Dulles Expected To Fly To London For Suez Talk

School Board Meets With Negro Group

The Snyder school board held a meeting last night with about 50 members of the Negro population in Snyder and discussed provisions to be made for Negro high school students here.

Most of those attending the meeting were parents of school children, while some had no children in school.

Dr. Wilton Jones, spokesman for the school board, led the discussion and told the group of the possibility of a second high school in Snyder which might be built adjacent to the Lincoln Elementary School.

Such a possibility met with extreme favor in the meeting, and about a dozen Negro residents made brief talks in favor of a high school there.

The proposed high school would offer every subject which is offered in the present high school, including not only the courses required for graduation and needed for college admission but such courses as typing, shorthand, homemaking, band, choir, and trades courses.

Negro students who are in high school are now going to school in other cities. Most of them are attending a parochial school in San Antonio, but the board has agreed that this is the last year they will be sent to such a school.

The board has scheduled discussions on the proposed new high school at all Snyder civic clubs next week.

Preliminary plans by the board are to call a bond issue in the amount of some $150,000 to build the high school.

ATTACKS MAN HELD IN SISTER'S DEATH—A policeman rushes in to try to prevent Mrs. Pauline Irgang from pounding her purse on the head of Nathan Brown, 31, at an inquest in Chicago into the death of Miss Lucille Fitzpatrick, her sister. Brown was held to grand jury on a charge of murder after a policeman testified he saw Brown run down Miss Fitzpatrick with an automobile, make a U-turn and run over her again. Another sister testified Brown had threatened to kill Miss Fitzpatrick, his former girl friend.

Large Crowd Greets Adlai

WASHINGTON (AP) — Adlai E. Stevenson, arriving to open his national campaign headquarters here, told a cheering crowd at National Airport today he hopes to set up residence in the White House next January.

The Democratic presidential nominee flew in at 10:25 a.m. EDT from Harrisburg, Pa., where last night he formally opened his campaign with a speech broadcast nationally on radio and television. In that address, he said that "from here on" Republican leadership will be in the hands of Vice President Nixon instead of President Eisenhower.

Stevenson said the nation has a "partime presidency" with power passing to the hands of Nixon and a "big business" cabinet.

Stevenson told his audience he remembered some of them from four years ago, when he ran unsuccessful against Eisenhower.

The crowd laughed when he said he thouhgt "something went wrong" with his 1952 effort to win the presidency.

But Stevenson added that he again is "planning to come to Washington" as a White House occupant.

He noted that the plane which brought him from Harrisburg was named "Washington," and added that he hopes "that is prophetic."

Stevenson referred to his Harrisburg speech last night as an occasion to address what he called "about 12,000 elite of the Democratic party."

Stevenson then harked back to his use of the word "elite" in his Harrisburg talk. He said in the speech he had noticed in the newspapers that Eisenhower, at Gettysburg, Pa., two days ago, had addressed what one newspaper story described as the "elite" of the Republican party.

Stevenson said he had looked up the dictionary definition of "elite" and found that it meant persons regarded as "socially superior."

At the airport today, after using the word "elite" to describe his own Harrisburg audience, Stevenson said with a laugh that he had received several telegrams contending he had mispronounced the word.

'HI, MOM' — Three-year-old Johnny Durham faces his mother at an emergency hospital in Wilmington, Calif., where he was taken after a neighbor found him siting in a pool of crude oil near his home. His mother, Mrs. Edna Druham, had reported him lost. The oil puddle—seepage from a storage tank—was small and only three inches deep, but Johnny found it. Hospital attendants pronounced him unhurt, and wrapped him in a plastic bag for the trip home—and a long bath.

War Fears Subsiding

LONDON (AP)—The Western Big Three moved swiftly today to set up a Suez Canal users' association with the prospect U. S. Secretary of State Dulles may make a hurried flight to London.

An American diplomatic source said he understood Dulles was coming here next week — probably Wednesday.

A British diplomatic spokesman said the invitation list for an international conference is still being drawn up — but the invitations would go out "shortly." The British Press Assn. suggested the possibility that Egypt may be among those invited. The general feeling here was that the conference would be next week — but no definite date has been announced.

Whether Dulles' reported trip ed trip was to take part in the conference or merely to discuss preparations with the British and French was not clear.

The war jitters that gripped this capital — and a large part of the world—after the idea of the users' group was first raised—have subsided somewhat in the wake of Prime Minister Eden's qualified promise to seek U.N. action before resorting to force.

The Institute of London Underwriters announced big increases in "war risk" insurance rates for ships calling at Egypt and sailing through the Suez Canal.

The British Embassy in Cairo this morning warned Britons for the third time to leave Egypt "if they have no compelling reason for remaining."

Another British aircraft carrier, the 27,000-ton Albion, was ordered to sail tomorrow for the eastern Mediterranean.

