LET IT SNOW

Up to 12 inches of snow covered Collingsworth County last week, with about 6 inches falling in Wellington, and snowmen began to pop up all around. Upper left, Joie Campbell, 8, daughter of Mr. and Mrs. Kirby Campbell, stands beside her snowman, and right, Dane Martindale, 4, son of Mr. and Mrs. Kim Martindale, holds his

sister, Casey, 10 months, on the slippery stuff in front of their snowman. Lower left, Scruffy, a black dog belonging to Bryan Black, 9, son of Mr. and Mrs. Kenny Black, threatens to disappear in the snowfall.

Gas Leasing Meeting Set

A meeting for landowners interested in leasing land for oil, gas and other minerals will be held Tuesday Feb. 15, in Bura Handley Community Center, said Extension Agent Don Reeves. Starting time is 7:30 p.m.

This is sponsored by the County Extension Service. It is a free and open meeting, Reeves said.

"We believe this is a meeting that will be of interest and concern to many landowners," Reeves declared. "In spite of the many thousands of acres of land that was leased in 1981, and earlier, there is still a lot of land in Collingsworth County to be leased for oil and gas."

The principal speaker will be Dr. Wayne Hayenga.

"His primary responsibility is that of an economist, but he has a lot of experience in researching for landowners who are leasing land for oil and gas exploration," Reeves said.

"This meeting will inform landowners of their rights, the extension agent pointed out.

In the past some leases given here have not been as fair to the landowners as they could have and the primary purpose of the meeting is for landowners to know their rights as far as leases go," said Reeves.

There will be discussion of terminology and what some of it means.

"We want to give the landowners as much advantage as we can if they are going to lease their land."

"We believe it will be interesting to people who have leased their land, are going to lease it or want to lease," Reeves continued.

"Hayenga is due to discuss details of the lease, landowner rights, some things that have been included in leases that in the past have not been in the interest of the landowner that they should know

Chamber Banquet Tickets on Sale

Tickets for the Saturday, Feb. 26 Chamber of Commerce banquet go on sale Thursday, Feb. 10, Tommy Hudson, president, announced.

The cost will be \$7.50 each.

Banquet speaker will be Kent Hance of Lubbock from the 19th Congressional District.

Tickets will be available from any chamber director and at the Wellington State Bank, City State Bank and

West Texas Utilities Company and the Chamber of Commerce office.

The banquet will be catered by Country Cuisine, an enterprise of three of the county's young women, Juliana Baumgardner, Lenie Morgan and Gwen Emmert.

"Hance will have something of importance to tell us, and the chamber urges people from all parts of the county to be present.

Lone Star Gas Requests Distribution Rate Hike

Lone Star Gas Co. Manager, Billy Jackson, today filed an application for a rate increase which would raise the average residential customer's monthly bill in Wellington about \$2.53 (winter increase figure from Statement of Intent) in the winter and \$2.53 (summer increase figure from Statement of Intent) in the summer.

Billy Jackson, Wellington resident manager for Lone Star Gas, said that this application for a rate increase relates to the rate the gas company will charge its customers.

The rate increase which became effective Dec. 1, 1982, is the rate which the company pays its distribution system for gas which it buys at the point where it enters the city "gate". This is more commonly called the

"gate rate."

Based on Lone Star's rate application, a residential customer who uses an average of six thousand cubic feet of gas a month paid \$31.59 (present winter rate from Statement of Intent) for gas service in the winter. Under the requested rate, that same customer would pay \$34.12 (proposed winter rate from Statement of Intent.)

Commercial gas customers' rates would also increase under the requested rate schedule.

"Our customers are accustomed to dependable natural gas service," says Jackson. "This rate increase is necessary to continue a high performance level and for other necessary expenses such as maintaining and improving the local pipeline distribution system, which

are vital to dependable service."

Lone Star's last rate increase in Wellington became effective June 1981.

"Since that time, every

business, including Lone Star, has experienced increased operating expenses," says Jackson. "And, of course, unlike other businesses that can raise

their prices as expenses go up, we must apply to the city council for a rate increase. No one likes rising prices, but any business must earn enough money to meet

operating expenses and still achieve a reasonable profit."

City Secures Emergency Generator, Another Sought

The City of Wellington has acquired an Army surplus 150 KW generator for emergency use to pump water at the city wells and move it to the two reservoirs in town in case of another power failure, according to City Manager Glen Taylor.

The generator was picked up at Reece Air Force Base, Abilene, and the engine will be taken from a wrecker the city is securing from Cannon

Air Force Base, Clovis, N.M. Wednesday.

Taylor explained that plans are being made to get another generator so that the city will have two available at all times.

Although the city did not run out of water during the recent ice storm, when the power line to the city wells 7 miles north of town were breaking faster than West Texas Utilities could put

them up. City officials had some anxious hours.

The city did have at that time three 15KW generators, but these could not power the water well pumps. They could have furnished electricity to a large part of Wellington, Taylor said.

One of these generators belongs to Civil Defense, the other two are city-owned.

U.S. 83 Elm Creek Cost Slated \$1.5 Million

CHILDRESS--Wasting no time in deploying the recently appropriated Federal highway funds, the State Highway and Public Transportation Commission approved a \$140 million Bridge Replacement and Rehabilitation Program January 27, 1983.

Collingsworth County's share of this total is \$1,500,000, which will be used for replacement or

rehabilitation of the bridge at Elm Creek, 3.2 miles south of Wheeler County Line on U.S. Highway 83 and for improvements to US 83 from the Wheeler county line south for 4.7 miles.

The county's US 83 improvement program became known last week, but a cost figure had not been announced at that time.

Childress District Engi-

neer Lewis H. White said that the \$7,143,000 approved for the Childress District will be used for bridge improvements in five counties.

The two-year program will upgrade 245 bridges in Texas. Last year TRIP (The Road Information Program) published a national survey showing Texas leading the nation in deficient bridges.

"This two-year program

will get a number of bridges on our system up to standard," said Wayne Hennegerger, State Bridge Engineer of the State Department of Highways and Public Transportation (DHT).

Under Federal appropriations formulas, City and County Bridge Programs (off the State Highway System) will receive \$26.

891,100--about one-fourth of the amount allocated for State System Bridges. The State System includes Interstates, US Highways, State Highways and Farm to Market Roads.

Distribution of the funds for the bridge projects is based on an inventory of bridges, taken by each of DHT's 24 Districts, compiled in December 1980.

It wasn't all fun though. Some people had to put a shoulder to the shovel. First Christian pastor Joe Mack clears a path for parishioners Saturday afternoon.

La Paisana DAR Plans Annual Awards Program

THE WELLINGTON (TEXAS) LEADER
Thursday, February 10, 1983

2A

La Paisana Chapter, Daughters of the American Revolution will hold its annual awards presentation to students of four area schools Sunday, Feb. 13, in observance of American History Month.

It will be held in Bura Handley Community Center, beginning at 2:30 p.m.

The Sunday observance also marks the 10th anniversary of the founding of La Paisana Chapter, said Mrs. Boyd Derryberry, chapter regent.

A program will follow the awards ceremony, then

refreshments will be served.

Four schools will participate: Wellington, Samnorwood, Shamrock and Childress.

Awards will be given in three categories: Good Citizen Awards, American History essay contest; and the Good Citizenship Awards.

Mrs. J.D. Coleman is chairman of the Good Citizen awards.

One student from the senior class of each of the schools is honored, with their selection based on both

the student's activities and on an essay each must write.

The subject is the same as this year's American History Month theme: "Our American Heritage, and Our Responsibility for Preserving It."

Winners in this category have been announced. Jim Warrick represents Wellington High School; Tony Carter, Samnorwood; Judy Macina, Shamrock and Aimee Wyatt, Childress.

Aimee's essay was selected to be entered on the state level and the winner of that contest will represent Texas

in the national contest, Mrs. Coleman said.

These students were judged on their high school activities and interest and by the qualities by which DAR judges a good citizen: dependability, service, leadership and patriotism.

Each will receive a pin and a certificate.

Mrs. Jack Campbell is directing the essay contest, open to students in 5th, 6th and 7th grades. This year, they are writing on some phase of American life during the Colonial period.

All students who partici-

pate will be recognized Sunday.

The Good Citizenship category is directed by Mrs. Derryberry for students in 5th through 8th grades.

One boy and one girl is selected from each grade of each of the participating schools. The students are chosen for qualities on honor, service, courage, leadership and patriotism.

Recipients of this award are selected by their teachers.

Parents and teachers will be recognized, Mrs. Derryberry said.

The program will feature a historical skit presented by Wellington Junior High speech class under the direction of Mrs. Barbara Williams.

Patriotic vocal music will be presented by Mr. and Mrs. Jamie Johnson, with piano and guitar accompaniment.

The public is invited.

In reminding that La Paisana Chapter, DAR is observing its 10th anniversary, Mrs. Derryberry said the chapter now has 38 members.

The national society of Daughters of the American Revolution was organized in 1890 and now has more than 200,000 active members.

Their objectives relate to the historical, educational, and patriotic, with the aim of perpetuating the memory and spirit of men and women who sacrificed their lives for their country in all wars.

National headquarters are in Washington D.C. and work is carried out through the leadership of the president general, Mrs. Richard Shelby of Alabama. Each state is led by a state regent, with Dr. Carol M. Wood of Waco holding that position in Texas.

Members of La Paisana Chapter are:

Mrs. L.L. Baker, Childress; Mrs. Earl L. Bartlett; Mrs. Michael Belew; Mrs. Leora Bishop, Oklahoma City; Mrs. H.H. Bowen; Mrs. Gid Aaron, Amarillo; Mrs. Jack Campbell; Mrs. Oscar Carson, Dumas; Mrs. J.B. Clothier, Sayre, Okla.; Miss Maudie Coffee, Mrs. J.D. Coleman, Mrs. Jack Davis, Mrs. Boyd Derryberry, Mrs. R.A. Dodgen, Shamrock; Mrs. Richard Fourmentin; Mrs. Frank Fourmentin; Mrs. Bura Handley; Mrs. Dan Henard, Sr.; Mrs. Henry Holcomb; Miss Edyth Jackson; Mrs. Harry B. Lamkin, Albuquerque, N.M.; Mrs. Dan Langford; Mrs. Gary D. Lee, Kress; Mr. Bill Long; Miss Rita Lowrie; Mrs. John D. McDowell, Mrs. Roy C. McNett and Mrs. Walter Pendleton all of Shamrock;

Mrs. Travis Readnour, Gage, Okla.; Mrs. John Rhodes, Childress; Mrs. Louise Templeton; Mrs. Glen Thomas; Mrs. W.H. Vaughan; Mrs. Velma Warrick; Miss Hattie D. Wells; Mrs. W.L. White and Mrs. Joe Wood.

