

Following Assassination Attempt

President Resumes Duties

By JAMES GERSTENZANG
Associated Press Writer

WASHINGTON (AP) — President Reagan, in "exceptionally good condition" and "excellent spirits," resumed the duties of the presidency today from a hospital bed after an assailant's bullet was removed from his chest.

Less than 24 hours after he was shot outside a Washington hotel, Reagan, 70, was joking with nurses at George Washington University Hospital and impressing his doctors with his stamina. At 7:15 a.m. EST top aides visited Reagan's room and found him sitting up in bed,

brushing his teeth after breakfast. Deputy press secretary Larry Speakes said Reagan used his breakfast tray to sign a dairy price support bill the aides had given him.

"He could probably put in a full day today if he gets a nap this afternoon," said hospital spokesman Dr. Dennis O'Leary. "I would not be surprised to see him up walking around in a couple of days."

O'Leary said Reagan "is doing extremely well," could be discharged from the hospital in a week or two, "then a couple of months until he's back riding horses." He said press secretary James Brady, shot in the forehead in the assassination attempt, was "much improved" after extensive exploratory surgery to determine the extent of damage to his brain. Brady's progress, he said, "has been extraordinary."

The doctor reported "fairly extensive damage" to the right side of Brady's brain but minimal damage to the left, which controls all speech and mental processes.

"We believe he is going to live," O'Leary said of Brady, "but we have no idea where he is going to end up." If

there is paralysis, he said, "it probably will affect the left side of his body."

A suspect, identified as John Warnock Hinckley Jr., 25, of Evergreen, Colo., was arrested and held without bond on a charge of attempting to assassinate the president. FBI spokesman Roger Young said he knew of no motive for the attack.

Doctors at George Washington University Hospital said the 70-year-old Reagan — the oldest man ever elected president — was expected to have no complications and should be able to make presidential decisions today.

"One has to let the effects of the anesthesia wear off, but I think that all of us feel that by tomorrow he would be capable of doing that," Dr. Dennis O'Leary, the hospital spokesman, said Monday night. "We do not believe there is any permanent injury."

Lyn Nofziger, Reagan's political aide who took up the chores as chief spokesman, said Monday evening: "The president will be fully capable of making decisions tomorrow, according to the doctors."

O'Leary said the president, who rides horses and chops

wood for recreation, would be able to resume a full range of physical activity within three months.

Reagan, cracking jokes before and after two hours of emergency surgery, was kept in an intensive care unit after a bullet was removed from his left lung.

Hinckley, the alleged assailant seized immediately after the six shots were fired from a .22-caliber "Saturday night special" from 10 feet as Reagan left the Washington Hilton Hotel, was charged in a midnight court appearance with attempting to assassinate Reagan and assaulting a Secret Service agent. U.S. Magistrate Arthur L. Burnett ordered him held without bail.

No charges were filed in the shootings of Brady and the policeman.

U.S. Attorney Charps.1, said Hinckley's parents said their son was undergoing psychiatric care and described him as "wandering, aimless and irresponsible." Harold Covington of Raleigh, N.C., the head of the neo-Nazi National Socialist Party of America, said Hinckley was once a party member but quit in 1979.

It was the ninth attempt on a president's life. Four attacks were successful. In four

Armour Plant Will Close

By O.G. NIEMAN

Armour Food Company announced today it will close its beef slaughtering plant located at Hereford.

The closing is scheduled to be effective Sept. 30, 1981 and will effect 380 hourly workers and 80 salaried employees.

The announcement came from the company's Phoenix, Ariz., office. According to Wallace L. Tunnell, president of Armour Food Co., the decision to close the Hereford operation resulted from "the company's inability to overcome a discriminatory labor contract, which puts Armour's beef operations at a major disadvantage to its principal competitors."

In April, 1980, Armour had announced the closing of the Hereford plant, but the decision was reversed in September, 1980, when the United Food & Commercial Workers Union agreed to accept certain productivity improvement provisions. In the ensuing months,

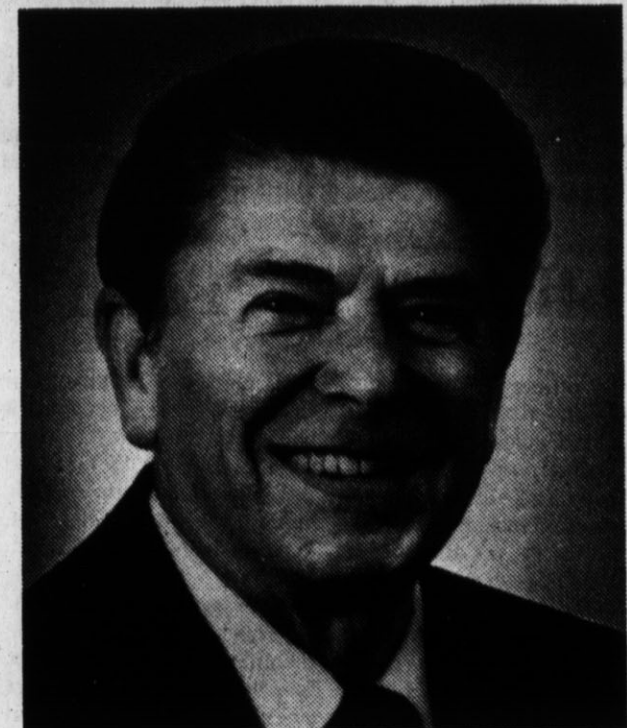

however, Tunnell said these productivity measures "proved inadequate in overcoming the labor cost discrepancy."

The company announcement added that costs in connection with the closing—estimated at approximately \$2 million after taxes, will be charged to previously established liabilities for plant closing costs.

Mike Carr, Deaf Smith County Chamber of Commerce executive vice-president, said this morning: "We regret this situation has arisen again...it will effect our economy and our attitude."

"From a chamber standpoint, I have visited with President Tom Burdett, and he plans to call an executive board meeting within the next 48 hours," said Carr. "We would hope to determine if there are any possibilities of keeping the plant here."

Gene Stephens, local plant manager for Armour, could not be reached for comment this morning.

Presidential Aide Brady Said Making Extraordinary Progress

By TERENCE HUNT

Associated Press Writer

WASHINGTON (AP) — White House press secretary James S. Brady, gravely wounded in an assassination attempt against President Reagan, is making "extraordinary progress" and probably will live despite extensive bullet damage to the right side of his brain, doctors said today.

Dr. Dennis O'Leary, chief of clinical affairs at George Washington University Hospital, said Brady could

move his limbs on the right side of the body — which is controlled by the left half of his brain — on command from his doctors.

But O'Leary ducked a question about possible paralysis of the left side, saying, "We are not able to assess that until we get a little further downstream."

Downstream, Brady's pupils respond to light, which O'Leary said was encouraging.

The doctor was optimistic about Brady's eventual mental capacity because "all his

mental processes are on the left side," which sustained little damage.

One half of the brain is dominant in almost everybody, controlling most mental processes. For Brady, O'Leary said, the left half dominates.

"We really don't know how he's going to end up," O'Leary said. "We believe he is going to live. We are cautiously optimistic."

The bullet entered Brady's head beside the left eye and came to rest in the right rear

portion of the skull, from which it was removed intact, O'Leary said.

The hospital listed Brady's condition officially as "serious but improving."

Brady, 40, the father of a 2-year-old son and a college-age daughter, was shot Monday afternoon a few feet from Reagan. A .22-caliber bullet entered his forehead at the temple, passed through his brain and came out the other side. Brady crumpled to the

Colorado Oilman's Son Charged In Murder Try

By LARRY MARGASAK

Associated Press Writer

WASHINGTON (AP) — An emotionless John Warnock Hinckley Jr., a wealthy oilman's son described in court as an irresponsible drifter under psychiatric care, was ordered held without bond today on a charge of attempting to assassinate President Reagan.

Hinckley, 25, of Evergreen, Colo., was held at an undisclosed location and was ordered to undergo psychiatric testing today to help determine his competency to stand trial, U.S. Attorney Charles F.C. Ruff said. A preliminary hearing was set for 10 a.m. EST Thursday.

There was no immediate indication of a motive for Monday's shootings which wounded Reagan in the chest, left White House press secretary James S. Brady in grave condition with a bullet wound to the brain and injured a Secret Service officer and a Washington, D.C., policeman.

Both the White House and the FBI said there was no evidence of a conspiracy to assassinate the president.

"There's nothing at this point... motive or conspiracy," FBI spokesman Roger Young told reporters.

But he added it would be "foolish if you etch that in stone at this point."

In Raleigh, N.C., Harold Covington, a leader of the National Socialist Party of America, said Hinckley once was a member of the neo-Nazi group but quit in 1979 because "he felt that we were not sufficiently militant for him."

Wearing blue prison-type clothing, Hinckley appeared subdued throughout a 45-minute midnight hearing

Monday at the federal courthouse two blocks from the Capitol as the U.S. attorney filed formal charges and a federal magistrate advised the defendant of his rights.

In addition to attempting to assassinate the president, Hinckley was charged with assaulting a Secret Service officer.

Attempting to kill the president carries a maximum

sentence of life imprisonment, while the charge of assaulting a federal officer is punishable by up to 10 years in prison and a \$10,000 fine.

At Thursday's hearing, the government must present enough evidence to convince the magistrate to send the case to a federal grand jury.

The sandy-haired Hinckley,

Vandalism Heavy On Town's Northwest Side

By ALLISON RYAN

Staff Writer

Hereford police officers are investigating a rash of vandalism which occurred during the weekend throughout the city with most of the crime concentrated in the northwest section.

Joe Schollenbarger, 138 Kingwood, reported five tires involving two different vehicles were slashed sometime Sunday night or early Monday morning. In addition, a window of the house was broken.

John Owsley, 249 Greenwood, reported an oily

substance was poured in the interior of his car and the seat was torn. The vehicle was parked in the driveway of the home Sunday night.

Jerry Hardin, 248 Douglas, also reported an oily substance was poured in his 1977 Chevrolet pickup sometime Sunday night while parked at the home.

