Allied Troops Hit At Center Of Chinese Concentrations

Fillings For The Shark's Teeth

A P-51 Mustang fighter, painted to look like a vicious shark, taxis into position at a forward air strip in Korea, to be fitted with deadly rockets (foreground) before taking off on a mission.

Favor County's Buying Snyder Hospital 44-28

Scurry County residents who have voiced their opinion on whether or not the county should buy the Snyder Hospital favor the action by a count of 44 to 28.

The commissioners court has been asked to consider purchasing the plant and equipment of the Snyder Hospital with funds voted in a hospital bond issue in April, 1950. They are also investigating the possibilities of building a county hospital, and have been inspecting hospital facilities in other counties with these two alternatives in mind.

Stating their opinion on a questionnaire published last week in the Snyder Daily News, Scurry County residents favored buying Snyder Hospital by a 16-vote majority.

Among the comments made by those who favored the action was one which expressed the opinion that the purchase would enable the county to receive more for the money spent in view of present construction costs. Another voter suggested that the arrangement be made temporary.

"I don't see how the people of Snyder could do without one," was the comment of another person. Another Snyder resident commented that he favored the purchase "one thousand times."

Only one comment was made by a person opposing the purchase. He stated that he opposed the purchase with money voted in the April bond issue or "any taxpayers' money."

Borden Well Plugged; Fails To Extend Pool

Hopes that the P. R. Rutherford & Sons No. 1 W. E. Murphy, Southeast Borden County wildcat, would extend the proven limits of the Reinecke field one mile to the north and one-half mile to the east were drowned out by sulphur water and the prospector is to be plugged and abandoned.

This exploration was located 467 feet from south and west lines of section 82, block 25, H&TC survey, and six and one-half miles northwest of Vincent.

It had indicated a possible producer in a drillstem test at 6,904-6,923 feet.

A string of five and one-half inch casing was cemented at 6,915 feet. The plug was drilled and the open hole between 6,915-6,923 feet was plugged with 500 gallons of mud acid and treated with 1,500 gallons and with 5,000 gallons of regular acid.

After those injections, they rejject swabbed salt water with slight shows of oil and gas.

Operator then deepened to 6,929 feet and tok a four-hour drillstem test. The packer was set up inside the casing at 6,879 feet. Total depth was 6,929 feet.

Gas surfaced in 30 minutes. Fluid started flowing out at the top in one hour and 30 minutes. The hole flowed drilling mud and salt water for 30 minutes. There were no shows of oil. There were slight signs of gas.

Operator is pulling all of the five an one-half inch casing which can be salvaged and will then plug the wildcat.

DAWSON WILDCAT

Seaboard Oil Co. of Delaware has filed application to begin drilling immediately on the No. 2-D J. W. Jeter in the Spraberry deep field of Dawson County. It will be drilled to 7,000 feet with rotary tools. Location is in section 36, block 34, T-5-N, T&P survey and 17 miles southeast of Lamesa.

DAWSON COUNTY

The Amerada Petroleum Corp. No. 1 Adcock, Central - North Dawson County wildcat, is drilling below 10,120 feet in lime and shale nearing the contract destination of 10,500 feet. The No. 1 Adcock is in section 106, block 34, T-7-N, T&P survey and four miles northeast of Hindman.

James H. Snowden No. 1-30 Carrie S. Dean, indicated Spraberry discovery in Northeast Central

Look Magazine Hits Texas And Its Treatment Of Mexicans

NEW YORK, March 12. (AP)—Texas' one and one-half million citizens of Mexican descent are America's most downtrodden and defenseless group, Look Magazine charges.

The article, entitled "Texas' Forgotten People," appears in the magazine issue to be released tomorrow.

"Nowhere else in America is a group of people so downtrodden and defenseless, and nowhere are human dignity and life held in such low regard," the magazine says.

NO COMMENT

At Austin Gov. Allan Shivers refused to discuss the story.

Look's article says health authorities ignore living conditions of Mexicans. It alleges discrimination against Mexicans in school facilities and by draft boards and exploitation by the Rio Grande Valley ranchers particularly.

Ex-vice President John Nance Garner, a Valley landowner, is quoted as saying "Farming is not a profitable industry, and in order to make money you have to have cheap labor.'

Look contends that the cheap labor principle has been responsible for the influx of "wetbacks" (Mexican nationals who slip across the border) who are attracted by the 20 to 40 cents an hour wages.

Look cites Texas' own health statistics as evidence of unequal sanitary facilities. It finds that each year, 209 of every 100,000 Latins die of tuberculosis, compared to the 31 of every 100,000 Anglo-American Texans who die of the disease.

TOP TB RATE

San Antonio, about half its population of Mexican descent, has the highest TB rate in the nation, declares Look. Housing codes to correct disease - breeding conditions exist but "It's a rare day when the authorities enforce them,' it adds.

Schools in the Latin sections still represent "scraps of the educational budget" despite a federal court ruling making it illegal to segregate Mexicans, the Magazine also charges.

Look says Latins remember discrimination in World War II when Latin fathers with four children frequently were taken, while the predominately Anglo draft boards often defered an Anglo father with a single child.

Mexicans working hard to better their condition in Texas are looking forward to the day when they will escape oppression and become not second-class but first-class citizens of the United States, they are ticle says.

Tin Imports In Agency Hands

WASHINGTON, March 12. (AP) — The government today made itself the sole importer and seller of tin to end what a Senate committee has called price "gouging" by foreign sellers.

The National Production Authority also ordered all American users of pig tin under allocation control as of May 1, but made a temporary increase in tin usage possibly starting next month to provide for the packing of perishable crops.

The actions do not alter NPA's "essentialty of use" order, under which tin is prohibited in such items as costume jewelry, ash trays, buttons and buckles.

The production designated the Reconstruction Finance Corp. as the only importer of tin, thus placing the metal in the same government monopoly position as rubber.

Spanish Strike Set

BARCELONA, Spain, March 12. (AP)—A general strike against the high cost of living began here today. Police wielding clubs charged into a crowd trying to prevent employees from entering a bank and several persons were injured.

Victory For UN If War Ends At 38th Parallel

(By The Associated Press)

CENTRAL FRONT Korea, March 12.—Lt. Gen. Matthew B. Ridgway today asserted "it would be a tremendous victory for the United Nations" if the Korean war ended at the 38th Parallel.

The U. S. Eighth Army commander added, however, that he knew of no plan to end the war on the old boundary between North and South Korea.

Ridgway told a news conference the ratio of Communist casualties to allied in the UN's renewed offensive was "well over 60 to one."

"If Communist China failed to drive us into the sea that would be a defeat for her of incalculable importance," Ridgway said.

"The allied ground, sea and air forces have let a lot of air out of the inflated balloon of the Chinese military establishments."

"Meanwhile, in the degree to which we deflate her military reputation we influence the thinking of millions and millions of people in Asia. Eventually it must react on the political actions of their government. This would be of tremendous importance."

Ridgway said "You could call it (the Korean war) a draw if we fail to defeat the mass of China with our handful here, but we did not set out to conquer China. We are fighting Communism in Korea —the only place in our struggle with Communism where there is shooting."

Grocery in North End Of City Is Destroyed

A fire last night destroyed a grocery store on the Clairemont road, firemen said.

Two trucks and 13 volunteer firemen answered the call, but arrived too late to save the building.

They used 500 galons of water carried in tanks on the trucks to keep surrounding buildings from catching fire.

No estimate of loss was available today.

House Group Gets To Work On Bill To Lower Draft Age, UMT

WASHINGTON, March 12. —The House Armed Services Committee goes to work behind closed doors today on its version of legislation to lower the minimum draft age and set up a universal military training program.

Chairman Vinson (D-Ga) on Saturday predicted speedy committee approval of the measure which differs in several respects from a companion bill passed Friday by the Senate. Vinson said he hoped to get it before the House Wednesday and expects to see it passed before Easter.

DELAY THREAT

There was threat of a delay, however, in a Republican proposal to tie on an amendment requiring congressional approval for assigning U. S. divisions to the North Atlantic Pact army. This proposal, by Rep. Arends (R-Ill) had the backing of the House Republican Policy Committee.

As it stands, the House bill provides for drafting youths at 18½ years, extending military service from the present 21 months to 26, and placing universal military training under supervision of a five-civilian commission.

The bill passed by the Senate sets the draft age at 18, extends military service to 24 months, and calls for three civilians and two military members to guide the training program.

Both measures call for a 4 million-men ceiling on the armed forces. The Senate bill provided no termination date for the program. Vinson proposes an end to the draft provisions July 1, 1954 unless extend by new legislation.

Violent Deaths Over Week End Number Twenty

By The Associated Press

Traffic accidents accounted for 15 of the 20 violent deaths reported in Texas during the week end.

Bexar County had three traffic fatalities and five persons died in one car-truck collision near Abilene.

There were seven other traffic deaths. Two persons burned to death, an elderly woman was killed by a hard blow or a fall, one man was shot to death and a high school fotball star hanged himself.

Bill Bryan, 18, a football star at Robert E. Lee High School in Baytown, hanged himself Sunday in the bathroom of his Channelview home.

FIVE AT ABILENE

The five-fatality wreck occurred Saturday near Abilene. Killed in the car-truck collision were Perry Kinner, his sister, Mrs. H. V. Hodges; her son, Bobby; Mrs. E. V. Huckabee, and her daughter, Betty, all of Abilene.

Pete Rochelle, 25, of Lubbock died Sunday of injuries suffered Saturday night when the convertible he was riding in overturned near Snyder.

Mrs. Perry Lee Hawkins, 40, and Peggy Jean Jackson, 8, Negroes, burned to death Sunday when fire destroyed their home near Greenville.

Miss Charlotte L. Stabler, 72, of La Porte was found floating in Clear Lake near Seabrook Saturday. Officers said Sunday she died of concussion. They were looking for clues, suspecting possible robbery and homicide.

COLLISION

Mrs. Vera Landers, 82, of Dora, N. M., died in a car-truck crash on fog-shrounded U. S. Highway 84 near Post, Tex., Saturday.

Reducinco Villareal, 68, of Littlefield was killed instantly Saturday when he chased his hat into the path of a car during a blinding rain.

Gussie Martin, 45, Negro, of Lubbock was killed Saturday night when a car hit her on the highway a mile northwest of Shallowater.

A man identified as Salvador Martinez, illegal immigrant from Monterrey, Mex., was shot to death Sunday near Cameron. Constable Ed Sexton said he fired when the man attacked him with a razor.

Allen Esaw Fox, 59, a Mesquite carpenter, died Saturdy in Dallas of injuries suffered Friday when his car hit a concrete culbert.

Carl Lee Jannell, 29, Cleburne, and Glen McIntyre, 23, Alvord, were killed Sunday night in Fort Worth when hit by a truck as they attempted to uncouple locked bumpers.

Miss Lillian Kleck, 29, was killed when the driver of the car in which she was riding lost control of the vehicle and it overturned at San Antonio Sunday morning.

A Saturday collision of two cars there killed Tommy Holland of San Antonio.

The body of Prajedas Luna, also of San Antonio, was found late Saturday near a road. He was believed the victim of a hit and run driver.

Red Squabble In Tibet

NEW DELHI, India., March 12. (AP)—The reluctance of Tibetans to surrender management of their own defense and foreign affairs to th Chinese Reds is delaying a "peace settlement", according to rliable but unofficial reports reaching here today.

Ex-Congressman Testifies On Ways Of Getting RFC Loans

JOSEPH CASEY

WASHINGTON, March 12. (AP)—Joseph E. Casey, former Congress member, testified today he invested $20,000 in a company which bought five surplus government tankers and later sold the stock for about $270,000.

Casey, now practicing law in Washington, was asked about the ship deal by senators looking into alleged use of influence on government agencies. He is a former Democratic House member from Massachusetts.

The senators had developed earlier that Casey had been associated with Joseph Rosenbaum in practice before the Maritime Commission and had received $15,800 in fees from Rosenbuam.

Rosenbaum, a Washington lawyer, has been a central figure in a Senate banking subcommittee's hearing on alleged influences and favoritism in lending by the RFC.

GOOD SUCCESS

The group has asserted Rosenbaum had unusual success in getting RCC loans. It attributed this in part to Rosenbaum's friendship with White House Aide Donald Dawson and E. Merle Young, Washington insurance man whose wife is a White House stenographer.

Casey, a former Democratic House member from Massachusetts, was questioned about fees for Maritime Commission practice as preliminary to exploration of $6.3000,00 of RFC loans to the Central Iron and Steel Corp., of Harrisburg, Pa.

GETS FEE

The subcommittee told him it understood he had received a $5,800 fee from Rosenbaum on March 10, 1950, and a $10,000 one a year earlier.

Casey testified "I don't remember" the basis for the $10,000 payment but promised to supply th details later.

