W. Ledbetter and Miss Dorris Cornett, March 11.

Mr. and Mrs. R. E. Simpson visited in the home of their daughter, Mr. and Mrs. Henry Stafford in Crane last week.

Homer Simpson, who is attending school at Texas Tech, spent the week end with his parents in Lamesa.

FEMININE FANCIES

By Kathleen Eiland

We can't think of what decorators will think of next. This idea of painting the walls of a room in horizontal bands (usually about 5), beginning at the top with a light tone and darkening each succeeding band floorward, impresses us as being about the ultimate in original decoration.

At least, if there's anything more original, we'll merely take it for granted and cling to our old-fashioned ideas.

A room with banded walls must have been planned only for those of jittery tendencies who never need anything scotch and solid to refresh them.

One thing is certain—we'd hate to come home from a day as a reporter and try to rest in a room like that.

A triple-band leather belt in three different colors is an interesting conceit for adding that desired final touch to a dress. The leather is lines and is very soft and flexible. (So flexible in fact, that we wonder if our judgment has deceived us and if it is really only a synthetic material and not a grown-on-the-animal leather).

Other new belts are made of kidskin so soft that it crushes and ties like a ribbon. Dramatically wide these belts are, and some of them are one color on one side and another color on the other side—doubling their usefulness in an efficiency wardrobe.

"Apple Rose" is the newest color in footwear, we've been informed. It looks like plain, rather bright red to us. But it is pretty.

"Spring fever." It's a most convenient phrase. On these half-warm, half-chill afternoons when we're too indolent to work, spring fever makes a respectable cloak for our laziness.

If we admit we're lazy and just don't want to work, people will likely turn up their noses contemptuously at us. But if we explain that we have spring fever, there'll be a gleam of sympathy, yes, even admiration in their eyes.

Therefore this year, we're going to have spring fever.

Another of the numberless ways in which ingenious women are ensembling their costume colors this season is to have gloves match their favorite shade in the printed silk frock.

If you have enough colors in your frock (and enough gloves) just think what a variety may be given to your early spring costumes in this way.

CARD OF THANKS

We wish to thank our many, many wonderful friends for their kindness shown in many different ways during the death of our little daughter and sister, Claudie Lavelle. Especially do we thank those bringing lunch and flowers and for the kind words spoken. Mr. and Mrs. Claude Graham Weldon, Billie Pearl and Melva Jo.

CARD OF THANKS

We wish to take this means of thanking our many friends for the help and comforting words during the serious illness of our little daughter Glennis, and our son, Floyd. Especially do we thank Dr. Cutler for his special attention, and the farmers who brought their tractors and put up my entire farm, J. R. Tipton, R. L. Miller, Cecil Cole, Vernie Towns, Mr. Caudle, Lewis Atterbury, H. Holt, Ernest Palvado, J. F. and Foy O'Brien, Milton Gibson, Mr. Simmons, Heubert Simmons, A. W. Hatcher, Vernie Jameson and John Harris.

If sickness ever comes to you, our prayer is that God will deal as mercifully with you as he has with us. Steve Whisenant and family.

Mr. and Mrs. Phil McKee visited with friends in Tahoka, Sunday.

LIBERTY

Beth Davis, Correspondent.

Sunday school was well attended last Sunday. Everyone come and bring some one with you next Sunday.

Edwin and Hardin Easterwood of Texas Tech, Lubbock, spent the week end with their parents, Mr. and Mrs. H. E. Easterwood.

Mr. and Mrs. M. H. Hamilton and son visited Mr. and Mrs. C. M. Burton, Sunday.

Mr. and Mrs. Arnold Bedwell and daughter LaVene, Mr. and Mrs. Spencer Barron and Mrs. aKte Lovelady attended the Fat Stock Show at Fort Worth this week end.

Mother Miller, Wanda Lee and Mary Ann Nolen are on the sick list. We hope them a speedy recovery.

Mr. and Mrs. E. P. White visited Mr. and Mrs. Finley Owen of Seminole this week end.

Edward Davis visited Audene Summerlin, Sunday.

The forty-two club met with Mr. and Mrs. Bridges last Friday night.

A few of the patrons visited school Tuesday.

On March 23rd at the regular meeting of the O. E. S., the Deputy Grand Matron, Mrs. Ruby Reed, will make her official visit to the local chapter. All members are urged to be present.

Dr. Cox Says:-

LETTERS FROM THE PEOPLE

The first week of March showed 1000 cases of influenza in Texas. Dr. Geo. W. Cox, State Health Officer, has issued the following statement on the disease.

"In its present form the symptoms may range from a common cold to high fever, back ache and prostration. However, pneumonia as a complication represents a real hazard and it is well known pneumonia is an exceedingly dangerous disease. The remedy is to go to bed upon the first appearance of the cold and remain there until advised by a physician before one can safely get out of it.

"Everyone should realize that in its lightest form influenza can very easily become a serious matter. Prevention is far better than cure and the careful observance of a few common sense rules will materially strengthen one's resistance to an attack of influenza. Some of these rules are:

- (1) So far as possible avoid contact with members of families with colds or influenza.
- (2) Keep the feet dry.
- (3) Wash the hands before meals.
- (4) Avoid unnecessary fatigue.
- (5) See that your alimentary system is regular in action."

"Never in history have there been safeguards available to protect the health of the unborn child as there are today. With the family physician supervising the mother through the expectant period, essential advice influencing a favorable outcome for both mother and offspring is available to all those who will take advantage of this protection," states Dr. Geo. W. Cox, State Health Officer.

"Unfortunately, the value of this service is overlooked by many expectant mothers. Indeed negligence in this regard annually is responsible not only for thousands of avoidable maternal deaths but for the birth of physically and mentally handicapped children, for many miscarriages and for the majority of stillbirths. Syphilis plays a significant part in these casualties.

"It follows that every expectant mother should make sure that she is free of syphilis by requesting a blood test when she goes to her physician for a prenatal examination. The earlier the discovery is made the better. However, if the examination is conducted before the end of the fifth month of pregnancy, thanks to the defense mechanism of the body that resists the passage of the syphilis germ to the unborn child, proper treatment will insure the birth of a normal child.

"Were this policy generally adopted the tragedy of 60,000 syphilitic babies being born each year in the United States could be lessened, not to mention the miscarriages and stillbirths—calamities that occur to eighty-three per cent of untreated syphilitic women at childbirth.

"It is, therefore, of paramount importance that women early in pregnancy should have a blood test, so that if infection is found, treatment may be promptly instituted."

Dear Friend:

The truck load limit bill is sick right unto death. The house committee has already voted unfavorably. The senate sub-committee reported out only a 10,000 pound load compared with the present 7,000 pound.

If the farmers and ranch people are to have cheaper transportation rates it is necessary we get behind this bill and actively support it.

We have one more chance but we have got to do something now if we are going to get an increased load which will be of any real value.

If this valuable piece of legislation fails to pass it will be for the lack of farmer support.

Let's not have it said that the farmer and rancher did not give it enough support.

The railroads and compress people have already flooded their senators and representatives with letters and telegrams opposing an increase. These same senators and representatives have not heard from the farmers' by the thousands nor even by the hundreds.

Now let's change that situation, it is up to farmers from the many different counties. Lobbying has ceased to be a virtue and I am appealing to you for help.

Please send a letter or post card today to your senator and to your representative. Do it today. Time is an important element.

They have not heard from you. They will be glad to have your opinion. They can't read our minds.

Insist that they vote for the Kelly truck load limit bill which is a reasonable bill controlling the total load of a truck as well as the pay load. Doing nothing means defeat. Delay means defeat. Prompt action means success. Insist that your neighbors and friends write. TODAY IS THE DAY!

