According to Quick, 1,000 gallons of ladybugs have been ordered by wheat growers, and although he has never checked their effectiveness in wheat fields, the Arizona man is confident that the beetles will do the job.

Each ladybug, says Quick, will eat 3,000 greenbugs in a 24-hour period. The ladybug is carnivorous, eating only other insects, and not plants. About 15 years ago, according to the magazine article, Quick, a crop duster, found that a lack of balance of insects was hurting fields and orchards in his vicinity. There were not enough ladybugs, which feed on plant parasites.

He reasoned that if the ladybug population could increase, the parasites would decrease. The only trouble was finding enough ladybugs.

Quick checked the beetle's habits of hibernating and found

Inspection of Local Commandry Monday Night

W. H. Lance, commander of the Perryton Commandry, announces that W. L. Brown, Amarillo, Grand Sword Bearer of the Texas Commandry, will be in Perryton, Monday, Feb. 26, to make an official inspection of the Commandry. All Sir Knights are requested to be at the Masonic Hall at 7:30 p. m. in uniform if possible.

The Perryton Commandry was organized several months ago and is now operating under dispensation. Officers in addition to Mr. Lance are as follows: Drew Ellis, Generalissimo; Audie Conley, Captain General; and Miles Edwards, Recorder.

A practice meting will be held at the hall at 7:30 p. m., Friday, Feb. 23.

Thirty-Eight to Take Physical

Thirty-eight men from the four-county area covered by selective service board No. 99 will leave Feb. 27 for physical examination for duty with the armed forces, according to Mrs. Norma G. Phelps, clerk of the board.

There will be 13 men inducted from the local board on March 14, and another 26 men will be sent for physical examination on the same day.

Those called for physical examination Feb. 27 are:

Reuben Weldon Lengefeld, Spearman
Hubert G. Sloan, Spearman

Army Recruiter Stationed Here

Staff Sgt. Emiel Sinners of the Amarillo recruiting office of the U. S. Army, will establish headquarters in the Ochiltree courthouse next week.

He will travel over Hansford, Ochiltree, Lipscomb and Sherman counties, with the recruiting headquarters maintained in Perryton on the second floor of the courthouse.

The recruiting office was established in this area to make it more convenient for men to enlist, rather than making the trip to Amarillo.

License Plate Sales Are Slow

Sale of 1951 license plates is proceeding at a slow pace, according to reports from Tax Collector Ray Phagan's office. As of this week, only 293 passenger plates had been purchased, which is less than half the number at this time last year. The plates may be put on vehicles as soon as purchased and the price is the same from Feb. 1 to the deadline on March 31. At the present rate of sale, there will be some long lines at the end of the period waiting to buy plates.

Norman Farrow, Baritone, to Sing Here On March 1

Norman Farrow, young Canadian baritone, will be the March presentation of the North Plains Mutual Concert Assn. He will sing at the Perryton school auditorium on Thursday night, March 1.

Farrow has made rapid strides in the concert field since his discharge from the Army in 1946, when he went to New York, working with some of that city's best teachers and coaches. He spent five years in the Air Force, interrupting a very promising career.

Since 1947, however, he has appeared as soloist at Town Hall, New York, no fewer than ten times, has sung with some of the country's principal symphony orchestras, and has appeared on dozens of network radio broadcasts.

He is accompanied on the piano by his wife, a beautiful and accomplished Californian.

Spearman Lions Coming March 5 For Revenge Game

On Monday, March 5, at 8 p. m. the Perryton and Spearman Lions Clubs will play a "revenge" basketball game at the school gymnasium. The local Lions won a 99-98 decision two weeks ago at Spearman, and the Spearman Lions claim the scoreboard was rigged in that game.

Coach Jim Anderson said this week that he planned to use the same players that brought home the earlier victory, and that ace player, Max Boyer, who won the high point honors in the first game was working out daily, getting ready for the return engagement. For the rest of the squad, training will begin at noon, March 5, Anderson said.

J. B. Linn, "Uncle Jay," of Amarillo, will again play with the Perryton team, and as a halftime diversion, will wrestle three falls with Dory Detton, well-known Amarillo wrestler.

Those seeing action in the first game, and scheduled to play again for the local Lions, include Elliott Lee, W. H. Lance, Keith Lane, James Pitts, Giltner LaMaster, Harold Malone, Max Boyer, Wesley Bryan, Jim Anderson, Louis Bryan, Fred Osborne, Vance Apple, Linn, A. P. McCelvey, Bob Schuster, Jerome Woods, Coke Harlow, Claude Schell and J. W. McKinney.

Air Force Calls Bill Cone for Temporary Duty

C. E. (Bill) Cone, regional editor and photographer of the Herald, has received orders to report for temporary active duty under the recently announced plan to call up all Air Reservists for a "screening" process. Allen Good, a member of the Air Force enlisted reserve, also received his orders, but the orders were cancelled this week by telegram.

Cone, a captain in the reserves spent five years in the Air Force during World War II. He is to report to Brooks Field at San Antonio on March 1.

Purpose of the "screening" examination is to provide for physical examinations and to check on the current status and availability of all members of the Air Force Reserve, the headquarters release stated.

Increase In Fire Insurance Credit For City March 1

Effective March 1, Perryton will receive a 15 per cent good fire record credit, according to a recent announcement by the Texas Board of Insurance Commissioners. Last year, the fire credit was 10 per cent.

Fire insurance credits or charges are determined each year on the basis of fire losses compared with the premium payments.

This does not mean a blanket decrease in fire insurance premiums, however, as each particular type of structure also carries a key rate which may or may not be changed from year to year by the state board.

The record of credits and charges for the past five years is:

1947: 10 per cent credit.
1948: 20 per cent credit.
1949: 15 per cent credit.
1950: 10 per cent credit.
1951: 15 per cent credit.

Another change has been announced by the Board of Insurance Commissioners which will affect local residents. The mandatory $100 deductible clause in all fire and windstorm policies has been made optional and as soon as it is possible to arrive at a charge for full coverage, the new rates will be announced.

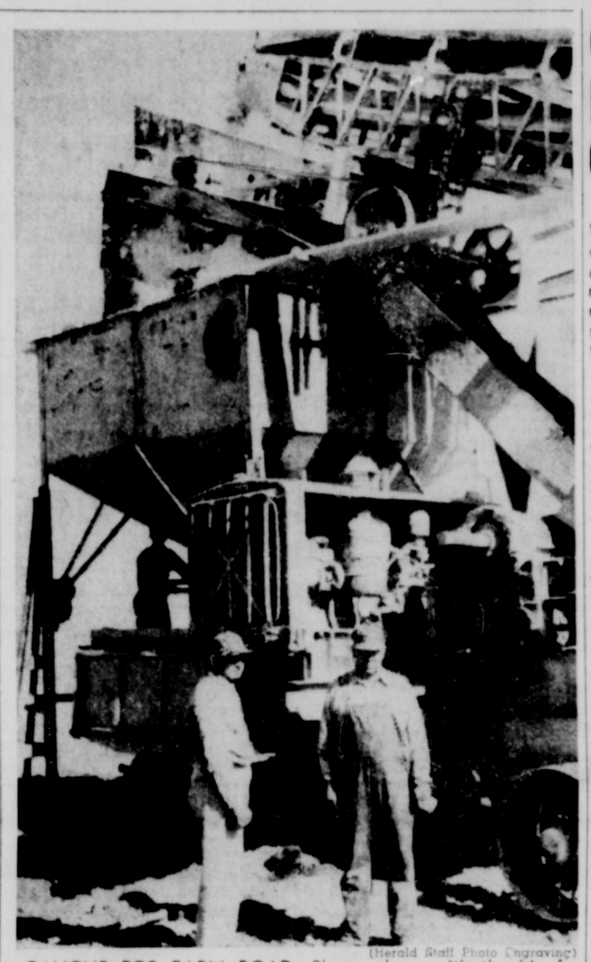

The mandatory $100 deductible clause has been in effect

City Hall Is Polling Place; Open at 8 a. m.

Citizens of Perryton will vote Wednesday, February 28, on whether or not the city shall have a city manager form of government. The election was called in response to petitions bearing 151 signatures which were presented to the city council on Feb. 6.

The polls will open at 8 a. m. and close at 7 p. m. The only voting place is the city hall. Election judges will be J. R. Thomas and J. N. Conley. Clerks will be Mrs. Ray Phagan, Mrs. Luther Wade, Mrs. R. B. Orrill, Mrs. G. M. Parker and Mrs. J. R. Thomas.

This will be the second city manager election since the war. The previous election was held December 3, 1946, when the proposed change was defeated.

Adoption of the city manager form of government would mean the abolishment of all elective officers except that of five councilmen. The council would elect a mayor from the five, and also be responsible for hiring and supervising the city manager. The city manager, under the proposed change, is responsible for all the details of operating the city government, being responsible to the council for his duties.

