EDITORIAL WHIFFS.

How is this cotton crop 31 bales went to San Angelo Monday don't tell us we are not going to make any cotton when it goes off this way.

Two more good rains last week all go to help this country they were fine helping both man and beast. The grass will come in good time to fatten stock, for winter feed crops as a rule are short we can make it over until another year all right with plenty of grass this country will never suffer as long as the grass waves to the wind.

The cotton seed oil men in La have agreed not to buy any cotton seed from Texas lest thereby they should import Boll Weevils this might be discouraging were it not for the fact that Texas had enough oil mills to consume all her cotton seed and has plenty of money to build more mills if she needs them.—S. A. Express.

The man who decides to make West Texas his home, through thick and thin is the man that will come out of the big end of the horn in time to come, this fact is being proven to us almost daily.

Stay with the wheel of progress, give it life's best turn and time will unfold prosperity and contentment, there may be times when the fruits of sticking and staying will not be visible during the drought or some other destruction that makes this country it's home, we are troubled less than any portion of the state, in raising our products, over production has not cut our prices any, Coke county is shedding many blessings on her inhabitants and time will surely unfold to those that stick and stay prosperity and happiness.

Wonder what next for some time all the papers have had prohibition all over them and we must say the little fellows have fought a noble fight whether this key helps or hurts they seem bound of getting it out of their reach 130 of the counties in this state have total prohibition and 46 counties have unrestricted sale of liquors.

Bar rooms will soon be a thing of the past in this state.

"The man with the Hoe"

Horace Greeley's prediction is coming true "The man with the hoe is coming westward." He is mowing down the stockman's range and causing the large herds that once roamed over our broad acres to go in small pastures or farther west this humble Wretch as Markham class him is bringing new citizens, rail roads churches school houses and all the enterprise of this country to our hand by the never tiring usage of the hoe.

Ignorance cannot prevail under his range. Cities and all the conveniences of this day will soon rise and bless man after we have patronized this coming monster only a little while.

We can't praise those that till the soil enough, we owe all our advantages to the man with the hoe as civilization begins and ends with the farmers tools.

We owe him may his harvest be in abundance.

Mr D. P. Daugherty well known throughout Mercer Sumner counties W. Va. most likely owes his life to the kindness of a neighbor. Time is Yours.

Beys what do you expect to be? What profession do you intend to follow? You will be just what you make your self.

You will follow the profession of your choice, every person must have a being; every individual a a profession.

It is possible for you to be lazy, indolent, careless or inbrustrious, exact, it is possible for you to be a liar, a tattler, stander, or devoted to truth, peace-makers elevators of character. About us to day we see men and women occupying honorable and lucrative positions as teachers, clerks, law vers, doctors, editors, farmers, merchants, Those who occupy the stations of life above mentioned will sooner or later pass away and the youth of the country must take their places,

There was never a time in the history of our country that the demand for trusty confidential competent men and women was so great as now, the country wants qualified persons to transact business, we often hear young men remark that the world is full of educated men who have no employment, It is true they are educated but not qualifie to know how to wield the pen and the language and to perform mathematical calculations are indispensable qualifications in business, but this alone is not sufficient to secure paying positions you must let truthfulness be your watch word, caution and punctualit your by word and let every action of your life be such as inspire confidence in your employer, Business men want assistants who are qualified in the highest sense of the term, young man rightly question your self and we assure you that you will occupy the position you rightly deserve and as you become better qualified you will be promoted to higher positions

PASTEUR INSTITUTE FOR TEXAS.

It will be of interest to West Texas ranchmen and farmers whose families are at all times at the mercy of hydrophobia wolves to know that the last legislature appropriated \$5,000 for the founding of a Pasteur Institute for the State Insane Asylum at Austin. It will be the only place in the South of its kind. Heretofore those bitten by animals with the rabies have been compelled to go east for treatment. Hereafter they can be treated by the staff of physicians at the Asylum. No doubt much good will come out of having the treatment so close at hand, and the expense reduced to the minimum—Sabinal Sentinel.

THE BUGLER'S CHEST

Is well expanded. He uses his lungs to their fullest capacity. People in ordinary do not use much over half their lung power. The unused lung surface becomes inert, and offers a prepared ground for the attack of the germs of consumption. There is no need to warn people of the danger of consumption, but warning is constantly needed not to neglect the first symptoms of diseased lungs. Dr. Pierce's Golden Medical Discovery cures obstinate coughs, bronchitis, bleeding lungs, and other conditions which, if neglected or unskillfully treated, find a fatal termination in consumption. It is entirely free from opiates and narcotics.

"About three years ago I was taken with a bad cough, vomiting and spitting blood," writes Mr. B. J. Robinson of Spring Garden, W. Va. "I tried many remedies; nothing seemed to help me until I commenced using Dr. Pierce's Golden Medical Discovery. After using ten bottles and four vials of his Pleasant Pellets, I commenced to feel better. I was given up to die by all I thought it would be impossible for me to live over night at one time. I haven't spit any blood now for more than twelve months, and worked on the farm all last summer. It was Dr. Pierce's medicines that cured me."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach.

The "Medical Adviser," in paper covers, is sent free on receipt of 21 one-cent stamps to pay for mailing only. Address Dr. E. V. Pierce, Buffalo, N. Y.
