Finances Hidden Behind 5th Amendment By Beck

WASHINGTON (AP)—Dave Beck, monotonously pleading the Fifth Amendment, refused today to tell Senate investigators whether he took money from Teamsters Union treasuries for his own bank account.

One question was whether Beck used $96,516.49 of union funds "to build your own house" in Seattle.

With the same plea against possible self - incrimination, the rotund union boss also refused to turn over his financial records to the Senate Rackets Investigating Committee.

Beck's stand posed something of a test case for the whole labor movement. The AFL-CIO, with which the Teamsters Union is affiliated, has a code calling for ouster of any union officer who invokes the Fifth Amendment at a proper hearing to avoid answering questions about alleged wrongdoing.

George Meany, AFL-CIO president, called a meeting of the AFL-CIO Executive Council for Friday. A spokesman said it would deal "with this Beck thing, of course."

Meany's action heralded a possible ouster action against the Teamsters, biggest AFL-CIO affiliate.

The federation's only method of enforcing its code is to encourage ouster of offending officials or, as a last resort, to boot the union out of the AFL-CIO.

At the Senate hearing, Sen. Kennedy (D-Mass) asked Beck whether he had signed the AFL-CIO code.

Beck first said he could not recall, then said he didn't sign it, and had fought it vigorously. He is a member of the Council.

Kennedy asked whether Beck intended then to resign either as Teamster president or from the Council.

"I certainly do not ever intend to resign when I'm excercising a constitutional right," Beck said, his voice rising a bit.

After the hearing recessed for lunch Beck told newsmen he would have "no comment" on Meany's call of the Friday session.

In an uproarious session, Beck also challenged the jurisdiction of the senators to investigate either his affairs or those of the giant Teamsters Union which he heads.

Told by Chairman McClellan (D-Ark) that evidence indicates Beck "may have misappropriated $320,000' of union funds, Beck said any union member who felt "aggrieved" could take it up through established union procedures.

In pleading the Constitution's protection under the first three Articles and under the Fourth and Fifth Amendments, Beck insisted "I'm not hiding behind anything."

He was, he shouted, just exercising his rights as a citizen.

But Beck, under intense questioning from McClellan, also said he honestly believed that turning his records over to the committee would tend to incriminate him.

McClellan pressed Beck to say whether he honestly believed that.

"Yes, I think so very definitely," Beck finally replied.

"So you think it would (tend to incriminate) him?" McClellan asked.

"Yes sir," said Beck.

The 63-year-old Beck, dapper and well turned out in a conservative gray suit and tan checked tie, came before the senators in response to a request and without a formal subpoena.

But when he refused to turn over his financial records, he was served with a subpoena on the spot.

Still invoking the Fifth Amendment, he refused to comply with the subpoena's demand for his records.

FOLLOW THE LEADER—A snow plow clears the highway for a long string of cars which were unable to get to Amarillo due to heavy snow. Hundreds of motorists were stranded as high winds whipped hugh snow drifts onto the highway. This is a scene on highway 287 about fifteen miles southeast of Amarillo. (AP Wirephoto)

County Couple Found Dead

HERMLEIGH (Spl.) — An elderly Hermleigh area couple was found dead this morning at their farm home near here.

It was believed after preliminary investigations this morning that the couple died either naturally or from exposure.

They are Mr. and Mrs. Henry W. Severin, route 1, Hermleigh. Severin was about 86, his wife about 85.

The bodies were discovered at about 9:15 a.m. today by neighbors Jim Kubena and H. H. Culp, who had been unable to arouse them.

When found, Severin was sitting in a chair, while his wife had also apparently been in a chair but had fallen out. Both were fully dressed.

The wood stove in the house was cold. At first some had believed the possibility of asphixiation; but there were two live dogs in the house.

The occurance was reported to the sheriff's department at about 9:30 a.m. today. The sheriff's department was still investigating at noon.

Peace Justice W. C. Davidson, who had been taken to the scene, said at noon that he has not yet rendered a verdict in the deaths. Davidson said Dr. Robert B. Pierce was to examine the bodies this afternoon. The peace justice said it was his unofficial opinion the two had probably died from exposure. There was a small, old-fashioned coal, or wood, stove in the room. There was a small pile of pine kindling in the house. The entire pile of wood, he opined, would not heat for more than a few minutes. He said he believed the two had been putting one or a few sticks at a time in the stove, trying to make the kindling last.

Neighbors said they saw the couple last Saturday. As far as is known, that was the last time they had been seen alive.

Kubena and Culp, who had been unable to get into the house because of the dogs, called the sheriff department and Bell Funeral Home. Officers of the sheriff's department and highway patrol went to the house, and inside they found the couple dead.

The bodies are at Bell Funeral Home, where services are pending.

Slightly more than two years ago, three Colorado City men robbed the couple at gunpoint, threatened to kill them, and left them tied at their home.

The three were captured the same night by the sheriff's department.

Hundreds Expected For P-TA Meeting

Several hundred persons representing Parent-Teacher Association units from towns throughout West Texas will be here tomorrow for the second annual conference of district 18 of the Texas Congress of Parents and Teachers.

Heading the conference will be Mrs. Bob Herren, Haskell, president of the district.

Mrs. Herren has directed organization for the conference both from Haskell and here in Snyder. She has spent considerable time here in assisting with organization for the conference.

However, Snyder Parent-Teacher Association units, and the Snyder city council of P-TA units under direction of Mrs. Harold Brown, president, are hosting the conference and handling local arrangements.

Theme of tomorrow's program will be "Opportunity With Responsibility for Every Child."

Two representatives of the Texas Congress of Parents and Teachers board of directors will be here tomorrow. Mrs. E. M. McConnell, TCPT vice president, Austin, will be here representing the board and the state president, who will not be here.

Floyd Parsons, Big Spring school superintendent, and TCPT chairman for citizenship, will be here. Both he and Mrs. McConnell will have prominent parts on tomorrow's program.

Mrs. McConnell has held many offices in parent-teacher work in the state. She has been a teacher and was acting superintendent of schools at Gladewater, succeeding her husband when he entered the service during World War II.

Mrs. McConnell holds a master's degree from East Texas State College, is a lecturer for the Hogg Foundation for Mental Hygiene, University of Texas, and has served as counsellor of women at the College of Arts and Industries, Kingsville. At present she is director of Scottish Rite Dormitory at the University of Texas.

Parsons has been superintendent of schools for the past 21 years, 10 years at Calallen, six at Bishop, four at Beeville, and now at Big Spring. He is a past president of District III of Texas State Teachers Association, past president of both the Beeville Chamber of Commerce and Beeville Kiwanis Club, is a member of the board of directors of both the Big Spring Chamber of Commerce and Big Spring Kiwanis Club, and is a member of the executive committee of the Texas Association of School Administrators and is chairman of the Texas Committee of Ten.

A tea is scheduled from 4 to 5 p.m. today for district officers and for parents and teachers here. It

Japanese Submarine Finally Ends Cruise

KURE, Japan —The Japanese submarine I179 today ended a cruise that started July 9, 1943.

The I179 went to the bottom off the coast of southernmost Kyushu with a crew of 80 while on a training cruise shortly after it was launched.

The battered, rusted hulk was refloated and towed her for salvage.

Proposal For Board Studied

AUSTIN (AP)—A bill to set up a separate Texas securities board with a securities commissioner was sent to subcommittee by the Senate State Affairs Committee yesterday.

Tom Reavley, former secretary of state, urged passage of the bill by Sen. Crawford Martin. He said he believed a separate board and commissioner would be able more closely to supervise securities. The secretary of state now is the supervisor.

Stanley Hornsby of the Texas Legal reserve Officials Assn., and representatives of the State Bar opposed it on grounds there were "glaring loopholes". They said passage would result in looser supervision than under present law. Hornsby said "It won't do the public any good by passing the bill."

Insurance securities as well as company securities would be managed by the commissioner under the bill.

AFTER BLIZZARD

Rescue Crews Start Cleanup

By The Associated Press

Transportation was almost back to normal Tuesday as rescue crews started a final cleanup search for motorists caught in one of the worst blizzards ever to take the Texas Panhandle.

At least seven persons died. Two others were critically ill. The area suffered uncounted cattle losses during the three day storm. There was no way to estimate the total damabe immediately.

At mid-day all highways were passable except for some roads in the upper part of the Panhandle near the Oklahoma state line. Still blocked by huge snowdrifts were U.S. 54 between Conlen and Stratford, State 70 south of Perryton, U.S. 83 between Perryton and Canadian and State 15 between Booker and the Oklahoma line.

Except for one mercy train still stuck in a snowbank, all trains were running in the Panhandle. The lone exception was the Santa Fe train that left Amarillo Saturday night for Boise City, Okla. It was still trapped in a snowdrift near Kerrick, Tex., at the Oklahoma line.

Bright sunshine and above freezing temperatures were helping to melt the snow rapidly.

Overnight temperatures included Dalhart 26, Lubbock 27, Amarillo and Wichita Falls 28, and Abilene 29. Elsewhere over the state they ranged upward to 50 at Brownsville.

Rising daytime temperatures were predicted.

Production Cutback Is Announced By GM

FORT WORTH (AP)—A production cutback in General Motors' Buick-Oldsmobile-Pontiac plant at Arlington will require the company to lay off 350 to 400 hourly pay employes April 1, a GM spokesman said today.

The plant will still have 2,400 to 2,500 workers. This number is considerably more than were employed after the cutback in employment at the end of the 1956 model production run last fall, the spokesman added.

The employment cutback could mean the company plans to turn out up to 20 per cent fewer cars under the revised schedule.

House Debates Ethics Code

AUSTIN (AP)—The House began debate today on a bill designed to make sure lawmakers represent only the public interest in the legislative halls.

It was the code of ethics measure, approved by the House State Affairs Committee.

It would make it plain that no state official or employe, including members of the Legislature, shall have any interest—financial or otherwise—which would conflict on the proper discharge of his duties as a public servant.

Any official or legislator who was connected with any business under state regulation would be required to file a sworn statement to that effect, and lawmakers could not vote on legislation affecting that interest.

Gov. Price Daniel gave the code of ethics bill, by Rep. Ben Glusing of Kingsville, a boost last night in reporting progress on reform bills to help clean up corruption in government.

While the House took up the major reform measure, the Senate sailed through a 50-minute session in which it approved 40 local and uncontested bills, mostly of no statewide import.

The Senate continued in regular session after the fast calendar-clearing operation on local measures.

Mentally Retarded School Bill Okayed

AUSTIN (AP) — The Senate State Affairs Committee has approved a bill to create a state mentally retarded school.

The bill by Sen. A. M. Aikin followed the recommendation by the Legislative Budget Board. The school would be built in the Gulf Coast area or in the Dallas-Fort Worth area.

Supt. Raymond Vowell of the Austin State School told the committee yesterday there were about 247,000 births in Texas last year and about 3 per cent would have to be sent to a mentally retarded school.

Rebuilding Job Starts Shortly After Blaze

REIDLAND, Ky. (AP)—The home of Mrs. Verda Houston Duncan burned to the ground 24 days ago. But neighbors started rebuilding even before the ashes were cold.

By the time Mrs. Duncan was told of the March 2 fire that destroyed all her possessions, a new three-room frame cottage, with screened porch, was half completed. Mrs. Duncan was on a trip when her house burned.

The 82-year-old woman opened her new home Sunday to those same neighbors to thank "the folks" for their thoughtfulness and generosity.

Anniversary Of Legion Observed

At least 15 charter members of the Snyder American Legion Post No. 181 were among the approximately 200 persons who celebrated the 38th Anniversary of the founding of the American Legion at the post here last night.

A variety program with dinner served for all gurst and entertainment by Snyder High School organizations highlighted the celebration.

Certificates of 35-year membership in the post were presented by Frank D. Stephenson, commander, to several charter members present.

A charter was also presented to the Boy Scout troop sponsored by the post, and led by Larry Kraft, scout master for the troop.

Brief addresses were given by several persons.

Mayor of Snyder Harold Bennett said that "Snyder is to be congratulated in having an organization which leads in community and civic affairs as the American Legion Post here does."

Hilton Lambert, vice commander of the fifth division of the Texas American Legion, said that the American Legion is the No. 1 most hated organization on the lists of the Communist Party.

"They (the Communists) hate us with a purple passion," he said.

Several numbers presented by the Snyder High School Stage Band which has won top honors in state competitions for the past five years received long ovations. The band was under direction of Melvin Montgomery.

Clinta Blackard and Fred McFarland presented pantomime sketches to round out the variety program.

Defense Shakeup

WASHINGTON (AP) — President Eisenhower, in a major reshuffle of a key defense jobs, today nominated Gen. Nathan F. Twining to be chairman of the Joint Chiefs of Staff. He will succed Adm. Arthur W. Radford on Aug. 15.