Pam Rieathbaum, 109 Kingwood, reported someone threw a small rock through a bedroom window Sunday about 7:30 p.m. causing \$20 worth of damage. Ms. Rieathbaum was at her home when the incident occurred.

Dwain Pittenger, 111 Elm reported someone removed a small tool box containing aircraft tools from the back of his pickup sometime Sunday night or early Monday morning. The tools are valued at \$150.

Loretta Spears, 122 Northwest Drive, told police someone vandalized a basketball goal, which was placed in the front of the home, Saturday night or early Sunday morning.

Colby Lassiter, 247 Hickory, reported someone

Telethon Effort

Members of the HHS student council spent Saturday night and most of Sunday manning telephones for the Easter Seals telethon effort. The group took in \$1,698 in pledges for the telethon. Included in the effort were (seated from left) Jill Davis, Willa Bess Lawson and Becky Hughes, and (standing from left) Shelley Gerk, Sheri Jones, Trent Thomas, Sponsor Robert Priest, student council president Erick Alexander, Kirk Jones and Diane Warden. See story on Page 2. (Brand photo).

American Violence Decried After Assassination Attempt

By TIMOTHY HARPER

Associated Press Writer

Hollywood postponed its biggest party, churches stayed open late for the stricken faithful and world and national leaders decried American violence after the shooting of President Reagan.

The American and New York stock exchanges suspended trading. The National Collegiate Athletic Association championship basketball game in Philadelphia was delayed for a moment of silent prayer.

In Los Angeles, the Academy of Motion Picture Arts and Sciences postponed from Monday night to tonight its annual gala awards ceremony, which was to open with a taped tribute to the film industry from Reagan, the former actor.

Across the nation, hushed "Oscar" parties stayed sober as movie fans instead watched television replays of the attack and updated medical bulletins from Washington.

"With our prayers for those who have been wounded must go our resolution to rid our society of violence and to commit ourselves to do everything that we possibly can to eliminate hatred and the causes which contribute to hatred in our society," said Sen. Edward Kennedy, D-Mass.

Kennedy, whose brothers John and Robert were assassinated in the 1960s, was provided Secret Service protection in the wake of the attack which wounded Reagan, presidential press secretary James Brady, a Washington policeman and a Secret Service officer.

"Violence and hatred are alien to everything that this country is about," Kennedy said. "They do not bring about a change in policy. They deny what is best in our nation."

Three former presidents took the news with sadness. In Tokyo, former President Gerald Ford, who escaped two assassination attempts, said, "This incident is very disturbing, but I don't believe it reflects the attitudes or actions of Americans as a whole. I don't want to condemn the entire population."

Richard Nixon, in New York, had "been in touch with Washington," and he and his wife, Pat, were "praying that we'll all be able to live in a saner world," said Tricia Nixon Cox, the Nixons' daughter.

And former President Jimmy Carter said he and his wife, Rosalynn, "join the entire nation in prayer for the wellbeing of those wounded and for their families."

Former Alabama Gov. George Wallace, crippled for

life in a 1972 assassination attempt, said he was "thankful" that Reagan's life had been spared.

Vice President George Bush said he was heartened by doctors' reports that Reagan would recover and added, "I can reassure this nation and a watching world that the American govern-

ment is functioning fully and effectively."

Messages for Reagan were pouring into Washington from the watching world.

Shock, prayers and wishes for a speedy recovery were offered by British Prime Minister Margaret Thatcher. (See REACTION, Page 2)

Polish Crisis Ended With Labor Settlement

By THOMAS W. NETTER

Associated Press Writer

WARSAW, Poland (AP) —

Another Polish crisis has ended with the government promising to punish those responsible for the beating of union leaders 12 days ago and the suspension by the Solidarity labor federation of its call for a general strike today.

"Common sense and moderation have won," said Solidarity leader Lech Walesa after he and Deputy Premier Mieczyslaw Rakowski negotiated an agreement Monday. Walesa said he was satisfied with "70 percent of the agreement."

"Tomorrow we go to work," said Andrzej Gwiazda, the No. 2 man in the 10-million-member federation.

Solidarity's 55-member national coordinating commission was scheduled to meet today to ratify the agreement and call off the strike officially.

The resolution of the crisis removed another threat of Soviet military intervention that brought new warnings from the United States and its West European allies. The annual spring maneuvers of Soviet, Polish and East German troops, under way since March 20 and reportedly extended to put pressure on the Polish workers, were expected to end soon.

The latest and possibly the most serious dispute between Solidarity and Poland's Communist Party resulted from the government's first use of force since the independent labor movement won

legalization during the nationwide strike wave last summer.

Police on March 19 forcibly evicted 23 union leaders who refused to leave a government meeting in Bydgoszcz, an industrial city 170 miles northwest of Warsaw, following an inconclusive discussion of a sit-in by farmers demanding permission to form a union.

Three of the union men were so badly beaten they were hospitalized. When the government did not comply with Solidarity's demand for dismissal of officials it blamed for the police action, the federation widened its demands, held a four-hour warning strike last Friday and called a general strike of indefinite duration for 6 a.m. (See CRISIS, Page 2)

Police

vandalized his company car belonging to Pioneer Natural Gas. An oily substance was poured in the car sometime Sunday night.

Four residents living in the 200 block of Aspen had their vehicles vandalized late Sunday night or early Monday morning.

Arlo Deyhe, 220 Aspen, reported a tire on his vehicle was cut. L.V. Watts, 222 Aspen, reported the left front tire of his vehicle was slashed and Havoline Motor Oil was poured in the interior of the car. N.D. Kelso, 243 Aspen, reported a tire on his vehicle was cut and Ronnie Davies, 245 Aspen, reported that all four tires on his 1976 GMC pickup were slashed and the headlights turned on. Damage to the tires is approximately \$400.

Other residents who reported vandalism Sunday night or early Monday morning were Gary McQuigg, 133 Liveoak, who told police someone knocked down an outside light fixture and dented a door of the house. Estimated amount of damage is \$310.

Ronnie Osborn, 129 Mimosa, reported someone cut two tires on the vehicle that was parked at the home. Amount of damage has been set at \$160.

Martin Moore, 135 Ironwood, told police someone broke a window out of a vehicle that was parked at the back of his home.

Hollin Taylor, 248 Northwest Drive, reported a magnetic advertising sign that was on the side of a van was removed while the vehicle was parked at the home.

Betty Kriegshauser, 226 Centre, reported a prowler at her home about 11 p.m. last night, but officers were unable to locate anyone.

Vandalism reported in other sections of the city included Maria Alaniz, 626 Ave. F, who told police two windows were broken out of her vehicle while it was parked at the house.

Several thefts also occurred during the weekend. Hereford Independent School District told police

Bluebonnet Elementary School had been burglarized Saturday night or early Sunday morning in which change from a coke machine was taken.

The burglar or burglars gained entry through a north-side window.

Allsup, 112 Main, reported the theft of an undetermined amount of money. When the individual left the store early Sunday morning to dumb the trash, someone removed money from the cash register. Police do have a possible suspect.

7-11 store, Park Avenue and Highway 385, reported the theft of \$29.51 of gas taken early this morning. Police do not have a suspect.

Paula Mendoza, 321 Ave. J, reported her home was burglarized sometime Saturday night and an AM-FM stereo was taken.

Johnny Castillo, 407 Bennett, reported his home was burglarized while he was out of town this weekend. A large American flag and some change that was in a glass jar were taken. In addition, the refrigerator was turned over and several family photographs were torn.

Linda Ballejo, 714 Ave. F, told police the 1982 license plate sticker was taken from her vehicle while it was parked in the driveway of her home.

Two hubcaps were taken from a vehicle belonging to Andrea Campos, 619 Irving, sometime Sunday night.

Tanya Gauthreaux, 208 Star, told police someone stole her purse that was in a locker at Hereford High School. The purse contained \$6 and personal items.

Jessie Barrett, 342 Ave. D, reported that four tires which were at the front of the house were taken sometime Sunday night or early Monday morning.

Bobby Edwards, 305 Gracy, told police a bicycle valued at \$150 was taken from his home Sunday night or early Monday morning.

Two bicycles that were reported stolen Sunday afternoon were later found by of-

ficers the same day. Chris Price and Matt Gilliland told police their bicycles were taken while they were at Bowling's Bowl

Reagan

others, the intended victim was not wounded.

Brady, 40, underwent nearly five hours of surgery Monday afternoon and evening after a bullet passed through his brain.

"He obviously has significant brain injury and he is in critical condition," O'Leary said.

Vice President George Bush flew back to Washington after making a speech to a cattlemen's group in Fort Worth, Texas. He was given the president's schedule for today — which marks the administration's 10th week in office — including a Cabinet meeting, a conference with congress-

about 4:30 p.m. Officers later found both bicycles behind Avenue Baptist Church. The bicycle belong to Gilliland had both tires cut.

from page 1

sional leaders and a meeting with the visiting prime minister of the Netherlands.

"The president is an excellent physical specimen and we do not anticipate any problems. He was never in any serious danger," said O'Leary, dean for clinical affairs in the George Washington University School of Medicine, where where Reagan was taken in his armed limousine after the attack.

O'Leary said the 70-year-old president's "vital signs were absolutely rock stable throughout the whole thing." He said the bullet was found "several inches" from Reagan's heart.

Hinckley

represented by two court-appointed lawyers, often answered "Yes, sir" when Magistrate Arthur L. Burnett asked if he understood his constitutional rights.

Reporters waited more than nine hours for Hinckley to arrive at the heavily guarded courthouse, and then they were frisked by a U.S. marshal before taking their seats.

Ruff told Burnett over defense objections that the FBI interviewed several people who knew Hinckley, including his parents, who described their son as "wandering, aimless and ir-

responsible." According to the prosecutor, Hinckley has never been employed, has enrolled and dropped out numerous times from Texas Tech University and has been under psychiatric care.

He was arrested last Oct. 9 in Nashville, Tenn., and charged with illegal possession of three weapons, and ended up forfeiting his bond in that case.

"When he was arrested Oct. 9, President Jimmy Carter was present in that city," Ruff said, adding that Hinckley purchased another weapon on Oct. 13.

