County Spotlight On Political Campaigns

Saturday marked the day politicians began filing applications to have their name placed on the ballot for Primary Election to be held May 3.

Persons wishing to be a candidate for office may apply prior to February 4 at 6 p.m. with Republican County Chairman Bob Reily or Democratic County Chairman Tom Rees.

Locally the terms of office for County Attorney, Sheriff, Tax Assessor-Collector, Commissioner Precinct One, Commissioner Precinct Three, County Chairman, Precinct Chairman, District Attorney and District Judge expire December 31, 1980 and therefore will be on the ballot for election.

To be eligible as a candidate for one of these positions, persons must be a citizen of the United States and 18 years-of-age or older.

The candidate must have resided in the state for a 12 month period and in the county for six months prior to February 4.

To run for a Precinct Office, the candidate must be a resident of that precinct.

Filing fees for the various offices are as follows:

District Judge, $700; District Attorney, $600; County Commissioner, $300; County Offices, $300 (this includes Sheriff, County Attorney and Tax Assessor-Collector).

No fee is charged for any office of a political party.

In lieu of the payment of a filing fee, a candidate may file a nominating petition which must be signed by qualified voters eligible to vote for that office.

For district, county, precinct or other political subdivision, the petition must contain signatures equal to two percent of the number of votes cast in the territory for that party's candidate for governor in the last preceding gubernatorial general election.

There were 947 Democratic votes cast and 866 Republican votes cast in Mitchell County.

If two percent of the votes cast in the territory was less than 25, the number required is the lesser of 25 signatures or 10 percent of the number cast.

Womack Chosen As Best Actor

By DONNA WATSON

No red carpets were rolled out and no flashing lights blazed across the skies to annouce the gala occasion of the Colorado City Playhouse Awards, but no throng of Hollywood fans could have been as proud or as enthusiastic as was the group gathered here Friday evening to honor a select few among them.

In true Hollywood fashion, the lights dimmed, the crowd hushed and the parade of stars chosen by a panel of 27 judges began.

Porter Richardson presented the first award, that of Best Actor or Actress in minor Role.

He commented that he was presenting the award because he was the 1978 award recepient. "I relinquish this award with some reservations. I hate to give up all that publicity, money and fame but I would like to note that I was not contacted by the 'Johnny Carson Show,' he jokingly commented.

This years recipient of that award was Tandy Curlee for his role as Andrew Carnes in "Oklahoma."

Best Supporting Actor Award went to Mac McKinnon for his portrayal of Ali Hakim in "Oklahoma."

Neil Holman was honored as Best Supporting Actress for her role as Aunt Eller in "Oklahoma."

Kent Womack walked to the platform and his six foot three and one-half inch buddy was almost visible as he accepted the top award as Best Actor in a starring role for his portrayal of Elwood P. Dowd in "Harvey."

Bobbie Steakley was regal as she was pre-

McGuire Seeks A Third Term

Sheriff Bill McGuire announced as a candidate for re-election to that office Saturday.

"I would like to take this opportunity to annouce my intentions to seek a third term as Sheriff of Mitchell County," McGuire said.

"First, I would like to thank all of you for supporting me in my first and second term as Sheriff. Without the support of you, the concerned citizen, the Sheriff's office or any local political office cannot survive. I think our department and myself have grown stronger and more mature these past eight years. I know that we have a fine department, personnel and facilities for a small county, and this has been due to the citizens of Mitchell County," he said.

During McGuire's term of office a Sheriff's reserve program with qualified people was added with no additional expense to the taxpayer.

Also, new facilities have been added to the jail.

"Since my first election to the office of Sheriff, I have installed the concept of community deputy. I will continue to have a deputy in the Loraine, Westbrook and Lake Colorado City areas as long as I am Sheriff of Mitchell County," he said.

McGuire was born in Mitchell County, June 15, 1946 and has nearly ten years of law enforcement experience. He attended the University of Texas, East Texas State University, and Western Texas College in Snyder, where he studied law enforcement.

