MAINLY ABOUT PEOPLE

By H. N. F.

John R. McLean founded the Cincinnati Enquirer. His son, Edward B. McLean walkes in the footsteps of his father. John R. McLean was a publisher before he was a politician and an editor before he was a Democrat. The Enquirer of Monday printed the following editorial which is in the nature of a message to Garcia: "Government control of West Virginia coal fields is being considered by the Senate committee appointed to investigate the deplorable conditions in that territory. It is known that Senator Kenyon favors the taking over of these mines, to the end that violence and conflict between owners and miners permanently may be ended. This is not the American way. Has the legislative branch of the government fallen down become impotent to function? It has not. Has ever government control in this country justified itself by bettering conditions in any instance? It has not. Does the sort of government control proposed imply a military guardianship of properties and the fixing of the status of employer and employe. If so, why not adopt the rest of the present Soviet system as practiced in Russia? That something must be done to adjust conditions in West Virginia is not to be denied. But the keeping of an army of soldiers in the territory never could cure the trouble. Insurrections against the authorities of the communities, the state or the nation, of course, will not be tolerated. But because that sort of thing was attempted in West Virginia, and even now has asserted itself through the seditious actions of the miners of Illinois, is no reason to admit that the laws of the land are incapable of meeting such situations. This country is not going to run its mines under the protection of soldiers' bayonets. What it is going to do is to make it certain that honest employers and honest laborers may work in peace and harmony. The committee appointed to investigate conditions in West Virginia should go to the root of the trouble. The findings should be made without fear or favor. Justice should be done both operator and miner, for it is not merely a West Virginia question. Whoever controls that coal field controls the fuel situation of the United States, and the rights of the people are superior to the rights of the contending forces in West Virginia. Those forces must be made to bow to the majesty of the law. But government ownership and control are not essential to this end."

There are negroes in Texas who are law abiding, who attend strictly to their own business, who are industrious wealth makers and who set a mighty fine example for the men of their race. Former State Senator Tom W. Perkins of Collin county is the publisher of the McKinney Courier-Gazette. His father was a Confederate soldier and his grandfather was a slave owner. This is the tale of an old-time negro making good as a citizen and as a farmer: "Hiram Berry, an old-time Southern negro of this city, and three of his sons, are running 100 acres of land for George Thompson west of town. They have about 80 acres of it in cotton and the balance in corn. Their cotton is turning out between a fourth and third of a bale per acre, while their corn crop is an excellent one. Hiram Berry was born in McKinney in the year 1853. He was born a slave. His mother was owned by the late John W. Berry, grandfather of Taylor Berry, who lives just north of McKinney and of John W. Berry Jr., of Melissa. He was also the grandfather of Mrs. W. F. Bryan of this city. Hiram Berry was born on the residence property of Mr. Berry, now owned and occupied by R. L. Waddill, corner of North Church and West Lamar streets. Hiram has followed farming most of his life. He and his wife now own a good bungalow residence in "Lewisville" the colored section in the Northwest part of McKinney. They have ten children, all grown and married. Uncle Hiram is a respectful old-time Southern colored man, who likes McKinney and believes that our white people are the best white folks in the world. Such honest, industrious, respectful negroes as Uncle Hiram are always appreciated and protected by white folks—every acquaintance of whom is his friend."

David F. Houston is a former citizen of Texas, a former president of the State University, a former president of the Agricultural and Mechanical college at Bryan. Woodrow Wilson called him to his cabinet, first as secretary of agriculture and second as secretary of the treasury when William Gibbs McAdoo stepped down and out. The worlds Work shows in a striking manner the cummulative cost of wars in the United States. The war of 1812 cost more than all the expenses of the government from the beginning of the nation until it occurred. The same was true of the Civil War, and the same of our participation in the World War. General Tasker H. Bliss is an authority for the statement that the loss of life in the wars of modern times seems to take on this cumulative character also. In all the wars (presumably in Europe and America) waged between 1700 and 1913, the total death loss was 4,440,300 * * * In the recent World War, lasting from August, 1914 to November of 1918, the total death loss in battle has 9,998,771. The number of wounded was 20,297,551; prisoners and missing 5,983,600. If we accept the usual estimate of the dead in the list of pris-

THREE KILLED IN PLANE FALL AT LOVE FIELD

Lieutenant and Two Sergeants Burned to Charred Mass After Bomber Crashes in Nose Dive.

Machine Had Just Taken Off for Return Flight to Post Field in Oklahoma When Accident Occurred.

By Associated Press.

DALLAS, Sept. 16.—Lieutenant James F. Armstrong, of North Adams, Mass., assistant master of flying at Post Field, Fort Sill, Oklahoma, and Sergeants Andrew Gibson of Waldron, Arkansas, and P. J. White, of New York City, mechanics, were killed instantly shortly after noon today at Love Field, north of Dallas, when an army observation plane in which they had just taken off, crashed to earth after going into a spin at an altitude of 150 feet.

The plane, a large DeHaviland, was the second of two to take the air at 1 o'clock on a return flight to Post Field. A strong wind from the west was blowing and upon taking off, the plane headed into the wind and was 150 feet in the air when it was seen suddenly to shudder and veer toward the east.

A few seconds later it made a nose dive and fell. The bodies of the three men were crushed by the fall and badly burned by flames which enveloped the wrecked machine from an explosion of the gasoline tank when it struck the ground.

Other Plane Descends.

The second machine, also a Post Field plane, piloted by Lieutenants Lansell and Robertson, which was 2,000 feet up at the time of the accident, quickly descended but the officers were too late to be of any assistance to their comrades.

Simultaneously with the crash to earth came the explosion of the DeHaviland's gasoline tank and flames within a few minutes had reduced the machine to a charred mass of metal and burned the bodies of the three aviators almost beyond recognition.

The fire spread rapidly through the tall grass and fanned by a high wind over approximately fifteen acres, menacing houses and barns at the field. It was finally taken under control by more than twenty-five guards and civilians, assisted by hte camp fire department.

Although no definite cause for the accident has been established, officers who witnessed the start of the DeHaviland were reported to have stated that the pilot seemed to have difficulty in balancing the craft and that the wind twirled it around and caused him to lose control.

Start Investigation.

The fatality will be investigated by an army board of inquiry which is expected to convene here tomorrow or early next week. Captain M. G. Putnam, commandant at Love Field, telegraphed a formal report of the accident to Washington late today and orders in connection with the inquiry are expected soon.

Several days ago, the big DeHavlland was forced to land near DeSoto, in the southern part of Dallas county, due to engine trouble while enroute to Post Field from Houston and was taken to Love Field for permanent repairs.

Sergeants White and Gibson had been here several days working on the machine and Lieutenant Armstrong arrived here early today by airplane with Lieutenants Lansell and Robertson. The latter two were to use the machine in which the trip here was made as a pilot for the repaired plane, in charge of Lieutenant Armstrong, on the return flight this afternoon.

After the accident Lieutenants Ransell and Robertson spent some time at Love Field and later started the flight to Fort Sill to make a report.

The charred bodies of the three men are being held at a local undertaking establishment pending orders for their disposal from government authorities.

BRYAN SAYS FARMER MUST FIGHT SHIFT

GREAT COMMONER DECLARES TAX BURDENS SHOULD NOT BE CHANGED

NEW ORLEANS, Sept. 16.—Because of the sudden fall in prices of farm products and because other prices have not fallen in proportion, the condition of the farmer is worse today than it has been in thirty years declared William Jennings Bryan in an address before the Interstate Farm Congress here today.

Mr. Bryan declared the farmers "must stand united against the present efforts to shift the burden of taxation from the privileged few to the masses. The obvious purpose of the revenue bill now under discussion in congress is to relatively decrease the taxes of the rich and relatively increase the taxes of the poor."

"The revenue bill as it passed the house removed the tax from excess profits, that is profits that are excessive, and bestowed upon the profiteers a gift estimated at $450,000,000" said Mr. Bryan.

SET ELECTION DATE

BISMARCK, N. D., Sept. 16.—North Dakota's recall election, aimed at state officers elected with nonpartisan league endorsement, will be held Friday, October 28, under a proclamation issued today by Thomas Hall, secretary of state.

FORT WORTH RAISES AND DALLAS WHACKS PRICE OF GASOLINE

By Associated Press.

DALLAS, Sept. 16.—Reduction of the retail price of gasoline from 18c to 15c a gallon, which was made by the Gulf Refining Company, was met here today by other companies. At the same time the retail price is reported to have been increased in Fort Worth from 15 to 18, while the tank wagon price was increased from 11 to 15.

FLOUR PRICES TO BE LOWER, BABSON SAYS

General Business Conditions 74 Points Below Normal, But Prices Dropping, Statistician Shows.

NEW YORK, Sept. 16.—"General business today is 74 points below normal, as compared with its position 100 points above normal in January, 1920, having shown an improvement of 7 1-2 points during the last week. The prices of commodities and materials continues to drop steadily having gone down another 3 per cent during the month. This down trend in commodities is a most favorable factor, since lower prices—not higher prices—are necessary for prosperity.

"The farmer for instance has done his part to reduce the cost of living and bring back prosperity. Prices of most farm products are down to prewar levels. Considering the lessened value of the dollar farm products are today selling lower than they have ever sold. Moreover, this applies to such commodities as rubber, and rice, as well as to wheat and corn. The farmer will find it very difficult to make both ends meet this year, and he should be considered a real patriot for the work which he is doing.

"What is true of the farmer, however is true of the miller and baker. Flour has not come down in price to compare with the reduction in the price of wheat. We are still paying the baker to much for bread. The other day I made the following estimate, based on wheat at $1.50 a bushel and on 4 1-2 bushels per bar rel of flour. For the wheat in a barrel of flour the farmer gets $6.75, the baker gets $36.00; the restaurants get about $100.00; and the big city hotels get about $300. Yes, flour must come down, and the various things which are made of flour should come down also.

"The future of the farmer depends upon a readjustment of retail prices and the bringing of other commodities to the level of his own, rather than paying high prices for wheat, corn and products of the farm. We all give to much thought to dollars and too little thought to bushels. It is not dollars that make the country richer. We cannot eat them, we cannot wear them, and they would be pretty hard to sleep on. The country gets richer through increased production. What we get in wages or pay for goods is of no account, excepting where foreign trade is considered.

"We all should realize that whether we are artists, lawyers, bricklayers, or farmers technically we are all machines. Cotton is not made from the ground. Cotton is made from corn, bacon and bread. Buildings are not made from bricks and mortar, but rather from ham and eggs. Clothes, shoes and other products are not made from raw materials and labor but rather from groceries, provisions, education, art, inspiration, and the other fuel which feeds these divine machines.

"The important thing for this winter is to get all prices adjusted to the new low basis, remembering it is not what we get from our product, but rather what we pay for the fuel of the machine and the amount that the machine produces which determines our prosperity.

SECOND DAY ATTRACTS BIG FAIR CROWD

Hundreds of Automobiles Go From Every Section Carrying People to Baylor County Rodeo Friday.

Bronc Riding, Tying and Roping Furnish Thrills for Hundreds; Today Promises Big Entertainment.

By Record News Staff Correspondent.

SEYMOUR, Sept. 16.—Members of the Wichita Falls delegation of over 100 business men found crowds estimated at 15,000 jamming Seymour when they arrived here for the second day of the Baylor County Fair, Wichita Falls Day, after a quick and even run of about two hours from their home city. Approximately 10,000 of this number paid their way into the fair grounds during the day, hanging up an attendance record, and confirming the backers of the fair in the belief that this year's fair would pass their own expectations.

Today's attendance, large as it is, is expected to pale before the attendance of today, the final day of the fair, which is expected to smash all previous records. Advices from around a score of surrounding towns to fair officials telling of the coming of more local delegations confirm the expectations of Saturday attendance.

So successful has the 1921 fair become, that it's extension into a five day fair for next year has been urged and is being considered.

Make Quick Run.

The Wichita Falls delegation, which included between 30 and 40 cars, and which was preceded and followed by a large number of other cars, made their rapid trip, paced by L. L. Dixon, without mishap with the exception of a few stoppages from minor causes which were quickly taxen care of in the trouble wagon the automobile men had arranged for to follow the train. Arrived at Seymour, they were met by a delegation of Seymour business and professional men, and escorted into the city, forming a parade headed by Mayor Cline and D.

LOUISVILLE WARNS PEOPLE AGAINST KLAN

By Associated Press.

LOUISVILLE, Ky., Sept. 16.—The board of public safety today served "notice on all citizens to remain away" from a proposed meeting of the Ku Klux Klan Sunday night and warned owners of public halls not to rent their places to the organization.

"Should any attempt be made to hold this meeting in defiance of this order," the board's announcement says, "any person who attempts to attend it will be regarded as an unpatriotic citizen and a law violator and will be dealt with accordingly.

Detailed methods to be employed in stopping the meeting were not disclosed.

Published statements several days ago attributed to an unnamed member said the klan had six thousand pledged members in Louisville.

POSTAL SAVINGS DEPOSITS GROW, HAYS ANNOUNCES

By Associated Press.

WASHINGTON, Sept. 16.—A general improvement in postal savings deposits throughout the country was shown by August reports, the post-office department announced today.

Total deposits August 31 were approximately 152,400,000, a decrease for the month of about $100,000, the smallest decrease shown in several months, the statement said.

Wichita Falls Must Go After Territory's Trade—McCutcheon

"It is simply a question of whether we want to cultivate the trade of this territory or let other cities step in and secure the business which should be ours," says C. E. McCutcheon, vice president of the First National bank, in commenting on the trade extension campaign now being carried on by Wichita Falls merchants and business men.

"Wichita Falls by natural location is the center of a rich and prosperous section of Texas and Southern Oklahoma.

There are towns of good size who will learn to look on this city as their market place if we show enough interest and energy to compete with cities which are further distant from these towns and less fortunately situated in regard to railroad and jobbing facilities.

But these towns are not going to come to Wichita Falls to buy in preference to the other cities if we do not cultivate their friendship by sending delegations at frequent intervals to let them know we appreciate their friendship and business.

"People are pretty much the same all over the country. If a man comes to you and shows, by interest, that he appreciates your business and injects the personal side into the affair you will no doubt consider him more favorably than you would a letter or an advertisement.

"Show an interest to the people in this territory. Let them know that Wichita Falls realizes she cannot become a really great city without their support and make them aware of the interest which Wichita Falls people and Wichita Falls business institutions feel for them and their businesses.

"On a recent trip through the Panhandle I find that the cotton and feed crops this year have been good enough to insure a good market fdor merchandise. These towns will trade here if we let them know we want their business.

"I received a letter yesterday from a friend, a banker of Childress, which should be in our trade territory. He said that Wichita Falls should send at least a car load of boosters to the Childress fair which is held next week to put in a good word for this city as a shopping and jobbing center. We are closer to this town than Amarillo yet Amarillo is sending a solid train load of business men to this fair. Why can't we step in here and get what should go to us rightfully. This is just an example of how we in Wichita Falls are letting the other towns get the jump on us. Why don't we wake up and get ours?"

BODIES OF ZR-2 VICTIMS REACH HOME

British Destroyer Steams Into Port With Last Remains.

By Associated Press.

NEW YORK, Sept. 16.—Resting in flag-shoruded caskets, covered with masses of flowers and guarded by armed men of a friendly foreign nation, the bodies of Commander L. H. Maxfield and fourteen of his comrades—victims of the ZR-2 disaster—arrived home today on the British cruiser Dauntless.

It was a far different home-coming that the victims had anticipated when they sailed some months ago for England to prepare and bring back the monster dirigible the disaster to which on a trial flight, sent forty-two heroic men of two nations to their untimely death.

