

ROTAN-LAMESA PLAY FRIDAY

LAMESA DEFEATS MATADOR 25 TO 0 FOR CHAMPIONSHIP

In a game played Thanksgiving Day at Matador, the Lamesa Golden Tornadoes won the championship of District 3 and the right to enter bi-district competition this week, by defeating the scrapping Matador Bullfighters by a score of 25 to 0.

Scoring a touchdown in just exactly thirteen plays after the kick-off with seven consecutive first downs the Tornadoes got the jump on the Bullfighters. Both sides threatened to score several times more but it was not until the fourth quarter that the Tornadoes with the help of a couple of penalties at the critical time were able to score again. A pass good for 15 yards with a run of 50 yards afterwards completion accounted for the other touchdown.

As the game ended the Bullfighters were making a determined bid for a score having marched from the center of the field to the 3 yard line.

An estimated crowd of three thousand people watched this contest, 300 of them being from Lamesa.

As for the individual stars of the game we refuse to pick out any. All the boys on both teams played inspired football from beginning to end so to pick out one from the rest would be an injustice.

Following is a summary of the game:

First Quarter

Lamesa won the flip of the coin, selecting to defend the north goal. Matador elected to kick. Gable received on the 17 yard line returning the ball to the 24. Berry made 5 at center. Matador penalized 5 for offside. Wilkes 8 at right end. Berry 4 at center. Wilkes left end for 11. Gable 8 at center. Berry 3 at center. Wilkes 5 at right end. Gable 7 at center. A pass Boswell to Wilkes gained 9 yards. Matador penalized 5 yards for offside. Gable 6 at center. Gable 2 at left guard. Matador penalized to 1 yard of goal for offside. Gable went over center for touchdown. Kick was low and wide.

Lamesa kicked to Matador, the kick only going to the 50 yard line where Matador covered. Matador made 3 at center. 5 at right tackle. 2 at left guard. 4 at center when they were forced to kick. The ball went over the goal line. Lamesa's ball on the 20 yard line. Berry made 1 yd. at center. Gable 5 yds. rt. end. Wilkes 6 yds. at left tackle. Berry 2 at center. Berry 4 at right guard. Lamesa penalized 15 yards for illegal use of the hands. Gable no gain. Berry 2 yds. center. Punt to 50 yd. line. No return. Matador's ball. Pylon no gain at left tackle. Burnam lost 1 yd. at right end. Incomplete pass. Punt to Lamesa 23 yard line. No return. Gable 8 at center. Berry 1 yd. center. Gable 2 yds. center. Wilkes rt. tackle 3 yds. Gable center 4 yds. as the quarter ended. Score Lamesa 6, Matador 0.

Second Quarter

Gable made 2 yards at center as the quarter opened. Punt to Matador 25 yd. line. No return. Matador's ball. Pylon made 5 yds. at center. Burleson right end 1 yd. Lamesa penalized 5 for off side. Matador fumbled. Lamesa recovered on Matador 30 yd. line. Pass incomplete. Berry 5 at right guard. Gable no gain. Lamesa penalized 15 for illegal use of hands. Pass incomplete. 5 yd. penalty. Kick over goal. Pylon went around right end for 18 yards. Burnam lost 2 at left end. Burleson 1 yd. at center. Punt to Lamesa 45 Wilkes returning 15 yds. Pass Boswell to Smith 15 yds. Gable left guard 2 yds. Berry no gain. Pass incomplete. Wilkes 3 yds. at right end. Matador's ball on downs. Pritchett lost 5 at right end. Matador penalized to 1 yard of goal line. A fake kick the play coming through center gained 50 yards. Berry catching Pylon from behind. Pylon right tackle 7 yds. Burnam center 3 yds. Pritchett left guard 3 yds. Pylon no gain. Burnam no gain at right tackle. Pylon no gain at right guard. Punt to 25 yard line no return. Berry no gain. Gable no gain. Wilkes left end 25 yards. Berry no gain. Berry 3 yds at left guard. Wilkes 15. Gable no gain. Lateral Gable to Wilkes for 15 yards. Pass intercepted. Matador made 2 yards at right tackle. Lamesa was penalized 5 yards for off sides just as the half ended. Score Lamesa 6, Matador 0.

