Freeze Finally Hits Cotton Harvest In Full Swing Within 10 Days

Mitchell County farmers have been waiting for a freeze. The average date for the first freeze of the year is Nov. 9.

The long awaited chilly morning was 19 days late as it didn't arrive until yesterday (Wednesday) as the thermometer dropped to 27.

It didn't stay there long however, but as of late Wednesday, it appeared that there was enough cold weather to constitute a killing freeze on the county's cotton.

Some cotton has not been ready to defoliate while other cotton was being defoliated as strippers could get to it. Many of those who defoliated did so in order to get their cotton out before bad weather set in and to avoid delays due to a shortage of trailers during the peak cotton stripping time.

Don Stewart, county executive director of the Agriculture Stabilization & Conservation Service (ASCS) said that

if yesterday's freeze proved to be substantial enough, the cotton harvest will be in full swing within 10 days.

Mitchell County farmers are far ahead of last year's pace already even though the freeze came earlier last year. As of

early this week, almost 16,000 bales had been ginned compared to only 11,000 by Dec. 6 of last year.

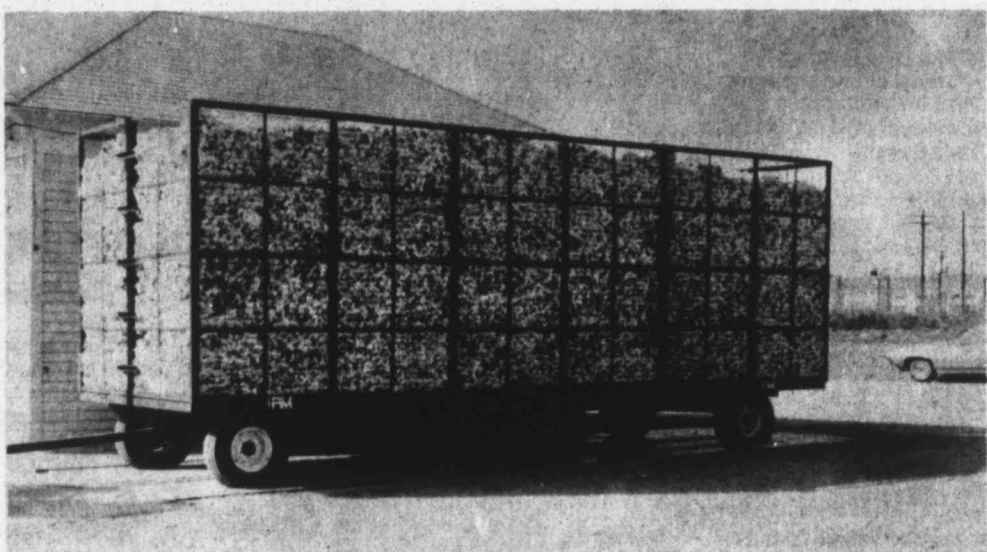

This can be explained by the fact that the weather has been much more cooperative this year than last year. In 1972, heavy rains that began in September delayed all farming operations and hurt the quality of cotton as well as the total number of bales.

This year's cotton in Mitchell County is said to be receiving good grades as the price continues to climb for the next several years due to the construction of three multi-million dollar cotton spinning mills in Lub-

bock and Hereford by foreign concerns.

Demand for cotton also could increase as the synthetic industry which used substantial amounts of petroleum products in their production processes, could be hurt by the energy crisis.

Stewart said he believes the cotton bale count will reach and possibly surpass the 40,000 bale mark this year. Last year's total number of bales was about 46,000 bales but this year's crops is expected to bring in more money as cotton is selling for a much higher price than in previous years.