Far out at sea, the Dauntless was met by a destroyer division of the United States navy. As it neared port, the escort augmented by a fleet of seaplanes, representing the arm of the service for which the victims gave their lives. As the funeral ship came up the harbor, the forts thundered a salute; church bells tolled on the Brooklyn and Staten Island shores, and passing craft dipped their colors in reverential salutes.

The Dauntless proceeded directly to the navy yard in Brooklyn where British sailors tenderly carried the bodies from the deck of the air craft and delivered them to the keeping of their former comrades in arms on the pier. Tonight, the flag-draped caskets were under the watchful eyes of a guard of honor in the yard chapel, where they will be rendered the honor that the navy pays to its heroic dead.

MAKE EFFORT TO REMOVE FORMER TEXAN TO ST. LOUIS

By Associated Press.

ST. LOUIS, Sept. 16.—A second effort was begun today to return here Charles H. and Thomas B. McDonald, brothers, to answer charges of obtaining money under false pretenses through the sale of stock in the MacTexas Producing company at Tyler, Texas.

The McDonalds were arrested in Texas last May but the governor of that state refused to honor requisition papers. Local officials have learned the brothers are under arrest in Phoenix, Arizona, at present and announced an effort would be made to have them returned from there.

The specific charge is that they obtained $50 from Scott H. Wallace by misrepreventation.

FILE CHARGES IN INDIAN PROVINCE

By Associated Press.

BOMBAY, Sept. 16.—The British Indian government has instituted proceedings against the brothers, Mohammed Ali and Shaukat Ali on charges of attempting to cause disaffection among the troops and sedition.

The Ali brothers, who are associated with the movement of Mahatma Gandhi, leader of the non-resistants, have been carrying on an agitation in India for several years.

IRISH DESIRE TO CONTINUE NEGOTIATIONS

Wires Lloyd-George in Scotland Indicating Desire to Resume Parley Looking Toward Peace.

Feeling in Ireland and England, Too, Is for Ultimate Peaceful Settlement of Old Antagonism.

By Associated Press.

LONDON, Sept. 16.—In a telegram this evening to Premier Lloyd-George at Gairloch, Scotland, Eamonn De Valera is considered in high quarters in London to have indicated a desire for the continuation of the negotiations looking to peace in Ireland, which were terminated momentarily at least, by Mr. DeValera's communication earlier in the week insisting on the independence of Ireland and Mr. Lloyd George's cancellation of the conference with delegates of the Sinn Fein which he had proposed for next Tuesday.

Up to a late hour tonight Mr. Lloyd George had made no response, but the concensus of opinion was that since neither side to the argument seemingly is desirous of a rupture in the negotiations there doubtless would be a further exchange of messages.

The general view in London is that the hitch has arisen because both Mr. Lloyd-George and Mr. DeValera are compelled to keep an eye on the extremists in their respective cabinets, but that behind both there also is strong public opinion in favor of peace, this feeling being as strong in England as in Ireland. Fraom advices received here, the Sinn Fein leaders were surprised by the effect of Mr. DeValera's letter which induced Mr. Lloyd-George to cancel the proposed conference. From these advices it would seem that the Sinn Fein leaders in Dublin hold the view that their leaders letter was unfortunately phrased, and that it is advisable to make a further attempt to bring about a conference. It appears to be realised, however, that some weeks will be lost in the progress of attempting to clarify the situation. There is now some talk of holding a conference in London in October.

Premier Lloyd-George has not yet called the meeting of his cabinet, but it is expected this will be held early next week in Inverness or at Gairloch where the premier is now staying. It is expected that there will be an early session of the Dail Eireann to consider aspects of the situation.

HURRICANES DO HEAVY DAMAGE

By Associated Press.

HALIFAX, N. S., Sept. 16.—Much damage has been done to hotels and small shipping at Hamilton by the hurricane which has been sweeping the Bermuda Islands since Wednesday night, says a cable message from Hamilton today.

MEXICAN SUPREME COURT DECISION MAY HAVE "JOKER"

By Associated Press.

MEXICO CITY, Sept. 16.—The Mexican supreme court has not yet published the text of its decision in the Amparo suit of the Texas Company by which the officials of the Mexican department of commerce and industry were enjoined from denouncing rights to oil lands held by the Texas Company prior to May 1, 1917. The court has held secret sessions for more than a week and it was rumored the text of the decision finally was agreed on at yesterday's session.

Persons here who claim to have some knowledge of the contents of the final draft assert that it is not as far-reaching regarding the non-retroactivity of Article 27 of the Constitution as the first reports indicated.

BANDIT KILLS 14-YEAR-OLD DUNCAN BOY

Ben Coleman Victim of "Highjacker," Shot Down Shortly After Midnight Friday.

DUNCAN, Okla., Sept. 16.—Ben Coleman, 14 year old son of Mr. and Mrs. Clyde Coleman, died in a hospital here today from wounds received at the hands of an unknown bandit who robbed the lad and several companions last midnight, it was reported to the police. Posses are searching for the slayer.

The Coleman boy and three other boys followed a short distance behind by three negroes, were returning from the fair grounds when the highwayman who apparently had been trailing the two groups, got in between the white boys and the negroes and told all to halt, according to the story told the police. The bandit was searching the negroes when young Coleman stepped aside, but made no attempt to run.

The highway man whirled around, the police were told, and shot Coleman in the back. He then searched the other two negroes and left, telling the party to "take care of the kid."

Police trailed the man to the railroad yard, exchanged shots, and prevented him from boarding a train, but lost track of him later and tonight they said they believe he made his escape on a train from the north at 2:45 a. m.

SPEEDY TRIAL PROMISED TO FAT FUNMAKER

District Attorney Announces That Arbuckle Will Face Charge of Murder and No Bail Allowed.

County Authorizes Appropriation to Assist Brady in Prosecution of the Case.

By Associated Press.

SAN FRANCISCO, Sept. 16.—The way was cleared today for the trial of Roscoe C. (Fatty) Arbuckle, motion picture comedian on a charge of murder, in connection with the death of Miss Virginia Rappe, motion picture actress, September 9, after she is alleged to have been attacked at a party given by Arbuckle at his rooms in the St. Francis hotel September 5.

The return of four charges against Arbuckle, two for murder and two for manslaughter, necessitated conferences between District Attorney Brady and police officials as to the exact charge which he shall be tried. It was decided today that the charge should be murder.

A new development was the announcement that Dr. Arthur Beardslee, house physician, at the St. Francis who first attended Miss Rappe, is being sought by the authorities.

Search For Doctor

Milton T. U'Ren, assistant district attorney, announced late today that detectives had been unable to locate him. Dr. Beardlee is wanted to give testimony before the grand jury regarding certain phases of the medical attention given Miss Rappe, U'Ren said.

Bigger crowds than usual greeted Arbuckle's public appearance today. A few moments before his case was called in Police Judge Sylvain J. Lazarus' court for a preliminary hearing on one of the murder charges, the crowd mostly men, attempted to rush through the doors. They were held back by police. Members of the women's vibilante committee were present at the court hearing.

Following the court session, District Attorney Brady gave out a statement in which he explained the reasons for his determination to press the murder charge. Later in the day he appeared before the finance committee of the county board of supervisors and asked that a special fund be provided for him with which to prosecute the Arbuckle case.

Asks Added Funds

"This defendant is reputed to be wealthy," he said. "He has influential friends. We must spend money if we want to prosecute this case successfully, otherwise we may meet with disaster.

"We may have to go to all parts of the United States for evidence." The finance committee told Brady that he might have $1,000 at once in addition to his regular budget allowance for prosecution of the case and that more money would be supplied him as needed.

Arbuckle must appear in the court of Superior Judge Harold Louderback tomorrow to be arraigned on one of the two manslaughter charges against him, voted by the grand jury Wednesday.

CONTINUE INVESTIGATION OF LIQUOR PURCHASE

By Associated Press.

LOS ANGELES, Sept. 16.—Federal probe here into the source of liquor reported to have been in evidence at the Roscoe (Fatty) Arbuckle party in San Francisco hotel following which the death of Miss Virginia Rappe occurred was continued here today under United States District Attorney Robert O'Connor and E. Forrest Mitchell, federal prohibition director for California.

Lowell Sherman, actor, was examined and according to United States Attorney O'Connor, admitted that liquor was consumed at the hotel party but denied knowledge of the transportation of any liquor from Los Angeles.

It was announced by federal officials that every individual in attendance at the party who can be located here will be examined, and that later the federal grand jury will be summoned to hear the results of the investigation.

Sherman told the federal officers that liquor was furnished to the party by the chef of the hotel, who he said, was known as "Tony."

FINISH TAX REVISION IN UPPER HOUSE

By Associated Press.

WASHINGTON, Sept. 16.—Revision of the house tax bill virtually was completed today by the senate finance committee, which under the present agreement will rport to the senate a measure having these outstanding proposals:

Repeal of the excess profits tax as of next January 1 as proposed by the house.

Reduction of the income surtax rates for a maximum of 65 per cent to 32 per cent, effective next January 1.

An increase in the corporation income tax from 10 per cent to 15 per cent effective next January 1, instead of 12½ per cent as proposed by the house.

Repeal of the corporation capital stock tax as of next year.

Retention of present rates on express packages and oil by pipe lines and retention of the taxes on freight and passengers for the calendar year 1922, only at half the present rates of 3 per cent and 8 per cent, respectively.

The house proposed repeal of all of these taxes as of next January 1.

In agreeing to the house maximum surtax rates of 32 per cent the senate committee adopted a rearrange schedule of rates under which individuals having incomes of from $5,000 to $6,000 would be relieved of the present surtax of 1 per cent.

Beginning with incomes of $6,000 and ending with those of $20,000, the rate in each bracket would be reduced 1 per cent. In the brackets from $20,000 to $34,000 the rates would be increased 1 per cent and in the brackets from $34,000 to $66,000 the present rates would stand. Incomes of $66,000 or more would be taxed at the maximum rate.

Members of the committee explained that through his plan and the increased exemptions allowed to heads of families and on account of dependents there would be a reduction of the income taxes all along the line except in the case of single men having incomes of $5,000 or less.

The loss in revenue through the rearrangement of the surtax rates was estimated by treasury experts at $18,000,000, making the total annual loss in individual taxes $178,000,000, including $90,000,000 through reduction of the maximum surtaxes rates and $70,000,000 through increased exemptions to heads of families and on account of dependents.

Second Night Of Style Show Proves Success

Friday night's Style Show, staged at the Palace Theater by members of the Women's Guild of the Church of the Good Shepherd, was in every way as successful as the first night, and all parties concerned were reported as much pleased with the success of the two shows.

The program which was given on Thursday night, was completed in its entirety, and there was as large and appropriate an audience for the second night, as for the initial showing.

STYLE SHOW ATTRACTS MERCHANTS' ATTENTION

The style show now in progress under the auspices of the retail merchants' association is attracting the attention of merchants in surrounding towns and cities, several having visited the city during the last few days.

Friday I. N. Ashlock of the Ashlock Dry Goods Company; M. E. Rogers of the Baber-Haura Dry Goods company, and N. Russell of the Russell Dry Goods company, all of Altus, Okla., were in attendance at the show and were the guests of local merchants.

The purpose of the visit was to obtain pointers on a style show to be held at Altus in the near future.

LABOR TO FIGHT WAGE CUTTING IN SOUTHERN MILLS

By Associated Press.

ATLANTA, Ga., Sept. 16.—Decision to resist all attempts at further reductions of wages in the textile industry and to inaugurate a permanent campaign to reorganize the non-union workers of the south was announced here today after a conference between more than 200 southern labor leaders and Samuel Gompers, president of the American Federation of Labor.

Charlotte, N. C., will be headquarters for the organization campaign. A meeting of leaders in the United Textile Workers of America will be held there September 22 to formulate a definite plan of action.

Mr. Gompers visited the Atlantic federal penitentiary this afternoon and held a twenty minute conference with Eugene V. Debs, socialist leader.

CHOOSE TEXAN PRESIDENT OF TRAILS SOCIETY

By Associated Press.

SHAWNEE, Okla., Sept. 16.—J. E. Sweptson of Tulia, Texas, was unanimously re-elected president of the Ozark Trails association here today and Sulphur, Okla., was chosen as the meeting place for the 1922 convention.

These actions were taken after a committee representing delegates to the convention here from Hobart and Mangus, Okla., and Las Vegas and Tucumcari, New Mexico, who withdrew from the convention last night, had conferred with a committee appointed by the other members of the association.

It was understood that the delegates who withdrew offered to return if the convention would agree not to re-elect Dawson. The convention refused to restore them to membership in the association.

Marie Waintraub, left, winner of fanciest bathing costume prize, and Miss Madge Merritt, winner of beauty prize.

After making selections from hundreds of bathing girls representing every resort around New York, the most beautiful, also the fanciest dressed bathing girl of the metropolis, were selected at the final contest at Brighton Beach. Miss Madge Merritt of Brighton Beach took honors as being the most beautiful as well as the most perfectly formed girl, and Miss Marie Waintraub of Manhattan Beach won the prize for the fanciest bathing costume. Here they are. What's your verdict?

REQUESTING AN OFFICER TO AID ROBBERY OF MAIL CAR, CAUSED DEATH OF BANDITS WEDNESDAY

By Associated Press.

DALLAS, Sept. 16.—A suspect who was arrested in Fort Worth today in connection with the futile attempt to hold up a Texas and Pacific train west of Fort Worth Wednesday night, was brought to Dallas and placed in the county jail.

Federal officials say the man has made a statement. They also declare he was a room-mate of Bill Edwards, one of the two men who were killed by officers who had learned in advance of plans for the holdup.

Another suspect was arrested at Fort Worth today, but officers say he denies any connection with the affair.

Special to the Record News.

DALLAS, Sept. 16.—The capture of the third bandit in the attempted bold up of train No. 11 of the Texas and Pacific railroad Wednesday night in which "Bully" Edwards and Charlie Morris were killed by officers is momentarily expected.

Federal and state officers for the last thirty-six hours have been close on the trail of the bandit who escaped after his two partners had been shot down. Officers state that the identity of the man is known and no difficulty is anticipated in apprehending him. It is believed that he is in hiding near this city or Fort Worth.

"Bully" Edwards and Charlie Morris, mail car bandits, were shot to death while attempting to rob the mail car thirteen miles west of Fort Worth. The other bandits, who were waiting in an automobile for the loot, made their escape, although their car was found abandoned near the banks of the Trinity river about eight miles west of Fort Worth.

The robbery, carefully planned several days ago, was frustrated by officers who were tipped off that the train was to be robbed of valuable registered mail said to be consigned to banks in Ranger and Breckenridge. So well was the work of the officers planned and executed that the robbers who were killed hadn't the slightest idea the officers were present until they received the full charge of buckshot from several sawed off shot guns and a volley of bullets from automatic pistols that caused their death. One of the men's body was penetrated by twenty-four bullets.

According to a Dallas officer who was present when the robbery was attempted, a Fort Worth detective and special agent for the Texas & Pacific railway overheard plans of the robbery several days ago. Officers in the department of justice and postoffice inspectors in Dallas were notified and plans were made immediately to frustrate the holdup.

Board Train in Dallas

Wednesday afternoon Fort Worth officials telephoned Dallas officials to board the Texas & Pacific train here at 8 o'clock. They went to the mail car, barricaded themselves in one end and instructed the mail car messenger what to do when the robbers entered the car.

The train passed through Fort Worth without any sign of the expected robbers.

Kill Bandit in Car

A few miles out of Fort Worth, however, Charlie Morris, former employe of the Texas & Pacific, entered the mail car, with drawn revolver and ordered the messenger to throw up his hands. He obeyed and the bandit changed his mind, however, and ordered the messenger to open the safe in the car which was supposed to hold the valuable registered mail.

