Postal Customers Asked For Help

The cooperation of rural and suburban postal customers in helping to keep private roads

passable and approaches to mail boxes clear during the coming winter months was

requested today by Postmaster Jewel Brooks.

"Postal customers are re-

sponsible for keeping approaches to their mail boxes clear of snow and other obstructions that would make mail delivery difficult or impossible," Postmaster Brooks said. "People should be aware that failure to clear paths to mail boxes promptly after heavy snows may temporarily prevent carriers from making deliveries. Customers will be contacted if they have an obstructed mail box."

There may also be a need to ask postal customers to relocate their boxes on a new line of travel if excessive and extended detours are necessary, the postmaster said.

"Highway officials are responsible for keeping public roads passable and in good repair," Postmaster Brooks said. "But in areas where mail service is provided over roads not maintained by road authorities, the owner of the road is responsible."

Rural and star route carriers will make every reasonable effort to serve the greatest number of customers during severe weather, the postmaster said. "But service on foot when roads are impassable is not required. Also, when state highway authorities or local police consider road travel hazardous, postal service may be curtailed until the inclement weather abates," he said.

The postmaster urged anyone with a question on winter weather road conditions and mail service to contact the Hart post office.

A letter of appreciation to the club from Girlstown was also read by Averitt.

Holiday Bazaar Set Dec. 6, 13

A Christmas bazaar will be held Saturday, Dec. 6 and Saturday, Dec. 13 in the community room of Farmers State Bank between the hours of 10 a.m. and 5 p.m.

Sponsoring the fund project are members of Future Homemakers of America, HERO Chapter FHA, Future Teachers and Future Health Careers.

Offered for holiday buying will be baked goodies, hand-craft gifts, "White elephants" and all sorts of "stocking fillers." Doughnuts and coffee will also be sold to hungry shoppers.

Feminine Trio Sweeps Wins

Last week's football contest proved particularly difficult for most contestants with most entrants missing five or more games. Three contestants, however, failed to be thrown by the difficulty of picking favorite in the play-off and pro packed contest.

Feminine predictors claim the week's winnings with Edna Sanders of Springlake, Shirley Adams of Dimmitt and Mary Ann Schulte of Nazareth missing just two games each. Bringing their tie-breaker predictions to determine the week's winnings found the trio finishing in that order.

Predicting the score at 15-6 for a miss of eight points, Edna Sanders wins first. Shirley Adams claims second with a

Santa Writes

Christmas will soon be here and Santa Claus will be making his annual trip in his sleigh filled with toys and goodies.

Santa is so busy getting ready for the trip that he needs some help. He needs to know what all his little friends would like for Christmas and he's asking for letters.

Letters should be addressed: Santa Claus, North Pole 99701. Drop them in Santa's mailbox at the post office. Letters mailed in Santa's own mailbox do not need stamps.

Here's a letter the Hart Beat received this week from the jolly gentleman:

Dear Sue:

Hello again and greetings from all of us at the North Pole.

We're all very busy getting ready for my annual visit to all the little girls and boys but I decided I'd better take a few minutes to write you this note. Since I don't have time to write to all the little folk, would you print my letter in your newspaper and remind them that it's time they got their letters off to me, letting me know what they want for Christmas this year.

I want to hear from every little girl and boy

in the land so that I'll be sure and not overlook anyone. It's sort of hard to keep up with so many little children and I'm counting on each of them to write to me a letter.

Oh, yes, Mrs. Claus just reminded me that the little girls and boys need to get their letter written just as soon as possible so that the post office helpers will be sure to get them to me in time. Tell them to be sure and get them mailed before Dec. 15.

Every year I get such nice letters, I know the people in Hart enjoy reading them too. That's why I want to share them with you again this year. And I'll bet the girls and boys like reading their letter in the Hart Beat.

