Co. Water Supply Dist. Meets With 'Red River'

Three members of the Wheeler County Water Supply District Board met with the Red River Authority in Wichita Falls on Thursday, February 9. The purpose of the meeting was to determine the next step in acquiring a permit to build a reservoir on Sweetwater Creek. An April hearing on the issuance of the permit is scheduled in Austin with the Water Commission.

After much discussion the Red River Authority voted to request a delay of the hearing to give the Wheeler County voters a chance to vote either for or against the project. The Authority could find no reason to spend the money necessary to possibly obtain the permit and have the local voters turn the issue down at the polls. The balloting will be Saturday, August 11.

The local board met at 1:00 p.m. in Wichita Falls to vote on the resolution proposed by the Red River Authority; the board was unanimously in favor of the resolution. Board members present were O. B. Pete Burton, president; Woodrow Sims, secretary-treasurer, and Dan Macina. Present in opposition of the project were Tommy Puryear and the legal councils for the land owners, the oil companies and Altus Lake Irrigation Authority. Also present were Herbert Worley, Shamrock Mayor; Bill Howe, editor of The Shamrock Texan, and Louis C. Stas, Wheeler Mayor and editor of The Wheeler Times.

On November 8 of last year, the Wheeler County citizens turned down a proposed Maintenance Tax which would have authorized the Wheeler County Water Supply District to levey a tax to gain control of the proposed Sweetwater Creek Dam project. The final count was 545 votes against and 504 for the tax.

RODNEY HUDSON

Hudson Wins Nat'l Award

The United States Achievement Academy announced today that Rodney Hudson has been named in 1984 United States National Award winner in Business Education.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10% of all American high school students.

Rodney Hudson, who attends Briscoe High was nominated for this National Award by Mrs. Graham, a business teacher at the school. Rodney will appear in the United States Achievement Academy Official Yearbook, published nationally.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Rodney Hudson is the son of Mr. and Mrs. Ray Hudson. The grandparents are Mr. and Mrs. O. L. Hudson of Briscoe, Texas and Mr. and Mrs. Buster Black of Pampa, Texas.

FIRST PHASE OF AIRPORT WORK IS NEARING COMPLETION

The first phase of the construction at the site of the new Wheeler Airport is drawing to a close. When the purchase of the 118 acres of land for the airport in December of 1982, local farmers and individuals began donating equipment and time toward the moving of 80,000 yards of dirt to level the 4,200 foot runway.

This phase of the project had to be donated because the Texas Aeronautical Commission felt the amount of dirt to be moved was too large to be practical for the construction of the airport.

The volunteer labor came to a hault in the spring of last year because of the need for the equipment in the fields and the lack of rain. Work was resumed in November.

Realizing the need to complete the work on the sub grade, First National Bank donated the funds to pay the operation of a scraper for one day. Billenwillms and Son was hired; individuals were then contacted for donations to continue the operation of the scraper. The funds for three days work were raised which will allow the sub grade to be completed at the end of the week.

Local individuals who have donated untold hours and/or equipment toward the project are Comm. Elmer Ray Harrison, equipment and crew; Comm. Bill Atherton, equipment and crew; John C. and Kent Vise, equipment and time; Lee Hibler, equipment and time, and David Cross, Ted Boedecker, Van Baize, Perry Rowell, and Virgil Simmons.

Making a donation toward the operation of the scraper were The First National Bank in Wheeler, Greg Smith, Hardcastle Flying Service, First State Bank of Mobeetie, Production Credit Association, Jess Moore, The Wheeler Times, Thriftway, Paul Hathaway, Burton Ford-Mercury, Inc. and Omega Grain.

The next step will be the letting of a contract for the grading, paving, and lighting. This is planned in April.

DONATION: The First National Bank in Wheeler donated the funds for one day's operation of a scraper at the site of the new Wheeler Airport. Other businesses and individuals were then contacted to raise the funds necessary for three days operation at the airport. The scraper, owned and operated by Billewillims and Son of Canadian, is moving the dirt for the construction of the sub grade. Charles R. Brown, President of The First National Bank in Wheeler, and John C. Vise, board member, look over the progress being made by the scraper in the background.

HARD WORK: The level ground pictured here represents untold hours of work on the part of a number of individuals. Through the donation of time and equipment, the new Wheeler Airport is nearer to becoming a reality. Over 80,000 yards of Wheeler County sand had to be moved to make the subgrade for the runway.

Brucellosis Is Meeting Topic

Cattle producers in Wheeler County will have an opportunity next week to get the latest information on Texas Animal Health Commission brucellosis regulations. The Wheeler County Agricultural Committee has scheduled a brucellosis information meeting for Tuesday, February 21, at 7:30 p.m. in the Coin and Copper Room of the First National Bank in Wheeler.

As most cattlemen know, there were some changes in TAHC's brucellosis regulations in 1983. Producers need to be aware of current regulations concerning vaccinations and testing to avoid losses due to quarentines and condemnations. In addition, having the disease in a herd can be very costly from the financial

Mobeetie Meditations

Goldie Gordon

By Goldie Gordon

Time has a way of changing things, But not the joy that friendship brings,
For friendship, like the warming sun, makes each new day a brighter one.
It cheers the heart, and fills it too, With memories old, yet ever new
And thoughts of which you are a part, Will always stay within my heart!

