Mattson 4H Club Boy to Compete In State Contest

Ben Curd, Mattson 4-H Club member, will represent Extension District III in the Tractor Maintenance Contest on June 9 at Texas A&M College.

Ben won the right to represent the district at the district contest held in Wichita Falls in April. He is the son of Mr. and Mrs. W. P. Curd.

The Tractor Maintenance Contest has three parts. One third of the contest is on how to separate, start, and operate the tractor. One third is an examination on the mechanical parts of the tractor, and one third of the contest is the actual driving of the tractor.

Ben will go to Texas A&M College with F. W. Martin, county agent.

Farm Home Near Weinert Burns Early Monday

Fire of undetermined origin early Monday destroyed the large 6-room farm home of Mrs. Claude Reid four miles northeast of Weinert. All furniture and other contents in the large residence were destroyed by the flames. Total loss was estimated in the neighborhood of \$15,000, based on replacement costs.

Exact time of the fire was not known. Mrs. Reid was visiting in Fort Worth at the time, and the structure burned to the ground without being discovered.

Intense heat from the burning house ignited the door of a storm cellar near the farmhouse, and the wooden walls and roof of the cellar burned, destroying or ruining a quantity of canned goods stored there.

A small frame barn a short distance from the residence, also caught fire and was burned to the ground.

Tri-County Draft Board Calls Five Men for Induction

Local Board No. 77 at Anson, which administers Selective Service in Jones, Shackelford, and Haskell Counties, has announced an induction call for five men on June 9.

The men are registrants with Local Boards in the three counties. Ordered to report are:

David Oswald Hunt, Jr., Rule, W. T. Stapler, McMurtry College, Abilene; Loal Fred Shelton, Rt. 1, Avoca; Billy Birch Sutherland, Hamlin; Antonio Martinez, Plainview.

Mayor Urges Cooperation In Weed-Cutting Campaign

As a result of recent rains, rank growths of weeds and grass have come up all over town, providing breeding places for flies and mosquitoes, Mayor Courtney Hunt said this week.

"We definitely need a city-wide weed-cutting campaign during the next few days, both as a safeguard to civic health, and to beautify our community," he declared.

He asked all citizens to co-operate with the city in ridding their premises of weeds or other vegetation which might harbor the insects, and where possible to drain any stagnant water which might have accumulated from the rains.

The city's spraying and fogging machine has been placed in operation, Mayor Hunt said, and every effort possible is being made to eliminate any breeding places for mosquitoes and other disease carrying insects.

"With the cooperation of all homeowners, most of the weed-covered premises in the city can be quickly cleared of unsightly growths, eliminating breeding places for flies and other insects," the Mayor declared.

On vacant lots, where it is possible, the city will make an effort to clean up the premises. Also, an effort will be made to spray all stagnant pools which might harbor mosquitoes, Mayor Hunt said.

Wheat growers in the Haskell area will finish harvesting this year's short crop within another week or ten days, barring any unfavorable weather, local buyers believe.

Wednesday afternoon, A. T. Ballard, manager of the Market Poultry & Egg Co., one of the area's largest grain concerns, estimated he had loaded out six cars of new wheat and expected to get about that much more.

"Last year we shipped out about 125 cars. That shows what dry weather did to our grain crop," Ballard said.

Although the yield is disappointingly small, it is expected that the bulk of the acreage will be harvested. From 4 to 5 bushels per acre will enable the producer to "break even" in most instances.

In some cases, however, much better yields have been reported. Earl Wiseman started combining on his farm southwest of town Wednesday and the wheat was reported averaging 12 bushels per acre.

Cub Russell, who farms about six miles east of Haskell, averaged eight bushels per acre on a 162-acre field for the best overall yield reported.

In the Paint Creek community, Hollis Howard harvested 25 bushels per acre from an eight-acre field of wheat. Ballard reported. However, the grain was on a tract of "overflow" land where added moisture came from adjacent Paint Creek reservoir.

Albert Hanns, who has 700 acres in wheat on his farms in the Mattson community, and in the Rule area, believes his crop may average from three to four bushels per acre.

Most of the new wheat is being sold on the local market, which has been around \$2.00 per bushel for No. 1 wheat. In the loan, the producer would get about \$1.82 a bushel, local buyers explained.

Wichitans Guests At Lions Club Meeting Tuesday

Twenty-one Wichita Falls business men were guests at the meeting and luncheon of the Lions Club Tuesday at noon. They came to Haskell for the noon stop on their fourth Buyer's Guide trip, a series of visits to towns in the Wichita Falls trade territory.

As a result of their visit, Haskell people became better acquainted with the business, industrial, and educational facilities of our neighboring metropolis on the north, and its advantages as a wholesale center.

Joe Steinkoenig, a representative of Service Printing, talked briefly on Wichita Falls manufacturing and wholesale establishments.

A former Haskell County school man, Dr. D. L. Ligon, acting president of Midwestern University and chairman of the graduate school at the university, gave a brief sketch of the Wichita Falls college and its facilities. Former teacher and superintendent at Rochester eight years, Dr. Ligon said that Midwestern, with 34 buildings on its campus, had an educational plant valued at five million dollars. The university is a nationally accredited college and offers degrees to the master's level.

Dick Naylor was chairman in charge of the visiting group, which was traveling in a chartered bus.

Johnny Jordan of San Antonio is visiting in the home of his grandparents, Mr. and Mrs. N. I. McCollum.

Beauty Contest Will Name Two Cuties As "Miss Haskell"

A beauty contest in which two young ladies will be selected as "Miss Haskell of 1955" in two divisions, for juniors and seniors, has been announced by the Texas Theatre.

The contest will be held on the stage of the Texas Theatre, Wednesday evening, June 15, and out of town judges will make the selections.

In the Senior division, contestants to be eligible must be between the ages of 12 through 18 and the winner will be designated as "Miss Haskell of 1955."

In the Junior division, for contestants 6 through 11 years old, the winner will receive the title of "Little Miss Haskell of 1955."

Attractive loving cups will be awarded winners in each division, and each will receive a six months complimentary ticket good at either the Texas or Sky Vue theatre.

Contestants may register anytime before June 12 at the Texas Theatre, by paying a small registration fee of 25 cents.

Johnny Jordan of San Antonio is visiting in the home of his grandparents, Mr. and Mrs. N. I. McCollum.

Large Number of Entries In Prospect for Horse Show

Plans Being Shaped for Homecoming Of Haskell Ex-Students and Teachers

Letters will go out at an early date to all former students and ex-teachers in Haskell schools, to remind them of the second annual Haskell School Homecoming to be held Friday and Saturday, Oct. 7-8.

This was announced at a meeting of officers and committee members of the Homecoming Association, held Thursday night in the Chamber of Commerce.

The event, inaugurated last year and termed the most successful community affair ever held here, is planned as an annual get-together of all persons who have attended Haskell schools, as well as all former teachers.

The Homecoming program, as tentatively planned, will be arranged to fit in with the program of the Weinert Homecoming, which is scheduled for Saturday, Oct. 8.

Hill Oates, president of the Haskell Homecoming Association, expressed the belief that the two events coming during the same week end would stimulate attendance at both Homecomings.

Haskell's new gymnasium will be completed, Supt. C. D. Allen reported, and will be used for all homecoming sessions and programs.

Tentative program for Homecoming, as outlined at Thursday

night's meeting, schedules registration starting at 8 a. m. on Friday, Oct. 7. General assembly will follow at 2 p. m. in the new gym. A barbecue or chuck wagon supper will be served at 5 p. m. and a football game will be the night attraction.

A get-together will follow in the gym after the game, when an impromptu program will be organized.

Friday afternoon's open time will be designated for class meetings, with these sessions also scheduled through Friday night after the football game, and on Saturday morning.

The selection of a Homecoming speaker will be made at a later date, from a list of Haskell High School graduates who have gained prominence in many fields.

Rev. Thompson Returned as First Methodist Pastor

The Rev. J. B. Thompson, pastor of Haskell First Methodist and Paint Creek Methodist churches for the past two years, was returned to the pastorate of the two churches at the annual Northwest Texas Methodist Conference, held last week at Lubbock.

Re-appointment of the Haskell-Paint Creek minister was announced at the closing session of the conference Sunday, along with pastoral assignments for all other churches in the conference.

Rev. Thompson has had a fruitful ministry in the two local churches, which have been greatly strengthened in influence and membership. Both churches have also made considerable material progress, and the First Methodist recently launched a new parsonage building project. In addition to his ministerial work, Rev. Thompson has been active in community civic projects and is a member of the Lions Club.

Other appointments in the Stamford district for this immediate area include: Aspermont, Rex Mauldin; Goree, Walter Hadley; Knox City, Walter Driver; Lueders, C. B. Melton; Munday, Doyle Ragle.

O'Brien, Weldon Thomas; Rochester, to be supplied; Rule, Weldon McCormick; Sagerton-Tuxedo, Guy McLean; Stamford, T. John's, W. A. Appling; Throckmorton, Conrad Ryan; Weinert, Gene Louder.

Schedule of hours when the pool will be opened has been announced as follows: Friday through Monday, 1 p. m. to 10 p. m. Saturdays, 10 a. m. to 7 p. m. Sundays, 1:30 p. m. to 7:30 p. m.

Persons interested in taking swimming lessons are invited to contact the pool management, and a schedule of instruction will be worked out for the various age groups.

In addition to Coach Stiles, who will have general supervision of the pool, two lifeguards will be on duty. They are Daniel Sloan and Glenn Kreger, both well trained and qualified.

Non Sheer Co. in New Location in Business Section

The Non Sheer Manufacturing Company has moved to a new location in the business section, and now occupies the building formerly housing Frazier's Radio and Record Shop, across the street north of the post office.

Mrs. Opal Johnson, owner and manager of the plant, which makes women's lingerie and apparel invites the public to visit the concern in its new location.

Ball Games In Youth Program Will Get Underway Next Week

Season play for Little League baseball teams in the Youth Development Program will start Monday afternoon, June 6, with play in the Pony League scheduled Tuesday and practice games in the Midget League bracket also slated June 7. T. O. McClung, director of the program announced this week.

Monday afternoon at 5:30 on Fair Park Field, opening game will be between the Rams and the Tigers, and the second game will pit the Cubs against the Hawks. Both are in the Little League division.

Tuesday night, June 7, also at Fair Park Field, the two Pony League teams, the Colts and the Ponies will initiate the season in a game starting at 7:30 o'clock. On Friday night, June 10, the Ponies will book an out of town team for a game at Fair Park Field at 7:30, McClung announced.

Advance interest in the second annual Haskell Horse Show, to be held at Rice Springs Rodeo Arena in this city June 10-11 indicates that the show will have a large number of entries in both the Palomino and Quarter Horse divisions, committees in charge of the show said this week. The Saddle Tramp riding club is sponsoring the two-day event.

Inquiries have been received from Palomino and Quarter Horse owners over a wide area of the Southwest concerning the show. Some of the early entries and inquiries are from Odessa, Dallas, Fort Worth, Lubbock, San Angelo, and other points, show officials said Wednesday.

In all, 44 trophies will be offered in the two shows, 16 in the Quarter Horse division, and 28 in the Palomino division. Also five ribbons will be offered in each class.

Two trophies for the grand champions in the quarter horse events will be furnished by the American Quarter Horse Association. Trophies to champions in the Palomino division will be furnished by the sponsors.

No admission will be charged for any of the show events and the public is invited to attend both afternoon and night programs.

Judging in the Quarter Horse show will be Friday, June 10, starting at 2 p. m. Performance classes will start at 8 p. m.

Judging in the Palomino classes will start at 2 p. m. June 11 and performance classes will begin at 8 p. m.

Hughie Long of Cresson, Texas, a veteran trainer and show judge, will officiate in that capacity in the Quarter Horse division. Judge of the Palomino classes will be D. L. Haralson, well known Palomino breeder and exhibitor of San Angelo.

Number of Sites Being Offered For Postoffice

A dozen or more sites will be available as quarters for the Haskell post office if a new location is selected when a new long-term lease is executed for the government agency.

A five-year lease on the present building occupied by the post office, the Barnes Building on the northeast corner of the square, expires August 31. The post office department recently called for bids for furnishing suitable quarters for the post office, with May 29 deadline for receiving bids. Lease contract would be for five or ten years.

