

Plans Started

Ex-Students Set Reunion Aug. 15

The 1970 Wellington High School Ex-Students Homecoming will be Saturday, Aug. 15 with all events slated for that one day.

Announcement of the date was made this week by Jake Leach, president.

Plans up to this time call for one major change, according to Ineva Cudd Bowen.

Instead of the barbecue Saturday evening, there will be a dinner at the community build-

ing, followed by a dance. Arrangements will be made so that those who wish to visit instead of dance may do so.

At this time, plans are to have other reunion events follow the usual format.

Registration should begin at 9:00 a.m.

Several classes are planning reunion luncheons and more details of these will be announced later. Other visiting exes will make their own arrangements for lunch or be on their own, explained Mrs. Bowen.

Jake Leach was advanced to the presidency earlier in the year, following the resignation of C. A. Crawford, who moved to Amarillo.

Mrs. Bowen is secretary and Miss Bessie Rainer is treasurer.

Four new directors were elected at a recent meeting: Calvin Mitchell, Don Lacy, Vickie Mayhugh and Ralph Owens.

This brings to 18 the number on the board. Others are the officers and Dora Fern Durley Warrick, Donald Curry, Dora E. McClaskey Smith, Louis Graham, Jolene Groves, Nancy Gibbs Langford, Cal Hurst, Bobo Castleberry, Patsy Harper Mitchell, Gay Reeves McAlister and Velman Warrick.

The first notice of the reunion was mailed recently.

Mrs. Bowen said there was urgent need for new addresses from ex-students who have moved within the last two years. She requested that anyone who has the new address of a former WHS student who has moved to contact her.

Mrs. Creed Breaks Hip

Mrs. Harry Creed underwent surgery in High Plains Baptist Hospital, Amarillo, Monday, June 22, after receiving a broken left hip in a fall Friday afternoon.

The head of the femur was shattered, and in the surgery, this was replaced by a stainless steel ball, according to her daughter, Mrs. Robert Gosnell.

The accident occurred at the home of a neighbor, Mr. and Mrs. Gene Morrow, when Mrs. Creed fell on the basement steps.

Children with her have been Mr. and Mrs. Gosnell and another daughter, Mrs. Leonard Johnson of Friona and a granddaughter, Mr. and Mrs. J. D. Carter of Altus.

Undersea Living Problems

Dr. Bryant Works With Tektite II Aquanauts

Dr. Tom Bryant, Jr., of the University of Texas Medical School in Galveston is currently attached to the Marine Biomedical Institute, taking part in the far-reaching Tektite II underwater research program in the Virgin Islands.

Dr. Bryant and other diving physician-scientists representing the University of Washington and the United States Public Health Service are concerned with the complex physiological problems encountered by aquanauts living for weeks at a time at depths of fifty to one hundred feet below the surface of the sea.

The aquanauts, while carrying out their own multiple undersea research projects are subjected to, and acclimated to enormous ambient atmospheric pressures. Such unnatural pressures present a multitude of challenging medical phenomena.

For example, the air in the "habitat" in which the aquanauts live need contain only ten percent oxygen, where normal sea-level air contains roughly twenty-one percent oxygen.

Dr. Bryant's usual professional role as a pediatric anesthesiologist is very closely related to the medical and physiological aspects of gases dissolved in the blood at varying pressures and concentrations.

NEW ROTARY OFFICERS

New officers of the Wellington Rotary Club were installed Thursday night, June 18, by Judge Charles Reynolds, district governor. Charles

Darter, center, is president, while Zook Thomas, left is vice president and Tommy Thomas secretary.

J. E. Nunnelley, Retired Farmer Dies Sunday

J. E. Nunnelley, 82, prominent retired farmer, died at 12:15 p.m. Sunday, June 21, in St. Joseph's Hospital. He had been in failing health four years.

From the time he came here in 1917 until about 18 months ago, he and his family lived on their farm a mile and a half south of Wellington. Since moving into Wellington, he and Mrs. Nunnelley have lived at 1501 East Avenue.

Mr. Nunnelley was a devoted member of the Church of Christ and was active in its work.

Born Feb. 8, 1888, in Clay County, Mo., John Ellis Nunnelley lived there until he was a young man, when he came to Burk Burnett.

He was married there to Miss Edna Moore on Oct. 16, 1916.

Funeral services were conducted at 3:00 p.m. Monday at the Church of Christ, with Gaylord Cook, minister, officiating. Burial was in Memorial Gardens under the direction of Kelso Funeral Home.

Pallbearers were Jack Nelson, Elmer Hiett, D. C. Thomson, Raymond Barton, Cecil

—See back page

Bulls and Chiefs

Little League Plays in Mangum Tournament

Wellington's two Little League baseball teams are playing this week in the Mangum IOOF invitational tournament, their first of the season.

The tournament, which started Tuesday, June 23, will continue through Saturday, June 27. Games are played on two diamonds at Mangum City Park.

The Bulls, coached by Tim White, played the first game at 5:00 p.m. Wednesday, while the Chiefs, with Johnny Harris as coach, will meet their first opponent Thursday, July 25 at 7:00 p.m.

These two are the only teams playing in this age bracket in Wellington. Games are scheduled for 7:00 p.m. on each Tuesday and Friday nights, except when out of town games are scheduled, White announced.

Complete Work on Brucellosis-Free Testing

Willard Copeland, inspector for the Texas Animal Health Commission, was in Austin recently in behalf of re-certification of Collingsworth as a brucellosis-free county.

This is a routine procedure, with re-certification coming up every three years.

The results of blood tests made in county herds over a six-weeks period were negative and Mr. Copeland declared the county is in good shape and meets federal and state animal health requirements.

Tests were made of 48 herds with 1303 head of cattle, plus the Mill Iron Ranch which gave a representation of 2,288 head.

Mr. Copeland praised the cooperation of the commissioners court and County Agent Don Reeves in arranging for herds to be penned and ready for testing.

Two small herds in Collingsworth County are now under quarantine from a previous test. Mr. Copeland said he expects the next test to show negative results in these herds.

4-H Hootenanny Set at Shamrock

Collingsworth 4-H boys and girls and other youths are invited to the 4-H Hootenanny, to be held at 8:00 p.m. Saturday, June 27 at the National Guard Armory in Shamrock.

Approximately three dozen performers are due to provide entertainment.

In charge of the fun night are Mrs. Brenda W. Hofmann, home demonstration agent, Max Hatter, agricultural agent, and Pat Palmer, assistant home demonstration agent, all of Wheeler.

In the event of out of town games, he said The Wellington Leader will be notified as soon as possible.

Boys playing with the Bulls, and their positions are:

Pitchers, Shane Tarver and Ernest Moody.

Catcher, Grant Gragson.

First base, Danny Morris.

Second base, Richard Sims.

Third base, Mark Hood and Donny Settle.

Short stop, Tony Martinez.

Left field, Larry Adams and Tony Cox.

Center field, Craig Needham and Lynn Pence.

Right field, Allen Sanders and Carl Taylor.

Coach, Tim White.

The Chiefs team is made up of:

Pitcher, George Brewer.

Second base, Don Allred and Bob Cummings.

Short stop, Bobby Cantu and Harold Lowe.

Third base, Neal Cochran.

Catcher, Bill Havens.

First base, Randall Sims.

Outfield, Dan Ford, Lynn Hurst, Clay Don Lacy, Scott Peeks, Alan Murdock and Steven Settle.

From 1st Methodist

Duo Attends Church Music Institute, SMU

Two Wellington women, Mrs. Dan Henard, Jr., and Mrs. Hiram Cudd are attending the South Central Institute of Church Music, being held this week at Perkins School of Theology of Southern Methodist University.

Mrs. Henard is attending sessions on organ, conducted by Phil Baker, nationally known recitalist and organ clinician. He is director of music at Highland Park United Methodist Church, Dallas.

Mrs. Cudd is studying choir music in sessions held by Lloyd Pfautsch, conductor, composer, clinician, and member of the faculty of the School of Music at Southern Methodist University.

Both women planned to attend sessions on Handbells and new forms of worship.

Norwood Trio at PESO Meet

Three staff members of the Samnorwood Schools are attending a PESO Workshop in Amarillo this week.

They are Mrs. Lois Simpson, Mrs. Paul Schaub, both auxiliary personnel, and Mrs. Selba Rainey, grade school principal and commercial teacher.

The workshop ends June 26.

Field Work to Start on Two Road Projects

Preliminary work is due to start within two weeks on road improvement projects that will total about two million dollars for Collingsworth County.

Surveying for FM Road 3070 west of Abra should begin within that period, according to O. V. Johnson, senior resident engineer with the Texas Highway Department.

Later this summer, surveying will get under way on the project to widen US 83 to four lanes for a 12.2-mile stretch north of Wellington.

Both projects were announced earlier but actual work had to await completion of Interstate 40 around Shamrock.

"We hope to be ready to let the contract for both roads around the first of the year," Mr. Johnson said.

The planning of both roads will be started by engineers in the Wellington office of the Texas Highway Department shortly after survey units go to work, and both phases will proceed simultaneously.

The road west of Abra, designated as FM 3070, is 8.9 miles in length and represents two years program for the county. The first part, 5.6 miles in length, is the 1968 program and was announced by the Texas Highway Department July 11, 1968. At that time District Engineer V. J. McGee said the cost would be \$230,000.

The 1969 program, 3.3 miles, was approved Nov. 26, 1969, at an estimated cost of \$90,000.

The road extends west and northwest from the end of FM 1547 toward McLean.

Mr. Johnson said the new highway will follow present roads for only about two miles, about mid-way in the stretch.

J. T. Slay to Have Surgery

J. T. Slay is due to undergo major hip surgery in High Plains Baptist Hospital, Amarillo, to correct a hip ailment, he said while in Wellington on Monday, June 22.

He will be hospitalized about two weeks.

Mr. Slay was in High Plains Hospital recently for tests to determine the nature of the hip problem and what would be required to correct it.

He will be unable to make his weekly trips to Wellington for several weeks, he said.

He and Mrs. Slay formerly lived here and are owners of Town and Country.

One bridge structure is scheduled, which will be about 140 feet in length, Mr. Johnson stated this week.

Completion of a surfaced road on to McLean is the goal of ranchers in that part of the county, as well as McLean and Wellington highway boosters.