School Board Election Will Be Set Soon

The Snyder school board tomorrow night is expected to call an election April 7 for two board members, Hardy Scarborough, secretary of the board, said today.

The two members vacating places on the board this year are J. B. Turner and E. H. Williamson who have held their positions since elected for two-year terms when the schools were consolidated in 1949.

Candidates for the positions must file their applications with Scarborough at least 10 days before the election, and the applications will be presented to Edgar Taylor, county judge, for authorization to place the names on the ballots.

Scarborough said it was a provision of law that the aplications be filed not later than 10 days before the election. He said, however, that he was not certain whether this period excluded Sunday, adding that the final date would probably be March 28.

Those to remain on the board are Wayne Boren, Bob Dupree, and Paul Keaton, who were re-elected last April after serving one-year terms, and whose present terms will expire in April, 1953; and Lee Stinson, president, and Raymond Smith, who were elected in 1949 to serve three-year terms.

When the schools were consolidated in 1949, the board was organized with seven elected membrs, Boren, Dupree, and Keaton being elected for one year, Turner and Williamson for two years, and Stinson and Smith for three years.

After the election next year, each member will be elected for a three-year term with two members elected one year, two the next, and three the next.

Communist Secretary Out Of Jail After 10 Month On Prison Term

NEW YORK, March 12. (AP)—Eugene Dennis, general secretary of the Communist Party in the U. S., was released from prison today after serving 10 months for contempt of Congress.

"Now, I'm in god fighting trim," he told reporters, explaining he had lost 50 pounds while in prison. "I will really crusade for peace."

Dennis emerged from the federal house of detention 50 minutes bfore his scheduld rlase time, and only his wife, PPeggy, and 12-year-old son, Eugene, Jr., were there to meet him.

Dennis, sentenced for contmpt in refusing to answer questions of Investigating Committee, now faces a five-year term in the Communist conspiracy case.

Some Plant Damage From Cold; Lower Temperatures Tonight

West Texas weather pulled another off-season trick over the week end, and brought a brief freezing spell to the area. A minimum of 28 degrees was recorded in Snyder about 3 o'clock this morning, and the temperature remained below the freezing mark for several hours. The minimum was 24 degrees at dawn.

The cold was severe enough to damage early flowering plants and budding trees in most of the area. Peach trees which had already bloomed were expected to show the damage, as well as rose bushes which were preparing to put out leaves.

The maximum recorded yesterday in Snyder was a chilly 54 degrees, a sharp contrast to the high readings of last week.

The prediction in this area through tonight calls for clear and colder weather, with the temperature beginning to rise tomorrow afternoon. The high this afternoon was predicted near 48 degrees.

No important amounts of moisture were reported over the area although there was some snow, sleet and rain. Brief flurries of sleet were seen in Snyder yesterday afternoon.

The March freeze swept through most of Texas today.

Snow, sleet and rain accompanied the norther's sweep through the state yesterday and last night. But today skies were clearing.

Some light snow fell at Austin early this morning. Sherman in North Texas reported rain. Snow fell at Ardmore Okla., just across the Texas line. Rain fell at Alice and Beaumont.

The freeze did not reach the lower Rio Grande Valley during the night. At Brownsville the lowest reading was 45.

MIDDLE WEST FREEZES

Temperatures were expected to fall to 20 to 30 in the north part of East Texas tonight, 28 to 34 in the interior and 32 to 40 along the Coast. Panhandle and South Plains readings were expected to fall to 14 to 24 tonight. The rest of West Texas expected 22 to 32 readings.

Low readings this morning included Dalhart 14, Abilene 28, Amarillo 17, Big Spring 27, Dallas, 30, El Paso 31. Wichita Falls 26, Lubbock 22, Salt Flat 29, Wink 28, Mildand 25, Junction 32, Tyler 31.

The weather over most of the midwestern United States today was more like the midwinter variety than the approach of spring.

Snowfall was general and heavy in spots over all the northern Midwest and was continuing early today in Minnesota, Iowa, western sections of South Dakota and Nebraska and northwestern Illinois.

In Missouri and southern Illinois, on the southern edge of the storm sleet and freezing rain snapped power and communications lines.

MIG's Smash In Air

FIFTH AIR FORCE HEADQUARTERS, Korea, March 12. (AP)—Two Russian-made MIG-15 enemy jets collided and exploded late today as they attempted to follow an American F-80 jet through a tight turn.

Four MIGS were reported damaged in dogfights this morning and Sunday, for a two-day toll of seven damaged in the heaviest jet action of the war.

Supreme Court Refuses Hiss Case Review

WASHINGTON, March 12. (AP) — The Supreme Court today refused to review the perjury conviction of Alger Hiss.

The refusal lets stand Hiss's conviction and five-year sentence given him in a jury's finding that he lied in denying he fed government secrets to Russia from his high State Department office.

Justices Reed, Frankfurter and Clark disqualified themselves from considering Hiss's appeal.

Reed and Frankfurter testified as character witnesses for Hiss at his first trial in federal court in New York but not at the second trial which resulted in the conviction.

Clark was attorney general at the time the government prepared its case against Hiss.

Hiss was convicted on Jan. 21, 1950 has been free on $10,000 bail pending Supreme Court action on his appeal. His first trial ended July 8, 1949, with the jury deadlocked 8 to 4 for conviction.

Hiss now can ask the high court to reconsider its refusal to accept his appeal.

If that request is turned down —and the court's agreement to reconsider is rare—the former high level State Department official will have to go to prison and begin serving his sentence.

Little Progress Made At Big Four Meeting

PARIS, March 12. — The four-power deputies opened their second week of meetings today, fortified by a French lunch designed to "ease the tension."

Delegates from the U. S., Russia, Britain and France—who are deadlocked in their efforts to arrange a foreign ministers' conference—went to Paris' Rose Palace directly from the lunch at which Foreign Minister Robert Schuman was host.

JUST A MEAL

A French official said he hoped the lunch helped "ease the tension," but an American official said, "It was just another lunch."

The western delegates went into the meeting expecting Russia's Andrei Gromyko to turn down a compromise proposal on a big four agenda submitted late Saturday by France's Alexandre Parodi.

Just how far they have progressed toward setting up an agenda was still clouded in confusion

British Delegate Ernest Davies said steps have been taken to reach an agenda by next week end. But a spokesman for U. S. Ambasador-at-large Philip C. Jessup said he knew of no such steps

FRENCH HOPES

The French have told reporters they hope a foreign ministers meeting can be held, even if the current talks drag on for a couple of weeks more without result. Foreign Minister Robert Schuman said yesterday the talks "should normaly lead to an easing of the tension."

The Russians refuse to say anything at all on this subject or any other. Unlike the three western delegations, the Soviets have not held open briefings for reporters.

Crashes Pearly Gate

SOUTH DEERFIELD, Mass., March 12. (AP)—Man crashed St. Peter's gate yesterday but he's still with us.

Police reported that Frank Wogtkielewicz was unhurt when his car went out of control and through a gate at the home of Nelson St. Peter.

Prank Victim Found Dead

Natchitoches Parish (county), La., coroner Dr. W. H. Pearson, center in boat, is shown examining the body of Allen Kaplan, of Chelsea ,Mass., found in the Red River near Natitoches, La. The 18-year-old college student toppled into the river after he was frightened by a shot gun blast fired by fellow students as part of a college prank. The body was found by two students who joined in the search after Kaplan was reported missing March 1.

Expecting Last Ditch Stand At One Point

Toll Runs Up To 33,000 Since Killer Offensive Opened Six Days Ago

By The Associated Press

TOKYO, March 12. — Allied troops today hurled a three-pronged spearhead at the heart of Chinese Red resistance in Korea.

The center prong stabbed to within five miles of Hongchon, a huge Communist troop marshalling point and once reported to be Chinese general headquarters.

Red rear-guard fighting stiffened, hinting that the Communists would make a last-ditch stand before Hongchon, an important highway town. Allied field officers expected a counterattack from the Red staging area.

British, Canadian and Australian troops advanced to within five miles of Hongchon from the south. They were 22 miles south of the 38th Parallel. That is the northernmost advance of the current allied major offensive.

The U. S. First Cavalry and the U. S. First Marine divisions drove on the Red supply center from the southwest and southeast. The cautiously advancing Marines were reported about six miles from Hongchon. The cavalrymen were reported about seven miles southeast of the town.

On the right side of the 70-mile United Nations front, Red resistance evaporated suddenly. Allied troops quickly captured towering Mount Taemi, a mile-high vantage point. Not a shot was fired.

Seizure of the commanding peak straightened out the east-central front. It was dented five miles last week by a ferocious Korean Red counterattack.

Front line officers said there was no danger of further buckling of the line in that sector.

In six days the grinding allied offensive has killed or wounded about 33,000 Communist troops.

The Chinese Nationalist defense ministry reported from Taipei that heavy losses have forced the Chinese Communists to order more than 200,000 more troops to Korea, including a whole new army.

The Taipei statement said the Reds decided to send 150,000 men of their Second Field army, dispatched 30,000 "irregulars," and had another 30,000 waiting to go

Accident Near Here Is Fatal

Funeral services for Pete Rochelle, 25, of Lubbock, who suffered fatal injuries in an automobile accident north of here Saturday night, will be held sometime tomorrow or Wednesday at Salisaw, Okla.

Rochelle died about 2 o'clock Sunday morning in the Snyder Hospital as a result of internal injuries suffered in the one-car accident.

His death was the second traffic fatality in the county this year. Jose Martinez, 50, of Post, died Feb. 5 here from injuries suffered Jan. 31 in a car crash near Dermott.

In the Saturday night wreck, two other men were injured, neither seriously.

Logan Charles Willaims, 18 years old, Amarillo, and James Elra Odell, 27, Lubbock, suffered minor injuries, Williams a broken foot and Odell face lacerations.

Rochelle is survived by his father and one sister of Vair, Okla. and two brothers, Joe Lindsey Rochele of Pampa and Lawrence R. Rochelle of Skelleytown, Tex.

It has not yet been determined who was driving the car when it overturned about eight miles north of Snyder on the Lubbock highway shortly before 11 o'clock Saturday night.

The 1948 Ford convertible overturned several times and rolled about 115 yards, according to Bill Zimmerman and Homer Whisnand, deputy sheriff, who investigated the accident.

Both the men injured in the accident were improved today, attendants at the Snyder Hospital said.

San Antonio Man Killed Last Night

SAN ANTONIO, March 9. (AP)—Andrew J. Sendemer was shot to death last night and Edmund J. Nieman badly beaten in a robbery at the Hill Top Tavern.

Weather

WEST TEXAS: Fair and cold this afternoon and tonight. Low temperatures 24-34 in Panhandle and South Plains and 28-32 elsewhere tonight. Tuesday fair and not so cold in afternoon.

EAST TEXAS: Gradual clearing and colder this afternoon. Freeze through most of interior tonight. Low temperatures 20-30 north and 28-34 in interior of south and 33-40 near the coast tonight. Tuesday fair and cold. Strong northerly winds on the coast diminishing Tuesday.

It Pays To Advertise

Sgt. Basil Boatright Canoga Park, Cal., grins through the aperture of the special tent he rigged at a Korean air base to be near his work. The sign refers to Boatright's outfit, the 3rd Air Rescue Helicopter Squadron that has been rushing wounded from the firing area to the rear.

Knowland Says Congressional Squabble Not Delaying Troops

By The Associated Press

WASHINGTON, March 12. —Sen. Knowland (R-Calif) disputed today a contention by Sen. Connally (D-Tex) that congressional squabbling is postponing U. S. reiforcements army.

Connally told a week-end news conference that some lawmakers are trying to "hamstring and delay the sending of troops to Europe."

Knowland told a reporter, however, he is "unimpressed" by the argument that congressional action on the issue will hold up troop movements.

"I think the resolutions the committees have reported meet the situation that Congress is consulted on this matter," he said. "The debate over them won't delay the sending of troops for a single moment."

Connally's remark apparently was directed at some members of the Senate Foreign Relations and Armed Services Committees who forced adoption there of two resolutions calling for congressional approval of troop transfers.

One of these resolutions aims at action in the Senate alone. The other would put both houses on record on the ground Army issue.

Noting that President Truman already has transferred two American divisions in Germany to the international command of Gen. Dwight D. Eisenhower, Knowland said additional divisions could be sent to Germany anytime they are available.

Michigan Seat May Be Open

WASHINGTON, March 12. (AP)—Republicans maneuvered today to keep from losing voting ground in the Senate where they are outnumbered by Democrats 49 to 47.

Republican members of the Michigan State Legislature sought action on a bill to require Democratic Gov. G. Mennen Williams to call a special election if a senatorial vacancy occurs in that state.

Sen. Vandenberg (R-Mich) has been ill for months and there have been some reports he might resign if his recovery is delayed much longer. Under present law, Williams could appoint a Democratic successor, changing the Senate lineup to 50 to 46 in favor of the Democrats.