The President also:

1. Accepted the resignation of Reuben B. Robertson Jr. as deputy secretary of defense and nominated Secretary of the Air Force Donald A. Quarles to succeed him, effective April 25.

2. Named James H. Douglas, now undersecretary of the Air Force, to succeed Quarles as secretary.

3. Nominated Gen. Thomas D. White, now Air Force vice chief of staff, to be chief of staff, succeeding Twining.

4. Nominated Adm. Arleigh A. Burke for a new two-year term as chief of naval operations.

The fourth member of the Joint Chiefs of Staff, Gen. Maxwell D. Taylor, Army chief of staff still, has until June 29, 1959, to serve before his term expires.

Radford, the retiring chairman of the Joint Chiefs of Staff, will have served two 2-year terms as head of that top policy planning unit when he steps down on Aug. 15. The law now limits one man's service in the post to that length of time.

Edouard Herriet Dies

LYON, France (AP) — Edouard Herriot, three times premier of France and honorary president of the National Assembly, died today after a long illness. He was 84.

Contracts On Park Awarded

Contracts were awarded yesterday afternoon by the county commissioners court here for the beginning of improvements in the new park at the south side of Snyder.

Low bids of $55,640 were accepted by the court for the swimming pool and baseball field in the new 16-acre park.

The park site is just south of Thirty-seventh Street at the end of Avenue M.

Velvin Construction Co. of Midland was low bidder on the general contract and Boss Electric of Snyder low on the electrical.

Velvin's bid for the swimming pool and facilities was $39,451. Other bids were $45,943 by Don Williams Construction Co. of Snyder, $50,900 by J. D. Jones Construction Co. of Big Spring, $50,945 by T. E. Shelburne & Son of Snyder, and $63,316 by McGregor & Co. of Lubbock.

Boss bid $16,189 for ball park lighting. Other bids were $16,987 by F&S Electric of Lubbock, $18,555 by Southern Electric, Inc., of Snyder, and $18,894 by Dodds Electric of Brady.

Velvin, in submitting his bid, estimated 90 calendar days for completion fo the swimming pool facilities, but after being awarded the contract said he might be able to finish in 60 days. Boss estimated 70 days on ball park lighting.

The swimming pool will be of fan shape, 20 feet wide at the deep end and 40 feet wide at the shallow end. It will be 50 feet long. At its deepest point, it will be 10 feet. It will have a bathhouse and other facilities and will be located on the east side of the new park.

The baseball field will have 120 lights on eight wood poles two of the poles 80 feet high and the rest 70. There will be a backstop, and bleachers will be built to hold between 200 and 250 persons. It will be on the west side of the park.

The new park was one of the three proposals approved by voters last spring in a bond election here. The other proposals were a county library, now under construction, and a new east-west runway at the county airport, now in final planning stages.

TODAY IS DEADLINE FOR SCHOOL FILING

Today is the deadline for filing names for candidacy in school board elections here, and offices which take petitions will be closed at 5 p.m.

By noon today, there had been no new names submitted for the Snyder school board election.

Petitions are being filed with Hardy Scarborough, school tax assessor-collector, fpr the Snyder district, and with County Judge Edgar Taylor for other districts in the county.

WEATHER

SNYDER TEMPERATURES: High Monday, 56 degrees; low Monday night, 30 degrees; reading at 7:30 a.m. today, 32 degrees.

North Central and West Texas—Fair through Wednesday. Slightly warmer this afternoon and tonight.

CHARTER MEMBERS—Some of the charter members of Layne-Kite Post No. 181 of the American Legion are pictured above at the posts celebration last night of the 38th anniversary of the American Legion. The men above, and some others were presented 35-year membership certificates by Frank D. Stephenson, commander. Pictured from left are: Joe Holland, Roy Strayhorn, Frank Arnett, J. Melvin Newton, Harrie Winston, Harry Lee and Earnest Taylor. Standing from left are: Noah Brown, Jim Norred, Arthur Townsend, A. H. Kruse, Ben Wilson, Jess Rogers, Porter King and Roy Hendricks. ...DRAWS THE U. S.—This map, based on one in the official U. S. Navy magazine, "All Hands," outlines the far-flung system of radar-eyed planes and ships which guard the continental United States. Three radar lines stretch across Canada while offshore pickets, ships, planes, blimps and the Texas Tower off Massachusetts, guard the coasts. Other radar installations are on each coast and farther out in the Atlantic and Pacific mid-ocean pickets keep constant watch. Headquarters of the Continental Air Defense Command is located at Colorado Springs, Colorado.

MEETING

Continued From Page 1

will be held at the Martha Ann Woman's Club.

At 7 o'clock tonight, a dinner honoring district board members has been scheduled by the Snyder school board at the high school cafeteria.

Registration for tomorrow's conference will begin at 8 a.m. tomorrow in the foyer of the high school auditorium, where coffee and doughnuts will be served.

The high school stage band, directed by Melvin Montgomery, will play for gathering delegates from 8:30 to 9 a.m., when the first general session will open.

Luncheon will be served in the high school cafeteria at 12:15 p. m., where future teachers will be honored and Dr. Sterling Price, pastor of the University Baptist Church in Abilene, will speak.

Group sessions will be held during the afternoon, according to Mrs. Brown.

Dr. Price, a native of Greer County, Okla., holds degrees from Enid, Okla., Business College, Oklahoma Baptist University, and Southwestern Baptist Theological Seminary. He has held pastorates at Newport News, Va., Athens, Tenn., and his present pastorate, which he has held since 1948.

He is a member of the state executive board, Southern Baptist Convention executive committee, student advisory committee of Texas, trustee of Hendrick Memorial Hospital in Abilene, and he has served as pastor-advisor of the Baptist Student Union of Texas, president of the Texas Baptist Training Union Convention, hospital advisory committee of Texas, president of the pastors conference of the Southern Baptist Convention, and is now a member of the Southern Baptist Canadian Baptist Relations Committee. He has taught on the music faculty of Carson-Newman College, Tenn.

Active in many civic affairs and well-known in his denomination, he participated in the fourth annual Simultaneous Evangelistic Campaign in Alaska in 1953, attended the Golden Jubilee Congress of the Baptist World Alliance in London in 1955.

The Kentucky Derby, tops of American horse races, ran first in 1875.

Clearing Work Is Started

OKLAHOMA CITY (AP)—Highway crews labored in the flat Oklahome Panhandle today to clear passage for traffic.

Scores still were marooned in farm houses and towns. All persons trapped in their cars by the snowdrifts were believed rescued.

Four men were found dead of carbon monoxide poisoning in an auto south of Hooker in Texas County not many miles from where a truck driver died of an apparent heart attack while trying to clear snow away from his vehicle.

F. W. Arnold, assistant maintenance engineer for the Highway Department who flew over the white expanse Monday, said it probably will be Wednesday before all roads are open.

U.S. 64, which runs the length of the Panhandle was open from Buffalo in the east to Hooker in the central part of the narrow strip. Cimarron County Sheriff Russell Mason said at snow-trapped Guymon, in the middle of the Panhandle, that roads in that area probably would be cleared today.

Mason said dozens of travelers had been forced to stay at Guymon since the sand-like snow began drifting in huge piles across highways Saturday.

Strong winds pushed fingers of snow across the Panhandle, leaving some areas clear and others stacked deep. In Boise City, in the extreme western edge of the Panhandle, snow drifted to roof tops on the north side of some houses while the earth was exposed on the south.

Clearing skies and thawing temperatures proved a stimulus for persons in the area.

Cattlemen began counting their herds. It will be some time before the loss of animals and their dollar value is tallied. Farmers, especially wheat growers, hoped the benefits outweighed the damage.

World War I Veterans Drop Below 3 Million

WASHINGTON (AP)—The number of living World War I veterans has dropped below three million, the Veterans Administration said today.

VA estimated the figure will be about 2,995,000 by the end of March.

It said 4,744,000 served in World War I, with about 131,000 dying in service during the conflict. About 1,613,000 have died since the end of the war.

The average age of the living World War I veterans is slightly under 63. About 90,000 of them are dying yearly.

Protests Rejected

LONDON (AP)—Britain announced today she has rejected a fresh series of Japanese protests against her plan to stage H-bomb tests in the Pacific.

Hole Through Heart Heals

LOUISVILLE, Ky. (AP)—A man who thought "it was all over" after a bullet ripped through his heart more than a week ago apparently is well on the road to recovery now.

Edward J. McDonald had the bullet removed from his back yesterday and doctors said today the 31-year-old Irishman is in excellent condition but won't be able to work for another two months.

McDonald awoke in a hospital operating room and found a priest administering the last rites March 17.

He had been shot after an afternoon of beer drinking and Irish ballad singing in a tavern on St. Patrick's Day.

The hole in the salesman's heart sealed itself. Physicians said "this type of sealing is very rare" and added that good luck played a large part in McDonald's recovery.

Proposed Economics Textbook Rejected

HOUSTON (AP) — The Houston School Board rejected last night a proposed economics textbook and sent two geography books back to its curriculum committee of teachers for further study.

A board member, Mrs. Earl Maughmer Jr., said the book "Applied Economics" by J. N. Dodd "suggests that federal regulations and controls have become necessary."

She said the two geography books boosted one worldism and the United Nations and were strongly influenced by the political opinions of their authors. The books are "Geography of the World" by Packard, Overton and Wood; and "Geography of World Affairs" by Jones.

Two Persons Killed In Headon Collision

CROCKETT, Tex. (AP)—Two persons were killed in a headon auto collision late yesterday on Highway 29 near here.

Mrs. W. H. Burnell of Memphis, Tenn., and the driver of the other car, John Craven, about 60, of Lovelady were the victims.

Mrs. Burnell's husband, who was driving, was in a critical condition. They were en route to San Antonio to visit a son.

House Bribery Investigating Committee Resumes Work

AUSTIN (AP)—The House Bribery Investigating Committee goes back to work today on the heels of Gov. Price Daniel's prediction that such current probes are going to produce court convictions.

The House ICT Investigating Committee originally planned to meet today, but the hearing has been re-set for tomorrow at 2:30 p.m.

The Senate ICT Insurance Co. investigating committee will meet next Thursday.

Daniel, reporting by television on progress made in the state government cleanup, said legislative committees are "digging deep".

"There will be some convictions and punishments meted out when some of these cases reach the courts," Daniel said.

The committees are chiefly concerned with revealing facts on which to base recommendations for remedial legislation. Possible law violation evidence would be passed on to prosecuting authorities.

Chairman Wade Spilman of the House committee said it was now in a critical period as it comes to the "heart of the inquiry" into the question of how much and where Texas naturopaths may have spent promotion money during the Legislature's session two years ago.

Earlier he had said there was a clear indication from testimony that money had been spent.

Witnesses before the bribery and ICT committees have been questioned closely on relationships involving legislators and state officials.

Spilman said the first witness would be Albert Brown, Austin political figure and onetime executive secretary of the Texas Naturopathic Physicians Assn.

The committee was told last week that the naturopaths through Brown had raised a "program for progress" fund of from $2,000 to $59,000.

Brown, a former aide to the State Democratic Executive Committee, said he would be glad to tell the committee all he knows.

Rep. Scott McDonald, chairman of the House ICT Investigating Committee, said Jerry Holleman, executive secretary of the Texas State Federation of Labor, would be the first witness when his committee resumes public hearings. Labor had invested heavily in the collapsed ICT concern.

Witnesses have testified in the bribe inquiry that there were standing orders in the naturopathic association's Austin office that no written records be kept on the publicity fund.

The committee was first created to inquire into charges of agreeing to accept a bribe brought against former Rep. James Cox of Conroe. It and the house censured Cox who has been indicted on charges of consenting to accept a $5,000 bribe from Dr. Howard Harmon, president of the Naturopathic Physicians Assn., to kill Cox's bill that would outlaw naturopathy. Cox, who has resigned, filed charges of offering a bribe against Harmon. These are pending now before a Travis county grand jury.

Emergency Rerouting Of Freight Authorized

WASHINGTON (AP) — The Interstate Commerce Commission authorized today emergency rerouting of railroad freight shipments in six Western and Southwestern states plagued by spring snowstorms.

The commission acted on notices from railroads operating in New Mexico, Texas, Oklahoma, Kansas, Colorado and Nebraska that the snows made freight deliveries over normal routes impossible.

The commission authorized the carriers in those states to use "any available rite" to get their freight through, regardless of the routing called for on shipping bills.