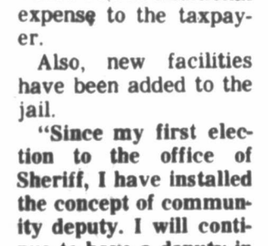

He holds the basic, intermediate, advanced and instructors certificate from the Texas Commission of Law Enforcement Standards and Education.

He served in the United States Marine Corps as a rifleman, 2nd Battalion, Fourth Marine Infantry Regiment in South Viet Nam.

He received three Purple Heart Medals during service in Southeast Asia.

McGuire is married to the former Ann Bolin and has three daugh-

Fact & Fiction

by Donna Watson

Pick up a copy of any newspaper published anywhere in the world and the chances are you will read about some unfortunate person who has just lost his home or business to fire.

In most recent news, firemen are making headlines because they are demanding (no longer asking) increased wages and benefits. Firefighting is in no way a routine job. It is hazardous and extremely dangerous even for highly trained personnel. By the very nature of fire, (unpredictable) firemen risk their lives each time they answer a call.

As a community and as individuals, we are totally vulnerable where fire is concerned. In Mitchell County, the only thing that stands between us and that wall of flame is the efforts of a few dedicated men who are concerned about their community and fellowman.

The compensation they receive is in knowing they have contributed and certainly not in dollars and cents. Mitchell County Volunteer Firemen are paid about $1.50 an hour to go to a fire. If they die during their efforts, they are not covered under city's insurance policies. If they are hospitalized due to injuries received in the performance of those duties, they are covered up to $300,000.

If you don't think altruistic words like dedication, devotion and concern apply to these men, ask Paul Wright of Rt. 2, Colorado City how he and his family spent Christmas Evening. He'll be glad to tell you.

About 6 p.m. Christmas Day, the Wright family home filled with smoke. Volunteer Firemen arrived minutes after they were called to find smoke billowing from the house.

They located the source of the smoke which was a problem in the electrical wiring in the heating system.

Wright tells how firemen spent that Christmas evening working on the heater to allow for its use overnight and then arranged for an electrician to work on the unit the next day, when most people were still ce[illegible] the holiday season.

These [illegible] meets demanding increased pay. They are not holding our city as hostage to their demands. They instead, are serving their community in the true pioneer spirit of "Help Your Neighbor, Help Yourself."

This same spirit is one which I feel we as a community and as individuals will be called upon to demonstrate more and more in the coming year.

Homestead Exemption Mailed Out

The 1980 Homestead Tax Exemption applications have been mailed out to everyone who applied for such an exemption in 1979.

According to Tax-Assessor-Collector J.S. Craddock Jr., these applications must then be returned to the school tax office, either by mail or in person, by April 30 for a person to be eligible for the exemption.

On the same form a person may also apply for either an over 65-years-of-age exemption or a Social Security disability exemption.

Anyone who did not fill out a Homestead Exemption application in 1979 but who is eligible for the exemption in 1980 must come to the school tax office in the administration building on Hickory Street and fill out the exemption in person.

A person must fill out a new exemption every year to be eligible for the Homestead.

Persons who own and live in their own resi-

Chamber Board Is To Discuss Budget Plans

Colorado City Area Chamber of Commerce & Agriculture board of directors will hold their monthly meeting Monday night with consideration of a $54,020 budget as one of the main items on the agenda.

The board will also hear nominations of officers for 1980 and will elect officers. Nominated are Brad Rose as president; Shirley Delaney as first vice president; Travis Cawthron as second vice president; Betty Williams as secretary and Carl Beery Moore as treasurer.

The board also will discuss hiring a new manager from applications received during the past few weeks and discuss final plans for the annual banquet set for 7 p.m., Thursday, Jan. 17. Tickets are now on sale for the banquet for $10 per person.

The budget to be considered includes $10,000 [illegible] the annual rodeo and $7,500 for renovation of the rodeo arena. Anticipated income for 1980 for the Chamber amounts to $46,500 and the spending of the pro-

Ginzel Declines Place On Ballot

After a quarter century of service, District Attorney Frank Ginzel has announced his intentions not to run for re-election to that office in 1980.

