Strike In 115th Day Still Deadlocked

NETWORK BOSSES—Dr. Frank Stanton, left, president of the Columbia Broadcasting Company, and Robert Kintner, right, National Broadcasting Company president, are scheduled to appear before the House Investigating Sub-committee in Washington. The network chieftains are expected to tell the broadcasting companies' side of the TV quiz show scandal and corrective measures taken since the disclosures. (AP Wirephoto)

Industry Has Responsibility, Says Stanton

WASHINGTON (AP)—Dr. Frank Stanton, president of the Columbia Broadcasting System, said today that the broadcasting industry must itself shoulder the job of correcting the ills revealed by TV scandals.

As the windup witness before a House subcommittee investigating television quiz shows and other practices, Stanton declared: "We believe that legislation is no cure-all for these ills and that the primary responsibility lies with the broadcasting industry itself. CBS is moving forward in that conviction."

Stanton did not go all the way with the position taken earlier by Robert E. Kintner, president of the National Broadcasting Co., who advocated enactment of legislation making it a federal crime to rig TV quiz programs.

He told the subcommittee that while such a step might be desirable, legislation of itself is not a sure preventative "as is proven by the continuation of crime despite stringent criminal laws."

Stanton's testimony also reinforced the CBS policy placed in effect last month banning all big-money quiz and giveaway shows from the network.

"We were forced to the conclusion that we could never be sure about these programs as presently conceived," he testified. "There is always the danger that these programs may be rigged in one way or another."

Stanton said he was completely unaware of irregularities in CBS quiz shows until August of last year.

"When gossip about quiz shows in general came to my attention, I was assured by our television network people that these shows were completely above criticism of this kind," the CBS chief said.

"With benefit of hindsight, it is now clear that I should have gone further."

Stanton said CBS, which already has moved against what it termed misleading practices such as canned laughter and applause, now is preparing to go even farther in this direction.

He said it is also giving much thought to advertising commercials.

Five of the subcommittee's nine members took issue with the scope of Kintner's proposed new law. Any legislation, they said, should go much farther and should strike at finagling and dishonesty in every phase of the business.

Typical of their comment in separate interviews was the reaction of Rep. Walter Rogers (D-Tex).

"There should be a penalty on anybody who perpetrates a fraud on the airwaves, and that includes advertising," Rogers said.

Rep. John B. Bennett (R-Mich) said "it should apply across the board, to deception in any kind of program."

Committee Chairman Oren Harris (D-Ark), one of four members who did not announce a direct stand, said as Thursday's session ended that the industry must "face the facts of life." Unless it polices itself, he said, it faces the prospect of rigid government controls.

Kintner said Thursday "we were just as much a victim of the quiz show frauds as the public."

Cold Covers Interior Of Country

By The Associated Press

The coldest weather of the season spread across the interior of the nation today on the heels of the big Midwestern snow storm.

The freezing zone extended from Utah and Idaho on the west [illegible] east and reached as far south as Texas and Arkansas.

The mercury column shrank to -17 in Fraser, Colo., -10 in Lemmon, S.D., and -7 in Bismarck, N.D.

The snow ended in most of the Midwest, but still fell in Michigan. Marquette in Michigan's Upper Peninsula had 16 inches. Escanaba, Mich., had 4½ inches during the night.

Blowing snow and icy roads made travel hazardous in some areas.

The wave of cold moved eastward toward the Atlantic Coast and a gradual warming trend began in the West.

The storm was blamed for at least seven deaths, most of them in traffic accidents.

Warm moist tropical air moved into the eastern third of the country Thursday and sent temperatures to record highs for the date in many areas. Readings ranged from the 50s and 60s in the North Atlantic states to the 70s and 80s in the South Atlantic states.

Doctors May Glue Back Broken Bones

WASHINGTON (AP) — Doctors are working on the possibility of repairing fractured human bones by gluing them together without surgery. So far it has been tried only on animals, but with promising results.

Dr. Milton S. Cobey said the method involves injecting a plastic material at the site of the fracture. A hypodermic needle is used, in much the same fashion as doctors inject certain medicines and vaccines.

This idea differs from other previous concepts for gluing fractured bone ends together. The older concepts involve surgical operations to lay open the site of the fracture — after which a plastic glue-like material is inserted to help promote healing.

Dr. Cobey, professor of orthopedic surgery at Georgetown's School of Medicine told about the research in a report prepared for an American Fracture Assn. meeting in New Orleans. The paper was distributed here by the university.

"In the history of medicine to date," he said, "No glue or plastic of any kind has been invented that can be injected into a human fracture site to hold bones together. However, it has been done by us entirely in the research field — in laboratory animals. But it is still not applicable to the human at this time."

Dr. Cobey said a plastic has been developed that appears to be satisfactory when employed in tests on rats and rabbits.

"The plastic so far has caused no material irritation and caused no evidence of cancer," he added. "But, the other hand, it has not been in use long enough for us to make a final statement."

EISENHOWER TOUR—Map shows nine countries where President Eisenhower will call on a visit to Europe Asia and Africa, which he announced at his press conference in Washington, D. C. The tour will start in Rome, Italy, and will end at Rabat, Morocco. Other cities the President will visit in the 19-day goodwill tour are: Ankara, Turkey; Karachi, Pakistan; Kabul, Afghanistan; New Delhi, India; Teheran, Iran; Athens, Greece; and Paris, France. (AP Wirephoto Map)

Icy Air Grips Area

A wintry blast still held the Snyder area in its grip this morning, as the season's first roaring norther swept into the Gulf of Mexico.

The mercury dipped to an official low reading of 21 degrees here early this morning, and by 7:30 a.m. it had inched upward to a mere 26-degree reading.

The Weather Bureau predicted that the cold weather would continue through tonight.

By The Associated Press

Arctic air knifed deep into Texas as skies cleared over most of the state Friday.

Temperatures before dawn dived as low as 15 degrees at Dalhart in the upper Panhandle, where light snow and sleet fell Wednesday night and early Thursday.

The temperature dipped to freezing or below everywhere north of a line from Longview westward to 30 miles south of Junction and on to Salt Flat, which is east of El Paso in far West Texas.

More rain fell early Friday at Brownsville, at the state's southermost tip. It was in this balmy area that cold air hurtling down from the north collided with warm, moist air and set off heavy rains Thursday afternoon.

By early Friday, Texas skies were generally clear north of a line from Del Rio to Beaumont. It was cloudy to partly cloudy across the rest of the state.

Chilly readings elsewhere early Friday included Lubbock 17 degrees, Amarillo 21, Childress 22, Abilene and Midland 24, Wichita Falls and Mineral Wells 26, Dallas, Tyler and Wink 29, Texarkana and San Angelo 30, and Longview and Waco 31.

Temperatures elsewhere before sunrise ranged up to 49 degrees at Laredo.

As the icy air surged into the lower Rio Grande Valley late Thursday the mercury stood at 89 degrees in Brownsville—a record for the date in that city.

Harlingen caught 2.10 inches of rain in 45 minutes. Raymondville measured 1.50 and Brownsville 1.23 by nightfall, and scattered showers fell at other points in that area.

Forecasts promised the wintry weather would linger through Friday night in Northwest, Southwest and North Central Texas under clear skies and through Saturday in other sectors, where partly cloudy skies are in prospect. It's expected to warm up a bit Saturday in upper regions of the state.

Rosson Rites Set Saturday

Funeral service for Oscar C. Rosson of Sweetwater, who died Thursday of injuries received in a traffic mishap near Itasca, have been set for 2 p.m. Saturday in the First Baptist Church in Sweetwater.

Mr. Rosson, who had lived in Sweetwater for the past nine years, was a former resident of Snyder.

The Rev. V. W. Tatum of Abilene will officiate at the funeral service. He will be assisted by Dr. LeRay Fowler, pastor of the Sweetwater church, and by the Rev. Cone Merritt of Snyder.

Burial will be in the Snyder Cemetery, under direction of Bell Funeral Home.

Mr. Rosson is survived by his wife; four sons, State Rep. Renal Rosson and R. J. Rosson, both of Snyder, Arlin Rosson of California and Eldon Rosson of Hillsboro; a daughter, Mrs. Arthur Beauchamp of Scurry County; a brother J. M. Rosson of Scurry County, and three sisters, Mrs. Bythia Jacobs of Breckenridge, Mrs. Hattie Stewart of Ranger and Mrs. Mae Currier of Stephenville.

WEATHER

SNYDER TEMPERATURES: High Thursday, 46 degrees; low, 21 degrees; reading at 7:30 a.m. today, 26 degrees.

East Texas — Freeze north and central portions with lowest 24 to 32 and 32 to 42 extreme south tonight. Partly cloudy and cold through Saturday.

South Central Texas — Freezing extreme north with lowest 28 to 32 and 32 to 45 elsewhere tonight. Partly cloudy and cold through Saturday.