Widening of US 83 to four lanes from Wellington to the Lutie area is far the larger of the two projects, costing an

estimated \$1,650,000, plus an additional \$60,000 for right of way.

The road is due to extend from FM 338 at the southeast corner of Wellington to FM 1439 at Lutie, a distance of 12.2 miles.

The starting date for survey work on this project has not been set, but it will be as soon as crews are available for the work, Mr. Johnson indicated.

Return June 26

Girls State Elects Three to City Offices

Three Collingsworth girls, citizens of the American Legion Auxiliary Bluebonnet Girls State at Texas Lutheran College, Seguin, were elected to offices in the "city" government.

Mary Ruth Schaub of Samnorwood was elected treasurer of "That" City. She is a member of the Girls State Senate and the Nationalists Party. The daughter of Mrs. Marie Schaub, she was sponsored to Girls State by Samnorwood Parent-Teacher Association through the American Legion Auxiliary Unit No. 249, Wellington.

Donna Tabor of Dodson was named City Councilman, Place 3, City MY. She is a member of Girls State House and the Federal Part. Daughter of Mr. and Mrs. H. E. Tabor, she was sponsored to Girls State by the American Legion Auxiliary Unit 535 Dodson.

Cathy Louise Singley was elected party nominee for Lt. Governor of Bluebonnet Girls State. She is a member of the Girls State House and the Nationalist Party. She is the daughter of Mr. and Mrs. Jones Singley and was sponsored to Girls State by the Business and Professional Women's Club through the American Legion Auxiliary Unit No. 249, Wellington.

Girls State was organized as a national Americanism activity in 1937 by the Legion Auxiliary. Non-partisan and non-political, the purpose of the program is to provide citizenship training for girls of high school age, to afford them the opportunity to live together as a self-governing group and to inform them of the duties, privileges, rights, and responsibilities which they assume as adults.

They learn the problems of government by performing the same duties as real office holders in the everyday world. Citizens are selected at local levels principally on a basis of character and leadership from students who have just completed their junior year in high school.

The 1970 Session of Bluebonnet Girls State has grown from an experimental conference of 94 girls held at Baylor University in 1941, to become the largest single extracurricular educational program for high school girls in Texas. This year, 456 girls are in attendance including two from Mexico, making a total of more than 8,800 girls in Texas who

have participated in this top-level program.

The director is Miss Frances Goff of Houston who is Director of Special Projects for the University of Texas M. D. Anderson Hospital and Tumor Institute.

Retired Associate Justice —See back page

Nazarenes Plan for Church Homecoming

Plans are complete for the second annual homecoming of the Church of the Nazarene, the Rev. Philip Daniels announced this week.

He extended an invitation to friends of the church to hear the Rev. Odell Brown of San Benito, who will be the guest preacher at the morning service.

A pastor of the Wellington Church of the Nazarene on two occasions, Rev. Brown presently is in evangelistic work.

Mrs. Brown is due to accompany her husband here.

"All former members and friends are invited to attend and to have dinner with us," said Rev. Daniels.

Activities for the day will include Sunday School at 10:00 a.m. and morning worship at 11:00.

Dinner will be served at noon in Bura Handley Community Center.

The afternoon will be given over to fellowship and renewing of friendships, Rev. Daniels said.

The evening service will be at 7:00 p.m.

Dwight Bitten By Rattler

Robert Dwight, superintendent of Samnorwood Schools, was bitten on the right leg by a rattlesnake at dusk Monday, June 22.

Wednesday morning, Mrs. Dwight said he was getting along all right, although he will be in St. Joseph's Hospital for the remainder of the week and off his feet for a longer period. He received three antivenom shots.

The four-foot prairie rattler struck twice, imbedding its fangs in his shin once and grazing the skin on the next strike.

Jimmy Brown, vocational agriculture teacher who was with Mr. and Mrs. Dwight, killed the snake, which had eight rattles. It struck and then rattled. The three were working in a garden that faculty members have near the teacherages.

Scout Executive Has Surgery

Dave Agnew of Shamrock, Comanche District Scout executive, is recovering from major surgery performed recently.

He became ill while working at the M. K. Brown Scout Camp of the Adobe Walls Reservation near Mobeetie.

He was able to drive to Wellington Monday, June 22, but doctors have not told him when he can return to work.

Davis Calls From Alaska

Mr. and Mrs. Jack Davis of Wellington are vacationing in Alaska, but all their thoughts are not on that cool and pleasant climate.

Mr. Davis phoned a friend, A. V. Lowrie of Dodson, collect from Juneau on Thursday night, June 18—at 11:00 p.m.

The purpose of the call was to say they flew over a few clouds on the way up and he thought one might work its way to his and Lowrie's cotton patches.

"The sky is clear here and the sun is three hours high. I'm supposed to be in bed, because they say it is night," Davis commented.

"We are having a wonderful time and seeing beautiful sights and you can plant my cotton over if it rains," he added.

Memories of West Texas

Mead Does Program Cover for 'Texas'

Ben Carlton Mead, an artist who grew up in the Texas Panhandle, has done the illustrations for the 1970 Souvenir Program for the "Texas" musical drama. His drawings involved from memories of a West Texas childhood, recollections of tales by old-timers, and hundreds of sketches made over the years.

He remembers the great Palo Duro Canyon as a very early thrill, and has sharp recollections of the prairie as it was when he went with his father freighting lumber from their yard in Lamesa.

Sometimes the trips lasted for several days following the Santa Fe Line which was building south. They went through sand, shinnery and miles of prairie dog towns, and roamed far from the wagons hunting rabbit, dove, quail, prairie chicken and curlew to cook in the iron skillet at sundown.

After graduating from Amarillo High School and the Art Institute in Chicago, Mr. Mead returned to roam and sketch West Texas: pole corals, log barns, the skeleton of a horse on the prairie, for examples. Through the years he has used these early sketches as bases for his book and magazine illustrations. He was particularly intrigued by Tascosa in the thirties, because it still retained the look of the early days at that time.

His pictures include scenes from the Palo Duro Canyon, the Canadian River, Old Tas-

cosa, Headquarters of the JJ's near Claude, Ragtown at Mo-beetie.

Mr. Mead is the fifth artist to do illustrations for the "Texas" Souvenir Program. The book each year has pictured the west through the eyes of a different artist, and the programs are becoming collectors' items.

"Texas" is a musical drama by Paul Green which plays this year from June 26 through Aug. 31, nightly except Sundays, in the Palo Duro Canyon State Park. It is one of Paul Green's great historical shows told in dance and song, drama and sound and light. For tickets and further information write to "Texas," P.O. Box 268, Canyon, Texas 79015 or call 806-655-2182.

Dickie Johnson Attends Baylor Music Camp

WACO.—Dickie Johnson, son of Mr. and Mrs. O. V. Johnson of 1610 Corsicana, has returned from the 13th annual Baylor University Summer Music Camp held last week on the Baylor campus in Waco.

The 14-year-old freshman at Wellington High School, where he plays in the school band, also played in the camp band. The band was under the direction of Gene C. Smith, director of Baylor bands.

The young Wellington musician was among 180 students from Texas, Arkansas and Kansas who took part in the week-long camp.

Depending upon his area of study, each musician attended workshops and classes in orchestra, band, choir, theory and composition and piano, organ and harp.

During the camp, which is open to students who have completed at least the ninth grade, campers were featured in nightly concerts.

Instructors for the camp were members of the Baylor School of Music faculty.

LITTLE LONGEVITY

Shortest recorded reign by a nation's ruler was that of Dauphin Louis Antoine, Louis XIX of France, which lasted for 15 minutes.

Reassigned in Germany

Crosby Graduates at Army Staff College

FT. LEAVENWORTH, Kan.—Army Lieutenant Colonel James C. Crosby, son of Howard E. Crosby, 1612 El Paso, Wellington, recently was graduated from the U. S. Army Command and General Staff College at Ft. Leavenworth, Kan.

The Army's Chief of Staff, General William C. Westmoreland, was the guest speaker for the class of 1,341 students, which included officers from the Army, Navy, Marine Corps, Air Force, and 50 allied nations.

During the 10-month regular course, students are primarily prepared for duty with the Army in the field in time of war, with emphasis on the art of command. They also are trained to perform equally well in conducting research, formulating military doctrine, and promoting the highest standards of professional military competence.

Lt. Col. Crosby is scheduled for reassignment in Germany. He received his B.S. degree in 1956 from West Texas State University, Canyon.

Lt. Col. Crosby, his wife, Joan and their three children, Linda, Cheryl and Teresa, are

DANCING THE HISTORY OF TEXAS

These are among the dancers who sweep across the stage of the musical drama, "Texas" to reach into the past, revealing the struggles and the

strengths of the Panhandle in the 1880's. As this season opens, more than a quarter of a million people from throughout the world had seen "Texas"

Two on WT Honor Roll

CANYON.—Karen L. Sweat and David L. Groves, Wellington sophomores, made the second semester Honor Roll at West Texas State University.

Attainment on the Honor Roll requires at least a 2.5 grade point average on a 3.0 basis for a minimum of 15 semester hours carried.

Mrs. Sweat, daughter of Mr. and Mrs. James L. Richardson and wife of Gene Sweat, maintained a 2.6 average as an elementary education major.

Groves, son of Mr. and Mrs. Claude Groves had a 2.5 average as a music major.

Quail Students Cited at CJC

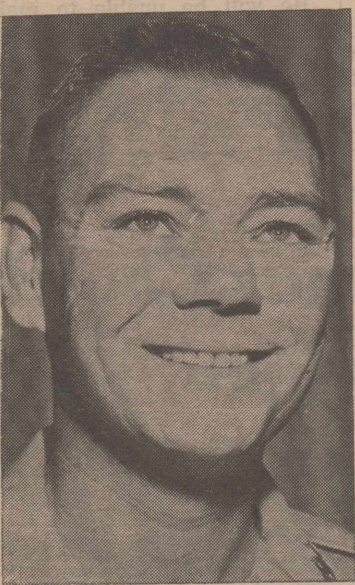

Four Quail students were honored at the Awards Day ceremony held by Clarendon Junior College.

Paula Langley Carson and her twin sister, Pam Langley, were chosen by the faculty as outstanding students in CBTD, the concentrated business course.

Carey Don Neeley was named outstanding student in chemistry.