GOPS CONFIDENT

Michigan Republicans appeared confident a member of their party could win a special election.

Their legislative action coincided with a demand by the Detroit American Federation of Labor that Vandenberg resign "so Michigan can have the same representation in the Senate as other states."

The AFL action brought vigorous criticism here from Democrats as well as Republicans.

DEMO BACKING

Sen. Connally (D-Tex), a long time colleague of Vandenberg on the Senate Foreign Relations Committee and at international conferences, called the demand "shameful."

Noting Vandenberg's long service in international affairs, Connally said the Michigan senator "should be continued in office indefinitely."

Sen. Bricker (R-Ohio), who doesn't always agree with Vandenberg's foreign policy views, said the AFL action was "very improper."

Vandenberg's term expires in January, 1953, and his seat will be at stake in the November, 1952 elections. He announced in 1949 he would not run again.

Return To the Fashions Of 1910 Is Seen by Designer

This transparent picture hat of black horsehair with contour brim lends an air of mystery, most appealing.

Here is the casbah veil. It's really a hat that's not a hat.

This is a revival of the driver's coat in fawn broadcloth with black patent sailor, designed by Lilly Dache.

Here's the peplum dress of navy miraleen with stiffened peplum folded back to show a pocket full of violets.

A club meeting during 1951 might very well present much the same scene as a social gathering of women back in 1910, according to the style experts.

A designer whose predictions usually come true tags the belle of 1910 as the model for our best dressed ladies this year! Lilly Dache, famous for fabulous hats, now presents the top-to-toe picture of elegance-the tapered silhousette pretty hat.

She goes further in her 1910 renaissance, and brings back the fawn - colored "driver's coat" of the era, collared in black velvet and worn with a huge Merry Widow sailor of black patent leather. This was the kind of coat that was worn in the "surry with the fringe-on-top"—just as dashing now as it was 40 years ago.

The spirited Lilly also favors the tinywaisted silhouette with crisp flaring peplum and a flirtatious little veiled hat.

Like other milliners this season, she has rediscovered the flattery of the veil, and uses it in every conceivable way including hats made entirely of veiling.

One of these is the "Casbah veil", inspired by her recent visit to North Africa. This consists of a mesh veil cap and visor wired to stand out from the forehead and veil the eyes.

Another transparent hat in the same spirit is made of black horsehair, sheer as gossamer, wired into a huge picture hat with contour brim, through which the wearer may look with perfect clarity.

That lady of 1910 had something, says Mme. Dache—a dignity, an elegance, and an allure which might well be emulated by belles of 1951.

UN Army Plan Will Be Aired

LAKE SUCCESS, March 12. (AP)—Britain and France are scheduled to give their views today on an American plan to create a United Nations anti-aggression army.

Last week the U. S. urged UN members to earmark units of their armed forces for UN use in combatting aggression. It also suggested worldwide voluntary recruitment of a "United Nations legion" to be meshed with the national units in an international force.

U. S. Rep. Harding Bancroft said this would avoid the improvising necessary when the UN moved to put down aggression in Korea.

Today's meeting of the collective measures committee, where the arms plan is to be threshed out is closed to the public.

Early Birthday Fete Is Marked Success

MCLEANSBORO, Ill., March 12. (AP)—Little Donald Redfearn today looked over hundreds of gifts and cards he received for his 11th birthday anniversary—a birthday he may never live to see.

The child has cancer.

His birthday is May 24. Since doctors feel that he may not live that long, his parents, Mr. and Mrs. Harry B. Redfearn had a birthday party for him yesterday.

The United States is the world's largest exporter of oil with Venezuela second.

Last Chance to Prune Rose As Growing Season Starts

Although the best season for pruning rose plants is already past, the plants may still be trimmed before they begin spring blooming.

Optimum time for pruning is really in February in this area Roland Bell, of Bell's Flower Shop, said. However, if the plants are badly in need of trimming, it should be done as quickly as possible in order to avoid cutting off branches which will bear flowers and weaken the plant.

Pruning of rose plants should be done primarily to give them the desired shape, to remove long, unattractive limbs or dead or diseased wood from the plants. Excessive pruning at any time of the year may actually shorten the life of the plant, since it removes branches which bear leaves which are essentia' to the photosynthetic operation of the plant.

Sadie Hatfield, A&M extension service homestead improvement specialist, points out that roses are pruned every time a bloom is removed. She suggests that pruning be done by pinching off young tender branches rather than heavy pruning at one time. Roses that received little or no pruning at the Tyler experiment station produced more blooms per plant than those that were pruned heavily, Miss Hatfield said.

Severe pruning of the plants may produce larger blooms, but there will be fewer blooms, and the plants are more likely to suffer permanent damage from summer die back. Severely pruned plants may produce "water sprouts" instead of more blooms.

Rose plants that are to be grown for cut flowers only should be planted in a special area, Miss Hatfield said, since the plants will need to be replaced more often than others from which fewer roses are cut.

Certain hardy varieties of roses can stand more pruning than other varieties, Bell said. Strong climbing roses can be pruned almost to the ground after they have bloomed in the spring. However since most roses are either grafted or budded, the gardenermust av oid cutting the plant too close to the ground. If the grafted or budded part is destroyed, the original root stock will bloom the following season, as most of the plants used for root stock bloom only once each year.

The radiance roses are among the stronger plants which can stand pruning without damage to their flowering qualities. The yellow and two-tone roses, generally are weaker and may die or lose their rich coloring if pruned too closely. It is best to shape these weaker varities by removing young, tender shoots to give the desired shape without losing strong branches and limbs, Miss Hatfield said.

Central P.-T.A. Hears School Board Member

Bob Dupree was guest speaker last Thursday afternoon at a meeting of the Central Elementary School P.-T.A. Mr. Dupree, a member of the school board, spoke on "The Educational Future of Snyder."

At the brief business session which followed an open house at the school, new P.-T.A. officers were elected, as follows: Mrs. Sam Joyce, president; Mrs. Waldo Montgomery, vice - president; Mrs. W. T. Dabbs, secretary; and Mrs. Travis Rhodes, treasurer.

Mrs. O. M. Fowler, third grade teacher at the school, read "The Little Brown Sparrow" to the group.

Refreshments were served by Mrs. P. W. Cloud, Mrs. Ophelia Blackard, Mrs. Herman Doak, and Mrs. Harry Ward, members of the hospitality committee.

About 65 members attended.

Mrs. Leona Mayo, 12505 Bennington Avenue, Cleveland, Ohio—"I have suffered aches and pains and could not seem to find the remedy for them. One day listening to the radio I heard of what HADACOL did for so many people, so I thought I'd try it. After the first bottle I noticed the difference. I've got a good appetite and seem to be gaining weight after taking a few more bottles. I am on my tenth bottle and will continue to take HADACOL. Thanks to HADACOL for such wonderful results. I've told all my friends about HADACOL."

Maurice H. Runnells, Mabelvale Arkansas "I was working so hard and just didn't seem to have any appetite at all. I started having aches and pains at about the same time. I decided to give HADACOL a trial. Right away my aching was greatly relieved, my appetite picked up. I started eating regular meals sleeping well and my general condition was greatly improved. I have since continued taking HADACOL regularly and feel that i tis a wonderful product. I freely recommend HADACOL as a good product."

Club Sells Tickets To Dance Tomorrow

All tickets to the Skinnay Ennis dance at the Country Club tomorrow night have been sold to club members and their guests, according to Carl Herod, chairman of the entertainment committee. The 14-piece orchestra will play from 9 o'clock until 1.

Beards went out of fashion in Russia when Alexander the Great put a tax on them.

Hadacol Leads The World In Sales

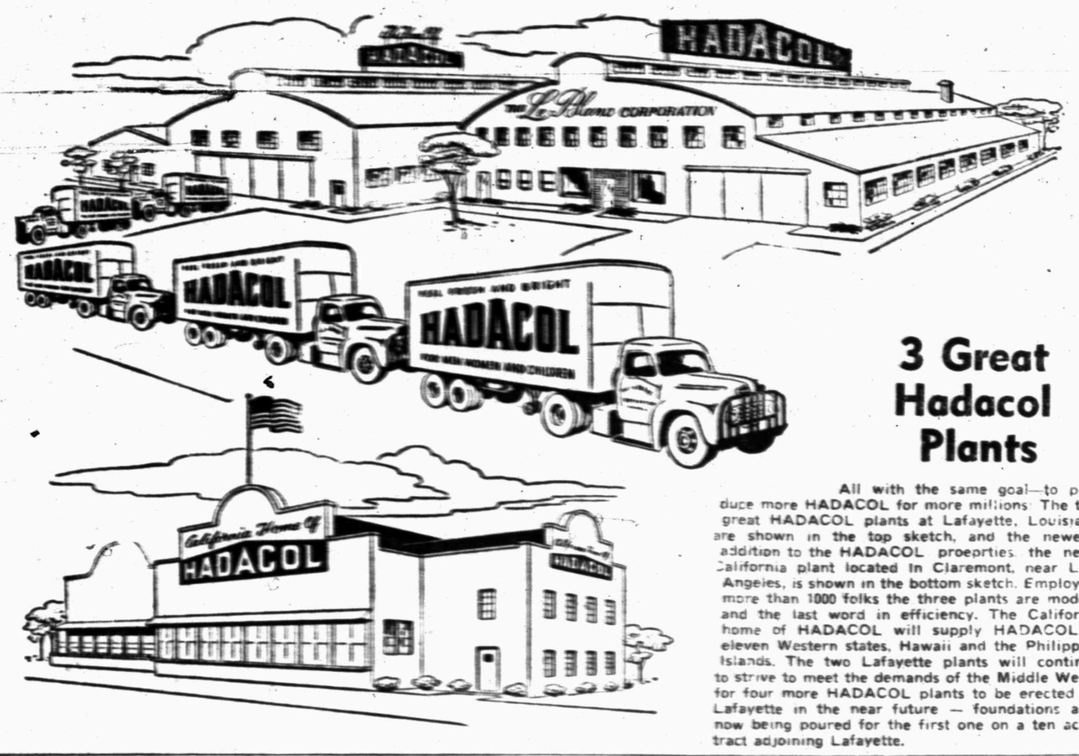

Exceeds All Other Formulas Of Its Type In Sales Popularity

HADACOL, first stirred with a paddle in a barn by Senator LeBlanc first made the now famous HADACOL world's largest selling preparation of its type and is made in three great plants with the finest chemicals and the most modern machinery.

Senator LeBlanc first made the now famous HADACOL formula to help himself overcome deficiencies of Vitamins B1, B2, Niacin and Iron. After he felt so much better he prepared HADACOL for his friends. News of HADACOL's blessings spread so fast that soon he was making his vitamin and mineral formula in commercial quantities for folks with such deficiencies suffering aches and pains, general run-down condition, gastric disturbances, indigestion, loss of appetite, nervousness and inability to sleep.

But not even Senator LeBlanc ever believed in his wildest dreams that HADACOL would soon become the world's largest selling formula of its type. Shipments of HADACOL have increased almost twenty times over in only two short years and in 1950 folks used an amount of HADACOL equal to about twenty-seven million $1.25 bottles. Yet HADACOL was limited to only 27 states but Senator LeBlanc is striving to make HADACOL available to the rest of the nation by the end of the year.

"In the words of President Lincoln, 'you can fool some of the people all the time and all of the people some of the time, but you cannot fool all of the people all of the time.'" said Senator LeBlanc. "Our adevrtising and promotion sold the first and even the second bottle of HADACOL to many folks, but only the merit of the product could have made possible the sale of an amount of HADACOL equal to almost twenty-seven million $1.25 bottles in a year."

3 Great Hadacol Plants

All with the same goal—to produce more HADACOL for more millions. The two great HADACOL plants at Lafayette, Louisiana, are shown in the top sketch, and the newest addition to the HADACOL properties, the new California plant located in Claremont, near Los Angeles, is shown in the bottom sketch. Employing more than 1000 folks the three plants are modern and the last word in efficiency. The California home of HADACOL will supply HADACOL to eleven Western states, Hawaii and the Philippine Islands. The two Lafayette plants will continue to strive to meet the demands of the Middle West, for four more HADACOL plants to be erected in Lafayette in the near future — foundations are now being poured for the first one on a ten acre tract adjoining Lafayette.

Senator Dudley J. LeBlanc Called Humaniartian, Statesman, and Great Friend of The People

THE ACHIEVEMENTS OF DUDLEY J. LeBLANC need no detailing here. Statesman, industrialist and philanthropist, the accomplishments of SENATOR LeBLANC have made him the outstanding citizen of Louisiana and a national figure for his attainments in the field of commerce, industry, politics and the humanities. In all his activities SENATOR LeBLANC has always championed the cause of the oppressed, the poor and the underprivileged. Politicaly, he is known as the first candidate for governor to advocate Old Age Pension. Through his untiring efforts, the deserving senior citizens of Louisiana are now receiving a monthly pension of $50.00.