In 1934, Walter Nilsson crossed the United States by unicycle in 117 days.

about," continued Reeves.

A study of leases that have been filed in the office of the county-district clerk here can be interesting reading.

Formerly the usual primary term was 10 years, but more recently 5 years is the primary term. Within the last couple of years, the primary term of some leases have been one year, or two or three.

Until a few years ago, most landowners retained 1/8 royalty, but in some instances, the landowner kept only half of that, 1/16 royalty. A good many of these leases are still in force.

Many leases are appearing in which the landowner retains 3/16 royalty interest.

As much of the north part of Collingsworth County has the East Panhandle shallow gas field, many of the leases in this area are specific in the depth which the lease covers. The precise depth varies, ranging from 2,000 to 3,000 and 4,500 feet.

A few leases have been filed in which the lease begins at that depth, or as deep as 4,500 feet. In other words the lessee, or person or company carrying out exploration of the land owns only what he takes out of the ground below that depth.

This type of lease is common in some fields.

The landowner may add one or more stipulations to the lease. Part of those filed probably would not stand up in court, others reveal that the landowner had a good idea about protecting himself.

Some of these stipulations are a little surprising, such as those a few years ago which related to thermal energy, should it be found in the process of drilling. Most of Texas thermal energy lies along the Texas Gulf coast.

In urging all landowners to attend the meeting and hear Hayenga, Reeves concluded:

"Despite the big lease blocks taken here in the last few years, there is still lots of land up for leasing in Collingsworth County."

COLLINGSWORTH COUNTY AGENT REPORT

NUTRITION

Nutrient density is an important consideration when choosing foods and planning meals.

Nutrient density is a food's nutrient content -- how much nutrition it provides -- as compared to the number of calories it contains.

To determine nutrient density of a food, compare its number of calories for one serving with the amount of nutrients, such as vitamins and minerals.

Foods with low nutrient density have many calories and few nutrients. To get enough nutrients from these foods requires large quantities of them -- at a high-calorie cost.

On the other hand, foods with high nutrient densities supply significant amounts of several nutrients -- and relatively few calories.

Low nutrient-density items include high-sugar and high-fat foods, such as soft drinks and chips.

High nutrient-density items are watery, fibrous foods such as vegetables, which are low in sugar and fat.

To get the most nutrition at the lowest calorie cost, remember these food facts:

Instant meals made in a cup or bowl may not contribute much protein or vitamins A and C because they contain only small amounts of meat and vegetables.

Usually, plain foods are less expensive, have fewer calories and contain more nutrients than those with rich sauces.

ROCKETTES

Wellington Rockettes lost by only 2 points, 33-31, Saturday night against Shamrock. Hustling for the Rockettes are, left to right, Sandi Cobb, 21; at back is DeeAnn Williams, 31; Elaine Shrubs, 13 and Renee Daniel, 41.

Rockets, Rockettes End Season at Memphis Fri.

Wellington Skyrockets and Rockettes end their 1982-83 season Friday, Feb. 11, with a make-up game at Memphis. This was postponed due to weather conditions.

The final scheduled game will be played Thursday night when the teams travel to Panhandle.

For the Wellington girls, this is an opportunity to win the district title—if they can get by Panhandle Thursday night, on the Panhandle court.

"Panhandle won the first half of district play, but they have already lost two games in the second half," said Coach Dale Morris.

"If we can go up there and beat them, it will put us tied for first, or possibly in first by ourselves.

"If we lose, it will put us tied for second.

"Wellington girls are still improving. I think in the last 6 ball games, they have shown a lot of real hustle. That's the big factor in our winning some of these last ball games," Morris declared.

Of the make-up game at Memphis, Friday night, Morris says:

"Memphis girls have not won a game the second half, but they have played everybody fairly close. They have a real big team and they like to play slow basketball, which we can't let them do."

"We're looking at lots of possibilities for the playoff games, because two teams go to the playoffs to determine district champs. So our girls have a real good chance to get in the playoffs, if we can play these next two ball games good."

Skyrockets are in good position to win the final scheduled game against Panhandle, believes Coach Gano Wilson.

"We beat them here and they are playing pretty good ball, but we are too, and I think we have a little bit more experience than they do."

Memphis is another story. "Friday night is going to be tough," says Wilson.

"I believe we'll be right in there with them," he says.

In fact, Wilson believes the Rockets will play like they did against Clarendon

Monday.

"We got a super defensive game out of Rodney Nash; Jay Warrick came in off the bench and scored well, and the whole group of substitutes played a good ball game. Wilson expects that kind of game Thursday and Friday.

Wellington is 3-0 for the second half but so is Memphis.

At this point, Memphis is 8-0 in district and Wellington is 5-3.

"We're sitting in pretty good shape," concludes Wilson.

Abundant Life Fellowship Has Revival

Revival services which began at the Abundant Life Fellowship Wednesday, Feb. 9, will continue through Thursday and Friday, according to the Rev. Darrel J. Pizzala, pastor. Services start at 7 p.m.

The Rev. Lew Pizzala, son of Rev. Darrel Pizzala, will preach. He is here from Praise Christian Fellowship in Austin, where he and his wife have started a new work.

Rev. Lew Pizzala conducted services here in November, where his work covered family needs, healing, baptism of the Holy Spirit, practical living and Salvation.

GUESS WHO'S GETTING BETTER NOT OLDER

Public Notice

In order to implement prior orders of the Public Utility Commission of Texas in Docket No. 3957, notice is hereby given of Southwestern Bell's proposal to implement a new schedule of intrastate long distance rates, effective April 1, 1983, unless otherwise determined by the Commission.

It is expected that the proposed rate schedule will not increase the company's net intrastate revenues, but rather, the increased rates will offset increased settlements paid to certain other telephone companies.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and is available for inspection in each of the company's public business offices in Texas.

Notice to Customers of Other Telephone Companies

Changes in intrastate long distance rates would also affect customers of other telephone companies because such companies provide intrastate long distance service in accordance with rates specified in Southwestern Bell's tariffs.

Aviso Público

Southwestern Bell, con el objeto de cumplir con el decreto previo del Public Utility Commission (Comisión de Servicios Públicos) del Estado de Texas, Acta No. 3957, por la presente hace saber su intención de establecer un nuevo arancel de tarifas para servicio intraestatal de larga distancia, con vigencia a partir del 1o de abril de 1983, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel de tarifas que Southwestern Bell se propone establecer no aumentará sus ingresos netos intraestatales, sino que servirá para compensar el aumento de los ajustes que se les paga a algunas otras compañías de teléfono.

Una copia completa del nuevo arancel de tarifas se ha archivado en las oficinas del Public Utility Commission (Comisión de Servicios Públicos) en Austin, Texas, y esta disponible para inspección pública en todas nuestras oficinas en el Estado de Texas.

Aviso a los Clientes de Otras Compañías de Teléfono

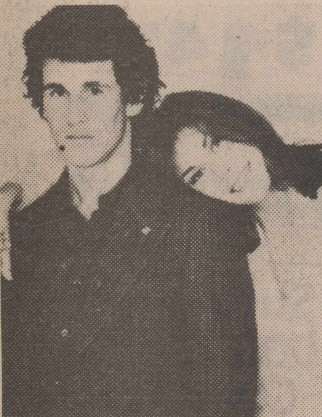

Cambios en las tarifas para servicio intraestatal de larga distancia también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen servicio intraestatal de larga distancia en conformidad a tarifas especificadas por Southwestern Bell.

Mrs. Wilson Spelling Bee Director

AMARILLO—Mrs. Dollie Mae Wilson of 1808 Ellison, Wellington, a member of the Collingsworth Retired Teachers Association, has been named to serve as Collingsworth County's Spelling Bee director for 1983. She has served since 1981.

The National Spelling Bee is sponsored nationally by the Scripps-Howard Newspapers and in the area by the Amarillo Globe-News and West Texas State University, Canyon.

Gene Parker, director of placement at the university, and bee coordinator, announces the continuation of

the educational program for the 35th year for public and parochial school students.

Rules, established by the national sponsors, say that no student who will be older than 16 by June 1 of 1983, or in a grade higher than the eighth, will be allowed to enter, beginning at the classroom level.

Each director will set the date for his respective elimination event and report the winner(s) to the newspaper no later than April 9, 1983.

The district contest to be held in Amarillo on April 30, 1983, will include champs from a 45-county, four-state

area. The Bee will be in the afternoon, beginning at 1:30 p.m. in the auditorium of Stephen F. Austin Junior High School, 1808 Wimberly.

In Amarillo all of the champs will be vying for a trip to Washington, D.C., for June, beginning on the 6th, plus other numerous gifts from the sponsors.

Once again the Amarillo Globe-News is making available the study book, "Words of the Champions" for 40 cents. The newly designed book, containing in excess of 3,000 words, plus 550 new ones over last year, is available to any

principal, superintendent or contestant.

Orders should be addressed to the Spelling Bee Editor, Amarillo Globe-News, Box 2091, Amarillo, Texas 79166.

The district sponsors also promote a Junior Bee for students in the sixth and lower grades. These county winners will be invited to Amarillo as guests of the sponsors on April 30 and will be given special recognition. It is not unusual for a junior county winner to also claim the senior county championship.

Jeane Bartlett is bee editor for the Globe-News.

Street Lighting to Cost More

The city council on Monday night had a preview of what it's going to cost to keep the street lights burning after the present contract with West Texas Utilities Co. expires July 1, 1983.

It's nearly four times the present cost. The city's last monthly bill from West Texas for electricity to light the streets was about \$550.

The same amount of electricity used after the new rate becomes effective would be approximately \$2200.

After Mayor Ralph Owens received a letter from the company notifying him of a proposed rate increase, Tommy Hudson, resident manager, met with the council in its regular session to explain the reasons an increase will be asked and what the city can expect.

Although the monthly bill depends on the amount of electricity used, as it does for the private user, the city's streets are lighted by a variety of types of lights, ranging from those that put out less light than a 500 watt bulb to the big mercury vapor lights whose output is 10,000 lumens. These are the blue lights around the court house, at the schools, around the park and along Highway 83.

The present contract between the city and WTU

on street lighting will expire July 1, 1983. The first contract, was for 5 years and became effective July 1, 1973. The contract was extended for another 5 years from July 1, 1978.

During the discussion, Hudson made several suggestions for cutting street

lighting cost, most of them changing lights to different types or sizes.

WTU is offering to make some of these changes without cost to cities.

No action was taken by the Wellington City Council, as the expiration of the contract is four and one-half

months away. Mayor Pro Tem Sam McGill presided at the meeting in the absence of Mayor Owens. Others present were councilmen John Rainey, Lyndon Crella, Willie Gragson, Gary Brewer, City manager Glen Taylor and city secretary Nel McKinney.