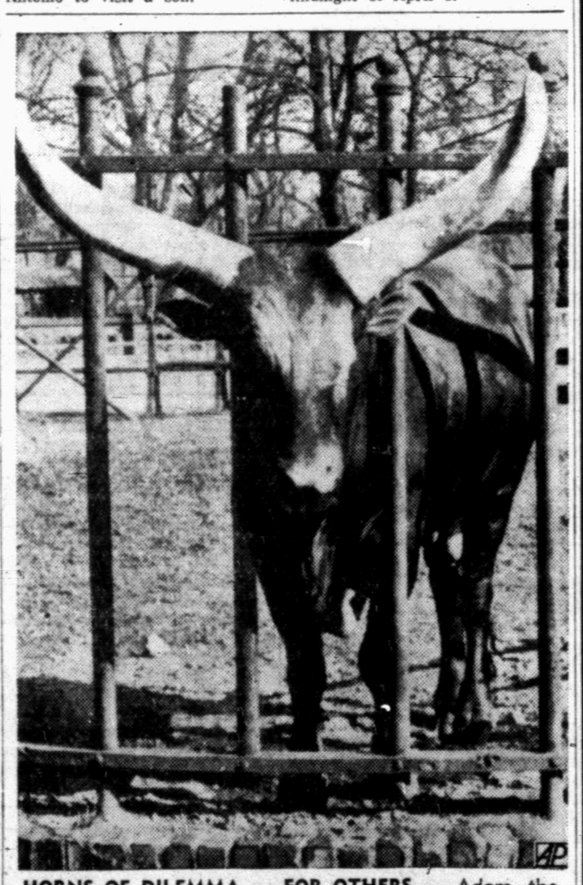

The authorization continues to midnight of April 1.

Threatened Strike Called Off Today

SYRACUSE, N.Y., (AP)—A threatened strike of nearly 6,000 New York Central Railroad employes was called off today when the National Mediation Board said it would arbitrate the dispute.

Members of the Brotherhood of Railroad Trainmen in the road's Eastern Division voted last week to walk off their jobs at 6:30 a.m., EST., Thursday.

A union spokesman said the Mediation Board's announcement automatically stayed the strike.

HORNS OF DILEMMA — FOR OTHERS — Adam, the African Watussi bull, puzzles visitors at Cologne, Germany zoo, because he can put his horns outside the fence and draw them back by the same almost acrobatic movements.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Mrs. Carl Gray, Hermleigh; W. W. Griffith, 911 Thirtieth Street; Mrs. Inex Rodriguez, Box 1263; C. E. Patton, 1005 Twenty-fourth Street; Ollie Peek, 314 Thirty-fifth Street; Jerry Wemken, Hermleigh; Stephen Daugherty, Fluvanna.

COGDELL MEMORIAL

ADMISSIONS — B. L. McKinley, 3304 Avenue U; Alma Nell Bell, 1906 Twenty-ninth Street; Lillie Murphy, Ira; Maydelle Barnes, 2703 Avenue V; Mary Jane Kight, 114 Canon; Bennie Sumruld, Clairemont Route; Wilma Pitts, 706 Nineteenth.

DISMISSALS — Jerry Glenn Clark, Lion Oil Camp; Virgil Joines, 103 Peach Street; E. X. Minor, 2301 Avenue O; Wayne Culcahouse, SACROC 2 Camp; Avilina Gomex and baby, 2404 Avenue V; Eva May Boomer and baby, Box 1568; Dorthy Taylor, 1401 Eighteenth Street; Mrs. Odella McDowell, 2912 Avenue L; Linda Lee Wilson, Ira; Keanie Sheid, 2707 Thirty-eighth Street; Barbara W. Larsen, 2216 Forty-first Street; Jean Montgomery, Box 190.

FARMER HAS BIG MILKING PROBLEM

ELMWOOD, Okla. (AP)—An unidentified farmer snowbound near this Oklahoma Panhandle city faced a crisis today.

He milks 100 cows with electric milkers, but power was out. He sent out a plea for experienced hands to help.

Vital Information Revealed By Knight

SACRAMENTO, Calif. (AP)—Gov. Goodwin Knight was informed today that vital information indicating the approach of war with Japan was withheld by the California State Banking Department for a year before Pearl Harbor.

William A. Burkett, the present superintendent of banks, made the disclosure in a report objecting to legislation now under consideration. He said it would gag his department.

Burkett told the governor a "pigeonholed" file showed that in late 1940 Japanese banks in California began the secret, gradual transfer of valuable documents, ledgers and bank records to Japan.

BIRTHS

Mr. and Mrs. Harold J. Pitts, 706 Nineteenth Street, are parents of a son born at 3:06 a.m. today at Cogdell Memorial Hospital. The child weighed nine pounds, two and one-half ounces.

A seven-pound, three-ounce son was born at 11 p.m. yesterday in Battenfield-Jones Hospital to Mr. and Mrs. Juan Rodriguez, Box 1263.

WOMEN'S CALENDAR

TUESDAY

B&PW dinner meeting at 7:30 p. m. at the Martha Ann Club.

WEDNESDAY

Altrurian Daughters Club meets at 2:30 p.m. Martha Ann Club, Mrs. Pat Falls, hostess.

Cosmorama Club meeting at 3:45 p.m. at the Martha Ann Club. June Boren, hostesss.

Ladies Golf Assn. meets at the Country Club. Tee off time 9 a.m.

Abilene Presbyterian Society Spring meeting at First Presbyterian Church from 9 a.m. to 3 p.m.

Friendly Hannah Sunday School Class meets with Mrs. D. J. Shaw, 1005-27th St. 9:30 a.m.

THURSDAY

Friendly Fellows Club meets at Martha Ann Woman's Club, Mr. and Mrs. H. J. Brice hosts.

Snyder Garden Club meets at 9 a.m. Martha Ann Clubhouse, plant exchange day.

OES Study Club meeting at the Masonic Hall, 7:30 p.m.

Pleasant Hill Home Demonstration Club with Mrs. J. W. Bills, 2 p.m.

FRIDAY

Altrurian Club at 3 p.m. in the Martha Ann Club. Mrs. Joe Stinson, hostess.

Duplicate Bridge meets at 9:30 a.m. at the Country Club.

El Feliz Club at Mary Lynn's Tea Room, Mrs. Lora Miller, hostess, 3 p.m.

Mexican Dinner Held By Club

The Snyder High School Spanish Club held a Mexican dinner Monday evening at the Little Mexico.

Mrs. Lucy Yeanan, originally of West Texas but now of Durango, Mexico, was main speaker and told of her home.

Mary Ethlyn Deffebach was mistress of ceremonies.

Entertainment on the program included two poems with Spanish themes read by Judy Melton and Jo Ann Hambien. Dena Mapes and Clare Sheridn did the Mexican hat dance, and Sue Hodges did the tango.

A Delightful Fellow!

This clown laundry or pajama bag will win the whole-hearted approval of the youngsters — it's so gay. No. 286 has pattern pieces; directions.

Modern Dress Pattern Is One Of Best Buys For Housewife

By DOROTHY ROE
Associated Press Women's Editor

IN TODAY'S high cost of living, one of your best bargains is a modern dress pattern.

Have you ever wondered how a pattern is made, how long it takes, Well, here's the lowdown, from local sewing center experts:

It takes 50 people working steadily for three months to produce a new pattern for the home seamstress. Consider that an average pattern catalog contains more than 1,100 patterns and transfers, and that 30 or 40 new designs are added to this catalog each month, and you may get some idea of the magnitude of the operation.

Behind the Scenes

Let's take a look behind the scenes at one of the largest and oldest pattern companies. Inspiration usually begins with the Paris showings. Then a designer begins the pattern with a fashion figure sketch. She may sketch as many as 10 slightly different designs for each one that finally is put into the line.

After she has made her sketches, the designer makes up a miniature pattern in muslin, fitting it on a mannikin less than three feet high — half the size of a regular pattern mannikin. After changes are made on the half-size garment a full-size muslin copy is made. Each pattern peice is then checked against a pattern "staple" which is one of a series of heavily glazed paper pattern pieces representing every pattern part, to insure absolute accuracy.

Muslin Pattern

The muslin then is made up in every version shown on the pattern envelope — with short sleeves, long sleeves, full skirt, slender skirt. Then a live model tries on the muslin garment to make sure it has ease and practicality in movement. After adjustments are made, the muslin receives an okay from the designer.

Now the fabric expert comes into the picture, to decide on suitable fabrics to recommend for this design. The pattern then is made up in the chosen fabrics.

Next artists sketch the dress as it will appear in color on the pattern envelope and in the catalog, making sketches perfect in scale and color, including the actual trimmings used on the "pilot" dress.

The finished sketches and the muslin model now go to the diagram department, where the dress is cut in half. The right half is ripped apart and the notches and construction indications are put on the right half of the muslin. The left half remains whole for comparison. The right half is pressed flat and an exact duplicate of each piece is made on heavy paper, which becomes the master pattern. A different master pattern is made in each size, then each is traced, to seam lines, darts, inchruler for alterations, arrows to indicate the straight of the goods and other construction details.

Sewing Guide

The master pattern also is used as a guide for the complicated "cut and sew guide" that appears in every pattern envelope, as well as for yardage requirements printed on the envelope. The pattern is laid out on fabrics of varying widths, and as each layout is completed it is sketched. The same is true for trimmings, interlinings and such. After the "cut and sew guides" are finished, a sewing expert writes in structions which are printed in English, French and Spanish.

Meanwhile tracings from the master pattern go off to the printing plant. There zinc plates are made from the tracings, the plates are put on a giant printing press and huge rolls of tissue paper are fed into the press. Each pattern is printed on a single sheet of paper and these sheets are piled up as they come off the press. An electric saw is used to cut apart the various pattern pieces.

The pieces are folded and slipped into the envelopes by hand. Girls who do this job average 1,800 patterns a day.

That's what it takes to make a new pattern — and any way you look at it, it's a bargain.

Here's Some Pre-Shower Gift Hints

By VIVIAN BROWN
AP Newsfeatures Writer

Today's bride-to-be doesn't hesitate to say what she'd like from the girls who plan her showers. The tactful way is to make up a list of needed things and give to the girl who is planning the shower when she asks for it (and she will if she is a good friend.) Then the word should get around.

Popular showers are: metals, appliances, linens, china. "Personal" and "miscellaneous" showers have died off, the average gril being more practical these days than in th elast generation: she wants things she needs and can use.

If the shower is to be a surprise the girl's mother or best friend are expected to "tip off" the crowd what the couple's requirements are.

Choose a fun motif for the party. You don't have to limit it to the large umbrella; that's been overdone. A North Pole party could be fun anytime of the year. Serve "blubber" sandwiches — hot dogs with cheese sauce, "penguin punch" — cola with toasted marshmallows. Snowballs may be made in advance, kept in the freezing compartment of the refrigerator. Just roll ice-cream balls in coconut and wrap in wax paper, remove a half-hour before serving.

Use a flameproof snowflake crepe paper in a midnight blue color as a runner across the buffet table. Place an icicle design crepe paper around the edge of the table. Place gifts attractively under the table or at one corner of the table.

The new idea is to give one gift from the entire group. Silver vegetable dish, tea or coffee service, coordinated table linens and china are likely candidates. Stainless steel service is popular with young couples who may like to start it off at the dining table until the silver comes along, moving it into the kitchen later. One stainless steel picnic chest has the added advantage of a removable lid that serves as a cutting board and well-and-tree platter. It may serve indoors or outdoors.

One young couple who adore the outdoors and who have everything set for the home, selected the "outdoors" category for the bride's fourth shower. This bridal shower idea works best for the couple planning to live in a house with a backyard where they can dine out, however. Their gifts included a barbecue grille, ice cooler, gay tablecloths, melamine and stainless steel tableware, wooden salad bowl, barbecue implements, steak tongs, chef's aprons, caps and gloves, and a hnadsome supply of charcoal.

STATE REPRESENTATIVES of the board of directors of the Texas Congress of Parents and Teachers who will be here for tomorrow's annual conference of the District 18 of the TCPT are Mrs. Robert Cross, left, TCPT second vice president, and Mrs. E. M. Pittman, TCPT parliamentarian. Both women are from Anson. A tea will be held this afternoon at Martha Ann Women's Club honoring out of town guests who arrive early for the conference. All local members of P-TA units are urged to attend the tea at 4 o'clock today.

WOMEN

FOR GOOD EATING

Meatless luncheons or suppers are easy on the Lenten budget and easy on the cook too, when a new twist is given the old soup and sandwich formula.

A bisque, for example, is a hearty fish soup, without a meat stock base,that is made to order for such meals. In the following recipe, economical canned salmon is used as the foundation for a nourishing, zestfully flavored soup. Chunks of meaty salmon and parsley sprigs float on top the rich milk, cream and butter broth.

SALMON-TOMATO BISQUE
(Four servings)

2 tablespoons butter
1 small onion, grated
1½ tablespoons flour
1 cup coffee cream
3 cups milk
1 8-ounce can tomato sauce
1 8-ounce can red salmon, drained and flaked
Salt and pepper to taste
2 tablespoons finely chopped parsley

Cook onion in butter; stir in flour. Add cream and milk and cook until slightly thickened, stirring constantly. Stir in tomato sauce, salmon, and seasonings. Heat thoroughly. Serve in soup bowls, garnished with sprigs of parsley and a few flakes of salmon.