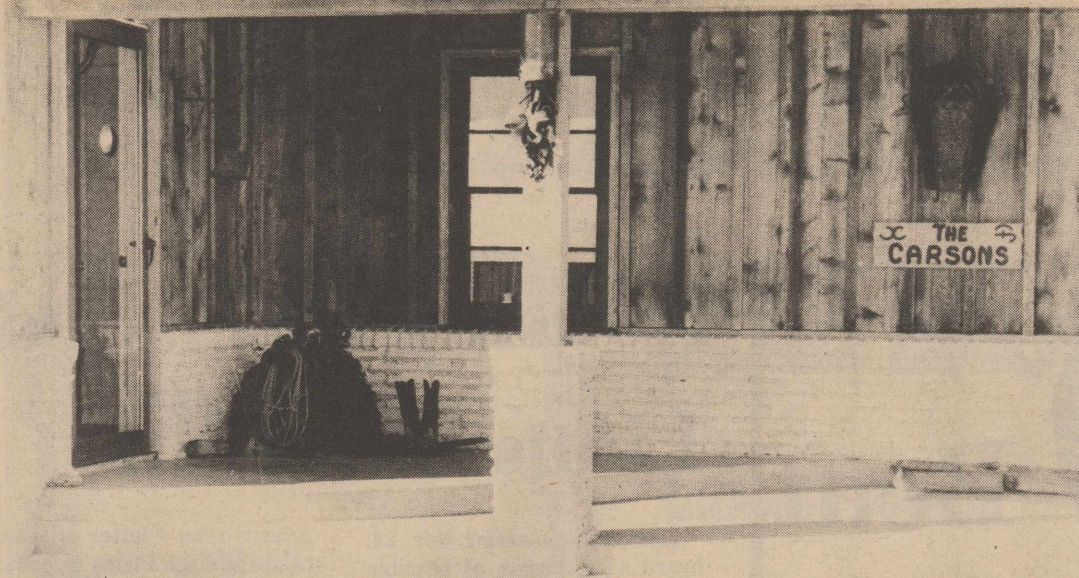

You'll remind all the little girls and boys, won't you, that I'm expecting all of them to be good children and to do what their mothers and dads tell them. Oh, yes, tell them to remember to be especially nice to everyone because that's what we all need to make this a better world.

All of us here at the North Pole send our love to everyone at Hart and wish you the merriest Christmas ever. I'm getting anxious to see each of you.

Sincerely,

Santa Claus

Don't forget "Operation Christmas Card." Give to Hart Cemetery Fund in lieu of mailing local greetings.

WESTERN WELCOME is extended at the front entrance of the Joe Edd Carson residence and carried throughout the Holiday decor of the entire home. The Ranch style veranda is made gay with 'cowboy trappings' accented with green holly and red bows. (staff photo)

TALL RED TAPERS form the glowing centerpiece featured upon the antique dining table. The flocked Christmas tree in the background continues the western theme and is hung with dozens of small 'santas' encircled in loops of rope. Streamers of red velvet ribbons measure the height of the tree. (staff photo)

Nazareth Farmer Named To Yieldmasters Club

Clyde Hoelting of Nazareth was recently named a member of the DeKalb Yieldmasters Club for producing 216.34 bu. of corn per acre in 1975.

His yield, based on 15 1/2% moisture, was mechanically harvested from a solid block measuring 18.586 acres. An impartial third party verified the high yield which was recorded from a field of DeKalb XL-72a.

Hoelting planted the crop in 40 inch rows and harvested an estimated stand of 23,000 plants per acre on October 6.

His fertilizer program included 196 lbs. of nitrogen and 41 lbs. of phosphate. Hoelting controlled weeds with AAtrex at 2 1/2 lbs. per acre and Fuadan was used at 10 lbs. per acre for insect control. An estimated 8 inches of rain fell on the crop from planting to harvest. Another 18 inches of water was applied through irrigation.

Concerning the hybrid's performance, Hoelting says, "XL-72a stood well and harvested well."

The purpose of the DeKalb Yieldmasters Club is to promote an exchange of ideas and information among the nation's leading grain producers and to recognize them for

their outstanding accomplishments as well as their important role in helping feed the world. Through the sharing of such information, the program also encourages farmers to adopt management and cultural practices that will aid them in obtaining maximum profit from each acre.

Each year, farmers throughout the country submit more than 1,000 corn, sorghum, wheat and silage yields to the club.

CONSIDER ONE THING BEFORE YOU SPEND money
ON AN ELECTRIC CENTER PIVOT

US.

"Us" is a service organization big enough to care for a big machine. One that's designed to last you 15-20 years, or more. Valley Electrics are built to such high industry standards, that they invite a critical inspection.