C. F. MIDDLETON,
Chairman Precinct No. 2, Texas Agricultural Association.

R. E. Simpson and R. E. Jr. attended a Texaco meeting at the Hilton Hotel in Lubbock, Tuesday.

Mr. and Mrs. E. C. Nix spent Tuesday in Colorado visiting in the home of their son. Mr. and Mrs. E. C. Nix Jr.

Boyd Kilgore left Monday for Leveland where he will be connected with an automobile repair shop.

Mrs. Mack Noble and children of O'Donnell spent Friday here visiting her parents. Judge and Mrs. J. E. Garland.

Miss Rita Meeks of W. T. S. T. C. Canyon, spent the week end here visiting with friends and relatives.

Miss Jane Moone of W. T. S. T. C. Canyon, spent the week end here visiting her parents. Mr. and Mrs. J. H. Boone.

R. C. Lott is attending the Fat Stock Show in Fort Worth this week.

Miss Gladys Wright of Abilene spent the week end here visiting with friends.

FOR RENT: Two room furnished apartment. Phone 101. Located 212 N. Houston. Mrs. F. Kutch. 7 tfc.

Texas University Will Have Statue

A huge bronze memorial to the early Texas mustang on the ground of Texas Memorial Museum will be executed by A. P. Proctor, outstanding American sculptor of Seattle and New York. University of Texas officials have announced.

The \$60,000 memorial, to tower ten feet high and measure about the same distance in length and width, was given the University by Ralph R. Ogden, Austin oil operator and former cattleman.

"I want to show the children of this country what the horse was like that carried the men who redeemed Texas from the wilderness," he told J. Frank Dobie, University professor and author who represented him in arranging for the memorial.

The several ton statuary will show seven bronze mustangs—stallion, five mares and a colt—galloping "hell bent for leather" in Dobie's words, down the face of a bronze mountain.

Mr. Proctor said he would mould his working model during a three months' camp on the Tom East Ranch near Hebronville, where the pure strain of the fading breed of Texas horses is still preserved.

The contract calls for completion of the statuary within two years. It was let to Mr. Proctor after a five months conference with the outstanding animal sculptors of America. Mr. Dobie said.

FREE USE OF MILK MEANS GOOD HEALTH

Good, clean, wholesome milk is one of the best foods known for promoting good health. Milk supplies proteins, fats, minerals, and vitamins in forms which are easily digested and unequalled in other foods. W. V. Maddox, dairyman of the Texas A. and M. College Extension Service, points out in a recent bulletin.

Almost one fourth, or 121,000, of Texas' farm families, have no milk cows. This means that the state needs an additional quarter million dairy cows if farm families are to have enough milk for home needs, and also that dairy production for home use can expand considerably in the state without competing with commercial dairy areas.

Maddox says that Texas farm families not only need more cows, but that the cows now on hand need to be cared for in a more efficient way and that more care would produce more and cleaner milk. His circular lists in brief concise form the precautions to be observed in keeping milk clean.

C. L. Schmidt and Charles Staggs made a business trip to Seminole Sunday.

Nelson Williams of Lubbock spent Sunday here visiting with friends and relatives.

Miss Addie Ruth Fulkerson is attending the Fat Stock Show in Fort Worth this week.

No Need To Cover Them

Covering dishes of cooked or left-over foods for normal storage in the family refrigerator is a thing of the past for this attractive homemaker, who is proudly showing her guests her new "Cold Wall" type Frigidaire. This refrigerator is a new invention of General Motors in which cooling is accomplished by radiation and refrigerated walls. Using low temperatures and high atmospheric moisture, without the usual moisture-robbing air circulation, which is not necessary with this method of refrigeration, foods even in uncovered dishes are preserved fresh, full-colored and full-flavored for long periods. A special meat tender in this refrigerator provides just the right combination of cold temperature, moisture and air circulation to keep fresh meats in that condition.

Mineral Supplement Helpful To Calf Crop

Use of mineral supplements under range conditions continues to show favorable results. Geo. W. Barnes, animal husbandman of the Texas A. and M. College Extension Service, reports. Bone meal and salt in the proportion of two parts of salt to one of bone meal, or in equal amounts of each, have brought the best results, Barnes said.

Reports of county agricultural agents show mineral supplement demonstrations returned many times the cost of the material in increased calf crops and general vigor of the cattle. Lon McClellan, operator of the

Circle Bar Ranch in Ector and Andrews counties had a calf crop of better than 92 per cent in 1938. McClellan has been using the bone meal-salt mixture for several years and has often had a 90 per cent calf crop in years when similar ranches with comparable cattle, but not using minerals, had calf crops running around 50 per cent. Ben Huseman, Tom Babb, and H. W. Hillman, all of Jackson county, have been able to put more and better calves on the market as a result of keeping minerals before their cattle. Babb states, "I would get out of the cattle business in the Gulf Coast country if it wasn't for bone meal."

10,000 Trench Silos To Be Built In Texas

Texas farmers and ranchmen will dig and fill around 10,000 new trench silos during 1939. E. R. Eudaly, dairyman of the A. and M. College Extension Service, and Texas' No. 1 trench silo apostle, has predicted.

"We filled 7,536 new trenches in 1938, and we'll do that much or better again this year. The AAA sweet sorghum ruling will be a big factor," Eudaly said. Under the 1939 AAA program, sweet sorghum can be planted on neutral acres for use as silage. This has not been the case in programs of the past.

If the dairyman's predictions come true, Texas may see upwards to 30,000 trench silos filled this year as compared with 1938's 17,019. There were only 12 trench silos in the state in 1932.

On the basis of value per ton of silage, Eudaly lists corn, grain sorghums, sweet sorghums, and sudan and johnson grass, in that order, as the best silage crops. He points out, however, that the farmer is interested in the per acre return, and that on this basis sweet sorghum, because of its tonnage, is frequently the crop to plant.

With the AAA sweet sorghum ruling, which does not apply to corn and grain sorghums, as an extra inducement, Eudaly expects thousands of farmers and ranchmen to turn to su-mac and other sweet sorghums for their silage crops in 1939.

Advise Use Of New Vegetables

Try the new Nantes carrot, the Sweet Spanish onion, Honey June sweet corn, and the Katahdin Irish potato, J. F. Rosborough, horticulturist of the Texas A. and M. College Extension Service, advises home gardeners.

Plant breeders are making a greater effort than ever before to produce hardier, more vigorous, and otherwise improved varieties of vegetables, he says. Much attention is being paid to resistance to disease and insect pests.

New vegetable varieties are always worth a trial on a small scale, but the old standbys should be planted too until the new varieties have proved themselves, the horticulturists warn. "I'll

go to bat for the four I've just told you about, though," he said. The Nantes is a carrot of deep orange color and high quality. For use during the late summer, fall and winter, the Sweet Spanish onion is Rosborough's favorite. It is not quite as mild as the Crystal Wax or White Bermuda, but it is hardier and an excellent keeper under farm storage conditions.

Honey June sweet corn, a cross between field and sweet corn developed by the Texas A. and M. Agricultural Experiment Station, is tops for early roasting ears and for canning.

The Katahdin is a large, round, white fleshed Irish potato. In test plots and under farm conditions yields have been higher than those of the Cobbler and Triumph variety, and it is also superior in keeping qualities. Rosborough has advised county agricultural and home demonstration agents as to places where this new variety can be obtained.

Miss Estelle Jackson of Seminole spent the week end here visiting with friends and relatives.

Mr. and Mrs. Norwood Taylor of Ft. Worth were business visitors here over the week end.

Mr. and Mrs. Owen Taylor and children spent the week end at Fort Worth attending the Fat Stock Show.

Mr. and Mrs. Wendell Jordan attended the Fat Stock Show in Fort Worth this week end.

Miss Maynette Moore of Lubbock spent the week end here with her parents, Mr. and Mrs. Ben Moore.