Ike Is Taking Part In Suez Developments

By JOHN SCALI

WASHINGTON (AP)—With President Eisenhower taking a personal role in the Suez Canal crisis, the United States pushed ahead today with the latest Western plan despite Egypt's cry that such a course "means war."

Eisenhower arranged to fly here from his farm estate at Gettysburg, Pa., for a midafternoon discussion of Suez developments with Australian Prime Minister Robert Menzies.

Menzies headed a five-nation commission which sought vainly to get Egyptian President Nasser to agree to international operation of the canal.

Secretary of State Dulles planned to meet with Menzies an hour in advance of the White House session to review developments.

U. S. officials were reported somewhat disturbed but not gravely worried by Egypt's violent reactiont to the new Western move. They viewed it more as a near-hysterical outburst rather than as a positive sign war would result.

Dulles was said to be discounting Egypt's threats and seeking to line up the world's biggest non-Communist shipping countries into a canal users' association. Once organized, these nations would offer to move their own ships, guided by non-Egyptian pilots, through the canal.

Budget For United Fund Drive Is Set

The Scurry County United Fund yesterday set its budget for this year at $36,970 upon recommendation of its budget and admissions committee and appointed its campaign leaders for the year.

Dr. Cecil Yarbrough, who headed the first campaign conducted by the United Fund here two years ago as general drive chairman, will head the campaign committee, which will choose drive chairmen this year and set dates for the drive. Serving on that committee with him are Stanley Noah and Malven Stevenson.

Yesterday's meeting was headed by Herbert Feather, United Fund president. Directors elected two vice-presidents for the year. They are H. A. Johnson, Jr., first vice-president, and Myron Roe second vice-president.

This year's United Fund budget shows an increase of more than $5,000 over that of last year's figure of $31,818.75.

The budget recommendations report was made for the budget committee by Walker Dabbs. That committee is composed of H. W. Cargile, chairman, Dabbs, Mrs. Jake Greene, Mrs. Frank Strom Mrs. E. N. Baker, Mrs. J. E. Sorrells, Russell Yorgeson, Bill Eiland, and H. O. Beard.

One new agency was added to the United Fund, the Gonzales Warm Springs Foundation, which performs physical therapy for polio patients, usually having several from Scurry County. Two agencies which were included in last year's budget made no requests this year. They were the Women's Auxiliary of the Fire Department, which was included on a one-year basis last year for funds to equip a rescue trailer to be used for drownings and other disasters, and the Youth Center, which is no longer in operation.

Budget figures approved by the board yesterday were $4,500 for the Salvation Army, $2,390 for the Girl Scouts, $1,800 for United Service Organizations, $4,650 for the American Red Cross, $9,000 for the Boy Scouts, $750 for the American Heart Association, $850 for the West Texas Boys Ranch, $11,534 for the Scurry County Boys Club, and $1,500 for Gonzales Warm Springs Foundation.

The board recommended that this year's drive be set as early as possible in October to coincide with the national United Fund drives.

The United Fund executive committee is composed of Feather, the two new vice-presidents, Art Nicholas, secretary, and Ralph Geisenhoner, treasurer.

Two Injured In Accidents

Officers last night investigated two accidents near here, but neither involved serious injuries.

The first, investigated by Frank Beene, highway patrolman, and J. C. Massingill, sheriff's deputy, was at 7:30 p.m. and occurred about one-fourth of a mile north of Snyder on U. S. Highway 84.

A 1954 Chevrolet driven by Alfred C. Turner of Las Vegas, Ariz., struck Trinidad Ortiz, 9, who was riding a bicycle. The child, taken to Cogdell Memorial Hospital by Bolger ambulance, suffered only scalp lacerations and skin bruises.

The other accident was at 12:30 a.m. today on the curve of State Highway 350 at Ira. A 1956 Oldsmobile driven by Benjamin Alfred Alves, Jr., of San Antonio overturned, injuring H. C. Williams, also of San Antonio, but only slightly. He was taken to Cogdell Hospital by Bolger ambulance. Beene and Bill Zimmerman, also a highway patrolman, investigated.

Fund Being Raised For Resident Of Ira

A fund is being raised in Ira for Junior Jennings, 15, Ira resident who is recovering from an accidental shooting which occurred recently.

Jennings is in Root Memorial Hospital at Colorado City. The fund is being raised at Smallwood Grocery at Ira.

The youth, son of Mr. and Mrs. Floyd Jennings, was accidentally shot in the left lung while hunting dove recently.

Jewish Observance

NEW YORK (AP) — Yom Kippur, the day of atonement and the holiest day of the Jewish religious calendar, will be observed from sundown today until sundown tomorrow by Jews throughout the world. It concludes the 10-day High Holy Day season which began with Rosh Hashana, the New Year, which started the year 5717.