A delicious filling for the sandwich rounds served with the bisque is made with creamed cottage cheese — a dairy food, you'll find in plentiful supply now. Green pepper, onion, carrot, and French dressing are seasoners which enhance the bland cheese flavor.

COTTAGE CHEESE SANDWICHES

16 slices white bread
1½ cups creamed cottage cheese, sieved
½ cup minced green peper
1 tablespoon minced onion
1 cup grated raw carrot
2 tablespoons French dressing
Salt, pepper to taste

With a two-inch cookie cutter, cut rounds from bread slices. Blend remaining ingredients for filling. Spread generously on eight bread rounds and cover with rest of rounds.

Former French Cowboy Tops In Fashion Designs

By NADEANE WALKER

PARIS (AP)—A former French-type cowboy, Guy Laroche, is the latest sensation of Paris fashion designing.

Laroche, who opened his own house this year after eight years preparation in France and three in the United States, came by his "cowpunching" accidentally.

When, doctors ordered him to take a year in the country, he spent the time caring for the cattle of his cousin, a big livestock dealer. The young designer says:

"I got up at two or three o'clock every morning to take the cattle to market and I loved it."

His opening this year was a resounding success and almost overnight he was hailed as the newest, handsomest and one of the youngest among the successful designers.

Handsome Bachelor

A 33-year-old bachelor, he is slender, hazel-eyed, of medium height, with wavy chestnut hair and a real Charles Boyer accent. He likes gay social parties, skiing and fast sports cars.

In the often-cutthroat Paris fashion business, Laroche got off to a happy start. Such giants as Dior and Desses sent flowers and compliments. Hardened fashion experts applauded warmly. Since then, his life has been a round of interviews, television shows for France and America, fashion showings and more interviews.

So far, he is handling success as smoothly as he handles his business. Interviewers find him easily accessible with no waiting. Sitting in one of the gilded chairs of his new salon, Laroche spreads his hands and says.

"Somehow I don't feel its really happening to me."

Too young to be in the French army during the war, young Guy started selling free-lance fashion sketches and designing hats and hairdos. A salesgirl for Jean Desses introduced him to the boss, who offered him a job.

Success Story

He spent eight years with Desses, then decided to go to New York. With nothing but self-confidence in hand, he arrived in America to spend three years freelancing and learning "how Americans dress and how manufacturers work." He designed collections for Jack Sarnoff, Seymour fox and others and then, a few months ago, decided he was ready to come back to Paris and launch his own salon.

"I did it all in 2½ months," he claims proudly. "I designed the collection, assembeld my staff, decorated the salon—everything."

Laroche will visit New York—"which I love"—this spring. His line, consisting of 70 models, is selling for about 30 per cent less than other fashion houses.

Cub Pack Meets

Parents and Cubs of Pack 35 will meet at 7:30 o'clock tonight at the North Elementary School.

Each family will take its own refreshments.

Dice a leftover cooked potato and add it, with some shredded cheddar cheese, to an omelet.

Wear It Everywhere

RIGHT through the summer. A lovely, feminine sleeveless dress for the half-size figure, coupled with a neat cropped jacket.

No. 1556 with PHOTO - GUIDE is in sizes 12½, 14½, 16½, 18½, 20½, 22½, 24½. Size 14½, (33 bust), dress 4¾ yards of 35-inch; bolero, 1½ yards.

Send 35c in coins for this pattern to IRIS LANE, (care of Snyder Daily News), Box 438, Midtown Station, New York 18, N. Y.

WHAT'S GOING ON

MRS. JOHN W. LEFTWICH, 2411 Thirty-second, visited three days with her son and daughter-in-law, MR. AND MRS. JOHN W. LEFTWICH, in Tyler. She also attended several meetings at the First Christian Church state convention in Dallas.

* * *

THE MAN WHO OWNED MOBY DICK

It was actually a too-big car. At gas pumps, it drank like a fish. So he called it "Moby Dick."

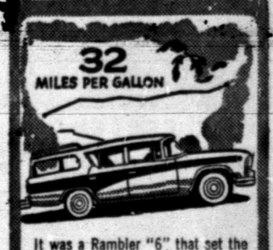

It even had fins like a fish. Parking it was like trying to squeeze a whale into a goldfish bowl.

He thought about trading "Moby" for an economical little foreign car. It was too little for 5 kids.

So he bought Rambler, only car with room for six 6-footers, plus European car economy, handling ease.

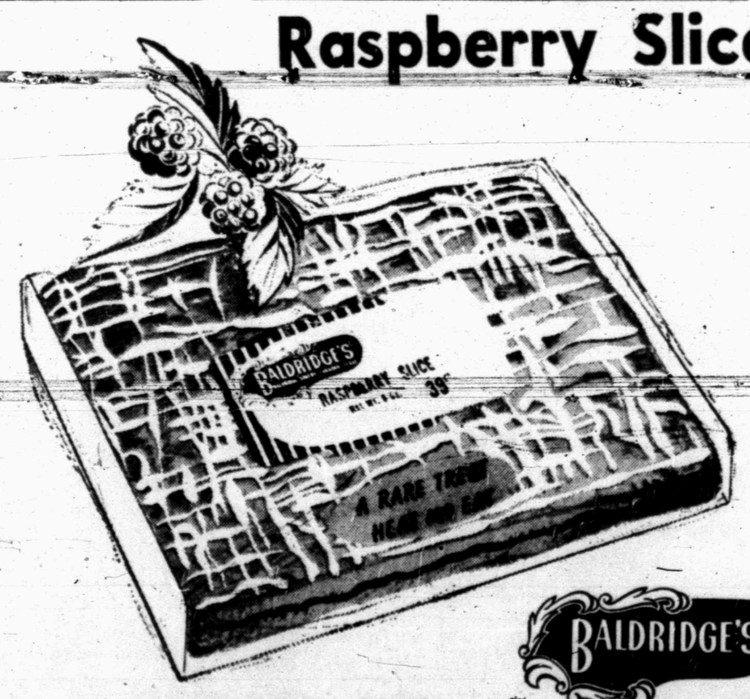

It was a Rambler "6" that set the NASCAR cross country record of 32 miles per gallon with overdrive.

Rambler's 1st in trade-in value among all low-priced cars, because it's the smartest buy, new or used.

AFTER STORM

91 Unexpected Guests Go Home

By BILL HUNTER
Wichita Falls Record-News
Written for The Associated Press

CLARENDON, Tex. (AP) — Life was settling back to normal today at Andy Brown's seven-room farm house where 91 unexpected weekend guests found shelter from one of the worst spring blizzards ever to hit this area.

The twinkling lights of the Brown home, 17 miles north of here, provided a beacon for the snow-stranded travelers on Highway 66. By the time they all jammed into the Brown home there were 43 passengers from two Greyhound buses, 37 motorists and 11 truck drivers.

The last of them departed yesterday as snowplows reopened the snow clogged highway.

"They were wonderful," Mrs. Dorothy Evans of Chicago said of the Browns.

She said the family had no sleep from Saturday until the last stranded traveler left late yesterday.

"They didn't have time," Mrs. Evans said. "Mrs. Brown was busy cooking all the time and Andy was always needed to help someone in trouble. They were wonderful."

Pretty Mrs. Melba Brown — slender and with prematurely gray hair — busied herself today serving cup cakes and cookies as an in-between snack. She also whipped up a corn goulash for lunch.

The Browns — Andy, Melba, their children, David and Linda, and Andy's uncle, George Shoop — opened their doors, their larder and even relinquished their warm beds to the cold and weary men and women.

The first rescue force from McLean, Tex., broke through the drifts about noon. A second unit made it from Clarendon.

Some 30 men moved to the heated concrete-block barn just behind the house.

Mrs. Brown and the women prepared food and coffee flowed by the barrel until the supply gave out. Cigarettes were next to go but eggs, bacon, flour, corn and other items held out until the end.

Asked how they amused themselves, most answered, "We slept."

The house had only one bath room and the Browns said the line sometimes numbered 20 waitees. Children and adults rotated in shifts for a few winks on the beds and some adults were forced to stand because of limited floor space.

Hale and hearty, although weary, the guests began leaving after the National Guard unit from Mclean broke through with much needed supplies.

They took up a collection of $170 "as a small measure of our thanks," as one woman said to Mrs. Brown.

A SMALL ASSIST—A sudden spree of free spending by Charles Whitsell Jr., 16, center, a midget Poseyville, Ind. farmboy, prompted Evansville police to arrest him and two Evansville men for a three-month wave of safe-crackings. The adult companions are Charles Hale, 39, left, and Charles E. Bodell, 20, right. Detectives said the three signed statements admitting they used the undersized youth to squeeze into buildings through small openings.

SAFE AND SOUND

Slow Speed Has Many Advantages

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't read his mail:

That you can get the best possible mileage out of a gallon of gas if you drive your car at 20 miles an hour—and you and the car will both live longer.

That Coryn Boccicio believes she is the only woman engraver currently employed in the U. S. jewelry industry.

That America now has an estimated 41 million youngsters between the ages of 5 through 18, and 90 per cent of them read comic books.

That the mud skipper, a small fish that swells in the mangrove flats of the South Pacific, has fins that look like paws; can live in or out of water, and can hop, skip and jump across land faster than it can swim submerged.

That Javier Pereira, the 167-year-old fellow from Colombia, South America, has had his longevity rewarded by seeing his likeness on a postage stamp issued by his country.

That a reader informs me 30 people named Rich are listed in the Beverly Hills telephone book, but only two named Poor.

That you should stay away from bees when a jet plane roars overhead.

The noise of jet aircraft irritates bees, and they'll sting any bystander, guilty or innocent.

That the fixing of athletic events by gamblers is as old as sports. The ancient Greeks assessed heavy fines against contestants caught taking a bribe, and the money was used to set up bronze images of Zeus.

That the main symptoms of expectant fathers who take their approaching parenthood too seriously are headaches, dizziness, and stomach and intestinal pains.

That if you get a black eye, applying a raw beefsteak to it is more likely to infect it than reduce the swelling. Instead try cold compresses, and after 24 hours switch to hot compresses.

That the modern motor car has more light bulbs—20 to 38—than the average five-room house.

That it was Norman Vincent Peale who observed, "The American people are so tense it is impossible even to put them to sleep with a sermon."

Eban Says Aqaba Will Remain Open

NEW YORK (AP)—Israeli Ambassador Abba Eban said last night the Gulf of Aqaba will remain open to international shipping "forever."

He said the gulf will stay open "whether it be through the concerted efforts of the world's maritime nations or . . . by Israel's exercise of its inherent right to protect its shipping."

Eban spoke at a dinner he gave honoring Israel Rogosin, an American industrialist. Rogosin said recently he is investing six million dollars in a new rayon plant in Israel.

Police Have A Few Questions To Ask

HUNTINGTON, W. Va. (AP)—The day's question for the inquiring reporter-photographer was whether or not the city has enough policemen to cope with local crime.

"Every time you look around," said one man, "there's a cop sitting in a squad car or on a motorcycle or in a restaurant. It seems to me there's too many policemen."

Police thought his picture in the paper looked familiar. It was.

Records showed that the name he used was an alias and that, since 1942, he had been arrested twice for assault, twice for being AWOL from the Army, twice for auto theft, once for breaking and entering and once for robbery.

Worry of
FALSE TEETH
Slipping or Irritating?
Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter.

Texas Shower Is Confirmed

WASHINGTON (AP)—Sen. Lyndon Johnson yesterday told the Senate recent rains in Texas were a "stay of execution" but not a drought breaker.

"I am pleased to announce and confirm that it has been raining in Texas," he said, adding that it added up to 10 inches in places.

"This in no way resembles a 'drought breaker,'" he said. "It is, merely and more accurately, a stay of execution—an indication to our farmers and ranchers that they need not yet outfit themselves with a shroud."

He said he had received letters from County Judges C. G. Newton of Kendall County and Earl C. Wood of Armstrong County. He said they asked for support of a bill to pay ranchers the rental value of land withheld from pasturage.

Hugh Roy Cullen In Favorable Condition

HOUSTON (AP)—Hugh Roy Cullen, 76-year-old oilman who has given away millions of dollars to educational institutions and hospitals, was reported in favorable condition today after being stricken by cerebral thrombosis Saturday.

An attending physician said there were "no complications" and Cullen was getting along "very well."

Cullen was expected to remain in the hospital for the rest of the week.

Ancient House Found In Eastern Oklahoma

MUSKOGEE, Okla. (AP)—A house estimated by a University of Oklahoma archaeologist to be nearly 2,000 years old, has been unearthed on an Arkansas River bank near this eastern Oklahoma city.