Miss Annabelle Allen of Lubbock spent the week end here visiting with her parents, Mr. and Mrs. Guthrie Allen.

Mrs. Clayton Lawrence of Dallas is here visiting with her parents, Mr. and Mrs. Jim Bridgeman.

Mrs. Jim Bridgeman spent last week in Dallas visiting with Dawson Bridgeman and Mrs. Clayton Lawrence.

Mrs. Arthur Hull spent the past week in Dallas visiting friends and relatives.

Thomas Cole of Baylor University, Waco, is here visiting with his parents Rev. and Mrs. E. F. Cole.

To the Stockmen and Farmers...

IT IS WITH MUCH PLEASURE THAT WE ANNOUNCE TO THE FARMERS AND STOCKMEN OF THIS TERRITORY THAT WE WILL HOLD THE FIRST

Auction Sale of Cattle Monday, March 25

At our new barn and pens which we are just completing. We invite you to inspect our place and watch next week's paper for complete details.

DAWSON COUNTY LIVESTOCK AND COMMISSION COMPANY

E. E. BARRON LEONARD BREEDING SOL CLEVELAND

TO GIVE BOOK REVIEW TONIGHT

Miss Elizabeth Arnett

The High School Thespian Club, under the direction of Mrs. L. M. Pratt, is presenting Miss Elizabeth Arnett in a book review tonight at the High School Auditorium. Miss Arnett will review "Saint Joan" by George Bernard Shaw.

Miss Arnett needs little introduction in our town since all of us have followed her dramatic achievements with pleasure and pride. It will be remembered that she played the lead in the one act play that went to the state

finals from here in the high school contest in 1935, and that she was voted the best actress in the Texas Intercollegiate Dramatic Tournament her first year in Texas Tech, and that she has won an enviable record for herself in Dallas Little Theatre. Recently Miss Arnett played Saint Joan in the play of that name in Albuquerque Little Theatre and in Charleston Dock Street Theatre in Charleston, S. C., and directed "Stage Door" for the Dramatic Society of Charleston College.

CARD OF THANKS

To our many friends and neighbors we wish to take this method of thanking you for the many kind deeds you showed us during our illness. Mr. and Mrs. Clint Aldridge and children.

Mrs. Willie Watson of Lubbock, spent the week end here visiting her sister, Mrs. L. E. Eager.

Mrs. Ray Lewis of El Paso spent the week end here visiting her mother, Mrs. L. E. Eager.

TRUSTEES FOR DAWSON COUNTY SCHOOLS NAMED

The school trustee elections will be held at the respective school buildings of the county on April 1. In some of the districts where consolidations have taken place during the last year the whole board must stand for re-election. Notices have been posted in accordance with the law governing such elections.

Petitions will be accepted by the county judge for the purpose of placing names on the ballots until ten days prior to the date of the election.

The following is a list of the present trustees of the county. Those with the X preceding their names are the ones whose terms expire this year.

SOCIAL SECURITY ACCOUNT CARD SHOULD BE CARED FOR

Too frequently when a man applies for a job, he is inconvenienced because he has either lost or misplaced his social security account number, said W. O. King, manager of the San Angelo office of the Social Security Board.

Many employers have adopted the custom of not considering an applicant for work unless he can produce his social security account number and thus avoid inconvenience to both employer and employee when the time comes for preparing wage reports. King said.

"For this reason, it is important that the account number card be kept in a safe place where it can be located on short notice," King continued. "However, when by accident the card is lost or destroyed and there is no record of the original number, the individual should apply at once for a duplicate, for which there is no charge. Prompt action is always advisable, since a duplicate cannot be secured as readily as the original.

To obtain a duplicate, King said, the worker makes application on Form SS-5, filling it out exactly as he did in applying for his original number, making sure that the data are the same as before, and adding a statement that a duplicate is requested. That is all that is necessary. In some instances it has been reported that some individuals have been charging a fee for aiding workers to secure duplicate numbers. It is not necessary for an applicant to buy such services. King stated, since the procedure for obtaining a duplicate is quite simple. After forms have been completed for this purpose, they should be mailed to the Social Security Board at 412 Rust Bldg., San Angelo, and a duplicate account number card will be prepared and mailed to the individual.

Committee Reports

Announcement that three local citizens, Erie Barron, Leonard Breeding, and Sol Cleveland, are putting in a livestock auction sales ring brings much pleasure to the undersigned Chamber of Commerce committee, whose duty it has been to interest some one in this enterprise. We thoughtfully believe that this is a valuable enterprise for Lamesa and Dawson County and that everyone should cooperate with the sale and make it one of the best in this section.

We believe this sale will give our farmers and stockmen a better and quicker market for their livestock and that it will save them much expense in transportation and travel.

It is planned that the opening sale will be held Monday, March 27th, with a sale being held each Monday thereafter. Adequate pens are being built and one of the best and most up-to-date barns in this section is now under construction.

The Committee congratulates the owners of the business for their cooperation and interest, and earnestly solicits everybody who desires to buy or sell livestock to give Lamesa sale a trial. Remember the opening day—March 27th. The location of the sale will be south of Lamesa on the Big Spring highway just south of the C. C. Camp.

Signed:
W. K. CRAWLEY
CARL ROUNTREE
A. G. BEARDEN

Farmers Of Texas Receive AAA Cash

The cash that Texas farmers and ranchmen are scheduled to receive from the AAA, to reward their contribution in 1938 to the conservation of agricultural resources, would purchase a \$5 pair of shoes and a large sack of flour for every person in Texas, Oklahoma, Louisiana and Arkansas.

The estimated total, according to the AAA's annual report for Texas, is \$97,885,000.

That, according to George Slaughter, chairman of the Texas Agricultural Conservation Committee of the AAA, with state headquarters at College Station, includes \$68,700,000 in cotton conservation and price adjustment payments amounting to 12,100,000 on general soil-depleting crops, such as corn and grain sorghums; \$100,000 on peanuts; \$3,900,000 on wheat; \$485,000 on rice; \$4,900,000 for soil building practices, such as terracing and planting green manure crops; \$4,900,000 for range conservation, and \$4,000,000 to increase individual payments of less than \$200.

While compliance with the 1938 program has not been checked completely, the annual report is projected to show that the number of payees will run close to 615,000 and that about 38,687,580 acres of cropland will be

covered by applications for conservation grants.

"Doubtless the layman finds it difficult to grasp the significance of these figures," Slaughter commented. "To farmers they mean an insured income, up to a certain amount, through cooperation with one another. To the thousands of independent merchants and professionmen throughout the state, whose security depends upon the stability of agricultural income, the figures should also mean a lot."

Jack McLaughlin spent the week end visiting with friends and relatives in Athens, Texas.

Mrs. Mike Garvin spent the week end at Dallas visiting with friends and relatives.

Mrs. Nelle Chumbley spent the week end visiting with friends in Dallas and Fort Worth.

Lamar Cole of Baylor University is this week visiting his parents, Rev. and Mrs. E. F. Cole.

Miss Ussery Meek spent the week end in Lubbock visiting with friends.

Mr. and Mrs. L. F. Kennedy returned Sunday from San Angelo after a weeks visit there with friends and relatives.

CARD OF THANKS

We cannot find words to express our thanks and appreciation to you our many friends and neighbors, who have been so grand to us during the illness of our little daughter Ellen Jean. We want to thank you for the nice food you have brought from day to day, for the many sacks of fruit and fruit juices, the beautiful flowers and lovely gifts.

We also want to thank the American Legion Auxiliary, Miss Olive Meador's Sunday school class, Ellen Jean's school mates, Miss Wolkowski and the Girl Scouts for their beautiful gifts and too, we would not forget the nice cards and letters which have made her stay in bed more pleasant.

Especially do we appreciate and thank Dr. Frazier for his interest.