Population Estimate Of U.S. Is Released

WASHINGTON (AP)—The Census Bureau today estimated the U.S. population on Aug. 1 at 168,360,000.

This total, which includes 906,000 armed forces overseas, is an increase of 17,227,000 or 11.4 per cent above the count at the last census in 1950.

It also represents an increase of 2,841,000 or 1.7 per cent over the estimate for Aug. 1, 1955. Census estimated the total civilian population on Aug. 1, 1956 was 165,520,000.

Library Plan Is Submitted

Completed plans for the Scurry County library to be built as authorized in a bond issue last spring were submitted to the county commissioners court by architects yesterday, but there may be some revision.

The plans were submitted by M. C. Butler and Turner Kimmel of Lubbock, who had been employed as architects by the county.

The plans, however, called for a building which would cost some $80,000 after air conditioning. That would leave only $10,000 of the $90,000 voted in bonds for the mobile unit, furnishing, and other expenses.

The building as drawn by the firm had a large reading room 41 by 80 feet, children's reading room 32 by 45 feet, lobby and check desk room 16 by 31 feet, two offices, a work room, garage for the mobile unit, rest rooms, and storage and equipment rooms.

The court is still studying the plans.

Youth Flies Plane On His First Trip Up

MASTIC, N.Y. (AP) — Two boys, aged 11 and 13, who had never stepped into a plane before, yesterday took off in an unattended monoplane, flew for an hour and landed perfectly.

"I gave it the gas and taxied up the runway and then it went in the air," calmly explained the pilot, 13-year-old Eddie Gates.

The copilot, Roy Brosseau, said Eddie assured him he knew how to fly. Eddie told police that was right; he learned from a book.

Eddie said when they spotted a single-engine plane on a runway they just climbed in, and started it.

They took off, flew at 2,000 feet over Suffolk County on the eastern end of Long Island, and swooped low over their own homes on the edge of the airport.

Their air joyride almost escaped unnoticed. But two Civil Air Patrol pilots, who are also detectives on the Brookhaven police force, saw the small plane scoot down for a landing with apparently no one in it. As they approached, however, two heads popped up.

The boys were released in the custody of their parents while police and the owner of the plane, a private charter service, decide what charges to bring.

Third Negro Is Enrolled

CLAY, Ky. (AP)—A third Negro child today enrolled in the Clay school despite an opinion of the state's attorney general the Negroes were illegally enrolled. The school's 590 white students continued their boycott.

Adj. Gen. J. J. B. Williams personally escorted the two Gordon children, James, 10, and Teresa, 8, in the school along with another Negro child, Bobbie Carl Copeland, 12.

Only 11 Clay residents were on hand to watch the children and 12 of the school's 17 teachers file into the building.

Guardsmen stationed at Clay said 200 of the 500-man detachment were being given weekend passes. Many are college students and must register for classes.

Williams made it plain he planned no mass troop withdrawal because of the legal opinion.

Hike In Insurance

LONDON (AP) —The Institute of London Underwriters today more than doubled insurance rates on shipments passing through the Suez Canal.

Jordan Soldiers Killed In Attack

JERUSALEM (AP) — A Jordan military source said today 21 Jordan soldiers were killed, wounded or are missing in an Israeli raid on a police post at Gharandal in south Jordan last night. He said a force of 1,000 Israelis made the attack.

It was the second attack on a Jordan post along the Israeli demarcation line that has been reported by Jordan in three days. Twenty Jordanians were reported killed at Rahwa in a two-hour battle Wednesday.

The Jordan source said the attackers at Gharandal, a village about half way between the Dead Sea and Red Sea, used heavy weapons and were supported by three planes which bombed the area.

Jordan's foreign minister summoned the envoys of the three big Western powers in Amman this morning and informed them of the attack.

Jordan lodged an urgent complaint with the United Nations truce organization, saying the raiders destroyed the post. Truce observers flew to Gharandal, 12 miles inside Jordan's border and about half way between the Dead Sea and the Red Sea.

The Tel Aviv newspaper Maariv said there were dozens of casualties among the defending Arab force.

Not Worried About Theft

DENVER (AP) — Ten government checks for $4,259,000 were reported missing today in the mail.

The Rocky Mountain News told about it today in a copyrighted story. Charles E. Evans, in charge of the Treasury's regional disbursing office in Denver, confirmed the checks are missing but would say no more.

The News said the checks were mailed last Friday from the disbursing office to contractors working on projects for the atomic Energy Commission. The AEC started investigating after contractors complained they hadn't received their money. Postal inspectors and Treasury agents joined in the hunt.

Two of the checks were for $800,000 each. Nine were sent air mail to as far away as Buffalo, N.Y. One was dispatched by regular mail to a contractor in Denver.

No one was very worried. Ever try to cash an $800,000 check?

