Bulldogs No Match For Fast, Powerful Lobos

The high flying Cisco Lobos showed the mighty power that has made them the 7-A favorites last night by defeating the Bulldogs 64 to 18.

The Bulldogs hit Cisco in their weakest spot with an aerial attack which netted three touchdowns, but couldn't keep abreast of the power and speed of the Cisco backs.

The powerful running of Joe Martin and Duane Hale and the speed of Charles Lipsey and Delbert Schaefer provided Cisco with a score almost every time they got the football.

Cisco got off to their scoring spree early in the first quarter when they blocked a punt deep in Ranger territory. Duane Hale was the boy called upon to hit the end zone. Schaefer tossed to Ralph Cary for the two points.

Ralph Perkins Heads 3-County H-SU Exes Group

The Rev. Ralph E. Perkins, pastor of the First Baptist Church in Ranger, is president of the newly-organized Hardin-Simmons University alumni chapter for Eastland, Stephens and Shackelford counties.

Other officers of the group, organized in the area of the Cisco Tripartite Assoc. are: Ray and Crow of Cisco, vice president; and R. B. Hall, Eastland, secretary-treasurer.

Organization was completed and the officers were named at a meeting in Eastland this week. The tri-county group will meet at least once each year, and the Rev. Perkins said it is planned to have smaller, area gatherings more frequently in the Albany, Breckenridge, Cisco, Eastland and Ranger sections.

Officers and members of the new alumni chapter will be assisting with the H-SU building campaign in the three counties this fall and winter, Perkins said.

Mrs. D. E. Pulley Presents Trophy To Garden Club

Mrs. D. E. Pulley announced today the presentation of a trophy to the Ranger Garden Club to be awarded to the Sweepstakes winner of the Fall Garden Show to be held November 2.

The trophy is presented in memory of Mrs. Pulley's late husband, D. E. Pulley. This will be the third trophy she has presented to the Ranger Garden Club. Winners of previous trophies were Mrs. W. F. Cressler and Mrs. A. W. Brazda.

The trophy will be on display in the window of the Pulley Jewelry Store until the show, Nov. 2. The sweepstakes award goes to the exhibitors who earn the largest total amount of points in the show. Autumn Melodies is the theme of the Fall Show. Mrs. Lloyd Bruce is president of the club and Mrs. Joe Jackson and Mrs. F. P. Brashier, Jr., are the Club Show Chairmen.

After Cisco kicked off, Ranger couldn't move the ball and had to punt out to the 38. From there Lipsey, on the first play, went 38 yards for the score. Kick for the extra point was no good.

Ranger was forced to punt again and Cisco headed for pay dirt with the ball but fumbled a n d Schaefer recovered for the score. Joe Martin ran the extra point.

Ranger capitalized on a Cisco fumble early in the second quarter. Jerry Anderson completed passes to Charlie De Los Santos and Charles White, with White taking the toss in the end zone. The try for conversion failed.

Again Lipsey was off and running, going 69 yards for the score. Joe Martin ran the extra points.

In the closing minutes of the first half Schaefer faked a pitch-out to Lipsey and reversed his field to go 36 yards for the score. The try for extra point failed and the half ended with Cisco leading 36 to 6.

Ranger got their second TD early in the second half when Anderson again tossed to Charles White for a 15 yard play following a blocked punt on the Cisco 15 yard line. The try again was no good.

Cisco came back with a 70 yard drive with Lipsey going the final 18 yards. Schaefer kicked the extra point.

Ranger had another drive going, but Joe Martin intercepted a pass

on the 48 yard line and ran it back to the 1-foot line, then took the ball over the remaining foot for the score. Lipsey kicked the extra point.

Charles White got into the interception department by snagging one of Lipsey's passes. Ranger then turned it into a score with Jerry Anderson going the final 19 yards on a sneak through the middle. The try for extra point was no good.

With Schaefer and Lipsey trading places, Lipsey hit Schaefer for a 30 yard pass for another Cisco score. Lipsey kicked the point.

Seconds later Schaefer intercepted a Ranger pass and went 44 yards for the final touchdown. Lipsey kicked the extra point, making the final score 64 to 18.

Social Security Payments \$128,920 In Eastland County

As of February 1959, old-age, survivors, and disability insurance monthly benefits were being paid in the sixteen county Abilene district at the rate of just over \$12,000,000 a year, according to R. R. Tuley, Jr., manager of the Abilene social security district office.