By your thoughtfulness and kindness our burden has been made lighter, and may God bless each of you in our prayer.

Mr. and Mrs. Sam James, Sammie and Ellen Jean.

CORRECT COOKING CUTS VITAMIN LOSSES

Ruth Magee, Home Supervisor Farm Security Administration

It's not only what vitamins come to the kitchen via the market basket or the garden that counts in the family's nutrition, but also how much of these vitamins reach the table in foods served.

GOOD WHITE BOND Typing Paper. \$1.00 per thousand at the Courier Office. xxx

Why Get Up Nights? Its Nature's "Danger Signal"

Make this 25c test if functional kidney disorders get you up nights. Often the kidneys need flushing as well as the bowels. Thousands have used Buckets to increase healthful diuretic activity. Your 25c back from any druggist if not pleased in 4 days. Locally at Bryant Pharmacy. 8 4tc.

ed up so appealingly that the family can't resist them.

There are many forces at work to destroy vitamins en route from garden to table. Unnecessary vitamin losses often occur in the kitchen. For if a cook does not take precautions she may unknowingly destroy some of the very food value she planned for so carefully in her menu.

Almost everyone recognizes the culinary tragedy of a tender, juicy piece of meat being put through the ordeal of sizzling fire throughout its roasting, at the hands of an inexperienced cook. The destruction of good flavored—the shriveled, charred remains—bear witness to wrong cooking methods.

Just as tragic, though not so evident, is the cabbage that has been overcooked until it has lost much of its valuable vitamin C. Or the carrots chopped into minute pieces, submerged in cooking water, then served up minus the water—and consequently minus much of their vitamin and mineral content.

To sum up the situation, food values that may be lost in cooking are certain vitamins and minerals. Minerals are not destroyed, but may dissolve in the cooking water and be lost of that is not used. Some vitamins also may be dissolved in the cooking water, namely B1 or thiamin, and C or ascorbic acid, are in double danger of being lost, for they also may be destroyed by heat.

To assure the preservation of the most vitamins and minerals in the cooking of a fruit or vegetable follow the simple, easy-to-observe rule—"Cook quickly, in as short a time as possible, using the smallest amount of liquid that is practical. Make use of the cooking water."

This, of course, is no revolutionary idea to the good cook. It is what she does anyway—to get the most pleasing texture—to preserve the natural good

flavor and color of fruits and vegetables. She doesn't need special kettles or fancy equipment. It's just a matter of method and timing.

She knows, for instance, that it is not necessary to flood vegetables during cooking. For many, a small layer of water at the bottom of the pan will be enough to form steam to cook them. Then when the cooking is done, there'll be about enough water to furnish liquid for a butter sauce or to be combined with other fats and seasonings and served with the vegetable. If considerably more water must be used, often it may be put in soups, gravies, and sauces.

All of the vitamins are more easily destroyed in a solution that is alkaline than in one that is acid. So nutrition experts put "thumbs down" on the adding of soda to preserve the color in green vegetables. Even though this practice may bring out the green color it destroys vitamins—especially vitamin C and Vitamin B1. A recent experiment with green beans showed that the very least amount of soda that would preserve the green color destroyed nearly 1-3 of the vitamin B1 content.

When cooking vegetables, heat them quickly to remove air in their tissues. Avoid any unnecessary contact of air with the vegetable during cooking. Stirring air into hot food during cooking or sieving increases vitamin destruction by oxidation.

Another vitamin saving practice is to use vegetables as soon as possible after buying them or bringing them in from the garden. Buy green vegetables from day to day if practical, from a dealer who gets in a fresh supply of vegetables frequently. Under ordinary storage conditions there is a gradual loss of vitamins C, A, and B1. The vitamin C losses are most serious, especially in nonacid vegetables, and these include practically all vegetables but tomatoes. Keeping vegetables in the refrigerator or a very cold pantry helps to cut down on vitamin loss in storage.

Vegetables that have been preserved by commercial quick freezing or 'frosting' are best cooked without preliminary thawing to protect their vitamin content. They should be taken out of the package and dropped immediately into boiling water. Considerable vitamin C is lost when the vegetable is allowed to thaw in the air. There is no evidence that quick freezing with storage afterwards at low temperatures has any destructive effect on vitamin content.

Such are the general rules for all of the vitamins. Three of them, C, B1, and A, need special mention.

Vitamin C, often called ascorbic acid, is one nutrient in which many diets are low. It is necessary for good teeth nutrition and for the prevention of scurvy. It must be provided daily, because the body cannot store it. Best sources are tomatoes, citrus fruits, and raw leafy vegetables. It is the most easily destroyed of the vitamins in cooking, but foods that are an excellent source of it when raw retain significant amounts of it if cooked according to the rules already suggested. It is fortunate that the acid in fruits, especially citrus fruits and in tomatoes protects the vitamin C in storage, canning and cooking.

Vitamin B1 or thiamin is necessary to keep muscles in good "trim" and for keeping the digestive tract and appetite in good order. Vitamin B1 is very soluble in water and may be destroyed in cooking. It is widely scattered in nature, but there are few really excellent sources. The richest plant sources are whole-grain cereals and legumes. But green leafy vegetables and many fruits rate as good sources.

Vitamin A does not present the same cooking problems as vitamin C and B1. In vegetable cookery practically none of it is destroyed by heat or goes into solution in the cooking water. Yet American diets often contain too little of it. It has long been known to be necessary for good teeth and bone formation, to stimulate growth, and for well being at all ages. Recent experiments have shown that an insufficient amount of vitamin A causes "nutritional" night blindness, or the inability of the eyes to adjust to dim light.

Inexpensive sources are the plants that contain provitamin A, which is changed to vitamin A in the body. These are the green leafy vegetables and the yellow vegetables. Other important sources are liver, egg yolk, butter, cream and whole milk, oily fish, and of course fish liver oils.

Miss Bill Upton and Mr. and Mrs. E. T. Scott spent Tuesday in Meadows visiting with friends and relatives.

Mr. and Mrs. Pete Singleton spent Sunday in Big Spring visiting with relatives.

Mr. and Mrs. Otho Norris, and Miss Lavelle Gable spent Sunday in Haskell visiting with relatives and friends.

Mr. and Mrs. Leonard Bartlett of Lorenzo spent the week end here visiting with relatives and friends.

Mr. and Mrs. F. L. Grogan of Crosbyton spent last week here visiting in the home of Mr. and Mrs. J. H. Beal.

Miss Margaret Wright left Wednesday for Dallas where she will visit with relatives and friends.

Tom Wilkes of Baylor University is here visiting his parents, Mr. and Mrs. E. V. Wilkes.

SOCIETY

Double Wedding Heads This Weeks Social Events

Miss Geneva Spraberry and Mr. Conley Esmond, Miss Cladie Ruth Guinn and Mr. J. D. Nix were united in marriage March 9th at the home of Rev. R. C. Guest who read the beautiful single ring ceremony.

Mrs. Esmond was attired in black and white with black accessories and Mrs. Nix wore black with Japonica accessories.

Mrs. Esmond is the youngest daughter of Mr. and Mrs. A. J. Spraberry of the Klondike community. She is a graduate of the Lamesa High School and has also attended Draughon's Business College in Lubbock.

Mr. Esmond is also a graduate of the local school and attended Sul Ross Teacher's College at Alpine for over two years. They will take their home on his farm in the Muenger community.

Mrs. Nix is the daughter of Mr. and Mrs. A. B. Guinn of Midway and is a graduate of the local school.

Mr. Nix is the son of Mr. and Mrs. Olin Nix of the Mt. Olive community and was formerly employed by Earnest and Nix Implement Company. They will make their home in the McCarty community where Mr. Nix will be manager for the Nix farms located in that community.

They left immediately after the ceremony for El Paso, returning Sunday afternoon.