Texas Destined to Be Second Most Populous

Texas is now the fastest growing state, says a census analyst who predicts that by 1990 the Lone Star State will be the second largest state in the nation.

Dr. Robert L. Skrabanek, a Texas A&M University sociologist and demographer, compares Texas to a "giant human magnet pulling people from all

regions of the country."

"During the 15 month period ending July 1, 1981, Texas added more people than all the 22 northern states put together," said Skrabanek, "and for the first time, Texas had a larger growth rate in percentage and in number of people than the nation's most populated state, California."

Although the original playing cards came from 10th century A.D. China, the earliest to bear the four suits of the modern pack reputedly date from France in 1440 A.D.

GATE Teams Study Problem Solving

Three teams from the Wellington schools are using their imagination to project themselves 25 years into the future, to the year

2008, to solve problems they believe may arise.

They are participating in the Texas Future Problem Solving, a project of the Gifted and Talented Education program. It is statewide in scope.

The first team, placed in the top 10 percent of the 340 teams participating.

Made up of Britt Schmidt, Steve Owens and Brad Campbell, this team sought to solve the mystery of UFOs and to resolve a problem from that viewpoint. They received a No. 1 rating and a certificate of merit. Mrs. Adolf Schmidt

was their coach.

In their second project, the same three boys worked on problems as they relate to a community living under a dome 3,000 feet under water off the California coast. Their problem: to discover what problems people living in this environment would encounter and how to prevent them. This also merited a No. 1 rating. In the second series of projects, this team is joined by two others. One is made up of Mike Myrick, Heather Hendrix and Dana Isaacs; the other team by Tommy

Cochran, Shannon Peeks, Shelly Thomas and Leslie Hammons.

These two teams received No. 3 ratings.

Their last practice assignment will be turned in on Feb. 18, in which the team members are asked to imagine they and their teammates are living in the year 2008 and are asked to make recommendations on the impact robotics have on life.

Those teams over the state who receive No. 1 ratings will qualify to go to the "state bowl" at Austin in April.

Commission Repeals LP Gas Rules

AUSTIN—The Railroad Commission has repealed a rule that in effect required consumers with leased LP-gas storage vessels to have the tanks filled by the LP-gas dealer who owns the tank.

The rules said that "containers shall be filled only upon the authorization of the owner of the container."

In recommending that the Commission repeal the rule, members of the RRC Liquefied Petroleum Gas Division said that repeal will remove the Commission from "matters of private contractual concern which in no way effect safety" and noted that LP-gas installations should be inspected each time they are serviced by a dealer. "Familiarity with a particular LP-gas facility does not necessarily mean that a dealer is aware of a hazard without ongoing inspection of the facility," they added.

The Commission amended another LP-gas rule to upgrade construction and labeling of LP-gas hoses. The hoses must be designed for a working pressure of 350 pounds per square inch gauge and a bursting pressure of 1,750 psig. Previously, a 125 psig working pressure and a 1,250 psig bursting pressure were required.

The change also requires that the name or marking for the manufacturer appear with the words "LP-gas" or

With continued low prices for commodities, many farmers are becoming more concerned about ways they can improve the efficiency of nutrient use by crops. One way is to have soil tested to see what nutrients are actually present and which ones are lacking.

Fertilizer efficiency deals with the amount of a nutrient in fertilizer used by the crop to increase yields and profit.

If no increase is obtained, then the soil's nutrient level of available nutrients in a soil is fundamental to fertilizer efficiency.

Soil tests have been developed to measure soil nutrient levels.

These laboratory tests use methods that have given good correlations with crop

responses. Soil nutrients must be considered for sound and profitable decisions about fertilizing 1983 crops.

Texas Agricultural Extension Service Soil Testing Laboratories at College Station, Lubbock and Seymour can test your soil samples and provide you with information for more efficient use of fertilizer. More information about collecting and mailing samples can be obtained from the county Extension office.

Collecting soil samples and getting them tested now will help you avoid the spring rush and will allow you more time to plan your fertilizer needs for the coming crop season.

Stephen Williams, Kay Coffee Wed Saturday in Waco

Wedding vows were exchanged by Miss Jacqueline Kay Coffee and Stephen (Steve) Eugene Williams Saturday, February 5, at two in the afternoon in the small chapel of Crestview Church of Christ, Waco. Only family members and close friends attended.

Bert Mercer, minister, officiated.

Miss Coffee, of 400 Industrial, Waco, is the daughter of Mr. and Mrs. John Coffee, 1709 Ellison Street, Wellington.

Parents of the bridegroom who lives at 116 Linden, Hewitt, are Mr. and Mrs. Wilson Williams, Route 1, Merkel.

The front of the church was decorated with a brass arched candelabra with spiral candelabras on each side. Greenery accents were used.

Vocal music was presented by the wedding chorus from Crestview Church of Christ.

Mr. Coffee gave his daughter in marriage.

She wore an original design bridal gown of ivory organza. The fitted bodice had Alencon lace, accented with pearls, a high neckline of organza over taffeta with a sheer yoke in front and back, and natural waistline.

Long sheer sleeves were pointed over the wrist. Her full A-line skirt was appliqued with lace and pearls and swept to a full train. The silk illusion veil was edged in Brussels lace and held by a jeweled cap.

The bride carried an eggshell fan accented with a bouquet of burgundy, dusty rose and ivory roses and carnations with baby's breath. Wedding rings of the mothers and grandmothers of the bride and groom were tied onto the satin streamers.

The bride's matron of honor was her sister, Mrs. Dickie Johnson of Wellington. She wore a gown of burgundy chiffon fashioned with a tucked bodice and long sheer sleeves. The tea-length skirt was gathered at the waist and tied with a satin ribbon. She carried a nosegay of burgundy and dusty rose carnations and roses.

The bridegroom's best man was his father, Mr. Williams. The bridegroom also ushered the mothers as they entered the church.

Jessamy Millican, niece of the bridegroom, passed out bird seed for wedding guests to throw after the reception.

After the ceremony, a reception honored the couple in the church fellowship hall.

Ivory lace covered the bride's table. Roses and carnations accented the ivory tiered wedding cake. Silver appointments were used. The groom's table was laid with an ivory lace cloth with burgundy underlay. Silver appointments were used and the traditional chocolate cake was monogrammed with the bridegroom's initial.

MRS. STEPHEN EUGENE WILLIAMS

grammed with the bridegroom's initial.

Members of the house party were Miss Jill Reno of Monahans, Mrs. Steve Watten of Pasadena, Mrs. Kent Barnett of Abilene, Mrs. Steve Holcomb of Clyde and Mrs. Tommy McNeill of Three Rivers.

Upon returning from their wedding trip to San Antonio and Laredo the couple will live at 116 Linden, Hewitt.

The bride received a bachelor of science degree in food nutrition and dietetics from Abilene Christian University and a Master of Education degree from Vanderbilt University, Nashville, Tenn. She completed a dietetic internship at Vanderbilt and is now clinical dietitian at the Veterans Administration Medical Center in Waco.

The bridegroom graduated from Texas Tech University, Lubbock, with a Bachelor of Business Administration degree in marketing. He is claims supervisor for Farm Bureau.

Collingsworth County guests were Mr. and Mrs. John Coffee, Mr. and Mrs. Dickie Johnson, and the bride's grandparents, Mr. and Mrs. Jack Nelson.

Other out of town guests related to the bride were Dr. and Mrs. Dee Green of Childress, Mr. and Mrs. Sammy Coffee of Pampa.

Mr. and Mrs. Williams, the bridegroom's parents, hosted a dinner at Nick's Restaurant in Waco for families of the bride and groom on Friday, February 4, at 7:30 in the evening.

Bridal Shower Given Sat. For Mrs. Ray Wallendorff

Mrs. Ray Wallendorff, a bride of the Christmas season, was feted with a post-nuptial shower Saturday, February 5 in the Heritage Room. The honoree is the former Lori O'Rear.

Mrs. Jimmy Patterson greeted the guests and also registered them. She presented them to the honoree and her mother, Mrs. Willie O'Rear.

The refreshment table was covered with a white linen cloth trimmed with lace, and the centerpiece was a bouquet of assorted flowers in white and shades of purple.

Mrs. James Fields, sister of the honoree, served punch from a crystal bowl and spiced tea from a silver service. Other appointments were of crystal.

Friends called between two and three-thirty in the afternoon.

Hostesses were Mrs. Patterson, Mrs. Ross O'Hair, Mrs. Elmer Feemster, Mrs. Tim Cummings, Mrs. Jackie Maxwell, Mrs. Ben Ratliff, Mrs. Robert Barjenbruch, Mrs. Waymon Moody, Mrs. R.F. Harris, Mrs. Bob Weatherly, Mrs. P.M. Scott, Mrs. Raymond Hodges, and Mrs. Wayne Cummings.

Fire Safety Tips Discussed For 1924 Study Club Members

The 1924 Study Club met Thursday, Feb. 3, in the Heritage Room.

Mrs. B.M. Sims, president, was in charge of the meeting.

Two slide presentations were shown: "Escape" which gave fire safety tips in hotels, theatres and night clubs. High points were:

It is important to plan ahead, ask about fire sprinkler systems and request rooms on lower floors. Most firemen's ladders extend no higher than the 8th floor.

Always carry a small flashlight. Familiarize yourself with exits and fire escapes. Place the room door key inside near the door. Placing your own small portable smoke detector near the door is another advisable precaution.

In case of fire, above all do not panic. First place your hand on the door to determine if there is heat before opening it. If it is cool, exit quickly. If halls are smokefilled, get back into your room, close the door, and report your presence to the operator. Fill the bathtub with water. Use wet towels to keep smoke from coming around the door, to wet down furnishings and to place over your face to filter smoke.

The second film, "Community Improvements through Volunteer Efforts," showed areas of service the General Federated Women's Clubs have been involved in since its organization in 1890.

Some of these areas are visual and performing arts,

education, conservation, improvement of environment, family living, drug use, health care, support of foster parents programs, crime reduction, highway and street safety, community improvement, assisting the elderly, disadvantaged and handicapped.

Those attending the meeting were a guest, Mrs. H.L. Jenkins and Mrs. R.R. Crawley, Mrs. Truett Holland, Mrs. Chester Fires, Mrs. J.R. Ross, Mrs. B.M. Sims, and Mrs. Boyd Derryberry.

Garden Club Donates

The Wellington Garden Club met in the home of Mrs. Ray Clubb Wednesday, Feb. 2. Mrs. H.L. Jenkins was co-hostess.