Happy Valentine's Day to all the Sweethearts in Mobeetie who help me write my column each week.

I would like to add a correction to my X.Y.Z. article of last week. I put that Estelle Hodges attended but I meant to put Estelle Orr. Sorry, I must be getting old.

Our sick as of now are Mr. Dick who is in Parkview Hospital, Elizabeth Richardson, Parkview; Jewel Leonard at St. Anthony's in Amarillo, also Gene Gudgel at Wheeler who is having trouble with his heart. Just found out Mary Brewer is in Northwest Texas Hospital and is very ill. Mr. Dick came home, Elizabeth is home, and Gene Gudgel also!

Once upon a time gasoline was cheap.

So was natural gas.

Some folks remember cheap gasoline prices. Natural gas prices used to be cheap for power plants at Southwestern Public Service Company, too.

Today, it's different. Natural gas costs continue to increase, and since we don't own any gas wells, we don't have much to say about natural gas prices . . . just as you don't about gasoline.

Not any more.
Natural gas prices have increased dramatically.

We've brought coal into the picture to help keep costs down. Electricity made from **coal costs much less.**

We're proud to be your new KRAUSE dealer.

When it comes to investing in tillage equipment you're not about to settle for second best. And, neither are we. Frankly, that's why we have become a dealer for Krause tillage equipment.

With Krause you can purchase three basic tillage tools — a chisel plow, disc harrow, and a field cultivator — and have a year-around tillage system. For example, you might chisel in the fall, disc in spring, and field cultivate right before planting.

And best of all with more than 250 Krause models to choose from — we have the units best suited to farming conditions in your area. An ideal way to match tillage equipment to your tractor and field conditions!

Come see for yourself.

Briscoe News

By Vetola Parker

Tuesday, Feb. 7th. If times are hard and you feel blue, think of others who are worrying too. Just because your trials are many, don't think the rest of us haven't any. Life is made up of smiles and tears, joys and sorrows mixed with fears, and though to us it seems one-sided, trouble is pretty well-divided.

Hoyle Helton visited Effie Renfro Monday afternoon.

Colie fought a bad cold all last week. Hauled more cotton burrs yesterday so he coughed more last night, Tuesday.

Word is a man hauling rock to put on the road turned north where Roy Morse used to live. Anthony Cornell lives there now. The man was hurt pretty bad they said. Have not heard how he is or who he was. Now that's a dead end. We have a dead end 1½ miles north of us. We also have a dead end ½ mile north of us if you are going west. We need to know or have some kind of a warning before you get to them. Ones that lived here 20 years don't need the warning, it's these new people.

Did you know a rat can have a litter of little ones every 23 days with 8 to 20 per litter? This I did not know. No reason they try to run you off and take over.

It showered off and on all day yesterday, Wednesday. It sure was nice, glad it did not freeze, was around 40 degrees yesterday.

Colie and I visited George and Avis Parker Thursday night. Others there were Claude and Mable Parker. We played 88. The men kinda beat us women pretty bad.

Kenneth Hamon has surgery in the morning, Friday, at 8 a.m. in Pampa hospital. We wish for him a speedy recovery.

Thursday night we saw a few patches of snow in grader ditch going to Allison.

Gaye Purcell said they had a real good turn out Saturday night at their Housewarming. There were around 78 there. They very much appreciated everything.

Tolene Clark called Sunday afternoon. They had the ground covered with new snow.

Monday morning, Feb. 13, I guess. Well I didn't know if I'd be here this morn or not. My nose started burning and running Saturday. I didn't go to church. Now I fought that nose all night Saturday and Sunday. It settled down some Sunday night. Colie had a cold for 2 weeks. I guess he got tired of it and gave it to me. I kept saying if he didn't get over that I am going to take it. He got to talking on the phone and then bringing it to me. I'd say, "Don't talk on that phone and bring it to me"—So burning and running better.

I did something I never did in my life Sunday. I ate 3 oranges without cramping to death. Don't know if that's good or bad.

I will finally get it right. Andra Dukes had chicken pox first. Now I didn't realize she was going to school. They said she got it at school, so thought Diedra.

Last Sunday, visitors at Eunice Edwards were Hank and Marie Brown, son Sherman; Mr. and Mrs. Jerry Skelly. Eunice went home with her daughter Marie and husband and went to her bone doctor. She stayed up there 2 days. Hank brought her home. She has a big frost this morning. She is getting her another day so was fixing her yard fence this morning.

Bob and Gena Zybach went to Elk City Thursday on business and shopped.

Steve Zybach is in Jackson, Missippi. He attended a Limousine show. He said it was raining and more rain.

Gena said our rain last week was 3/10. It was nice though, didn't freeze.

Tom and Alice Bell Helton visited in Canadian Sunday with Viola Crosier with 2 cousins, Claude and Evelyn Cook, Amelia Ramp.

Saturday night, they played 88 at Gene and Marie Gudgel's in Mobeetie. Others there were Jack and Doris Hays, Clifford and Pauline Hefley.