Midland Chapter Hostess to First Area Council

Forty-three members of Beta Sigma Phi gathered at the Hotel Scharbauer in Midland, Sunday, for the first area council of this region. Members present were from sorority chapters at Big Spring, Lubbock, Odessa, Sweetwater, and Midland.

The Midland chapter had been asked to take the initiative in organizing the council.

Miss Marguerite Vivens, president of the host chapter, presided at the green and white register, assisted by Miss Norene Kirby.

Luncheon in the crystal ballroom preceded the business meeting. Table decorations carried out the St. Patrick's day motif. Bowls of Jonquils were placed at intervals down the table, being linked by festoons of Eng-

lish ivy. Place cards were in the St. Patrick design, while at each plate favors were shamrocks on which rested tiny china hats.

The luncheon program included a solo, "When Irish Eyes Are Smiling," by Mrs. Johnny Sherrod, accompanied by Mrs. John M. Speed, Jr., a reading "My Land, What a Wedding," Mrs. M. D. Johnson, Jr.; "Irish Coquetry," Mrs. R. Steele Johnston.

During the business session, it was decided that the council shall meet quarterly, with the next session to be held at Big Spring in June.

The state convention to be held in Houston in May was also discussed.

Each chapter presented a resume of activities during the past year.

Following the luncheon, the group went to Crier Park, where pictures of the various chapters were made.

Members from Lamesa attending were Mrs. Connelly Baldwin, Misses Myrtle Henderson, Betty Bratcher, Edna Bedwell, Jessie Norris, Lenora Barron, Mrs. Louis B. Reed, Melvin Norris.

Miss Williams to Be Featured in Choir

With Miss Georgia Mae Williams featured in a choir of 200 voices, Texas State College for Women's final choral symphony concert of the year will be presented in the college auditorium Thursday evening, March 16 at 8:15 o'clock.

Closing a full year's program for the choir, the vocal part of the concert Thursday will be conducted by Dr. William E. Jones, of the department of music, with the assistance of John Murray Kendrick, professor of voice. Walter Gibson Walters will conduct the symphony.

Miss Williams, the daughter of Mr. and Mrs. J. R. Williams, is studying kindergarten primary education.

Out-of-Town Guests Visit in Minor Home

Mr. and Mrs. J. C. Minor had as their guests over the week end their grandchildren and father, Mr. I. N. Burke of Hollis, Okla., and a granddaughter of Amarillo. Also the Minor children who reside in and near Lamesa came in on Sunday. Mr. and Mrs. Minor have 13 grandchildren and 3 great-grandchildren who were present.

Mr. Minor has been ill for the past three or four weeks but at this writing is slowly improving.

Apex Union Celebrates First Anniversary Tuesday

On last Tuesday evening the Apex B. Y. P. U. celebrated its first anniversary. The Union was organized on March 13, 1938. The first officers elected were Glen Wilson, president, Joyce Travis, vice president, Nina Faye Bennett, secretary, Mary Ellen Lambeth, pianist, James Crumbley, daily Bible readers leader, Edna Bedwell and Zerk Robinson were group captains.

The enrolled averaged around 20 members and Mr. and Mrs. Donald Williams were the sponsors and with their guidance the Union has progressed to the point where it now boasts a membership of forty-five. It is the desire of each member that the Union will continue to grow in the new year as much as it did in the past.

During the entertainment hour the group enjoyed games, a sing song and "Personal Opinions of the B. Y. P. U." by several individual members.

Refreshments of peach salad, cookies and punch were served to about 30 guests.

Miss Gertrude Day Honors Friends With Dinner

Miss Gertrude Day honored Miss Wanda V. Speck and Ray Eldridge of Lubbock with a surprise birthday dinner at her home Sunday.

A delicious turkey dinner with all the trimmings was served to the guests. Guests attending were Miss Wanda V. Speck, Miss Louise Reed of Lubbock, Miss Marguerite Flaniken, Miss Virginia Haggard, S. S. Forrest, Ray Eldridge, Don Willett, Ed Gray, Mr. and Mrs. Jap Baldwin, Mr. and Mrs. D. S. Day, and the hostess, Miss Gertrude Day.

Miss Oppenheimer To Give Book Review March 30th

The Thespian Club under the direction of Mrs. L. M. Pratt, will sponsor Miss Evelyn Oppenheimer in the review of "Rebecca" by Daphne Du Maurier, Thursday afternoon, March 30th, in the High School auditorium. Thespians feel honored to be able to bring this celebrity to Lamesa for she is known throughout the Southwest for her delightful personality and unique style.

Miss Oppenheimer is employed by Titcher-Goettinger in Dallas for monthly reviews and she tours the state for appearances before various literary clubs. Many Lamesa women have driven to Big Spring and Lubbock to hear Miss Oppenheimer so we feel confident that the news of her coming to Lamesa will be met with real enthusiasm by those who have heard her and by many who have not yet had the privilege. Tickets will be sold by Thespian members and Thespian Mothers. Adult tickets are 50c, children and high school students, 25c.

Lumbermen Form Organization

Framework for organization of South Plains and Eastern New Mexico Lumbermen's Association was perfected last night at a meeting of approximately 75 members and their wives at Hotel Lubbock.

A board of directors was named and executive officers of the organization will be chosen at a future called session of the officials.

The board is composed of Tom Johnson, Hobbs, N. M., Lamar Forrest, of Lamesa, Tom Bouchier, Post, Bill McKee, Ralls, Bob Horne, Plainview, Fred Smith Brownfield, Ed Seeley, Littlefield and George W. Gray and Sam Reid, both of Lubbock.

The action was taken at a banquet given in honor of Carl E. Locke, of Beaumont, president of the Texas Lumbermen's Association and C. A. Pickett, secretary-manager of the state group.

Forrest presided at the session and introduced Locke and Pickett, who were the main speakers. Mrs. T. R. Prideaux, Lubbock, welcomed the visitors.

A more favorable and encouraging business outlook for lumbermen of Texas was forecast by the state president in his address which dealt with the relationship of business and government.

Those attending from Lamesa were Mr. and Mrs. D. S. Day, Mr. and Mrs. W. T. Goble, Mr. and Mrs. Sam Bailey, Mr. and Mrs. S. L. Forrest, S. S. Forrest, L. I. Medford and Ed R. Day.

Mrs. W. T. Webb Is Hostess to Wednesday Forty-Two Club

Mrs. W. T. Webb was hostess to members and guests of the Wednesday forty-two club Wednesday afternoon at her home on South First.

Games of forty-two were enjoyed during the afternoon. At the conclusion of the games strawberry ice cream and cake were served to Mesdames A. Hull, George Norman, Nelson Cope, Clyde Privitt, V. O. Key, Russell Clark, Lee Billingsley, Gus White, F. Reese, Dan Davis, Roy Hoback and the hostess, Mrs. Webb.

Miss Laura Kirk Becomes Bride of Charles Bohmert

At high noon, Friday, March 10th, Miss Laura Kirk became the bride of Mr. Charles Bohmert at the home of the bride's parents, Mr. and Mrs. Robert Kirk, with Rev. T. C. Willett, pastor of the First Methodist Church, reading the beautiful single ring ceremony.

The bride graduated from Lamesa High School, finishing with the class of '34. She then attended John Tarleton College one year. For the last year she has been employed with Metro-Goldwyn Mayer at Dallas. Mrs. Bohmert won the hearts of many Lameans with her violin and contralto voice.

The groom finished high school in Dallas and afterwards attended S. M. U. where he majored in engineering. He has been employed with the engineering department of an oil company for a year and was with the Ford Motor Company for two years after leaving college.

Mr. and Mrs. Bohmert left immediately for New York City where Mr. Bohmert was transferred by the engineering department of the Ford Motor Company for the World's Fair.

