HIGHEST AWARD offered by the Ford Motor Company was presented to Gene Akers and all personnel of the A&B Motor Co., last week by John Hill, Ford factory representative. The award known as the "Four Letter Award" is the most coveted recognition possible for a Ford dealer to win. A&B Motor Co. won its first such trophy during 1951.

Annual Fair Meeting Is Set Friday Night at Courthouse

The annual meeting of the North Plains Fair Association will be held Friday night, Feb. 25, at 7:30 o'clock in the courthouse, it has been announced.

Election of officers will be held at this meeting, and several proposed changes in the method of organization and operation of the North Plains Fair will be discussed.

The annual meeting was scheduled to have been held last fall, but has been postponed until this date.

Officers of the association include Percy Powers, president; Ivan Day, C. J. Frantz, Jr., and Delbert Timmons, vice presidents; and John Mayfield, manager.

Anyone interested in the North Plains Fair is invited to attend the meeting Friday night.

Three Prizes Are Unclaimed

All three prizes in the Chamber of Commerce Cash Days drawing were unclaimed Wednesday and the prize will be increased for the drawing next Wednesday.

The name of Clyde Carroll was drawn Wednesday for the first prize of $100; Mrs. Spencer Wallace drew the second prize of $50; and Roy L. Johnson drew the third prize of $50.

Mrs. Clyde Carroll was present in a local store, but was not eligible since the name of her husband was drawn.

Next week's prizes will be $200, $100 and $50. The drawing this week was to have been the final one, but the series is being continued by the retail merchants committee of the Chamber of Commerce.

County Court Is Postponed

County court, which was scheduled to have opened on Tuesday of this week, has been postponed until the first or second week of March, reports county judge H. R. Slaughter.

Three liquor cases were to have been tried in this term of court and the two state witnesses in the case were unable to be here this week, Judge Slaughter said.

The jury list, which is expected to contain the names of women jurors for the first time in Ochiltree county history, has not yet been opened, but will be when the court dates are definite.

Two Fire Calls During Week

The fire department answered two calls this week, neither fire considered of serious consequence.

An alarm was answered at 5:30 p. m. Monday when an outhouse at the George Barfield home, 14 S. Colgate, caught fire and burned to the ground. Only damage was the loss of the outhouse and some roofing paper stored in it. The Barfield house is vacant.

Another fire was reported at 6 a. m. Tuesday when gasoline used to clean the grease rack at the Koehn Texaco Service caught fire and burned some oil cans before being put out.

Euless Gray, employee of the station, received minor burns on his leg in the blaze.

Farm Burglaries Cleared With Woman's Arrest

Fairy Pauline Brown, 24, of Dallas, is in the local jail, charged with burglary of several farm houses in this area in 1953. She has admitted the burglaries in a statement made to Sheriff Ray Phagan and county attorney Jack M. Allen.

Mrs. Brown told the sheriff that she and her husband, Gene Carrol Brown, stole articles from the Jim Haden farm and the John Epp farm in June, 1953. She also admitted several farm burglaries in Hansford and Lipscomb counties during the same period.

Phagan and Sheriff J. B. Cook of Hansford county have been working together on the burglaries for the past 18 months. They went to Dallas Saturday and arrested Mrs. Brown after tracing her through a pawn ticket issued in Oklahoma on one of the articles stolen.

A shotgun, piggy bank, ladies handbag and other articles were taken from the Haden farm while a handbag and miscellaneous articles were taken at the Epp farm.

Mrs. Brown worked at the Russell Steak House in Perryton in 1949 and her husband worked for Joe Buckhaults on a farm at about the same time.

Brown is now serving a sen-

Red Cross Plans Outlined Tonight

A meeting will be held in the Harvester Room of the Hotel Coffee Shop tonight, Thursday, at 7:30 o'clock to discuss the annual Red Cross fund drive, reports Ralph Headlee, drive chairman.

Ike Burnett of Amarillo, general field representative, will be at the meeting. He will bring with him Tom Davis of Vernon, national campaign vice chairman.

Davis will give a short talk on the Red Cross fund drive and what it means to this community.

This meeting is open to the public and all Red Cross workers are asked to be present.

School Singers On Television Show

The boys octet and the high school jug band will be heard over KGNC-TV on Saturday, March 5 on Cotton John Smith's farm program, according to Bob Irby, school chorus director. The jug band, which was formed just this year, uses soda pop bottles, a bass fiddle and ocarinas to produce some really remarkable music. The two groups were issued an invitation recently to appear on the regional program and will be seen on March 5.

Open House at Littau Motor

Open house will be observed at the Littau Motor Co. on Wednesday, March 2, announces Harold Littau, owner. He invites the people of the Perryton area to come in and get acquainted on that day.

Free coffee and doughnuts will be served all day at the new Dodge-Plymouth agency.

New Location In Hardesty Field

Cities Service has announced a new location in the Hardesty field. The test, located in Section 30-1-19, will be known as the Boston-A and is two and one-half miles west of the Cook discovery well.

The Cities Service Mathewson B has flowed one-third of a barrel of oil and one-half barrel of water an hour on Topeka tests, it was reported.

The R. H. Fulton No. 1 Share, located about five miles northwest of Perryton had been stopped during the week after losing circulation below 6,000 feet.

The Texas Co. No. 1-C Daniel in the southwest part of the county flowed 6,600,000 feet of gas after perforations at 7372-82 and 7608-26 feet.

Nine wells are being drilled at the present time in Hansford county.

Track Season Begins With 25 Candidates

Track workouts opened this week with about 25 boys reporting to track coach Joe Ogden. Short conditioning drills are planned for the first two weeks, Ogden said, then the squad will start preparing for competitive meets.

Outstanding regulars on the squad returning for another season are Shorty Dear and Bill Whitsett, both of whom went to the state meet last spring in the pole vault after capturing district and regional laurels.

Both boys partcipate in the high jump, as well as the pole vault.

Jimmy Todd is a strong threat in the sprints and Jim Baker is developing as a miler. Bill Thrasher will throw the shot this year and has good prospects, Ogden said.

The first scheduled track meet is at Panhandle on April 2. There will be several dual and triangular meets before then to get the squad used to competitive conditions, Ogden said.

Farmers Protest Cut Grain Support Pric

Local Group At Amarillo Mass Meeting

A delegation of farmers from Ochiltree county joined others from the Panhandle in a protest meeting in Amarillo Tuesday, seeking an increased grain sorghum support price.

The Ochiltree county group took with them a petition signed by 51 farmers at a special meeting in the courthouse Monday night. The petition read, "We go on record favoring 85 per cent parity until such time as there is an obvious surplus. After such surplus is established, we favor a lower support price rather than acreage allotments as a means of controlling production."

Bill Lance read the petition at the Amarillo meeting, which was attended by an estimated 2,000 farmers from the Panhandle.

Walter Berger, representing the USDA as associate director of the Commodity Stabilization Service, gave the farmers little encouragement in their drive for higher support prices.

A movement is now under way to send a group to Washington to press for higher grain sorghum support prices. It is the contention of irrigation farmers that the proposed parity price of $1.58 per hundred pounds takes all the profit out of growing grain sorghum. The group is working for a retention of the 1954 support price of $2.08 per hundred pounds.

Support in Congress toward raising the support price has been pledged by Senators Lyndon Johnson and Price Daniel of Tex., Robert Kerr of Okla., Speaker Sam Rayburn, Reps. Walter Rogers of Texas, George McMahon of Texas and Victor Wickersham of Oklahoma.

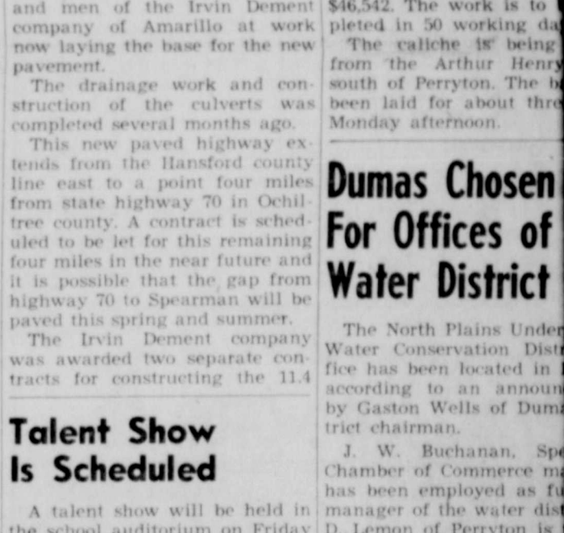

Lions Begin Ticket Sales On 'Rastus Sings'

Lions Club members this week received tickets to sell for the musical production, "Rastus Sings," which will be presented by the club in the school auditorium on Friday night, March 11.

Tickets sell for $1 for adults and 50 cents for students. All proceeds go toward the $700 the club must raise in order to send Cecil Regier, local farm boy, to Iran for an exchange study program.

The Negro theme will be used in the production, which is in five parts, "Rastus at Work," "Rastus at Play," "Rastus As He Loves," "Rastus at Home," and "Rastus As He Worships."

Director of the show is Mrs. Jack Watson. Assisting her are Bob Irby, Coke Harlow, and Rev. Alvin Klotz.

FARM-TO-MARKET ROAD—Workmen of the Irvin Dement Amarillo began this week laying the base on FM 759, extendi the Hansford county line east to within four miles of highwa Ochiltree county. The new pavement is to be completed this s

Work Starts On New Farm Ro In Southwest Part of County

Work on the new FM 759 highway has started, with equipment and men of the Irvin Dement company of Amarillo at work now laying the base for the new pavement.

The drainage work and construction of the culverts was completed several months ago.

This new paved highway extends from the Hansford county line east to a point four miles from state highway 70 in Ochiltree county. A contract is scheduled to be let for this remaining four miles in the near future and it is possible that the gap from highway 70 to Spearman will be paved this spring and summer.

The Irvin Dement company was awarded two separate contracts for constructing the 11.4 miles of pavement. One was for $78,670 and th $46,542. The work is to pleted in 50 working da

The caliche is being from the Arthur Henry south of Perryton. The b been laid for about thre Monday afternoon.

Talent Show Is Scheduled

A talent show will be held in the school auditorium on Friday night, March 4, sponsored by the Friendly Circle Home Demonstration Club.

Entries are sought for the talent show and anyone interested in appearing is asked to contact Mrs. Byrl Hardy.

A small admission will be charged for the event.

Smith Services Set Today In Baptist Church

William Joseph Smith, 86, a resident of Ochiltree county since 1909, died Tuesday at his home eight miles south of Farnsworth after a long illness. Funeral services will be held in the First Baptist church today, Thursday, at 3 p. m.

Mr. Smith, who was born December 22, 1868 in Taswell, Tenn. came to Ochiltree county n 1909, settling in the southwest part of the county, where he engaged in farming until his retirement several years ago.

Rev. Keith McCormick and Rev. A. B. Cockrell will conduct the final rites. Active pallbearers are J. V. Stump, Ray Skinner, T. I. Harbour, Everett Clements, Bill Brown and Guy Fuller.

Honorary pallbearers are E. A. Greever, Sid Talley, Audie Conley, Clarence Clements, R. T. Correll and D. B. Pearson.

Survivors include two sons, C. N. Smith of Roseville, Calif., and Fred Smith of Perryton; two stepsons, M. Kinder of Andalusia, Ala., and W. C. Kinder of Perryton; two daughters, Mrs. Grady Smith of Perryton and Mrs. J. W. Black of Perryton.

Mr. Smith is also survived by 40 grandchildren and 63 great-grandchildren.

Muddy Answer

STANFORD, Ky. (AP)—Mayor Ed Ensslin is about the best coffee customer for a local drug store. The clerks like the mayor, but they are proud of their coffee, and the mayor always asked for "a cup of mud." One fountain girl changed that recently when she served him just what he ordered—a cup of mud.

TEXAN WINS8 HONORS—Asst. Sec. of Defens Robert B. Anderson, Vernon lawyer, third from left, congratulates John E. McKelvey of Electra for achieveing admission to practice before the Supreme Court of the United States. At left are Congressman Frank Ikard of Wichita Falls, one of McKelvey's sponsors, and Ted C. Connell of Killeen, senior vice commander of the Veterans of Foreign Wars, Department of Texas. McKelvey as state commander, heads the Texas delegation attending a national VFW conference in Washington, and the organization's annual congressional banquet. (AP) Wirephoto)

COMMANDER TAKES OVER HORSEMAN'S SPORT FOR KING—Ames Gill, commander of Texas Cavaliers, takes over the horseman's spot for the moment, in the carriage carrying "King Antonio" J. Hamilton Savage in the St. Paul Winter Carnival. (AP) Wirephoto)

Child Ties Into Job

ENGLEWOOD, N. J. (AP)—In 1953, Barbara, (Bambi) Constantine, 9, made her daddy, Dr. Frank Constantine, a bow tie out of felt, an assortment of beads, and rhinestones.

Just as a gag, he wore it to a cocktail party. Friends liked it and told others who passed the word . . .

Today Bambi bow ties are sold in Princeton, New York and Palm Beach. The little blonde girl has earned enough to buy a television set and is pricing pianos.

Bambi makes a creation a day. A woman helps her stitch them and Bambi is looking around for a high school girl as a second assistant.

Gus McMillen of Wichita Falls was a guest of his brother and sister-in-law, Mr. and Mrs. W. E. McMillen, from Wednesday until Saturday of last week.

BALKO News

By Marolyn Comer

The basement of the Balko Baptist Church was the scene of a formal sweetheart banquet last Wednesday evening, for the young people of the community. It was decorated in red and white with cupids and hearts centering the tables. Max Comer was master of ceremonies and Mrs. Lon Godley had charge of the musical program. The girls and boys chorus each gave a selection, Cleta Kliewer sang a solo, Mrs. Godley and Max Comer sang a duet and Max Comer sang a solo. Keith McCormack, pastor of the First Baptist Church at Perryton was the main speaker. Approximately forty-five couples attended the banquet.