Mrs. Bill Harbin read the collect, the president, Mrs. Jenkins conducted the business meeting, in which the club voted to give \$100 to the Collingsworth General Hospital Auxiliary. Members then elected a new president, Mrs. Tom Caterlin.

Mrs. Jenkins presented the program on cutting blocks and piecing quilts. Refreshments were served to Mrs. Harbin, Mrs. E.F. Bartlett, Mrs. Cason, Mrs. Joe Terry, Mrs. Ben Ratliff, Mrs. Dorothy McGuirk, Mrs. Clubb, Mrs. Jenkins and Mrs. Caterlin.

50th Wedding Anniversary Honors Mr., Mrs. Cecil Lockhart

The children and grandchildren of Mr. and Mrs. Cecil Lockhart, honored them Wednesday, January 19, on the 50th anniversary of their wedding. The reception was held in their home at 1705 East Avenue.

Their four children are Mr. and Mrs. Bill Lockhart of Memphis, Mr. and Mrs. Roland Roberts of Comanche, Don Lockhart of Moore, Oklahoma and Dale Lockhart. Hosts with them were the four grandchildren whom Mr. and Mrs. Lockhart raised, Mr. and Mrs. Mickey Vassey, Mr. and Mrs. David Vassey, Mr. and Mrs. Don Taylor (Terri Vassey) and Steven Vassey.

Other grandchildren assisted and were Mr. and Mrs. Ed Hutcherson of Memphis, Mr. and Mrs. Frankie Myers, Scott Lockhart of Lubbock, Shane Lockhart of El Reno, Oklahoma, and Thad Roberts and David Clay Roberts of Comanche.

Rounding out the family are the Lockharts' 6 great grandchildren.

Mr. and Mrs. Lockhart and their children received the guests. Tyra Vassey, their oldest great granddaughter, was at the registry.

A centerpiece of yellow and gold roses and white daisies was on the reception table, which was covered with a gold cloth, banded in lace.

Punch was served from a crystal bowl and the white anniversary cake was decorated in gold. Other table appointments were of crystal.

Mrs. Mickey Vassey, Mrs. David Vassey and Mrs. Myers served the guests.

Despite inclement weather, approximately fifty guests called during the afternoon.

Mrs. Lockhart, the former Ruby Downing, was born in East Texas and came with her parents, Mrs. Edna Downing of Thomas Nursing Center and the late James William Downing, to Duke, Oklahoma when she was a young girl. She attended Duke Schools.

Mr. Lockhart was born at Pilot Point and was in his early teens when he came to Lockney with his parents,

MR. AND MRS. CECIL LOCKHART

the late John Thomas and Lula Lockhart. The Cecil Lockharts were married at a country church near Duke and came to Loco in the spring of 1935, and other members of both families came a few years later.

Lockhart farmed at Loco (and still farms). He operated a custom combine business, going north through the wheat belt each summer.

They have lived in Wellington for the last 26 years.

They are active in the annual Loco-Arle reunion. She is active in First United Methodist Church and United Methodist Women. She formerly worked with Girl Scouts. Both belong to Farm Bureau.

Besides their four children, one daughter is deceased, DeAnne Lockhart Vassey.

Welcome Shower Honors Son of Mr. and Mrs. Gary Brewer

A welcome to Justin Mark Brewer was given on Saturday, January 22, at the Heritage Room by friends of his parents, Mr. and Mrs. Gary Brewer.

Special guests with Justin and his mother were his grandmothers, Mrs. Billy Williams and Mrs. Quinton Brewer and great grandmother, Mrs. Clara Mote.

Registering and serving Johnson; and his aunts, Liz Brewer and Dee Ann Williams.

Cake, punch and spiced

tea were served. The cake was two blue booties surrounded by tiny JUSTIN blocks.

Hostesses were Mrs. Raymond Hodges, Mrs. Lonnie Roberson, Mrs. Bob McAlister, Mrs. Larry Argo, Mrs. Dennis Cudd, Mrs. P.M. Scott, Mrs. Wayne Martin, Mrs. Danny West, Mrs. Steve Davis, Mrs. Eddie Davis, Mrs. Bill Long, Mrs. Dickie Johnson, Mrs. Bill Wilson and Anita Roberts.

Mrs. Cal Hurst Hosts Coffee to Introduce Jane Losure, Amarillo

Mrs. Cal Hurst was hostess at a coffee Saturday morning, February 5, to introduce Miss Jane Losure of Amarillo, the fiancée of her son, Lyn Hurst. The couple will be married on Saturday, March 5, in St. Paul United Methodist Church, Amarillo.

This was given in the Hurst home, 1702 Ellison Street.

Mrs. Hurst received the

Mrs. Terry Has Midway EHC

Midway Extension Home makers Club met Wednesday, Feb. 2 in the home of Mrs. Joe Terry.

Mrs. David Peters, president, was in charge of the meeting, and Mrs. Joe Terry read the devotional. The TEHA prayer was said in unison.

Mrs. Herbert Duncan gave the minutes of the last meeting and the treasurer's report.

Mrs. Emil Kersten presented the program, "Managing Your Time."

Those present were Mrs. Peters, Mrs. Kersten, Miss Nancy Bigby, Mrs. Dorothy McGuirk, Mrs. Herbert Duncan and Mrs. Donald Curry and Mrs. Terry, the hostess.

Belles Lettres Club Hears of Outstanding Women of Texas

Belles Lettres Club met in the home of Mrs. A.B. Clark Feb. 2, with Mrs. Gladys Richards presiding.

Mrs. Charles Cason presented the program on outstanding Texas women and their contributions to society. Among these were Mrs. Jane Long, wife of Texas patriot Dr. James Long. A marker at her old home near Richmond proclaims her the "pioneer of Anglo-American women in Texas."

Another who was discussed was Cynthia Ann Parker, captured by Comanches as a child, who became the wife of Chief

guests and presented them to Miss Losure and to Mrs. Cora Hurst, grandmother of the prospective bridegroom.

Mrs. Jim Cochran presided at the registry, where table decorations were lovebirds and a framed announcement of the couple's engagement.

An arrangement of burgundy and white flowers was used.

Guests were served from a table covered with a white embossed organza cloth with a burgundy underlay.

A crystal epergne, with white tapers at the edge held an arrangement of burgundy and white carna-

tions. Swiss mocha and coffee were served from a silver service and other appointments were also of silver. Mrs. Earl Clark poured.

Approximately 50 guests called between 10 and 11:30 a.m.

Sharing hostess duties with Mrs. Hurst were Mrs. Cochran, Mrs. Clark, Mrs. Henry Sullivan, Mrs. Grant Wooldridge, Mrs. David Baumgardner, Mrs. Quenton Brewer, Mrs. R.L. Mabery, Mrs. John Sherman, Mrs. Mack Saied, Mrs. Bill Hatch, Mrs. John Holton and Mrs. Robert Lewis.

Friends and Family Honor 6-Year-Old Marnie Spillman

Marnie Amanda Spillman celebrated her sixth birthday, Friday, January 28, with a party at the Heritage Room.

The party was hosted by her mother, Mrs. Bill Spillman and assisted by her grandmother, Mrs. Paul Spillman.

Miss Piggy and her "beautiful" people provided the party theme.

Marnie and her guests had fun playing the Balloon Game, Telephone, Pass the Parcel and Drop the Handkerchief. Ashley Spill-

man and Kimi Henard assisted with the games.

"Happy Birthday" was sung and Marnie blew out the six candles on her cake. She and her guests were then served cupcakes, ice cream and pop. Afterwards she opened her gifts.

Those who attended were Kerina Argo, Brandi Barnett, Christy Feemster, Katie Johnson, Heidi Lewis, Jennifer Long, Laura Mote, Heather Wilson, Tyra Vassey, April Vassey, Toni Vassey, Jill Owens, Robin Henard, Kimi Henard, Ashley Spillman, Kristen Spillman, Mrs. Paul Spillman and Mrs. Bill Spillman.

Later that same evening, Marnie was honored with a family party at her home. It was hosted by her parents, Mr. and Mrs. Bill Spillman.

She opened her family gifts and after "Happy Birthday" was sung, and she blew out her 6 candles, Marnie and her guests were served cake, home-made ice cream and pop. Marnie and her guests were then entertained by home movies.

Guests were Mrs. Paul Spillman, Mr. and Mrs. Maxie Tarver, Justin Tarver, Ashley Spillman and Kristen Spillman.

Marnie received special phone calls from her aunt presently attending Baylor University at Waco, Lynette Spillman, and her maternal

Moore-Wyatt Vows Planned

The Rev. and Mrs. Harold Wayne Moore are announcing the engagement of their daughter, Debra Lynn of Childress to Cavin Charles Wyatt of Childress. Parents of the prospective bridegroom are Mr. and Mrs. Edwin Wyatt of Tell.

The couple will be married Sunday, February 27 at four o'clock in the afternoon, in the Church of the Nazarene at Wheeler, where the bride's father is pastor. Rev. Moore will officiate at the wedding

ceremony.

Miss Moore was graduated from Wellington High School and received her degree from Bethany Nazarene College.

Her fiancé graduated from Childress High School and is farming near there.

Andrea Wauters Wins Miss Baby Preliminaries Held in Dallas

Andrea Marie Wauters, 10 months of age, was a winner in the International Miss Baby Pageant held in Dallas on Sunday, Jan. 16.

Andrea, the daughter of

LaPaisans Chapter. Daughters of the American Revolution met Monday night, Feb. 7, in the Heritage Room.

Mrs. R.C. McNett was the hostess.

In the business meeting, the chapter members voted to buy the 1982 supplement volume of the Patriot Index for the genealogical library.

Delegates to the Texas State Conference March 13 through 15 in Galveston were elected. They are Mrs. Walter Pendleton, Mrs.

McNett, Mrs. Bura Handley, Miss Maudie Coffee, Mrs. H.H. Bowen and Mrs. John D. McDowell.

Delegates who will be going to the Continental Congress (the DAR national meeting) April 19 through 23, will be Mrs. Pendleton and Mrs. R.A. Dodgen.

Mrs. Pendleton displayed her needlepoint miniature colonial house, complete with furnishings, which she will present in the name of La Paisana Chapter to the Junior Members at the state conference for their Bazaar.

Other members were asked to bring bazaar items to the March meeting.

Plans were finalized for the History Month tea.

In the president general's message, members were urged to write their representatives and senators asking passage of a bill permanently designating February as American History Month.

Mrs. Pendleton was also the program speaker and reviewed the book, "Washington Walked Here," by Mollie Somerville.

Those attending were Mrs. Frank Fourmentin, Miss Coffee, Mrs. Dan

Henard, Sr., Mrs. Louise Templeton, Mrs. Jennie Holcomb, Mrs. John McDowell, Mrs. Dodgen, Mrs. Handley, Mrs. Bowen, Mrs. J.D. Coleman, Mrs. W.L. White, Mrs. Pendleton, and Mrs. Boyd Derryberry.

