Justice Hickman Says Government Rests on People

A challenging address on "The Security of Government" by Justice J. E. Hickman of the Eastland appeals court, and discussions on administration of relief problems were features of the spring convention of the West Texas County Judges and Commissioners Association at Sweetwater last week.

County Judge Robert H. Curmiste and Commissioners Holly Shuler and Lee Grant attended from here. The officials voted to hold their next semi-annual meeting at Plainview in September. Officers are elected at the fall convocation.

Justice Hickman's talk, warmly received, emphasized that the basis of good government rests in the cooperation of its people. "Our constitution is basically right," he said, "and it was on such a basis that good government was built. It will continue to function satisfactorily so long as its citizenship is right."

The jurist lauded the governmental principles of new deal legislation as "fundamentally right." He expressed the belief that the American people will eventually, though gradually, accept generally Roosevelt's conceptions, which, Hickman said, recognize the basic principles of American government.

Other speakers were: W. R. Ely, member of the state highway commission; Scott Gaines, assistant to Jas. V. Alfred, attorney general; Judge O. H. Miller of Jones County; Senator Walter Woodward of Comanche; Lee Simmons, manager of the state prison system.

LEGION CHIEF

L. Van Perkins of Cameron, state commander of the American Legion, will be in Snyder Tuesday evening for next week. His visit here is a gesture of recognition for the fine work done by the Will Layne Post, Commander Lee T. Stinson and his "boys" will honor the visitor with one of the feeds made famous by the local post, then hold an open house meeting, at which Commander Perkins will be chief speaker.

One of Largest Rabbit Hunts at Pyron Yesterday

The rabbit drive on the Pyron ranch, held yesterday, turned out to be one of the largest of the year. At least 100 guns were on the job, and the kill is estimated to have been at least 1,500. The Pyron folks furnished an excellent feed, too, says the local group that attended the drive.

Three drives are on tap for today, according to advance reports coming to The Times. They will be at Big Sulphur, Bison and Inadale. The Sulphur drive will conclude Friday. Bison's big push, which goes south of Bull Creek, was postponed Tuesday on account of the mud.

Dunn is reported to have had a one-day drive—and a good one—on Tuesday, instead of the Monday and Tuesday drives originally planned for.

A second drive in the Polar section just before the bad weather last week is said to have brought many rabbit fatalities.

A drive is slated to begin at the Eliza Rollins place in the Crowder section next Wednesday. Eats will be served at the Bufkin place.

Two Candidates For Congress in Speaking Roles

Two hundred citizens of Scurry County and a few from Borden and Mitchell Counties gathered in the district court room Tuesday night to hear two candidates for Congress from the new 19th district.

Four speakers were scheduled on the program by the Young Democratic Club of Scurry County, under whose sponsorship the program was arranged, but two notified officials Tuesday that illness prevented their coming. Arthur P. Duggan of Littlefield, state senator, and George H. Mahon of Colorado, district attorney, were speakers. Hon. L. H. Pharr, district judge, of Lubbock, and Fred C. Halle of Spur were unable to come.

Senator Duggan outlined the growth of democracy from the city-states of the middle ages to the present Democratic party in the United States, which he declared to be the oldest political organization in the country. He complimented the Young Democrats for the purposes on which they had founded their organization. Mentioning his candidacy briefly, he declared that he would attempt to serve in Congress as he has done in the state Senate—with all his energy, time and initiative.

Mahon spoke of the high service rendered in the 18th district by Marvin Jones for many years, and called attention to the fact that it would be virtually impossible to find a man who could fully fill the Jones shoes. He told of his boyhood in West Texas, and of his desire to represent the people with whom he has lived for 26 years. He singled out tax-exempt securities as one of the points he will stress in his campaign.

Herman Durby, president of the club, was in the chair. Charles S. Owens outlined purposes and plans of the Young Democratic Club, which was meeting in its regular monthly session. Preceding the two addresses, several memberships were enrolled for the recently-organized group.

Young Preacher to Occupy Pulpit Here

The First Christian Church pulpit will be occupied Sunday morning at 11:00 o'clock by Rodney Glascock, student in Randolph College, Cisco, who will be at home for the Easter holidays.

The youthful preacher, who is an honor graduate of the local high school, has appeared in his home church on several occasions. A special invitation is given the public to attend this service.

STATE LEGION CHIEF COMING NEXT TUESDAY

L. Van Perkins of Cameron Will
Speak After Special Feed at
Tabernacle by Veterans.

Long a leader in American Legion activities, the local Will Layne Post will add another feather to its cap Tuesday night of next week when it entertains L. Van Perkins of Cameron, state commander of the veterans' organization.

One of these famous Legion feeds will be staged for the visitor at 7:30 o'clock, at the city tabernacle, by members and Auxiliary members of the Scurry County post. At least 200 persons are expected for the affair.

At 8:30 o'clock the Cameron man will speak in the tabernacle to the legionnaires, their wives, sisters and mothers, and to visitors from all parts of this area. Commander Lee T. Stinson of the Will Layne Post points out that this meeting will be open to the public, and he is looking forward to greeting a large group of "outsiders."

In case of inclement weather, the meeting will be staged at the National Guard armory. Legion officials said yesterday.

Three-Way Concern Opens for Business Next Door to Bank

Three businesses rolled into one have been ushered into being in the first building north of the Snyder National Bank.

Joseph Robinson is opening a typewriter exchange, and will also do other work on similar lines.

Gale Smith is operating a magazine exchange, and will also distribute the Star-Telegram and the Abilene Reporter-News from his new stand.

Roy Jennings and an assistant are offering a four-cushion shine parlor for ladies and gentlemen.

Confections of various sorts, cold drinks and other eatables and drinkables are being handled by the new business house.

The building was formerly occupied by Parks meat market and the A. P. Morris repair shop.

Ovella Gannaway's Beauty Takes Prize

Miss Ovella Gannaway was declared winner of the beauty contest at the Gannaway school house Friday night, when a large crowd came out to take part in a program and in various contests.

Almost \$100 in merchandise was awarded to ticket holders, who had the privilege of casting votes for their favorite beauties. A prize was also given to the couple with the largest family, and to other accomplished attendants.

Loy Kerby, principal, Cora Kerby, teacher, and other citizens of the Gannaway community assisted. The Times to express their keen appreciation to merchants of Snyder and Hermleigh who helped to make the affair successful.

Rev. Philip C. McGhee, Rev. C. L. McGhee, Mr. and Mrs. A. P. Morris, H. L. Wren and H. E. Eiland attended from here.

Agricultural Groups May Be Organized

Formation of a County Agricultural Association, which would bring to a head all governmental farm agencies, state and nation, was discussed at length in Dallas last week by delegates to a statewide gathering of the Texas Agricultural Association.

County and community associations of this nature have the active backing and sponsorship of A. & M. College, according to J. L. Carroll of Scurry County at the meeting. Speakers from various agencies, including the cooperative bank at Houston, the federal land bank at Houston, home demonstration and county agent work, and others, were on the program.

Antonio Ybarro, 63-year-old Mexican resident of Snyder, died at his home Thursday from a combined heart and pneumonia attack. Rev. Philip C. McGhee conducted final rites Friday afternoon, with Odum Funeral Home in charge. Burial was in the Snyder cemetery. Ybarro was born in Old Mexico, but had resided in Texas for 35 years. He had been a faithful member of the Baptist Church for a number of years.