North Central Texas — Generally fair through Saturday. Warmer Saturday. cold again tonight with lowest 24 to 32.

Northwest Texas — Generally fair through Saturday. Warmer tonight and Saturday with lowest tonight in the 20s.

Southwest Texas — Generally fair through Saturday. Warmer Saturday. Lowest tonight in 30s.

West Gulf — Northerly winds 30 to 40 mph this afternoon and tonight diminishing Saturday. Partly cloudy.

Annexation Race On In SE Texas

BEAUMONT, Tex. (AP)—It's a wise citizen who knows where he's at in this Southeast Texas area. That's more than the annexation-mad city fathers in four municipalities can say.

All four Jefferson County cities —Beaumont, Port Arthur, Nederland and Port Neches—accuse the others of being land hungry and out to latch onto all the industrial plants and oil and gas fields in the area.

It all started Oct. 22 when Port Neches annexed a row of petrochemical plants which lay outside the city limits.

Beaumont, on Oct. 27, annexed a 10-foot wide strip of land 29½ miles long as a buffer zone to protect industries outside Beaumont's city limits from annexation by Port Neches and Nederland. The industries were protected from annexation to Beaumont by city ordinance.

Monday Port Arthur annexed 12,000 acres, almost doubling the size of the city and taking in Port Acres, a suburban municipality.

Port Arthur followed this up Wednesday by jumping over a buffer zone set up months earlier by Nederland and annexing another big block of land which included the airport, about halfway between Beaumont and Port Arthur.

Beaumont's City Council held a special session, rescinded its first buffer-zone action and adopted a new and larger buffer boundary that included a Du Pont chemical plant.

Four hours later, though, the Beaumont City Council gave up on the buffer - zone program and started working on a whopper of an ordinance to add some 39,000 acres to the city.

Already citizens could go to sleep in one community and wake up inside the city limits of another.

But to further confuse things, Nederland started a study of how to annex the Gulf and Texaco refineries at Port Arthur, which are not within that city's limits. Nederland also approved five other annexation ordinances, including one claiming the airport already claimed by Port Arthur.

One thing was sure—the "land war" will end in court.

Two Dead In Pampa Blast

PAMPA, Tex. (AP) — Two men died early Friday of burns suffered in an oil field tank blast 20 miles southwest of here Monday.

Thurman Humphries of Humble succumbed shortly after midnight and Houston Floyd nearly four hours later.

A third man—Eddie Burger of Houston—also was injured in the explosion. It occurred while the three were working with a Shaw Oil Co. crew to clean a 55,000—gallon crude oil storage tank for the Texas Oil Co.

The blast shook windows four miles distant and witnesses described the roar as much greater than a sonic boom.

Viet Nam Commies Cleared By Panel

UNITED NATIONS, N.Y. (AP) —The U.N. fact-finding committee on Laos reported today it had found no proof that Communist forces from North Viet Nam had taken part in the current conflict in the little Indochinese kingdom.

In a report to the 11-nation Security Council, the committee declared, however, that the Laotian rebels had received equipment, arms, supplies and the help of political advisers from neighboring North Viet Nam.

The report was the result of a first-hand inquiry by the four-member committee created by the Security Council last Sept. 7. Members of the group were Japan, Argentina, Italy and Tunisia.

Court Rule Is Awaited

WASHINGTON (AP) — The steel strike today entered its 115th day with peace talks at a standstill and not a sign from any direction that a settlement might be near.

The nation and the deadlocked industry and union negotiators—still awaited the Supreme Court's decision whether to sustain or knock down a Taft-Hartley law injunction ordering the 500,000 striking steel workers back to their jobs for 80 days.

Whether the ruling would come today or later remained the court's own secret. The government obtained the injunction in federal court in Pittsburgh more than two weeks ago, but it has been held in abeyance pending the outcome of appeal.

Sen. Wayne Morse (D-Ore) announced he will ask Congress next year to give the President potent new powers to halt strikes threatening to create national emergencies.

He said he will introduce a bill to provide alternative procedures.

Under the approach in the Morse plan, the President would be empowered to appoint an emergency board with authority to issue an order settling a dispute after holding hearings and announcing findings.

The alternative procedure would let the President seize and operate closed plants, subject to concressional veto of his action within 10 days.

Strike-halting injunctions under the Taft-Hartley law may be issued for not more than 80 days, and the courts have no authority to extend or renew then if the "cooling off" period fails to bring a settlement. Critics call this a serious weakness in the law.

Joseph F. Finnegan, federal mediation director, announced no date for bringing the rival management and union negotiating teams together for more face-to-face bargaining. He said there would be no point to it until technicians representing both sides move finished their efforts to agree on the cost some of the things the union has demanded and the company offered. The mathematicians were reported still far apart on their estimates.

All concerned said privately that even such an agreement wouldn't necessarily mean much, because it would not touch on a major issue — the company's demand for more leeway in changing work rules it considers wasteful or inefficient. The union argues that to grant this would open the way for company-ordered speedups and an end to many gains achieved by the workers through years of bargaining.

34 Clubs To Back Johnson

TEMPLE (AP) — Backers of Sen. Lyndon Johnson have organized 34 clubs in Texas to support him for president, Democratic National Committeeman Byron Skelton said Thursday.

A meeting to form a Bell County club is planned here in a few days.

Skelton reported Johnson-for-president clubs now are functioning in these counties: Wilbarger, Cherokee, Franklin, Tom Green, Maverick, Orange, El Paso, Hopkins, Collin, Harris, Bastrop, Titus, Brazos, Parker, Palo Pinto, Wise, Denton, Upshur, Smith, Ellis, Wichita Grimes, Washington, Taylor, Wilson, Guadalupe, Val Verde and McCulloch.

Two other clubs have been formed at Jacksonville, Dublin, Madisonville, McKinney, Brownwood, in the Lower Rio Grande Valley and at the University of Texas, the national committeeman said.

"I am confident we will have at least one club in every county of Texas," Skelton said.

Local backers of Sen. Johnson planned to meet this afternoon in the district courtroom to organize a Scurry County Johnson-For-President Club.

The session here was set for 3 p.m.

Four Negroes Sought After Girl Assaulted

SAN ANTONIO (AP) — Police looked today for four Negroes accused of forcing a 17-year-old white girl into a car and raping her.

Officers said the hysterical girl told them she was seized and blindfolded about 11:30 Thursday night on San Antonio's east side.

She said the men dumped her on the floor of a car and drove to a lonely spot, where at least two of them raped her. Doctors confirmed that the girl had been attacked.

Strikers Asked To Comply With Order

HOUSTON (AP)—Union officials have asked Houston's striking steelworkers to comply with any back-to-work order the Supreme Court may issue.

Members of four steelworkers union locals met Thursday night to plan action should the court uphold a lower court injunction that would halt the nationwide strike at least temporarily.

About 3,300 steelworkers are on strike here but only about 250 attended the meeting.

U. S. Sub, Freighter Collide In Canal

LONDON (AP)—The U. S. submarine Threadfin and a freighter collided in darkness in the Suez Canal Thursday night. The submarine escaped without serious damage or casualties, the Navy reported.

In Washington, the Navy said the submarine was rammed from behind while being overtaken.

The Washington announcement named the other ship as the Nicholas Michalinos III and said it is a former Liberty ship now under Greek registry.

Federal Court Action Looms In Mississippi Lynching

By STANLEY MEISLER

WASHINGTON (AP) — The Justice Department had waited for action by a Mississippi grand jury, but no action came. Now the department will seek federal court action against the lynchers of Negro Mack Charles Parker.

Acting Atty. Gen. Lawrence E. Walsh announced Thursday night that the U.S. attorney in Jackson, Miss., had been told to take steps toward presenting the case to a federal grand jury.

Parker, a 23-year-old Lumberton, Miss., Negro indicted for raping a white woman, was dragged screaming from his cell last April. His body was found later in a river.

Initial Mississippi reaction to the newest federal move was hostile. Judge Sebe Dale, in whose court the Pearl River County Grand Jury made its report, said he didn't think the Justice Department had a chance to get an indictment.

"They seen hell bent to punish us about everything that comes up," Judge Dale said. "They want to carry it to the last degree."

Justice Department officials declined to say whether they would try to indict the lynchers under the kidnaping law with its death penalty or under civil rights laws with their lesser penalties.

The decision to enter the case marked a sharp reverdal for the department. After a month-long investigation by the FBI last May, Justice Department officials said there had been no evidence of violation of the federal kidnaping law because the lynchers apparently had not crossed a state line.

The FBI report then was turned over to Mississippi. But the 378-page report, which reportedly identified the men involved, was not considered by the local grand jury.

Dist. Atty. Vernon Broom labeled the report hearsay. The grand jury could have the report if it desired, he said. The 18-man jury, reporting Thursday, did not hand down any indictment in the case.

