Rayburn Sounds Warning Of 'Terrible War Danger'

Enemy Rolling Stock Goes Up in Flames

Enemy rolling stock goes up in flames as B-26 Invader attack bomber pay a low-altitude visit to a North Korean marshalling yard south of Wonsan. Allied pilots blasted enemy supply routes in the Hamhung and Wonsan areas. They reported sectors of heavy Red vehicular movement in attempt to reinforce Communist forces on the central front.

Jittery Albania Hits Italy, Greece Attacks

LONDON, April 9. (AP) — Jittery Albania protested today against asserted violations by air, sea and land of its territories by Italy and Greece.

Accounts of the protest published by the Soviet News Agency Tass coincided with reports from various neighboring countries that the Soviet satellite government on the Adriatic had thwarted a planned uprising by 3,000 anti-Communist Albanians, Turks, Greeks and Yugoslavs against the regime of Red Premier Enver Hoxha.

Tass, however, made no mention of any such plot.

The Russian agency said Albania lodged its protest against Greece with the United Nations secretariat, charging 18 violaions between March 1 and March 28.

At the same time the foreign ministry sent a note to Italy "resolutely protesting" eight flights across its frontier by Italian planes.

YUGOSLAVS CHARGED

Tass reported Sunday night that Albania, in a protest to the Yugoslav government, accused it of nine "frontier provocations," which the Albanians charged were aimed at touching off World War III.

Reports of the attempted uprising varied and the "invasion" itself lacked confirmation from non-Communist Balkan groups.

But, as pieced together from reports of Eastern European diplomats, contacts with diplomatic missions still in Albania, exiled Albanians and broadcasts, this is the story:

Early in the year, 3,000 anti-Communists entered Albania by land and sea and made their way to Tirana, the capital, where they contacted elements hosile to Hoxha. They planned a general uprising and the assassination of Hoxha.

U. S. SAID INVOLVED

In February, a bomb exploded in the Soviet embassy in Tirana. This was to have been the signal for the uprising.

The plot failed because Hoxha's men immediately moved in and arrested many of the "invaders" and other suspects.

An Athens dispatch said five nations — the United States, Great Britain, Yugoslavia, Italy and Greece — were working through emigre Albanians and intelligence agents parachuted into the country in an effort to upset the regime.

Violence Kills Score in State Over Weekend

By The Associated Press

More than a score of persons died violently in Texas over the week end — ten in traffic accidents.

Five persons burned to death, one suffocated, one drowned, four were fatally shot, and one died in a plane crash.

Victims included:

John E. Cantrell, 30, of Lakeview, Tex., was shot early Sunday in a tavern duel at Waco.

Joseph R. Diaz, 33, Randolph Air Force Base sergeant, died at noon Sunday when a private plane crashed near Bulverde, 25 miles north and west of San Antonio.

Melvin Frank Ward, 15, of Garden City, was killed Saturday when a truck hit the bicycle he was riding.

Mrs. Edith Overstreet Blacksmear, 27, of Sherman, died in a traffic accident near Pearsall Saturday. An auto blew a tire and overturned.

Joyce Howard, 16, Devine, Tex., high schol Senior, was killed about midnight Friday in an auto accident between Natalia and Devine.

Curtis M. Willoughby, 41, of Sweetwater, suffocated in bed Saturday when fire broke out in his small residence.

Wildcat Near Portales Hits Pay at 7,525

Flowing oil from a sand stringer of the Permo-Pennsylvanian has been developed in Magnolia Petroleum Co. No. 1 J. B. Brown, wildcat 30 miles south and slightly east of Portales and in Southeast Roosevelt County, N.M.

A drillstem test which lasted three hours was taken in the interval from 8,088-8,142 feet. Gas was at the surface in four and one-half minutes. Mud was shoved to the top in 15 minutes, and oil in 20 minutes. It flowed to pits 40 minute and to tanks for two hours, where it made 112 barrels of 45 gravity oil and no water.

Gas-oil ratio was 1,216-1. Operator circulated out the recovery. Bottom-hole flowing pressure was 1,975 pounds and 15-minute shut-in pressure was 2,595 pounds.

A one-inch bottom hole choke was used during the test.

Operator is now running electric log surveys. Casing will be run and the new discovery completed from its present total depth.

Top of the Permo-Pennsylvanian is at 7,525 feet.

Locaion is 660 feet from north and west lines of section 6,8-834e.

That makes it 18 miles north of production in the Bough - Pennsylvanian field of Northwest Lea County and 20 miles northeast of the Crossroads pool in the same area.

KENT PROJECT

Kewanee Oil Co. is preparing to cement five and one-half inch casing near the bottom at 6,722 feet at its No. 1 Oliver, Northwest Kent County wildcat, and complete that development as a discovery of a new oil field or as a major ex-

Truman Mired In Wide Clash On MacArthur

By JACK BELL

WASHINGTON, April 9. (AP) — President Truman was caught today in a squeeze between home front supporters of Gen. Douglas MacArthur, mostly Republicans, and U. S. Allies who want him to discipline the outspoken general for his latest policy statement.

Capitol Hill friends thought that after a week end of studying the situation, Mr. Truman might act quickly to make known his views on recent MacArthur statements counter to military and State Department policies.

It was certain that any move to shear MacArthur of authority as Supreme Commander in Korea would touch off a storm in Congress.

Most lawmakers carefully avoided predicting the course of Mr. Truman's action, although some speculated privately that a presidential reprimand to the five-star general would be forthcoming.

ACHESON ASSAILED

Senator Knowland (R-Calif.) a persistent critic of administration foreign policy in the Pacific, said it would be wiser to keep MacArthur and get rid of Secretary of State Acheson. Senator Ferguson (R-Mich) advocated the dispatch of a 12-man Congressional Committee —six Democrats and six Republicans—to consult MacArthur and learn his views.

MacArthur stirred the world's capitals when he said last week the critical fight agains Communism is in Asia. He called also for use of Chiang Kai-shek's Nationalist troops on Formosa to open a second front against the Chinese Reds.

He added more fuel to the fire by ascribing to "basic political decisions beyond my control" the release of 120,000 South Korean reservists for farm and other work.

BRITAIN DISAGREES

There were reports that Great Britain may move directly for steps to curb the United Nations commander.

Minister of State Kenneth Younger warned Red China against being "misled by irresponsible statements."

MacArthur's views have some vocal supporters in Congress. But there has been no indication of a change in the present policy of neutralizing Formosa and holding Chiang's army in reserve for a possible Red attempt to invade the island.

Ike To Inspect German Areas

PARIS, April 9. (AP) — General Dwight D. Eisenhower will fly to Germany this afternoon for a four-day inspection of British, French and American troops under his Atlantic Pact Military Command.

It will be the first such trip by Eisenhower since he formally took command of the West European defense forces last week.

Negro Convict Slain In Prison Gun Duel

ANGLETON, April 9. (AP) — A Negro convict was slain today in a gun battle with prison guards at the Retrieve State Prison Farm near here.

He was Cleo Merrit, 26, under 32 year Freestone County sentence for assault to murder.

O. B. Ellis, prison general manager, said the shoting took place after Merritt slugged and disarmed a guard in an escape attempt.

A posse of guards ran Merritt down in the Brazos River bottoms about two miles away.

Spies Advance Soviet Atomic Aim 18 Months

WASHINGTON, April 9. (AP) — Russia's atomic weapons program was shoved ahead at least 18 months by a trio of confessed spies — one an American — and an H-bomb scientist who reportedly fled to the Soviet Union.

That is the Senate-House Atomic Energy Committee's evaluaion of espionage damage by the four.

To one of them, convicted British atomic spy Klaus Fuchs, the committee assigned the kingpin role of deadliest betrayer in all history.

A committee report issued Sunday night said, however, that this country's atomic espionage defenses apparently have not been pierced since mid 1946. British security has been breached since then as well as before, the committee added.

In New York, U. S. Attorney Irving Saypol said his office is starting a whole new series of arrests for espionage. On a radio program, Saypol said "we have gotten now sufficient information so that we are embarking on a series of prosecutions to stamp out this vice."

It was learned, meanwhile, that FBI Chief J. Edgar Hoover has suggested to Congress that his agency not be called upon to investigate persons in the atomic field who have "no access o really restricted material as such."

At a recent meeting behind closed doors with a Senate Appropriations Subcommittee, Hoover called the Atomic Energy Commission one of the FBI's "greatest problems." He said the FBI is making 57,750 investigations for the commission this year, and added that the total undoubtedly will increase next year.

He asked that the FBI be called in only after preliminary inquiry has disclosed some indications of disloyalty.

Behind Fuchs as the No. 1 atomic spy, the Atomic Energy Committee rated Italian Bruno Fontecorvo, who last fall disappeared behind Russia's iron curtain. He was on vacation in Europe from his key post at a top secret British Atomic Research Staion.

"His more recent studies," the committee said, "included work upon tritium, a substance intimately related to the hydrogen bomb."

The other two who helped advance Russia's atomic program 18 months or more were listed by the committee as Dr. Allan Nunn May, British scientists who was convicted in the Canadian spy expose of 1946, and American-born David Greenglass, sentenced in New York Friday to 15 years in jail.

Greenglass confessed passing atomic data to the Reds while he was a World War II Army Sergeant assigned to the atomic bomb project at Los Alamos, N. M.