'Meet the Candidates' To Be On Cablevision

Residents who were unable to attend the chamber of commerce's "Meet the Candidates" forum last week have two opportunities to view the program in its entirety this week. According to local cablevision manager, Lloyd Ames, Hereford Cablevision will carry a tape of the program at 7 p.m. tonight, and again at the same time, Friday, April 3.

Eight persons vying for three seats on the Hereford Independent School District Board, and two opponents for a city council seat are featured on the program. The eight school board candidates include R.C. Hoelscher, Bill

Townsend, Johnny Gamez, Jerry Walls, Anne Ivey, Tom Simons, James Self, Don T. Martin, Place 2 City Commissioner Ed Coplen and his opponent Rinaldo Garcia were also on the program, giving their views on several subjects.

Absentee voting for the general election Saturday, April 4 was to end today at 5 p.m. A light turnout of absentee voting had been experienced through last week.

Also on the ballot April 4 will be unopposed candidates Mayor Bartley Dowell and Place 1 City Commissioner Wes Fisher in addition to hospital board members Dr. Gerald Payne, Ed Reinauer, Jr., and Warner Lawson.

Canyon News Gives Slim Chance for Lake

There is not much hope that anything will be done in the foreseeable future to repair the dam at Buffalo Lake Wildlife Refuge, it was reported Sunday in The Canyon News.

According to the article, Jim Beers, chief of the branch of operations, Division of Refugees, U.S. Fish & Wildlife Service, told The News that the projected cost for repairing the dam is more than has been allocated for the entire Division of Refugees.

Beers said it is his understanding that it would cost \$10 to \$12 million to put the Buffalo lake dam in good shape.

Area residents have been trying to get the dam repaired since the floor in Canyon in May of 1978. The refuge contains more than 7,000 acres and is the habitat of coyote, deer, eagle and other Panhandle wildlife. Until the water dried up, it was the wintering place for thousands of Canadian geese.

The News reported that most of the geese and ducks which once wintered there have found homes elsewhere, largely at huge playa lakes in Deaf Smith County.

While the Hereford Police Department was kept very busy over the weekend with a variety of calls, other law enforcement agencies in the county sailed through a "real quiet" period. In addition, the Hereford Volunteer Fire Department answered only three calls since Friday.

A spokesman for the Deaf Smith County Sheriff's Office reported no activity over the weekend. Likewise, DPS officer J.C. Lambert said the weekend was "real quiet, the kind we like." The DPS did investigate one accident Monday night, where a vehicle hit

and killed a small calf about three miles East of Hereford. Minor damage to the vehicle involved was reported.

The HVFD answered a call to 226 Beach Friday, but found no blaze except in a smoker in the backyard of that residence. The firemen also extinguished a pickup fire at Big Daddy's over the weekend, and answered an alarm at Champion Feeders this morning. According to the fire department spokesman the fire in a work shop at the feed yard had been put out by hand extinguishers by the time fire units arrived at the scene.

Residents Contribute \$1,700 To Local Easter Seal Telethon

Almost \$1,700 was raised locally during the Easter

Seals Telethon, a national effort which ran from 10:30 p.m. Saturday to 6 p.m. Sunday. Student volunteers from Hereford High School, supervised by student council sponsor Robert Priest, collect \$1,698 in pledges for the telethon while manning phones at Lone Star Agency.

Priest, pleased with the group's effort, said "It's a real pleasure to work with kids who'll donate their time and energy for such a good cause. I think their parents

and the community should be very proud of these students."

A total of 29 HHS students volunteered time during the telethon. Other adult sponsors were Mr. & Mrs. Bobby Boyd and Mrs. Reese Lawson, as well as contributing sponsors McDonald's, Hobo's Fried Chicken, Allsup's, and Pizza Hut.

"I would also like to thank the people we contacted on the phones," Priest said. "We received 221 positive responses during the

telethon." "And, we especially appreciate Lone Star Agency for letting us use their office, and the other sponsors, who donated food and refreshments to help keep us going."

The HHS student council was well represented during the telethon with 27 of its members volunteering their time. In addition, HHS students Linda Garcia and Annette Limas helped out. Student council members working the phones included president Eric Alexander, and Keith Lyles, Beth Owen,

Connie Huffaker, Tricia Gamez, and Cathy Trolinder. Also, Sandy Brownlow, Marsalynn King, Melissa Brewer, Sharon Skaggs, Holly Veigel, Stephanie Foster, Trent Thomas, Willa Bess Lawson, Jennifer Eggen and Dana Ulibarri.

Also, Margaret Rodriguez, Jill Davis, Sheri Jones, Shelley Gerk, Diane Warden, Becky Hughes, and Kirk Jones.

And, Crystal Zinser, Karen Compton, Brent Boyd, and Darlene Stovall.

Professorships Established at Tech

LUBBOCK — An endowed professorship in law honoring former House Appropriations Committee Chairman George H. Mahon and an endowed professorship in engineering have been established at Texas Tech University with a gift from Charles Bates "Tex" Thornton, chairman of the board and chief executive officer for Litton Industries.

Both men and their wives were honored in a public reception today in the University Courtyard. Texas Tech President Lauro F. Cavazos, Engineering Dean John R. Bradford, interim law Dean Richard Hemingway and Electrical Engineering Department Chairman Russell H. Seacat will give brief comments at the reception.

The George Herman Mahon Professorship will be the first for the School of Law. The Charles B. Thornton Professorship in Engineering will be the third endowed professorship for the College of Engineering. The professorships were endowed by a \$400,000 gift from Thornton.

In 1977 when Mahon announced he was retiring from

Congress, he was the dean of the House of Representatives. He served 44 years in Congress. When elected to Congress in 1934, Mahon became the first representative from the newly created 19th District. During his congressional tenure, Mahon served under eight presidents, beginning with Franklin D. Roosevelt. Only six other Congressmen have ever served longer in the House of Representatives than Mahon.

Mahon was appointed to the powerful House Appropriations Committee in 1939 and became chairman of its subcommittee on defense in 1949. He became chairman of the full 55-member Appropriations Committee in 1964.

Numerous organizations have honored Mahon for his service to his nation, his state and his district. Mahon has received honorary doctoral degrees from several universities, including Texas Tech. The hallmarks of his congressional career were integrity and humility.

Thornton established Litton Industries in 1953 and was its first president, first chairman of the board and first ex-

ecutive officer. His tenure as chairman of the board and chief executive officer has been uninterrupted since the company's establishment.

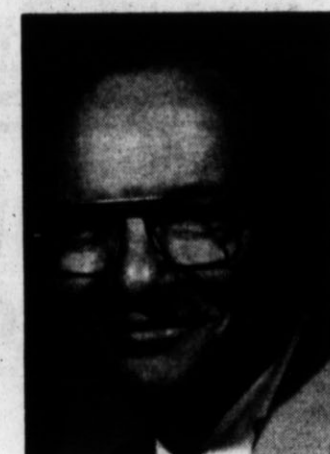

Today Litton Industries has annual sales of about \$4.5 billion. The company has over 100 divisions in areas as diverse as shipbuilding, calculators, machine tools and cash registers. Litton operates in 39 states and 22 foreign countries.

A native of Knox County, Texas, Thornton received his early education in Haskell. He later attended Texas Tech

and George Washington University. He received a bachelor's degree of commercial science in 1937 and has since received four honorary doctoral degrees, the first from Texas Tech in 1957.

After serving in World War II, Thornton was director of planning for Ford Motor Co. for two years and was vice president and assistant general manager for Hughes Aircraft Co. and vice president of Hughes Tool Co. for five years before founding Litton.

Obituaries

LEO JOSEPH OHLIG

Leo Joseph Ohlig, 54, a lifetime resident of Hereford died Sunday at Deaf Smith General Hospital.

Rosary service will be held tonight at 7 p.m. at Rose Chapel of Gilliland-Watson Funeral Home. Funeral services will be Wednesday at 10 a.m. at St. Anthony's Catholic Church with the Rev. Paul Haefner, pastor, officiating. Burial will be at St. Anthony's Cemetery under the direction of Gilliland-Watson Funeral Home.

Mr. Ohlig was born April 4, 1926 and married Dorothy Young Aug. 30, 1948 at Hereford. He was a realtor, a World War II veteran serving in the United States Navy, a member of St. Anthony's Catholic Church and the Knights of Columbus.

Survivors include the widow, of the home, 409 Blevins; five sons, Bill of Broken Arrow, Okla.; Tony of Fort Worth; Ron of Austin, Wade of Lubbock and John of Hereford; two sisters, Margaret Zinser of Hereford and Sister Helen Ohlig of Greenwich, Conn.; and a granddaughter.

JOSEPH E. HOLDEN

Services are pending with Rix Funeral Directors for Joseph H. Holden.

Mr. Holden died this morning at High Plains Baptist Hospital at Amarillo.

JOSE A. VALDEZ

Services were held today for Jose A. Valdez, 51, who died Sunday.

Services were held at Iglesia de Christo with John Moncada, minister, officiating. Burial was at St. Anthony's Cemetery under the direction of Gilliland-Watson Funeral Home.

Mr. Valdez was born in San Antonio and married Antonia Garcia in 1955 there. They moved to Hereford in 1965 from San Antonio. He was a

manager of a self-service laundry.

Survivors include the widow, of the home; his father, Jesse M. Valdez of Corcoran, Calif.; two brothers, Jesse Valdez Jr., of Antioch, Calif.; and Joe Valdez of Atascadero, Calif.; four sisters, Mrs. Genieve Quiroz of Petersburg, and Mrs. Ruth Burnias, Mrs. Janie Rios and Mrs. Mary Arce, all of Corcoran.

IRENE P. BALLARD

Irene P. Ballard, 87, died Monday at Westgate Nursing Home after a lengthy illness.

Services will be held Wednesday at 2 p.m. at the First Methodist Church at Haskell, Texas with the Rev. William McReynolds, pastor, of the First United Methodist Church here, officiating. Burial will be at Haskell Cemetery under the direction of Rix Funeral Directors of Hereford.