Each of the present five councilmen have signed the petition asking that the election be call-

School Census to Open March 1

All Ochiltree county residents who have children of school age should be sure that their children are enumerated in the school census which will start on Mar. 1.

Children who reach their 6th birthday before September 1, 1951, are included in the census.

Questionnaire cards will be distributed to children now in school, stated Supt. Gilbert Mize.

The state per capita apportionment for school children is $55, so it is very important that every child of school age be enumerated. Parents of children who will start to school this fall may receive questionnaire cards at the superintendent's office.

Ochiltree Red Cross Fund Drive Will Open On February 27; County Goal Set at $3,500

The Ochiltree Red Cross chapter will open the annual local drive on Tuesday, February 27, with a county goal of $3,500 this year, reports Gene Akers, county fund raising chairman.

Of this amount, $900 will go to the national Red Cross and $2,400 will remain at home.

Letters requesting contributions will be mailed out to every adult in the county; coin collectors will be placed in the business houses; and a thermometer chart, showing the progress of the drive, will be placed on Main street, Akers said. There have been 10 new permanent lighted coin collectors ordered to be placed in business houses.

Mrs. J. F. Cox, executive secretary of the local Red Cross, said this week that the chapter spends approximately $2,500 each year for local needs. These expenditures cover the purchase of groceries, clothing, hospital bills, and utility bills for those unable to care for themselves. Postage, telephone calls and telegrams for aid to servicemen and their families takes quite a bit of money each year, in addition to the expenditures already named.

As evidence of what happens to the money sent to the national Red Cross each year, the national organization spent over $11,000 in Perryton last year to aid the victims of the May tornado. This sum included medical care, food, clothing, shelter and rehabilitation.

The chapter treasury is almost depleted, due to unexpected calls for assistance, brought on in part by the great increase in the number of men in the service and the need for aid to some families until the serviceman's allotment checks can be received, Mrs. Cox said.

Initial Baseball Meeting to be Held at Booker

A meeting of members of the Texas-Oklahoma Baseball League will be held in the Booker American Legion Hall on Monday evening, March 26, R. M. Lemon of Booker, president of the league, has announced.

The meeting will begin at 8 p. m.

Purpose of the meeting will be to elect the league officials for the year, consider any amendments to league procedure, and set the schedule for the 1951 season.

Rangers Open Track Season; Twenty-Two Out

With the closing of basketball season last week end, Perryton high school ahtletics have now turned to track, with 22 boys turning out for the opening workout Monday afternoon. More boys are expected to come out for the spring sport, an a squad of 30 is expected, according to coach Wesley Cox.

The quarter-mile track at Ranger Field has been graded, and new equipment, including high jump and pole vault standards shot and discus, and hurdles have been purchased.

The squad will concentrate on track until the first week in April, when spring football training will open, Cox said.

A squad representing Perryton high school will be taken to the Fort Worth track meet in March, Cox said.

Among those working out Monday were Laurel Lovett, B. R. Pletcher, Verle Downey, Bobby Campbell, Dick Haar, Clifford

New Type Harvester

RALEIGH, N. C. (AP)—A new type harvester windrows grain and allows it to dry before threshing. After drying, the windrowed grain is picked up with a regular forage harvester, chopped and blown into self-unloading wagons which carry the straw to the thresher.

Agricultural engineers at North Carolino State College here say the main advantage of the new method is that it results in better quality grain because the moisture content is lower.

Shelters Are Tax Issue

FULLERTON, Calif. (AP)—War jitters have city fathers mulling this question: "Is an atom bomb shelter a taxable item?"

Councilman Kermit Wood brought the matter up at a meeting, reporting he has been besieged by property owners who want to know if a shelter is classed as a building. If they are classed as something other than buildings the hideways will escape county taxes.

Veterans Forum

Q. Can you tell me what type of evidence I should submit to VA in order to apply for death pension benefits? My husband, a World War I veteran, died recently, but not of service-connected causes.

A. You should submit proof of your husband's death; complete information as to your annual income, and proof of your marriage to your late husband. If either you or your husband had been married previously, you also should submit proof that the earlier marriages were legally dissolved.

Q. I started school under the GI Bill a month ago. I just learned that my school, through oversight, had not yet returned my certificate of eligibility to VA. Meanwhile, I never received subsistence and my tuition hasn't been paid. If the school sends the certificate to VA now, will I get back subsistence and will the school get back tuition?

A. So long as the school sends the certificate back to VA within 90 days of the date of receipt, VA will consider that date of receipt as the date of your entrance into training. Subsistence and tuition payments will begin as of that time.

Q. Is there any limit to the amount of money I can borrow from a private lender under the GI Bill?

A. No. The GI Bill limit is on the amount of VA's guaranty of the loan, and not on the amount of the loan itself.

Q. I am a World War I veteran and I have a $10,000 U. S. Government Life Insurance policy. I am thinking of turning $5,000 of it in for cash. If I do so, and later change my mind, will I be able to reinstate the cashed-in $5,000?

A. No. Under the law, U. S. Government Life insurance surrendered for cash may not be reinstated. However, before you take any steps to surrender your policy, you should write to the Office of Insurance, Veterans Administration, Washington 25, D. C., and ask what courses of action are open to you under your insurance contract that would preserve your valuable reinstatement rights.

Legion Officials Attend Zone Meeting Monday

Legionnaires and Auxiliary members from Perryton, Booker, and Gruver attended the zone meeting and potluck supper held Monday night at the Legion Hall.

Principal guests were Ray Smith, 18th District Commander of Amarillo; Mrs. Katherine Pitts 18th District Auxiliary Commander; Roy Beard, 18th District adjutant; Mrs. Wayne Burton, hospital chairman of the 18th District; and Woodrow Epperson, service and claims officer of the Lubbock VA district.

Smith and Mrs. Pitts gave membership reports of the district, and a picture was shown on civil defense and first aid, portraying an atom bomb attack.

Pat Wood gave two cornet solos and Russ Thomas played two piano solos on the program.

Guests in the Gramstorff home at 310 S. Baylor St. for the last week have been Mr. and Mrs. John E. Fannon and Mrs. Helen G. Spicer of Everett, Mass. The guests planned their trip to Texas to be present at the wedding of Jack Gramstorff which took place in the St. Johns Methodist church in Lubbock on Feb. 14.

Kansas Visitors Make Survey for Processing Plant

Two men from Emporia, Kansas were in Perryton Wednesday, investigating the current safflower planting program with a view to moving an oil processing plant to this area.

They are T. W. Lord of the Lord Grain Co., Emporia, Kansas, accompanied by Ray Riggenbath of Overland Park, Kansas.

The Lord Grain Co. was the firm which started the soybean processing operations in Kansas, Lord said. The firm has oil mills at Kansas City and at Emporia and would like to move a plant here if the safflower production would warrant it.

The two men also visited Liberal and other towns in this area with the same view in mind.

Both men remarked that they were greatly impressed with the progressive spirit of Perryton. They plan to keep a close tab on the safflower planting venture, which is sponsored by the Ochiltree Farm Bureau.

Lord said that the safflower seed is in great demand for oil production, and that it makes a better oil than soybean. Safflower also produces more oil, pressing out about 30 per cent, compared with 20 per cent for soybean.

Both men plan to make other trips to Perryton in the coming months to check on the safflower crop.

Journalism Class Visits Amarillo, Canyon Plants

Fifteen members of the Perryton high school journalism class and four sponsors toured the Amarillo News-Globe building and the West Texas State College journalism department. The group spent all day Thursday on the tour.

At the News-Globe office, the students were conducted on a tour that took them through the entire plant. They watched the mammoth newspaper press, visited the various departments, met publisher Gene Howe (Old Tack), and editor Wes Izzard.

In the afternoon, the group went to Canyon, where they inspected The Prairie, college newspaper, and visited the journalism department.

Those taking the trip were Mack Suitor, Fred Dendy, Jim Witt, Shirley Keim, Martha Hummer, Kenneth Slaughter, Josephine Foote, Janette Waugh, J. E. Busch, Vernie Farrington, Ogden Wilson, Pat Stephens, Alfred Carter, Marvin Moon and Jerry Johnson. Sponsors were Frank Smith, Leland Wilson, Mrs. C. W. Foote and Carl Stephens.

The tour was the second of its type that the class has taken.

Earlier in the year, the journalists toured the offices of the Ochiltree County Herald.

Sometimes Good Intentions Aren't Enough

That fire at the Griffin place didn't do much damage last week, but Volunteer Chief Murphy was pretty angry about it. Spoke to some of us over dinner and a bottle of beer.

"Griffin's farm is a good mile from town," he said. "And by the time we'd dodged all the people on the highway who were going to watch, we hadn't a minute to waste.