Weighing In

Pretty weather in Mitchell County this week saw many trailers of cotton being hauled to the gins. The cotton harvest

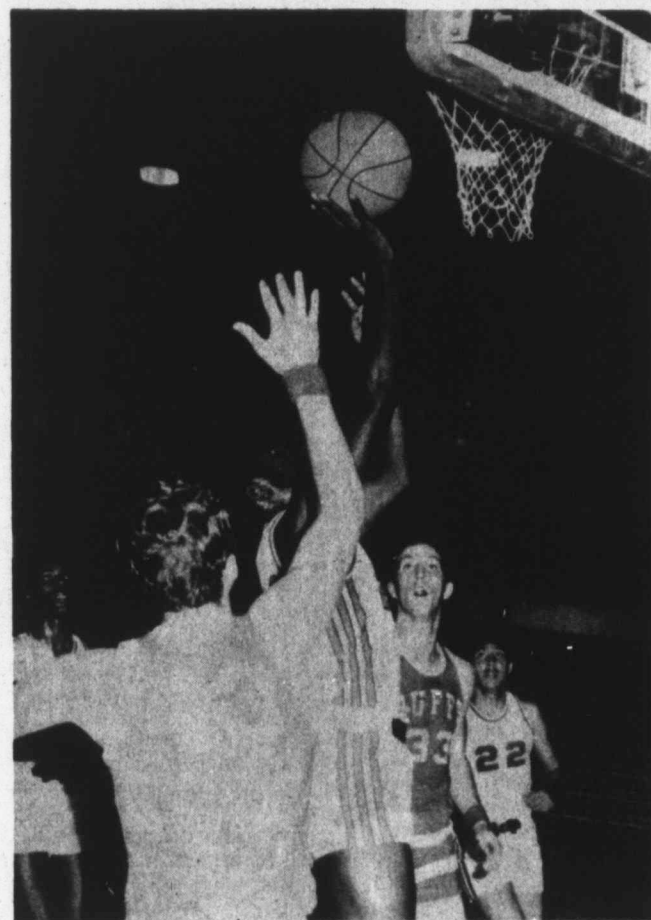

should really get into full swing now that a killing freeze has hit the county's cotton fields.

Service Stations Accede To Request

Smoldering

Twenty bales of cotton were destroyed Monday afternoon when they caught fire while being transported by truck, near the Snyder Highway and Interstate 20 overpass. Colorado City vol-

unteer fireman answered the call, pushed the burning bales off the truck and poured water on the burning cotton for an hour or more. Estimated loss from the fire was \$5,000.

Colorado Jr Hi Chatter

Last Wednesday, the 21st of November, we really had a fun day at school. Carl Moore's section C gave a choral reading with a Patriotic and Thanksgiving theme. "We enjoyed this."

After lunch the seventh grade played the eighth grade B team in a game of basketball which lasted until 2:30 when school was dismissed for the Thanksgiving Holidays.

I think everyone had a good time over the holidays because there surely are many smiling faces among CJH this week.

Last Monday night our CJH 8th Grade "A" and "B" teams traveled to Lorraine to play the Bulldogs. We came out with victories by our "A" team and by our "B" team.

The scoring in the B team game was divided between Randy Prince with 9 points, Hobbie Rollin with 8 and Scott Neff with 4; Don Dulin, Jeff Trulock, Matt Sheppard and Lupe Badillo had two points each.

The "A" team high scorer was Frank Sanchez with 16 points. The rest of the scoring was as follows: Bill Jordan, 8 pts; Kevin Gieger, and Blake Hammonds 6 each; Rene Garcia, Cornell Ausble, Bobby Rivera, and Dobbie Williams 4pts each; Ed Adams with 2 pts.

After the first nine weeks reporting period, the following students were eligible for the National Junior Honor Society. 8th graders are: Wayne Black-

ard, Lynn Britton, Sharon Coldewey, Carla Corbell, Kathy Forbes, Leslie Moore, Luis Rios, Matt Sheppard, Dobbie Williams, Kevin Geiger, Priscilla Helm, Jon Shaw and Susan Sheen.

Also, Randy Prince, Frank Sanchez, Dortha, Randy Anderson, Elizabeth Arispe, Maria Bodine, John Boyd, Karen Herm, Dawa Leonard, Jack Martin, Kelley Roach, Terri Edwards, Beverly Fuller, Charlotte, Goodlett, Kim Hollis, Gerald McGaha and Karen Thomas.

Seventh grade honor students are: Jay Feaster, Joey Wright, Rusty Merrett, Travis Crenshaw, Hector Pineda, Deborah Bowen, Lisa Bobo, Lupe Landeros, Stephen Kim nel and Craig Helm.

Also, Gene Carter, Linda Engler, Rene Jones, Robert Parker, Ronald Proctor, Tracy Shawn, Sherri Williams, Delores Gregory, Karen Brown and Charlotte Bradbury.