Ginzel specifically noted and publicly acknowledged with appreciation, the support received throughout the various terms in office from the citizens of Mitchell, Nolan and Fisher Counties.

"You look up one day and you know you're getting older. I've never regretted staying with this business as long as I have. I love it. It (trial lawyer) gets into your blood, but now I have had an offer I just don't want to turn down," Ginzel said.

"My wife and I have discussed it and decided to take an offer to operate the Coleman Ranch on a partnership basis," he noted.

"I am going to miss this job, though. I am really going to miss the courtroom fights," Ginzel said.

Ginzel first came into law enforcement when he was appointed to fill an unexpired term as County Attorney. He ran for election to that office and was successful. Ginzel served as CA until 1970 when he was appointed to fill an unexpired term of office as District Attorney.

Trial experience was the reason Ginzel first ran for public office and law enforcement is the reason he has stayed.

"People live in a community because they feel it is a safe place for their wife and kids. Responsibility begins at home. I feel I have contributed to this and helped to prove our judicial system is a good one," he said.

"I've learned by my mistakes. That strange creature called a "jury" is quite an equalizer. The one certain thing I have learned is that you must prove your case.

"I have had some things that I have not succeeded in, but, I can honestly say that I have never completely failed.

"I have lost some cases but I gained in knowledge," Ginzel said.

Census Due In 1980

President Jimmy Carter strongly affirmed the confidentiality of the upcoming 1980 Census in a proclamation from the White House

Carter assured every person in the United States "that there will be no improper use of information given in the census. Answers cannot be released in any way which will harm the individual."

By law, the presidential proclamation states, individual information will not be used for purposes of taxation, investigation, the regulation of immigration or in connection with the enforcement of any national, state or local law or ordinance.

Carter also declared that "under the law it is the duty of every person to participate in the census by answering all questions" in the questionaire. Census results determine the apportionment of seats in the House of Representatives and distribution of federal funds to States and local communities.

Revelation Of God

Rev. Monte Jones
Vicar
All Saints
Espiscopal Church

This Sunday, we celebrate the Epiphany of Our Lord Jesus Christ. "Epiphany" means "manifestation," and it is in this season that we celebrate the manifestation, or revelation, of God in Jesus Christ to the entire world, by a star which led three Gentile Mag, or Wise Men, to the manger in Bethlehem. It is at this time that the love of God, rather than the power of God, shows itself, for we see God revealing Himself to man as a baby, in a setting of poverty. The proper response on our parts should likewise be one of love, for it is through our love for each other that Christ continues to manifest Himself to the world today. This is the whole thrust of the Gospel, "Love one another, even as I have loved you."

Internships To Be Established

Two additional internships will be established in the U.S. House of Representatives to honor former Congressman Omar Burleson for his 32 years of service, Congressman Charles W. Stenholm announced.

"The program is designed to provide the intern (either student or teacher) with a full Congressional legislative experience in the Washington Office," Stenholm said.

"The particular responsibilities, duties and opportunities may vary depending upon the intern's individual background and experience.

"They will include some exposure to legislative research and reporting (including attendance at sub-committee and full committee hearings and markings), legislative correspondence, dealing with constituent problems with Federal agencies and a broad spectrum of all other Congressional office work," Stenholm noted.

Burleson will chair a special seven-person selection committee to choose recipients. Two Lyndon Baines Johnson Congressional Interns will also be chosen.

All interns selected will serve one-month terms in June and July, 1980, according to Stenholm.

Each applicant will be required to file a formal application, which may be obtained after January 15, 1980.

Requests for information may be made after January 15 by writing P.O. Box 1101, Abilene, Tx. 79604.

Dobbs Visit in Loraine

Mr. and Mrs. Tom Dobbs of Houston spent several days during the Christmas week with his father, Martin Dobbs and Mrs. Dobbs. They also visited with his aunt, Byble Eddins and his brother Mike and family in Big Spring.