In Jackson, Gov. J. P. Coleman and Atty. Gen. Joe Patterson had no comment on the Justice Department's decision to reopen the case.

Dist. Atty. Broom said he also had no comment, but he added:

"It seems like a strange paradox to me that when a respectable woman of Mississippi is attacked on a lonely highway, the press showed little interest in it.

"Then when something happens to the rapist, the press raises an endless clamor."

Daniel Believes Many State Agencies Could Be Erased

AUSTIN (AP)—Gov. Price Daniel believes more efficiency can be obtained in state government by reducing the number of separate agencies and special funds.

But he warned the Texas Research League that reorganization of government for more efficiency does not come overnight.

Daniel underscored a need for economy in government, opposed any extension of federal assistance into new fields, recommended specific legislation and criticized the Legislature for some acts in a speech at the league's annual luncheon.

His speech gave many the impression that he likely would be a candidate for re-election. Other public office seekers apparently await a decision by the governor on his plans before announcing their own goals.

About 275 top business leaders and officials of the state attended the luncheon. The league is a non-profit, privately financed organization which conducts research on governmental problems at the request of state agencies.

On taxes, Daniel admitted there are differences of opinion between him and some of the businessmen who advocate a sales tax as the best revenue raiser. He said:

"The people of Texas are not about to stand for a gross income tax, which a general sales tax certainly is, on the vast majority of the people without coming forth soon with an income tax on those who make more than they spend.

"If anyone thinks Texas can adopt a general sales tax without soon having an income tax, he is deluding himself."

Daniel praised the three members of the State Board of Insurance for restoring "integrity and faith in insurance regulations in this state." This brought applause.

He also urged the directors to work toward highway safety and for improvements in the laws to protect lives. He said the highway patrol needs to be doubled.

"We live in Texas with an outmoded driver's license law, driving, inadequate traffic courts, only the bare beginning of a driver education program and an undermanned Department of Public Safety," the governor said.

Daniel told the businessmen only 1.7 cents of every tax dollar goes to support the state's executive, judicial and legislative branches while the remainder goes to schools, welfare, highways and hospitals.

"When someone raises the cry to cut out some of these services," he said, "I think that in fairness he should point out where. A state that is growing as fast as Texas does not cut down on public education or quit building roads."

He said there are 213 separate funds in the state treasury and 30 more deposited in banks. There is a need for many of them, he said, "but I am positive that more efficiency and economy can be obtained by eliminating some and combining many of the separate agencies and special funds."

LEGAL NOTICE

THE STATE OF TEXAS

TO: A. E. Moore, if living, and if the said A. E. Moore be dead, then the legal representatives and the unknown heirs of the said A. E. Moore, and the unknown heirs of the unknown heirs of the said A. E. Moore, if the unknown heirs of A. E. Moore are dead.

GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 21st day of December, A. D. 1959, at or before 10 o'clock A.M. before the Honorable District Court of Scurry County, at the Court House in Snyder, Scurry County, Texas.

Said plaintiff's petition was filed on 4th day of November, 1959.

The file number of said suit being No. 7867.

The names of the parties in said suit are: L. M. PHIPPS as Plaintiff, and A. E. MOORE, if living, and if the said A. E. Moore be dead, then the legal representatives and the unknown heirs of the said A. E. Moore, and the legal representatives and the unknown heirs of the unknown heirs of the said A. E. Moore, if the unknown heirs of A. E. Moore are dead, as Defendants.

The nature of said suit being substantially as follows, to wit: Trespass To Try Title for title and possession of the following described property, to-wit:

Being all of Lot Number ONE (1), Block Number TWENTY-TWO (22) of the ADAMS ADDITION in the City of Snyder, Scurry County, Texas, according to the Map or Plat of said Addition which is of record in Volume 17, page 294 of the Deed Records of Scurry County, Texas.

Plaintiff also pleads the three year statute of limitations, the five year statute of limitations, and the ten year statute of limitations.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 4th day of November A.D. 1959.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 4th day of November A. D. 1959.

Eunice Weatherbee Clerk of the District Court of Scurry County, Texas

Plans and specifications including minimum wage rates as provided by Law are available at the office of Homer Ray, Resident Engineer, Snyder Texas, and Texas Highway Department, Austin. Usual rights reserved.

Immigration into the United States reached a peak in 1907 when 1,285,349 persons were admitted.

Doctor Is Found Insane By Jury

LUBBOCK, Tex. (AP) — Dr. Harold Eidinoff, 50, accused by the state of feigning insanity to escape trial for murder, heard a jury pronounce him of unsound mind Thursday.

District Court jurors held the graying former El Paso physician is insane now and was last Jan. 28, when he shot and killed Theodore Andress, a lawyer, also 50, at the El Paso Airport. Witnesses said Eidinoff nursed a grudge after Andress introduced nude pictures of Eidinoff and his first wife in a 1954 court suit.

The verdict under Texas law prevents Eidinoff's trial on a murder charge. Instead, Dist. Judge Robert H. Bean will commit him to a mental hospital.

"I'm going to hold up entering my order," the judge said, "until I can see about what hospital to send him to, and see what I can do about insuring he'll stay there."

Eidinoff asked permission of the court to make a statement after hearing the jury's verdict, but defense lawyer Percy Foreman objected. Judge Bean refused to let the doctor speak.

Later Eidinoff commented to a newsman:

"God pulled the trigger on Ted Andress. They can't change the verdict now, can they?

"We are all sinners, but we must repent. Those people who have not repented will burn in hell."

He kissed his wife farewell before officers led him away.

Jurors delivered the verdict after about 3½ hours' deliberation. The sanity hearing, transferred here from El Paso, started Oct. 19.

Testimony brought out that Andress, as counsel for other lawyers who sued Eidinoff for a fee after the doctor's divorce from his first wife, offered nude pictures of the couple as evidence. The photographs later figured in a 1957 libel suit through which Andress won an $85,000 judgment against Eidinoff.

The shooting occurred shortly after Andress and his wife stepped off a plane returning them home from San Francisco.

In final arguments, El Paso lawyer Eddie Berliner of the prosecution staff maintained:

"Eidinoff cheerfully chose paranoia as the form of insanity (for his defense) because the symptoms of this disease permit an individual to go about his normal life in all other respects."

Dist. Atty. William Clayton of El Paso, claiming Eidinoff took advantage of his medical knowledge to fake insanity, asserted:

"He planned and carried out a most brutal and cold-blooded murder."

Defense lawyer Travis Shelton of Lubbock countered:

"If a man were going to pick out a mental illness, he'd pick out one that could be cured when it was all over. Psychiatrists say true paranoia is incurable."

Man Sentenced On Embezzling Count

JEFFERSON, Tex. (AP) — Woodrow Wilson Shippey, 47, who admitted embezzling $4,736 from the Longview National Bank, received a suspended sentence Thursday.

Suspended were fines of $1,000 and two-year prison terms on each of 15 counts. Shippey was placed on probation for three years.

He waived preliminary hearing, grand jury indictment and jury trial in federal court.

The teller resigned at the Longview bank Oct. 5, one week after a shortage was discovered. He was arrested later at Waxahachie and posted $2,500 bond.

He was charged specifically with stealing $4,736.58. U.S. Atty. Paul Brown said a total of $19,538 was missing.

The lowest point in the state of Wyoming is still 3,100 feet above sea level.

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS: Mary Garrison, Hermleigh; Troy Joe Russell, Hermleigh; Mrs. Laura Wilhelm, 206 Twenty-ninth Street; Jackie Rose Patchell, 3724 Avenue U; Dorothy Ratliff, 3105 Avenue T; Ella Bates, Hermleigh; Mrs. Rosa Fore, 2409 Sunset; Maurine Fulford, 2608 Avenue J.

DISMISSALS: Sammy Kenney Jeffery Greenfield, T. D. Wiman, Grace Dumas, Jesse Crawford, Bill Tolleson, Quest Withers, J. D. Cook, Karl Smitherman, Mae House.

Couple Seek Unborn Child

SEATTLE, Wash. (AP) — A Kent, Wash., barber and his wife, childless in 11 years of marriage, say they want to adopt the unborn child of Sheila Winkley of Timperley, England.

Mrs. Winkley has said she does not want the child because, among other reasons, she does not like to wash diapers.

"We will wash diapers day and night to have that baby," Mrs. Gottfried Pekema, 39, said Thursday. Her 38-year-old husband echoed her sentiments.

Pekema said, however, that his salary as a barber would prohibit his going to Britain to get the baby.

"Do you suppose they could send it to us?" Mrs. Pekema asked.

The couple said a wire has been sent to Mrs. Winkley, asking for the baby, which is expected in February.