Dr. James B. Shaeffer said the house—complete with a fireplace, roof poles and watershed — was built about 2,000 years ago. Weapons and implements found on the house site helped place the age, he said.

Steer In Louisville Just Won't Give Up

LOUISVILLE, Ky. (AP) — A "tough" steer got loose from the Louisville stockyards yesterday. Two policemen pumped two pistol bullets into it.

The steer kept going and more police arrived. They fired. The steer shook his head.

Finally the beast stopped. A policeman arrived with a rifle. The steer fell after the eighth shot into his forehead.

The damaged beef will be destroyed.

New Bomb Scare

HARRISBURG, Pa. (AP) — More than 100 policemen searched every corner of the 450-room State Capitol Building after an anonymous telephone caller reported a bomb was planted there.

No bomb was found.

Adenauer Received

VATICAN CITY (AP)—Pope Pius XII received Chancellor Konrad Adenauer of West Germany in private audience today. Adenauer came to Rome for the signing of Europe's common market and Euratom treaties.

Yarborough Swaps Verbal Blows With Thad Hutcheson

By JERRY MARTIN
The Associated Press

A new twist was added to an old campaign attraction Monday night in Dallas when senatorial candidates Ralph Yarborough and Thad Hutcheson had a televised debate.

Republican Hutcheson and Democrat Yarborough each got eight minutes to outline his position on issues.

Hutcheson said Texas needed a two-party system to clean up the "scandals" in Austin.

Yarborough, replying to Hutcheson's call for an effective minority party to serve as a "watchdog" over state government, asserted he had fought corruption for five years during his campaigns for governor.

Hutcheson said the Democratic they considered reorganization of party was "responsible for the scandals in Austin. I charge his party with it."

Hutcheson and Yarborough said the Senate one of the prime issues in the campaign. If a Republican wins, the GOP could gain control of the Senate with his vote and with a tie-breaking ballot by Vice President Nixon.

Hutcheson said reorganization would allow committee chairmanships to revert to conservative hands. Yarborough challenged this and said some committees would be headed by liberal Republicans.

Other candidates stepped up the pace in the final week of the race.

Charles Hill, a Fort Worth contractor, withdrew and threw his support to Yarborough. The ballots already have been printed, however.

Democratic National Committeeman Byron Skelton of Temple said election of a Republican and consequent reorganization of the Senate would be a "crippling blow" to the party and to Texas.

Candidate Clyde Orms was turned down in his request for a restraining order against Houston Monday. Orms contended Houston had offered him the use of a park but refused to allow him to use his loudspeakers in making a speech.

Agriculture Commissioner John White issued a statement condemning the television debate in Dallas.

"Walter Reuther's United Auto Workers Union (sponsor of the program) is spending thousands of dollars to sponsor this sham battle between the Republican candidate and the fading self-styled Democrat," White said. "Is this multi-thousand dollar telecast being paid by voluntary contributions from UAW workers or is it another example of misuse of union funds for political purposes in Texas?"

Two other candidates discussed the postal department. State Sen. Searcy Bracewell said he favored raising postal rates "to put the Postoffice Department on a paying basis."

Former Rep. Curtis Ford of Corpus Christi said the only business like approach to the department "is to cut out or eliminate such activities that are chiefly responsible for the losses and that clearly can never be placed on a paying basis."

Rep. Martin Dies was endorsed by the Dallas Times Herald. The newspaper said election of a Republican "likely would increase the confusion that already exists in Washington."

James Hart claimed the endorsements by former Atty. Gen. Gerald Mann of Dallas; A. J. Foley of Amarillo and W. M. Taylor of Dallas, who served with Hart on the state Supreme Court; and five University of Texas regents, who served while Hart was chancellor of the university.

Body Found After Blast

HOUSTON (AP) — A 19-year-old woman was fatally injured last night when an explosion ripped through her one-room efficiency apartment.

Fire Chief Capt. LaBue identified the victim as Jo Ann Miller.

Capt. LaBue said there was very little fire—only an explosion—and that he believed the woman had attempted suicide.

Patrolman F. H. Langborne said natural gas fumes were so dense in the room that he had to wait some time to enter. He said the windows were closed, the door was locked from the inside and gas jets on the stove were turned on as well as a gas outlet beside the bed.

The body was found on the floor beside the bed.

Retired Admiral Fined Yesterday

PALO ALTO, Calif. (AP) A retired Llano, Tex., Navy vice admiral, Heber H. McLean, 57, was fined $210 yesterday by Municipal Judge Paul I. Myers on a drunk driving charge.

McLean did not appear in court. A guilty plea was entered for him by his attorney, Jerome Feeley. Judge Myers placed McLean on probation for two years and suspended a two-month jail sentence.

Thirsty Hiker?

LOUISVILLE, Ky. (AP) —Herbert H. Underwood said he was just a thirsty hiker walking to a friend's house for a drink of whiskey when revenue officers popped out of the woods and arrested him. But a Federal District Court jury convicted Underwood and his friend, Gordon Howell, on charges of making moonshine. They were sentenced to a year and a day.

Charges Against Addison Dismissed

RAYMONDVILLE, Tex. (AP) — Three indictments charging John Addison, 28, with violating the Texas Securities Law were dismissed yesterday.

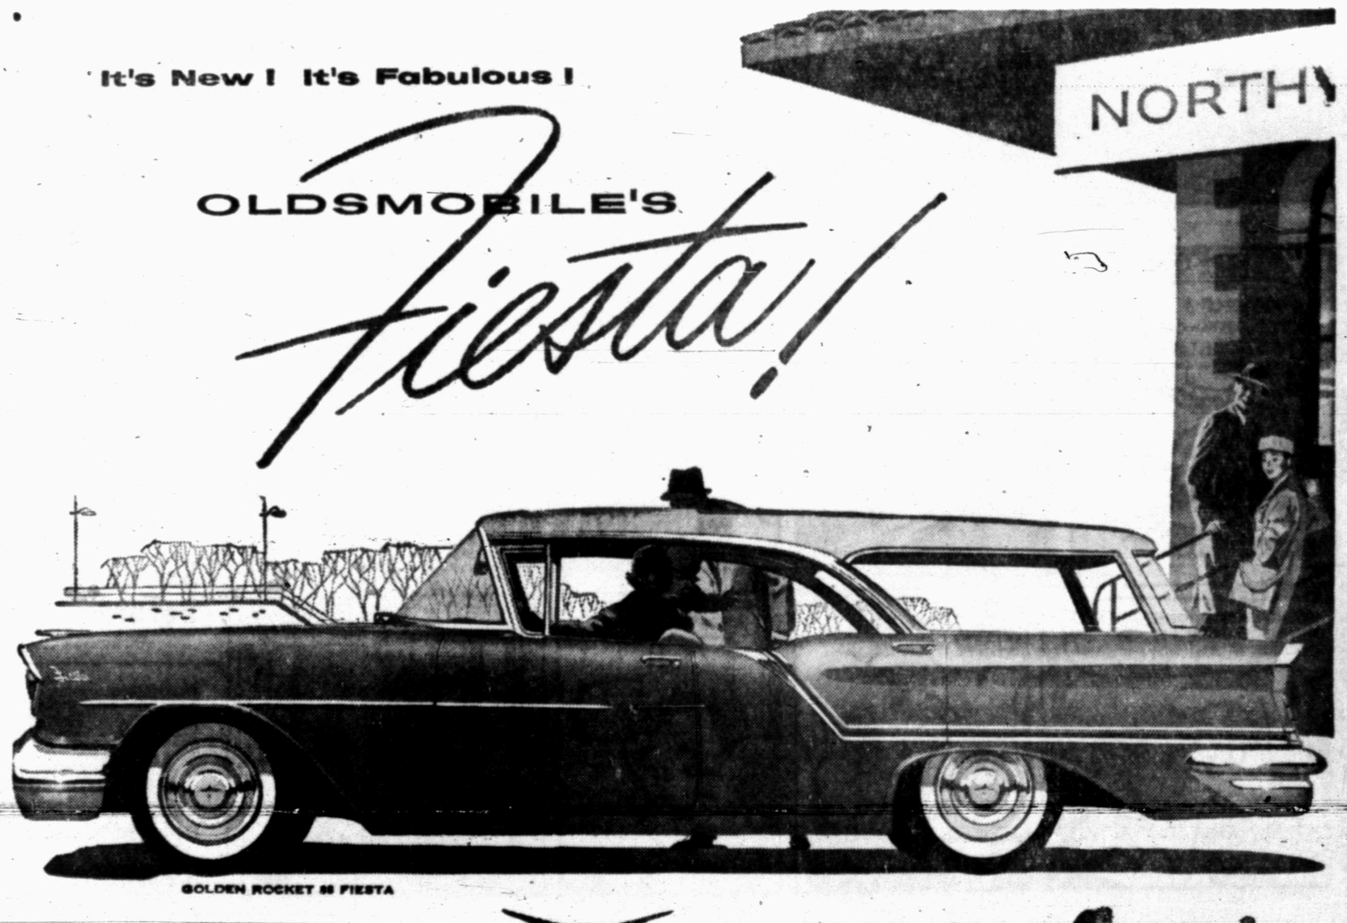

Addison, of Dallas and Denver, was ordered to appear before the next session of the Willacy County grand jury April 1.

The indictments dismissed charged him with selling securities without a permit and two counts of selling securities without registering as a dealer.

He claimed the indictments were defective in failing to allege that Addison was a securities dealer or an employe of a firm dealing in securities.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

TEXAS WILL HAVE a record number of baseball teams competing in schoolboy competition this spring which indicates that baseball interest is picking up around the Lone Star State.

A total of 711 schools have signed up for the TIL baseball program this spring. That's an increase of 21 over last year's lineup.

Sixty-seven Triple-A schools will play the diamond sport this spring. As we have mentioned before, baseball districts this year will be made up of the same schools as in football and basketball for the first time in history.

We haven't received the list of schools that will be playing baseball this year but since there are 16 districts in Triple-A, that is an average of a little better than four schools per district.

However, only one school, Snyder is sponsoring a baseball team in District 3-AAA. And there are only two schools in our adjoining district, playing baseball, District 4-AAA Vernon and Mineral Wells lineup.

Snyder will play the winner of 4-AAA in bi-district play.

It seems that most Triple-A schools in this immediate area are concentrating on football.

Tiger Linksmen Fought To Finish

Although the Tiger golfers finished "out of the money" in last week's Odessa tournament, coach Hal Battle was well pleased over the showing of his charges.

"Our kids stayed right in there and battled to the finish despite the cold winds, snow and dust," Battle said.

Battle pointed out that some of the teams "surrendered" to the weather and thus was proud of the spirit of his boys who refused to quit.

While the Tiger linksmen haven't been "burning" up the fairways this spring, the picture looks bright for the future. The "top four" on the Tiger squad consists of a freshman, two sophomores and a junior.

New Schools In Good Beginnings

New high schools in the TIL are making auspicuous showing in their "childhood."

Palo Duro of Amarillo, you'll recall, won the state Triple-A basketball title last year in its first year as a high school.

Then the team that succeeded Palo Duro as the Triple-A king, Smiley, is now in its third year as a high school. Smiley is located in Houston.

Smiley, too, may well win the state crown the next two years as her 7-foot center, Lewis Qualls, is only a sophomore. Qualls led Smiley to the state title this year, beating Pecos in the finals.

Qualls, too, was chosen on the all-state Class 3-A tournament team.

Tiger hurdler Powell Berry probably will be sidelined again this weekend when the Bengal cindermen journey to Brownwood to compete in the annual Bluebonnet Relays.

Berry missed the ABC Relays at Big Spring and last week's West Texas Relays at Odessa because of a sprained ankle.

Now Berry is recuperating from injuries he received in a car wreck last week. Berry received several cuts about his face in he wreck that occurred while he was enroute to the basketball banquet.

The all-around Tiger athlete is recovering nicely from his wreck injuries but he isn't expected to be ready for track duties this weekend.

He is expected, however, to be ready for the District 3-AAA track meet that will be held here a week from Saturday, April 6.

Earle B. Avery 62, of Pinehurst, N. C., ranked 21st in earnings among United States harness drivers during 1956. His piloting earned $133,278.

Olympics Set Here March 28

The 3rd annual Snyder Little Olympics will be conducted Thursday at Tiger Stadium, according to John Conley, school's athletic director.

A "Girls Division" will be added this year for the first time.

Boys and girls whose ages are 10-13 and who are attending one of the local grammar schools will be eligible to compete in the Little Olympics.

The group will be divided into two classifications, 10-11 year olds in one group and 12-13 in another group. There will be three divisions in each age group.

The ages are based on the age of the boys and girls as of March 1, 1957.