Tom Dobbs is recovering after being seriously injured April 6, while on the job at Jay Machine Manufacturing Company in Houston. The accident happened six weeks before he was to complete work for a degree in Religious Education. His wife, Glenda, will receive her degree there in May.

Dobbs spent several weeks in the hospital after the accident. Following his release from the hospital he entered the Texas Institute of Research and Rehabilitation where he received speech and physical therapy.

He now goes for therapy three times a week and is showing improvement.

Congratulations

DA, From Page 1

"It has ... this district tries about 10 times the state average of criminal cases.

"There is a line that must be drawn. Some cases require a penitentiary sentence and the DA's Office here has established a policy that in these cases there will be no plea bargaining for a probated sentence.

"The jury may try a person and give him a probated sentence but my office will not plea bargain on a burglary of a residence or an armed robbery or selling dope," Ginzel said.

"You don't accidently sell dope or burglarize a home or rob with a deadly weapon. And if this is condoned or allowed to happen, someone will wind up getting killed. That one fatal time the wife or family will be at home and the burglar will kill," he said.

Ginzel expressed the opinion that many judicial changes have occurred during his time in public office. Supreme Court interpretations and decisions have more clearly defined legal boundaries and in so doing have created the necessity for better and more informed law enforcement officials. At the same time, public exposure through television and the news media have created a better informed public--one which has more awareness of its responsibility and role in law enforcement and the judicial process.

In his career, which has spanned a quarter of a century, he estimates handling over 2,500 cases. He notes maybe 500 of those were dismissed for reasonable cause.

The maximum figure for jury cases tried by his office in one year is 40 and the average is 30.

The DA's Office handles felonious crimes including murder, rape, arson, burglary and narcotics.

He jokingly notes he knows he has made one contribution to the jurisprudence of the state. That one being, a ruling that one marijuana seed does not a case make.

He recalls a case where eight seeds in question were planted at his suggestion. One sprouted and grew. The judge threw the case out on the grounds that one seed wasn't enough to prove possession.

"Legal matters demand most of Ginzel's time, however, he did work very hard to bring Mitchell County Library into being and at times relaxes to hunt, fish and play bridge.

His trial record speaks for itself. He won the first 23 cases he ever prepared and he "went down swinging on 24 and 25."

When he took office, his staff consisted of himself and one secretary to handle the case load in the three county district. He now has an assistant who assists in case preparation and trials.

"Russell Carroll has been invaluable to me. He is a graduate of Baylor School of Law and had a couple of years experience before he came to my office. With our case load he is quite necessary and I could not have done nearly as well as I have for the past two years without his assistance," Ginzel said.

Ginzel noted there is no such thing as an average case. Some take hours to prepare and others take weeks and months.

He expressed appreciation for the work of the presiding judges, officials of the courts, law enforcement personnel, and his entire staff.

sented the Best Actress in a starring role for her portrayal of Queen Mary in "Crown Matrimonial."

Top Production Award was shared by Carl Beery Moore and George Womack for the production under their direction of "Oklahoma."

Kent and Betty Holder were honored with the President's Award for their continued assistance and participation in the Playhouse.

Besides the presentation of awards it was noted that a new lightboard had been installed by Porter Richardson and will be used in the upcoming production of "Show Boat."

Porter Richardson noted he was in charge of installing the new stagelighting system and wished to publicly thank these persons who helped wire-in the new system: Gus Armstrong, Mel Palmer, Dick Richardson, Steve Shawn and George Womack.

This group installed over 600 feet of 2-conductor romex cable and 72 electrical outlets on the catwalk and bridge.

The 240 volt entrance cable, valued at over $150, was donated to the playhouse by B.B. Hardee through the Texas Electric local business office.

The new stage-lighting system, added to our present system, was purchased through Chris Hubbard of H and H Systems at no profit to his company.

Now the entire lighting console can pre-set scenes, afford 44 individual and collective dimmers and automatically control dimming-time, among other operational advantages.

It was also noted that two doors donated by Mac Morris would soon be installed.