He helped convict his sister, Mrs. Ethel Rosenberg, and her husband, Julius, last week were sentened to die. Saypol, who prosecuted the Rosenbergs, said the new case he mentioned involved persons connected with them.

Peron's Group Eye La Prensa

BUENOS AIRES, April 9. (AP) — Congressmen of President Juan D. Peron's majority Peronista Party met this afternoon to set a date for a session to hear a report from the Congressional committee investigating the muzzled independent newspaper La Prensa.

Reports circulated that Peron may call the special session of Congress later in the week.

The committee, which seized the newspaper March 20 under a mandate from Congress, has been investigating the publication's business affairs and its relationships with foreign companies.

Small Gain in Theft Of Insurance Office

Thieves who entered the offices of the American National Life Insurance Co., at 1004 Twenty-seventh Street, made a water haul last night, according to the police, who investigated the case.

Entrance was through an unlocked read windows. The large safe in the office was open and nothing in it, said the police. The burglars did take a cigar box which contained some receipts but nothing else was missed, officials told the officers.

Mild Weather Remains

Warm sunshine followed Snyders brief cloudy spell, with a maximum of 75 degrees recorded here yesterday. The minimum was a mild 40 degrees, with 49 degrees recorded at 7:30 this morning.

'Blood Boy' Gets Hungry

HOUSTON, April 9. (AP) —Wayne Gideon Sunday acted like any seven-year-old boy who was hungry—he was a little cross.

But Wayne hasn't been like any other seven-year-old for weeks. He's been the interest of sympathtic thousands throughout the nation.

And for their benefit Wayne, who suffers from a rare blood disease that prevents normal clotting, hasn't bled since surgeons operated and closed the tiny throat wound Saturday.

Wayne fell March 19 with a stick in his mouth and punctured his throat.

Attempted Jail Break Stopped Before Escape

A second escape attempt from the Scurry County jail within two weeks was thwarted about 8:30 o'clock last night by Lloyd Merritt, sheriff, and Vernie Head, his chief deputy.

Head was visiting Merritt, who lives on the ground floor of the jail building, when they heard loud singing and some unusual noises emanating from the second floor where the men prisoners are confined.

WEST WALL

Merritt and Head quietly started an investigation and found three men, who had been placed in the run around, had removed several bricks from the decaying one-foot wall on the west side, near the spot where five men made a successful break on the night of March 27. The trio was confined in the bull pen under two locks.

"If the men had had another hour, they would have made a hole big enough for them to crawl through," Merritt said.

Apparently the men used a fingernail file and a spoon to dig through the mortar holding the bricks together, but hid the implements, for a shakedown of the entire jail failed to disclose the tools which they used, the sheriff said.

There were about 45 men in the county jail last night, including Duwell Turner, 27, and Fred Moore, 30, who were recaptured early last week after their successful break from the 50-year-old prison. The pair was in the bullpen when the frustrated escape was discovered last night.

NEED IS GREAT

"We need a new county jail fast, if we, as custodians, are to keep prisoners confined, especially those charged with major offenses," Merritt said today.

The bullpen, which contains only two cells, houses those charged with felonies. It has accommodations for only 10 persons but is always crowded, the sheriff stated.

One of the men in the escape attempt last night is wanted at San Angelo and other places, and is an ex-convict with a long record.

The men were half-way through the wall whe caught.

Horace Edway Lyday, 21, charged with robbery by assault; Virgil Muse, 29, also held on robbery charges, and Charles Gardner, 19, robbery by assault, who fled with Turner and Moore, are still at large.

China Reds Rip Dam, But Fail To Halt Allies

TOKYO, April 9. (AP) — Chinese Communists opened the floodgates of the massive Hwachon Reservoir Dam in Central Korea today and sent thousands of tons of water rushing down on Allied-held ground.

But the Pukhan River rose no more than four and one-half feet.

By Monday night the water level was receding and there was no danger to United Nations forces.

Nearly all Allied elements had moved above the expected high-water mark.

A U. S. Eighth Army engineer said:

"There will be no real strain. They can't do any worse without blowing the dam and that's a dam that will take a hell of a lot of blowing."

The Hwachon Reservoir, about seven miles north of the 38th parallel, is the main point of the stoutest Red resistance in North Korea in several weeks. In bitter fighting south of the reservoir Monday the Reds slowed or stopped Allied advances at several points.

The Reds may have had two purposes in loosing their man-made flood:

First, to cut the Chunchon-Hwachon highway, a main allied supply artery.

Second, to pave the way for a counter-offensive down the Chunchon-Wonju highway.

Although fighting near the reservoir has been severe, AP Correspondent Leif Erickson at U. S. Eighth Army Headquarters said there was no indication the Reds had started a mass drive.

An estimated Communist regiment was sighted Sunday afternoon between the river and advancing allied soldiers. Aerial photographs clearly showed the floodgates closed then.

The Chinese apparently opened the floodgates and pulled out sometime after dark.

U. N. troops of four nations are deployed around Chunchon. Some forward elements might be temporarily cut off by the rising water. The high water may extend as far down the Pukhan River as Seoul, some 55 air miles southwest.

Chorwon, an important Red base 17 miles north of 38 on the Western Front, was brought under American artillery fire Monday. Only light to moderate ground contact was reported from this sector.

There was little fighting on other points.

The U. S. Fifth Air Force roared out in strength Monday with 210 sorties reported by noon. The warplanes destroyed or damaged 20 Communist vehicles in rocket or strafing attacks.

Light bombers also attacked railroad yards, Communist-occupied buildings, and a Red airfield.

United Nations ships continued to pound transport centers on the East and West Coasts.

Sing, Brother, Sing!

DENISON, April 9. (AP)—When the fire destroyed the Mount Pleasant Baptist Church here last week, the wind carried a page from one of the charred song books into the lawn of W. D. Horner, Sr.

Horner, who lives more than nine blocks from the church, is the choir director.

Fights for 'Mike'

Dr. Julius Katz-Suchy, above, Poland's permanent representative to the United Nations, struggled with former Assistant Secretary of State Adolf A. Berle, Jr., during a heated exchange at a meeting of the American Academy of Political and Social Science in Philadelphia. No blows were struck. Katz-Suchy was leaving after his remarks were booed by an audience of 300 persons in evening clothes. He rushed back to the microphone when Berle accused him of having insulted U. S. soldiers in Korea. The tussle for the microphone followed as both tried to speak.

U. S., Britain Open Talks On Iran Oil Crisis

WASHINGTON, April 9. (AP)—The United States and Britain open today a series of talks designed to produce a common Anglo-American policy for meeting the Iranian oil crisis.

Assistant Secretary of State George McGhee is expected to urge the Briish government, through Ambassador Sir Oliver Franks, to accept the nationalization of Iranian oil and concentrate on working out a plan for operating the industry under Iranian control.

Britain, however, is understood to oppose the nationalization move approved by the Iranian Majlis (Parliament) and reportedly is anxious to block it.

VIEWS SPLIT

This apparent division of views probably will be the major issue in the talks at the State Department.

The Iranian fields produce about 500,000 barrels of refined oil a day through the world's largest refinery at Abadan, and an additional 150,000 barrels of crude oil. The fields are controlled by the Anglo-Iranian Oil Company. This company is dominated by the British government and is a vital source of oil for Britain's navy.

The Iranian wells together with those in nearby Arab countries also supply most of the oil for Western Europe.

Texan Explodes Bombshell By Grave Report

Russians 'Building Up Concentrations Here, There, Everywhere'

WASHINGTON, April 9. (AP) — Speaker Rayburn said today "we are in terrible danger" because the Russians are building up concentrations "here and there and everywhere."

Rayburn, Texas Democrat, told White House reporters following a conference with President Truman, that Russians are building up troop concentrations "in lots of places."

He added "Just where this is being done is a little beyond my field, but I have it on good authority, the best authority."

Last week, Rayburn came out of a White House conference and said not all the troops gathering in Manchuria were Chinese Communists.

Rayburn also said then that the United States was threatened by "a terrible danger" which might bring on another World War.

Last week's statements were made on the House floor as it began debate on the controversial Draft-Universal Military Training Bill.

Rayburn's remarks created something of a bombshell at the time because the inference was widely drawn that he meant the Russians were concentrating trops in Manchuria with an apparent intention of intervening directly in the Korean fighting.

At the White House today, a reporter told Rayburn some people seemed to think he made last week's statement in an effort simply to pass the Draft-UMT bill.

Rayburn replied "That's a mighty low estimate to put on something said. That statement was meant in the best interest of the United States."

He continued:

"I know we are in terrible danger because the Russians are concentrating here and there and everywhere."

He said it was "just plain foolishness" for the American people not to be aware of the danger.

MILITARY BRIEFING

Rayburn was at the White House for President Truman's regular Monday morning conference with Democratic Congressional leaders.

They were given a military briefing by Gen. Omar Bradley, chairman of the Joint Chiefs of Staff.

Rayburn was asked if they got any new picture this morning of Russian concentrations of troops. He said no, they did not, but got

Transport Swerves Into Building When Woman Falls in Truck's Path

Mrs. William Clair Sheldon, who lives in the Bootheland addition escaped serious injury or death this morning because of the alertness of H. B. Ryan, Jr., 28, of 1709 Twenty-ninth Street, who swerved the gasoline transport truck he was driving ino a business esablishmen to avoid hitting her.