Tom and Alice Bell ate dinner with Joyce, Joe Paul Smith and Marsha in Sayre last Tuesday and shopped.

Mary and Pat Hudson went to Pampa last Monday. There Mary and Pat visited Lester in the care center in Wheeler.

Thursday afternoon, Mary visited Mrs. Welch. Saturday morning Mary went to Wheeler with Mrs. Welch. They visited Lester again.

Mary went to Gageby Church Sunday. They invited her to stay for the old folk's dinner. Mary was the oldest one there.

Sunday guests at Scott and Kaye Luttrell's were Clyde Jr. and Mary Jane Dukes and Stacy.

Gene and Norma Keelin and children visited Travis and Rosalee Keelin Sunday night.

Lou Trimble said they attended the ball game Friday at Briscoe. Briscoe girls won, boys lost. They played Kelton. The girls are tied for 2nd place. Seems they got to have a play-off, Lou said.

When B.F. and Margie Meadows got back down to Zapota, everything had frozen. there are no leaves green now. This is the first time since they started to go down there, that its froze.

Dorothy Walker was babysitting with Jim and Kelly's baby Cody. Dorothy talked with Myrle Hunter this morning. Myrle was better.

Dwayne Meadows had surgery on his hip last Tuesday in Amarillo. Jean Meadows stayed with him all week. He got to go home Saturday. When a horse fell on him a few years ago, they put a steel ball in his hip. So last Tuesday, they took it out. We sure hope he does o.k. now.

Cecil and Jean visited in Canadian Rest Home with Mrs. Gertrude Meadows and Twila, their aunt. Sunday afternoon, they also visited Dean and Shannon Meadows.

Thursday Helen Helton and Rozena Zybach visited Choice Scott in Mobeetie.

Sunday at Helen's, Mark and Annette Meek and Kaleb went home with her from church and ate dinner.

Clarence and Irene Zybach visited Elbert and Ruby Zybach Sunday afternoon.

Hoyle Helton visited Effie Renfro last week.

Lou Dean and K.D. Douthit and Tressa Perry made a recent trip to Azle, Tx. to pick up a trailer and also visited Clayton and Sherry Bradshaw and family.

Visitors in the K.D. Douthit home this past weekend were the Bob Kinnaman family. Mr. and Mrs. Ewell Moss of Delhi, Ok., visited on Sunday afternoon.

Lou Dean Douthit visited Mrs. Lelan Luttrell at the Wheeler Care Center on Sunday evening.

Sweetwater News

By Mrs. Joe Flowers

I'm not sure what this summer in February portends but do think the fruit will bud out and get nipped. Also I want to backtrack a little. Two weeks ago, I said all the snow was gone. Do you know I saw snow drifts in the fence rows yesterday, yet?!

Happy Valentine's and all that jazz. We got one already and have hopes of more. Nice things in the mail box cheer everyone.

Mr. and Mrs. Harold Markley, son Elvis and wife, of Dimmitt were out to see Hubert and Netty McMullan, Iva Thompson and others last weekend.

Joe and Fae Mong from Eufaula came up to Iva's this weekend and said, "We'd like to see Uncle Harold an Aunt Nina". So they all, along with Ruth Pyle, took off and spent the weekend at Dimmitt.

Seems like the oil boom may be picking up a little. The derrick is up on the Carl Hill well. One is staked on Frankie Sutton, and another over by Sunny Point. The seismograph crews are working around. We may all get rich yet.

Elaine and Kevin Hill had a nice shower today at the school lunchroom. Many useful and beautiful gifts were received.

The Sweetwater girls beat Dill City in the district tournament at Carter Friday night but were beaten Saturday night by Carter.

Mr. and Mrs. Coy Bruner of Erick were out to church. Later visited relatives in the community.

The Kitchen Band entertained at Hensleys last Tuesday. We went over to the hospital to see Uncle Bill Flowers and Herbert Madden. Visited with Mrs. Jim Wingett Mae Keiner, Lola French, and Lucille Ward.

If bad weather doesn't intervene, the Kitchen Band will be at Elk at Hodges' birthday party, February 20th, the third Monday afternoon.

Funeral services were Saturday for our Uncle Bill at the Brick Nazarene Church. He was 88—the last of eleven children who came to western Oklahoma with their parents in 1898. Children and grandchildren from seven of the families were present. It is too bad—but a fact—that most family reunions are held at funerals.

Our brother, S.T., wife Daisy, and youngest daughter Teresa, came from Tulsa. Teresa is a young lady now, a sophomore. They also visited Jewel Jarnagin.

Joe talked to Leland Daniels. He is home from the Veteran's Hospital at OKC. Is to return in early March for further treatment.

Rollie Howell is at a rehabilitation center in Denver. He hopes to be back home March 2nd.

When you're married to a fiddler, you get invited to the nicest places. Saturday night, Joe and Bertha Coffey were invited to help Johnny Reed, Rhonda and Becky, entertain at the Wheeler Co. Co-op meeting. They had a delicious barbecue supper catered by Mr. Barbecue. Mr. Barbecue turned out to be our friends Steve and Nina Walker.