Postmaster Harold Spain said that 12 or 14 applications on which to submit bids had been given out by the local post office.

It is understood that the post office department desires more space than is available in the present quarters, and that a location off the main highway is preferred. However, only definite specification set out in the request for bids was that a minimum of 3500 square feet of floor space was required.

From available information, some of the locations which have been offered as post office quarters include existing buildings around the square, while others propose new buildings to be constructed at several prospective sites.

It is also understood that the present building occupied by the post office will again be offered for lease to the department, with additional space provided by utilizing sections of the building now being used for offices.

G-E Field Engineer Here to Work on WTU Plant Unit

New residents of Haskell are Mr. and Mrs. John Clayton of Dallas, who came here this week from Littlefield. Clayton is field engineer for General Electric Company out of the Dallas office and he will supervise installation of the steam turbine generator now being placed in the West Texas Utilities Company's addition to their Paint Creek power plant. The installation job will require several months for completion. Clayton has just finished a similar General Electric installation at Littlefield. Mr. and Mrs. Clayton have two children, Carolyn, eight years old, and Dean, who is six years old.

Future Farmers Judging team won eighth place in the annual FFA contest held at Texas A&M. The team was under the direction of Doyle Wilcox, agriculture teacher in Weinert High School. From left, are Williams and team members Walling, and Clyde Childers. (Cut courtesy of Future Teachers Association of Texas.)

Heavy Infestation Of Grasshoppers Is Indicated

Grasshoppers are beginning to show up in Haskell County, and the insects are hatching fast in some Texas areas, according to extension service entomologists.

In connection with appearance of the hoppers, County Agent F. W. Martin says farmers are advised to take action before they migrate to cotton and other field crops. The pests feed on succulent green foliage.

The main hatches of differential or yellow-legged grasshoppers should be complete as far north as Kaufman county this week, Dr. F. M. Fuller, extension entomologist, reports.

Fuller points out that insecticides are most effective if applied just after a hatch, while the hoppers are still small. He suggests spraying field margins, roadsides, and ditch banks with chlordane, dieldrin or toxaphene.

If control measures are withheld until the pests migrate into nearby crops, control measures are more costly and usually not as effective.

Navy Recruiter To Visit Haskell Each Thursday

Chief Petty Officer Dan Loftin of the Navy Recruiting office in Abilene has announced a new schedule for his weekly visit to Haskell.

In the future, the Navy recruiter will be in Haskell each Thursday, and can be contacted at the post office or at the court house.

The Navy offers a number of exceptional opportunities for men 17 to 31, and Chief Loftin will be glad to discuss a Navy career with any interested young man.

Rochester News

By MRS. JAMES A. GREER

Hugh Gauntt of Bryan and son James, student at State University, Austin, were recent visitors in the home of Mrs. A. A. Gauntt.

Johnny Michaels, son of Mrs. Eunice Michaels, left for Lordsburg, N. M., last week where he has employment. John was one of the 1953 graduates of Rochester high school, and plans to enter college in the fall.

Mr. and Mrs. Bob King and daughters Eileen and Jean, accompanied by Linda Hamilton left Wednesday of last week for points of interest in New Mexico and Colorado. They plan to be gone a week or ten days.

Mr. and Mrs. Warren Short of Camp Hood were recent visitors of their parents, Mr. and Mrs. Ira Short and Mrs. Eunice Michaels.

Mr. and Mrs. Tom Mansell of Ballinger were recent visitors in the homes of her mother, Mrs. A. A. Gauntt, and his brother, J. C. Mansell and Mrs. Mansell.

Paul Mansell of Pampa has been visiting his parents, Mr. and Mrs. J. E. Mansell.

Visitors in the home of Mr. and Mrs. R. J. Duncan this week are their nieces, Linda and Andrea Carlisle of Friona.

Mrs. Ava Lisenbee and daughters Ann and Sharon of Overton spent the week end here with their parents and grandparents, Mr. and Mrs. G. Hicks.

Week end visitors of Mrs. J. M. Hicks were Mr. and Mrs. Leo Mann and Mr. and Mrs. Lewis Farr and sons of Amherst, and Mrs. Hicks' sister, Mrs. H. W. Qualls and son Edward, of Sundown.

Mrs. J. M. Hicks of Rochester, Mrs. M. E. Wadzeck of Stamford and Mrs. Audie Verner of Rule were dinner guests of their mother, Mrs. E. L. Carr and Luther Carr Sunday.

The Birthday Luncheon Club met in the home of Mrs. L. M. Kay Wednesday of last week.

The day was spent in chatting and doing handwork. At the noon hour a covered dish luncheon was served Mrs. Kay was the honoree for the day, it being her birthday. She was presented individual gifts from the members of the club.

Present to enjoy the day were Misses J. M. Hicks, G. Hicks, Veritas Alois, Tom Murphy, W. J. Bragg, J. L. Richardson, Indie Branton, W. Z. Wadzeck, Mrs. Kay and Mrs. Sam T. Chapman of Haskell.

Visitors in the homes of Mrs. J. N. Turner and Mr. and Mrs. Allen Bell over the week end were Mrs. Ed Howard and Mrs. Stanley Everett and sons of Monahan.

Mr. and Mrs. Allen Bell attended Annual Conference at Lubbock Wednesday of last week. They also visited in the home of their daughter, Mrs. L. Hester, and family at Snyder Thursday and attended 8th grade graduation exercises at Snyder Thursday night. Their granddaughter, Linda Hester, was one of the graduates. Returning home Friday the Bells were accompanied by two of their grandchildren, Linda and Betty, who spent several days here while their parents, Rev. and Mrs. Hester attended Conference.

Mr. and Mrs. Erwin Hamilton and Mrs. D. W. Hamilton attended commencement exercises at Childress Tuesday night of last week. Joe Wallace Cooper, grandson of Mrs. Hamilton was one of the Childress high school graduates.

V. H. Lane and daughter, Mrs. Suddie Mae Doerr and son Stanley of Conrogh Park, Calif., are visiting Mrs. M. M. Clark and Mrs. Alma Oates here, and Mrs. Jean Burson of Haskell. Mrs. Lane is the daughter of Mrs. Clark.

Mr. and Mrs. Lynn Knouse and John Paul of Abilene spent Sunday with Mrs. Knouse's parents, Mr. and Mrs. James A. Greer.

Mr. and Mrs. Troy Wadzeck and children of Colorado City, spent the week end here with their parents, Mr. and Mrs. W. Z. Wadzeck.

Vacation Bible School at the Church of Christ began Monday, May 30 and will continue through Friday June 3, according to Billy H. Patterson, minister. Classes for all ages will be taught beginning with nursery through high school age, and a special class for ladies will be taught.

Classes and teachers are: nursery, Mrs. Billy Patterson; beginners, Mrs. Dale Graham and Mrs. Jack Hicks; primary, Mrs. Johnny Wyatt and Mrs. Joe Fletcher; juniors, Mrs. Kay Worley; intermediate, Mrs. Henry Perry; seniors, Wilson Bean; and ladies class, Mrs. L. E. Alvis.

Each day's session will begin and close with the group assembled in the auditorium for song and scripture reading service.

Forty minute sessions will be held for classes with a 20 minute recess period. Refreshments will be served during the recess period.

Methodist Vacation Bible School will be held next week beginning June 6 and continuing through June 15, with Mrs. Dan Wadzeck as superintendent of the school.

Kindergarten group will be

taught by Mrs. Joe Ed Parsons, Mrs. Alton Jones, and Zada Ann Hester; primary by Mrs. Herschel Rogers, Mrs. Preston Ballard, Mrs. Tom Stewart with Mrs. R. A. Shaver Jr., as pianist for the groups. Mrs. Phil Simmons, Mrs. Wm. Penman and Betty Sue Mitchell will have charge of the juniors; Mrs. Marvin McAfee and Mrs. Earl Alvis will teach the young people.

Refreshments will be served each day under the supervision of Mrs. O. R. Cox.

Class sessions will be from 3 to 5 o'clock.

All children of the community are invited to attend the school.

J. R. (Pat) Wyatt, son of Mrs. Lula Wyatt, formerly of this city has been promoted to Lieutenant Colonel in the U. S. Air Force.

Pat, as he is familiarly known to his Rochester friends, graduated from Rochester high school and was superintendent of the O'Brien schools at one time. He and his wife, the former Geraldine Cure of Gilliland, and their three children, Patricia, Jake and Nancy, live at 2926 Ridgeway Dr., Biloxi, Miss.

Mr. and Mrs. Dale Graham and children, Brick and Roci, have been vacationing in points of interest in New Mexico, Arizona and California.

Mrs. Sam T. Chapman of Haskell visited a while with Mrs. James A. Greer Wednesday afternoon of last week.

Judge Ben Charlie Chapman of Haskell was a business visitor in Rochester Wednesday of last week.

The Pioneer Club was entertained at a luncheon in the home of Mrs. Oscar Gibson May 26. Members present were Mrs. J. W. Martin and Miss Fannie Kay of Haskell, Mrs. Mildred Kitley and Mrs. J. C. Davis of Rule; Misses John Clark, R. N. Sheid, Pete Lusk, B. Hess and the hostess, all of Sagerton. Other guests were Mrs. Travis Biel of Old Glory, Cretia Brooks of Snur, Dr. Davis of Rule, and Mrs. Yarbrough of Henderson and Mrs. Edward Crabtree of Van Horn.

Mrs. E. J. Neinst entertained with a birthday party for her daughter, Judy on her fifth birthday Saturday May 28. The children present were Lyndell Quade, Martha Kay, Ricky Letz, Mike Summers, Karen and Keith Kainer, Phyllis Stanhope, Randy Gibson and the hostess and her brother, Kenneth. Others present were Mrs. Glyn Quade, Mrs. Z. Summers, Mrs. J. C. Kainer, Mrs. Buford Letz and Miss Lillian Neinst and the hostess.

Mrs. Grady Laughlin is a patient at the Stamford Hospital this week for medical treatment.

Mr. and Mrs. Albert Stremmel and Hilda and Mrs. August Angerman and Mr. and Mrs. Melvin Thane attended the funeral service in Hamlin Monday afternoon for Mrs. Busby. Mrs. Busby and her family formerly lived in this community and had many friends here. She had been an invalid for several years after she lost her eyesight.

Mr. and Mrs. Leslie Cobb and sons, Johnny and Randal of Midland stopped by for a short visit Sunday with Mr. and Mrs. John Clark.

Guests in the home of Mr. and Mrs. Henry Laughlin last week were Mr. and Mrs. Walter Porsch of Slaton and Mrs. Nora Carter of Brownfield.

Mrs. C. E. Stegemoeiler who was a patient at the Stamford Hospital last week, has returned to her home.

Lois Knippling, a student at Texas Lutheran College in Seguin, is home to spend the summer with her parents, Mr. and Mrs. A. C. Knippling.

Adrienne Lehmann, a student at Texas Tech is home for the summer with her parents, Mr. and Mrs. Otto Lehmann. Mr. and Mrs. J. C. Schwartz and daughters of Snyder visited in the Lehmann home last week.

Quite a few of the children of the community have had or are having the measles, but luckily the majority of them became ill after school was out.

Mr. and Mrs. G. A. Lambert were on their way to Killean to visit their daughter, Mrs. H. A. Sandefer and family when their car collided with another car in Abilene. They were not seriously injured, but Mrs. Lambert was taken to an Abilene hospital to be checked for possible injuries and she was badly bruised.

Mr. and Mrs. Fred Morgan and son of Hobbs, N. M., spent last week end with Mr. and Mrs. Mose Guinn.

Guests in the home of Mr. and Mrs. J. M. New and Jimmy last week end were Mrs. New's mother, Mrs. McCarty, and Mr. and Mrs. Jay McCarty and family of Walnut Springs.

Marvin Stegemoeiler, son of Mr. and Mrs. C. E. Stegemoeiler, graduated from Texas Tech in Lubbock Monday, May 30. His father and Mr. and Mrs. Leon Stegemoeiler went to Lubbock for the graduation exercises. His mother, who has been ill, was unable to go. Her mother, Mrs. J. F. Schanke of Stamford, stayed with her while the family was away.

Mr. and Mrs. M. Y. Benton and Mr. and Mrs. Eldon Cook and daughters of Big Spring enjoyed a picnic Sunday at Ft. Phantom Lake.

