

We the staff of the Earth News-Sun take this opportunity to thank the people of the Sunnyside community for the splendid cooperation you have shown us. Without this cooperation we could never have been able to tell of the heroic things that took place. It is our belief that the people of Sunnyside have always been proud of their community and have shown this by rebuilding following the disaster.

We hope the disaster that hit Sunnyside community a year ago has in some way served to bring the area people closer together. It is during times of trial that we learn what friends and neighbors really mean.

Looking back at the things that has happened we can truly say it was the love of God that spared so many lives. It is hard to believe that there were no more loss of life than there was.

So to you people of the Sunnyside community we are proud of you and can understand why you did build back. This is home.

Orchids to one of the nicest families in Earth, who found room in their hearts, a place at their table, and a bed in their home for a tired hungry boy to stay. This family took him in and started him to school in an effort to give this lad a chance in life. We are happy to have people like this inhabit our fair city.

Wish we could say there were more people with compassionate hearts, willing to give of themselves to help others.

Baptist Vacation Bible School Set May 29 - June 7

The Earth First Baptist Church Vacation Bible School will be held May 29, through June 7, according to the pastor, Rev. Cecil Meadows.

Cecil Meadows will serve as Principal of the school.

Classes for nursery age through Junior age will be conducted.

Superintendents appointed for these groups are Mrs. George Runyon, Nursery 1; Mrs. Gerald Ingalls, Nursery 2; Mrs. Cecil Meadows, Beginner 1; Mrs. L. H. Galloway, Beginner 2; Mrs. Elton Schaefer, Primary; Mrs. Alfred Dutton, Junior 1; and Mrs. Donald Kelley, Junior 2.

Earth Lions Candy Sale Day Set For Friday, April 14

The Earth Lions Club has set Friday, April 14, as Lions "Candy Day."

You will be given the candy for any donation you may make toward helping the crippled, blind and handicapped children.

The week of April 10 to 14 has been designated by Governor Price Daniel as Texas Lions Candy Week for Crippled, Blind and Handicapped children. During this week 40,000 Lion members throughout the State of Texas will solicit funds (giving Lions Candy rolls as a tangible "thank you") to help make life a little brighter for these unfortunate youngsters.

Each citizen of this community, as well as over the whole State of Texas, is asked to contribute generously.

PTA Meet To Be Held April 20

The regular meeting of the Springlake PTA will be held at 7:30 p.m. Thursday, April 20, instead of the date given in the PTA year book.

Since this will be the final meeting of the year officers will be elected and installed.

The Homemaking class of the Springlake High School under the direction of Mrs. Marie Slover, will also present a style show at this meeting.

Mrs. Donald Kelley, PTA president has informed the Earth News-Sun that some of the prizes that were won from the candy sales at the PTA Talent Show have not been claimed.

She stated that those who have slips from the candy sales may still pick up their prizes. Prizes, not yet claimed, have been returned to the merchants who donated them but may still be claimed.

Open House at FFA Show Barn Saturday

Open House and Dedication of the local FFA Show Barn will be held from 2 p.m. to 7:30 p.m. Saturday, April 15.

A prize will be given at 7:30 p.m. to the top weight guesser of a pig and a calf. The prize will be a steam iron for a lady or a twenty dollar hat for a man.

Barbecue beef and beans with all the trimmings will be served at 6 p.m. Tickets may be purchased for 75 cents from any FFA boy for all the barbecue you can eat.

The FFA boys will help serve and will assist with other events of the open house.

Entertainment and Livestock guessing will be from 2 p.m. to 5 p.m. with more entertainment at 7 p.m. furnished by the Springlake Stage Band and the Accidentals.

Dedication services will be held immediately following the meal.

Dr. Leon Hill, Amarillo will be the speaker from 5 to 5:45 p.m.

The local FFA barn, located just west of Barton-Watson Inc., was constructed by Stringer Construction Company of Lubbock and is a 60' by 80' clear span Delta building, the cost of constructing the building was \$9,610.

The building site was donated by the Earth Roping Club.

The building is to be used by the local FFA Chapter for the purpose of holding livestock shows and livestock sales. It will also be available to all Civic, Church and Charitable Organizations that may have need of such facilities.

The Earth-Springlake Agriculture Assistance Board has worked hard to make this project a reality.

Everyone is cordially invited to attend the Open House and Dedication Services Saturday, April 15.

Large Crowd Hears Mrs. Bonnie Haberer Speak on Holy Land

A large crowd was present at 7 p.m. Sunday night at the Earth First Baptist Church to hear Mrs. Bonnie Haberer in a special program. Mrs. Haberer, who has just recently completed a 41 day tour around the World, held the audience spellbound for over an hour while giving an account of her trip.

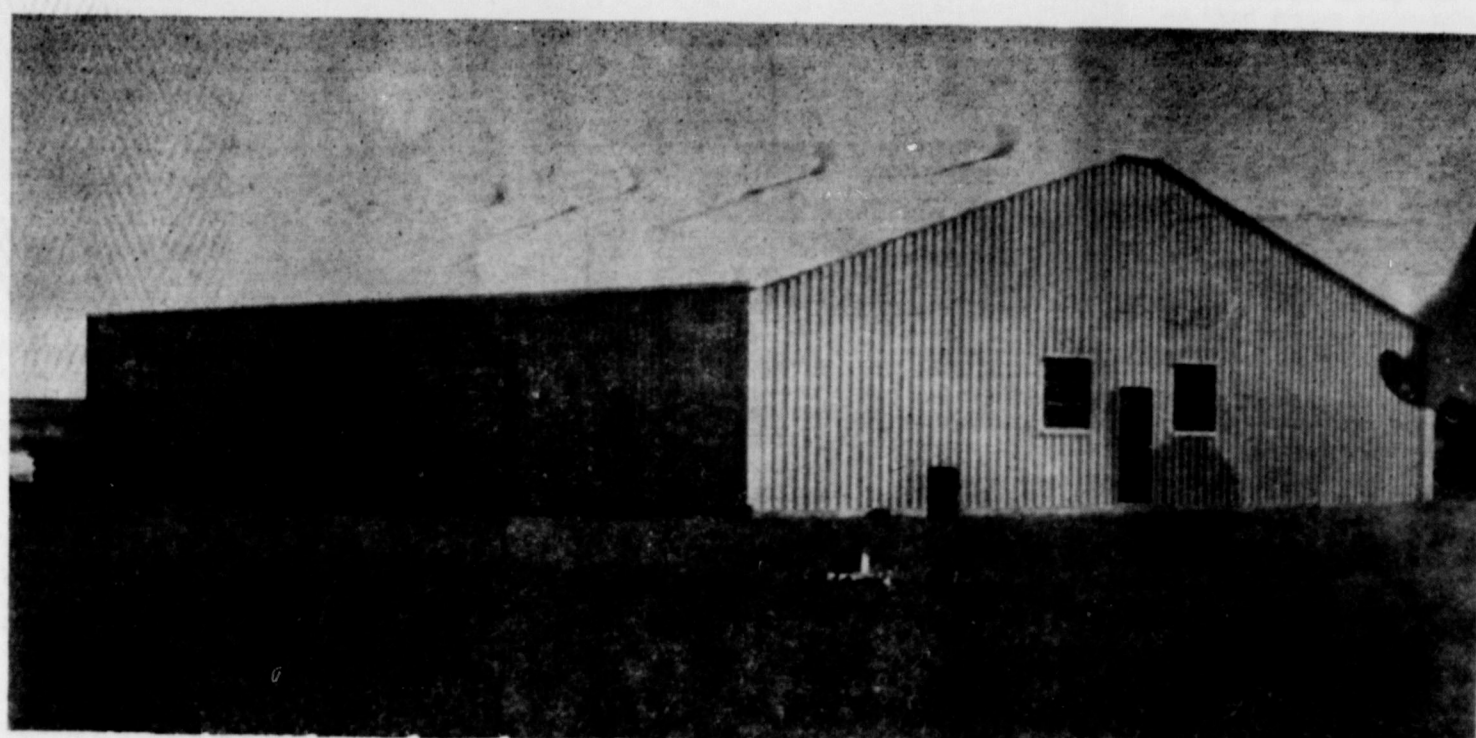

Emphasis was placed on the Holy Land as she related her experiences on the tour.

The open house and dedication service for the Sunnyside Baptist Church will be held Sunday, April 16 at 2 p.m. Rev. Murle Rogers, former pastor, will preach the dedicatory message. Friends and donors of the church are invited to attend. Rev. George Brittain from Grants, N. M. will preach in the regular morning service.

Rev. M. D. Durham, the pastor will preach in the regular evening service.

With the completion of the Sunnyside Baptist Church, the Sunnyside community was fully rebuilt. The church, store, gin office, elevator office, butane office, and 13 homes were completely destroyed by the first tornado of the season April 12, 1960. Three lives were lost and many were injured. The gin, butane business and the El Paso natural Gas plant as well as five other homes received heavy damage. Other property damage was heavy also. Only three homes in the immediate community were left intact.

Rebuilding began almost immediately and continued through January. All homes but one were rebuilt or replaced. The El Paso plant which was built in 1951, was operating again within 12 hours although it was some time before it was back to normal. The butane business established here in 1953 made a delivery the next day but was not completely back to normal for several weeks. The elevator, in operation since 1955, had its office rebuilt by July. The gin property was sold and rebuilding begun by the new owner in June. T. R. Hogan, Jr., owner of the original gin, built in 1951, was killed as his home was destroyed by the tornado. The store which had been in the community since 1930, had its grand opening November 12, 1960.

THE PRIDE OF THE LOCAL FFA CHAPTER — As well as the whole community is the new spacious Show Barn recently completed. The 60' by 80' clear span Delta building has a five year

written guarantee of workmanship and material. The building is located on the site donated by the Earth Roping Club on the Rodeo grounds west of Barton - Watson, Inc.

Earth Co-op Gins, Inc. Stockholders Meeting - Barbecue Tuesday, April 18

The 31st Annual Stockholders meeting of the Earth Co-op Gins, Inc., will be held at the Springlake School Cafeteria Tuesday, April 18.

A barbecue lunch will be served at 6:30 p.m.

An All Cotton Style show will be presented at 7:30 p.m. in the Cafeteria, using all local talent with clothing furnished by Ruth-erford and Company, Earth Dry Goods, Blairs Dry Goods and Taylor's Western Wear, all of Earth. Also clothing designed by the National Cotton Council which are designed from cotton sacks. Mrs. B. N. Armstrong will serve as commentator for the All Cotton Style Show.

An all cotton setting will form the background on the stage.

Thirty models will be chosen from local people who will model assorted play clothes, Dresses, Maternity clothing, and Bathing suits which will be in all cotton. High-style, low-cost fashions made from feed bag and flour sack fabrics will also be featured.

In this unusual dress revue, which is sponsored by the Earth Co-op Gins, Inc.

The collection of all occasion wear, is provided by the National Cotton Council of Memphis, Tenn., to demonstrate the practicality of cotton packaging of a range of home sewing material. These fashions include playclothes, childrens wear, street apparel and party frocks. All garments are made from 1960 McCall's patterns.

Plans for the style revue were announced by Mrs. Jess Goode. Homemakers interested in taking advantage of the budget-saving values of bag sewing are urged by the National Cotton Council to check with local feed stores, Groceries and other Retailers for products packed in Cotton Containers.

Approximately one hundred million dress print bags, in sizes from ten to two hundred pounds, are available annually to purchasers of staple commodities, according to the Cotton Council. Cottons used for packaging are attractive,

Springlake Farmers Co-op Stockholders Meeting April 15

The annual meeting of the Stockholders of the Farmers Cooperative Association of Springlake will be held Saturday, April 15, at the gin.

A barbecue lunch will be served at 12 o'clock noon.