Mrs. Ballard was born July 28, 1893 at Lone Grove, Oklahoma, Indiana Territory. She married Labry Ballard Sr., April 1918 at Haskell. Mr. Ballard died in 1921. Mrs. Ballard had lived in Hereford for 19 years.

A teacher for many years, Mrs. Ballard was a life time member of the National Education Association, Texas Teachers Association and Delta Kappa Gamma. She was also a member of the First United Methodist Church and the Order of Eastern Star.

Survivors include a daughter, Helen Spinks; a son, Labry Ballard; and a brother Carl Perrin; all of Hereford; five grandchildren, eight great-grandchildren and several nieces and nephews.

Reaction from Page 1

Zenko Suzuki, Chinese Japanese Prime Minister Premier Zhao Ziyang, Canadian Prime Minister Pierre Elliott Trudeau, United Nations Secretary-General Kurt Waldheim and Israeli Premier Menachem Begin.

French President Valery Giscard d'Estaing sent a telegram expressing "my very warmest and friendliest wishes for your complete recovery and the pursuit of your activity in the leadership of the United States."

In Lima, Peru President Fernando Belaunde Terry said it was "dignified" that Reagan walked into the hospital under his own power.

The Soviet news agency Tass' only initial word was a flat two-paragraph statement reporting the shooting without comment.

Brady from Page 1

sidewalk, dropping face down, blood spilling from his wound.

Inches from his body, Secret Service agents wrestled a suspect to the ground.

Brady underwent nearly five hours of surgery in which surgeons used a microscope to assess the extent of brain

Crisis

from Page 1

today. The agreement negotiated by Walesa and Rakowski said the government was investigating law enforcement officials who failed in their duty to "ensure security and immunity" to the unionists and was suspending them in the meantime.

Promising an "energetic" investigation, the government said legal action would be taken against those who beat the union men. But it said it also expected Solidarity and other labor and social organizations "will not jeopardize the peace of the country" by such "action contrary to the law" as sit-in strikes at government buildings.

damage and removed irreparably damaged bits of tissue and bone. Dr. Dennis O'Leary, the hospital spokesman, said.

Lyn Nofziger, a White House aide, quoted the chief surgeon in the operation as saying "the prognosis is certainly better than it was earlier this afternoon."

He said the surgeon, Dr. Arthur Koblitz, reported that Brady's vital signs were stable and that his pupillary reflexes were normal, which he said was an encouraging sign.

Earlier O'Leary told reporters that brain damage "probably is likely."

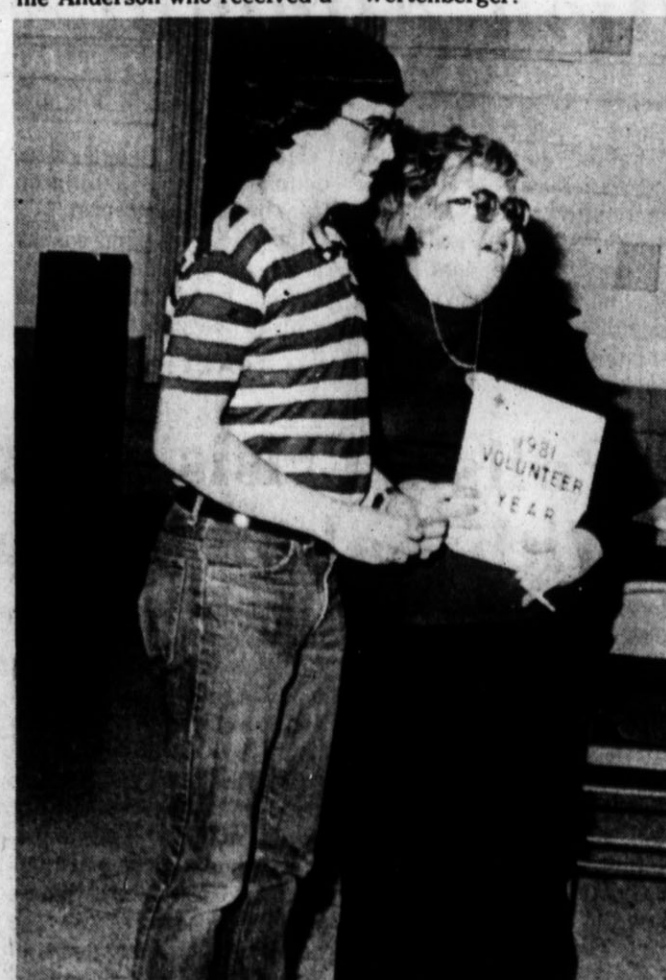

Asked if Brady is fighting for his life, O'Leary replied, "I would say that any time a patient is in critical condition he is fighting for his life."

Nofziger said Koblitz believes there "may be some (brain) impairment but he doesn't know how much at this time. He said it might be some time before that is known."

Brady had assigned another press aide to accompany the president to the Washington Hilton Hotel, but decided to go along after completing the daily White House briefing for reporters.

Volunteer of Year

Ruth Romero gives special recognition to Greg Palmer for his help with the Red Cross program. Ruth Romero, right, and Lottie Wertenberger, not pictured, were named Volunteers of the Year when the Red Cross held its annual Family Fun Night Saturday at the Hereford Community Center. Palmer was presented a youth service pin for his work within the program.

Derby Winners

Cub Scouts of Pack 54, Den 1 are the winners of the recent Pine Car Derby. Den 1 and 2 participated in the competition with Den 2 taking the top five awards. Shown from left are Jason

Lueb, first place; Brendan Banner, second place; Shawn Scumbato, third place; Ethan Burelsmith, slowest car winner; and Johnny Malouf, best decorated car.

Layette Shower Honors Mrs. Black

Mrs. Greg Black was honored with a baby shower Saturday morning in the home of Mrs. Jim Perri. 2018 Plains. Mrs. Steve-Hodges was co-hostess for the event.

The refreshment table was laid with an ecru lace table cloth and centered with an arrangement of yellow daisies and miniature pink carnations. Pewter and crystal ap-

pointments were used. Special guests for the shower included the honoree's mother, Mrs. Charles Hoover; her mother-in-law, Mrs. Herschel Black; her grandmother, Mrs. Blanche Williamson; her sister, Mrs. Jerry Sublett; her niece, Jill Sublett; and her sisters-in-law, Mrs. Steve Horrell of Canyon and Mrs. Carey Black. Eleven other guests attended.

4-H Firsthand

4-H Helps Prepare Them for Big Event

By PENNY CRIBBS
County Extension Agent
A young girl spends hours dreaming of the man who will someday ride his "great white horse" into town and swoop her off her feet. Taking her into the sunset to live happily-ever-after. (Ahh-you remember those dreams too!).

After reading the article Louise Walker, my supervisor, wrote for her newspaper article next week (don't miss it) I was inspired to write this article. So, if it seems a bit personal -- GOOD, that's exactly what I want!

Encouragement is what I want to give my 4-H parents in this article! To do this, I am going to share a great joy that has filled my life right now, and how the relationship I developed with my parents helped to double that joy!

As most of you know, I now wear a beautiful diamond solitaire ring on the third finger of my left hand. No, he didn't ride a "great white

horse," instead he swooped me off my feet as I sloshed chili in the 4-H concession stand at the Hereford livestock show and he helped run the hog show. (By the way, the hogs were white after they were pasted - and so was he!) Not only is Doug my fiance, but my "best" friend as well. He is the one God created just for me. The one God has spent 22 years preparing me for - God always promises the very "best" to those who will wait on Him and listen to His voice. Never in my deepest prayers or wildest dreams did I ever expect Him to give me someone I could love so deeply and respect so greatly. Come August 14th, we will walk down an aisle to live, with God's help, happily-ever-after!

Storybook tale? I guess you could think so - but one must remember that without God and our parents, neither of us would be the people we are today, and look what we would have missed. My parents and I spent hours together - washing livestock, baking bread, sewing garments, and the list could go on. The point is, we spent time together and developed a close relationship full of love and understanding - preparing me for this event in my life.

How does that affect Doug and I? We are not only marrying each other, but each other's families as well. Upon doing this, Doug inherits the relationship with my parents, and I inherit his relationship with his! I am proud and happy to say, that both of us feel fortunate! Because of these relationships, we not only have role models, but our joy has been doubled by their blessings - and it really does make a difference!

I know you must think, "Wow, she's really trying to give 4-H a plug!" Well, you're RIGHT! I believe deep in my heart that 4-H did provide the avenue for my parents and I to grow together. It has helped prepare me for one of the biggest and happiest moments of my life - and isn't that what being a parent is all about? Preparing your children for life ahead and then sharing in their joys and sorrows!

If times seem rough now - think about all the joys ahead. Imagine the pride and joy you as a parent will feel (just as my parents feel now) knowing you've prepared your daughter and son for one of their biggest steps in life!

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

Bluebirds Plan Trip

Members of Backyard Bluebirds were congratulated for a great turnout at the recent Campfire banquet when they met recently at the Campfire Lodge. Amy Faulkner and Lupe Baldarama were presented candy sales awards.

Members were reminded of the Mini Venture to Wonderland Park in Amarillo set for April 4. Plans for the upcoming art show were also discussed. Theme for this year's art show is "Printing." Girls were reminded to bring a fee of \$1.35 for the art project fee. It was announced that the next meeting will be held Thurs-

day.

The meeting was called to order by president Amy Faulkner. The candle was lit by Christine Cruz and Lupe Baldarama. Lammie Holmes led the pledge to the flag and the Bluebird Wish was led by Stacy Cockeran.

The Who Bird books were worked on and girls were reminded they should be completed at home as soon as possible and returned to the leader.

Refreshments were served by Samantha Macias. Her assistants were Lammie Holmes and Anissa Gonzales.

The meeting was completed with a Friendship Circle and a Bluebird Wish led by Samantha Macias. Lupe Baldarama and Stacy Cockeran were the clean up committee.

Hospital Notes

At Wits End By ERMA BOMBECK

At midnight on New Year's Eve, my friend and I put our left hands over the phone book, raised our right hands and solemnly swore that from this day forward we would no longer gossip about our friends, so help us Rona Barrett.

We have not carried on a conversation longer than a minute and a half since.