"This is an increase in money of about 31 percent over Dec. 31, 1957 and an 18 percent increase in the number of beneficiaries," Tuley said.

Tuley stressed that while the benefits are intended primarily as a foundation for the beneficiary's economic security, the payment of social security benefits at the rate of \$128,920.00 a month in Eastland County for example, helps business in the community generally because most of money is spent immediately on food, clothing, and other necessities. "In February social security benefits were being paid nationally at a rate of nearly 10 billion dollars annually."

"There were several reasons for the increase in beneficiaries over last year," he said. The long-term growth of the aged population and of the proportion of the aged population eligible for benefits are important factors in the continuing increase in the number of beneficiaries. Other reasons for the increase of beneficiaries are found in the provisions of the 1958 Amendments to the Social Security Act which now make it possible for the wife, dependent husband, and children of a disabled worker beneficiary to receive monthly payments. These amendments also provide for benefits to aged dependent parents of a deceased worker even though other survivors are entitled to payments.

The table below shows the number and amount of each type of benefit being paid in Eastland County as of February 8, 1959, the date of the latest available tabulation:

Beneficiary	No. of Group	Total of Beneficiaries	Payments
Retired Worker	1396		\$87,084.00
Retired Wife or Husband	542		17,215.00
Widow and Dependent			
Parents	233		14,239.00
Children	282		10,382.00

For the entire State of Texas, social security payments at the end of February 1959 were being paid to 488,026 beneficiaries at the rate of \$26,093,144 per month. Social security benefits totaling \$283,466,000 were paid in Texas during 1958.

SUNDAY DEVOTIONAL

By Edward L. Scarbrough
Pastor Second Baptist Church

THIRD DIMENSION

The first amazing thing in the gospel of the grace of God in Jesus Christ is that God came down to dwell with men and walk their human ways. If the incarnation does not mean this, it has no meaning. But the second amazing thing is that the purpose of this divine condescension was to raise men, to lift them out of their impotence into power, out of their sinfulness into holiness, to make the earth-bound spirit a citizen of the heavenly country. And so it was that the chief concern of Jesus in his ministry was neither length nor breadth, but height. His was the gospel of the third dimension.

Many were the unfortunates in the Palestine of our Lord's day who found in experience that his power was an energy by which they could rise. There was a man sick of the palsy who heard the blest command: "I say unto thee, Arise and take up thy bed, and go into thine house." "Rise up, and stand forth in the midst." And to the widow's son, the central figure in a funeral procession which confronted by the Prince of life, turned back from the gate of Nain, came a mighty life-giving word: "Young man, I say unto thee, arise." These are instances taken from three consecutive chapters in the Gospel according to Luke. If any evidence were needed, they are adequate to suggest the "uplifting" power of Jesus. If he can have his way he will not suffer his brethren to be dwellers on flat land. He will give them power to rise—even out of the seeming tragedy and hopelessness of death.

In this gospel of the grace of God meets what is a deep and persistent yearning in the human heart. I have the impression that something akin to this upward yearning is also found in the world of nature. The common flowers in the garden seem eager, at the first greeting of the sun, to lift their heads in homage. It is the third dimension that is all-important. The Gospel leaves us in no doubt about this. And therefore it is a mistake to regard the Christian message as a sort of ground-plan of human happiness. It will indeed result in that if we rightly apprehend it and faithfully live by it; yet Jesus does not show us any ground-plan of social betterment. He does not give us measurements, the layout of homes or even churches. What he does do is give us in the true elevation of the life that will endure. It is as though he had said: "I am concerned not so much with the length and breadth of your life, but with its upward reach." No other gospel than that of the Saviour, God incarnate, suffering, dying, conquering, ascending, will suffice us now. If all we had needed were a schedule of instructions, a map to guide mankind through the world, the world had been saved long ago. But nothing can touch our deepest need which does not lift us out of our frailty and sin—ultimately, to join the immortal company within the shining gates. Only the divine love and mercy that made the journey down can give man power to make the journey up.

AUSTIN — The Texas waterfowl season will open at sunrise Monday, Oct. 26, on geese only, according to the director of law enforcement of the Game and Fish Commission.

"NEW WORLD OF IDEAS"—Pictured above is one of the room settings to be shown to members and guests of the New Era Club on October 28.