Ribbons will be given the first, second and third place finishers in each race.

No team totals will be kept.

Boys and girls who'll run in the Little Olympics will come from the following schools: West Elementary, East Elementary, Central Elementary, North Elementary and Northeast Elementary, all of Snyder.

Festivities will get under was at 6:30 p.m. Thursday. There will be no preliminaries.

Fisherman In Ring Victory

NEW YORK (AP)—Yvon Durelle is a big frog in his own little pond. Outside of it he is nothing. Yvon knows it. He is a happy man.

Yvon, 27 and a veteran of nearly seven years of pro fighting, says he is a fisherman first and a boxer second. He owns four fishing boats now and a fifth will join his fleet in June.

The solidly built native of Baie Ste. Ann, N.B., once held the Canadian middleweight championship and he is now the Dominion's light heavyweight king. His main ring ambition now is to win the Canadian heavyweight title from James J. Parker this fall and become the first ever to win the three Canadian crowns.

Wildcats Favored In North Texas Relays

DENTON (AP)—Abilene Christian College, with its great sprinter Bobby Morrow, will be favored to repeat as champion of the university-college division of the North Texas Relays here Saturday.

The Wildcats will be competing against eight other schools, Texas Christian, North Texas State, Hardin-Simmons, Southwest Texas State, Howard Payne, Sam Houston, Stephen F. Austin and McMurry.

Entry of Texas Christian sets up a high hurdles duel between Ken Fannon of ACC and TCU's Bill Curtis. Curtis holds the record of 14.1 here.

There will be three divisions of the meet this year, with the freshman-junior college class added. The high school division is due to draw more than 300 teams.

TIGER-STEER TILT CALLED AGAIN; TO MIDLAND TODAY

The Tigers and Big Spring baseballers were weathered out for the second straight time yesterday.

The continued high winds and cold temperatures caused postponement of yesterday's game, the same reason that Saturday's doubleheader was called off. The games were scheduled at Big Spring both days.

Coaches Speedy Moffett of the Tigers and Roy Baird of the Steers agreed to try it again Thursday in a single game at Big Spring.

The Tigers, in the meantime, will meet Midland at Midland today in a regularly scheduled game.

Dwayne Prince was Coach Moffett's choice to hurl today's game for the Bengals.

After Thursday's game at Big Spring, the Tigers will go to Lubbock Friday to meet Tom S. and then return home Saturday to host Big Spring in a doubleheader.

Tigerettes To Lamesa

The Snyder High School girls volleyballers journey to Lamesa tonight for a District 3-AAA game.

Tonight's game is a "must" for the Tigerettes who must win to stay in the championship fight. The Tigerettes are one game back of Lamesa and Sweetwater who currently share the 3-AAA lead with 3-1 records. The Tigerette record is 2-2.

Lamesa's only loss in district play came at the hands of the Tigerettes. Lamesa holds the only win over Sweetwater in district action while both of the losses the Tigerettes have suffered have been administered by Sweetwater.

If the Tigerettes win tonight and Thursday night over Colorado City and Lamesa handles Sweetwater Thursday night, the race will end in a three-way title tie between Snyder, Lamesa and Sweetwater.

A special playoff will be arranged if this should happen.

'ACC Is Awarded West Texas Title

ODESSA (AP)—Abilene Christian College edged out jbaylor in a recount of last Saturday's West Texas Relays yesterday after meet officials and sponsors decided an ACC sprinter had been overlooked in the 100-yard dash.

The ruling left ACC undisputed winner of the meet's university division with 55½ points to 52 points for second place Baylor. Saturday the officials tallied up a tie with 53 each.

The corrected results gave ACC's Bill Woodhouse a tie with Jerry Beck of Houston for second place in the 100-yard dash. Woodhouse failed to place, according to judges Saturday, in the field of six.

Relay officials and members of the sports committee of the Odessa Chamber of Commerce went into a huddle yesterday to view blown-up films of the race made by Odessa station KOSA-TV.

High winds which reached gusts of 50 miles an hour, dust, snow and sleet hampered both officials and competitors.

"All timers and judges did a fine job under the weather conditions that existed on Saturday," said Cooper Robbins, meet director.

Robinson Faces 'Sophomore Jinx'

TAMPA, Fla. (AP)—Frank Robinson, the National League's 1956 Rookie of the Year, tilted a paper cup full of ice to his lips and said:

"Sophomore Jinx? Maybe so. But not as far as playing the game is concerned.

"I guess maybe they'll pitch me different. Well, not really different because they started pitching me different along about July. I guess they'll pitch me the same way they finished up."

The young Cincinnati left fielder, who tied the rookie record with 38 home runs, was sitting in the Redlegs' dugout at Al Lopez Field.

"They pitched me 'in-and-out' at the end. You know. Giving me one inside and then going outside with the next pitch. When the season started they were giving me a lot of fast stuff.

"Fast ball, curve and slider. That's what they gave me at first. Then it was 'in-and-out.' Those Milwaukee pitchers gave me a lot of slow stuff. Especially, (Warren) Spahn."

A fellow asked whether Robinson had noticed anything different about the pitchers this spring.

"No," he answered. "I've only been in about five games. I'm having the usual spring trouble with my arm."

Podres Still Has Yankees' Number

By ED CORRIGAN
The Associated Press

A hitch in the Navy apparently hasn't taken the edge off that old black magic that Johnny Podres threw at the New York Yankees in the 1955 World Series.

The slim Brooklyn left-hander, who won two games from the Yanks in the Series — including a shutout in the finale—faced the Bronx Bombers at Vero Beach yesterday and they promptly rolled over and played dead.

He went six innings, didn't allow a hit and only permitted two men to reach first base, one on a walk and another on an error. But both were wiped out, so he wound up facing only 18 batters.

Podres now has a string of 17 scoreless innings against the world champions.

The Brooks won yesterday's game 1-0 in the 11th inning.

The Dodgers didn't have a reliable left-hander all last season, and they've been looking forward to Podres' return.

Four other games were played. At Orlando, Fla., the Washington Senators defeated the Kansas City A's 8-3; at Tucson, Ariz., the Chicago Cubs turned back the Cleveland Indians 11-6; at Phoenix, Ariz., the New York Giants outlasted the Baltimore Orioles 6-4; and The Boston Red Sox whipped the Hollywood Stars of the Pacific Coast League 3-0 at Hollywood.

Both the Nats and the Cubs had big innings. Washington jumped on veteran Ned Garver for seven runs in the eighth inning — including a two-run homer by Herb Plews — to wrap it up, and the Cubs coasted in after scoring six runs in the firs tinning against the Tribe. Ernie Banks and Jim Bolger each had two homers for the winners.

The Giants collected three home runs, off Baltimore pitchers, but the big one was hit by Dusty Rhodes. It came in the bottom of the 12th with a mate aboard and won the ball game. Foster Castleman and Hank Sauer also hit home runs for the Giants.

Ted Williams hit his first home run of the spring for the Red Sox.

Orioles Banking On Pitching, Defense

SCOTTSDALE, Ariz. (AP) — The Baltimore Orioles, who finished sixth in the American League last season, will bank on pitching and defense for a more impressive 1957 showing.

Paul Richards' Orioles won 12 more games last year than in his inaugural Baltimore season of 1955. A similar improvement this year would bring the Orioles close to the first division which they missed by 15 games last season.

How much Baltimore can close the gap of 13 ganes by which they trailed fifth-place Detroit last year depends upon how much cut-throating is done among the contenders chasing the champion New York Yankees.

Richards believes his Orioles have some defensive stiffening in new outfielder Al Pilarcik and a fine young third base prospect, Brooks Robinson, who turns 20 on May 18.

The lean pilot, regarded as one of the best handlers of pitchers in the majors, thinks rookies Charles Beamon and Bill O'Dell, $40,000 bonus grab from Clemson, will perk up a mound staff some observers deem patch-quilt.

Asked to name his pitching "Big Four," Richards frankly said: "I don't have a Big Four, I have a Big Two — Ray Moore and Connie Johnson." Moore was 12-7 and Johnson 9-11 last season.

From among Beamon, O'Dell, Don Ferrarese, Hector Brown, Bill Wight, Mike Fornieles and Erv Palica he hopes to pluck "spot starters" with Billy Loes and George Zuverink handling relief.

Robinson, a special protege of veteran third sacker George Kell, has been Baltimore's spring training star. An excellent fielder, Robinson could be an Oriole starter if he continues his exhibition season hitting pace.

West Edges East In Shrine, 64-60

KANSAS CITY (AP) — Unimpressed by their opponents' big names, the West All-Stars buzzed to a 64-60 triumph over the East last night in the annual Shriners' East - West benefit basketball game.

Little Gary Thompson, All-America from Iowa State, outscored the shining shooters of the East and did the quarterback chores for the West masterfully.

Thompson hit 16 points and was named the game's outstanding player. Southern Methodist's Jim Krebs hauled in 15 rebounds for the West and also outplayed his opponent, Charley Tyra of Louiscille, Unicersity, in all other departments.

Coach Frank McGuire of North Carolina had the dream squad in his own All - American Lennie Rosenbluth, Tyra, Grady Wallace of South Carolina and Joe Gibbon of Mississippi. It was the first time McGuire directed a losing team in 33 games this season.

Thompson, playing under his own Iowa State coach, Bill Strannigan, fired the West to a 12-2 lead in the first seven minutes. The East caught up, however, and was ahead twice. Krebs and Thompson rang up five decisive points in the last 35 seconds.

Larry Friend of California made 10 points, Kerbs 9 and Jed Dommeyer of Minnesota 8 for the West.

Texas Nine In Win Over Gophers, 7-2

By The Associated Press

The University of Texas, looking like the national champion team it was a few years ago, clash again Tuesday with Minnesota, defending national collegiate baseball titlist.

The Steers earned some intersectional glory for the Southwest Conference Monday by knocking over Minnesota, 7-2, in Austin.

Howard Reed and Harry Taylor limited Minnesota to seven hits. Texas bunched its attack in the second, third and fourth innings, scoring twice in each of those frames. The Longhorns added another run in the seventh on an error, stolen base and a single by Bell Moore.

Pete Embry homered for Texas in the second, scoring Harry Good ahead of him to put the Longhorns in front to stay.

The other conference teams take the day off Tuesday before resuming non-conference warfare. A full conference slate is scheduled Friday and Saturday.

Rice tangles with the touring Minnesota team at Houston Wednesday and Thursday and Texas Christian, defending conference champions and season leaders this year, meet Sam Houston state at Huntsville in a series Wednesday and Thursday.

Texas, Baylor and TCU are tied for the conference lead with one victory each.

Southern Methodist and Texas clash in a two-game series Friday and Saturday in Austin. At the same time, Texas A&M will meet Baylor at Waco and Rice will play TCU at Houston.

Aggies End Spring Drills

COLLEGE STATION (AP)—Quarterback Jimmy Wright of Edinburg was the individual star, but the Maroons beat his White team 40-27 as Texas A&M wound up spring training last night in a wild intrasquad game.

Wright scored all five touchdowns for the Whites. He was the top ground gainer with 81 yards on 23 carries.

Quarterback Charley Milstead drove the Reds to three touchdowns before leaving the game with injuries in the second half. Jerry Elledge took over to guide the Maroons to victory.

Starters John Crow, Loyd Taylor, Charles Kreuger and Roddy Osbourne sat out the scrimmage with injuries.

Salas Whips Russo

TUCSON, Ariz. (AP)—Charlie Salas of Phoenix finished with a burst which earned him a unanimous decision over Tony Russo of Laredo, Tex., in last night's 10-round main event at the Tucson Sports Center. Both boxers weighed in at 149 pounds.

Nebraska 5 In ABC Lead

FORT WORTH, Tex. (AP) — The Schwindt's Tavern team of Lincoln, Neb., swept to the top of the booster division standings today in the American Bowling Congress tournament.

Schwindt's yesterday knocked off games of 887, 961 and 936 for a series total of 2,784.

It ended the regin of Garrett Oil Tool No. 1 of Longview, Tex., which had led the booster division for a week with 2,754.

Al Giesick sparked Schwindt's with a 650 series. The team sponsor, John Schwindt, was low man with 493, but was elated at his team's standing. "This is the greatest thing that has ever happened to me since I started bowling," he said. The booster division is reserved for teams which average no more than 850.

Fred Breckle, a veteran of 34 consecutive ABC tournaments moved into seventh place yesterday in the singles. He banged out games of 223, 248 and 203 for a 674 series.

Dean Overholser of Chicago leads the singles with 708.

Martinez Revenges Loss To Caballero

AUSTIN (AP) — Jimmy Martinez, 160, of Phoenix, Ariz., revenged an earlier loss last night by winning a unanimous 10-round decision over Rocky Caballero, 158, of Austin.

