NUMBER 32

Floyd County May Get State Park to be Built by CCC Labor and Finance

Floyd County is in line to get a state park, to be built through CCC labor and with money furnished by the state and national government, so states a letter to Judge L. G. Mathews from R. O. Whitaker, chief engineer of the Texas State Parks Board.

The expansion program for the CCC camps and the Texas State Park program could easily include Floyd County if the county would furnish a park site. All that is necessary is that the land for the park be furnished and the state will furnish labor, supplies and technical supervision.

A new park building program has been started whereby several hundred thousand dollars will be spent in Texas at numerous points for improvement of sites and native land. The program can be handled through the local American Legion Post.

Post Commander L. G. Mathews appointed R. L. Snodgrass, J. M. Willson, J. H. Reagan as a committee to investigate the matter and see about a park site. Adjutant Walter Collins wrote a letter Tuesday morning to the Texas State Parks board for further information.

Applications For Feed And Crop Loans Being Taken at Relief Office

Applications of Floyd County farmers for feed and crop loans were started today in Floydada at the Floyd County Relief Office. Floyd County was placed in the emergency drought relief area last week, which action entitled them to participate in drought relief loans.

Farmers, needing drought relief loans to buy feed and plant forage crops, are making application through the relief office. These applications, after being given approval by a local committee, are forwarded to Austin for final approval. After approval in Austin the checks will be mailed direct to the farmers and will not be handled through any local office.

White Drug Company and Palace Theatre Celebrate Anniversary Next Week

The White Drug Company and the Palace Theatre will celebrate their fifth anniversary of business in Floydada with a free entertainment Wednesday of next week. These business institutions are located in the Palace Theatre building on West California street.

In appreciation to their customers a free picture show will be given Wednesday afternoon of next week starting at 12 o'clock. Shows will start at 1:30, 3 o'clock and 4:30 during the remainder of the day. Every one is invited to attend.

Elsewhere in this issue of the Plainsman appears an ad in which W. U. White, owner of the White Drug Company, and J. G. Deakins, manager of the Palace Theatre, express their appreciation for the patronage accorded them during their five years in the new building.

Mr. and Mrs. T. W. Whigham returned Monday from Mt. Calm, Texas, where they attended the funeral for Mrs. Whigham's and Mrs. E. E. Hinson's grandfather, A. E. Shock, held last Tuesday. Mrs. Hinson's and Mrs. Whigham's mother, Mrs. S. E. Rush, of Hatch, New Mexico, returned with them and will visit for a month.

Rev. and Mrs. I. A. Smith and son, I. A. Jr., and daughters, Mabel, Verlaina, Eula left last week for Orange Grove and other points on a three weeks vacation trip.

Dale and Herwin Strickland visited last week end in Wolfe City, Texas, with Mrs. Dollie Stone and at Kingston, Oklahoma, with Mrs. M. E. Blassegame. Mrs. Stone and Mrs. Blassegame are their grandmothers.

A. N. Gamble and Mark Duncan, of Lubbock, were business visitors in Floydada last week.

R. H. Carmichael left Saturday for Galveston on a business trip. He returned this mid-week.

Floydada High School Purchases 21 New Typewriters for Department

A deal was completed last week whereby the Floydada High School purchased 21 new typewriters to be used in the typing department of the commercial studies. The new machines will be put in use in September.

For the past few years the school has used Underwood machines but this year Woodstocks will be used.

R. H. Carmichael In Conference With M-System Executives This Week

R. H. Carmichael, owner of the M-System Grocery and Market in Floydada, was in Galveston this week where he conferred with officials of L. W. Reed and Company, distributors to M-System stores.

Mr. Carmichael was given access to boat load purchases and importations of fancy merchandise, through Texas ports. By this method Mr. Carmichael can bring fancy merchandise from neighboring countries direct to Floydada consumers at a saving.

Marine Corps Vacancies Will Be Filled in Limited Monthly Installments

New Orleans, Louisiana, July 16.—The United States Marine Corps District office in New Orleans announces that the vacancies recently created in the Marine Corps by Congress will be filled in limited monthly installments during the next few months.

The number of qualified applicants in June was greater than could be accepted in the authorized June installment. The excess was carried on the waiting list to be accepted in July.