Mrs. Winkley and her unemployed husband, Roy, gave away their fourth child, Janet, for adoption last March. They have their first two children. Their third is in an orphanage.

Carol May Not Require Operation

DETROIT (AP)—Carol Krumm, 11, may not have to undergo the surgery objected to by her mother for religious reasons.

The girl was released from Sinai Hospital Wednesday after surgeons said a swelling behind her eyes had receded. Dr. H. Harvey Gass said earlier that exploratory surgery might be necessary to determine if Carol had a brain tumor.

Authorities made the girl a ward of juvenile court after her widowed mother, Doris Krumm of suburban Berkley, refused to allow surgery because Carol might require blood transfusions.

Mrs. Krumm, a member of the Jehovah's Witnesses, said that while she was not opposed to surgery itself she would not allow possible transfusions because she believed this would violate a scriptural rule against the "eating of blood."

Dr. Gass, who asked that the girl be made a ward of the court to make an operation possible, said Thursday that surgery may not be necessary now.

The girl returned home to her mother after her discharge from the hospital. Juvenile court spokesmen said they would retain the authority to allow an operation should the hospital or Dr. Gass decide one is necessary.

Carol will be kept under observation while at home, Dr. Gass said.

Ex-President Of Philippine's Dies

MANILA (AP)—Jose P. Laurel, whose collaboration with the Japanese in World War I brought him denunciations as a traitor and praise as a patriot, died today.

The 68-year-old political veteran suffered a stroke Thursday while standing on a sidewalk in downtown Manila. He died in a hospital of a brain hemorrhage.

Laurel served as president of the puppet government set up by the Japanese in 1943 but insisted he collaborated with the enemy only to protect his people from the conquerors. After a postwar political comeback, he retired in 1957 after nearly half a century in public life.

The newest U. S. Cabinet post, the Department of Health, Education and Welfare, was created in 1953.

PUBLIC RECORDS

FILED IN CIVIL DISTRICT COURT:

L. M. Phipps vs. A. E. Moore, et al, suit of trespass to try title.

L. M. Phipps vs. C. L. Norris, et al, suit of trespass to try title.

Inez Parker vs. Fred D. Parker, suit for divorce.

WARRANTY DEEDS RECORDED:

Mr. and Mrs. John D. Harvey, Eddy County, New Mexico, to Mr. and Mrs. Raymond Scarbrough, west half of Lot number 1, Block 44, Winston Replat of a portion of Colonial Hills Addition, except minerals.

NEW VEHICLES REGISTERED:

B. A. Used Cars from Pollard Motors, 1959 Chrysler four door sedan.

B. Y. Veneir from Pollard Motors, 1959 Plymouth four door sedan.

Letters By Twain Found

DALLAS, Tex. (AP) — Like many another man, Mark Twain once entertained dreams of being a boy again—but only on his own terms.

In 1881 he wrote five letters to a Dallas boy, David Watt Bowser, 12, who had written to ask if the humorist wouldn't like to relive his boyhood. Not until this week did the letters come to light in a forgotten lockbox.

Signing his real name — S. L. Clemens — the author said his answer was "no" unless he could impose some stipulations.

"The main conditions would be that I should emerge from boyhood as a cub pilot on a Mississippi boat, and that by and by become a pilot and remain one," he wrote.

Twain further insisted that the season must always be summer with the magnolias in bloom, and that he drew no midnight watches on a river boat.

"It makes one feel so dreary and low-spirited and forlorn," he explained, "to raise out of a pleasant sleep at dead midnight and go perch away up there in the pilot house in the midst of wide darkness with apparently nobody alive in the desperate world but him."

Twain was 46 at the time. He died in 1910, when he was 75.

British Super Road Records First Death

LONDON (AP)—Britain's new superhighway, opened only five days ago, registered its first deaths today in a rash of truck and auto accidents in heavy fog.

Two men were killed and several persons seriously injured in half a dozen collisions along the 72-mile road running from London to Birmingham.

Woman Dies In Accident

GAIL — Mrs. Viola Isaacs, 47, was killed and her husband, Edd A. Isaacs, 60, was seriously injured Thursday when their car went out of control and plunged off U. S. Highway 180.

The couple was returning to Lamesa, their home, when the mishap occurred.

Mrs. Isaacs was pronounced dead upon arrival at a Lamesa hospital. Funeral services were pending at the Higginbotham-Funeral Home.

Isaacs, an employe of the Lamesa Daily Reporter mechanical department, formerly was employed by the Snyder Daily News.

DeMille's Estate Over $4 Million

LOS ANGELES (AP)—Cecil B. De Mille left an estate of $4,043,607.

This disclosure came Thursday when a judge approved distribution of $40,750 in bequests to friends and former employes of the pioneer film director-producer. De Mille, who died last January at 77, left most of his estate to his daughter, Cecilia De Mille Harper.

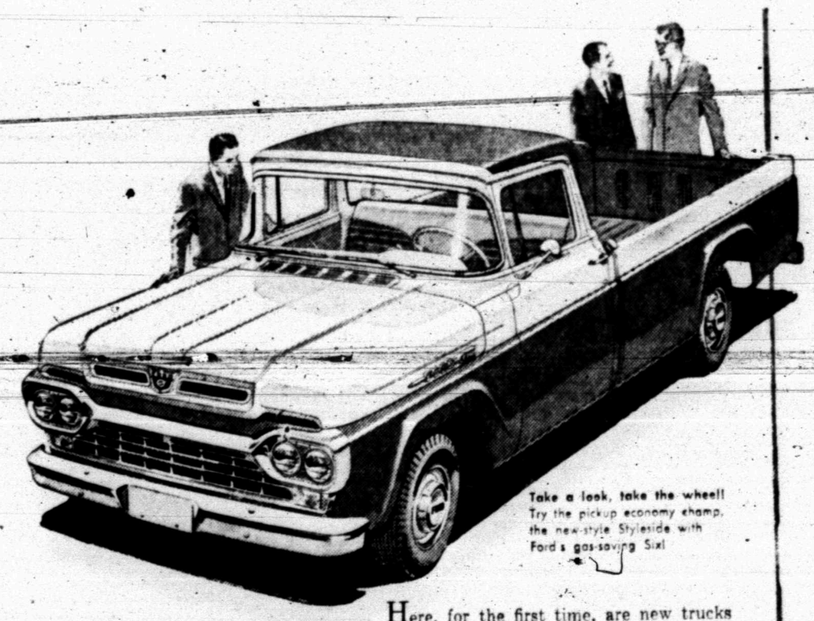
NEW '60 FORD PICKUPS!



with Certified Economy
Here, for the first time, are new trucks with economy backed by certified tests! America's leading independent automotive research firm* tested the '60 Ford Trucks for gas mileage, for durability, for reliability—and certified the results.
Come in and see all that's new in Ford Pickups for '60. Their new styling, safeguarded by new Diamond Lustre Finish . . . their more comfortable cabs . . . their tough new build, starting with a 23% stronger frame. You'll find a lot to like—including Ford's low price tags!
FORD TRUCKS COST LESS
LESS TO BUY . . . LESS TO RUN . . . BUILT TO LAST LONGER, TOO!
See 'em here and now! F.D.A.F.
CERTIFIED GAS SAVINGS!
Independent research engineers tested and certified again the gas savings of Ford's modern Six. That's the standard engine that delivered over 25% more miles per gallon than the average of all others in Economy Showdown U.S.A.!
CERTIFIED DURABILITY!
Tests of key truck parts by independent engineers showed definite increases in durability. For example, the new frames in 1960 Ford Pickups showed 23.6% greater rigidity . . . Ford's new brake linings gave 13% longer life!
CERTIFIED RELIABILITY!
Typical of many reliability tests was a severe "shake and temperature" test of Ford's new electrical wiring. The certified results: the new Ford wiring harness proved to be more than three times as reliable!
CERTIFIED LOWEST PRICES!
See the actual price comparisons, plus all the economy test results. See the Certified Economy Book at your Ford Dealer's now!

What To Do When Johnny Has A Cold

By DOROTHY V. WHIPPLE, M. D.
AP Newsfeatures

Colds are everybody's problem. The person who seldom has a cold is a rare and lucky person and I doubt if anyone exists (except perhaps a young baby) who has never had a cold.

Medical science so far has been unable to find either a quick way of recovering from a cold or a sure way of preventing colds. However in spite of not knowing the answers to these most important questions we do know a good deal about this troublesome pest, the common cold. There is a tremendous amount of research going on both in this country and abroad right now. The U. S. Army and the Public Health Service have extensive programs under way and in addition a Common Cold Foundation has been organized to further and coordinate all the research. But until some one comes up with the important answers we are going to have to muddle along as we have been doing for years.

We do know some things.