We really enjoyed it and meeting the folks. Think they serve dinners, parties, and oil well crews. I'm remembering all these good cooks.

Services were Thursday at the Assembly of God Church for little Seth Gaddis, son of Mr. and Mrs. Loy Gaddis. Burial was in the White Rose Cemetery.

After all these big dinners, my men are dieting. Just drinking one cup of coffee for breakfast.

Nora Hardy had appendicitis surgery at Hobbs, N.M. She lives with the Derral Millers.

The deficit was $60 billion when Carter left. I sure was fretted because he gave away the Panama Canal but we did expect the world to still be here when we awoke.

It is sort of doubtless these days. After 3 years of Mr. Reagan cutting expenses, we will have a $200 billion deficit with one trillion expected soon.

There won't be anything done to help things this year because everyone is campaigning. No one has time to run the country. The campaign trail beckons.

Mr. and Mrs. Jack McArthur spent last week in Chickasha visiting her nephews.

Mr. and Mrs. Clarence Blevins and Chad went to Pampa Sunday. They had lunch at Furr's with Chad's other grandparents, the Cleo Becks. He visited with them while Clarence and Betty went to see Houston and Doris Price.

Houston is just home from a lengthy stay in the hospital following surgery.

Betty said, she, Chad, Missy and Steve have had the flu.

Mrs. L. L. Males' piano students from here, Tammy Tipton, Michelle Thompson, Trissy Smith, and Stacey Gordon scored I at the Weatherford annual piano contest February 4th.

Mr. and Mrs. Elec Atchley and Bertha Coffey visited Sunday afternoon with Ray and Doris Smith.

Beulah and Elec have been redoing their house with new carpets and furniture. J.R., Ellen and Sue were out from Burkburnett last weekend to add the finishing touches.

Mr. and Mrs. Mark Boswell (Kim) are parents of a fine girl born February 4th at Elk City. Proud grandparents are Mr. and Mrs. Junior Perry, Mr. and Mrs. Eldon Boswell of Cheyenne. Great grandparents are Emma Perry, Mr. and Mrs. Tom Boswell of Cheyenne, and Buck Parker of Truth or Consequence, N.M.

We talked to our Missouri kids. The wind was howling and snow on the ground.

The Sweetwater Baptist Church presented the program Sunday at the Erick Nursing Home.

Mr. and Mrs. Jack Tipton of Sayre were out to church Sunday. Visited their kids, the Gerald Tiptons and Billy Tiptons.

Why not fight the 'Battle of the bulge" with delicious tasteing beef? Beef today is leaner than ever — and lower in calories. While the average 3 ounce, cooked serving is 192 calories, some cuts are as low as 157, others as high as 244. These facts surfaced in a recently completed beef nutrient profile study conducted as a joint effort by the National Livestock and Meat Board, the USDA, the Unviersity of Kentucky and Michigan State University.

Cuts in the "low-calorie" section include: eye of round, 157; eye of round roast, 157; beef kabobs, 165; top round steak, 165; cubed steak, 165; top round roast, 165; tip roast, 170; tip steak, 170.

"Average-calorie cuts" included: sirloin steak, 185; top loin (strip) steak, 195; bottom round roast, 204; bottom round rump roast, 204; bottom round steak, 204.

"Moderate-calorie cuts" were: Rib steak, 209; beef for stew, 240; brisket, flat half, 240; chuck blade steak, 244; chuck blade roast, 244.

Consumers now have a variety of choices in selecting calories per serving. So, you, too, can watch your waistline while still enjoying the nutriciuos and delicious taste of beef.

Ewell Steen is now in the Abraham Home at Canadian. He is almost totally blind and not well but his mind is good and he would enjoy visits and cards from friends. Not sure what day his birthday is, but they were having a birthday party for him at the home after church Sunday, Feb. 12th. Wish I could have gone. Happy Birthday, Ewell. He is a great, good and kind man who has always been helpful to others.

Sunday night supper guests at the Ronnie Watson home to celebrate Tina's 14th and Leesa's 10th birthdays were Willis and Verna Fillingim. Also visiting were Bonnie Meadows and Leslie and Mandy Ferguson, and Christian, Cassidy, and Cuyler Stinnett and Sam Watson.

Gene and Roberta Signs and Roy and Lois Meadows ate supper at Laney's Steakhouse in Canadian Thursday night.

We are so sorry that Gene and Roberta Signs are moving soon to Jerusalem, Arkansas, where they will be running a country store. We surely will miss them. But wish them God's blessings on their new venture.

Hope you will forgive me for bragging a little. Friends of our daughter, Mary Newman, will be glad to hear she was chosen as Employee of the Month at Charleton Methodist Hospital. She got a plaque with her name on it, twenty dollars, and a special parking place for a month, besides the honor. She is now working helping the anethesists.

Verline Currie and girls spent Saturday night and Sunday with us and older girls attended the youth banquet at the church. Other visitors were James and Bea Ogle and girls, Melody, Mandy and Keith Ratliff, Leesa Watson, and Jennifer and Jill Brown.