Caballero won a disputed January victory over Martinez, but bowed last night to the Arizona fighter's superior ring knowledge. There were no knockdowns.

Test Drive A PONTIAC

DeSoto...prices now start just above the lowest

Yes, the sharpest looking car on the road can be parked in your driveway for just a few dollars more than you'd expect to pay for a low-priced car. Make it a point to drive and *price* a De Soto before you decide. Truly, **it's the most exciting car in the world today!**

Half Dozen Trains Stalled After Western Kansas Storm

GARDEN CITY, Kan. (AP) — At least half a dozen cross - country trains still were stalled in the western Kansas blizzard belt today but rescue workers removed almost 450 passengers late yesterday from the two stalled trains.

The two were isolated and almost covered by snow drifts.

Other trains—on the Santa Fe, Rock Island, Union Pacific and Missouri Pacific railroads — stopped at stations rather than buck the storm.

The two which were snowed under in open country Saturday night were the Union Pacific's City of St. Louis, bound from St. Louis to Los Angeles and San Francisco; and the Rock Island's Golden State Limited, bound from Los Angeles to Chicago.

Highway snow plows led caravans of school buses to the rescue of chilled and weary passengers.

"It was a long, cold night," said one.

Others told of playing cards and telling jokes to pass the frigid hours in unheated coaches. One group had Sunday morning church services.

Rescued first were 213 on the Union Pacific's westbound City of St. Louis, stalled near Winona, Kan.

"We gave all the blankets to the women and children," said Cadet James Vance, 22, of the U.S. Air Force Academy.

"The men tore up curtains and tablecloths to keep warm.

"It was a long, cold night. Everyone was very calm. We sat as close and as many as possible to a car for warmth. In the dining car they served hot meals. That helped. A lot of new friendships were made. We found a strange unusually strong companionship in the situation."

First snow tractors, then a helicopter brought in food and medicine.

"You could hear the cheers all down the train," Vance said. "Then four school buses came to transport us to town."

Aboard the Missouri Pacific's eastbound Colorado Eagle, by way of contrast, spirits were high and there was "plenty to eat." The train was marooned with 85 aboard Saturday night at Horace, Kan., on the Colorado state line.

"Everyone is well taken care of," station agent Joe Walker reported. "The diner is operating and there is plenty of food. The passengers are passing the time by playing cards and telling jokes. The few children on the train are running up and down the aisles having a big time."

Heat was maintained with fuel supplied by State Highway Department graders.

Worst Movies Are 'Cited'

CAMBRIDGE, Mass. (AP) — The Harvard University Lampoon college humor magazine, today lampooned several movie stars for their 1956 acting performances.

The Lampoon "cited" Jennifer Jones and Gregory Peck for the worst acting performances in "The Man in the Grey Flannel Suit" and "Mobey Dick," respectively.

It named Elvis Presley "the worst supporting actor in the world" for "Love Me Tender" and Anne Baxter as the worst supporting actress for her performance in "The Ten Commandments."

Natalie Wood and Tab Hunter were named as "the most cloying example of adolescence."

The Lampoon said Rock Hudson's recovery in "All That Heaven Allows" was "the most thoroughly unsatisfying ending of a movie."

Anita Ekberg in "War and Peace" was termed by the magazine as "only smorgasboard."

25 Faint Before Rock 'N Roll Show

DALLAS (AP)—At least 25 persons fainted outside the Sportatorium last night where some 12,000 persons, mostly teenagers, thronged to a rock 'n roll show headed by singer-pianist Fats Domino.

Police attributed the fainting spells to the crush of fans leaving after the first performance and colliding with screaming fans trying to get in to the final show.

Jean Castillo, 17, was taken to a hospital for emergency treatment along with two unidentified companions. She apparently collapsed from pressure of the tremendous crowd, which spilled into the streets and snarled traffic for a time.

Burned Safe Found

PHILADELPHIA (AP) — After 88 days of sifting through the ruins of a building destroyed by fire last December, a safe containing an estimated $140,000 was found yesterday.

It Would Have Been Cheaper To Pay Toll

RICHMOND, Calif. (AP) —Ronald W. Ehrman, A Navy airman, whizzed twice through the Richmond-San Rafael Bridge toll gate last week without paying fare.

Yesterday the 19-year-old youth told Municipal Judge Clare Horner he was drunk. He was fined $100 for nonpayment of toll and $158 for drunk driving and speeding—a total of $258.

Tolls both ways total $1.50.

Barge Sinks In Channel

GALVESTON (AP)—A barge loaded with heavy pipe sank in the wind-whipped waters of the Houston Ship Channel yesterday, blocking passage of large vessels.

The barge was being towed by the tug Betty of Houston. LnAoffi the tug Betty of Houston. An official of the barge line said it apparently was shipping water faster than its pumps could handle the flow.

The sunken barge was hit by the British tanker Wave Duke, as the latter vessel pushed out from Houston. A tanker compartment on the ship was damaged and it anchored pending a Coast Guard investigation.

Pilots notified the Coast Guard they would not attempt to sail through the channel until the barge is raised, even though the site of the sunken vessel was marked.

Crushed To Death

MULLENS, W.Va. (AP) — Miletus W. McGraw, 37, was crushed to death when two trees fell and knocked over a third tree. McGraw and Rodney Moore, 22, cut one tree, which hung on another tree. When they cut the second tree, both fell on the third and broke it off ten feet from the ground.

A Natural Food Concentrate
Call Mrs. W. G. Herring 3-6132

GAIL Future Farmer Bobby Stewart showed the champion finewool lamb at the South Plains Junior Fat Stock Show at Lubbock last week. The Gail sophomore showed the lamb in a field of about 300 finewools. He sold the animal in auction to Lee York of the First National Bank in Lubbock for $2.45 per pound. The lamb weighed 100 pounds.

Bank Robber Is Sentenced

SHREVEPORT (AP)—William R. Starnes, 21, Voth, Tex., yesterday was sentenced to 15 years in prison for the $25,211 holdup of a Sour Lake, Tex., bank Dec. 14, 1956.

Federal District Judge Ban C. Dawkins said Starnes had served one year in prison for forgery and that he was under two indictments in Texas for armed robbery of grocery stores.

Starnes pleaded guilty but said, "A man can look back and see his mistakes. I believe a man should have a second chance."

At the time of his arrest in a hotel here the day after the robbery, Starnes told officers he held up the bank "to see if I could get away with it."

Officers found nearly $15,000 in his possession. Another $7,000 was recovered from the home of his mother, Mrs. Vena Dupre, in Voth, and $925 was regained from Howard L. Coffey of Beaumont.

Test Drive A PONTIAC

Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleaningest" home rug cleaner, known as Blue Lustre, is now available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as ½ gallon of concentrate cleans three 9 x 12 rugs.

Sun can't fade your colored washables in an ELECTRIC Dryer

Wash dresses, sport shirts and luncheon sets stay color-bright, protected from the sun's bleaching rays

You save on your clothing budget, too, because clothes last longer, dried in clean, gentle electric heat

Colored washables and new "miracle" fabrics stay bright and new-looking when you use an Electric Dryer. Clean, gentle, automatic electric drying protects colored clothes from the bleaching action of the sun. Your most precious fabrics are safe, too, from whipping winds and airborne dust. All your clothes last longer, protected from outdoor drying hazards. And, of course, you avoid the monotonous drudgery of clothesline drying when you have an Electric Dryer.

LEADERSHIP NEEDED

Dependence On Suez Is Futile

By INEZ ROBB

It is one woman's opinion that the Western world must learn to live in the foreseeable future without its past dependence upon the Suez Canal and Mideastern oil.

It will take initiative, intelligence, imagination and guts, none which the Western world has so far tried in the Mideast crisis, to solve the issue. But it can be done.

Indeed, it will have to be done, for it is as plain as the nose on Durante's face that the Suez Canal from now on will be some-time thing, to be turned on or off at the whim of Colonel Gamal Abdel Nasser.

"There are none so blind as those who will not see," but it should be obvious now to the most obdurate in both the United Nations and in the U. S. State Department that Nasser has set himself up not as the operator of the Suez Canal but as its censor.

If and when the canal finally reopens on the inflexible terms of an Egyptian Hitler, there is not the slightest guarantee or assurance that free and innocent passage will be granted the ships of any nation that in any way offends Nasser. He has again barred Isreli shipping. But is there any guarantee that British and French shipping, for instance, will be permitted passage?

As long as the canal is to be operated at the whim of an irrational demagogue with whom the U. N. and the U. S. are too timid to come to grips, then the Western world must make plans to by-pass it in deference to enlightened self-interest. Suez cannot be permitted to become a barrel over which the Mideast stretches the West at its pleasure.

Senator Mike Mansfield (D., Mont.) has already called for a free world boycott of the canal. There are estimates that it will cost $250,000,000 to underwrite such a boycott. But the free world didn't count the cost of the Berlin airlift, and it cannot afford to count the cost of finding substitutes for a waterway on which it can no longer depend.

I object to a by-pass of the canal as a means of punishing the Mideast. It is not punishment of the Arab but his own protection that the Western world must insure.

If the canal from now on is a chancy thing, how much more so are the great oil pipelines, which can be cut on caprice. For the West to make itself wholly dependent once more on either is sheer idiocy. There is ample oil and ingenuity in the Western world to lick this problem, if only the West will put its wits and determination to work and stop quailing before a tinpot director.

Before World War II, there were complacent people who thought they could do business with Hitler, a project comparable to trying to do business with a rattlesnake.

If experience has tauht the West anything — and I'm not certain it has — it should have proved that it can't do business with Nasser or any other screaming demagogue with any more success than with der Fuehrer.

Isn't it high time we acknowledge that Suez's usefulness is lost to the West and plan accordingly? Suez isn't a jugular vein unless we make it so.

All of Lot 9 in Block 3; all of Lot 6 in Block 4; all of Lot 6 in Block 7; all of Lot 1 in Block 8; all of Lot 5 in Block 9; all of Lot 10 in Block 11; all of Lot 11 in Block 11; all of Lot 12 in Block 12; all of Lot 11 in Block 12; all of Lot 12 in Block 12; all of Lot 7 in in Block 13; all of Lot 12 in Block 15; all of Lot 2 in Block 19; and all of Lot 12 in Block 20, all in the W. L. Gross Subdivision of the Scarborough Addition to the City of Snyder, Scurry County, Texas, as shown by the official map or plat of said subdivision recorded in Volume 17, Page 299, Deed Records, Scurry County, Texas.

The City Council shall have the right to receive and consider any and all bids submitted for the leasing of the above described lot or lots or any portion thereof so long as any lot or lots or portion thereof is leaed to be pooled with other acreage to form at least a 40 acre drilling unit, and shall have the right to award the bid to the highest and best bid submitted.

The City Council shall have the right to reject any and all bids if in the judgment of the City Council the bids submitted do not represent the fair value of such a lease or leases.

DATED at Snyder, Texas, this 12th day of March, A. D. 1957.

Harold Bennett
MAYOR OF THE CITY OF SNYDER, TEXAS

ATTEST:
K. O. Pitner
CITY SECRETARY

LEGAL NOTICE

THE STATE OF TEXAS

To any Sheriff or any Constable within the State of Texas — Greeting:

By the publication of this Writ, one time, said publication to be not less than ten days before the return day hereof, in a newspaper printed in the County of Scurry, State of Texas, YOU ARE HEREBY COMMANDED TO SUMMON to appear before the County Court of Scurry County, Texas, at or before 10:00 o'clock A. M. on Monday, the 8th day of April, A. D. 1957, by filing a written answer and objections to the Application filed in the hereinafter styled and numbered cause by Judson W. McGaha on the 25th day of March, A. D. 1957.

The style of said cause is Administration of the Estate of J. W. McGaha, deceased, with Will Annexed

The number of sa'd cause is 1577

The nature of said Application is Administrator's Application for Discharge and for Final Settlement in the Estate of J. W. McGaha, deceased

HEREIN FAIL NOT, but have you before said Court at the time aforesaid, this writ with your return thereon, showing how you have executed the same.

WITNESS my hand and official seal, at Snyder, Texas this 25th day of March, 1957.

Dan Cotton Clerk,
County Court, Scurry County, Texas,
By Dell Smith Deputy.

Snyder Judgers Win First Place

A grass judging team from Snyder High School yesterday captured first place in a contest held in Abilene.

The contest was held at the Abilene Christian College annual field day.

A total of 26 teams were participating in the contest. Running behind the Snyder team, which represented the Future Farmers of America, were Imperial, Mason, Richland Springs, and Albany.

All four boys on the Snyder team placed in the top 10 among individuals, and there were some 100 boys participating on the teams. Benny Rinehart was second high individual, Robert Nail sixth, Richard Miller seventh, and Steve Nail eighth.