Likewise, his activities in behalf of War Veterans are well-known facts of public record.

While a state representative, he successfully enacted into law a measure providing for the selection of a service commissioner whose duties it is to see that every deserving veteran of any war receives his or her just dues from the State or Federal government.

SENATOR LeBLANC'S many efforts in public and private life in behalf of the working man are too numerous for mention in this brief statement. It is said of him that during his entire political career, he has never cast a ballot or vote against a man or woman who must toil to earn his or her livelihood.

And, because his heart has always beat in sympathy with the cause of the oppressed, the infirm, the lame and the sickly, through endless effort and study he has developed today's great HADACOL, one more addition to his long record of service to humanity. When you buy HADACOL, plase bear in mind that you are buying a product which is the result of the efforts of a man who, by his past activities, has demonstrated beyond the shadow of a doubt that he is your friend, in fact, the best friend that the poor people have ever had.

REPORTS POUR IN TELLING HOW HADACOL IS HELPING FOLKS ALL OVER THE COUNTRY

HADACOL Relieves the Cause of Stomach Diress, Aches and Pains, Weak, Run-Down Conditions and Nervousness When Due to Deficiencies of Vitamins B1, B2, Niacin and Iron

Mrs. Arthur Heber, 4308 Hays Avenue, Cincinnati, Ohio: "After I got on my feet I was still unable to eat any thing. I knew my not being able to eat or digest foods properly was a result of a nervous condition. Then my husband heard how other folks were being helped by HADACOL. I started taking HADACOL immediately. Now I am on my seventh bottle of HADACOL. I can eat anything I want and actually enjoy it. My nerves are very steady and I know my nerves are all right because things that once irritated me don't bother me in the least now. I just can't thank HADACOL for making me feel so wonderful again."

Guy H. Housley, 641 14th St., San Diego, Calif.: "I am 40 years of age and have had a nervous stomach condition for quite some time. Couldn't eat hardly anything. Back in my home town I bought a bottle of HADACOL and before the first bottle was gone, I could tell a difference. Then I came to San Diego and couldn't get it here. I sent back to Atlanta for it. Now, thank God, they have it in the market here and I have a supply in my house. Not only that, but I'm telling all my friends what HADACOL has done for me. I sleep well, eat anything I can get and feel wonderful. I could go on and on praising HADACOL, it's done so much for me."

Mrs. Emil Anderson, 3632 Wabash City, Mo.: "Before I started aches and pains . . . I know a person couldn't have felt as miserable as I did. Then, while visiting my son and his wife in Morton - Gap Ky., he told me how his mother-in-law had been helped so much by HADACOL. I brought HADACOL all the way home to Detroit with me. I could tell a big difference after the second bottle. So far, I have taken 6 or 7 bottles of HADACOL. What a wonderful change has taken place—there is hardly an ache or pain in my whole body. Yes, HADACOL is wonderful — and you can bet your life I will never stop taking HADACOL."

Francis C. Hood, 4419 Wabash, Kansas City, Mo.: "Before I started taking HADACOL I was very nervous and sleepy all the time. Seems like no matter how much sleep I tried to get, it didn't work—I would just toss and turn all night. Then in the daytime I would be groggy and sleepy — just felt miserable all the time. It really got me down—I was beside myself in knowing just what to do. Then one day I heard how HADACOL had helped many other folks.

"Now, after taking 6 bottles of HADACOL, I get a wonderful night's sleep and never wake up once during the night. I'm not a bit nervous any more. In fact, right now I feel better than I have ever felt, thanks to HADACOL."

Mrs. Aaron Owens, 904 Herron St., Montgomery, Alabama: "I was nervous and run-down and had no energy or appetite. I couldn't sleep and had aches and pains. I am a housewife and pretty soon I got to where I didn't feel up to doing my work. I heard about HADACOL on the radio and began taking it. With the first bottle I began to feel better. I have now taken about 17 bottles, and I can truthfully say it has plenty of energy. My appetite is nervous or run-down and have helped me a lot. I am no longer excellent. I rest soundly at night. other thing, too, that had both-My aches and pains are gone. Anered me before taking HADACOL. was indigestion and sour stomach. I had a full, 'gassy' feeling. My stomach would bloat and I lost some weight. But HADACOL helped all this, too. Now I am not troubled by indigestion or sour stomach. I think HADACOL is wonderful."

James Keelan, Jr., 5565 Labadie Ave., St. Louis, Mo.: "In recent years I had been troubled with heartburn and indigestion But since taking HADACOL I no longer suffer heartburn. Now, I can eat anything without ever suffering after-meal distress. I have recommended HADACOL to a number of my fellow workers."

Mrs. La Roy Gillum, Mound City, Kansas: "I gave HADACOL to my little boy. He had no appetite and was listless, pale and nervous. HADACOL began to help him have beter color and appetite is better. He is feeling good now, thanks to HADACOL and is starting on the second bottle. It sure has brought him out of it."

Thomas G. Schmidt, Chairman of the Waller County Parole Board Waller, Texas; "I want to tell you of the wonderful help I have received from taking only three small bottles of HADACOL. To make the story short . . . I think your HADACOL is the most wonderful and helpful relief from run-down, nervous disorders. My work is now a pleasure and I feel fine and sleep better than I have in a long time."

Mrs. L. D. Lovett, a registered nurse who lives at 2205 Walnut St., Philadelphia 3 Pennsylvania: "I was down in Florida for the past month. I had no energy so several members of my family told me to try a bottle of HADACOL. My sister, who is a nurse, was taking a bottle so I tried a bottle. I feel fine since taking HADACOL. I do private duty here. I am 50 years old."

Mrs. Homer Hanes, Route 1, Newport, Ohio: "I have been having pains for a time. I took three bottles of HADACOL and now my pains don't bother me. I sure feel good now. I couldn't hardly do my housework before, but now I can get my work done good. I got me a job at the American pottery and really don't feel tired at the end of the day. In can sleep good at night now. Thanks a million for HADACOL. I wouldn't be without it. I am 32 years old."

Mrs. Elmer Hisel, 3225 2nd Ave., Council Bluffs, Iowa: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

Mrs. Laura Norris, 1335 A South 6th St., St. Louis Mo.: "It was a time since I was feeling 'OK'. Couldn't sleep either — just roll and toss all night. I could hardly do my housework — and I was always cross and irritable. One day I heard about how other folks were being helped by HADACOL, and after the 2nd bottle I began to feel better. I sleep like a top — in fact, I feel wonderful, thanks to marvelous HADACOL."

Mrs. Lydia Pfeifer, 3115 Third Ave., Detroit 1, Mich.: "Before taking HADACOL I had aches and pains and could not sleep well at night. I have taken three small bottles of HADACOL and feel so much better in all ways. I can never thank you enough. Now I can sleep and feel more like working. Again I thank you."

Mrs. Zina Lee Bowman, Route 1, Clees Ferry Road, Nashville, Tenn.: "I was so weak I could hardly do my housework. I am 36 years old. I am the mother of 5 children. I was so nervous I hardly wanted the children to speak. I had to rest after I got breakfast and before I clean my house. I have taken almost 4 bottles of HADACOL, and I feel fine. The children can make all the noise they wish and it doesn't bother me. In fact, I join them in their ball games and other games. We are a happy family, thanks to HADACOL."

Reverand F. M. Garett, Route 1, Box 28-A, Starke, Fla.: "I am a minister, 76 years old, and can truthfully say that HADACOL was a God-send to me as I could not sleep and could not eat anything without suffering. One of my brothers-in-law said: 'Why don't you get some HADACOL and take it?' I did, and now I feel like a different man and can work all day. That has been 5 months ago. Before I took half the bottle, I could tell a wonderful change had taken place for the better. I can gladly recommend it to anyone."

Mrs. J. P. Macaure, 408 Radiance St., New Orleans, La.: "I have taken at least 5 bottles of HADACOL. Before I took HADACOL, I was very nervous. My family was affected too, because I was so irritable Then my sister suggested I take HADACOL and I started taking it immediately. After the second bottle I felt like I had taken all the troubles of the world off my shoulders. My nerves are now as steady as ever. My family thinks HADACOL is wonderful because my disposition is 100% better and I am not the least bit irritable. That's because I always have a bottle of HADACOL on the kitchen shelf. HADACOL is the most wonderful product on the market."

Mrs Lottie F. Edwards, Route 1, Inverness, Miss., a registered nurse: "I have taken one bottle of your HADACOL and am now on my second bottle, and I can say it has really helped me. After my baby came I didn't feel like walking around, and even one bottle has helped me so much. I want to keep on taking your wonderful HADACOL. I will certainly recommend it to all patients I come in contact with."

Mrs. W. H. Morton, Route 1, Murfreesboro, Tenn.: "HADACOL has helped me so much I feel I have to write about it. Before I started taking HADACOL, I had a very nervous stomach and could not eat without being sick. So I heard about HADACOL on the radio. I got a bottle to try and began to feel better and could eat anything I wanted to. I feel so much better now. I am always telling my friends how HADACOL has helped me. And I just can't think of enough to say about HADACOL and what it has done for me. I am 28 years old and a steady user o HADACOL. I have been taking HADACOL for about a year."

Edward Jakubowski, 1622 No. 75th Court, Elmwood Park, Ill.: "I have been driving a truck since 1919. For awhile I was bothered with aches, pains and felt rundown after a long cold that just seemed to hang on. One day one of the other drivers suggested I start taking HADACOL. I bought a bottle and started taking it. It has relieved my pains, they've almost completely disappeared, and no longer prevent me from sleeping well. This was three years ago that I took my first bottle of HADACOL. I still continue to take it and have recommended it to many of my friends. I truly think HADACOL is a good product."

Luther Harris, 516 Chestnut Street, Bowling Green, Kentucky— "For quite a time I was nervous and run-down, and I suffered from aches and pains. I was weak, and I couldn't hardly do a day's work. I started taking HADACOL, and from my first bottle I eflt better. Now I feel good, and I can do a good day's work. I am still taking HADACOL and I wouldn't do without it. I praise HADACOL very highly'."

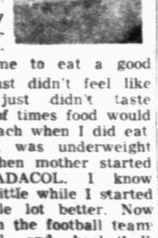

Mrs. A. Plonka of 3202 S. Aberdeen, Chicago, Ill.—"My daughter Carmelita, who is 10 years old and in the fifth grade, had always been underweight and I had to positively force her to eat. She had no interest in food whatsoever, but I knew that she had to eat. When we were visiting my mother in Missouri over the Christmas holidays, she suggested I give Carmelita HADACOL. I bought a large bottle of it that same day and was amazed at the change in Carmelita. Her appetite picked right up and she now eats three hearty meals a day plus in-between snacks. I have really praised HADACOL, and highly recommend it."

Cari Schaffrin, 217 Perry St. St. Charles, Mo.—"I have been a shoe cutter for over 32 years—I now work for the Boyd Welsh Shoe Co. in St Louis. For quite some time now I haven't had any appetite at all — seemed like I didn't have enough energy to do my work. Was tired all the time — and really didn't enjoy doing anything. It affected my work, too. Then I heard how other folks who took HADACOL had increased their appetite and seemed to have a limitless amount of energy. I tried HADACOL and it is amazing what a change it has made. Now I feel like eating everything on the table, my disposition is 100% better and my work — in fact, everything I do I now enjoy. For an entirely new outlook on life, I recommend HADACOL."

Delmar B. Callaway, Box 151 Church Point, Louisiana—"I am 13 years old and I am in the 8th grade in the Church Point High School Last summer I didn't have a bit of energy. I didn't wan to ride my bike and I didn't want to play baseball. Mother tried everything to get me to eat a good meal—but I just didn't feel like eating. Food just didn't taste good and lots of times food would upset my stomach when I did eat Mother says I was underweight for my age. Then mother started giving me HADACOL. I know that in just a little while I started feeling a whole lot better. Now I am center on the football team I like baseball and basketball and I ride by bike every evening after school. Mother says she has never seen anyone with such a huge appetite. I like to take HADACOL. Mother says she is never going to let me be without HADACOL."

Don't Be Satisfied With Symptomatic Relief! It's Possible To

RELIEVE THE CAUSE OF YOUR AILMENTS

When Lack of Vitamins B1, B2, Iron and Niacin Cause Stomach Disturbances, Gas, Heartburn, Indigestion, Annoying Aches and Pains, Certain Nervous Disorders

Just a Few Reports of How HADACOL Is Helping These Conditions When Due to Such Deficiencies

Mrs. R. H. Holder, 221 Columbus, Montgomery, Ala., is the mother of two children and has two grandchildren. This younng grandmother works as an inspector at a glass company in Montgomery. She says: "I was nervous and rundown and I had lost weight and had no appetite—food just didn't interest me. I had aches and pains. I felt miserable. My mother started taking HADACOL and it did her so much good that I decided to give it a try. After the first bottle I noticed an improvement. I have now taken six bottles and feel grand. I am no longer nervous or run-down. I have loads of energy. I have a big appetite and have regained the weight I had lost. No more aches or pains either. Today I feel wonderful, just wonderful. And I owe it to HADACOL for it has done so much for me. I just can't praise it enough."

