Car Owners Register This Week

Local Residents To Use 3 Days; Rural People Only 2

All passenger car owners in Dawson County will register at their respective school building next Thursday, Friday and Saturday, November 12, 13 and 14 for their gasoline ration books.

Lamesa Independent School District car owners will register at the Primary School Building from 9 a. m. to 6 p. m., all three days. School teachers will handle all applications. Car owners must call at the War Price and Rationing Board Office in the basement of the Post Office for their application blanks, these must be filled out before going to the school house on next Thursday.

It will be well for the owner to have the receipt for payment for State Car License for verification purposes. The form calls for the serial numbers of all tires mounted and any other passenger car tires owned as a prerequisite to receiving mileage rationing book and car sticker.

Car owners over the county will each register at the school house in his district. County school officials state that the rural schools will turn out on Friday for the registration, and ask that all rural citizens go to their school houses on that day. Registration will not be carried on in the rural schools on Saturday. All who must register at the rural schools please remember to register on Friday.

According to county records there are 3,170 passenger cars registered in Dawson County, and there are approximately 300 out of state cars now here. It is thought that a little over one-half will register in Lamesa. Also any car passing through here on the registration days may register here.

For the benefit of all Spanish people now here, J. C. Hernandez, has stated that he would be present at the school building in Lamesa on Thursday and Friday to act as an interpreter, and school officials ask that all Spanish speaking people please register either on Thursday or Friday.

Billie Braswell of the Lubbock Flying School spent the week end here visiting with his relatives.

Subscribers Are Asked To Check Expiration Dates

Courier readers are asked to watch their expiration dates on their subscriptions in order that they not miss a single issue of their home town newspaper.

In other words, if the numbers following your name on your paper read 12-42, that means that your subscription will expire on December 1, 1942, and that unless you renew your subscription will be stopped at that time.

The subscription price of the Courier is now \$2.00 per year in Dawson, Martin, Gaines, Borden and Lynn Counties, \$1.25 for six months, or \$3.00 for two years. The subscription price outside this territory is \$3.00 per year.

First Conservation Checks Arrive In County Friday

The first 1942 soil conservation checks for Dawson County farmers were received last Friday at the ACA Office, according to manager, Charles E. Tarter, fifty-six checks were received amounting to \$12,319.05.

Approximately 2500 farmers in the county will receive the 1942 checks, and will amount to between \$700,000 and \$800,000. Last year Dawson County farmers received about \$1,000,000 Mr. Tarter said.

Farmers will be notified as rapidly as their checks arrive the ACA officials report.

Wildcat Test For Borden County

Roy Less of Dallas has staked a location for a wildcat test in the southwestern part of Borden County, two miles north of Howard County.

Helmerich and Payne, Inc., have the contract to drill this 4200 foot rotary test. This will be No. 1. J. A. Phillips, and is to be located in the northeast quarter of section 15, block 32, tsp. 3 north.

The majority of Chile's residents are Catholic.

Lt. B. Harrington Receives Wings; Commission Tues

Lieut. Billie C. Harrington, son of Dr. and Mrs. J. M. Harrington will receive his wings and commission Tuesday at the Lubbock Army Flying School.

Lieut. Harrington has been in the service for seven months, and is one of the undisclosed number of fighter and bomber pilots who will be awarded the silver wings of full fledged army airmen at seven schools in the Gulf Coast Army Air Forces Training Center, headquarters at Randolph Field. "Another group of the finest air fighters in the World," commented Major General H. R. Harmon, training center commander.

Nursing Class Starts Tuesday

An adult class in Home Nursing will be organized on Tuesday evening November 10 at the County Health Unit Office, according to Mrs. Zelva Harris county health nurse. The class will meet at 7 o'clock. All business women and young mothers are urged to take advantage of these classes, and be present Tuesday evening.

Special Patriotic Program To Be Staged Here Armistice

Wednesday, November 11, Armistice Day will be celebrated in Lamesa with a special patriotic program staged by the members of the Allen-Houston Post of the American Legion.

Practically all business houses of Lamesa will be closed for the entire day, and all citizens are asked to please do their shopping on Tuesday.

The program for the day will start at eleven o'clock in the morning on the west side of the square. Many patriotic features are being planned, and taps will be sounded for all Dawson County men now missing in action.

American Legion and Auxiliary members have planned to have a special dinner for their group at the municipal building at the city park. Midland legion members have been invited to be their guests.

Hon. J. H. Goodman, member of the House of Representatives of Texas and representing the Midland American Legion Post, will address the Dawson County veterans as a part of the luncheon program Wednesday at noon. Judge Goodman has been active in Legion work since the organization's founding and has been active in civic and government work in West Texas since the early "twenties." He will be one of a delegation of Legion members visiting in Lamesa for the Armistice Day football game between Midland and Lamesa.