Banquet Honoring Employers Given Tuesday Night

The students of the Diversified Occupations class of the Lamesa high school entertained their employers with a banquet in the Home Making Department, Tuesday evening at eight o'clock. The St. Patrick's Day motif was carried out with green tapers placed at intervals down the center of the table and green fern intertwined with white stock and baby's breath. The place cards were green and white in the shape of a clover leaf.

A delightful program was rendered during the evening.

Students and their guests attending were, Charles Gearhart, Mr. and Mrs. A. G. Waugh, Bernard Duke, F. E. Mangum, Tom Ward, Leonard Scott, William Scott, L. B. Vaughn and Henry McQueen; Charles Land, Homer St. Clair, Arlee Gowen, O. J. Johnson; Forrest Bullard, Herb Caudle; Elbert Harvick, L. P. Tidwell; Dalton Myers, Newton Bowles, Cecil Speck; Lorna Williams, Dick Collins; Dorothy Inman, Mrs. R. R. Townsend; Chas. T.

Hatchett, V. Z. Rogers, F. T. McCollum, C. L. Houston and Al Richardson. Guests of the entire class were Mr. and Mrs. C. Baldwin, Pascal Buckner of Big Spring, Mrs. Jeff Dean, Edmund Dean, Sarah and Peggy Eiland and Norris Sellers.

Students attending without guests were S. M. Mitchell, Tommie Roberts and Grady Pruitt.

Mrs. A. E. Jacobs left Sunday for Columbia, Mo., where she will visit with her daughter, Carol, for several days.

Visiting Lumber Officials

C. E. LOCKE

C. A. 'NEAL' PICKETT

Carl Locke, of Beaumont, President of the Lumbermen's Association of Texas, and Mrs. Locke; C. A. Pickett, of Houston, Secretary-Manager of the Association; Bob Aylin, of Houston, of the Gulf Coast Lumberman, were in Lamesa Thursday, March 16, to meet with local lumbermen.

President Locke and Secretary Pickett discussed problems confronting lumbermen and outlined plans for the fifty-third annual convention, to be held in Beaumont on April 10, 11, 12.

The Association's officials will visit Lamesa to pay their respects to past President Forrest, whose administration has been declared by lumbermen to be outstanding in the Association's history.

WATER TOWER IS RECEIVING NEW PAINT JOB

Workmen this week are painting the city water tower in Lamesa with a sparkling coat of aluminum paint.

Heretofore the tower has been painted black and this is the first time since its construction that aluminum has been used as the color scheme.

A special crew of painters, who specialize in this kind of work, were secured for the job. Not only will the new paint help to preserve the structure but it will brighten the landmark so that it may be seen from a wide area.

Ed Tinsley is attending the Fat Stock Show in Fort Worth this week.

AUCTION-

(Continued from Front Page)

built with the idea of serving the farmers and stockmen of this territory, and upon their support depends the success or failure of these sales. In many West Texas towns they have been found highly beneficial to stockmen, and many from Dawson County have taken their stock to other cities to sell at a similar place. With this idea in mind, it is hoped that the stockmen will realize the advantage to them of having a market here at home without the necessity or the trouble and expense of taking their stock to some distant place to sell.

Buyers over a wide area have been notified when the first sales will be held in Lamesa and many of them have already signified their intention of being here at that time.

At present it is planned to conduct sales once each week on Monday, but should there be a demand for a horse and mule sale, another day will be set to conduct these sales, it was announced today.

Next week the Courier will issue a special edition with many hundreds of extra copies sent over West Texas, commemorating the opening.

Mr. and Mrs. A. L. Good left Monday for the Fat Stock Show in Fort Worth. While away they will visit their daughter, Mrs. Felix Roland, in Dallas, and her mother at Coleman.

MOTORISTS OF COUNTY WARNED

Motorists of this county are warned by Tax Collector Buster Herndon that the time is rapidly drawing near when it will be too late to secure auto license plates without a penalty. April 1st all plates must be on vehicles. To avoid the rush which usually comes during the last few days of March, Mr. Herndon urges all motorists who can conveniently do so, to secure their plates as early as possible.

As explained by Mr. Herndon, this will not only make it easier for his office, but will be much easier on the motorists as well.

CONSTRUCTION ADVANCES ON SCHOOL BLDGS.

The school building projects are being completed on schedule according to reports from Mr. Rose, superintendent of construction for C. S. Oates and Sons, contractors.

The brick and tile work for walls is complete on the new primary unit and is approaching completion on the physical education unit. The cement floor and walls for the bottom part of the heating unit is in place and ready for wall construction. The interior work on the primary building is underway and is now protected from weather so that work may proceed without weather interference.

Plumbing and electrical work items under the contracts of Mr. A. P. Kasch and Mr. Embrey are being completed along with other construction.

The public will be invited to an inspection of the properties upon completion.

ATTENDANCE IS OFF AT SCHOOL

School attendance has been seriously affected by the epidemic of sickness in this section at the present, with some days the total number of absentees among teachers and pupils reaching more than three hundred.

Nine teachers have been ill during the past two weeks for intervals varying from one day to the entire period. Some classes report as high as a fifty per cent absentee list among the students.

The condition was reported as considerably improved on Wednesday, however, and all indications are that normalcy will return within a day or two.

Illness Closes McCarty School

Due to illness among the teachers and many of the students at the McCarty school, it was decided by the board of trustees to close the school Tuesday afternoon, at least for the balance of this week.

They are hopeful that they will be open again by next week and things will move along smoothly. There are hundreds of cases of influenza through out the entire county.

O'Donnell Rotary Club Being Formed

The organization of a Rotary Club in O'Donnell is underway this week, with Rollin McCord, County Attorney of Lynn County, whose membership is at Tahoka, doing the work. It was announced Wednesday from O'Donnell, that the Lamesa club would be invited to assist the Tahoka club in organizing.

Approximately twenty business and professional men of O'Donnell have signed application blanks for entry in the club.

It was further announced that a meeting would be held there Friday night for the purpose of organizing the club, and Rotarians from Lamesa are extended an invitation to attend.

LAST RITES ARE HELD FOR GRAHAM BABY AT ACKERLY

Little Claudia Lavelle Graham, born December 1st, 1937, passed away on March 3, 1939. The baby suffered from a heart attack all day Thursday and that night. She succumbed in the early hours of Friday morning.

Funeral services were held at the Baptist church in Ackery, Friday afternoon. Burial took place in the Ackery cemetery.

She is survived by her father, mother, one brother and two sisters, grandparents, and other relatives.

LOCAL GIRL IS BEST

Miss Elizabeth Smith, daughter of Dr. and Mrs. A. H. Smith of this city, was recently chosen as the best all-around girl in the freshman class at Trinity University, at Waxahachie, Texas. She was selected by balloting in which the entire class participated.

Mr. and Mrs. Audrey Cox left Monday for Fort Worth where they attended the Fat Stock Show and transacted business the greater part of the week.

FORMER RESIDENT HERE

J. E. Haynes, for many years manager of the local Cicero Smith Lumber Yard, but now of Lubbock, was a Lamesa visitor Wednesday. Mr. Haynes is associated with the Universal Lubricating Company of that city.

BUYS NURSERY

Ed A. Noret and son left this week for Tyler, Texas, where they have purchased a nursery. They expect to return to Lamesa Saturday with a truck load of nursery stock.

DEPUTY STATE SUPERINTENDENT POSTPONES VISIT TO SCHOOLS

E. Esten Day, Deputy State Superintendent, who had planned to visit the standardized and affiliated schools of the county this week will have to delay his visits because of an attack of influenza.

Tuesday night, March 7, the teachers of the county met in the district court room. Plans were discussed for the coming year. Problems were also discussed which confront the schools during the remainder of this year.