Slugging Of Marine Disclosed By Mother

NORWALK, Ohio (AP)—The Marine Corps is investigating a complaint by Donald Hamisfar, 20, that a corporal at the Parris Island, S.C., training base slugged him in the stomach for omitting a "sir" during a mop and bucket drill.

Hamisfar underwent an emergency operation for a rupture after the blow.

The charge by Hamisfar that he was hit in the pit of the stomach by a corporal on Aug. 23, one day after his entry into the Marines, was made public last night by his mother, Mrs. R. L. Hamisfar, after she returned from visiting him at the U. S. Naval Hospital at Beaufort, S.C., where he had undergone an operation for rupture.

Helium Plant To Be Built

WASHINGTON (AP)—The Interior Department awarded today a $1,006,600 contract to Quaker Valley Constructors of Pittsburg, Kan., for construction of an addition to the government's helium plant at Exell, near Amarillo.

The contract covers enlarging buildings, laying foundations, installing special equipment, and providing foundations for other equipment the Bureau of Mines will install.

The bureau has bought the equipment for the six million dollar expansion.

Officials hope the added production will be available by April as the demand for non-flammable helium has been so heavy its use is presently being confined to essential purposes only.

Prepare For Blow

MANILA (AP) — Northern Luzon and the Batanes Islands today prepared for another typhoon swirling out of the Pacific with 75 m.p.h. center winds.

Plane Warning Device

DALLAS (AP)—A warning device that enables a pilot to know when another aircraft approaches his plane has been perfected, the Collins Radio Co. said yesterday.

Voting Fraud Charge Being Investigated

FORT WORTH (AP)—The Tarrant County grand jury, which has voted to indict one election judge, again has delved into possible fraud in other voting boxes during the Aug. 25 Democratic runoff primary.

County Clerk Mel Faulk was before the grand jury today with ballot and stub boxes from five voting precincts.

Former County Democratic Chairman Tom Ward also appeared with his records.

A source close to the grand jury said the boxes being investigated today differed from those that were examined last week when the jurors broadened their vote fraud hunt.

The investigation began Aug. 28 when irregularities were uncovered in Precinct 120, a predominantly Negro election box which voted overwhelmingly for Ralph Yarborough.

This led to a felony charge of illegal vote canvass against the precinct election judge, Charlie Mae Allen, 26, Negro who is at liberty under $5,000 bond.

Typhoon Death Toll

SEOUL, Korea (AP)—Forty-two persons were killed, and 5,000 homes destroyed or damaged when Typhoon Emma struck South Korea Monday, a national police tabulation said today.

Restricted Youth Is Found Hanging

COMPTON, Calif. (AP) — An 11-year-old boy found hanging in the garage behind his home committed suicide because he was confined to the house and the television set was out of order, police reported last night.

The officers said Frederick A. Rutherford had been restricted to his house because he had a cold and had told some other children he planned to kill himself because the television set wasn't working.

Daniel Is Still Undecided On Whether To Back Stevenson

By The Associated Press

Sen. Price Daniel, Democratic nominee for governor, has reopened the question of whether he will support the Democratic nominees for president and vice president.

At Dallas Thursday, the Democratic standard-bearer for governor, who has a Republican opponent in the general election, said: "I have given no flat endorsement. I am going to support the Democratic nominees unless they take a position that will prevent me from doing so."

Daniel said this two days after a hectic, storm convention which mixed boos and cheers for him, took these specific actions:

1. Passed a resolution putting the assembled Democrats on record as "endorsing and supporting the Democratic nominees, Adlai Stevenson for president and Estes Kefauver for vice president."

2. Passed a resolution directing the new state executive committee with a chairman hand-picked by Daniel, to work actively for the Democratic party and its nominees "both state and national."

3. Approved a resolution specifically directing the executive committee, its chairman and vice chairman, the national committeeman and the national committeewoman, to assure responsibility and authority to direct all efforts in the national campaign in Texas.

Daniel said at Dallas he made no trade with Sen. Lyndon Johnson and Speaker Sam Rayburn that would call for his unqualified endorsement of the Adlai Stevenson-Estes Kefauver ticket.

Rayburn commented:

"Daniel was correct in the statement that no deal was made.

"I am waiting and hoping that he will come out without reservation for the Democratic nominees for president and vice president."

A member of Johnson's staff said "Johnson never claimed that there were any trades or commitments. He said the action of the whole convention amounted to convention endorsement of Stevenson and Kefauver and the whole ticket from top to bottom."

WEATHER

SNYDER TEMPERATURES: Yesterday's high 98; Low 66; with a reading of 72 at 7:30 a.m. today.

North Central and West Texas: Clear to partly cloudy through Saturday. No important changes.