EMCY THAT

About 160,000 school children, ages five to 17, suffer eye injuries each year. Children are most susceptible during the junior high school years and boys are involved in three out of four accidents during these years.

Some 90 percent of all these injuries are preventable, reports the National Society to Prevent Blindness. Children must be taught to play safely, parents must be alerted to hazardous playthings and adequate eye safety practices must be implemented in school shops and laboratories.

Most topaz is white or blue. The famed golden variety is rare.

Who's New

Mr. and Mrs. Isaac Cantu are the parents of a daughter, Melody Diane, born January 20, in Shamrock. She weighed six pounds, one and a half ounces. Grandparents are Mrs. Quinda Miller of Alva, Ok. and Doyle Winegeart of Oklahoma City and Mr. and Mrs. Ted Cantu of Wellington. Great grandparents are Mrs. Mary Belew of Wellington, and Mrs. F.E. Winegeart of McLean, and Mr. and Mrs. Ralph Sierra of San Antonio.

A daughter, Josephine Marie, was born to Mr. and Mrs. Jose Quintero on January 26 at Shamrock General Hospital. Her weight was seven pounds and two ounces. The grandparents are Mr. and Mrs. Augustine Quintero of Delores Hidalgo, Mexico, Mrs. Trinidad Solis of Wellington and Juan Gutierrez of Rio Grande City.

grandparents of Waco, Mr. and Mrs. W.H. Beseda.

Mr. and Mrs. Jimbo McCoy and Trent of West, her aunt and family.

Hatches attend Summer Market

Mr. and Mrs. Bill Hatch were in Dallas during the last week of January buying merchandise for Hatch Dry Goods.

This was the mid-summer fashion market, and was held at the Dallas Market Center.

They met their son and his partner, Carlos Hatch and Gregory King, both of New York City, who were there to show their Gregory King line.

King is president and designer for the company; Hatch is vice-president.

They also met Fred and Barbara Saied of Elk City, Okla. and Floyd and Gladys Taylor of Quanah. Saied and Mrs. Taylor are the brother and sister of Mack Saied.

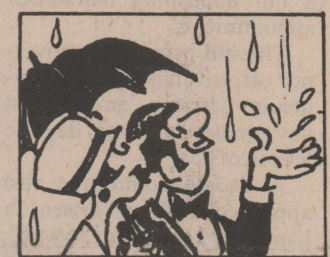

Mr. and Mrs. Keith Wauters of Grand Prairie, won two events and placed in three others.

She was winner of the dressy dress event and winner of the pant/coat event.

She placed second in the outfit with prop event, third in sportswear and third in photogenics.

Andrea is now eligible to compete in the International Miss Baby World Pageant to be held in Dallas on June 2, 3, 4.

Andrea's mother is the former Glenda Norman and the baby's grandparents are Mr. and Mrs. Glen Norman of Bryan. She is also the great-granddaughter of Mr. and Mrs. J.C. Norman of Wellington.

Tree Planting Time

There is a time for everything and a season for every activity under heaven.

---Ecclesiastes 3:1

The seasons come and go, and the one that's upon us now is tree planting season.

It's time to set out trees.

Wellington's Siberian or "Chinese" elms suffered a great deal of damage during the recent ice storm, and many of the trees, some 50 years old, will have to be topped back to their largest branches. But with a little care, they'll live to blow their messy seeds, send up their irritating offshoots, and attract beetles to their leaves for many years to come.

We know more now about which varieties of trees are most desirable in Collingsworth County than we did when those elms were planted.

But the important thing to remember is that they were planted. Somebody took the time to plant the buggers and water them and trim them and maybe spray them occasionally.

Those old elms, and the other trees which grace the community were set out by somebody who cared and who was willing to spend the time, effort and money on something lasting and worthwhile. No natural forests out here on the Texas plains.

Now it's our turn.

Each of us should plant one tree this year. If we think that our own lawns are already arboreal delights, we can donate a tree to a school, church or park.

Don Reeves at the county extension office or anyone at the Soil Conservation Service can offer advice and help to obtain small and inexpensive trees. And Mike Hughes at Hughes Nursery here in Wellington and Pat Godfrey at Godfrey Nursery in Memphis both offer large trees in beautiful varieties.

Find a tree that you like and plant it. You'll reap a harvest of satisfaction.

Reports

WHITE SETS PRIORITIES

AUSTIN -- Governor Mark White recently told the 68th Legislature that he has been hearing voices -- your voices.

As he explained in his State of the State address, the voices have come from overcrowded school rooms, unemployed farmworkers and laborers, victims of crime, taxpayers and many others.

We believe your expectations are reasonable, and we are encouraged by White's positive approach to the problems at hand.

The new governor says education is his first priority. In fact, he has even declared teacher salaries an emergency issue so the Legislature will consider it first.

In the past, education has been at the end of the line, taking whatever "leftover funds" it could get. This session, it looks like education may get one of the first slices of the pie.

We think that's important when you consider that the population of Texas has increased more than 25 percent in the last decade. Experts say that the state

should maintain an annual 5 percent increase in the number of new teachers to keep up with the number of students enrolling in Texas schools. Unfortunately, the state has seen a decrease of 7 percent instead, as those who might have become teachers accept higher-paying jobs in business and industry. That is disturbing news, and we are well aware that the steps we take today toward improving education may well determine the success or failure of our future.

Governor White was also positive in his attitude toward agriculture. We realize that not all agriculture problems can be solved by the state. However, we can do more, and White addressed that very issue.

The governor indicated his willingness to work with various commodity associations. He said he wants to promote on a state level more foreign markets for Texas agricultural products, as well as allocate more state money for agricultural research and development. He further supports increased emphasis on water recovery technology.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Amid amazingly little fanfare, the Texas Senate approved 29-2 the confirmation of Jack Pope as Chief Justice of the Texas Supreme Court.

The lop-sided vote was a stunning victory for Pope, whose lame-duck appointment had been threatened by a bloc of senators who wanted Gov. Mark White to name his own chief justice.

White, himself, chose not to take sides, even after 14 senators wrote a letter two months ago to then-Gov. Bill Clements asking him not to appoint Pope.

Of the 14 who vowed to "bust" whomever Clements named, only Sens. Craig Washington and Chet Brooks keep their pledge, voting against Pope last Thursday.

The fact that Pope came from behind, so to speak, to an almost unanimous win in a sticky political situation, reflects the respect that the 69-year-old jurist carries in Austin.

A life-long Democrat and member of the High Court since 1965, Pope was never opposed because of credentials, only because some Democrats did not want Clements to make the appointment.

Pope told senators after the vote that he had no ill will against the 14 signers. In fact, that letter prompted Clements to seek to appoint a conservative Democrat who would be tough to bust, and the trail led to Pope. He thanked the 14 for being a factor.

The Senate

A day earlier, the Senate passed and sent to the House a bill abolishing lame-duck appointments.

The bill prohibits a governor from making appointments between an election day defeat and the day he leaves office.

A Senate committee also approved without dissent a ban on "cop-killer bullets", or Teflon bullets that can pierce armor plate.

Law enforcement officers testified that while bullet-proof vests stopped non-coated bullets, Teflon bullets went through an 18-layer vest and halfway through a telephone book behind it.

Larger caliber bullets went into three telephone books, and could easily penetrate a car door.

First Law Signed

Governor Mark White last week signed into law his first

bill, the first legislation passed this session: the closing of a loophole that allowed companies to avoid competing for oil and gas leases on state land.

Land Commissioner Garry Mauro sought the emergency legislation to get rid of a law which lawmakers thought they had wiped out 44 years ago.

The provision allowed oil companies to get a prospecting lease first, then return smaller royalties to the state than other companies.

Mauro said 25 firms tried to "squeeze through" at the last minute when the loophole drew publicity, but he threatened to release their names to the press unless they withdrew their prospecting applications.

The House

House Speaker Gib Lewis showed signs last week of retreating on a highway lobby proposal to increase annual car license fees.

Lewis earlier agreed to pursue the idea, but said last week he was not committed to support the legislation.

The fees on some cars would have increased five-fold, under the original proposal.

Jim Hightower

Ever-colorful Agriculture Commissioner Jim Hightower, who faces a budget battle with conservative legislators, said his first month on the new job was "kind of like trying to sack bobcats."

Hightower wants to create a network of farmers markets in Texas, similar to programs in other states. His idea is to cut out the middle men to benefit both growers and consumers.

In fact, he has hired the fellow who apparently set up a successful program in Tennessee, one John Viece.

He is also seeking experts to open up foreign markets for U.S. farm products, especially in Third World markets.

The increase in marketing personnel is the biggest expense in his proposed budget, but he points out that Florida spends more on its oranges than the Texas Agriculture Department's entire budget.

New

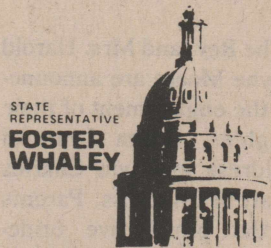

Insurance Commissioner

Last month, Austin Mayor Carole McClellan was touted as the woman who would be "the housewife" that White would appoint to the Public

Utilities Commission. But McClellan, who previously was president of the Austin school board, was figured to have too much political savvy to be passed off as a housewife.

So last week, White named her instead to the State Board of Insurance. She replaces outgoing Durwood Manford of Smiley, who is retiring after 42 years of public service.

McClellan was also said to be influenced by the rising support in the Legislature for a bill making utilities commissioners face election.

capitol comments

February 4, 1983

A few teachers have expressed their concern about a proposed drop in the percentage the teacher and the state pays into the Teacher Retirement System. There is no need for concern. A well-known actuarial consulting firm recommended the state's contribution be dropped from 8.5 percent to 7.1 and the individual teacher's contribution drop from 6.65 percent to 6.00 percent. This will save the State \$200 million. It will save Texas Teachers almost \$100 million. The good investments by the board, the extremely high earnings due to high interest rates and good management were cited as reasons why the contributions could be lowered. This will save each individual teacher about \$120.00 annually. This should be considered good news in view of the tight budget in which we are facing.

For many years prior to the 1981 Legislative Session, teachers pay was considered after most of the other items had been built into the budget. During the 1981 session, teachers were considered along with all other segments of the budget. As a result of hard work by the Education Committee and the Appropriation Committee in 1981, teachers were given some of the best raises in years. Some of these raises were accomplished by the Education Committee cutting out fat items in areas not

needed. I feel this same process will occur again. We do not need to be pulling any items out of the budget for last or first consideration. We must consider each item, along with others, like placing a jig saw puzzle together. To do otherwise will cause divisiveness among different groups and factions affected by the State budget.