CLEAN UP, ANTI-FIRE CAMPAIGNS FOR CITY

Plans for Spring Fire Prevention Clean Up Week, beginning Monday, are being mapped by city officials, headed by P. M. Bolin fire marshal, and N. W. Autry, fire chief.

Here is a general outline of the program that is to be carried out:

Monday, Home Inspection Day—All rubbish, paper and waste material should be removed and fire hazards removed.

Tuesday, Community Day—Clean up yards, streets and alleys. Inspect stores.

Wednesday, Paint-Up and Repair Day—Make all repairs necessary. Repair roofs, whitewash eaves. Repair fences.

Saturday, Beautification Day—Prepare for a garden. Plant flowers and vegetable seeds. Take care of and, if necessary, re-seed lawn.

Mayor H. G. Towle states that the sanitary department will cooperate in ridding premises of trash and rubbish when it is gathered and sacked or boxed. Trash should be placed there in a way easily seen from the street by collectors.

AREA SCOUTING GROUP COMING

A. C. Williamson, Sweetwater, Boy Scout executive of the Buffalo Trail Council, will be in Snyder Friday evening to assist local committees in organization of two troops here. He will be accompanied by Charles Paxton, president of the council, and Lon Ger, treasurer, he indicated in a letter yesterday.

In addition to a committee from the American Legion and another from the Lions Club sponsoring organizations, all men interested in scouting, either as active leaders or as friends of the work, are urged to be present.

"I am very anxious that we may get an organization that will function well and permanently," writes Mr. Williamson, who has worked with local scouts in the past.

"The Toreadors" Is Pleasing to Crowd

A moderately large crowd flocked into the high school auditorium Thursday evening of last week to hear an excellent Spanish opera. "The Toreadors," as interpreted by the boys' and girls' choral clubs, was presented.

The clever combination of drama and music, directed by Mrs. Helen Rodgers and Charles S. Owens, netted approximately \$30 for the two clubs.

Varied Program Heard by Lions Club This Week

A program that ranged from the sublime to the ridiculous, as one of the entertainers said, was heard by about 50 local Lions and their visitors at the regular luncheon period Tuesday.

J. J. Faulkner, blind pianist and singer, in conjunction with his companion, O. C. Cloud, gave a varied three-numbered program. Other visitors were C. P. Willadsen of Rock Island, Illinois, and L. C. McNatt of Abilene, representatives of the Modern Woodmen; and Charles Seagrave of Dallas.

C. Wedgeworth, under whose leadership the local school group is being organized and beautified, outlined the past and future of this project. He also paid high tribute to Mr. Faulkner, the blind entertainer, whose gospel of smiles and good cheer was commended to those with normal vision.

W. J. Ely served as chorister and Frank Farmer as tall twister in the absence of these officials. R. L. Williams, chairman of the program committee, appointed four captains for club groups that will be responsible for April entertainment. The captains are Nathan Rosenberg, a club member has posted a \$5 award for the outstanding program in that month.

A Boy Scout committee composed of Albe Rogers, Dr. C. B. Reed and Wayne Boren was named to work in conjunction with the American Legion committee to perfect plans for organization of two local troops. A board of directors meeting was called for this Thursday evening at 7:30 o'clock at the Manhattan Hotel.

WEATHER HALTS LEAGUE MEET; ATHLETIC FINAL SET SATURDAY

The weather man took charge of the track and field meet here Saturday afternoon, leaving the winner of this year's interscholastic league awards in doubt.

All Friday events were concluded, with the exception of finals in the high school girls' volleyball and rural playground ball. These events, along with the track and field activities, will be completed Saturday of this week. Director E. O. Wedgeworth said early this week.

Snyder took a lead over her Class B and Class C rivals during Friday's literary events. She already had a good advantage because of both her debating teams winning firsts earlier in the month. Her totals so far are 192 points. Fluvauna is close behind with 155 2-3 points, and Hermleigh is third with 151 2-3. Dunn has 106 2-3 points. Ira has 40, and Pyron has 35.

Snyder favored.

Judging from Snyder's past performances in the coming athletic events, she will have no trouble in maintaining her lead. It is liable to be a close race between Fluvauna, Hermleigh and Dunn, however, for Dunn may have enough strength in field and track to overtake the others' leads.

In the grammar school division, Hermleigh stepped out ahead, with rural playground ball. Fluvauna was a close second with 131. Next in order came Dunn with 127, Snyder with 94 1/2, Ira with 40 and Pyron with 32.

Turner school leads in the rural school division, with 115 points, closely followed by Fluvauna with 107 1/2. Ennis garnered 90. Running far behind these leaders are the following schools: Lloyd Mountain, 54; China Grove, 45; Crowder, 45; Bethel, 40; Independence, 37 1/2; Bison 34 1/2; Plainview, 30; Sulphur, 22; Canyon 10.

Following are results of the meet to date:

CITY MARSHAL RACE IS FIRST IN VOTERS' EYE

Seven Candidates for Job Equal
All Other Names on Tuesday
Election Ticket.

Names of 14 candidates appear on the city election ticket for the eight terms of office that expire this year. Seven of them are in the marshal-race collector column.

Naturally, interest in the election, which comes Tuesday of next week, centers in this lone contested race. The fact of the business is that most of the interest so far has been elicited by the candidates themselves, but enough voters are expected to travel to voting boxes to bring the total above the 1,000 mark.

Withdrawal of Walker Camp from the marshal scramble (he is running for sheriff) left the bars down for the following seven office seekers: Ed Bruton, Frank Brownfield, Sam Clustevens, J. A. Woodfin, Bill Wilson, Tom DeShazo and Bob Martin.

The remainder of the list will read like this:

Mayor—H. G. Towle (reelection). City attorney—W. W. Hamilton (reelection). City secretary—J. S. Bradbury. City recorder—H. V. Williams (reelection). Councilman, north ward—James A. Clark (reelection). Councilman, west ward—R. H. Odum. Councilman, east ward—J. E. Shipp.

John E. Sentell was announced for the city attorneyship last week by friends, but he has withdrawn in favor of the incumbent, W. W. Hamilton, who had not made formal announcement last week.

The commissioners attended to several items of routine business at the special session.

Dr. Dodson Praises West Texas Leader

Dr. J. W. Hunt, late president of McMurry College and former pastor of the local Methodist Church, was highly praised at a special memorial service here Sunday morning. Dr. B. W. Dodson, a member of the McMurry faculty, was principal speaker.

The special singers from McMurry were unable to come because of inclement weather. Miss Pauline Brown sang "Crossing the Bar." Rev. S. H. Young, pastor, expresses himself as well pleased with the crowd and the spirit of the service.

You May Receive Your Times Late

Due to further restriction of mail delivery here, occasioned by national efforts to balance the budget, The Times cannot be placed in the hands of all local subscribers Thursday afternoon, as its custom has been a major part of the time.

Only residential areas in Snyder will be missed in the afternoon, all others being delivered by carrier or from the post office shortly after noon—unless The Times plant has a hitch in publication plans.