At two-thirty in the afternoon the Lamesa Tornadoes will play the Midland Bulldogs on McCollum Field. Between halves the football that has been used for the game will be auctioned off to the highest bidder in War Bonds.

War Bond Drive To Start In County Monday, Nov. 16

Dawson County citizens have bought \$367,097 in war bonds since January 1, 1942, according to county bond chairman, F. T. McCollum. This leaves the county approximately \$90,000 short of its quota for the year.

Beginning November 16, a drive will begin, to wipe out this deficit by December 7. The citizens of the county are financially able to meet their quota and it should be fitting that Pearl Harbor Day be the day Dawson County shows its intention of demonstrating to the boys on the firing line that they are being back-

ed by the folks at home. Mrs. M. C. Lindsey, will head a womens group, composed of various womens organizations that will sell bonds each day of the week at both banks for the duration of the drive. So step up to the booths boys and buy those bonds and save some one from having to canvass you. And, remember, buy to the extent of your appreciation of your liberty. You will not only be helping win the war but will be buying protection for you and your family for years to come. Signed the Dawson County War Bond Staff.

Forty-Three Men Reclassified By Local Draft Board

The local Draft Board reclassified more Dawson County men at their meeting last Thursday evening, November 5.

The men classified now as 1-A, are Daniel Gentry, Earl Shackelford, Harold Minnix, Basil Staggs, Clarence Lobstein.

Men already inducter are, Earl McNeill, Bud Hull, William Oberichner, Ricardo Guzman, Juses Gonzales, Willard Russell, James Koonce, Selvin Bolton, George Murray, Ira Studivant, Willie Tolbert, Wayne Crawford, Nelcom Bell, Claudie Williams, James Walker, William Chisum, Theodore Fairweather, N. McDougal, Claudie King, Hipidro Reyer, and Gregoria Hernandez.

Men who have enlisted are Julious Wise, James Payne, Jr., Albert Taylor, C. F. Windsor, Wilburn Maule, Robert Moore, Hubert Simmons, Oliver Cates, Raymond Johns, William Tunnell, Dawson Jeter, Esmer Cole, Buren Tipton and Alvin O'Neil.

Jobe And Earnest Buy War Bonds

Jobe and Earnest Furniture Company are really doing their part for National Defense during the month of November.

This firm has pledged to spend every cent taken in during the entire month for war bonds and stamps. This includes all collections made on new or old accounts and all cash sales made.

Look up their ad on another page of this issue of the Courier and read what they have to say.

score against Abilene and the Eagles scored five times while the Midland Bulldogs played the Eagles and lost by a margin of only two points, each team making two touchdowns. Abilene kicked where Midland failed for the two extra points which was the difference of score. It is true that Lamesa tied with Big Spring while Midland suffered defeat by the Steers. The showing against San Angelo of the two teams was about the same.

Midland started two years ago with a team of beginners who are now seniors. They compare favorably in weights with the Lamesa team members and may have more speed than our boys possess. They feature a forward passing game and the use of laterals for a wide open attack.

It is the last time some of the Lamesa High boys will appear before the Lamesa public in a football game. Owen C. Taylor, Darrell Beck, Rex Dunn, and Donald Reeves will not be with the Golden Tornadoes next season. Their remaining game is the one at Colorado City on Thanksgiving.

The Midland-Lamesa game will begin at 2:30 p. m.

Tornadoes And Bulldogs To Meet Here Wed. At 2:30

The last home field football game for the 1942 season will be played Wednesday on McCollum Field between Midland Bulldogs and Lamesa Golden Tornadoes. The two teams became members of the District 3AA the same year and are now tied in the percentage column by having won one game each and one was a tie.

The game on alternate years with Midland was established on Lamesa's entrance into District 3. Their rivalry has become quite spirited. Of the three games played as members of District 3AA, Midland has won two and Lamesa one.

The two teams have made about the same record up to this stage of the season. Midland, however, made a much better showing against Abilene than did the Golden Tornadoes. The Tornadoes were unable to

How To Choose A Husband By The Cards

Wide World Features

There's no use leaping blindly into matrimony and finding out too late that you have picked a wrong number, says Leonard Mandel, consulting psychologist, of New York. No girl with a grain of sense need be a "lady in the dark" when it comes to sizing up the boy-friend. Get him at a card table, and watch his real character emerge. Says Mandel:

"The good poker player rarely makes a good husband, for the good bluffer lacks security.