A financial statement was presented which indicated total 1979 receipts of $13,043.52 and total disbursements of $15,813.87. The Playhouse Building Expansion Savings Fund currently shows $7,186.53.

Attendance figures for each production were: "Oklahoma," 1,421 persons; "Crown Matrimonial," 451 persons; "Harvey," 814 persons and "Last of the Red Hot Lovers," **560 persons.**

Craddock said that in 1979 the amount of exemptions given by the Colorado Independent School District totaled $6,547,523. This represented a loss of $75,015 in tax revenues for the school district.

PLAN, From Page 1

posed budget amounts to a deficit.

However, plans are underway to raise funds to cover the deficit and if necessary, the Chamber will have to fall back on money in savings to cover the deficit.

The budget also provides $12,000 for the salary of a manager in addition to funds for a car allowance and health insurance. Other items in the budget include funds to cover the activities of all the Chamber's committees as well as for industrial development.

What Costly Mistakes Can I Avoid When Buying Insurance For My Home?

Experience has shown that some people make these potentially costly mistakes when buying home insurance.

They under insure by not keeping their coverage up to date with replacement costs or by not including home improvements in their present coverage.

They haven't reviewed their coverages recently with their independent insurance agent to take advantage of current changes in policies as well as in the value of their possessions.

They place too high a value on their home or on its contents. For example, if your furniture is several years old, it may have depreciated in worth.

They don't take advantage of premium saving deductible provision that can be explained by their independent agent.

They fail to advise their agent of sizable new purchases, such as boats, second home, recreational vehicles, jewelry, etc.

Dixon To Demonstrate Japanese Tea Ceremony Thursday In Sweetwater Methodist Church

A Japanese Tea Ceremony will be the program highlight at the First United Methodist fellowship hall in Sweetwater on Thursday.

The ceremony will begin at 7 p.m. sponsored by the Young Homemakers Class.

Mrs. Janet Dixon of Abilene will be in charge of demonstrations for the tea which she is very familiar with.

Mrs. Dixon spent three years in the Orient (Okinawa, Japan) with her husband, Air Force Lt. Colonel R.T. Dixon, Jr. and two children. She began by learning something about the culture of the people she and her family were living among which inspired her interest. She says she also lived in Madrid, where she became enamored with Spanish bull fights.

Mrs. Dixon has space in her home for a tearoom. A portion of what might otherwise be a living room is partitioned off by a black Oriental screen. Behind that screen is the peaceful, gracious world of the Japanese tearoom. Complete with scroll, floor mats and all the dishes and utensils necessary for the formal ceremony, this area gives the aura of being a part of another world.

Now that Mrs. Dixon is a master, she can teach others. She conducted classes for American women while she was still in Tokyo and has conducted classes here also. The idea of teaching the formal rituals of the Oriental culture to the informal West Texans really appeals to her. "Why not?" she says.

"Everyone needs a moment of beauty and quiet. The whole point of the tea ceremony is appreciation–of each other most of all, but also of the smells, the garden, the feelings of the day."

Mrs. Janet Dixon

Mrs. Dixon is a native Texan and received a BA degree from the University of Texas in political science. She is a professional model and fashion commentator and also an instructor in Charm and Poise at the American Commercial College in Abilene.

LOCAL VFW POST 9178 and the Ladies' Auxiliary gave 15 boxes of food and toys to needy families for Christmas. They gave a Christmas party December 21 with 17 children and the men from the DAV home attending. Gifts were exchanged and refreshments were served.

THE LORAINE FHA CHAPTER entertained the kindergarten group during the month of December with various activities. Kindergarten students pictured are left to right Frankie Garcia, Cristina Lopez, Lisa Smith and Robert Sadler. FHA sponsor and teacher is Margaret Latimer.

FHA Entertains Kindergarten Class

The Loraine Chapter of Future Homemakers of America entertained the Kindergarten class during the last week of school before Christmas, with cookie making activities. The class of Home & Family Living aided with the project.