"Then blamed if those sightseers hadn't parked cars right in Griffin's driveway and there was a mob of people milling around the house—just gawking. Joe, tell folks a fire's no sideshow. Ask 'em to think of the other fellow!"

From where I sit, some of us need to be reminded occasionally that even though our intentions are good we may be unfairly interfering. Whether it's blocking the right-of-way of fire equipment or criticizing a person's right to enjoy a temperate glass of beer now and then—the American Way is *to give way*, and give the other fellow his fair "share of the road!"

Panhandle Towns To be Studied In Water Survey

AMARILLO, Tex.—A study of potential industrial development population growth, and requirements for municipal and industrial water supplies in the Panhandle-Plains area has been initiated by the Bureau of Business Research of the University of Texas.

Announcement of the study was made Saturday in Amarillo by H. E. Robbins, regional director of the U. S. Bureau of Reclamation.

The survey, Director Robbins said, will be conducted in 44 counties in Texas to include the trade areas of major cities in the Region. The survey area includes all counties in the north and south Panhandle-Plains Region; Motley, Dickens, and Kent counties to the southeast, and Borden, Dawson, and Gaines counties to the south.

University of Texas research crews, under the direction of Dan C. Hill, Jr., will interview many persons in each of the 44 counties comprising the survey area. Among those to be contacted are heads of business concerns, including petroleum refining plants, smelters, chemical and food processing plants, which now use water for industrial purposes; city officials and commanding officers of defense installations. The areas oil, gas, and agricultural resources also will be included in the survey, which is slated for completion next December.

Looking to the future industrial development and water supply requirements in the area, the survey will provide estimates of potential municipal and industrial water use trends in 1960, 1980, and 2000.

The University's detailed analysis of the many factors that influence industrial expansion and population growth, and which result in increased water requirements, Director Robbins explained, will facilitate planning operations by the Bureau of Reclamation when funds are provided by Congress for construction of the Canadian River Project.

The bill authorizing construction of the 85-million dollar Canadian River Project to supply water for 11 cities in the Panhandle-Plains area became law last December when it was signed by President Truman. However, the Congress has not provided funds for construction of the dam on the Canadian River or an aqueduct to transport water to the 11 project cities.

Arrows Kill Elephants

LEOPOLDVILLE (AP)—Howard Hill, the Wilsonville (Alabama) bow and arrow champion, has completed a seven-month, 12,000 mile trip through the Eastern Congo, Kenya and Uganda. He was to shoot the outdoor scenes of a new semi-documentary film on African wildlife with the probable title of "Timbo" (Swahili for elephant).

Hill shot all his game with a bow, a type invented by himself and consisting of laminated bamboo. The program of his trip called for the killing of an elephant, a lion, a leopard, a python, a buffalo, a rhinoceros, a crocodile and a hyena. This program was fully carried out, and to be sure the operators wouldn't miss anything, Hill shot two elephants and lots of crocodiles and hyenas, which are not legally protected.

For a lion or a buffalo, Hill said, one arrow is enough. He shoots mostly from a distance of between 50 to 60 yards. The arrow pierces the thick and elastic skin of the African elephant. The rhinoceros is still more vulnerable. Hill shot an arrow into one rhino which completely disappeared.

The animal never knows whence the silent arrows strike and generally does not discover the hunter but flees upwind, while a good hunter always sneaks in from down the wind," Hill says.

Insects Ravage Timber

NEW YORK (AP)—America has cut its timber losses by fire to about one-third of what it was 30 years ago, but in the same time insect damage to forests has risen until it kills more than twice as many trees as fire.

Coordinated insect control was not started until 1947, partly because there was little with which to combat the tree pests. Today new insecticides sprayed from helicopters and planes promise to reduce this great loss.

Harper Hereford Breeders Set Sale

Harper county Hereford breeders have consigned 69 head of purebred cattle to their tenth annual sale at the Harper county fairgrounds pavilion in Buffalo. Scheduled to begin at 1 o'clock on Thursday, March 8, the sale will be called by W. H. (Bill) Heldenbrand, Oklahoma City auctioneer.

The 52 bulls and 17 cows consigned will go to make up the second highest total in the sale's history, Carl Downing, Harper county agent and secretary of the association, said.

The cattle will come from the well-known herds of Max Barth, Englewood, Kans., Eldin Campbell, Lloyd Carlisle, Robert Taft and Olen Zoldoske, Laverne; Homer Headlee, O. R. and W. R. Phillips, May; Lauer Hieronymus, Buffalo; and H. M. Little and G. Murl Thrasher, Rosston, and Carl Ring, Seiman.

Cattle will go on exhibit at the sale grounds March 6, Downing said. Judging for sale order will be done during the morning of sale day by Charles Hunt, American Hereford Association, Stillwater.

Last year, the 68 head of cattle sold for $23,455 for an average of $341, tops in the association sales.

Hungary Exports Books

BUDAPEST (AP)—Hungary exported 800,000 books last year, "Magyar Nemzet" reports. Most were sent to the Soviet Union, Communist China and other iron curtain countries, the paper reports. But others went to western Europe and both Americas. Israel is said to be an important buyer.

In some cases books sent to the west were destroyed or returned by officials of the western powers, the paper indicates.

Activity is at a high level these days—as it always is—one project nears completion when another is born, but that's what makes the world turn.

Saturday a group of men along with two men from Amarillo installed the new heating system in the church. It is very nice, indeed. The only fault found is that without the roar from the old heating system there is no excuse for not hearing the preacher.

* * *

Monday was clean-up day in the church basement and it was a mess indeed.

* * *

Another activity is the school rest room project. Several men are working on it. The plumber made his visit Tuesday. Thanks go to Gus Birdwell of Farnsworth for donating the cinder blocks. We appreciate that very much. An S.O.S. is being sent out to all workers—report at the school. Dinner will be served to anyone who works for it.

Mr. and Mrs. Walt Elledge were Sunday dinner guests of Mr. and Mrs. C. A. Burger. Several friends called in the afternoon as follows: Mr. and Mrs. J. R. Stump, Mr. and Mrs. LeRoy Reeves, Mr. and Mrs. H. N. Elledge, Mr. and Mrs. Dean Leighnor, Mr. and Mrs. Harry Miller, Mr. and Mrs. Dean Burger and Mrs. Ray Burger.

Fellowship night was enjoyed Sunday with Mr. and Mrs. Jack Hendrix and Mr. and Mrs. Harold Simpson in charge. An inspirational program was given on "Fellowship in the Olden Days". Refreshments followed the program.

Waste from washing and blowing practically eliminated when you feed this New Granular Pay-U Mineral—for range animals

SCORES of stockmen who really know their business—both in sheep country and on cattle ranches—are discovering the new way of feeding the proper minerals. It's the improved granular form now put out by Pay-U Laboratories. Feeding this way has everywhere proven more satisfactory; and a good sight easier to handle.

Wind and water have little effect on this new granular form—it actually "stays put" right where you want it, and right where your animals can easily get it. Livestock consume this new granular form better, because it's more palatable than powder. And of course that means better results.

Try it. See for yourself how clean and easy it is to handle—economical and palatable in the feeding. Your Pay-U Dealer has it. Get some today.

Social Security Benefits Are Payable at Once

Workers who have reached the age of 65 can now qualify for old-age insurance benefits if they have at least six "quarters of coverage," according to John R. Sanderson, manager of the Amarillo office of the Social Security Administration. A quarter of coverage is any calendar quarter after 1936 in which a worker was paid wages of at least $50 for employment covered by the Social Security Act.

The present eligibility requirements went into effect on Sept. 1, 1950, and apply only to workers who were living on that date. Persons who died before September had to meet the requirements of the old law in order for their survivors to receive benefits.

Sanderson said the new law permits eligible workers who are 75 or older to draw benefits without retiring. The law permits beneficiaries between the ages of 65 and 75 to earn as much as $50 per month without losing benefits, and removes the restriction entirely for those over 75.

Claims must be filed before any payments can be made. Delay in filing might result in a loss of benefits, since payments can be made retroactively for not more than six months. Therefore, any person who became eligible when the new law went into effect on September 1, 1950, should file his claim before April, 1951, in order to prevent a loss of benefits. Claims should be filed with the Social Security Administration, Amarillo, Texas.

REA SUBSTATION—The 8-Line Construction Co. of Oklahoma City had a crew at work Tuesday on the new power substation five miles south of Perryton on highway 83. The North Plains Electric Co-op had voted to assess liquidated damages of $50 per day against the contractor for failure to start construction on the 66 miles of transmission line. According to the contract, the job was to have been finished on January 8.

Mrs. Chas. Hobbs, 721 Soiith Drake, is a patient at Southwestern Hospital and Clinic, Lawton, Okla., where she underwent surgery Monday. Mr. Hobbs reports that her condition is good.