Benny Carson received a certificate from Phi Theta Kappa honorary organization based on scholastic achievement.

Balboa discovered the Pacific Ocean Sept. 29, 1513.

Lt. Col. James Crosby

now visiting his family in Wellington, and with her parents, Mr. and Mrs. E. D. Hill of Childress.

He will report for duty at Weizburg, Germany, on July 11. This is his second tour of duty in Germany and only 80 miles from where the family lived before.

The Pastor and Members of THE CHURCH OF THE NAZARENE

What Is The Problem?

BY GAYLORD COOK

"Righteousness exalteth a nation: but sin is a reproach to any people." So declares the wise man in Proverbs 14:34. Ancient Israel had the continued blessings of God while they served Him, but became captives everytime they turned from God.

Our nation is in trouble today! We must face that fact. The basic factor behind this is the lack of putting God first in our lives. Less than 35% of the citizens of this community attend any Bible Study on the Lord's day. Not more than 50% even make a pretense of being active in serving God. What can we expect the harvest to be when we sow in this manner? For the answer read Galatians 6:7, 8.

If you have personal problems, it may well be that they arise from the same cause. Have you considered turning to God for an answer to your problems? He is the answer. We urge you to turn to God's Word, study it diligently and obey it faithfully. We shall be happy to have you come and study the Bible with us each week. It does provide the answer!

Mrs. Annie Poteet

Mrs. Annie Mae Poteet, 89, died at 9:45 a.m. Saturday, June 20, in a Shamrock Hospital. She lived in Wellington from 1922 to 1965, when she moved to Shamrock.

She was born in Missouri Oct. 4, 1880 and lived at Alvord until coming here, following the death of her husband, John Hammack.

She was married to G. W. Poteet in 1924. He preceded her in death in 1944.

Funeral services were conducted at 3:00 p.m. Sunday at First Baptist Church in Wellington. Bill Lewis of the 11th Street Baptist Church in Shamrock, officiated. Burial was in the family plot in Fairview Cemetery under the direction of Richardson Funeral Home of Shamrock.

Pallbearers were Johnny Bennett and Johnny Burrell of Shamrock; Al Hartsfield of Lubbock; James O. Miller of Memphis; Charles A. Hester of Canyon; Bill Tarter, Clarence Littleton and Bill Langford.

Survivors include two sons and two daughters: Robert T. (Bob) Hammack of Shamrock, Freddy Poteet of Lubbock, Mrs. Jack Scruggs of Houston, and Mrs. Julian Britt of El Paso; a sister, Mrs. John Bennett of Shamrock; six grandchildren and 10 great-grandchildren.

Patsy Tompkins

Here on Leave

Sp/4 Patsy Tompkins, accompanied by a friend, Sp/5 Jo Ann Will, both stationed in Washington, D. C., with the Women's Army Corps, left recently after visiting her parents, Mr. and Mrs. Earl Tompkins, Miss Marie Berryman and with friends.

Miss Tompkins is an x-ray technician at Walter Reed Hospital in Washington.

A registered x-ray technician before she entered service a year ago, she worked at White Settlement Hospital in Fort Worth.

Two years remain on her enlistment, and during that time she plans to continue study in her field.

Miss Will is from Maryland, and this is her first visit to the Southwest. Mr. Tompkins took the girls fishing at Medicine Park, and she saw her first buffalo and Longhorn cattle. They also visited in Amarillo and at Palo Duro Canyon.

Wellington Leader

Published every Thursday at 913 West Ave., Wellington, Tex. Entered as second class mail Aug. 25, 1909 at the post office at Wellington, Tex., under Act of March 3, 1879. H. DESKINS WELLS, Editor and Publisher. Subscription rates: \$4.00 a year inside of trade territory; \$5.00 a year outside of trade territory.

This May Be of Interest To You

To those few friends who supported me all the way through as I tried to serve as city manager of Wellington, I want to make a statement of facts concerning the operation of the City of Wellington as I believe I owe it to these Friends.

Most of the facts set forth on this page are either documented or I have witnesses to prove the same. During the four years I served as city manager, approximately \$100,000 was spent above normal expenditures for such improvements as the paved airstrip at the Airpark, repaving all of the asphalt streets of the city, purchasing a new fire truck, buying a farm for waterrights, new fogging machine, tractor, backhoe, water tower repair, motorgrader, dump truck, pickup, water right from Tom Berry, drilling two new wells, installing new 500 gallon pump at pump house, etc.

At the time I resigned there was close to \$90,00 in the bank. Recently there was an increase in the water rates put on the people and in announcing the reasons, it was implied that the farm had to be paid for. As a matter of fact this farm was paid for in full before I left as city manager and I helped rent it for two years.

On September 30, 1969, five men employed by the City of Wellington, operating two dump trucks and one loader, worked all afternoon on private property and this happened not far from the back door of my shop and if anybody wants to know I will show them where it happened. A few days later two similar jobs were done with the city employees and city machinery. The last time I checked, 3 months ago, this work had never been billed out to anyone. This amount of work would have amounted to at least \$100. I know of other so called goodwill or free work; but I have no witnesses. Do you suppose this kind of operating might help create a need for increased rates?

Now as to water resources: In the March 20 issue of The Wellington Leader, the people were told that they had a flowing well at the waterworks. **THE FACT IS THAT THIS WATER SHOWN FLOWING IN THE PICTURE WAS**

COMING FROM THE REDWOOD STORAGE TANK DUE TO THE FACT THE CHECK VALVE WAS NOT HOLDING. How long it flowed is anyones guess and I carried witnesses to look and will be glad to furnish their names to anyone interested.

For the four years I served as city manager, not one time were the people asked to conserve water even during the time we had the stand dry for repairs. You were told last week that more water was being pumped than at any other time in the history of Wellington. I would like to know how they are pumping more water than I did when they have one less transfer pump in operation. Since the master meter, which records all water pumped to town, has not been in the pump house for six months or more, how does anyone know the amount of water that is being pumped. I hear that the master meter is out for repairs.

I am told that one well was let go until part of the pump fell in the well. A man said he fished for it and could not get it out. This well is still out of service even though it has been a month or more since it broke down.

During the curtailment of water in the summer of 1969, one of those nights when the restrictions were on such as no washing cars and no watering lawns on certain days, the ground reservoir just north of Warrick's Feed Store started overflowing and was allowed to overflow all night apparently. I have witnesses to this fact also. Also during that time in 1969 there were leaks, some of them big leaks, that were allowed to go unrepaired. One of these was in the alley back of Possum Lowry's home and another was on 9th street at the fireplug at the corner of the location of the old Duncan Laundry. At this writing the one at the fireplug is still leaking. And on June 18, 1970, the first night after water restrictions were imposed this year the **GROUND RESEVOIR NORTH OF WARRICK'S FEED STORE WAS OVERFLOWING AGAIN.** Early in the morning of Sunday, June 21, the ground reservoir was overflowing again and I have witnesses to prove the fact.

It is my opinion that there would be no water shortage this early in the season if the present system were managed right.

As to the general operation of the city: During my four years as city manager I was needed for such things as the city making too much money and having too much money in the bank — even at the **OLD WATER RATES** and taxes. The deplorable condition of Ellison park was mentioned as to the state of repair of rides and other facilities; but has any one looked at the park lately. It does not appear to have been watered during this entire year.

I was also needed for the few times the flag did not fly on the city building. Since I left as city manager there was a whole year that the flag did not fly. It is no great chore to raise the flag on the top of the building. Further, the clock on the building does not work and the lights at the airpark do not burn.

During my four years as city manager the streets were swept on a fairly regular schedule especially the square and the main business streets. Now the only street sweeping that is done regularly is on 15th street, East Avenue, which includes the east side of the square and 8th street and that is done by the Texas Highway Department.

I am not trying to take credit for the improvements and the economy in the four years I worked as city manager as it was the cooperation of the administration that made it possible. As a matter of fact, Hiram Cudd acted as city judge during his tenure of office and that alone saved the city about \$6,000. In his absence some council member served in that capacity. They did not and could not receive pay—thus the saving.

In closing I wish to thank the friends who stood by me. It is for their benefit and their information as well as what I consider the good of the city as a whole that I am having this information published.

Signed:

Wm. Barjenbruch

June 6 Wedding at Memphis Unites Rhonda Davis and Darrell Colson

Wedding vows were spoken by Miss Rhonda Diane Davis and Lonnie Darrell Colson on Saturday evening, June 6, in First Baptist Church, Memphis. Officiating at the seven o'clock ceremony was Minister Tom Anderson, director of the Christian Student Center of Southwestern State College, Weatherford, Okla.

Parents of the couple are Mr. and Mrs. Don Davis of Memphis, formerly of Wellington, and Mr. and Mrs. W. E. (Jack) Colson of Route 6, Wellington.

Church decorations were an arch covered in maidenhair fern and blue, green, yellow and coral daisies. On each side were candelabras, entwined with foliage and daisies, holding white cathedral tapers. The aisles were marked with the flowers in four colors.

Escorted to the altar by her father, the bride wore a floor-

length gown of organza over bridal taffeta. It was designed with an empire waist, high crown collar and bishop sleeves trimmed with peau d'ange lace and pearls. The scalloped train was attached at the waist and her shoulder veil, banded in lace, was attached to a dainty headpiece of flowers. She carried a bouquet of white butterfly roses and elegance carnations, centered with a white orchid on a lace-covered Bible. Lilies of the Valley were tied in the white streamers.

Miss Sue McCravey of Memphis was the maid of honor, while Mrs. Jerry Anderson of Garland was the bridesmaid, and the junior bridesmaid was Marita Colson of Lubbock, niece of the bridegroom.

They wore floor-length frocks of mira mist over satin in pastel shades of blue and green. Identical in design, they had bishop sleeves and crown collars, while lace trimmed the neck and empire waistline. Ribbon streamers fell to the hem. Their hats were of white lace and they carried daisies in colors to match their dresses.

David Douthit of Memphis was the best man and groomsmen were brothers of the bridegroom, Ronnie Colson of Mesquite and James Colson of Lubbock. Guests were seated by Randy Davis, brother of the bride, Gaylon Clark and Bobby Beavers of Memphis and Don Proffitt of Estelline.