When the messenger dropped to his knees to open the safe the bandit was left in full view of the officers hiding in the end of the mail car, and they opened fire on him with sawed-off shotguns and pistols, riddling his body with lead before he was aware of their presence. The signal had been prearranged and the officers had planned to open fire on the bandit when the messenger dropped to his knees to open the safe.

The train proceeded to a water tank about thirteen miles west of Fort Worth where officers had been told the loot was to be transfered by the bandits from the train to a waiting automobile. When the train slowed down at the water tank the express messenger, at the order of the officers, kicked a bag of mail out of the express car door. A man who was lurking beside the right of way sprang upon the sack. When he attempted to lift it off the ground he was riddled with bullets.

Two of Gang Escape

Two other bandits waiting in an automobile near the water tank escaped. Their car was found on the bank of the river west of Fort Worth, abandoned, after the officers had followed them a greater part of the night.

The train, with the bodies of the two bandits aboard, was turned back into Fort Worth and the bodies taken to an undertaking establishment pending identification. The man who entered the mail car was identified by railway men who viewed the body at Fort Worth as "Bully" Edwards, former T. & P. employe.

Edwards, who had been promoted to engineer on the Texas & Pacific railway, had been firing because of the slack time and no need for engineers. He had fired the Sunshine Special on the T. & P. into Fort Worth Wednesday afternoon from Baird, arriving there about 3 o'clock.

Men in Dallas who were acquainted with him say that Edwards was about 43 years of age. He had been working for the Texas & Pacific railway for fifteen years, his application being dated September 18, 1906, almost fifteen years to a day from the time he started to work for the company.

"To John Keith, department of justice agent, goes the credit for the frustration of the mail car robbery outside of Fort Worth Wednesday night" said F. M. Spencer, chief of the bureau of investigation here. "It was his work which gave the officers the information which resulted in the death of the two men."

Keith was approached ten days ago by one of the members of the robber gang and asked to aid. He accepted thereby learning all the plans.

UNCLE JOE SAYS YANKS BLIND TO MANY BLESSINGS

WASHINGTON, Sept. 16.—Uncle Joe Cannon, eighty-five-year-old youngster of the House, today laughed at pessimists who are worried over business recovery.

"Americans today, in the rush to the almighty dollar, forget that blessings they enjoy," said the veteran of a hundred political battles.

"Why, back in Danville, long years ago, before the days of gas and electric lights, and other marvelous inventions that have brought comfort to the people, the folks of the town opened their eyes in amazement at the sight of an oil lamp in a store window.

"Just look back to those days. Well do I remember when the people thronged down on the main street to see the first kerosene lamp burning in a shop window. It was in life's comforts and conveniences.

"Now, see what we enjoy today, in life's comforts and conveniences. These are the happy days, but so few realize it.

"The Gloomy Gus of business must wake up to the big future ahead. Most prosperous, most resourceful of all nations, the business men of many advantages for which they should be thankful."

COL. LUKE WILSON, VETERAN "BUSTER" GUEST AT RODEO

SEYMOUR, Texas, Sept. 16.—Col. Luke F. Wilson and his friend John Young were among the Wichita Falls visitors today and certainly helped to boom the cause along. Col. Wilson in other years was one of the crack riders of the west. It was his delight to ride bucking broncoes, rope steer, tie calves and lariat the fleeting goat. Of course he is too auster and dignified to attempt anything of the kind now. Col. Wilson pronounced the rodeo one of the best ever given, the display of white faced cattle sufficient to arounse the admiration of all cowmen, and the agricultural display a warning by the man of the hoe to the man of the cow that the plow is getting in its work in this country.

Huge White had an exhibit of red hats in the poultry department that attracted large numbers daily. These hats are hybrids and appear to be the progeny of imported hats crossed with the native. Mr. White will exhibit his red hats at the state fair of Texas at Dallas and after the fair is over he may ship them as a present to the keeper of the Walker Museum of the Chicago University.

Captain H. H. Fancher 's another noted cowman who used to win all the prides at rodeo shows. He was one of the contestants but did not take down any prizes this year. Captain Fancher is one of the veterans in the live stock industry, a thorough sportsman and "the life of the party."

He reminded a representative of the Record News that in the old days the cowboy reunions held in Baylor county were gala day events. Thousands would come in horseback, on muleback, in prairie schooners as well as two wheeled vehicles. There were no autos in those days. They camped on the grounds, they enjoyed life, they lived in the open and "there's where the west begins."

FRISCO LINES TO REDUCE RATES ON CATTLE SHIPPING

DALLAS, Sept. 16.—Reduction of freight rates on livestocks will be made September 20 on the Frisco lines, according to A. Hilton, vice president, who passed through here today on a general inspection of Texas conditions.

The reduction will be made following the recent suggestion fo the interstate commerce commission that the critical condition of the livestock interest throughout the counry would be greatly improved by a reduction of rates by carriers, Mr. Hilton said.

MENOHER ASKS ASSIGNMENT TO FIELD COMMAND

By Associated Press.

WASHINGTON, Sept. 16.—After nearly three years of service Major General Charles T. Menohor has requested to be relieved as chief of the air service.

This became known today from Secretary Weeks in response to inquiries announcing that the general has asked formally to be released as air service head and to be transferred to command of troops in the field. The secretary added that no action had been taken as yet on the request but it was intimated that he general's desires would be granted. General Menohor declined to discuss his request for release in any way, but Secretary Weeks and air service officers declared it was based on a desire to return to the work of a line officer. It was emphasized that friction between General Menohor and Grigadier General William Mitchell, assistant chief of the air service, which became openly manifest several months ago, had no connection with the request.

INCREASE FORCE ON MEXICAN SIDE OF ARIZONA LINE

By Associated Press.

PHOENIX, Ariz., Sept. 16.—The force for policing the Sonora, Mexico, international boundary line has been redoubled, according to a message received from acting Governor Ernest Hall today from Francisco S. Elias, governor of Sonora. The message was in response to a letter forwarded to the Sonora governor by Governor Thomas E. Campbell, asking what steps, if any, had been taken by Sonora officials to prevent recurrence of raids across the border.

MAFLOWER OFF DELAWARE CAPES

WASHINGTON, Sept. 16.—The Mayflower with President Harding and a party of friends from a trip to New York City and Westpoint, was reported late today to be with the Destroyer Paul Jones, off Winter quarter shoal lightship.

The lightship is in the vicinity of Delaware brakewater.

BATHING GIRLS PICK NATURAL BLOOMS IN WORLD'S LARGEST FIELD OF ASTERS

West coast bathing beauties helping themselves in 500-acre aster field.

A bunch of California peaches and asters are shown here. The young women actresses who recently were invited to "take their pick" from the five-hundred acres of asters in the largest aster field in the world. The fact that they hadn't time to change costumes between matinee and evening performances does not seem to have bothered them any. They can pick asters in a one-piece suit much better than they can swim in one.

BUSINESS MEN TO URGE REDUCTION IN COTTON ACREAGE

By Associated Press.

DALLAS, Sept. 16.—Plans for a united campaign for better agriculture in Texas to automatically take care of cotton acreage reduction were made here today at a meeting of representative business men from various parts of the state.

A central committee with Nathan Adams of Dallas as chairman was appointed to direct the campaign and to select a manager.

It was brought out at the meeting tha during he last crop year more diversified farming was practiced in Texas than ever before, resulting in a marked increase in the production of grain, feedstuffs, and livestock and in a general betterment of conditions.

It is planned to co-operate with other southern states in making the diversification program more general in effect.

APPOINTMENTS BY HARDING ARE HELD WITHIN LAW

By Associated Press.

WASHINGTON, Sept. 16.—President Harding's power to make recess appointments during the present adjournment of congress has been affirmed by Attorney General Daugherty in a formal opinion made public tonight by the department of justice.

In his opinion Mr. Daugherty dissents from a ruling of former Attorney General Knox handed down in 1901 and holds that where the senate has adjourned for a specified date the president must determine in his discretion "whether in a practical sense," that body is in session so that its consent can be given to appointments requiring confirmation.

LEADERS HOPEFUL OF IMPROVEMENT

By Associated Press.

DUBLIN, Sept. 16.—Men closely in touch with the leaders on both sides of the Irish question in conversations tonight expressed the opinion that the telegram sent to Premier Lloyd-George by Eamonn DeValera seemed greatly to improve the situation. They thought that if the Irish leader's position had been so stated in his letter to the Premier, Mr. Lloyd George probably would not have cancelled the proposed conference.

It is clearly evident here that neither side to the controversy desires a break, but both factions seem unwilling to waive points of principle or make admissions which possible might afterwards prove embarrassing. It is considered here that Mr. DeValera's telegram to the premier withdraws nothing that he previously has contended for, but it is intended to facilitate a decision by the British cabinet in favor of a further conference.

ARREST AUSTRALIANS FOR NOT PAYING TAXES

By Associated Press.

ADELAIDE, Australia, Sept. 16.—Many residents of the Northern Territory of Australia were recently imprisoned for refusing to pay taxes. The federal minister of home and Territories, Alexander Poynton, who has just visited the territory, says a terrorism prevailed there, especially at Port Darwin, where the federal government is adopting stringent measures to restore order, including suspension of trial by jury and deportation of defaulting tax payers.

MEXICO OBSERVES 100TH ANNIVERSARY OF INDEPENDENCE

By Associated Press.

MEXICO CITY, Sept. 16.—The one hundredth anniversary of the proclamation of Mexico's independence was celebrated here today with parades and other festivities such as have marked the centennial festival in progress since the early part of the month. The celebration was ushered in at midnight by the usual anniversary demonstration in the downtown district, culminating in the ringing by President Obregon of the historic bell of Hidalgo and reading the independence proclamation.

The daytime festivities were begun with a visit by President Obregon to the cathedral where he deposited wreaths on the urns containing the ashes of national heroes. Shortly before noon he reviewed a parade of thirteen battalions of infantry and presented each unit with a flag.

SMALL WANTS VENUE CHANGE FOR HEARING

By Associated Press.

SPRINGFIELD, Ill., Sept. 16.—Petitions for a change of venue from Sangamon county and affidavits alleging Judge E. S. Smith is prejudiced and could not give them a fair trial, were filed with the court today by Governor Len Small and Bernon Curtis, Grant Park banker, both under indictment charged with embezzlement and operating a confidence game.

Three formal affidavits of prejudice, one in each of the three cases against the two men, were filed, each affidavit being accompanied by about 100 affidavits by Sangamon county residents in support of the charge.

Lee Forge told the court that the defense was anxious to push the case to an early hearing, but did not object to the ten days' time asked by the state to file an answer to the petition for a change of venue.

Neither Governor Small nor Mr. Curtis came to court.

JURY HOLDS MAN AND WIFE GUILTY

FINE TWO $200 ON CHARGE OF RUNNING BAWDY HOUSE.

After a several hour deliberation a jury in the county court at law Friday afternoon returned a verdict of guilty in the case of B. E. Hurd and wife of Burkburnett, charged with operating a bawdy house and assessed fines of $200 each with 20-day sentences in the county jail.

The trial of the cases opened Thursday before Judge Guy Rogers. The wto defendants, according to the testimony, introduced in the case were the proprietors of a rooming house at Burkburnett which was requented by men and women for immoral purposes.

Hurd was tried last week on a similar charge in the county court at law. The jury failed to reach an agreement in the case.

DAUGHTER WILL GET FARMS BUT NOT MANAGEMENT

CHICAGO, Sept. 16.—The will of Charles B. Cleveland, disposing of a $500,000 estate, left his daughter, Mrs. T. Oscar Kuharske, two farms today. But they were left to the management of the executors.

"I stocked a 211 acre farm near Rockford, Ill., with the best livestock," the will said, "and spent $250,000 to provide every comfort and luxury but it was all frittered away by the most reckless mismanagement. Therefore, I do not consider her safe to handle money or anything which can be converted into money."

The Kuharskes were married 17 years ago, it was said, without Mr. Cleveland's consent.

CALOMEL DYING FAST IN SOUTH

"Dodson's Liver Tone" Is Taking Place of Dangerous, Sickening Drug.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's Dodson's guarantee: Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick, I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.—Adv.

TEN YEARS OF FIGHTING FOR PENNANTS HAVE LEFT THEIR MARK ON JOHN M'GRAW

John McGraw as he appeared on the coaching line while leading his pennant-winning team of 1911 (at left) and as he appears today.

Ten years of fighting for pennants have changed John McGraw considerably in appearance. Back in 1911-12-13, the three years in which he copped the flag without a break, he was fairly lean. There was little gray in his hair. Now he is quite rotund and white-haired. McGraw, of course, has won a pennant since then—copped the bunting in 1917.

GIANTS PULL FURTHER AWAY FROM PIRATES

PITTSBURGH, Sept. 16.—Toney held the Pirates to two hits today and New York defeated Pittsburgh 5 to 0. In the eighth inning Umpire McCormick called Grimm out at second. He ruled that the runner interfered with Rawlings, the Giant second baseman, who was fielding a ball. The decision was greeted by a shower of pop bottles from the stand. One bottle struck McCormick on the head but he was not seriously hurt. At the close of the game he was escorted from the field by 25 policemen. Score:

CONFIDENCE IN BOTH CAMPS ON EVE OF KILBANE - FRUSH GO

By Associated Press.

CLEVELAND, Sept. 16.—The day before the 12-round bout for the featherweight championship of the world between Johnny Kilbane, title holder, and Danny Frush of Baltimore, challenger, found an air of confidence at both training camps, on the outcome.

Kilbane and Frush have trained hard for their twelve-round decision bout at Dunn Field here Saturday.

Kilbane's camp is laid out on a half-acre country estate on the shore of Lake Erie, east of the city. Frush has his living quarters near Beulah Park, also on the lake, but does his boxing at a gymnasium on East Fifty-fifth street.

The ring in which the champion works is the same in which he knocked out George Chaney at Cedar Point. Kilbane also has an eight-room house, a new barn which has been converted into a gymnasium, an outdoor sleeping tent, rifle range and outdoor handbal court.

Up early in the morning, the title-holder spends two hours on the road. The balance of his morning is devoted principally to resting. In the afternoon he engages in strenuous outdoor work, such as wrestling, handball, indoor baseball, bag punching and boxing. He boxes four to six rounds every other day.

Frush is very close to 126 pounds, the weight he is required to make on the day of the bout. He goes on the road for five miles every morning, coming to town in the afternoon for boxing and conditioning stunts. His chief problem from now on is to get all the boxing he can and yet retain his weight and strength.

When Kilbane meets Frush, it will be his eighty-sixth bout as featherweight champion, and the third time he has participated in a decision battle. Johnny Dundee and George Chaney were his opponents in previous bouts at which the title was at stake.

The champion has fought 135 times since he entered the ring in 1907 for his first professional bout. Including the $60,000 he will be paid for the Frush engagement, win, lose or draw, he has earned nearly a quarter of a million dollars in the ring. He has boxed 1,150 rounds, being paid an average of $1,838 a contest.

A list of the battles in which Kilbane drew down substantial amounts were:

Georgfe Chaney, $14,000; Benny Leonard, $11,000; Artie Root, $11,000; Benny Valger, $9,500; Andy Chaney, $5,000; Frankie Burns, $5,500; Kid Williams, $5,000; Abe Attel, $3,600; Freddie Welsh, $2,500.

Kilbane's money has been invested principally in Cleveland real estate. He probably is the largest owner of two-family houses in the city.

The $60,000 purse which Kilbane will receive for boxing Frush is the largest in the history of the featherweight division. Frush's share will be only $2,500—his training expenses.

HIGH SCHOOL GRID TEAM TO PLAY TODAY

The Wichita Falls high school football eleven will receive its first rough workout of the 1921 season this afternoon at 4:00 o'clock, when the team will stack up against the high school alumni in an exhibition game on the junior high school grounds.