The other day I couldn't stand it. "You know what's wrong with you?" I snapped. "You're a boring, shallow, uninteresting person."

"I hope you said that with love," she smiled wryly. "I am sick of being good. Thanks to you I have lost all of my friends. How do you think I feel, sitting there around viciousness and not being able to join in? I feel like someone clipped my tongue."

"Look," she said, "we agreed if we couldn't say anything nice about anyone, we'd say nothing."

"Exactly. Do you know what it's like to sit around and talk about static electricity from your pantyhose for three months?"

"We didn't agree not to discuss anyone. We just said we'd have to present them in a good light. Now, let's try to carry on a conversation. Did you hear they gave a surprise birthday party for Kay last week?"

I thought for a moment. "Did she show up for it?"

"Yes, why?"

"I'm glad. The poor dear hasn't shown up for her last eight birthdays. But she is a good mother. We saw her in church last Sunday with her children."

My friend measured her words carefully. "For that she should be canonized. If the Good Lord had meant for Kay to take her children to church, He would have put a job at the end of every pew."

"True. I hear she's very happy about her pregnancy."

"Who wouldn't be? She's almost assured of a PTA presidency with her 27 years experience."

"Yes, wonderful, wonderful Kay. She could find fun laundering dust balls."

"Speaking of dust, have you heard from wonderful Ethel lately? I do admire anyone who can sort the priorities in her life and put them in perspective. Is she still playing the ponies?"

"I think so. You know we've been talking for ten minutes or so and not once have we been vicious. You see how easy it is not to talk about our friends?"

"Yeah, but next year it's going to be harder. We're going to include the word, 'whisper.'"

Couple to Wed

Mr. and Mrs. Larry Taylor of Friona announce the engagement and approaching marriage of their daughter, Kimberley Dawn Taylor, to Ronald Allen Sanders, son of Mr. and Mrs. Ray Sanders of Hereford. Wedding vows will be exchanged on Saturday, May 30 at 5:30 p.m. in Calvary Baptist Church in Friona. Miss Taylor will graduate from Friona High School in May. Sanders is a graduate of Hereford High School, West Texas State University and vice president of Ray's Welding & Industrial Supplies, 1221 East First. The couple will reside in Hereford.

Roberta McNeese Elected Alpha Iota Mu President

Members of Alpha Iota Mu and their husbands met at the Cason House Saturday for dinner and afterwards were guests in the Sid Shaw home for games.

The sorority met last Thursday night in the home of Mary Brinkman and officers were elected for the coming year. Those elected were: Roberta McNeese, president; Terri Laing, vice president; Mary Brinkman, recording secretary; Charla Edwards,

treasurer; Susie White, corresponding secretary; Siera Hammett, extension officer; and Tonja Gilliam, Shirley Robison and Mardel Robinson with alternate Ginger Wallace, city council representatives.

Program for the evening was "Speech as Concerned with Conversation" presented by Mrs. Robinson.

During the business meeting conducted by Mrs. Shaw, members were

reminded of the April 11 Easter egg hunt for the members' children, rituals on April 23 and of Founders Day on April 30.

Refreshments were served by Mary Brinkman and Connie Matthews.

The group's next meeting will be April 2 at 8 p.m. with Roberta McNeese serving as hostess. Co-hostesses will be Glenda Nigh and Charla Edwards. Mrs. Laing is in charge of the program and will present guest speaker, Sheriff Travis McPherson who will speak on rape.

A new member, Kay Williams, was welcomed to the sorority.

Attending the meeting were Trisha Britten, Sharon Bodner, Patsy Douglas, Janie Street, Susie White, Michelle Brisendine, Mmes. Shaw, Robinson, McNeese, Edwards, Laing, Nigh, Gilliam, Robison, Hammett and two hostesses.

Cruise Party Held In Barrett Home

Mr. and Mrs. Ed Barrett, 329 Douglas, were hosts to a "Share Your Photo" party Saturday evening in their home. Guests were those who recently returned from the Hereford Brand sponsored Caribbean Cruise.

The group surprised tour directors, Mr. and Mrs. Speedy Nieman, with a brass candelabra.

The evening was spent looking at photographs individuals took on the cruise. Hors d'oeuvres, prepared by those in attendance, were served.

Guests attending the party included Mrs. R.E. Donovan and Mrs. Doug Meador of Matador; Mr. and Mrs. Rex Wells and Mr. and Mrs. Jack Straw of Friona; Mr. and Mrs. Craig Nieman of Littlefield; Gary and Gregg Yosten, Gary Schumacher, David Zinser, Messrs. and

Women's Forum Members

Newest and oldest members of the Deaf Smith County Women's Forum are honored for their participation in the organization. The club met Monday at the Hereford Community Center for its semi-annual meeting. Shown from left are Brenda Campbell, president; Carla Holinger, representing Young Mother's, Gail

Blain, representing Young Homemakers; Tracy Coker, representing Young Mother's, all new members of the forum; and Mr. Ray Johnson, and Mrs. L.H. Lookingbill, representing Pioneer Study Club, members since the forum's organization in 1929.

Learning Fair for Children In Amarillo

CANYON -- The Panhandle-Plains Historical Museum, located on the West Texas State University campus, will celebrate the Week of the Young Child Monday, April 6, through Thursday, April 9.

The Golden Spread Association for the Education of the Young Child will host a Learning Fair in Western Plaza in Amarillo Monday, April 6, through Wednesday, April 8, in conjunction with the celebration.

Deadline for registration for both events is Wednesday, April 3.

Time schedules for the activities at the museum are 9-10 a.m., 10-11 a.m., 11 a.m.

to noon, 1-2 p.m. and 2-3 p.m. each day.

Each one-hour session is limited to 20 children, ages three through five.

A meal will be served on Monday and Tuesday. The meal is optional and the cost of each meal is \$1.

The museum activities will begin Monday, April 6, at 9 a.m. These activities will include a 1916 roundup film, a cowboy presentation, a visit to Pioneer Village and a "cowboy meal," at the T-Anchor ranch house.

Tuesday's events include a Kwahadi Comanche Indian dance presentation, Indian music, Indian culture and artifacts and an "Indian meal,"

which will be served around a teepee made by the vocational office education students at Canyon High School.

Pioneer life will be featured on Wednesday with a pioneer craft demonstration and "Pioneer Village Comes to Life."

Thursday's activities include crafts and art and "learn-and-feel" in the geology-anthropology section of the museum basement.

The Learning Fair will consist of approximately 10 booths each featuring one area of education for young children ages three to five.

The booths are sponsored by child care centers, com-

munity centers and religious child care centers.

The purpose of the Learning Fair is to educate and involve parents with their young children, said Earleen Huff, president of the Golden Spread Association for the Education of the Young Child. She also is the director of the WTSU Children's Center.

Barbara Cook, education director at the Amarillo Paramount Baptist Church, is chairman of the Learning Fair.

Additional information on the activities at the museum may be obtained from Suzanne Hewitt, director of education at the museum.

We're proud to give you more!

"THERE'S ONE NEAR YOU"

Ann Landers

Too Old For Such Problems

DEAR ANN LANDERS: My husband is in his late 70s and I am 12 years younger. We have raised seven children. I had to scrimp in ways you wouldn't believe—always bought second-hand clothing, furniture and cars. We rarely purchased anything new.

No matter how tight things were, Harry always put aside some money out of every paycheck. It was an obsession with him. So we now have a sizable bank account.

Harry announced last week that he is going to buy a large home that will cost \$100,000. I think he must be insane. At our age we should be moving into a smaller place, not a bigger one. If we buy this home it will take our entire life's savings. What's more, there wouldn't be enough left to furnish it properly. We could not afford to hire help, and I am not able to take care

of the place myself.

The worry over what this will do to my life has given me high blood pressure. I feel helpless because everything is in Harry's name. I have begged him for years to make out a will. He won't do it. He keeps accusing me of wanting him to die so I can have everything. Please help me. I would feel disloyal if I talked to my friends or family about this.—Too Old For Such Problems

DEAR PROBLEMS: A man in his 70s who has scrimped and saved all his life and now wants to spend \$100,000 on a large home sounds like he has lost touch with reality.

Obviously, Harry does not listen to you. Enlist the help of a clergyman, a doctor or a lawyer—a person your husband respects. If someone doesn't get through to this

man, he is headed for disaster—and you'll go over the cliff with him. Moreover, if he dies without a will, you may go over the cliff ALONE. What a lovely "thank-you" for a lifetime partner who raised seven children and wore second-hand clothes. Good luck to you, dear. You are going to need it.

DEAR ANN LANDERS: I would like to offer the following advice to the parents of the 13-year-old boy who enjoys wearing ladies' undergarments.

The boy has a fetish that is firmly established. He will not "get over it." Fortunately, this proclivity is harmless, unless he is forced to steal feminine underwear.

My advice is to have a frank talk with him. If he admits a need for this kind of apparel, buy him what he wants and forget it. A few more pairs of panties in the wash won't make that much difference, but being arrested for petty theft can create a lifelong fear of embarrassment.

Believe me, I know what I'm talking about. I've had

the problem for over 30 years. I also have a beautiful family and an understanding wife. My life would have been a lot easier if my parents had understood. Even a juvenile arrest record is hard to erase.—In The Moccasins And Know The Path Well

DEAR MOC: Your letter may be considered shocking to some, but the advice you have offered is solid. I endorse it.

CONFIDENTIAL to Hoping You See The Problem In Scarsdale: I see it clearly. In a few years your husband is going to see something, too. He'll see children who consider him a stranger and they will want very little to do with him.

Don't flunk your chemistry test. Love is more than one set of glands calling to another. If you have trouble making a distinction you need Ann's booklet, "Love or Sex and How to Tell the Difference." Send a long, self-addressed, stamped envelope with your request and 50 cents to Ann Landers, P.O. Box 11995, Chicago, Illinois 60611.

Cultural Club Members Have Cookery Dinner

Members of the Cultural Extension Homemakers Club had a dinner of slow cookery dishes when they met at the home of Mrs. Grady Parsons Friday.

Mrs. Parsons gave a demonstration about slow cookery in conjunction with the meal.