Third Quarter

Matador kicked to Lamesa's 20 Gable returning 15 yards to the 35. Berry center for 1 yd. Wilkes 3 at right tackle. Lamesa penalized 5 yds. offside. Gable 2 yds. left guard. Wilkes right tackle no gain. Punt to 45 yd. line. 5 yard return. Pritchett no gain. Burnam 13 right tackle. Pylon right tackle 8. Pritchett center 1. Pylon center 1 yard. Burnam right tackle 5 yards. Pylon left end no gain. Burleson center 2 yards. Matador 0.

American Legion To Have "Frontier Day Carnival"

The local post of the American Legion is planning to have a Frontier Day Carnival on Friday and Saturday nights before Christmas, the proceeds of which will go in part towards providing a community Christmas tree for unfortunate children of the community.

It is planned to sell twenty "bolony" dollars for a real dollar and admission to each of the various shows and attractions in the carnival will be one "bolony" dollar. There will be a frontier court in session at all times with "Judge Roy Bean" as judge and anyone offending the peace and dignity will be arrested and brought before this court by the frontier "Sheriff" where no doubt the offender will be fined and forced to pay several bolony dollars or their infractions. Cold drinks and other confections will be on sale and there will be many games and shows to which admission will be charged. More detailed announcement will be made later.

Shop and Mail Early

The usual campaign to encourage early Christmas shopping and mailing is now being waged for the approaching holiday season. Everyone should keep in mind that during the next two weeks the usual volume of mail will be increased several times and that it will be to the advantage of all concerned to mail early. The Post Office Department urges the cooperation of the public in the following ways:

Wrap and tie all parcels securely, using heavy plain paper for the outside wrapping and plenty of strong string. Address plainly on one side only, using pen and ink when possible. Christmas wrapping paper should not be used as outside wrapping. Pack all articles of a fragile nature in excelsior or similar material, being careful not to let different articles touch each other, and place in wood box or heavy corrugated paste board box. Do not place written messages in parcels as this is a violation of the postal laws and subjects the parcel to the first class rate of three cents per ounce on the entire weight. Name for identification only of gifts and plain greeting cards may be included. Insure or register all valuable mail.

Christmas cards should be mailed early, they can be assorted at office and held till a day or two before Christmas before delivery. Plain post cards in envelopes not sealed and not bearing written personal messages may be sent for 1 1/2 cents. Cards sealed require three cents for delivery at an other postoffice and 2 cents for delivery at office of mailing. The DEPARTMENT has ordered a complete holiday or employees for Sunday, December 24 and Monday, December 25. Only special delivery matter will be delivered or otherwise handled on these days. MAIL EARLY for delivery before Christmas.

Bureau Estimates 1933 Cotton Crop

The Texas crop this year has been estimated by the bureau of agricultural economics to total 4,350,000 bales of 500 pounds gross weight.