The Marine Corps is the only military service in the world which requires that its accepted applicants must have the educational qualification required for entrance to college. Only those who are graduates from high schools or have equivalent education from other schools are accepted.

This high standard is maintained because Marines must be capable of learning quickly the arts of all arms of the military service ashore and of the naval service on board battleships and cruisers.

The Marine Corps is the Navy's little army, and serves on board the Navy's battleships and ashore in our overseas territory and in foreign countries when it is necessary to land forces to protect our interests.

Our "soldiers of the sea" are our "foreign legion." They are always ready to embark on our naval vessels and proceed where there is trouble or trouble expected, ready to land instantly.

"Soldiers and sailors too," they fall in with either the army or navy and know the arts and habits of both.

While their educational qualifications are equal to those required for entrance to college, their physical standards are rigid. They must be over 18 years old and not under 66 inches tall. Also they must furnish evidence of character and good standing. Their duties and responsibilities require exemplary men who can be trusted to act with credit for our country throughout the world in different situations.

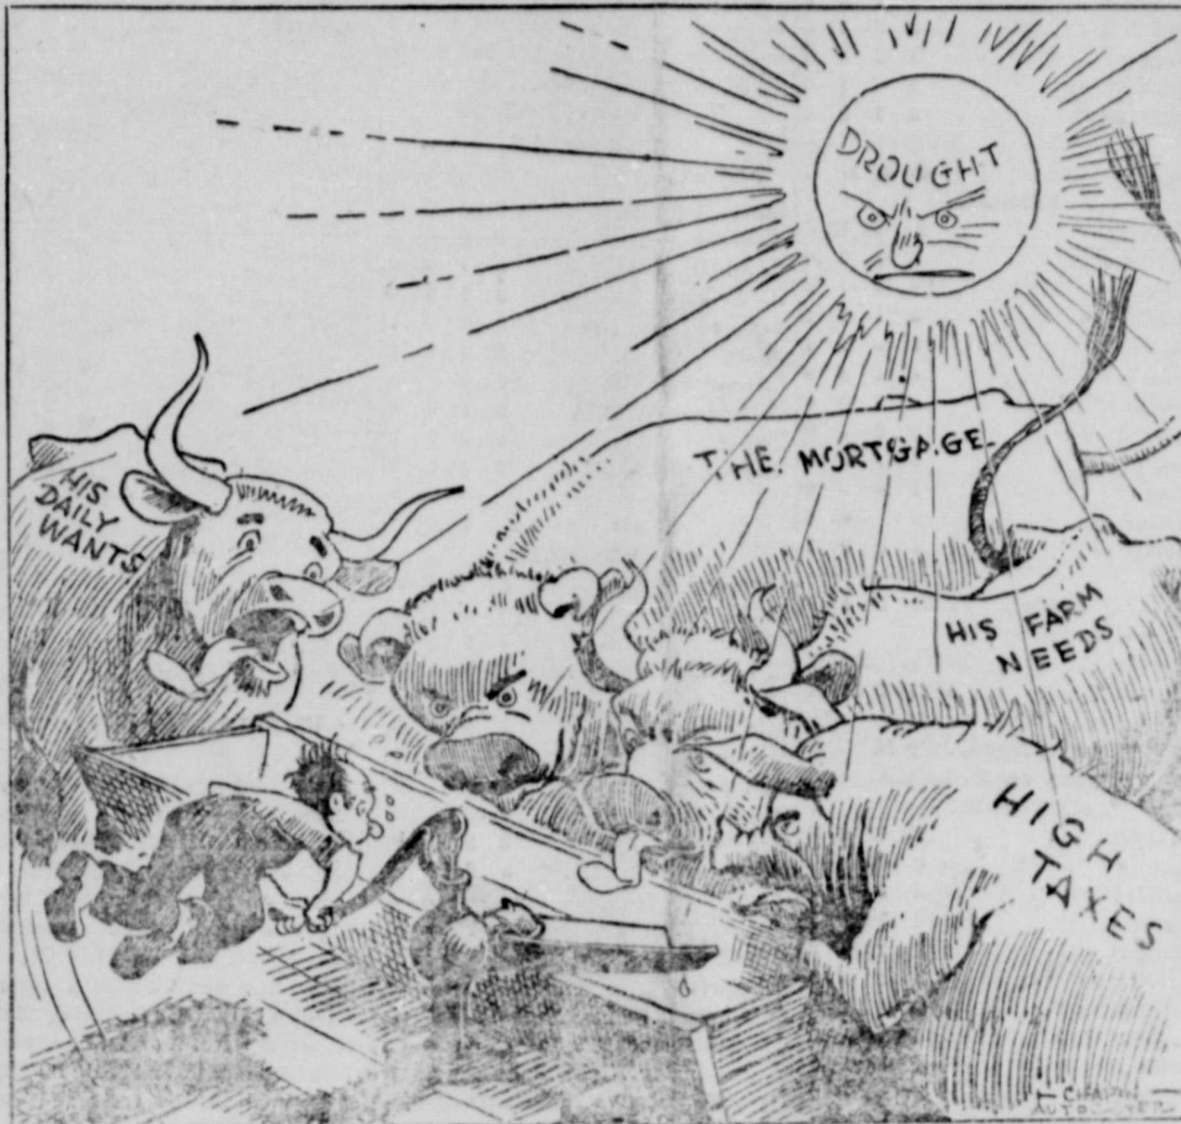

This splendid corps with its opportunities for travel and varied service attracts many applicants from which only the most select are accepted.

The U. S. Marine Corps District Office, 535 St. Charles St., New Orleans, La., receives by mail and considers all applications from Louisiana, Texas, Oklahoma, Arkansas, and Mississippi, and is the only office, except the U. S. Marine Corps District offices in Savannah and Macon, Ga., where applicants in the Southern states are considered, examined, and accepted.

Mr. and Mrs. Stanley Johnston and Herbert Sparks, of Pomona, California, arrived Thursday for a visit in Floydada with relatives.

Mr. and Mrs. W. H. Seale went to Plainview Sunday where they visited with their son, Jesse Seale and family.

D. R. Badgett Wins Suit Against Compress Co. For Cotton Loss