A cookie tree was made the day of the party and served with punch by the older students. After refreshments were served, the Kindergarten class led by their teacher, Mrs. Rebecca Duncan, sang their collection of Christmas carols and were later joined by the older classmates.

During the month of December another planned activity of the FHA was the drawing of names and secret pals. During an allotted time, good deeds and small remembrances were exchanged. The highlight of the week was the Christmas party, exchanging of gifts, disclosing of names and refreshments, which were prepared by the food classes. They were served on a red and green draped table.

The entertainment was singing accompanied by guitar and performed by Coach Victor Munoz and James Wooddell. President Jill Linam acted as moderator for the entertainment and their teacher, Margaret Latimer, sponsored the occasion.

FLBA Donates Books

The Federal Land Bank Association of Colorado City recently donated a copy of a new publication, "Financial Planning in Agriculture" to the Mitchell County Public Library and another copy to the Colorado High School Vocational Agriculture class.

The publication was written by Kenneth C. Schneeberger, professor at the University of Missouri at Columbia, and Donald D. Osburn, visiting scholar at the Farm Credit Administration.

The book is to provide a basic, but comprehensive, coverage of the management and financing topics essential to sound financial decision making.

The Colorado Wolves played a laughter Friday night in Wolf Gym against the Anson Tiges. They laughed the Tigers right off the court to the tune of a 96-45 score.

It was the Wolves' highest point total of the season and, as expected, it was by far their best offensive performance of the season, according to Coach Mike Hart.

The Wolves scorched the nets for a 54 percent average from the floor hitting on 41 of 74 attempts. Normally, they shoot around 60 times a game.

The reason they had 74 shots was because they were so hot on the boards as they were from the floor. The Wolves outrebounded Anson 41-11.

Colorado shot off to a 30-5 lead after the first quarter and led 50-25 at halftime.

They began to find the range again late in the third quarter after a slow beginning and led at the end of that frame 67-37.

Colorado had four men in double figures led by Victor Jackson with 28 points and Charles Jackson with 26. Russell Noel had 15 and Scott Cawthron had 12. Doug Johnson had nine, Jay Green had four and Chuck Claxton had two.

The Wolves are now 1-1 in the first half of District 6-AA action and will meet Merkel there Tuesday night.

The Colorado junior varsity boys team lost to the Snyder junior varsity Friday night in Wolf Gym by the score of 55-31. Michael Scott led Colorado with 10 points.

Westbrook's varsity boys' basketball team dropped a 63-48 decision to Sands in Sands Thursday night. It was the Wildcats' first game in two weeks.

Ricky Reyes and Terry Webb led Westbrook with 14 and 10 points respectively.

Rose Lopez put through 18 points for the Westbrook varsity girls against Sands Thursday night but it wasn't enough as they dropped a 56-32 decision to the home team.

COLORADO'S VARSITY BOYS' basketball team is shown above. They are (left to right, front row) Charles Jackson, Scott Cawthron, Jay Green and Mark Carter; (back row) Doug Johnson, Russell Noel, Victor Jackson, Chuck Claxton and Clay Hammond. Not pictured is Steve Feathers.

THE COLORADO JUNIOR VARSITY boys' basketball squad is pictured above. They are (left to right, front row) Tim Nobles, Mike Scott, Jeff Hammond and Randy Uselton; (back row) Dwight Staats, David Albin and Stacey Tarter.

Jessica Randle and Anne Marcom led the Wolves with 15 and 14 points respectively. Karla Herm had eight, Kim Feaster had six and Brenda Smith and Sareesa Mitchell had three points each.

The Wolves were aided by one of the Anson players who managed to make a basket at the wrong end of the court.

Colorado led 17 to 10 after the first quarter and held a 29-24 lead at halftime. The third period score was 37-32 still in favor of the Wolves.

After the game, Martin noted that he thought the team was beginning to jell both offensively and defensively. He pointed out several players who came on in the second half and played good defensive ball including Tracey Gassiott, Angie Neff, Darlene Mitchell and Sherri Uselton.

The Wolves are now 1-1 in district play and will meet Merkel on the road Tuesday night.