Candles were lighted by Billy Jack Colson of Lubbock and RonnieDe Wayne Colson of Mesquite. Tina Colson, also of Mesquite, was the flower girl and Bill Rogers of Memphis the ring bearer.

After the ceremony, Mr. and Mrs. Davis were hosts at a reception in the fellowship hall of the church.

The bride's table was covered with a white tiered lace cloth, centered with the wedding cake.

Guests were served by Miss Irene Foxhall, Miss Susan Goodnight and Miss Anita Taylor, all of Memphis. Other members of the house party included Mrs. Billy J. Mullins of Turkey, Mrs. Gene Joutette of Estelline, Mrs. Wanda Coldiron of Memphis and Mrs. Bud Teas of Euless.

Miss Debbie Yarbrough was at the bride's register. Since returning from their wedding trip to Red River, Raton, and other points in New Mexico, the couple is at home at Route 1, Canyon.

The bride was graduated from Memphis High School this spring and will attend West Texas State University. A graduate of Quail High School, the bridegroom attended Clarendon College two years and will continue his studies at West Texas State University, with his major field of study in accounting. He is also employed by Hallmark Builders in Canyon.

Who's New in the Wellington Area

Sgt. and Mrs. Roger Norman Black are the parents of a son, Roger Glenn, born in St. Joseph's Hospital June 19. He weighed eight pounds and ten ounces. Sgt. Black is stationed in Bamberg, Germany. Mr. and Mrs. Elmer Black are the paternal grandparents.

Pamala Langley, Carey Don Neeley Plan Late July Wedding at Quail

Mr. and Mrs. Loyd Langley of Quail announce the engagement of their daughter, Pamala Colleen, to Cary Don Neeley, the son of Mr. and Mrs. Lonnie Neeley, also of Quail.

The couple will be married July 24 at four o'clock in the afternoon, in Quail Baptist Church.

Both Miss Langley and Mr. Neeley were graduated from Quail High School.

She attended Clarendon College one year, where she took the CCTE course in business.

Her fiancé finished two years at Clarendon College and will enroll in West Texas State University, Canyon, this fall, as a junior with a physical education major and a minor in chemistry.

Pamala Langley

Janis Gosnell, Wendell Williams Mary in Home Ceremony on Friday

Miss Janis Lee Gosnell and Wendell Walter Williams were married in the home of her parents, Mr. and Mrs. Robert Gosnell of Quail on Friday, June 19. The Rev. Glen Williams of the Primitive Baptist Church, Muleshoe, performed the ceremony at six in the evening.

The parents of the bridegroom are Mr. and Mrs. Conrad Williams of Goodland.

Background for the ceremony was an arch of foliage and white gladioli, with a basket of gladioli in front. Seven-branched candelabras were at the sides.

Given in marriage by her father, the bride wore a street-length white lace dress, designed with a long-line bodice and scalloped hem. It was finished with a high princess neckline and long sleeves with ruffled cuffs, while rhinestone buttons were down the side. Her shoulder length veil was attached to a tiara trimmed with rhinestones and pearls.

She carried a bouquet of white roses and stephanotis, tied with bridal streamers.

Miss Judy Gosnell, sister of the bride, was maid of honor. Her blue dacron and cotton

dress was made with a long waistline and A line skirt. Lace ruffles finished the high neck and long sleeves. She wore a white horsehair braid picture hat and her flowers were a bouquet of blue carnations.

Carter Williams of Lubbock, brother of the bridegroom, was the best man.

After the ceremony, Mr. and Mrs. Gosnell were hosts at a reception to honor the couple.

The bride's table was laid with a lace cloth over blue and appointed in crystal. The centerpiece was the bride's bouquet with candles in crystal holders at the sides.

Miss Karen Gosnell and Miss Judy Gosnell, the bride's sisters, served the guests.

The bride was graduated from Quail High School and the bridegroom from Three-Way High School, both as honor students. He also was a member of state track, basketball and football teams.

The couple will be sophomores in Texas Tech University this fall and he is also attending the summer session. They are now at home in Lubbock.

Visiting in the home of Mr. and Mrs. J. J. Burns for the past two weeks has been his brother, S. L. Burns of Stockton, Calif. Mr. and Mrs. Burns are returning home with him for a visit.

Many Taxpayers Get Refunds

A record number of North Texas taxpayers received an income tax refund upon filing their 1969 income tax return. Most taxpayers are required to file an income tax return between Jan. 1 and April 15.

Although all the returns have not been processed and all the refunds have not been issued for the 1969 tax year, 1,095,428 refunds checks amounting to \$223,454,916.33 have been issued to North Texas Taxpayers.

This record number and amount of refunds were mailed out after processing 1,554,614 returns. Thousands of taxpayers whose returns have not been processed for various reasons will still receive a refund.

However these taxpayers will have to wait until the problems concerning their returns have been solved between them and IRS.

Screwworm Alert Should Be Stronger

It's true only two cases of screwworms have been confirmed in the Southwest until now, but officials of the eradication program warn that fertile flies are moving northward in Mexico.

Stockmen are urged to keep a closer watch on all animal wounds and when worms are found to collect a sample and submit it to the Mission Lab for positive identification. Real trouble could come, say the officials, if a few cases should go undetected for any length of time.

Group Tours 7 Western States, Visits Former Area Residents

Mrs. Lottie Handley, along with her son and family, Mr. and Mrs. Ted Brock, Joe, Jackie and Janet of Portales, N.M., returned Saturday, June 20, from a trip through seven western states, and visits with a number of relatives, all but one of whom are former Collingsworth County residents.

Their first stop was at the Painted Desert in Arizona, and from there they drove through the Petrified Forest, with stops for sightseeing.

After leaving Arizona, they visited Mrs. Handley's brother, Mr. and Mrs. Jim Keese, and a niece, Mr. and Mrs. Jack Baldock of Victorville, Calif. At San Pedro they were guests of Mr. and Mrs. Larry Kleinkauf and their family, another niece of Mrs. Handley. The Keesees and their daughters lived at Shinnery.

They next enjoyed Disneyland.

Port Hueneme Navy Base near Oxnard held many memories for Mr. and Mrs. Brock, for he was stationed there two years, 24 years ago. The three children saw where their parents lived at Oxnard.

Leaving the cool coast, their next stop was in Bakersfield, where they visited several days with Mr. and Mrs. J. O. Brock and Mr. and Mrs. Bill Brock, brothers who formerly lived at Shinnery, and the latter's son, Dr. and Mrs. Kenneth Jack Brock of San Jose, Calif. Dr. Brock, who was born at Pampa, received his Ph.D. degree at Stanford University this spring and has accepted a position with the University of Indiana.

Farther north, in San Joaquin Valley, the group visited Mrs. Handley's sister, Mr. and Mrs. Addie Bynum and their family in Livingston, also former Collingsworth residents.

The Brock family went on to Yosemite National Park, while Mrs. Brock spent more time with her sister, who has been in ill health with a heart condition.

The Brock family also visited

her aunt, Mr. and Mrs. Wayne Patchell and family at Madera. They lived at Quail before going to California.

On their return trip, the travelers stopped at Lake Tahoe, where the Winter Olympics were held eight years ago, at Carson City, and at Virginia City, the famous pioneer mining town where so many motion pictures are made. In Utah they stopped at the Bonneville Salt Flats and saw its famous speedway; and at Salt Lake City they toured the Mormon Tabernacle and the city itself.

At Glenwood Springs, Colo., they visited the Paul Guthries, who earlier this month moved from Wellington.

The Guthries sent this word: "Tell everyone in Wellington hello!"

Next night they were at Aspen, Colo., and enjoyed snow on Independence Pass. They continued southeasterly across the state and down the San Luis Valley to Santa Fe, N.M.

They reached the Brocks' home at Portales. They, too, left Wellington only a few years ago. He is with the Roosevelt Electric Co-op and she is employed by the Portales School Business Office.

More Texas Birds Protected

Recent state legislation gave protection to 11 additional Texas bird species which formerly were unprotected. They are buzzards (or vultures), ricebirds, roadrunners (chaparral), goshawks, Cooper's hawk, jays, sharp-shinned hawk, sapsuckers, woodpeckers, shrikes and great horned owls.

All native North American species of hawks and falcons are protected and may be taken and possessed under permit only. Permits are restricted to operations of governmentally operated zoos, scientific study, by graduate students majoring in the wildlife field and for propagation purposes.

Other Editors Say . . .

Jobs For Teens

It is generally believed that teen-agers get into mischief because they have too much time on their hands, largely due to our work laws and high minimum wage which has been set above their worth.

Steps should be taken to correct this, and a move in that direction may be forthcoming.

A government survey reveals that separate minimum wage for teenagers (substantially lower than the adult rate) would bring more jobs for youth. Teen-age unemployment in the past 20 years has ranged from 7.6 per cent to 17.2 per cent, while the adult rate ran from 2.3 to 5.6 per cent.

Employers now reluctant to hire 16 and 17-year-olds, particularly those located outside the large urban centers, indicated they would seek young workers if there was a sizeable differential in the minimum rate.

Information from abroad points to the conclusion that low wages for youth are an inducement to employers to hire them. Youths start work at about one-third the adult rate in the United Kingdom, the Netherlands and Japan. And, strangely enough, the varying wage levels generally are set by union contracts rather than by law. Also, in Western Europe especially there are extensive apprenticeship programs bringing children into the labor force earlier than is customary in the U. S.

We are looking for ways to cut down crime; this one should not be overlooked.

—The Wellington Enterprise, Wellington, Ohio

Call it 'Dope'

By whatever name narcotics go, including affectionate nicknames like "pot," they are a form of dope. In past years dope was a dirty word—a four-letter word, as the saying goes—when applied to narcotics. A dope field was a pitiable object. Few people ever had occasion to know one.

Nowadays "the kids" apparently regard taking dope as a civil right. One of the reasons may be lack of understanding of an evil habit due to all the fancy names. We favor calling these things what they are: dope.

Another dictionary meaning of dope is "a very stupid person." It figures.

—Charleston (S. C.) News and Courier

Birthday Greetings

Happy birthday—you're under arrest. Or words to that effect. Anyhow that's how Russian officialdom celebrated the happy event of Vladimir Lenin's centennial: Arresting and jailing dissenters.