Ryan said Mrs. Sheldon walked to the edge of the pavement in the 1600 block of Avenue S, apparently preparing to cross the highway, when she suddenly fell across the pavement in front of the truck.

Several witnesses said the woman apparently was unaware of the approaching truck until it was very close, then fainted when she saw it.

"I did the only thing I could to miss her," Ryan told Jack Fillyaw, city policeman, "and I'm glad there was no one standing by the highway where I swerved the truck."

The truck, a 1950 GMC, struck the front of a second-hand appliance sor o peeraetdilbyesGG..W. ance store operated by G. W. Giles. Slight damage was done to the tent which housed the store, and two refrigerators, an electric stove, and a sewing machine were damaged.

The truck was slightly damaged. The accident occurred about 9:30 o'clock. Mrs. Sheldon was taken to the Snyder Hospital by a Bolger-Barnes ambulance.

Commissioners To Study Sites For Proposed Cou nty Hospital

The Commissioners court this morning agreed to spend part of the afternoon in considering a site for the county hospital and health unit to be built with joint county and federal funds.

The commissioners said they would seek a definite offer from a property owner who had tentatively promised a 15-acre site to the county for the project. The owner requested his name not be made public because the offer was not final and was based on conditions.

TWO OFFERS

Two other property owners, Joe York and M. L. Andress, have also offered to give the county sites for the hospital.

Edgar Taylor, county judge, read a short letter from the state hospital board in the meeting, which stated that an inspector would be sent to view the site when selected.

The judge read another letter from Dr. Dean F. Winn, director of the hospital survey and construction division of the state health board, in which he stated that the board recently estimated the county needed 57-bed facilities. The estimate was based on two and one-half beds per thousand population.

The letter further stated the board had agreed to accept facilities of 20 beds from the present hospial, leaving the county in need of a 37-bed county hospital. This, the letter said, would make the hospital exactly the size of the one at Dumas visited by the commissioners last week.

The commissioners were requested to present the board with three copies of preliminary plans for the hospital. No definite action was taken in the meeting.

Eight citizens owning property near Dunn requested the court to change plans for the paving of a road immediately north of the town, and instead to pave a section line one mile south of this road and just south of the town. Boh roads extend eastward toward U. S. Highway No. 84.

John Schatell, spokesman for the group, said they believed the plans should be changed because more traffic traveled the south road. They asked the commissioners it the state would be likely to change its plans for state engineering and maintenance if the paving were altered.

Judge Taylor, said the court had asked state highway department engineers this question once before and that the officials said they would not change their plans.

The group then requested approval of the court for going to Abilene to talk with officials there, and the court granted the request by unanimous commog consent. The commissioners, however, expressed their opinion that such a trip would be useless as far as effecting a change was concerned.

The other group members were J. L. Denson, O. I. Griffin, E. L. Merket, Edgar Wemken, and G. W. Wemken.

The court took no action this morning on the state's offer to engineer and maintain 80.2 miles of the 157-mile project.

Weather

WEST TEXAS — Partly cloudy this afternoon, tonight and Tuesday. Not much change in temperature.

EAST TEXAS — Partly cloudy this afternoon, tonight and Tuesday. Not much change in temperature.

Summer Changeovege Over Headquarters

Pictured above is Auston Bratton's Cosden service station on the East Highway. The station is now featuring summer change over for lubrication, and Bratton recommends a wax and polish job before the summer sun can take its toll on car finishes.—(Joe Dave Scott photograph).

Bad Get Worse, Good Better- - That's Way Civilization Goes

By RELMAN MORIN

NEW YORK, April 9. (AP) — "In any crisis in civilization, the bad get worse, and the good get better."

This tendency, said the Rt. Rev. Monsignor Fulton J. Sheen, is being aggravated today by the emphasis placed on acts of evil and failure to report evidences of virtue. Monsignor Sheen is national director of the Pontifical Mission Aid Societies in the United States. His writings have received wide circulation throughout the world.

He said in an interview he was not certain that standards of morality in the United States have lowered, despite the avalanche of recent reports of everything from the basketball "fix" to evidences of corruption in government.

COMPARATIVELY SMALL

He said he thought many of the disclosures of the past weeks may be small things, comparatively.

"Maybe we are straining at gnats and easily swallowing camels. How about the people who have sold out to Russia, who betrayed this country on a global basis?

"When immorality occurs on an international level, it is sure to be reflected on other levels. There have been much higher stakes, in short, than the results of a basketball game."

If a crisis in morals has appeared, Monsignor Sheen continued, American schools and newspapers have been large contributing factors.

Education, he said, has denied any responsibility for the teaching or morals and ethics. He said the schools should reaffirm this responsibility.

ADVICE TO PRESS

"The press could be, but is not, a powerful influence in presenting the positive standards of morality. It prints mainly the bad, seldom the good. To get into the papers, these days, all you have to do is break one of the ten commandments.

To a remark that newspapers do not initiate news — that they report what has already happened —the Catholic churchman replied:

"But by selection, the newspapers give a distorted picture of life in America.

"In a family of ten, nine people may go to mass every morning and live every day as good, law-abiding citizens. But if the tenth member robs a service station, he is the one in that family you hear about in the papers."

As an antidote to the disclosures of corruption, Monsignor Sheen recommended:

"Report the good. People are encouraged by examples of good. Let every newspaper publish, on its front page every day, just one story of virtue. Write up one average family, struggling with its problems and troubles, but living according to the moral law."

Long Career In Business Here For Abe Rogers

Near the top in length of service as a businessman on the square is H. F. (Abe) Rogers, co-owner of Rogers Men's Wear on the east side of the square.

Rogers, a native of Mississippi, moved to Merkel in 1912. In 1916 he came to Snyder and bought half interest in the Buckhorn Tailors which was in the Manhattan Hotel building. Owners at that time were Jess and John Eoff.

The deal was closed for $250, and later in the same year he bought the remaining half interest for another $250. The store was a tailor shop, clothing and cleaning establishment.

"That first year we did about a $3,000 gross business," Rogers said, "and last year Rogers Men's Wear grossed over $150,000. Times have changed in Snyder."

At that time Rogers was the only bench tailor in Snyder. He stopped hand-tailoring clothes in 1930, he said. "To my knowledge, I'm the only bench tailor ever to have a shop in Snyder," he said.

In 1937 the store moved into its present location. It still had cleaning along with the clothing in those days. In 1948 the two business separated and the dry cleaning end of it was moved out on the East Highway. In September of that year it was sold and renamed Lockhart Cleaners.

Rogers has been a great man for partners in business with him. Since coming here he has had six—George Bargmann, M. Bantau, Vic Chambers, Joe Graham, B. H. Moffett, and his son, Jay Rogers. Jay Rogers bought an interest in the store in 1946 and is still a partner.

The store now is strictly a men's store, carrying a complete line of men's clothing.

Tech President Talks to Board

Dr. D. M. Wiggins, president of Texas Technological College, and Dr. John S. Carroll, head of the education department there, met with the schol board here Friday to make recommendations for improvement of the school.

The discussion was devoted primarily to problems faced by the schools because of the rapid increase in enrollment. Dr. Wiggins spoke to the group on the responsibilities of educational leadership.

Dr. Wiggins also agreed to draw up a model curricular program, which will be submitted to the board for consideration.

Dr. Wiggins was introduced by M. E. Stanfield, superintendent of schools. Stanfield stated that the school system here had one of the most rapid rates of growth of any in West Texas.

Members of the school board who attended the meeting were Lee Stinson, president of the board of education; Wayne Boren, Bob Dupree, and E. J. Mills. T. D. Wiman, high schol principal, and Arthur Maberry of Austin, oil industry educational representative, also attended.

Dallas, Tex., is the largest American city not on navigable water. The 2,000,000 population of Hong Kong includes 147,000 fishermen who live on boats.

Morrison Plea Stirs Lots Of British Debate

By DeWITT MacKENZIE
AP Foreign Affairs Analyst

Britain's new foreign secretary, Herbert Morrison, during a speech in London supported the thesis that "international cooperation can flourish despite differences of political systems."

As a generality that undoubtedly is true, but the question immediately arised whether it can be stretched to cover the outsider of the ideologies — Communism. Is there any possibility of cooperation between Communism and Democracy?

That's a mighty important question in these dangerous times of political turmoil. Upon the answer must depend our attitude towards the Red ism.

The answer is, I think, that there may be cooperation on some lines between Communist states and non-Communist states. There can be no real cooperation between Communism and any other idology within the borders of one nation.

SOME COOPERATION

As to partial cooperation between Communist and non-Communist states, we had an excellent example in the alliance during the last World War. However, that was a matter of life and death—and danger makes strange bed fellows. No such partnership is likely among Red and non Red elements within one nation.

Why? Because if a Communist party gets a foothold in a largely Democratic country, the Reds give their allegiance, not to their national government but to Moscow. This is so true that when a serious difference arises between Red Russia and a Democracy the Communist citizens of the Democracy will side with the Soviet Union. Indeed, this fact provides Moscow with one of its most useful weapons in waging its world revolution for the spread of Communist.

SUBJECT OF MOSCOW

Every non-Russian Communist is a subject first of Moscow, and after that is a citizen of his own country.