Governor Mark White endorsed the election of the Public Utility Commission. I see an appointed commission as being a much wiser route to follow. Appointees get screened through the Governor's office with exhaustive checks made. They are interrogated for days in the Senate. Sometimes to the point of total invasion of privacy. How intelligent was your vote on any of the Supreme Court or Civil Appeals Court judges? How well are you satisfied with the rate and regulatory decision of the elected Railroad Commission?

A person of excellent judgement, honest, mature, high character, and well educated running on a ticket of fairness to both the utility company and the consumer would be no match to a shrewd politician running on the ticket, "I'll lower your utility bill."

If you wound up with all consumer activist on the Public Utility Commission, every rate case would wind up in the courts and the Public Utility Commission would be as worthless as a confederate dollar.

Choice of Tax Preparer Is Important

If you choose to have someone do your federal tax return for you, the Internal Revenue Service advises that you take the same pains in making a wise choice as you would in choosing a doctor, lawyer, or any other professional, since the only persons who is ultimately responsible for your tax return is you.

The IRS offers these suggestions on how to select and what to expect from a preparer.

- Taxpayers should not sign a blank return, nor one which is partially completed nor one prepared in pencil.
- Preparers should be asked to sign the return in the taxpayer's presence and to give his or her identification number, as required by law.
- The taxpayer must be

DPS Continues To Enforce Liability Law

AUSTIN--The Texas Department of Public Safety will continue to enforce the current mandatory liability insurance law as enacted by the last session of the Texas Legislature. A recent Attorney General's opinion stated that failure to carry, produce or provide proof of insurance is not an offense. However, the opinion does not require DPS policy to be changed. The offense contained in the law is "failure to maintain financial responsibility," i.e., failure to maintain liability insurance.

Colonel Jim Adams, DPS director, said "the statute requires motorists to furnish information concerning evidence of insurance to a police officer upon request. Failure to provide satisfactory information creates a rebuttable presumption under the statute that the motorist failed to maintain liability insurance. This presumption may be rebutted by presenting evidence to the judge that the motorist did in fact have insurance and the judge may dismiss the charge."

If the officer is not satisfied with the information provided, he can issue a citation. Adams said troopers will continue to issue citations when drivers are unable to furnish satisfactory information.

The Department of Public Safety issued rules when the law went into effect detailing examples of information which would be accepted as evidence of financial responsibility. The items include the insurance policy, insurance identification card, or other information which confirms to the satisfaction of the officer that the operator is in compliance with the law.

given a copy of the completed return.

- Preparers who promise a refund, claim a special relationship with the IRS, or boast of ways to beat the tax system should be avoided.

CUSTOM ACID DELINTING AND TREATING

Wheat, Feed, Grain Signup Under Way

Collingsworth County farmers can now sign up for the 1983 feed grain and wheat acreage reduction programs, according to Bob Weatherly, County ASC Executive. The program requires that farmers reduce their wheat and feed grain planted acreage by 20 percent of the established base to qualify for program benefits. Acreage reduction requirements are 10 percent with a 10 percent paid land diversion for feed grain, and 15 percent with a 5 percent paid land diversion for wheat.

All farmers with established base who plant feed grain and/or wheat are eligible to participate in the voluntary programs. Those who sign up will be eligible for land diversion payments, deficiency payments, and price support loans.

Farmers may request 50 percent of the 1983 diversion payments and 50 percent of the projected deficiency payments when they sign up for the programs," Weatherly said.

Land diversion payments have been established at \$1.50 per bushel for corn and sorghum, \$1.00 for barley, 75 cents for oats, and \$2.70 per bushel for wheat. "The land diversion payment is based on one half the per bushel payment rate times the farm yield times the acres diverted."

Weatherly said if a farmer accepts an advance payment and later does not comply with the acreage reduction program provisions, he or she will be required to refund the amount of the advance payment plus interest. Interest charged will be the rate in effect for commodity loans on the date of the advance payment, plus 5 percentage points.

The projected per-bushel deficiency payment rates are: corn, 21 cents; sorghum, 20 cents; barley, 15 cents; and wheat, 65 cents. The ASCS officials said advance deficiency payments will be half these rates. Advance payments are not authorized for oats.

To be eligible for program benefits, farmers must agree to limit their feed grain and wheat acreage planted for harvest to no more than 80 percent of the farm's feed grain and wheat

base, and also to devote an acreage equal to both the reduction and land diversion to conservation uses.

Program participants will receive target price protection of \$2.86 a bushel for corn, \$2.72 for sorghum, \$2.60 for barley, \$1.60 for oats, and \$4.30 per bushel for wheat. Loan rates per

bushel are: corn, \$2.65; sorghum, \$2.52; barley, \$2.16; oats, \$1.36; rye, \$2.25, and wheat, \$3.65.

The 1983 wheat crop will be eligible for the farmer-owned grain reserve program. Decisions on use of the reserve for 1983 feed grain are being delayed

until the domestic and world supply and demand situation is studied.

Participation in the 1983 programs is voluntary. However, only those farmers who take part will be eligible for program benefits. Signup will be conducted through March 31.

Former County Agent Cited By TAES for Performance

COLLEGE STATION--Cecil Regier, research scientist in charge at the North Plains Research Field at Etter, was presented the 1982 Distinguished Performance Award at the annual conference of the Texas Agricultural Experiment Station Jan. 10-13.

Regier was presented the award for excellence by technical support personnel Dr. Perry L. Adkisson, deputy chancellor for agriculture, Texas A&M University System.

It was one of 13 awards to TAES administrative, service, support, teaching and research personnel across the state. Adkisson established the annual awards several years to honor staff excellence.

Regier has served at the Etter station since 1964 and worked closely with the late Dr. John Shipley. Regier

has made major contributions to developing the North Plains Research Field into an excellent location for a variety of agricultural research projects.

Among his inventions have been a logger for center pivot irrigation systems, a continuous runoff recorder, an Ettergate flow rate calibrating system and a mixing device for pesticides used in chemigation (chemical application through irrigation systems).

Regier was cited for his research contributions not only at Etter but at the Bushland and Amarillo stations. "His work has saved countless hours of work and has made possible a greatly expanded research effort through savings in equipment expenses," said co-workers. "He runs the best organized and appearing research field in the state."

Prior to joining the TAES,

Regier was with the Texas Agricultural Extension Service, serving as an assistant county agent in Gray County and later as county agent in Collingsworth County.

He holds a B.S. degree in animal science from Oklahoma State University and has done graduate work at Texas A&M.

Book matches were invented in 1892 by a Philadelphian named Joshua Pusey.

The Flying Hatchet fish can take off from the water's surface and fly as far as 10 feet using its side fins as wings.

The largest group of fish are bristlemouths, a tiny salt water fish. Scientists believe they number in the billions of billions.

Otto Falk, 82 Dies Here Wednesday

Otto William Falk, 82, died at 5 p.m. Wednesday, Feb. 2, in Thomas Nursing Home, where he had been a resident since August 5, 1982.

He was a brother of Frank Falk.

Mr. Falk, who grew up at Hinton, Oklahoma, moved to Chicago, Ill., in 1923 and was an elevator operator in the Tribune Tower until he retired in 1959. He moved back to Hinton in 1961.

Mr. Falk was born August 10, 1899 in Germany, the son of August F. Falk and Bertha Lemke Falk. He was only two years old when he came with his family to El Reno, then in the Indian Territory.

He became a member of the Church of God at an early age. He attended the First Baptist Church at Hinton.

Funeral services were conducted at 2 p.m. Saturday, Feb. 5, at Hinton-Turner Funeral Home chapel, with the Rev. Ron Ledbetter, pastor of First Baptist Church at Hinton officiating. Burial was in Hinton cemetery.

Local arrangements were by Guy Owens Funeral

Home. Survivors were his brother, Frank Falk; one sister, Mrs. Lizzie Peach of Hinton; and several nieces and nephews. Among these is Mrs. Bill (Patsy) Duckworth of Altus, Okla. who formerly lived here.

Otto Falk was preceded in death by three sisters: Frieda Troll, Amanda Tate and Leona Ward; and 5 brothers: Fred, Charles, Emil, John and Gus.

Beryl Faulkner Dies Saturday At Wichita Falls

A former Wellington business man, J. Beryl Faulkner, 68, of 1604 Garfield, Wichita Falls died Saturday, Feb. 5.

Shortly after World War II Faulkner and his brother-in-law, R.H. Tyler, now of Olney, had a radio and

Computer Workshop Set

A computer workshop will be held on Thursday, Feb. 17, from 7:30 to 9:30 p.m. in Bura Handley Community electrical business here. Later Faulkner went to Wichita Falls.

Funeral services were at 11:30 a.m. Monday at Hampton Vaughan Funeral Home in Wichita Falls with the Rev. Gene Gordon, pastor of University United Methodist Church, and the Rev. George Lewis, former pastor, officiating.

Faulkner was born Sept. 27, 1914, in Waco.

He was retired and a member of Electrical Union 681.

Survivors are his wife, Evelyn of Wichita Falls; a daughter, Sandra Jones of Arlington; his mother, Mrs. Mary Gilbreath of Wichita Falls and three grandchildren.

Center.

This is sponsored by the Collingsworth County Extension Service and the Program Building Committee.

Bonnie Piermont, family resource management specialist, and Briggs Myrik, computer specialist from Texas A&M University, will be the speakers.

They will discuss computer language, tips on buying a computer, computer use for the farm and ranch, and computers in the home.

The program is free said Nancy Bigby, extension agent.

Everyone interested in the use of computers by farmers and ranchers or in the home is urged to attend this meeting, she said.

WTU Announces New Energy Saving Plan

West Texas Utilities Co. has announced a new energy savings plan providing cash incentives to encourage its customers to purchase high-efficiency air-conditioning and home heating equipment.

The program is available for single-family residential customers. Don Welch, vice president and director of customer services, said the purpose of the plan is to urge customers to install higher efficiency equipment to help reduce the peak summer demand for electricity.

"If more of our residential customers install better equipment, we can make more efficient use of our present generating stations and prolong the installation of expensive new units," Welch said. "This would benefit all of our customers in the long run."

The new program provides cash incentives for air-conditioners, both central and window units; heat pumps, heat-recovery units for electric water heaters, and solar-assisted electric heaters in single family homes which are served by WYU.

The home must meet WTU's energy efficient home requirements, which involves such things as insulation, weatherstripping, and storm windows.

Homebuilders and air-conditioning dealers throughout the WTU service area have been informed of the new program. Details may also be obtained at all WTU local offices.