* * *

Mr. and Mrs. Gerald Morehead are the proud parents of a boy born Thursday. His name is Gary Neal.

* * *

Mr. and Mrs. Charles Scott of Perryton are the parents of a baby boy born Monday. Mrs. Scott is the former Mary Ann Penner.

* * *

Mrs. Cecil Bartel and children, Grand Prairie, Texas, visited in the home of her husbands' parents, Mr. and Mrs. Henry Bartel Tuesday.

* * *

Mrs. LeRoy Morehead entertained Friday afternoon with a party for her son Ronnie, on his 5th birthday. Cake, ice cream and punch were served to the following small guests: Becky Rose, Ranelle Colvin, Mike Cornell, Billy Dean and Larry Pugh, Connie and Bobby Gene Hagen, Kirby and Kathy Beckwith, Randy Morehead, Tommy and Donnie Gilbert and Stevie Whipple. Also to Mrs. Kenneth Rose, Mrs. Alvin Colvin, Mrs. Billy Cornell, Mrs. Harold Pugh, Mrs. Ray Hagen, Mrs. Kenneth Beckwith, Mrs. Cawood Gilbert, Mrs. J. H. Whipple and Ronnie's grandmother, Mrs. Leslie Morehead.

The High school Basketball teams will play this weekend in the District Tourney at Beaver. The boys meet Knowles Thursday night and the girls play the winner of Knowles-Forgan game Friday night.

Saves His Beer

DECATUR, Ill. (AP)—Engineer Charles Patterson saw an elderly man fall in front of his switch engine in the railroad yards and slammed on the emergency brake.

He got to the front of the engine in time to see Homer Willis 81, crawl from beneath the cow catcher, brush off his clothes, pick up the case of beer he was carrying when he stumbled and walk off.

J. B. Oxford of Amarillo was a guest in the W. E. McMillen home last Friday.

Cheaper Runways

SAN FRANCISCO (AP)—University of California engineers say they can save money on airport runways. Make them thinner on the edges, and save $100,000 or more on each, they suggest.

Robert Horonjeff and John Hugh Jones, found that the center of the strip takes most of the punishment. They installed electric traffic counting tapes on several runway strips 150 to 200 feet wide, and found 95 per cent of the traffic stays in a center area 60 feet wide. Concrete runways could be made the usual 36 inches thick in the center and only 10 inches thick on the edges, they say.

Savings would vary depending on the soil, the weight of aircraft involved and the density of traffic, but on the average it could be $103,000 for an average 150-foot runway 200 feet wide, they say.

yer Is Pros Choice ngest Driver in Golf

ld A. Fitzgerald
Pontiac Press
(AP Newsfeatures)

ten gets you twenty Bayer of Long Is- ongest hitter in golf. both an over night Jonnny-Come-Lately been a professional.

less than a year and has played infinitely less golf than most 29-year-old pros.

George is 6-5½ and weighs 240 pounds. For four years, he was a terror at tackle for the University of Washington and then took a one year fling with the Washington Redskins. He was All Pacific Coast.

He has hands that can palm

GEORGE BAYER

medium sized watermelons and he'd be a very comforting companion in any sort of riot or civil commotion.

George uses a fourteen and a half ounce driver with a shaft an inch longer than standard but the thing still looks like a fragile fairy wand in the grip of this young giant. "I concentrate on accuracy," says George.

Bayer has played exhibitions with Sam Snead, Chick Harbet and Andy Anderson, three of the longest in the business and eye witnesses insist he was always 20 to 40 yards in the van. At the end of the joust with Snead, Sam shook hands with him and said: "I guess I'm getting to be an old man."

Golf's full of men who'd like to "age in the wood" like Sammy.

Until Bayer came along, Anderson was the pro's unofficial choice as the longest hitter in their ranks.

George's most sensational tee shot came on the recent Tam O'Shanter tourney when he used a one iron on the 250 yard eighth. No one can claim he under clubbed as he holed out. In another exhibition match, a spectator was struck on the first bounce by one of George's booming tee shots when he was 420 yards away. There was a following wind but they hadn't raised any storm warnings and the small craft were still at sea.

The second hole at Tam is 490 yards with water in front of the green. Many have a go at it with wood seconds and Snead has been home with a drive and a full iron. From the back of the tee and with a cross wind, Bayer was 20 yards over the green with a drive and a four iron.

George has one peculiarity that a lot of stylists will "tut, tut." At the top of his back swing his heel never leaves the ground "It's for accuracy," he says. "I have to stay in the fairway."

Today George Bayer's name is bruited about wherever professionals gather.

"I don't claim a thing," says the young giant, "I just swing naturally and hope they stay in the fairway. Putting is lots harder than driving, anyway."

Mrs. D. D. Taliaferro, Mrs. Fred Huston and AA. C. C. Mickey Huston were in Homestead, Okla. Friday to visit his sister and family, Mr. and Mrs. Roger Reames and family. A.C.C. Huston left from Homestead for his Air Force Base at Macon, Ga.

Mrs. Lula Mote left Monday for Hugoton, Kansas to be with her mother, Mrs. Shelton, who is seriously ill in the hospital there. Mrs. Rod Symons accompanied her mother to Hugoton.

MARCH 11

Not a shift,
but a switch of the pitch

And man! What that does for Dynaflow*!

HOTTEST BUICK IN HISTORY
No wonder you see so many 1955 Buicks on the highways—they're rolling up bigger sales than ever before in history—topping the popularity that has already made Buick one of the "Big Three" in total sales.

This is for sure . . .

There's never been anything in your car-driving experience like the feel of Buick's new Variable Pitch Dynaflow* – because there's never been anything like it in a car before.

In a modern plane, yes. For this *is* the principle of variable pitch propellers used on airplanes. Their propeller blades change "pitch" for quick take-off – then change to another "pitch" for better gas mileage in cruising aloft.

Now you can do the same thing on the ground – in a 1955 Buick.

Twenty propeller blades have been ingeniously engineered into the Dynaflow unit. They pivot – one way for a big boost in gas mileage while cruising – another way for brilliant new performance.

You switch the pitch for instantaneous acceleration just by pressing the pedal way down. Then it happens . . .

A build-up of momentum as smooth as oil—and as quick as a split second. Dazzling new response on getaway—or a spectacular burst of instant safety-surge power when you need it out on a highway.

It's pure thrill – and a happy surprise in its far better gas mileage in cruising. *Yet Variable Pitch Dynaflow costs not a penny more than earlier versions of this wonder drive.*

How about *you* trying it?

That way you can also look into the sizzling new horsepowers, the fresh new styling, the envied ever-level ride, the eye-opening low prices – all of which are making the 1955 Buick the hottest seller in all history. Come in this week, won't you?

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

KENNETH HOCKINGS ADOPT TWIN GIRLS

Denise Ann and Janice Kay, identical twin girls, were adopted last Thursday by Mr. and Mrs. Kenneth Hocking.

They were born February 2 and according to Kenneth they weighed 4lbs. and 15 ozs., and 6 lbs. and ½oz. Papa Hocking also reported that they were on "full feed" with Denise Ann tipping the scales at 6 lbs. 9 oz. while her younger sister can claim 5 lbs. and 9 oz.

Health Costs Cited

SAN FRANCISCO (AP)—It costs less to keep the average man healthy than it does to maintain his automobile, says a Stanford University physician. It can be done, the doctor added, by having regular periodic health examinations—by getting a medical checkup every six months or so even when you are well.

Dr. H. Corwin Hinshaw, Stanford chest physician, writing in the Bulletin of the National Tuberculosis Assn. says:

"Maintenance of a man costs less than maintenance of an automobile. The cost of trading the serviceable old car for a new model is greater than the cost of a major illness.

"The cost of maintaining a good sickness insurance policy is less than the cost of smoking a package of cigarettes daily.

"Women spend more in beauty parlors than in doctors' offices.

"Many families who spend hundreds of dollars annually on luxuries and vices are considered to be 'medically indigent.' Values and standards are distorted through ignorance and improvidence."

Texas Education

VERNON, Tex. (AP)—S. Sgt. James Moore, 25, of Miami, Fla., will have to believe those Texas tales now. He was stationed for months in Alaska, but the first and only time he was ever snowbound was—in Texas this winter.

Mr. and Mrs. John A. Dubberley and son Jad of Lafayette, Ind., are guests of her parents, Mr. and Mrs. I. R. Buchanan.

HERALD MYSTERY FARM OF THE AIR NO. 83—Here is the Herald Mystery Farm of the Air for this week. Some person correctly identifying the farm will receive a free Herald subscription and the owner will receive a mounted photograph by identifying the farm. The farm last week was identified by 28 persons as the Claude Mitchusson farm but since the owner did not call at the Herald office and secure his photograph, no subscription was awarded this week.

Train Tickets On Sale Here

Persons interested in buying a train ticket can buy one in Perryton for all points.

The service was inaugurated this week, according to E. M. Roust, local Santa Fe agent. The local office will sell Pullman tickets and make reservations to any destination, with the purchaser picking the city he would like to board the train.

A taxicab driver is one of the lecturers at New York University, speaking to a class which is studying occupations.

Since 1939, the number of U. S. farm families having electricity in their homes has risen from 744,000 to 5,000,000.

By VERN SANFORD

AUSTIN, Tex.—Veterans land sale scandals overshadowed lawmaking in both branches of the Legislature for another week.

Investigations spread still wider. Involved were three departments of the state, both chambers of the Legislature, grand juries of Travis, Bexar and DeWitt counties, and probably others.

More of the approximately 80 "block deals" were brought before investigators.

Mike Rowan, a former executive secretary of the Veterans Land Board, testified that several legislators had exerted "unusual influence" to push veterans' applications through.

He named Senators Doyle Willis of Fort Worth and Warren McDonald of Tyler and Representative Douglas Bergman of Dallas. Rowan said it was "unfair" but he couldn't remember names of the others.

Dennis Wallace, longtime chief clerk of the Land Office, reported that his name had been "signed" by someone else, to minutes of the Veterans' Land Board.

So far Atty. Gen. Shepperd has filed nine suits for forfeiture of block sales and recovery of a total of $1,539,505 to the state.

Tax Slow Down

With land sales taking legislative precedence, taxes, the Legislature's big problem, have taken a back seat.

Rep. Jerry Sadler sharply reminded the House revenue and taxation committee that the session was one-third over and no revenue bills had been reviewed or acted upon. He demanded an "immediate" hearing on his bill for a $3.30 per barrel hike on beer tax.

Rep. Charles T. Kirkham of Cleburne offered a new tax plan —a "road use" tax, as a substitute for the administration's two-cent gasoline tax hike proposal. So far the gas tax hasn't been heard by committee.

Kirkham's plan would levy a $5 fee on commercial motor vehicles plus a graduated tax scale based on gross weight, ranging from six mills to 22 mills, all estimated revenue to go to highway purposes.

Insurance Clean-up

Final passage of the first major bill to "clean up the insurance mess" was voted by the House. Control of the stock and securities of insurance companies, under the bill, will go to the Board of Insurance Commissioners.

This bill is in for a fight in the Senate where a counter measure would give insurance stock supervision to the securities division of the Secretary of State's office. The Senate bill has been heard and parked in sub-committee.

Water Bills, Too

Favorable report has been given by a Senate committee to the administration's $100 million state bond issue plan for aid to water districts. Rival measures for the same amount of bonds have been put in House subcommittee.

Passed by the Senate were two of the water bills, regulating pollution from oil wells, and requiring reports to the state by water districts.

Advertising and Newspapers

Representative Vernon E. Smith of Ft. Worth introduced a bill specifically prohibiting the Board of Examiners in Optometry from making any regulations restricting optometrists' advertising.

Attorney General Shepperd had previously ruled void such an order made by the board but rescinded.

Rep. E. "Kika" de la Garza of Mission introduced a bill to prohibit any court, grand jury or legislative committee from attempting to compel a newspaper or press service employee from revealing the source of his information.

Rudder Honored

Newly appointed Land Commissioner J. Earl Rudder received honors this week. He has been promoted from colonel to brigadier general in the U. S. Army Reserves.

He also received appointment to a commission to revisit the Normandy Invasion Beachhead, where he made part of his outstanding military record in the Invasion.

Red Ink

"In the red" for the first time in 13 years is the State Treasury's general revenue fund. Treasurer Jesse James announced that banks have agreed to cash warrants without discount.

Treasury calls were set for the 5th and 20th of each month, and James said the time lag would not exceed 20 days. The general fund is to get back on a cash basis around May 1.

Auto Dealers' Fight

Authorized car dealers won the first round of a bitter fight with the "independents" or used car deaers. A Senate committee voted a favorable report on Sen. Gus Strauss' bill to license all dealers. A Senate committee vothibit sale of new cars by dealers not having agreements with manufacturers or distributors.

Sidelights

Expunged from Senate records was a resolution by Sen. Kilmer Corbin calling for the retirement of Maurice Acres, chief executive aide to Gov. Allan Shivers. Only Corbin voted for it . . . Rep. J. O. Gillham's bill to double college fees was parked in subcommittee, after much discussion in which a large representation of students from the University of Texas took part . . . Sen. George Parkhouse's labor bill, to prohibit payment of unemployment benefits to workers in an integrated industry was favorably reported by the Senate state affairs committee. The bill is based principally on a case in which Texas Ford Motor Co. employees were idled because of a strike in the East . . . Offices of the federal district attorney for West Texas are being moved from Austin to San Antonio. San Antonian Russell Wine has succeeded Charles F. Herring of Austin as US district attorney.

Luther Daves New Deputy

Luther Daves, who has been employed as a city policeman for several months, has accepted the job of deputy sheriff and will report for duty on March 1, Sheriff Ray Phagan has announced.