Co-op Assesses Damages Against Construction Co.

The North Plains Electric Co-operative board of directors has voted to assess liquidated damages amounting to $50 per day against the B-Line Construction Co. of Oklahoma City because of their failure to start construction on the 66 miles of transmission line for the co-op.

According to the terms of the contract, this job was to have been completed by January 8, but on February 1, only two cars of poles had arrived, a very small amount of hardware and no copper, according to Earl Waide, co-up manager.

The co-op has purchased the conductor, guy strand and two complete substations, at a cost of $94,451.66, Waide said, and in addition has requisitioned funds amounting to $173,727.56. The co-op is paying interest on $286,179.25, or $446.96 each month, Waide said, and the contratcor does not have enough material on hand to build even one mile of line.

A small crew of workmen arrived in Perryton on Jan. 22 to erect the two substations but work is not progressing very rapidly. The foundation for the substation five miles south of Perryton on highway 83 have been set, and some of the steel framework has been erected.

it flew to the mountains. He located spots in northern Arizona, and found that during August in certain cool, protected dales, they gathered by the millions. He then spread sheets under ladybug-covered trees and shrubs and shook the ladybugs onto the sheets.

Next he transferred the beetles to half gallon tins. After much experimentation, he found a way of keeping them under proper temperature until spring, when they are most needed. He obtains the ladybugs up and down the eastern ranges of the Rock Mountains.

The ladybugs that arrived here were put to work within a short time after the plane landed. Lance took some of them to the wheat field just west of the airport, shook them on the ground, and they went into action. The only trouble was that Lance and his party could find no greenbugs in that particular part of the field. The beetles rapidly dispersed, leading the group to believe they were going after greenbugs.

However, Lance said he had a field northwest of town where he could guarantee a certain feed for his beetles. There were no directions on the sacks as how to distribute the ladybugs, and the hand broadcast method is the one that will be employed.

Cold weather will not kill the ladybug, according to Quick, although they do not work when it is cold.

Christian Church Crusade Is Now In Progress

The First Christian church expects to have 42 additions to the church on Sunday, March 4, when the current Crusade for Christ will be concluded, according to pastor J. W. McKinney.

The Crusade is under the direction of Bayne Driskill, Texas Christian Missionary Society, Fort Worth. Mr. Driskill has conducted 85 Crusades in the past 14 months and over 6,800 additions to the church have been made under his leadership. In fact, Mr. McKinney stated that the Christian church in Texas had more additions in 1949 and 1950 than in any period of 25 years.

Mr. Driskill was in Perryton for an organization meeting two weeks ago, where visitation teams were formed. For the past two weeks, the church workers have been engaged in visitation from 2 to 4 p. m. and from 7 to 9 p. m.

An intensive visitation program will be carried out next week, Mr. McKinney said, and commitments will be secured.

Mr. Driskill will be here for both the morning and evening services at the church this Sunday.

Mrs. Debs Riley and S. P. Whippo are the leaders in the visitations, with Mrs. Edith Manning, Jim Anderson, and 25 more members assisting in the work.

Annual Meeting Of REA Co-op Is Set April 19

The annual meeting of the North Plains Electric Co-op. will be held on April 19 at the Veterans Memorial Building, manager Earl Waide has announced. In years past, the annual meeting has been held in January, and bad weather has interfered on several occasions.

There will be an electrical show, prizes, and the Sorosis Club will serve lunch at noon.

Three directors will be elected by the membership.

Mrs. John Gramstorff

John Gramstorff and Jeanne Battey Wed February 14 at Lubbock Church

St. John's Methodist church at Lubbock was the setting on February 14 at 4 o'clock for the marriage of Dorothy Jeanne Battey, daughter of Mr. and Mrs. David Stephen Battey of Floydada, to John Christian Gramstorff, son of Mrs. Harriett P. Gramstorff and the late Mr. Gramstorff.

Rev. Hubert Bratcher read the double-ring service. Decorations at the altar featured baskets of white gladioli, backed by potted fern and candelabra bearing white tapers.

"At Dawning," "Clair de Lune" and arias from Bach were included in the program of music played by Mrs. Wayne L. Kelly of Lubbock, organist, preceding the exchange of vows. John Fannon of Everett, Mass., sang "Because" and John L. Upshaw of Lubbock read the poem "Love" with an organ background. The traditional wedding marches were used for the processional and recessional.

The bride, given in marriage by her father, wore a suit of Bride's blue wool, which was an original model with tailored curved seams finished with silk embroidered arrows making a yoke effect across the front. It fastened with hand made buttons and had three-quarter length sleeves finished with cuffs. The peplum was stiffened and emphasized the slenderness of a pencil slim skirt. The suit was worn with a flesh colored blouse embroidered with pearls and rhinestones. Flesh colored gloves, a navy blue hat, with touch of pink, navy shoes and bag completed her ensemble.

She carried a white Bible topped with a white orchid and white satin streamers. She wore a ring which belonged to the bridegroom's grandmother, a pearl necklace which was a gift of the bridegroom and delicate pink earrings with rhinestone trim.

Attending the bride as maid-of-honor, Miss Glenna Hackney of Lubbock, was attired in a dressmaker suit of dusty rose faille. Her hat was of pink flowers and net. Her corsage was of blue iris.

John M. Crowe of Lubbock was best man and ushers were David S. Battey, Jr., of Floydada, brother of the bride, and Gale Rogers.

For her daughter's wedding, Mrs. Battey chose a navy blue dress with navy accessories and wore a corsage of pink camelias.

The bridegroom's mother wore a brown dress with pink and brown accessories and her corsage was of pink camelias.

A reception was held in the church parlor following the ceremony. Baskets of white gladioli stood at either side of the bride's table which was laid with a white damask cloth and ornamented with the wedding cake and tapers tied with blue ribbon, carrying out the bride's chosen colors of blue and white.

Miss Nadine Willis, cousin of the bride, served the cake. Others assisting were Misses Jan Berry, Forrestine Crowley, Bobbye Mobley, Evelyn Rorex and Margie Rogers, all students at Texas Technological College. Miss Helen Brown presided at the bride's book.

Mrs. Gramstorff was graduated from Floydada high school in 1947 and received a BA degree from Texas Tech in January, where she was a member of Alpha Psi Omega, Sock and Buskin Club, Forum and Tech Broadcasting Club.

Mr. Gramstorff graduated from high school in Everett, Mass., and received a BS degree from Texas Tech in 1950. In college he was a member of Los Camaredos, Aggie Club and Presbyterian Religious Council. He served four and one-half years with the U. S. Infantry during World War II.

Mr. and Mrs. Gramstorff are at home at 805 S. Amherst, following a wedding trip to Eagle Nest, N. M.

Out-of-town guests at the wedding were from Massachusetts, Floydada and Perryton.

Liesher-Kerns Wedding Vows Read February 14

Solemnized Wednesday, Feb. 14, at 8 p. m. in the Mountain View Baptist Church was the marriage of Miss Elna Liesher, daughter of Mrs. Inez Liesher of Logan, Oklahoma and William A. Kerns, son of Mr. and Mrs. Darrel Kerns of Gray, Okla.

Rev. Ralph Renfrow, pastor, officiated at the double ring ceremony.

Mrs. Dale Kerns, sister-in-law of the bridegroom, played "I Love You Truly" and the wedding marches.

For her wedding, the bride chose a white wool frock and wore a corsage of pink carnations. Observing tradition the bride wore for something borrowed a necklace of Mrs. Dale Kerns, something old was a handmade hankerchief made by an aunt of the bridegroom and something blue was a ring belonging to the bride's mother.

Mrs. Elda Jacobs, sister of the bride, was matron-of-honor. She wore a dress of gray changeable taffeta and a corsage of red carnations.

Darrell Joe Kerns, brother of the bridegroom, was best man.

The couple left immediately after the ceremony for a wedding trip to points in eastern Oklahoma and Wichita Falls, Texas.

The bride is a graduate of Beaver, Oklahoma, high school and attended business College at Stillwater, Oklahoma. At the time of her marriage she was doing secretarial work for Judge Barby and the welfare office in Beaver. The bridegroom graduated from Perryton high school and attended college at Goodwell, Oklahoma and Long Beach, Calif. He is a rural mail carrier at Gray.

Wedding guests included members of the immediate families, Mrs. Ralph Renfrow and G. R. McLain of Beaver.

Modern Priscilla Club Meets at Tevis Home

The Modern Priscilla Home Demonstration club met in the home of Mrs. Byron Tevis on Feb. 14. The roll call was answered by giving a specific example of what kind of a club we would have if every member were just like me."

Mrs. Jack Williams became a new member.