"The whiz-at-bridge is to calculating and too objective to make a

good sweetheart and husband. "A man who loves cribbage or bezique is the carpet-slipper type, good, but exceedingly dull. "The man who plays the latest game — gin rummy now, I believe — is one who is a good mixture of introvert and extrover, flexible enough to learn something new, lively enough to be affable and easy to live with. If he keeps his temper, he's the perfect choice for a mate.

This Advertisement Is A Contribution To America's All-Out War Effort By The Following:

EVERYBODY — 10% IN WAR BONDS

Reason Why

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.
5. You protect your own financial future, as every \$18.75 you invest in a War Bond brings you back \$25 in 10 years. You make the world's safest investment, by buying a share in the world's most powerful country.

Now look at the picture again. Then imagine that this soldier were your brother, your son, or your sweetheart. Would ten percent of your pay, in War Bond savings, be too much to help him win — and live?

Dime A Dance; Nice Work And You Can Get It

By VIVIAN BROWN

Wide World Features Writer

NEW YORK — The dime-a-dance girl — tall or short, slinky-hipped or fluffy gowned — is waiting for the right man to come through the door with a lifetime ticket. She earns a good living and the life is gay—but she wants that vine-covered cottage, or at least an apartment for two.

That's what I found out — among a lot of other things — when I was hostess-for-a-night at one of the town's swank ballrooms, Roseland.

Most of the girls marry and have families and foresake dancing for

domesticity. Several have fared extremely well. The girls told me of a wealthy man who came back night after night until wedding bells chimed.

But to get to the dancing, twenty of us sat on a roped off dias (the pen) waiting to be claimed. One girl said reassuringly:

"If a man is objectionable just leave him and walk away; we don't have to stand for any nonsense." Another said: "If you need any help, just call one of the housemen who police the floor — they take care of jitterbugs and improper dancing."

One girl is a model, another a radio singer and several do war work. They come from Connecticut, New Jersey, the Midwest and the South. Some stay a short time, some several years.

I didn't have to whistle for a customer. Almost immediately, I acquir-

ed a gentleman from San Francisco. He wanted a date and I told him that was not permitted. We talked as we glided about the floor to the music of Bob Allen's orchestra. It was my first night, I said. He borrowed money for the next three dances.

A handsome young man from Detroit, an aviation engineer, bought my "time" for a half-hour. We sat in the electrically star-lit cocktail lounge. We had soft drinks — and talked about his war job!

He was amazed to learn that the girls earn from \$25 to \$60 a week and dance approximately 100 dances a night. I averaged \$2 an hour, received seven cents for every ten-cent ticket, and \$1 of the time ticket. The girls all thought I got a good play because I was a "new face."

The hours are from 8:30 to 1:30 and each girl must spend a half hour in the War Bond Booth. All of

them are registered with the Police Department; all have to have three references and a picture which is attached for the files.

As a matter of fact at closing time I decided it had been very entertaining and as for wedding bells—

Even I had some possible prospects: A movie stylist, an artist, and a war worker among others. The best was the war worker. He had a car, gasoline, and four brand new tires — but definitely — he couldn't dance a step!

MAYBE BARFLIES BORROWED THE GLASSES

NORWICH, Eng. (AP) — An innkeeper in this Norfolk town decided to charge one shilling for each glass taken outside the bar, and money refunded when the glass returned. At the end of two weeks, he found he had four more than he started with.

Mrs. Robert Smith spent the week end in Big Spring visiting with her husband, who is stationed at the Big Spring Flying School.

"For these are the lasting, truthful things..."

This is an American soldier.

He goes to war not with any fanatical theories of race superiority, of any special "place in the sun," nor any desire to rule the world by fire and by sword. He fights for something greater. For decency—for his loved ones—for his Country, not as some warlike symbol, but as the one great refuge in this world where the humble, the meek, and the righteous may ... and work in peace.

This is why he must win. For these are lasting, truthful things. They are not temporary drugs for the mind, but steadfast things of the heart and the soul. And when the flame of fanaticism finally flickers and goes out, the fires of American decency and honor will still burn.

It is this same sense of decency and honor that has bound us all together. We know we cannot all fight. But there is something we can do—and are doing—to help. We can help provide the guns, the planes, the tanks, and the ships to put *might* behind the right.

By the tens of millions, Americans are saving for Victory in the War Bond Payroll Savings Plan. Every payday we employes, workers and bosses are putting aside 10% of our pay—a dime from every dollar—and every time these savings amount to \$18.75, we get a War Bond. And —because this is the free American way—our money is working double. First it goes in a mighty flow for the instruments of Victory, then—ten years later—it comes back to us, *four* dollars for every three we've put into War Bonds—\$25 for every \$18.75.

Now look at the picture again. Then imagine that this soldier were *your* brother, *your* son, or *your* sweetheart.

Would ten percent of your pay, in War Bond savings, be too much to help him win—and live?