Mr. and Mrs. Fred Thorn and Mary of Abilene visited Mr. and Mrs. J. Tiechelmann and Vickie Sunday.

The Daily Vacation Bible School at St. Paul's Lutheran Church began Monday, May 30 at 8:30 and the Bible School at the Zion Lutheran Church did also. Both schools will be in session for two weeks. The enrollment at both schools is good. The Daily Vacation Bible School at the Sagerton Methodist Church will begin Monday June 6, and will be in session for one week only. All children of the community are invited to attend the Bible school of their choice.

Kenneth Stegemoeiler, student at Texas Tech, is home with his parents, Mr. and Mrs. F. A. Stegemoeiler for the summer.

Jerry Thane, son of Mr. and Mrs. Edwin Thane, graduated from Texas Lutheran College at Seguin. He plans to enter the ministry.

Mrs. Will Stegemoeiler entertained the members of the Sagerton Home Demonstration club in her home Tuesday of last week at a regular meeting. Mrs. Glyn Quade, program chairman, conducted a program on the Bible, which included a Bible quiz with all members taking part. Mrs. D. W. Counts, president, conducted the business meeting. A grab bag sale was held to raise money for the club treasury.

Those present were Mesdames Counts, Quade, E. J. Neinst, F. A. Stegemoeiler, A. C. Knippling and the hostess. The next meeting will be in the home of Mrs. Glyn Quade.

Canada is larger than continental America.

From every medium of entertainment the Crockett legend appears daily to gain additional impetus, and there would seem to be little doubt that "David Crockett", who came down from the hills of Tennessee in 1836 to join Travis, Jim Bowie and the rest in the last stand at the Alamo, is news all over again in 1953.

David Crockett Boom Brings New Biography

The boom that currently billows the legendary figure of David Crockett shows, this week, no sign of diminution. The fact of the matter is, it appears to gain momentum with each passing day.

To this tumult has been added the voice of V. F. Taylor, young Texas-born lawyer and historian, for five years assistant attorney general of Texas and now a practicing attorney in Austin, whose authentic story of the man and his times caught the attention of the Naylor Company of San Antonio, largest regional book publishers in America. Mr. Taylor's biography, "David Crockett", was released by the Naylor Company recently.

Mr. Taylor has picked up the buckskin-clad figure who was Crockett as he stand atop the wall of the Alamo the night before the decisive thrust, and has contrived through the flashback device to cover his life to that point in a highly readable manner.

Mr. Taylor, born on the borders of historic Gonzales-Fayette counties, holds degrees from the University of Texas. In 1948, some 100,000 veterans of the American Legion in Texas unanimously voted him their judge advocate. His narrative of the Texas Frontier, "Rustler's Hill", was published by Naylor's in 1953.

From every medium of entertainment the Crockett legend appears daily to gain additional impetus, and there would seem to be little doubt that "David Crockett", who came down from the hills of Tennessee in 1836 to join Travis, Jim Bowie and the rest in the last stand at the Alamo, is news all over again in 1953.

Telephone Co. Using New Type Of Statement

A different, new type telephone bill was mailed telephone subscribers in Haskell this month, according to Don Mortimore, district manager for General Telephone Company of the Southwest.

The new bill comes through subscriber telephone billing by mechanical equipment, which will eventually be put into operation in all 242 Company exchanges.

In describing the bills, Mortimore stated they are about the weight of a postcard, compared with the paper bills of the past. They are 7 1/2 inches long by 3 1/4 inches high and are not folded as were the former bills. General's new insignia appears on the new bills, which are printed in green.

The manager added that the new bills, like the old ones, have a stub. This stub must be returned with the payment, he continued, and must not be bent or mutilated by the subscriber since a mutilated stub cannot be returned through the machine for accounting purposes. He stressed that the more stubs returned with the bill payments, the more efficient and economical will be the Company's operation.

Subscriber billing by mechanical accounting equipment is described by the district manager as "another milestone of progress by General Telephone Company."

"This new billing method is the result of many months of study and will enable us to prepare bills more efficiently and more economically," he stated.

He concluded by inviting subscribers with questions about their new bills to call the local business office of the telephone company.

News From Sagerton

BY MRS. DELBERT LE FEVRE

The Pioneer Club was entertained at a luncheon in the home of Mrs. Oscar Gibson May 26. Members present were Mrs. J. W. Martin and Miss Fannie Kay of Haskell, Mrs. Mildred Kitley and Mrs. J. C. Davis of Rule; Misses John Clark, R. N. Sheid, Pete Lusk, B. Hess and the hostess, all of Sagerton. Other guests were Mrs. Travis Biel of Old Glory, Cretia Brooks of Snur, Dr. Davis of Rule, and Mrs. Yarbrough of Henderson and Mrs. Edward Crabtree of Van Horn.

Mrs. E. J. Neinst entertained with a birthday party for her daughter, Judy on her fifth birthday Saturday May 28. The children present were Lyndell Quade, Martha Kay, Ricky Letz, Mike Summers, Karen and Keith Kainer, Phyllis Stanhope, Randy Gibson and the hostess and her brother, Kenneth. Others present were Mrs. Glyn Quade, Mrs. Z. Summers, Mrs. J. C. Kainer, Mrs. Buford Letz and Miss Lillian Neinst and the hostess.

Mrs. Grady Laughlin is a patient at the Stamford Hospital this week for medical treatment.

Mr. and Mrs. Albert Stremmel and Hilda and Mrs. August Angerman and Mr. and Mrs. Melvin Thane attended the funeral service in Hamlin Monday afternoon for Mrs. Busby. Mrs. Busby and her family formerly lived in this community and had many friends here. She had been an invalid for several years after she lost her eyesight.

Mr. and Mrs. Leslie Cobb and sons, Johnny and Randal of Midland stopped by for a short visit Sunday with Mr. and Mrs. John Clark.

Guests in the home of Mr. and Mrs. Henry Laughlin last week were Mr. and Mrs. Walter Porsch of Slaton and Mrs. Nora Carter of Brownfield.

Mrs. C. E. Stegemoeiler who was a patient at the Stamford Hospital last week, has returned to her home.

Lois Knippling, a student at Texas Lutheran College in Seguin, is home to spend the summer with her parents, Mr. and Mrs. A. C. Knippling.

Adrienne Lehmann, a student at Texas Tech is home for the summer with her parents, Mr. and Mrs. Otto Lehmann. Mr. and Mrs. J. C. Schwartz and daughters of Snyder visited in the Lehmann home last week.

Quite a few of the children of the community have had or are having the measles, but luckily the majority of them became ill after school was out.

Mr. and Mrs. G. A. Lambert were on their way to Killean to visit their daughter, Mrs. H. A. Sandefer and family when their car collided with another car in Abilene. They were not seriously injured, but Mrs. Lambert was taken to an Abilene hospital to be checked for possible injuries and she was badly bruised.

Mr. and Mrs. Fred Morgan and son of Hobbs, N. M., spent last week end with Mr. and Mrs. Mose Guinn.

Club Woman Stocks Home Freezer With Chickens, Beef

Mrs. Travis Smith, meat demonstrator for the Center Point H-D Club, is busily completing work she planned just after the first of the year. She is preparing and freezing chickens and beef for the home freezer.

In addition to the preservation of meat, Mrs. Smith has organized a recipe file and has made a special effort to prepare the cuts of meat often left in the freezer.

She has found that the ground beef, which has so often been left in the home freezer can be prepared in various ways to be enjoyed by the family.

The organization of the recipe file now saves time, energy and patience when a recipe is needed.

Mrs. Smith and Mrs. Hollis Pitman, family economics demonstrators for the club, have started making plans for an achievement event where they can show their fellow club members their various accomplishments.

Service Pipeline Employees Picnic At City Park

The Service Pipeline employees and their families enjoyed an ice cream supper at the park Friday evening, May 27.

Ice cream and cake were served to the following: Mr. and Mrs. Leo Hutson and family, Mr. and Mrs. M. E. Hairston and family, Mr. and Mrs. Virgil Wall and family, Mr. and Mrs. Walter Buerger and family, Mr. and Mrs. J. R. Abbott and family, Mr. and Mrs. A. G. Dement and family, Mr. and Mrs. Resiel Robbins and family, Mr. and Mrs. R. McAnear and family and Mr. and Mrs. W. A. Grimes of Stamford.

The next meeting will be June 23 with Mrs. J. R. Abbott as hostess.

PARENTS OF SON

Mr. and Mrs. Belton V. Vickers of 1041 Buccaneer Drive, Abilene, are announcing the arrival of a son, Keith Van, Friday, May 27 at Hendricks Memorial Hospital, Abilene. The young fellow weighed in at seven pounds, eleven and one-half ounces, at 3:47 a. m. Friday. Mrs. Vickers is the former Elaine Pennington of Haskell. The new grandparents are Mr. and Mrs. Curtis Pennington of Haskell and Mrs. Ann Vickers of 910 Graham, Abilene. Great-grandparents are Mr. and Mrs. H. D. Bland and Mrs. J. T. Pennington of Haskell and Mrs. Hines of Lueders.

The amount of plant food ordinarily recommended on soil tests returns is neither a maximum or minimum. It is the "optimum" amount of fertilizer needed to produce a crop economically under expected moisture and growing conditions.

NEWS OF INTEREST TO WOMEN

Jackie Jetton, daughter of Mr. and Mrs. J. E. Jetton of Weinert, was capped in a recent ceremony for student nurses of 1937 by the Parkland Memorial School of Nursing in Dallas. This capping program marks the completion of nine months of pre-clinical instruction and practice in professional nursing. Miss Jetton will continue her training in June at the Hospital.

Jimmie Maye Jetton of Weinert is Bride Of Thomas A. Clark of Wichita Falls

The marriage of Jimmie Maye Jetton of Weinert and Thomas Arthur Clark of Wichita Falls was solemnized Thursday, May 26 in the chapel of the 10th and Broad St. Church of Christ in Wichita Falls. Minister Paul McClung read the double ring ceremony uniting the couple. Attendants of the bride and bridegroom were Ann Gaston and Charley Arnett. The bride is the daughter of Mr. and Mrs. J. E. Jetton of Weinert and the bridegroom is the son of Mr. and Mrs. O. M. Clark of Wichita Falls.

The bride is a graduate of length dress of baby blue embroidered nylon, fashioned on princess lines. Her necklace and earrings were blue cut rhinestones, and her corsage was of white carnations.

The bride is a graduate of

Weinert High School and is employed in the office of Murphree Construction Company in Wichita Falls.

The bridegroom is a graduate of Wichita Falls High School and is employed by Texas Electric Company in that city.

After a short wedding trip, Mr. and Mrs. Clark will be at home at 2130 Avenue E in Wichita Falls.

Attending the wedding were the parents of the bride and bridegroom, and Sandra and Bill Jetton and Billie Fought.

Visiting in Graham

Judy Collins is spending the week in Graham, where she is visiting in the home of her brother and his wife, Mr. and Mrs. Guy Collins, Jr.

Josset HD Club Meets in Home of Mrs. Toliver

The Josset Home Demonstration club met in the home of Mrs. J. L. Toliver Jr., Friday, May 24.

Each member answered to the roll call with Do You Broil or Fry More?

Mrs. Paul Cothron was elected as nominee for delegate to the state THDA meeting.

Mrs. J. L. Toliver, Sr., gave a meat demonstration Value Your Meat. She broiled ground meat made into hamburger patties and put a slice of onion, tomato, cheese and a peach half on top and cooked long enough for the cheese to melt. She served this with corn and diced potatoes.

Refreshments were served to the following: Mmes. Laton Robertson, Paul Cothron, J. L. Toliver, Sr., Carl Bailey, Clovis Norton, J. P. Perrin, Louise Merchant, C. A. Thomas, J. A. Cain, J. O. Merchant, a new member, and Mrs. Pearl Carter, a visitor.

The next meeting will be June 14 in the home of Mrs. Homer Shackelford.

East Side Baptist WMU Meets for Mission Study

The East Side Baptist W.M.U. met Monday May 23, for their regular Mission study.

Mrs. Emory Anderson was in charge of the program in absence of the teacher.

Those present were Mesdames Roland Williams, Frankie Gay, J. A. Yancy, Thurman Rhoads, Albert Anderson and the WMU president, Mrs. Emory Anderson.