Three Wounded In Gunfire Exchange

NEW YORK (AP)—Gunfire crackled on staid Staten Island yesterday as dozens of police fired at least 100 shots during a wild, two-hour chase to capture an escaped prisoner.

The fugitive and three law officers were wounded in the melee, and another policeman suffered a heart attack.

It all started with Henry Bryant, 28-year-old ex-convict, being held in a Richmond County Courthouse detention cell awaiting a lawyer to defend him on an assault and burglary charge.

Bryant, a Negro, asked to be taken to a washroom on the second floor. In the washroom, he knocked correction officer Max Rudtz to the floor, escaped through a window and boarded a bus.

Rudtz and Deputy Sheriff Russell Johnson, 46, were close behind in an auto. The officers boarded the bus. In a scuffle which terrified passengers, Bryant grabbed Rudtz's gun and fired several shots. One bullet struck Johnson in the stomach.

Bryant leaped from the bus. Meanwhile, police throughout the island — across the bay from Manhattan — had descended on the normally quiet St. George section. Residents took cover as police bullets followed Bryant, who darted in and out of back yards.

Bryant, a former amateur boxer, finally was cornered in a garage in New Brighton. Police pumped bullets into the garage until Bryant, bleeding from an arm wound, surrendered and pleaded: "Leave me alone. I ain't got the gun any more."

Beside Johnson, the wounded officers were Detective John Lipka, 46, and Patrolman Edwin F. Daggett, 35.

Johnson was described as in fair condition. Lipka and Daggett were in serious condition. Lipka suffered a chest wound while Daggett was hit three times—in the throat, arm and chest.

Patrolman Henry Heisinger suffered a heart attack while taking part in the chase. His condition was poor.

Back The Tigers Tonight In Their Opening Game!

AREA OIL ROUNDUP

Nolan Outpost Flows In Strawn

Ray Oil Co. and Dave R. Harris of Dallas and others No. 1-A Lance Sears, ¾-mile northeast outpost to the Vena Madre (Strawn) field of West Nolan County, developed flowing oil in the Strawn.

Test from 6,940 to 6,980 feet, open five hours, surfaced gas in three minutes, with the well flowing nine barrels of oil in 45 minutes and unloading oil for another two hours and 55 minutes.

Casing was to be set for completion attempt at total depth of 6,980 feet.

Location is 47 feet from south and west lines of section 198, block 1-A, H&TC survey, eight miles west of Maryneal.

Wildcat locations have been staked for immediate drilling in three West Texas Counties.

C. L. Norsworthy, Jr., of Dallas will drill a 7,600-foot Ellenburger rotary wildcat in Southwest Nolan County, six miles southwest of Maryneal.

No. 1 J. P. Maddox is 660 feet from north and west lines of section 58, block A-1, H&TC survey and three miles northeast of the Parramore (Strawn) field.

In South Tom Green County, Fortune Drilling Corp. of San Angelo will drill No. 1 Henry Holiman as a 5,500-foot Strawn reef wildcat.

Drillsite is 330 feet from north and 5,388 feet from east lines of J. Webb survey No. 83, and three miles north of Christoval.

Continental Oil Co. No. 1 J. T. Windham is a new 3,000-foot wildcat in extreme Northeast Culberson County.

Location is 15 miles west of Orla and 990 feet from south and west lines of section 10, block 59, T-2, T&P survey.

A Swastika sand project 1½ miles northeast of Roby in Central Fisher County, was pumping to test Thursday.

The project, West Central Drilling Co. of Abilene and others, No. 1 Barnes, recovered 76.76 barrels of oil and 3.48 barrels of water on a 12-hour pumping test through perforations from 3,962 to 3,966 feet, after 250 gallons of mud acid.

Site is 330 feet from north and east lines of lot 28, Bastrop County School Land survey No. 313.

Ab-Tex Production Co. of Abilene and Hill & Hill of Fort Worth No. 1 W. C. Matchett, ¾-mile southeast outpost to the Coffin (Strawn) field of Northeast Fisher County, found gas and oil on drillstem test of the Canyon sand.

Three-hour test from 4,130 to 4,139 feet recovered 900 feet of gas and 70 feet of heavily oil and gas-cut mud.

Drilling continued below 4,329 feet in lime and shale.

Location is 2,327 feet from south and 1,639 feet from east lines of section 183, block 1, BBB&C survey.

Blance Oil Co. and Newman Brothers Drilling Co., both of San Antonio, No. 1-A Morris Gay and others is to be a new project in the Bond (Canyon) pool of West Howard County.

It is 11 miles northwest of Big Spring and 330 feet from north and 524.8 fet from east lines of section 34, block 33, T-2-N, T&P survey. The contract is to drill to 9,000 feet.

Ten miles north of Tokio in Northwest Terry County, George P. Livermore No. 1 Pool was pumping to test Thursday.