The Times feels that this is a small sacrifice for the publishers and for Times readers who would like their papers earlier. We pledge ourselves to support the Roosevelt administration and the local post office force in their enforced economy measures, and trust that Snyder subscribers will do likewise.

P. S.—After Saturday you cannot get The Times in the morning for a dollar bill in Scurry and adjoining counties or for \$150 elsewhere.

DRIZZLY RAINS BLANKET AREA FOR 36 HOURS

Livestock and Fruit Losses From
Freeze Forgotten as Fine
Spring Rain Falls.

Drizzling rainfall and occasional gusts of sleet and snow, beginning late Saturday, blanketed Scurry County pastures and fields with one of the most excellent spring seasons the old-timers can remember.

For about 36 hours the gentle fall continued, abetted by freezing weather and icy coatings. Young livestock, noably freshly shorn goats and small lambs, suffered to some extent, along with budding fruit trees, but the remarkable spring moisture virtually blotted out these losses.

In Snyder the precipitation totaled exactly one inch and a half. A few areas in the county received slightly less than that amount, while others received upwards of two and a half inches of wetness.

The weather holds forth hope to the farmer of a third successive bumper cotton and feed crop in the county; to the rancher, of better summer grazing than he has seen in several seasons; to everybody, a New Deal to fit in perfectly with the Rooseveltian efforts to restore full recovery.

Final Report Says Ginnings in County Were 31,948 Bales

Scurry County's 1933 cotton crop yielded 31,948 bales, according to the government report issued on March 20.

This yield, which was 5,000 to 10,000 bales more than practically all comparable yields, Jones, the banner cotton grower, dropped below Nueces and Ellis, with a yield of 88,443 against 107,309 for 1932. Mitchell dropped to 21,928 from 50,040; Nolan to 21,470 from 35,273; Fisher to 47,825 from 63,206. Kent was the only county in this vicinity to gain. It rose from 15,693 to 15,728.

The 1933 bales was made in the face of a "plop-up" of between 30 and 40 per cent, of course.

Nearly counties varied in their comparative yields. Jones, the banner cotton grower, dropped below Nueces and Ellis, with a yield of 88,443 against 107,309 for 1932. Mitchell dropped to 21,928 from 50,040; Nolan to 21,470 from 35,273; Fisher to 47,825 from 63,206. Kent was the only county in this vicinity to gain. It rose from 15,693 to 15,728.

Friendly Helpers Meet on Thursday.

Mmes. T. J. DeShazo, Fred Trice and Tom Henley were hostesses to the Friendly Helpers Class of the First Methodist Church last Thursday afternoon in the home of Mrs. A. H. Trice.

During the social hour the members of the class finished piecing a quilt under the direction of the Social Service Committee with Mrs. Wayne Boren as chairman. The quilt, together with a box of linens, will be sent to the Waco Orphans' Home next Christmas.

The hostesses served delicious ice cream and angel's food cake to the following members: Mmes. J. G. Hicks, Oscar Coston, W. W. Smith, J. C. Stinson, L. O. Biggers, A. R. Porter, C. J. Yoder, Fred Joyner, Ed Thompson, A. C. Pruitt, T. W. Pollard and Homer Snyder. Mmes. A. H. Trice, Jeff Trice and Dan Trice were guests.

Society Meets With Mrs. Brown.

One of the interesting facts that was brought out in the missionary discussions was that one whole auxiliary walked eight miles to attend a zone meeting. That occurred in Alabama. One person present at the Monday meeting stated that she had heard of such things happening in foreign countries, but never before had she read of women in the United States having such a great desire to attend a zone meeting.

The hostesses passed sandwiches, divinity pie and coffee to the following: Mmes. D. P. Yoder, R. E. Gray, I. W. Boren, J. C. Dorward, Joe Strayhorn, W. W. Hamilton, C. J. Lewis, Lee T. Stinson, A. M. Curry, J. C. Stinson, J. E. Hardy, W. W. Smith, R. M. Stokes and Sed A. Harris.

Style Show A Decided Success Monday Night

With Grover Scott as master of ceremonies the Spring Style Revue arranged and staged by the Altrurian Daughters Club at the Palace Theatre Monday evening was declared a decided success by the large crowd of Scurry County people, who filled the theatre to its capacity.

The style show was given in connection with "Queen Christina," starring Greta Garbo. Ladies and juniors' ready-to-wear was modeled for J. C. Penney Company, The Fair Store, Economy Store, The Hollywood Shop and Bryant-Link Company.

Stage decorations were graciously furnished by Mrs. J. R. G. Burt, Mrs. W. R. Bell and John Keller. Tall baskets of yellow narcissus and Pampus plumes were at either side of the stage, and Easter lilies, also in tall baskets, formed a background for the models. Floor lamps softly lighted the stage.

Four of the town's beauty shops gave complimentary hairdresses to the models—Everywoman's Beauty Shop, Pollyann Beauty Shop, Myr's Beauty Shop and Adelle's Beauty Shop. Delightful music was furnished by Red Wedgeworth's Orchestra. Costumes were presented by Bell's Flower Shop.

Frocks Presented.
The first group of dresses to be modeled were crisp morning frocks and tennis frocks. Then came the type of frocks that predominate in every woman's wardrobe—an array of street and sport dresses. "At this time of year," stated the master of ceremonies, "afternoon frocks for parties and teas are bursting into bloom with a radiance that comes at no other season of the year"—and a number of gorgeous frocks were presented.

The climactic presentation, as decided by several, was the showing of evening dresses. "Although fashion has many ways of saving it in spring, she prefers to emphasize it in her evening apparel. Our local merchants have selected only those that are youthful, gay and debonaire," Mr. Scott continued. "The pretty gowns which are worn by some of the models were furnished through the courtesy of Mrs.

W. R. Bell of Bell's Flower Shop.

What They Wore.
First to appear for the approval of the audience was Miss Martha Jo Jenkins, representing The Hollywood Shop. Miss Jenkins modeled a crisp printed seersucker organdy at her first appearance, and later presented a plaid sun-burst back frock worn with a string linen coat, red and white plaid bag, red hat and white shoes.

Miss Frances Northcutt represented the Economy Store, wearing a Maroon frock in blue and white striped tub silk with wide kid belt. At her second appearance Miss Northcutt wore a brown linen trimmed with white buttons—also a Marion.

Miss Charlyne Kincaid modeling for Bryant-Link Company entered wearing a Mary Dean tennis frock—called a "tennis-love-set"—with red and white plaid jumper skirt and tennis shorts worn with white blouse, white sport shoes and red socks. Miss Kincaid also modeled an interesting Levine afternoon frock of deep-hole crepe in green and white with wool thread trim and removable jacket.

Checked Organdy Featured.
Representing The Fair Store Miss Netha Lynn Rogers presented a crisp morning frock of red and white checked organdy, and appeared later in a yellow crepe jacket street dress trimmed with white organdy pleated ruffles. Miss Rogers wore white accessories with the street dress.

Bryant-Link Company presented Miss LaFrances Hamilton in a Nellie Don morning dress of red striped pique trimmed with silver buttons, and again appeared in an alluring evening dress of blue net with pink velvet ribbon corsage.