Dan Goldsmith, 3024 Currun Road, Louisville, Ky.: Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were being helped because of HADACOL. I tried it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really go get a good night's rest—HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

Mrs. Flavia C. Kaufman, 2436 70th Ave., Baton Rouge, La.: "I have been taking HADACOL for over a year. Before I started taking HADACOL I was terribly nervous and upset all the time. I was underweight and just couldn't eat at all. My appetite was so lax that I ate irregularly at all hours of the day. Then I started taking HADACOL. After the third bottle I felt 100% better. I have gained weight, my appetite is tremendous and, best of all, I sleep well nights and my nerves are steady as can be. HADACOL is a very wonderful product. I just can't praise HADACOL enough."

Mrs. eJnnie Lee Adele, 412 N. 27 St., East St. oLuis, Ill.: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy." HADACOL does not bring just symptomatic relief HADACOL now makes it possible to actullay relieve the cause of annoying aches and pains, certain nervous disturbances, and a general run-down weakened condition when due to deficiencies of Vitamins B1, B2, Niacin and Iron.

Why Wait? Why experiment? Why give up? Why suffer from a lack of Vitamins B1, B2, Niacin and Iron? Why not make up your mind to start taking HADACOL today with the positive assurance that it will help you, if you suffer from such deficiencies or the Senator will gladly send back your money? You have to be satisfied, and since Senator LeBlanc has proven by his past activities that he is your friend, you know you can depend on what he says and what he does.

Ask for HADACOL right away. Trial size bottle only $1.25; large family economy size $3.50. There is only one true and genuine HADACOL. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporatio

Military Decisions Should Not Be Left In Hands Of Congress

By DAVID LAWRENCE

WASHINGTON. —Congress has a right to say whether troops shall be sent to Europe but the members will be making a grave mistake if they attempt to substitute thier judgment for that of the commander-in-chief in determining how many soldiers, sailors or airmen shall be sent abroad. The situation here is becoming tangled because fundamentals are being lost sight of.

Government by debating societies cannot run armies, navies or air forces.

Congress two years ago passed a law declaring that the joint chiefs of staff are the principal military advisers of the commander-in-chief. No democracy can survive in a critical emergency if it has to submit military operations, plans and movements to a legislative body for approval or disapproval.

CONGRESS DECISION

There is a proper question for Congress to decide — not one house but both houses — and that's the question of whether troops shall be sent to Europe at all. The issue in a sense has already been resolved because the North Atlantic Treaty has been ratified, and this plainly implies that America must do her share to withstand attack in Europe on any signatory nation. This means that every member nation, including the United States, must supply adequate forces not merely to repel an attack but to deter an attack.

Once Congress has decided to give the President authority, therefore, to send troops to Europe or to defend the American troops who are already there, the question of how many reinforcements is a military matter. Even the ceiling imposed by Congress on the entire armed services at 4,000,000 at this time is wrong in principle. It can be justified, however, only on a tentative basis as a means of fixing budgeted requirements and only if the figure is well in excess of what is needed, assuming no outbreak of large-scale war

The President would be well-advised to lay the issue before Congress and ask for a simple grant of power from both houses to send to Europe whatever troops are necessary to carry out the North Atlantic Treaty obligations. The phraseology doesn't have to be any more specific because nobody really knows how many troops will be necessary if an emergency does arise.

Such a resolution by Congress, moreover, would confront every member with a decision as to whether he wants to leave the present American forces in Europe undefended and subject to sudden attack there. It is probable that both houses would go on record giving the necessary authority, through a preamble — an expression of purpose — might accompany it saying it was hoped that the use of the troops would become unnecessary. It could declare an intention to review the authority granted in the event that a peaceful settlement of existing disputes is accomplished.

There are many examples in legislative history whereby Congress has passed an armament bill but accompanied it with a proviso that the armament would be reduced in the event international settlements satisfactory to this country were some day achieved.

NO INCENTIVE

The effort in Congress to limit the number of divisions which may be sent to Europe really may not prove the incentive it is intended to be to "other nations. The western democracies will naturally raise as many divisions as they can, consistent with their economic situation, and the world not be impressed by the limitation anyway. For they know that in an emergency the Congress of the United States will authorize the executive to disregard it or will ratify any action he takes in such an emergency.

About all my limitation does, therefore, is to notify the communist world that American military strategy is neither firm nor farsighted and that it isn't in the hands of the military chieftains but in the hands of the legislators. An organized democracy can defeat a dictatorship but public opinon will have to influence Congress to begin soon the task of organizing our military effort on a more effective basis.

THE ADVENTURES OF PATSY

Rotary Golf Reduces Walking

BALTIMORE — The sport of golf has been described as 98 per cent walking and 2 per cent playing — too much walking for an enjoyable game and too much of a game for a pleasant walk.

Edward M. Fallon, 75-year-old Baltimore Golf architect, thinks he has the solution in what he calls "rotary golf" —an adaptation of the sport which would reduce the walking by about a third.

A Square Course

Further, the entire basic nine hole course—square in shape—would require only a 25-acre tract, much less than half the area needed by a regular nine-hole layout.

To get an idea of Fallon's game, picture a square with an "x" inside it. The "x" represents two long fairways and the sides of the box represent four shorter ones.

Here's how the golfer proceeds:

He tees off down one arm of the "x". Instead of following his ball, however, he looks to a caddy down the fairway to call or signal the nature of his lie and the yardage of the drive (there is a distance marker every ten yards along the fairways).

Shorter Fairways at Side

The golfer then moves to one of the shorter fairways at the side, subtracts the distance of his drive from the official distance of the hole, places his ball down at a point that far from the hole in the same sort of lie and plays the hole out.

To illustrate with figures, say a hole is carded as 380 yards. The golfer tees off down the "x" and gets 200 yards on his drive. He then walks over to the subsidiary tee at his right, drops a ball at the marker that's 180 yards from the pin and plays this ball out. He has saved himself most of that first 200 yards of walking and also the time it would have taken.

After holing out on the first green, the golfer goes a few steps to the next arm of the "x" and plays the second hole just as he did the first.

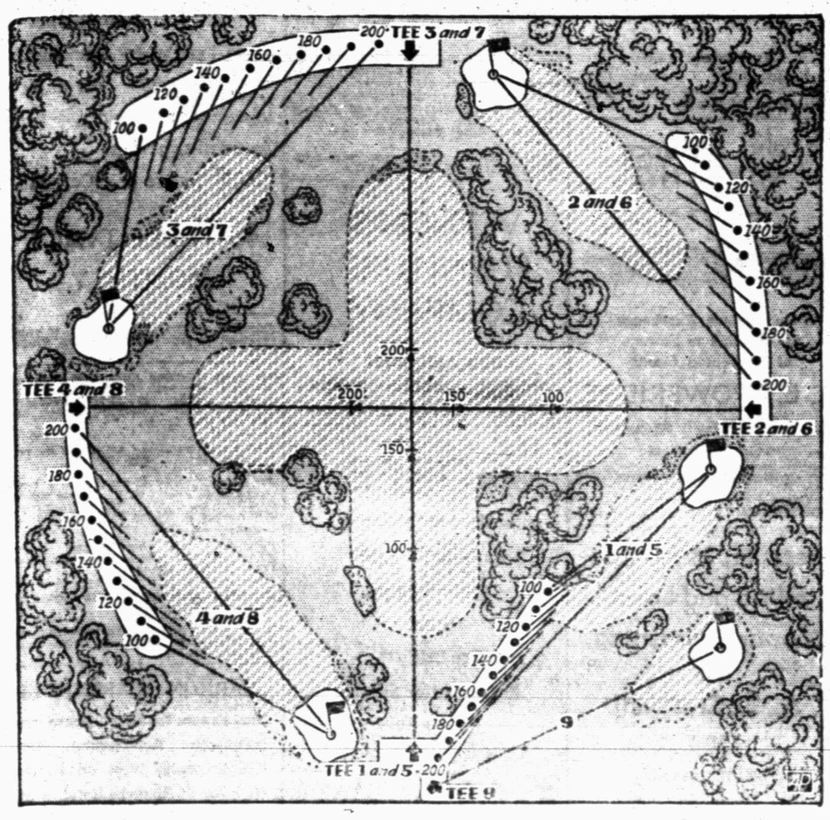

Twice around the "x" gives the golfer eight holes. Then he moves to a short hole which he has not played before and which is fitted into the layout specifically as a ninth or finishing hole.

Athough the course has but four fundamental holes, Fallon says great variety of play can be obtained merely by altering the official yardage of the holes and thereby forcing the golfer to shoot his approach shots from different spots on the curving subsidiary tees.

Fallon figures that in playing 18 holes of his "rotary golf," the golfer probably would walk about 2¾ miles instead of the 4 or 5 miles tramped over an ordinary 18-hole round.

Another advantage, he says, is that the small size of the layout makes possible its lighting for night play.

Fallon feels that the reduced size of the course makes it suitable for private estat es,lubs, hotels, school's or service posts, or as adjuncts to real-estate developments.

Walk Champ Shows Public

Second baseman Eddie Stankey of the New York Giants tosses away his bat in the typical Stankey fashion as he demonstrates to a group of youthful admirers at the Giants St. Petersburg, Fla., training camp his technique in wheedling bases on balls from opposing pitchers. Stanky holds the National League record for being walked by opposing pitchers.

A&M Up Against Old Jinx In Basketball At Austin Tonight

AUSTIN, March 12. (AP)—Texas A&M can clinch a spot in the regional NCAA basketball tonight but to do it the Aggies will have to beat the University of Texas —and an old jinx.

They haven't beaten Texas here on the Longhorns' home court in 17 years and have done it just once in the last 21 seasons.

Last week Texas A&M eliminated Texas Christian from the playoff to pick the Southwest Conference representative in the regional tournamnt at Kansas City. Then they beat Texas, 45-33, in the best two-out-of three game series to determine the entry.

These three teams tied for the conference championship. Conference rules called for the playoff to determine the NCAA team.

It was A&M's inability to lick Texas here that forced the playoff. The Aggies could have won a clear championship had they won their final conference game of the season. But they lost it—by two points.

If Texas wins tonight, the third game of the series will also be played here.

A&M has a season record of 16 victories, ten defeats. Texas has won 12 and lost 13 this year.

Reds Infiltrate Into Military

WASHINGTON, March 12. (AP)—Sen. Ferguson (R-Mich) said today he believes the Communists in this country now are giving top priority to infiltration of America's military establishment.

"Before the current emergency, the main objective of the Reds was to penetrate our State Department," Ferguson declared.

"But I believe their No. 1 target now is penetration of our armed services, with our industrial plants second on the list and the State Department third."

COMMITTEE MEMBER

Ferguson is a member of the new Senate Internal Security Committee which has started a broad investigation aimed at turning out any Communists or Red sympathizers in the armed forces or the government's civilian agencies.

The committee headed by Senator McCarran (D-Nev) also is looking into the problem of getting rid of subversive aliens.

Ferguson told a reporter the investigations underway may be carried on for months behind closed doors before there are any public hearings.

MUST BE SECRET

"It's the only way to deal with a situation like this," he added. "The Communists work under cover and you have to work under cover, too, to catch them at it."

Ferguson declined to say whether the committee has obtained any evidence that Communists or their agents actually have infiltrated the armed services.

New York City had its first coin operated dial telephone in 1927.

Film Official Dies

HOLLYWOOD, March 12. (AP) — Louis S. Lifton, 51, national advertising and publicity [illegible] Monogram Pictures Corp., died Saturday at Cedars of Lebanon Hospital following a brain operation.

Training Camp Notes

LAKELAND, Fla., March 12.—Manager Bucky Harris of the Washington Nationals was ready today to begin working his regular pitchers in exhibition games.

Sid Hudson, Bob Kuzava and Gene Bearden were lined up for mound duty against the Detroit Tigers. Conrado Marrero [illegible] up in camp yesterday from Cuba. He brought news that Carlos Paschal, another Cuban hurler, is due "manana."

LAKELAND, Fla., March 12. — Successful in their first exhibition test, the Detroit Tigers took on the Washington Senators in the Grapefruit League today.

Detroit beat Cincinnati 7-4 at Tampa yesterday, largely because of Pat Mullin's big bat. Mullin swatted three of Detroit's seven hits.

Veteran Paul Trout was the winning pitcher.

BRADENTON, Fla., March 12. —The Boston Braves play another double-header exhibition today.

One squad will oppose the St. Louis Cardinals at St. Petersburg and another the Philadelphia Athletics at West Palm Beach.