After the business meeting, Mrs. Marvin Felix, clothing demonstrator, gave a very instructive demonstration on "Making Belts and Sewing On Buttons." She especially emphasized the fact that the belt stiffening must be shrunk by wetting before using it, since most dress materials are pre-shrunk and would not shrink with the belt stiffening when it is laundered. If the belt stiffening is not shrunk before using, it will cause the belt to pucker. Mrs. Felix also demonstrated how to sew on various kinds of buttons. It was suggested that buttonholes be worked first and then the opening be slit with a razor blade instead of slitting the opening before working it.

The Valentine motif was carried out in the refreshments served to Mrs. Kermit Johnson, Mrs. James Lollis, Mrs. Anna Wolff, visitors, Mrs. Jack Williams, Mrs. John Huston, Mrs. Harry Reimer, Mrs. Marvin Felix and Mrs. Billie Sanders.

The next meeting will be held in the home of Mrs. Harold Frank on Feb. 28.

Bobbie Luthi is Honored with Birthday Party

Mrs. Johnnie L. Luthi entertained with a birthday party Saturday afternoon, Feb. 17, honoring her son, Bobbie Lee, on his sixth birthday.

Mrs. Robert H. Holt and Miss Shirley Thompson assisted with the entertaining.

Refreshments were served at the Coffee Shop at 2 p. m. and games were played. At 3 o'clock, the group went to the movies to see Gene Autry.

The table was centered with a vase, in the shape of a dog, filled with jonquils and acasia. Balloons and kiddie figures were arranged among the flowers.

Favors were toy gun whistles and ball and bat sets, sent by Bobbie's grandmother, Mrs. Tom Frittz of Amarillo.

Individual chocolate cakes, ice cream and cocoa were served.

Those present were Sherry Smith, Jimmy Mee, Leola Phillips, Eddie and Teddie Terhune, Donna Nelson, Scott Sanford, Shirley Gray, Don Boyer, Billy Joe Chadwick, Roy Headlee, Sammy Hergert, Paul Haywood, Jr., Sue Malaney, Susan Jean and Christy Jayne Holt, Byron Simpson, Marshall Austin, Cliffie McGarraugh, Glenn Thompson, Carol Ann Coffin, Pat Conner, Mrs. W. Lipscomb HD Council Hears Address On Civilian Defense by State Leader

LIPSCOMB — Miss Maurine Hearn, state home demonstration leader, was in Lipscomb county to attend the regular session of Lipscomb county council Monday, Feb. 12.

Miss Hearn discussed civilian defenses with the council. She suggested that a chairman for civilian defense be appointed for the council and that each club appoint a civilian defense leader and that this group work with what ever organization was set up for the various communities.

She told her audience that medical care will become increasingly difficult to get as more and more doctors and nurses are taken into the armed forces, and she pointed out that it would be a great advantage for families to be able to care for minor illness themselves.

In addition to taking first aid and home nursing courses, Miss Hearn suggested that the community might compile a record of the blood type of each resident in the county. She also recommended a list be made of equipment in the community which could be used in caring for the sick, study made of the bulletin on "Survival Under Atomic Attack," and that at least one light source other than electricity be provided.

Miss Doris Leggitt, district agent of Amarillo, accompanied Miss Hearn to Lipscomb. In her comments on civilian defense, Miss Leggitt said that one of the biggest civilian defense jobs is to prevent hysteria.

She offered the following recommendations as to how hysteria may be prevented:

1. Create the very best home possible; be a better mother or father.
2. Have an interest in your community and help that community in every way possible.
3. Vote in all of the elections in your community or county and make up your own mind about the candidates.
4. Help your church and Sunday school.
5. Inform yourself on all topics of the day.
6. Join a club and talk things over with other members.
7. Be proud you are an American and stand up for the American way of life.

Mrs. Leo Schwab of Higgins was appointed civilian defense chairman for the council.

It was announced at the meeting that the district Texas Home Demonstration Association meeting is scheduled to be held in Dalhart on April 26. Three voting delegates from Lipscomb county are scheduled to attend. Lipscomb county has been asked to furnish recreation for the afternoon session at the district meeting, and Mrs. Kelley Gragg, recreation committee chairman, will be in charge of the program.

At the conclusion of the council bussiness meeting, Mrs. Ed Burton read a letter of thanks from Girl's Town at Whiteface, Texas for Christmas packages sent by the Lipscomb county council.

Refreshments of coffee and cookies were served to Mrs. Irving Akers, Mrs. Hessel Plain, Mrs. Harry Meier, Mrs. Oscar Peterson, Mrs. Kelley Gragg, Mrs. Willie Schultz and Mrs. Lee Meier, Mrs. S. F. Robertson, Mrs. Lowell Bowdle, Mrs. Orso Hibbs, Mrs. Harry Haines, Mrs. Lawrence Pundt, Mrs. Jake Herber, Mrs. Chris Peil, Mrs. Earl Lovell, Mrs. Alex Schoenhals, Mrs. Ed Burton, Mrs. W. L. Dorcas Class Honors Husbands With Party

The Dorcas Sunday School class of the Baptist church entertained their husbands with a potluck supper and "42" party Tuesday evening in the home of Mr. and Mrs. L. T. Tucker, 913 S. Drake. Mrs. T. W. Trussell and Mrs. A. S. Brillhart were co-hostesses for the party.

Games of "42" were enjoyed throughout the evening.

Those present were Mr. and Mrs. A. J. Kelly, Mr. and Mrs. F. M. McGee, Mr. and Mrs. R. H. Holland, Mr. and Mrs. George Parker, Rev. and Mrs. O. C. Curtis, Mr. and Mrs. Audie Conley, Mr. and Mrs. I. H. Sharpe, Mr. and Mrs. Paul Bowen, Mr. and Mrs. J. R. Thomas, Mr. and Mrs. Clyde Cofer, Mr. and Mrs. J. D. Johnson, Mr. and Mrs. H. E. Young, Mrs. Luther Wade, Mrs. Verdie Copleland, Mrs. Beulah Starr, Mrs. Ivan Day, the hostesses and their husbands.

Canasta Party and Dinner Compliment Perryton Guests

Mr. and Mrs. Audie Black of Muleshoe and Mr. and Mrs. Robert Dunn of Joseph, Oregon were guests in the H. J. LeMaster and George Leatherman homes from Friday until Monday.

During their visit they were entertained in the Ernest Gyger and Paul Corbin homes.

On Saturday evening, Mr. and Mrs. Gyger were hosts for a canasta party honoring the visitors. Preceding the games of canasta motion pictures were shown.

Those present were the honorees, Mr. and Mrs. Paul Corbin, Mr. and Mrs. John Brodie, Mr. and Mrs. H. J. LeMaster, Don Schollenbarger, Penny Lea Price and the host and hostess.

Mr. and Mrs. Paul Corbin entertained with a dinner in honor of the visitors on Sunday.

Places were laid for Mr. and Mrs. Black, Mr. and Mrs. Dunn, Mr. and Mrs. Ernest Gyger, Mr. and Mrs. O. G. Littleton, Miss Gail Littleton, Mr. and Mrs. John Brodie, Mr. and Mrs. Ross Leatherman and Gaynelle, Mr. and Mrs. H. J. LeMaster, Mr. and Mrs. Garland Cartwright and son Gary and the hosts.

Aftrenoon callers were Mr. and Mrs. Clint Ragsdale and John Apple.

Sally Sullivan's Seventh Birthday Party Sunday

Sally Sullivan, daughter of Mr. and Mrs. Fred Sullivan, celebrated her seventh birthday on Feb. 18 with a party in her home at 610 S. Fordham.

Out of town guests were Phyllis Vigna, Mrs. J. P. Bradford and Mr. and Mrs. Clyde Bradford, all of Amarillo.

Games were played and balloons attached to horns were given as favors.

Decorations on the refreshment table featured an Easter motif. The table was laid with a lace cloth and a punch service encircled with fern was used in the center of the table. One end of the table was decorated with green candles in silver holders and the opposite end held a heart shaped cake, frosted with pastel yellow and green.

Pastel Easter eggs and fern encircled the base of the cake.

Individual heart shaped cakes, frosted in pastel colors, punch and ice cream were served to Danny Witt, Marilyn Shuler, Lois Carol Williams, Gay Wagner, Sharon Kay Nies, Carl Wilson Ellis, Johnny Sammons, Ann Acker, Barry Acker, Benny Conley, Karen Sue Taber, Penny Price, Michael Clennan, Kim Thomas, Ruth Whippo, Jud Shields, Kay Thurman, Oma Dell Ryan, Monte Owen, Phyllis Vigna and the honoree.

Troop II Scouts Meet Monday

Girl Scout Troop II met Monday, Feb. 19 for their regular meeting. After repeating the Girl Scout Promise a short business meeting was led by Karen Crum, president.

The project for the day was the making of bead rings. Each girl made her own ring to fit her finger. The work was so interesting the troop plans to make bracelets and necklaces in the future.