'New World of Ideas' to Be Shown At New Era Club Meeting Oct. 28

An 18th Century carved wooden door from Peru inspired Mead & Montague to create the distinctive antique satin print which decorates the living room pictured above.

This is one of the 40 room settings featured in the "New World of Ideas" Home Decorating Travelogue presented by Celanese Corporation of America.

Each year Celanese sends their Home Decorating Consultants, John and Earline Brice, in search of new ideas for fabric design. This year their travels took them to Central and South America where they found over 300 fabulous treasures, which have been translated into exquisite fabrics and home furnishings of Celanese Contemporary Fibers which are featured in the room settings.

"New World of Ideas" will be shown on October 28 at the Community Club House for the New Era Club members and guests. Mrs. N. E. Landers will read the

commentary on the 57 slides in the program, which will be shown by Mrs. L. L. Bruce.

Special New World colors will be seen in the decorative fabrics, ranging from tracery printed gossamer sheers to home spun weaves.

The South American flavor will be seen in beautifully textured rugs and carpets. Fortified plastic telephones in the gayest colors will enliven many of the room settings.

The group will view the capital cities of Ecuador, Peru, Bolivia, Argentina, Brazil, and Venezuela. From atop Mount Corcovado in Brazil, they will see the glamorous city of Rio with the famous Sugar Loaf Mountain centered in the harbor. They will visit Copacabana Beach, and see Lake Titicaca in Bolivia, the highest navigable lake in the world. In Peru, they will visit Machu Picchu, the lost city of the Incas.

Those who see this program will discover a whole New World of inspiration for their homes.

An added feature of the program will be a dress length to be given as a door prize.

The opening selection to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (215:12): "Whatever is governed by God, is never for an instant deprived of the light and might of intelligence and Life."

From Proverbs the following verse will be read (4:23, 26): "Keep thy heart with all diligence; for out of it are the issues of life. . . . Ponder the path of thy feet, and let all thy ways be established."

Ever add up what you could LOSE?

You have perhaps often added up what you are worth. Ever add up what you COULD LOSE? It might perhaps be several times what you are worth.

Example: you may injure somebody, and the law may take all you're worth and attach your future income for years to come.

Example: your house may burn and it may cost you twice its original price to replace it.

Sometime add up all the losses you MIGHT have and you'll see that you are under-insured at many points — against theft, fires, lawsuits, embezzlement, interruption of business, etc.

Gloomy? Well, the purpose of the America Fore insurance policies we write is to end this kind of gloomy thinking.

Church of Christ

Strawn Road at Young Street—Ranger, Texas

The word CHURCH is translated from the Greek word "Ekklesia" which literally means: To call out. Without any specific modification the word may refer to any group of people "called out" for any purpose, but in the New Testament usage the word "church" denotes one and ONLY ONE specific type of called out people, namely: those certain people who have been called by the Gospel (2 Thess. 2:14) from Satan's power into the fellowship of Christ and the blessings of His Kingdom. (1 Corinth. 1:9; Col. 1:12-13).

We find, also, the word "church" is used in three distinct senses in the New Testament. (1). It refers to all Christ's called out people without respect to their geographical placement in the world. In Eph. 5:23-25 we read: "... even as Christ is head of the church, ... as the church is subject to Christ ... even as Christ loved the church." This scripture, like many more, refers to the church as a whole; all the called out people, the universal body, the entire spiritual body of Christ; his Kingdom over which he reigns as King. (2). It refers to a specific group of His called out people residing in certain geographical areas. For instance, we find Paul speaking of the churches of Asia, and the church which meets in the house of Aquila and Priscilla. (1 Corinth. 16:19). The word church in this sense means congregations of called out people, local groups of Christians. Such groups were found throughout Achaia, Macedonia, Asia, Asia-Minor, Syria, and Italy in the times of the apostles, after AD 33. (See Acts 13:1, Acts 14:21-23; Rom. 16:16; 1 Cor. 1:2; Gal. 1:22.) (3). It refers also to the local congregation in an "assembled" condition. The local called out people in every community are commanded to assemble for worship and edification weekly on the first day of the week. The word "church" is sometimes used to denote the assembly of the called out. See 1 Corinth. 14:19 and 1 Corinth. 11:18). The word is never used to mean a building or edifice.