A business meeting will be held following the lunch, at which time three new Directors will be elected. Outgoing directors are

Less Watson, Billy Wayne Clay-ton, and V. O. Busby. P. A. Wash-ington and W. E. Miller each have one more year to serve on the board of directors.

Melvin Lizman, National Director of the Jaycees was guest speaker at the regular noon meeting Monday of the Earth Jaycees.

Gene Templeton introduced the speaker who gave a very good talk on Jayceesism.

John Castle, Lubbock, was also a guest. Thirteen members of the Earth Jaycees who were present were very much impressed with the guest speakers talk.

Melvin Lizman Guest Speaker For Earth Jaycees

Melvin Lizman, Lubbock, National Director of the Jaycees was guest speaker at the regular noon meeting Monday of the Earth Jaycees.

Gene Templeton introduced the speaker who gave a very good talk on Jayceesism.

John Castle, Lubbock, was also a guest. Thirteen members of the Earth Jaycees who were present were very much impressed with the guest speakers talk.

EARTH SPRINGLAKE

NOTICE

PONY LEAGUE PLAYERS All boys 13 and 14 years of age be at the Earth baseball field Saturday afternoon, April 15, at 1 p.m.

Saturday, April 22 has been set as work day at the Baseball park in Earth. Everyone is urged to come and help with this project.

Due to conflict with another meeting Tuesday night, April 11, the Springlake Fire Department did not meet.

The meeting, for the purpose of electing new officers, will be held at 8 p.m. Tuesday, April 18, in the Fire Hall at Springlake.

Grade School Students Selling Flower Bulbs

The Springlake Grade School Students are selling mixed colors of Dahlia bulbs and also mixed gladiola bulbs. The price is \$1.00 per box.

Each dahlia box contains four nice dahlia bulbs and each gladiola box contains twelve nice gladiola bulbs.

If you want some of these bulbs, let any grade school teacher learn of it.

The students wish to use the money they may make from the sale of these bulbs to buy record players for the school.

Should they be out of the bulbs you want, they will be glad to re-order for you.

Sunnyside Church Dedication Services Sunday, April 16

THE MODERN BRICK VENEER BUILDING — Above is the recently completed First Baptist Church in Sunnyside. The church stands as a symbol of Love for God, as the people of the community donated their work and money along with others in surrounding towns in erecting the building back in the location as

the one completely destroyed by the tornado one year ago. The new building above has a seating capacity of 224 and seating space for 240 in Sunday School. The building is central heated and air conditioned throughout.

The church used the community building, which narrowly escaped, and the entire church program was carried on with the exception of a vacation Bible school. On April 29 the church voted to wreck

the remains of the original building and rebuild. On June 1 the plan submitted by the Home Mission Board was approved, a building superintendent hired, and donated labor from the Lubbock

Trade Union accepted. The church also accepted a gift from the Home Mission Board, and many churches in the district. Ground breaking services were held June 12. Fill and foundation work was

begun the next week. A new building superintendent took over supervision of the new brick veneer structure on July 15. The building has a seating capacity of 224 in the auditorium and Sunday School

space to provide for 240. It has central heating and air conditioning, and is an asset to the community both materially and spiritually. "For every house is builded by some man; but He that built all things is God." Hebrews 3:4. 10, 1921 with ten charter members.

The church was organized August 1955. They met in the school house until 1955 when the school house was torn down to build a new one. That summer the church met in homes while a \$2000 one room frame building was erected, on two acres of land across the road from the school. Since 1942 the church has had full time services and a pastor on the field since 1947.

In July of 1947 a parsonage was purchased and a 20 by 50 foot barracks building attached to the east side of the original building. This wing was replaced with a new building the same size in 1955. In May of 1952 construction was begun on a new cinder block auditorium 32' by 72'. A dedication service was held August 17, 1952, the building being debt free. The old auditorium was partitioned into Sunday school rooms and assembly. It was in this assembly that the Brotherhood supper was taking place at the time of the tornado. Tables had been set up in all the Sunday school rooms also to take care of the large number anticipated.

When the warning was given that a tornado was approaching men were in all parts of the building. Many had eaten and gone into the auditorium. Here J. B. Kidd of Plainview lost his life. The third victim, Nona Beth Phelan, was killed as her home was completely destroyed.

Sunnyside, before the year had ended, was rebuilt and back to normal because "The people had a mind to work." Nehemiah 4:6.

Sunnyside Completely Rebuilt Since Tornado One Year Ago

By TEENY BOWDEN

At a Sunday School class dinner last Sunday in the home of Mr. and Mrs. Houston Carson, the afternoon conversation turned to a subject still discussed in almost any gathering even after one year. The subject was the tornado which destroyed the church, store, gin office, elevator office, butane office, 13 homes, and took three lives and injured many.

Five members of the class who were present lived through the tornado and most of the rest were affected in some other direct or indirect way.

Mr. and Mrs. Earl Phelan and Larry Don were present. They suffered the greatest loss because Nona Beth was taken from them. Mrs. Phelan's life also hung in balance for almost two weeks. Even after she began to recognize people during the second week and realized she was in the hospital, she didn't know she had been in a tornado. When they told her she still did not remember so they didn't tell her about Nona Beth until the second Sunday. She seemed resigned that if that were God's will it was best for some reason and everyone in the community and others involved gained strength from her faith and courage. She still does not remember sending Larry Don to the store for kerosene after the lights went out. The last thing she remembers is looking out the window and seeing cars turn in at the church house and being surprised that anyone would come.

For Mr. Phelan and Larry Don it was quite different. It was very real all the way through for them. The shock and stunned feeling we all had was for them pierced by grief and anxiety. Mr. Phelan who was at the church had heeded the warning and rushed to his car to get away, but he was blocked by other cars. Others did the same thing and some made it. His thoughts were to get home to his family. He saw the tornado coming but thought it was a bad hail storm. He didn't know the difference until it was over and the windshield wipers cleared the windshield enough for him to see the church had been destroyed. He realized what had happened and thought probably everything

was gone. He got out of the car and ran toward where his house had been. He called out to his wife and children as he ran. Larry Don who had gone through the tornado at the store heard him call and went to him. His thoughts had been that everything was gone and that he didn't have anyone in his family left. It was some time before they were able to find someone who told them that a woman and girl had been taken to the hospital in Dimmitt and they couldn't tell for sure who they were. Since they couldn't find them anywhere else they went to the hospital. There was so much confusion in the hospital it was some time before he learned it was them. Most people have expressed the thought that there is no way to describe how and what they felt. Certainly one thing is clear. The feelings concerning life and death blots out the concern for property destruction.

It takes a higher power to get through times like that. Mrs. T. R. Hogan, Jr. and her daughter who survived the tornado probably feel the same way with the loss of Mr. Hogan. Mrs. Kidd of Plainview must have been terribly shocked to hear her husband was the only one killed attending the Associational Brotherhood meeting. Perhaps she wondered why him, but those who talked to her said she expressed her faith in the fact that God knows best in all things.

Most people consider it a miracle of God that so many people were involved yet so few were killed. Larry Don expressed his belief that his sister was taken that others might accept Christ as Saviour and thus have a new life. He also said "Thanks be to God I had my parents left."

Mr. Carson was in the auditorium of the church. He did not see the tornado approaching or hear it, but he remembers it hitting the building. He remembers being picked up off the floor and hitting the ground on his back. When it was over he was perhaps 20 feet from where he had been. He was lying on the ground in front of the church with his brother on top of him. They had held onto each other during the storm. He was unable to breathe

THANKFUL FOR THE SUNLIGHT OF EACH DAY — These five people who were in the tornado do have realized how wonderful it is to live daily. Pictured left to right is Mr. and Mrs. Earl Phelan, Mrs. Teeny Bowden, Weldon Bradley, and Houston Carson. When the tornado struck, Mrs. Bowden was at the Howard Bridges' home where

singing was being held, the three men were at the church, Mrs. Phelan and daughter, Nona Beth were at home. Nona Beth was killed in the tornado. Mrs. Phelan was seriously injured. (The Earth News reporter found these five people attending a Sunday School meeting Sunday afternoon).

for a short period of time then he saw light above him and pushed some heavy object, perhaps a car off of them. He remembers the church lit up just before the roof went off. After it was over he remembers hearing someone say "Don't step on me, I'm down here." He lifted a pew off a man and little boy then he heard Howard Bridges saying "Oh" and realized he was hurt. He had felt the floor as it hit, but was raised into the air and let back down before the wall fell in on them.

Mr. Carson and his brother helped him to his home where he was put into his own car and taken to the hospital at Dimmitt. There when asked about his home he said he wasn't worried about that, he was just thankful to be

alive. Then Mr. Carson thought of his own family at home and went to see about them. The tornado had passed close enough to overturn the mail boxes. Then he realized his own need of a doctor and was taken to Dr. Harris at Hart where he was treated for a badly cut leg. His brother was treated for bruises and both were released. Mr. Carson during the war went through the major invasions and five major campaigns,

but he was never this scared before. He expressed the opinion that a lot of people will realize the power of God more from this experience. His brother, Harold Dean Carson of Olton, stated he had never experienced such a complete helplessness.

Weldon Bradley who owns the butane business was at the church when the warning came and he led a group of men to his basement across the road from the

church. To him the experience even now seems like a nightmare. He thought this must be the end. The next morning as he surveyed the damage he was reminded of the devastation left by the bombings during World War II. Since the Bradleys were the only ones who were able to remain in their house while it was being repaired, they remember how lonesome and how desolate the first two or three weeks were. None of their neighbors were around and they felt alone. Mrs. Bradley, Carl, Molly and Lee had left to go to Muleshoe when Lee saw the tornado near the draw and asked what it was. They saw it cross the road and decided it was a tornado but she drove on to the Gas Plant pavement to turn around. As they came back they expected the community building to be gone or the bridge to be torn out. They didn't realize that it had hit Sunnyside until they saw the destruction. They couldn't grasp it all, but they were fortunate because the first person they saw was Weldon.

All have marveled that the community building was spared, and many have stated their appreciation for the people of the community who set aside their usual activities so that the church might use the community building as a meeting place.

Another outstanding thing we will always remember is the church's desire to stay together in the community even though churches all around offered their buildings for our use. Tears are still shed when we remember some of these things. None of us who attended that first church service in the community building will ever forget the emotions which tore at us. Mixed emotions of gratitude and sorrow. Truly God was there. We continued to worship God, sing praises to His name, and carry out His program except for the next night after the tornado and V. B. S. in June. The pastor who rode out the tornado in the parsonage was little more

than conscious it was Wednesday night. The death and destruction filled him with grief and distress. He had gone to the parsonage hunting his wife and son who were in the cellar and they thought he was in the cellar with them. The closet he was in as the tornado struck was torn away from around him, the house was moved 60 feet or more, but he was uninjured.

One thing I'll always remember, is how we sang with tears in our eyes and voices the song "We'll Work Till Jesus Comes." We sang it almost every week and seemed to gain strength from it. It has truly been a year of work. The building was destroyed but the church was not.

The church was organized August 10, 1921 with ten charter members. The ymet in the school house, until 1925, when the school house was torn down to build a new one. That summer the church met in homes while a \$500 one room frame building was being erected. It was this original building which was succeeded in 1943 that still stood after the tornado, though it was only a shell.

The church building was located on two acres of land across the road from the school donated by G. T. Gilbreath, Sr.