Those present were Charon Blank, Virginia McLanahan, Kay Barrett, Sydney Slack, Janye Todd, Judy Pletcher, Mary Cornsilk, Ardith Wilson, Sharon Wilson, Roberta Drake, Karen Crum, Dixie Conley, Sue Ann Brashears, Freda Jo Follis, Glenda McGibbon and Kathy Hurter.

Leaders present were Mrs. Oscar Blank, Mrs. Bill McLanahan, and Mrs. Norman Crum.

Lone Tree Club Meets Wednesday

The Lone Tree Home Demonstration club met Wednesday, Feb. 14, in the home of Mrs. A. A. Collingsworth, 1201 S. Colgate. Mrs. B. R. Pletcher, vice president, had charge of the meeting.

The club collect was led by Mrs. T. M. Osborne and the "Song of the Open Country" was led by Mrs. Robert Barlow.

Roll call was answered by a pattern exchange.

During the business session, Mrs. D. D. Taliaferro, president, was elected as nominee to the district THDA convention in Dalhart on April 26.

Mrs. Alva Drake, club clothing demonstrator, with the help of Mrs. Virtle Faries, showed members pointers to follow in cutting dress patterns and making dresses. Some of the points she brought out were: use a tracer wheel and carbon paper for darts; seams will not ravel and are less bundlesome if the dress material is cut with pinking shears.

Heart shaped cakes, jello and coffee were served to Mmes. Ike Sharp, Charlie Selby, B. R. Pletcher, Robert Barlow, Alva Drake, T. M. Osborne, Fay Faries, a visitor, and the hostess, Mrs. Collingsworth.

The next meeting will be on February 28 in the home of Mrs. Alva Drake.

P.-T. A. Program At Waka Features Familiar Hymns

The origin and information about composers of several well known hymns were given in a study presented by Alvin Klotz, leader, at the Waka Parent Teacher meeting, Friday night.

After each hymn was discussed, it was presented in chorus.

Among the hymns presented were: "Christ For the World We Sing" by a quartet composed of Mr. and Mrs. LeRoy Reeves and Mr. and Mrs. David Burger; "Lord, I want to be a Christian" by a men's quartet composed of LeRoy Reeves, Orville Crain, Harley Elledge and David Burger; and "This Is Our Father's World" by a mixed quartet which included Mr. and Mrs. LeRoy Reeves and Mr. and Mrs. Orville Crain.

The highlight of the evening's program was a mixed quartet in a presentation of a hymn in German by Mrs. Allen Dennison, Mrs. Herman Wiebe, Mrs. Alvin Klotz and George Neufeld.

Two hymns, "Fairest Lord Jesus" and "Hark, the Vesper Hymn Is Stealing" were sung by the assembly.

The program was climaxed with the showing of colored slides by the Rev. Klotz and the singing of "America" and "America the Beautiful" by the assembly.

A social hour followed with Mrs. Dick Reed, Mrs. Herman Butts and Mrs. Jack Hendrix in charge. Delicious refreshments of cake, pink sandwiches and drinks were served from a large centerpiece of the traditional Valetine hearts.

Theme of the next meeting, March 16, is "Who's Boss."

Garden Club Meets Feb. 13 In Truax Home

Members of the Perryton Garden Club met Feb. 13 in the home of Mrs. Omar Truax at 1121 S. Drake. Assisting hostesses were Mrs. J. W. Chase, Mrs. S. P. Tevis, Mrs. Luther Wade and Mrs. Zella Newman.

Dutch iris, jonquils and acasia decorated the mantel for the occasion.

Roll call was answered by naming "a broad leaf evergreen."

Mrs. Lawrence Elizey presented the program on "Planning the Landscape."

Refreshments were served to Mmes. J. M. Anderson, Dean Conner, L. R. Conner, Lawrence Ellzey, Horace Glasgow, R. H. Holland, Giltner LaMaster, W. B. LaMaster, Dan Manning, Clarence Neufeld, Arch Talley, A. R. Turner, Harvey Urban, Willard Witt, P. W. Wermske, Miss Hulda Schmidt and the hostesses.

Hope Watson Is Party Hostess

Miss Hope Watson entertained with a canasta party Saturday afternoon in her home at 1201 S. Baylor.

At the close of play, refreshments were served.

Those attending were Keith Shaffer, Delores Clark, Joy Clark, Stacy Ellis, Janice Schuster, Deanna Smith, Barbara Stollings and the hostess.

Joy Clark held high and Keith Shaffer held second high score.

The Smithsonian Institution issues 13 series of scientific publications which are distributed free of charge.

Peggy O'Quin Is Two Years Old

Mrs. A. L. O'Quin was hostess for a birthday party on Feb. 14, honoring her daughter, Peggy Ann, on her second birthday.

Refreshments were served to Douglas and Philip Fike, Keith O'Quin, Galen Slaughter, Terry McWhorter, Tim Boyle, Doris and Donna Slaughter, Norma Swinner and Brenda O'Quin.

Mothers present were Mrs. Ed Fike, Mrs. Emmit O'Quin, Mrs. Howard Slaughter, Mrs. Stanley Slaughter, Mrs. Paul McWhorter and the hostess.

Mother's Club To Organize Club at Sunray

The Perryton Mother's Club met Feb. 20 at the Methodist church. During the business meeting, plans were made to go to Sunray to help the young mothers of that town organize a similar club there. Mrs. Edward L. Puls and Mrs. James McAnally are the committee in charge of this project.

Mrs. Lawrence Elizey and Mrs. Hazel Pounds were appointed to deliver the club's books to the county library.

Mrs. Lloyd H. Jones was the principal speaker of the afternoon. Her subject was "Aspects of Motherhood."

Mrs. Ray McEntire and Mrs. Lowell Bowdle were guests. Members present were Mrs. Edward L. Puls, Mrs. Elmer L. Conley, Mrs. Hazel Pounds, Mrs. Lawrence Ellzey, Mrs. Norman Crum, Mrs. Don Smith, Mrs. James McAnally, Mrs. Helen Sappington and Mrs. Lloyd H. Jones.

Anthony Club Attends County Council Meeting

ANTHONY—Ladies from the Anthony community attended the county council meeting at the Fellowship Hall of the Methodist church at Beaver on Wednesday. The Jolly Neighbor Club of Turpin were hostesses to the potluck lunch at the noon hour.

Due to the bad weather there were only 69 women present, and Mrs. Leta Moore of Stillwater, Extension Service, was unable to attend. She was to have spoken on "Building Good Family Life."

The council discussed and adopted their goals for the coming year and adopted the following year's projects: Each club is responsible for sending one box to the Western State Hospital at Fort Supply, Okla.; the council will finance one party of the year for the children of the Crippled Children's Hospital at Oklahoma City, and a CARE package will be sent to the needy of Korea. The council will also send articles of clothing to the Koreans.

The group was entertained with a dialogue by Mrs. Wakefield and Mrs. Ausmers of the Greeno club, and a reading by Mrs. Eagon, also of the Greeno club. Three musical numbers were sung by the county choral group.

Those from Anthony attending were Mrs. Johnnie Davis, Mrs. Glen Myers, Mrs. J. L. Bobbitt, Mrs. Lavern Davis, Mrs. Vernon Ratzlaff, Mrs. Leon Morris, Mrs. John Davis, Mrs. Hauffman, Mrs. Harold Davis and Mrs. Carl Carter.

Mrs. Gene Brothers Shower Honoree

Mrs. Gene Brothers was the honoree at a pink and blue shower Feb. 14 in the home of Mrs. Glen McGibbon, 806 S. Eton.

Hostesses for the affair were Mrs. Glen Johnson, Mrs. B. H. Peckenpaugh, Mrs. Ray Nelson and Mrs. McGibbon.

Refreshments were served from a table centered with pink carnations.

Twenty-five guests called between the horus of 3 and 5 p. m.

A Big Decision

Citizens of Perryton have a big decision to make next Wednesday when they vote on the city manager form of government. While little promotion has been done either for or against the proposal, it is nevertheless a serious question to decide.

Under the city manager form of government, only the five councilmen will be elected and they, in turn, elect a mayor from their own group and also hire a city manager. The city manager may be hired and fired at will by the council, and is given all the details of city administration, instead of the present system of having each of the five councilmen, the mayor and city clerk trying to attend to the problems of sewage, water, street maintenance, etc.

While these elected officials are doing their best, they cannot be expected to devote their full time to city administration, having their own businesses to manage.

We believe the city manager system is the logical solution to a more efficient management of city business. Perryton has outgrown the methods that worked twenty years ago in calling upon busy men to take time out to devote to city administration. The city is now big business, receiving and disbursing thousands of dollars each year, and deserves to be operated in a business-like manner.