5 Reasons

1. By investing in War Bonds you help provide the planes, the tanks, the guns and the ships we must have to survive and conquer.
2. You prove that you are a patriotic American.
3. You aid the morale of our fighting men, by showing them that the entire Nation is behind them.
4. You prove to our enemies that we are a United People.

FOR AMERICA... and for you!

AMERICA needs billions of dollars to build the enormously expensive sinews of war. Defense Stamps will help pay the bill.

YOU can now purchase Defense Stamps every day with even greater convenience—because from now on we're selling them at each of our cash registers. Invest regularly in the world's safest security at

TAKES MORE THAN MILLION TO MAKE A MILLIONAIRE

ZURICH, Switzerland (AP)—Statistics show 800 millionaires living in Zurich but the currency considerably affects the financial standing of the "millionaire." For instance, a Rumanian, with 1,000,000,000 lei has the equivalent of \$5,355.

or giant southern curled mustard for quick greens, and 10 or 12 rows of carrots of the Chantenay variety. But carrots planted now will not be ready for eating until the latter part of January. Beets sowed at the rate of one or two to the inch in rows 10 inches apart, and a half pint of onion sets in rows spaced eight inches are desirable products of a frame garden.

All of the vegetables should be planted now. In 30 or 40 days make a second planting of mustard and radishes. This keeps fresh tender greens coming along throughout the winter.

DEWEY'S BARGAIN CENTER

Opens Tonite Why Not Plant A Frame Garden?

Harley Sadler, West Texas famous showman, will open in Lamesa tonight for a three day stand, with his big tent theatre under the auspices of the Lamesa Fire Department.

S. C. Carr of Fort Worth, Mrs. J. Lee Jones and Miss Diana Conner of Breckenridge, spent the week end here visiting in the home of Mr. and Mrs. W. L. Marr.

An area five by 20 feet, boxed in with planks 12 to 18 inches high and having some sort of cover—otherwise a frame garden—can be depended upon as a source of home-grown vitamins. The cover, designed to protect young plants from cold, should be tacked securely to one side of the frame and means provided to hold down the cloth over the other side and ends. Small props should be available for providing ventilation when the cover is kept over the bed for two or three successive days.

According to J. F. Rosborough, horticulturist for the A. and M. College Extension Service, low-growing vegetables like mustard, turnips, lettuce, beets, carrots and onions are best suited for growing in frame gardens.

Spading is the first step in preparation. Mix rotted manure with the soil, but if this is not available add five to 10 pounds of 4-12-4 commercial mixture, spading it about 10 inches deep. Pulverize the soil if it cloddy. Planting crosswise of the bed, put in four rows of leaf lettuce spaced about eight inches. Use Black Seeded Simpson. Then plant a half a dozen rows of tendergreens

... and WAR

When you hear that bombing planes cost \$335,000, tanks \$75,000, anti-aircraft guns \$50,000—And when you hear, too, that America needs 60,000 planes, 45,000 tanks, and 20,000 anti-aircraft guns at once—

It doesn't take much figuring to see that winning this war calls for every dollar all of us can scrape together. With our freedom at stake—with our farms, families, even our very lives depending upon the outcome, we'd gladly give this money.

But we aren't asked to do that. Our Government asks us only to lend the money—to put our increased earnings into War Bonds—month after month—until this war is won. In doing so, we save for our own security as well. For we get back \$4 for every \$3 we

invest, when the Bonds are held 10 years. And if we need the money, we can get it all back any time after 60 days from issue date. This is the American way—the volunteer way—to raise the billions needed for Victory. And the money can : : : will : : : must be raised.

So let's show them that the farmers of America are helping to win this war in two vitally important ways—by producing more Food for Freedom and by saving more in War Bonds.

Make Every Market Day "Bond Day"—Invest At Least 10%.

SWEDEN BELIEVED LEADER IN UNIONIZED LABOR

STOCKHOLM (AP) — More than a million members are enrolled in the Swedish Federation of Labor. The 8,000 trade unions in Sweden now have as members 23 per cent of the nation's population between the ages of 15 and 65 years, this percentage being the world's highest, it is believed. Practically all of the wage-earners in industry and transportation have been absorbed into unions, and if the farm laborers and forest workers become affiliated, a maximum membership of 1,200,000 is foreseen.

THE TIME HAS COME FOR HITTING POSTS

FREELEY, Colo. (AP) — Farmer Arthur Fugate says it's about time that cities began providing wooden hitching racks for the farmers. "More and more farmers are going to be hauling into town with team and wagons, from now on," he says. "There are no hitching posts and help is too hard to get to bring along an extra man or boy to hold the horses."

Mrs. Clyde Bailey spent Sunday in Seminole visiting with relatives.