The Red Chinese meanwhile celebrated their Lenin holiday by attacking Soviet Party Chief Leonid I. Brezhnev as a new Hitler who practices racism, conducts a Nazi-type state, and throws real Red revolutionaries into mental hospitals.

The Russians responded with the observation that Mao is a cruel selfish leader lustful for power—a man who abandoned his first wife to be shot by the Nationalist Chinese, cheated on his second wife and probably had his son Mao An-Ying knocked in Korea back in the 1950s.

Many happy returns, Comrads!

—The Dallas Morning News

CREATIVE PEOPLE can be artistic about anything. This Swiss farmer took 16 hours to pile five cords of wood decoratively, topping it all off with a flag.

SO WHO'S AFRAID? Well, one of these girls apparently lost her courage on the way down the 50-foot-high, 195-foot-long "superslide" in California.

AUSTIN.—A massive emigration from the state capitol, followed by a major overhaul and interior remodeling of the historic building, is about to get under way.

Unfortunately, the big reshuffle will take place at the peak of the tourist season, so visitors may be dodging carpenters, painters and movers for a while.

Soon after July 1, the new \$6.6 million State Finance Building will be ready for occupancy. Employees of the State Treasurer and Comptroller will move immediately from their capitol quarters into the state's largest office facility.

As the finance departments vacate their space in the capitol, remodeling contractors will move in to re-do their quarters.

Between late July and next January when the Legislature convenes, office space for all 150 state representatives, enlarged quarters for many state senators and new committee rooms hopefully will have been built into the vacated space.

A \$1.5 million appropriation

was set aside by the Legislature last year for the renovation and a new elevator already is being drilled through the northern end of the capitol.

A painting contractor also is at work on the Senate chamber (a \$32,850 face-lifting job) and approximately \$40,000 more will be spent on 1,200 yards of new green carpet for the senators' floor.

A model committee room is among the Senate's plans. It will include a raised dais for members, individual microphones and theatre seating. Senators expect to gain two or three other committee rooms.

Those who will stay in the capitol aren't too happy about the branch postoffice moving to the new finance building, but they are assured removal of a lot of temporary, makeshift structures in hallways will restore much of the old building's basic architecture and dignity.

Penal Laws Revised

Texas' 1856 "frontier" penal code is being rewritten by a State Bar Committee for submission to the Legislature.

Major overhaul would eliminate duplicate articles covering the same crime, and overlaps.

Proposals further seek to weed out so-called "unenforceable" laws including those against sexual acts between consenting adults. A strong new paternity law is recommended to identify fathers of illegitimate children and make them responsible for financial support.

Bar's draft would leave sentencing of convicted persons to judges instead of juries except in cases where the death penalty is involved.

But it would permit judges to refuse to impose the death penalty though assessed by jurors.

Instead of general sentences for crimes, the revision would substitute four degrees of felony and three of misdemeanor, leaving prison terms to be fixed according to the specific nature of the offense and circumstances.

Code redraft also would make corporations criminally liable (as in pollution cases), establish a general trespass article (covering such offenses as college disruption) and define prohibited conduct short of completed crime.

University of Texas Law School Dean Page Keeton said the code, if adopted, would be the "best in the nation."

Park Bought

State closed its deal to buy the 1,781-acre Maco Stewart Ranch on Galveston Island for a seashore park, paying \$890,875 (half to be reimbursed by the federal government).

Actually, Maco Stewart, Jr. willed the land to the state in 1950 pending continued use by his heirs for their lifetimes. Parks and Wildlife Commission agreed to pay three heirs \$500 an acre so full title could be obtained immediately.

First development will be on the Gulf beach side, although no date has been set for opening. Galveston County clerk's office will conduct the purchasing details.

Courts Speak

U.S. Supreme Court has held in a Maryland case that voting in state and local elections cannot be denied persons living on federal installations. Secretary of State Martin Dies Jr.'s office says the ruling will affect

CROSSROADS REPORT

I see where a South Texas bank president type took his shotgun to a couple of young men as they left his bank with two sacksful of its negotiable assets.

But his aim was poor and the two post-lads wound up in bad shape in a hospital and if they pass on, this brutal banker may learn how it feels to be a soldier in Vietnam who gets caught shooting up an enemy hangout.

But if they live they can sue him and probably get a court judgment for a couple of million because he overreacted with live ammunition to a peaceful demonstration in favor of wealth equality.

D. E. SCOTT.

fect some areas of Texas.

Atty. Gen. Crawford C. Martin plans to appeal the decision of U.S. District Judge Reynaldo Garza in Brownsville, taking jurisdiction of Platoro Ltd.'s case demanding the state return the treasure it recovered from an ancient Padre Island shipwreck. Garza accepted the suit as a salvage case.

Federal jury in Abilene found that the Abilene School Board did not act arbitrarily in giving unexcused absences to 300 Mexican-American pupils who boycotted classes for 10 days last fall.

Lease Sale Set

Second oil and gas and sulphur lease sale of 1970 will be held here at 10 a.m. Aug. 4. Land Commissioner Jerry Sadler announced.

Two hundred and four tracts will be offered in the Gulf of Mexico, sixty-four in uplands and riverbeds.

Twelve sulphur tracts are located in far West Texas. Minimum bonus is \$25 an acre (\$20 for uplands and river beds), delay rental \$4 a year, royalty of one-sixth and primary term of five years.

Nursing Home Rules

Public Welfare Department sent 800 to 900 nursing homes regulations implementing new rates they can collect from the state and federal government and supplements collectible from patients' families.

"Skilled" care homes will get a raise from \$360 to \$381 a month, with no supplement. Intermediate Care III facilities will be cut from \$300 to \$294

and ICF II homes from \$210 to \$198, but the latter two groups can collect family supplements of \$25 a patient.

Welfare Department served notice, however, that it will not serve as a collection agency, and homes cannot deny care to any patient for lack of a supplement. Supplement cannot be collected from patient's assistance checks.

Safety Device Required

Railroad Commission ordered all flowing wells in bays, estuaries, lakes, rivers or streams to be equipped with "storm chokes" or similar equipment to prevent pollution spills.

Rule goes into effect Oct. 1 and is aimed at preventing disasters like the Chevron well spill off Louisiana. Commission also adopted a form to be used by oil companies in reporting immediately (by telephone or telegram) all spills of as much as five barrels.

Short Snorts

State Health Department will operate two mobile dentist's offices for poor.

Atty. Gen. Martin has held that school districts must pay tuition fees for pupils sent to another district for training in a 12-grade school system where higher-grade training is not available in the home district.

Alamo State Bank of Pasadena application has been filed with Department of Banking.

Gordon H. Lloyd will retire June 30 after 47 years' service to the state with the Highway Department and as executive secretary of the State Employees Retirement System.

Texas Highway Department reports some \$53.8 million worth of work on U.S. Highway 281 underway, programmed or in advance planning.

Carson on Dean's Roll

Benny Carson of Quail was placed on the Dean's Honor Roll of Clarendon Junior College for the 1969-70 year, Dean Beryl D. Clinton has notified E. P. Haynie, superintendent of the Quail Schools.

Carson earned a grade point average of 2.6 on a 3.0 grade point system, Dean Clinton said.

The son of Mr. and Mrs. Johnny Carson of Marella, he is a graduate of Quail High School.

What's right about America?

Today, the surest means of a book becoming a best seller is for the author to highlight and denounce bitterly the faults of this country. The same can be said of television and the movies, which prefer in these modern days to depict the seamy side of life in America.

But there's hope. As I have moved across this state, I have sensed that our people are growing weary of gloom. It's becoming easier to strike up a conversation on what's right about America.

I always suggest that there are a lot more level heads in this country than we are sometimes led to believe. There are a lot more decent, law-abiding citizens than there are criminals and cheats and sharks. There are a lot more young people in the "now" generation who want to improve America than the handful of radicals who want to burn it to ashes and start all over.

I can understand why the "majority" has broken its "silence." There's a growing impatience with agitation and controversy. But I feel we should continue to approach our nation's problems with a cool head and an open mind. I've listened to the voices of dissent. I think I know what they're asking of their government.

One thing they want is confidence. They want the assurance that their public officials have the courage to meet the issues of the 1970s with imagination and integrity, and not with some form of "old politics" that thrashes around with problems but never quite locates the workable solutions.

It was my desire to answer this urgent need that prompted me in January to seek the office of United States Senator.

Entry Blanks in Each Carton of Coke

Charles Darter Installed as Rotary Club President Thursday

Charles Darter, Wellington attorney, was installed as president of the Rotary Club Thursday evening, June 18, to begin the new club year.

Judge Charles Reynolds of Childress, District Governor of Rotary International, was the installing officer.

Coincidentally, the father of the new president, Clarence L. Darter, is the incoming president of the Childress Rotary Club. He and his wife were guests of honor at the installation here.

Charles Darter succeeds Lynn Jenkins, who completed an unexpired term as president of the Wellington club.

County Judge Zook Thomas was installed as vice president and Tommy Thomas began his second term as secretary-treasurer.

Directors installed for the coming year were Mr. Jenkins, Sandy Parsons, Harold Gattis, Billy Moseley, Clyde Drake and Jack Sanford.

"As president, you guide an autonomous club," Judge Reynolds told Mr. Darter. "This is the highest power, the highest honor this club can grant."

The district governor reminded that he knows the Wellington club well.

"This is a good club, it is a friendly club, and although you say you would like to have more members, it is a progressive club."

Mr. Jenkins reviewed the work of the last year. Highlights include resumption of the \$300 Rotary Scholarship to Clarendon Junior College, awarded this year to Barbara Vines.

The bumper sticker slogan, "Wellington— Little Town, Big People" was chosen by contest and a campaign promoted for the sticker sale.

Promotion of anti-communism through films and taped recordings was another activity, and here the retiring president urged Rotarians to give attention to the affairs of the world, the nation, and the state.

His final request to the club was for continued encouragement to the students and faculty of Clarendon Junior College, an institution which stands for the American Way of Life.

Committees Named

The president, as the first official act of his new term, announced committee chairmen who will head work during the year.