One only has to look at Europe to see numerous examples of this truth. Take countries like Italy and France, which have large Communist parties. The Reds are in constant conflict with the non-Communist governments. The Communist leaders are indoctrinated in Moscow. They take their orders from Moscow. And they frequently are called to Moscow to get fresh orders or, where they have failed in their task, to receive chastisement.

We had an unforgettable (and perhaps unforgivable) example of trying to force Nationalism to mix with Communism in China during the late World War. The scheme was a dismal failure and the outcome, as was to be expected, was that the Communists finally took over. In such fashion did Moscow become the overlord of a nation of 500 millions.

Number of Farms In Texas Decreasing

WASHINGTON, April 9. (AP)—The number of farms in Texas is decreasing, the Census Bureau reports.

The bureau said Sunday night Texas counted 331,494 farms in 1950, compared to 384,977 in 1945 and 418,002 in 1940.

The bureau said three major movements appeared to have contributed: 1. A trend toward combining small farms into large ones; 2. A trend away from production of food for home use or sale, and 3. A trend away from tenant farming.

Typographical Group Names McKnight Head

DALLAS, April 9. (AP) — M. M. McKnight of Fort Worth is the new president of the North Texas Conference of Typographical Unions.

Other officers elected Sunday included Miss Bessie Brackett of Lubbock, vice-president, and Lloyd Terry, Wichita Falls, re-elected secretary-treasurer.

Tipsy Driving Charge Nets John Agar Again

LOS ANGELES, April 9. (AP) — Actor John Agar, 30, ex-husband of Shirley Temple, has a date in court, his third in a little more than a year on drunk driving arrests.

The actor was booked on suspicion of drunk driving Sunday night in San Fernando Valley and released on $150 bail pending his arraignment.

Farm Vaccines In Stock Now In Snyder Drug

At this time of year farmers must use extra precautions to prevent disease of aminals.

These precautions are facilitated with the use of proper veterinary supplies, according to R. E. Patterson, owner of Snyder Drugs.

Snyder drugs has recently received a shipment of veterinary supplies making their stock complete, Patterson said.

The vaccines that the drug store carries are stored at the proper temperature in refrigerators.

Specifically, the store has vaccines for Blackleg, Malignant Edema and Hemorrhagic which are common among farm animals. They also have a good supply of veterinary penicillin, Patterson said.

Anti-toxins, chicken vaccines and cholera virus and vaccines are in stock at present, Patterson said. The store's line of veterinary instrument is one of the most complete to be found, Patterson added.

For those planning yards this year the store has plenty of flower seeds and fertilizers. Fertilizers can be bought in sacks ranging from 1 to 100 pounds. There are also weed killers and DDT on sale at Snyder Drugs, Patterson said.

Rites in Camp Springs For J. D. Boone, Scurry Resident Many Years

Funeral services for J. D. Boone, 89, of Camp Springs, were held at the First Methodist Church there yesterday afternoon. The Rev. W. W. Adcock officiated in the absence of the Rev. Carl Sifford.

Pallbearers were J. O. Hudnall, Bruce McCollum of Abilene, William McCollum of Wichita Falls, Nored Boone of Haskell, Leon Guinn of Snyder, Wallace Boone of Weinert, Tex., Girard Boone of Fort Worth and Buford Boone of Austin.

Burial was in the Camp Springs cemetery.

CAA Sifts Air Crash; Find 10 of 22 Bodies

SANTA BARBARA, Calif., April 9. (AP) — Civil Aeronautics Authorities are investigating the crash of a Southwest Airways plane which flung the bodies of 22 passengers and crewmen across a mountainside near here Friday night.

Only 10 of the bodies are believed identifiable. The rest were torn and burned beyond recognition in the crash and resultant fire. A convoy of trucks brought the bodies to a mortuary here Sunday night.

Paint Stock For Clean-up, Fix-up Week

G. C. Spence, manager of Forrest Builders Supplies, is shown here with the store's large stock of paint and paint supplies as he prepares for next week's "Clean-up, Fix-up Week." Included with this large stock of supplies is a complete line of wallpaper.—(Joe Dave Scott photograph).

Legionnaires Name Officers In District 19

Tom Jay Goss II of Colorado City was elected vice-commander of 19th district of the Texas Department of the American Legion, at the district convention held yesterday at Lubbock.

Goss who was commander of zone No. 7, which includes Scurry County, was a candidate for district commander and backed by Snyder Legionnaires.

Bob Kirk, Littlefield Lawyer, was named district commander.

Hilton Lambert, who headed the Snyder delegation, was placed in nomination for endorsement for division commander, but withdrew in favor of Burton Hackney of Brownfield.

James Wilson of Floydada was endorsed for the next department commander.

The district convention also voted to ask for the continuance of the Veterans Affairs Committee which is being doomed by he state legislature.

The 1951 Legion Junior Baseball Tournament will be held at Lubbock in late August.

An aerial membership drive is being sponsored by the department and all Legion posts are requested to sign up as many members as possible before April 1, which membership cards will be picked up by plane at Lubbock, and other points and taken to Austin.

Brownfield was selected for the next district meeting to be held this fall.

Snyder Legionnaires who attended beside Lambert were George Killam, Jr., Claude Ingram and C. W. Bradley.

Fire Razes Warehouse

SAN ANTONIO, April 9. (AP) — Fire Sunday destroyed a warehouse of the general supply company and damage was estimated at $50,000.

Damage Suit Leads Docket

The district court session for Scurry County opened today with the case of Authur Townsend vs. Midwest Electric Co - operative leading off the docket.

A jury was selected and when the court recessed at noon defense attorneys were still questioning the first witness, Mrs. Arthur Townsend.

In the petition the plaintiff charges that damages amounting to $2,969 were sustained during the months of May, June, and September in 1948 due to electric power failures without prior warning. Townsend's petition states the damages were in connection with a hatchery he operated at that time.

The defendant alleges that the negligence was on the part of the plaintiff, because of his knowledge of existing power conditions and the likelihood of power failures. The co-operative alleges that Townsend was negligent in not taking steps to prevent loss in case of electric power failure.

Attorneys for the plaintiff are Dick Webb and Carl Anderson. Attorneys for the defendant are Joe Setphenson of Dallas and Howard Davis of Lubbock.

Two Driving Cases Are Heard in County Court

Final arguments were presented shortly before noon in the county court jury trial of Clyde D. Bronson, 35-year-old Snyder truck driver, accused of driving while intoxicated.

Bronson was charged on Feb. 12 with driving an automobile while under the influence of intoxicating liquor on Feb. 10. He testified in court that he was driving a car belonging to his brother, Roy Bronson, at the time of his arrest, but he told the court he had not been drinking.

Lloyd Merritt, sheriff, and Charles Younghlood, deputy sheriff, testified the defendant was intoxicated at the time of the arrest.

The court Saturday accepted a plea of guilty by Alto Lee Barnes, of Lamesa, to a charge of driving while under the influence of narcotics. Charged by Bill Zimmerman, highway patrolman, Barnes was assessed a fine of $123.50 and sentenced to five days in the county jail.

Measles Leads List Of Diseases in County

There were seven reported cases of measles in Scurry County last week, according to the weekly report of the city-county health unit.

It was pointed out that measles is a seasonable disease for his time of the year.

Other reported cases included diphtheria, one; gonorrhea, five; influenza, four; undulant fever, two; pneumonia, two; and whooping cough, five.

The first Canation National Park Banff, was established with 2,564 square miles in 1885.

Rayburn

(Continued from Page 1)

primarily a picture of movements in Korea.

Rayburn said the controversy over Gen. Douglas MacArthur came up "only incidentally" at the White House conference.

When asked, he said he did not remember who brought it up.

"Everywhere two people assemble they talk about MacArthur," he said.

He would not comment when a reporter asked if he thought the latest MacArthur letter, to Republican Floor Leader Martin might have the effect of defeating the manpower draft bill.

The House is due to get down to voting this week on the bill. Several moves strongly opposed by the administration are under way.

The House Armed Services Committee arranged today a special session to consider an amendment designed to head off opposition to the UMT section which would allow Congress to draft the military training program after the manpower needs of the present emergency military buildup have been met.

Also the committee will review Selective Service's plan to permit college students to obtain draft deferments by passing aptitude tests. Rep. Kilday (D-Tex) has said he would try to knock it out by amending the draft bill.

The House Republican Policy Committee recently endorsed a move to add a troops-to-Europe limitation to the draft bill. Another Republican drive, aims at knocking out the UMT proposal and passing a straight draft extension. The Administration contends UMT is essential.

Man Gives Self Up As Fugitive from Alabama

Clarence H. Denton, 31, walked into police headquarters here about 10 o'clock last night and said:

"I want to surrender as an escaped prisoner from the Alabama State Prison."

Questioned by officers, the man said he fled from the prison about a month ago, but was tired of dodging the law and wanted to give himself up to complete his two-year sentence for burglary in Alabama.

The local police have notified the Alabama authorities.

County Names Two To Airport Zoning Board

Creation of an airport zoning board for Winston Field was begun in the commissioners court meeting this morning when two men were appointed to represent the county.

The commissioners appointed Horace Williamson and J. J. Dyer, both private pilots, as the boards first members. The city council is required to appoint two other men to represent the city in zoning matters, and the four members are to elect a fifth member by majority vote to act as chairman of the board.