Daves has served on the city police force at Graham and was a deputy sheriff of Archer county for several years before moving to Perryton.

Parent-Teachers to Meet Monday Night

The Perryton Parent-Teachers Association will meet Monday night Feb. 28 in the school auditorium at 8 o'clock.

Mrs. Vance Apple will give the Founder's Day talk and Mrs. J. H. Henry will give a talk on the customs of the Japanese home as contrasted with the American home.

Signal Lights

CHARLOTTE, N. C. (AP)—State Highway Patrolmen report some motorists have found a way to beat the electric speed clocks—popularly called whammies hereabouts.

Motorists crossing the machines' rubber hoses, which are laid about 60 feet apart, blink their lights to tell oncoming drivers to look out, their speed is being electrically timed.

Illusion of Health

ANN ARBOR, Mich. (AP)—You don't have to feel sick to be sick. That was the finding of the University of Michigan medical school in examinations of 500 business executives who got company-paid checkups at University Hospital.

Forty-one per cent of the 500 were sick and didn't know it, and 25 per cent of these needed treatment immediately. About 45 per cent of the sick men were found to have stomach disorders, while another 24 per cent were found to have cardio-vascular (heart or blood vessel) trouble.

Four of the executives who thought they were perfectly healthy were found to have cancer, and one was found to have tuberculosis. Three were diabetic 12 had gallstones, and 16 peptic ulcers.

And a medical school report said: "significant new disease appeared each year in 13 to 20 per cent of the subjects."

Personal Address

FAYETTEVILLE, N. C. (AP)—Mayor George Herndon was addressing a group of auxiliary policemen on "Law Enforcement" when a messenger interrupted to advise that an armed bandit had robbed the mayor's music store of $40. With even greater earnestness the mayor continued his address on "Law Enforcement."

Reeds were used as pens in Egypt before 4,000 B. C.

Holdup On Schedule

PONTIAC, Mich. (AP)—A phone rang at the sheriff late at night.

"In about half an hour," the caller said, "another [illegible] I are going to hold up the Inn out on Adams Road."

Deputies rushed to the [illegible] and set up an ambush. Some time later two men walked in the lobby, drew guns and pronounced "This is a holdup."

When officers stepped from hiding places, the gunmen meekly surrendered. One of them admitted making the phone call but could give no reason why he did it. However, police said the men had been drinking.

The two were held on charges of armed robbery.

Students believe that children's counting rhymes are survivals of formulas used by the ancient Druids for making human sacrifices.

News From ANTHONY

By Mrs. Ralph Bobbitt

The people in the neighborhood have been very busy either taking last minute pictures, writing stories or gathering data for the report on the various phases of improvement that have taken place in Anthony. It would be almost impossible to state who has called on who because we've all been busy helping Mrs. Glen Myers, the neighborhood secretary. The report completes Anthony's fifth year in the Neighborhood improvement contest as sponsored by the Oklahoma Farmer Stockman in co-operation with the Extension Service of Stillwater.

Tuesday Night

KEYE, leading with an undefeated record, last week won all three games from the Texas Oil Co. The Perryton National Bank also stayed on the winning side by taking all three games from Humble No. 1. A. P. Spicer had the high series for the night with 514 and Jack Gramstorff had the high individual game with 202. Both roll for the Perryton National Bank team.

Wednesday Night

Shell Oil Co. No. 1 won three games from Humble No. 2 while Boxwell Bros. took two games and today pins from the First National Bank. Jim Lamb of Boxwell Bros. had high series for the night with 513.

Friday Night

Northern Natural Gas took three games from Ray's Shamrock and the REA won two games and total pins from Shell No. 2. Stockton of Shell No. 2 rolled high series for the night with 507 and 208 game high for the week.

Lost Argument

LITTLE ROCK, Ark. (AP)—For 28 years, newspaper columnist Karr Shannon and his wife have been bickering about who is the best cotton picker. Finally, they decided to settle the issue in the cotton field.

Mrs. Shannon picked 46 pounds; Karr trailed with 31.

"What'll we argue about now?" complained Shannon.

Remember Want Ads Pay!

IN THE COUNTY COURT OF OCHILTREE COUNTY, TEXAS
(PROBATE DOCKET)

IN THE MATTER OF THE GUARDIANSHIP OF VERLIN BECK, LARRY BECK AND GAIL BECK, MINORS—No. 617

NOTICE OF APPLICATION TO MAKE OIL AND GAS LEASE

TO ALL PERSONS INTERESTED IN THE ABOVE MINORS AND THEIR ESTATES:

You are notified that I have on the 23rd day of February, 1955, filed with the County Clerk of Ochiltree County, Texas, an application, under oath, for authority to make oil and gas lease on such minors' interest, being an undivided one-half of the oil, gas and minerals belonging to such minors, in and under that certain tract of land situated in Ochiltree County, Texas, to-wit: An undivided one-half (½) of the oil, gas and minerals in and under the Southeast One-Quarter (SE/4) and the East Thirty-Five acres (E/35 acres) of the Southwest One-Quarter (SW/4) of Section Forty-Six (46), Block "R", A. B. & M. Survey, all as fully set out in application of guardian heretofore referred to and which is on file with the County Clerk of Ochiltree County, Texas, and by reference thereto the same made a part hereof for more particular and complete description; that Honorable H. R. Slaughter, Judge of the County Court of Ochiltree County, Texas, on the 23rd day of February, 1955, duly entered his order designating the 7th day of March, 1955, at 10 o'clock a. m. in the County Courtroom in the Courthouse of Ochiltree County, Texas, as the time and place when and where such application would be heard, and that such application will be heard at such time and place.

Velma Beck, Guardian of the Estates of Verlin Beck, Larry Beck and Gail Beck, Minors

8-1t-c

IN THE COUNTY COURT OF OCHILTREE, COUNTY, TEXAS
(PROBATE DOCKET)

IN THE MATTER OF THE GUARDIANSHIP OF ELMINA DECK, A PERSON OF UNSOUND MIND—NO. 618

From your [illegible]
Walter Rogers

TO THE PEOPLE OF THE 18th DISTRICT:

THE GAS QUESTION

Much has been said and written about the gas question since the Supreme Court held in effect that you could produce and gather all the natural gas you wanted, but if you sold it to a company engaged in transmission of gas from one state to another subject to regulation by the Federal Power Commission under the Natural Gas Act, then you, by virtue of the sale, subjected yourself to federal jurisdiction and regulation of rates by the Federal Power Commission.

This holding was another good example of the language construction strain that has been going on lately to centralize this government. The decision was a five-to-three decision. The three who voted aganist the decision were Justice Douglas, Justice Clark and Justice Burton. The latest addition to the Supreme Court, the Chief Justice from California, Mr. Warren, voted for the decision and therefore for federal control of all these small companies engaged in the production and gathering of natural gas. When this decision was announced, I immediately introduced legislation to correct the grievous wrongs that would follow from it. However, it was so late in the session last year that there was little chance to get anything done.

Soon after this session began, I introduced legislation to correct this situation and to preserve in the States those rights guaranteed them under the Constitution and to preserve the status of the individual within the state. I shall press for passage of this legislation, because it involves a fundamental principle, not concerned primarily with the gas business nor any other single type of endeavor, but concerned with every segment of the economy of this nation.

We have reached the crossroads and must decide whether or not we are ready to move into centralized government centered in Washington and thereby change the type of government.

Philippines Land Reform

MANILLA (AP) — The Filipino tenant farmer has been handed what proponents call the most progressive land reform to be passed anywhere in Asia to meet the age-old hunger for land. Then new law grants increased management rights to tenants and a better security of tenure. A tenant now can be evicted only by court action. All doubts are resolved in favor of the tenant.

Land tenure reform supplements the land for the landless program. Resettlement projects have been undertaken for landless on the big southern island of Mindanao. But many tenants on populous Luzon do not want to move south.

About 23 per cent of the world's population in Europe, North America, Australia and New Zealand use about 86 per cent of the world's annual production of 50 million metric tons of paper.

NEW 198-HP MONTCLAIRS PROVE THEIR NEW SUPER-TORQUE BY PICKING UP SPEED ON 28% GRADE AT TEST-TRACK IN DEARBORN, MICHIGAN.

NEW 198-HP BEAUTY PICKS UP SPEED CLIMBING 28% GRADE

More power where it counts from Mercury's new Dual-Exhaust SUPER-TORQUE V-8 engine

There's a lot of talk about horsepower these days. The numbers go up and up. But what does all this extra power *do* for you?

The picture above tells part of the story. There's so much power delivered at the wheels of this new 198-horsepower Mercury Montclair that you can actually *pick up speed* while climbing the steepest hill you can find. This is one graphic way of demonstrating Mercury's new kind of super-torque power.

More top speed is of little value to most motorists. Cars already can go faster than most legal speed limits. Where you want extra power is in the *everyday* speed ranges where you do 95 per cent of your driving. And that's exactly where the 1955 Mercury gives it to you . . . for *instant* pickup, *safer* passing power, *easier* hill climbing.

We've said nothing here about styling—and now there isn't room. But Mercury's years-ahead design is speaking for itself right now at our showroom. Stop in today.

W. S. Scroggs, Waka planter, suggests that the Herald change the wording at the top of page one to: "Home of The Nation's Best Wheatplanters" instead of Wheatheart of The Nation.

Try Perryton Merchants First!

Perryton's Tunetwisters, composed of Fred Osborne, Tom Knighton, Clif Bell, Coke Harlow and Dr. Roy Sanford, were never sharper than at their appearance before the Business and Professional Womens Club last Thursday. Perhaps lacking in voice, due to four sore throats, they made up for tone quality with their good natured wit.

Try Perryton Merchants First!

Nic Acker, of the 205 South Main firm, is bragging about a hand saw that he just happens to offer for sale. Seems that the steel in this saw is charcoal processed by Swedes of Eskilstuna, Sweden. The trade name is Sandvik.

Try Perryton Merchants First!

Roy Orrill, golfer, wheat planter, and Men's Wear chief, is ready for a change in the moisture content of the air. Roy said that he would not object to a three-inch slow rain as a starter. "That would get the air moist all the way up, then we would get some moisture all summer," he surmises.

Try Perryton Merchants First!

The Adman's friend Bill Carpenter is leaving Ellis' Automotive next week for Wichita, Ks. Bill listened to some Kansas city slickers and is going to the big city to try his luck. Bill's got that extra something for success, but whether he will like living up north is another question.

Try Perryton Merchants First!

Dale Kerns has been employed to fill Bill's spot at Ellis'. Drop in and say hello to Dale.

Try Perryton Merchants First!

Mack Sultor will report for a new job this week. He will give the truck business a whirl with Dent Lenderman calling the shots. Dent's new trucking business will add a few more dollars to Perryton's till.

Try Perryton Merchants First!

Harold Malone heard that: "Trouble is one thing that you can borrow without references."

Try Perryton Merchants First!

During the funeral service Tuesday for John Dunkle, father of the Herald's mechanical superintendent, O. W. (Jake) Dunkle, one of the preachers related: "Bro. John had a good laugh, he was a true Christian, a cheerful gentleman and had the right kind of thinking in mind and heart." A sincere tribute to a kind, thoughtful and respected friend.

Mr. and Mrs. H. I. Hudson of Amarillo, Mrs. Cecil Bartel and sons, Danny and Gary of Grand Prairie, Texas, spent Tuesday afternoon with Mr. and Mrs. Harold Hudson and sons. Mrs. Bartel spent Tuesday night with Mr. and Mrs. H. G. Bartel in Balko before returning to Grand Prairie with Mr. and Mrs. Hudson Wednesday morning. Mr. and Mrs. Hudson are on their way to Old Mexico on an extended vacation trip.

National FFA Week Observed By Balko Group

BALKO—The Balko Future Farmers of America are observing National FFA Week during the week of Feb. 20-27, choosing the week of George Washington's birthday out of honor and respect for the Father of Our country.

There are 370,000 members of the FFA, the national organization of farm boys studying vocational agriculture in high schools. Among other things, members learn through active participation how to conduct and take part in public meetings; to speak in public; to market farm products; to solve their own problems; to finance themselves; to use improved farming methods; and to assume civic responsibility.

The FFA is a non-profit, non-political farm boy organization of voluntary membership, with no outside affiliations.

I-dent-ified

BISMARCK, N. C. (AP)—Police Captain Gordon Kern looked over some bicycles children had brought to headquarters to be licensed.

Dents in a fender of one bike looked familiar, so Kern checked the serial number. The bicycle had been stolen from his own son, an dthen sold to another boy for $6.

Personal Affair

MILFORD, Conn. (AP) — The board of education granted a teacher a three-day leave of absence for a honeymoon. The board acted under a regulation which permits teachers a certain amount of time off for "personal business."

Rotten Break

RICHMOND, Va. (AP)—John ert Harris Jr., was convicte reckless driving. The prin evidence against him was neat clipping off of a telep pole. Harris appealed.

He said he swerved to another car and his speed less than 25 miles an hour. pole broke, he said, becau was rotten. After examini section of the pole, the j smiled and acquitted Harris.

NEW AGENT—Charley Brown a 1955 graduate of Oklahoma A&M College, is the new county agent for Lipscomb county, and he started his job this week. He replaces Doug Brown, who is now county agent at Dalhart. The new Lipscomb county agent is married to the former Shirley Bess Hearn of Perryton.

Eagle Scout Award Is Set At Darrouzett

DARROUZETT—Jerry Tennant will receive the Eagle Scout award at a Court of Honor to be held Thursday, Feb. 24, in the high school gymnasium in Darrouzett. Dave Agnew, district Scout executive, will make the presentation.

This is the first Eagle award to be given in Troop 58 of Darrouzett. Jerry is the 12th boy to become an Eagle Scout in the Kiowa district, which consists of Beaver, Ochiltree and Lipscomb counties.

In this Court of Honor, Girl Scout Lone Troop 1 and Cub Pack 1 will also participate in making awards as well as the other members of Troop 58.