The WMU meetings will be dismissed until after our Vacation Bible School.

Hospital Nurses Group Meets With Mrs. C. Gordon

The hospital staff of nurses met in the home of Mrs. Claude Gordon, the Fred Sanders home, last Friday night at 7:30 p. m.

The living room was attractively decorated with roses and pot plants.

The group played games of 84 and dominoes.

After a short business meeting a refreshment plate of open sandwiches, cookies, mints, potato chips and punch was served.

Mr. Sanders showed the group through his home, showing paintings from Italy and Navy souvenirs.

Those present were Mesdames Nell Hambleton, Thelma Adams, Ann Taylor, Mary Kingston, Annie Gordon, Stella Josset, and visitors, Mrs. Barnett, Fred Sanders and Claude Gordon.

Service Station Men Will Attend Abilene Meet

Two Haskell service station managers will attend a special service station managers' convention in Abilene on June 15-16.

They are Harry Howard and Herman Blackwell. Both are managers of Humble service stations in Haskell.

The convention is the first of its kind ever held by Humble and will be attended by approximately 160 other Humble service station managers in West Texas, according to J. E. Walling Jr., Humble products distributor.

The Haskell men along with other managers, will hear messages from leaders in the petroleum, automotive, and supply industries and will see exhibits and demonstrations explaining the latest trends and developments in these industries.

In addition the gathering in Abilene, other Humble service station managers' conventions will be held between June 12 and 23 in Houston, Dallas, and San Antonio to accommodate men living in these areas of the state.

Frank Clarkson Letters in Track At Texas Tech

Forty-one participants in six spring sports at Texas Tech, including Frank Clarkson of Haskell, have been recommended for varsity letter awards by Athletic Director DeWitt Weaver.

Clarkson, graduate of Haskell High School and outstanding player on the Indian football squad, was among seven Tech students lettered in track.

GOES TO NAVY SCHOOL AT NORMAN, OKLA.

Billy K. Fry, son of Mr. and Mrs. H. K. Fry, recently spent two weeks liberty at home after completing Navy boot training at the U. S. Navy training base at San Diego, Calif. The young seaman reported May 29 at the Navy's specialist school at Norman, Okla., for eight weeks of specialized training. Fry enlisted in the Navy on February 28 this year.

Tanda Camp Fire Girls Told Camp Plans, Study Requirements for Advance in Rank

Tanda Camp Fire Girls met in the Bob Herren home for their last meeting of the school year, Wednesday May 26 at p. m.

The girls had planned a weiner roast at the park, but because of the high winds and sand date for the event was changed. Mrs. Hoie Harrel, an assistant, and Mrs. Herren met with the group.

Each girl was given a pamphlet on Camp Letoli explaining what will be necessary to carry to the camp. Thirteen of this group are registered for the camp July 30-Aug. 6.

A discussion was held on what requirements are needed to pass the next rank. Those who have not passed the first rank are anxiously awaiting the time when they will be able to accomplish this. It was decided if enough of the girls work their books up and are ready to pass their ranks through the summer, then a Council Fire will be arranged and one will be held.

Tanna McClung and Jan Herren served limeade, cheese crackers and cookies to the leaders and the following girls:

Betty Weaver, June Ann Sego, Martha Jane Bynum, Twyla Hipp, Christi Royall, Jane Hattox, Dorothy Rueffer, Kay Graham, Marsha Buerger.

The honor awards have been received for the girls having three years of consecutive membership and also for five years consecutive membership. Nine girls will receive the three year honor award, and seven girls the five year award. These will be presented at the next Council Fire. This might be during the day camp this summer. They are all looking forward to that camp as well as Camp Letoli, for a happy summer.

SPEND WEEK END IN HOUSTON

Mr. and Mrs. Dugan Starr and daughter Carolyn, and Jackie Biel and Mrs. L. Clark of this city and Mrs. Joe Biel of Stamford spent the week end in Houston, where they were guests of Mrs. Starr's brother, W. E. Johanson and family. Jackie Biel remained in Houston and plans to spend the summer with his uncle, Mr. Johanson.

VISITS IN STEPHENVILLE DURING WEEK END

School Supt. and Mrs. C. D. Allen and children, Joy, Cloye and Jerry spent last week end in Stephenville, where they visited in the home of Mrs. Allen's mother, Mrs. M. H. Gryder. Heavy rains and hail caused considerable property damage in Stephenville last week, the Haskell people reported.

Zelma B. McMeans, Mouryree Ree Price Exchange Vows

In a ceremony solemnized Wednesday, May 25 at 4 p. m., at the Presbyterian manse in this city Miss Zelma B. McMeans of Rule became the bride of Mouryree Ree Price of Weinert.

Dr. R. K. McCall, pastor of the First Presbyterian Church, officiated for the wedding.

The bride and bridegroom were accompanied by the bride's mother and brother, Mrs. Floy McMeans and Buddy McMeans, both of Rule.

Mr. and Mrs. Price will make their home in Weinert.

Hospital Notes

ADMITTED:

Patton, Haskell; Freddie Middleton, Haskell; Bobbie Joe Bronson, Throckmorton; Herman Kretschmer, Haskell; Mrs. Douglas Winning and infant girl, Haskell; Mrs. Lodell Henderson and infant son, Rule.

WEEK END GUESTS IN J. H. STRAIN HOME

Miss Doris Strain and a friend, Nancy Benson, who are students of NTST, Denton, were in Haskell to visit with Doris' parents, Mr. and Mrs. J. H. Strain last week end. The girls will attend school at NTST this summer.

Elizabeth L. Waskom Presented In Ceremonies in Washington

Elizabeth L. Waskom, Farmers Home Administration county office clerk at Haskell, received a Superior Service Certificate and medal from Secretary of Agriculture Ezra Taft Benson, at ceremonies held June 1 in Washington, D. C., Walter T. McKay, State Director, announced.

Secretary Benson made similar awards to 10 FHA employees from various states.

Miss Waskom was cited for "performing the duties of a county office clerk in an exemplary manner and for rendering prompt and courteous attention to the needs of borrower farm families."

Miss Waskom was born in Snyder, Texas. She attended Texas Women's College at Fort Worth and Texas Tech at Lubbock, and taught school for a year. Later she attended business college at Shreveport, La., then went with the Farmers Home Administration at Haskell in 1938.

From 1938 to 1941, she did the clerical work in her own office and another county office, as well as water facility work for the Water Facilities Supervisor.

She also helped in county. In addition, her assigned work office. She has exceptional experience in farm families who improve farms or to use the loans they the Farmers Home to improve their quality for private credit.

The Farmers Home Administration makes or improves farms or to use the loans they the Farmers Home to improve their quality for private credit.

ATTEND FUNERAL IN COMANCHE

May Rainfall Provides Ideal Moisture, Cotton Planting Underway Over County

Chemical Spray May Help Prevent Soil Erosion

Austin, Texas—The University of Texas Bureau of Business Research predicts Texas farmers will benefit greatly from a new chemical spray that forms a hard, thin crust from loose soil particles, preventing wind erosion and allowing water particles to go through the crust.

Another year of laboratory work and field testing is planned for the spray, developed by Dowell, Inc., of Tulsa, a subsidiary of Dow Chemical Co. Initial tests in April reveal that a spray job needs a curing period of about three days. A one and a half-inch rain that fell 12 hours after one test application did not damage the chemical, and the rain water permeated the crust without difficulty.

Farmers now combat wind erosion by deep-plowing their land. This costs about \$10 an acre and there is no assurance it will work for more than a month or so, the Bureau points out.

The chemical spray also will cost \$10 an acre, but present indications are that it will be effective at least from one plowing to the next. The spray also could be applied in mixture with fertilizers and weed-killers.

The Bureau of Business Research reported Texas farmers' cash income rose 5 1/2%, or \$17.3 million, in first quarter comparisons between 1954 (\$328.6 million) and 1955 (\$345.9 million). Largest gains were in revenue from wheat, up 55%; sheep and lambs, 35 per cent; corn, 34 per cent, and oats, 29 per cent.

Ways to Provide Pure Water After Disaster Outlined

In the event of a disaster you could get along for quite a while without food, if necessary, but you must have safe water or its equivalent to drink.

Every family should have in their home a three-day emergency supply of drinking water. These instructions have been widely publicized by the Federal Civil Defense Administration and State and local civil defense agencies.

But in the event of a sudden sneak attack you might be caught without this all-important supply on hand. Normal water supplies might be abruptly disrupted. What happens then?

There are ways of obtaining substitute supplies of fluids, FCDA points out. Right in your home. And it isn't in the least bit complicated. For example:

1. Water in the hot water heater can be used for drinking purposes.
2. You can allow the ice cubes in your refrigerator to melt.

Then there is milk. It serves as a substitute for water and provides required fluids for the body.

Fresh fruits contain a large proportion of water. The same is true of bottled and canned beverages, such as soft drinks, fruit drinks, and liquids from powdered required fluids for the tables.

However, these are only substitute sources, the FCDA emphasizes. Every family should keep available at least one gallon of water for each member of the household. This would represent a three-day supply. If an enemy attack should occur, there would be possible blast damage to water mains, as well as contamination of the supply through leaking sewage, poisonous chemicals, radioactive materials, or disease organisms from biological warfare attacks.

In storing water for emergency use, FCDA advises, only thoroughly cleaned containers should be used. Glass jugs used for storing liquids should be protected with wadded newspapers, excelsior or other packing materials against blast or shock.

Because of the growth of algae (tiny aquatic plants), water may develop objectionable tastes if stored over a long period of time, FCDA health officials state. Storage in a dark place

THE HIGHWAY IS NO PLACE TO FLY!

"Speed is for the birds" say many experienced drivers, "particularly on crowded holiday roads." Last year, for instance, a surprising number of adult drivers forgot to set their age. Result: they helped make Memorial Day 1954 the last day on earth for 365 people—an unforgettable day for 12,500 injured! And it could happen again. Remember, expert drivers don't "kid" in traffic.

"Careless Driving is KID STUFF!"

Published as a public service in cooperation with The Advertising Council.

More than six inches of rain during May has provided ideal moisture for planting row crops and with continued fair weather hundreds of bushels of cottonseed will go into cropland in all section of Haskell County.

Lack of normal rain during April cut deeply into prospects for the county's wheat crop, which had reached a crucial stage. Also, continued dry weather had created a none-too-optimistic farm picture as the planting season for cotton and grain sorghums approached. May rainfall has changed all that.

County Agent F. W. Martin said that aside from the relatively small acreage of cotton planted before the May rains the county's entire allotment of approximately 130,000 acres of cotton would be seeded as quickly as farmers could get over their fields.

"From the standpoint of moisture, the recent rains have provided an ideal season right at planting time," Martin said.

Some early cotton has been planted, mostly on irrigated lands but the majority of cotton growers hold off planting until late May or early June, the county agent explained.

This is true on both dry land and irrigated fields. Last year, several farmers planted cotton in April on irrigated land as an experiment, Martin said. However, the early cotton did not do as well as dry land cotton planted later, in a majority of instances.

Maize and other grain sorghums planted after the first light rains this month is now up to a good stand, and additional plantings will follow the cotton planting season. The county agent estimated that around 50,000 acres of early maize and grain sorghums had been planted in time to derive full benefit from the heaviest rains which set in around May 18. He believes a similar acreage will be planted in sorghums in late June.

This year several Haskell County farmers will plant a considerable acreage to varieties of sorghums best adapted for use as silage, Martin said. The crop will be harvested and stored in trench silos for use in feeding out livestock for market.

Two varieties of sorghums which will be most generally planted for this purpose are Atlas and sourless sorghum, Martin said. Average yield is from 10 to 15 tons of silage per acre on dry land fields.

Among farmers in the Haskell area who plan to store grain sorghums as silage are H. K. Menry, Clifton Herren, Maurice Gannaway, Cliff Dunnam, and Sammy Griffith. Most of them will use the silage in feeding out calves, while Gannaway will store silage for lamb feeding, Martin said.

Harvesting of the county's wheat crop is well under way and with continued dry weather most of the crop will be harvested within a week or ten days, local buyers say. The yield is nothing like normal, due to dry weather in early spring, but a surprisingly large acreage is turning out to be profitable for combining.

Unlike wheat, oats did not suffer extensively from drought, and the recent moisture came in time to benefit the county's estimated 40,000 acres. Barring hail or wind damage, a yield of 40 or 50 bushels per acre is in prospect for oats.