The board will set zoning ordinances relative to runway approaches at the airport in accordance with provisions made by the Civil Aeronautics Administration.

County Court Charges Against Three Drivers

Three persons, charged with driving while intoxicated, were arrested over the week end by the police department.

They were Buster F. Ard, 32, apprehended at Avenue Q and Twenty-sixth Street; Delbert Cleo Martin, 33, arrested at Avenue U and Twenty-sixth Street, and Billy B. Breckenridge, 37, in the 1700 block of Twenty-fifth Street.

Charges of driving while intoxicated were filed against the trio by Bill Zimmerman, highway patrolman, in county court.

Canadian officials believe that Canada, then New France, took the first census of modern times in 1666.

4,300 Abandon Flooded Homes In Minnesota

By The Associated Press

Some 4,300 persons fled their flood-struck homes in a Minnesota town by bus as the swollen Minnesota River swamped streets.

With temperatures down near freezing, all but 500 North Mankato, Minn., residents left their homes under orders of local officials. Most were cared for in Mankato, south of the suburb.

Meanwhile, the spring thaw sent the Red River rising. A flood warning was posted at Fargo, N. D., and Moorhead, Minn., lying on either side of the river. The river is expected to crest at 26 or 27 feet today.

Elsewhere in Minnesoa, the community of Marshall counted its losses as the Redwood River ebbed. Damages were estimated at $1 million.

In Alabama, Iowa and South Dakota, flooded rivers were subsiding.

At New Ylm, 30 miles upstream, the river level dropped some Sunday night giving rise to the hope that the Minnesota would crest at Mankato today.

In Alabama, disaster relief workers still aided victims of the rampaging Tombigbee River which had marooned an estimated 1,035 lowland residents. The river dropped about 14 inches Sunday from its maximum flood stage.

The Red Cross said it expected to continue bringing food to residents near Demopolis by boat for another week.

In South Dakota, the Big Sioux River, fell slowly and steadily after forcing 1,500 from their homes in Sioux Falls. The peak flood stage was reached late Friday.

In Iowa, the Little Sioux and Cedar Rivers were reported falling Sunday.

A band of cloudy weather stretched from east sections of the Dakotas, Nebraska and Kansas through the Great Lakes region and Ohio Valley to the Atlantic States Monday.

Elsewhere in the country, fair weather was in prospect.

Prices Mixed On Stock Mart

NEW YORK, April 9. (AP) — Trading slowed to a quiet pace on the stock market today after a fairly active opening. Prices remained mixed wih changes continuing in a narrow range.

Consolidated Coppermines was a star performer. A block of 10,000 shares changed hands at the opening at an advance of ⅛ and immediately thereafter sales were made at 10¼, up ¼.

LIVESTOCK

FORT WORTH, April 9. (AP) — Cattle 1,800; calves 700; steady; good fed steers and yearlings $30-36; plain and medium $28-32; fat cows $28-28.50; good and choice fat calves $32.50-38; common to medium $26-32.00; stocker yearlings $30-43; stocker cows $23-29.

Hogs 1,800; butcher hogs 50-75 higher; sows 50 higher; feeder pigs steady; good and choice 180-185 pound hogs $20-21.25; mixed medium and good grades $19-21; sows $15-19; feeer pigs $18-19.

Sheep 1,800; milk-fed lambs 50 cents to $1 higher, other sheep and lambs steady; good and choice milk-fed lambs $20-21; wooled club lambs topped at 40; shorn lambs $28-30.50; slaughter ewes $12-17.

COTTON

NEW YORK, April 9. (AP) — Cotton futures at noon were unchanged to $1.80 a bale higher than the previous close. May 45.39, July 44.72 and Oct. 39.52.

Oil News

(Continued from page 1)

tender to the northwest side of the Salt Creek field Pennsylvanian lime field.

The prospector entered the Pennsylvanian reef at 6,380 feet, to give it a datum of minus 4,251 feet on that marker. It has shown for production all the way down-track that point to the present total depth.

All sections from 6,380-6,722 feet have shown some free oil and no water has been developed. Interested observers expect the prospect to be finished as a flowing oil well.

It is 660 feet from south and east lines of the southwest quarter of section 11, block 1, H&GN survey. That makes it one and one-half miles north of the nearest completed oil well from the Pennsylvanian lime reef on the northwest side of the Salt Creek field.

The new oil well is 12 miles northwest of Clairemont.

SECOND PAY

Magnolia Petroleum Co. No. 1 Tom Peay, Central - North Andrews County wildcat, has flowed oil from its second pay. The project is now taking a drillstem test on an extra porous and highly oil-saturated lime section just below the zone which flowed the petroleum.

The wildcat was drillstem tested 9,268-9,308 feet for four hours and 33 minutes. A ¾-inch bottom has about 180 people per square opening were used on the drill pipe.

Gas surfaced in 16 minutes. Oil started flowing in two hours and 15 minutes. It was run to the pits for 18 minutes and was then flowed to tanks for two hours.

No gauge was taken on the flow during the first 60 minutes. During the last hour of the flowing, the well tanked 16.2 barrels of clean 38-gravity pipe line oil. There was no water. Gas-oil ratio was 360-1.

Operator then cored at 9,308-29 feet. Recovery was 21 feet of Wolfcamp lime. The top four feet was porous and oil-saturated.

The bottom 17 feet of the core were very porous and highly oil-saturated. There were no signs of water. Operator is now taking a drillstem test on the interval which was covered on the last core.

This prospector had developed free oil in a drillstem test in the Wolfcamp at 9,225-51 feet. It did not flow from that zone, but the section had good gas and developed 1,710 feet of free oil and 180 feet of oil and gas cut drilling mud during a three-hour and nine-minute test.

The development had previously flowed 28.87 barrels of oil in one hour and 15 minutes in a drillstem test in a higher section of the Permian lime at 8,170-8,200 feet.

Age of that section has not been officially established. Some observers think it is Wichita-Albany.

Location is 1,736 feet from east and 579 feet from south lines of section 6, league 314, Gaines County Schol Land survey. That makes it 12 miles north of Andrews and three-quarters of a mile northwest of Florey.

The prospector was originally started to go to 14,000 feet to explore the Ellenburger.

MITCHELL TESTS

S. F. Hurlbut of Corpus Christi and associates have staked two 8,500-foot wildcats for immediate drilling in Mitchell County.

In Central - East Mitchell, Hurlbut and Flour-Bluff Oil Corp. spotted their No. 1 W. H. Riden.

Location is 660 feet from north and west lines of section 63, block 25, T&P survey. It is eight miles south of Loraine.

About 13 miles southwest of No. 1 Riden, Hurlbut and others staked location for the No. 1 W. E. H. Winn, guardian of the estate of Francis A. Winn. That puts it in the south central part of the county.

Drillsite is 720 feet from north and 683 feet from east lines of E. C. Bartell survey No. 2, and 15 miles south of Colorado City.

Rotary tools will be used to drill both the wildcats. Projected depth is calculated to take the explorers to the Ellenburger.

WINSTON WELL

V. A. Brill of Houston No. 1 Harrie Winston, South - Central Scurry County wildcat, is reported drilling in black shale below 6,091 feet. Top of the Wolfcamp in the well has been called at 4,215 feet. Location is five miles south of the Kelley-Snyder field and in section 7, block 1, J. P. Smith survey.

CONNELL

Kewanee Oil & Gas Co. No. 1-E Will Connell, Southwest Kent County wildcat, is at total depth of 7,325 feet and is completing a drillstem test on the interval from 7,309-325 feet.

With tool open 40 minutes, a good blow of air surfaced immediately. Gas came to the surface in seven minutes and oil in 29 minutes.

The drillsite is 16 miles southwest of Clairemont and in section 3, block 5, H&GN survey.

BORDEN VENTURE

Hunt No. 1 Gray, wildcat three and three-quarters miles northwest of the Canning - Wolfcamp field in Borden County, is drilling below 7,750 feet in Pennsylvanian lime and shale.

On a previous drillstem test at 7,710-733 feet, gas surfaced in 52 minutes and mud in 58 minutes. Tester was open one hour. Recovery was 7,733 feet of salty sulphur water with no shows of oil or gas. Open flowing bottom hole pressure was 625-1,375 feet. Shut - in pressue after 15 minutes was 3,250 pounds.

Location is in the southeast corner of section 224, block 97, H&TC survey and about 11 and one-third miles southeast of Gail. It is to drill to 9,000 feet to test the Ellenburger.

IN NOLAN

In Northwest Nolan County, Sun Oil Co. No. 1 E. A. Cosstephens is drilling in shale and lime below 5,880 feet. It is located 660 feet from north and 467 feet from west lines of section 75, block 24, T&P survey.

Sun No. 1 Ruth Harp, wildcat in Central Nolan County, is drilling below 4,870 feet in shale and lime. It is 10 miles southeast of Sweetwater and in section 36, block X, T&P survey.

NO 1 McKNIGHT

Vickers Drilling Co. No. 1 McKnight, wildcat 13 miles northeast of Gail, is drilling below 7,016 feet in shale. Location is 2,173 feet from east and south lines of section 267, block 97, H&TC survey.