SERVICES AT FIRST CHRISTIAN CHURCH, SUNDAY, MARCH 19

Announcement was made this week that Rev. J. T. McKissick will preach at the First Christian Church of Lamesa, at both hours, morning and evening, Sunday, March 19. The public is cordially urged to come out and hear him.

SPARENBERG HOME DEMONSTRATION CLUB

The Sparenberg Home Demonstration Club will meet Friday, March 17, at 2:30 p. m. in the home of Mrs. Lee Hanson.

Miss Phenix will meet with us and give a demonstration on "Tying Your House to the Ground with Shrubs."

\$250,000,000 In Food Produced In Texas

"The statement that the home production of food for the 500,000 Texas far and ranch families represents a potential value of \$250,000,000 a year, recently made by Director Williamson, might sound fantastic, but not when it is considered that three items alone—fruits, vegetables, and eggs—produced by 72,039 club women and 4-H girls for home use in 1938, had a retail value of \$5,420,944." Jennie Camp, home production specialist of the Texas A. and M. College Extension Service, says.

Home demonstration club members and 4-H girls in the 180 counties served by county home demonstration agents grew 105,867,675 pounds of fruits and vegetables for home use during the past year, she said. In 112 counties, 3,122 women and girls gathered from three to five different harvests from their frame gardens.

Looking to the future, these women and girls planted 702,171 fruit trees, and well over a million peach seeds for budding in 1939.

Farm poultry flocks that produced 4,337,530 dozen eggs were improved by the addition of 414,720 purebred pullets.

"Progress has been made toward overcoming the impression that growing food for home use is a minor job," Miss Camp said. "It is an important and valuable one. It helps to insure an abundance and a variety of foods—food that for a family of five would cost from \$500 to \$600 if bought at retail prices."

Miss Barbara Riley, of Coleman, visited with her sister, Mrs. A. L. Good, over the week end.

Mr. and Mrs. J. R. Farley spent the week end attending the Fat Stock show and visiting their daughter, Miss Ruby Farley, in Fort Worth.

Jimmie Crumley of Seagraves spent several days here this week visiting with friends and relatives.

ROSE PIDAR

The forthcoming appearance of Rose Pidar, young Czechoslovakian mezzo-soprano is awaited with much interest here March 30. Since the recent political upheavals in Europe, the entire attention of the world has been centered on the little country of Czechoslovakia and people are vastly interested in anything pertaining to the country. On her program Miss Pidar features native songs in authentic costumes. Last year, Miss Pidar was so successful throughout the Southwest that

Allocation For No. 15 Thru Scurry County Announced By State

Allocation of \$200,000 for building of Highway 15 through Scurry County was reported late last week by the State Highway Department, through S. J. Treadaway of Abilene, district engineer. The Scurry County project is one of four major items on the 1940 highway program that has just been approved formally by the State Highway Department. Half of the total of \$437,000 approved for the district will be paid by the federal government. Residents of this section of the state who have been striving for a Highway 15 allocation for years, were overjoyed at the announcement. The approved project's extend in both directions from Snyder. Building of the

she as well as music lovers were anxious for her return this season. Among her many appearances last season were concerts in Sweetwater, Abilene, Victoria, Midland, Big Spring and as guest artist on the Dr. Pepper NBC broadcast.

Accompanying Miss Pidar will be young Charles Gallagher from Boston. Mr. Gallagher is one of the very few pianists to be accepted by the great master, Moritz Rosenthal, for master classes during the coming spring and summer in his Chicago studio. To be accorded this honor is something any young and serious student of the piano can well appreciate. The above concert is sponsored by the local Parent-Teachers Association.

New Cars Registered

E. G. Brumley, Ford Deluxe Tudor, March 3.
J. W. Bryant, Deluxe Chevrolet Sport Sedan, March 6.
J. W. Small, Tudor Buick Sedan, March 6.
Dick Simpson, Mercury Town Sedan, March 8.
J. C. Foster, Dodge Coupe, March 9.
Shelby Dalmont, Ford Deluxe Fordor, March 10.
Charlotte Barnett, Dodge Deluxe Coupe, March 11.
Jess Tyra, International Truck, March 10.
W. E. Boyd, Mercury Town Sedan, March 11.
A. H. Smith, Chevrolet Deluxe Town Sedan, March 13.

14 miles from Snyder east to the Fisher County line is slated at \$80,000; 16 miles west from Snyder to the Borden County line, \$120,000.

Construction of grading and drainage structures is the major item in the two Scurry County allocations. The Scurry County Commissioners Court, through County Judge Williams announces that more than 50 per cent of the right-of-way westward from Snyder has been definitely signed up. "A definite survey has been promised in the near future for the new routing eastward, and we will act immediately to get right-of-way when blueprints of the route are submitted by the state highway department," said the Judge. "We can do nothing in this direction until the exact route is surveyed and field notes are approved by the state department."

SPARENBERG BAPTIST CHURCH

Our attendance was good last Sunday and Sunday night. We enjoyed a good study of the Sunday school lesson together. Our Sunday school superintendent has been a faithful leader through the winter months when there was so much sickness in the community and now that we are over the flu and colds may be as loyal to him and faithful to the church. Our ladies work is making great progress under the leadership of their president, Mrs. Bernie Williams. We had eleven ladies present last Monday afternoon in our Bible Study. I suppose this is about 90 per cent of the women of the church which is a very good record.

We enjoyed a great service at Hiway Baptist church, Sunday afternoon. We will not have preaching services at Wilson, Sunday, as the pastor will be away. However, some of our fine young people are going to render a program after Sunday school that will be uplifting and inspiring. If you miss this service you will miss a blessing. Please remember to pray for those young folks and come and hear them. Seemingly the flu has about done all its work, nearly everyone being able to be up and at their duties again, with the exception of Mrs. Ashley and daughter, Wanda Lee, who are still

unable to be up. We hope for them a speedy recovery.

There are new people in our community and we are very happy to have them in our midst. Come to prayer service and Bible study Wednesday evening and bring your Bible. We sincerely hope you will be in Sunday school and church somewhere Sunday. "I was glad when they said unto me let us go into the house of the Lord." The church with a friendly welcome. Ernest Phillips, Pastor.

BAPTIST WORKERS CONFERENCE

The Baptist Workers Conference met with the Higginbotham Church, Thursday, March 9, with a good representation of all churches of the association. The program of the day was enjoyed by all, each speaker brought a timely message. We are indeed grateful and wish to express our sincere thanks to the merchants of Lamesa who donated in any way.

Just recently the church ordained four men to serve as deacons. We are proud of the growing interest in religious activities in the community and it is our prayer that we may continue to grow in grace and knowledge of our Lord.

TECH BAND IN CONCERT HERE LAST MONDAY

As was announced last week, the Texas Technological Band from Lubbock, under the direction of D. O. Wiley, gave a concert at the high school auditorium last Monday morning.

The program was well received by the entire student body, as well as several hundred visitors who attended. The band played the numbers which will be used in the coming band contest, and these drew special interest from members of the Lamesa High School Band, as well as others.

Two large buses transported the band to Lamesa and on their tour. This is one of the better musical organizations of West Texas.

S.C.S. NOTES

Practically every drop of rainfall is going to be put to use in growing crops and checking erosion on the 1,746-acre farm of Judge Charles Nunnally, about 22 miles northeast of Lamesa. The use of soil and moisture conservation methods is not new to Judge

Nunnally. Since 1933, he has been farming on the contour and has stripped erosion-resistant sorghums with cotton. He even partially terraced his 513 acres of cultivated land in 1933, but failed to maintain the structures.

During the drought years Judge Nunnally has been producing fair crops on his land while nearby untreated farms often have had a complete crop failure mainly because the available moisture was not conserved. Last year, he harvested two tons of feed to the acre from 334 acres planted to sorghum and cane, while his 180-acres of cotton yielded a half bale to the acre.