KENNETH DAVIS' ARE PARENTS OF DAUGHTER

Mr. and Mrs. Kenneth Davis of Dallas are the parents of a daughter, Brenda Kay, born Sunday night, May 29 in a Dallas hospital. Grandparents of the baby girl are Mr. and Mrs. E. W. Williams of Dallas and Mrs. Mary Davis Brown of Haskell. Great-grandparents are Mrs. Chas. Barton of this city and Mr. and Mrs. B. M. Davis of Rising Star.

HASKELL VISITORS

Mr. and Mrs. Clarence W. Whiteaker and children, Suzan, Sharon and Jimmy of Lake Jackson, Texas, are visiting this week with his mother, Mrs. B. M. Whiteaker. On their return home they will visit Miss Marjorie Whiteaker in Dallas. Mrs. B. M. Whiteaker will accompany them to Lake Jackson where she will visit for several weeks.

ATTEND GRADUATION AT TEXAS A&M

Mr. and Mrs. J. H. Strain and daughter, Doris and Nancy Benson, a student of North Texas State Teachers College, Denton, attended the Texas A&M graduation exercises, Friday night, May 27, where Earnest Strain received a B. S. degree and was commissioned as 2nd Lieutenant.

SPENDING VACATION AT CORPUS CHRISTI

Mr. and Mrs. Covell Adkins and daughters, Belva Jean, Karen and Cathy, left Sunday for Corpus Christi, where they will spend a vacation of a week or ten days. Mr. Adkins plans to spend a considerable part of his time fishing while there.

The American Indians called heaven "Happy Hunting Ground."

will help slow the growth. Water storage containers should be rinsed and refilled every three months.

HIGHLIGHTS AND SIDELIGHTS From Your State Capitol

By VERN SANFORD
Texas Press Association

Austin, Texas — Beer was tapped for the big pay-off as the Senate rolled out a new tax bill expected to pour \$108,000,000 in new money into the treasury in two years.

On the 137th day of an overtime session, the Senate passed a many-changed version of the House tax bill. It left the last say to the House and hoped for a quick wind up.

The bill is expected to produce \$82,000,000 during the next two years, for the general revenue fund. It carried a bookkeeping re-allocation feature which will give this fund \$3,000 more from current taxes. Thus it offered the House \$9,000,000 more than the \$56,000,000 required to unblock the record billion and a half dollar appropriation bill. It provides about \$44,000,000 in the biennium for highway purposes.

Three round pennies will carry the brunt of the burden of the new tax structure—one cent more on gasoline and cigarettes and a new levy of a penny a bottle on beer.

In this, the sixth main version of a money bill, the Senate swung back to the House's proposal of one cent on gasoline and cigarettes. But the Senate substituted a whopping \$16,000,000 a year additional tax on beer for the House's \$1,000,000 a year increase on beer and wine dealers' license fees.

Final passage was voted 18 to 13.

However, hopes for final adjournment of the Legislature this week dimmed Tuesday when the House turned down the Senate's beer, cigarettes, gasoline tax plan. By overwhelming 110-34 vote, the House called for appointment of a committee to seek a compromise on how to raise 100 million or more in new revenue.

Stripped out of the Senate passed tax bill were House proposals for a levy on cigars, snuff and tobacco. Added was a token one 20th of a cent levy on "dedicated" natural gas — long-term exclusive contracts, payable by the long pipelines — and expected to produce \$2,000,000. Gas pipelines were put under the intangible assets tax.

Dropped were Senate proposals for manufacturing taxes and gross receipts taxes on department stores, hotels and motels. Rejected by the Senate was a gross receipts tax on the metals and chemicals industries.

Senator Grady Hazlewood, slender, graying member from Amarillo, merged with the winning combination to unblock the long and confused Senate fight for new revenues.

At Friday's session, Sen. Otis Lock of Lufkin, who termed himself the "coerced sponsor" of the tax measure, offered a new "in between" plan which salvaged part of Governor Allan Shivers' original recommendations and made concessions to an obdurate House.

Lock proposed a one and a half cent increase on gasoline, half-way between two cents the Governor wanted and the one cent the House voted; and one and a half cents on cigarettes; along with a 25c per \$1000 franchise tax levy on corporate stocks. It would bring in the needed \$56,000,000 to the general revenue fund, he said.

But Senator Hazlewood came up with his substitute and it was favored, 22 to 9, over the Lock plan.

The final vote put both House and Senate on record for a one-cent only increase on gasoline, making the entire bill more palatable for House concurrence.

Beer industry leaders, who had successfully fought off a proposed \$1.30 per barrel increase in the House and also in Senate committee (which would have raised the total rate to \$3.30, or 1c per bottle) suddenly found their industry saddled with a tax of \$5.30 a barrel—or an additional 1c per bottle tax.

Veterans Land

New batches of indictments against former Land Commissioner Bascom Giles were returned in Travis County. Five indictments charging theft linked B. R. Sheffield of Brady with Giles. Eight charges of forgery were made against Sheffield. Then five more indictments against Giles and Sheffield charged theft and conspiracy of theft.

A court of inquiry on Land Of-

fice affairs droned on, questioning all employees of the land office. Giles' scheduled first trial at San Antonio, on a bribe charge was postponed until August. Postponement was granted on an affidavit that a House member, Rep. Cecil Storey of Longview, had been employed as one of his lawyers. This was statutory grounds for postponement until 30 days after the end of a session.

Both the trial judge and the district attorney criticized the law enforcing such postponement. Rep. Dolph Briscoe, Jr., of Uvalde, author of a series of bills to clean up the veterans' land administration, immediately put in a bill to restrict employment of legislators. Briscoe's bill would limit the automatic postponement privilege to legislators hired within one week after a case or indictment was filed — or to cases where the Legislature was the only attorney representing a defendant.

Short Snorts
Governor Shivers vetoed a bill raising speed limits on all highways from 60 to 65 miles an hour and to 70 miles on four-lane divided highways. It would increase traffic deaths and accidents he ruled.

In all the turmoil of the tax deadlock the House took time out to pass a constitutional amendment resolution to create mosquito tax districts.

A badly slashed Trinity River Authority Bill passed the Senate. A feature was inserted to allow downriver users additional water above their old "normal flow" rights, without paying for it.

Senator William H. Shireman of Corpus Christi abandoned his bill requiring lobbyists to register. Opponents amended it until he said it affected public officials more than lobbyists.

TAKES TEMPORARY POST WITH FT. WORTH CHURCH

Rosalie McCall went to Fort Worth Tuesday, where she will be temporary secretary of the Ridgelea Presbyterian Church for most of the month of June. Miss McCall is the daughter of Dr. R. K. McCall of this city.

A Tribute . . . To Girl Scouts

When Judy, Jane and Barbara don their Girl Scout uniforms, they are not merely putting on different clothes. They are becoming part of a world-wide crusade for health, mental stimulus and good citizenship which builds character and fine womanhood. So we salute the Girl Scouts of this community and wherever they may be participating in this expertly directed movement. They have fun, bless them, and with it all, they learn to use their hands, their youthful heads . . . and above all, their innocent hearts. Your girl, too, should be a happy, healthy member of the Girl Scouts!

BRIEFLY TOLD NEWS

ABOUT PEOPLE YOU KNOW

Wallace Cox, Jr., returned Thursday of last week from a four days vacation trip spent in Mexico City and surrounding points. He made the trip by plane from Fort Worth. The Haskell businessman says the visit to the capitol of the southern republic and the picturesque villages of Old Mexico was one of the most interesting tours he had made. After returning home Thursday, he went to Amarillo Friday to spend the week end in the home of his sister and brother-in-law, Mr. and Mrs. J. L. Southern.

Mr. and Mrs. Rex Felker and son Stephen, left Saturday on a vacation trip and visit with relatives at Gainesville and Westminster. They will visit with Mr. Felker's parents, Mr. and Mrs. A. Felker at Gainesville, and with Mrs. Felker's parents, Mr. and Mrs. Will Mitchell in Westminster.

Dr. and Mrs. Arthur A. Edwards spent the week end in San Angelo visiting relatives. Dr. Edwards returned home Sunday evening and Mrs. Edwards remained for a longer visit in that city.

The Rev. J. B. Thompson and W. O. Holden were among the more than 1,000 ministers and laymen of the Northwest Texas Methodist Conference who attended sessions of the annual conference held in First Methodist Church, Lubbock, Wednesday, May 25th through Sunday, May 29. Major items of business included the approval of an \$800,000 building program for McMurry College, Abilene, and the election of delegates to the General and South Central Jurisdictional Conferences to be held in 1956 in Minneapolis, Minn., and New Orleans, La.

Mr. and Mrs. Matt M. Keathley of Irving, Texas, were visitors last week in the home of their daughter and family, Mr. and Mrs. Howard Perry, Jr.

Dr. and Mrs. A. J. Lewis of Waco were week end visitors in Haskell with relatives and friends. They are former residents here later lived in Lubbock for a number of years before moving to Waco.

Miss Larry Waskom, county office clerk for the Farmers Home Administration, accompanied by Misses Beatrice Mobley, Lula Keston and Flo Tibbitts, left last week on a vacation trip that will take them to Washington, D. C. Miss Waskom was awarded an expense paid trip to the capitol for outstanding work with the local FHA office, and her friends arranged their vacation at a time that would permit them to accompany her.

Mrs. S. Hassen was in Lubbock this week to attend graduation exercises of her nephew, Don Waheed of Munday, at Texas Technological College. Don is the son of Sid Waheed of Munday.

Rajah Hassen, who is working on his Master's degree in Economics at the University of Texas, is home for a visit in the home of his parents, Mr. and Mrs. S. Hassen. Rajah will return to the University at an early date to begin work on his thesis.

Mr. and Mrs. Joe Thomson and children of Abilene spent the week end here in the home of Mrs. Thomson's parents, Mr. and Mrs. Halie Chapman and visiting with other relatives and friends.

Mr. and Mrs. Ray Reeder and children, Debbie, Ronnie and Connie, are on a vacation trip this week. They plan to spend most of their time with relatives in Snyder, Texas. Mr. Reeder is manager of Perry Bros. Store here, and in his absence Edward Webb is in charge as assistant manager.

District Clerk Jesse B. Smith, who has been ill for some time, was mingling with friends and fellow-officials in the courthouse Monday. The popular veteran official is rapidly regaining his health and is able to make frequent trips downtown and automobile drives over the surrounding territory.

Jimmy Bledsoe of this city left Friday evening for Fairbanks, Alaska, where he has accepted employment in construction work. Jimmy made the trip overland in his car, and expected to arrive in Fairbanks today or tomorrow (Friday). The son of Mr. and Mrs. Hubert Bledsoe, Jimmy spent two years in the Army, more than a year of that time in Germany. He received his discharge last February and since then has been working on construction of the second unit of West Texas Utilities Company's Paint Creek power plant. In Fairbanks, Jimmy will make his home with a brother and sister-in-law, Mr. and Mrs. Carroll Bledsoe, who have been in Alaska for some time.

Mrs. Earl Kennedy and daughter, Helen, of Denver City, were guests in the home of J. F. Kennedy and Miss Myrtle Kennedy last week end. Helen is employed by the Atlantic Oil Co. in Denver City.

Mr. and Mrs. "Bossy" Long and daughter Beth, of Odessa, were guests Sunday night in the home of Mr. Long's mother, Mrs. Marion Long and her sons Larry and Richard, left for Pittsburgh, Penn., where they will visit in the home of Mr. and Mrs. Robert McCullough. Mrs. McCullough is a daughter of Mrs. Marion Long and a sister of the Odessa man.

Mrs. George Tyler and little

daughter, Lyn, left Sunday for Baltimore, Md., where Lyn will receive treatment of a specialist at Johns Hopkins Hospital to correct a hearing deficiency. While in Baltimore they will be guests in the home of Mrs. Tyler's brother and wife, Dr. and Mrs. Frank Spencer. Dr. Spencer is on the staff of Johns Hopkins Hospital. Mrs. Tyler and daughter were accompanied to Fort Sunday by Mr. Tyler. They went by plane from that city to Washington, D. C., where they were met by Dr. and Mrs. Spencer.