Miss Bonnie Miller represented The Fair Store in the revue wearing a morning dress of printed organdy and a second time in a pink and blue crepe worn with a large blue straw picture hat and white accessories.

Miss Florene Brownfield, a J. C. Penney model, presented a smart navy crepe street dress trimmed with white covered buttons and worn with blue hat and other accessories in white. Miss Brownfield was seen also in an aqua blue frock

with white trim and blue and white accessories.

Collar and Cuffs Shown.
Miss Jan Thompson as a J. C. Penney representative wore a modish blue crepe with white linen collar and cuffs.

Miss Mickey Carroll was introduced wearing a navy polka dot dress with swag-length coat and wide white collar and cuffs of triple sheer pique. Navy and white accessories were worn with this Mildred street frock. Miss Carroll later appeared in a pastel green chiffon evening dress with removable shoulder throw and slight train. A lovely corsage was worn in the center back and gold novelty jewelry. Miss Carroll was modeling for the Economy Store.

The Hollywood Shop presented Miss Aubrey Stokes in a silk linen sweater suit in brown and white—a Maroon frock—with brown accessories. Another creation from the Economy Store worn by Mrs. Stokes was a Mildred afternoon frock of white trimmed with gold and white braid and covered buttons trim, and with three-quarter sleeves. Jewelry worn by Mrs. Stokes was from Towle's Jewelry Store.

The Hollywood Shop introduced Miss Evanelle Arnold, Simmons University beauty, first in a navy triple sheer suit trimmed with white and worn with navy and white accessories; and again in a modern copy of the frock worn by Greta Garbo in "Queen Christina." The "Queen Christina" frock was of cerise red mousseline deose and was worn with large red picture hat and white bag, gloves and shoes.

The Hollywood Shop also presented Miss Pauline Kay. She wore a beige and brown outfit, brown sport shoes, brown hat and carried a lovely gold nailhead bag at her first appearance. Next she appeared in a sophisticated evening gown of white crepe with silver tunic worn with black and silver accessories—rings—necklace including a tita, black evening handkerchief, black and silver evening sandals. Her nails were also black.

Miss Florene Winston, modeling a smart triple sheer coat dress with lace blouse in a lovely rose shade

and also a sparkling creation in blue and white organdy, appeared for Bryant-Link Company.

Crepes Featured.
The Fair Store presented Mrs. Jimmie Hopper in a blue and white crepe afternoon dress worn with blue accessories and later in a white taffeta evening gown with red trim.

Miss Melba Clark modeled a pink and blue afternoon frock with blue hat and white accessories and an evening dress of blue crepe trimmed with white for The Fair.

The Economy Store presented Mrs. Nathan Rosenberg in a Mildred afternoon frock of white moss crepe combined with embroidered chiffon with white fur cuffs on removable short coat. For formal occasions Mrs. Rosenberg wore an intriguing evening model of embroidered silk net over a white taffeta slip with a red corsage for the Economy Store.

Miss Bonita McGahey, representative of the J. C. Penney Company, modeled a floral printed tasha crepe afternoon dress of green and beige worn with white accessories.

The Hollywood Shop presented Miss Juanita Burt in a distinctive tea frock in a floral printed crepe with orchid background and she wore a corsage of violets and a white picture hat of rough straw. The evening gown modeled by Miss Burt was a gorgeous one of soft blue trimmed with double ruffles at the neck and wrists.

Mrs. Max Sears modeled two evening dresses for J. C. Penney Company—one, a striking model in vivid pink, print and blue predominating, with butterfly wing sleeves; the second, a triumphant creation in all white crepe, the low back trimmed with double ruffles. With the white dress she carried an arm bouquet of red roses and lace fern.

Junior Models Enter.
Bryant-Link Company boasts of having a varied collection of misses and children's clothing this season. They presented the following model:

Recent Bride Is Given Shower.

Honoring Mrs. Mitchell McMath, the former Miss Theora Sparks, a recent bride, Mmes. R. C. Gilmore and Willie Mae Willis entertained with a miscellaneous shower last Thursday afternoon at the home of Mrs. Harry S. Lee, 2311 29th Street.

Pretty Easter decorations were used, and interesting games furnished amusement for the guests. Mmes. Van Sumruld and T. C. Gilmore received high scores.

An ice course was served to the

guests. Sallie Dodson in a pretty play dress in white and red dotted swiss—a Lucette frock; Little Miss Betty Ann Hoke of Kansas City (a perfect model) in a darling blue be-ruffled party frock; and Miss Patty Joyce Hicks in a party frock of blue taffeta worn with white accessories.

The Hollywood Shop in depicting what the well-dressed little miss will wear presented these: Ramona Keller, a dear little miss in a play-suit of red pique overalls and white mesh shirt; Miss Wynona Keller dressed for sport in a white linen sport suit with brown and orange trim; Justie Burt modeling an afternoon dress of red and white checked chiffon organdy that would be pleasing to any junior; and Dorothy Winston in a youthful evening frock of flesh pink embroidered organdy.

Thanks Extended.
The Altrurian Daughters Club of Snyder wishes to extend their most hearty thanks through The Times to each person who contributed in any way toward making their Spring Style Revue a success. The finance committee of the club, consisting of Misses Mattie Ross Cunningham, Grace Avery and Mmes. Herbert Bannister and P. W. Cloud were in charge of arrangements for the show.

"The Awakening."

Miles Laverack, English hero of "The Awakening," by Warwick Deeping, finds his dreams of happiness shattered into disillusionment after seven years of married life with Grace Summersgill. As he builds up his law practice in the village of Sutton Vervey, his wife grows more heartless, scheming, and socially ambitious, regarding her husband only as a provider, and not a companion. Laverack finds his youth again in a brief infatuation with another woman; but his spiritual awakening comes from an experience in the World War. He comes to see that mankind needs to be rescued from the very cruelty, selfishness and greed producing this war.

Returning to England but not to wife after the Armistice, he joins with others in a great crusade to lift England from her commercial materialism, class selfishness, and ignorance. "And after all," he says, "that is the only thing worth working for."

Most for Your Money In a Good Laxative

Thedford's BLACK-DRAUGHT has been highly regarded for a long, long time, but it is better appreciated now than ever before. People are buying everything more carefully today. In buying Black-Draught, they get the most for their money. In a laxative, laxative, dependable for the relief of ordinary constipation troubles.

ing for, to make England a better place for the man to live in." Miles Laverack's decision to spend his life for social betterment is altogether praiseworthy. But at other points the book may provoke controversy. Was his decision to give up his personal happiness for a woman altogether suited to for mere companionship necessary or natural? Too, the details of his plan for reforms seem not wholly sound. "The Awakening," however, is particularly interesting because it voices these ideals of a new age.

THE WEEKLY DOZEN

Pioneers Are Passing.

The passing years are taking heavy toll of the
hardy pioneers who settled this country, and as we
stand by and watch them go we often wonder if
those to take their places will be as strong of character
and courage as these grand old souls.—Stephen-
ville Empire-Tribune.

A New Candidate Crop.

Superintendent of the Dallas schools sent out a
questionnaire to the high school boys and girls to
test just how much they knew about history. One
declared Washington was "the hero of the Alamo, a
river near Austin." That boy will land in the Leg-
islature.—McKinney Examiner.