D. R. Badgett, of Center, this week recovered judgment against the Panhandle Compress and Warehouse Company in a suit for damages which grew out of the Compress fire in Floydada on October 31, 1933. The suit was tried in Floyd County court.

The case was tried Monday and the jury returned the verdict in favor of Mr. Badgett on Tuesday. Mr. Badgett recovered judgment for \$101.44 for two bales of cotton destroyed in the fire which also consumed several hundred other bales.

Several other Floyd County farmers had cotton in the warehouse and compress when it burned last year and other cases growing out of the cause are pending. The Badgett case was the first of the cases to be tried.

Attorneys for the defense immediately filed notice of appeal of the case.

Government Cattle Buying Program to Start In Floyd County Soon

The government's cattle buying program will be started in Floyd County within the next few days it has been indicated. Application will be taken at the office of Glen A. Lindsey, county agent.

After the application has been taken on an appraiser and veterinarian will look over the cattle that are to be sold. Concentration points are the Q. A. & P. stock pens and the Santa Fe stock pens in Floydada, with emergency points at Fort Worth and Denver stock pens at Lockney and South Plains.

A foreman for the entire county and 8 assistants will be in charge of the shipping. Two men will be stationed at each stock pen, and will be employed from the direct relief rolls. Further details of the cattle buying program will be had just as soon as the complete set-up is received for Floyd County.

ARMY RIFLES AT McDERMOTT POST LEGION HALL BECOME PROPERTY OF LEGION

Several army rifles, which have been used at the McDermott Post American Legion in Floydada for several years since the post was awarded a charter, have become the permanent property of the local legion.

These rifles, owned by the government, had been only assigned to the local post until awarded.

Mr. and Mrs. Clayton Teague have returned from Crowell and Paducah where they had been visiting.

Seed Loan Time Has Been Extended to Aug. 15, Secretary States

Mrs. Dona Covington, in charge of seed loans for Floyd County through the government seed loan, received word this week that the seed loan for loans had been extended to August 15. The time had been formerly set at July 15.

Floyd County farmers wishing to make seed loans should see Mrs. Covington at her office in the court house.