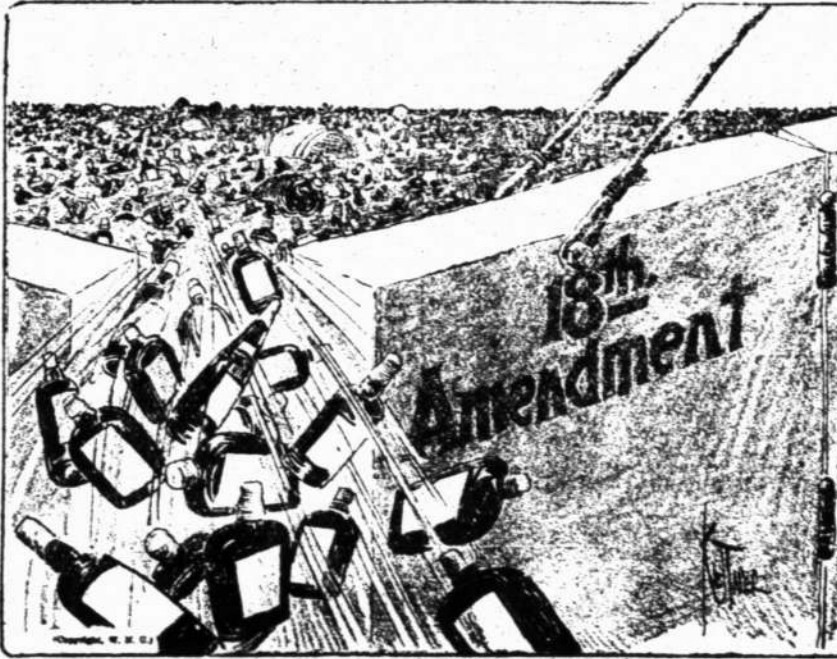

This figure compared with 4,500,000 bales produced in 1932, 5,319,000 in 1931 and 4,037,000 in 1930. The estimated yield this year, based on information supplied by crop correspondents as of November 1, is 185 pounds per acre, compared with a yield of 162 pounds in 1932, 173 pounds in 1931 and 120 pounds in 1930.

1934 Auto License Tags Now On Sale

New automobile and truck license tags for 1934 are now on sale at the office of Miss Willie Belle Cleveland county tax collector, and automobile owners are urged not to wait until the last day of January to secure these tags. 1934 tags must not be placed on the cars until January 1.

Pleasure car plates are orange with black numerals, while the commercial vehicles are black with orange letters.

Camp Fire Girls And Boy Scouts Help Public Library

Camp Fire Girls, under the direction of Miss Ethel Iris Simpson, recently appointed Camp Fire Counselor, have turned in to the Public Library the sum of \$10.23.

The Boy Scouts have turned in \$23.05, the amount raised from the Pajonnet held at the Ball Park recently, under the direction of their leaders, Leslie Pratt, Don Williams and Joe Spikes. The Library committee is very proud of these young people, for taking such an interest in the library.

Book Review At Dal-Paso Hotel Dec. 16th

A book review will be given Saturday, December 16, at 3 P. M. at the Dal Paso Hotel. The book, "A Lamb In His Bosom" by Carolyn Miller will be reviewed by Mrs. Jack McLaughlin. This is one of the latest books written and has gained a wide and very favorable mention by book critics.

Mrs. McLaughlin knows how to present reviews in just the manner that holds undivided attention of the listener. A silver offering is expected in honor that the rental shelf in the public library may be provided with the latest books.

All late book enthusiasts are invited to attend.

William A. Wilson Returns From Marlin

William A. Wilson who has for the past three weeks been in a Marlin sanitarium taking treatments for rheumatism, returned home Tuesday afternoon, and states that he is feeling fine and hopes to be back at his work each day at the Chamber of Commerce office.

We are glad to welcome Mr. Wilson home and hope that his health continues to improve.

STUDENT GOVERNMENT AT WOODY SCHOOL

The Student body at Woody school under the direction of the Government class and Prof. M. O. Woolam have elected officers, wrote preamble, Bill of Rights, and laws for student government which will be in force Monday, December 18th.

The officers elected were as follows:

Mayor, Roy Bearden; Secretary, Margaret Hall; Captain of Traffic, J. E. Neely; Captain of Sanitation, Bill Reed; Lost and Found, Pharene Kinnison; Pep Leader, Juanita Basden.

Everyone is expecting the student government to be a success so we might keep it in force instead of laws of the teachers. Therefore watch us make it unpleasant for the boy or girl who does not fall in line and help make Woody a stronger school. Government Class.