Children's Colds

Children have more colds than grown-ups. On the average grown-ups have between two and three colds a year. A pre-school child may have as many as seven or eight, a primary school child probably will not have more than four or five, and an adolescent usually has no more than three or four. Babies, especially first babies, have fewer colds than run-around children, but a baby living in a household with several older children has more colds than a baby who lives the isolated and sheltered life of the only child.

The prevalence of colds in children is just something we have to take at the present state of medical knowledge. We seem to build up a resistance to colds by just living—probably by being exposed over and over again during our young years.

Another thing we know about colds is that they occur more frequently in winter than in summer. This has more to do with the fact that people crowd together more in cold weather. We stay indoors more, keep windows closed and breathe each other's germs.

A rash of colds is pretty certain to break out when a group comes together and remains in close quarters. Soon after the beginning of school in the fall you can expect a lot of colds. It is often true, too, that right after the Christmas holidays there will be another sweep of colds through the classrooms.

Colds are caused by a germ, one of those tiny germs called a virus. You get a cold because you get a germ from someone else. As you get older you are better able to fight off the germs because slowly over the years you build up some immunity to the germ.

There are a thousand ways to treat a cold. Many, many people swear by some pat remedy. Mighty few of them do any good at all and some do positive harm.

Anti-Histamines

The anti-histamine drugs had a great vogue a few years back but they have now fallen into disrepute. True, these drugs will dry up the annoying discharge from the nose but they don't kill off the virus that causes the cold. The truth is if you have a cold you are better off with a runny nose—it's nature's way of getting rid of the infection. If you just dry up the nose, the germ is apt to find a pleasanter place to live and migrate down into the lungs and produce a more serious disease than just a cold.

When your child has a cold, put him to bed for a few days, let him breathe some steam air—its very soothing. Let him eat and drink as he wants and keep him happy and don't dose him with a lot of useless medicine just because you think you should be doing something.

If your child runs a fever call your doctor. There is probably something more wrong than a cold. There is little or no fever with a common cold.

Someday we hope we will have this problem licked, but in the meantime you and your children, I and my children will have to live with the common cold.

Young Actress To Be Questioned

LOS ANGELES (AP)—Was 9-year-old Evelyn Kaufer cross-country jet flight a runaway or a publicity stunt?

Los Angeles police will try to learn the answer when she returns from Washington. Police Chief William H. Parker said Thursday. He said the young actress will be questioned by a juvenile officer.

I sincerely wish to invite my friends and acquaintances to the 37th Street Church of Christ the week of November 8th, to hear Dale Brooks preach.
Adv. —MACK BRAY

THE "FLY-BY-DAY"

Permit us to caution you against the "fly-by-day" salesman.

This species operates in broad daylight, but he moves on to new territory with amazing speed.

He's the door-to-door fellow who peddles "therapeutic" bargains. His offerings might range from all-purpose vitamins to highly touted cure-alls. Fantastic claims pour from him in torrents. He is interested in a quick commission sale, not in your health.

If you think you need medical help, consult a physician. Rely upon us to fill your prescriptions.

OUR VIEW

Diploma Mills Another Flaw

CORPUS CHRISTI CALLER

It is reassuring that Americans are beginning to look more critically at the flaws in this nation's moral fabric and particularly at the weak spots that may be labeled intellectual dishonesty.

Though unlikely to cause such a stir as the TV quiz-show scandals federal investigation of "diploma mills" is important and in order. So-called colleges that sell diplomas without requiring any academic courses of consequences are a two-edged fraud, a deception of both their direct victims and the general public.

Arthur S. Flemming, secretary of health, education and welfare, has announced that the Office of Education will compile a public listing of "questionable" institutions, and examine what other powers of regulation—such as mail fraud prevention—the federal government has. Flemming has said that care will be used in the listing to prevent an injustice, but there should also be an appeals system by which a questioned college could defend itself, preferably before being publicly branded. One evil should not be replaced by another, and policing by administrative listing can be a dangerous expedient.

A college degree is a valuable asset, however, which governmental police powers can be called upon to protect from degradation. Meanwhile, young men and women should realize that higher education is not to be bought over the counter like a sack of potatoes.

Trade 'Worm' Is Starting To Turn

By SAM DAWSON
AP Business News Analayst

NEW YORK (AP)—The world trade worm—American style—is beginning to turn.

England and France have lifted most of the controls on how much American goods they'll take, and Japan is reported ready to do the same.

This comes just as the United States was starting to talk tough about the drain on its gold reserves because of the rapid rise in imports by this country while its industrialists and farmers were being barred from many markets.

And it comes after Washington started talking about shouldering less of the foreign aid burden and expecting more of such dollars to be spent here. Abroad this is leading to fear that Americans are turning to protectionism again.

Relaxation in bars against American goods can be important to you if you are a manufacturer wanting to sell some of your goods abroad, or if you work for such a company. It's important to you if you make goods that face increasing foreign competition, or if you work for a company that does.

The turnabout from Uncle Sam's bolstering other nations' industries and currencies to measures to bolster the U. S. dollar—now selling below par in several countries—is noted with polite amusement by some Europeans.

Some of them suggest the dollar is overvalued and a devaluation would do little harm. Most Americans, from the President on down, have rejected this notion.

But the prime thing for Americans just now is that England has scrapped some of its quotas and Americans can try to expand their markets there. Estimates of how much more could be sold run from 300 to 500 million dollars a year.

Some American manufacturers, however, look for little increase. Industry, for instance, isn't hampered any more by a how many American cars the British can import—a limit that was never reached.

The real obstacles still remain: a 30 per cent tariff on U. S. cars, and once they are there they must pay—as all cars do—a 50 per cent sales tax.

Will Is Attacked By Husband, Son

SAN FRANCISCO (AP)—When Amy Bachman died last January she left a will distributing her $911,486 estate as follows:

Two thirds to a San Mateo County animal shelter.

One third to a foundation to provide "free beds for the needy."

One dollar to her husband, Arthur, of Santa Barbara, Calif.

Nothing to her son, Arthur Jr., of Atherton, Calif.

Thursday the father and son filed suit in Superior Court here, each seeking approximately half the estate.

The father charged she was physically and mentally incompetent when she drew up the will.

The son said his mother "liked animals better than people."

Petition Filed For Marilyn's Mother

LOS ANGELES (AP)—Appointment of a conservator for actress Marilyn Monroe's mother is asked in a petition filed in court Thursday.

The petition said the mother, Gladys Eley, 57, is now in a private sanitarium near Los Angeles. The document was presented by Miss Monroe's former business manager, Inez C. Melson.

Mrs. Melson said the petition was filed with consent of the actress, identified in it as Marilyn Miller. She is married to playwright Arthur Miller and no longer lives here.

Ike's Trip May Be Morale Boost

By JAMES MARLOW

WASHINGTON (AP) — President Eisenhower's December trip to three continents may give a morale boost to some of the nine nations he visits. But it's doubtful there will be any other effect.

In a sense, Eisenhower is making a return visit. Without exception the top or almost top man from each of the nine countries on his schedule has been here in recent years, a number in recent months.

The nine are France, Italy, Morocco, Greece, Turkey, Iran, Pakistan, Afghanistan, India.

The President's personality, going back to World War I days, has been of the kind that could quiet some troubled waters and get people to pull together.

He probably hopes his trip to Europe, Africa and Asia will have some of that affect, plus giving his hosts a sense of American goodwill. Beyond that, it's hard to see anything his trip will achieve except in Paris.

There on Dec. 19, at the end of his trip, he sits down for a three-day meeting with President Charles de Gaulle, British Prime Minister Harold Macmillan and German Chancellor Konrad Adenauer, as a preliminary to meeting Soviet Premier Nikita Khrushchev some time next year.

This meeting is supposed to provide agreement among the Allies on what they will discuss with the Soviet leader.

India will probably get the biggest lift from Eisenhower's visit.

Prime Minister Jawaharlal Nehru, who has persisted in keeping neutral between the West and communism, has fallen on troubled days with his big neighbor, Red China.

It will be comforting to the Indians to have Eisenhower reassure them they have friends in the United States. Nehru already knew that.

It's probably because he understood it well that he has for so long adopted a holier-than-thou attitude and felt free to enjoy the luxury of refusing to choose up sides.

The Moroccans have been talking of wanting the United States to pull out its military bases which were established there while Morocco was still a protectorate of France. The United States says it is willing, and details are being worked out.

Since Eisenhower isn't going there to negotiate on this problem, which takes time, he isn't likely to change anything there unless to create some goodwill toward this country.

Nor is he apt to change anything in Afghanistan which, like India and Morocco, is a neutral.

When Afghanistan's prime minister, Prince Sardar Mohammed Naim, cisited Eisenhower here in October, he assured the United States Afghanistan's acceptance of large-scale Soviet aid has not altered Afghan friendship for this country.

Official opinion here at the time was that the Soviet Union was gaining slowly but surely in consolidating its economic and military influence over the neutralist kingdom in the Himalayas.