Mr. and Mrs. Archie L. Jones of Pasadena, Texas, spent last week end visiting in the home of their parents, Mr. and Mrs. D. A. Jones in this city and Mr. and Mrs. Ab Hutchens of Rochester, Calif. Curran Hunt of Los Angeles, Calif., is a guest in the home of his brother, Mayor Courtney Hunt and family for several weeks. For many years Curran Hunt was associated with his brother in the dry goods business in Haskell. While the California man is here, the Hunt's plan to visit a number of points in Texas. One of the first places Curran wanted to visit after his arrival here during the week end, was the Paint Creek Reservoir, which he said had entirely changed the appearance of the area southeast of town as he knew it years ago. The former resident was enthusiastic over the reservoir project as one of the area's greatest assets and one which would mean much to the future development of this section.

Texas 4-H Club Roundup To Be Held June 8-10

4-H Club members from throughout Texas will converge on College Station June 8-10 for their annual 4-H Roundup. Some 2,000 delegates and adult leaders are expected to attend.

Delegates to the 1955 meeting will have a choice of 17 short courses in various subject-matter fields and will be further acquainted with the facilities of A & M College, Floyd Lynch, state 4-H leader, announced.

State winners also will be determined in 18 judging team demonstration contests, ranging from field crops to dress making.

Delegates to Roundup are chosen on the basis of their accomplishments and leadership in 4-H work. Two boys and two girls from each county may attend, an adult leader—either local or extension agent accompanying each group.

Kenneth Easterling Completes Special Navy School

Madison, Wis. (FHTNC)—Successfully completing the course of instruction through the U. S. Armed Forces Institute in "Beginning Algebra I" was Kenneth R. Easterling, son of Mr. and Mrs. Donald R. Easterling, and husband of the former Miss Mamie Voyles, all of Haskell.

He is serving aboard the escort vessel USS Rombach.

Before entering the Navy, he attended Haskell High School. More than 297,000 servicemen are now enrolled with the USAFI in correspondence and self-teaching courses. Since 1941 there have been over three million enrollments in one of the more than 330 intermediate, high school, college, and vocational-technical courses offered.

Road Work Brings Pat On Back For Commissioner

As a general rule, public officials rarely receive praise for their work. Frequently it is the other way around, with criticism being given freely, whether justified or not.

One of our valued readers, Mrs. Sabie Draper of O'Brien, believes in giving praise where due and in sending her subscription to The Press last week she commended Claude Ashley of Prec. 1. We're passing on to our readers this well-deserved pat on the back for Commissioner Ashley.

Mrs. Draper wrote: "In appreciation to our Commissioner, Mr. Claude Ashley, I wish to say 'Thank You.' Our road is in the best shape it has been since we owned this farm."

GILMORE IMPLEMENT

for this wide-open beauty

It's the new kind of hardtop—
The 4-Door Riviera!

THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—and no center posts in the side window areas.

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with four doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm . . .

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is all Buick—with the buoyant ride of Buick's all-coil springing—the wallowing might of Buick's record-high V8 power—the whip-quick

getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflo.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflo Drive is standard on Roadmaster, optional extra cost on other Series.

KEMP PACE

Haskell Woman's Grandson Wins High Honors

Kemp Pace of Overton, Texas, grandson of Mrs. W. D. Kemp of this city, is the new state champion of Class "B" tennis singles. He won the championship title by virtue of his victory at the University Interscholastic League meet in Austin recently. Young Pace swept through his opponents in straight sets, not losing a set during the meet. In the championship match he met Marion Teel of Junction and won out by 6-2, 6-0, and 6-2.

For four consecutive years, Pace had won the regional Class "B" tennis singles and this year annexed the state championship in his division.

He received a gold medal for his first place win, and the Overton High School received a plaque with proper engraving on it for the school's trophy case.

Young Pace is a 1955 graduate of Overton High School. He is the son of Mrs. Theodore Pace and the late Mr. Pace of Overton.

Bill Prohibits Use of Seines, Nets, Traps, for Fishing in Haskell County

The use of any type of net, seine, snag line or trap for catching fish is prohibited in Haskell County under terms of a recent bill enacted by the Legislature, H. B. No. 873.

This outlaws the use of any gill or trammel net, seine of any kind, or fish traps, in any public fresh waters in Haskell County.

Use of a minnow seine, not more than 20 feet in length, will be permitted for the purpose of taking minnows for bait.

Complete text of the bill follows:

Section 1. It shall be unlawful to fish for, take, catch, or attempt to catch any fish in the public fresh waters of Haskell County, State of Texas, by any net, seine, snag line, trap, or any other device other than ordinary pole and line, rod and reel, set line, throw line or trot line, provided, however, that on any set line, throw line or trot line hooks must be not less than three (3) feet apart. Further, to have in possession any tackle not authorized by this Act within two hundred (200) yards of any public lake or other public fresh waters in Haskell County shall be prima facie evidence of violation of this Act.

Provided, further, that it shall be lawful to use a minnow seine which is not more than twenty (20) feet in length for the purpose of taking minnows for bait. No person shall use the minnow seine herein permitted for the purpose of taking any fish other than minnows for bait, and all other fish so taken shall be returned immediately to the water while alive.

Sec. 2. Any person violating any provision of this Act shall upon conviction be fined not less than Ten Dollars (\$10) and not more than Two Hundred Dollars (\$200).

Sec. 3. All laws or parts of laws in conflict with this Act are hereby repealed to the extent of such conflict.

Sec. 4. The fact that this legislation is necessary for the preservation and protection of fish in Haskell County creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on 3 several days in each House be suspended, and this rule is hereby suspended, and that this Act take effect and be in force from and after its passage, and it is so enacted.

Junior High Honor Roll Lists 84 Students

Eighty-four students have been listed by the faculty of Haskell Junior High School as making the honor roll for the sixth reporting period. Students on the "A" and "B" honor rolls for the second semester are also listed.

Those on the "A" honor roll for the sixth period are:

Jan Herren, Suzanne Lane, Ben Anderson, Lynn Seets, Jane Bynum, Twyla Hipp, Linda Huggins, Janet Conner, Barbara Elliott, Freddie Gilliam, Jean Lusk, Betty Sue Larned, Dianne Montgomery, Jimmy Don Freshour, DeWayne Lancaster, James Vaughter, Judy Atkeison.

The "B" honor roll is composed of Ted Dement, Sandra Allred, Linda Patton, Dorothea Rueffer, Marsha Buerger, Tanna McClung, Ronald Calhoun, Sammy Curry, Karen Adkins, Sherry Burson, Shirley Carter, Beverly Helweg, Louisa Herren, Jeanne Merchant, Christy Royall, James Cameron, Rodney Miller, Lon Dennis McMillin, Brenda Faulkner, Janice Hattox, Bette Landess, Shirley Norman, Barbara Rexrode, Jane Ann Sego, Linda Speer, Sandra Caldwell, Lelia Jones, Shelah Langston, Gail Ratliff, Rebecca Watson, Tommy Coston, Jimmy Don Long, Freddie Brown, Rodney Davis, Billy Fouts, Bobby Gibson, Larry Riley, Woody Turnbow, Belya Adkins, Julia Collins, Mylta Kreger, Leah Ratliff, Opal Wallace, Yvonne Waller, Jamie Allen, Etta Drinnon, Tinka Greer, Carolyn Josselt, Geneva Lankford, Virginia Roberts, Danna Ruth Smith, Kay Wiseman, Gary Fulmer, Clinton Herren, Jr., Bobby Moore, Jerry Moore, Lynn Pace III, Sam Rike, Gaston Tidrow, Tommy Ferguson, Jerry Gresham, Prescott Webb, Frances Bartley, Beulah Wallace, Lin Currie, Robbie Mullins, Peggy Williams.

Second Semester Honor Roll

Those on the "A" honor roll for the second semester are as follows: Jan Herren, Suzanne Lane, Dorothea Rueffer, Jane Bynum, Linda Huggins, Janet Conner, Freddie Gilliam, Jean Lusk, Betty Sue Larned, Dianne Montgomery, DeWayne Lancaster, James Vaughter, Judy Atkeison.

The "B" honor roll for the second semester lists the following students:

Ted Dement, Sandra Allred, Jane Bell, Brenda Childress, Marsha Buerger, James Cameron, Rodney Miller, Lon Dennis McMillin, J. W. Wallace, Jr., Brenda Faulkner, Janice Hattox, Twyla Hipp, Bette Landess, Shirley Norman, Barbara Rexrode, Jane Ann Sego, Linda Speer, Sandra Caldwell, Barbara Elliott, Lelia Jones, Shelah Langston, Gail Ratliff, Becky Watson, Tommy Coston, Jimmy Don Long, Jimmy Rexrode, Freddie Brown, Rodney Davis, Billy Fouts, Bobby Gibson, Belya Adkins, Julia Collins, Mylta Kreger, Leah Ratliff, Donna Rogers, Christine Thomas, Opal Wallace, Yvonne Waller, Jamie Allen, Betty Bale, Etta Drinnon, Tinka Greer, Frances Honeycutt, Geneva Lankford, Virginia Roberts, Danna Ruth Smith, Kay Wiseman, Gary Fulmer, Clinton Herren, Jr., Freddie Middleton, Jerry Gresham, Lewis Jones, Prescott Webb, Frances Bartley, and Beulah Wallace.

Paint Creek . . . Community News

MABLE OVERTON

Wheat harvest time is here, but in Paint Creek we are not "harvesting" wheat—just cutting it. John Kuenstler took the first load of wheat for Haskell last week and John Grand had the second. Some patches are making three or four bushels and others eight or ten. Most of the men in the community are guessing the overall average will be four or five bushels. Roy Overby cut one patch in the southwest part of the community that made twenty and one not too far from it that made about two or three. We will about make our seed back and expenses if we are cutting it ourselves and not hiring it done.

But the baby oats have taken a new lease on life since the rains and really look promising. The maize is knee high and needs plowing as soon as it is dry enough. Farmers are beginning cotton planting in the south eastern part of the community and can begin almost everywhere by the end of the week. Mr. Hughes down near Ericksdahl has cotton a month old, but he always plants early so he can get a head start before the grasshoppers from those ranch pastures get into his field. Everybody is so busy, and the weather is so nice that it is a good time to live in the country and at Paint Creek. Of course it's a good time to go fishing at the lake, too, if anybody had the time.

Paint Creek's own Rev. Edwin Lee Terrell preached at the Baptist Church for both morning and the evening services Sunday. He is the pastor of the Rockdale Baptist Church in the southeastern part of Paint Creek. He is at home for a few days from his studies at the Southwestern Seminary at Ft. Worth visiting his parents, Mr. and Mrs. Harvey Terrell of the Pardon Ranch. And by the way, I goofed when I graduated him from the Seminary week before last. He doesn't graduate until next spring. Someone told us he was to graduate, and instead of driving down to the ranch to check with Mrs. Terrell, I just wrote he was one of our graduates. Paint Creek needs phones.

D. R. Davis and family of Lubbock, and Davis Bishop of Shallowater visited for a while with their aunt and uncle, Mr. and Mrs. John Kuenstler last week on their way to spend a few days fishing at the lake.

Mrs. John R. Watson, Sr., has been in the sanitarium for the past week with pleurisy. Her daughter-in-law reports she is much better now.

Little Larry Gilliam, son of Mr. and Mrs. Fred Gilliam of Haskell spent the week end with his cousins, Kendel and Sue Watson.

Mr. Williams, science teacher

at Paint Creek is planning a summer of leisure with a trip back to visit with friends in Oregon where he taught before coming here.

Mrs. Arthur Watson and children, Kendel and Sue, and her sister, Mrs. Fred Gilliam and children, Freddie and Larry, spent Saturday with their father, Larry Smith and wife, of Abilene.

Mrs. Walter Nanny of Haskell spent Sunday with her daughter's family, Mr. and Mrs. John R. Watson, Jr., and Johnnie.

Mr. and Mrs. E. A. Howard of Texline are visiting their parents, Mr. and Mrs. Harvey Terrell of the Pardon Ranch and Mr. and Mrs. Orin Howard of Rule. E. A. is the vocational agriculture teacher at Texline, and taught at Paint Creek before going there.