Tola Faye Meek entered High Plains Baptist Hospital Sunday. Was to have tests on Monday and possible surgery Tuesday. Our thoughts and prayers will be with her and her family. Didn't mean to say last week that she was o.k., just doing fairly well.

Congratulations to Briscoe girls for going to Bi-district. They won over a strong Kelton team Friday night. Our girls are all very young-freshmen and sophomores except for one junior who hadn't played much before this year. They have really improved. Will play Claude at Pampa Friday night. Wheeler will also be playing Groom there for Bi-district.

Larry Meadows was awarded a certificate of merit for his work in training and supervising in the meat grading work. He was one of three cited for outstanding work out of 1500, and was awarded a very nice bonus. Congratulations, Larry.

TIMES OF THE GENTILES

TIMES OF THE GENTILES

To learn about the times of the gentiles, we should study Daniel, Chapter 4. The times of the gentiles were to continue for a period of 7 times, verses 16 and 23, according to some of the very best bible scholars, the 7 times represents a period of 2520 years. The 2520 years should have started when Babylon was overthrown by the Medes and Persians in October of the year 534 B.C., or a few months later at the beginning of the year, according to the Sacred Calendar. That would have been the first of April and the beginning of the year 533 B.C. Read Ezra, Chapter 1, verses 1 and 2; also, Chapter 3, verse 1. So from October, 534 B.C. to October 1987 will be 2521 years minus one year, leaving 2520 when the times of the gentiles should be fulfilled, this means that World War 3 and the 3½ years tribulation period should begin some time between April and November of this year, 1984. Whether it will or not remains to be seen. I am not setting the time, we know that figures don't lie and we know about the turmoil in the middle east that is caused by religious fanaticism and religious fanatics that can erupt into a world war anytime. That should be a lesson for us. We have too many religious fanatics in America that are causing too much trouble. They should not be tolerated in our area.

PUBLIC NOTICE

In proceedings pending before the Public Utility Commission of Texas (PUC), local exchange telephone companies are requesting authority to charge AT&T Communications of the Southwest, Inc., for use of their facilities. These proposed charges are higher than AT&T Communications can pay at current Texas long distance rate levels. To position itself to be able to implement rates that are sufficient to produce revenues that will recover the costs facing the company, AT&T Communications must now file for rate relief to be able to implement rates that reflect the costs of access that are ultimately imposed on the company.

While AT&T Communications does not want to increase its Texas rates, an increase would be required to recover the increased access charges AT&T Communications will have to pay to the local exchange telephone companies under several proposals pending before the Commission. These access charges at the proposed increased levels represent more than 80 percent of AT&T Communications' operating expense in Texas.

Accordingly, AT&T Communications, in accordance with the Public Utility Regulatory Act and the rules of the PUC, hereby gives notice of the company's intent to implement a new schedule of rates for long distance calls within Texas. The proposed rates will be effective January 28, 1984, unless otherwise determined by the Commission. All customers and classes of customers would be affected by AT&T Communications' proposed rates.

If higher access charges are ordered, AT&T Communications has no recourse but to pay these charges and recover the costs from its customers as a cost of providing long distance service within Texas. AT&T Communications has filed rates which would mean a maximum overall increase in adjusted test period revenues of $301.4 million, or 27.85 percent. This amount would help recover cost increases due to the proposed level of access charges now pending before the PUC.

A complete copy of all tariffs and rate schedules is on file with the Texas Public Utility Commission at Austin, Texas, and with every municipality in Texas.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene or participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information also may be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 teletypewriter for the deaf.

Allison News

Wanda Walker

Leota Black enjoyed her trip to California. She brought back pictures of green grass over rolling hills. There was one picture of a tree that is over 400 yrs. old. Leota's sister is recovering nicely from her recent surgery. Leota learned some beautiful new stitches to make pictures on material during her sewing classes in California.

Pastor F. R. Johnson and wife were privileged to attend the Ministerial Retreat at Glorietta, New Mexico last week.

Chicken pox are still making their rounds in the elementary grades in Allison. The last two of my four children are just getting over them. It's about time. My sisters' three children, Jerimy and the twins, spent a few day in Allison with relatives. I expect to hear in a couple of weeks that they all have chicken pox. At least I know from experience that there is a prescription called periactin syrup that really relieves the symptoms. If I would have known about it sooner my first two wouldn't have suffered like they did. I'm thankful to the mothers that gave me the tip.

Terry and Frieda Walker and Brandon of Pampa visited the Ed Walkers Saturday afternoon and had supper with them.

The Valentine supper for the United Pentecostal church was enjoyed by many. The young people did a beautiful job of decorating.

The FHA girls have really done a fine job of decorating close to a hundred valentine cakes and delivering them before the special day.

Visiting in Allison with relatives were Henry and Doralee Dupont last week. While here they received a call from Muskogee that their youngest son Terry had upped his wedding plans and married that day.

The last time they were here he had called and announced his engagement. They said they didn't know when they would come back. They weren't sure they could stand any more surprises.

Leota Black has been teaching Doralee how to make dolls. The latest she has made are bride and groom dolls.

For Sunday dinner Eddy fixed barbequed roast and ribs on the new smoker he just built. They were delicious. Guest of the Eddy Walkers were Louise and Kim Boydston, Ed and Jennie Walker and Steve Walker. J.R. and Leota Black were guests for supper.