No admission will be charged, and it is expected a big crowd will turn out to get in line on the school's new football talent, and to "kid" some of the old boys on the alumni eleven. The high school this year has eight men of former experience, and a big squad of new men have been reporting daily for work under Coach Harbaugh. The boys have been going through rudimentary drilling for two weeks, and it was stated last evening that the players will all be in good physical shape for this afternoon's scrimmage.

The high school eleven will probably start the game as follows: Joe Keevil, left end; Cliff Waggoner, left tackle; Sam Hildreth, left guard; Capt. Leo Haney, center; Gerald Coffey, right guard; Nelson Sims, right tackle; Joe Hembree, right end; either Tom Miller or Al Chewing, quarterback; Bennett Moore, left half; Gorman Kennedy, right half; Bill Walker, fullback.

Keevil, Waggoner, Haney, Chewning, Moore, Kennedy and Walker are all letter men. It is expected that a number of other players will be used in the course of the game, including McKechney, Woods, Johnson, Anderson, Shaw, Caldwell and several more. The game will be mainly for the purpose of getting a real line on the ability of the players, so that as strong a line-up as possible may be ready for the opening game with Vernon high school two weeks later.

GIBBONS AND CARP TO BOX IN FEBRUARY

NEW YORK, Sept. 16.—Georges Carpentier will meet Tom Gibbons of St. Paul for the world's lightheavyweight boxing championship next February at Madison Square Garden. Tex Rickard, promoter, received today a radio message from Manager Descamps in which the latter stated that Carpentier would be ready and fit by that time to defend the title he won from Battling Levinsky.

"I had no doubt that the French idol would return here and meet Gibbons, according to the contract I have with him," said Rickard. "Carpentier never enters the ring unless he is fit and he wanted plenty of time to rest the injured hand he hurt in the Dempsey bout. I have no date set for the match but will likely stage it the first week in February."

The bout originally was to have been held October 12, at Jersey City.

HARDING AUTOGRAPHS BALL FOR HORNSBY DAY

ST. LOUIS, Sept. 16.—A baseball autographed by President Harding will officially open the game between the Pittsburgh National League team and the St. Louis Cardinals here Friday, September 30, when a "Roger Tornsby" day will be observed. The baseball will later be presented to Hornsby.

EASTERN GOLFERS WIN PRELIMINARY TO NATIONAL PLAY

ST. LOUIS, Sept. 16.—The eastern team of eight today won the intersectional team contest played as a preliminary to the national amateur golf championship at the St. Louis Country club with a score of 631. The mid-western team was second with 685 while the southern team scored 654 and the octet from the Pacific northwest 666.

The best individual score w as 35-35-70, returned by "Bobby" Jones of Atlanta, while Jesse Guilford, Boston, had the second best score of 34-39-73.

Jones' 70 was one under par and constituted a record for the reconstructed course, which measures more than 6,400 yards. A heavy rain storm fell on the late finishers and forced many scores above the 800 mark.

CZAR WORTHY SETS WORLD MARK FOR TROTTING GELDINGS

SYRACUSE, Sept. 16.—A new world's record for a three year old trotting gelding was set here this afternoon when Czar Worthy, sired by Czar Peter, and a grandson of Axworthy, trotted a mile in 2:08¾. Czar Worthy was driven by Tommy Murphy, the Poughkeepsie reinsman. Today's record was the third set by him during the week.

WISDOM and WORSE

By C. F. C.

The Spudder army has dwindled to a battalion. Jake Miller is now somewhere between Texas and Maryland, headed for his home in Baltimore; Bescher did not go to Fort Worth with the team; Rube Marshall and Tex McDonald were still in the city when the club headed for Tarrant county; Bunny Allen is reported to have departed these parts—and one by one the gang is splitting away.

Hope Skipper Walter has got enough men in Fort Worth to hold that second place berth for the club. Indications point to the fact that George Whiteman isn't going to quit driving his Houston Buffs after that location until every vestige of a chance is gone.

Last Wednesday three twirlers whose names in former years gave every fan a thrill suddenly stepped into the limelight on the same day, and each turned in a perfect shutout game of ball. Walter Johnson, the greatest speed ball pitcher the game ever knew, blanked St. Louis 1 to 0; Grover Cleveland Alexander, than whom there was no than-whicher once upon a time, turned in a 10 to 0 victory for the Chicago Cubs over the Phillies, and Herb Pennock, of the Boston Red Sox, shut out Detroit 1 to 0.

Those old boys have still got something in reserve, and every once in so often they glaze as brilliantly as in days long gone.

Speaking of pitchers, it's up to the Spudders to start next season with a reorganized hurling staff. They've got so many hurlers hanging around right now, it's a cinch someone will have to go next spring. Looks off hand as though Jumbo Ramsey and George Knadler would be two good men to have on deck when the 1922 season opens. Ramsey has shown himself to be a real twirler, while Knadler apparently needs nothing but seasoning to be a consistent winner. The Walters youngster has a world of stuff, and we believe he'd be a humdinger with a little better control.

"Cost of Living Takes a Drop"—headline. Since the passage of the Volstead act, we've noticed, almost everyone "takes a drop" when they can get it.

Billy Shade, who has been cleaning up royally in Australia, is due back in the United States next month—and unless we're sadly mistaken some light heavyweights are due to face stormy weather. Shade went to Australia as just an ordinary welterweight. He took on every man the Australian promoters trotted out—and he didn't lost a scrap. He knocked out Hubie Hinton, Fred Kay, Tommy Uren, Francis Charles, Roy Lockwood, Jack Quinlan and a number of others, and he beat the daylights out of Jimmy Clabby. The Australian press went wild over Shade, Corbett in The Referee stating that "he is a second Les Darcy, and the best light heavyweight seen here in many a year," while the boxing expert of The Sportsman remarked, apropos of his bout with Clabby, "he is the only man in Australia who ever knocked Jimmy Clabby down. Jim was nearly out."

Studiums, Ltd., offered Georges Carpentier $1000,000 to face Shade in an Australian ring. The offer as yet hasn't been accepted by the Frenchman, but it indicates even more clearly what they think of Shade in the Antipodes.

There are more than 500 games on the football schedules of the more important southern universities and colleges this fall, beginning September 24th and closing December 3rd. Intersectional games also are far more numerous this season than ever before, with southern teams scheduled this year to face Harvard, Yale, Princeton, Navy, Pennsylvania, Dartmouth, Rutgers, Penn State and Detroit on northern gridirons—while Dartmouth will travel to Atlanta to face the Georgia eleven.

There is considerable talk already onfoot regarding football and basketball teams here in Wichita Falls this fall and winter. Many members of the University Club have been quietly discussing the organization of a football team, to be composed of former university and college stars from every section of the country who are now residents of this city—while Harry Viner, of the William-Mary hotel, has been organizing a basketball team from a squad of university men registered at that hostelry.

The middle west is coming to the front fast in golf—in feminine golf, or rather masculine golf played by feminine stars. When the women's western amateur championships were played recently over the Westmoreland club course at Evanston, Ill., three youthful players attracted national attention. They were Miss Frances Hadfield, of Milwaukee; Miss Jeannette Kinney, of Cleveland, and Miss Miriam Burns, of Kansas City—and each gave promise of developing into a player of national, and perhaps international, prominence. Miss Hadfield shot an 84, the lowest medal score of the big event and went to the semi-finals before meeting defeat; Miss Kinney won the annual driving contest with an average over 200 yards, and Miss Burns gained fame when she defeated the playing through champion, Mrs. F. C. Letts of Onwentsia.

Henry Sullivan, of Lowell, Mass., recently failed on his fourth attempt to swim the English channel. Swimmers from every nation have tried repeatedly to cross that restless stretch of water at its narrowest point, between Dover and the French headland of Cape Gris Nez—but only twice in history has success been recorded. In 1875 Captain Matthew Webb, an Englishman, made the swim in 21 hours and 35 minutes, actually swimming about 32 miles and being favored by a light wind and a comparatively calm sea. William T. Burgess, also an Englishman, crossed in 1911 on his sixteenth attempt, and covered almost sixty miles in doing so.

Sullivan says he will try it again, while Omer Perrault, of Canada, and Tiraboschi, Italian swimming champ, also are training for the channel swim.

But swimming the English channel, battling tide and choppy sea and the stings of jellyfish for weary hours, with no financial reward at the end of the long pull, nothing in fact but the later ability to throw out one's chest and say, "I did 'er!"—well, we can think of a number of ways in which to extract more enjoyment from the passage of some 20 odd hours.

CASE AGAINST YOUNG GRIFFIN IS CONTINUED

The trial of the case of A. E. Griffin, son of T. E. Griffin, marshal at Burkburnett charged with vagrancy, was continued until this morning in the county court at law late Friday evening. The trial of the case was reopened just before adjournment at the request of both state and defense attorneys after both sides had rested.

Considerable heat was shown in the case. At one time during the afternoon, Judge Guy Rogers ordered a deputy from the sheriff's department to come into the court room after one of the attorneys for the defense had repeatedly refused to carry out the court's instruction in regard to the submission of certain testimony.

Hints that the case was the result of political rivalry at Burkburnett between two factions was frequently made by defense counsel and witnesses. The trial of the case was largely attended by Burkburnett residents.

JURY ASKS TIME TO CONSIDER CASE

BODY UNABLE TO REACH VERDICT IN DAMAGE SUIT

After considering the issues submitted several hours Friday the jury in the case of A. T. Fikes against the Pond Laundry company on trial in the 89th District court asked for further time to consider the case. The court was adjourned until this morning when the jury will again consider the case.

The suit is for $15,000 damages for injuries alleged to have been sustained when a delivery car of the defendant company run over the plaintiff on Eighth street in April of this year.

OFFICE OF COUNTY CLERK OPEN TODAY

COURTHOUSE DEPARTMENTS WILL REMAIN CLOSED SATURDAY AFTERNOON

The county clerk's office will be open on Saturday afternoon beginning today, according to information Friday from W. T. Harris, county clerk. The office will be kept open until 5 p. m., as on other week days.

Some of the other offices at the courthouse will be kept open on Saturday afternoon after October 1 during the fall and winter months. Other will close at 1:00 o'clock as has been customary at all offices during the summer months.

It is understood that the district and county courts will continue as far as possible to close at noon on Saturday although holding sessions during the afternoon when [illegible] necessary ment to that effect Friday.

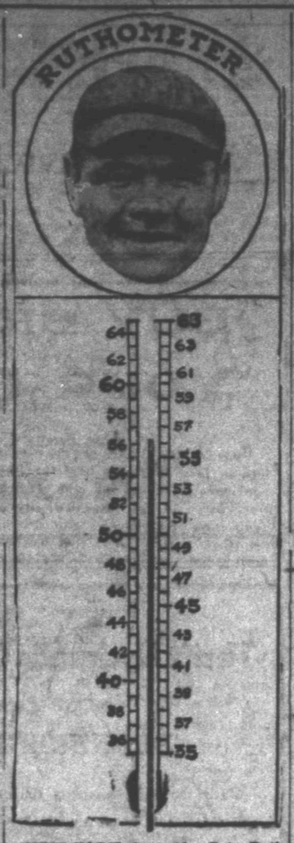

BRINGS SUIT ON DRILLING CONTRACT

BURKBURNETT PETROLIA SYNDICATE ASKS DAMAGES OF $27,000

Suit for $27,000, alleged to be on a contract, was brought in the 89th district court Friday against William H. Reynolds, real estate owner and former state senator from New York City, by the Burkburnett Petrolia syndicate of this city. The defendant was largely interested in oil development in this section during the boom days of Burkburnett oil development and is widely known by local operators.

The suit involves an alleged contract between the plaintiff company and the defendant as to the drilling of two wells on leases owned by the plaintiff company near Petrolia in Clay county.

According to the petition in return for an interest in certain leases the defendant agreed to drill two tests, one to a depth of 2,200 feet and one to a depth of 3,200 feet. The petition alleges that the two tests were drilled to a depth of 1,000 feet and abandoned. Violation of other terms of the contract are alleged.

NEW YORK, Sept. 16.—Babe Ruth hit his 56th home run of the season in the fourth inning of the game against the St. Louis Browns today. No one was on base. Shocker was pitching for St. Louis.

JUDGE TAKES CASE UNDER ADVISEMENT

Judge P. A. Martin of the 89th District court late Friday took under advisement until this morning the motion of the McMahon Oil and Gas company for an injunction against the Superior Oil Corporation restraining the company from disposing of its casinghead gas to the Interstate Pipe Line company.

In its petition the plaintiff company alleges that the defendant company is under contract to sell its casinghead gas to it.

The answer of the defendant company contends that the plaintiff failed to carry out the terms of their contract and that it is void for that reason.

$3,000 SUBSCRIBED TO GAME FOR OLD MATTY

NEW YORK, Sept. 16.—The National league has subscribed $3,000 for the testimonial game to Christy Matthewson, purchasing three boxes for the contest between the Giants and the Braves at the Polo Grounds September 30.

JOHNSON AND TILDEN MEET FOR CROWN

PHILADELPHIA, Sept. 16.—William T. Tilden, II, and Wallace F. Johnson, both of this city, will meet for the national turf singles tennis championship on the court of the Germantown cricket club here tomorrow. Tilden won his way to the final round in the 4th titular tournament of the United States lawn tennis association by decisively defeating Willis E. Davis of San Francisco in straight sets 10-8, 6-2, 6-1 and Johnson won from James O. Anderson of the Australian Davis cup team, 6-4, 3-6, 8-6, 6-3.

In each match there was one decisive set, that between Tilden and Davis being the first while the third set was the turning point in the Johnston-Anderson contest.

Davis went out to do or die against the champion and by the very force of his service and terrific return strokes made the titleholder play extraordinary tennis to win the initial set. There were repeated service aces by both players and sizzling placement returns which electrified the gallery of 8,000 spectators but while Davis flashed some sensational tennis, he could not hold his game to the level needed to defeat Tilden and after losing the opening set to, faded physically under the severe strain of battling with and racing after the Philadelphian's returns. While there was but a slight margin in favor of Tilden in errors the champion's earned points so far over balanced Davis that the reason for his victory was very plain.

The battle between Johnson and Anderson was far better sustained and the very uncertainty of the outcome kept the gallery interest at high pitch. The Australian was the aggressor in a majority of the games and played beautiful tennis at times, his half volleys and forehand shots being almost phenomenal. He handled Johnson's chopstrokes when they were placed to deep court in almost faultless style but when forced to come up close to the net for low returns he piled up a tremendous number of errors. Anderson outplaced Johnson almost three to one in placements, some of his passes to the corner being worthy of R. Norris Williams at his best.

LODGE YOUTHS IN DALLAS JAIL FOR SAFEKEEPING

By Associated Press.

DALLAS, Texas, Sept. 16.—Three youths charged with murder in connection with the killing of two weeks ago near Aledo of James McNeal of Fort Worth, service car driver, have been brought to the Dallas county jail for safe keeping. They are Forest Dawson, 14; Cecil R. Jensen, 18, and Wayne Todd, 19. Feeling is said to be intense in Parker county against the prisoners.

The Dallas county jail also became temporary refuge today for Elsy Stepp, 55, and his nephew, Arley Stepp, 28, of McKinney. They were rushed here by officers, because, it was said, public feeling was running high against the men following the finding of the body of Hardy Mills in a well six miles from McKinney.

SANARDO MAKES GRAND CIRCUIT MILE RECORD

SYRACUSE, Sept. 16.—The fastest mile in a race made by either pacer or trotter in the grand circuit this year was made this afternoon when Sanardo, driven by Tommy Murphy, in the second heat of the 3:03 pace, finished the mile in 1:59¾ and incidentally broke the track record of 2:00 flat.