You Can't Escape the Old Bad News on New Car Buy

By JAMES MARLOW

WASHINGTON, April 9. (AP) —This is a sweet one.

You drop in on a dealer to buy a new car. There's a ceiling on he price he can charge you. OPS — Office of Price Stabilization — set it.

Pretty good, you say. He can't hike the price just because cars are harder to get.

So you see a car you like, and you say: "What's the price on this?" It's, say, $1,800. That's the ceiling price. "I'll take it," says you.

NO SPARE

"Good," says the dealer. "And by the way, I suppose you know there are only four tires with this car. No spare."

"What's that again?" says you.

"Sorry," says the dealer. "Government order." He's right, too.

NPA — National Production Authority — ordered carmakers, effective April 1, to ship their cars to dealers with no more than four tires. No spares.

Why? Because NPA, which controls materials to be sure the armed forces get all they need, wants to save rubber.

Well, since it's for the good of the country, it's all right. But it does put you into a kind of stew, personally.

A car with only four tires isn't so good when you have a flat. So you say to the dealer: "My goodness, what am I going to do without a spare?"

TRICK HELPS DEALER

"Oh, I can sell you a spare," said the dealer. "I have a few new tires on hand." Maybe some dealers won't have any spares at all, although moust of them probably have since it's customary to have some kind of supply.

You sigh with relief, do a little arithmetic in your head, and ask the dealer:

"The OPS ceiling price on this car is $1,800 but when OPS set the ceiling, cars still had five tires. Now they have only four. How much will you knock off the price, since I get only four tires now?"

"Oh, says the dealer, "in this case I can knock off $10. So the car will only sell for $1,790. The new tire from my supply will cost you $25. So the full price to you will be $1,815."

Oops, says you. That's $15 over the OPS ceiling price, although OPS set the ceiling at $1,800 in the first place to control inflation. Yet, the dealer isn' violating any order by this deal.

Big State League's Umpires Announced

FORT WORTH, April 9. (AP) —The umpire staff of the big state league was announced today by league president Howard Green. Two holdovers from 1950—Jim Tongate and S. B. Smith —and these new men will make up the staff:

Bill Chapman, formerly of the Soner State League; Jim Odom and John Mazur of the Tobacco State League; Bob Fisher of the West Texas - New Mexico League, Bert Richardson and Dan Willensky of the Gulf Coast League, and another to be selected prior to the season opening April 17.

Among the inventions of Alexander Graham Bell, inventor of the telephone, are an electric pole for locating bullets in a human body and a device resembling modern iron lungs.

A gas turbine-electric locomotive tested by the Union Pacific Railroad, operated 70,000 miles in 1950, produced nearly 270,000,000 gross ton-miles, and used approximately 4,214,000 gallons of fuel.

FBI Chief Blames 'Hypocrisy, Sham' For Game Fixing

WASHINGTON, April 9. (AP) — FBI Director J. Edgar Hoover blames the "hypocrisy and sham" of college athletic codes for inspiring basketball game fixing.

He thinks laxity by college officials has contributed to some "very atrocious crimes" committed by students.

He wants something done about gangs of 17 and 18 year old boys and girls who run wild "like a pack of animals" committing "sadistic assaults" on citizens of New York, Los Angeles and other areas.

These were views Hoover disclosed to a Senate Appropriations Subcommittee in a series of closed meetings last month. His testimony was made available to the Associated Press.

REPORT EXPECTED

The Senate Crime Investigating Committee, headed by Senator Kefauver (D-Tenn), now is writing a report expected to deal in part with organized gambling's invasion of the field of betting on basketball games, particularly those in Madison Square Garden.

The two Republican members of the committee, Senators Tobey (NH) and Wiley (Wisc), renewed demands over the weekend that the group's life be extended until next Jan. 15 so it can continue its dramatic hearings.

Sidney Brodson, of Milwaukee, self-styled professional bettor, told the Kefauver Committee he knew there was something wrong with results long before college players were arrested for "fixing" games.

Hoover said he had "great condemnation" of the players involved, but that the blame can't be put entirely upon them.

CODE BLAMED

"I think they should be condemned but blame also rests on others," the FBI chieftain said. "Here comes a criminal group that offers $1,000 to players to lose a game or to arrange certain points in the game.

"The university, at the same time, is under a so-called ethical control code not to pay players to play on teams. Yet it is well known that there are all kinds of ways of getting around that alleged code.

"They give the students automobiles. They get them positions but they do not have to do any work to draw their salary. Many of them work in the summer allegedly as bus boys and porters in hotels, but all they do is play basketball at night. It is a hypocrisy and a sham."

27,000 Fans Ready to Open Texas League

By The Associated Press

More than 27,000 fans are expected to turn out for opening games of the Texas League Tuesday night.

Shreveport looked for the biggest crowd with 9,000 due to watch the Sports open the campaign against San Antonio.

Houston will be at Beaumont, Fort Worth at Oklahoma City and Dallas at Tulsa. Beaumont forecasts a crowd of 7,000, Oklahoma City anticipated the same number. Tulsa predicts 4,500.

Only three of the clubs have announced starting pitchers. Jim Schneible, who had a 5-8 record at Binghamton last year, will toe the hill for Beaumont. Hugh Soter, who won six and lost sixteen last season, will start for Shreveport. Dave Jolly was nominated by Manager Al Vincent of Tulsa.

Tulsa is the general favorite to lead the league race over the regular season route. Sports writers in the league cities established the Oilers as the No. 1 club but didn't predict on what will happen in the play-offs. Last year San Antonio finished fourth but won the play-offs and the Dixie Series Championship.

Houston was ranked second, Fort Worth third, Dallas fourth, San Antonio fifth, Shreveport sixth, Beaumont seventh and Oklahoma City eighth.

Texas History Written in Brands

7D

BY JOHN M. HENDRIX

The 7D was the brand used by Sugg brothers on their West Texas ranch in Irion and Reagan Counties when they were forced to give up the valuable pasture rights they held in the Indian country north of Red River. They purchased the land in 1900 and used it as a ranch for a number of years. A number of the Sugg heirs still reside in San Angelo and are interested in the 7D lands.

The Suggses at one time built, and operated a street railway system in San Angelo. They were noted as good cowmen who especially attended to their own business and expected others to do the same. At one time a small town on the Rock Island just across Red River was named Sugden and was their headquarters and shipping point for the Nation. On the Nation they at one time ran some 3,000 to 4,000 Norman horses and mares, from which they raised the saddle horses and sold the larger animals to Texas farmers. The Suggses were considered among the really big cattlemen of their day and time.

Much of the original Sugg land in Irion and Reagan Counties has been sold to neighboring ranches but there still remains a large tract of Sugg land in these counties.

Women Golf Stars Arriving in Dallas

DALLAS, April 9. (AP) — Women's golf stars will begin arriving in Dallas tomorrow for practice rounds for the weathervane tournament whose first 36 holes is scheduled Saturday and Sunday at Lakewod Country Club.

First of the top players to come to town will be Louise Suggs.

Training Camp Notes

DALLAS, April 9. (AP) — The New York Yankees are having a financially successful exhibition tour of the West and Southwest. In fact, in 30 games they've drawn almost as many people as the St. Louis Browns did all last season.

The Brownies pulled in 247,131 fans in 1950. So far, 231,452 have paid to see Yankee exhibition games.

A crowd of 13,963 saw the Yanks outlast Houston, 15-9, on the losers' field.

PINE BLUFF, Ark., (AP) — Their first line watered down by a wave of injuries, Cleveland's Indians limped into town today for another game with the New York Giants. Luke Easter tore left thigh muscles Saturday and probably will be out two weeks. Larry Doby strained his left knee Sunday and Jim Hegan sprained his right ankle. They expect to be in action in four or five days.

The Giants won the clash at Dallas Sunday, handing the Indians their worst mauling of the year, 10-3.

SAN ANTONIO, (AP) — Earle Brucker, St. Louis Browns coach, resigned Sunday because, he said, he failed to get coperation to build up a good pitching staff.

Bill Dewill, Browns' president, said he was surprised but accepted the resignation.

DALLAS, (AP) — Boston's Braves who have been divided into "plane" and "train" squads, assembled here today to begin a three game traveling series with the New York Yankees. The first game will be here today, the second at Kansas City Tuesday and the third at Louisville Wednesday.

Wins Men's Singles

TUCSON, April 9. (AP) — Bob Goldfarb, of El Paso, defeated Marty Shaw, University of Arizona, 6-2, 6-3, here Sunday for the second straight men's singles title of the Arizona State Open Tennis Tournament.

No Team Ever Has Repeated In Play-Offs

By HARRY RECKNER
Sports Editor
San Antonio Evening News
(Written for the AP)

SAN ANTONIO, April 9. (AP) — In the 15-season history of the Shaughnessy Play-offs in the Texas League, no team has been able to repeat. That record appears destined to remain intact in 1951 as the current edition of the San Antonio Missions, Dixie Series champions, is a mere shadow of 1950's slugging aggregation.

The 32-man squad lists only two men, Outfielders Joe Frazier and Jim Dyck, as regulars last season.

This is the team Joyner (Jo-Jo) White, the ex-Beaumont and Detroit Tiger outfield star, inherits from Don Heffner, who apparently saw the handwriting on the wall and decided to go into the pottery business in California.