Others were, Carla Fuller, Brad Turner, Tony Franco, Russell Erwin, Mike Womack, Janet Wallwork, Gail Sheen, Rob Rhee, Delores Gonzales, Jesse Rios, Kirk Stubbeneid, Mike Reynolds and Lisa Morren.

Also, Chonita Gonzales, Elizabeth Turner, Mona Reddell, Scott Haggerton and Barbara Jackson.

These students are to be congratulated not only on their scholastic ability, but also on their citizenship, leadership and character because they are graded on all of these attributes before being admitted into the society.

ARPTo Have Meeting In Community Center

The Community is invited to attend the organizational meeting of the Mitchell County Association for Retarded People tonight at 7:00 p.m. It will be held in the Community Center at 10th St. Come and help these people have something on their level.

Most mentally retarded persons look like the rest of us. They are not mentally ill or insane. They do not "groove out of it." Medical science has no cure, except in a few cases.

A mentally retarded child can be born to any family, poor or rich--of any color or faith.

The child who is retarded is not able to learn as much as other children. What he can learn is learned more slowly.

There are a group of interested individuals in Colorado City that are readying themselves for ARC Development. They, like so many of us, realize that if we work together as a team pooling our ideas and resources and present a united effort in order to meet the needs of the mentally retarded things begin to happen. These happenings inevitably benefit our many people who for so many years have not been heard as each in an individual approach sought answers to each individual's problem or should we say, individual's problems. If you have friends or relatives or acquaintances in Mitchell County spread the word that "Things are beginning to happen" in Colorado City, thus will you lend a helping hand.

The purposes of such an ARP is: To promote the general welfare of the Mentally retarded where ever they may be to foster programs in their behalf, to encourage research related to mental retardation, and to advise and aid parents in the solution of their problems and to coordinate their efforts and activities.

Other purposes include to develop a better understanding of the problems of mental retardation by the public, to cooperate with all public, private, and religious agencies and professional groups in the furtherance of these ends, to serve locally as a clearing house for gathering and giving out information regarding the mentally retarded and to solicit and receive funds for the accomplishment of the above purpose.

Good Luck, Teams!

Cage teams from Colorado City, Loraine and Westbrook have hit the hardwood in preparation for district competition which begins in about a month.

Basketball is a fast paced, exciting game and all three schools in the county have good teams.

They are all working hard in making preparations for district competition and each team needs and deserves support from everyone.

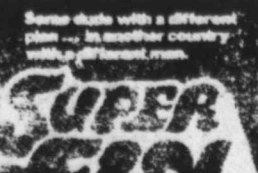

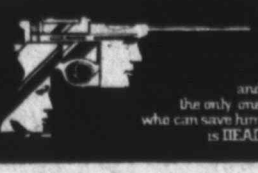

We wish all the teams in the county from junior high through high school good luck this season. And we encourage everyone to go out and see the games. You will enjoy watching these young people play.

Letters To The Editor

To The Editor:

It surely was a shock to so many of the people here in Colorado City to learn that officer W. R. (Peat) Upshaw has resigned from the City police force.

Officer Upshaw was always ready to help any one in need. I would like to state one instance in which he helped our family more than we will ever be able to repay.

Our Daddy has oxygen deficiency attacks and has to be given oxygen immediately or he would never wake up. I was here with our Daddy alone and could not give the oxygen since I am in a wheel chair.

I called the Police Department and officer Upshaw was dispatched to come and was here in minutes. Officer Upshaw began giving oxygen and our Daddy is still with us.

Dear Sir,

In response to a letter I wrote (letters to the editor, Nov. 12). I received several letters from folks around the West Texas area agreeing with my views endorsing the impeachment of the President.

However, one letter with an opposite view (unsigned, of course!) follows the pattern of shallow thinking of the bleating (sheep) hearts who seem unable to think for themselves and who have fallen into the trap set for them by the "White House" by believing and repeating the vague platitudes fed to them.

This unsigned letter tells me (referring to Nixon) "We could name hundreds of his accomplishments, that will make this world a better, more peaceable place to live. Any reasonable person knows his good deeds far outweigh his bad ones." (unquote) Now, I didn't (still don't) know that. And, I consider myself a pretty reasonable person--so--if this person (or anybody) would spell out those "hundreds of accomplishments"--maybe even my opinion could be swayed!!