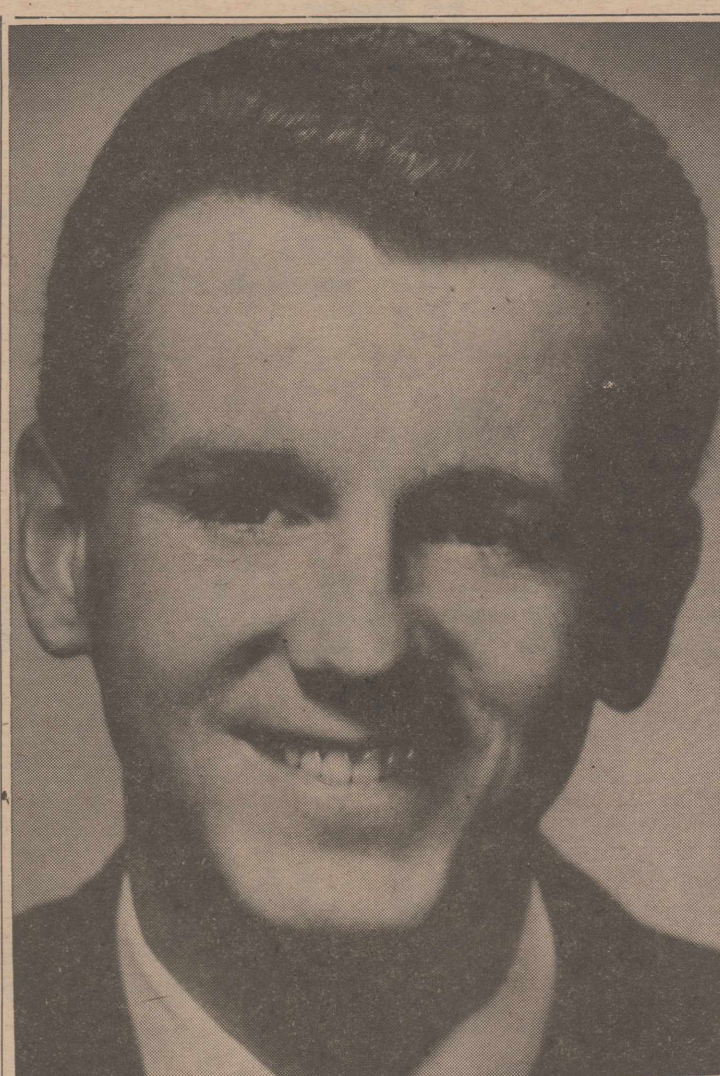

Rotary is divided into four services, with a director heading each, and it is under these that the working committees are grouped.

Sandy Parsons is Club Service director. Committee chairmen are: Attendance, Father Patrick Burke; classification and membership development, Robert Lewis; club bulletin, Paul Bell;

Also, Rotary magazine, Howard Holton; fellowship, Roy Horn; programs, Judge Zook Thomas; Rotary information and public relations, Milford Harris; pianist, King Bowen; and song leader, Jack Neeley.

Community Service is headed by director Harold Gattis. Committees in this category are:

Community service, Minister

Bob Ralston

Marvin Garrison, student guests, youth and scholarship, Mr. Bowen; rural-urban, Don Settle.

Heading vocational service is director Clyde Drake.

His committees are employer-employee relations, J. B. Ohey; and the Four-Way Text, Jack Sanford, also a director.

International Service head is director Billy Moseley. Heading the committee pertaining to the international aspects of Rotary is another club director, Lynn Jenkins.

Brown Home on Leave With Unit Citation

Sgt. Keith Brown is now on leave after a year in Vietnam, where his unit, the 5th Division, 2nd Artillery, received the Presidential Unit Citation of Achievement.

He has been visiting his parents, Mr. and Mrs. Millard Brown, Jr., since June 6. His next assignment will be at Ft. Bliss, where he was also stationed for his basic training.

Sgt. Brown served at Cu Chi, northwest of Saigon, as squad leader on a duster, a type of tank used in combat.

He has 22 months remaining on his four-year enlistment.

Vietnam was his second overseas assignment, as he was in Germany from September 1968 to June 1969.

Cotton is non-irritating.

First National in Childress Sets Opening

The First National Bank in Childress has announced an open house to show its new banking facilities on Friday, July 3, from 6:00 to 9:00 p.m.

The bank is presenting at this time Bob Ralston, featured organist of the Lawrence Welk Show, and is inviting its neighbors and friends of Wellington and Collingsworth County to hear him and see its new home.

A onetime child prodigy, Mr. Ralston was an adept classical pianist at age seven and at ten earned his first professional fees as organist for weddings and funerals. At the same time he doubled in brass as trombonist for a Salvation Army Band.

His experience in sacred music includes terms as organist for Baptist, Christian, Congregational and Methodist churches, as well as frequent guest engagements at churches of all denominations.

Ralston holds a Bachelor of Music degree from the University of Southern California and received a scholarship to study in Europe.

His professional career zoomed when he joined the famous Freddy Martin orchestra at age 21. At the same time he was doing recording dates with many other artists, one of whom was Lawrence Welk. Welk was so impressed with the brilliant technique and heartfelt interpretations of this talented young man that he invited him to be a guest on his show, and then to become a permanent member.

Mrs. Birchfield Recovering from Eye Surgery

Mrs. Joe Birchfield, Jr., who underwent eye surgery in Amarillo on May 11, is now convalescing at the home of her daughter, Mrs. Billy Joe Patterson.

She is doing fairly well, Mrs. Patterson said, and will return to her home here soon.

Trinity Church Services Listed

New hours of services for Trinity United Methodist Church were announced by Mrs. John Gollighugh, one of the members. Sunday preaching services will be at 9:30 a.m. and Sunday School at 10:30.

In the evening Bible Study will be at 7:00 and preaching at 8:00.

These changes became necessary when Trinity Church became an extended ministry with the Rev. C. R. Hankins of Dozier Methodist Church as pastor.

Midweek services at Trinity Church include Wesleyan Guild and Methodist Men on the second and fourth Wednesdays at 8:00 p.m.; prayer meeting the first and third Wednesdays at 8:00 and MYF each Wednesday at 8:00.

OLDEN RUINS

The ruins of the pre-Inca city of Chan Chan are situated about 300 miles north of Lima, Peru.

Financial Facts

By Jeff Wilson

MONEY YOU'LL NEVER SEE

Do you anxiously look for errors in any paper money you get?

If you do, you're almost certainly wasting your time. Although error and freak notes and bills are extremely valuable to collectors, the chance of your finding one in circulation is negligible.

The Bureau of Engraving and Printing will occasionally make an error in printing a bill, but it'll probably never get past their strict inspection.

In case you're wondering about any mistakes that may have gotten through inspection and are now in collections, here are a few of the types:

Some bills have been printed without the seal or the seal only partly showing. Serial numbers have been missing, incomplete or different on the same notes. Seals have been printed upside down and different denominations have appeared on the same note.

BIBLE SCHOOLS IN ACTION

Vacation Bible School includes a number of things—fun, crafts, and most important, Bible study. A lively children's game entertains girls at the School of Religion at Our Mother of Mercy Catholic Church (upper left). Crafts are traditional, and these burlap Peace banners were made by girls at First Methodist Church, to

hang for a time in the hall of the education building (upper right). Bible study engages the group at center right, during the Bible school of the Church of Christ. Then as Vacation School of First Baptist Church ends (below) these youngsters and their teachers start for their picnic at Ellison Park, carrying sack lunches.

Garrison Heads Church Camp at Lugert

Marvin Garrison, minister of First Christian Church, is serving as director of the Wichita Mountains Christian Service Camp at Lugert for its two-weeks summer session.

Camp opened Monday, June 15, and will continue through Saturday, June 27.

One Wellington girl, Stacey Neeley, attended the junior camp which ended Saturday, June 20.

The camp for high school students is under way this week.

A group from the Wellington church visited the camp Wednesday evening, June 17, including Mr. and Mrs. Sandy Parsons, Mr. and Mrs. Tommy Thomas, Mr. and Mrs. Bill Lindsey and DeJon, Mrs. Zook Thomas, Bill Haven, and Mrs. Marvin Garrison.

Marriage Licenses

I Saw . . . by Virginia Robey

★ Mrs. Jess Deger had possibly the closest call of any area residents during the Lubbock tornado.

She was attending an art lecture-demonstration by Robert E. Woods, famous California landscapist, which was being held in the First National-Pioneer Building when the tornado struck.

The group of about 50 moved into the halls and closets. No one was injured, but most of the windows were broken out of the building and some of the furniture was blown into the street.

★ Another big blow: Throughout construction on I-40 around Shamrock, Hubert Mauldin of the Highway Department had a field office at the site. That job is completed now, and he moved home on a day when the clouds were booming in that direction. A few hours after he got all his files back in Wellington, someone phoned him the wind had

blown the building over.

★ Peggy Wolf is back from Dallas and one of her regular visits to Wadley Blood Bank. She had what she called a "pretty good report".

"I can't have just plain blood," she explains. It must have special treatment and packed red blood cells. This calls for the Dallas trips. While she's convalescing, Peggy is with her parents, Mr. and Mrs. Lee Scarberry.

★ Before Judge Charles Reynolds takes office as Judge of the 7th Judicial District Court in Amarillo, he and his wife, Marie, will be moving from their big, comfortable home in Childress, to a new one, yet to be chosen, in Amarillo.

In Wellington recently, she discussed this. Hers is a house filled with antiques, collected over a period of years. Among the recent finds is a beautiful old bedroom suite with a bed

that has an 8-foot headboard. Their present house, an older one, is just right. It has 14-foot ceilings. On checking Mrs. Reynolds has learned the standard height in houses now being built is an even 8 feet.

★ Almost everyone has had trouble with the millers these last few weeks, but few as bad as Lucille Wooldridge. Before going to bed one evening, she sprayed the garage, where they were worst, but on returning to the den, she failed to get the door completely closed.

"You'd better get up and look," Lloyd told her very early the next morning. She did—at a den completely black with millers. Using insecticide spray, a broom, shooing them out, and with a fly swatter, she got most of them out in a day.

Robert Junells Visit Mexico

Mrs. Robert Junell of Lubbock visited last week with her parents, Mr. and Mrs. Jones Singley. Within a few days she and her husband are leaving for a short vacation in Mexico City and Acapulco.

Upon their return, they will go to Ft. Benning, Ga., where Lt. Junell will report for active duty with the Army.