The Seniors report a nice trip and a lot of fun. They spent the first night at Carlsbad, and toured the caverns the next day. Then the next night and day, were spent in Santa Fe, N. M. They went to Denver, Colo. for two days of sightseeing and to Colorado Springs for two days. Then back to Raton Pass, N. M. on their way home. They had more money than they needed and are planning a gift for the school with the rest of it. Mr. Williams went with them and Mr. and Mrs. Pat Morrison, their class sponsors.

The members of the Methodist congregation at Paint Creek were made happy Sunday afternoon when appointments of the Northwest Methodist Conference were read at the annual meeting at Lubbock, and our Rev. J. B. Thompson was returned to Haskell and to us for another year. We welcome back our new (slightly used) preacher.

Jeannine Isbell, the little 5-year-old daughter of Mr. and Mrs. Allen Isbell has been quite ill for the past week with a kidney infection. She feels better now, but is not free of temperature.

Cpl. Jerry D. Terrell, son of Mr. and Mrs. H. D. Terrell, has received his discharge from army service and is employed with the Haliburton Company of Abilene. Jerry, who spent his entire two years service at Fort Hood had been working in the provost marshal's office since completing his basic training in 1953. He returned home after receiving his discharge at Fort Hood on April 8.

Mr. and Mrs. L. E. Weeks and Jean of Wicket, Texas, came fishing over the week end and visited Mr. and Mrs. J. M. Mickler.

Guests for dinner in the home of the W. D. Mickler's Sunday were Mr. and Mrs. Cotton Looney of Abilene, Mrs. Walter Looney of Rising Star, Mr. and Mrs. L. E. Scott and Mr. and Mrs.

Wheat Growers to Vote June 25 on Crop Quotas

Texas wheat farmers will join with the nation's growers June 25 to decide in a national referendum whether marketing quotas will continue in effect for their 1956 crop. The State Agricultural Stabilization and Conservation committee urges Texas producers to participate in the vote.

"Under the present surplus situation, we are required to proclaim marketing quotas," Secretary of Agriculture Ezra Benson said.

"We will have almost as much wheat in the total supply after harvest this year as we had a year ago. In other words, we will have enough wheat to take care of all our domestic and export needs for two full years."

Benson has said that wheat is one of the major problems facing the Department of Agriculture this year.

Any producer in commercial areas who will plant more than 15 acres of wheat for harvest as grain in '56 is eligible to vote in the referendum. Two-thirds of the vote must favor marketing quotas before they can be put into effect. Local voting places for the June 25 balloting will be announced for each county.

The available supply of wheat for the 1955-56 marketing year is 66 per cent above the considered "normal supply." The Secretary must call for marketing quotas when the normal supply exceeds 20 per cent.

In the referendum last summer, 73.3 per cent of the farmers voting approved the quotas.

Pfc. Jack Clement Of Stamford Now In Germany

9th Inf. Div., Germany—Pfc. Jack Clement, son of Mrs. G. W. Clement, Stamford, recently arrived in Germany and is now a member of the 9th Infantry Division.

As part of the U. S. Seventh Army, the 9th Division conducts rigorous training exercises, including realistic maneuvers and field problems, in southern Germany.

Clement entered the Army in February 1954 and completed basic training at Fort Bliss, Texas.

Allen Isbell and family.

Mrs. Carl Manske, Lynn Dale and Danay and Melaine and Carolyn Livengood visited the Allen Isbell's Monday afternoon.

When lightning was dancing all over Paint Creek Wednesday night of the storm, it struck a fence on the Morris Haynes ranch and killed two calves. Mr. Haynes said the wire just disintegrated where the lightning struck, and the wood was knocked out between the staples on the posts. The dead calves were a good little piece away from the fence, too.

A fitted peasant dress that takes well to town despite its casual manners—Lorch two-piece combination with contrasting corded outlining the yoke of the puff-sleeved blouse, and the lowered neckline of the gathered skirt.

Many Local Farmers Report Guar Ideal Crop to Supplement Income, Build Soil

As a result of recent rains, Haskell County farmers will have additional planting to do.

And farmers whose cropping plan does not include guar are overlooking a chance to supplement their income, while at the same time improve their soil, according to O. J. Curry, work unit conservationist with the Soil Conservation Service.

Curry explains that guar is a deep-rooted summer legume that has the ability to fix nitrogen in the soil, increase water intake by breaking up the sub-soil, and increase organic matter, resulting in a more mellow soil. Increased income comes indirectly as a result of improved yields on crops following guar, as well as a direct income through the sale of guar seed.

This legume may be planted from now until July 15. SCS technicians point out. It can be planted with a maize plate and at the same depth as maize. Row plantings at the rate of 5 pounds per acre, with cultivation as needed, have proven successful on all soils in the Haskell area.

The experience of several Haskell County farmers who have planted guar with successful results was revealed in interviews conducted recently by Buddy Perkins of the local Soil Conservation Service office. Perkins cited the following reports from local farmers:

E. L. Elmore, who farms five miles northwest of Rule, said that 1954 cotton planted on land where guar had been grown the previous year, made a little over one-third of a bale per acre. Cotton following grain sorghum made one-fourth bale per acre on an adjoining planting. He had a better stand, larger stalks and larger bolls on cotton following guar. Elmore's guar in 1954 produced 500 pounds of seed per acre and was sold for \$3.40 per 100. Elmore said it had about the same cash value per acre as his combine maize. This guar was

planted in June on sandy soils and received about two inches of rain during the growing season.

Alfon Peiser, whose farm is 12 miles east of Haskell, planted guar for the first time in 1954, and harvested 3,000 pounds from 12 acres. There was about two inches of rain, in the form of showers, during the growing season. Maize on his farm made 200 pounds per acre, Peiser said. He is feeding one part of ground guar beans to four parts of ground maize to hogs.

Albert Zelisko, 14 miles east of Haskell, said wheat in 1954 following 1953 planted guar stayed green longer and was about four inches higher. His guar in 1954 produced 300 pounds per acre, which he sold for \$3.25 per hundred. Maize made a little less than 100 pounds per acre. Zelisko said he was surprised with the way guar roots break up hard pan soil and makes plowing easier.

Norman Nanny, whose farm is three miles northwest of Haskell, made 285 pounds per acre from a 15-acre planting of guar in 1954. The crop had less than one inch of rain during the growing season. Nanny sold the guar seed for \$3.40 per hundred.

V. W. Meadows, Jr., four miles northwest of Haskell, made 267 pounds per acre from a 100-acre planting of guar in 1954. About an inch of rain was received in the form of several showers during the growing season. Combine maize in the same field did not head out, Meadows said.

W. W. Farrel, who farms two miles south of Haskell, planted guar last year on some very tight, terraced land. Water always stood in the terraces until it evaporated. During recent rains Farrel says this land, where he had guar, took up the water rapidly.

All farmers contacted were agreed on the following points: Guar is very drought resistant because of its long tap root. It is as profitable as combine

New Repairman Is Added by Frazier Radio Shop

Frazier Radio & Record Shop in this city announce the addition of Bob Hurst, formerly of Fort Worth, as radio and television repairman in their service department. The addition to their staff will permit them to give the public quicker service on television and radio work, according to Barney Frazier, owner of the concern.

"Mr. Hurst comes to us highly recommended as a very capable television and radio repairman," Frazier said. Hurst has been in the radio field for 25 years, and in television work for six years. He was an instructor in radar and television in the Navy during World War II, and in civilian life afterward, Frazier said.

Haskell Seaman on Destroyer with Pacific Fleet

Pacific Fleet (FHTNC)—Charles R. Williams, seaman, USN, grandson of Mr. and Mrs. Jesse B. Smith of Haskell, is serving aboard the destroyer USS Frank E. Evans.

He has been assigned duties as a quartermaster, sending and receiving messages.

ANNOUNCE ARRIVAL OF SON

Mr. and Mrs. R. W. Taylor of Dallas are announcing the arrival of a son, Robert William Taylor, Jr., born Tuesday, May 24 in Baylor Hospital. The young fellow weighed seven and one-half pounds. Mrs. Taylor is the former Jeanette Henshaw. Grandparents of the new arrival are Mr. and Mrs. G. H. Henshaw of Abilene and Mrs. C. W. Taylor of Memphis, Tenn. Mrs. J. W. Henshaw of Haskell is the great-grandmother.

maize as a cash crop.

It is easy to get a good stand of guar. It will come through a thick crust, is inexpensive to plant, and requires no more labor than maize.

Guar will stand after ripening, and for that reason does not cause extra work during the busy season.

Seed are available from local seed dealers, and also from several farmers who have tested seed from the 1954 harvest.

Several thousand acres of legumes are needed annually on cropland in Haskell County, soil technicians point out. For that reason they suggest that every farmer include a legume in their cropping program by planting guar.

NOTICE OF SHERIFF'S SALE

The State of Texas, County of Haskell

NOTICE Is Hereby Given That by virtue of a certain Order of Sale issued out of the Honorable District Court of Haskell County, on the 30th day of May 1955, by Jesse B. Smith, Clerk of said District Court, of Haskell County, Texas, for the sum of Nine Hundred Forty Four and 75-100 (\$944.75) Dollars and costs of suit, under a judgment, in favor of Strain & Brown, Inc., in a certain cause in said Court, No. 7753 and styled Strain & Brown, Inc., a corporation vs. Addie Anderson placed in my hands for service, I, W. H. Pennington, Sheriff of Haskell County, Texas, did on the 30th day of May 1955, levy on certain Real Estate, situated in Haskell County, Texas, described as follows, to-wit: Being the West 125 feet of Lot No. 3 in Block No. 69 of the original town of Haskell, Haskell County, Texas, and levied upon as the property of the estate of Addie Anderson, deceased, and that on the first Tuesday in July 1955, the same being the 5th day of said month, at the Court House door, of Haskell County, in the City of Haskell, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said judgment and said order of sale I will sell above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said estate of Addie Anderson, deceased.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Haskell Free Press,

Witness my hand, this 30th day of May 1955.
W. H. Pennington, Sheriff
Haskell County, Texas.

Phone Rate--

(Continued from Page 1)

to what was termed the "Paint Creek area" and will include service to Scott Memorial Park, it was explained.

The Paint Creek power plant of West Texas Utilities Company also is to have telephone service through the Haskell exchange, telephone company representatives assured the Council.

Rate Increase

The Council granted the company an increase in rates, based on an interim increase which will become effective with the September, 1955 billings to local subscribers. Then a further increase would go into effect upon establishment of dial service and completion of the rural phone project.

Interim rate going into effect in September will be as follows, with the present rate listed in the first column and the new rate in the second column.

One-party business	7.50	9.00
Two-party business	6.00	7.00
Extensions	1.50	1.50
One-party residence	4.25	4.75
Two-party residence	3.50	4.00
Extensions	.75	.75

Final rates, to go into effect with completion of the rural project and dial service (not later than Dec. 31, 1957), would be: One-party business \$10.50, two-party business \$8.50, extensions \$1.50.

One-party residence \$4.50, two-party residence \$3.75, extensions 75c.

In arriving at a decision concerning the rate increase, Council members considered data on telephone rates which had been secured by City Secretary Arbuckle from 23 towns and cities comparable in population or slightly larger than Haskell.

This survey, using one-party business phone rates with other classes of service proportionally charged, in practically all instances, shows that a \$9.00 rate or higher (\$10.50 in Seymour) is charged in 13 of the cities reported.

On the basis of data reported in the survey, the rate granted in Haskell is in line with charges made for telephone service in a majority of the towns of this size, a city official said.

In asking for the increase in rates, telephone company representatives cited certified figures to support their claim that at present rates the Haskell exchange was not yielding a fair return on the plant investment.

Attending a part of Tuesday night's Council session were three local businessmen, Jay Weaver, W. O. Holden, and Jetty V. Clare.

Relative to the rural phone project, Holden was outspoken in expressing his opinion that the rural phones were needed, and would be an asset to Haskell businessmen as well as meeting a definite need of rural residents in the Haskell trade area. Weaver and Clare also told the Council they favored the rural phone project.

General Telephone Company representatives present at the meeting were Don Mortimore and M. E. Burdick of Seymour, Mills Roberts and W. A. (Dub) Leigan of Memphis, Mac McCrum of San Angelo, and Bill Emhoff of the Haskell exchange.

Robert L. Duncan Receives Degree, Award at Tech

Robert L. Duncan, son of Leo C. Duncan of this city, received the bachelor's degree in textile engineering, and a special award for outstanding achievement, in graduating exercises at Texas Technological College in Lubbock Monday night.