Clifton and Louise Boydston were in Amarillo one day last week to be with the Stinnetts. Virgil was in the hospital undergoing test for his heart. He has been suffering from heart failure.

The Allison GA's (Girls in Action) were guest of the Wheeler GA's at the First Baptist Church in Wheeler for a Valentine's party Saturday afternoon. They enjoyed refreshments and games.

Old Mobeetie Association

Thursday, Feb. 9, 1984

The meeting was called to order at 6:00 P.M. by president, Sallie Harris with Mrs. Turnbow leading the prayer.

The minutes were read by Austin Caldwell and approved as read. Austin also gave the financial report, as Bernice Caldwell was ill and unable to attend.

A report was given that Wade Barker of Borger, had done more work inside the museum by building a Sheriff Office display using boards from a Fort Elliott house, that had been the Jap Johnston home in Old Town. The house was dismantled in the summer of 1982 and lumber preserved. Wades' mother Mrs. Barker, had given us an antique office desk for the Sheriff display. Mrs. Barker lives in Borger.

Thomas Daughtry, County Clerk, gave an antique solid oak record cabinet, that has been used in the Wheeler County Court House, perhaps since it started and with it came an antique adding machine and typewriter used in the courthouse, to further supply the sheriff office. All together the Sheriff Office is quite complete and thanks go to all those having a part in furnishing the artifacs. Bus Dorman has other relics he has stated he wishes to add to the office. We are very grateful to all these donations that add great interest to our museum.

Motion was made to buy 12 "Historical Places", State Maps to have for sale at the museum to interested visitors and travelors. Motion carried.

Mr. Abb Turnbow has set a date, he reports, of Monday, March 19, for the County Historical members to meet and elect a Chairman so that regular meetings can again be held to decide on more historical markers needed for Wheeler County. He will send out notices later, he stated.

There were four members of the "Blue Grass Music Festival", present, Chairman, Kevin Brill, co-chair., Dave Lacaze and Wayne Tabor also Ray Cargo, to discuss further plans for the festival to be held the 4th weekend of July, 27, 28 & 29, 1984 at the Mobeetie Jail Museum. We regret that Louise Hogan was ill and unable to be present. Others attended beside the ones mentioned above were: Mrs. Don Moore, Bob and Bessie Galmor, Henry Johnston, Austin Caldwell, Jap Bailey and Sallie Harris.

Want to report that Bob Galmor had some interesting visitors that he showed the museum too. ABC News from New York and photographer and one from Dallas.

Here & There

By Laura Guthrie

Is Spring here? Don't be fooled. February is usually a very cold month, and I can't see our weather pattern changing so abruptly. So I'm not packing away blankets and putting winter wear in mothballs. We will hear more from the frigid zone before summer. However, I did find a dandelion bloom in the backyard the other day!

I saw Tressa Revious in town the other day. She was very happy about a newly arrived great grandchild-her second one. The babe is the son of Barbara and Ferral Baird of Pampa.

Opal Davidson went to White Deer on Sunday to join the celebration of Mr. and Mrs. Lewis Shumate's 50th wedding anniversary. Lewis is Opal's brother. Also, Mr. and Mrs. Paul Shumate of Pampa were there to celebrate the affair.

Geneva Wilson of Wichita Falls, who spent last week in the local hospital, is staying with her sister, Mary Finsterwald for a few days. Geneva is a professional florist and is being very helpful to her nephew, James Vise, who is a florist in Shamrock.

Mrs. Hestell Killingsworth and her daughter-in-law, Jo Ann Simmons attended the funeral of Alton Sears in Sweetwater, Oklahoma on Tuesday. Mr. Sears was the nephew of the late Clarence Killingsworth.

Louis, Barbara and Jennifer Stas traveled to Del City, Okla., Saturday morning. The Arnold family was hosts for the celebration of Louis' birthday and the engagement of a nephew. Raymond and Darla Stas from Bartlesville, Ronal Wayne, Juanita and Ronal, Jr., of Sherman and Jeffery Stas of Norman visited during the weekend.

Dr. Bolt of the TAHC in Paducha and George McLaurin, TAHC inspector of Wheeler will cover the current brucellosis regulations including vaccination testing and movement of cattle.

Dr. John McNeill, Extension Beef Cattle Specialist, will discuss the economic implications of brucellosis infection in a herd. Costs resulting from lowered calf crop percentages, reduced performance and condemnation. He will also explain procedures for handling newly purchased cattle that can prevent infecting a clean herd.

Veterinarians from the Shamrock Veterinary Clinic and Wheeler Veterinary Clinic will explain how they handle the vaccination of heifers and testing of older cattle.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race color, sex, religion, or national origin.

Everyone involved in the cattle industry and related fields is urged to attend.