Operator acidized perforations in the San Andres at 5,138-5,201 feet with 750 gallons of mud acid and 5,000 gallons of regular acid. The well then swabbed 10 barrels of fluid hourly for an unreported time, with an average shakeout of 40 per cent oil and 60 per cent water.

Operator re-acidized same perforations with 12,000 gallons of acid and continued testing.

Location is 660 feet from north and 1,980 feet from west lines of section 15, block D-14, C&MRR survey.

G. Jack Carter and others of Midland plugged No. 1 Street Whitley, Central Nolan County wildcat, at 4,407 feet in dry Cisco.

The duster is 660 feet from north and west lines of section 163, block 1-A, H&TC survey, five miles east of Maryneal.

WHAT'S GOING ON

Visiting in the home of MR. AND MRS. TOM DAVIS, 3105 Avenue A, this week were MR. AND MRS. CHARLIE YOUNG of Hamlin and MRS. ALENE HAMBLEN AND "PACKY" of Dallas.

• • •

MR. LLOYD FOWLER of BIG SPRING has been visiting in the home of his parents, MR. AND MRS. J. A. FOWLER, Lamesa Highway, for the past two days.

• • •

MR. AND MRS. AL HUDDLESTON, 1202 Avenue S, have been to Okla. City for two weeks on a business trip. They also went to Beaumont, Orange, Port Auther and South Central Texas for the past three weeks visiting her relatives.

• • •

Visiting in the home of MR. AND MRS. F. B. HOLLIS, Roby Highway, for the past two days were his parents, MR. AND MRS. FRED HOLLIS of Electra.

• • •

MRS. EMMETT McCONATHY of Dallas and MR. AND MRS. MARVIN LEWIS of Denton have been visiting in the home of their mother, MRS. J. H. LEWIS, 908 Twenty-eighth Street, for the past few days.

• • •

Visiting in the home of MRS. W. H. MARTIN 3109 Avenue M, last weekend were MR. AND MRS. RAYMOND MARTIN and family of Palno and MR. AND MRS. WENDALL GUTHRIE and WENDELL JR. of Jal, N. M. MR. MARTIN is MRS. MARTIN'S nephew.

• • •

MR. JOE McCORMICK of Sweetwater visited in the home of MR. AND MRS. W. C. McCORMICK, Lamesa Highway, Thursday evening.

Report On Fiscal Year

AUSTIN (AP)—State Comptroller Robert Calvert said today that the state started the new fiscal year with a balance of $232,343,124.

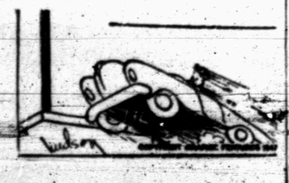

Total receipts during the year were $1,035,836,238. While expenditures were $1,289,737,408. The balance sheet comes out in the black because of the total net balance of $486,244,294 at the start of the year.

Taxes and license fees accounted for more than 67 cents of every dollar of receipts. Federal aid, matched by varying amounts of state funds, accounted for about 19 cents on the dollar.

The most expensive items included about 32½ cents of every dollar spent for public schools, about 26 cents for highways, and about 18 cents for public welfare.

Jury Rules Man Insane

LOS ANGELES (AP)—James Merkouris, strapped to a chair in a glass and steel isolation booth, heard a jury rule him insane yesterday.

The former convict was ordered committed to a state hospital "until such time as he may regain his sanity." If found legally sane in the future he will be tried for the murders of his former wife and her husband, shot to death two years ago.

As Merkouris, 40, was taken from the booth in which he was confined during the sanity trial to silence his outbursts he shouted:

"I'm not insane. As for killing that woman, I had no more to do with it than I did with the assassination of Abraham Lincoln."

Merkouris was convicted of murdering Mrs. Despine Forbes, but the state Supreme Court ordered a new trial. He has never been tried for the murder of her husband, Robert Forbes.

BIRTHS

Mr. and Mrs. C. N. Fulks, 215 Thirty-fifth, are the parents of a girl, born Thursday at 7:06 a. m. in Cogdell Memorial Hospital. She weighed six pounds, 5 ounces.

Born to Mr. and Mrs. Eldon W. Thompson, 2609 Thirty-sixth Street, was a daughter, weighing six pounds, 12 ounces, Friday at 3:55 a.m. in Cogdell Hospital.

A boy was born to Mr. and Mrs. Ellis Haynes, Route 3, in Cogdell Hospital at 8:10 a. m. Friday. He weighed seven pounds, one and one-half ounces.

Lie Detector Test Results In Fine

HAGERSTOWN, Md. (AP)—A Hagerstown motorist said he was innocent of hitting another car and driving off, and to prove it he offered to take a lie detector test.

So Joseph Bitner, 20, took the test.

Magistrate Paul Ottinger gave him the bad news. The evidence was overwhelmingly against him, Ottinger said.