W. L. Hawkins of 2306 Tenth street, will leave Monday for Dallas where he will enter Baylor College of Medicine.

COLLISION WITH AUTO INJURIOUS TO A SMALL BOY

Sustaining a fractured leg with severe bruises on the arms and face, Robert Thornton, fourteen year-old boy was thrown from his bicycle when he collided with an automobile driven by Charles Hughes at the corner of Indiana and Eighth streets Friday noon.

The injured boy was immediately removed to the Wichita General hospital following the accident. His condition was reported as satisfactory Friday night at the hospital. According to eye witnesses the collision occurred when the victim dodged meeting another car, throwing him in the path of the automobile driven by Mr. Hughes.

MRS. MALLORY WILL PLAY BOSTON GIRL IN EASTERN FINALS

PHILADELPHIA, Sept. 16.—Mrs. Molla Bjurstedt Mallory of New York, national champion, and Miss Edith Sigourney, Boston, meet tomorrow in the final match of the women's middle Atlantic states lawn tennis tournament at the Philadelphia Cricket club. Mrs. Mallory won her way to the finals today by defeating Miss Alleb Townsend, Philadelphia, 6-, 6-3, while Miss Sigourney won her semifinal match from Miss Martha Bayard, Shorthills, N. J., 7-5, 6-1.

ELECT NEW MEMBERS OF Y. W. BOARD

Changes in the personnel of the executive board of the Y. W. C. A. occasioned by the resignation of several members featured the September meeting held at the Y. W. C. A. recreation rooms Friday morning.

The resignation of Mrs. C. J. Coyne, director of the cafeteria, was accepted with regret, and the board began consideration of a new director. Mrs. Coyne will leave October 1 for Seattle, Wash., to make her home.

Mrs. M. M. Adickes will serve as chairman of the finance committee until the October meeting, this vacancy being caused by the resignation of Mrs. Everett Jones. The resignation of Mrs. J. W. Culbertson, chairman of the membership committee, on account of ill health, was accepted. Mrs. Culbertson being retained as an inactive member until her health permits her to resume the responsibility.

Mrs. E. T. Duff was elected to membership on the board, and Miss Era Dawson, local young business woman was asked to accept the chairmanship of the Young Women's council which is to be formed within the board, comprising a representative member of each of the employed and business girls' groups, thus gaining direct representation on the board.

Upon request from the national field, the board voted to send the general secretary of the local association and two other delegates to the field conference to be held in Dallas the first week in November.

A detailed report given by Miss Margaret DuBose, general secretary, who attended the national Y. W. C. A. conference at Estes Park, was also a feature of the meeting. Reports were read from the Travelers' Aid, Business and Employment, and Service departments, and approved.

The meeting was presided over by Mrs. C. R. Hartsook in the absence of Mrs. W. W. Silk, the president, and Mrs. E. M. Evans acted as secretary in the absence of Miss Pauline Richolt.

KNICKERBOCKER TELLS OF PAST ACHIEVEMENTS

"I have been in the habit," said Dr. H. D. Knickerbocker, pastor of the First Methodist Church, South, corner 10th and Lamar, to a reporter of the Record News, "of telling you reporters about what we are going to do on the coming Sunday or in the near future, but I seldom tell you about what we have done. In today's story I want to combine the two.

"Last Sunday was my first Sunday after my vacation. In the Sunday school we had an attendance that more than doubled that of the same Sunday a year ago. We had a splendid congregation in the morning and at night what looked like an acre of folks in the star lit tabernacle. I had a good time as a prelude to the night service giving away that bunch of money that I had promised. All sorts of people got some of it—a preacher, a policeman, a little baby, boys, a bunch of children, ugliest man in the audience, bald headest man in the audience, the youngest child in the audience, the brave people who sat on the front seat, etc. There were a number of conversions and accessions to the church during the day. The fact is our church has the extraordinary record of having conversions practically every Sunday throughout the year. We are now in our fifth hundred of accessions for this year.

"Wednesday night we have several hundred out to a great church conference meeting, where every department of the church was represented, and every department met in council and made aggressive and enthusiastic plans for the future work of the church.

"Next Sunday we will begin a series of great feature services, that is no service without some great, special, novel, outstanding feature.

"There are going to be eight features in the services Sunday. Here they are. Count 'em!

A. Sermon at 11 a. m. at the church, corner 10th and Lamar, by H. D. Knickerbocker, pastor. Subject: 'Good News for 'Fatty' Arbuckle, Henry J. Toussaint, et al." It's a vivid, startling, powerful subject.

B. Singing by great chorus choir of forty.

C. Stirring orchestral music at the night service at 7:45 o'clock in the moon-lit open air, corner 11th and Scott.

D. Echo singing by E. C. Hucksbee and Eolian quartette at the night service. Novel and beautiful.

E. Subject of night sermon: "A Wog Versus a Chicken." Illustrated with two live boys, a live dog and a live chicken!

F. Strong, witty, live lecture by Judge John C. Kay to the big "Knickerbocker-Kay Klass" of men at the Olympic theater at 9:30 a. m.

Dramatic readings by Miss Alzada Knickerbocker at the night service.

H. Seventy-five teachers, an orchestra and a thousand happy folks at Sunday school at 9:30 a. m.

PURE-BRED LIVESTOCK ON FARMS IN UNITED STATES.

The Bureau of the Department of Commerce, announces, subject to correction, the following preliminary figures from the 1920 census of agriculture for the United States:

Total number of farms	6,448,366
Number reporting—	
Domestic animals	6,118,958
Pure-bred livestock	693,724
Per cent of all farms reporting purebred livestock	10.8
Per cent of farms reporting domestic animals that reported pure-bred livestock	11.3
Number of horses:	
Total (revised)	19,785,933
Pure-bred	120,540
Per cent of all horses	0.6
Number of cattle:	
Total	66,810,836
Pure-bred	1,981,514
Per cent of all cattle	3.0
Number of sheep:	
Total	35,033,516
Pure-bred	463,504
Per cent of all sheep	1.3
Number of swine:	
Total	59,368,167
Pure-bred	2,049,900
Per cent of all swine	3.5

Of the total number of farms in the United States on January 1, 1920 (6,448,366) according to the Fourteenth Census, 6,118,958 reported domestic animals of any kind, and 693,724 reported pure-bred livestock. Thus in 1920, 10.8 per cent of all farms reported pure-bred livestock, while 11.3 per cent of the farms which reported domestic animals reported purebred livestock.

Of the 19,785,933 horses on farms in the United States on January 1, 1920, 120,540, or 0.6 of 1 per cent were classed as pure bred. The states reporting the largest percentages of pure-bred horses were as follows: Illinois, 1.2 per cent; Rhode Island, 1.1 per cent; Iowa, 1.1 per cent; Massachusetts, 1 per cent; Vernon, 0.9 per cent; Ohio, 0.9 per cent; Kentucky, 0.9 per cent; and Kansas, 0.8 per cent.

The states reporting the largest numbers of pure-bred horses in 1920 were Illinois, with 15,559; Iowa, with 15,450; Kansas, with 8,396; Ohio, with 7,257; Nebraska, with 5,654; North Dakota, with 5,636; South Dakota, with 5,321; and Indiana, with 5,265.

The number of pure-bred cattle on farms on January 1, 1920, was 1,981,514 or 3 per cent of the total number of cattle (66,810,836).

The states reporting the largest numbers of pure-bred cattle were as follows: Iowa, 171,645; New York, 155,185; Wisconsin, 137,927; Texas, 113,107; Illinois, 109,996; and Missouri, 102,939.

The percentage of all cattle which were pure bred ranged from less than 1 per cent in Louisiana and Florida to 9.3 per cent in Massachusetts. The states reporting the largest percentages of pure-bred cattle in 1920 were Massachusetts, with 9.3 per cent; New Hampshire, with 7.7 per cent; New York, with 7.2 per cent; Vermont, with 6.8 per cent; New Jersey, with 6.5 per cent; Connecticut, with 6.3 per cent; and Maine, with 6.1 per cent. These states are interested primarily in raising cattle for dairy purposes.

Out of a total of 35,033,516 sheep on farms in the United States on January 1, 1920, 463,504, or 1.3 per cent. were classed as pure bred.

The states reporting the largest percentages of pure-bred sheep were as follows: New Jersey, 10.7 per cent; Connecticut, 7.8 per cent; Massachusetts, 6.6 per cent; Vermont, 4.8 per cent; Rhode Island, 3.6 per cent; New York, 3.2 per cent; and Pennsylvania, 3.1 per cent. On the other hand, the largest numbers of pure-bred sheep were reported in the following states; Idaho, Ohio, Oregon, Utah, California, Montana, Michigan, Iowa, and New York.

Of the total number of swine on farms in the United States on January 1, 1920 (59,368,167) 2,049,900, or 3.5 per cent, were pure bred.

The states reporting the largest percentages of pure-bred swine were Massachusetts, with 6.3 per cent; Connecticut, with 5.5 per cent; New Hampshire, with 5 per cent; North Dakota, with 4.8 per cent; South Dakota, with 4.8 per cent; and Illinois, with 4.7 per cent. The states reporting the largest numbers of pure-bred swine were as follows: Iowa, 289,042; Illinois, 215,965; Indiana, 159,896; Missouri, 148,811; Nebraska, 112,502; Minnesota, 90,443; and Ohio, 86,908.

LESS DEPENDENCE ON COTTON.

(George Robinson in Waco Times Herald.)

The Kansas City Star has this discussion of a very pertinent subject:

"Last year the South plunged again on cotton. With good supplies on the crop on hand and with the price around the dizzy height of 43 cents a pound, almost a record acreage was planted in the spring. The South had no thought of the fact that only six years back cotton could scarcely be marketed for 6 and 7 cents a pound. It had forgotten the economic demoralization of the section for a year after the great war broke in Europe, when the price of cotton suddenly had been cut in half, while other prices generally were increasing. The crop of 1920 was planted, regardless. And the big yield came around in the fall, nearly 13 1-2 million bales.

"But before it had been harvested something else had struck the country, including cotton. Recovery from the price and spending orgy of the war period was on. Cotton prices were dropping; they continued to drop, until daily market reports came like sickening thuds to the planter, the cotton mill man and the merchant. The almost unparalleled move was not halted until cotton had gone to 10 cents a pound, and even lower, less than one-fourth of its price a few months back.

"Another plunge on cotton apparently had brought disaster. But this disaster was faced with courage, admirable for its persistence if not for its wisdom and regard for general economic welfare. Last fall the South, almost as a unit, resolved not to sell its cotton. It kept that resolution, although the penalty has been business depression almost unimaginable in other sections of the country.

"Will the South stop plunging on cotton? It can cultivate other crops profitably. It is not dependent on cotton; but it knows, probably too well, that the rest of the world practically is dependent on the cotton the South produces. The section proceeded with circumstances this year. It did last spring what it had never done so well before in reducing its cotton acreage one-third. Then the weather, as fickle sometimes as the New York Cotton Exchange, and the boll weevil did something else. They made the condition of the crop just 49.3 per cent as of August 25, and the prospective yield this year just seven million bales.

"Now cotton is advancing in price. A few days ago it was nearly double the price of a few weeks ago. Mills are resuming full time; unemployment and the business conditions in the East and South are finding one source of relief. Will a continuance of this condition mean another plunge on cotton planting next year? The South is planning in the other direction and has said, 'Never again.' We shall see."

And why did the South plunge last year on cotton? Why, the urge came from Washington and elsewhere to plant heavily; the world needed the cotton, it was said, and no effort should be spared to supply the need. The men of the South gave heed to the call; they strained their credit to insure a big crop. But along about gathering time came the crash, some say the result of the bankruptcy of Europe, and others say the result of the policy of deflation, but it was a condition brought on the South by trusting too implicitly those who assumed to know what the situation demanded. As says the Kansas City Star, the South can cultivate other crops profitably, and it may be confidently set down that the South will proceed to do that very thing, depending less and less on cotton.

William M. Wood of Boston is the Wool king of America. No, not the wool king but the king among the manufacturers of woolen goods. Wood wrote the schedule of the Alrich tariff law. He is home from Europe. He says Germany is making goods at cost far below the American cost. He says trade follows the price and not the flag. Be it known that Chester L. Dane, president of the American Woolen Products Company and an associate of William M. Wood is said to have secured options on the products of mills in Germany, Austria and other countries of central Europe. This should be interesting to the Republican tariff makers. William W. Wood is a life-long republican. He believes in a high tariff on woolen goods but the raw material on the free list.

Judge Albert W. Gary of the Steel Trust is a way down in Mexico. Walter C. Teagle of the Standard Oil Company has returned to New York city from Mexico. All the great captains of industry appear to have their eye on Mexico. President Obregon is in the saddle. He has created a stable government. He has the confidence of his people. He has the confidence and respect of all Americans who enjoy his acquaintance. Mexico in natural resources is as rich as miser's secret hiding place. Mexico has a population of 15,000,000. Mexico owes a foreign debt of $5,000,000. Now why not give Mexico a chance?

Thomas Lamont, the New York banger is going to Mexico on "personal business." Mexico owes foreign banks and foreign governments $5,000,000. There is an international committees bankers on Mexico. Thomas amont is a member of the committee. His personal business concerns the men who are carrying the sack. They want a settlement. Uncle Sam is carrying the sack to the tune of $11,000,000,000. Great Britain and France are his chief debtors. Some day Uncle Sam may weary of the work of carrying the sack.

At Dallas a woman had $10,000 worth of diamonds stolen from her room. Before leaving the house she hid all her jewels in the closet of her room. Isn't it queer that a professional burglar would trail a woman from Vinita to Dallas to dispoil her of her wealth. In these glorious highjacking days a bank's strong vault is the place for diamonds and other jewels and the bank is the place for the cash accumulated by an enterprising citizen.

They say that "the ticker tells the story." Well, on September 13 wheat declined 4 cents in Chicago and flour advanced 50 cents a barrel in Dallas. Now what is the story that the ticker told?

According to the senate finance committee the repeal of the excess profits tax will come January 1, 1922 instead of January 1, 1921. And Woodrow Wilson recommended its repeal in 1918 and there has been a Republican congress grinding ever since.

Rippling Rhymes

THE NEW DRIVER.

I said to James Augustus Barr, when first he bought himself a car, "Shun streets where crowds are thick; hunt up some thoroughfare remote, and there propel your panting boat until you've learned the trick. The half-baked driver is a frost, and many priceless lives are lost for his besotted sake; emergencies arise, alas, and then he steps down on the gas when he should use the brake. I beg you, J. Augustus Barr, to keep off Main street with your car, until you've learned to drive; because of drivers brash and new ten thousand sleep beneath the dew, who still should be alive." But James Augustus is a bore who knows it all, and then some more, and balks at counsel wise; and so he tooled his boat along, among the Main street shopping throng, and crippled seven guys. And of the seven five will sue to get the money they feel due for sundry broken limbs; and two in righteous wrath have said that they will punch the driver's head, and blacken both his glims. And it is certainly a shame that boobs, before they've learned the game, may drive through crowded marts; the cops should pinch such lads at sight, and straightway jail them over night, and confiscate their carts.—Copyright by George Matthew Adams

I called upon another friend,
I stayed with him a while;

Pimples Denote Waste Products In The Blood

So Do Blackheads, Boils and Similar Skin Disorders.

The human system is forever striving to get rid of the waste products. It is a life-work which goes on forever. When waste products get in the blood, they cause a lowered vitality. As a result, we become subject to many painful and embarrassing ailments.

When these symptoms appear, Nature is warning us. To throw off the waste products, the blood must be purified. Don't clog your blood. Just clean it out. Nature will do the rest. Pure rich, red blood nourishes the body and fights off disease.

S. S. S., the standard blood purifier and system builder, is the ideal remedy for skin eruptions. The effect of S. S. S. is to rid the system of the waste products which are causing the trouble. For over 50 years S. S. S. has proven to be of unusual merit. Begin taking S. S. S. today and write for 50 page illustrated booklet, "Facts About the Blood"—free.