Mr. and Mrs. Bob Gibson have chosen the name, Robert Mark for their son, born Feb. 14 at the Shattuck Hospital. Mr. and Mrs. E. W. Hearn are the maternal grandparents and Mrs. B. H. Murphy and Mrs. H. D. Hearn of Marshall, Okla., are the baby's maternal great-grandparents. Mr. and Mrs. Virgil Gibson of Pottsboro are paternal grandparents of the baby.

Wolf Creek Philosopher

No New Taxes At His Place

(Ed. note: The Wolf Creek Philosopher seems to be talking about taxes this week, if we understand his letter, which we aren't always sure we do.)

Dear Editar:

I borrowed a copy of a newspaper off the front of my neighbor's car radiator, where he'd put it I guess to protect it durin the cold snap some time ago, some newspapers are fine for keepin out the cold, others for keepin out ideas, likewise they're good for keepin out the heat in the summer time, protect your face from gnats when you're takin a nap, fine for puttin on a tractor seat to keep it from gettin too hot when you get off for a drink of water in the middle of July, what I like about a newspaper, is it's a year-round article, good in any season, can't say the same for the radio, ever hear of anybody tryin to protect a radiator with one? Be the worst mess you ever saw.

At any rate, it wasn't freezin that day, and I figured my neighbor could always find another paper when the next cold front blew in, and took the paper and went home and after helpin my wife with the dishes, figured a gentleman ought to do this every once in a while, just to experience the let-up in naggin, didn't work, she kept right on, and sat down and read where the Texas Legislature is eyeing the state closely huntin for new tax sources.

The people's demandin more spendin and more economy simultaneously can be handled satisfactorily durin the campaign, but when the Legislature gets in session and the facts stare em in the face, the tax hunt gets underway.

Now understand, I'm in favor of doin what's necessary, everybody's in favor of economy and good roads too and if it takes more taxes to accomplish it, it's all right with me, but in the interest of savin the state some travel expense money, I would like to let the Legislature know there ain't no use extendin its hunt for new tax sources out at my place here on Wolf Creek. I have already looked high and low and there ain't a possible spot you could extract another penny from. The place is not only taxed to death, but I've taken all the remainin cash out of it myself for my own use, me and erosion together. Tryin to get more taxes out of this place out here would be about like tryin to get vitamins out of a bale of Johnson grass hay. Can't be done. I got cows to prove it.

Yours faithfully,
J. A.

THE TXAS POLL:

Texans Swing to Support of Eisenhower in 'Great Debate'

AUSTIN, Texas—The Great Debate on foreign policy is now in its third month. People have been listening to Hoover and Taft critizing the government for committing more American troops to the defense of Europe. On the other hand, Truman and Eisenhower have been pointing out the importance of defending Europe for the sake of our own security.

How has the Great Debate influenced public opinion in Texas?

Evidence from a statewide study by The Texas Poll indicates;

1. There is a growing awareness of the importance of Europe in America's fight against communism.

2. Most people think we should send more American troops to Europe.

3. At the same time, there is a noticeable increase in public opposition to sending more troops to Europe.

These findings are based on two statewide surveys, the first conducted three months ago just as the Great Debate was getting under way and the second completed early this month. Each survey covered a representative sample of men and women in all parts of the state.

These questions were asked in both surveys:

1. "Which do you think is more important—for the United States to fight the spread of communism in Europe, or in Asia?"

	Nov. 1950	NOW
Europe	19%	28%
Asia	12	12
important	48	43
Both equally		
Neither important	5	3
No opinion	16	14
	100%	100%

2. "Are you for or against sending more American troops to Europe?"

	Nov. 1950	NOW
For	52%	55%
Against	26	33
Undecided	22	12
	100%	100%

It is apparent from a comparison of the two surveys that the debate is helping people to make up their minds. Since November, people undecided on the question of sending more troops to Europe have decreased from 22 to 12 per cent. Most of those making up their minds seem to be joining the opposition. This is indicated by the fact that those in favor of sending more troops have increased only three percentage points while those against have increased seven points.

Strongest support for the policy of giving direct military aid to Europe comes from people with the most education. In the latest survey, 69 per cent of those who had been to college said they favored sending more troops to Europe; as compared with 52 per cent of those who had been to high school but not to college, and 46 per cent of those who did not attend high school.

Acting-Singing Role Played by Frankie Laine

Frankie Laine, America's top record-seller of the year, plays his first singing-acting screen role in 'When You're Smiling," the new musical comedy which comes to the Pertex on Sun.-Tues., Feb. 25-27.

Laine figures prominently in the story, which has a recording company background, even to the point of helping romantic leads Jerome Courtland and Lola Albright discover they really are meant for each other.

In addition to his romantic "assist," Laine sings the title song of the film, as well as "George On My Mind."

Rex Allen Has Starring Role

Rex Allen, rapidly rising Western star, is the hero of "Under Mexicali Stars," which comes to the Pertex on Friday and Saturday.

Rex plays a U. S. Treasury Agent who is sent to the town of El Norte, located on the U. S. side of the Mexican border, to uncover a counterfeiting ring. Posing as an itinerant cowboy, he gets himself hired as a ranch hand near where gold used in the counterfeiting is stolen.

Rex learns that after the gold is stolen, the gang takes it to a box canyon where it is placed aboard a helicopter and flown across the border. Madeline (Dorothy Patrick), the daughter of the rancher for whom Rex works, accidentally stumbles on the crooks in the process of flying some gold out of the canyon and they kidnap her.

Thrill piles upon thrill and in a tremendous action climax, Rex manages to rescue the girl and get her out of danger, only to find himself being attacked from the helicopter by two of the crooks. He tricks them into landing and brings about their downfall.

SCAT—"Well, I never, my own adopted daughter acting like that!" A cat named "Puss" appears to be laying down the law to Nan, seven-months old pet raccoon in the Harsalis Park Zoo in Dallas, Texas. Puss nursed and reared the raccoon, but the two had a falling out. (AP) Photo.

Rackets Exposed In New Picture

Tracing the growth of a racket "big shot" and the manner in which the law finally cracked down, "711 Ocean Drive," starring Edmund O'Brien and Joanne Dru, comes to the Ellis on Sunday and Monday.

O'Brien is the electronics wizard who turns a little California bookie organization into a big one, and then finds himself confronted with "The Syndicate," the really powerful outfit from the East which cuts itself in. Miss Dru, as the embittered wife of one of the Syndicate heads, is extremely helpful in the "cutting in" process, by her very presence. A reasonably decent character at first, considering his drive to power, O'Brien degenerates into a hoodlum and killer when he discovers he is being double-crossed by his accociates.

Running through this conflict for hoodlum power and embittered romance is a vivid demonstration of the workings of "The Syndicate," using the most up-to-the-minute electrical equipment—telephone, telegraph and radio—to relay its illicit betting information and to record its operations. "711 Ocean Drive" literally blows the lid off a sweet racket.

'From Adolf Hitler'

BEIRUT, Lebanon (AP)—A revolver with "Adolf Hitler to General Rommel in recognition of his bravery" engraved on it was found here recently by police making a routine search for prohibited arms.

They found the gun, which holds 30 cartridges, when they searched a local Arab named Ahmed Eljardi. Ahmed didn't say where he got the gun, but he offered almost $1,000 to get it back. Police confiscated the revolver.

Mexico covers an area of about 763,944 square miles.

Weissmuller Star Of 'Pygmy Isand'

Starring Johnny Weissmuller as Jungle Jim, "Pygmy Island" comes to the Ellis on Friday and Saturday. The action star is supported in the adventure by a cast that includes Ann Savage, David Bruce and Steven Geray.

In "Pygmy Island," Johnny joins an Army expedition searching for a lost WAC captain and a valuable fiber necessary to America's stockpile. In his jungle preserve, he encounters many dangers from wild animal savagery and the treachery of enemy agents who maneuver to gain the coveted fiber. But Johnny gains the upper-hand with the aid of a pygmy tribe in the action-roaring climax of "Pygmy Island."

'Deported' Has Action with an Italian Setting

"Deported," an action picture filmed against authentic old world backgrounds in the heart of the romantic Tuscany district of Italy, comes to the Pertex on Wednesday-Thurs. of next week. Marta Toren and Jeff Chandler are the co-stars.

The story, in brief, concerns Chandler's attempt to "take over" the Italian black market ring after his deportation to that country. Falling in love with Marta Toren, though, causes him to change his plans, and, in the end, he brings about the disbanding of the ruthless black market gang.

Tonsorial Discrepancies Noted

VANCOUVER, B. C. (AP)—Suburban barbers are complaining about unequal rates which have resulted from a 10-cent increase in the price of haircuts. One said "Some baldheaded customer comes in downtown and they collect 85 cents. We get a child with three feet of hair and we collect 50 cents. It ain't fair!"