Glad Snodgrass, Wife And Daughter and Miss Jesse Mae Wood Home

Mr. and Mrs. Glad Snodgrass and daughter, Miss Gwendolyn, and Miss Jesse Mae Wood returned Thursday of last week from a five weeks pleasure trip to Eastern cities and Canada.

The party went from Floydada to Chicago, where they spent a week seeing the World's Fair, A Century of Progress. From Chicago they went to Detroit where Mr. Snodgrass attended the International Rotary Convention. Niagara Falls, Canada, was the next stop a week later.

At Coney Island On Fourth The Floydada party joined a million and a half other people in celebrating the fourth of July at Coney Island, New York. New York City, Buffalo, Philadelphia, Atlantic City, Washington D. C. were among the other interesting points visited. North and South Carolina, Georgia, Alabama and Mississippi were visited on the return trip.

FLOYD COUNTY GETS CALL FOR TEN MORE YOUNG MEN FOR C. C. WORK

Clifford Rhoades, county relief administrator, said yesterday that he had received a call for ten more young men to enlist for service in C. C. C. camps. Applications must be in his office not later than Saturday of this week.

The ten whose applications are accepted will be required to report in Lubbock at the army recruiting station Monday, July 23. Young men, eligible to enlist and in the age limit, should report to Mr. Rhoades immediately.

THINGS YOU MAY NOT KNOW ABOUT YOUR TELEPHONE

THE MEN who aided Alexander
Graham Bell in the invention of the
telephone are perpetuated today in
many of the policies, and even in the
form of organization, of your tele-
phone service.

Bell himself, the
young inventor...
today his place is
taken by Bell Tele-
phone Laboratories,
with its countless
improvements to the telephone art.

Thomas A. Wat-
son, making with his
own hands the first
telephones... today
his place is filled by
the great shops of
Western Electric Co., which supplies
at a saving the materials needed in
the Bell System.

Gardiner G. Hub-
bard, first business
adviser of the infant
telephone industry...
and today the
American Telephone
and Telegraph Co., parent organiza-
tion of the Bell System... whose staff
members develop more economical
operating methods for the 24 Bell
associated companies... whose finan-
cing facilities make available, at a
saving, funds for necessary extensions
to telephone lines and equipment.

In an undertaking planned like the
telephone service for the long pull,
what is best for the telephone user
becomes in the end the course that
should bring the surer, more endur-
ing success. For more than 50 years,
the savings from the specialized tele-
phone organization these men created
have gone to give good telephone
service at fair cost to the user.

SHERIFF'S SALE

State of Texas, County of Floyd: By virtue of an alias order of sale issued out of the Honorable District Court of Bell County on the 21st day of June, A. D., 1934, by the Clerk thereof, in the case of H. C. Glenn, as Receiver for Temple Trust Company, a private corporation, versus John A. Hollums and Maud E. Hollums, and being Cause No. 20,545, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the First Tuesday in August, A. D. 1934, it being the 7th day of said month, before the Court House door of said Floyd County, in the town of Floydada, Texas, the following described property, to-wit:

Lots Seven (7) and Eight (8) in Block Eighty-nine (89) of the town of Floydada, Floyd County, Texas, together with all improvements thereon situated; Levied on as the property of John A. Hollums and Maud E. Hollums to satisfy a judgment amounting to \$3,783.30 in favor of H. C. Glenn, as receiver for Temple Trust Company, a private corporation, and cost of suit.

Given under my hand, this 25th day of June, A. D. 1934.
E. S. RANDERSON, Sheriff,
Floyd County, Texas.

FLOYDADA INSURANCE AGENCY

Insurance of all kinds. Your inquiries and business respectfully solicited.

W. H. HENDERSON
OWNER.

Mr. and Mrs. W. B. Wells, of Amarillo, are visiting in Floydada with Rev. and Mrs. G. W. Tubbs this week.

TO THE VOTERS OF FLOYD COUNTY:

It will be impossible for me to complete a house-to-house canvass of every home in Floyd County before the primary election, July 28.

I take this method of saying that I am indeed grateful for the kindness and consideration shown to me by you during the twenty-three years of public service;—thirteen years as teacher in Floyd County schools, ten years your servant as County Superintendent.