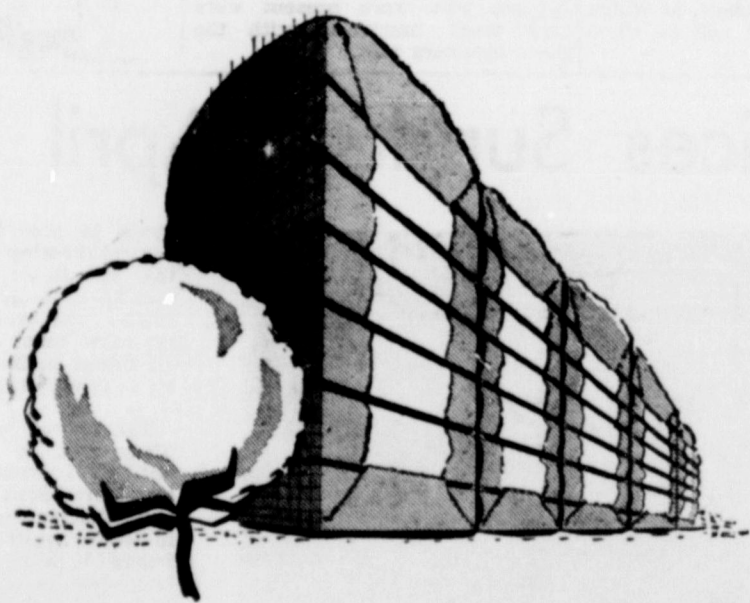

Since 1942 the church has had full time services and a pastor on the field since 1947. In July of 1947 a parsonage was purchased and a 20' by 50' barracks building attached to the east side of the original building. This wing was replaced with a new building the same size in 1955. In May of 1952 construction was begun on a new cinder block auditorium 32' by 72'.

A dedication service was held August 17, 1952, the building being debt free. The old auditorium was partitioned into Sunday School rooms and assembly. It was in the assembly that the Associational Brotherhood supper was taking place at the time of the tornado.

Tables had been set up in all the Sunday School rooms also to take care of the large group anticipated.

When the warning was given that a tornado was approaching, men were in all parts of the building. Some had already eaten and gone into the auditorium. Here J. B. Kidd of Plainview lost his life.

Pastors of the church have been V. F. Lemons, G. I. Brittain, C. C. Keeney, Clarence Howell, Mardus Rexrode, Hubert Poust, John Cobb, W. M. Pettibone, Frank Randall, C. C. Byram, Jesse McElreath, D. C. Lindley Sr., C. W. Thomas, O. D. Rowell, Edwin Norris, George L. Brittain, Murie Rogers, and the present pastor, Marvin D. Durham who was called as pastor December 11, 1960.

On April 20, 1960 the church voted to wreck the remains of the original building and rebuild. On June 1 the plan submitted by the Home Mission Board was approved. A building superintendent hired, and donated labor from the Lubbock Labor and Trade Union accepted. The church also accepted a gift from the Home Mission Board and many churches in the district. Ground breaking services were held June 12. Fill and foundation work was begun the next week. Erection of the brick veneer structure began to take shape under a new building superintendent July 15. The new church has a seating capacity of 224 in the auditorium and Sunday School space to provide for 240. It has central heating and air conditioning and is an asset to the community both materially and spiritually.

We have completed the rebuilding of the community within one year only because of the outside aid we received. Many feel there would have been an advantage however if one day had been allowed between the disaster and the beginning of the cleaning up operations. It takes this long to get over the initial shock enough to try to salvage personal possessions of sentimental value and decide what should be done. We could never have done it alone.

The community has always been an active one with a warm friendliness and sincere pride. It has had its trials and triumphs, but this was its first disaster. We lost a lot, but we have gained too because the community is still strong and we still believe that all things do work together for good to those who love God.

This community is a part of the 3,000,000 acres of public land set aside in West Texas to pay for the construction of a new capitol building in Austin. In 1885 the construction contract was given to a Scottish - American Co. and the land involved became known as the XIT Ranch. Based on the Sunnyside School District all of the south part of the community except 12 sections on the east side is a part of this tract of land.

In 1844 Mr. and Mrs. J. W. Carter and their three small children settled on the Running Water Draw on the west edge of the school district. The northwest part of the school district includes 8 sections of the 72 sections he bought from the State. They were the first settlers in Castro County.

In 1902 C. T. Herring purchased a great part of this original tract and it was operated as the Flag ranch until 1924.

In 1907 William E. Halsell who had bought much of the XIT land began to sell its vast holdings and land agents went into Kansas and other states and brought back prospective buyers. Several settlers came in as a result.

In 1909 a one room school house was built on the part of this land bought by O. C. Axtell. In 1909 another school building was also erected in the southeast part of the community. When the Herring land began to sell other settlers came.

In 1912 these two schools were consolidated and moved to a central location. A new name, Sunnyside was chosen. There were 16 students enrolled the first year which was 1913-14 Sunnyside was a one and two teacher school until 1925 when a new brick building was erected.

In 1918 Abbott School was built in the east part of the community but was discontinued in a few years. The lumber from the old building was used to build a four room teacherage south of the store. This building remained until the tornado. It has been used as a residence for several years.

In 1925 three teachers were employed for 71 students. Settlers continued to come as the East Line and Red River R. R. sold land in the northeast part of the community. In 1929-30 four teachers were employed and nine grades taught. Several of the boys in the 10th and 11th grades went to Dimmitt in cars. Most of the girls dropped out. In 1933-34 five teachers were employed for the first and only time. This is the only year Sunnyside had a high school graduating class.

In 1934-35 the high school began going to Dimmitt. The last year for Sunnyside School was 1941-42 with only two teachers. The school was divided into three districts, Dimmitt, Hart, and Springlake.

The depression of 1929, the dust bowl of the 30's and the war declared in December, 1941 had been the cause of many people leaving the community.

At least 8 of those who had attended Sunnyside Schools were in the tornado. Mr. and Mrs. E. R. Sadler, Mr. and Mrs. Ezell Sadler, Leslie Louder, Mrs. L. B. Bowden, Weldon Bradley, and Mrs. Milburn Haydon. Mrs. Howard Bridges did some substitute teaching in 1932. The grocery store which was built in 1930 across the road to the south of the school has remained since that time. It was this same building added to and remodeled several times that was destroyed by the tornado. The new one had its grand opening November 2, 1960. It is a modern store in every way greatly enlarged and improved. For three years there were two grocery stores at Sunnyside. For about a year a laundry was located in the back of the other building. This building was sold and moved in 1936.

In 1935 the first irrigation well was drilled in the community, two miles east of Sunnyside. Since then they have been continually added.

In 1941 REA lines from Muleshoe brought electricity into the community. Work on Highway 51 was completed in 1941. Because of the war it was not paved until 1947. 26 boys from the community served in World War II, and the Korean Conflict which followed.

In 1945 Mr. and Mrs. D. G. Ax tell donated their farm to Boy's Ranch of Tascosa. It became known as Boy's Ranch Farm. A large home was built to house 8 boys and a superintendent and his family. It operated as a home until 1958.

In 1951 a gin was built by T. R. Hogan east of the store, a home, office and housing unit for laborers, and a house for the ginners was also built. All of this was destroyed except the gin proper and it was heavily damaged. Mr. and Mrs. Hogan and their married daughter, who was there for a visit, were in their home which was totally destroyed. The Ruiz family and Mr. and Mrs. Charlie Williams received serious injuries but escaped with their lives. Some of them were hospitalized for some time.

Mrs. Hogan sold the property and has not been back to Sunnyside since that night. She was in the hospital for some time. Neither she or her daughter were able to attend the funeral for Mr. Hogan. Rebuilding on the gin property began in June under the new owner and new manager.

In 1951 the El Paso Natural Gas Co. piped gas through the community and built a booster plant with a housing unit in the southwest part of the community. The tornado dipped down first at this plant causing heavy damage to a house across the road, the Kirkpatrick home in the Camp, the Jim Lackey home and to the plant itself. They were operating again within 12 hours although it was some time before it was back to normal. Although only one person, Jim Lackey was hurt bad enough to be hospitalized a new cellar has been dug on the east end of Camp because those on the east end of the Camp didn't have time to make it to the west end to the storm cellar after the warning was given. Rex Jenkins was torn that night between his responsibilities to the plant and his concern for the church and those there. He and his son were among those who did get away from the church in time.

In 1952 the Sunnyside community entered the Rural Neighborhood Progress Contest and won first place in the state that year. A community building was purchased, and a park completed. The contest did much to bring back a community spirit and encourage improvement.

In 1953 Mr. and Mrs. C. P. Gambelin opened a butane business north of the store. It was sold to Mr. and Mrs. Weldon Bradley in 1957. He added a fertilizer business in 1958. They were able to make a delivery the next day after the tornado, but were not back to normal for several weeks.

In 1954 a telephone system with an automatic switchboard was located just north of the parsonage. Almost every home was given this convenience of communications, largely due to the efforts of Ezell Sadler. This phone house was not damaged by the tornado.

In 1955 a grain elevator with a feed and seed store was built west of the butane business by Roy Byers of Springlake. Only the office was destroyed by the tornado. It was rebuilt and ready for operation by July. In February of 1956 Mr. and Mrs. Marlin Power opened a welding shop north of the butane business. It narrowly escaped the tornado. He was in the Amarillo hospital at the time fighting for his life.

In January of 1957 a farm to market road running east from Highway 51 to Hart was paved.

The first Homecoming of the community was held July 4, 1957 with 132 attending. It was decided to make it an annual affair.

On May 12, 1959 the Texas State Highway became officially U. S. Highway 385. It connects Old Mexico to Canada and is supposed to be a scenic route, but thus far it hasn't had much of a chance because precinct 4 in the County voted wet in 1959 and beer cans and liquor bottles now litter the scene.

Each year we see growth and improvements and even from devastation has come improvements. It is a bitter, expensive, painful way to get a new community, but we are thankful that God spared

us and that each one was able to rebuild. All homes but one were rebuilt or replaced. Though some remained in the hospital for some time there were no permanent injuries for which we are grateful.

It's during times of trial that we learn what our friends and neighbors mean to us. Even people we didn't know come to help because they realized a neighbor is one in need.

Looking back, we see in it a work of God. It shows us that through faith we can do all things.

Mrs. Roy Phelan who was with Mrs. Rogers at the parsonage feels God used them in giving the warning to the men at the church. She sees it as a living testimony to teach us that God always has a place for us to fill. Without the warning no doubt many lives would have been lost. Mr. Phelan got to the cellar behind the church with Mrs. Phelan.

It seemed to him like a short time. When he came out of the cellar everything was gone and his thoughts were what will we do? Later he knew with God's help we would rebuild. He expressed himself this way. "With the help of friends and neighbors and God we did rebuild. Give God the Glory." God's love and mercy were seen in another way. Many were not in their homes that night. Mrs. Charles Hedrick was in Springlake with her small baby. To her not being at home was a blessing because trying to get the essentials for a baby together would have caused such a delay they probably would not have made it out in time. She voiced the thought of many when she said, "the thought that comes through my mind afterwards could never be put on paper. Thoughts of thankfulness that my family was spared but

grieved others had been taken." She is thankful each day for the wonderful friends that offered their prayers, homes, love, help, and money. The things are so numerous that they can never be repaid. She expressed her belief that the experience has brought us closer to God in many ways. Her husband who was in the car with Mr. and Mrs. E. R. Sadler and Myles, says there was not much time for thought until it was over, but afterward seeing people that were hurt and killed showed him the real power of God. He still has a fear of clouds and horror of heart just to think of that day.

Mr. and Mrs. Roy Lalley and family were in Dimmitt. Their house was completely destroyed. Mr. and Mrs. Jerry James and family were at his parents. Their home was completely destroyed. Mr. and Mrs. Jackie Byrd were at her parents and their home on the E. R. Sadler farm was completely destroyed. The Frank White family just made it to the Bradley basement and their house on their property was destroyed.