TORNADOES TO CLASH WITH ROTAN FOR BI-DISTRICT HONORS ON LOCAL FIELD

Seventy-Eight Men Given Work On C. W. A. Projects

Seventy-eight Dawson county men were put to work this last week in Precinct 4, on projects which are to be paid for out of the C. W. A. funds now available to this county.

In the communities receiving these improvements are Patricia the sum of \$1435.00; Richardson, \$2870.00; Higginbotham, \$390.00; and Klondike \$1500.00. This work included building up grades and drainage on the roads through lakes and in low places where water stands after rains. These men are also moving sand from the county mail routes and putting caliche and grubbing the road wherever necessary.

Dawson county has been allotted 300 men for work in the county to be paid from this Civil Works Administration funds, but all men working on these projects must be eligible for relief before they can leave work, and also must be taken off the relief rolls if they are already working at relief work.

Corn Meal Is Now Under Process Tax

A new tax is now in effect on corn meal according to the following received from A. & M. College:

"Corn can be sold or traded as much as you please without being subject to the process tax. It can be shucked, shelled and cleaned and can be ground into coarse corn chops, or cracked corn without being subject to the process tax.

"When corn is ground into a fine meal or flour suitable for human consumption, it is subject to the tax regardless of whether it is fed to human beings or animals, but that portion of the meal consumed by the household of the individual owning the corn is exempt from the tax. In the latter case it is necessary for the individual to make out the form and claim his exemption. The tax is payable at all times by the individual owning the corn at the time it is ground."

Clark, the Magician To Be At High School

The Parent Teachers Association will sponsor a program given by Clark the Magician next Wednesday afternoon, December 13, at 2:45 o'clock at the high school auditorium.

This magician comes to Lamesa highly recommended for his clever acting and he says himself "there are tricks in all trades but my trade is all tricks."

Everybody has a special invitation to be present and help the Parent-Teachers as well as enjoy the fun. Admission will be 10 and 15 cents.

Court of Honor Friday Night

There will be a Boy Scout Court of Honor on Friday night, December 8th, beginning at 7:30, in the basement of the First Methodist church.

Everybody has a special invitation to attend.

5,386 Bales of Cotton Ginned in County

There were 5,386 bales of cotton, counting round bales as half bales, ginned in Dawson county, from the crop of 1933, prior to November 14, 1933, as compared with 20,526 bales ginned prior to November 14, 1932. R. S. Stanfield.

Merchandise Being Stolen From Stores

Three of our local dry goods stores have reported this week that all kinds of merchandise, including silk underwear, ready-to-wear and piece goods have been stolen from their shelves in the past week. This is a serious offense as well as expensive to the merchant.

A detective is now investigating these losses and it is hoped that the thieves will soon be brought to justice.

ATTENDS CONVENTION

Misses Merle Shipp and Theima Merrick and John T. Sanders and Essie Moore attended the State Baptist Training School convention held at Mineral Wells the past week end. These young people report a splendid time and are glad that the convention will meet next year in Lubbock.

The Lamesa Golden Tornadoes, champions of District 3 will meet the Rotan Yellowhammers, champions of District 10, Friday afternoon at 2:30 at the Lamesa ball park, to determine who is to enter the regional finals.

The Tornadoes defeated the Matador team last Thursday for the right to enter the bi-district while the Rotan team won by a forfeit from Hamlin to enter the finals.

Pre-game dope seems to give the Rotan team a little edge as they defeated the Snyder team 7 to 2 whereas the Snyder defeated the Tornadoes 7 to 0 which was the only defeat the Tornadoes have suffered this year also being the only touchdown that has been scored against the Tornadoes.

The Yellowhammers feature a strong passing attack, winning the most of their games this year by the aerial route. A good running attack is also boasted but the air is their main offensive weapon.

The Tornadoes have both a strong running attack and aerial attack with more preference to the running plays.

A check-up of the season's play shows that the Tornadoes have won eight games, tied one and lost one, running up a score of 293 points to their opponents 7. The Rotan team has played nine games winning eight and tying one. They have scored 159 points to their opponents 14.