FOUR MEN NEEDED

The Padres need topflight talent at first, second and third and in one outfield position. The parent St. Louis Browns have promised a first-sacker, either Joe Lutz, 1950 holdover who deserted the Padres during the play-offs, or Hank Arft. Also in the offing are two pitchers and another infielder.

At second base will be either Rookie Harry Schwegman or Andy Anderson, who last year batted only .247. Shortstop belongs to Bill Demars, sent down by the Browns after failing in 1950.

Third base goes to George Hausmann, who played last season with Houston and Dallas.

CATCHING ADEQUATE

Dyck and Frazier are outfield fixtures, but the race for the other job is wide open. Austin Knickerbocker, a .259 hitter for Baltimore last season, can't be expected to do much better in the tough Texas League. He's battling Omer Tolson, who hit .289 for Greenville, S. C., in 1950.

Catching is probably the most adequate department with holdover Frank Mancuso, and Borris (Babe) Martin, who played with Louisville and Toledo of the American Association in 1950, battling for the regular spot.

The pitching staff is a question mark. Back from the 1950 club are Frank Biscan (10-5), Hoot Gibson, ace relief pitcher, and Johnny Pavlick, a flop until the play-offs when he became a Padre hero.

Youth Gives His Life To Rescue Girl Friend

HOULKA, Miss., April 9. (AP) —A young man gave his life to save his girl friend from drowning.

Charles Young, 25, of Jackson, Miss., sank from sight in a lake near here Sunday when rescuers lifted Miss Joyce Plunkett of Amory, Miss., from his arms. He had kept her afloat for 15 minutes after their boat overturned.

Rescuers couldn't bring him to the surface.

Women's Golf Winners

TUCSON, April 9. (AP) — Mrs. Agatha Lee of El Paso, downed Pat Garner of Midland, 5 and 4 here Sunday to win the Annual Southwestern Women's Golf Tournament.

To make luscious pecan waffles add a half cup of chopped pecans to a waffle recipe using 1¼ cups flour.

Calf Roping Contest's Winners Announced

CLOVIS, N. M., April 9. (AP) — Texans Toots Mansfield of Big Spring, Dan Taylor, of Canadian, and Don McLaughlin of Fort Worth placed in a calf roping contest here Sunday. But the winner was Troy Fort of Livingston, N. M.

Fort's time was 108.6 seconds for six calves. His prize was $2,100.

Mansfield was third with 135.8 seconds and Taylor was fourth with 136. McLaughlin was sixth with 172.6 seconds.

Hogan Gets Masters Toga After 9 Tries

AUGUSTA, Ga., April 9. (AP) — Nine times Ben Hogan came out of Fort Worth, Tex., to shoot for a Masters crown and like no other major professional golf title, the pesky thing kept avoiding him.

The little Texan who thinks golf is a game to play, not something to talk about, finally came through in his tenth attempt. Ben spotted par eight strokes on four tips around the par 36-36—72 Augusta National Course to win his first prestige-loaded Masters with 280.

If Ben wanted to retire right now from golf — something he has no intention of doing — he could check through his collection of titles and find not one of major importance missing.

RIEGEL RUNNERUP

Hogan and Robert (Skee) Riegel, who finished second with a fine 282, were all alone at the head of the class. Hogan with a final round 68 whipped third place finishers Lloyd Mangrum and Lew Worsham by six strokes and Riegel, their junior in experience and publicity spanked them by four.

Mangrum and Worsham, both former national open champions, had 286's to complete the list of golfers good enough to beat par. Dave Douglas shot an even par 288.

Twenty five months ago the sports world wondered about the future of Ben Hogan. But Ben lived through the injuries and broken bones his body suffered in West Texas in 1949 when his automobile and a bus collided.

HOGAN "SATISFIED"

He began his comeback by tying Sam Snead in the Los Angele Open of 1950. Sam won the playoff.

Last summer Ben put his comeback in the past tense when he won the National Open title. His victory in the 15th Masters at 39 years of age merely confirmed the fact that when Hogan is in a major tournament field the best thing to do is pick him to win.

After his victory on the vicious 6,900-yard Nationa, Ben quietly and humbly said, "I would be satisfied if I never won another tournament. I've certainly had more than my share."

First Big Fight Of Southwest Conference Set

By The Associated Press

The first big battle of the Southwest Conference season comes today when Texas and Baylor get together at Austin.

These are the only undefeated teams in the Conference after two weeks of firing.

Texas A&M, which has won two and lost one, plays Texas Christian, three-time loser, at College Station while Rice and Southern Methodist tangle at Houston. Rice has won one and lost three and SMU has a 2-2 record.

Five more conference games are on the schedule this week. Friday and Saturday Texas plays Texas Christian at Fort Worth and Baylor and Southern Methodist have a series at Dallas. Saturday Rice and Texas A&M play at College Station.

Last week found Baylor edging Texas A&M, 3-2. Southern Methodist was dropping two games to the Aggies, 3-0 and 4-0, and Rice and Texas Christian were splitting. Rice won the first game 4-2 and TCU took the second 19-0.

In nonconference games Texas split with Brooke Medical Center of San Antonio, 3-13 and 5-3. SMU whipped Tulsa University 2-0 and Rice downed Galveston of the Gulf Coast League 7-3.

Have Same Birthday, But 90 Years Apart

CENTRAL FALLS, R. I., April 9. (AP) — Mrs. Olympe Morissette and her hundredth living descendant have the same birthday — 90 years apart.

Celebrating her 90th anniversary Sunday, Mrs. Morisseite explained proudly in an interview that she had 10 surviving children, 42 grandchildren, 44 great-grandchildren and 3 great-great-grandchildren.

At that moment a telephone call brought news of the birth of her 45th grandchild.

Army Will Take Over Hotel at Miami Beach

MIAMI, Fla., April 9. (AP) — The Miami Herald said today the Army is reported preparing to take over the Fleetwood Hotel on Miami Beach for use as a hospital to treat Korean war casualties.

The Herald said May 1 is set for taking over the 330-room structure.

Auriol Off for Home

MONTREAL, April 9. — President Auriol of France leaves for home this afternoon after his first state visit to the United States and Canada.

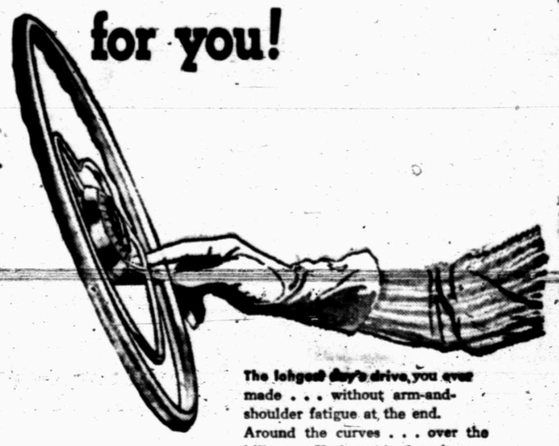
Watch the little lady park the beautiful, big car . . . a single finger on the steering wheel can do it now, with Hydraguide!

Beautiful to look at
Beautiful to drive

Now Hydraguide Steering does four-fifths of the work for you!

THINK of the easiest steering car you ever drove . . . then imagine one *five times easier to steer!* Chrysler's new Hydraguide power steering . . . regular on Crown Imperials and optional at extra cost on all New Yorker and Imperial models . . . gives you exactly that. Here is by far the greatest single change in handling ease—and safety—you ever found in any car. At your touch on the steering wheel, the car *mechanically* provides four-fifths of the energy to turn the tires on the road. Like so much in these new Chryslers . . . Hydraguide is so *basically* new, so *basically* better than anything before, that *only when you try it can you ever know what it really does!*



The longest day's drive you ever made . . . without arm-and-shoulder fatigue at the end. Around the curves . . . over the hills . . . *Hydraguide does four-fifths of the work!*

In tight city traffic . . . on awkward driveways and roads . . . *Hydraguide means new safety, new ease, new swiftness of steering control!*

The Most Basically New Cars of All!

Beneath the rich new beauty of these Chryslers for 1951 are 73 different improvements and advances. *Among them are the most basic new ideas in any cars for many years!* Like the revolutionary new FirePower engine, of 180 horsepower, which gives owners of Chrysler Imperial and New Yorker cars the most powerful, most efficient, most all-around economical powerplant in any car today! And like the amazing new Chrysler Oriflow shock absorbers, which give every new Chrysler car riding ease with *twice the shock-absorbing power* of any other cars at any price. And with all their newness, *they're built to stand by you like no car you can buy!*

Ask Mildred

We are all thoroughly tired of "ready-mixed" ice creams. Have you a recipe for old - timey cream, the kind we once made in the hand-freezer? Mrs. J.C.E.

Here is an ice cream recipe which, at least, contains nothing ready-mixed or synthetic. And we have heard testimonies as to its tastiness when made in the grand, new electric freezers.

Ice cream ingredients: 1 pint [illegible] spoons flour, 2 tablespoons water, 3-4 cup sugar, 2 egg yolks, 1 cup heavy (whipping) cream, 1 teaspoon vanilla. Scald the milk, stirring contantly. Mix the flour and cold water to a smooth paste, and add to it slowly the scalded milk, continuing the stirring. When thickened, cook over hot water for about 15 minutes. Add the sugar and beaten egg yolks and cook 2 minutes. Strain the custard through a fine sieve, and, when cold, add the cream and vanilla and freeze. This makes a smooth, rich cream and, of course, can be varied by adding berries, chocolate bits or melted chocolate, nuts, macaroon crumbs, or what-have-you. With fresh berries, it is advisable to increase the sugar to one cup. Evaporated milk may be used in place of the heavy cream, too, but we much prefer the whipping cream.