The tornado was also being discussed last Sunday afternoon in the home of Mr. and Mrs. E. R. Sadler where a family dinner was taking place. The E. R. Sadlers, Mr. and Mrs. Ezell Sadler, Mr. and Mrs. Robert Paschal and children who survived the storm. Mr. and Mrs. E. R. Sadler, Myles and Charles Hedrick were leaving the store trying to get home. Their car overturned several times and landed upright on the church

grounds. Mrs. Sadler had been thrown out into the ditch which was full of water and mud. She thought this must be the end. It was some time before they were reunited, but she was praying that wherever they were they would be alright. She didn't see the destruction until much of the debris was cleared away because she was in the hospital several days. But even then she could see the handwork of God. During the year of rebuilding their own home, the store, and four rent houses she has remembered to be thankful for God's protecting love and very humble that he spared their lives and gave them strength and courage to rebuild. For a few minutes Mr. Sadler was stunned and didn't grasp the destruction except just one thing at a time. He felt like it was just the car involved until he saw the church. Then he felt like it was just the car and the church involved and etc. This was his reaction and the reaction of several others. The next day as he surveyed the damage he felt like

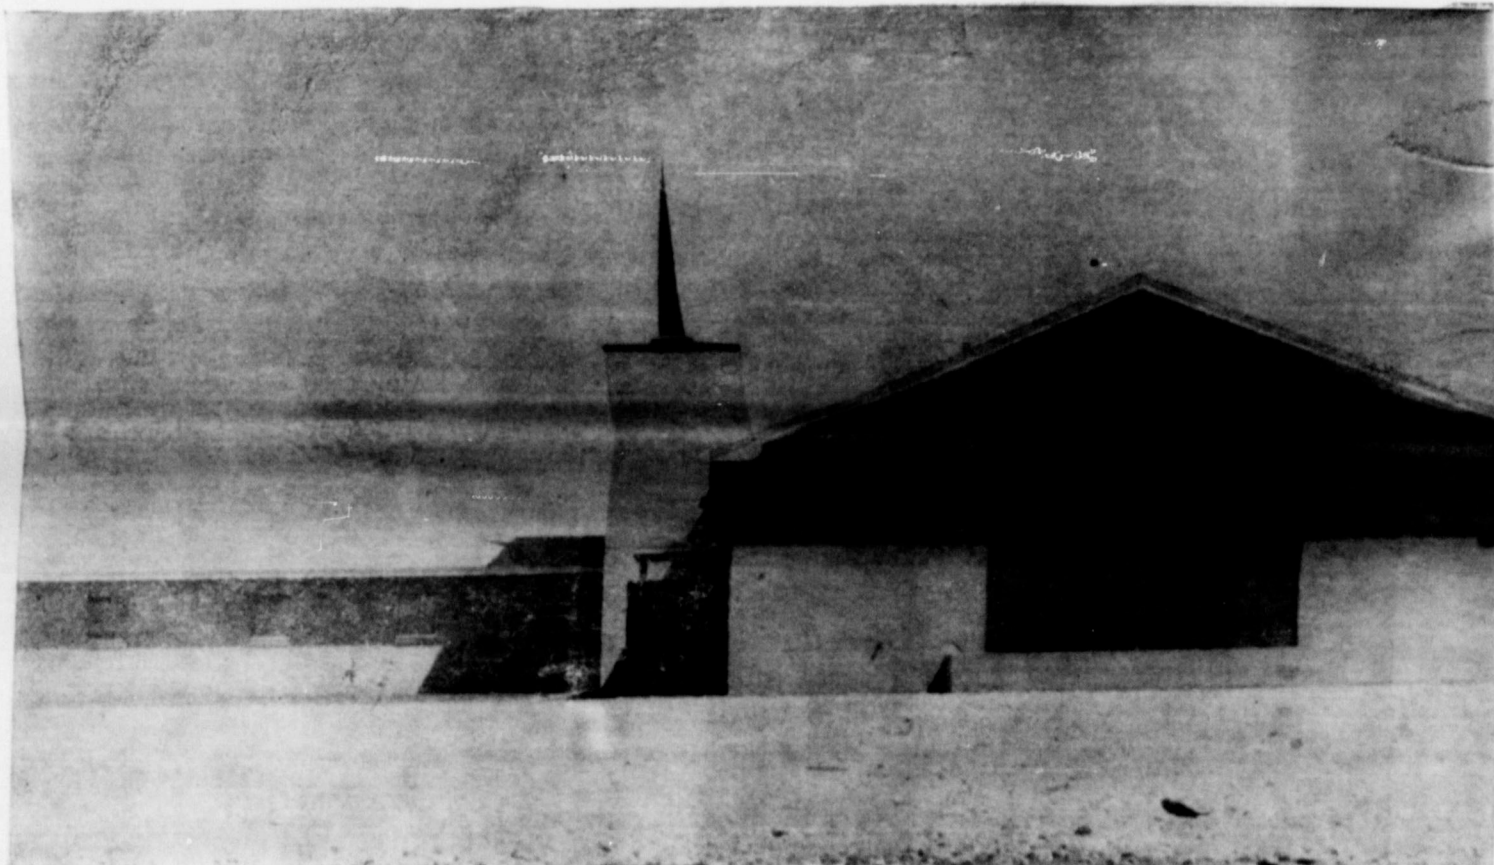

just walking away from it, but he realized he must go on.

Ezell Sadler and Robert Paschal were at the church when the warning was given. Mr. Sadler thought he didn't see the tornado went to his pickup and tried to get out but couldn't. He thought this was the end. When the debris began to come through the windows and windshield he got under the dashboard. When it was over he got out and went toward the church. There was a complete silence. No moans, no calls for help, just silence. He felt that everyone was killed and in a dazed condition he got back into the pickup. Then people began to come out of the cellar and he began to realize other houses were involved. He came to the Howard Bridges home to see about Mrs. Sadler who was there.

Kobert Paschel who was in the auditorium got to the Bridges home a few minutes earlier to check on his family who were also there. They both finding everyone

THE BAPTISTRY, PULPIT AND CHOIR SECTION — of the new auditorium depicts the love and care of the community, as most everyone in the area had a part some way in erecting the

church in the same location. Through hard work and donations by the members and contributions from persons outside the community the new church has been completed.

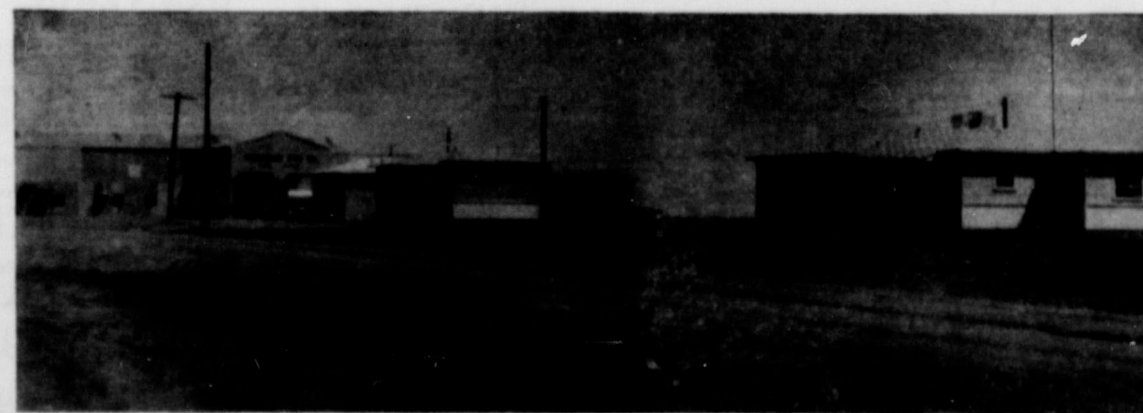

The nursery in the recently completed Baptist Church at Sunnyside has ample room and facilities for caring for small children. The nursery is equipped with a small range, refrigerator, cabinets and other nursery needs.

THE REMAINS OF THE CHURCH AT SUNNYSIDE — As the sun rose the next morning following the destructive tornado. The auditorium

was completely destroyed, part of the educational building was left standing.

Pictured at the left are workers clearing up the remains of the gin office, only one wall was left standing. The home of T. R. Hogan, owner of the gin was located just south of the office and was completely destroyed. Mr. Hogan was killed

in the tornado. At right are the newly constructed office building, cafe and residence erected on the gin lot which stands as proof of the undaunted spirit of the Sunnyside residents.

Left is the Sunnyside Grocery Store which was demolished by the tornado which hit the little community of Sunnyside one year ago. Above is the new store today which has been rebuilt, and

is completely modern in every way. This is Sunnyside's only grocery store and is owned and operated by Mr. and Mrs. E. R. Sadler.

275 Persons Attend Special Farmers Union Meeting April 11

Approximately 275 persons attended the special called meeting of the Farmers Union which was held Tuesday night in the Springlake School auditorium.

Lamar Aten, Director of Lamb County ASC office in Littlefield was the guest speaker. Mr. Aten explained to the farmers present the Feed-Grain program.

Full details were not available on the county average yield quota but should be available within the next week.

Bill Kimbrough, County Agent for Lamb County was present at Tuesday night's meeting.

Springlake Boys Place In District 3 - A Meet Saturday

Several Springlake High School boys placed in the District 3-A track meet held at Hale Center Saturday.

The meet was held in high gal-les and chilly weather, both of which hurt times.

Springlake will have a relay team in the regional meet which is to be held in Lubbock April 22.

In Saturday's events in the 880 yard run Hal Hudson won second, and Ronnie Dent sixth.

High hurdles B. Barlow fifth and A. M. McGowan sixth; 440 yard dash, Don Layman, sixth; low hurdles, Barlow fifth; mile run, Carl Sanderson first and Bob Lawrence fifth; mile relay, Springlake came in second; pole vault, Bill Starkey second, A. M. McGowan third; shot putt, Kenny Oden sixth.

Floyd Couch Injured In Farm Accident Saturday

Floyd Couch was injured Saturday while grinding feed on the Allison farm near Earth.

The accident occurred about 10 a.m. when Mr. Couch's clothing became entangled in a shaft on the feed grinder. He was alone at the time of the accident. Couch was wearing a suit of Khakis and a pair of coveralls which became entangled in the machinery and was torn from his body. As the shaft wound up his clothing it caused the motor of the tractor to stop, which was turning the shaft of the grinder.

About the time Couch got himself freed from the shaft Oscar Allison came along and took him home. He was taken to Earth Medical Center where he was found to have both legs badly bruised and lacerated from his knees down to his ankles. His left hip and left arm were also badly bruised. He was treated and released.

Mr. Couch is employed by Allison Brothers on the farm and he and his wife live eight miles west of Earth on Highway 70.

H. H. Hooten Injured When Car Jack Breaks

Haskell H. Hooten of Borger was injured shortly before noon Tuesday when a car fell on him while he was working in the Robinson Brothers Trucking Company garage. Hooten is a mechanic for the company.

He was changing the oil in a car, when the cylinder of a hydraulic jack ruptured and the car fell on him.

He was taken to North Plains Hospital where his condition was listed as "good" Wednesday afternoon.

Hooten, a former resident of Earth, is the son of Mr. and Mrs. R. C. Hooten and the brother of Mrs. L. E. Sloan of Earth.

Party Line.....

C. L. Johnson, Littlefield, father of David Johnson was admitted to the Littlefield Hospital last Thursday for medical treatment. His condition is considered fair.

Mrs. Clennon Williams, Olton spent Monday with Mrs. Jack Hadaway.

Sharon Hay Is Receptionist For Dr. Holt

Miss Sharon Hay, daughter of Mr. and Mrs. Cullen Hay has accepted a position as receptionist for William D. Holt M. D.

She began her duties Monday, April 10, in The Earth Clinic located in the Earth Hotel building on the north side of Main Street next door to Paul's Super Market.