According to these figures both teams are strong both offensively and defensively, thereby indicating that a real battle will take place here Friday.

Let's all go out to the game and by our support show the boys that we are backing them to go on to regional championship. Admission to the game will be 50 cents.

A. B. Heffernan In Automobile Accident Monday Afternoon

A. B. Heffernan, local agent for the Continental Oil Company, received injuries and bruises Monday afternoon about 5:30 o'clock when his oil truck collided with another automobile, about three miles this side of Lubbock.

The accident happened as Mr. Heffernan was returning from Lubbock, following close behind a Buick sedan which stopped suddenly on the pavement. Mr. Heffernan stepped on his brakes, which hung, swaying his car to the left side of the road, just when a Chevrolet coach, driven by Tom Daggett, traveling salesman, attempted to pass.

The cars were both demolished. Mr. Heffernan received a leg injury and bruises about the body. Mr. Daggett was knocked from his car unconscious. He was carried to a Lubbock sanitarium but was released the next day.

L. W. Coon Passed Away November 27

L. W. (Bill) Coon passed away at the home of his father 12 miles south west of town Monday morning November 27. Mr. Coon had been ill with typhoid fever for the past four weeks.

Mr. Coon had been a resident of Dawson county for the past 17 years. He married October 23, 1932 at Shacktown to Miss Alta Garrett of the Wilson community.

His many friends will miss him beyond measure. He had always a smile for everyone he met, and his going will leave a gap not only among his loved ones, but also in the community as a whole. He was a member of the Wilson Baptist church, his pastor Rev. J. J. Gentry, conducting the funeral service. Interment was in the Lamesa cemetery.

Mr. Coon is survived by his wife, his parents, Mr. and Mrs. C. D. Coon, six brothers, Hubert, Raymond, Nelson and Charles Coon, all of Lamesa, Jack Coon of El Campo, and Bruce Coon of Ackerly; three sisters, Mrs. T. J. Hudson and Mrs. Forrest Anderson of Lamesa, and Mrs. Martin Welch of Portales, New Mexico.

Funeral services were held at the home of Mrs. C. D. Coon, on Wednesday, December 6, at 2:30 p. m. Burial was in the Lamesa cemetery.

Services at Episcopal Church Sunday

Bishop E. C. Seamon of Amarillo will be in Lamesa Sunday evening at the Episcopal church. Bishop Seamon is a most able speaker and all who have heard him before will surely not want to miss this service. Everybody has a most cordial invitation to attend.

Mrs. A. G. Barnard spent last week in Plainview with her mother.

LAMESA "Tornadoes"

At Lamesa Ball Park

Rotan will represent District 10 and Lamesa will represent District 3. These teams will battle to see who will play for the Regional championship. Pre-game dope seems to favor the "Yellowhammers" as they have defeated the strong Snyder team 7-2. Early in the year the Snyder team scored the only touchdown that has been made against the Tornadoes and likewise the only defeat for the season. Both teams have played up-hill football to reach the positions now held.

Both teams present a well balanced offense, resorting to passing as well as running for gains. This promises to be the thriller of the year.

BUY NOT, EAT NOT

By BOOTH TARRINGTON

Sometimes we have to go against our training or go broke. Sometimes what we have always believed to be a rule of virtuous conduct proves fatal in practice. For instance, we have grown up in the belief, fostered by our parents and teachers and enforced by our government, that we have no right to take or use the property of another person without his consent, but if the property in question happens to be a blackjack, that the other person is about to bring down on my head I shall have a better chance of surviving if I perceive, in time, the unwisdom of clinging unalterably to old convictions. That is, there are times of emergency when clinging to an old conviction will be ruinous. Let us consider the present time in its relation to our old conviction in favor of thrift.