I saw window boxes made from pine wood which were of an exquisite honey color. How was htis effect achieved? With shellac?

To apply a honey color on unfinished pine wood, apply one pint of boiled linseed oil mixed with two tablespoons turpentine. Rub into wood with lint-free cloth; keep applying until oil stands on wood and will soak in no longer (this will take several days). Then wipe clean and allow to dry thoroughly. Wax is the final step. It will take a lot of rubbing but you'll acquire a lovely finish. I would not suggest a shellac at all. Incidentally, this method is most effective when applied to rough-finished salad bowls, such as you see in variety stores now.

I am having shirt laundering problems. The budget won't stretch to sending them all out, and my home done jobs never look professional, particularly the white shirts my husband wears for dress. Mrs. E. L. K.

Wash your shirts in the washer and if you do not have an automatic washer, rinse two or three times. It might help to use the bottled liquid starch (which is already made and always irons beautifully). After rinsing, pour small amount of starch in pan and add little water. (directions on bottle.) Only dip collar and cuffs in starch and squeeze out and hang out immediately, one at a time, as they cannot be piled up or starch will get on other places on shirt. When dry, sprinkle with warm water. Be sure to sprinkle collar and cuffs more than rest of shirt as it takes more water for starch parts.

Begin on sleeves, iron inside cuff and back of sleeve, turn garment over, iron front side of cuff and sleeve, do this to both sides, then iron right front of shirt, back, and the left side, then iron collar.

You then take shirt by shoulders, put on board and iron the yoke (across back which is on most shirts) then fold. Lay shirt with front down on board, fold halfway middle of shirt, bringing sleeves down full length of shirt, then fold other side over and fold shirt one time back. Job all done. A little tip:

There should be no wrinkles in collar or cuffs, and there won't be if you iron collar last and always start on underside of collar and start ironing at the corner with a hot iron.

White shirts need bleaching also. After taking out of soap water (before rinsing) put in bleach for short while (instructions on bottle) then rinse three times and starch [illegible] liquid starch idea works wonders with your crocketed pieces too. After starching them, you should pull in shape and pin to turkish towels and lay on flat surface to dry for best results.

Picnic Birthday Fete For Terry Lee Stone

Terry Lee Stone was honored Saturday with a party on his second birthday. His mother, Mrs. L. D. Stone, 500 Twenty-ninth Street was assisted by her mother, Mrs. R. L. Terry and her sister, Mrs. R. J. Mills.

The party was given as a picnic at the Canyon Drive-In movie.

Present were Sandy Lynch, Johnny Lynch, Ginger Austin, Terrall Austin, Charles Lieb, Bobby Lieb, Eddie Brown, Wendell Pinkerton, Mrs. John Lynch, Jr., Mrs. Gene Pinkerton, Mrs. Garth Austin, Mrs. Alfred Lieb, and Mrs. Jack Terry.

Briday Shower Given For Miss Bonnie Lloyd

Miss Bonnie Lloyd was honoree last Thursday at a bridal shower given her in the home of Mrs. J. B. Green, Clairemont Road.

Hostesses assisting with the party were Mrs. J. A. Dickerson, Mrs. J. P. Purcell, and Mrs. B. J. Hart.

Mrs. Green had decorated the service table with miniature kitchen utensils. A large punch bowl stood on the lace cloth.

Games were played after the gifts were opened.

Attending were Mrs. E. W. Watson, Mrs. G. H. Sorril, Mrs. Pat Murphy, Mrs. C. A. Redd, Mrs J. J. Mills, Mrs. Della Stracner, Mrs. Hubert McKinley, Mrs. A. E. Miller, Mrs. J. Falls, Mrs. Charlene Turner, Mrs. R. L. Maples, Mrs. H. F. Merriweather, Mrs. Sarah Purcell, Mrs. M. J. Chadwell, Mrs. Paul Pherigo, and Mrs. I. Howard.

Birthday Party For J. P. Purcell, Jr., 13

J. P. Purcell, Jr., was honoree last week at a thirteenth birthday party given him by his mother, Mrs. J. P. Purcell, at their home on Clairemont Road.

A treasure hunt was planned for the guests, and volleyball games were played. Partners for refreshments were chosen by matching hearts.

Refreshments of cake and punch were served to the following guests:

Sue Trumbell, Bernie Hagin, Nell Strickland, Hilton Horton, Doris Hataway, Robert Hagin, Katherine Redd, Nelson Howard, Pansy Redd Jerrie Stracner, Ann Purcell, Don and Pat Wade.

Final Services Held For Texas Oilman

TULSA, Okla., April 9. (AP) —Services will be held here today for George Ellsworth Bennett, 87, pioneer Tulsa oilman who died Sunday.

Bennett was an independent oil lease broker, retiring in 1930.

Earlier he was secretary to the late Col. John J. Carter, founder of the Carter Oil Co.

Kid Party Saturday At Hollis Field Home

Mr. and Mrs. Hollis Fields, 123 Twentieth Place, entertained friends Saturday night with a Kid Party.

Dressed in children's costumes for the occasion, all guests participated in competition for the prizes of "cutest". Marion Cochran winning first for the men, Mrs. Jesse Campbell for the women.

Everyone was provided with all-day suckers and bubble gum, pictures were made, and then the group settled down to canasta and 42. Coffee and cake were later served.

The hostess had strung colorful ballons from the walls and ceiling.

Others present were Jesse Campbell, Mrs. Marion Cochran, Mr. and Mrs. J. E. Evans, Mr. and Mrs. Frank Kubena, Mr. and Mrs. Carl Foree, Mr. and Mrs. Jack Harliss, and Mr. and Mrs. Bob Williams.

Mrs. H. V. Williams Returns from Meeting

Mrs. H. V. Williams, 1111 Twenty-eighth Street, returned Thursday from Fort Worth where she went as a delegate to the State Convention of the Woodman Circle.

Hundreds of delegates from all the United States were present for the memorial service for deceased members, held April 1, according to Mrs. Williams. The service was conducted by the Dr. M. U. Conditt, pastor of the Forest Hill Presbyterian Church.

Mrs. Williams attended all business meetings while at the convention.

New White Powder Aids Food for Heart Patients

ST. LOUIS, April 9. (AP) — For heart patients, a new white powder takes half the forbidden salt out of their food after they've eaten it.

That means tastier food, and even regular restaurant food, for many people with congestive heart failure, high blood pressure, and cirrhosis of the liver.

The powder helps them get rid of excess water, to lose weight, and to reduce the work load on the heart.

The powder is a resin (trade name Resodec) shown today by Smith, Kline & French Laboratories, Philadelphia, in an exhibit at the opening of the 32nd annual meeting of the American College of Physicians.

It soaks up sodium, by electrical attraction, in the intestines and carries it out of the body. Sodium is the culprit in common table salt, which is bad for people with the heart condition or high blood pressure.

PERSONALS

William Holbert, an engineer for the Pan American Production Co., Lamesa highway, was in Lamesa last week on business.

Mr. and Mrs. J. H. Wansbrough and family, Pan American Camp, spent last week end in San Angelo.

Billy C. Young, Navy, sonarman, second class, of Hermleigh, is serving aboard the minesweeper USS Cardinal attached to the Mine Force, Pacific Fleet. Young entered the Navy July 3, 1943.

Identify Casualties

WASHINGTON, April 9. (AP)—The Defense Department today identified 112 additional casualties of the Korean fighting. A new list (No. 272) reported 18 killed, 65 wounded, seven missing in action and 22 injured in accidents.

PERSONALS

Frank Beeman of Loving, N.M., was a Snyder visitor last week. He spent a night with Mr. and Mrs. Earl E. Donaldson, who manage Trailertopia Courts.

Mrs. Bill Underwood, Mrs. Billy Underwood, and Mr. and Mrs. J. P. Crouse spent a day last week visiting with Mrs. Opal Koonsman at her ranch home northeast of Snyder.

Mrs. E. E. King, 411 Thirtieth Street, spent the week end at her home with her daughter, Miss Louise King, who is ill with the measles. Mrs. King returned today to the Abel Hospital in Lubbock where she has been confined for some time for medical treatment.

William G. Harris, a clerk at the Standard Oil Co. of Texas was transferred to Houston last week. John H. Lee from Houston coming here to take his place. Both men are single.

Mr. and Mrs. Perry Harris returned Saturday from a few days visit in Santa Fe, N.M., where they vacationed.

Mrs. Richard Sims, left today with her aunt, Mrs. H. C. Peck from Silver City, N.M. She plans to visit there for an indefinite time.

Mr. and Mrs. Pete Glisson, Lubbock highway, spent the week end in McCamey and in Midland. Mr. Glisson is employed with Marathon Oil Co.

Mr. and Mrs. J. Freeman Clark, of Dallas visited with his parents, the Rev. and Mrs. M. W. Clark, a sister, Mrs. A. C. Preuitt, and a niece, Mrs. H. F. Clark.