It has been my constant effort to be a safe, sane, sound leader and advisor. I have tried to be progressive on every worthwhile issue, yet conservative enough to steer clear from hurtful fads and impractical ideas. I invite a discussion of any phase of the work which anyone may not understand.

I again offer myself to the public of Floyd County to be your school executive, your school leader, your school advisor.

If you like the ideals for which I stand, if you like the service rendered, and the manner in which it has been performed, then I humbly ask for your vote that I may be re-elected to the office July 28, for another period of service.

Respectfully yours,
PRICE SCOTT.

W. E. GRIMES PLEDGES ASSISTANCE TO COURT IN RUNNING COUNTY'S AFFAIRS

To the People of Floyd County: I am endeavoring to see every voter in the county, personally, to solicit their vote in my race for the office of County Attorney. If I do happen to miss any one please consider this as a personal solicitation, and please do not hold it against me for I will not overlook any one intentionally.

For the benefit of those who do not know, I am thirty-five years of age, married and have one little girl. After several years of intensive study and going to school, I finished my law course and was admitted to the bar, that is I was licensed to practice law in all of the courts, more than four years ago. Since then I have had practical experience in practicing law in all of the courts. My law practice has thus far been successful. I have had twelve years of experience as a teacher, four of which has been in this county.

If I am elected your County Attorney, I will do my best to assist the Commissioners Court, Legally, in managing the affairs of the County, and will do my best to enforce the laws.

If you believe that I am competent, with the experience that I have had, to fill this office as it should be, and that I am worthy of your support, I will appreciate your vote to the depth of my heart, and will strive to never cause you to regret making your choice.

W. E. GRIMES.

TO THE VOTERS OF FLOYD COUNTY:

Below I give you a few important things which have been done since I have been serving you as your County Judge.

When I was sworn in office January 1, 1931, your County's Taxable Valuations were \$13,720,000.

In 1932, we reduced them 30% or to \$9,604,000.

In 1934, we again reduced them 10% or about \$8,250,000.

The total reduction since I have been County Judge, \$5,470,000.

This saves a big item of State Tax to the people each year.

We have reduced the running expense of the county about 40%.

At the beginning of my service as County Judge, January 1, 1931, the county was in debt \$163,113. After three and a half years, or on June 1, 1934, it was only \$129,000. A total reduction of \$39,113.

Now, friends, if my administration meets your approval, I certainly will appreciate you giving me the office for another two years, and I will endeavor to do my very best to make you a "good officer."

Very truly yours,
J. W. HOWARD,
County Judge.

Mr. and Mrs. Gene Pittman, and daughter, Francis Jean, left Sunday afternoon on a two weeks vacation to Colorado Springs and Denver, Colorado, and other points.

TO THE VOTERS OF FLOYD COUNTY:

Below I give you a few things I mean to do if elected to the office of County School Superintendent:

1. I shall see that the same subjects are taught at the same time in all the schools so that a child, when moving from one district to another will not lose any work.

2. See that subjects are taught in high school grades that the child will be given credit for when going to an Affiliated High School.

3. I am for maintaining our rural schools and making them more efficient. I am against consolidation of schools.

4. I believe that a public office should be conducted for the benefit of the people and it shall be my purpose to treat each and everyone with the same courtesy.

I would like for you, the people of Floyd County, to investigate my record at Lakeview, where I have taught for the past four years. Your vote and support will be appreciated.

Marine Corps Vacancies Will Be Filled in Limited Monthly Installments

New Orleans, Louisiana, July 16.—The United States Marine Corps District office in New Orleans announces that the vacancies recently created in the Marine Corps by Congress will be filled in limited monthly installments during the next few months.

The number of qualified applicants in June was greater than could be accepted in the authorized June installment. The excess was carried on the waiting list to be accepted in July.

The Marine Corps is the only military service in the world which requires that its accepted applicants must have the educational qualification required for entrance to college. Only those who are graduates from high schools or have equivalent education from other schools are accepted.

This high standard is maintained because Marines must be capable of learning quickly the arts of all arms of the military service ashore and of the naval service on board battleships and cruisers.

The Marine Corps is the Navy's little army, and serves on board the Navy's battleships and ashore in our overseas territory and in foreign countries when it is necessary to land forces to protect our interests.