SARASOTA, Fla., March 12.—The Boston Red Sox will try again for their first Grapefruit League victory. Having been beaten by the Cincinnati Reds and the Philadelphia Phillies, the Sox today will oppose the New York Giants.

PASADENA, Calif., March 12.—Hal Brown, Bob Mohoney and Floyd Penfold have been chosen to pitch for the White Sox in their engagement with the Pittsburgh Pirates at San Bernardino tomorrow.

After downing the Cubs 8-6 Saturday, the White Sox absorbed a 5-2 licking by their cross-town rivals yesterday. The Cubs punched four runs in the fifth inning and the clincher in the seventh when Bob Borkowski singled Ransom Jackson home. Jackson led the Cubs' four-run uprising with a bases-loaded double.

WEST PALM BEACH, Fla., March 12.—Lefty Lou Brissie and Big Joe Coleman will share the pitching chores for the Philadelphia Athletics against the Boston Braves today.

SAN BERNARDINO, Calif., March 12. — General Manager Branch Rickey of the Pittsburgh Pirates has another campaign underway—to get Manager Bill Meyer out of his basketball suit and do his managing in street clothes.

Myers said he thought Rickey was kidding when he brought up the subject last November. Now he's convinced Rickey means business but he hasn't decided whether to put aside his uniform.

TAMPA, Fla., March 12.-The Cincinnati Reds may have found themselves a shortstop, but whether Rookie Roy McMillan can hit remains to be seen.

The Tulsa farm club graduate looked sharp in his infield debut against the Detroit Tigers in yesterday's exhibition game here. He has the ability to break fast on "round balls and he makes tough chances look easy."

The 20-year-old Texan apparently can do it all defensively. Whether he can hit for much of a [illegible] erage is another matter. Roy couldn't connect once in three times at bat in the Grapefruit League contest, which the Bengals won 7-4.

ST. PETERSBURG, Fla., March 12. — Enos (Country), Slaughter, the aging St. Louis Cardinal warhorse, doesn't like the word old. And it didn't seem to fit him yesteray.

He took off with a bang in the Cards' encounter against the New York Giants, driving in two of St. Louis' three tallies and doubling his last time up. In the first inning he came up with a diving rolling catch of Al Dark's sinking liner, robbing him of extra bases.

Despite Slaughter's work, the Giants won 4-3.

To Hold Early Birthday Celebration For Young Victim Of Leukemia

TALLADEGA, Ala., March 12 (AP)—Connie Nix will have the biggest birthday party of her brief life today—if she feels like it.

Parents of the brown-haired child, who is dying of leukemia arranged the event although she won't be five until March 21, nine days away.

They are afraid she won't be alive then.

Connie has been in Citizens Hospital for a week. She is the hospital pet, showered with gifts and cards from friends and relatives. She knows something is wrong, but hasn't been told how very sick she is.

Her only disappointment of the day came yesterday, when she was too ill to be taken to her new home by her parents, Mr. and Mrs. Leon Nix.

They had rushed the new residence to completion so Connie could share it at least briefly with them.

Small Craft Warning Out At New Orleans

NEW ORLEANS, March 12. (AP)—The New Orleans weather bureau this morning issued the following small craft warning:

"Continue small craft warnings at 7 a.m. central standard time today from Brownsville, Texas to Morgan City, La. Northerly winds 25 to 35 miles per hour today and tonight."

The weather bureau said that small craft warnings are now up along the Gulf coast from Pensacola, Fla., to Brownsville.

Small Businesses May Get Defense Contracts

WASHINGTON, March 12. (AP)—Sen. Humphrey (D-Minn) said he will offer today a bill to set up an office of small business defense production to map ways of using small plants most effectively in the rearmament program.

"The sad fact is that small business has had the door slammed in its face," Humphrey said yesterday in announcing his plans.

Mexico City Warm

MEXICO CITY, March 12. (AP)—Cloudy skies made the weather a little cooler yesterday. Highest temperature was 76, lowest 51.

New Casualty List

WASHINGTON, March 12. (AP)—The Defense Department today identified 624 additional casualties of the war in Korea. A new casualty list (No. 248) reported 69 combat deaths, 353 wounded, 175 missing in action and 38 injured in accidents.

Rollins College To Cut Faculty

WINTER PARK, Fla., March 12. (AP)—Students and faculty members of Rollins College are up in arms about an economy minded board of trustees and president who would dismiss a third of the teaching staff.

Dr. Paul Wagner, 33-year-old president of the little Central Florida school, told a student meeting last night the situation does not exist merely at Rollins. About 25,000 college professors around the nation have been dismissed in view of world conditions, he said.

One faculty member — mathematics Professor George Saute—told the student meeting the president had been given a formula but it had been violated to suit the occasion.

Wagner said, in answer to a newspaperman's query, anyone reporting he is letting out faculty members to bring in his own men was circulating a vicious lie.

Trustees voted Saturday to make a considerable cut in the budget for the 1951-52 school year, including abolishing inter-collegiate athletics and letting out about 19 of the 53 faculty members.

"The college will not seriously curtail its services nor its curriculum," the board announced. "Some professors and part time instructors must be dropped but the student-teacher ratio will be the best in four years—10.44 students to each instructor and important characteristics of the college will be retained."

Rollins, with a student body of just over 600, uses a conference plan of teaching small groups.

Tito Says Yugoslavia Set To Battle Russia

BELGRADE, March 12. (AP)—Premier Marshal Tito told 1,000 war veterans yesterday this country is ready to again "saturate" its soil with blood to repel Russian-inspired aggression.

"Every foot of our land is saturated with blood, but—if it is necessary—we will saturate it again with blood and it will remain ours," he told the veterans rally.

Ex-Senator Succumbs

DALLAS March 12. (AP)—James Emory Neal 75, Laredo, South Texas rancher and former state senator, died in a hospital yesterday after a two-week illness.

Baseball Opens In Southwest

By The Associated Press

Defending Champion Texas opens the baseball campaign this week in the Southwest Conference.

Twice national champions, the Longhorns do not look so potent as last season but just what they will have on the diamond will be brought out quickly. Texas plays Milwaukee, an American Association club training in Texas, at Austin Wednesday and Saturday plays the Brewers again.

OWLS BEGIN

Rice also opens the season this week. The Owls play St. Thomas University at Houston today.

Texas A&M which split a series with the strong Brooke Medical Center team last week, takes on University of Houston at College Station Wednesday and Saturday.

University of Houston last week split with Baylor.

In other games this week Southern Methodist meets Hardin-Simmons at Dallas Wednesday and Thursday, Texas Christian engages Sam Houston State at Huntsville Friday and Saturday and Rice plays St. Thomas at Houston again Saturday.

FROGS LOSE

Four of the six conference teams opened the campaign last week and one of them escaped unscathed. Texas Christian, in fact, lost both of its games to Brooke and Southern Methodist split with Sam Houston State. The season standings:

TEAM—	W	L	R	OR	Pct
Texas A&M	1	1	9	9	.500
Southern Meth	1	1	5	5	.500
Baylor	1	1	9	9	.500
Texas	0	0	0	0	.000
Rice	0	0	0	0	.000
Texas Christian	0	2	1	13	.000

Last week's results:

Texas A&M 8-4, Brooke Medical Center 7-2.

Brooke Medical Center 7-6, Texas Christian 1-0.

Sam Houston State 4-1, Southern Methodist 0-5.

University of Houston 5-4, Baylor 3-6.

Quarter Finals In NIT Meet

By The Associated Press

NEW YORK, March 12. — St. John's of Brooklyn, with a chance to make basketball history, tangles with St. Bonaventure tonight in the quarter final round of the National Invitation Tournament.

No team ever has won the invitation title three times, but St. John's is seeded No. 1 and is favored over St. Bonaventure. The Brooklyn Redmen won the NIT in 1943 and 1944.

This game will be preceded by the match between third-seeded Brigham Young and St. Louis.

St. Louis is unseeded, but Ed Hickey's speedsters made an impressive showing in Saturday's opening round, whipping a good La Salle quintet, 73-61.

Tomorrow night's quarterfinals send second-seeded North Carolina State against Seton Hall and fourth-seeded Arizona against Dayton.

Seton Hall and Dayton moved up Saturday along with St. Bonaventure and St. Louis.

Seton Hall surprised Beloit, 74-57, with a bristling second-half attack. Dayton ousted Lawrence Tech, 77-71, and St. Bonaventure took a foul-filled, double-overtime thriller from Cincinnati, 70-67.

Early Reclamation Leader Succumbs At His Montana Home

GREAT FALLS, Mont., March 12. (AP)—O. S. Warden, 85, publisher of the Great Falls (Mont) Tribune and a key figure in the development of the West by reclamation, died at his home here early today.

Long prominent in the upbuilding of Montana, Warden served as democratic national committeeman for his state for 17 years prior to his death. He was a director of the Associated Press.

Warden was responsible in large part for the promotion of such projects as Canyon Ferry Dam; the task of "getting Montana out of the mud" when as chairman of the state's highway commission he instituted a far reaching plan for this type of development, and international aviation facilities.

The Tribune published also owned the Montana Farmer Stockman, the Great Falls Leader, Radio Station KMON and a printing and supply business.

Peiping, China, is one of the oldest living cities in the world.

Boudreau Out at Home

Infielder Lou Boudreau, right, of the Boston Red Sox Jayvees, slides but is out at home in the first inning of an intra-squad game at the Red Sox's spring training camp, Sarasota, Fla. Boudreau, the former Cleveland manager who signed with the Red Sox as a player this winter, tried to score from first on outfielder Charley Maxwell's hit to right field. Billy Goodman's throw to catcher Al Evans (40) was in plenty of time to catch Boudreau. Larry Napp, new American League umpire, calls the play.

Tidelands Seizure Is Only One More Step Toward Socialism

By ALLEN DUCKWORTH
(Copyright 1951, Dallas Morning News)

Old Man Texas was hustled in and out of the Supreme Court of the United States.

When the bum's rush was over Old Man Texas found himself much poorer. The court said he must give up 2,608,000 acres of land he had owned more than a century.

His experiences in the long-range "Big Grab" scheme that was hatched in Washington is a warning to every state and every citizen of the dangerous possibilities in the Supreme Court's decision.

What happened to Old Man Texas, in losing those 2,608,000 acres off-shore oil lands could happen to inland states, he believes, if the theory of nationalization is extended.

Old Man Texas says to the other states who haven't been sued yet, to industries and to all property owners:

"Pull up a chair and listen to me, pardner. You may be next."

One has only to look over at once Merry Ol England, where nationalization of most everything the government decides it wants "for public welfare" has progressed since the close of the last war to understand what Old Man Texas is talking about.

FIRST NATIONALIZED

The submerged oil lands of California were first on the nationalization list over here. Then it was Texas and Louisiana.

What next? The shores of the Great Lakes of the northern states? Seizure of rivers and creeks and lakes from inland states?

Basic industries from the hands of private owners?

Far fetched?

Old Man Texas merely quotes the exact words of Mr. Justice Hugo Black in the first tidelands seizure opinion. Black used the phrases "bare title" and "mere property owner" in brushing aside the state's objections and allowing the government to lay claim to the valuable oil lands just because the government said it was necessary.

Incidentally, no one in the Federal Government has proven yet that it can manage the oil lands better than the states. And the states have shown, up to now, that they can get more out of the big oil companies than can the Federal Government.

Projecting this theory expressed by the Supreme Court, the Federal Government could seize anything by merely saying it was necessary.

SHAMEFUL

A shameful angle is the manner in which Old Man Texas was handled in court. Here is the record:

Old Man Texas was refused a district court trial.

Old Man Texas was refused the right to present evidence.

Old Man Texas was allowed near as much time to prepare his defenses as was Uncle Sam, who had gone on a bureaucratic binge and was suing Old Man Texas.

Old Man Texas didn't even have the benefit of having a majority of the court ruling against him.

The treatment given Old Man Texas was pretty rough in the Supreme Court from his viewpoint. But in the light of the whole history of the "Big Grab" it was consistent with the federal strategy.

We already have shown, in previous stores of this series, how "Honest Harold" Ickes, as Secretary of the Interior, made the first reach of the "Big Grab." We have shown how he did a complete about face after stating flatly that it was a matter of "settled law" that the states owned their submerged lands. We have shown how President Truman refused to let Congress act in favor of the states

After winning its Supreme Court lawsuit against California, the federal prosperous turned to Texas.

Unlike California, Texas had an iron-clad defense. The United States told Texas to keep its unsold lands when it joined the union in return for payment of its public debts. Texas was the only state ever to do that. The agreement was in writing.

DANIEL KNEW

When the lawsuit was filed, the Texas Attorney General — Price Daniel—said only Congress, not the court, had the authority to act.

"Congress made the agreement and has recognized it for more than 100 years. This court should not permit the Attorney General to sue without permission of Congress," Daniel argued.