Bitner was fined $50 and ordered to pay the driver of the other car $151 damages or serve 60 days in jail.

Pig Just Couldn't Wait For Mudhole

CROMWELL, Okla. (AP)—A mud-loving pig just couldn't stand being all spick and span after winning a blue ribbon at the county fair.

Riding in the back seat of his owner's car, the porker started wriggling out of a window. Rayford C. Wakefield, the driver and owner, and a friend tried to corral the pig.

The car suddenly careened out of control into a ditch. The rear door of the heavily-damaged car flew open and out scrambled the pig—right into a mudhole.

Conley Previews Football Season

John Conley, Snyder High School's head football coach, gave a brief preview of the football season and condition of the Snyder Tiger grid team yesterday in a talk at the weekly Rotary Club luncheon here.

Speaking of the team's pre-season rating as one of the top Class AAA elevens in the state, Conley said, "It's not hard to be picked that way, it's just hard to stay up there." Although he bemoaned the fact that the team had the "monkey on its back" at the beginning of the season, Conley said he would rather the team be rated first th last.

Speaking of last week's scrimmage with Midland here, in which the two teams came up with the same number of touchdowns, Conley said, "The team is either better than we thought or Midland is not so quite so good." Conley said the team did make some mistakes, however.

Much of the time since the team opened workouts late last month has been spent working on mistakes of last year that needed correction, Conley said.

Althought the team looks good, Conley cautioned fans not to watch for the same type football they saw last year. In explanation, he said last year's running backs averaged 187 pounds in weight, compared to 140.7 pounds average this year for potential starting backs. Part of the team's success, he said, will depend on how long the smaller backs can take the pounding the opposition will give them.

Discussing some of the team's opponents of this season, Conley said he knew nothing of Borger, the team's opponent for tonight, except that the team is rated in the top three of its Class AAAA district and that it is a big team.

Weatherford, the next opponent, lost most of its regulars last year, including the "fancy" quarterback who put on such a performance against Snyder. Big Spring, Conley said, has in his opinion a better team than most predictions indicate and should offer plenty of competition. Levelland, he said, has one of the top Class AAA teams in West Texas, with more returning lettermen than any. Breckenridge will probably be rough, as usual, but "We're going to catch them one of these days," he said, adding that the Snyder team likes playing Breckeridge. Dumas which Snyder has not played before, is rated second in its AAA district.

In Snyder's district, Sweetwater has its best team, Conley said, since he has been coaching here, with a big line. Its backfield is inexperienced but may be in good shape by the time district play begins. Colorado City has three returning lettermen, and information is not readily available on the condition of that team, while there is no information available on Lake View yet. Lamesa, as usual, will probably be giving other district teams enough to worry about. That team's coach, Conley said, is responsible for Snyder's being rated so high, being this district's representative at the coaching school during the summer.

New Testing On Synthetic Rubber Made

NEW YORK (AP)—The synthetic rubber industry, war-time baby raised by the government and turned over to private industry last year, appears ready for a big bounce on its own.

Du Pont is starting test runs this weekend on a new plant at Montague, Mich., which is expected to add 50 million pounds a year to its production of neoprene, one of the four basic types of synthetic rubber.

The B. F. Goodrich sponge rubber products division earlier this week told of developing a cheaper, quicker process for making synthetic rubber latex.

Esso Research and Engineering Co. is about ready to unveil a inique rubber material for the transportation field.

Production of synthetic rubber stepped up in a hurry during the war when the Japanese cut off natural rubber from Malaya.

During 1955, synthetic rubber accounted for nearly 60 per cent of the new rubber consumed in the U.S. with sales of 894,900 long tons. Industry plans call for expansion to more than 1,300,000 long tons. Industry plans call for expansion to more than 1,300,000 long tons of synthetic in 1957.

Water Flow To Stop

MCALLEN (AP) — The end appeared in sight today for the flow of unrestricted water from Falcon Dam to farms and citrus groves of the Lower Rio Grande Valley. At the present rate of release, the special water master estimated U.S. storage behind the dam may be reduced to the court-controlled 50,000 acre feet within hours.

Medical Auxiliary Holds Opening Meeting Of Year

The home of Mrs. Carl Dillaha 3111 Forty-first Street, was the scene of the opening meeting of the year, Thursday morning, for members of the Women's Auxiliary of the Canyon Reef Medical Society.

The meeting was conducted by Mrs. Harry Ward, president, reading the purpose of the auxiliary, which is: 1. To assist the Medical Association in promoting health and education. 2. To assist in local, civic, and medical activities.

Plans were made for the program of the year and it was announced that the state president, Mrs. Richard Bellamy of Liberty, Tex. would be a guest of the auxiliary Oct. 23 at a social to be held at the Country Club.