The unsigned letter also said that the cries of "impeach him" remind him/her of another group that cried "Crucify him". They (he/she) may be right--because during the course of my bible study, I have found many statements to the fact that the crucifixion of Jesus was planned in advance by God--and those shouting "Crucify him" were (unknowingly) following God's order! (Matt. 26)

We probably will never know to what extent this President has exalted himself. However, the image he presents to me is that of a little frog in a big puddle--trying to be a prince with social, economic and political influence leaping over the mangled bodies of his loyal servants displaying an attitude of "you first after me".

Mr. Nixon has the option to resign, thereby avoiding further "needless harassment" (as some call it). However, he has refused this option--and--call it what you may, leaves himself open--to further investigation. Perhaps the reason for his decision to "hang in there" is because he still has some sheep in his fold to sacrifice! I admire his tenacity but I abhor his actions!

The Bible tells us to "Love one another"--however, it also says that we ourselves sin if we do not point out another's sin to him. (Ezek. 3 v. 18)

So, until someone can prove to me that his man Nixon has not sinned against God (if we sin against man, we sin against God.) I will continue to say "impeach him"!!!

Sincerely,
Mrs. Lloyd Richards

In November, 1971, the first unit of the lignite coal-fired Big Brown generating plant near Fairfield began producing electricity. It added 575,000 kilowatts of power to the generating capability of Texas Electric and two other electric utility companies who cooperated in building the plant.

The first unit of the new lignite-fired Monticello plant will become operational in 1974. It duplicates the first unit at Big Brown, right down to the last kilowatt.

But there'll be one major difference — the cost. Equipment for the Monticello unit was ordered only three years after Big Brown. But during that period the cost of the same equipment had increased 25%.

We need these new lignite plants because supplies of natural gas and oil, our traditional boiler fuels, are becoming increasingly difficult to obtain.

To dive sify our fuels even further, we're planning to have our first nuclear power plant, near Glen Rose, operational by the early 1980's.

Unfortunately, lignite plants now cost at out twice as much as traditional gas/oil-fired plants. Nuclear plants cost more than three times as much.

But, clearly, we have to build them if we are going to meet the increasing needs for electricity. We must spend \$230 million on new construction in the next two years alone.

We're working to supply the electricity you need, but it's costing more to make it all the time.

SERVICE From Page 1

in their operations.
President Nixon urged in a nationally televised speech Sunday night that service stations close at 9 p.m. on Saturday and remain closed until midnight Sunday. This would be a ban on the sale of gasoline for use in autos, trucks, pleasure boats, private aircraft and recreational vehicles. The sale of diesel is not affected by this request.

Since many of the service stations here are having difficulty in getting enough gasoline to meet demands, the Sunday closing would help them to go through the month with enough gasoline to sell to their customers.

All service stations here are receiving gasoline from the refineries through their distributors on a monthly basis, allocated according to the amounts they received a year ago. The allocations have been reduced in some cases, with several operators not yet receiving notice of the allocations they will receive for December.

President Nixon announced that service stations would be cutback by 10 per cent less than they received a year ago, but Paris Yarbrough, Fina consignee, has been cutback to more than that amount. He is receiving 15 per cent less than he received last December.

Most station operators began November with partially full tanks, but will go into December's allocations with empty or almost empty tanks. They estimated that by the latter part of December they would be almost out of gasoline.

Les Fuller's Trucktown on Interstate 20 has already sold out of gasoline, both regular and premium grades.

Luke Thomas of Thomas Bros. Texaco, said that their tank might run dry before the end of this month.

Paris Yarbrough estimated that his station would be out of gasoline by Friday afternoon.

Other stations were getting low on gasoline.

Bernard's Tourist Town on East Interstate 20 will stay open at the request of their customers. Mrs. Bernard said. She explained that their customers are semi-local travellers from the Odessa-Midland area to the Dallas-Fort Worth area, including many buyers who travel to market in Dallas over the week-end, and that they will be continuing with their travels as long as they can obtain gasoline.

Mrs. Bernard further stated that some of their customers were planning to carry a can of gasoline, and some even planning to install an extra tank on their cars. She sees rationing as the only way to conserve fuel.