Miss Hay graduated from Springlake High School in 1959 and attended Abilene Christian College one semester.

She also attended Harding College in Searcy, Arkansas.

She moved to Earth in 1961 from Tipton, Oklahoma.

News - Sun Wins Award At Press Meet

Mr. and Mrs. Ross Middleton, publishers of the Earth News-Sun attended the 52nd Annual Panhandle Press Association convention held in Amarillo, Friday and Saturday of last week.

Awards were made at a breakfast Saturday morning in the XIT ballroom of the Herring Hotel.

The Earth News-Sun received a third place certificate on best commercial printing contest. Also honorable mention was received on special edition and general excellence.

W. E. Garets, chairman of Texas Tech's Journalism Department announced the winners.

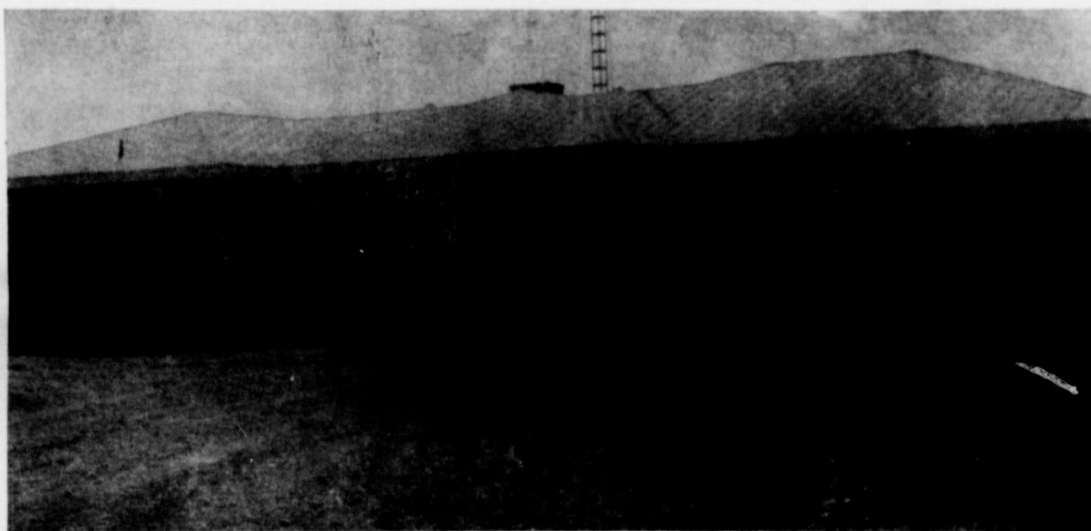

Party Line.....

Mr. and Mrs. Bearden and Cheryl of Floydada were Sunday dinner guests of Mr. and Mrs. Gerald Inglis.

Mr. and Mrs. R. L. Drake visited Sunday afternoon with Mr. and Mrs. V. D. Coker.

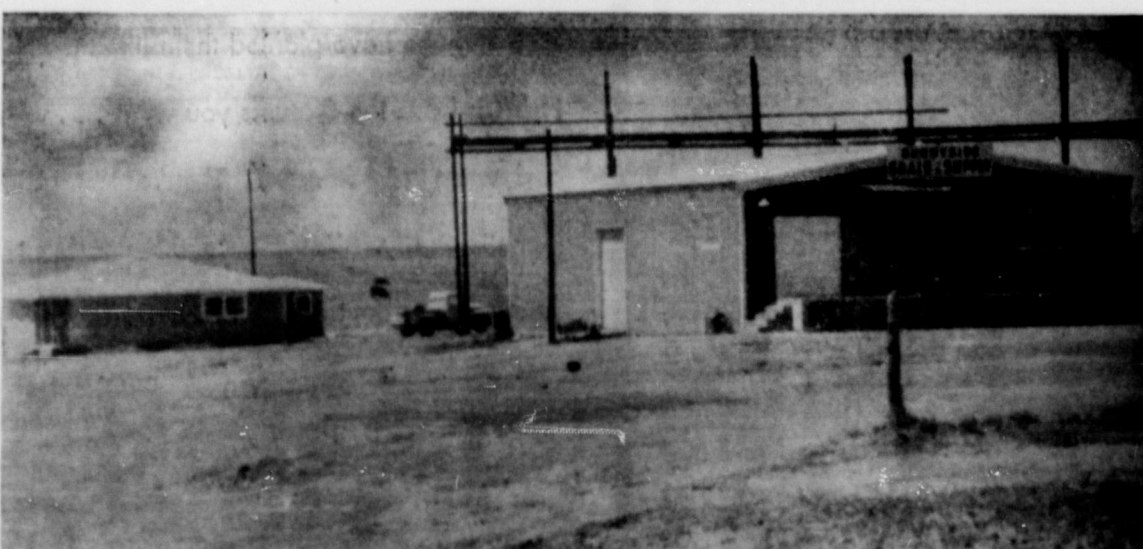

Kenneth Walker, Ray Glasscock and Rocky were in Muleshoe on business Sunday morning.

L. E. Sloan and Bobby were in Littlefield Friday afternoon on business.

THE HOWARD BRIDGES HOME Above looks as though it was never touched by the tornado when it swooped down on the community. But part of the roof and garage were ripped from the foundation as the winds struck with such vicious

force. Several ladies were gathered in the Bridges' home enjoying group singing when the storm struck. Miraculously no one was injured. Shown at left is the kitchen of the Bridges' home following the tornado.

The Sunnyside Grain and Supply office was completely destroyed by last year's tornado. A new office has been built and a new three bedroom home has been added to this property to house the manager of the elevator owned by R. L. Byers, Jr. of Springlake.

Sunnyside Community Completely

CONTINUED FROM PAGE 3

alright went back to the church. Mr. Paschal had crawled under a pew as the tornado hit and he remembers the pew moving and him trying to move with it, and then things falling on him or people walking on him and then he blacked out. When he came to there was talking and confusion and activity everywhere.

Mrs. Ezell Sadler and Mrs. Ko-bert Paschal and children were in the Howard Bridges home for choir practice along with Mrs. Bridges, three women from Hart, whose husbands were at the church, Mrs. Milburn Haydon, and myself. We got suspicious of the calm after the hail and rain and got up and watched the cloud through the window. When Mrs. Sadler and I realized it was a tornado we told Mrs. Bridges who came and looked at it. It was right on us then but we didn't realize it. We all got to the living room before it hit and got down by the inside wall except for Mrs. Sadler who was in the entrance hall. When you are watching a tornado and can't tell if it is getting any closer you will know that it is coming right toward you and you don't have much time to find protection. We thought it was a good distance away when it hit. Mrs. Sadler perhaps expressed the sentiments of all of us when she said she felt like the Lord was very near and was watching over us.

Mrs. Percy Hart from Hart was thoughtful enough to blow out the lamp which had been placed on the piano when the lights went out.

It was some time before I realized anything but this one house was involved. I never did think that anyone to the south had been involved until I saw my brother the Leslie Louder family, and someone told me their house had been destroyed too. They all fell to the floor in the living room as it hit. They were moved around as the roof went off and the walls were shaken. It sounded as if it had exploded. They thought it was the floor moving but instead it was them. They held to each other and lay across the three girls but he still had to lock his legs around the divan to stay down. During the time they were just stunned. Now it seems like a bad dream and yet it seems very real too.

Mr. and Mrs. Art Olivarez who lived on the E. R. Sadler farm were at home and their house was completely destroyed yet they escaped with only minor injuries. A house on the Roy Cluck place was completely destroyed, but it

was vacant at the time. Five homes including the Howard Bridges home were heavily damaged in addition to the 13 homes destroyed. Some of the people involved had rather not talk about it. They want to forget it. Others feel there is no way to express themselves. One of the group of R. A. boys who were from Bethel Church in Plainview, was heard to say that night "boy I don't ever want to come here anymore." But perhaps he'll have a desire to come to the open house and dedication Sunday. Reporters and others have asked why the people rebuilt on the same locations. Why not? This is home. It could happen again, yes. But it could happen any other place we could think to build also. We'll all be more careful in the future concerning clouds. Several have built storm cellars, others will yet, but some who had cellars were not in them that night because they were not warned. We are in a district hard for radar to cover. I think we must use common sense and take shelter any time a bad cloud comes up even if we have not been warned. Even if no tornado develops.

Our prayer is that those who have helped us through this disaster will never have to experience a similar one.

Party Line...

Mr. and Mrs. John Laing were Sunday night supper guests of Mr. and Mrs. J. M. Edwards of Littlefield.

Mr. and Mrs. R. M. Keetch, Amarillo visited on Wednesday afternoon of last week with their daughter Mrs. B. V. Maples.

Mrs. Bill Nichols, Dimmitt is spending this week with her brother Mr. and Mrs. Glenn McCleskey.

"These days a voice crying in the wilderness is usually a real-estate developer advertising a new tract."

LAMB WRECKING CO.

Gather up all that junk lying around and you can turn it into dollars in your pocket by taking it to the Lamb Wrecking Co. located at 905 W. Delano. They will pay you the highest prices for your junk. Their phone number is 385-3801.

We all have junk around our

home or farm that is useless to us. It is not only useless but impairs the appearance of any yard. With very little effort, you can gather this up and on your next trip to Littlefield bring it in to Lamb's and they will sort, weigh, and pay you for it while you wait.

Any piece of metal that is junk can be sold. Copper, brass, lead,

bronze, and aluminum will bring the highest prices. Old motors bring a lot of cash to folks in this section who take them to Lamb Wrecking Co. This firm has built a fine reputation for reliable dealings and this review recommends them to all in this section who have junk or scrap metal to sell.

WARE'S DEPARTMENT STORE

For fine clothing it's Ware's in Littlefield. This store is headquarters for stylish, up-to-date clothes for women. They also carry a complete line of styles for business men and persons who prefer smart, conservatively styled garments. The best that can be afforded can be obtained here

at reasonable prices. You will find every style to be the latest at Ware's in Littlefield.

Here the stock is complete and sizes range in all variations assuring perfect fit. Next to style and value, there is nothing of a greater importance to the discriminating buyer than variety. Their stock of Mens wear, hats,

ties, shirts, handkerchiefs, under-clothing and pajamas is varied to suit any man's taste. Here you will find just the right accessories to complete a most distinctive appearance. Men and Women who are interested in stylish, serviceable clothing will go to Ware's in Littlefield. Phone 385-3838.

WESTERN BUILDING and PLUMBING

Beat the summer heat by letting the Western Building insulate your home immediately. Your home will be degrees cooler in the summer after insulation with Western Building. Phone 385-3644.

Insulation and weather stripping is a year around, sound investment. Business men are urged to have their buildings insulated for

the comfort of their customers and employees. Home insulation and weather stripping can be done on convenient monthly payment plans with nothing down and as long as 36 months to pay. Western Building will furnish, without obligation, estimates on their insulation.

They have inaugurated a new service for the convenience of the public. This firm offers home re-

pair of all types. There is no need to let your home have that rundown look when you can have the work done and pay for it in small monthly payments. Remember . . . if it needs repairing, be sure to contact Western Building located at 100 S. Sunset Ave. in Littlefield if your home needs insulation or field.

C. and O. CLEANERS

The C & O Carpet and Rug Cleaners with plant located at 311W 4th in Littlefield, can give your rugs a longer life and more beauty. Your rugs take a considerable amount of wear and tear the year through from the snow and mud of winter to the dust of sum-

mer. The daily vacuuming is a surface vacuum only and does not get the deep down dirt out. It does not remove the fine particles of dirt that become ingrained in the fibers of your rug, detracting from its natural beauty and luster. The C & O Cleaners clean wall to wall carpet in the

home. They use the new Pyle lifting vacuum. It removes sand that no other vacuum will do. Carpets are ready to use in 4 hrs. C & O features the Laboratory tested mothproofing and shampooing rug cleaning process, preserving and prolonging the life of the fabric.