But, he added, if there was going to be a lawsuit, why not have a lowful one so the evidence might be heard?

These weren't Daniel's words. He put them in lawyer language for the court. But that's what it amounted to.

Daniel was asking for Texas only what the most humble citizen can demand and get.

Daniel wanted to try the case before a district court or a master assigned to hear evidence. He wanted a chance to present evidence of Texas' ownership and use of those lands. Then, if the Federal Government didn't like the verdict, it could appeal—clear up to the Supreme Court—if it desired.

Nope. Those federal prosecutors didn't want any testimony—period.

So, the court ordered Texas to the bar.

Texas couldn't prepare its brief in reply to federal claims until it examined the federal charges.

Daniel was forced to wait seventy-seven days before the federal brief was delivered to him.

Texas was given only twenty-seven days to prepare, print and file its brief.

The Federal Government raised points that would require Texas to restudy and revise its entire argument.

'IMPOSSIBLE'

"A physically impossible task," the scrappy little Texas Attorney General protested to the court, in vain.

Even time was used against Texas in that rush to grab the offshore oil lands—lands Texas had owned since winning its independence at San Jacinto.

Seventy-seven days for the prosecution.

Twenty-seven days for Texas!

Daniel and his assistants holed up in an Austin hotel room and worked days and nights against the deadline. Crews of printers labored overtime. When Daniel entrained last March for Washington the ink wasn't dry on the hastily prepared and printed brief copies. His own copy hadn't been bound

Philip B. Perlman, solicitor general, presented the federal case.

Perlman admitted that the annexation agreement gave Texas its public lands, but he insisted that the seaward lands, were not lands in the same sense.

Asked Mr. Justice Minton, who later voted to uphold the Texas claim:

"Was it not land that was under the water? There was not anything else."

HAD TWO HOURS

They gave Attorney General Price Daniel two hours to argue the Texas case that day in March last year. Defenses for common criminals usually last longer in plain county courtrooms. But that was all—two hours—that the Supreme Court allowed Texas for argument over two million and a half acres of lands whose oil lease incomes help educate the kids of Texas.

Three months later—last June—the famous "minority" opinion came in against Texas. There are nine members of the court. Two did not participate in the Texas case. That left seven. Four of the seven voted against Texas, three voted for Texas.

The opinion, written by politically-conscious Mr. Justice Douglas, admitted that Texas once owned those lands as a republic, but lost them somehow when she entered the Union.

Scoffed Mr. Justice Frankfurter in a classic dissent:

"The court now decided that when Texas entered the Union she lost what she had and the United States acquired it.

"How that shift came to pass remains for me a puzzle."

Qualifying For National

DALLAS, March 12. (AP)—Sectional qualifying for the National Open Golf Tournament will be held here June 4. It was announced the open this year is to be held at Birmingham, Mich., June 14-16.

Too Late To Classify

Up to $100.00 off on Freight Damaged Merchandise. Refrigerators, Ironers, Washing Machines, Ranges and Dishwashers. Goodyear Service Store, 1918 25th Street. Phone 1414.

Parents Jailed, Children Homeless

They're blonde and curly-haired, have ready smiles and cute as can be, but they've no home. They are the five Olsen children. Their parents, William and Violet Olsen, are in prison in Columbus, Ohio, on bogus check charges. The children (left to right) Frederick 14 months; Peggie and Patricia, twe-year-old twins; William 4; and the baby, Roberta, nearly three months, are temporary guests of the county detention center.

Largest Industry Still Grows 'Turismo,' Mexico's Second

By LAURANCE F. STUNTZ

MEXICO CITY, March 12. (AP)—Mexico's tourist facilities are bulging at the seams but the flood of visitors is getting bigger all the time.

The chamber of commerce said tourist will leave $115 million in Mexico this year "if the war does not interfere." That makes the tourist trade the largest export industry. Tourist spend more dollars than Mexico gets for her lead, zinc and silver exports combined.

The government statistical bureau reports that "turismo", as they call it here, is the country's second biggest industry. Only agriculture produces more cash — but agriculture doesn't produce many dollars.

1,000 PER DAY

Nearly complete figures for last year show a thousand tourists a day came into Mexico — 30,000 a month. In 1949 there were 25,000 a month. The monthly total apparently is still climbing. The chief tourist hotels are full — one is booked through March. Airlines put on special flights several times a week to handle overflow traffic. American Airlines has put on a permanent extra daily flight. There is rarely a vacant berth on the trains from the border.

What is the reason for this flood? One reason is that U. S. tourists are coming to Mexico because they are afraid to go to Europe. Another reason is that, although Mexican prices have increased 50 per cent in the last year, they are still below comparable prices in the U. S.

Still another reason is that many of the tourists are "repeaters." Tourist authorities estimate that of every 100 Americans who come to Mexico the first time, 80 will come again. This means the tourist flow is bigger every year.

NEGROES WELCOME

Furthermore, the tourist business is tapping two new sources. One is the American Negro, generally from Texas. Mexico is completely lacking in race consciousness so she doesn't break down her statistics between white and Negro. There still are not many Negro tourists — probably the percentage is below one per cent. But there are many more now than there were five years ago.

The American Negro finds every provincial hotel open to him and all but one of two of the biggest ones in Mexico City. He can shop where he likes, eat in whatever restaurant he likes and be teated entirely like his white compatriot.

The other new source of tourist traffic is Cuba. Mexico opened a touris office in Havana last year. Word of mouth advertising among Cubans has done the rest. For one thing, the Cuban peso, at par with the dollar, is worth 8.65 Mexican pesos. This makes a vacation here much cheaper than one in Miami where well-to-do Cubans used to go. New airline services bring Cuba within a few hours of Mexico City

STAYING LONGER

Even a war may not cut down the tourist flood. From 1943 to 1945 the number of tourist increased steadily, stayed longer and spent more. The only falling off was in 1942, the first year the U. S. was in the war. There also was a slight falling off immediately after the war but this has been made up

The average tourist — the government has it all figured out as befits treatment of a major industry — comes to Mexico for 14 days. He spends about $25 a day, although costs can be as low as $5 a day, not counting transportation. More than half the tourists

The tourist used to follow pretty much the same channels, but the flood is forcing them out into new territory. The well-known Mexico City hotels turning away tourists after they are filled up, will send the visitor to smaller hotels which normally cater only to Mexicans visitors. The tourist may not be able to find a hotel room in Acapulco, so he will go to other resorts. The result is that more and more tourists are finding new parts of Mexico.

Resigns As Coach

WICHITA FALLS, March 12 (AP)—J. Weldon Bibb has resigned as basketball coach and assistant football coach at Wichita Falls High School to enter the contracting business.

Selections In Girls' Tourney

AUSTIN, March 11. (AP)—Claude Denton Valley of Clyde, Comanche and McLean dominated all-tournament selections made here today by sportswriters covering the Interscholastic League Girls' Basketball Tourney.

Denton Valley and Claude placed three girls each on the Class B all-tournament team with Duncanville putting one on the seven-member group.

Comanche won the Class A championship, beating McLean, 50-49.

Claude took the Class B title on a 42-40 victory over Denton Valley Saturday night.

Comanche placed two girls on the Class A team with McLean placing two and Fredericksburg one. Unanimous choices of the selectors were Florence Jo Coan, Comanche; Dorothy Gudgel, McLean; and Yvnne Averyt, Claude, all forwards.

The Class A all-tournament team: Forwards: Florence Jo Coan, Comanche; Dorothy Gudgel, Fredericksburg.

Guards Bonita Bailey, McLean, Joyce Bruner, McLean, and Nita Myrle Smith, Comanche.

The Class B selections:

Forwards: Yvonne Averyt, Claude; Faye Wilson, Duncanville; Patsy Crow, Denton Valley; Jean McLean; Wilheminia Bechman, Farmer, Denton Valley.

Guards: Ann Gotcher, Denton Valley; Joanita Smotherman, Claude; Barbara Corbin, Claude.

Daffodil Festival Nears

With the annual Puyallup Valley, Mash., Daffodil Festival less than a month away, Queen Elaine Chipps makes a hurried inspection of one of the fields at Tacoma, Wash., and finds the plants blooming despite a blanket of snow. The festival is scheduled for the weekend of April 5-7.

The first commercial oil well was drilled in the oil-rich Lake Maracaibo region of Venezuela in 1913 but it was 1923 before large-scale production began.

100,000 MILES FROM NOW

you'll still say "Can't beat Dodge for dependability!"

Specifications and equipment subject to change without notice.

NEW engineering advancements make traditional Dodge dependability GREATER VALUE THAN EVER

THE DODGE reputation for dependability and long car life is a matter of record . . . a record of thirty-seven years . . . a record no other car can match.

And with the many new advancements engineered into the great '51 Dodge, this famous dependability makes Dodge an even bigger value, an even bigger dollar buy.

Yes, everything about this great new Dodge—the way it looks, rides and handles—tells you that here's a car built to deliver years and miles of dependable, low-cost service.

5 minutes tells why. Give us just five minutes. Let us show you how you could pay up to $1,000 more and still not get all the extra room, handling ease and rugged dependability of this great new 1951 Dodge.

1951 Dependable DODGE

Just a few dollars more than the lowest-priced cars!

Blushing Kiwanians Will Show Female Fashions in Benefit

It's going to be a gala night for those who attend the Kiwanis "Womanless Style Show" on March 23 at the High School auditorium, according to Frank Fisher, chairman of the show committee.

Among the cast will be Clyde M. Atkerson, in the role of an expectent Negro woman with a flock of kids at his heels; then you will see Water C. Billingsley, skipping along the stage in an old-fashioned bathing suit; and one of the features of the spectacle will be appearance of Bill Brown, modelling a Ziegfield Follies girl costume.

Ford Caperton will be seen as a sweet-sixteen sweater girl; and of course everyone will be thrilled to witness two bankers, H. W. Cargile, and George E. Frazier, parading on the stage in the very last word in evening gowns; Dr. Ben L. Costin has been cast in the role of a Scotch lassie, in kilts, with a large whiskbroom as an added feature of his costume; Lloyd Davis was given the part of an old maid; and Guy Dickson will dress as an elderly society dame.

John Dodson will thrill the audience in his French bathing beauty suit; while Herbert Feather will be seen as a blushing school girl; Harold Grant will be dressed as an Indian squaw, with a papoose; Roy A. Harrison has the role of a lady who starred in the noted play "Arsenic and Old Lace."

A wandering Gypsy girl will be seen in the person of LeRoy Johnson; Ford Kenner will be dressed as a typical girl from the Ozark hills; Hershel Kerby was given the part of a hocha-cocha gal; Bill King, with his guitar, will be a yodelling cowgirl from the Golden West; while Dr. Woodrow Mikeska will be costumed as a high school flapper girl of the roaring 20's; Frank Stevenson will be seen as Harlem pride in an evening gown; Joe Watson as a Hawaaian girl; Bill Stone in the role of a modern farm woman; Robert M. Wemple as the girl friend of the "Pool Pusher From Snyder"; Jimmy Davis will display the latest in lingerie, including undies and housecoats.

Dr. W. M. Smith will appear as the Arabian girl with veil; Ernest L. Kownslar will be a bloomer girl of begone years; F. C. (Shot) Allen as Madame Queen in all her glory; Joe Love a Powers Model of 1918. Harold Bennett has been selected for the part of a South Pacific war bride, and L. C. Dennis will be a Lady in Mourning.

There will be several speciality acts, which will include C. W. Bradley in an Indian war dance and songs; and dance numbers from the Lambert School of the Dance, said Fisher.

Fisher will be master of ceremonies, and H. D. Moreland and Dr. William E. Jones will be in charge of the property.

The show is for the benefit of the Kiwanis Underprivileged children's Fund.

Oil News

(Continued from page 1)

Dawson County, is now waiting on a swabbing unit. The well has been bottomed at 7,515 feet in the Spraberry.

The No. 1-32 Dean has pumped 50 barrels of oil with slight shows of water in the last 24 hours. Production is coming from perforated sections of the Spraberry at 7,394-7,406 feet.

The No. 1-35 Dean is drilling below 3,443 feet in anhydrite and shale. All these wells are in Dawson County in section 30, 32 and 35.

Mid-Continent Petroleum Co. No. 1 Moore, being drilled in Central Dawson County, is drilling below 7,890 feet in sand. Drillsite is in the Huddle-Manning field in the northwest quarter of section 14, block 36, T-5-N, T&P survey.

Standard Oil Co. No. 1 Pool, wildcat in Northwest Dawson County is drilling below 11,302 feet in lime. It is in section 123, block M, EL&RR survey and 15 miles northwest of Lamesa.

GARZA COUNTY

In Garza County, Continental Oil Co. No. 1 Fumagalli is at a total depth of 2,732 feet in lime. Operator is preparing to drillstem test the San Andres lime from 2,650-2,732 feet.