People of pioneer stock are often spoken of as the "backbone of the country," and probably they are. Pioneers are thrifty or they don't survive. If the wood pile is used too freely in the autumn it may not last through the winter, and the Midland child learned thrift at its grandmother's knee. Moreover, we've been taught for several generations that it isn't what a man earns that counts and takes care of him in his old age; it's what he saves. We've always believed that thrift is a virtue, that spending is risky and that squandering is suicidal. We demand thrift from our government, vote against political candidates proven unthrifty, and we investigate, and often relegate to private life, officials shown to be carelessly lavish with public funds. The value of thrift, indeed, is one of our strongest convictions. No one doubts that it is a right and useful conviction or that it would be dangerous to unsettle it; but here is the United States government coming to us now, asking us to buy, buy, buy, advising us to spend our money rather than to save it, and generally appearing to set itself strongly in opposition to that old principle of thriftiness in which we were trained. There seems to be a contradiction somewhere.

Moreover, the government asks us to spend at a time when we have the least to spare, at a time when the Federal government itself, as well as our State, county and city governments, are taking heavily from us in taxes and in that way lessening our power to spend. Worse still, our government, through the N.R.A., asks us to spend at a moment of great financial uncertainty in our lives, at a moment when we don't know whether we're emerging from the depression or going deeper into it, and when we aren't sure whether we're less afraid of the future than we were a year ago, or more so. The curious thing about the government's exhortation to us to spend is that the exhorters know how we feel and how we're situated: they know our old conviction in favor of thriftiness and they agree with that conviction—and yet these same exhorters ask us to buy, buy, buy!

What's the answer? Money is a means of trade. If you had a cord of wood and no food, and your neighbor had a cellar full of potatoes and no fuel, and if neither of you were willing to trade, he'd have raw potatoes to eat but he'd freeze to death, and you'd have heat enough perhaps, but you'd starve to death. Thrift is indeed a virtue; but this is a time of emergency during which it's necessary to buy goods so that somebody'll have money enough to pay us for what we produce. If it's hard for us to get rich by washing one another's shirts, it's certainly impossible for us to make a living by washing our own. It seems wiser to live by spending than to perish by saving.

An average of 331 containers of food per family this year compared to 259 last year have been put on the shelves of 17 members of the Veal Station Home Demonstration Club in Parker county.

Arno Link of Guadalupe county is feeding out 120 white face calves bought from Mason county breeders for a feeding demonstration with the county agent.

Canning 12 cull hens per day for 7 days along with her regular household duties, Mrs. O. A. Blankenship of Brady Home Demonstration Club in Potter county netted \$3.72 per day for her work. She has sold 234 cans of boned chickens from the 84 hens.

In spite of bad weather conditions

many 4-H club boys in Howard county made from 2000 to 2500 pounds of milo heads per acre in their demonstrations this year. One boy picked one bale of cotton from one acre.

The satisfaction of having a pretty yard and the fun of keeping it up have paid for the labor of planting 62 native trees and shrubs, patching the porch, straightening the fences, and moving trash and junk out of the yard, says Neville Hopkins, 4-H club girl of Friendswood, Galveston county.

"Every acre of my terraced land produces from one-third to one-half more than it did before it was terraced two years ago," declares G. Skeen, Delta County farmer who operates a 200 acre farm near Enloe. Delta county farmers are thoroughly convinced terraces pay in dollars and cents, says the county agent.

Everett Brothers Estate, Colorado county Hereford breeders, are going into the canning business, says the county agent. They have canned 200 tons of hegari in a trench silo as in-

Pecans May Be Source Of Spread of Disease

Austin, December 6.—Pecans, the favorite nut of thousands of people may be a source for the spread of disease, according to E. C. Koerth, Director, Bureau of Food and Drugs. The pecan itself, is not to blame, but the manner in which it is shelled and later handled is the cause for this warning.

The shelled pecan industry has assumed large proportions in the last year. The shelled pecan industry has assumed large proportions in the last year. The shelled pecan industry has assumed large proportions in the last year.

few years and the shellers in other states have attacked the Texas product on the ground that the shelled nuts are not handled in a sanitary manner. The large packing houses that have the nut shelled in their own packing plants maintain a satisfactory standard of sanitation. The evil of the shelled pecan industry is where pecans are taken into individual homes where no supervision is possible.