The National Association of Cotton Manufacturers' Student Honor Medal was awarded Duncan for having the highest scholastic ranking in the textile engineering graduating class. Duncan is a member of Phi Psi, Textile Engineering Society and Tau Beta Psi, national honorary engineering fraternity.

Attending the graduating exercises were Leo Duncan and Mr. and Mrs. W. A. Duncan of this city, Nancy Duncan, Mrs. Carter Rogers and Mrs. Martha Wells of Breckenridge.

Rainfall In May Sends Total Above Normal For Area

Rainfall of 6.08 inches during May has sent total for the year to 10.16 inches to date, slightly more than average rainfall for the first five months of the year. Average rainfall from January through May is 8.99 inches. Normal rainfall for May is 3.34 inches.

Precipitation by months for 1955 shows 1.10 inches in January, 1.05 inches in February, 1.35 in March, .58 in April and 6.08 inches in May.

Rainfall of only .58 inch in April this year compares with average precipitation of 2.60 inches. Lack of seasonal rains during April blasted prospects for the wheat crop in this area, grain producers pointed out. Recent rains came too late to be of material benefit to wheat, but will be a boon to oats, farmers say.

Dates and amount of rainfall this year, as recorded at the City Hall fire station by Floyd Lusk:	
Jan. 5	.30
Jan. 9 (snow)	.40
Jan. 14	.80
Feb. 4	.25
Feb. 19	.08
March 17	.22
March 18	.22
March 20	1.05
April 5	.40
April 8	.18
May 5	.25
May 8	.17
May 9	.40
May 10	.93
May 11	.18
May 16	.23
May 17	.20
May 18	1.10
May 19	1.40
May 20	.15
May 22	.80
May 26	.25

Youth Program--

(Continued from Page 1)

The Midget League are: Bears, Pete Frierson and Ferrel Coston; Cats, D. Larned and Ben Charlie Chapman; Red Birds, Ed Hester and Lloyd Phemister; Frogs, Cotton Foster and J. P. Perrin.

In the Little League, managers of the four teams are: Rams, Buddy Perkins, Jim Miller and Austin Coburn; Tigers, Bobby Rexrode, Leslie Davis; Cubs, T. C. Walker, Don Larned, Jack Chapman; Hawks, Chester Hodgins, Melvin Josselot.

The following schedule of activities in the summer recreation program will be followed, McClung announced.

Baseball--Midget League teams will play Tuesday and Friday at 5:30. Little League games Monday and Thursday. Pony League teams, Tuesday and Friday at 7:30 p. m.

Boys Basketball--Tuesday and Wednesday, 6 to 8 p. m., at the high school gym.

Girls Basketball--Monday and Thursday, 6 to 8 p. m., at high school gym.

Softball, Badminton, Volley Ball, Table Tennis--Wednesday and Friday, 5 p. m., at high school tennis courts. Mrs. J. B. Gibson and Sue Bell will supervise tennis.

Elementary Girls Softball--Wednesday and Friday at Elementary school.

Swimming--Tuesday and Friday, with sessions for advanced and intermediates from 9 to 10 a. m., and for beginners and swimmers, 10 to 11 a. m., at Rice Springs Pool. Mrs. John Kimbrough is chief instructor and supervisor of swimming.

Temple W. Williams Graduates at SMU With Honors

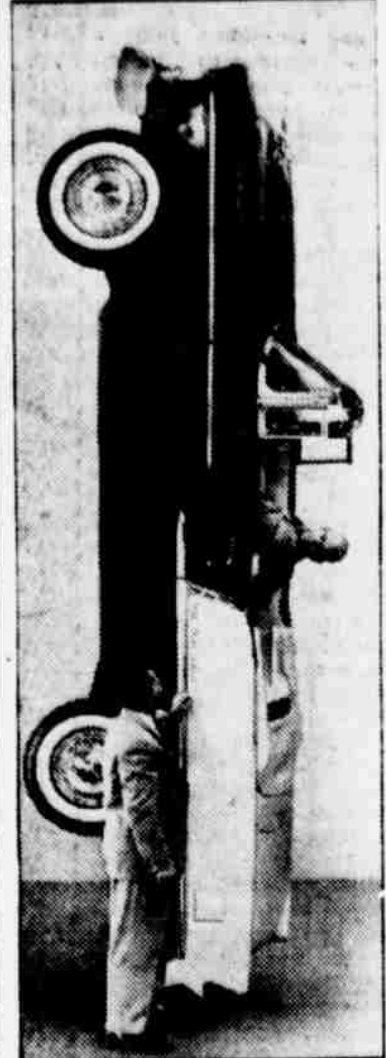

Temple Weatherley Williams, son of Dr. and Mrs. T. W. Williams of this city, was awarded a degree of bachelor of science in biology, with honors, in graduation exercises at Southern Methodist University in Dallas Monday night.

SMU's president William M. Tate delivered the university's annual presidential statement to the graduating class in Owenby Stadium.

Eight hundred degrees were awarded at the convocation. Young Williams is a graduate of Haskell High School and formerly attended Midwestern University and Hardin-Simmons.

Dr. and Mrs. Williams and son Fitzhugh attended the graduation of their son and brother.

Take safety with you on your vacation, says the Texas Farm and Ranch Safety Committee. It will bring you home in good shape and you can look forward to next year's trip. Leave safety at home never.

You will never see a car in this position, but Chevrolet engineers did recently, when they hung the car by the front axle to make the wheel know how the Navy's XFV-1 "Pogo Stick" plane pilot feels when he's ready for a vertical takeoff. The chain holding the convertible has been retouched out of the picture.

Haskell Teacher Will Tour Europe With U of T Group

Mr. and Mrs. Courtney Hunt, accompanied by Curran Hunt of Los Angeles, Calif., will accompany the Haskell couple's daughter, Madalin, to Austin Saturday.

At Austin Miss Hunt, teacher in Haskell Elementary School, will join a tour sponsored by the University of Texas for their second annual Seminar Conference on Secondary Education in Europe. The tour is being conducted by Dr. J. G. Umstad, head of the department of Secondary Education at the university.

The Second Seminar Conference is offered by the University of Texas with the cooperation of members of the British Ministry of Education and the French Ministry of Education, and the leaders in Secondary Education in England, France, Germany, Holland, Norway, Scotland, Switzerland, Spain, Belgium and Ireland. The tour is designed to provide a rich broadening experience for teachers since they will study in some of the leading universities of the world, and under some of the world's greatest educators. They will also have to contribute to the friendly relationship our country has with these countries.

Conferences will be held in London one week, Paris one week, Biarritz eight days, Edinburgh, three days, Geneva three days, and Heidelberg three days. Time will be taken to see and visit the Secondary and Elementary schools of Europe, and to compare their schools with those of America. There will be five weeks of intensive study, the other five weeks will be spent in seeing the many wonderful sights of the various countries of Europe.

The tour leaves Austin June 8th and will sail from New York on June 8th, for eleven weeks of study and fun.

Two 4-H Club Girls To Represent County In State Contest

"Is Your Kitchen Safe?" is the title of the safety demonstration Emilee and Jean Griffith will give at the state 4-H Club Safety Demonstration Contest. They will represent Haskell County and District III at this state contest as an award for being the district winners. The contest will be held on June 8 as a part of the annual 4-H Roundup.

In the demonstration, they prepare a simple potato pie and show the various things the average homemaker might do to improve the safety of her kitchen. Emilee and Jean have both completed numerous 4-H projects, have held club and county offices and have served as junior leaders. At the present time Jean is the chairman of the county council and Emilee is the co-chairman for the district III 4-H council.

Emilee is the daughter of Mr. and Mrs. S. L. Griffith and Jean is the daughter of Mr. and Mrs. Bill Griffith. They are Juniors in Paint Creek High School and are members of the Senior 4-H Club in Haskell County.

Others to attend the state meeting are: Ives June Casey who will give an individual dairy food demonstration and Doris and Christine Hutchinson who will give their vegetable demonstration.

Haskell Exhibitors Win at Fort Worth, Abilene Horse Shows

Palominos owned and exhibited by four Haskell men won some of the top awards in horse shows at Abilene and Fort Worth recently.

In the Abilene show last week, El Centro Sunday Gal, owned and exhibited by Lon McMillin, won first place in the class for Palomino stock mares foaled in 1953.

G. Bandy, owned by Jess Josselot, won first place in the quarter horse gelding class. The animal was also entered in the performance class and won fourth place in cutting horse contest.

Honey Lou, owned and exhibited by Marion Josselot, won third place in the class for Palomino mares, foaled in 1954.

Sunny, Palomino gelding owned and shown by Gene Hunter, won third place in the class for Junior geldings.

At the Forest Park Saddle Club show in Fort Worth Sunday, McMillin's El Centro Sunday Gal again took top honors, winning first place in the Palomino stock mare class, foaled in 1953.

Attending the Abilene show from Haskell were Mr. and Mrs. McMillin, Mr. and Mrs. Hunter, and Jess and Marion Josselot.

Haskell people attending the show in Fort Worth were Mr. and Mrs. McMillin and their sons, Lon Dennis and Bryan.

A Norwegian mile is 7 times as long as the American mile.

Deadline Near for Notary Publics to File for Renewal

Secretary of State A. M. Muldrow has announced that he will reappoint all persons who hold Notary Public commissions. All such persons must qualify by filing an oath and bond with the County Clerk in the county where they reside, between June 1 and June 10.

The law specifically requires County Clerks to approve notary bonds and individuals should not send money or requests for commissions direct to the Secretary of State. All notary matters can only be received by the Secretary of State after being forwarded by the County Clerk, it was pointed out.

Any person who has not heretofore been a Notary Public should apply to the County Clerk not later than June 10.

Each person applying for a commission as a notary public must be at least 21 years of age and a resident of the county for which he is appointed. Exact name and permanent address should be given the County Clerk in applying for a commission, as location of the notary may be necessary long after he has notarized a particular instrument.

More than a million tons of corn cobs were used in industrial products last year in the United States--an increase of 60 percent in the past 5 years.

Cattle Mart Opens Unevenly Monday At Fort Worth

Larger than usual numbers of cattle and calves (7,300 head) appeared at Fort Worth Monday. This was above expectations in view of the long Memorial Day holiday week end. Fed steers and yearlings were 50 cents or more lower. Cows and bulls sold steady with very strong shippers and small packer demand helping cow prices. Slaughter calves were 50 cents or more lower, the plain and medium kind off most. Stocker and feeder cattle and calves were fully steady.

Prices included: Good and choice fed steers and yearlings \$18.00-\$22.00; common, plain and medium butcher cattle \$12.00-\$18.00. Fat cows \$10.50-\$14.00; canners and cutters \$7.00-\$10.50. Bulls \$10.00-\$14.50. Good and choice slaughter calves \$16.00-\$20.50; common and medium \$12.00-\$15.50, and culls \$9.00-\$12.00. Stocker steer calves of good and choice kinds \$18.00-\$22.00; steer yearlings \$21.00 down, and two-year-old feeders \$20.50 down, replacement cows \$8.00-\$12.50.

The American Meat Institute takes note of the big movement of hogs to market at this season, which is contrary to the usual marketing pattern. This out-of-season heavy movement has held prices down in recent weeks. The institute reports currently pork prices are from 13 to 31 per cent under this time a year ago. Average of all meats, veal, beef, lamb, and pork are 13 per cent under a year ago.

The Very Newest

Two babies were born in the Haskell Hospital during the past week. Parents and the new arrivals are:

Mr. and Mrs. Douglas Winnings of Haskell, a daughter Carol Jean, born May 23, weight six pounds, 13 ounces.

Mr. and Mrs. Lodell Henderson of Rule, a son, Rodney Lodell, born May 29, weight eight pounds, nine ounces.

LIGHT RAIN WEDNESDAY NIGHT

Thunder showers Wednesday night brought precipitation amounting to .35 inch here. The rain will slow harvesting of the wheat crop in the Haskell vicinity for a day or two. Also, some farmers fear that the hard showers may require replanting of cotton which had been planted this week.

VISITS IN OKLAHOMA AND KENTUCKY

Mrs. R. C. Lowe returned home Saturday after spending the past month visiting relatives in Madill, Okla., and Moorehead, Ky. She returned by way of Dallas where she spent a week with relatives.