Our "soldiers of the sea" are our "foreign legion." They are always ready to embark on our naval vessels and proceed where there is trouble or trouble expected, ready to land instantly.

"Soldiers and sailors too," they fall in with either the army or navy and know the arts and habits of both.

While their educational qualifications are equal to those required for entrance to college, their physical standards are rigid. They must be over 18 years old and not under 66 inches tall. Also they must furnish evidence of character and good standing. Their duties and responsibilities require exemplary men who can be trusted to act with credit for our country throughout the world in different situations.

This splendid corps with its opportunities for travel and varied service attracts many applicants from which only the most select are accepted.

The U. S. Marine Corps District Office, 535 St. Charles St., New Orleans, La., receives by mail and considers all applications from Louisiana, Texas, Oklahoma, Arkansas, and Mississippi, and is the only office, except the U. S. Marine Corps District offices in Savannah and Macon, Ga., where applicants in the Southern states are considered, examined, and accepted.

SENIOR B. T. S. PRESENTED PROGRAM AT DOUGHERTY CHURCH SUNDAY AFTERNOON

An interesting program including talks, readings and songs was given. Mrs. Walter Newell, of Dougherty, served refreshments to those on the program.

"Climatic Control" Gets Rigid Test In Cross Country Economy Auto Run

Transcontinental speed records have been recorded from time to time—but the recent cross country A. A. A. economy mark set by an Airflow car using Mobilgas and Mobiloil was something new in motor car annals.

Engineers state that the run—on which the car averaged 21.4 miles per gallon—was not only a practical test of streamlining, but also of gasoline performance under varying climatic conditions that the motorist encounters in a transcontinental journey.

The Airflow De Soto crossed the country at a total cost of \$31.57.

"That in itself is remarkable enough," stated Harry Hartz, famous race driver who piloted the car, "but when you realize that we only used slightly more than 145 gallons of Mobilgas on the 3,019-mile trip, it brings home the fact how economical it is to take long trips in a modern car with a fuel attuned to all types of climatic conditions.

"We used Mobilgas all across the country. The gas tank itself was locked, and Lee Oldfield, official A. A. A. observer who rode with me every moment of the time, held the key.

"The fact that our gasoline performed the same in heat and cold, at sea level and at 7,000 feet elevation—in the sunshine and in rain storms, was an important factor to us. We went through all kinds of weather—over all kinds of roads. We used Mobilgas and Mobiloil exclusively, and stopped at Mobilgas service stations from San Francisco to New York."

"The Mobiloil was changed each thousand miles on the trip. Otherwise no additional oil was used, Hartz stated.

The trip was not an attempt at speed records—but was made to show how little it costs for the motorist to take a cross country trip in a modern streamlined car using efficient motor fuel.

RESOLUTIONS OF RESPECT

We your Committee, appointed from the Board of Stewards, of the First Methodist Church South, of Floydada, Texas, to draft resolutions upon the death of our brother and fellow member, G. E. May, which occurred on the 30th, day of June A. D. 1934. Beg to report the following:

Resolved First: That we extend our sympathy to the bereaved family, his relatives and friends in their deep sorrow.

Resolved Second: That a good man, a kind husband, a loving father, a worthy Christian, a practical and progressive citizen has been called to his final reward, leaving behind him many memories which will always endure him to those who knew him.

Resolved Third: That a copy of these resolutions be spread upon the minutes of the church, a copy furnished the bereaved family, and a copy be furnished the local press for publication.

Respectfully submitted,
J. M. WILLSON,
N. W. WILLIAMS,
L. G. MATHEWS.

THE GOAT COLUMN

Many of the people in Floydada have been asking during the past few days what has become of the goat column and its artist. Well to

be truthful about the matter it will be remembered that we stated in the beginning of the column that such a column was a waste of time and energy and that most of the writers should be out working instead of consuming time with such rot. And in our case we have been working part of the time and the remainder we have been so lazy and trifling that we cared very little about furnishing a goat column.

A. H. Manning hollered across the street to a Plainsman representative and suggested that he was still on speaking terms with the force and that he was also driving that old car yet. He also wanted to know if the goat column had got the goat of the artist. As a matter of fact few things get the goat of that individual, because so many things have happened during our brief life that we take them as a matter of fact, and expect someone to pass the buck to us from most any angle. One

thing though, we intend to tell the folks about them when they get too hot after us in the future, and we here and now are giving fair warning to the whole layout.