Measurement by measurement, and specification by specification, a close look at a Valley Center Pivot will point out one thing more than any other—heavy duty construction. Season after season a Valley Electric proves that the extra effort was well worth it. A wide wheel base, extra broad double trussing, a full three-directional coupling, structurally superior gearboxes and sturdy construction throughout make this tough irrigation equipment, the kind that value-minded farmers demand. 1 c salt
1 T (heaping) cream of tartar
2 T oil
1 c very hot water

Mix together and knead 5 to 10 minutes. Place in plastic bag and let stand 1-2 minutes. This allows the dough to become pliable. COUNSELOR'S CORNER

Shirley Barnes
School Counselor

Our seniors were invited to participate in the College Career Night hosted by the Dimmitt school counselor last week. Some twelve colleges and the armed services were there to talk to students. The

ones who attended seemed to get some good first-hand information. The Dimmitt counselor contacted me later thanking the Hart and Nazareth students for their response.

The PSAT junior test results are in. I will be interpreting these scores this week with the juniors and invite parents to drop by for these results.

I am finishing with individual conferences with students in grades 7-12 who were on the quarter failing list. Failing for a quarter is equivalent to failing for two six weeks. I would like to speak with any of these parents—we need to work together with these students.

The FHA Bicentennial Program sponsored by Becky Scribner last week was outstanding. I hope this program can be shared with the community at some time.

I thank Mrs. Poarch for her cooperation in allowing me to see the juniors and seniors during her class period.

"I'd rather explain higher gas bills than why you don't have gas."

Your natural gas bill is higher.
And, you have every right to know why.

One reason is lower temperatures brought on by winter.

The main reason, however, is simply that you are paying more for natural gas. Because we are paying more. This chart shows how much:

This increase hurts both you and Pioneer. It adds to your bill and to our cost . . . a cost for which Pioneer is not entirely compensated. It is passed through without mark-up or additional charges.

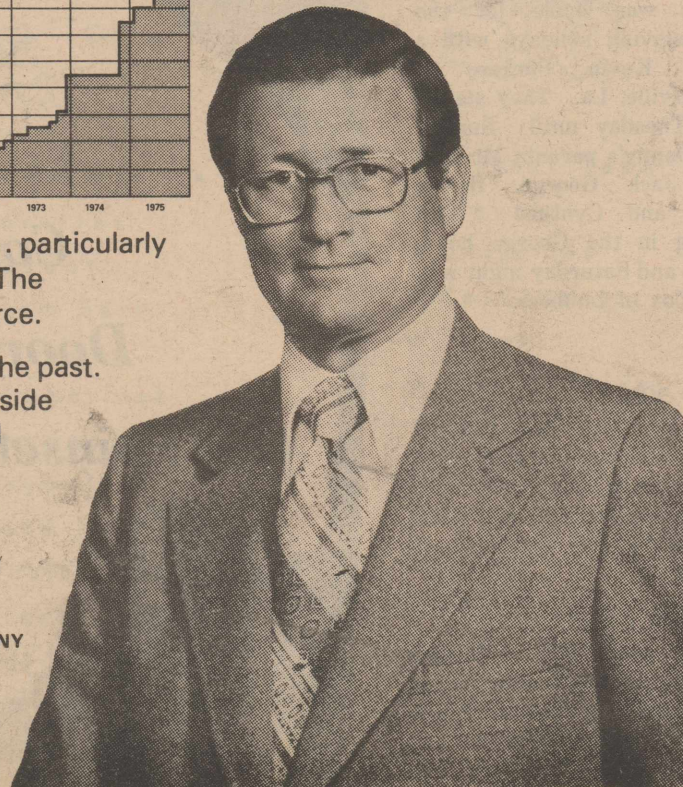

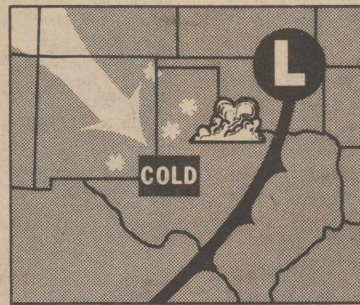

Why does gas cost more? Competition . . . particularly from petrochemical and other industries. The competition for gas has never been so fierce.

We will have to pay more for gas than in the past. But by working together, and without outside interference, you'll have the gas you need today and in the future.