The club was reminded of the Texas Extension Homemakers Association meeting in Amarillo Thursday and of the Health Fair

April 28 in Hereford.

The club will meet again April 10 at the home of Mrs. Bertha Dettman.

Members present were Mrs. Parsons, Mrs. John Hunter, Ella Stehr, Mrs. J.C. Gandy, Mrs. Bertha Dettman and Fannie Townsend.

Guests at the meeting were Gladys Miller, Mrs. Earl Dehart, Mrs. Horace Hershey and Louise Walker, county extension agent.

Harry L. Everett, D.D.S.

Herd Cindermen Place Sixth in Strong Field

The Hereford Whiteface tracksters claimed sixth place in the strong field of the San Angelo Relays Saturday. Felix Soliz and Norman Brown took second places in their specialties, and the 1600 relay team was third to lead the way for the Whitefaces.

Soliz was second in the 800-meter run with a time of 1:58.8. He was runner-up to Brent McCarty of San Angelo who was clocked at 1:58.6.

Brown was runner-up in the 400 meters as he raced to a 49.47 clocking. Arthur Hawkins of San Angelo won the event in 49.13.

Hereford's 1600-meter relay team had a time of 3:27.5 in capturing third place. El Paso Eastwood took that event in a time of 3:19.14. Plainview was fifth in the race.

Alfred Ball scored a fourth-

place finish in the 300 meter intermediate hurdles with a time of 40.77. He was runner-up to Terry Greene of Eastwood who ran a 39.19.

Host San Angelo took the team title with 164 points, followed by Eastwood 159, Big Spring 48, Odessa 43, Plainview 35.5, Hereford 34, Wichita Falls 26, El Paso 25, Abilene High 22, Abilene Cooper 13.5, Ysleta 11.

Whiteface Girls Seventh In Lubbock Track Meet

The Whitefaces girls scored 53 points and took a seventh-place position in the Lubbock Invitational Track meet Saturday.

Deborah Rogers was the only first-place finisher as she clocked a 2:27.2 to win the 800-yard run. The Hereford mile relay team was second behind Canyon.

Members of the mile relay team were Rogers, Lori Albracht, Michelle Osborn

and Allyson Thomas. They recorded a time of 4:13.6 in the event.

Thomas was fourth in the 440-yard run with a time of 64.0. The team had two sixth-place finishes. Angela White was sixth in the high jump with a 5-1 effort, and the 440-relay team was sixth.

Members of the sprint relay team were Sandy Brownlow, Lori Albracht, DeDe Dobbins and Kristi

Walterscheid. They had a clocking of 51.9, compared to Amarillo's winning time of 50.1.

Amarillo Tascosa captured the team championship with 91 points, and Canyon was runner-up with 68. Next were Amarillo, 67, Coronado 62, Abilene Cooper 59, Lubbock Estacado 50, Hereford 33, Plainview 30, Dunbar 28, Big Spring 28, Monterey 22, Lubbock 12, Abilene 8.

Washington, Cunningham Pace Rodeo Team Action

Paced by first-place wins by Brett Cunningham and Lee Washington, the Hereford High Rodeo Club

held onto first place in the season standings of the boys' division following action in the Happy Tri-State High

School Rodeo this past weekend.

Washington was first in steer wrestling with a time of 10.7 and was fifth in calf roping with a time of 14.7. Cunningham was first in calf roping with a time of 10.59.

Tony Wilcox and Mike Butcher placed third and fourth, respectively, in bull riding at the Happy rodeo. Rita Ward was third in barrel racing with a time of 19.78. Other members riding at Happy included Clifton McElhaney, Steve McConnell, Shawn McConnell, Scott Wilcox, Jenness Self, Blake Johnson, Robert Esqueda, Mark Urbanczyk and Brent Self.

Cunningham is currently third in the All-Around Cowboy rankings with 61 points, and Washington is fifth with 59 points. Cunningham ranks second in calf roping while Washington ranks second in steer wrestling.

Other season standings: Steve McConnell is third in steer wrestling; Tony Wilcox is third in bull riding; Scott Wilcox is 6th and Robert Esqueda is 11th in bull riding, and Blake Johnson is 7th in team roping. The boys lead the Tri-State Rodeo Association standings with 204.5 points.

In girls' events, Rita Ward is third in barrels, sixth in pole bending and sixth in break-away roping. She is sixth in the All-Around Cowgirl standings. The girls team is in fourth place in the team standings.

The Hereford Rodeo Club goes to Plainview for its next Tri-State action April 4-5.

Sister Duo Wins

Sisters Clarie (left) and Dolly Montemayor teamed to win the girls' doubles crown at the Fort Stockton Tennis Tournament last weekend. The Herd duo survived a tough semi-final match to go on and cop the title in leading the Whitefaces to a third-place team finish at the tourney. (Brand Photo).

In Hereford Junior High Meet

La Plata Girls Win Two Divisional Crowns

La Plata's girls' teams came close to a sweep in the Junior High Track and Field Meet held here Friday and Saturday.

The La Plata fems were first in the 9th and 8th grade divisions, but finished second in the 7th grade action. Stanton's girls finished fifth, second and sixth, respectively, in the divisions.

In boys' action, Stanton took third, second and sixth in the 9-8-7 divisions. La Plata was fourth, sixth and fifth.

Canyon won the boys' 9th grade title; Pampa took the 8th grade team championship, and Plainview Red won the 7th grade title.

Plainview won the girls' 7th grade title to keep La Plata from sweeping the divisions.

La Plata's girls tabbed 160.5 points in the 9th grade triumph. Dana Cabbiness was a double winner in the long jump and triple jump, second in the 200 meters, and she also ran legs on the winning 800 meter relay team and the second-place 400 meter relay team.

Other first-place winners were Laura Thomas in the shot put; Sheri Barber in the 3200 meter run, Paula Mason in the 400 meter run.

La Plata won both the 800 meter relay and the 1600 relay and was runner-up in the 400 meter relay. Members of the 800 meter team were Dallas Phillips, Lori Walterscheid, Paige Phillips, and Cabbiness. Members of the 1600 meter team were Walterscheid, Phillips, Marte Carlile and Mason. Phillips, Cabbiness, Carlile and Mason made up the 400 relay.

Stanton's girls were third in the 400 and 800 relays, while Alaniz had the best individual finish with a second in the 1600 meter run.

In the 8th grade division,

La Plata scored firsts in the 1600 meter relay (Carla Alford, Troyce Schuder, Yvette Gamboa, Sandra Valdez); Molly Keating in the 1600 meter run; Marizelda Soliz in the 200 meters; Elma Cruz in the 800 meters; Diana Devers in the shot put. La Plata had 131 points to 110 for runner-up Stanton. First places by Stanton included Gonzales in the discus; 400 meter relay team; 800 meter relay team; Redmon in the 100 meter dash.

La Plata was second to Plainview, 110 points to 93, in the 7th grade division, while Stanton was sixth with 48 points.

Stanton's Cummings was a double winner in the 7th grade division as she scored firsts in the 100 meter hurdles and the 1600 meter run.

In the boys' division, Stanton was third and La Plata fourth in the 9th grade. La Plata's Stribling was first in the 100 meters and 200 meters and he was also fifth in the shot put. Martinez was first in the 300 meter hurdles.

For Stanton, Jones was first in the pole vault; Terry won the 110 meter hurdles; Ramirez was first in the 400

meters, and Stanton won the 1600 meter relay.

Stanton was second in the 8th grade division, with Ramirez taking the only first place with a win in the 1600 meter run. The 1600 meter relay team was also first. Redos contributed second places in the high jump and 300 meter hurdles and was fourth in the long jump. La Plata's boys were third in the 400 meter relay and 1600 meter relay.

La Plata was fifth and Stanton sixth in the 7th grade division. Compton led La Plata with firsts in the 100 meter hurdles and 300 meter hurdles, and he was second in the discus, fourth in the shot and fifth in the long jump. Martinez won the shot. For Stanton, Holguin was a winner in the 800 meters.

Vern Mikkelsen is the all time leader in fouling out of pro basketball game, being forced to leave 127 times.

Archie Manning, quarterback of the New Orleans Saints, has been involved in more than one dozen civic and charitable enterprises.

HHS Third In Net Meet

Sisters Clarie and Dolly Montemayor survived a scare in the semi-finals and went on to capture the girls' doubles title at Ft. Stockton last weekend as the Hereford High School netters claimed a third place in the team race.

The Montemayors cruised to a 6-4, 6-2 win in the finals against a Ft. Stockton team, but the win was almost anticlimatic after the Whiteface duo had to go to a tie breaker in the third set to win their semi-final match. A 1-6, 6-4, 7-6 victory in the semis wasn't easy as the Hereford

sisters overcame an earlier match point, and then came from a 5-4 deficit in the tie breaker to claim the win 7-5.

Host Ft. Stockton won the team title in the tourney, while Snyder claimed second ahead of the Herd. In addition to the girls doubles crown, Hereford had Trent Thomas claim the boys' single consolation title, and Robert Castro and Raymond Duncan teamed to win the consolation title in boys doubles.

Hereford will continue the net season this weekend at the Amarillo Relays.

Baseball Team

Tops Borger, 14-7

Hereford raked two Borger hurlers for 16 hits enroute to a 14-7 win over the Bulldogs here Saturday afternoon.

The Whitefaces erupted for five runs in the bottom of the fourth to overcome an early Borger lead. Raymond Martinez started the rally with a two-run double, while winning pitcher Mike Mason and Steve Bartels also contributed run-producing hits.

Mason went the distance for Hereford, yielding seven hits. His Whiteface teammates committed only one error in backing the hurler's performance. Borger had four miscues.

Borger had taken a 6-2 lead in the top of the third, but Hereford pushed across two runs to cut the margin to 6-4 after three full innings. After taking the lead with five big runs in the fourth, Hereford added three more in the fifth and two in the sixth.

Bartels and Norman Hill banded out doubles in the Hereford attack. Mason picked up his third win in four starts for the Whitefaces.

Hereford plays next at Levelland this afternoon.