From a Tabaka Wag.

A wag said the other day that this 32 had been
found to be very interesting—three bottles of beer
and two pints of whiskey. They want to make it
lawful to sell beer in Tabaka, and as soon as they
get a chance they will want to make it lawful to
sell whiskey.—Lynn County News.

More Evidence.

Attendance this spring at the Pat Stock Show and
Live Stock Exposition in Fort Worth affords another
evidence that people not only feel better but have
more money with which to buy the things they want
than they had last year. The show packed them
in at every performance of the rodeo, and at the
attractions.—Floyd County Hesperian.

Political Advice.

Jim Hogg's famed political advice to M. M. Crane
was "Don't start campaigning until folks sweat free-
ly." It is being disregarded this year. The legis-
lators cleared the decks for action when the recent
special session closed, and the candidates are hank-
ering to take to the open road, the stump, testimonial
gatherings, and anywhere voters may congregate even
temporarily.—San Angelo Standard.

Yes, Times Do Change.

Times change. A year ago if one had \$100 in
gold, he was a good, substantial law-abiding citizen,
but if he had half a pint of liquor on his hip he was
up against a criminal charge. Now it's just the op-
posite. He is all right with his liquor, but carrying
gold is more crime than whiskey ever was. It keeps
a fellow guessing to keep up with the ever-changing
procession.—Chillicothe Valley News.

"Too Drunk to Be Questioned."

Joe V. Moore was "too drunk to be questioned"
when the officers arrested him last Wednesday after
he had run over and mangled three little children
who were sitting on a curb in Amarillo. The fact
that Joe was not hung with a barbed wire on the
nearest telephone pole is ample evidence that the
folks in Amarillo are a very law abiding as well as
a forbearing people.—Sterling City News-Record.

A Flood of Revenue?

The Armstrong Herald chuckles a little because
the wet claim of a flood of revenue following repeal
has not been realized. "Nor do we hear of any great
increase in the demand for the farmer's grain to
make into booze," says the Herald. "Thousands of
people never formed the drink habit during prohibi-
tion, and now the booze hounds will have to be
patient for sales until the drink habit is cultivated
by the oncoming generation."—Salsbury, Missouri,
Press-Spectator.

Government Initial Soup.

A young CCC lost his BVD.
So the PTA sent an SOS.
To the CWA which was CTQ.
As the FRA had put the CAN.

And the NRA was all POB.

Nothing Wrong With America.

There is nothing wrong with America! We say
that in the full knowledge that there are still a great
many persons out of work and a great many people
who have a hard struggle making both ends meet.
What ever is wrong with America, we are ten times
better off than the people of any other country we
know anything about. And, whatever may be wrong
with our country, there is a distinctly American way
of fixing it, and the American people now, as they
have always done in the past, will find and apply
their own remedies, which will not be remedies pre-
scribed by either Dr. Stalin, Dr. Hitler or Dr. Mus-
solini.—From a "Canned" Editorial.

EDITORIAL OF THE WEEK

THE COUNTRY NEWSPAPER.

Turning from city newspapers to small town press
exchanges that come to the editor's desk is like step-
ping from the shims, full of vice, into an old-fashion-
ed garden sweet like lavender and thyme and the
scent of perennial flowers. The pages of old dailies
are so full of murders, immorality and selfishness
that the bigger news is obscured by these glaring
shatterings of the Decalogue. One puts the papers
aside with a feeling of depression and heartache that
the world is so full of terrible and unhappy things.

Then picking up the papers that record the hap-
penings of the little towns around us, one gains re-
newed faith in life. Here are set forth only that
which uplifts a community—the activities of the
business men, the church items, the happy social
gatherings of the people, the marriages, births and
deaths, farmers' items, and all the thousand and one
daily occurrences that make up the simple annals
of the great common people, who are really the foun-
dation of this broad country of ours.

Sometimes people speak lightly of the country
newspaper, but it is one of the most potent and up-
lifting factors in our national existence.—Christian

"Delinquent Tax Week."

(Editorial Note: "Collect—don't create new taxes"
is a slogan that has been sounded by The Times in
the past. One of the distressing needs of govern-
mental reforms is to get money for public support
from those who can afford to pay it. This editorial
from The Dallas News is an interesting commentary
on a campaign just ended by the Junior Chambers
of Commerce of Texas.)

Junior Chambers of Commerce of Texas sponsored
beginning March 19 "Delinquent Tax Week," in which
a drive was made to educate the public to the need
of squaring old accounts with the collector. Utilizing
the slogan that a paid tax does not breed other taxes,
the Junior Chambers point out that there is some
120 million dollars in real and personal property
delinquent in the many tax assessing units of the
State and that, if this is paid in, there will be no
necessity of finding new methods of raising the tax
revenue.

There is the individual incentive of course to save
tax money by paying old tax accounts prior to April
1, when the penalty and interest forebore by legis-
lative enactment will again run on this class of debt.
The chamber's campaign ties in neatly with this im-
mediate economic appeal.

This public service is a real one and will be ap-
preciated by the good tax payers who meet their bills
but have to bear added burdens because of delin-
quents. In addition, it is a sharp notice served on
official tax collectors that the young business man
of Texas will have no further patience with the man
who does not make every effort under the law to
bring in tax money.

Constitutionally and by belief ours is a nation of
equal taxation. In practice it is far from it. There
is no equal taxation where one man pays his bill
and another is allowed to let his remain on the books.
The best service that good citizenship can render
Texas now is to make tax delinquency an obsolete
term. The Junior Chambers of Commerce are taking
the lead in that vital reform, with their graphic
urge: "Collect—don't create new taxes!"—The Dallas
News.

FARM COOPERATIVES GROW.

Recent surveys of the Cooperative Division of the
Farm Credit Administration show that the number
of farm cooperative purchasing associations in this
country is now well above 1,600 with a total mem-
bership of more than 500,000 farmers. Not only have
the cooperatives increased in number and mem-
bership, but cooperative buying of farm supplies has
grown more rapidly in recent years than any other
form of cooperative activity.

Of course cooperative farmer buying dates back
75 years or more, but as recently as 1913 there were
only 111 such associations doing an annual business
of around \$6,000,000. Then they began to increase
more rapidly and by 1915 there were 275. This con-
tinued during the war and after. In 1922 there were
nearly 900 associations and by 1925 there were more
than 1,200 with a total membership of nearly 250,000
with a combined yearly business of \$135,000,000. Their
yearly business now is estimated at more than \$140-
000,000.

In 1933 over 11 per cent of all farms reported
cooperative sales and some 6.5 per cent of all farms
reported cooperative purchases. The cooperative
sales, of course, run into much bigger figures than
those for cooperative purchases. The peak of the
cooperative purchasing business was in 1930-31 and
which totaled more than \$215,000,000. Since then
the value of such purchases has greatly declined.
Specialists of the Cooperative Division of the FCA
lay this decline to falling prices of farm supplies
and the greatly lessened ability of farmers to buy.
Better conditions in 1933 and 1934, however, are
sending purchases up again. Many such associations have
reported increased earnings for last year.