Boy Scout troops from Logan, Follett and Booker are planning to attend the event. There will be some advancements recognized among members of these troops.

The public is cordially invited to attend.

Dunkle Services Held Tuesday In Alanreed

Funeral services were held in Alanreed, Texas Tuesday afternoon for J. F. Dunkle, father of O. W. Dunkle, Herald mechanical superintendent.

Mr. Dunkle died Sunday, Feb. 20, at his home in Alanreed. He was 78 years of age.

Rev. Steve Greenwood of Rolla, Texas, Rev. Tom Beck and Rev. R. M. Cole of Alanreed, and Rev. L. P. Fort of Pampa conducted the final rites.

Mr. Dunkle was born April 21, 1876 at Deer Run, West Virginia and came to Texas with his parents at an early age. He settled in Dallas county and later moved to Wheeler county where he published the Wheeler Times for many years, selling his interest in 1929.

He had been engaged in farming in Gray county since 1930.

He was married to Lucy Mae Hammer on Dec. 25, 1902 and to this union eight children were born, six of whom survive. They are Mrs. Alma Meek of Pampa, Mrs. Vida Byerly of Crown Point, Ind., Mrs. Lula Mae Craig of Ft. Sumner, N. M., O. W. Dunkle of Perryton, Ernest Dunkle of Seattle, Washington and Raymond F. Dunkle of Salt Lake City, Utah. Also surviving are 12 grandchildren and three great-grandchildren.

Burial was made in the Mobeetie cemetery where Mrs. Dunkle was buried a number of years ago.

Ford Dealer Gets Top Award From Factory

This city's A and B Motor Co., Ford-Mercury agency, received national publicity last Thursday when Gene Akers, owner, was presented the coveted "4 Letter Award" highest honor ever awarded by the Ford Motor Co.

John Hill, Ford factory representative, said that the award was earned by A and B Motor Co. for: (1) Outstanding dealership activity; (2) Financially sound; (3) efficient management and a competitive spirit and (4) having facilities completely modern.

Akers pointed out that this was the second such award to be received by the personnel of the local agency. The first award was in 1951.

"In reality, our customers should receive all of the credit for our national recognition," Akers explained, "for without the finest customers in the world, we could not have attained this high honor."

Hill complimented each employee for their part in earning the 4-Letter Award. The factory representative pointed out that out of the hundreds of dealers in this region only 33 earned the award.

Dentists running their own practices in the United States average net incomes of $7,820 a year and doctors $13,432 before taxes, says the Twentieth Century Fund.

A light year is roughly six trillion miles.

Modern Living Is Called Cause of Much Bursitis

AUSTIN, Texas—"A hundred years ago nobody worried about bursitis because nobody had it," said Dr. Henry A. Holle, State Health Officer. It wasn't until about forty years ago that there was enough of it around for it to be given a name. Today an estimated two and a half million Americans suffer from the hurting joints caused by bursitis.

The reason for the big increase seems to be found in modern living. So many of the things people do-typing, working adding machines, driving, handling compressed-air tools, exercising strenuously on week-ends—are the very things that can cause attacks of bursitis. Too, people live longer nowadays and bursitis most often attacks after forty when age weakens tendons.

Between the moving parts of muscles, tendons and bones there are cushions—tiny, flat sacs filled with an oily substance. These are the bursae. As the parts move, the two inside surfaces of the sacs glide against each other providing satin-smooth action.

The body has more than 140 of these little sacs. Most important is the subdeltoid bursae in the shoulder, which helps the major shoulder muscle operate. It is most important because the human shoulder wasn't designed for the work it now has to do. The result is that though bursitis can occur in any of the 140 bursae and often does affect elbows, hips, ankles and [illegible] per cent of the time [illegible] shoulder.

If an attack of burs[illegible] a physician should be [illegible] He can control burs[illegible] can't control the res[illegible] lect. Curing bursitis [illegible] and patience.

Mrs. Don Ellis, 809 South Eton, was hostess to the Red Bud Garden Club, February 18. Mrs. Loyd Morgan was co-hostess for the occasion.

Mrs. Weldon Wright presided during the meeting.

Refreshments were served at the close of the afternoon.

Those present were Mrs. Byron Tevis, Mrs. Shelley Hill, Mrs. Bruce Baumann, Mrs. Wright, Mrs. Tip Collingsworth, Mrs. Phil Daley, Mrs. Garland Daley, Mrs. H. G. Evans and the hostesses.

The next meeting will be at 2:30 p. m. on March 18, in the home of Mrs. Bruce Baumann, 1401 South Drake.

Ochiltree Social Held Thursday

The Ochiltree community social was held Thursday evening, February 17, at the club center.

Hostesses were Mr. and Mrs. Roy Johnson, Mr. and Mrs. Robert Thurman, Mrs. Vera Presnall and Mrs. Stella Williams.

The serving table featured a Washington birthday theme. The centerpiece was flanked by red tapers.

Guests present were Mr. and Mrs. A. C. Dial, Mr. and Mrs. Harold Simpson, Mr. and Mrs. George Symons, Mr. and Mrs. Jim Dodson, Mr. and Mrs. A. K. Wilson, Mr. and Mrs. J. H. Woodward, Mr. and Mrs. Dewey Allen, Mr. and Mrs. Bill McLanahan, Mr. and Mrs. Jack Dodson, Mr. and Mrs. Sam Judice and family, Mr. and Mrs. Elton Symons and family, Mr. and Mrs. Clyde Herrington and family, Mrs. Blanch Cudd, Mrs. J. C. May, Mrs. Fred Tillman, Mr. Walter LaMaster, Virgie Lou Wilson, Helen Halpain, Billy Wayne McLanahan, Arla Williams, Steve Johnson, Danny Thurman, the hosts and their families.

Card games were enjoyed during the evening.

Mrs. Bill McLanahan held high score for ladies, and Billy Wayne McLanahan held high for men.

Mrs. Blanche Cudd and George Symons held low scores for ladies and men.

Mrs. Bill McLanahan won the traveling prize.

Farewell Party Honors Willsons

Mr. and Mrs. Marvin Flaming and Mr. and Mrs. Richard Allen were hosts for a farewell party last Thursday evening in the Flaming home at 709 Southwest Third Avenue, honoring Rev. and Mrs. Lloyd Willson and children, who left Friday to make their home in Abilene.

Sandwiches and coffee were served at the close of the evening.

Those present were the honored family and Mr. and Mrs. E. E. Stewart, Mr. and Mrs. Robert Lewis and son, Mr. and Mrs. Roy Myers, Mr. and Mrs. A. D. Ferguson, Mr. and Mrs. S. A. Whitsett and son, Mrs. Ben Harris, Mrs. Edward Williams and the hosts and hostesses.

Fine Arts Dept. Elects Officers

Officers for the coming year were elected at a meeting of the Fine Arts Department of the Sorosis Club, February 16, in the home of Mrs. C. B. Rogers. Mrs. C. W. Foote and Mrs. Ray McEntire assisted with the hostess duties.

Mrs. C. B. Rogers was elected chairman of the club. Other officers include Mrs. Ray McEntire, vice chairman; Mrs. A. P. Spicer, second vice chairman; Mrs. Dewey Allen, secretary-treasurer; Mrs. B. C. Holly, parliamentarian; Mrs. Vance Apple, music chairman.

Club members signed a petition, favoring a course in public school to each students to drive.

Education for Living in our Changing World included a discussion by Mrs. J. W. Erickson on "How Movies, Radio and Television Have Influenced American Living."

Mrs. Manse Wood spoke on "How Literature and Books Have Influenced American Living."

At the close of the program refreshments were served to Mrs. O. T. Glasgow and Mrs. E. M. Reuss guests, and to the following members, Mesdames Dewey Allen, Jack Allen, Vance Apple, Clifford Beck, Virgil Castle, Audie Conley, Carl Ellis, J. W. Erickson, Horace Glasgow, W. B. LaMaster, H. D. Malone, D. D. Shanks, A. P. Spicer, Byron Tevis, S. P. Whippo, Manse Wood and the hostesses.

Waka 4-H Club Meets Feb. 17

Members and guests of the Waka 4-H club met Feb. 17.

The group sang the 4-H song and gave the pledge. A prayer was offered.

Alene Wiebe presided for the meeting and Jeanene Frantz read the minutes of the previous meeting. Committee reports were given.

Donetta Scroggs measured the girls for pattern size.

Alene Wiebe served refreshments.

Mrs. B. J. Turner and Mrs. Herman Wiebe were guests for the afternoon.

Others present were Donetta, Anna Margaret and Vera Jo Scroggs, Nadine, Laura Jane and Carol Ann Wiebe, Judy Stump, Bonita Dunnihoo, Jeanene Frantz, Patsy Turner and Becky Dunnihoo.

Pletchers Are Supper Club Hosts

Mr. and Mrs. Bill Pletcher entertained their supper club, Tuesday evening, in their home southeast of town.

Those present were Mr. and Mrs. Dan Archer, Mr. and Mrs. Tom Slack, Mr. and Mrs. J. H. Peterson, Mrs. W. L. Herndon, Dr. and Mrs. J. M. Henry, Mr. and Mrs. Roy Stollings and the host and hostess.

Games were played following dinner.

Rent Typewriters—Stewarts

Announcement

Mrs. Ida Belle Halpain announces that the marriage of her daughter, Miss Patsy Halpain to Gene Burt Ross of Stratford will not be held on February 27 as previously announced.

Bell Home is Scene of Party

The E. R. Bell home at 1406 South Colgate was the scene of a dessert-bridge Saturday evening, February 19. Mrs. Bell and Mrs. Phil LaMaster were hostesses for the party.

A George Washington theme was carried out in decorations.

Those present were Mr. and Mrs. Bob Lemon, Mr. and Mrs. A. L. Schnell Jr., Mr. and Mrs. Gale Rogers, Mr. and Mrs. Don Ellis, Mrs. Gene Stinson, Mr. and Mrs. LaMaster and Mr. and Mrs. Bell.

Mrs. Lemon held high score for ladies and Mr. Schnell held high for men.

'Frozen Foods' Is Demonstration

Mrs. E. D. Clement was hostess to the Black Home Demonstration Club, February 15.

Mrs. L. L. Rawls presided at the business meeting. A club family party was planned for Feb. 25.

Miss Lou Ella Patterson, agent, gave a demonstration on "Frozen Foods." She told of the convenience of having frozen pre-cooked or prepared foods such as soups, fruit purees, vegetable purees, pies, cakes and sandwiches in the home freezer.

Those present were Mrs. W. A. Pope, Mrs. C. U. Pope, Mrs. Dean Leighnor, Mrs. Bill Brown, Mrs. Herb Butt and Terry, Mrs. David Burger, Sharon and Jerry, Miss Patterson, Mrs. G. A. Burger, Mrs. O. J. Crain and Mary Alice, Mrs. Rawls and the hostess.

Group Entertained In Tandy Home

Mrs. Clyce Ragsdale, Mrs. Charles Price and Mrs. Roger Tandy entertained with a dessert-bridge last Friday evening in the Tandy home at 902 South Colgate.

Decorations were in keeping with George Washington's birthday.

The bridge tables were laid with white cloths and decorated with red carnations and white hatchets.

Those present were Mrs. Jack M. Allen, Mrs. Clair Brillhart, Mrs. Hal Chase, Mrs. Warren Cudd, Mrs. Bruce Holmes, Mrs. Harold Hudson, Mrs. Sidney Jines, Mrs. Cecil Leicht, Mrs. Clarence Lewis, Mrs. Johnnie Luthi, Mrs. G. K. Rupprecht, Mrs. Bill Tregellas, Mrs. J. B. Whigham, Mrs. Gale Rogers, Mrs. Gene Lawrence, Mrs. Woodrow Brillhart, Mrs. Fountain Wade, Mrs. Dean Monroe, Mrs. Sonny Schnell, Mrs. E. R. Bell, Mrs. John Darriel, Mrs. Sammy Phelps, Mrs. H. J. LeMaster and the hostesses.

At the close of play Mrs. Hudson held high score and Mrs. LeMaster held low. Mrs. Woodrow Brillhart won the traveling prize.

Mrs. Combs Is Canasta Hostess

Mrs. Billy Combs entertained with a Canasta party Friday, February 18, in her home at 321 Northeast First Avenue.

At the close of play, strawberry pie and coffee were served.

Mrs. Raymond McCurdy held high score.

Others present were Mrs. Mike Williams, Mrs. W. B. Barclay, Mrs. Bud Derrick, Mrs. Jack Simmons, Mrs. Woodrow Rick, Mrs. Glen Knight and the hostess.

'Frozen Foods' is Program Topic

Miss Lou Ella Patterson, agent, gave a demonstration on "Freezing Prepared Foods" at a meeting of the Ochiltree Home Demonstration Club, February 18, in the home of Mrs. Robert Thurman, southwest of town.

Miss Patterson, in her interesting and educational talk, stressed the importance of cooling cooked foods quickly, packaging the foods carefully and quick-freezing immediately.

In the absence of the president, Mrs. Ben Graham, Mrs. M. B. Williams presided for the business meeting.

Those present were Mrs. Leland Wilson, Mrs. E. C. Dodson, Mrs. Stella Williams, Mrs. M. B. Williams, Miss Patterson and the hostess.

Ceremony Read Sunday Afternoon for Miss Valda Jean Day, Bobby J. Baker

In an impressive ceremony Sunday afternoon, February 20, in the sanctuary of the First Baptist Church, Miss Valda Jean Day, daughter of Mr. and Mrs. Ivan Day, became the bride of Bobby J. Baker, son of Mr. and Mrs. J. M. Baker of Hedley.

Reverend Keith McCormick, pastor, read the double-ring service at 3 o'clock.

The ceremony was read before arched candelabra, entwined with greenery, with fern trees and baskets of white gladioli at either side. Lighted tapers marked the bridal aisle.