Many Mexicans, Negroes, and a few whites do this work at home, with at times the neighbors coming in to help them out. It is possible for the communicable diseases to spread by

shelled pecans, and for that reason it will be to the public advantage to ask where the pecans were shelled and under what conditions. The food inspectors of the State Department of health have investigated the home shelling of pecans for hire and report that many homes where this work is done are most unsanitary.

All persons engaged in shelling pecans should have a health certificate the same as any other food handler. The purchaser should demand that the pecans they buy have been shelled by such a person and handled in a sanitary manner and under supervision

to lessen the chances for the spread of tuberculosis, colds, dysentery, typhoid and other diseases.

MELLOWED 80 MILLION YEARS

While OKLAHOMA shook with monsters' tread

Cambro-Ordovician crude oil of Oklahoma is the oldest of the Mid-continent crudes—being already ages old when dinosaurs tramped above its hidden reservoirs. It has mellowed longer, filtered longer, contains less carbon than younger Mid-continent crudes. When refined and blended in the great Sinclair refineries—de-waxed and freed from non-lubricating petroleum jelly, this oldest of Mid-continent crudes becomes Sinclair Opaline Motor Oil, a product of 80 million years of Nature's priceless treatment. A COMFORTABLE REDUCING DIET

Who wouldn't enjoy reducing with such an array of appetizing eatables as shown above. Research workers say it can be done; that this business of taking off weight need not be a hardship.

Results of a study supervised by Dr. Leo K. Campbell of Rush Medical college, Chicago, reveal the fact that a person can reduce and still completely satisfy his appetite.

The diet used, of which the above foods are typical, is as follows:

TOP: Breakfast—1 serving of fruit; 1 egg; 1 slice of toast; 1 pat of butter; coffee (black or with very little cream and sugar).
CENTER: Luncheon—2 servings of vegetables (1 cooked and 1 raw); 1 small serving of lean meat, or 2 eggs, or 2 tablespoons

cottage cheese; 1 slice of bread; 1 pat of butter; 1 glass of milk; 1 serving of fruit.

BOTTOM: Dinner—1 large serving of lean meat; 2 servings of vegetables (1 cooked and 1 raw); 1 slice of bread; 1 pat of butter; 1 glass of milk; 1 serving of fruit.

District Three, Conference B winners in football are Lamesa first, Matador second, Levelland third, and Spur fourth. Consolation winners were Paducah, Crosbyton, for first and second places respectively and Brownfield and Olton for the other places with no report on their game.

The winner, Lamesa Golden Tornadoes, will represent District Three against the winners (Rotan) of District in a game this Friday. The winner of the bi-district competition will meet the winner from the bi-district game between district one and district two. This game is reported in the Star-Telegram as being between Dumas and Hereford. Earlier reports from other sources indicated that Dumas and Shamrock would play in the semi-finals for regional honors.

The four districts, one, two, three and ten form Region One of the University of Texas Interscholastic League. There are eight such regions in Texas. No class B games are played after the regional contests.

Lamesa has competed for bi-district honors twice before, once with Hereford and once with Clarendon and lost each contest by six points.

Eleven teachers of the local school attended the State Teachers Meeting in Austin last week, returning last Sunday. Those going down were Mr. and Mrs. D. W. Ogletree, Misses Barnes, Boston, Roach, Travis, and Nix; Mesdames Stuart, J. E. Barron, Principal G. M. Roberts and Superintendent V. Z. Rogers.

The Christmas holiday season for the Lamesa schools will begin with the close of school on Friday, December 22. Classes will be resumed on January 1. School will be dismissed for one full week.

Attendance in the high school has been somewhat irregular for two or

three week while some pupils were assisting in harvesting the feed crops at their homes. Enrollment has not declined but has increased slightly.