What do the farmer cooperatives buy? Naturally
feed and fertilizer are the two products most bought
by these associations. Next comes seeds, then pe-
troleum products and, in turn, containers, fuel, build-
ing material, fencing, farm machinery, etc., etc.
ing material, fencing, farm machinery, etc., etc.—

and public taste is, more often, even stranger and
more exotic. Recently a subscriber protested to the
editor of a daily newspaper in this section against
continuation of a comic strip, alleging the characters
were uncouth and the English . . . horrid. All
of which protest a mere perusal of the comic strip
showed was amply justified. The editor stated that
the strip was quite popular with many newspaper
readers; however, it would be agreeable to leave the
matter of its continuation or discontinuance to a vote
of the readers. And, at latest count, the vote for
continuing the strip was 50 for, to 19 against.—Brady

The Immensity of Texas.

Speaking of the sandy land farming and one-
horse plowing, reminds us of the immensity of Texas.
In the eastern part of the state where crab grass,
post oak runners, and cockle burrs thrive under
spring showers that come all too frequent in many
cases, a single farm hand does well to cultivate 30
acres of land well. In the western part of Texas
one man can cultivate three or four times that
amount of land. But at that nature has played a
part that makes the balance more nearly equal. In
the eastern part of the state, fruit, vegetables and
all kinds of things to eat grow and are produced
profusely. So much so that living expenses are
much less than in that part of the state where one
cultivates many more acres.—Oney Enterprise.

CURRENT COMMENT

By LEON GUINN

The dear old Texas Senate em-
ploys 10 senators of the smart chat
class, whose chief duty it is to keep
the calendar full of laws to be de-
bated, and amendments to flavor
the Congressional appetite . . . This
probing into scholastic territory, for
instance . . . There happens to be
200,000 school children in Texas
(mostly in South Texas) senators
are worried about . . . Here's the
inside dope on the subject: These
kiddies are mostly tenant farmers'
children, and are thus forced to
move from place to place each year
. . . Census takers find it difficult
to thus enumerate new additions,
keep up with hundreds of farmers
and city dwellers . . . So from year
to year one school gets \$16 per child
at the loss of some other school,
regardless of attendance . . . Some
senators insist attendance should
govern the dishing out of funds,
so there friction commences.

Due to financial and sundry ex-
cuses the children in South Texas
counties do not attend school, ex-
cept occasionally (the 200,000),
which causes cries of "padding"
. . . I happen to know Texas teach-
ers are above the key acceptance of
money not due the schools, and the
Congressional probing revealed chil-
dren in West Texas attend 95 per
cent, because they value the ad-
vantage of high school . . . One
notes Senate investigations have
two purposes, namely (1) reelection
fences to pretty up, and please John
Public, and (2) the running of a
good show in style for spotlight pur-
poses.

I can think of nothing that
catches the tempo and swing of
things better than last week's 16
page issue of The Times . . . The
virtues of spring are better sung
in galleys of type than in vaunted
music halls . . . The publishers have
made this issue a thing of beauty,
complimented by timely ads depict-
ing merchandise as chic as any of-
fered in New York or elsewhere.

With its curtains and draperies
of green spring for 1934 opened on
March 21 . . . This gala prelude
to summer probably gladdens more
hearts than any tonics or poems,
for then the good earth is bathed
in carpets of green things grow-
ing . . . Truly the plowing of a
furrow is the addition of a line to
terraced beauty in spacious fields,
the sale of merchandise the compli-
ment to whatever natural beauty is
possessed by man (all women are
in degrees beautiful) . . . It is re-
vitalizing to see the young heart
warm and restless, the old subdued
and slow (poets say), all touched
by the magic of spring, fishing
tackle, and golf clubs . . . Spring
incidentally demands fewer clothes
and more vegetables . . . And it
is very pleasing in West Texas to
observe the buds of life bursting
forth in touching beauty, away from
the highways of cold, sneaking
gangsters.

If a whole lot of people in this
country talked less and worked
more, prosperity for all would come
quicker.

Conoco's Travel Bureau Predicts Tourist Pick-Up

"More tourists will visit Snyder during 1934, and more money will be spent in local business establish-
ments by visiting motorists than during either of the past two years."
Such was the prediction made here by Charles S. Ritchie, com-
mander of a rosy red, green and white Conoco Travel Bureau bus which rolled into town Monday, and stopped long enough to allow its personnel to inspect local points of scenic and historical interest and check over the tourist assistance now being rendered by Conoco service stations here.

Ritchie told The Scurry County Times that one reason why an in-
crease in vacation travel to this area seems probable is the fact that 1933 statistics compiled by the Conoco Travel Bureau indicate a de-
cidedly encouraging trend.

3,740 to This Area.
In 1932, for example, the bureau served 143,097 groups of tourists; routed 31,000 of them into or through this state, and 2,100 of them to this part of the state. But in 1933, a total of 196,415 groups, or an increase of 53,318, was served; 59,000 sent to the state, and 3,740 to this area. Since there is an average of four people in each of these groups, the increase in local income which 1934 is likely to bring appears more than impressive. The trip service goal which the bureau has set for 1934 is 300,000. People aided by the bureau last year are to be found in every state in the Union, as well as Mexico and every province in Canada.

The Conoco Travel Bureau, Ritchie explained, has grown, in four years' time, from a small branch serving a few hundred people to the largest organization of its type in America. It was found-
ed by Continental in response to the demands of motor vacationists and everyday travelers who wish to be certain they are taking direct, trouble-free routes to their destina-
tions and yet see the most interest-
ing sights found in the country they journey through.

Aim to Increase Travel.

The bureau's second major aim is to increase tourist travel to all of the nation's scenic regions. Through approximately 18,000 company and dealer service stations and hundreds of newspapers, hotels and chambers of commerce, the bureau is distrib-
uting maps and literature featuring this city and its surroundings, as well as numberless other interesting points in America.

This unusual service, to which every motorist is entitled without spending a cent—over for postage—goes far beyond literature distribu-
tion. In the bureau's central offices in Denver, more than a hundred carefully trained employees consult daily road reports from every state in the Union; note even the shortest detours, and incorpo-
rate this information into the routes they mark on all maps sent out.

Motorists who apply for free travel bureau service also receive a special "Passport" which helps them keep a careful expense record of their trips, identifies them wherever they may be and secures additional privileges for them at all Conoco stations. Each station acts as a field branch of the bureau and is prepared to furnish valuable local information to all tourists. All cottage camps and hotels throughout the country have been catalogued and described in free literature now being sent out by the bureau.

Conoco division officers accom-
panying Ritchie here were C. L. Oden, assistant division manager; H. E. Keirn, district superintendent; W. J. Finnegan, Conoco merchant-
dizer; and R. H. Robinson, operator. The Conoco bus is equipped with special loud speakers which make it possible to broadcast radio and phonograph music, as well as announcements made by the bus com-
mander for almost a mile in any direction.

"Through ConocoLand," a six-reel talking picture, will be shown at the Bluebonnet Hotel, Sweetwater, at 8:00 p. m. April 10, according to Mr. Ritchie.

Conoco Bus Here Monday.

Snyder residents were given in-
teresting, first-hand information recently on the "Travel America First" movement now being sponsored by the Conoco Travel Bureau, when one of the bureau's big buses rolled into this town. New sound

amplifying equipment which the bus carries is capable of broadcast-
ing announcements and music for nearly a mile. The bureau is a branch of Continental Oil Com-
pany.