While the soil on Nunnally's farm has a high water holding capacity, the rate of penetration is slow. This physical factor has resulted in much of the rainfall being lost through runoff with some slight sheet erosion occurring.

Convinced that conservation of this run-off water might improve his yields and check erosion, Nunnally has worked out a plan in cooperation with the Soil Conservation Service CCC camp at Lamesa whereby terraces will be constructed on his cultivated fields and contour furrows plowed on his 1,200 acres of pasture.

"With terraces holding practically all the water on my land where it falls, raindrops will have a chance to soak into the soil instead of running off as some of it did when I was using only contour furrows," Judge Nunnally says. "I am confident that this addi-

tional water will increase my yields and far more than offset the costs involved."

Although the pasture land now has a heavy turf of buffalo grass and there is very little erosion, Nunnally believes that the stand can be improved when the loss of water is eliminated.

In order to further protect his grass land, Nunnally is regulating grazing. All sorghum produced on the farm is used in feeding the 90 head of livestock during the winter. Judge Nunnally explains that the marketing of the crop through livestock gives him a greater return.

CARD OF THANKS

We wish to express our sincerest thanks and appreciation to our many friends, their kind words of sympathy, flower offerings, and bringing of food during the illness and death of our sister and aunt, Sarah Calonia Fox. Especially do we thank Dr. Price, Dr. Frazier, the nurses, and Clyde Brannon for their wonderful services. May you have such blessings in your hour of need.

Miss Mattie Fox.

Pioneer Farmers and Pioneer Tractor Manufacturers

Were necessary in the development of this great country as the agricultural center that it is today.

When the International Harvester Company built the first Farmall Tractor, it was a brand new era in farming. In the sixteen years since that first model was introduced, there has been many changes in tractors, and yet the same principal that made it distinctive has been maintained, and today the Farmall is still a distinctive tractor.

First - Patented automatic steering-wheel cultivator gang shift. Clean cross cultivation at 4 miles per hour, unmatched ability for all row-crop work. Outstanding economy on distillate or other tractor fuel. Smooth 4-cylinder power-valve-in-head efficiency. - These are only a few of the things that make the 1939 Farmall the most distinctive tractor on the market today.

LET US DEMONSTRATE THIS MODERN TRACTOR IN YOUR FIELD TODAY

Rural Correspondence

ACKERLY
 Hazel Ward, corres.

A good crowd attended church and Sunday school here Sunday.

We report with regret the death of little Claudie Lavell Graham last Friday morning. She had been in ill health for several months. The funeral services were held at the Baptist church Friday afternoon at 4 o'clock with Rev. Cumble in charge, assisted by Rev. Hollowell, the Methodist pastor. She was laid to rest in the Ackerly cemetery. The entire community sympathizes with the loved ones.

Mr. and Mrs. Willard Locke are the parents of a baby boy born last week. The play that was sponsored by the Junior Class last Friday night was enjoyed by a large crowd. The proceeds will go for the Junior and Senior banquet.

The following out of town people attended the funeral of little Claudie Lavell Graham: Mr. and Mrs. Lester Graham of Winters, Mrs. J. F. Cook of Littlefield, Mr. and Mrs. Davis of Big Spring, Mr. and Mrs. Barbee of Knott, and Mr. and Mrs. Don Rasberry of Knott.

Mr. and Mrs. Wayne Smith and children of Lamesa visited in the home of his sister, Mrs. S. F. Britton, Sunday.

Robert Shipp, Doyle Chile and Billie Meeks, students of Tech, Lubbock, spent the week end visiting in the home of Robert Shipp.

J. L. Chile of Grandview was a visitor in Ackerly Monday.

Hazel Ward has been in the bed with the flu the past week.

Mr. and Mrs. Preston Morrison and Mr. and Mrs. S. F. Britton attended the show at Lamesa, Saturday night.

The play that was sponsored by the P. T. A. last Tuesday night was a success. The proceeds will go to the school.

MIDWAY
 Donnalita Love

Sunday school was well attended Sunday.

J. D. Nix and Cladie Ruth Guinn were united in marriage last Thursday. We wish them a long and happy life.

Elmer Dean and Ludell Mitchell were united in marriage last Saturday evening. We wish them a long and happy life together.

Messdames C. R. Woodward, Roy Love and Pete Carmichael were joint hostesses at a bridal shower given in the home of Mrs. C. R. Woodward, honoring Cladie Ruth Guinn last Tuesday afternoon. Sixty-five guests were present and many useful gifts were received. Refreshments of ice cream and cake were served.

Marjorie Dean gave a dinner Sunday honoring Mr. and Mrs. Elmer Dean. Several of the young people of this community were present. After dinner they went to the Caprock and made pictures.

We are sorry to report that Mrs. W. B. Burleson is very ill. She is staying in the home of her daughter, Mrs. Edwin Kutch of Lamesa.

Estelle and Lester Riddle entertained with a party and shower Monday night honoring Mr. and Mrs. Elmer Dean. There were about forty guests present. Many useful gifts were received.

Those on the honor roll for the fifth month were: First Grade, Wynona Goff, Annie Mae Jeter, Clydene Gibson, Joryean Krumm, Carol Janet Dean and S. E. Lee, Jr. Second grade, Clara Dean James, and Melba Jean Haney. Third grade, Marie Gillet. Fourth grade, Louise Woodward, Lowell Gardner, Riley Gene Oyden. Sixth grade, Jeanne Peterson, Agatha Goff. Seventh grade, Troy Haney and Edna Earle Gardner.

HIWAY BAPTIST CHURCH

Last Sunday was another mountain peak day at the Hiway Baptist Church when a large crowd of visitors and friends joined its members in a whole day of preaching, singing, testimonies and prayer.

Several counties were represented in the gathering, and the visiting members throughout the day were R. Lee Ervin, Kress; J. D. Evins, Littlefield; Sherman Gann, Brownfield; and Ernest Phillips and J. P. Aslin of Dawson County.

The song services were directed by Zed Robinson of Littlefield and J. B.

Covington of Sparenberg, with Mrs. J. D. Evins of Littlefield and Emma Jean Hoffman of Hiway alternating at the piano.

A full-fledged Sunday dinner with all the trimmings was served, and in spite of the large group fed, several baskets were carried away.

Next Sunday night, the pastor, Jno. R. Denning, will resume his series of prophecy messages from the Book of Daniel, which are increasing in interest weekly and are attracting additional visitors at every service. Rev. Denning will broadcast a Gospel message over KBST, Big Spring (1510kc) next Sunday afternoon at two o'clock.

Miss Virginia Lindsey left Sunday for Columbia, Mo., where she will spend several days visiting with Miss Carl Jacobs.

Dr. Sam Z. Frazier left Tuesday for Dallas where he will attend a medical convention for several days.

when you change to

OIL-PLATING

...the oil-change *plus*

Dump Winter-fouled oil. Whatever you do, drain and refill now with something. But drain and refill with Conoco Germ Processed oil and then your engine's OIL-PLATED. Then it's got more than swell fresh oil down in the crankcase—it's got another big plus all the way up... It's got fresh surfacing... OIL-PLATING. That comes from the actual union of this patented oil direct with inner engine surfaces. Conoco Germ Processing gives this oil so much "power of attraction" that it cannot drain down and leave engine parts bare, though

your car stands by the hour or speeds by the hour.

Never all Spring and Summer, with Germ Processed oil, can your engine suffer rasping "dry starts"... not with every square inch always oiled in advance by drain-proof OIL-PLATING. Nor will four to five thousand revolutions per minute whirl away this implanted OIL-PLATING. It stays on. It helps the oil-level to stay up. Your OIL-PLATED engine and Germ Processed oil will both be giving you plus mileage. Change today to Your Mileage Merchant. Continental Oil Company

CONOCO GERM PROCESSED OIL

from Your Mileage Merchant