SPUDNUT SHOP

112 - 3rd St. Littlefield, Ph. 385-4346 and 322 Main St. Muleshoe

This shop features tasty delicious Spudnuts that you will enjoy. When going on a picnic, fishing trip, or any outing where you will want a tasty snack. Be sure to drop by and pick up a large sack of healthful and nutritious Spud-

nuts. Only the finest of ingredients are used in making the Spudnuts. If you were making Spudnuts at home you could not use more sanitary precautions or utensils than this shop requires. Be careful of

your health and always be sure of the food you eat. You can rest assured the Spudnuts made by us in our shop are good for you and you will like them. Remember to pick up a sack.

DILLON LUMBER CO.

This paramount Lumber Company located in Littlefield at 1301 E-9th features a complete supply of lumber in stock at all times.

Perhaps you are among the many persons who are planning to remodel and repair your home or business establishment or build on to your present structure. If so, contact the Dillon Lumber Co. Phone 385-4620. They are al-

ways willing to lend a helping hand and provide excellent suggestions to persons with building problems.

There is really no need to live in a home that is in need of repairs when it is so easy to have it remodeled and repaired to fit your needs and comfort. They carry in stock at all times many items necessary for remodeling, such as asbestos siding, roofing

materials and specializing in luminal paints and varnishes.

Regardless, if your building or remodeling problems are large or small you will receive courteous attention from the employees here. Don't put off building that extra room or repairing your home when you can get it all done in Littlefield. See them for all your building needs.

CHISHOLMS FLORAL

When your heart has a message, say it with flowers. Be sure you remember the one you love with flowers on an anniversary, birthday, or any special occasion. For flowers to suit the occasion, go to Chisholm Floral, located at 620 E. 5th St. in Littlefield. For flow-

ers by wire, phone 385-4461.

Whether it is a corsage, bouquet, burial wreath or flowers for the sick room, you will find just what you want here. Chisholm Floral in Littlefield always has on hand a wide variety of the most popular flowers and colors that are beautiful and fresh. They cordially invite you to stop in on your

next trip to Littlefield and see what a beautiful corsage or bouquet you can get here at a price you can afford.

In the guide to better business review, we suggest you remember the name Chisholm Floral whenever you need flowers, no matter what the occasion.

BIRKELBACH MACHINE SHOP

This reliable establishment is located in Littlefield at 1012 E. 9th. You can depend on this firm to get the job done properly whether your problems are one for machinists, welders, irrigation pump rebuilding, gear head repair, also sales and service for Peerless Pumps. They also specialize in all these lines and will go anywhere

at any time.

To properly repair machinery and replace broken parts takes years of experience. Many times inexperienced workmen have done additional harm to machinery by just half repairing a breakdown. You don't have to take chances like this. Take your problem to a firm

that has experienced employees, one that gives personal attention to every job, and a firm that will not put unjust charges on your repair bill. Remember the name Birkelbach Machine Shop in Littlefield when you have machinery breakdown or machine shop work to be done. Phone 385-3723, nights 385-4783 or 385-4853.

FISHERS RESTAURANT

West Texas headquarters for choice steaks is located at 431 Phelps Ave. in Littlefield. It is one of the leading dining places to be found in this section. Their patrons consist of not only people from Littlefield, but from the entire trade community for miles around.

ing a home, visit L. D. Morgan Contractor and see their foundation service. Your assurance of a home for a lifetime. From home remodeling to heavy concrete construction, it's L. D. (Dean) Morgan General Contractor in Littlefield. Building to suit you, building to save you, qualified through experience and service. Whatever your needs call us day or night, phone 385-4335.

Webelos Resume Meetings --

Den 3 met Monday afternoon with one visitor, Jimmy Craig Goodwin present. The group finished trains that were started during the month of March, under the direction of Mrs. W. D. Holt and Mrs. Oran Parish. Mrs. Jerry Kelley served refreshments.

Den 4 did not meet due to the illness of the Den Mother, Mrs. James Lackey.

Den 1 met Tuesday afternoon. The group spent the afternoon painting Cub Scout plaques and flying planes made during the afternoon under the supervision of Mrs. Weldon Barton, Den Mother. Gliders were sent home with the boys to be made. Mrs. Barton served refreshments of Cokes and cookies.

Den 2 met with 8 members present. The group discussed airplanes following a short report on airplanes and air travel by Mrs. James Busby, assistant Den Mother. The group then made glider planes and paper planes under the guidance of Mrs. J. A. Littleton Jr., Den Mother and Mrs. Busby. The boys also made preparation for the pack meeting. Jimmy Littleton, Kent Coker, and Steve Sanderson gave book reports. The rest of the afternoon was spent playing a game with airplanes. Mrs. Littleton served Spudnuts to the group. Den 2 will meet at the James Busby home next Tuesday in Springlake.

Webelos met Thursday night with 8 boys and the Den Chief, Jack Rylant, Jr. present. Jim Glasscock is serving as the leader for this den. The evening was spent in getting acquainted and discussing the coming programs. The group will start working in leather craft this week. The group meets on Thursday nights at 7:30 at the community building.

Mrs. Lena Hite In Camden, Arkansas

Mrs. Lena Hite left Tuesday for Camden, Arkansas where she will attend the Doolittle Reunion which is to be held Thursday, Friday and Saturday of this week, in the Camden Hotel.

Lowell Hite, owner and operator of the Camden Hotel, was one among the men Captured in the Doolittle Flight.

Hite was with the carrier based army aircraft led by Brig. Gen. James H. Doolittle at the time Tokyo, Japan was bombed on April 18, 1942.

Lowell is the son of Mrs. Lena Hite of Earth and gave his mother a special invitation to attend the reunion.

This reunion is an annual affair which was started in April 1946 after the release of the Doolittle men in August 1945. This reunion is held each year at different points in the United States.

Among those to be present at the reunion in Arkansas are Doolittle, Bob Hope and Rosalind Russell.

Mrs. Hite plans to extend her visit with her son several days after the reunion.

Tips on Touring

By Carol Lane

Women's Travel Authority

Professional Advice

Why is driving like a sport? Because the "pros" are better than the amateurs. The reason: practice and care about details.

These tips can help you add a professional touch to your driving. Sit up straight, four to eight inches from the lower rim of the wheel.

Get seat belts and use them. Get the "feel" of a strange car before you drive it for any distance.

Keep your eyes moving. Be aware of everything around you, not just the road ahead.

Always look for an "out"—a safe place to swerve in case of trouble. At night, dim the instrument panel lights to reduce eye strain. If the lights from an approaching car bother you, glance to the right side of your lane. Don't speed in the dark; it cuts the distance you can see.

When coming to a stop, pump your brakes gently and ease up to the stop. It's easier on you, the car, and the fellow behind.

Check the rear and side view mirror before passing and allow plenty of room before getting back in lane.

When someone passes you, slow down, dim your bright lights.

Keep your car in top condition. This includes "little" things such as windshield wiper blades, tire pressure, blinker signals.

Youth-Led Revival To Begin Friday Night At Baptist Church

The youth-led revival to be held at the Earth First Baptist Church will begin Friday night, April 14. Services will be held three nights in succession with the young people also having charge of the day services on Sunday.

Mike McClung will do the preaching and Monty Ward will be in charge of the music. Both boys are seniors in Plainview High School.

Services will be held at 7:30 p.m. each evening with a fellowship hour after the services on Friday and on Sunday.

On Sunday, April 16, the offices of Sunday School Superintendent and Training Union Director will be filled by Bob Lawrence and Carl Sanderson respectively.

Luncheon Saturday

A covered dish luncheon will be held at 12 o'clock noon Saturday, April 15 at the church building. The luncheon is being sponsored by the YWA for the young people and intermediates, in connection with the revival.

After lunch there will be a visitation period.

Last Sunday, April 9, the young people and intermediates of the First Baptist Church had dinner in the dining hall of the church building. After dinner the group did some visiting and extended invitations to the residents of Earth to attend the youth-led revival.

Approximately twenty five of the group visited the Old Folsom Rest Home in Amherst during the afternoon.

Rainbow Girls Attend Church Services in Group

The Earth Rainbow girls observed their anniversary Sunday, April 9 by attending church services at the Earth Methodist Church.

This is the annual custom. Sixteen Rainbow girls accompanied by members of the Rainbow Advisory board attended in a group. Mrs. Marvin Beem, Mother Advisor, Mrs. Jerry Kelley, Mrs. Pete O'Hair and Mrs. Marcus Messer accompanied the group.

Lester Richburgs' Move To Hart

Mrs. and Mr. Lester Richburg moved last week to Hart where he is engaged in farming. He is also farming the J. S. Henderson place north-west of Earth.

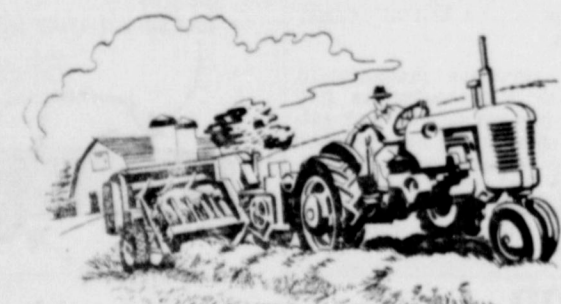

Mrs. Richburg, who is employed at the Springlake School Cafeteria, and their daughter Patricia, a fifth grade student in Springlake School will continue in their work at the school until the end of the term.

The Richburgs have one son, Gene who lives at Hart and is engaged in farming with his father.

HELLO WORLD!

Mr. and Mrs. Rodney Balko are the parents of a baby girl born at 5:58 p.m. Wednesday, April 5 at the Littlefield Hospital and Clinic.

The baby weighed 6 lbs. one and one half ounces and was named Kelley D-Aun.

The father is manager of Gatewood Ford Sales.

The Balkos have 4 other children, Rickey, age 10, Kenny, age 10, Danny 6, and Janna 4 years of age.

Grandparents are Mr. and Mrs. M. H. Qualls, Fieldton and Mr. and Mrs. G. H. Balko, Lingo, N. M.

Mr. and Mrs. Max Goforth of Springlake proudly announce the arrival of a baby boy born at 4:30 p.m. Wednesday, April 5 in the Littlefield Hospital and Clinic.

The baby weighed 6 lbs. 3 oz. and was named Ronnie Miles.

The father is a farmer.

This is the couple's first child. Grandparents are Mr. and Mrs. Orbie Armstrong, Earth, Mr. and Mrs. Ernest Goforth, Springlake. Great-grandparents are Mrs. L. H. Randolph, and Mr. and Mrs. G. S. Armstrong all of Earth; Mrs. Janie Way, Springlake, Mr. and Mrs. J. W. Goforth of Hale Center.

Friendship Night At Earth O. E. S. Monday Night

Approximately sixty guests from Earth, Littlefield, Turkey, Muleshoe, Dimmitt, Plainview and Hale Center attended Friendship night at Earth Order of Eastern Star Monday night in the Masonic Lodge Hall.

Lajuana O'Hair introduced the honored guests which included Flora Best Boone, Past Grand Patron, and Pat Boone, Past Grand Patron of Littlefield, Raymond Wilson, Board of Director or Grand Chapter Benevolence of Dimmitt, Allene Young, District Deputy Matron, District 2, Turkey; and Ruth Dameron, Deputy Grand Matron, Hale Center.

Guests were registered by Galle Littlefield and Dot Parish and the theme being the Friendship cup, each guest was given a small white cup surrounded by red glitter name tags.

In the East was a large red glittered cup with the word "Friendship" coming out of it. Cut flowers were also arranged in the East.