Speaking of candidates and politics this column would like to suggest that Floyd County people be on the look-out for the political mud-slinger during the next few days. If some bright-eyed gentleman tries to tell you all about some ferocious candidate it would be a wise idea to be like an old negro we knew once who said: "Lawd ehle I jis let dat stuff go in at one ear and out at the other and don't gain one bit of intelligence from it."

Candidates and elections reminds us that we have many good people running for office in Floyd County and the state of Texas who are slowly but surely coming closer and closer to disappointment and defeat. However, this is nothing but natural, for where there are two or more candidates seeking the same office some one surely must take defeat, and to be defeated is no crime and besides it does not always indicate that the best fitted person is elected to the office.

J. M. Willson stopped by at the Plainsman office Friday and stated that he was working among the local merchants in an effort to work up an advertising interest in the sale of rain coats and slickers during September, and said his plan was to do the advertising now and wait for the business to come in during September. We heartily agree with Mr. Willson that the plan is a good one and take time out long enough to suggest that the merchants should also advertise hip-rubber boots to go with the rain coats. It is our opinion that it is just as harmful to get the feet wet as it is the body. Water, you know, will finally rot rubber boots. And that being the case there is no telling what might

happen to the feet if they should ever get wet.

Since Mr. Willson mentioned the rain coat business it has occurred to us that he might use some of the same kind of advertising in the lumber business, the Plainsman could very handily use a quarter of a page each week from Mr. Willson's yard and still come out on time.

And besides if Mr. Willson is sold on advertising for the dry goodsman he surely should not be opposed to spending some money for the same purpose on the lumber business. After all, no one can wear coats and slickers and rubber boots all of the time. They will need houses in which to rest and this fact alone, should stimulate Mr. Willson to work his very best on advertising the lumber business.

The artist has not become very hot and bothered over politics this year. We have been more or less willing to let everyone do their own choosing. Of course we still sell space in the columns of the Plainsman and if anyone has a favorite candidate they wish the public to be enlightened on we will be glad to take care of their needs. This type of space sells at the regular rates and we have no seruples in carrying advertising for your favorite so long as you lay something on the desk to defray the carrying charge. And if you have an inclination to spend something on your favorite "steed" you should remember that only one week remains in which to get over your message. After that your favorite may be "wiped clean" from the race and you will then have to choose from what is left. We have had it to happen to us in previous elections. In fact we came west one time because of an election "vow" we made with a fool printer. He won, and here we are.

The artist is not booking any bets

on any candidate. We simply intend to go to the polls and vote according to our judgment and do not intend to argue with our neighbors about doing the same thing. We pay our poll tax for the specific purpose of arming ourselves with the authority to vote as we choose. We believe that out of many privileges which the American people have enjoyed, our voting plan in state and county elections is paramount. Of course it is often the case that we elect some hoodlum to run our offices, but that can be rectified at the next election if most of the voters wake up to the fact that they have erred. Nope, we would not book a dime on any candidate. We don't even believe in participating in a community lottery game.

Miss Lena Hood, of Plainview, visited in Floydada Sunday with her brother, John A. Hood and family.

Miss Estella Russell and Miss Oma LaJuana Beevers visited in Lubbock last Thursday.

ALTON B. CHAPMAN
Candidate For District Attorney

TO THE VOTERS OF FLOYD COUNTY:

As friends of the candidacy of Alton B. Chapman for District Attorney we want to express our appreciation for the fine reception the people of this county have given him as he has presented his candidacy to the voters.

The endorsements he has are positive proof of his qualifications and of his worthiness to hold this office. He has lived in West Texas thirty years. His entire private life has been above reproach. Those who have observed his official acts say he has performed his duties without fear or favor.

We believe Alton Chapman will conduct the affairs of the District Attorney's office for the service of the people. He lays no claim to being a politician and says private life should be kept out of public office and efficiency substituted in its place. Consider seriously his candidacy, for this district needs the ability, the firmness, the honesty and the efficiency that is so much a part of him.