A dorky named Sam, borrowed \$25 from his friend, Tom, and gave his note for the amount. Time went on and the note became long past due. One day the two men met on the street and Tom said with determination: "Look heah, man, when you going to pay dat note?"

"I ain't got no money now," replied Sam, "but Ah'm goin' to pay it soon as I kin."

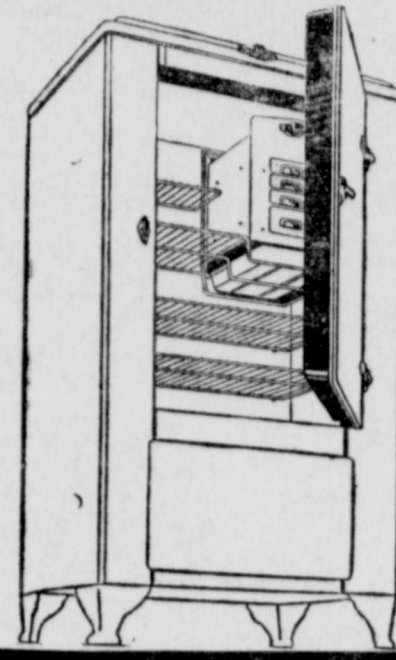

"Yo been sayin' dat for months," retorted Tom, "but it don't git me no money. Ef you don't pay dat money right now, you know what I'm goin' to do? I'm goin' to burn yer old note; den where'll you be at?"

"Yas yo' will, yas yo' will," Sam shouted, "Jes yo' burn dat note o' mine an' I'll sho pop a lawsuit on you."

Don't pay too much for your money.

It was the day of the school entertainment, and the audience consisted mainly of mothers, proud or envious, according to the part their children were playing.

One small boy came to the platform. Striking a bold attitude, he began: "Friends, Romans, countrymen, lend me your ears."

Whereupon one of the mothers whispered to her companion: "Now, there, that's the Jones boy. He wouldn't be his mother's son if he weren't trying to borrow something."

Lions Entertain Visiting Clubs

A Lions Club jamboree at the Manhattan Hotel Friday night was attended by 63 members from Hamilton, Colorado. Anson and Snyder. The zone gathering headlined varied entertainment and a close-out business session that gave local Lions new seals at which to shoot.

Otto Berlin of Hamilton turned out to be the hero of the evening when he told the champion story in a fish-golf contest. His reward was a toy golf set and two celluloid fish. Each of the other clubs had an entry in the contest.

Music was furnished by "Red" Wedgeworth's orchestra, composed of Miss Mercedes Robertson, Felix Jarratt, Bob Gray, Elmer Spears and Bob Hamilton. The sing-song before the meal was also led by a visitor, Charles S. Owens, with the club pianist, Billy Hamilton, accompanying.

Warren Dodson was the official greeter. S. W. Lawrence, president of the Anson club, rendered a piano solo. Hayes Holman of Colorado humorously told what the matter with many Lions clubs. E. Earl Isbill of Hamilton gave an address on Lionism, stressing friendship and fellowship. In the absence of Group President Dr. Turner Byrum of Hamilton, J. C. Smyth, host president, presided throughout the program.

J. H. Greene of Colorado, deputy district governor of Lions International, invited all clubs of the area to assist his home town in making a success of the district convention to be held April 22, 23 and 24. A resolution commemorating Dr. J. W. Hunt, late president of McMurry College, was read by H. J. Bice, acting secretary.

At the business session that followed the outlined program, officers of visiting clubs told of various accomplishments of Lions in their home towns in recent months. The acting president was empowered to name a nominating committee, which is to choose new zone officers during the Colorado convention.

Out-of-town guests were as follows: Hamilton—Oswen Jr., W. C. Russell, Paul Smith, W. L. Fletcher Jr., E. Earl Isbill, Harold Bonner, W. A. Cisse, Andrew Taylor, Otto Berlin; Colorado—Joe Mills, Talmadge Benton, Hayes Holman, E. O. Elliott, J. H. Greene, Charles Adams, E. V. Grantland, Dave Bidford and Andrew Taylor; Anson—S. W. Lawrence.

Sentell Asks That His Name Be Left From City Ballot

Judge W. W. Hamilton has stated that since he has started a number of right-of-way condemnation proceedings in his capacity as city attorney, he feels obligated to complete these proceedings. Since Judge Hamilton desires to retain his office, and because of our friendship, I have requested the city secretary to omit my name from the city ballot for the April election.

I want to thank my friends who announced me for city attorney, without my solicitation. I want to assure them that I appreciate the interest exhibited by them and the confidence shown, and I further assure them that I am always willing to render any service that I may be called upon to render to the town and community in which I live.

John E. Sentell.

EXCHANGE PLANS TO BE COMPLETED SOON

This year's county-wide exchange, under sponsorship of the Better Homes of America group, is expected by women at the helm to be the most successful of the three that will have been held.

It comes Saturday, April 7, from 10:00 until 4:00 o'clock. It will be held in the Clark building, next door to Odum Funeral Home, just east of the public square.

Leaders in the movement are: Mrs. Wayne Williams, district chairman; Mrs. W. R. Bell, county chairman; Mrs. Lee T. Stinson, local chairman. They will be actively assisted by several women's clubs of the town and by leading women of other Scurry County communities.

But it is not a women's exchange, by any means. Anything that any body wishes to trade is eligible, at no entry cost whatsoever.

Mrs. Williams states that all leaders have not been lined up in the various communities, but they will be announced next week. Following are interested clubs, with the duties of each: Altruism, arrangements; Alpha, needlework and miscellaneous; Twentieth Century, the shrubs and flowers; Parent-Teacher Association, toys; Friendly Fellows, garden and farm products; Art Guild, books and magazines; San Souci, canned goods; Woman's Culture, clothing; El Feliz, dishes and cooking utensils; Business and Professional Women, pets; Ingleside, household goods, furniture; Altruism Daughters, classification, bulletin board.

Mr. and Mrs. Ed Grissom and Mr. and Mrs. Harry Ward of Abilene visited Mrs. Grissom's parents, Mr. and Mrs. H. P. Brown, and Mrs. Ward's parents, Mr. and Mrs. Ollie Stinson, Sunday.

Arthur P. Duggan, state senator from Littlefield, was in Snyder on Wednesday morning. He met a number of business men and other citizens. Mrs. C. W. Aucutt also visited with her daughter, Mrs. W. C. Richardson, in Sweetwater, and Mr. and Mrs. Frank Aucutt and children and Prentice Riley of Snyder visited with Mr. and Mrs. B. P. Gee in Sweetwater.

Miss Tessie B. Gee of Dallas and Mr. and Mrs. B. F. Gee of Sweetwater were guests in the home of A. J. Riley during the week-end. Miss Gee, a former resident of Scurry County, has accepted a position with La Mode Beauty Shop in Sweetwater.

Mrs. John Robertson and W. R. Wims of Spearman visited in the home of Mr. and Mrs. J. W. Greene last Wednesday.

Mr. and Mrs. R. J. Randals had as their guest over the week-end Mr. Randals' niece, Miss Ruby Randals, of Lamesa.