Books by Texans about Texas

--A hundred thousand strong

One hundred thousand books by Texans or about Texas for Texas libraries is the goal of Texas Book Month in March, set by Wales Madden, III, Amarillo businessman and chairman of Texas Book Month.

Madden's appointment as chairman of the drive was made by Wayne C. Sellers, Palestine Carnegie Library Trustee and chairman of Books for Texans, an organization formed by leaders in statewide library organizations.

Madden will be joined as vice chairman by John F. Sammons, Jr., mayor of Temple.

"Texas has nationally known publishing houses and thousands of published authors, many of whom have won international acclaim. In addition, there are Texas authors who have

earned distinction in their fields, but whose works are not widely known.

"From history and philosophy to prose and poetry, the books placed on library shelves will cover the full spectrum of learning and literary craftsmanship."

Madden said to explain the need for Texas Book Month.

"While many Texas authors have not yet earned fame of a Watler Prescott Webb, J. Frank Dobie, Katherine Anne Porter or Fred Gipson, their works deserve recognition and appreciation," Madden added.

The chairman said a vigorous campaign will be conducted through the ten public library systems in Texas and through city and county civic groups.

During the month Texans will be urged to make gifts,

either of money or of Texas books to libraries. Selection of the books can be made from a list prepared under the direction of Dr. Dorman Winfrey, Texas state librarian.

Lists will be available in public libraries.

"We hope, also, to help libraries acquire histories of Texas counties and cities and biographies of Texas citizens not now widely known," Madden added.

The chairman is a native of Amarillo and a graduate of The University of Texas. He is self-employed, is a member of the board of directors of the Texas Lyceum Association, Inc., a member of the board of the College of Business Administration Century Club at Texas and is a member of the citizen's budget committee of the Amarillo United Way. His wife is the former Susan Hamilton and they are parents of one son.

Sammons is serving his second term as mayor of Temple. He is the third generation of his family to serve on the Temple city commission. He attended Temple Junior College and The University of Texas.

Sammons and his wife, Marilyn, have three sons.

PUBLIC NOTICE

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING

The State Department of Highways and Public Transportation is planning the improvement of U.S. Highway 83 from the Wheeler County Line, South 4.7 miles. The improvement will consist of widening the existing drainage structures, strengthening the base, adding paved shoulders and surfacing. Minimum right of way width will be 150 feet. The additional right of way will be required in order to provide standard safety clearance for structures and roadbed slopes. The acquisition of right of way will not involve any displacees or relocation.

Maps and other drawings showing the proposed location and design, environmental studies and any other information about the proposed project are on file and available for inspection and copying at the State Department of Highways and Public Transportation office in Wellington, Texas. Also, the maps and drawings showing the proposed location and design have been placed on file with the County Judge in Collingsworth County.

Information about the State's Relocation Assistance Program, the benefits and services for displacees and information concerning the relocation assistance office, as well as information about the tentative schedules for acquisition of right of way and construction, can be obtained at the District Office of the State Department of Highways and Public Transportation, 1700 Avenue F, N.W., P.O. Box 900, Childress, Texas 79201. Any interested citizen may request that a public hearing be held covering the

social, economic and environmental effects of the proposed design for this highway project by delivering a written request to the State Department of Highways and Public Transportation office in Wellington on or before February 19, 1983.

In the event such a request is received, a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing.

Drilling Activity Picks Up In North Part of County

Exploration activity has picked up in the north part of the county with the Rail Road Commission filings of gas well completions, intentions to drill and amended intentions to drill.

COMPLETIONS

Four gas well completions were filed by W.L. Pennington, Inc. in the northeast part of the county.

The No. 2-100 Emmert on section 100, blk 12, elevation 2085, was spudded Oct. 25, 1982, and drilling was completed on Dec. 2. It was tested the same day and showed potential of 33 thousand cubic feet of gas, rock pressure 303.2, pay was 1934 to 1946 feet and total drilling depth was 2030 feet.

The No. 2-3 Laycock, in section 3, block 13, showed elevation of 2059 was spudded Nov. 18, 1982 and drilling was completed Dec. 4. It was tested Dec. 7, showing potential of 33 MCF and rock pressure of 303.2. Pay, 1898, drilling depth was 1987.

The third well was the No.

Phillips Junior College, Borger, where he majored in Agriculture.

3-3 Laycock, located on the same section. The well was spudded in Nov. 24, 1982 and drilling was completed Dec. 7. The well was tested Dec. 8 with potential of 33 MCF, rock pressure, 303.2, pay 1836-46 and total drilling depth of 1912 feet.

The No. 2-98 Laycock "A" section 98, block 12; elevation is 2063 rkb. The well was spudded Nov. 18, 1982 and drilling completed Dec. 12. The well was tested Dec. 6, 1982 with potential of 33 MCF, rock pressure, 303.2, pay 1892-1902. Total depth was 1987 feet. This is about 6 miles from Texola.

INTENTION TO DRILL

D&B Petroleum Inc of Amarillo filed an intention to drill the No. 1 Hill (160 acres) located 330 feet from the north and 990 feet from the east line of section 75, block 12. This is located approximately 18 miles northeast of Wellington in the China Grove community. Proposed depth was 2300 feet.

AMENDED INTENTIONS

Canyon Resources, Inc. has filed to amended intentions to drill, on the McDowell section 130, block 11, northwest of Samnorwood. Proposed depth is

2300 feet with drilling to start on approval of the amended intention. This is amended to change the operator from Meadow Creek Resources of Dallas on these wells:

No. 1, 1200 feet from the south and 330 feet from the west line of the section, and No. 2, 1000 from the north and 700 feet from the west line of the section.

OIL & GAS

Oil, gas and mineral lease: John J. Taylor, independent executor of the estate of Lucie McDowell Green, and Lottie M. Taylor, to Meadowcreek Resources of Dallas: section 130, blk 22, with a primary term of one year.

Corrected assignment and reassignment of a working interest in oil, gas and mineral leases and reservation of overriding royalty interest: Crescent Energy Corp., to Tri-Star Oil Co. and 11 others: NE/4 sec 10, blk 17.

DAN BOUCHELLE

Dan Bouchelle All-State Choir Winner

Dan Bouchelle will represent Lewisville High School in the All-State Choir concert Saturday, Feb. 12, in San Antonio.

Representing that high school with him will be Sheri Holcomb.

The pair successfully competed in a series of four auditions to make the 210 member choir. Their tryout music included the "Requiem Mass in C Minor" by Cherubini and 6 shorter pieces.

Three Day Art Exhibit Slated

A three-day exhibit of the paintings of James Ivy Edwards, head of the art department at Clarendon College, and paintings by several of his students will be held in Wellington Friday, Saturday and Sunday, Feb. 25, 26 and 27.

This is sponsored by Sabine Pass Chapter No. 2459 United Daughters of the Confederacy, said Mrs. James R. Ross, UDC art chairman and director of the exhibit.

Hours will be 9:30 a.m. to 5 p.m. on Friday and Saturday, and from 10 a.m. to 4 p.m. Sunday.

Bouchelle, 16, a junior, sings tenor.

He is the son of Mr. and Mrs. Terry Bouchelle of Lewisville and the grandson of Mr. and Mrs. Pat Bouchelle of Loco and Mr. and Mrs. Clarence Eager of Abilene. The family spent Christmas here, and at that time Dan was studying for his auditions.

I Saw... by Virginia Robey

Word is already out that the Wellington High School Class of 1945 will have its 35th anniversary reunion along with the Ex-Students reunion this summer. Peggy Riggs Wildman and Richard McClaskey, both of Dallas, are already making plans.

While we are shivering and slipping and sliding through our icy, snowy weather, consider former Wellington residents Lynn and Linda Wolf of Fairbanks, Alaska. Besides heavy snow, their temperature dropped to 26 degrees below zero.

"And when it got back to 0 degrees, they said it felt like a heat wave," said her mother, Mrs. D.C. Thomason.

The cold caused moisture from their breath to condense and freeze on glasses lens.

Irma O'Rear looks at the snow and ice we've just had in another way. "I think

it's a challenge," say says. She lives at Rolla and made the best of things, reading some, during the time power was off, phones were out and roads were bad.

Jake Meadows, who retired as maintenance supervisor for the Texas Department of Highways and Public Transportation about the time winter set in, and his wife, Alta, were in town Tuesday.

Jake was fielding the continuous question: "How did it feel when you didn't have to get up in the middle of the night to go see about getting snow off the highway."

Alta answers this one: "He sat back in his easy chair with a pipe in his mouth and did nothing."

Collage--"gluing"--was introduced to easel painting by Picasso in 1912 as a way of incorporating the emblems of ordinary modern life into the abstract world of cubism.

The Wellington Leader Presents Almost 100 Valentine Boys and Girls

One of the most special, and certainly the happiest most joyful and caring of all days comes Monday, Feb. 14, when children and adults alike celebrate St. Valentine's Day.

This annual issue of The Wellington Leader presents almost 100 boys and girls 6 years of age and under who live in the county, whose parents at one time lived in the county, or who are the grandchildren of someone who lives here or who have lived in the county.

Some of these have appeared in The Wellington Leader pages before. Some are shown for the first time.

Here they are—the prettiest, most handsome or most loving children to be found anywhere.

CHRISTOPHER DWIGHT SOUDER, is a year old and big enough to enjoy St. Valentine's Day. He is the son of Mr. and Mrs. Redgie Souder and his grandparents are Mr. and Mrs. Hubert Brooks and Mr. and Mrs. J.L. Souder, all of Wellington. Maternal great-grandparents are Mr. and Mrs. Manley Wood and Mr. and Mrs. Joe Brooks who live here; paternal grandparents are Mrs. Edda Easter of Mangum, Okla., and Mrs. Ellen Souder of Amarillo. There is a great-great-grandmother, Mrs. R.N. Sheid of Rule.

NICHOLAS PAUL SOUDER is 3½ years old. His parents are Mr. and Mrs. Redgie Souder and grandparents are Mr. and Mrs. Hubert Brooks and Mr. and Mrs. J.L. Souder. Maternal great-grandparents are Mr. and Mrs. Joe Brooks and Mr. and Mrs. Manley Wood of Wellington; paternal great-grandparents are Mrs. Edda Easter of Mangum, Okla., and Mrs.

Ellen Spuder of Amarillo. His great-great-grandmother is Mrs. R.N. Sheid of Rule.

The youngest of 5 generations of her family, **TAMARA GAYLE BROOKS** is four months old. Her parents are Mr. and Mrs. Danny Brooks of Irving and her grandparents are Mr. and Mrs. Hubert Brooks of Wellington and Mr. and Mrs. John Groomer of Amarillo. Great-grandparents are Rev. and Mrs. Lloyd L. Groomer of Tempe, Arizona, Mr. and Mrs. Joe Brooks and Mr. and Mrs. Manley Wood. Mrs. R.N. Sheid of Rule, is her great-great-grandmother.