Mays Wins 1500, Second in 800

Hereford's James Mays finished second to Wayland Baptist's Joel Ngetich in the 800-meter duel in the wind-blown Texas Tech Invitational Track Saturday, but the Tech runner was trying for a double after winning the 1,500 meter-run about a half-hour earlier.

The 800-meter duel between the two All-Americans was a feature of the meet, which was held at South Plains College in Levelland because of work being done on the Red Raider track. Abilene Christian, completely dominating the field events, took the team title with 167 points and Tech was runner-up with 134, Angelo State had 120.

Mays won his first collegiate try in the 1,500 meter, clocking a 4:09.5. After taking runner-up honors in the 800

meters 30 minutes later, Mays also came back to anchor Tech's winning 1600-meter relay team. The Raiders had a time of 3:17.5. "I kind of wish I'd won my specialty (the 800)," admitted Mays, "but when I came into the second lap I just didn't have my usual spring. It was nice the way it worked out, though; it felt good to win the 1500."

Indiana Wins National Cage Crown

PHILADELPHIA (AP) — Bobby Knight can be arrogant and rude, haughty and unyielding, scrupulously honest and principled to a fault. He is also, indisputably, basketball coach.

On a day marred by the shock and sadness of the shooting of President Reagan, when serious consideration was given to postponing the game in deference to the tragedy,

Knight guided the Indiana Hoosiers to the NCAA basketball championship with a marvelously orchestrated 63-50 victory over North Carolina Monday night. Isaiah Thomas, the

Hoosiers' gifted sophomore point guard, was voted the outstanding player of the tournament after scoring 19 of his 23 points in the second half. But although Thomas wore the ceremonial net around his neck after the game, Knight was the star of the show.

After North Carolina jumped in front 16-8 in the first 10 minutes, Knight made the key strategic move of the game. He switched 6-foot-6 swingman Randy Wittman from guard to forward to replace the foul-plagued Ted Kitchel and brought guard Jim Thomas off the bench, going with a three-guard offense and putting Jim Thomas on North Carolina scoring star Al Wood.

"We had trouble getting our game started," explained Knight. "I really thought the crucial point came when it was 16-8. Carolina had a chance to take us out of the game, but our kids did a heck of a job hanging in."

"Maybe it was a bad thing to get Kitchel in foul trouble," said North Carolina Coach Dean Smith, who has reached the Final Four six times and the championship game three times in his 20 years at Chapel Hill, N.C. "In comes

Jim Thomas and he plays like he should be on the all-tournament team."

Told that both Thomases had been voted to the squad, along with Wood, Landon Turner of Indiana and Jeff Lamp of Virginia (which beat Louisiana State 78-74 in the consolation game), Smith joked, "Gee, you sports writers are smart."

North Carolina led for 19:59 of the first half, but Indiana regrouped behind its three-guard offense and finally took the lead 27-26 on Wittman's jumper from the right corner at the halftime buzzer.

"I think the most important play of the whole ballgame was the shot Randy hit at the end of the half," said Isaiah Thomas. "It gave us momentum, got us on the right track. And we took it from there."

Actually, Isaiah took it — literally.

The Hoosiers started the second half with an 8-2 spurt that included a pair of steals and layups by the cat-quick guard. That made it 35-28 and the North Carolina collapse was only a matter of time.

With Jim Thomas playing inside Wood's uniform, stalking him all over the floor, the Tar Heels could manage just eight points in the first 10

minutes of the second half. By now it was 45-34 and Indiana, 26-9, was on its way toward becoming the losingest champion in tournament history.

"That's a distinction we don't mind," said Knight. "I'm extremely proud of this team. We were 7-5 in December but they never gave up. I've never seen a group of kids stay with a goal and work harder towards an end."

And now the end is here. The Hoosiers won 18 of their last 22 games, including their final 10 in a row. Ranked ninth in The Associated Press' final poll, the Hoosiers beat Maryland, Alabama-Birmingham, St. Joseph's and Louisiana State to earn the spot in the final.

There they ran into North Carolina, which finished 29-8 but had won 11 of its last 12 before being shut down by Indiana's tenacious man-to-man defense.

"Indiana was more aggressive defensively than in our first game," said Smith, referring to a 65-56 North Carolina victory over Indiana back in December. "We would have liked to get Wood the ball more, but Jim Thomas did a great job of

SPORTS

The Hereford Brand—
Tuesday, March 31, 1981—Page 7

overplaying him."

Wood, who had scored a career-high 39 points in North Carolina's 78-65 semifinal triumph over Virginia, was limited to 18 points this time — and 10 of them came after Indiana had broken the game open.

Center Sam Perkins was North Carolina's only other double-figure scorer with 11. For Indiana, Wittman scored 16 and Landon Turner had 12. In addition, Ray Tolbert grabbed 11 rebounds and Jim Thomas handed out eight assists.

North Carolina shot 50 percent in the first half to 38 percent by Indiana, but trailed by one because it committed five more turnovers than the Hoosiers. In the second half, Indiana's shooters began finding the mark. The Hoosiers

connected on a sizzling 63 percent and held the Tar Heels to 36 percent.

"Indiana's second half was as well as anyone's played against us all year," said Smith. "I think Isaiah's two steals were the turning point in the game. He has amazing quickness."

"I was trying to help out the big guys," said Isaiah. "I tried to anticipate the passes and was able to pick them off. It's a matter of being in the right place at the right time."

It sounds simple, but it isn't. It's the product of hard work, which is the only way Knight knows to get things done.

"Discipline is our success," said Wittman. "We can't go like a lot of teams, just get out and run. We have to be patient."

Bulls Take Hot Hand Into NBA Playoffs

By LARRY SIDDONS
AP Sports Writer

In comedy, timing is everything. The Chicago Bulls hope the same applies to the National Basketball Association playoffs.

The Bulls are the NBA's hottest team, riding an eight-game winning streak into tonight's opener of their three-game Eastern Conference mini-series against the New York Knicks.

"We're just about as ready as we're ever going to be," said forward David Greenwood, at 6-foot-9½ the shortest member of the Bulls' starting frontcourt.

Added Artis Gilmore, their 7-2 center: "The way we're playing now excites me."

In tonight's other Eastern Conference mini-series opener, the Philadelphia 76ers host the Indiana Pacers.

The Western Conference playoffs begin Wednesday night. The Los Angeles Lakers, the defending cham-

pions, will be home against the Houston Rockets, while the Portland Trail Blazers will host the Kansas City Kings.

Those four games begin the long road to the championship, which will probably be decided in late May or early June.

New York's chances of advancing to the second round of the playoffs appear to hinge on keeping the ball away from Gilmore, the NBA's leading percentage shooter.

"I expect him to be going all out," said Bill Cartwright, who will split the time at center for the Knicks with Marvin Webster. "Between the two of us it's going to be a thing of who can stop who from getting to a certain spot offensively."

The Knicks rely heavily on their guards, particularly Ray Williams and Michael Ray Richardson, and the series will pit their finesse against the height and

strength of the Bulls.

"We have to be aggressive from the beginning," said New York veteran Campy Russell. "If our guards control the game, they'll be in trouble."

"But if we let Reggie Theus and Bob Wilkerson (the Bulls' backcourt) control our guards, and get the ball inside to Artis, we could be in trouble. We've got to control the tempo, speed things up."

The Knicks will have a definite home-court advantage in the best-of-three series against the Bulls. They were 28-13 at Madison Square Garden during the regular season and beat the Bulls 127-117 there in their last meeting March 13 to even the season series at 3-3.

"I know it's awfully hard to beat them there," said Chicago Coach Jerry Sloan. "But our guys will be ready to play. They have a lot of confidence in their game and a lot of confidence in themselves."

Montreal, Philadelphia Favored in NL East Race

By HERSCHEL NISSENSON
AP Sports Writer

Will success spoil the Philadelphia Phillies?

After almost a century of failure, the Phillies won their first world championship in 1980, thanks mostly to brilliant seasons by Steve Carlton and Mike Schmidt.

At the age of 35, Carlton (24-9) led the National League with 24 victories and 286 strikeouts in 304 innings, ranked second in earned run average (2.34) and captured the Cy Young Award.

Meanwhile, MVP Schmidt led the majors with 48 home runs and topped the league with 121 RBIs, 342 total bases and a .624 slugging percentage.

The modern-day Phillies are far removed from the 1950 Whiz Kids. Carlton and relief ace Tug McGraw are 36, catcher Bob Boone 33, first baseman Pete Rose 40, shortstop Larry Bowa 35, and left fielder Greg Luzinski is gone. Luzinski, whose 223 career homers did not figure in Manager Dallas Green's plans for 1981, especially in view of the recent acquisition of outfielder Gary Matthews from the Atlanta Braves, was sold Monday to the Chicago White Sox.

Lonnie Smith, who replaced Luzinski more and more as the season progressed, is the only regular under 30, and that includes second baseman Manny Trillo,

center fielder Garry Maddox and right fielder Bake McBride, along with Schmidt and Matthews. The speedy, aggressive Smith gave the Phillies a new dimension by stealing 33 bases in only 100 games.

Carlton and Dick Ruthven (17-10) are a solid lefty-right punch and Marty Bystrom (5-0) was an impressive rookie in September. Boone, a superb defensive catcher, hopes to rebound from an off-year with the bat and Rose, who failed to bat .300 for only the second time in the last 16 years, needs just 74 hits to break Stan Musial's NL record.

The key to Philadelphia's season probably will be how much injured pitchers Larry Christenson and Nino Espinosa can contribute.

In 1979, the Montreal Expos wound up two games behind Pittsburgh in the NL East. Last year, they won five fewer games but came within one of the Phillies in another runner-up finish.

"The experience of consecutive pennant races going down to the last weekend of the season will definitely help this club in the late saes of 1981," says Manager Dick Williams.

He lists two problems. The first is the void in left field created when Ron LeFlore opted for free agency and jumped to the Chicago White Sox; the other, however, is no

more serious than finding a backup for workhorse catcher Gary Carter.