Many local drivers have been trying to reduce their speeds voluntarily, but are having trouble in slowing to 50 miles per hour, the speed recommended by the President.

Youth Revival Friday

There will be a Youth Revival November 30 thru December 2 at Calvary Baptist Church at 7 p.m. each night and 10:55 a.m. Sunday.

Tommy Culwell, a student at Southwestern Baptist Seminary in Fort Worth, will be the evangelist and Berry Owen, a student from Hardin-Simmons will direct the music.

A bus will pickup interested youths at 5 p.m. Friday and Saturday.

There will be a sandwich supper Friday before services and following the service the group will go to Junior High to play Basketball and volleyball.

On Saturday there will be a hot dog supper before services and after Culwell and Owen will entertain.

Sunday morning the young people will teach Sunday school classes and at 6 p.m. there will be a youth rally.

Westbrook Cage Action

Westbrook Boys and Girls basketball teams played the Class AA Coahoma teams Tuesday night in Coahoma and were defeated. Both Boys coach Dale Byrd and Girls coach Charles Parnell thought that their teams played as well as they could against big, tough teams from the bigger school. Westbrook is Class B.

A-Boys lost, 72-57. They were ahead 15-10 at the end of the 1st quarter and led by 34-32 at the half, but then three of the starting line-up fouled out and the Wildcats finished the game with only four players.

Tim Oden scored 16 points, Bruce Rich, 13 and Rodney Moore, 13.

B-Boys lost, 73-55, in the opening game at Coahoma. They were also out-manned, said Coach Byrd. Glen Rich led the Wildcats scoring with 22 points.

Westbrook Girls team lost, 94-24. Coach Parnell said that the Coahoma team was a fine ball club, one of the best he has seen, but his girls gained experience from the game that should help them when they play teams from their own district.

Kim Sullivan scored 9 points, Debbie Webb added 6, Pandora Moore, 5 and Mary Alanis, 4.

Jr. High Teams Play

The 7th Grade travelling squad played in Anson Monday night, losing their opening effort by 27-17.

Coach Milton Gierhart said that the boys played a real good game, leading at the half by 14-9. They have had only four workouts and this was the first game action they have ever seen, he added.

Robert Parker scored 8 points, David Rivera, 3, Kirk Shubblefield, 4 and Ricky Sanchez, 2.

Ruben Garcia played an outstanding game, Gierhart reported, making a number of rebounds.

Also seeing action in the Anson game were Pruitt Keel, Johnny Garcia, Ronald Proctor, Mitch Hamer, Alton Ausble, Jay Feaster and Joe Franco.

The 7th Grade A and B teams will play Thursday (tonight) in Coahoma, games at 4:30 and 5:30 p.m.

Both 8th Grade teams went to Lorraine for games Monday night and won.

The 8-B team score was 29-9, Randy Prince made 9 points, and Hobie Bolin, 8.

Coach Mike Hart said that Donnie Dulin played a good game both offensively and defensively and Jack Martin made 4 rebounds.

PARADE
From Page 1
around the corner at Fuller Foods and continue downtown to the Courthouse Square, where it will break up.

The cash give-away is sponsored each year by Colorado City merchants in appreciation to their customers for shopping here at home.

Prizes of \$100, \$50 and \$25 will be awarded to lucky ticket holders in the drawing. A person can be present to win, or may check a list of the lucky numbers posted in the stores by sponsoring businesses. Ticket holders have until the following Wednesday at 5 p.m. to claim the prize money, but if unclaimed, then the money is added to the following week's drawing.

Ticket stubs are given away by 55 businesses in Colorado City during the week, then collected in time for the drawing to be held each Saturday before Christmas.

The 8-A score was 54-21. Frank Sanchez won high point honors. All of the team got to play during the game and they played a well-balanced game, said 8th Grade coach Hart.

Bill Jordan added 8 points to the winning effort and played a good defensive game as well, added Hart.

Kevin Geiger and Blake Hammonds scored 6 points each. Cornell Ausble added 8 points, as well as making 3 re-bounds and getting 4 defensive pluses for blocked shots and stealing the ball.

The 8th Grade A and B teams play again Dec. 10 at Big Spring Golliad, games at 5:30 and 7 p.m.