Pakistan, Iran and Turkey are linked with the United States and Britain in a Mid-East defense pact, and this year received almost a half-billion dollars in aid from this country.

Only last weekend Khrushchev talked of this defense organization, set up along the Soviet Union's southern border, as a joke. Nevertheless, the Soviet don't like it. It gives the pact members some feeling of strength against the Soviets.

Turkey is also linked with this country in the North Atlantic Treaty alliance, as are Greece, France, and Italy. Each has problems of its own but none is talking of leaving the alliance.

On his various stops Eisenhower may hear requests for larger American help in one way or another. There doesn't seem much he can do about that since his administration is riding hard on the economy theme for 1960.

College Planning Political Course

By G. K. HODENFIELD
AP Education Writer

That famous smoke-filled room in politics is due for a thorough academic airing.

It will be done in what may be the first down-to-earth, precinct-level course in practical politics ever offered by an American college.

The course has been scheduled at Bethany (W.Va.) College by Dr. Perry E. Gresham, the president, who comments: "Unless learned and responsible men are adept at politics, ignorant and selfish men will rule the world."

To teach the course, Gresham cast about for a man experienced in both teaching and politics. He came up with C. William O'Neill, a former Republican governor of Ohio (1957-59), onetime political science instructor at Marietta College and a veteran of 20 years in public life.

Starting with the second semester in February, all Bethany students will be required to take the one-hour course. O'Neill will lecture and conduct a question-and-answer period. On the following day he will meet with students for questions, discussions and work on research projects.

Some subjects to be taken up in his lectures:

Compensation of elected and policy-making officials — does the compensation make any real difference in the quality of persons attracted to public life?

Financing of political campaigns —who finances them, how much do they really contribute and what do they expect to get in return?

Party leader — motivation, thirst for power, conviction.

Dr. Gresham's program for Bethany also provides for a series of summer internships for a selected group of students. They will spend six to eight weeks actually working in state and local political activities.

"I know of no other program such as this," Dr. Gresham says. "It is designed to bridge the gap between the theory of government and politics, and the practice.

"The college is teaching political science with the idea that government is important to every one of us.

"Special interest groups have developed politics to the extent that the education citizen too often feels he is above politics."

SNYDER AREA CHURCH NOTES

First Methodist Launches Enlistment Program Sunday

The First Methodist Church in Downtown Snyder will start its "Year of Enlistment" program Sunday, which is the 76th anniversary of the organization of the church here.

The Rev. Harry Vanderpool, pastor, will be preaching at both morning and evening worship services for the next five Sundays on one of the themes of the "Enlistment for Christ Mission." His sermon subject for Sunday morning will be "A Time for Decision." Sunday night his subject will be "What Does God Look Like?"

This year has been designated as "Methodism's Year of Enlistment," pointing up evangelistic opportunities of local churches and challenges to individuals.

Activities planned during the enlistment program include a "Come and Go" coffee break prayer period Tuesday morning between 9:30 and 10:30 for everyone, employed or not, who would use their coffee breaks to come to the church for a few minutes of private prayer and meditation in the church sanctuary. Coffee will be served in Fellowship Hall.

At a conference briefing session last September conducted by the executive committee of the Northwest Texas Conference, under chairmanship of Bishop William C. Martin, the "Enlistment for Christ Mission" was set up for the local churches of the Big Spring District for Nov. 8 through Nov. 12. The Mission will be observed differently at the First Methodist here, in that the services will be held on Sundays, morning and evening, for five consecutive Sundays.

Dr. H. C. Smith, District Superintendent, heads the District Enlistment Committee, which sponsors the program in each local church in the district. The commission on membership and evangelism, with Homer Weeks as general chairman, is in charge of the observance at First Methodist.

Working with Rev. Vanderpool and Weeks are Lyle Deffebach, Mrs. Nancy Caton, Bob Schutz, Mrs. Birdie Barron, L. H. Newton, and Mrs. Dell Smith, committee chairmen.

• • •

30th And F C-C

Leroy Nelson of Lubbock will be speaker for both services at the Church of Christ at Avenue F and Thirtieth Street on Sunday.

His topic for the 10:30 a.m. service will be "Spiritual Prosperity," and at 7 p.m. his sermon topic will be "The Great Invitation."

The public is invited to hear Mr. Nelson at both services.

• • •

First Christian

The Rev. John Reaves, pastor, will have as his subject, "A Veteran's Charge" at the Sunday morning services of the First Christian Church.

The church choir will sing "Oh, For a Thousand Tongues," by Peery.

Following the Sunday evening service the junior fellowship group, under leadership of Mrs. Merle Vincent, will serve pie and cake during a fellowship hour at the church.

Bible School teachers will meet at the church at 7 p.m. Wednesday.

• • •

Grace Lutheran

"Walking Worthy of the Lord" will be the sermon subject of the Rev. Walter L. Lentz at the Grace Lutheran Church for the 10:45 a.m. service Sunday. The Sunday school at Grace Lutheran, which meets in the West Elementary School auditorium, begins at 9:45 a.m.

Every Saturday at 11:45 a.m., Rev. Lentz presents "Religion in the News" over KSNY.

• • •

25th Street C-C

"Choosing Men To Serve" will be the topic of Glen Pace, minister, at the 8:45 a.m. and 10:55 a.m. services of the Twenty-fifth Street Church of Christ.

At 7 p.m. Mr. Pace will speak on the subject, "True to God, Away From Home."

The Twenty-fifth Street church will dismiss its Wednesday evening Bible study next week in favor of the series of meetings at the Thirty-seventh Street Church of Christ.

• • •

Union Baptist

"The Heart of the New Testament" will be the theme of the Rev. R. N. Tucker's sermon Sunday morning at the Union Baptist Church. The morning worship service begins at 10:50 a.m. proceded by Sunday School at 9:45 a.m. The evening worship service starts at 7:30 p.m. and Training Union at 6:30 p.m.

• • •

DR. R. A. BAKER

First Baptist

Dr. Andrew Baker, Professor of Church History at Southwestern Baptist Theological Seminary in Fort Worth, will be in the pulpit Sunday at the First Baptist Church, according to Joe Cargile, chairman of the pulpit supply committee.

Dr. Baker has been selected as interim pastor of the First Baptist Church here, and will serve in that capacity until the church calls another full-time pastor.

Dr. Baker, who has been at the seminary since 1942, is a former operative of the U. S. Secret Service. He is a member of the historical commission of the Southern Baptist Convention.

Special music Sunday will feature the all-church choir in "I'm a Pilgrim, and I'm a Stranger."

• • •

REV. OLAND BUTLER

Trinity Methodist

A revival will begin at the Trinity Methodist church at the regular morning worship hour Sunday.

The visiting evangelist for the revival will be the Rev. Oland Butler, pastor of the Harah Methodist Church in Pampa.

His subject for the Sunday morning service will be "Total Enlistment for Christ."

During the coming week, Rev. Butler will preach daily at 7:30 p.m. at the church, with the revival services continuting through Sunday night, Nov. 14.

This Sunday, at 6 p.m., the Rev. Joe Salem will speak to the entire Trinity Methodist congregation on the United Nations and his trip to Russia.

• •

Northside Baptist

The Northside Baptist Church today announced plans for a fall revival which will begin Nov. 15. The visiting evangelist will be Dr. J. W. Kesner of Fort Smith, Ark.

Dr. Kesner entered the evangelistic field two years ago. He resigned the pastorate of the Central Baptist Church in Fort Smith after serving there 27 years and has served as a member of the lecture faculty of the Missionary Baptist Seminary, Little Rock, for 20 years.

Dr. Kesner has conducted many religious debates and has made a special study of the prophetic teachings of the Bible. During the past two years he has conducted evangelistic revivals from Florida to California.

Music during the revival will be directed by Billy Gene Walters of Henderson.

This Sunday morning the Rev. Jack Dean, pastor, will have as his subject, "Is the Revival on Your Heart" for the morning service. At the evening worship hour, his topic will be, "It Is Time For Revival."

• • •

St. John's Episcopal

The family service at St. John's Episcopal Church will be at 10:30 a.m. Sunday, the Rev. Donald N. Hungerford, vicar, reminded today.

Rev. Hungerford will have as his sermon subject, "The Sunday School God."

Rev. And Mrs. Lentz Attend Convention

The Rev. and Mrs. Walter L. Lentz attended the United Lutheran Women's convention of the Texas-Louisiana Lutheran Synod recently in Dallas.

Mrs. Lentz was the delegate from the local women's organization.

The local organization is currently conducting a clothing drive for Lutheran World Relief and community needs. Deadline for the drive will be Friday, Nov. 20, at which time the women will repair and pack clothes for shipment. This meeting will be held in the home of Mrs. Doyle Henricks.