Many of the Pittsburgh's big guns played hurt or were sidelined — right fielder Dave Parker, first baseman Willie Stargell, center fielder Omar Moreno (96 steals), third baseman Bill Madlock, second baseman Phil Garner, first baseman-outfielder Bill Robinson, pitcher Don Robinson. Comebacks are essential from them, as well as left-hander John Candelaria and relief ace Kent Tekulve, who slumped. All the injuries gave left fielder Mike Easler (.338, 21 homers) a chance to reach stardom.

Any similarity between the 1980 and 1981 St. Louis Cardinals is purely coincidental. Manager-GM Whitey Herzog's housecleaning disposed of Ted Simmons, Pete Vuckovich, Rollie Fingers, Ken Reitz and Leon Durham.

The starting eight features plenty of hitting, speed and defense. It has free agent Darrell Porter behind the plate, an infield of Keith Hernandez, Tom Herr, Garry Templeton and Ken Oberkfell, with Sixto Lezcano, Tony Scott and George Hendrick in the outfield.

To cure the pitching shorts, Herzog traded for Bruce Sutter.

PREDICTION: Montreal, Philadelphia, St. Louis, Pittsburgh, New York Chicago.

Bring on the Clowns

Cub Scout Pack 55 will take on the roles of policemen, firemen and clowns to entertain the crowd at the 1981 Scout Circus set for Thursday and Friday at the Hereford Bull

Barn beginning at 7:30 p.m. Tickets may be purchased from any scout member or at the door the night of the performance for \$1 per person or \$3 per family.

Shell Representative to Speak At Texas Tech University

LUBBOCK — A.D. (Dean) Rippetoe of Shell Oil Co. will be the luncheon speaker at the 28th annual Southwestern Petroleum Short Course at Texas Tech University April 23.

The two-day short course, April 23-24, is sponsored by the West Texas petroleum industry and organized by the Texas Tech Department of Petroleum Engineering.

Rippetoe, division safety representative for Shell Oil's western operations, will deliver a speech entitled "One More Time Around."

More than 400 representatives of drilling and producing companies in the Southwest are expected to attend the short course. Forty-one experts will give technical papers on drilling and well completion, well stimulation and work-over, reservoir operations, artificial lift, production handling and general interest topics.

General interest papers include discussions of: "Alaska North Slope" by Richard E. Huff, area facility engineer,

ARCO Alaska, Inc.; "Operational Planning Within the Price Regulatory and Windfall Profit Tax Framework," by Randal M. Kirk, attorney, Stubbeman, McRae, Sealy, Laughlin & Browder, Midland; "LNG: What Counts Most — Technology or Politics and PR Hype?" by Robert G. Norton, vice president, engineering, Distigas Corp., Boston; "Career Planning for Forward Progress," by Dorothy Roddy, president, Roddy & Associates, Houston; and "Tax Investments," by Ron Walker, account executive, Merrill Lynch Pierce Fenner & Smith, Inc., Dallas.

Registration for the two-day course costs \$50. For more information write Duane A. Crawford, Texas Tech petroleum engineering professor and chairman of the short course board of directors, at the Department of Petroleum Engineering, Box 4099, Texas Tech University, Lubbock, Texas 79409.

Luncheon speaker Rippetoe is a speaker for the Oil Information Committee,

which gave him outstanding service awards in 1974, 1975 and 1978. In 1976 he received the committee's outstanding performance award.

For the past 16 years Rippetoe has spoken to more than 15,000 people annually and has appeared before numerous civic groups in Texas, New Mexico and Oklahoma.

Rippetoe joined Shell in Denver City in 1956, working in various capacities in the company's Wasson Gas Plant there. In 1964 he went to Ozona as a construction inspector of Shell's Northwest Ozona Gas Plant. He was

named plant foreman when the facility was completed.

He became LPG sales representative in 1969 for Shell's southern marketing area and worked throughout West Texas and New Mexico. In 1973 he was named senior sales representative for commercial accounts in West Texas. He assumed his present position in 1974.

A native of DeLeon, Rippetoe graduated from Comanche High School and attended Texas Tech University.

Rome began the first Punic war against Carthage in 264 B.C.

Realtors to Participate In National Seminars

Nine Texas Boards of Realtors will participate in a national, coast to coast, network of creative financing seminars via satellite April 1 to inform members on imaginative mortgages designed for today's economy.

This area's Realtors will tailor their attendance to one of these cities: Austin, San Antonio, El Paso, Abilene, Beaumont, Corpus Christi, Fort Worth, Lubbock or Waco. Organized by the National Association of Realtors via the satellite systems of Holiday Inn hotels, participation will be limited to about 50 at each of the hotels involved. To establish the particular schedule, Realtors are requested to call their local boards for information. The fee will be a minor one, but the information to be broadcast on the television screens will cover such areas as "freeing up" our thinking techniques to approach the subject from a "how to" point of view to financing ideas that bypass institutional lending sources. These comments come from Benny McMahan of Dallas, president of the Texas Association of Realtors.

McMahan predicts that "those attending will be able to share a host of practical means to solve the individual

needs of their clients trying to buy housing. The reports from NAR say that there will be such discussions as converting current assets to cash; gifts and parental aids, using short term credit, and qualifying for a second income.

"This will be a two-hour seminar, composed of seven modules, and will include a supplementary handbook. This is a first for such high speed communication systems for a shelter industry."

NAR spokesmen have promised that within a short time the seminar presentations will be available for a reasonable cost to state associations for orders from members. The Texas Association of Realtors is composed of 128 boards, totaling a membership in all parts of Texas of about 53,000 men and women. NAR is the largest trade association in the nation, standing at 700,000.

TAR's officers are expected to be particularly interested in the April 1 seminar because of their opportunities to communicate the news to members in the field.

Here in Texas the TV screen will focus on home financing at 1:30 p.m. in the selected Holiday Inn meetings. Joining McMahan in screening the information will be the following officers: Hub Bechtol, Austin, president elect; Guy Chipman Jr., San Antonio, secretary treasurer. And the following vice presidents: Melvin Jayroe, Hereford; Harry Lee Wood, Fort Worth; Don J. Manning, Longview; Fred C. Gage, Odessa; John Nunnally, Marble Falls; Mack Fulbright, Beaumont; and Frank Tompkins, Corpus Christi.

The Board presidents, hosting the NAR-selected Texas seminars, will include:

J.P. Stallworth, Austin; Mac McClure, Abilene; George Owen, Beaumont; Bill Etheredge, Corpus Christi; Tommie O'Leary, El Paso; Bill Wisdom, Fort Worth; John Walton, Lubbock; Bernard Kost, San Antonio; and Randy Wieser, Waco.

Charlemagne became king of the Franks in 768 A.D. He ruled France, Germany, Spain and parts of Italy and Austria. He enforced Christianity, and was crowned Emperor of the Romans by Pope Leo III in St. Peter's in 800.

YOU AUTO KNOW

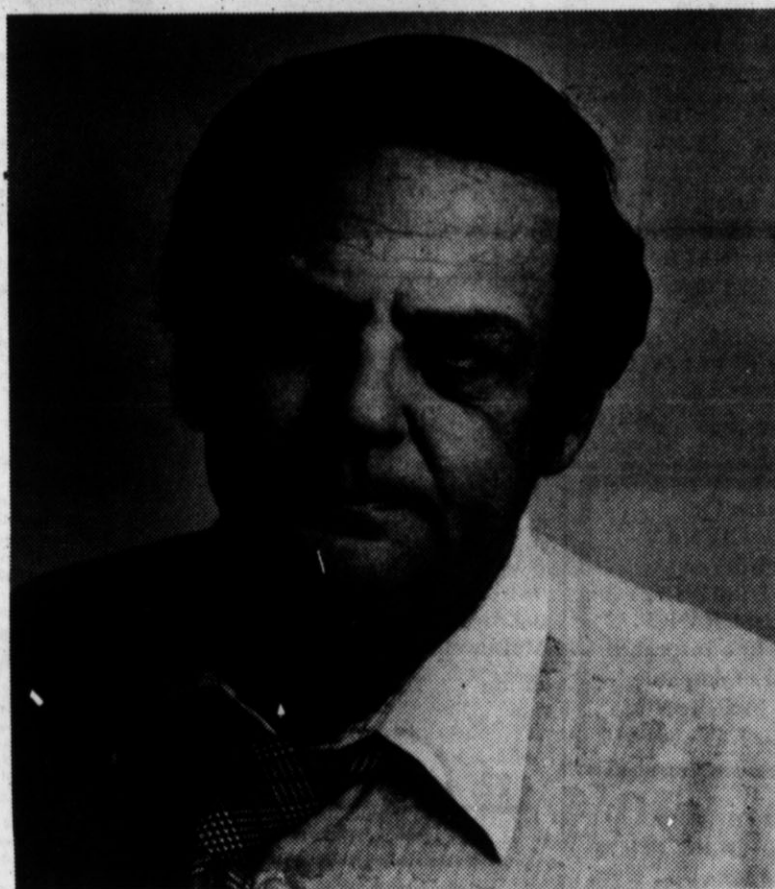

By Don

Q. Is there anything else to investigate on a brake master cylinder other than fluid level?

A. Yes, there are. First of all, when checking fluid level, it should be within a quarter of an inch from the top. Be careful not to disturb the gasket sealing the cover and be particularly cautious not to get any dirt or foreign matter in the cylinder while the cover is off. After the cylinder is topped off and recovered, pump the brake pedal several times (five times if you have power assisted brakes), then maintain steady foot pressure on the pedal for 30 seconds. If you feel the pedal slowly receding or "giving" under this pressure, worn or malfunctioning parts in the master cylinder is indicated. If the master cylinder is functioning properly, the pedal will not recede under pressure.

Security Federal has \$2 million for home improvement loans.

FIRST THE BAD NEWS...

Sorry fellas, but we've got \$2 million for home improvement loans at our five offices. This means you can add a room, pour a patio, repair a roof, carpet the house, wallpaper a kitchen, paint the halls, replace a cabinet, or anything else your wife might think about doing.

...NOW THE GOOD NEWS.

Every dollar you put into your house with a home improvement loan will probably add even more value than you borrow. With homes appreciating like they do, a home improvement loan from Security Federal could be the best investment you'll make. That may not cure a sore back from painting, but it sure helps.

Come in and see us about a home improvement loan!