Breakfast Stories

Admiral Sims said at a dinner party in New York:

"Youth is always an extremist. Take, for instance, the battleship question. We middle-aged sailors are just now asking ourselves exactly how much the submarine has impaired the value of the battleship, but youth has got the question settled for good and all.

"'What is the value of the battleship today?' I said to a naval cadet at a luncheon.

"'No damned value at all,' he answered.

"Then he thought a moment and added:

"'Of course, she's got a very nice deck for dancing.'"

FROM AROUND THE STATE

SEYMOUR.

SEYMOUR, Texas, Sept. 16.—Public schools close Thursday and Friday for the Baylorm County Fair and the formal opening will take place next Monday morning at the grade building.

A large number of enterprising business men of Seymour have put new life into the Chamber of Commerce. Secretary O. McDaniel called up the subject of housing which was given a thorough discussion as well as the S. F. F. Highway proposition.

Cotton has been selling around 20 cents. More than 800 bales have been ginned in Seymour and considerable carryover cotton has been sold. Cotton growers are happy over the advance in price and business men rejoice as it turns loose a lot of money and liquidates a lot of frozen assets.

Mrs. I. E. Haggard and baby of Wichita Falls who were visiting Mrs. R. A. Ranson, the mother of Mrs. Haggard, has returned home.

Miss Lucile Goss has gone to Oklahoma City to begin her work in the public schools of that place. Miss Goss is one of the most accomplished of teachers, a graduate of the University of Texas and this will be her second season in Oklahoma City, where she gave splendid satisfaction last year.

Mrs. Ralph Maricle and Mrs. R. N. Ransbury of Wichita Falls are visiting Mrs. C. Burchel and taking in the fair and rodeo sports.

Cotton seed is selling at $25 per ton and the Cotton Oil Company has begun operations and will run day and night until the season is over.

Judge J. H. Wood and family have moved to Clarendon, their future home to the regret of their friends in Baylor county.

CLARENDON.

CLARENDON, Texas, Sept. 16.—Showing productive quality of land in Donley county for the growth of tomatoes, Edwin Baley living a short distance west of Clerandon brought to town today a single stem of tomato vine with ten large tomatoes attached to same, all in one cluster weighing nearly five pounds.

STAMFORD.

STAMFORD, Texas, Sept. 16.—A large delegation of business men from southwest Texas attended the meeting at Spofford Tuesday at which the status of the Devils river irrigation project was discussed by Ex-Governor Hobby, Engineer F. S. Taylor, and others. Owing to the condition of financial affairs. It is thought necessary to hold all plans for financing the proposition until money matters loosen up, all of which is now shortly expected. The success of the project will mean wonderful growth for all that section of West Texas and it is to be hoped before many months to be able to announce that the project has been fully financed.

BOWIE.

BOWIE, Texas, Sept. 16.—Bowie has received by wagon 250 bales of cotton this season. There is an active market and cotton is coming in.

R. Booth has sold eggs and melons and cream to the value of $329 this season. Near Chico tons of good shipping melons are being fed to hogs and cattle because they are worth more as food to the stock than the prices offered by commission merchants in larger centers.

Bowie schools opened with the largest enrollment in history. Tax payers of the Bowie independent district voted a $1 maintenance tax by a majority of 94. Champions of education rallied and put over the proposition.

Mr. and Mrs. J. W. Fincher have returned from Wichita Falls from a visit with their son, Claud.

Miss Jess Wilson of Wichita Falls visited her parents, Colonel and Mrs. John A. Wilson of this city.

VERNON.

VERNON, Texas, Sept. 16—County taxes for the coming year will be $1.17 instead of $1.19.

It is said that 30 per cent of the Wilbarger cotton crop is being held off the market by the growers. Those who own the other 70 per cent are content to hold it for something better. Cotton is rapidly opening. Pickers are numerous, price for picking $1.00 per hundred pounds. More than 1,000 gales have been received at the public yard and many bales of cotton have been stored at the warehouse.

L. A. Hollar ran first in the race for county superintendent and received a plurality of 187 votes over Mrs. Della Housels. Mrs. Housels carried one box in the county which is not very complimentary to the male voters of Old Wilbarger.

Miss Elsie O'Neil, Miss Frances Kemp, Evans Mason and Shirley McLarty will enter their freshman year at the University of Texas this fall; Miss Maudie Ladd, Bertie Hiatt and Jewell Nowlin will enter Texas Christian University at Fort Worth and Miss Melba Ruth Pickens and Miss Georgia Castleberry will attend Texas Woman's College in that city. Several Vernon girls will attend school outside of the state.

Miss Ruby Thomas will enter her last year in National Park Seminary, Washington, D. C., late in September.

Mrs. Duke Tennison of Wichita Falls is visiting her brother, D. D. Hockersmith.

Mrs. Edna Gilpatrick of Wichita Falls is visiting her parents, Mr. and Mrs. J. E. Pierce.

CHILDRESS FAIR WILL OPEN ON SEPTEMBER 24

Special to the Record News

CHILDRESS, Texas, Sept. 16.—Wednesday, September 21, will be the opening day of the Childress State Fair, and the big show will continue through Saturday, September 24th. Every department of the fair is being built up by a superintendent so that the seventh annual exposition is expected to be the greatest in the history of the fair. The officers of the fair are: D. K. Lyster, president; W. G. Norris, vice-president; T. Paul Barron, secretary, and Will P. Jones, treasurer. Will P. Jones is superintendent of the swine department, and Earl Lewis is assistant superintendent. These men, both of whom are experienced in swine shows have secured entries from several different section of West Texas. The Panhandle, and Oklahoma National Swine Associations have seen fit to offer big prizes in futurity and opromotion shows at the Childress State Fair. These premiums in addition to the liberal premiums offered by the Childress State Fair make this swine show one of the most attractive in the state.

The cattle department superintended by J. M. Crews is filling its allotted space and expects fine exhibits in the Hereford, Shorthorn and Aberdeen Angus breeds.

Full Entries

The sheep and goat department, headed by E. H. Denny. The poultry and rabbit department, headed by Reid B. Scott, and the horse and mule department, with C. W. Mitchell as superintendent, will have full entries of the best livestock in their lines. Lewis Raney is building up a fine agricultural exhibit from Childress and the surrounding counties.

The program for the first day follows:

1. Song and dance by Rastus, dancing negro from Mississippi.
2. Acrobat feat by LeNeer Sisters, greatest lady acrobats on the road.
3. Cake Walk by the "High Society of Childress Best Dancers."
4. Boxing, Ad Wolgast vs Delbert Webb, five rounds.
5. Cogis Brown vs Dick Bowers, five rounds. These boys are noted fly-weights and go in at 118 pounds.
6. Quarter mile dash; purse $100, and entrance fee added.
7. Shetland pony race, ponnies under 50 inches; purse $10.
8. Four and one-half furlongs race; purse $100 and entrance fee added.
9. Saddle horse race, three-eights mile; purse $25 and entrance fee added.
10. Three-fourths mile dash; purse $100 and entrance fee added.
11. Burro race, one-eighth mile; purse $5, saddlers to be under five years of age.
12. Relay race, 1 1-2 miles, three horses; purse $25, and entrance fee added.
13. Wild steer riding; purse $25, entrance fee added.
14. Bucking horse riding; purse $25, entrance fee added.
15. Steer roping; to be roped by head and horns, heeled and hind legs tied; purse $25 and entrance fee added.
16. Calf branding or goat roping; purse $25.

Derby to Be Featured

The second day of the fair will be featured by the Childress County derby, which is a one mile and seventy yards race for a purse of $200.

On the same day, livestock experts representing the West Texas Chamber of Commerce will hold a community meeting at the livestock sale pavilion. This has been designated as West Texas and Panhandle day.

T. J. Jeffries is superintendent of entertainment, and has been allotted a large sum of money by the fair association to provide sufficient entertainment to fill each afternoon and evening during the fair. Clarks Greater Shows will furnish amusements on the midway.

Programs will be issued for each day, and visitors are assured that every day will measure up to the first one. The Childress State Fair enjoys the distinction of being the largest fair in North Texas, and draws patronage from West Texas, Central Texas, the Panhandle, Oklahoma and New Mexico.

PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health.

A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present day diseases, and has for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as autointoxication or self-poisoning. This is also why we develop acidosis, which brings on so many complications such as rhumatism, hardening of the arteries, high blood pressure and other conditions which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

If we are not fit as a fiddle in the morning; if we don't feel better than when we went to bed; if our breath is offensive; and we have that bad taste in the mouth; nature has set the danger signals for us and we cannot afford to neglect the warning that she gives us. That is just why the demand for Tanlac, the great Stomachic, Systemic and Reconstructive tonic has broken all world's records. The American people have learned that it probably provides the surest, safest, and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results.

Tens of thousands of men and women of all ages and in all walks of life afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse have testified publicly that they have been fully restored to their normal health, strength and weight by its use. Still others who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terribly dejected, depressed feelings state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by Tanlac.

NOTE:—Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac Treatment wherever constipation is present.

You cannot hope to get satisfactory results from the Tanlac Treatment without first establishing a free and regular movement of the bowels. It stands to reason that no treatment can do the greatest amount of good when your are suffering from constipation or biliousness, or when your system is clogged up with waste products and poisons.

Tanlac and Tanlac Vegetable pills are sold in Wichita Falls by Miller Drug Store; in Electra by Tarlton Drug Store; in Burkburnett by West End Drug Co. and by all leading druggists.—Adv.

BEFORE AND AFTER CHILDBIRTH

Mrs. Williams Tells How Lydia E. Pinkham's Vegetable Compound Kept Her in Health

Overpeck, O.—"Lydia E. Pinkham's Vegetable Compound helped me both before and after my baby was born. I suffered with backache, headache was generally run down and weak. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and decided to try it. Now I feel fine, take care of my two boys and do my own work. I recommend your medicine to anyone who is ailing. You may publish my testimonial if you think it will help others."—Mrs. CARRIE WILLIAMS, Overpeck, Ohio.

For more than forty years Lydia E. Pinkham's Vegetable Compound has been restoring women to health who suffered from irregularities, displacements, backache, headaches, bearing-down pains, nervousness or "the blues." Today there is hardly a town or hamlet in the United States where some woman does not reside who has been made well by it. That is why Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for such ailments.

Girls! Lemon Juice Bleaches Freckles
Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion whitener.
Massage this sweetly fragrant lemon lotion into the face, neck, arms and hands each day and see how freckles and blemishes bleach out and how clear, soft and rosy-white the skin becomes.—Adv.

DENY BOND TO WOMAN HELD FOR KENNEDY MURDER

By Associated Press.

LOS ANGELES, Sept. 16.—Mrs. Madalynne Obenchain, indicted jointly with Arthur C. Burch for the alleged murder of J. Belton Kennedy, was denied release on bail, in the superior court today.

Council for Mrs. Obenchain moved that bail be fixed on the ground the prosecution had "evidence connecting her with the slaying." The judge ruled he had no right to go behind the grand jury's action in returning an indictment.

NEW YORK COFFEE

NEW YORK, Sept. 16.—After opening one to two points higher coffe futures eased off a few points with December selling at 7.25 or 54 points below the recent high level under further scattered liquidation. There was covering and some trade buying at the decline, however, and the market rallied later to 7.47 for December. March sold up from 7.51 to 7.75 with the active months showing net advances of about 20 to 22 points.

The close was only a shade off from the best and from 11 to 21 points net higher. Sales were estimated at approximately 33,000 bags. Sept. 7.12; Oct. 7.16; December 7.47; January 7.55; March 7.73; May 7.88; July 8.03.

Spot coffee was reported in better demand with prices unchanged at 7⅞ for Rio 7's and 10½ to 11½ for Santos 4's.

NEW YORK SUGAR

NEW YORK, Sept. 16.—Raw sugar was quiet and prices were unchanged at 4.00 for centrifugal for uncontrolled and 4.86 for Cubas.

Raw sugar futures were easier early under continued liquidation but after showing declines of one to four points, prices rallied on covering, closing unchanged to seven points net higher. October closed at 2.62; December 2.38; March 2.33 and May 2.38. Prices were unchanged in refined at 5.60 to 5.65 for fine granulated.

Some scattered liquidation caused a slight decline in refined sugar futures and closing prices were unchanged to five points net lower. October December, May and March closed at 5.40.

COTTON HAS NEW DECLINE TO 19 CENTS

NEW YORK, Sept. 16.—There were further declines in the cotton market today with December contracts selling off to 19.00 and closing at that level, compared with 19.52 at the close yesterday. The general marget closed easy at a net decline of 52 to 67 points, making losses of about 200 to 283 points compared with high prices touched on the storm news of last Saturday.

The market opened steady at a decline of 10 to 30 points on easier late cables from Liverpool, scattering liquidation and southern selling. There were rallies of some 15 to 20 points shortly after the call on rumors of low private condition figures including reports from New Orleans that an association of growers made it only 38.5 indicating a crop of 6,400,000.

There was also some buying on bullish spot advices from the southwest but the bulge met increased offerings, with the market soon becoming nervous and unsettled. Breaks of a 48 to 58 points from last night's closing figures were checked by covering early in the afternoon. Otherwise there appeared to be very little demand and the failure of unfavorable crop figures to stimulate more buying, probably encouraged the afternoon selling. Much of the pressure was attributed to the liquidation of scattering commission accounts and increased southern selling also was reported on the late break to 18.67 for October and 18.85 for January.

The day's weather map was considered favorable and, reports of improving crop conditions in north and northwest Texas were received during the day.

NEW ORLEANS COTTON

NEW ORLEANS, Sept. 16.—Selling out of long contracts mixed with hedge selling and offerings from traders who figured that the market was due for a prolonged downward reaction kept cotton depressed from opening to close today. Last prices were the lowest, showing losses of 64 to 71 points, October closing at 18.44c a pound and Mal at 18.15. It was an active session, but there was an absence of aggressive support the market has been getting in many sessions recently.

The weakness of Liverpool was the main cause of the lower opening and in early trading prices lost about two dollars a bale. Frequent small recoveries punctuated the trading but after most of them there were sags which carried prices into new low ground for the day. Heaviest selling came in the last half hour of trading and much of it appeared to be inspired by private bureau reports on condition of 44.7 per cent. Nromal which it was claimed included the damage done to the Texas crop by tse storm of the last week. This it was considered reflected only normal deterioration.

The weather over the belt was considered highly favorable for picking, being warm and dry and this led to some selling. After the middle of the day reports of easier spot markets in the south increased offerings. Spot here were 50 points lower which reduced middling to 19.00 cents. About the only really strong upturn of the day. Toward noon following a private bureau report placing the condition of the crop at 38.5 and the indicated yield at only 6,400 bales.

DALLAS SPOTS

DALLAS, Sept. 16.—Cotton middling 18.20; steady. At Houston, 19.20; steady. At Galveston 20.00; quiet.

COTTONSEED OIL.

NEW YORK, Sept. 16.—Cottonseed oil made some response early to the decline in cotton but subsequently firmed up through short covering on advance in lard and scarcity of crude offerings. Closing bids were 12 to 18 points net higher. Prime crude 8.00; prime summer yellow and spot 10.00; October 10.05; December 9.65; March 9.76, all bid.

DRY GOODS MARKET

NEW YORK, Sept. 16.—Selling agents today advanced prices on brown and unfinished, ranging from 10 to 30 percent over last quotations due to the sharp rise in cotton this month. Yarns were quiet, but firm on a basis of 34 cents for 10's southern frame cones. Woolen goods were quiet. Burlaps were active. Silks were quiet with a better business reported on novelties.