CHRISTINA ELAINE BROOKS, five and a half year old, is the daughter of Danny Brooks of Irving and Mrs. Kittie Ford of Amarillo. Grandparents are Mr. and Mrs. Hubert Brooks of Wellington; Bill Cooke of Amarillo; and Mrs. Edith Harris of Vernon. Great-grandparents are Mr. and Mrs. Manley Wood and Mr. and Mrs. Joe Wood. Christina has a great-great-grandmother, Mrs. R.N. Sheid of Rule.

AARON GLIN MCGILL is a two-year-old Valentine boy from Wellington. His parents are Mr. and Mrs. Randy McGill, and his grandparents are Mr. and Mrs. Hubert Brooks and Mrs. Lorene McGill. His great-grandparents are Mr. and Mrs. Manley Wood and Mr. and Mrs. Joe Brooks. All these live in Wellington. His great-great-grandmother is Mrs. R.N. Sheid of Rule.

TERRY LEE FLOYD, JR. is two and one-half years old and his parents are Mr. and Mrs. T.L. Floyd, Sr., of

Booker. His grandparents are Mr. and Mrs. Zeb Roberson of Wellington and Mr. and Mrs. Dub Floyd of Erick, Okla. He also has great-grandparents, Raymond Lee of Wellington, Osa Lee of Shamrock, Mr. and Mrs. Jack Crews of Lane, Okla. Completing the fifth generation, the great-great-grandmothers are Mrs. Alma Lee of Wellington and Mrs. Mae Robinson of Shamrock.

JASON TODD WEST is 17 months old and the 5th generation Valentine of his family. His parents are Mr. and Mrs. Danny West of Wellington while his grandparents are Mr. and Mrs. Zeb Roberson and Mrs. Lucille West, also of Wellington. Great-grandparents are Raymond Lee of Wellington, Osa Lee of Shamrock and Mr. and Mrs. Jack Crews of Lane, Okla. His great-great-grandmothers are Mrs. Alma Lee of Wellington and Mrs. Mae Robinson of Shamrock.

PAULA D'YON GONZALES is four years old and the daughter of Mr. and Mrs. Paul Gonzales. Her grandparents are Glenna Hernandez and Baldmar Gonzales of Wellington, Pauline Gonzales of Houston and Jesse Hernandez of Shamrock. The great-grandparents are Mr. and Mrs. Raymond Ward and Mr. and Mrs. V.S. Hernandez, Sr., all of Wellington.

AMANDA MARGRET WOOD celebrated her fifth birthday only a few days ago, for she was the New Year's Baby of 1978. Her parents are Mr. and Mrs. Joe Wood, while her grandparents are Mr. and Mrs. Clark Adams of Lexington, Miss., and Mr. and Mrs. Woodrow Wood.

This is the first St. Valentine's day that **ALISON LEIGH WOOD** will celebrate, for she is only six and one-half months old. Her parents are Mr. and Mrs. Joe Wood. Her grandparents are Mr. and Mrs. Clark Adams of Lexington, Miss., and Mr. and Mrs. Woodrow Wood.

JORDAN MICHAEL RAINEY is now 6 months old, the son of Mr. and Mrs. Jerry Rainey of Dallas. His grandparents are Mr. and Mrs. John Rainey, Wellington and Mrs. Jane Coble of Jacksonville, Ill.

JOHN ZACHARY RAIN-EY is the son of Mr. and Mrs. Jerry Rainey of Dallas and is now two and three-fourths years old. He is the grandson of Mr. and Mrs. John Rainey of Wellington and of Mrs. Jane Coble of Jacksonville, Ill.

JUSTIN WILLIAM TART-VER is the 22-months-old son of Mr. and Mrs. Maxie G. Tarver. His grandmothers are Mrs. Paul Spillman and Mrs. J.W. Tarver both of Wellington. These are three great-grandparents, Mrs. Millie Maupin of Adrian and Mr. and Mrs. B.F. Tarver of Vernon.

A first Valentine Day will be enjoyed by 11-months-old **MAURI HAYDEN FORD**. Her parents are Mr. and Mrs. Dwayne Ford of Arlington and her grandparents are Mr. and Mrs. Raymond Ford of Wellington and Mr. and Mrs. Harry Teal of Irving.

A 5-year-old Valentine boy is **SCOOTER GULLEY**, the son of Pat and Geney Gulley. His grandparents are B.F. and Erma Dean Gulley of Dodson and Eugene and Mary Morrow.

His great-grandmother is Mrs. Frank Gulley.

CLINTON PATRICK GULLEY was one year old just three days before Valentine, February 11. He is the son of Pat and Geney Gulley and grandson of Eugene and Mary Morrow and B.F. and Erma Dean Gulley of Dodson. He is the great-grandson of Mrs. Frank Gulley.

CHARLES D. MICHAEL, III, is just six and one-half months old this Valentine. His parents are Mr. and Mrs. Charles D. Michael, Jr. of Goodwell, Okla. Grandparents are Mr. and Mrs. Charles D. Michael of Wellington and Mr. and Mrs. Melton Mann of Higgins.

LANDEY KANE is a four-year-old Valentine girl whose parents are Mr. and Mrs. Rodney Kane. Her grandparents are Mr. and Mrs. Art Kane and Mrs. Howard Holton, and her great-grandmother is Mrs. Lucy Kane of Tipton, Mich.

JORDAN TESS EM-MERT, just three months old, will have the pleasure of her first Valentine's Day. Her parents are Mr. and Mrs. Steve Emmert of Texola, and her grandparents are Mr. and Mrs. Tom Lewis of Wellington and the Rev. and Mrs. Ervin Emmert of Texola. Great grandparents are Mrs. G.R. Lewis of Wellington, Mrs. Julia Emmert and Mrs. Lucille Gray of Shamrock, and the Rev. and Mrs. Otto Williams of Oklahoma City.

KARA LEIGH EMMERT is two and one-half years old and the daughter of Mr. and Mrs. Steve Emmert of Texola. Her grandparents

are Mr. and Mrs. Tom Lewis of Wellington and the Rev. and Mrs. Ervin Emmert of Texola, Okla. Great-grandparents are Mrs. G.R. Lewis, Wellington, Mrs. Julia Emmert, and Mrs. Lucille Gray, of Shamrock, and the Rev. and Mrs. Otto Williams of Oklahoma City.

A Wellington Valentine boy is **LEVI ERIC LEWIS**, three years old. His parents are Mr. and Mrs. Jerry Lewis, and the grandparents are Mr. and Mrs. Carl Shumate and Mr. and Mrs. Tom Lewis. All these live in Wellington. His great-grandmothers are Mrs. G.R. Lewis of Wellington and Mrs. Lucille Gray of Shamrock.

One of the older Valentine girls is **HEIDI JILL LEWIS**, 6 years old and the daughter of Mr. and Mrs. Jerry Lewis. Her grandparents are Mr. and Mrs. Carl Shumate and Mr. and Mrs. Tom Lewis. Her two great-grandmothers are Mrs. G.R. Lewis of Wellington and Mrs. Lucille Gray of Shamrock.

This is the second Valentine season for **TARA DENISE HOLCOMB**. Her mother is Janet Holcomb and her grandparents are Dr. and Mrs. Carter Holcomb. She has a great-grandmother, Mrs. Jennie Holcomb.

Another of the out-of-county Valentine babies is **ANDREA MARIE WAUTERS**, 10 months old. Her parents are Keith and Glenda Marie Wauters of Grand Prairie. Her grandparents are Glen and Linda Norman of Bryan, formerly of Wellington and Fred and Hilda Wauters of Poth. The great-grandparents are Curtis and Rhua Norman of Wellington.

A Valentine girl from Oregon, **WHITNEY BREA DeFOREST**, is one year old and is the daughter of Mr. and Mrs. Bret DeForest of Ashland, Oregon. The grandparents are Dr. and Mrs. Burl Brim, also of Ashland, and Mr. and Mrs. Russell DeForest of Medford, Oregon. Great-grandparents are Mrs. DeForest of Medford, Mrs. Betty Stanley of Belfair, Washington, and Mr. and Mrs. John Brim of Wellington.

Don't Look for Bargains When Buying Rose Bushes

A rose plant is a long-term investment. Although the rose blossom has a delicate, fragile look, the plant itself is hardy and strong. It lives and blooms for years. So don't try to save a few dollars on your initial outlay for roses—quality should be your primary concern.

Not a bargain

"Bargain plants" seldom thrive, yet they require even more care than healthy, durable, high-quality plants. Here are tips from Ortho's newly revised book, "All About Roses," which will help you find the healthy plants you need.

Tip number one is to shop at your local professional garden center or nursery, or order from a reputable plant mail-order house. Ortho's book includes a list of mail-order retailers.

Ask questions

When you shop at your favorite garden center or nursery, don't be shy about consulting members of the sales staff.

These men and women are often experts on roses and will give you sound answers to your questions on selecting plants and caring for them.

Tip number two is to remember that in buying rose

bushes, like any other product, price does bear some relationship to quality.

Bushes may be priced from \$1.99 to \$12 and the very cheapest are not good buys. Remember, you'll be investing about an hour of care a week in tending this plant, so don't skimp.

Tip number three is to do a little homework before you buy your rose plants. Roses have been around for centuries, and there is a wealth of information about each type, growing habits, physical characteristics and types of blossoms.

So eliminate the guesswork. Consult a good reference book such as "All About Roses" and decide what varieties you want in your new rose garden, and then take your shopping list to your nursery or garden center.

Rose plants are available either "barefoot," which means they are wrapped loose or in a plantable box, or growing in containers. Both are graded on a three-point scale—1, 1½ or 2—depending on size and number of stems.

A No. 1 is the highest grade and has at least three or four heavy canes or stems and is a minimum of ¾ inch in diameter.

Hybrid tea plants should be at least 18 inches to be rated No. 1. Grades 1½ and 2 have fewer canes and are smaller in diameter.

"Savvy" shoppers take note

Now, the last tip for the "savvy" shopper is to look for the following things in a rose plant:

- Healthy, dark green leaves;
- No insects;
- Moist, smooth wood on the canes;
- A well-shaped plant free of swellings, deformations or discolorations on stems and roots;
- Finally, a sturdy, well-developed root system.

If your new rose plants have these characteristics, they are sure to provide years of beauty if you provide them with some tender, loving care.

All of us at City State Bank enjoy serving you all year.

But at special times like Valentine's Day, we think of all of our friends and customers and all of the ways that we appreciate you and your business.

Drop in for coffee and cookies on Valentine's Day, and let us tell you in person that we're glad to see you.

Happy Valentine's