Carl Young, student in Weatherford College, is an Easter guest of his parents, Rev. and Mrs. S. H. Young.

George Martin, Borden County treasurer, was among Gail visitors here Monday. He reported an excellent season in his part of the world.

Mrs. A. J. Riley returned Thursday of last week from a three weeks' visit with her daughter, Mrs. Frank Aucutt, in Clovis, New Mexico.

Mrs. Tom McDonald was brought home from the Baptist Sanitarium at Abilene early this week. She is improving, but is still under the observation of doctors.

Misses Clare Patterson of Westbrook and Christine Ely of Snyder, both McMurry College students, accompanied Dr. W. B. Dodson of Abilene here Sunday for the memorial service held at the First Methodist Church here on Sunday.

Why Children Need a Liquid Laxative

The temporary relief children get from unwise dosing with harsh cathartics may cause bowel strain, and even set up irritation in the kidneys. A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to give the child "a double dose" a day or two later.

Can constipation be safely relieved in children? "Yes!" say medical men. "Yes!" say many mothers who have followed this sensible medical advice.

1. Select a good liquid laxative. 2. Give the dose you find suited to the system. 3. Gradually reduce the dose until the bowels are moving regularly without aid.

An approved liquid laxative (one that is wholly safe for children) is Dr. Caldwell's Syrup Pepsin. The mild laxative action of this excellent preparation is the best form of help for children—and grown-ups, too. The dose can be regulated for any age or need.

Your druggist has Dr. Caldwell's Syrup Pepsin. Member N. R. A.

Anniversary for Red & White Is Being Observed

To commemorate the thirteenth year of the progress of their organization, Red and White stores are planning an international anniversary sale, to begin Friday and end April 7. Hundreds of newspapers throughout the United States and Canada are carrying the message to the housewives of America. In addition, the store newspaper, "News Flash," is going into many homes. Red and White foods are being presented through lithographed window display cards and other media.

S. M. FLICKINGER

The following 10 stores, members of the local unit, are joining in the nation-wide event: Brown & Son, N. M. Harpole, Edd Dadds, Snyder, Floyd Merkert, China Grove, Mrs. L. A. Pirtle, Justiceburg, Fluvanna Mercantile Company, Fluvanna Fargason Brothers, Hermleigh, J. A. Leach, Ira, L. A. Scott, Dunn, Sewell & Cook, Ennis Creek.

The Red and White stores plan of operation was conceived by S. M. Flickinger of Buffalo, New York, in 1921. It was to meet the demand for a wholesale-retail cooperative organization. It spread to several cities and in the course of a few years the Red and White cooperative plan of home-owned, home-operated stores spread throughout the United States and Canada.

"Every Red and White Store will be dressed for the occasion with banners and signs, and there will be an air of friendly hospitality expressed in every store," according to W. C. Hamilton, local manager of the H. O. Wooten Grocer Company, Red and White wholesaler in this territory. "You are cordially invited to visit your nearest Red and White store during the gala event," Mr. Hamilton adds.

National Negro Health Week, April 1-8, will be observed in Snyder, according to Mrs. S. L. P. Wilson, teacher in the local Dunbar school. School health day, Friday of next week, will be observed with a special program at the school, beginning at 8:00 o'clock in the evening. The public has an invitation to attend.

The famous negro educator and benefactor, Booker T. Washington, founded the special observance 29 years ago. In Texas, it is conducted by the Texas Tuberculosis Association, in cooperation with the United States public health service and the national negro health week committee.

Following is the program of observance for the special week: Monday, April 2—Home Hygiene Day; Tuesday, April 3—Community Sanitation Day; Wednesday, April 4—Special Campaign Day; Thursday, April 5—Adult Health Day; Friday, April 6—School Health Day; Saturday, April 7—General Clean-up Day; Sunday, April 8—Report and Follow-up Day.

Boxing Program in Bad Way Last Week

The boxing program at the city tabernacle Friday night was poorly attended, and convinced Townsend brothers that they can't put any more bouts across this time of year. But the main event, a six rounder between Kenneth Pitner of Snyder and Wilcat Jenkins of Sweetwater, was worth the money. Jenkins won by a clean margin.

Colored preliminaries and other bouts were cut short because of the slim crowd.

COUNTY AGENT NOTES

Hog Time Nearly Up

Information in the agent's office indicates that no hog contracts will be signed up after Saturday of this week. Raisers who expect to take advantage of the government's 1934 offer are urged to come in at once—and a number of them have already been in. J. D. Scott has been added to the office force to help take care of the last-minute rush.

Offers Breeding Animals

Any farmer or rancher in the county interested in getting a state-owned jack or stud horse should see the agent immediately. Twenty-five per cent of racing net proceeds are used for this purpose, according to J. E. McDonald, commissioner. The animals are placed with men who have seen experience in breeding and who have adequate facilities. The number of mares in the vicinity also governs placing of the breeding animals.

Final Cotton Figures

Final figures on the cotton signed up for 1934-35 have been carried to Lubbock today by the county agent, Monday was the closing date for acceptance of contracts. The district cotton board will consider contracts from a number of West Texas counties at this Lubbock meeting. Press reports indicate that no county had had all its contracts accepted up to last Saturday.

Another Card Mailed

Another mailing piece has gone out of the agent's office this week. The farmer who signed a cotton acreage reduction contract that was accepted by county committees will receive a card that reads like this: "The cotton committees have approved your contract No. —, subject to final approval by the state review board and the secretary of agriculture, to plant not more than — acres of cotton on land of average productivity on your farm; and rent to the secretary — acres of such land."

The official measurement of these acres will not be made until after July 1, so it is up to you to make an accurate measurement yourself before planting. If there are any questions regarding your contract or any information you would like to present, we will be glad to take this up with you as soon as convenient for you to come in. Please keep this card."

That the complete check-up on cotton contracts signed in Texas up to March 1 showed 226,971 contracts retiring 5,395,291 acres from cotton production was wired to C. A. Cobb, chief of the cotton section, by H. H. Williamson for the Texas Extension Service.

Looking ahead to the summer work on these contracts Mr. Wil-

lamson said that compliance by farmers with the terms of the 1934-35 cotton acreage adjustment contracts will be certified by the field organization of the cotton section during the summer months, according to plans of the Agricultural Adjustment Administration.

This "certification of performance" by contracting growers is made before either the second rental payments after July 1 or the parity payments in December are distributed.

Full responsibility for compliance rests with the parties to the contracts, and committees of the county organizations will merely check the facts to certify that performance is in accord with the contract terms and administrative rulings.

Facts that will have to be determined before certification of performance can be made by local committees and the second payment issued by the government include: Correctness of description of the farm under contract; acreage planted to cotton in 1934; acreage marked off as rented acreage; average productivity of planted and rented acreage; use of rented acres; any change in status of ownership or tenure on the farm which may have occurred after the contract was prepared; comparison of total acres planted to crops on the entire farm with the total acres in crops in table 1 of the contract; determination as to whether cotton is grown on any farm in the county not under contract, not specifically exempted by "non-participating agreement" under administrative ruling 7-A or any other administrative ruling; the number of tenants on the farm in 1933 as compared with 1934, and reasons for changes; use of rented acres by tenants for production of supplies.