Joe Erickson, organist, played as a nuptial prelude "Liebestraum" by Liszt, "Indian Love Call" by Friml and "O Promise Me" by Scott. He accompanied Bob Irby as he sang, "Through the Years" by Youmans, "Because" by D' Hardelot and "Wedding Prayer" by Dunlap as a benediction. "Clair de lune" by De Bussy was played softly during the ceremony and the traditional wedding marches were used for the processional and recessional.

Escorted to the altar and given in marriage by her father, the bride was attired in a waltz length gown of imported Chantilly lace and nylon tulle. The fitted lace bodice was fashioned with a scalloped neckline accented with tiny seed pearls and sequins. Small lace covered buttons extended down the back of the bodice into the V shaped low waistline. The fitted sleeves tapered to petal points and closed with tiny covered buttons. The full tulle skirt, worn over crinoline, was gathered at the waistline. The ornamented lace motif was repeated on the skirt.

Her finger-tip veil of imported French illusion, scalloped at the edge and showered with appliques of Chantilly lace, was attached to a shell-type headdress of lace, highlighted with seed pearls.

She carried a bouquet of orchids and stephonotis, showered with white satin streamers, atop a white Bible.

Her only jewelry was a strand of pearls, a gift of the bridegroom.

For something old she wore her maternal grandmother's wedding ring and for something blue, the traditional blue garter.

Mrs. Vernon Day, sister-in-law of the bride, was matron of honor and Miss Janice Miller was brides maid. They wore identical dresses of aqua antique taffeta, fashioned with draped surplice bodices and molded midriffs. The full circular skirts, worn over crinoline, were waltz length. They wore small pill box hats of matching taffeta and shoes dyed to match and carried colonial bouquets of aqua carnations outlined with a ruffle of tulle.

Vernon Day, brother of the bride, and James Hagemeier, cousin of the bride, were candlelighters. Jane and Billy Pletcher, niece and nephew of the bridegroom, were junior candlelighters. Norma Swinney, niece of the bridegroom, was flower girl and Warren Hall Baker, nephew of the bridegroom, was ring bearer.

Jane Pletcher and Norma Swinney wore identical ballerina length dresses of sweetheart pink antique taffeta, designed with low scalloped necklines and cap sleeves. The full, two-tiered skirt formed a ruffle at the hipline. Wide sashes tied in the back. They wore bandeaus of matching taffeta and flowers.

Warren Baker, brother of the bridegroom, was best man. Art O'Quinn was groomsman and ushers were Vernon Day, James Hagemeier, Hershel Swinney and Hubert Jones.

For her daughter's wedding, Mrs. Day chose a navy blue silk two-piece-dress with navy and white accessories. Her corsage was of mystery gardenias. The bridegroom's mother wore a teal blue, two-piece dress of Orlon and wool, with pink and navy accessories and a corsage of mystery gardenias.

The reception, which immediately followed the ceremony, was held in the church parlor.

Miss Dixie Conley played piano selections during the reception and Mrs. Buddy Wilkins of Hardesty registered the guests.

The bride's table was laid with Day Baker Wedding galley TWO a white imported lace cloth over blue. An arrangement of pink snapdragons flanked with blue candles in crystal candelabra formed the center-piece.

Mrs. Bill Pletcher served the wedding cake and Mrs. Hubert Jones presided at the punch service.

For a wedding trip to points of interest in New Mexico, the bride chose a two piece dress of luggage tan raw silk with champagne and brown lizzard accessories. Her corsage was an orchid.

Mr. and Mrs. Baker will make their home at 215 Southwest Third Avenue, Perryton.

Mrs. Baker is a graduate of Perryton high school and attended Hardin-Simmons University at Abilene. She was Miss Perryton and Wheatheart of the Nation in 1952. In high school she was a member of the National Honor Society, an outstanding speech student and a member of the choir and sextette.

Mr. Baker is a graduate of Hedley high school and attended Clarendon Junior College. He is employed with McLellan Stores Inc.

Out-of-town wedding guests included:

Mr. and Mrs. J. M. Baker, Mr. and Mrs. Hobart Moffett, Mr. and Mrs. Alva Simmons and Mr. and Mrs. H. H. Hall of Hedley; Mr. and Mrs. Warren Baker, Warren Hall and Judy, Mr. and Mrs. H. H. Hagemeier and James of Amarillo.

Also Mr. and Mrs. Chas. Buckley of Borger; Mr. and Mrs. George McElroy of Hooker, Ia.; Mrs. Floyd McElroy and Leota Lorenz of Guymon; Gene Weber and Darlyn of Dunbune, Kansas; Mr. and Mrs. Clyde Johnston of Kingsville, Kansas; Mr. and Mrs. W. A Designer Speaks:

Fashion Comes in All Sizes

TAKE YOUR CHOICE . . . Here are three different silhouettes shown by Adele Simpson in her spring fashion collection. Left is the short-jacket suit in navy serge with white linen overblouse, polka-dot tie and slightly flared skirt. Center, the long-jacket sheath suit in gray tropical silk with fitted striped overblouse and jacket lining. At right is a full-skirted afternoon dress, which may be worn with as many petticoats as you like, in black butterfly taffeta with white lace collar and big bow tie.

By DOROTHY ROE
Associated Press Women's Editor

Any woman should be allowed a choice of silhouettes, says Adele Simpson, a designer who feels a sympathy for the gal who isn't built to fit into the current long, lean look.

Mrs. Simpson herself, being less than 5 feet tall, understands the problems of the petite woman who couldn't look long or lean no matter what she wore. Her current spring collection, therefore, includes a variety of silhouettes—some with the string-bean look and others without. Says she:

"The woman who dresses well doesn't follow every extreme change in fashion slavishly. She chooses the things which look best on her—after all, she is the one who has to wear them and the choice should be hers."

Mrs. Simpson shows plenty of the long-torso suits and dresses to satisfy the long, lean customers. But she also includes some short jackets and flared skirts, and some full skirts for those who like them. Her comment:

"This is a free country, in fashion as well as politics. And any woman has the right of free choice in selecting a becoming wardrobe."

Mrs. Flowers is Guest Speaker

Mrs. Oscar Flowers, a guest, spoke on "Travel" at a meeting of the Beta Phi Chapter of Beta Sigma Phi Sorority, Tuesday evening in the Harvester Room of Hotel Perryton.

Mrs. Flowers showed colored films made during a vacation trip last summer to South Texas, New Orleans, Florida, Cuba, Washington, D. C., the Atlantic Coast and Canada.

Mrs. J. B. Whigham and Mrs. Jack M. Allen were hostesses for the evening.

Mrs. Jack Gramstorff conducted the business meeting, during which a nominating committee was elected.

Those present were Mmes. Bruce Baumann, Dave Deal, H. G. Evans, Chellis Gidley, Jack Gramstorff, Jimmy Hall, A. F. Holland, Josh Hopkins, Gene Lawrence, Paul Loftin, Ray Osborne, Clyce Ragsdale, Gale Rogers, Byron Tevis, Bill Walker, Max Wood, James Wright, Grady Yeary, Elmo Bennett, Keith Flowers, Ray Vahue, Dean Monroe, Miss Kathleen Lee, Miss Peggy Rogers, Miss Elaine McCartor and the hostesses.

Community Will Sponsor Party

The Farnsworth community will sponsor a games party on Thursday night, March 3, at 7:30 p. m. in the Community Building. Bridge, pitch and dominoes will be played.

A small admission will be charged and the public is cordially invited to attend.

Rheumatism, Arthritis, Neuritis Sufferers GIVEN NEW HOPE FOR Relief of Pain

Amazing new medical discovery . . . AR-PAN-EX works directly through blood stream to offer blessed relief from nagging misery. AR-PAN-EX also helps reduce Uric Acid said to aggravate pain. See us today about guaranteed AR-PAN-EX tablets.

TAYLOR DRUG

Couple Entertains Supper Club

Mr. and Mrs. Paul Loftin, 1417 South Eton entertained members and guests of their supper club, last Saturday evening.

Arrangements of jonquils and snapdragons decorated the home for the occasion.

The serving table was decorated with jonquils and snapdragons in a silver bowl with yellow tapers in silver candelabra at either side. Vases of jonquils decorated the smaller tables.

Guests for the evening were Dr. and Mrs. Roy Sanford and Mr. and Mrs. Alton Boxwell.

Others present were Mr. and Mrs. Charles Taylor, Mrs. Van W. Stewart, Mr. and Mrs. Elliott Lee, Mr. and Mrs. Irvin Hergert, Mr. and Mrs. Clair Brillhart and the host and hostess.

Bridge was played during the evening. Mrs. Lee held high score and Mr. Boxwell held second high. Mr. Lee won the traveling prize.

Meeting Held In Directors Room

Mrs. Harold Hudson and Mrs. Fountain Wade were hostesses to the Xi Lambda Chapter of Beta Sigma Phi Sorority Tuesday evening, February 22, in the Director's Room of the First National Bank.

Mrs. Woodrow Brillhart presided for the business meeting.

The program was a discussion of "The Voice as an Indication of Personality" by Pat Wood, Connie Edwards, Sue Williams and Phyllis Vernon.

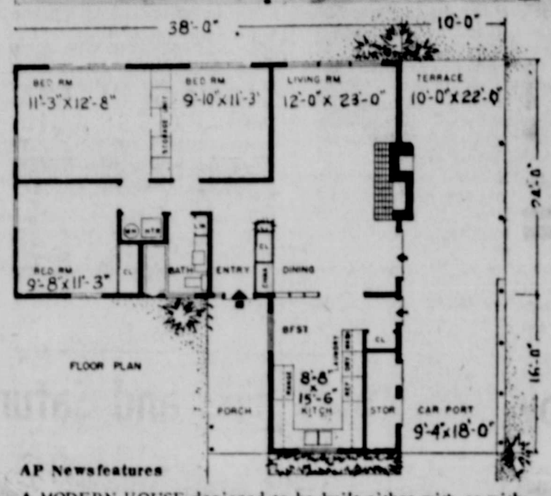

Those present were Mrs. D. D. Shanks, an honorary member, and Mrs. Woodrow Brillhart, Mrs. Gene Brillhart, Mrs. Clair Brillhart, Miss Molna Caldwell, Mrs. Hal Chase, Mrs. Irvin Hergert, Mrs. Buford Johnson and the hostesses.

Columbus established the first Spanish colony on the mainland of the New World in what is now Panama in 1502.

During the critical labor shortage of World War II, there were never less than 400,000 unemployed people in the United States.

HOMES FOR AMERICANS

AP Newsfeatures

A MODERN HOUSE designed to be built either with or without a basement. Storage space adjoining kitchen provides ample room for a stairway. Terrace in back of car port has an outdoor barbecue fireplace. All closets have wardrobe type sliding doors. This is plan No. 310 by Walter T. Anicka, architect, 617 Forest St., Ann Arbor, Mich. The house covers 1,020 square feet. A minimum lot of 55 feet is recommended.

(Further information and blueprints available from architect)

Family Dinner Held Sunday

Mr. and Mrs. Bob Gibson, 1305 South Drake, were hosts for a family dinner Sunday.

Those present were Mr. and Mrs. E. W. Hearn, Mr. and Mrs. Clinton Hearn and Billy, Mr. and Mrs. Charles Brown and David, the host and hostess and their sons, Mark and Vance.

Mrs. Lawrence is Bridge Hostess

Mrs. Gene Lawrence was hostess to the Lamplighter bridge club last Thursday evening, in her home at 1021 South Baylor.

The bridge tables were covered with white cloths and centered with red candles for the dessert course.

Mrs. Gordon Shackelford was a guest of the club.

Members present were Mrs. Elmo Bennett, Mrs. Chellis Gidley, Mrs. Frank Shaffer, Mrs. B. D. Walker, Mrs. Clifford Phelps, Mrs. Wayne Kisker and the hostess.

Mrs. Walker held high score and Mrs. Shackelford held low. Mrs. Kisker won the traveling prize.

Party Held Saturday Evening

Mr. and Mrs. Roy Gheen Jr. entertained with a party Saturday evening in their home near Booker.

Games of pitch were played. Mr. and Mrs. I. M. Morrison held high score and Mr. and Mrs. Travis Boston held low.

Those present were Mr. and Mrs. Wayne Fluitt, Mr. and Mrs. C. T. Duke, Mr. and Mrs. Ed Merydith, Mr. and Mrs. Boston, Mr. and Mrs. Morrison and the host and hostess.

Children present were Terry and Lynette Boston, Paulette Morrison, John and Cheryl Duke, Debbie Merydith and Rickie Gheen.

Edwards Are Supper Club Hosts

Mr. and Mrs. Miles Edwards were hosts to their supper club Sunday evening in their home at 313 South Drake.

An arrangement of red and white carnations and small American flags decorated the serving table.

Those present were Mr. and Mrs. H. J. LeMaster, Mr. and Mrs. Charles Pyles, Mr. and Mrs. J. H. Brashears, Mr. and Mrs. Max Boyer, Mrs. Mattie Maude Cayler, Mrs. Van W. Stewart, Mrs. Bertha Nave of Childress, Jack Todd and the host and hostess.

Bridge was played during the evening. Mrs. Stewart held high score for ladies and Mr. Brashears high for men.

Dinner Honors Gale Rogers

Mrs. C. B. Rogers, 622 South Grinnell, entertained at dinner Sunday, honoring her son, Gale Rogers, on his birthday anniversary.

Those present were the honoree and Mrs. Rogers, Mr. and Mrs. Harold Hudson, Jimmy and Johnny, Don Rogers and the hostess.

Mrs. Bertha Nave of Childress was a guest of her daughter and family, Mr. and Mrs. Jinks Brashears and family, last week end.