Mr. Roberts announces that there has been a steady, though small increase in the enrollment through his office and some rooms have been filled to capacity.

Permission has been received from the State Department of Education, Division of Vocational Education for classes in commercial subjects to begin provided that as many as ten persons enroll. The announcement is made by Miss Connie Zell Barnes that all persons who wish to improve their qualifications in commercial subjects confer with her this week preparatory to beginning class work on Monday, December 11. This service is made available by Acts of Congress and the State Legislature and the fact that Miss Barnes has met the educational requirements for such courses and holds the necessary vocational certificate.

HOME ECONOMICS

Ina Mae Bennett, Reporter
The Home Economics Club met last week and after a short business session had an interesting program. The program committee initiated the other members of the club.

After the initiation a very impressive candle ceremony was rendered by the five officers and the teacher. Each held a candle and the other girls who stood around them had small white candles. The president with a white candle which stood for the spirit of Home Economics, lighted the following:

Vice-president, with a blue candle meaning truth. Secretary and treasurer, with a yellow candle meaning wisdom. Reporter, with a red candle meaning health and beauty. Chairman of program committee, with a green candle which means service. Teacher with an orange candle, the symbol of

Han Brinker, Ordeal of Richard Federal, Short Stories Old and New, donated by Mrs. Tom Wood.

Rebecca of Sunnybrook Farm, donated by Mrs. A. N. Shelton.

Mary Frances Wilkison donated some canned goods to the library last week.

The following people gave cash donations: Mrs. J. L. Morris, Dora Lee Richie, Henry Norris, Flora Self, Mrs. A. Ray, Flora Chaffin, and Ola Webb.

During the past week forty-eight new members were added to the library.

Because of the fact that several of the county schools were closed most of the time during Library Drive it has been decided to extend the collection of canned goods for the library for another month. Several schools have already brought in their donations and several others have promised to do their part. Remember that it is through the results of this campaign that we hope to be able to keep the library free from fees for the coming year.

Four Prisoners Escape Lynn County Jail

Four prisoners escaped from the county jail at Tahoka about four o'clock Monday morning, according to information given this paper. As we go to press we have not learned of their being apprehended.

Two of the escaped prisoners were car thieves, brought back from Ros-Redwine. They gave their names as

Ed Parker and Jesse Birden, and were charged with the theft of a Chevrolet coupe owned by D. A. Eaker of the T-Bar community. The men picked cotton for T. M. Ward this fall.

The others were S. P. Deatherage and W. R. Haskell, who were arrested and jailed Friday night of last week on a charge of violating the state liquor laws.

FREE concert at high school auditorium, Thursday night, December 21 at 7:30 p. m. There will be quartets, three orchestras, and solos. A good one hour program. Everyone is cordially invited to come out.

TAX TALK

Delinquent taxes due Lamesa Independent School District are coming in fine. Delinquent taxpayers show a mighty fine attitude toward the big drive launched by the Board of Education and seem to be in the main in heartiest accord therewith. We taxpayers can afford to do not one whit less than our dead level best.

Lamesa people justly boast of a school system which rates among the very best in all this section. Boys and girls who are permitted to attend this school are indeed fortunate.

Our Board of Trustees is a body of most excellent gentlemen and is working assiduously to keep Lamesa schools in the outstanding class. Theirs is a labor of love—let's back these trustees to the limit. Everybody working hand in glove with our Board of Education will get this tax drive over the top. "Let's Go."

The following questions are often asked: Does the Moratorium apply to delinquent taxes? Answer: No.

Does the Laws of this State permit the State or any subdivision of government to sell a homestead for delinquent taxes? Answer: Positively yes, for the Taxes on it.

New TIRES
"broken in" during cold, wet weather average 30% more total mileage than tires started off new in the spring. That's an extra reason for buying new Goodyears at today's low prices—you get more mileage plus the sure-grip and protection of tough new Center Traction treads during the winter when roads are slipperiest.