ATHLETE'S FOOT HOW TO TREAT IT—

Apply quick-drying T-4-L. Feel it take hold to check itch, burning in MINUTES. In 3 to 5 days, infected skin sloughs off. Watch HEALTHY skin replace it! If not delighted in ONE HOUR, your fee back at any drug counter. NOW at Parsons Drug.

Notes from Your County Home Demonstration Agent

By Mrs. Leta Hill

Juvenile Delinquents

At a recent conference, the Moore County Juvenile Parole office gave these ten ways to produce a juvenile delinquent:

1. Keep your child out of sight and keep them silent.
2. "Hound" them to lie at the top of their class in school. Tell them they have to go to college whether they are college material or not.
3. If you cannot or do not take your children to church, don't bother to send them.
4. Have all of your fights in front of your children.
5. Don't be too interested in your children's friends.
6. Demonstrate your love for your children with material things.
7. Set a bad example so the children will not want to grow up to be like you.
8. Refuse to believe it when you are told your children have done something wrong.
9. Don't be too tough in disciplining your children, for they will hate you for it.
10. Never discuss the facts of life with your child.

Peanuts

Americans eat a half a billion pounds of peanut butter a year and cash in on its economy, nutritional value and versatility.

U.S. Department of Agriculture ranks peanut butter near the top in lists for protein content, food energy, fats necessary to maintain body balance phosphorus, thiamine and niacin.

Texas is the number two peanut producing state. Last year's crop totaled 213,000 tons worth about \$50 million to Texas farmers.

To help consume Texas peanut products, here is a recipe:

New Orleans Peanut-Banana Bread

1/3 cup shortening
2/3 cup sugar
2 eggs
1 cup chopped salted peanuts
1 cup mashed ripe bananas
1 1/4 cup flour
1 teaspoon soda
Cream shortening and sugar. Add unbeaten eggs one at a time and beat thoroughly (one minute, medium speed with electric beater). Add the chopped peanuts. Add the mashed bananas alternately with flour and soda which have been sifted together twice. Mix lightly, being careful not to overbeat. Turn into a greased 8 1/2 x 4 1/2 x 2 1/2 inch loaf pan. Bake (350 degrees F.) an hour and 10 minutes or until done.

What's New

BATHING CHAIR FOR THE INFIRMED. A cleansing soak in a bathtub of suds is relaxing to body and spirit. But very often infirmity due to age or illness makes it necessary to have help. In many cases, this dependency can be avoided by use of an unusual bathtub lift seat, an inflatable "chair" with seat, back and sides, plus a safety strap. Suction cups secure the feather-light bathing aid to the tub bottom for either sit-up or lean-back soaking.

BOATING BLANKET. A wonderfully washable blanket is being made for use on boats and beaches. Tightly woven of 100% Dacron polyester, the "yachting" blanket bounces back from the laundry room for plenty more rough treatment. It is resistant to damage from sun, sand and water. Bunk size, this new blanket is packaged in a zippered carrying case for stowing, or for use as a cushion.

PUSH BUTTON FAUCET. If you are planning to remodel your kitchen or bathroom, consider a new faucet with a push button control panel to mix hot and cold water at the water heater. More than a space age luxury, the new faucet requires only one water supply line to feed your sink or basin—and eliminates the waste of water while you adjust the temperature. New models of the faucet may soon be available for apartments and mobile homes.

You can bring home *more* bacon by helping to make the area where you work a *better* source of bacon

When more "bacon" circulates around in our vicinity, each one of us gets more of it. And we can help substantially to keep increasing amounts of it within our reach...by doing most of our personal business where we live.

We might remember, too, that "bacon" comes in many different forms...as better jobs, better business, better service, higher property values, stronger churches and schools, better fire and police protection, and more neighbors able to help us carry the load of local community expenses.

Deck's DIDACTICS

—By Deskins Wells

Many people believe that 18-year-olds should be allowed to vote. Several states have lowered the voting age to 18 which is the constitutional way in which it should be done. That is one of the reasons the present law will be tested in the courts. The constitutional way of making such a law nationwide at one time would be a constitutional amendment.

While many people believe the 18-year-olds should vote, they have different feelings about other aspects of the bill. One is the no literacy tests and the other is no residence requirements. The requirements for a certain period of residency was originally adopted to keep unscrupulous men from moving voters in to overpower the residents of a community or a region.

Philip R. Cates is having his troubles no farther away than Gray County. The Lefors resident was first declared winner and then loser of the race for the Democratic nomination of the 79th District. He and his opponent Ray Trosper of Higgins may be wasting their time and money for that particular district has been voting Republican for years for representative as well as other offices. Since the able Seibert Worley lost to Malouf Abraham, I have been under the impression that it is nominally a Republican district. Wheeler people might fare better if they were in the same district as Collingsworth. We might do better in a district composed of Collingsworth, Childress, Hall, Donley and Wheeler. And Gray if needed for population.

Getting districts worked out to suit the people living in them has always been a problem. The fact that half the people of Texas live in only seven counties will make the problem increasingly difficult. Rural communities can get hurt in the shuffle.

What has happened to Buffalo Lake is a shame. There have been no game fish in the lake for two years and now the carp and other rough fish are dying. The smell is so bad that campers can't stay on the shore. Preventative measures should be taken now to keep Meredith and Greenbelt from going the same way.

Texas and Arkansas will play their conference game in December instead of the traditional time in November. Money for TV rights is the only reason for changing the date for a second time. It shows the tremendous influence exerted by TV on all sports. A growing number of people believe it is so great that it is dangerous.

Baseball is called the national game still. Actually it is football if interest is any standard. TV has just about killed the interest in professional basketball. The only basketball I continue to find interesting are high school and college.

Truman Estes read my article about horses. He has no use for a single footer or a pacer as a riding horse and certainly not as a cow horse. In their day such horses had their purpose.

Dr. Bryant

—From page one
longed dive, to prevent "bends" or "caisson disease" caused by nitrogen bubbles forming in the bloodstream as a result of a sudden compression.

Such an event would result from a diver becoming injured or unconscious and accidentally bobbing to the surface of the sea.

If this happens, Dr. Bryant's job would be to rescue the diver, and either return him to the undersea habitat, and proceed there with medical assistance, or bring the diver to a decompression chamber and begin medical treatment while simultaneously directing the decompression procedure, from within the chamber.

The Teklite II project is being carried out in remote Lamashur Bay, on sparsely inhabited St. John Island. Dr. Bryant receives his mail 25 miles away, by boat and jeep. In care of Teklite II, Vessup Bay, St. Thomas, V.I., 00801, and is always glad to hear from friends.

Mr. and Mrs. Tom Bryant, Sr., now live in Fort Worth. They and their son are former Wellington residents.

Visiting with Mrs. J. L. Hays, Myra and Larlu, during the last week were Mr. and Mrs. D. R. Biter and Mr. and Mrs. Dennis Umfleet and Dee Ann of Wichita Falls.

Mission Priest Preaches at Catholic Church

The people of Our Mother of Mercy Catholic Church here were treated to a "new father" for Father's Day last Sunday, June 21. Father Pat Burke invited Father R. A. Goedert, O. P., a Dominican missionary to speak to them about the Missions.

Father Goedert arrived in Wellington on Saturday night from Amarillo and offered Mass for the Sisters at St. Joseph's convent on Sunday morning, and later offered the 9 a.m. Mass at the Parish Church.

The Dominican priest served as an Air Force Chaplain for five years, and told the congregation of the work done by Catholic chaplains in Vietnam, Guam, South America and Africa. He also described the missionary work being done by his Order in Nigeria, Bolivia, and Peru. He said the Church has the largest and most far-flung mission fields on earth.

After the Wellington Mass, the two priests drove to Shamrock, where Father Goedert preached, while Father Burke offered the 11 a.m. Mass before an overflow Fathers Day crowd. The Chicago-born missionary left for Amarillo late in the afternoon, en route back to his headquarters in the Windy City.

Many Here for Baird Service

A large group of out of town friends and relatives were here to attend the services for Mrs. Lucile Baird on Tuesday, June 16.

Coming from Amarillo were Mr. and Mrs. Billy Branch and family; Mr. and Mrs. Eli Wolf; Mr. and Mrs. Clyde Lancaster, Linda and Lyndell; Mr. and Mrs. Floyd Francis, Mr. and Mrs. Dewey Linley; Mr. and Mrs. James Underwood and family; Mr. and Mrs. Dewey Sisk; and Mr. and Mrs. Verne Nazworth.

Those from other towns included Mr. and Mrs. Albert Bryant and Mr. and Mrs. Garland Hall and daughter of Odessa; Mr. and Mrs. Vernon Baird of Oklahoma City;

Mrs. Leroy Ayers and daughter and Mrs. Opail Baird of Hobbs, N.M.; Mr. and Mrs. Bobby Baird and son of Hinton, Okla.; Teddy Baird of Tulsa;

Mr. and Mrs. Paul Baird and Gary of Duke, Okla.; Mrs. E. J. Roberts and Hal of Canadian; Mrs. Woodrow Gibbons of Gould, Okla.; Miss Nita Gibbons of Sublette, Kan.;

Mr. and Mrs. Herman Seymour of Cheyenne, Okla.; Mr. and Mrs. Claude Seymour of Vinson; Mrs. Leroy Gromley of Mangum; Mr. and Mrs. Arthur Corbitt and Mr. and Mrs. Dan Corbitt of Dalhart; Neal Corbitt of Tyler;

Mr. and Mrs. Thomas Gibson and Mr. and Mrs. Lee Gibson of Friona; Mr. and Mrs. Ted Bruce of Estelline; Mrs. Glenn McConnell of Pampa;

Mr. and Mrs. Albert Boyett of Clarendon; Mrs. Viola Whitfield Cook of Floydada; Mrs. Beth Ford Epps and Mrs. Elsie Ford West of Childress;

D. H. Pope and Nell Davis of Memphis; Ricky Mills and Francis Stevens of Childress; Mrs. Dee Jolly of Wheeler and Ron Serbies of Wichita Falls.

Sisters Return from Retreat

Sister Mary Rupert and Sister Mary Dominicus of St. Joseph's Hospital have returned from Springfield, Ill., where they attended a retreat at Sacred Heart Convent, Mother House of the Dominican Order. The retreat lasted ten days.

watershed nor of the RC&D see anything incompatible in the two projects.