'Freezing Prepared Foods' is Program Topic

"Before you fill your freezer with prepared food, you will want to decide whether it will save you time when you need it," stated Miss Lou Ella Patterson, Home Demonstration Agent in her discussion on "Freezing Prepared Foods," at the Waka Home Demonstration Club, February 16, in the home of Mrs. H. N. Elledge.

Some time saving ways in filling the freezer given by Miss Patterson were "when baking bread make enough loaves to bake two ovens full. Place half of the dough in the pans, work the other half down and let it rise an extra time. For frozen Half Baked Rolls, bake 20 to 30 minutes, depending on their size, in an oven at 275 degrees. Do not brown. Package carefully. A rack for cooling cakes is very nice to bake them on just before they are served. Many rounds of pie dough with two rounds of cellophane between the thicknesses can be prepared and frozen. They may be taken out as needed for fresh pies. Frozen cookie dough is another nice thing to have in your freezer. They can be baked fresh, on short notice, with little trouble."

During the business meeting club members were reminded to bring rummage articles to the next club meeting for the Rummage Sale to be held early in March.

Mrs. Eldon Gurley, recreation chairman, led members in an interesting game of identifying kitchen flavors by only smelling them.

Refreshments of hot coffee and cherry pie topped with whipped cream were served to Mesdames Allan Dennison, Eldon Gurley, Alvin Klotz, Billy Newingham, Cecil Reedy, Leroy Reeves, J. R. Stump, J. L. Wagnon, M. J. Groves, Miss Patterson, agent and the hostess.

The next club meeting will be at 2 p. m. March 2, in the home of Mrs. J. R. Stump. The program will be on "Safe Driving."

Mrs. Drake is Ceramic Club Hostess Tuesday

Mrs. Dwight Drake, 1413 South Eton, was hostess to the ceramic club, Tuesday evening.

Gifts of green ware were presented the hostess.

The group painted ceramic art pieces during the evening.

Mrs. Kenneth McLain was a guest of the club.

Members present were Mrs. Troy Bolerjack, Mrs. J. W. Chase, Mrs. Tip Collingsworth, Mrs. Phil Daley, Mrs. Alva Drake, Mrs. Frank Holdeman, Mrs. Marshal Stone, Mrs. Bill Trayler, Mrs. Nora Taliaferro, Mrs. Raymond Overbey and the hostess.

Mrs. Frank Holdeman, 1217 S. Drake, will be hostess for the next meeting on March 8, at 7:30 p. m.

Mr. and Mrs. Norman Allen and children of Lubbock were guests of their parents, Mr. and Mrs. Dewey Allen and Mr. and Mrs. Lonnie Suitor, last week end.

Bridge Club Entertained In Heil Home

Mrs. Jack Heil entertained her bridge club last Thursday afternoon in her home at 1006 South Fordham.

A dessert was served preceding bridge play.

Mrs. Bruce Holmes was a guest of the club.

Others present were Mrs. E. R. Bell, Mrs. Don Ellis, Mrs. Jim Wright, Mrs. Phil LaMaster, Mrs. Gale Rogers, Mrs. Bob Lemon, Mrs. Bill Tandy and the hostess.

Mrs. Bell was high scorer for the afternoon.

Asparagus Does Well Locally, Agent Reports

Asparagus is easy to grow and care for, and does wonderfully well in Ochiltree County. Now is the time to plant the roots. Year old roots should be planted fifteen to twenty-four inches apart in rows that are three feet apart. The roots are put in a trench one foot deep and as the plants begin to grow soil is pulled around the young shoots until the furrow is completely level. Mary Washington is the variety for this area, according to Lou Ella Patterson, Home Demonstration Agent. Shoots should not be cut the first growing season, very few weeks if any the second season.

With good care, however, asparagus bed will flourish for many years. Harvey Urban of Taz city has an asparagus bed twenty-four years old and excellent condition. She uses only special care she gives to fertilize heavily with pings from the chicken after she has quit cutting paragus, and to keep it during the growing season tops store food in the the next year's tips.

The family will enjoy home-grown vegetables a month earlier when the has an asparagus bed. Fr canned asparagus is an e food for out of season u expensive bought at the

Some Consolation

J. B. Linn, the speaker at the B&PW banquet the other night, had some consolation for us poor folks.

"I hope your goal isn't money," said J. B. "For if it is you are doomed to disappointment. Some of the most unhappy people in the world are those with lots of money. A rich person who is happy is an exception and there aren't too many of them."

Linn said that one of his friends in Amarillo, who has made perhaps a million dollars since the war, said his biggest single regret about having money is that now he is never quite sure whether his friends are sincere, or whether they are being nice because they might want to borrow some money.

This situation has never bothered us. But it is gratifying to know that the rich have their problems.

After all, they say you can't take it with you. But we know at least a couple of men around here that are sure going to try.

Fixed Monthly Payment

Credit is a vitalizing force in the nation's economy and a primary factor for the high living standard of the people. As a result, much that the consumer owns is being acquired on an installment basis, and strictly speaking he holds an equity in rather than clear title to most that is in his name.

The workings of credit, the manipulation of the fiscal structure, all combined to get the U. S. out of the depression, so presidential career that when the nation spent more than it took the experts say. The late Franklin D. Roosevelt found early in his presidential career that when the nation spent more than it took in, "deficit financing," that this put money into circulation, created some credit, and started things working toward more prosperity.

The largest single item deducted from the regular pay chcis of millions of workers is for income taxes, which may be regarded as being partly an investment in national security. Most workers, however, don't look at it this way, feeling that their check after taxes is what their employer is paying them.

Federal Reserve estimates show that in early 1954 half of the family spending units paid out more and half less than 23 per cent of their incomes on fixed monthly charges. Families with annual incomes from $3,000 to $5,000 usually have the largest fixed commitments in relation to their incomes.

The procedure is mortgaging future pay for present enjoyments, and credit is to be used with wisdom despite its blessings.

The wise use of credit may be illustrated by the story of the man who asked his banker for a loan to buy an automobile. The man admitted he was carrying a heavy mortgage on his house and had recently gone in debt for a new garage. The banker asked him how he would be able to find enough money to buy gasoline, in the event he borrowed enough for the new car. "Seems to me a man who owns his own house, garage and automobile should be able to find credit for his gasoline," the borrower replied with dignity.

From the SIDELINE

with HAROLD HUDSON

Have you been worrying about the drought? Has it occurred to you that our weather is changing, that the winters are becoming milder, that the years are drier, that the atomic bomb may have, in some way, disrupted the pattern of nature? Then we have news for you. It has always been this way.

We have just finished re-reading a book called "Heaven's Tableland," by Vance Johnson. This book deals entirely with the land, the weather, the dust storms and drought, the Indians and first farmers, and the economy of this country right here. One thing about it, as far back as they can go, there has been wind on these Plains. When the wind has combined with dry weather and overgrazing, or overplowing, these Plains have had some dust.

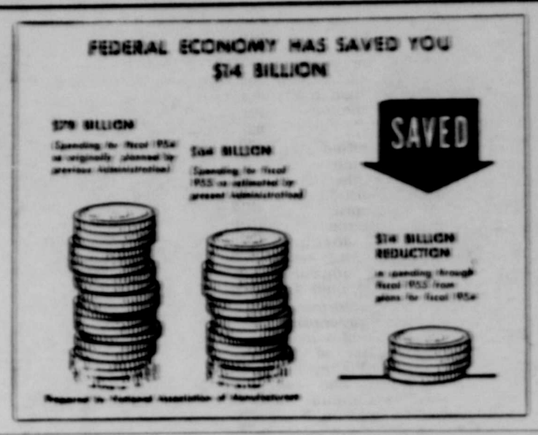

There have been wet cycles when this country looked like God's chosen country, sure enough. There have been dry cycles when this looked like a desert, and actually was in about 1538, this country was in the midst of a wet cycle, so rich in plants, minerals, human culture and prosperity, that tales reached to Spain about the "Seven Cities of Cibola," and a fellow named Francisco Vasquez de Coronado made plans to take over. But by the time he got his equipment rounded up and got here, in 1540, the drought was on. All he saw was bleaching buffalo skulls and drifting dust on these "Staked Plains."

Ruins have been found, indicating that the grass was shoulder high, that the primitive man planted corn, built granaries, built homes, and enjoyed prosperity. The ruins also indicate that there have been some terrible droughts before the time of recorded history. One such drought lasted 24 unbroken years, with not enough rain to keep the grass alive. During this period, all human and animal life was forced to leave.

From about 1875 to 1885, the wet cycle was on. The grass matured without being cut and remained strong and rich throughout the year. The cattle business was booming and many fortunes were made. But by 1884, the weather was not so wet and the grass was being overgrazed. In 1885 drought swept the country, the grass was dry as tinder, and then came the biggest blizzard of them all. On the last day of 1885, it was clear and warm as every day had been since October. Then a cloud bank rose out of the north and by early afternoon, the bottom dropped out of the thermometer.

The wild, fierce wind swept down from the north, killing thousands of cattle, starving and freezing homesteaders, and it never let up until the last week of January. This blizzard was only one sign of a drought which clamped down in 1885 and didn't let up until 1896, when the rains began again. During this period, many a homestead was abandoned, and land was to be had almost for the asking.

By 1900 the bitter years of drought had been forgotten. Settlers were pouring into the plains by the thousands, and the place never looked better. But by 1907 a gradual drop in rainfall had been noted. Drought broke the land boom in 1910, in 1911 conditions were spotty, and a new dimension was added to farming hazards—dust. Drought closed its grip tighter than ever in 1912 and in 1913 the dust storms really began.

But by 1914 the rains began and a bumper wheat crop was cut in 1915. The tractor took the place of horses by 1917 and wheat farming became big business, with hundreds of thousands of acres of sod broken out. The boom in wheat was on, but broke in 1920 when the price dropped 61 cents in six months. The weather continued wet, but the prices were low, although the bottom didn't drop out until the 1929 crash.

The year of 1931 was a super-duper wheat year. Rain and snow were heavy during the winter and spring passed with hardly a dust storm. Yields of 50 bushels per acre were common. But the price dropped so fast that wheat in Perryton said for 22 cents by August 1.

This was the last big wheat crop for a decade. The dust started in 1933 and continued for several years, turning the fertile Plains into a nightmare of poverty, dry and blowing soil, lean and starving livestock and closed business buildings. The only good things to come out of this drought seemed to be the development of farming practices that tied down the dry soil even in the wind.

Things eased a little by 1938 and there was a wheat crop in 1939, 1940 and in a wet year of 1941. This year signalled another decade of wet weather which combined with wartime high prices to bring a prosperity never known before. Lakes that had been dry for ten years filled with water, the grass became lush and green, cattle prices spiraled upward, there was no wheat acreage controls, and people were convinced that this should last forever.

Then about 1950, as we all remember, the moisture pattern changed. It has become dry and this country hasn't made a wheat crop since 1949. But somehow, it all seems familiar. Dry seasons have always followed wet seasons. It is hard to remember how fast men can go broke in dry weather and how fast they can recover in wet weather. Only thing left unanswered in this book is—how long is this present drought going to continue?

Donna Reitz In NTSC Sorority

DENTON—Donna Reitz of Perryton has been elected to pledge Delta Gamma social sorority at North Texas State College.

Six sororities chose 49 girls for their spring pledge lists as the climax to rush week activities.

Miss Reitz, daughter of Mr. and Mrs. William A. Reitz, Perryton, is a sophomore journalism major. She is a member of Future Teachers of America and the Press Club.

NOTICE TO CREDITORS OF THE ESTATE OF WALTER LONNIE HERNDON, DECEASED

NOTICE IS HEREBY GIVEN that Original Letters of Administration on the Estate of Walter Lonnie Herndon, Deceased, were granted to me, the undersigned, on the 28th day of January, 1955, by the County Court of Ochiltree County, Texas. All persons having claims against said Estate are hereby required to present the same to me within the time prescribed by law. My residence is in Ochiltree County, and my post office address is Perryton, Texas.

Billy W. Herndon, Administrator of the Estate of Walter Lonnie Herndon, Deceased
8-4t-c

Mr. and Mrs. Bob Neindorff of Haskell, formerly of Perryton, spent the week end with her mother, Mrs. W. M. Freeman and other relatives.

Wolf Creek Philosopher

Always Room for Another Payment

(Ed. note: The Wolf Creek Philosopher discusses an economic fact in his letter this week. He's probably pretty familiar with installment payments.)

Dear editar:

One of my neighbors was in town yesterday and he came back worried, saying he'd been talking to a dry goods man, didn't care to call his name, but I can narrow it down to about three, saying the dry goods man had read something that had upset him.

According to the business man in town, he'd read the night before where some atomic scientist, in describing the future possibilities of atomic energy, provided it ain't all used up in one big swoosh in one war, had casually mentioned that in addition to all the other things this new energy will accomplish, it'll also produce a pair of silk hose that'll wear forever. Just won't be possible to wear em out.

What worried this man was that if they can produce a pair of women's hose that'll last forever, they probably can do the same to men's socks, shirts, suits, hats, coats, etc., and if they do, where's that gonna leave the average dry goods man? Buy your kid a pair of stretch sox when he gets his first pair of shoes and he's fixed up for sox the rest of his life, which would certainly play havoc with the drygoods man's volume of business.

I do not look at the matter that way. In the first place, while I ain't questioning the ability of atomic scientists to build a bomb that'll blow the world to Kingdom Come, they've got to show me a pair of sox a kid can't wear out. Maybe they can do it, but I believe they'll come closer to sending a rocket to the moon.

But what I started out to say was that, even if they can, I'm not worried over the drygoods man's business, on account of I've got confidence in American ingenuity to always keep three jumps ahead of the average man's income. What if they perfect a pair of lifetime sox? They'll come out the same week with something else that costs just as much and will be considered just as essential and I suppose if a man's margin of profit was the same he'd just as soon be selling one item as another. I'd just as soon switch from cows to June bugs if the market was the same.