KENT COUNTY

Sun Oil Co. No. 1-B Bilby Wallace is drilling below 5,454 feet in shale and hard sand. The No. 1 Wallace, wildcat in East-Central Kent County, is in section 43, block 98, H&TC survey, and is to be drilled to 7,600 feet.

LYNN COUNTY

Mid-Continent Petroleum Co. No. 1 Cook, North - Central Lynn County wildcat, is drilling below 8,520 feet in shale. Drillsite is 660 feet from north and west lines of section 517, block 1, GC&SF survey.

IN SANDY SHALE

Sun Oil Co. No. 1 Casstephens Northwest Nolan County prospector, is drilling below 2,240 feet in sandy shale. It is in section 75, block 24, T&P survey.

BURDELL WELLS

Burdell Oil Co. No. 1-B Edmondson is bottomed at 1,735 feet in lime and is waiting for cement to cure. A previous attempt to acidize failed when acid penetrated the cement. The No. 1-B Edmondson is in the Sharon Ridge shallow field, 361 feet from north and west lines of tract 7, block 31, Kirkland - Fields survey and 10 miles northwest of Colorado City.

Burdell No. 1 Mills-Patton, Mitchell County field location, has installed a pumping unit, electrical motor and is now pumping to clean out and test. The prospector is bottomed at 1,642 feet in lime. It is located 30 feet from east and south lines of the southeast quarter of the northeast quarter of the northwest quarter of section 195 tion 98, H&TC survey.

Burdell No. 3 Humphrey, Scurry County field location, is now at a total depth of 1,731 feet in lime and is pumping to clean out and test. It is located 330 feet from west and south lines of tract 5, section 3, H&GN survey.

City Attorney Studies Firemen's Retirement And Disability Law

The city council has asked W. W. Park, city attorney, to study the Firemen's Disability and Retirement Law, with a view to possible application in Snyder.

The bill provides that paid firemen, after 20 years in service with a department, may draw a monthly pension equal to one-half of average monthly salary not to exceed a maximum of $100 per month. If his monthly salary is $50 or less, or if a volunteer fireman with no salary, he shall be entitled to a monthly pension or retirement allowance of $25.

The pension plan starts at the age of 55 for firemen who have served 20 years, either volunteer or paid.

The cost for volunteer firemen is not to exceed $5 per year, and for paid firemen is figured on a percentage basis.

Park said that he would have studied the bill and would make his report on the matter at the next meeting of the city council.

Funeral Today For Sister of Snyder Man

SWEETWATER, March 12 —Funeral services for Mrs. Beulah Benton Ellis, 68, were to be held at the First Baptist Church here this afternoon. Mrs. Ellis died in a hospital here yesterday after a brief illness.

Survivors include two brothers, Claude Bolden of Colorado City; Ernest Bolden of Snyder and two sons, E. B. Ellis and G. W. Ellis of Sweetwater; four daughters, 22 grandchildren and 12 great-grandchildren.

Guns Are Stolen From Store Display Window

COLORADO CITY, March 11—Four .22 calibre pistols were stolen from the Elmer Pickens Shoe Shop here Saturday night. They were removed from the show window through an 18-inch hole. The theft was discovered Sunday morning.

Pickens said he valued the guns, an Iver Johnson and three H&R's at $112.75.

Infant Rites Today

Funeral services for Robert Henry Camp, infant son of Mr. and Mrs. E. D. Camp, 1112 Thirtieth Street, were to be held at the Bolger-Barnes funeral chapel today. The Rev. Earl Cresswell was to officiate.

The child is survived by his parents, his paternal grandparents, Mr. and Mrs. Henry Camp, and his maternal grandparents, Mr. and Mrs. Robert Elder, all of Snyder.

PERSONALS

Mrs. Bess Johnson, Mrs. Sam Williams, and Mrs. Tom Boren, went to Sweetwater Friday.

Miss Frances Leath spent last week end in Snyder visiting her mother, Mrs. Ota D. Leath, 2612 Avenue R, and her infant nephew, John Bailey Truelock, in Colorado City. Miss Leath, a sophomore business administration major at Baylor University, has recently become a member of Phi Gamma Nu, national honorary sorority for business students.

Mrs. Cora Weathers is in Houston where she expects to spend some time visiting her niece and family, Mr. and Mrs. Jo Smith.

Misdemeanor Charges Here

Ten persons were charged in county court this morning with misdemeanor charges, one of whom was charged with aggravated assault and the other nine with driving while intoxicated.

A fine of $100 and court costs of $23.50 were assessed Lee Dodson, Jr., about 50 years old, a Snyder Negro, when he pleaded guilty to a charge of assault with a knife.

Three persons fined $123.50 each, when they pleaded guilty to drunk driving charges were Nolberto Ruiz, 23, of Snyder; Durward Odean Carter, 35, of Snyder; and Mrs. Winnie Delorey McWilliams, about 47, of Snyder.

Fined $173.50 each on drunken driving counts were Thomas Vick Jr., about 27, arrested while driving a truck and semi - trailer for a construction company; and Kenneth Wayne Wright, 21, of Lubbock, arrested near Ira while hunting rabbits with a shotgun from his car.

Bonds of $250 each were set for Lester Shuler, about 36, of Snyder; and Cecil Carl Redden, 42, of Hermleigh; and Wesley James Hodson, about 32, of Snyder; when they pleaded innocent to charges of drunken driving.

Not arraigned yet was Logan Charles Williams, 18, of Amarillo, charged with driving while intoxicated in connection with an accident Saturday night which was fatal to one of three men injured. He is accused of driving the 1947 Ford convertible which overturned about eight miles north of town killing Pete Rochelle, 25, of Lubbock, and injuring himself and James Elra Odell, 27, of Lubbock.

Continue Search For Thieves Who Robbed Glass and Mirror Firm

Police today were continuing their investigation of the Snyder Glass & Mirror and Snyder Heating Co. burglary, Chester Bairrington, chief, said.

A small amount of money and checks still were missing in the theft. But more than $1,500 had been recovered. One of the checks still missing was for $957. The cash and another check brought the unrecovered total to about $1,000.

Thieves broke into the rear door of the building the night of March 2 and stole a cash box and part of the contents of another cash box. Total amount of their lot was about $2,500.

Police recovered more than $1,500 in checks from a creek west of Snyder, where the cash box was found.

Anti-Peron Paper Is Apparently Doomed

BUENOS AIRES, Argentina March 12, (AP)—The government-supported General Confederation of Labor today readied another swipe at the apparently doomed anti-Peron newspaper La Prensa.

The union ordered its 4 million members to stop work for 15 minutes tomorrow as a show of strength against the journal, which has not published since a union boycott and strike started Jan. 26.

There appeared little chance the paper would appear again under its present management, which opposes the regime of President Juan Peron.

The police closed the printing plant after charges of violating the security of the state were filed against the editor and publisher.

New Military Establishment In Vital Hot Spot Bombing Area

By The Associated Press

WASHINGTON, March 12. —The military, which preaches the merit of dispersion to private industry, is continuing to concentrate some of its most vital projects in a single, comparatively small area of the country.

The State of Maryland and the District of Columbia at its southwestern border, provide a highly profitable target for any enemy bomber or airborne troop attack.

EASY TARGETS

There already existed within a few easy flying minutes a complex of military research centers, command headquarters and airfields.

The Defense Department is adding to those priority targets a new one of equal value, a wartime "second Pentagon" for use should Washington come under attack or immediate danger of attack.

It has chosen as the site for this alternate national command post, Camp Ritchie, in western Maryland north of Washington. The location of that emergency military headquarters, with underground quarters and communication facilities, is within relatively short distance of another potential primary target, Camp Detrick.

Situated on the outskirts of Frederick, Md., Camp Detrick is the center of the military's germ warfare experiment camp.

MORE SPOTS

Fifteen minutes away by modern fast bomber is Aberdeen, heart of the Army's ordnance research and development work and its chief proving ground. At Baltimore (where the Army headquarters also is located) is the center for the Army's counter intelligence corps, the agency which seeks to ferret out and prevent sabotage and espionage.

Washington and the immediate vicinity would be an enemy bombardier's dream, even if it did not have the White House and capitol, seat of government.

Deadlocked In Mobilization

By The Associated Press

WASHINGTON, March 12. —Labor and management agreed on one thing concerning wage controls today. Influential men on both sides told a reporter the peacemaking efforts of Economic Stabilizer Eric Johnston are deadlocked—for the time being at least.

At the same time, Price Director Michael V. DiSalle criticized labor leaders for walking out of positions in government mobilization agencies.

At DiSalle's Office of Price Stabilization (OPS), officials began putting the final touches on three big food orders which they expect to issue this week. America's 500,000 retail grocery stores and about 2,000 wholesalers will go under a new system of price controls. As a result, housewives are expected to pay higher prices on some items and lower prices on others.

Frank P. Graham, former president of the University of North Carolina who later served in the Senate, was named yesterday to be defense manpower administrator in the Labor Department.

The question of manpower controls is one of the factors which has added to the unions' dissatisfaction with the mobilization program. Some union officials have contended that Defense Mobilization Director Charles E. Wilson and his aides want strict controls over manpower. Wilson's office has denied it.

PERSONALS

Mrs. Alice Northcutt, 2707 Avenue U, has been ill at her home with flu.

Mrs. William J. Caley, 3709 Highland Drive, is expected back today from San Marcos, Tex., where she has spent several days visiting with Mr. and Mrs. Boyd Hales. Mrs. Caley accompanied Mr. and Mrs. Bill Decker of the Texas-New Mexico Pipeline Camp, who visited in the home of Mr. Decker's parents, Mr. and Mrs. Charles Decker. Charles Decker is county judge at San Marcos.

Ferrier Takes Miami Beach Golf Tourney

By The Associated Press

MIAMI BEACH, Fla., March 12. —Few golfers ever enjoyed playing a hole more than Jim Ferrier did the 18th at Normandy Isle yesterday as he won the $20,000 Miami Beach Open Golf Tournament.

As he passed the 17th, the big Californian learned he could win the $2,000 top money with a five-two over par, at the 18th. The news meant the end of four days of heavy pressure and Ferrier relaxed and began to have a good time.

He hit two shots cautiously down the middle of the fairway, chipped just as carefully to the green, banged up on the cup with his first putt, then sunk an easy one to put the big prize in the bag.

Ferrier's three-under-par 70 for the final round gave him a 72-hole total of 273 and a one-stroke victory over Sam Snead of White Sulphur Springs, W. Va., and Chuck Klein of San Antonio.

Snead and Klein tied for second with 274s to collect $1,200 each.

Tommy Bolt of Durham, N. C. closed with a 69 for 276 to win fourth place. There was a four-way tie for fifth among Bob Toski of Northampton, Mass., Jack Burke Jr., of Houston; A. Besselink of Christiansen of Miami with 279.

Lloyd Mangum of Chicago, the top money winner so far in 1951, has tied for ninth at 280.

Two Burglaries On Lamesa Highway Are Reported Yesterday

Two burglaries of establishments on the Lamesa highway were reported early Sunday morning to the sheriff's department.

A portable typewriter valued at about $100 was reported taken from the office of the Pettus Construction Co., some time between 6 o'clock Saturday night and 9 o'clock Sunday morning.

Articles valued at approximately $35 were reported stolen from Melvin's Cafe between midnight Saturday and 8 o'clock Sunday morning.

Homer Whitesell and L. E. Barnes, deputy sheriffs, are investigating the burglaries. The construction company office, a filing panel was reported to have been cut away, and a window was reported broken in the cafe burglary.

90S Signals Spur Search For Bomber

WIESBADEN, Germany, March 12, (AP)—Four SOS signals heard by rescue planes today spurred the air search for a U. S. Air Force B-29 missing with its crew today with its commander, Lt. Col. [illegible] of 12 in the Mediterranean area since Friday.

U. S. Air Force officials here said the plane, based at Lakenheath, Eng., was last heard from Friday afternoon while on a routine navigational flight.

The SOS signals may have come from an emergency radio aboard a liferaft.

Aerial spraying has proved successful in controlling the spruce budworm, which attacks several timber trees.

Winkler County Test Two Miles From Kermit

Empire Oil Co. has staked location for a 5,000-foot rotary wildcat in Central Winkler County as its No. 1-E McCall-Cowden.

Location is 467 feet from north and 760 feet from east lines of section 39, block 24-5, psl survey and two miles southwest of Kermit.

Projected depth is calculated to test the prospector to the Ellenburger.

The venture is a mile to Empire No. 1 McCall-Cowden, a Tubb producer in the south part of the old Kermit shallow field.

There is no production from the Ellenburger in the vicinity of the No. 1-E McCall-Cowden.

Operations will begin immediately.

Norway Approves Pact

OSLO, Norway, March 12. (AP)—Norway's parliament (Storting) today approved this country's joining the North Atlantic Pact army.