The table was set with a net, five pointed star over a white cloth, with an arrangement of red and white carnations. Crystal and silver service were used.

Dainty sandwiches, pickles, olives, pie and coffee were served by Bertie Jones and Eula Kelley.

The program consisted of a poem on friendship by La Don Messer; A pantomime "The Ape Call" by Sharon Beem; song "I Can't Say No" by Janice Cowley accompanied by Zou Wilson.

There was the Friendship Wheel with all members and guests taking part.

Talks were presented by the Grand officers. Officers were all dressed in blue formal.

Eula and Marshall presented their daughter Lajuana O'Hair with a red gardenia corsage.

Each Grand officer was presented with a small book on Friendship from Lajuana and

Accidentals Attend Talent Auditions Tuesday Night

The "Accidentals" from the Springlake School attended the auditions for the Junior Chamber of Commerce Talent Show which held in the Littlefield High School Auditorium Tuesday night.

The show is set for 7:30 p.m. Saturday night in the Littlefield High School auditorium and no entry fee is necessary.

Winners will be featured on Lubbock TV.

At Tuesday nights audition, recordings were made of the numbers played by the Accidentals and will be heard over radio station KZZN Littlefield.

Party Line.....

The senior Methodist youth fellowship will have a Spiritual Life Retreat at Ceta Canyon, Friday evening and Saturday and the District officers for the new year will be elected at that time. This is a fine opportunity for the Methodist youth to experience a fellowship with God in nature and along with other youth.

The cost is only \$3.10 each and you bring your own bedding.

Earth - Springlake Youth Recreation Association Elects New Officers

The Earth and Springlake Recreation Baseball Association met in a called meeting April 6 in the Earth Community Building with approximately twenty-five persons attending.

Election of officers for the coming season was held. The following officers were elected Harold Britton, President, replacing Carl is Bills, Leon (Tuffy) Dent, Vice-president, replaced C. L. Berry, and Mrs. W. F. Williamson was re-elected secretary-treasurer.

Four new directors were elected to two year terms, Herschel Sanders, Larry Price, Jess O. Goode and James Sanderson. Remaining on the board for one more year were Howard Cummings, Buddy Adrian and Pete O'Hair.

Committees appointed for the organization were finance, Marvin Sanders, Chairman, assisted by Tuffy Dent, J. W. Dear, W. J. Rylant, Pete O'Hair, Billy Watson, James Sanderson and Eldon Hestand.

Sponsor's committee, Carroll McDonald, Chairman, assisted by Lynn Glasscock.

Coaches committee, C. L. Berry, Chairman, Carlis Bills, Buddy Adrian and Marcus Messer.

Field committee, Eldon Parish, Chairman, Larry Price, Dunk Williamson, Jess Goode, Clarence Kelley and Fred Clayton.

Umpire chairman, Leon Foster. Concession Stand Chairman, Mrs. Marvin Sanders, who also had charge of the concession stand last year.

Carroll McDonald was appointed to work out the Little League and Pony League schedules.

At last weeks meeting of the association the motion was made to abide by the Little League rules.

April 22 Work Day

Saturday, April 22 has been set as work day at the ball park. A new back stop will be erected, the field will be filled with dirt and leveled and a general clean-up of the dug-outs will be made.

Activities Scheduled For FHA Week

The FHA girls of Springlake High School are joining other FHA members all over the nation this week in observance of FHA Week April 9 through 15.

A full schedule of activities have been planned for the week.

Sunday, the girls all sat in a group during church services.

Monday was publicity day when the girls presented assembly at 10:30 a.m. in the school auditorium. Tags were also worn throughout the day by the girls in the FHA colors of white and red. An FHA meeting was held at 6:30 p.m. with the election of officers for the next school term. The eighth grade girls were invited to the meeting as guests.

Tuesday was beautification day and the girls planted red rose bushes over the campus and cleaned up the campus.

Wednesday was teacher appreciation day and a red rose was presented to each teacher by the class.

Thursday, today, fun day will be enjoyed when the girls will entertain the eighth grade girls with a party in the sandhills beginning at 4 p.m.

Fun night will be held Friday night when the Future Homemakers of Tomorrow's 16th birthday will be celebrated by entertaining members of the Future Farmers of America.

Saturday will be community day when the FHA members will visit elderly people in both Earth and Springlake. They will also wash car windshields in both towns that day. Mrs. Marie Slover is FHA instructor in Springlake School.

EARTH, TEXAS

Mrs. Oletha Sanders Selected Outstanding Citizen Of The Year

Mrs. Marvin Sanders, Springlake School Secretary, was named "Citizen of the Year" at the sixth annual Chamber of Commerce Banquet held in the Springlake School Cafeteria Friday night.

Bill Mann, who made the presentation, described Mrs. Sanders' community work by saying "there is no organization in our community that hasn't benefited from her efforts."

"This person is active in civic, school and church activities," Mann continued, "I have never known this person to ever say no when asked to help in any phase of community service."

Mrs. Sanders was in charge of the decorations for the banquet and had been introduced earlier in the program for the outstanding appearance of the cafeteria.

She received the honor most humbly and thanked the members of the chamber for naming her as their outstanding citizen. She said "I was waiting for them to present the award to someone else and was never so surprised when they called my name."

She had helped write a speech for the presentation to another citizen and parts of it were used in the speech about her.

Mrs. Sanders is the past president of the Good Earth Garden Club. She has served two terms as president of the Springlake PTA and holds a lifelong membership in that organization.

Heads Band Boosters

She is president of the Band Boosters, and for the past six years has served as superintendent of the young people's department of the First Baptist Church at Earth. She has been employed as the school secretary for the past four years and prior to that served as librarian. She moved to this area from Floydada in 1940.

Mrs. Sanders has two children, Sandy, a Springlake senior, and Prada Kay, an eighth-grade student. Her husband farms near Earth.

This is the first year the "Citizen of the Year" award has gone to a woman.

J. H. Angeley served as master of ceremonies for the banquet and introduced Carroll McDonald.

1961-62 CHAMBER OF COMMERCE DIRECTORS — Following the annual C. of C. banquet Friday night. Shown left to right are Ardis Barton, Carroll Blackwell, Paul Wood, Marshall Kee, Carroll McDonald, Paul Wood, Marshall Kelley,

Tuffy Dent, Paul Poynor, H. L. Evans, and Bill Beasley. W. G. Bryant and Ted Robbins are also new directors but were not present for the picture.

OUTSTANDING CITIZEN OF THE YEAR PLAQUE — Was awarded to Mrs. Oletha Sanders at the 6th Annual Chamber of Commerce Banquet in the school cafeteria Friday night before a crowd of approximately 130 persons. Shown with Mrs. Sanders is Carroll McDonald, Outgoing president of the Chamber of Commerce and Supt. Bill Mann Who made the presentation.

aid, out-going president and the 1960 Man of the Year, who gave the welcoming address.

Entertainment was by the Accidentals, a string combo of the high school. They played four numbers. Members of the group are Jerry Jones, Sandy Sanders, Ross Morris, Leslie Lewis and Bobby Sloan.

Warlick Carr, speaker of the evening, was introduced by Paul Poynor. Carr is a lawyer in Lubbock, has served as chairman of the Lubbock County chapter of the Red Cross and is past president of the Community Planning Commission. He spoke on "Good Citizenship."

"I get the feeling that most of

us are losing our enthusiasm for good citizenship that is necessary to lead our country on to greater achievements," Carr remarked. "Today it would be hard to name 20 men in our country that aspire you to greatness."

"There are two traits that are important to good citizenship," he continued, "Knowledge concerning public affairs and taking an active part in community work. One without the other will accomplish very little."

"There is no country in the world where the citizens have as much of a chance to gain knowledge as here," he said, "and we seem to put importance on this knowledge, but yet polls have shown that is quite a bit of ignorance concerning matters of governmental affairs."

"Concerning active participation in community affairs," Carr continued, "lack of knowledge hinders your efforts. The watch word of most of us today is to mind our own business being indifferent to what goes on outside our own little world."

He concluded his talk with "We don't realize how lucky we are to be here. We should devote more of ourselves to human usefulness."

In decorating for the banquet Mrs. Sanders had created, just inside the entrance door, a green lawn which featured a bird bath in one corner, and white wrought iron lawn chairs lining the center of the lawn.

A white picket fence with running roses and morning glory circled the north and west sides of the lawn. A white wall behind the fence made a lovely background for large yellow sunflowers.

The serving tables were laid with white and each one featured a row of yellow candles alternated with Japanese fans resting in a styrofoam base and flanked with forsythia and greenery.

The head table was centered with a beautiful arrangement of yellow lilies.

Seated at the head table were the guest speaker and his wife Mr. and Mrs. Warlick Carr, Mr. and Mrs. William L. Mann, Mr. and Mrs. Paul Poynor, Mr. and Mrs. Jarvis Angeley.

New officers and directors were introduced by Ardis Barton. H. L. Evans, 1961 president elect, resigned the post due to his health. Others are M. E. Kelley, vice-president; Barton, secretary, treasurer and these directors, W. D. Beasley, W. G. Bryant, Kelley, Evans, Paul Poynor, J. C. Black-

well, Paul Wood, Barton, Ted Robbins and Leon Dent.

Dinner was served by the Springlake eighth-grade girls.

Approximately 130 persons attended the affair.

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing — there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

AND JUST ONE
JET-SMOOTH
RIDE WILL
SHOW YOU
WHY!

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

*Official R. L. Polk & Co. registration figures show full-sized Chevrolets outsold the second-choice make by a record-breaking margin in 1960 — and Chevrolets continue to set the pace for the industry this year!

NEWS SHORTAGE

By Patti Mann

If our Wolverine News seems scant this week, we have reasons. All of us enjoyed the Easter holiday, but Tuesday found us with many dead lines to meet. You see, six weeks tests were Thursday and Friday. Consequently, the news staff has had a severe shortage of time. But those tests are important!

TRACK MEET

By Elisa Acevedo

The Track Meet that was scheduled for March 5 at Crosbyton was called off.

Also this same week, A. M. McGowan and Jerry Jones received their basketball jackets. The jackets are just like the football boys jackets except they don't have a number on them.

On Thursday these boys attended a track meet in Amarillo. The boys won every event except the following: sprints relays, low hurdles, 100 yd dash. The boys proved victorious as follows: Bill Starkey, Pole vault, Carl Sanderson, Mile in 5:02, Kenny Oden, Shot put 35' 6", Mike Stockard, Broad Jump 19' 7", A. M. McGowan, Ronnie Dent, Hal Hudson, Bobby Sloan, as a team won the mile relay in 3:42. A. M. McGowan won the 440 in 54.4, Don Sanders the 220 yd dash. Raul Munoz came in second in the hurdles, Hal Hudson won the discus in 107' 3".

TEACHER BACK

Mrs. Rubye Hodge is back in her typing, shorthand, and bookkeeping classes. She now has a little girl whom she named Teresa Lynette. She also has two sons.

Mr. and Mrs. E. E. Sloan, Mrs. Bud Elmore and Debra spent last Thursday with Mr. and Mrs. O. T. Loftis, Kress.

SENIOR IN REVIEW

By Julia Chance and Joan Gover

Linda Beasley, one of our seniors in review this week, is the daughter of Mr. and Mrs. W. D. Beasley. She has one sister, Pamela, who is in the eighth grade this year. Linda was born on May 8, 1943, in Quanah, Texas. At seventeen years of age, Linda is five feet three inches tall.

Moving here from Sudan in August of 1954, Linda is one of our prominent blonde-headed girls. With her beautiful fair skin and blue eyes, Linda is a very stunning girl.

She enjoys fried chicken and fried shrimp. Her favorite color is lavender. Her favorite movie characters are Elizabeth Taylor and Paul Newman. Her movie is "A Summer Place." She enjoys Paul Anka records. Her favorite song is an instrumental called "Exodus."