THE AGGRESSIVE CHURCH

In Luke 19:11-13, Jesus told a parable in which He states that the kingdom of God is like a man who told his servants to "occupy" until he returned. Those who believe in the Lord Jesus Christ (in other words, the born-again Christians) are to occupy until the Lord returns. When you occupy something (such as a house, for instance), you take possession of it. Believers are supposed to be involved in everything (radio, TV, teaching, industries, politics, and anything else that isn't contrary to the Word of God). If we don't occupy an area of life, it will be infested with evil. Take politics for example. If politics are dirty (like many people think), then we Christians need to be involved exerting our influence as the salt of the earth. Jesus said we were the salt of the earth. Salt is a preservative. If we exert godly influence, we are then instrumental in preserving from decay and corruption.

The mayor of Washington, D.C. is reported to have claimed that he has appointed nearly 60 homosexuals to leadership positions in that city. I call that corruption. A lot of people don't get as upset about that as they would a born-again Christian appointing 60 Christians to leadership positions. It is time, though, that we refuse to be intimidated by what humanistic-minded people think and get on the ball. If you are a born-again Christian that refuses to educate yourself on political issues and get registered to vote, I think you are sinning against God and your country and your posterity. Do your part. Make a difference. Let's restore godly principles and decent morality to their rightful place in America. For a set of free tapes on " Reviving the Spirit of America" dealing with the subject of what we should do in regard to politics, contact me at 826-5985 or at the box number listed below.

Prov. 29:2, "When the righteous are in authority, the people rejoice".

Letters From The Panhandle

Judy Wolcott

DEAR FOLKS:

We were so glad to hear that your weather has been better. It was 76 degrees this afternoon in Pampa. Wish you were here to walk around in short-sleeves like the rest of us!

Did I say things would slow down after basketball season? Forget it! This week has just flown by, between visiting, the stock show, and Valentine's Day.

Saturday evening we dropped Greg and Brad off in Wheeler for a Valentine Dance and the rest of us went to play Skip-Bo with Mrs. Tipps and Marge. We had a great time. The nice thing about Skip-Bo is that you don't have to think too hard as you play it. This allows time to gab, and time to stuff your face! We had iced tea and pretzels and chips, and finished the evening off with Lucile's melt-in-your-mouth cinnamon rolls. (I'm going over there Thursday morning to learn how to make them).

The boys enjoyed the dance. They met a lot of young people from other schools and had a chance to talk with some they already knew. They're already planning for this time next year, when Brad will have his driver's license. Does this mean they're getting interested in girls?!

Sunday afternoon, we drove over to Kelton to visit Chester and Vivian Jones and have supper together. It's always fun to see them. We have a lot in common-being Panhandle teachers, and also, being Catholic in an area where that's not too common. They have a beautiful home on acres of land all out by itself.

Chester fixed delicious hamburgers on a special grill outdoors. That was the first time the Wolcotts attended a cook-out in February! My contribution was "Impossible Cherry Pie". Well, the name fits. It truly is impossible—it was a flop! Now I'll have to find someone to give me cherry pie lessons. Julia Child, where are you?

The Mobeetie stock show was held Monday night. We went over to the barn Monday after school to see how the preparations were coming.

In one section, the electric clippers were buzzing as James Moffett and Bob Mickey maneuvered this way and that to finish one lambie's haircut. Some of the kids were brushing their lambs. Little vacuum cleaners were being used to fluff up the short hair that was left.

In another area, the pigs were being bathed. People were dressed in bright yellow rubber clothes and boots as they worked. Once the pigs were washed, they had to be guided (?) to the right pens. Then the object was to keep your piggy clean! I was talking with Amanda May, one of my second graders, and she was introducing me to one of her pigs—McCormick. I looked over into the next pen and there were a couple of muddy-looking pigs. I said, "Boy, those pigs are **really** dirty. They sure need a bath!". Then I found out that they had already had one! I was embarrassed, but really—no one ever told me that pigs come in brown!

That night the place was full of animals, people and noise. The animals seemed to pick up on the excitement in the air and added their grunts and baas to it. Does that sound far-fetched to you? Then, listen to this...Someone in the crowd said that pigs are really intelligent. In fact, they had heard of a farmer who claimed to have his pigs trained to stop at their troughs and bow their heads as the farmer gave the blessing before they ate! I know as you read this, you're shaking your head saying, "The poor kid is still gullible". What can I say?

It was time to start the judging. I had no idea what to expect. I plunked myself up in the bleachers and began asking questions. It was fascinating to see the exhibitors guiding their pigs around the arena, all the while keeping their eyes on the judge's face. They would swat at their pigs with a short stick or a scrub brush. Just as I was beginning to think that the S.P.C.A. should be called in, Clarise Hathaway explained to me that the reason for that was to keep the pigs moving. "A pig doesn't look good standing still". Personally, I don't think they look so great on the run either. I must mention, though that the judge liked Jennifer's all black pig. He said if they'd had a 'prettiest pig award', it would have won the prize.

The lambs had been waiting in their pens for their turn. They wore white jackets and hoods to keep them from getting chilled. I had to laugh at some of them. The hoods had shifted around so that the holes for their eyes and noses were in the wrong places. They looked like little ghosts.

Brad's lamb placed second in the lightweight Suffolk class. The judge's experienced hands would glance over the lambs' bodies, sizing up the various areas to choose a winner.

Shelia's lamb was completely white, and had such a sweet face that it looked like it looked like it belonged on an Easter card.