My neighbor and that drygoods man just don't understand the economic system. Take four years ago. The average family was already saddled with all the payments it could meet, without adding another single item, they were up to the hilt, but television suddenly developed around here and the average family is working that into the budget without a hobble. Don't ask me how, but it's a fact.

Dr. Nowlin Attends Optometry Meet

Dr. Reese Nowlin of [illegible] attended the fifteenth [illegible] meeting of the Southwestern Congress of Optometry in Fort [illegible] last week.

Nationally famous [illegible] from the fields of optometric education appeared on the program. The modern contact lenses and other visual techniques were studied during the meeting.

There are two things [illegible] depend on: American [illegible] ability to bring out [illegible] new, and the public's [illegible] find a way to meet the [illegible] on it.

Yours faithfully,
J. A.

It's highway robbery!

For sheer fun out on the road, Chevrolet's stealing the thunder from the high-priced cars!

Up to this year, maybe there were reasons for wanting one of the higher-priced cars. If you demanded something really special in the way of driving fun, you simply had to pay a premium to get it.

Not any more! The Motoramic Chevrolet has changed all that. Who could wish for more excitement than the new 162-h.p. "Turbo-Fire V8" delivers? (For those who do, 180-h.p. is optional at extra cost in *all* V8 models.) Chevrolet also offers the two highest powered sixes in its field.

Come in and see how the Motoramic Chevrolet is stealing the thunder from the high-priced cars!

Junior Livestock Show at Beaver Set for March 3

The Beaver County Junior Livestock Show, sponsored by the Beaver County Farm Bureau, will be held at the Beaver county fairgrounds on Thursday and Friday, March 3-4.

The show and judging will be held on March 3-4.

The show and judging will be held on March 4 at the fairgrounds and the annual banquet is set for 7 p. m. at the Beaver grade school. Banquet tickets are priced at $5 each, and proceeds of the banquet ticket sales go to pay premiums and expenses of the show.

If more money is raised than anticipated, premiums will be increased accordingly.

The Beaver Farm Bureau invites everyone from this area to attend the show.

No Parking!

EAST LANSING, Mich. (AP)—An attendant in a gas station spotted a parking meter in the back seat of a car and notified police.

Officers confiscated the meter from two Michigan State College students, who explained they wanted it to decorate their dormitory room.

THE STATE OF TEXAS
COUNTY OF OCHILTREE

To the Owners, Lessees, Leinholders, and all other persons holding any interest of, in and to the following described tracts of land, or any part thereof—

GREETING:

You are hereby notified that on the 10th day of February, 1955 the Governing Body of the Ochiltree County Wind Erosion Conservation District determined upon a program of work embracing the land hereinafter described for entering upon, treating and/or constructing such improvements and maintaining such facilities thereon as determined upon for arresting or preventing soil erosion by reason of winds; has allocated a portion of the cost thereof to the following described tracts of land and the owners thereof, and intends to levy an assessment thereon.

Such assessment to be levied only, if and when it becomes necessary to work said land on account of wind erosion hazard, in the opinion of the advisory committee, and the owner or operator of the land fails or refuses to do so.

Said assessment to equal a sum not to exceed $2.00 per acre of the area thereof and the same is tentatively allocated to each of the following described tracts of land and to each of the owners thereof, said land being situated in Ochiltree County, Texas, to-wit:

Shamrock's NEW CLOUD MASTER
Try a tank full of Shamrock's new Cloud Master for 1955. You'll recognize a smooth, new power the first time you press the accelerator. And no wonder. The same aviation alkylate that raises the octane of aviation gasoline is now used to raise the octane of Shamrock's new Cloud Master. This means fewer deposits and high, high octane. In fact, no matter what car you drive, Shamrock's new Cloud Master gasoline exceeds the octane requirements. For new, quick power from your car, stop at the green and white Shamrock soon.
New Cloud Master gasoline with aviation components, like all Shamrock products . . .
QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE

ORDER NO. 1
RULES OF THE GROUND WATER CONSERVATION DISTRICT NO. 2, NORTH OF THE CANADIAN RIVER
RULES GOVERNING DRILLING PERMITS
March 14, 1955

Notice is hereby given that the following regulations concerning the drilling of wells within the defined limits of the Ground Water Conservation District No. 2, North of the Canadian River that are so constructed and equipped to produce in excess of 100,000 gallons of underground water per day, are to be effective as of the fourteenth day of March, 1955, and thereafter, in accordance with resolutions adopted by the Board of Directors of said District, to wit:

1. That as of March 14, 1955, and thereafter, no water well drilled, completed, and equipped so that the well can produce in excess of 100,000 gallons of underground water per day may be drilled within the defined boundaries of said District until such time as a drilling permit for the drilling, equipping, and completion of wells in the underground water reservoir has been issued by the Board of Directors of the Ground Water Conservation District No. 2, North of the Canadian River.

2. That as of March 14, 1955, and thereafter, it is required that complete records are to be kept and reports to be made of the drilling, equipping, and completion of wells that are so drilled, constructed, and equipped to produce in excess of 100,000 gallons of underground water per day. Said records required are to include an accurate driller's log, description data of well, discharge data, and equipment data, as prescribed by the Board of Directors of said District.

Applications for drilling of such wells as set forth in the above regulations should be made to a County Committeeman of said District in the county where the well is to be drilled.

ORDER NO. 2
RULES OF THE GROUND WATER CONSERVATION DISTRICT NO. 2, NORTH OF THE CANADIAN RIVER
RULES CONCERNING THE DRILLING AND SPACING OF NEW WELLS AND THE REWORKING OR REPLACING OF OLD WELLS
March 14, 1955

In accordance with and pursuant to the authority of Section 59 a, b, and c of Article XVI of the Constitution of Texas and of Section 3c, Article 7880, Texas Revised Civil Statutes, as amended by the Acts of the 51st Legislature of the State of Texas, the Ground Water Conservation District No. 2, North of the Canadian River, by and through its duly elected and qualified Directors, does hereby enact the following rules and regulations governing the development of underground water within the boundaries of said District:

Rule 1—Definitions

The words hereinafter defined when used in these rules shall have the following meaning:

(a) The "Board" consists of the five (5) duly elected and qualified members of the Board of Directors of the Ground Water Conservation District No. 2, North of the Canadian River.

(b) "District" shall mean the Ground Water Conservation District No. 2, North of the Canadian River, maintaining its principal office in Dumas, Texas.

(c) The term "Well" or "Water Well" shall mean and include any artificial excavation constructed to produce more than 100,000 gallons of underground water per day.

(d) "Water" shall mean underground water only and not surface water.

(e) "Owner" shall mean and include any person, firm, or corporation that has the right to produce water from the land either by ownership, contract, lease, easement, or any other estate in the land.

(f) "Waste" as used in these rules and regulations shall mean "waste" as defined by Article 7880-3c, A(6), Texas Revised Civil Statutes.

Rule 2—Application for and Issuance of Drilling Permits

(1) No person, firm, or corporation shall drill, construct, or equip a new well within the District without first having made an application therefor and having obtained a permit to do so. Provided that no permit shall be required for the drilling of temporary wells exempt by Article 7880-3c, Section 3, to supply water for the drilling of oil or gas wells. The District shall issue such drilling permit for a well properly spaced upon proper application executed and filed by the owner, containing the matters hereinbelow specified.

Such application for a drilling permit shall be on forms provided by the District and shall set forth the following:

(a) Information as to the exact location of the well to be drilled, including the section, block, and survey; township; labor and league; or other legal description; and the county of the land upon which the well is to be drilled.

(b) A statement as to the proposed use of the well to be drilled, whether municipal, industrial, or irrigation and the approximate number of days the well will be pumped annually.

(c) A statement as to the size and type of casing; size, rated to capacity, and type of pump; and the size and type of power unit to be used.

(d) The name and address of the driller or contractor and the date drilling operation is to begin.

(e) A statement as to the exact location of the three(3) closest adjacent wells within half a mile of the proposed location, together with the names and addresses of the owners.

(f) A statement as to the maximum number of acres to be irrigated.

(g) An agreement by the applicant that a complete well registration and log will be furnished to the District by the applicant upon completion of this well and prior to the production of water therefrom.

Rule 3—Requirement of Drilling Log and Registration of New Well

No person, firm, or corporation shall produce water from any well hereafter drilled and equipped within the District, except that necessary to the drilling and testing of such well and equipment, unless or until the District has been furnished an accurate driller's log of the well covering all drilling data and registration of the well correctly furnishing all available information required on the forms furnished by the District.

Rule 4—Spacing of New Wells

(a) Wells to be drilled after the effective date of these rules shall be spaced as follows:

A well to be equipped with a 4-inch or smaller pump shall be located at least 200 yards from the nearest existing well; a well to be equipped with a 5-inch pump shall be located at least 250 yards from the nearest existing well; a well to be equipped with a 6-inch pump shall be located at least 300 yards from the nearest existing well; a well to be equipped with an 8-inch pump shall be lactted at less 400 yards from the nearest existing well; a well to be equipped with a 10-inch pump shall be located at least 500 yards from the nearest existing well.

Size of Pump (Inside Diameter of Column Pipe)

Minimum Distance from Nearest Well

4-inch or smaller pump— Minimum distance: 200 yards; 5-inch pump—Minimum distance: 250 yards; 6-inch pump—Minimum distance: 300 yards; 8-inch pump—Minimum distance: 400 yards; 10-inch pump — Minimum distance: 500 yards.

(b) A special permit shall be applied for when the applicant desires to use larger than a 10-inch pump. Such special permit may be granted if the applicant shows such operation will not unreasonably or materially increase the drawdown of the water table, cause waste, or cause confiscation of property.

(c) It is contemplated that the pumps of the respective sizes set out above shall refer to the inside diameter of the pump column pipe and shall produce water at the ordinary or usual pumping rates of pumps of such sizes. The ordinary or usual pumping rates of such pumps are to be regarded as follows:

Size of Pump (Inside Diameter of Column Pipe)

Ordinary Pumping Capacity (Gallons per Minute)

4-inch or smaller pump—70 to 265 G.P.M.; 5-inch pump—265 to to 390 G.P.M.; 6-inch pump—390 to 560 G.P.M.; 8-inch pump—560 to 1,000 G.P.M.; 10-inch pump—1,000 to 1,700 G.P.M.

If the pump which is to be used by the applicant is of different size or type, or is to be operated at a different rate in gallons per minutes from the pumps in general use as set out above, such fact shall be made known in the application; and in such case, the actual rate at which the well is to be pumped shall be the determining factor in the spacing for such well instead of the size of the pump. A pump to be operated against an artificial head in a closed or semi-closed system shall be given special consideration.

(d) It shall be considered to be fraud upon the District and on the adjacent landowners for any applicant to willfully give erroneous information in his application. If any operator willfully produces his well at a higher rate than represented in his application and/or approved in his permit, such action may be enjoined by the Board.

(e) Provided, however, that the Board in order to protect vested property rights, to prevent waste, to prevent confiscation of property or to protect correlative rights, may grant exceptions to the above spacing regulations.

(f) If an exception to such spacing regulations is desired, application thereon shall be submitted in writing by the applicant to the Board on forms furnished by the District. The application shall be accompanied by a plat or sketch drawn to scale of one (1) inch equaling two hundred (200) yards. The plat or sketch shall show thereon the property lines in the immediate area and shall show accurately to scale all wells within half a mile of the proposed well site. The application shall also contain the names and addresses of all property owners adjoining the tract on which the well is to be located and the ownership of the wells within a half a mile of the proposed location. Such application and plat shall be certified by some person actually acquainted with the facts, stating that all facts therein or represented are true and correct.

(g) Such exemption may be granted ten (10) days after written notice has been given to all adjoining owners within half a mile of the proposed location and after a public hearing at which all interested parties may appear and be heard, and after the Board has decided that an exception should be granted for one of the purposes above specified. Provided, however, that if all such owners execute a waiver in writing stating that they do not object to the granting of such exception, than the notice and hearing may be dispensed with and the Board may thereupon proceed to decide upon the granting or refusing of such application without notice or hearing.

(h) Provided further that the above spacing rules shall not be construed or applied by the Board to deny any owner a permit to drill a well on his land and pump water therefrom subject to the rules and regulations of the District for the conservation, preservation, protection, or the recharge of ground water, or for the prevention of waste.

(i) After a well permit has been applied for and granted, the well shall be drilled within ten yards of the location specified in the well permit as granted, and not elsewhere. If the well should be commenced or drilled at a different location, then the drilling or operation of such well may be enjoined by the Board pursuant to Article 7880-3c, Section B(9).

Rule 5—Reworking or Replacing of Old Wells

(a) No person, firm, or corporation shall rework, redrill, or re-equip an existing well in a manner that would increase the rate of production of water from such well beyond its previous normal rate of production without first having filed an application therefor and having been granted a permit to do so. Neither shall any person, firm, or corporation replace an existing well without a permit. A replacement well, in order to be considered as such, must be drilled within one hundred (100) feet of the old well and not elsewhere. It must not be located toward any other existing well unless the new location complies with the minimum spacing provided for under provisions of Rule 4(a); otherwise the drilling shall be considered as a new well for which application must be applied for under provisions of Rule 4 above. Immediately upon completion of a replacement well, the old well shall be:

(1) Filled and abandoned; or

(2) Properly equipped in such a manner that it cannot produce more than 100,000 gallons of water a day; or

(3) Without exception, closed to comply with article 1721 of the Penal Code passed by the 51st Legislature of the State of Texas. Violation of such offense is punishable by a fine of not less than one hundred dollars ($100.00) and not more than five hundred dollars ($500.00).

An application to rework, re-equip, redrill, or replace an existing well may be granted by the Board without notice or hearing.