The livestock judging team from Snyder at the contest did not place, but one of the team members, Billy Greene, was 10th high individual in the contest. Other members of the team were Robert Lewis and Harley Merritt.

This is the first top place taken this year by the Snyder grass team, which has taken two seconds and one third in larger contests which involved teams from through out the state. Those contests were at the Dallas fair, Southwestern Exposition and Fat Stock Show at Fort Worth, and Houston Fat Stock Show.

On April 27, district and area judging contests in various fields will be held on the Texas Tech campus in Lubbock, and several teams from Snyder will participate.

Billy Bob McMullan and Kenneth Goforth, agriculture instructors and team coaches, accompanied the teams to Abilene yesterday.

Plea Of WT Group Denied

HOUSTON (AP) — Federal Judge Joe Ingraham refused Saturday to grant an injunction sought by four West Texas cotton farmers.

The farmers complained of the manner in which the State Agricultural Stabilization Committee had allocated portions of the state acreage reserve to various counties in 1956.

Ingraham ruled that determination and allocation of the state reserve is committed by law to the discretion of the state committee, subject to the final approval of the secretary of agriculture. He said the plaintiffs failed to prove they have been damaged by the present reserve allocation or that they would receive additional acreage if the present reserve is set aside and a new on established.

The suit was brought by Willie Hawkins of Castro County, Ralph White of Howard County, Floyd Smithou of Martin County and George Smith of Jones County.

Taken To Galveston

Mrs. Ida Fikes, 2900 Avenue M, was carried from Snyder to the John Sealy Hospital in Galveston today by Bolger ambulance.

Snyder Man, Sons Injured

BIG SPRING — A Snyder man and his two sons were injured and their car was smashed when high winds toppled a drilling rig four miles southeast of Coahoma Sunday.

Alfred Morris, watchman at the rig, and his sons, Ronnie, 11, and Alfred Leon, 4, were in the rig's "doghouse" when the rig fell. The rig smashed the Morris car and the winds pushed the doghouse to one side.

Morris suffered a fractured arm, while Ronnie Morris had lacerations and a possible skull injury, and Alfred Leon Morris suffered lacerations. They were carried to a hospital in Big Spring for treatment, but none of the trio was considered in a serious condition.

Grand Jury To Start Trust Investigation

HOUSTON (AP)—U.S. Atty. Malcolm Wilkey said yesterday a federal grand jury will begin tomorrow the first phase of its investigation into the defunct U.S. Trust and Guaranty Co. of Waco.

Records of the firm and of state investigations were brought to Houston.

"Both the postal and SEC people have been working on this thing for months," Wilkey said. The grand jury will try to find out whether operations of the defunct insurance firm involved mail fraud or SEC violations.

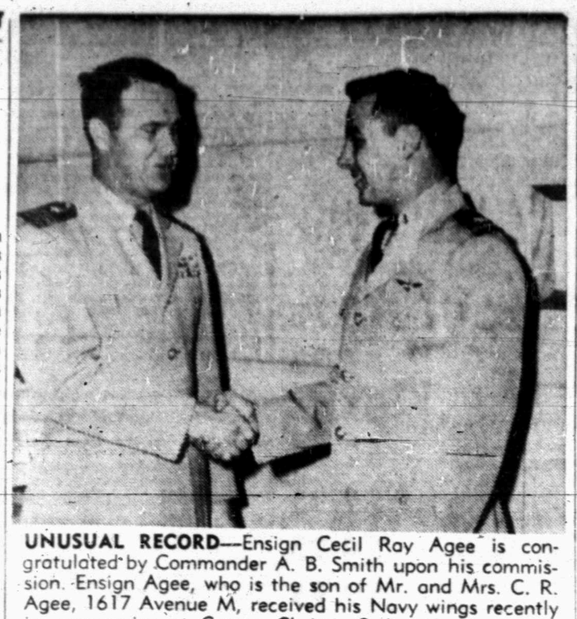

FARM MEET SET HERE

George Pfeiffenberger, executive vice-president of the Plains Cotton Growers Association, will be speaker at 7:30 o'clock tonight in a special meeting scheduled at the district courtroom here.

Pfeiffenberger will explain the work of the association in representing cotton farmers and other persons dealing with the cotton trade in this part of the state. Allotments, grading, exports, and many other things are among the things with which the association concerns itself.

The meeting is being sponsored by the Scurry County Farmers Union.

The Chamber of Commerce agriculture committee, headed by Kenneth Goforth, today teamed with the Farmers Union in urging farmers, ginners, and businessmen to attend the meeting to learn whether Scurry Countians might be interested in joining in the work of the association.

UNUSUAL RECORD—Ensign Cecil Ray Agee is congratulated by Commander A. B. Smith upon his commission. Ensign Agee, who is the son of Mr. and Mrs. C. R. Agee, 1617 Avenue M, received his Navy wings recently in ceremonies at Corpus Christi. Ordinarily, two years of college work is required before a candidate is accepted for training as a Naval aviator. However, Ensign Agee, a graduate of Snyder High School in 1953, entered the Navy in 1954 and was accepted for such training after ranking high on an examination. (Official U. S. Navy Photograph)

Union Files Case Against Katy Railroad

CINCINNATI (AP) — James L. Dyer, executive assistant to the president of the Brotherhood of Railway Clerks, last night said grievance actions against the Missouri-Kansas-Texas (Katy) Railroad have been filed by his union.

Dyer said the litigation probably will involve "several millions of dollars." He said about 1,000 union clerks have been laid off in a transfer of offices by the railroad.

He said the grievances will be put to the Railway Adjustment Board in Chicago. Other railroad crafts also are affected, Dyer said.

Dyer singled out the new Katy president, W. N. Deramus, and said, "I don't know his motive, of course, but he's just wrecked the railroad as far as the employes go.

"He's violated not only our agreements but those with other crafts as well. He makes all his moves at night," Dyer said.

He added: "Last week he closed the offices at Parsons, Kan., and backed baggage cars up to the office to take away the records. The attorney general of Kansas got a restraining order, and a deputy sheriff took it down, but the offices are still closed.

"Then Saturday or Sunday night he loaded all the stuff at the St. Louis office into vans in the dark."

Dyer said he thought the charges were similar to moves made in the Great Western Railroad when Deramus was head of that company.

"He doesn't say a darn thing until he does it," he said.

Greater US Control

HONG KONG (AP)— Britain has been put under greater American control as a result of the Bermuda Conference, Communist China's government newspaper claimed today.

Couple From Dallas Hoping For Miracle

NEW YORK (AP)—A Dallas couple was headed back to Texas today hoping for a miracle in the case of their blind and paralyzed daughter, 4.

Dixie Lee Lahood probably has less than a year to live but "we have a lot of faith in God," said her mother, Mrs. Joseph Lahood.

Her husband said, "They told us just to take her home and make her happy." The child was discharged from babies hospital of the Columbia Presbyterian Medical Center Sunday.

Doctors there gave her from six months to a year to live. They said she is suffering from a progressive degeneration of the brain for which there was no treatment.

DOCTOR CLAIMS:

Children Confused By Sex

By ALTON L. BLAKESLEE
AP Science Reporter

ST. LOUIS (AP)—The "almost insane sex preoccupation" in America is confusing and disturbing children, Dr. Goodrich C. Schauffler, Portland, Ore., gynecologist, declared today.

He called on parents, doctors and other citizens to change "our distorted all-American sex perspective."

Speaking about sex education to the American Academy of General Practice, Dr. Schauffler said:

"Our young girls today, at the age of the first perception, are confronted with the whole tree instead of the tips of the roots.

"It was not like this in our childhood. This is not entirely due to the delinquency of parents or educators, but is the direct result of our present-day almost insane sex preoccupation.

"Our children climb the tree of knowledge eagerly, but they cannot distinguished the rotten branches. They fall and are bruised.

"It is our particular job as physicians to attempt to patch them up — but beyond that, as parents and citizens, it is also up to us to do something about our distorted all-American sex perspective.

"Young girls today are, as a group, deeply confused and disturbed."

Children develop bizarre ideas about sex because of so much stress upon sex and sex symbols, he added.

"Many know more about sex than their parents, but they are mixed up on it," he declared.

Budget For Sabine Reservoir Approved

DALLAS (AP)—A $1,219,677 budget for the Iron Bridge Reservoir on the Sabine River was approved yesterday by the Dallas City Council.

The Sabine River Authority submitted the budget for April 1 to June 30, 1957.

The first construction has started. The reservoir is 45 miles east of Dallas, which is paying the 20 million dollars cost.

Baby Born Unassisted

HERFORD, Tex. (AP)—Mrs. R.C. Martin bore a 5½ pound boy yesterday without assistance after her husband was unable to fight his way through heavy snow to reach a doctor. "I just prayed and did the best I could," she said. Mother and baby were doing fine.

Dinosaur Egg Found

HAMILTON, N.Y. (AP)—A 70-million-year-old dinosaur egg, insured for $10,000, is back at Colgate University today after a three-day disappearance. The petrified egg was stolen from a display case Friday night and found late Sunday night on the lawn of a church.

82nd Birthday

SEOUL (AP) — President Syngman Rhee marked his 82nd birthday today.

He's Out Of Race

LOS ANGELES (AP) — Superior Judge Newcomb Condee declared James D. Starns out of the race by a default divorce decree after Mrs. Ellis L. Starns testified he was more interested in handicapping horses than paying attention to her.

Traffic Too Heavy

ALBANY, N.Y. (AP) — A motor scooter started suddenly and carried Mrs. Shirley Venne on a wild ride from a back yard into heavy traffic. It stopped when she rammed a curb. Police arrested her for driving without a license. Sentence was suspended.

No Trace Of Plane

TOKYO (AP)— Thirty eight U.S. search planes today failed to find any trace of a missing C97 transport that disappeared March 22 off the Japanese coast with 67 Americans aboard.

Musical sands on the Persian Gulf coast of Saudi Arabia make a whistling sound when walked upon.

KNOWS NOTHING ABOUT NOTHING

WASHINGTON (AP) — Rep. Bass (D-Tenn) has broken his rule against sending more than 10 government publications to any one person at one time.

He sent 76 of the do-it-yourself pamphlets to a Tennessee man who pleaded:

"Recently married, expecting, just moved into new home and broke. I do not know anything about anything. Neither does my wife. Thanks."

Body Of Tavern Operator Is Found

BONHAM (AP) — The body of James Beauchamp, 54, was found yesterday in the burned tavern he operated in Yuba, Okla., 13 miles north of here.

Sheriff Raney Arnold said Beauchamp may have been slain.

"Old at 40, 50, 60?" Man, Get Wise! Pep Up

Thousands are peppy at 70! So if you feel weak, low energy, "old" at 40, 50 or 60, quit blaming it on age. If you want to feel younger try new, improved Ostrex Tonic Tablets at once. For debility due to rundown body's lack of iron and Vitamin B_1, the "below-par" feelings you may call "being old." Puts pep in both sexes. Try Ostrex to feel peppy, years younger. 3-day "get-acquainted" size only 69¢. Or get Economy size, save $1.67. All druggists.

Pictureless TV

PHILADELPHIA (AP) — Pictureless television sets are in demand here. The Lighthouse for the Blind said it can use all the sets with blown-out picture tubes available. They provide listening enjoyment to the blind.

Model for model, right across the board FORD is the lowest priced of the low-price three!

The Fairlane Club Victoria is a brilliant example of the Mark of Tomorrow styling and built-in plus-values that have made Ford the best-selling car in the nation.

Ford is the best dollar-value of all the cars on the market.

Ford is worth more when you buy it!

Everywhere you look in the new Ford, you see plus-value features. And these advanced features that make the Ford car your best buy today . . . also make it your best buy for the years ahead.

There are many plus-values in the all-new "Inner Ford!"

You don't ordinarily see many of the plus-value features that are built deep down into the all-new "Inner Ford." For example, such features as the new, sturdier, contoured frame that lets the car ride lower with full road clearance . . . new suspensions, front and rear, that are integrated and balanced to give you smoother, big-car comfort and restful handling ease.

There's a big plus-value in Ford power for '57!

This year, you can pick a Ford engine to suit your power needs from a whole new family of mightier Ford V-8's—ranging up to the terrific 300-hp Thunderbird 312 Supercharged V-8. Or you may choose the new Mileage Maker Six.

Ford is worth more when you sell it!

The years-ahead styling and rugged "Inner Ford" features that make Ford worth more now are the features that will make it worth more when you are finally ready to sell it or trade it in.

Ford is priced right!

Comparison of manufacturers' suggested retail delivered prices proves that model for model, Ford is the lowest-priced, full-size car.

Action Test a Ford . . . and see for yourself!

The only way to get fully acquainted with a car is to get behind the wheel and drive it. And we will be happy to have you Action Test a '57 Ford at any time.

COME IN TODAY...get a great deal on the NEW KIND of FORD!