Easter will be here before we know it. We seem to hurry along from holiday to holiday.

The kids at school had a 'lovely' day—valentines, pink frosting, candy hearts, the works! You would have loved Mrs. Batton's group singing,

I wish I had a little red box
To put my Valentine in,
I'd take him out and —, —, —,
And put him back again.

At the 3 pauses, twenty-one pairs of baby lips smacked the air, and I wanted to hug each one of them.

By the way, Killer gave Amy a red heart with chocolates today. Since this is livestock show week, and since Amy raises pigs, we put two cartoon stickers of piggies on the box. One says, "Happy Valenswine's Day", and the other, "I'm in the Mud for Love"!

LOVE,

J.

Care Center Comments

By Laura Guthrie

February 14th was another occasion for a party. So the Wednesday Study Club played hostess to the Care Center Staff and residents. The dining room table was set with a red cloth, centered with an arrangement of red and white carnations. The crystal punch bowl was filled with ruby punch and crystal plates were filled with lacy-looking pink and white cookies. When the guests all found their places, Mary Mitchell, president of the club, introduced Mesdames Dorothy Risner and Debbie Morgan who sang to the accompaniment of Mrs. Sylvia Lee at the piano. Then the King and Queen of the Residents were introduced. They had been elected by the people who live and work at the Center. The King is Silas Evans and the Queen is Icyl Littrell. They were crowned and duly acclaimed as Royalty. Then the guests were served, and expressed thanks to their hostesses.

On Thursday of last week the members of the high school FHA came with Valentines and also had a sing-along.

A few days ago Pat McWhorter came for a visit. She took Icyl Littrell out to lunch and also helped Mary Jones in the beauty shop.

Recent memorials have been given for Cliff Weatherly from Elva Wood, Opal Davidson, both of Wheeler; Mr. and Mrs. Kenneth Allen of Perryton; and the firm of Stewart, Ferguson and Robinette of Amarillo. Also, gifts were made by The Wednesday Study Club in Honor of Dan Kenny, by Mrs. Farmer Hefley for recreational supplies, and Mrs. May Muse for Valentine decorations.

Mr. Roy Robertson, the Proprietor of the Care Center, and his brother Troy, both from Ft. Worth, spent a few days in Wheeler, visiting with friends and conferring with the Staff.

The Auxiliary will meet Tuesday, Feb. 21, at the Center, at 10:00 a.m.

What's Happening at W.H.S.?

By Lyndol Loyd

Well, that one dreaded week of school has come and gone. Six weeks tests were last week at W.H.S., a time of cramming for tests at the last minute for some and a time of long, hard studying for others.

Six weeks tests were not the only thing happening at W.H.S. last week. The Jr. classes Senior rings finally arrived after being a month late. These rings were extra special though because on the side of them is a Mustang made out of the word Mustang that was especially designed for the class of '85. The design has never been used in the United States and will never be used again. For those of you who haven't priced Sr. class rings lately, they are not cheap. The cost of the rings ranged from $100 to $300 in price. The most expensive, which is a gold ring with a 5 pt. diamond in it, belongs to Brent Lee.

If one of the Juniors asks you to turn their Senior ring don't laugh at them. There is a tradition of having your ring turned as the year you graduate it. For 84 times it is turned toward the pinky and on the 85th time the ring is to be turned toward the middle finger by someone special.

The Key Club is in the process of assisting Shamrock High School in starting a Key Club of their own. The Wheeler Club sent four representatives to Shamrock. they were Sid Whiteley, president, Darren Grimes, Jr. Class representative, Stephen Meadows, Freshman representative; and Drew Thomas, club member. Plans are underway for the Club members to meet with the principal and superintendent of Shamrock High School. The Key Club is a junior division of the Kiwanis Club, Kiwanis club advisor to the Key Club is Jim Wright.

Basketball's regular season came to a close last Friday night with the Wheeler Varsity boys game with Allison, but before the season ended the Wheeler J.V. teams were entered in the White Deer J.V. Tournament. The first game for the two Mustang teams was against White Deer, but played at Skellytown because of busted pipes in the White Deer Gym. The boys team lost 40-43 vs. White Deer, and fell prey to Canadian 29-36 on Friday afternoon. The girls defeated White Deer to advance to the winners side of the bracket. Friday night the J.V. Mustangettes played Canadian and lost to the tune of 37 to 38. Saturday, the young ladies went up against Panhandle and lost their attempt for third place.

The One-Act Play is now coming along slowly, but surely. With all lines practically learned, rehearsals are coming along much better when they are able to be held. At the moment the cast is still awaiting the delivery of their hospital bed for the set of the play. One competition for the One-Act Play is Tuesday, March 13 at the Wheeler High School Auditorium.

Valentine's Day the halls of W.H.S. were filled with the scent of carnations and the smell of chocolate. The reason for this is that the Key Club sold carnations and the FHA sold chocolate kisses for fund raising projects.

A reminder is that the Wheeler County Stock Show is this Thursday, Friday and Saturday at the show barn. The sale has been set for Saturday night.

Now maybe you can have some idea about What's happening at W.H.S.!