Miss Viola Glaspie of Dumas visited last week end with her sister, Mrs. Luther Wade, and her mother, Mrs. Fred Furnish.

Mr. and Mrs. R. T. Correll returned home Sunday from a vacation at Marlin.

FROM THE GRANDSTAND:

May Change Freshman Rule

By WILBUR MARTIN
Associated Press Staff

The Southwest Conference turned down the proposal to allow freshmen to compete in spring sports this year, but don't be surprised to see a change of heart in May.

When the faculty representatives gather for their annual spring meeting, there's going to be a lot of talk about manpower and football.

Four schools voted against the proposal to use freshmen in spring sports; three were for it.

At the spring meeting, this topic will probably be brought up again with football the sport in mind.

Just a hunch, but when this vote is taken, it will probably be five to two—in favor.

Proponents are going to argue that it takes more men to play football. They'll also argue that Uncle Sam is going to take more men for his armed forces, and that colleges must utilize every man they've got if they're to continue sports—football particularly.

At about the same time of the year, the smaller conferences will be holding their spring meetings. Most will put a freshman rule into effect. They may also change their transfer rules.

At the moment, none of the several conferences in Texas are in danger of losing teams for the duration of the emergency. But there are a couple of independent teams reportedly ready to quit.

The University of Corpus Christi has already given up football. Midwestern dropped track.

West Texas State recently finished a basketball game with just four players. The other three on the squad had fouled out.

This brought an anguished plea from West Texas that the Border Conference allow freshmen to compete—right away, immediately if not sooner.

The Canyon school didn't get that quick action, but the conference did start wheels turning for a vote.

Misses Katherine Isenhour, Roberta Clark, Patricia Page and Wendel Peckenpaugh spent Saturday and Sunday in Canyon with Nell Peckenpaugh and in the home of Mr. and Mrs. Charles Peckenpaugh.

That God's wisdom is omnipotent and ever available in meeting today's problems is stressed in the Lesson-Sermon on "Mind" which will be read in all Churches of Christ, Scientist, on Sunday, February 25, 1951.

The Golden Text is from Psalms 33:11. It reads, "The counsel of the Lord standeth for ever, the thoughts of his heart to all generations." Also from Psalms is this quotation from the Lesson-Sermon: 'Great is our Lord, and of great power: his understanding is infinite."

Emphasizing the unchanging nature of God is this statement from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is the same Life, Love, and wisdom 'yesterday, and to-day, and forever' " (page 283).

GEMS OF THOUGHT

Christmas

We must go on thinking less about ourselves and more for one another; for so, and so only, can we hope to make the world a better place and life a worthier thing.—King George VI.

* * *

The basis of Christmas is the rock, Christ Jesus. The basis of Christmas is love loving its enemies, returning good for evil, love that "suffereth long, and is kind."—Mary Baker Eddy.

* * *

The one thing and only one thing that can mlet this human world of ours into a family which will be characterized by brotherhood and the Golden Rule and the spirit of the Good Samaritan, is the love of God. That is the meaning and message of Christmas.Dr. Daniel L. Marsh.

* * *

For unto you is born this day in the city of David a Savior, which is Christ the Lord.—St. Luke.

* * *

Anyone can have a "white Christmas" who has exiled hate from his heart and put envy and jealousy to flight.—Dr. Edgar DeWitt Jones.

* * *

There is one thing this world has not yet tried, and that is a complete surrender to Christ—a complete acceptance of its divine grace and guidance. This is the Christmas gospel that should not be viewed as merely an event that took place two thousand years ago. —Rt. Rev. William T. Manning.

Club Boys Groom Calves for Annual Lipscomb Show Friday

LIPSCOMB — Lipscomb county 4-H and FFA boys are busy putting the finishing touches on their entries in the annual Junior Livestock Show to be held at Lipscomb Friday.

Chambers of commerce of Lipscomb county towns are sponsoring the show and providing funds for the cash prizes and ribbons to be awarded winners.

Judging in the annual event is scheduled to begin at 10:30 a. m. with Racy C. Mowery, head of the animal husbandry department of Texas Technological College, placing all entries.

Lunch will be served by the 4-H club girls from 12 noon to 1:30 p. m. At 1:30 o'clock, the top four calves of the show will be brought back into the judging area and the grand champion and reserve champion will be placed. Immediately following this placing Wilford Howard of Booker will sell at auction approximately twelve calves and five pigs. The remainder of the calves will be taken to Amarillo show the morning following the Lipscomb show.

Several 4-H club boys and local livestock breeders will have breeding stock at the show for exhibition purposes only.

R. D. Brown, Lipscomb county agent, said Tuesday that all advance indications point to one of the largest crowds in the history of the Lipscomb show.

Seek Common Language for Congo

BRUSSELLS, Belgium (AP)—After trekking for 18 months through jungle, bush and steppe in the Belgian Congo, Belgian Jesuit Father Van Buick, and a British colleage, Dr. J. Hackett, of London, have completed a monumental liguistic inquiry.

The two men were trying to discover what native languages should be encouraged as a common tongue out of the more than 500 languages now spoken in the colony. Authorities are seeking a language that will be suitable for higher education and scientific terms, as well as for everyday expressions. Father Van Bulck considers such a language could be found in the Bantu dialects, since 12,000,000 of the 14,000,000 inhabitants of the Congo speak them.

Fines Fill Mosques

KUALA PILAH, Malaya (AP)—Malays in Negri Sambilan state are finding it's cheaper to show up regularly in mosques.

A total of 132 Malays from various villages were each fined $2 recently by a religious court for failing to attend Moslem Sabbath prayers. Mosques in Kuala Pilah now are overflowing with worshippers.

There are approximately 333,969 Indians living in the United States today.

HE'S A TOWER OF STRENGTH—Bonefish Sammy Ellis stands only five-feet-five inches and weighs 160 pounds but people here regard him as a tower of strength. Not only that but he is a much sought after guide when it comes to bonefishing. He can spot a bonefish school many miles away. The 31-year-old guide was encouraged by G. A. Lyon of Detroit, one of the nation's top deep sea anglers. He got Sammy to chin himself 30 times a day, not with two hands but with one hand. Thus, the muscles on Bimini's bonefish guide.

TEXANS IN WASHINGTON

By TEX EASLEY
(AP) Special Washington Service

WASHINGTON (AP)—Six Texans are helping to operate cultural centers in Latin America through which the State Department seeks to promote good will and understanding between those countries and the United States.

One of the oldest centers is that at Lima, Peru, now in its 11th year, where Mrs. Edwin T. Cornelius, Jr., of Fort Worth is director of courses.

Another Texas woman, Miss Faye Bumpass of Lubbock, was there for several years, teaching English to the natives so they could instruct others.

Miss Bumpass now has an assignment which takes her from one central American republic to another, conducting special English courses and offering suggestions for improvement of the various centers. She spent Christmas in Guatemala.

Other Texans engaged in the program are:

Anita Provincio, of Anthony, N. M., and El Paso, with the State Department here; Louis L. Curcio of Houston, director of the cultural center at Rosario, Argentina; Miss Virginia Hightower of Newgulf, teacher of English at Santiago, Chile; Mrs. Aurora de Luzardo, San Antonio, English teacher at Bogata, Columbia.

The centers seek to achieve their objectives through four main channels:

1. Teaching English. From all walks of life, taxicab drivers to bankers, come those who enroll in the classes. Doctors wanting to read the latest American medical reports are among the students.

2. Lectures and study courses on the history, ideals and aims of the United States, given in the native language of the country where the center is located. These courses are designed to offset a popular and distorted conception of the typical "norteamericano" gained from the movies, some tourists and overly aggressive businessmen.

3. Sponsorship of social organizations, discussion groups, exhibitions and concerts.

4. Establishment of libraries; sometimes the only library to be found in a community is that set up at the cultural center. Books are in both English and the native language.

The cultural centers are financed largely by the communities in which the centers are located, or by the national government of the country. The United States put up only 19 percent of the total cost of the program in 1949, the last year for which figures are available, and that went largely to hire Americans as teachers and administrators.

BOWLING

The second half of the bowling leagues are now in full swing. Section A, led by the City Grocery, meets on Thursday nights. Section B, led by Baumann Cleaners, meets on Tuesday nights.

Section A is composed of the City Grocery, Playmore Enterprises, Boxwell Bros., and Todd Dairies.

In the B section are Baumann Cleaners, Perryton National Bank American Legion and Hurn's.

Hurn's, a new team, started off their bowling by defeating the Perryton National Bank three games to one. All teams at this time seem about equal in strength.

Titles for Mothers

PRAGUE (AP) — New honors have been made available for Bulgarian mothers in the form of medals. The medals include decorations of the "Glory of Motherhood," and of "Honorary Mother." The awards were reported by the Soviet News Agency Tass, which failed to say what must be done to earn the honors.