WHEAT SHOWS NEW STRENGTH ON CABLE NEWS

CHICAGO, Sept. 16.—Wheat developed a little strength today, helped by word that a new German credit was being arranged. The market closed unsettled at the same as yesterday's finish to 3-4c higher; with December 1.29 to 1.29 1-4 and May 1.33 to 1.33 1-4. Cotton finished unchanged to 1-4 lower, and oats unchanged to 1-2 higer. In provisions there were net gains of 2 1-2 to 20 cents.

At first wheat showed considerable weakness owing largely to a sharp break in sterling exchange. Complete ending of the Argentine drought counted also as a bearish factor, as did an apparent lull in export demand. However, sterling turned upward again and more cinfidence in the foreign financial outlook was shown. Bullish sentiment was fostered also by advices which emphasized rain damage to wheat in shock in the northwest.

Corn was easy throughout the day, the bulk of the crop being safe from frost. Prospective better export call tended to strengthen oats.

Higher quotations on hogs gave a lift to provisions.

PORTUGUESE BULL-FIGHT WITNESSED BY YANK SAILORS

LISBON, Sept. 16.—Sailors of the American warships who were entertained in this city when the American squadron visited Portugal, the other day, saw a Portuguese bull-fight and lustily cheered for one of the bulls.

A Portuguese bullfight is more a display of splendid horsemanship and skilful feints than a cruel sport, such as the Spanish bullfight. There is no bloodshed. The bulls are merely teased by the bullfighters and others who pierce his side with their tormenting darts. The horns of the bulls are covered with leather balls so that they can do not great damage and the proof of the skill of the horseman is never to let his horse to be touched by them. He makes his horse curvet around the furious animal, occasionally placing his "ferros" in the bull's neck.

After that a group of peasants wearing green and red caps advance into the ring and each in turn tries to throw himself on the bull, either between his horns or on his neck, and to cling on there despite the frantic attempt of the animal to rid himself. If one succeeds in clinging on all the other peasants rush up and hang on to the bull until he is reduced to impotence.

The American boys chered all this with great enthusiasm but the real outbreak came when one bull leaped after one of his tormentors over a wooden partition and and into a group of bullfighters, scattering them right and left.

Roars of laughter filled the enormous circus and a thundering cheer and cries of "bull, bull, bull" burst from the throats of the Americans.

The bullfighters suddenly forgot their elegant attitudes and studied poses and fled in wild disorer while the amphitheater resouned wieh the laughter and cheers of the Americans.

GRANT ONE CENT RATE TO VETERANS FOR CONVENTION

By Associated Press.

KANSAS CITY, Sept. 16.—Word has been received here by A. E. Hutchings, general executive chairman of teh American Legion national convention committee that a one-cent rate has been granted by members of the trunk line association of railroads. The rate is one cent a mile to veterans and members of their families coming here to attend the convention, and according to Mr. Hutchings, the action of the trunk line association means that a one-cent rate will be available to veterans from all parts of the United States to Kansas City during.

Twenty thousand "brain workers" in Moscow have been dispossessed of their homes to make room for "hand workers."

CATTLE SELL HIGHER, BUT CALVES LOWER

FORT WORTH, Sept. 16.—Cattle sold to a fair inquiry today at prices that were in line with the mid-week decline, but the calf market was again lower and the trade dragged badly. Receipts were estimated at 2,000 head of cattle and 2,500 calves.

Two or three cars of fairly desirable hogs were here, but nothing was toppy enough to bring out the full strength of the market. An outside buyer paid $8.10 for one car, and a load or two went to packers at $8.00. Bulk sales ranged from $7.50 to $8.00. The market was called steady, but prices averaged 10 to 15c better than on Wednesday—the low day of the week. Pigs sold about steady, a few fat butcher pigs clearing at $6.65. Hog receipts amounted to 800 head.

Nothing appeared in the sheep house. Some holdover lambs went at $7.50 and $5.25. Quotations:

Cattle—Beeves $3.00@6.00; stockers $3.00@4.75; cows $2.25@4.50; canners $1.25@2.25; heifers $3.00@6.25; yearlings $3.00@6.50; bulls $1.50@2.75; calves $2.00@6.00.

Hogs—Light $8.00@8.25; medium $7.75@8.00; mixed $7.00@7.75; common $6.00@7.00; heavy $7.50@7.75; rough heavy $6.25@6.50; pigs $6.00@6.50.

Sheep—Lambs $5.50@7.50; yearlings $4.50@5.00; wethers $4.25@4.50; ewes $3.00@3.25; culls $1.00@2.00; goats $1.25@2.25; stockers $2.00@3.00.

KANSAS CITY LIVESTOCK

KANSAS CITY, Sept. 16.—Hogs 1,200; mostly strong to 10c higher; best mediums to packers and shippers $8.30; bulk $7.25@8.25; packing sows and stock pigs steady.

Cattle 1,300; beef steers strong to 15c higher; fresh grassers $5.15 to $6.80; canners strong; bulk around $2.25; calves steady to weak; top vealers $10; common to good heavies $3.50@6.50; cows $3.00@4.75; common grass heifers $4.00@4.25; feeder steers $5.10@6.10; stockers $3.50@5.00.

Sheep 1,500; sheep and yearlings around 25c higher; fed shorn yearling wethers $6.00; best native ewes $5.00; common to medium natives strong; best $8.50.

GASOLINE WAR IN FORT WORTH BROUGHT TO END

By Associated Press.

FORT WORTH, Sept. 16.—Gasoline filling stations, with one exception, here today raised their price from 14 cents to 18 cents a gallon, thus ending the "gasoline war," which began several months ago. One station is maintaining the 14 cent price.

THIRD VICTIM OF KNIFE FIGHT DIES

By Associated Press.

GALVESTON, Sept. 16.—The third death resulting from a knife fight which occurred Tuesday night on board the Japanese steamer Orzan Maru as it arrived in port, occurred today. Chigchi Shozugki was the third victim of the fight and died in a local hospital. A Filipino sailor is charged with murder in all three cases.

The largest farms in South Lincolnshire, England, are so well organized that they are more like factories than farms.

PROFESSIONAL TRADERS TAKE STOCK MARKET

NEW YORK, Sept. 16.—Profession traders again were in undisputed control of the stock market today but the bullish or constructive members of that party encountered frequent opposition from the short interests.

Dealings were much lighter than on Wednesday, when new high records for several months was reached. The movement, however, embraced almost as many issues, including many former favorites, notably U. S. Steel, which was among the leaders throughout. Call loans eased from five to 4 1-2 per cent on the exchange at noon, with abundant outside offerings at four per cent.

Pools were most active in equipments, steels, motors and oils, the latter however, being most volnerable to pressure. Gross gains of one to 2 1-2 poiats were much impaired or entirely cancelled in the obvious profit taking of the last hour. Sales amounted to 500,000 shares.

The feature of an otherwise confusing foreign exchange market was a rally of about six points in marks. Sterling was firm, but Francs hovered near their recent low quotations, other continental rates showing further irregularity.

Liberty issues imparted additional strength to the bond market, but the 3 1-2's gaining from 20 to 70 points on the day. Rails also continued to improve, but the foreign group showed mix gains and losses. Total sales, par value, $15,250,000.

MONEY AND EXCHANGE

NEW YORK, Sept. 16.—Mercantile paper 5⅞@6; exchange irregular. Sterling 60 day bills and commercial 60 day bills on banks $3.66⅜; commercial 60 day bills $3.66⅝. Demand $3.70¼; cables $3.70⅜. Francs demand 7.00½c; cables 7.01c. Belgian francs demand 6.93½c; cables 6.94c. Guilders demand 31.40c; cables 31.46c. Lire demand 4.24c; cables 4.25½c. Marks demand .94⅜; cables .95c. Greece demand 5.40c; Sweden demand 21.70c; Norway demand 12.80c; Argentine demand 30.50c; Brazilian demand 12.62c; Montreal 10 13-16 per cent discount.

Government bonds strong; railroad bonds firm.

Time loans steady; 60 days, 90 days, 5½ per cent; six months 5⅝ per cent.

Call money steady; high 5; low 4½; ruling rate 5; closing bid 4½; offered at 5; last loan 4½; call loans against acceptances 5.

LIBERTY BONDS

NEW YORK, Sept. 16.—Liberty bonds closed: 3½s 87.82; first 4s 88.30; second 4s 89.00; first 4¼s 88.40; second 4¼s 89.10; third 4¼s 92.88; fourth 4¼s 89.14; victory 3¾s 99.06; victory 4¾s 99.06.

BRADSTREET'S REVIEW

NEW YORK, Sept. 16.—Bradstreet's tomorrow will say:

A widening circle of improvement in trade and industry is reflected in reports. Part of this as for instance, the generally more active condition of jobbing distribution, south, west and east seems along more or less strictly seasonal lines, the apparel trades bulking large in this direction.

The betteh tone of building and related trades, notably lumber and hardware and the cheerful trend of advices from iron and steel and their subsidiaries, notably coke making, are, however, not necessarily seasonable features. The former is a reflection of the growing activity, aided by settlement of many strikes, in construction lines due to pressure for new housing while strength in iron and the slight but apparently significant activities in steel, copper and lead are regarded as evidence of increasing exhaustion of stocks on hand of some of those metals.

44—LEGAL NOTICES

The Exchange National Bank, located at Wichita Falls, in the state of Texas, is closing its affairs. All note holders and other creditors of the association are therefore hereby notified to present the notes and other claims for payment.
P. L. JENNINGS, Cashier.
Dated Aug. 30th, 1921.

THE STATE OF TEXAS,
To the Sheriff or any Constable of Wichita County—Greeting:
You are hereby commanded to summon T. D. Brown by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the County Court of Wichita County at law, Wichita County, to be holden at the Court House thereof, in Wichita Falls, Texas, on the first Monday in October, A. D., 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said Court on the 9th day of September, A. D., 1921, in a suit numbered on the docket of said Court No. 4989, wherein A. H. Docker is Plaintiff, and T. D. Brown is Defendant, and said petition alleging, in substance: That heretofore, to wit, on or about the 15th day of August, A. D. 1921, defendant executed with plaintiff, as a broker engaged in the buying and selling oil and gas leases and oil field equipment and appliances, one No. 30 Star Drilling Rig with all tools and equipment, then located at Sunshine Hill in Wichita County, Texas, at the agreed price of $8,500.00, and with the understanding that in case of sale by plaintiff at that price, then $3,000.00 of said amount would go to defendant and $500.00 to plaintiff as his commissions; that in conformity to said agreement, plaintiff did on the 2nd day of September, A. D. 1921, introduce one A. B. Womack, as a prospective buyer, to defendant, telling said defendant that he had priced said rig to said Womack at $8,500.00 and the defendant confirmed the price named by plaintiff, and said Womack indicated in the presence of plaintiff and defendant that he would take said rig at that price if on examination he found said rig and equipment as represented; that notwithstanding said agreement, defendant afterwards closed a deal with said Womack at $8,000.00 and is attempting to deprive plaintiff of any commission whatsoever arising from said sale. Plaintiff here now sues for $500.00 due him by agreement and also on the ground that $500.00 is a reasonable commission in the case.
Herein Fail Not, but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said Court, at office in Wichita Falls, on this the 9th day of Sept., A. D. 1921.
W. I. HARRIS,
Clerk, County Court.
Wichita County, Texas.
By M. F. YEAGER.
Deputy.

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon McBest, J. B. Robertson, A. A. Brashear and Frank R. Dunlavy, composing the firm of Block 818 Water Company, a co-partnership, G. B. Runnels and J. H. Runnels, composing the firm of Runnels Brothers, a co-partnership, Producers' Supply and Tool Company, a corporation, J. F. Darby and Walter K. Campbell and George W. Snedden, composing the firm of Western Oil Corporation, a co-partnership, J. H. Enderli and R. D. Ragan, composing the firm of Enderli & Ragan, a co-partnership, W. T. Walton, and W. E. Hutchings, composing the firm of W. T. Walton & Company, a co-partnership and Fort Worth Well & Machinery & Supply Company, a corporation, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the first Monday in October, A. D. 1921, the same being the 3rd day of October, A. D. 1921, then and there to answer a petition filed in said court on the 31st day of August, A. D. 1921, in a suit, numbered on the docket of said court No. 11483-C wherein, C. Bice and Frank L. Dittmeier are plaintiffs and George E. Smith, Humble Oil & Refining Company, McBest, J. B. Robertson, A. A. Brashear and Frank R. Dunlavy, composing one firm of Block 818 Water Company, a co-partnership, Sioux Oil & Refining Company, a corporation, G. B. Runnels and J. H. Runnels, composing the firm of Runnels Brothers, a co-partnership, Producers Supply & Tool Company, a corporation, J. F. Darby and Walter K. Campbell and George W. Snedden, composing the firm of Western Oil Corporation, a co-partnership, J. H. Enderli and R. D. Ragan, composing the firm of Enderli & Ragan, a co-partnership, W. T. Walton and W. E. Hutchings, composing the firm of W. T. Walton & Company, a co-partnership, Fort Worth Well & Machinery Supply Company, a corporation, and The First State Bank of Iowa Park, Texas, a corporation, are defendants, said petition alleging:
That, heretofore, on the 17th day of September, 1919, the plaintiff, Frank L. Dittemier entered into a contract in writing with the defendant, George E. Smith, a copy of which, marked "Exhibit A," is attached to plaintiffs' original petition and expressly made a part thereof; that under the terms of said contract the plaintiff, Frank L. Dittmeier agreed to purchase an oil and gas lease covering the south five acres of the west 10 acres of the south 30 acres of the north 60 acres of the A. A. Morgan tract, adjoining Block 71, Red River Valley Lands, Wichita County, Texas, and the defendant, George E. Smith agreed to drill two wells for oil and gas on three acres of the above described 5 acres of land and to furnish all machinery, tools, material, fuel oil, water, and labor to complete said wells in full, agreeing to pay for all of it, and that same would be first class in every particular, and that he would complete said well fully to tankage without cost to Frank L. Dittmeier, and as a consideration therefor said George E. Smith was to receive 7-16 of all oil and gas produced from said premises; that plaintiff, Frank L. Dittmeier performed his contract and executed and delivered to defendant George E. Smith an assignment of 7-16 interest in said oil and gas lease, a copy of which, marked "Exhibit B," is attached to plaintiffs' petition and made a part thereof.
That on November 21, 1919, plaintiff, Frank L. Dittmeier and defendant, George E. Smith, entered into a contract in writing, a copy of which, marked "Exhibit C," is attached to plaintiffs' petition and made a part thereof, under the terms of which defendant, George E. Smith agreed to drill two wells on the south 2 acres of the above described 5 acre tract; said 2 wells to be drilled and completed by defendant George E. Smith wholly at his expense and upon completion of the second well the plaintiff, Frank L. Dittmeier agreed to pay him $5500.00, and upon completion of said two wells to make an assignment of an undivided 7-16 interest in all oil and gas that may be produced from said two acres.
That on February 10, 1920, plaintiff Frank L. Dittmeier, together with George Grassmuck and E. P. Peers, sold and assigned to defendant George E. Smith, the remaining one-half interest in said oil and gas lease as to the entire 5 acres in consideration of $225,000.00, of which amount $50,000.00 was paid in cash, the balance of $175,000.00 to be paid out of 7-16 of the oil produced and saved from said premises, a copy of said assignment being attached to plaintiff's petition, marked "Exhibit D," and made a part thereof.
That defendant George E. Smith has wholly failed and refused to carry out and perform the several terms, conditions, and stipulations of said contract and assignments hereinabove mentioned, notwithstanding that plaintiff Frank L. Dittmeier and his successors in interest have in all things carried out all the terms, conditions, and stipulations of said contract and assignments and have made frequent and repeated demands of the said George E. Smith and his successors that the terms be carried out and performed.
That said oil and gas lease and leasehold estate is now owned by the plaintiffs herein as the successors in interest of said Frank L. Dittmeier who owned said oil and gas lease at the time of the execution of said contracts and assignments.
That since the execution of said contracts and assignments the defendants Humble Oil & Refining Company, McBest, J. B. Robertson, A. A. Brashear and Frank Dunlavy, composing the firm of Block 818 Water Co., Sioux Oil & Refining Co., G. B. Runnels and J. H. Runnels, composing the firm of Runnels Brothers, Producers Supply & Tool Company, J. F. Darby and Walter K. Campbell and George W. Snedden, composing the firm of Western Oil Corporation, J. H. Enreli and R. D. Ragan, W. T. Walton and W. E. Hutchings, composing the firm of W. T. Walton & Co., Fort Worth Well & Machinery Supply Co., and the First State Bank of Iowa Park, Texas, have been asserting some claim or interest in said oil and gas lease, the exact nature of which is unknown to plaintiffs, but said claim is inferior and subject to that of plaintiffs herein.
Plaintiffs pray that defendants be cited in terms of law to appear and answer herein, for judgment cancelling and rescinding said contracts and assignments herein referred to, for the title and possession of the oil and gas lease and leasehold estate as to said 5 acres, for cost of suit, such other and further relief, general or special, in law or in equity, as they may be entitled in the premises.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.
Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 31st day of August, A. D., 1921.
A. F. KERR, Clerk.
District Court, Wichita County, Texas.
By WINIFRED PICKENS, Deputy.

THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon William L. Durman by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear the next regular term of the Eighty-ninth District Court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the first Monday in October, A. D. 1921, the same being the 3rd day of October, A. D. 1921, then and there to answer a petition filed in said court on the 26th day of August, A. D. 1921, in a suit numbered on the docket of said court No. 11469-C wherein, Lucile Durman is plaintiff and William L. Durman is defendant and said petition alleging that plaintiff was lawfully married to defendant about February 10, 1919, and continued to live with him as his wife until the latter part of June, 1921, at which time defendant wilfully left plaintiff without just cause on her part. That plaintiff at all times conducted herself with propriety, and treated defendant with kindness and forbearance. That defendant has disregarded the solemnity of his marriage vows and has been guilty of extreme cruelty and inhuman treatment of such nature as to render their further living together insupportable. That on numerous occasions he has cursed her and slapped her. That one child, a baby boy now 18 months old was born to this union.
Wherefore plaintiff be cited in terms of law to appear at the next regular term of this court and answer herein, for judgment dissolving the marriage relation now existing between them, for absolute divorce from defendant and for the care and custody of the minor child, William A. Durman, and for such other and further relief, special and general as she may be justly entitled to.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.
Given under my hand and the seal of said court at office in Wichita Falls, Texas, this the 26th day of August, A. D. 1921.
A. F. KERR, Clerk.
District Court, Wichita Falls, Texas.
By EUNICE JACKSON, Deputy.

THREE ELECTROCUTED

DELAY TO RELIEF SUPPLIES CAUSING ADDED SUFFERING

By Associated Press.
RIGA, Sept. 16.—The expected delays inside Russia to American relief administration shipments, while the suffering in the famine district is increasing, have brought more vividly into view the difficult telephone problems and Col. Wm. Haskell, director of the American relief administration work in Russia is expected immediately to deal with the situation on his arrival in Riga next Monday.
Advices that the first complete food shipment destined for the Volga region required three weeks for an ordinary five day trip, surprised the Riga base of the relief administration which despite the failure of the soviet authorities to furnish railway cars as fast as had been expected, had succeeded in getting the shipments started toward Moscow in fairly good time.
Sufficient food is now in Russia for a few weeks work of supply by the relief administration, but unless cars arrive here more rapidly and move away faster the situation threatens to become serious. The relief administration has proposed to the soviet officials here that they should speedily begin moving exclusively American food trains of forty cars each with an American escort, in order to save delay. This matter remains to be settled.

DRAFT DODGERS' BROTHER SUES FOR BERGDOLL'S NOTE

By Associated Press.
PHILADELPHIA, Sept. 16.—Charles Braun, brother of Grover C. and Edwin Bergdoll, convicted army deserters, filed suit in federal court here today to compel Colonel Thomas W. Miller, alien property custodian, to return him a promissory note for $15,000 which was seized as one of Grover Bergdoll's assets. Braun claims he is the owner of the note and was not holding it for Bergdoll or his benefit and he is not an enemy alien.

AMMONIA FUMES DRIVE HUNDREDS AWAY FROM HOMES

By Associated Press.
NEW YORK, Sept. 16.—Ammonia fumes escaping from a broken ice machine in the plant of the Knickerbocker Ice company on East 70th street tonight, drove hundreds of persons from nearby tenement houses, some of whom were overcome and rushed to hospitals. About 200 were reported to have suffered from the fumes.

COPS FORCE CAR THIEF TO LEAVE AUTO IN FIELD

Forcing a man in a stolen Ford to drive off the Seymour road, Officers Hawkins and Glenn of the city police force at an early hour this morning compelled the thief to abandon the car after they had pursued him in a police car for several hundred feet in an open field. The thief escaped in the darkness.
The driver of another Ford which was accompanying the car whose driver escaped was arrested by Motorcycle Officer Eyerly after the officer had chased the automobile nearly to the city limits. The driver of the car who stutly denied that his car was stolen, was locked in the city jail until a further investigation can be made this morning.
The officers went out on the Seymour road after a phone message from Seymour had stated that a Ford automobile had just been stolen there with the thief starting for this city. According to the officers the two drivers each with one driver, passed them at a high rate of speed. While Officers Hawkins and Glenn started after the one machine which took to the open field, Motorcycle Officer Eyerly gave chase to the other. Both cars were new Fords.
Sheriff Self of Seymour was notified of the double capture. He was on his way here at 1:30 this morning to identify the cars.

CALLS ELECTION FOR RECALL OF OFFICERS IN NORTH DAKOTA

By Associated Press.
FARGO, N. D., Sept. 16.—Another campaign is on in North Dakota centered about the non-partisan league and its industrial program. Thomas Hall, secretary of state today at Bismarck, set October 28 as the date for the recall election aimed by independent forces against three league officials of the state administration and the industrial program.

SECOND DAY ATTRACTS BIG FAIR CROWD

(Continued from Page One)

L. Fritz, to the square. Here they were welcomed by Judge Jo A. P. Dickson, former district judge, who briefly welcomed the visitors, handed them the key to the city, and declared Mayor Cline mayor pro tem of Seymour. Mayor Cline replied to the welcome with a brief talk. The trippers then dispersed for lunch, going to the fair grounds immediately afterward.

Mayor Cline made another brief address at the fair grounds, speaking from the grand stand. After an introduction by Judge Isaac O. Newton, he expressed the pleasure of himself and fellow members from Wichita Falls in being able to visit Seymour on this occasion. He complimented the Seymour and Baylor county people on the fair, and complimented Seymour on the progressiveness reflected in their city, speaking particularly of the schools and beautifully kept homes.

The same class of people, it was evident, were building Seymour, he said, as we're building Wichita Falls—they were pioneers of the same stock, he declared.

Neighbor Feeling Evidenced.

He told his hearers that it was not entirely business reasons which had brought the Wichitans to Seymour, as they were also actuated by a desire to bring back the old neighborly feelings which once actuated this western country.

Speaking of the Big Wichita Irrigation project, which will create a big lake within about eight miles of Seymour, he predicted that it would become the garden spot and playground of this part of Texas, and will be another place which will bring the people of Wichita Falls and Seymour close together.

Seymour will profit through the presence of this playground so near to its doors, he reminded them, as it will be the natural trading point for the summer settlements which will naturally spring up about the lake.

Rodeo and Aviator Interest.

As on the opening day the rodeo and the breath-taking stunts of Ed Berite, daring stunt aviator, continued to center interest and attention of immense crowds throughout the day.

With 80 entrants in the rodeo fighting to be in on the prize money and with plenty of good fiery horses who really and truly bucked and fought from the word go, this meet is furnishing new history for the rodeos of the southwest.

A high light of these events occurred in the calf roping contest Friday afternoon when George Daniel fell and broke his arm but went on and tied his calf in spit of the painful handicap.

Berite contributed even more spectacular stunts for the second day than he exhibited on the first, the light of the day coming when he stood erect on the top wing of his aeroplane while the plane looped the loop. The aviator alighted from his first flight in an aeroplane, and stood erect with outstretched arms on the top of the plane while the landing was being made from the second flight.

Judges for Events.

E. A. Stevens and Albert Elliott of Baylor county, Frank Rhoades and John Davis of Throckmorton county, and R. B. Wilson of Knox county, all veteran cattlemen, are the judges in the rodeo events.

Judges who are grading the exhibits are: County Agents P. D. Chaney of Foard county, Guy Jones of Wilbarger county, and G. C. McGowen of Baylor county are judges for the livestock exhibits and all others, except poultry and those falling into the home economics division—the former being judged by M. B. Oates of Wichita Falls and the latter class by Miss Melia Basley, home demonstration agent for Baylor county; Miss T. Goodfellow, of Wilbarger county.

Special mention of the orderliness of the great crowd were commented on by F. F. Fisher, president of the fair association; W. W. Wood, secretary, and W. H. Miller, one of the directors.

Music for the day was afforded by the three bands in attendance, the Wichita Falls band occupying the grand stand at one of the grounds, while the Seymour and Goree bands were massed in the other.

Rodeo Winners.

As the first day of the rodeo, the events of Friday were thrilling and furnished the capacity crowds with enough excitement to last for some time to come. Particularly in the forenoon the steer riding and roping and bronc riding contests for the prize money of $50, $30, $20, and $10 for first to fourth places respectively, as well to keep their averages high for the final prizes of $100 for the best showing for three days, did the contestants exhibit skill and daring.

In the afternoon the remainder of the bronc riding contests, exhibition riding of wild horses from the Waggoner ranch, the side splitting goat roping contests and the calf roping number were pulled off.

The winners of the events of Friday were as follows:

Steer Riding—First, Petty Pierce, of Vernon; second, Buck Wilcox, of Munday; third, Joe Pierce, Archer City; fourth, Otis Phillips, of Munday.

Steer roping—First, Roy Cockerell, Seymour, time: 8 1-5 seconds; second, Allen Holder, Garden City, Texas, time: 9 3-5 seconds; third, Louis Jones, Christoval, Texas, time: 9 3-5 seconds; fourth, Wallace Herbert, Benjamin, time: 10 seconds.

Bronc riding—First, Otis Phillips, of Munday; second, Checker Barnard of Brownwood; third, Buck Coody, Benjamin; fourth, Allen Stephens of Ranger.

Exhibition riding—Purse won by Otis Phillips, who rode a wild horse brought from the Waggoner ranch by Paul Waggoner.

Goat roping—First, Aubrey Harrell, of Garden City, in 15 1-5 seconds; second, C. C. DeGraffenreid, of Breckenridge; third, W. R. Kelly, Ranger; fourth, Cecil Childress, of Abilene.

Calf Roping—Valemurtis, of Las Vegas, N. M., in 23 seconds; J. T. DeGraffenreid, of Breckenridge and Cecil Childress, of Abilene tied for second and third places; fourth, Lewis Jones.

A good deal of fun was developed in the goat roping contest by the elusiveness of one dun colored goat in particular. Each time as the stock of goats was replenished by rounding them up and bringing them back in a Ford truck, this dun colored "butter" would evade every effort which the cowboys made to slip the noose around his anatomy. This contest, which calls for skill and dexterity in the saddle and with the lariat was one of the features of the second day.

MANY ATTEND FAIR.

Special to the Record News.

SEYMOUR, Sept. 16.—This was the second day of the Baylor County Fair and Rodeo and the attendance from the surrounding country was very large. Hundreds of autos brought the ranchmen and the farmers and their families from the surrounding country. Frank Rhodes and John Davis predicted that the Rodeo on the second day would be more exciting and the events more thrilling than on the opening day. They are not false prophets. Some of the best broncho riding, roping and tying ever witnessed in the west characterized the program of the day.

Rodeo contestants representa the states of Texas, New Mexico and Oklahoma. 88 registered for the first day and there were more clamoring for admittance Friday morning. There were 13 bucking horses brought here from Ranger and the most accomplished riders say that these Ranger animals buck to a fare ye well. Other bucking horses were brought from adjoining counties. Speaking of the steers and the calves and the goats they are not the tamed and the trained animals seen in the exhibitions given by professional rodeo managers and riders.

There were 18,000 in cash prizes hung up for contestants and as the crack riders of the southwest are here there is wonderful work being done. Frank Rhodes and John Davis are assisted by R. B. Wilson of Munday and E. A. Stephens and Albert Elliott of Baylor county. Among the contestants are Porter Fancher and George Daniels of Toyah, George W. Glasgow of Spur, Frank Glenn of Dundee and a whole host of others.

Big Day Saturday.

Closing day (Saturday) promises an extraordinary program of rodeo events and the tryout promises to be very exciting. This rodeo is one of the great drawing parts. Entrance money in the rodeo approximates $2,500 but as the cash prize offerings enable the winner to take down $1,800 the contestants are on their metal and Saturday's events are being looked forward to with interests by the thousands who love rodeo sports.

There are some splendid exhibits in the agricultural art and culinary departments. Baylor county is famous for its wheat and always takes first premium at the state fair. This wheat exhibit will be sent to the state fair of Texas at Dallas and other state fairs this fall.

Women of Baylor county have not forgotten how to preserve all the products of farm or orchard or garden. This is one display made by Mrs. Cox which contains 126 varieties of canned vegetables, canned berries, canned fruits and canned everything else including rabbit.

It is amazing to the visitor and shows what one Texas housewife, a citizen of Baylor county, is able to do to keep the home fires burning. There is no question about it—the home economics department is very creditable. There is a poultry show that does credit to the great American wealth maker, the industrious hen.

Livestock Exhibit.

R. H. Busby of Megargal is here as superintendent of the livestock department. There are exhibits of white faced Herefords that would create a sensation at the Chicago Live Stock show. Will Young of Archer is here with others and the showing makes the old time cowman as well as the younger generation sit up and take notice. There is a swine display as good as ever seen at the Dallas fair and Sid Harris has one monarch of the swine family that tips the scale at 720 pounds.

Wichita Falls sent a large delegation to the Fair and Rodeo. They are boosters proper, representative citizens of the city that faith built, and their coming was most favorably commented upon by the people of the Seymour and Baylor county.

Among those who attended the opening day were Mr. and Mrs. Hugh Nugent Fitzgerald and Mr. Charles G. Manuel of the Record News. They returned to Wichita Falls this afternoon after two days given to rodeo sports and inspecting the exhibits made in the different departments in the fair.

General Manager Porter A. Whaley of the West Texas Chamber of Commerce, B. M. Whittaker of Haskell and Judge T. A. Bledsoe of Abilene are here attending the Rodeo events and arranging for the sending of agricultural exhibits to the Abilene Fair, which is scheduled to take place the last week in September. Mr. Whaley said to the representative of the Record News.

"There is prosperity everywhere throughout West Texas. We have visited five towns this week and found hearty responses. This is a splendid fair and one of the best rodeos I have ever attended. The good people of Baylor county are to be congratulated and the live wires of Seymour are to be more than congratulated. Their rodeo is the last word. The agricultural and livestock exhibits most creditable and as ideal weather opened and no doubt will close it, the fair should be a flattering financial success. All the people in this section should attend it."

oners and missing, we have a total death list of 12,901,000." The world peace foundation estimates the financial handicap assumed by the world on account of the war at 350 billions of dollars. There is precedent in history for such ambitions. The cost of the Civil War was as unprecedented in 1865 as the cost of the World's War was in 1918. We might from this acquire substantiation for the cheerful view that the world will recover with reasonable speed from these dreadful losses. On the other hand, there are also instances in history where civilization perished by the too frequent use of its own sword.