"We will be most happy to discuss your application as soon as the North Rolling Plains Resource Conservation and Development project plan has been resolved," Mr. Clark wrote Mr. Wheeler.

Girls State

—From page one
Meade Griffin of the Texas Supreme Court administered the oath of office to the various elected state officials of Bluebonnet Girls State Monday, June 22, in the Rotunda of the State Capitol.

The session began June 16 and ends June 28.

Mr. and Mrs. W. A. Gollighugh of Quail and their son, Mr. and Mrs. Evon Gollighugh of Amarillo, visited their daughter and sister, Mr. and Mrs. W. E. Howard and sons of Mo-bee on Monday.

Raymond Horton, Jr.

Horton Awarded BBA Degree

Raymond Davis Horton was awarded a Bachelor of Business Administration degree from West Texas State University at the commencement held in late June.

He is the son of Mr. and Mrs. Raymond Horton of Wellington.

Upon completing his work for the degree at the end of the first semester, Horton went to work for Phillips Petroleum Company in the Denver office.

Since then, he has entered the company's training program at Bartlesville and is now in its second phase. He will complete this and return to Denver on July 27.

His wife, the former Susan Cox, teaches in the Denver schools.

In WTSU, Horton was a member of Kappa Alpha social fraternity.

Randall Scott Named Pastor

Rev. Randall Scott became pastor of First Baptist Church of Meridian on June 7.

He was graduated from Wayland Baptist College of Plainview and the Southwestern Baptist Theological Seminary in Fort Worth.

He has been associate pastor of North Side Baptist Church in Arlington for three years, where he also served as youth director and directed two choirs.

His wife, Pat, is from Albuquerque, N.M., and she also graduated from Wayland.

Rev. Scott is a native of Wellington and is the son of Mr. and Mrs. Ocie Scott.

J. E. Nunnelley

—From page one
Shanks and David Peters.

Surviving Mr. Nunnelley are his wife, Mrs. Edna Nunnelley of Wellington; a son and two daughters, Shelton Nunnelley of Wellington, Mrs. Henry Seidmeyer of Lubbock, and Mrs. R. B. Uselton of Shamrock.

Other survivors are a brother, C. B. Nunnelley of Wellington, five grandchildren, and four great-grandchildren.

Sharon Bell Tells Pleasures of 800-Year-Old German Town

The excitement of discovering Germany is described by a former Wellington girl, whose husband is stationed at Gelnhausen. They are CW2 and Mrs. Robert Bell, HHC 2nd Bde 3rd AD, APO N.Y. 09091 N.Y. She is the former Sharon Daves, daughter of Mrs. Louella Daves.

This is her account:
In all the English language, there is but one word capable of describing this land, and that word is BEAUTIFUL!

As we sit here writing, we are watching a glider making very slow, lazy circles in the sky over Gelnhausen. The glider belongs to a German who lives here in town. In this country alone, for instance, there are 3,500 registered gliders, more than any other nation on Earth.

Spring is in its closing stages now, and summer is just around the corner. The temperatures are moderate and there is a constant northwest breeze to keep the trees rustling and the comfort index at a very comfortable level. We have been here almost five months and still we are finding more and more to do.

We live in a small town called Gelnhausen (Gellen-how-zen) which is about 30 miles east of Frankfurt. Next month Gelnhausen celebrates its 800th anniversary. On July 25, 1170, the charter for this city, the county seat of Gelnhausen County, was written. Kaiser Frederick I, himself, presented the charter to the people of Gelnhausen, thereby granting them their freedom from feudal Lords or Barons.

One story is that, while returning from a hunt in the Royal Forests of Budengen, about seven miles from here, he happened upon an old childhood playmate by the name of Gela. They fell in love, married, and, when he presented the Charter to the city, his only requirement was that he be named in her honor. Hence, the name Gelnhausen (Gela's houses) came into being.

The city sits at the mouth of the Kinzig River Valley, a line of defense which has been of strategic value for Western Europe since before the Holy Wars, which is our only reason for being here: the defense of the Fulda Gap should aggressors come from the east.

Actually, we have had very little time to travel since arriving. We take full advantage of the weather and countryside and sightsee on our own, rather than taking the tourist attraction tours. It is amazing how meticulous and conscientious the Germans are about cleanliness. During our ventures, we find them sweeping the dirt away from the gutter in front of their homes; arranging and rearranging flowers and plants in precise order; and, the family afternoon walks, all being extremely groomed.

They are extremely friendly people. Using some High School German, Bob got into a discussion with some German firemen. Two questions were

brought up that bear repeating to those at home who doubt the need for Americans in Europe. How one felt about having fought us 25 years ago and now socializing on friendly terms? The answer was simply "Twenty-five years is a long time; and, remember we were at war then. We had to fight. There were foreigners on our soil."

Then Bob asked, "How do you feel about these same foreigners being still on your soil?"

Answer: "Better you than the Russians."

The answer to a final question of, if they really felt that we were needed over there, a unison reply came quickly:

"Yes, if the Americans go home, the Russians will come." What do we enjoy most is a common question. Going to every restaurant in the area! The food is absolutely delicious; the atmosphere is unusual; the service is splendid. But we sure would like to get one of Carroll's hamburgers!

All in all, we're having a fantastic time. Wish all could visit!

NF Baptist Men to Meet

The North Fork Baptist Association Baptist Men will meet at First Baptist Church, Shamrock, on Thursday, June 25, at 8:00 p.m.

The Zebbie Land family will present a program of Gospel singing, according to B. A. Purkey, president.

This has been designated as family night and everyone is invited to attend.

Consultant at St. Joseph's

Sister Mary Carl, a hospital consultant, was at St. Joseph's Hospital from Wednesday thru Saturday, June 17 to 20, working with its staff.

This was a routine visit. She is a representative of the Governing Board of the Dominican Community.

Mr. and Mrs. C. W. Squyres of Lawton, Okla., visited Mr. and Mrs. W. A. Gollighugh of Quail Sunday night. They were en route to California where they will visit a brother, the Rev. and Mrs. W. A. Squyres and other relatives.

QUAIL NEWS

By Mrs. G. T. Stephens

• Mr. and Mrs. Carol Blevins visited in Oklahoma City last Thursday and Friday, in the home of Mr. and Mrs. Johnny Craig and other relatives.

• Mr. and Mrs. Ab Boyett of Clarendon visited in the home of Mr. and Mrs. A. B. Boyett and his mother, Mrs. Mary Boyett on Sunday. His mother went home with them to visit a few days.

• Guests in the home of Mr. and Mrs. Clay Oatman are Mr. and Mrs. H. M. Beard of Redmond, Ore. Their son, Sp/4 Kenneth Beard came with them. He spent the night in the Oatman home and went on to report for duty at Ft. Hood. Sp/4 Beard has been home from Vietnam only a short time. Mrs. Beard is Mrs. Oatman's sister.

• Sharon and Denise DePauw of Amarillo are visiting in the home of their grandparents, Mr. and Mrs. Wilbur DePauw.

• Guests in the home of Mr. and Mrs. G. T. Stephens during the week end were: Mr. and Mrs. Lee Phillips, Toby and Terry of Spearman; Mr. and Mrs. Tommie Martin, Angela and Debra of Lakeview; Mr. and Mrs. Freddy Poteet, Eddie and Mike of Lubbock; and Miss Debbie Dimmit of New Orleans, La.; Mr. and Mrs. James Stephens of Odessa; and Mr. and Mrs. James O. Miller and Mylina of Memphis. Mr. and Mrs. James Stephens are still here on their vacation.

• Mr. and Mrs. Tom Hamlin of Trinidad, Colo., visited in Quail last Friday. Mrs. Hamlin was the former Thelma Graham.

Pruitt Tells CB Emergency Channel

Hurshel Pruitt, president of the Rolling Plains CB Radio Club, announced Thursday night June 18 that beginning in late July, CB Channel 9 will be used for emergencies only, in accordance with FCC rulings.

This channel is widely used for emergency purposes already, and in some areas is monitored around the clock, it was pointed out.

Channel 11 is the one used here for general purposes. The meeting was held in the Hospitality Room of the Farm Bureau Building.

THE WELLINGTON (TEXAS) LEADER
Thursday, June 25, 1970

Cotton Machine Design Engineer, Albert Christoph, Dies Recently

Albert Christoph, 74, of 7507 Cailliet Street, Dallas, a professional design engineer, died there May 18. He was reared in Wellington, leaving here to make his home in Dallas about 1924.

He was employed by the Murray Co., of Texas, Inc., 42 years when he retired in 1966. Although he designed all types of cotton machinery, some of his finest work was with cotton presses.

A veteran of World War I, he served in Germany and returned home completely deaf.

He and his family give credit to J. B. Stevenson of Wellington for recognizing his talent and giving him his first job, when others thought his deafness made him unemployable.

Mr. Christoph was a life member of the Veterans of Foreign Wars and Disabled American Veterans, and was a member of the American Legion and the Texas Cotton Ginner's Association.

Member of a pioneer area family, he was the son of the late Mr. and Mrs. John Christoph and was born at Childress Feb. 24, 1896. His father was a cowboy on the Diamond Tail prior to 1890.

He was a self-made engineer, having worked and later took his state board examination and earned the title of professional engineer.

Services were conducted on Wednesday, May 20, at Restland's Wildwood Chapel, with burial in Restland's Field of Honor for Veterans of All Wars. Survivors are his wife, Opal; a step-daughter, Mrs. Wanda Christoph of Dallas; two sis-

ters, Mrs. Mabel Burden of Oklahoma City and Mrs. Mary Ann Nivens of Amarillo; two brothers, Austin Christoph of Arlington; and Joe Christoph of Wellington. There are three grandchildren and one great-grandchild.

Mrs. Charley Harrell is a sister-in-law.

Four Children of Mrs. McMinn Here

Recent visitors in the home of Mrs. Lola McMinn were four of her children and a granddaughter.

Coming first were Mrs. Wayne Gully of Fort Worth, and Mrs. N. C. Stafford of Houston.

Later in the week they were joined by Mr. Stafford and their daughter, Mrs. Paul Rutledge of Fort Worth, and by two more of Mrs. McMinn's children, Mrs. Paul Grigsby and Thomas McMinn of Fort Worth.

The group also visited their sister and brother-in-law, Mr. and Mrs. Jim Lowe of Quail.