Her favorite book was "Of Human Bondage." Linda likes summer and dislikes loud mouth people. Her ideal car is the corvett. To work is her favorite pastime. Linda's pet peeve is smart alec people or show-offs.

The subjects Linda is taking this year are English IV, typing II, Civics, and homemaking III. Her favorite subject is English.

She was the first vice-president in FHA her junior year.

Linda thinks the most important quality of a person are honesty and optimism.

To attend ACC is her future plans; and to become a psychiatrist is her ambition.

Everybody Knows Now!

The annual staff has announced the selection of the most beautiful and most handsome honors. Linda Sanderson and Larry Tunnell were selected. The school had selected the three most beautiful, Linda, Judy Upchurch, and Norma Hamilton; also they selected the three most handsome boys: Larry, Ronnie Johnson, and Robert Cortez. Pictures of these school winners were submitted to the presidents of Texas Tech and West Texas, who selected the winners.

Mr. and Mrs. Bud Elmore and Debra, Mr. and Mrs. J. E. Elmore and David visited in Lubbock Sunday with Mr. and Mrs. Charles Morgan.

Seniors Receive Invitations

Thursday, March 31, Springlake Seniors received their graduation invitations. Approximately forty-two seniors of the graduating class ordered invitations.

The colors of the senior class, white and blue, were used in the lettering on the invitations. The customary graduation information: time and place, was on the inside leaflet of the invitation. Most of the seniors also received calling cards, thank you notes, and memory books.

DID YOU KNOW!

By Linda Lewis

Did you know that Springlake High School will offer Spanish for students to take this coming fall term of school? This subject has been offered before, but we have not had enough students to take it in the past so this will be our first year of Spanish to be taught in a number of years. About twenty students have already enrolled for this next school year in Spanish.

SENIOR IN REVIEW

By Joan Gover and Julia Chance

One of the seniors in review is Camilla Wheatley, daughter of Mr. and Mrs. A. E. Wheatley. She was born April 1, 1944, at Amarillo, Texas.

She is a cute seventeen year old blonde with blue eyes and fair complexion.

Whether Camilla eats at home or in town, she enjoys eating shrimp. She likes the color blue. When Camilla goes to the movie, she enjoys seeing Doris Day, her favorite actress, and John Wayne who starred in the movie "The Alamo." Her favorite singers are The McGuire Sisters while her favorite song is "Just For Old Time Sakes."

Her hobby is chewing gum. Her pet peeve is lying people. Her past time is swimming.

This year Camilla is taking Texas history, home economic III, band, shorthand, typing II and English IV with shorthand and typing her favorites.

In Camilla's opinion the most truthfulness with other people and most of all with herself.

Being a very active student during her high school years, Camilla has won two first place medals in the Solo and Ensemble Contest, first place in District Typing Contest, third in the Regional Typing Contest, and was in the junior play. She also held the offices of junior class treasurer, FHA president, band assistant librarian, and co-business manager on the annual staff.

Her favorite ambition is to be a good secretary, and her future plans are to attend college.

"UNDECIDED DECIDE"

By Julia Chance

Seniors, did you realize that you have approximately six more weeks of school until you graduate into new frame of life all your own. Some seniors plan to attend college, others plan to get married or work, but there are still some who are undecided.

As you look around at your fellow seniors and think of the things they plan to do, do you think of yourself and are you undecided? You aren't quite sure of the things you want to do. You might think of marriage, a four year college, a business school, traveling, working at a local store, working in a large city, and many other things that all add up to confusion. If you decide to attend a four-year college or business school, you have the confusion of deciding which college or school to attend. You will have to decide on a college or business school that your parents or you can finance and that you can get the best education for your money's worth in the field you choose.

It is best to decide your future plans early so that you are more sure of your financial situation. If you wait to decide until college enrollment begins, you stand the chance of not getting into college because of finances. Therefore, senior undecided, it is time you decide.

And, lo, the angel said unto them. Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.—(St. Luke 2:10)

For nineteen centuries uncounted generations have been repeating the glad tidings of the Child born in Bethlehem. Yet the message remains always new, always joyful ever more welcome in the troubled world of mankind.

Here's just ONE of 28 REASONS why . . .
YOU SHOULD COOK ON a GOLD STAR GAS RANGE

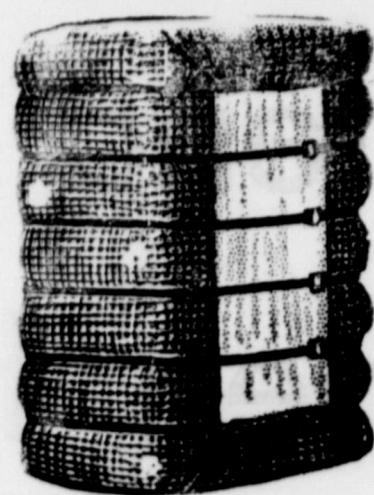

FLAME-FLAVORED, CLOSED-DOOR BROILING — Expert chefs agree that nothing brings out the juicy goodness of meats like a live flame. And the broiler door stays closed because Gas flames consume smoke! Twenty-seven other features, including automatic rotisserie and roasting controls, are your assurance of the finest range money can buy!

TRY THIS SIMPLE TEST Hold a lighted match an inch or so above the smoke from a cigarette and see how the smoke disappears. This is the principle of smokeless Gas broiling.

And remember FLAME-FAST GAS cooks at least five times cheaper than "oil-type" cooking

PROOFREADERS — Alice Jaquess, Marilyn Coker, Carla Glascock, Donna Rudd, Joan Sanderson, Helen Phillips

SPECIAL REPORTERS — Beth Dent, Pam Beasley, Pruda Sanders, Nancy Alair, Diana Gregory, Linda Ussery, Diane McNamara, Linda Starkey, Patricia Raught, Janey Randolph, Fidelia Garcia, Peggy Upchurch

SPORTS REPORTERS — Eighth Grade — Beverly Kelley, Darwin Sanders, Seventh Grade — Jacqueline Parish, Bobby Coker

Eighth Grade Has Banquet

The annual eighth grade banquet was held Saturday, April the 8th, at 7:30 o'clock in the school cafeteria.

The theme of the banquet was Mardi Gras. Decorations were based around New Orleans and the Mardi Gras.

The program started out with Jimmy Stone giving the invocation. The welcome was given by Beth Dent and the response by Bill Mann. Our speaker was Bernie Sarraudet. He spoke on the Mardi Gras and showed illustrations of the event. The Master of Ceremonies was Danny Byers, the president of the eighth grade class.

Entertainment consisted of Brinda Lea, Alice Janice Cowley, Miss Lea gave a reading and later sang "I Can't Say No."

The Four W's also performed. They sang three lively songs.

The Accidentals played several instrumentals and Sandy Sanders sang some.

THE MARDI GRAS THEME — Was carried out in table decorations for the eighth grade banquet, held Saturday night in the Springlake School cafeteria. Shown seated at the table in the foreground are Pruda Kay Sanders, Thomas Greg-

ory, Marilyn Coker, Janis Layman and Pamela Beasley. There are forty four students in the eighth grade class. Mrs. Laverne Sarraudet and Cecil Slover are the class sponsors.

Shrine Tuesday Treats

The class officers are: Danny Byers, President, Beth Dent, Vice-president, Peggy Upchurch, Secretary-Treasurer, Donna Watson, Reporter.

The class sponsors are Mrs. Laverne Sarraudet and Mr. Cecil Slover.

Class colors are lavender and white.

Class flower is carnation.

Class song is "Dreamland."

Mrs. Alma Stockstill is moving today (Thursday) to the house vacated by Mr. and Mrs. Lester Richburg.

Basketball Jackets Received

Thursday, March 30th the eighth grade girls of Springlake were presented their green and gold basketball jackets by Mr. C. L. Berry and Mr. Eldon Davis. The girls receiving the jackets were: Donna Watson, Brenda Townsend, Marilyn Coker, Peggy Upchurch, Pruda Kay Sanders, Alice Jaquess, Aline Powell, Linda Ussery, Janis Layman, Joan Sanderson, and Beverly Kelley. After all these girls received their jackets they went back into their English class, and Beth Dent just sat in her chair and started crying because she was told that her jacket had not come in. After while Mr. Berry presented her with her jacket. Almost everyone

but Beth had a big laugh out of the joke.

All of the girls are very proud of their jackets for the reason that they each had to work hard during the basketball season to be presented these beautiful jackets.

STUDENT IN REVIEW

On April 6, 1947 Joan Sanderson was born to Mr. and Mrs. W. G. Sanderson.

This year Joan is in the eighth-grade class. Her daily schedule is as follows: 1st hour-history taught by C. E. Fox, 2nd hour-math instructed by J. J. Davis, 4th hour-English taught by Cecil Slover, 6th hour-spelling and science taught by Mrs. Sarraudet.

Joan enjoys sewing and reading. She is going to learn to sew this summer.

She is a proof reader on the paper staff, where she also writes other articles for "Junior High Sounds Off."

Joan was on the A honor roll the 4th six weeks and expects to be on the A honor roll again the fifth six weeks.

Interscholastic League

This year students of Springlake Junior High are entering different sections of the Interscholastic League.

In declamation, where the students say poems, Bobby Coker, Jimmy Stone, Alicia Galloway, Beverly Kelley, and alternating are Lynn Hamilton, and Linda Ussery, are going to enter declamation.

In spelling, where the students study hundreds of words for preparation, Carla Glascock, Donna Kay Rudd, Pam Beasley, Jane Branscum, Cynthia Busby, and Anita O'Hair are entering spelling.

In picture memory Melodie Brock, Jimmy Lawrence, and Rickey West are studying and memorizing the names and painters of pictures.

In ready writing Peggy Up-

GENERAL TELEPHONE

COMPANY OF THE SOUTHWEST

A PROFITABLE COMBINATION . . .
LIQUID FERTILIZER
Applicator - Cultivator

GAUGE-WHEEL DRIVE UNIT—This is just one of the many types of Liquid Fertilizer Applicator-Cultivator units you'll find at your local Liquid Fertilizer Dealer. A highly versatile piece of equipment—with it you can fertilize before you plant, you can rig-up to fertilize and plant at the same time, side-dress and cultivate, and you can even apply insecticides as you cultivate and side-dress. See your local Liquid Fertilizer dealer and let him show you how easy it is to own a multiple-use unit.

THE WORKHORSE—This tank takes the work out of fertilizing. It is loaned to the farmer to haul his fertilizer to the field. Mounted on the tank is a pump and gasoline motor. The nozzle, which weighs about fifteen pounds, on the end of the hose, is the heaviest thing the farmer has to lift when he is loading his Liquid Fertilizer applicator. Why be old fashioned in modern day farming . . . use Liquid Fertilizers and let pumps and motor do the work for you. Liquid Fertilizer is never under pressure and it is not dangerous to handle.

SEE YOUR LOCAL LIQUID FERTILIZER DEALER IN THIS AREA:

Mr. and Mrs. Furchie Riley of Springlake, announce the engagement and approaching marriage of their daughter, Eleanor, to Ronnie Haberer, son of Mr. and Mrs. Johnie Haberer.

Weddings vows will be read June 1 at 8 p.m. in the First Baptist Church at Springlake.

Garden Club Meets In Bibby Home

The Springlake Garden Club held its regular meeting Thursday, April 6 in the home of Mrs. Orlan Bibby.

Projects for the coming year were discussed and the members voted to have a bake sale in May to raise funds to finance this year's program.

Marie Bibby presented a program on dividing and planting dahlias.

Refreshments of Cokes, Coffee, brownies and snack crackers were served to several members and one visitor, Mrs. W. C. White.

An arrangement of artificial roses centered the dining table.
