IMPROVEMENTS MADE AT WESTLAND HOTEL

Ross Lowrie is demonstrating his ability as a brick mason this week. He has just finished one of the most unique fish pools in town located on the South West corner of the Westland hotel property. Now he is curbing the entire property boundary of the hotel with brick to complete the terracing and add to the attractiveness of the landscape. Ross is no mean hand with the tools of the brick mason and is causing much favorable comment by his original ideas as pertaining to landscaping. More power to him and would that many other young men in the community would go and do likewise.

LUNCHEON CLUB

At the regular weekly meeting of the Lamesa Luncheon Club this week the semi-annual election of officers took place, and Judge Lewis B. Reed was re-elected as President of the organization. D. Floyd was elected as Vice-President, and Arthur Hull was re-elected as Secretary-treasurer. This club is most unique as a service club in that everybody may be a member. It has not missed but two meetings in the six years of its existence, and challenges any like club in West Texas on attendance.

The club has done much good in the community in civic work, public library for the county, social activities of the community and fellowship for the business and professional men of the city. It has cooperated most closely with the activities of the local chamber of commerce, and its members feel a close friendship tie with each other that assisted in making Lamesa the friendly city it is.

Terrapin Races Planned For Trades Day, Saturday, July 2nd. Creating Interest Throughout Territory

THE TERRAPIN races that have been planned for Saturday, July 2nd, in connection with the monthly trades day here are attracting quite a lot of interest. Already several ladies have called at the Courier office to inquire about this race.

TWENTY DOLLARS IN GOLD will be given to the lady whose terrapin wins. This is the way the race will be conducted: Any lady who comes to this trades day may enter a terrapin. The terrapin will bear the name of the lady who enters—that is the given name—which will be pasted on the back of the terrapin. The terrapin will be placed in an inner ring and allowed to run for the outer ring and the terrapin that crosses the outer ring first will be declared the winner. The races will

start at ten o'clock the morning of the second of July. The judges will be on hand to see that all ladies who desire to have their terrapins run at this time get the opportunity to do so. The races will be run each hour until four o'clock when the grand terrapins' race will come off. All winning groups in the morning and afternoon will run in the final race. The winner of the grand championship race will get the **TWENTY DOLLARS IN GOLD**.

Then—here is another to win with the terrapins. The Courier wants to buy all the terrapins that enter the races. We will give each lady who enters her terrapin in the race fifty cents in value for her terrapin in a subscription to the Courier if after she runs her terrapin she will bring

it to the the Courier office and register and leave it with us. If she is already getting the paper she will be given the opportunity to send the Courier to a friend if she likes. The idea, we have a need for these terrapins and in order to get them we will make this **SPECIAL** offer. It has occurred to us that the ladies who run the terrapins will want some way to dispose of their terrapins and not have to bother with carrying them home. We need these terrapins and will be glad to help the owners of them to dispose of them. Remember all terrapins eligible for the fifty cents value in Courier subscriptions must run in the contest during the day. Your terrapin does not have to be a winner to make it eligible to the fifty cent value but all that is

has to do is to enter the race at some time during the contest hours of the day.

Other contests will be held during the day and lot of fun will be enjoyed all through the day. Boxing—both men and women—is being planned. Races—fat men and women—in fact lots of contests and lots of prizes. Everybody will have an opportunity to win something.

For the lady who comes the farthest distance to enter her terrapin in the terrapins' race will get a nice merchandise prize worth her while—and to every lady whose terrapin wins in each hour group will go a nice prize which will pay for all the trouble.

REMEMBER—next Trades Day will be on Saturday, June the 2nd.

"EMMA" BRINGS MARIE DRESSLER TO PALACE THEATRE; LAMESA

Popular Star's New Talkie Deals With Vivid Phase Of Stepmother Problem

The story deals with an engrossing phase of the "stepmother problem" with Miss Dressler playing the role of a devoted family servant who mothers the children of a rich inventor as though they were her own.