Rev. Wyatt Slated On Daily Devotions

Speaker on the Daily Devotions program over KSNY next week, Monday through Friday, will be the Rev. Elton Wyatt, pastor of the Trinity Methodist Church. The program is scheduled at 9:15 a.m. by the radio committee of the Minsterial Alliance of Snyder.

Local Church Group Attends Assn. Meet

Messengers from the Northside Baptist Church here who attended the Missionary Baptist Assn. of Texas session in Henderson this week were the Rev. Jack Dean, Mrs. Jack Dean and H. E. Fowler.

Rev. Dean was reelected president of the association. The 1960 session will be in Houston.

Three Die In Crash Of Jet

TACOMA, Wash. (AP)—A Navy jet training plane faltered on a takeoff from nearby McChord Air Force Base Thursday and sideslipped to a fiery end in a base parking lot. Three men were killed.

The dead were Marine Lt. Cols. Charles E. Kollman, 39, and John Skorich, 41, both attached to the Continental Air Defense Command, Colorado Springs, Colo., and John H. Lundeen, 28, a Seattle truck driver whose moving vehicle was hit by flying debris.

Kollman, from New Matamoras, Ohio, and Skorich, from Taconite, Minn., were en route from McChord to Colorado Springs.

The plane, a TV2, first cut off a utility poleand it flashed earthward. It began disintegrating. It sheered through a tree. Burning chunks of wreckage set two supply buildings afire. Twenty-four unoccupied cars were damaged as wreckage splattered the parking lot.

One piece of wreckage, whirling through the air, hit Lundeen's truck as it moved along a base road parallel to the landing strip. A huge ball of flame enveloped the truck.

The public is invited to attend the meetings.

The Christian's Corner—

MIRACLES

Glen Pace
Minister

(Question) "How can we recognize a miracle and do men possess the power to work them today?"

(Answer) That Christ and His apostles and others who received special gifts had the power to perform miracles we do not doubt. To the contrary we avidly affirm. (John 20:30, 31) We use the word "miracle" very lightly today. If one makes a rapid recovery from illness or quarterback escapes his foe and races for a touchdown to climax a hard fought game, we exclaim, "It's a miracle!" Neither, however, fall into such classification in bible usage. A miracle is a direct interposition of nature's law, an intrusion of its affects or violation to its rules. If one is ill and prayer is offered and medicine given, the patient recovers in the process of time. This is no miracle. But if a crooked limb be immediately straightened in answer to prayer, the complete strength be restored to the ailing part, this would violate nature's law and would constitute a miracle. Every strange event is not a miracle. My parents once owned a hen that crowed like a rooster. This was a bit strange, but it was not a miracle. I once saw an automobile that had been demolished. The driver escaped unharmed. It hardly seemed possible, but it was not a miracle. Miracles so far exceed human power that those who witnessed such were "Astonished" and Marvelled." (Mark 5:42; Acts 3:12) Even the enemies of the Christian religion were compelled to note the genuiness of the miracles of the early Christian era. (Acts 4:14, 16) Fates such as this are not performed by men today. Claims to the contrary always come from afar where it would be difficult to check their integrity.

THESE ARE SOME OF THE NUTS, BOLTS AND SCREWS THAT WERE NOT PUT INTO THE BODY AND FRAME OF THE 1960 PLYMOUTH.

They can't loosen and rattle because they're not there. Instead, Chrysler engineers now bring you Dura-Quiet Unibody: a body and frame that's a single unit welded around 5400 times for super strength. You will feel and hear the difference the first mile you drive the Solid Plymouth for 1960.

Expect a pleasant new experience when you first try the '60 Plymouth. What happened to the "car sounds" you used to think were normal? They're gone, in the new Solid Plymouth. They were *built out* of it from the start. And they won't appear later to haunt you, because *this* car is built to stay quiet for a long, long time.

Quiet durability is only one of the advantages of solid Unibody construction. You'll notice unusual new comfort as well, and new handling ease.

We think this is the best built, best performing car in the low-price class. Try it and see what you think.

Built a new solid way to give you solid satisfaction

Tigers To Test Tornadoes Tonight

Basketball Giants Set For Duel

BOSTON (AP)—Comes now the most widely heralded personal duel in professional basketball history — the clash of Bill Russell and Wilt Chamberlain.

Those two, who rank as giants both in size and professional stature, collided Saturday night when the NBA champion Boston Celtics take on the rejuvinated Philadelphia Warriors in the first of their 13 scheduled meetings this season.

Each team is unbeaten this season, Boston in five games and Philadelphia in three, and the Eastern division lead rides on the match. That, however, is almost incidental to the Russel-Chamberlain affair.

Russell, the San Francisco product who provided the defense and rebounding needed to bring Boston two world championships in three seasons, is generally regarded as the greatest defensive player in the game, possibly in history. He is 6 feet 10.

Snyder Bees To Joust Sweetwater

Snyder's rambunctiously surging "B" Team will be on the road tomorrow night, as they go to Sweetwater in quest of their fourth victory in a row. The local delegation now sports a 4-3-1 record for the season, having coming up strong to down San Angelo, Abilene, and Lamesa during the last three weeks.

This game constitutes the next-to-last contest of the year for the young Tigers, who go to Stamford to close out their schedule this coming Saturday.

SPORTS

Between You And Me

By JERRY JACKSON

It won't be any picnic tonight, but the feeling from this corner is that the Tigers will come through in championship fashion once again to whip Lamesa's Golden Tornadoes, thus nailing down their first district crown since 1956. Let's say by about a couple of touchdowns.

Well aware of the possible consequences facing them should they drop the contest, Snyder should be "high as a kite" for this one, just as they were when they went up against Sweetwater last Friday.

The Tors' "meal ticket" is back in harness again, which will make quite a bit of difference in the offensive tempo of the visiting club. Howard Westmoreland is his name of course, and he holds the key which could open their point-producing door. The senior fullback, hampered by a broken wrist the past few games, now has only a partial cast protecting the break, along with freedom to move the fingers of that hand, so he is not expected to be slowed down any to speak of in tonight's tilt.

Thus far this season he has been good for well over half-a-dozen yards each time he lugged the ball, which is pretty fair country steppin' in any man's league. The most damaging play which the Tornadoes have run all year finds their right halfback going strong left to clear the path for ... Westmoreland, who has picked up quite a few yards in the process.

It'll be interesting to see just how well he stacks up against Snyder's rock-ribbed defensive line.

Random Ravings

HITHERING AND YONNING—If you enjoy aerial displays, then you ought to make a trip down to College Station tomorrow night for what should be one of the bigger ones. It'll be SMU's Meredith trying to out-heave the Aggies' Milstead. Who says fullbacks have to be big to be bad? Texas Western's 155 - pound Charlie Bradshaw knocks a hole in the theory, as he has been successful in picking up 391 yards on 80 carries for the Miners. That tallies out for a 4.9 average on the part of the Abilene junior, who has been a Miner starter since his freshman year there. Switching from little fullbacks to big quarterbacks, we find that Texas Tech's starting freshman man-under is a 6-4, 212-pounder from Farwell by the name of Johnny Lovelace. Running behind him is Snyder's Richard Mahan... Another local product, Joe Baxter of McMurry's Indians, is setting a hot rushing pace for that team, having picked up 330 yards on 74 totings for a 4.5 average. Audie Murphy has indicated that he plans to race several of his thoroughbreds at El Paso's swank Sunland Park next season. Money instead of medals is what he'll be shooting for, since he's got a whole chestful of the latter at home, including the Congressional Medal of Honor

By JERRY JACKSON

Snyder's Tigers play another big one before the home folks tonight at Tiger Stadium, as they clash with the Golden Tornadoes of Lamesa High at 7:30. For the second week in a row the Bengals will be involved in a crucial District 3-AAA contest, with a victory tonight carrying with it the district championship.

A cold but dry field is in prospect for the tilt, which will be reeled off before what is expected to be a capacity crowd of between five and six thousand primarily partisan patrons.

Snyder will be playing "catch up" series-wise, as they have beaten the Tornadoes just five times through the years, while dropping nine games, with two ending in deadlocks. However, Lamesa hasn't beaten the locals since 1953 in the "current series", although last year's fracas ended in a 20-20 tie.

Lamesa will enter the game in good physical shape, the team being bolstered by the return to full-time duty of Howard Westmoreland, their devastating fullback. It'll be the same old tune for the Tigers, who have been

PAST RECORDS		
Year	Snyder (5-9-2)	Lamesa (9-5-2)
1925	0	19
1926	0	30
1937	6	13
1938	18	12
1932	0	0
1933	7	0
1934	6	7
1935	0	46
1936	0	6
1942	0	6
1952	0	45
1953	14	21
1954	7	6
1955	40	7
1956	20	13
1958	20	20

plagued by injuries the greater part of the season. Lost to the squad this past week are halfback Jim Fitzgerald and tackle Johnny Richardson, both of whom are "big guns" in the Tiger attack. Fitzgerald re-hurt a knee which was initially bunged-up in the Odessa Permian fray, while Richardson is out with an ankle injury.