(b) The size or capacity of the pump on an existing well shall not be hereafter changed to a larger size or capacity so as to increase the rate of production of a well without a permit from the Board (for example, changed from a 6-inch to an 8-inch pump as set out above). Such permit may be granted only after written notice to adjoining owners and a public hearing as provided in paragraphs 4(f) and 4(g) above, and after a decision by the Board that such change will not cause unreasonable drawdown of the water table, waste, or confiscation of property, provided that if the well is a sufficient distance from other wells to comply with spacing regulations for new wells no notice or hearing shall be required, and the Board may proceed to act on such application. Provided, further, that if the adjoining owners indicate in writing that they have no objection to the proposed change, then the Board may proceed to decide such matter without notice or hearing. The Board, on its own motion, may deny such application, or it may set the matter down for a hearing in any event.

Rule 6—Time During Which a Permit Shall Remain Valid

Any permit granted hereunder shall be void if the work permitted has not been completed and the registration and log thereof returned to the Board within one hundred twenty (120) days from the date of the permit. Provided, however that the Board, for good cause, may extend the life of such permit for an additional one hundred twenty (120) days if an application for such action shall have been made to the Board during the first one hundred twenty (120) day period. Provided, further, that when it is made known to the Board that a proposed project will take more time to complete, the Board, upon receiving written application during the second one hundred twenty (120) day period, may grant such time as is reasonably necessary to complete such project.

Rule 7—Recharge Wells

Permits shall be obtained to drill and complete recharge wells. Applications therefor shall be filed with the Board and shall contain the information required herein for new wells in so far as is applicable. Provided, however, that if such well shall be used only as a recharge well, the spacing rules shall not apply to it. The owner shall promptly furnish the District with a completion report. Such wells shall be completed and equipped in such a manner as to protect human life. The owner of such recharge well shall assume and shall be charged with full responsibility for the prevention of pollution from such well.

Rule 8—Changed Conditions

The decision of the Board on any matter contained herein may be reconsidered by it on its own motion or upon motion showing changed conditions, or upon the discovery of new or different conditions or facts after the hearing or decision on such matter.

Rule 9—Rehearing

Any applicant whose application is denied or who is not granted the relief desired may file with the Board a motion for rehearing within fifteen (15) days from the announcement by the Board of its decision or action. The Board shall act thereon with a reasonable time.

Rule 10—Right to Inspect and Test Wells

Any authorized officer, employee, agent, or representative of the District shall have the right at all reasonable times to enter upon any lands upon which a well or wells may be located within the boundaries of the District, to inspect, read, or interpret [illegible] instrument for the purpose of measuring the [illegible] water from said well or wells or for determining the pumping capacity of said well or wells; and any authorized officer, employee, agent or representative of the District shall have the right at all reasonable times to enter upon any lands upon which a well or wells may be located within the boundaries of the District for the purposes of testing the pump and the power unit of the well or wells and of making any other reasonable and necessary inspections and tests that may be required or necessary for the formulation or the enforcement of the rules and regulations of the District.

Rule 11—Saving Clause

If any section, sentence, paragraph, clause, or part of these regulations for any reason be held or declared invalid, such decision or holding shall not affect the validity of the remaining portions of these regulations, and the Board does hereby declare that it would have passed such remaining portions of such regulations irrespective of the fact that any other sentence, section, paragraph, clause, or part thereof may be declared invalid.

Rule 12—Publication

These rules and regulations shall be published once a week for two (2) consecutive weeks in one or more newspapers having general circulation within the District and shall become effective on March 14, which date is more than fourteen (14) days after date of the first publication.

Brilliant New Styling-Blazing New Power
at everybody's price*

The 1955 Pontiac is evidence that price is no longer a factor in making the step to fine-car luxury and performance.

Every new Pontiac you see emphasizes the fact that here is the most distinctively styled car of all. But Pontiac's brilliant styling is only part of all that's new and modern in this great General Motors masterpiece. A few minutes behind the wheel provides the clinching evidence.

Pontiac's mighty Strato-Streak V-8 responds instantly, whether you're in city traffic or cruising the open road. With Pontiac's new, bigger brakes and recirculating ball steering, handling is almost effortless. New wide-stance rear springs; roomy, luxurious Body by Fisher and shock-proof chassis complete the fine-car picture.

Normally, all this would add up to high price—but Pontiac has changed the pattern with prices that start so close to the lowest that if you can afford any new car you can afford the easy and satisfying step to Pontiac pride and distinction. Why not come in at your first opportunity and get the facts and figures?

Go Modern... Go Pontiac
WITH THE SENSATIONAL STRATO-STREAK V-8

Three Great Lines—All with Strato-Streak V-8 Power
860 . . . 870 and STAR CHIEF
Engineering advances by the score have been incorporated in Pontiac's Strato-Streak V-8 to enhance even further Pontiac's reputation for economy, dependability and long, trouble-free life.

'John Wesley' at ME Church In Darrouzett

The new motion picture, "John Wesley," will be shown at the Darrouzett high school auditorium on Sunday, Feb. 27, at 7:30 p. m.

The feature-length film is in the new Eastman color and was produced by the Radio and Film Commission of The Methodist Church.

It brings to the screen for the first time the dynamic and colorful 18th century evangelist and educator.

John Wesley's miraculous rescue from a burning house at the age of five, at the beginning of the film, forecasts the dramatic and eventful life which unfolds in this story of a man of slight stature but of impelling influence upon his contemporaries and upon history.

His appeal to the common man, his establishment of schools, clinics, lay preaching and societies—finally his sending of supervisors for the movement in the new world after the American Revolution—all these make the film one which will be long remembered.

The public is cordially invited to attend the showing.

CARD OF THANKS

I wish to thank those who sent flowers and food and for the other kindnesses shown me when I was in Perryton hospital recently. Special thanks to the doctors and nurses.

ORDER AND NOTICE OF CITY ELECTION

THE STATE OF TEXAS
COUNTY OF OCHILTREE
CITY OF PERRYTON, TEXAS

ELECTION ORDER

I, Drew Ellis, Mayor of the City of Perryton, Texas, by virtue of the power vested in me by law, do hereby order that an election be held in the City of Perryton, on April 5th, 1955, being the first Tuesday thereof, for the purpose of election the following officers of said city:

(3) ALDERMEN (2 YR. TERMS)

and, that said election shall be held at the **City Hall** in said city, and the following named persons are hereby appointed Managers thereof, to-wit:

Sam Hergert, Judge; Nellie Bryan, Clerk; Mrs. C. B. Rogers, Clerk.

ELECTION NOTICE

The City Marshal is hereby directed and instructed to post a properly executed copy of this order and notice of election at the **City Hall**, the place where this election will be held. Said notice shall be posted thirty days before the date of said election.

Signed and executed this the 21st day of February, 1955.

Sturdy Glasses

PRESCOTT, Ariz. (AP)—Herman Edwardson, observer in a civilian air patrol plane on a message-dropping training mission, leaned out of the plane to drop a message. The wind whipped off his glasses. The ground crew 500 feet below, picked them up, unbroken.

Strays Don't Count

RALEIGH, N. C. (AP)—How about that stray pup that attached himself to your children and you started feeding? Are you responsible for him? Not in North Carolina, says Atty. Gen. Harry McMullan.

Dog owners are required to have their animals vaccinated for rabies, he ruled, but the law doesn't apply to a person who doesn't own a dog, even if the pooch lives at his house.

Fire by Arrangement

TUCSON, Ariz. (AP)—Fire broke out in the old city hall annex. It was quickly extinguished. Firemen were right there. They started the fire as a demonstration. Permission for the demonstration was granted by the Tucson City Council. The building is to be demolished.

In Saudi Arabia, the air scoops for ventilation of railroad passenger cars are put on the roof rather than underneath as in the United States, because blowing sand clog them when they are near the ground.

She Blows Up for a Living

By Reinhold G. Ensz

(AP) Newsfeatures

DUESSELDORF, Germany — They call her Dynamite Else—the only girl in West Germany who makes a career of touching off explosions.

Twenty-four-year-old Else Schauf is also the only girl to earn the government-recognized title: "Sprengmeisterin" (explosion mistress).

Her future was dubious two years ago when she walked into a state office in Solingen and asked for permission to take the "Sprengmeister" (explosion master) exams.

Bureaucratic heads were scratched and law books consulted. Nothing was discovered which said women couldn't take the exam, so Else—after two years of schooling in the finer points of dynamiting—finally became a Sprengmeisterin.

When people ask if she is ever frightened, Else replies:

"Certainly not. Perhaps I have been tainted by heredity—they don't call us the 'Powder Family' for nothing."

By Powder Family she means her 52-year-old father, Peter, whom she can thank for her strange career. He was seriously injured in 1949 while clearing away World War II mines, and Else decided to step into the breach.

He has since recovered, and Else now works under his direction, blasting away the war time ruins still found in almost every German city.

Dark-haired Else enjoys her work, though marriage has so far eluded her.

"When men hear about my profession," she says with a wry smile, "they turn chalk white."

THAR SHE BLOWS . . . Else Schauf on the job as West Germany's only Sprengmeisterin, explosion mistress.

Kisses Delay Ttraffic

OMAHA (AP)—How much does that goodbye kiss given the wife after she drives her breadwinner to the office contribute to the morning rush hour traffic jams?

Traffic engineers — happily married men who pleaded for anonymity — said: "Goodbye smooches can contribute to morning rush hour traffic jams." While the morning kiss is given, whether it is a peck on the cheek or a clinch, cars behind have to wait, say the engineers. "It doesn't take long and there goes the jam," they explain.

But the goodbye kiss had its defenders, among them Capt. Al Pattavina Sr., traffic enforcement officer, who summed up the case: "We'd much rather have them kissing than standing out in the midde of the street finishing off an argument that began at the breakfast table. Love and kisses are a great institution."

Both sides conceded no large-scale crackdown on kissing is in the offing.

Mrs. J. R. Kulow

At a meeting of the Turpin Chapter of the Eastern Star Monday evening Mrs. Olen Sharp, district deputy to the Worthy Grand Matron of district 33 and Mrs. Naomi Cantrell, a member of the Worthy Grand Matrons Oklahoma Mason Committee were honored. Guests from Beaver, Laverne and Tyrone were introduced and welcomed by Mrs. Hagan Gardiner, Worthy Matron. A Valentine theme was carried out in decorations and program. The refreshment table was covered with a white linen cloth decorated with red hearts and a large glow candle. Valentine favors decorated with the Star point colors were pinned on the guests. Refreshments of cake and salad were served by Mrs. Wayne Peters, Mrs. Jim Hershey and Mrs. Marion Peters. Those from other chapters present were Mrs. Bob McFarland, worthy matron, Mrs. Grace R. Niles, Mrs. Melba Schwayse, Mrs. Georgia Ragsdale, Mrs. Gene Loma, Mrs. Winnie Hill, Mrs. Bessie Crabtree, Mrs. Alice Hendricks, Mrs. Martha Hinkle, Mrs. Alice Marie Barker and Mrs. Mary Alice Gregg, all of Beaver; Mr. and Mrs. Glen Bossart, Mr. Forest Forgey, Mrs. Reona DeVore and Mrs. Esther Shelbune of Laverne and Miss Bartha Lawder of the Tyrone Chapter.

Mrs. Paul Dean Kirton was honored at a pink and blue shower Thursday afternoon at the IOOF hall by the Turpin Rebekahs. The hostesses were Mrs. Olen Foster, Mrs. Maynard Smith, Mrs. R. H. Freeman, and Mrs. John Smith. The table was laid with a white and blue cloth and centered by a large stork. Mrs. John Smith registered the guests. The honoree was presented a novelty corsage by the hostesses. A solo was sang by Patty Potter accompanied by Mrs. Waldo Wills and Mrs. Ross Pirtle presented a devotional. Mrs. Kirton was assisted in opening her many lovely gifts by Mrs. Leon Smith and Miss Jo Ann Caldwell. Refreshments of pink ice cream on blue cake, coffee and mints were served to the honoree, Mrs. Leon Smith, Miss JoAnn Caldwell, Mrs. Ronnie Clark, Mrs. Horace Potter, Mrs. George Kirton, Mrs. Robert Hill, Mrs. Clifford Evans, Mrs. George Whitmer, Mrs. Ralph Kletrick, Mrs. Ross Pirtle and Janell, Mrs. J. K. Ray, Mrs. J. R. Kulow, Mrs. Paul Buxton, Mrs. Paul Blaser, Mrs. Eugen Rigler, Mrs. Charles Antrim, Mrs. R. H. Freeman, Mrs. Lewis Duerson, Mrs. Kenneth Brown, Mrs. Rupert Evans, Mrs. Otto Dale, Patty Potter, Mrs. Waldo Wills, Mrs. Marion Peters, Mrs. Edgar Henness, Mrs. Jim Hershey, Mrs. Homer Matkin and Tresa, Mrs. Doyle Ireland, Mrs. G. D. Scott, Mrs. E. L. Nichols, Mrs. Lucy Overton, Mrs. Vida Zeyda and Mrs. Paul Duerson.

Final Take-Off

SPRING LAKE, Mich. (AP)—Dr. R. K. Morrison was so used to having his parakeet Buster perched on his shoulder that he walked out of the house with the bird one day. Buster took off, and hasn't been seen since.

PERRYTON PRIDE STAMPS

Dear Boss Lady..

Let's look at my TIME CLOCK

My "TIME CLOCK" is your electric meter. It's as accurate as a jeweled watch. In fact, its bearings *are* tiny jewels. My company spends large sums of money for these meters, which are among the most accurate of all measuring devices, just to make sure you don't have to pay one cent more than I earn.

Yes, ma'am, my "time clock" registers every second I work, and it stops the second you turn off the switch. There's no loafing in my book. You KNOW my wages are for services DELIVERED.

So the next time you look over my "time card" (electric service bill) think of all the appliances you've given me to operate and the hours I worked doing it. And, best of all, there's no guesswork—you KNOW it's a bill for VALUE RECEIVED!