The Tors can boast of a 5-3 season record, having a district record of 1-1, while Snyder is 4-4 for the year, with two of those wins being district encounters. Both teams go into the contest fresh from victories of the past week, as the Tigers slipped by Sweetwater 10-6, while Lamesa ran roughshod over Lake View, 73-8.

The Lamesans will field both a bigger line and heavier backfield than Snyder's light and speedy eleven, with the Snyderites averaging out at approximately 169 pounds to the man in comparison to Lamesa's 174. The Tornadoes are reported to have the best "weight balance" of any team in the district when viewing the squad as a whole.

Defensively, Coach Conley will send the following boys into the teeth of the Tornado: Charlie Gladson and Jimmy Don Robinson on the ends, Reg Scarborough and Jim Huffman holding down the tackle slots, Devane Jones and Tommy Minton as guards, Eddie Watson and David Wiman backing the line, Wayne Berry and Marcus Strickland at the halfback positions and Dick Hayes tending to safety chores.

8th Grade Edges Runnels By 14-8

Snyder's Eighth Grade Blue Devils took the measure of Big Spring Runnels last night in bleak, frigid Tiger Stadium, as they capitalized on a big first half to down the visitors by a narrow 14-8.

Leading by 14-0 at intermission, the locals "held on for dear life" through the last two quarters, thus retaining a spotless won-lost record. The triumph over Runnels represents the eighth conquest of the season for the Blue Devil delegates, and they have yet to taste defeat.

Following the opening kickoff from Runnels, the locals started out in impressive fashion by driving 60 yards to their first tally, the scoring opportunity being set up on a 27-yard keeper around right end by quarterback Jim Wilson. Fullback Eddie Kirby bulled over left tackle from two yards out for the six-pointer, which put the Eighth Graders into a permanent-type lead of 6-0 with 5:45 remaining in the initial stanza. The attempt to run over the conversion was unsuccessful due to a bobble on the handoff.

Late in the second quarter the Blue Devils racked up what proved to be their winning touchdown, as halfback Gale Potter roled around right end for the tally on a play covering 17 yards. Kirby countered with a left tackle slant for the bonus points which gave the hometowners a 14-0 lead going into the second half.

The local Eight Graders could never throw together a bona fide scoring drive through the last two quarters, as Runnels came roaring back to dominate play during those stanzas. They counted their sole touchdown early in the fourth quarter, as quarterback Tony Carrillo rammed through the center of the line on a five-yard keeper. The extra points resulted from a quickie pass over the middle from Carrillo to Dee Roby Gartman, bringing on the final 14-8 tab.

Brown-Led Travis Victorious, 34-16

The weather was icy, but the action was hot last night in Tiger Stadium, as the Seventh Graders of Travis romped to their seventh consecutive victory of the year without a loss. The victim, for the second time this season, was Big Spring Runnels, the score this time reading 34-16.

Both teams battled on fairly even terms through a quiet first quarter, but things started to liven up in the waning seconds of that initial stanza, as Travis fullback Bobby Kay pounced on a Runnels miscue on their 43-yard line. The next play saw halfback Robert Foree taking the handoff on a double reverse play, as he skirted his left end and embarked on the most explosive and spectacular play of the evening. For he sidestepped, slithered, and shook off tacklers the entire distance to put Travis into the lead with 29 second still showing in the first quarter. The conversion attempt was successful, as Tommy LaFountain took the handoff from quarterback Jimmy Featherston and bolted through left tackle for the two-pointer.

A thwarted punt attempt set up the next Travis TD, this time as time was running out in the half. On the punt effort a low snap from center got away from the would-be kicker, who recovered the bobble just in time to be tackled by Travis' halfback Leslie Brown, who played an outstanding game for the locals. That play set the Travisites up with a first and ten on Runnels' 20, with the ensuing touchdown being scored on a nine-yard caper around left end, Foree being the mail-carrier once again. That tally was scored with just 21 seconds left in the half, and was followed by a successful couple-point conversion on the part of Brown, who lugged through right tackle.

First half fireworks weren't over however, as Runnels came back like a house afire to mark up their first touchdown of the night. The visitors set up housekeeping on Travis' 40 as the result of a fine kickoff runback and on the first play from scrimmage a flat pass from Gus Hernandez to Henry Lopez covered the entire distance. That touchdown was scored with the sum-total of two seconds remaining in the half, and Lopez' plunge through the middle of the line for the two points upped the count to 16-8 at intermission in favor of the hometowners.

As the third quarter was drawing to a close, Travis erupted once again to tally two quick touchdowns. The first was aided and abetter by a 30-yard ramble from midfield by the hardrunning Brown and he followed up by ripping over tackle for the last eight yards to the double stripe. Featherston attempted to keep through the line for the bonus points, but was dumped shy of the goal.

Two minutes of playing time later, Brown aimed deliberately for the right tackle slot and ripped through the hole there on another TD jaunt, this one covering 43 yards. Foree's conversion blast at left guard didn't quite cut the mustard.

Runnels came bouncing back to make a little static of their own, following a fumble recovery on the Travis 45-yard line. Forsaking the straight-T for the bolder single wing, they marched to their second and final touchdown, as Lopez slanted off right tackle for the final 17 yards needed. An end-around run for the extras was food, thus upping the ante to 28-16 with two and a half minutes left to play.

The final paydirt drive on the part of Travis was engineered by the versatile Brown, who took over quarterbacking chores from Featherson, who went out limping early in the fourth quarter. The big play in that drive resulted from a sparkling run around left end by Brown, which was good for 39 yards to the enemy 22-yard line. He skirted the same end for two yards and the final Travis marker, it being scored with eight seconds left in the game.

Baylor Fish Edge SMU

WACO (AP)—Baylor's Cubs led all the way in beating Southern Methodist's Colts 14-6 Thursday night, and that handed the undisputed lead in Southwest Conference freshman football to Texas.

IT'S WHAT'S UP FRONT THAT COUNTS—Pictured above is the Tiger defensive forward wall which made Shetlands out of Sweetwater's Mustangs Friday night. Left to right, kneeling, are end Charlie Gladson, tackle Devane Jones, tackle Tommy Minton, and end Jim Huffman. Standing, left to right, are linebackers Eddie Watson, Dave (Lone Ranger) Wiman, and Jimmy Don Robinson. (Photo by Thomas Boyd)

Steers Picked To Remain Undefeated

By HAROLD V. RATLIFF
Associated Press Sports Writer

Texas seeks to hang onto an undefeated, untied record while three other Southwest Conference teams simply try to hang on in a round of fateful games Saturday.

Texas meets a nemesis of other years—Baylor—at Austin in the headliner. The Longhorns will be after their eighth victory and favored despite the hex Baylor at crucial times has put on championship and unbeaten hopes in the past.

Baylor already is out of the title race. It will go only for the glory of knocking down an arch enemy.

But Arkansas, Southern Methodist and Rice will be trying to stay in the race.

In the case of Arkansas and Rice, something will have to give because they meet each other. An Arkansas victory would keep the Razorback a close second and could give them the top rung should Texas be upset.

Rice is barely hanging on and can't afford even a tie.

Southern Methodist tackles Texas A&M at College Station. It's the last stand of the Methodists. They must win to retain hopes so faint they look non-existent.

Texas Christian, will very much in the race and able to win it should Texas falter, has the week off. The Christians play the Longhorns next week.

Ira Bulldogs To Tackle Highland

It's homecoming in Ira, and football competition will find the Bulldogs of that community going up against Highland tomorrow night, as Ira goes in quest of its seventh win of the year as compared to three losses.

In the first meeting of the year between these two six-man delegations, Ira came out on the long end of a 27-26 score. Both teams have been eliminated as district contenders, as undefeated Davide walked off with top honors.

"LOVERS"
Of Luxurious Living

Should inspect this deluxe brick home in Southwest Snyder, located in one of our most exclusive residential area. Three large bedrooms, two full baths, paneled den, dining room and a large family kitchen and utility room. Decorated with the best of taste, with fine wool carpets and drapes. Central heat and air conditioning, located on a large corner lot. Priced at $37,000.00. We can accept a trade. Shown by appointment please.

A-larling house, very attractively decorated, with three bedrooms, large closets, nice kitchen, with lots of built-ins. Carpet, and fenced yard. You'll find it easy to buy, for $11,000 and monthly payments of only $77.00.

Older three bedroom, two bath stucco on corner lot. Priced at $4,000 with $400 down.

We have several two bedroom homes with small equitys and low monthly payments. Stop in and discuss these and other listings with us.