Mrs. John Battenfield, told of her visit at the Texas Medical Assn. convention held at Galveston last spring. She said the national president urged all auxiliaries to read the "Credo of a Doctor's Wife" at the first meeting, Mrs. Battenfield gave the Credo which reads:

1. I believe in the principles of the Women's Auxiliary to the American Medical Association, which foster fellowship, benevolence, education, and patroitism.

2. I do solemnly pledge that I will be loyal to the profession of medicine and just and generous to its members.

3. I will not be adversely critical of auxiliary objectives and ideals, but will support its cause and will respect the rights of its members.

4. I solemnly promise to uphold the dignity of my husband's profession, and will help him render service to humanity in seeking to secure for him the free and unfettered practice of medicine.

New officers for the year include: Mrs. Harry Ward, president; Mrs. Edward Rogers, vice president; Mrs. Carl Dillaha, Secretary-treasurer; Mrs. John Battenfield, public relations chairman; Mrs. Tom Hartley, legislative chairman; Mrs. Wilton Jones, nurse recruitment chairman; and Mrs. Harry Redwine, health chairman.

Coffee and cake was served to the nine members attending.

Officers Of Club Named

The Ladies Golf Association met at the Snyder Country Club Thursday morning for the election of officers.

Officers elected were: Mrs. Max Dyer, president, Mrs. M. M. Keeble, treasurer, Mrs. W. T. Dabbs, secretary-reporter, and Mrs. A. J. Shaw and G. R. Randolph, Jr., telephone committee.

It was voted to change the date of meetings from Friday mornings to Wednesday mornings at 9 o'clock.

During the morning's round of golf, Mrs. Dyer won low holes; Mrs. W. J. Pitts, high holes, and Mrs. Ernest Brewer, low putts.

In addition to the above mentioned, the following were present: Mesdames Nolan von Roeder, Ed Richardson, and Shanty Hogan.

After the meeting and round's of golf the group enjoyed a luncheon.

GETTING ACQUAINTED—Northwest Elementary P-TA met for a get-acquainted party in the opening meeting of the year Thursday night. From left are Miss Vestal Manor, teacher; Mrs. Armor McFarland, P-TA unit secretary; Mrs. John Hazel, a parent, and Miss Alice Birdwell, teacher.

Miscellaneous Shower Is Given For Mrs. Chapman

Mrs. G. L. (Sonny) Chapman was honored with a miscellaneous shower Tuesday afternoon, Sept. 4, in the home of Mrs. Bill Line, 2609 Thirty-seventh Street.

The bride's chosen colors of pink and white were carried out in the decorative theme. The refreshment table was laid with a white lace cloth, centered with a display of a small white platform accented by pink ribbons and candles. An arch of greenery and pink rosebuds formed the background for a miniature bride and groom.

The receiving line was composed of Mrs. Bill Line, Mrs. Zada Chapman, mother of the groom, and Mrs. J. E. Chapman, grandmother of the groom. Mrs. Chapman was attired in a tailored dress of light blue moire taffeta. She wore combination pearl and rhinestone accessories, with a corsage of pink carnations.

Miss Jerry Ann Chapman, cousin of the groom, presided at the registry table. Mrs. E. J. Holt and Mrs. Walter Wells served punch and cake.

The 20 guests were entertained by Mrs. Alfred Lieb singing "Band of Gold", and "I Love You Truly".

Hostesses for the shower included: Mrs. J. D. Black, Mrs. E. J. Holt, Mrs. Zay Hudman, Mrs. F. J. Chapman, Jr., Mrs. W. A. Boyd, Mrs. P. A. Hicks, Mrs. Walter Wells, Mrs. F. J. Chapman and Mrs. Ray Reeder.

Northwest P-TA Has Party Here

The Northwest Elementary P-TA met in the school auditorium Sept. 14 at 7:30 p.m. for a get-acquainted party. This opened the meetings for the 1956-57 school year.

Mrs. Colclazer and Mrs. Sheridan registered new members at the door and presented them with a year book. The new books carry out the color scheme of gold and brown the P-TA's chosen colors.

Mrs. Kenneth Snyder, president, opened the meeting with a welcoming address. The budget financial projects for the year was presented and approved. The project now in session is a fund raising campaign consisting of chilli supper to be held Nov. 15 in the school cafeteria and the selling of magazines.

Mrs. Leah Johnson, school nurse, reported that the dental survey would be held Oct. 3. She stressed the need of all parents to have their childrens teeth checked regularly. She also urged that parent accompany the first grade children for the survey. Mr. Pat Falls, principal, introduced the faculty.

The room count prize was awarded Mrs. Jones room for the most parents present. The group enjoyed a game of art, lead by Mrs. Manor after the business session.

Refreshments were served to approximately 60 persons from a table laid with a damask cloth with a centerpiece of pyracantha branches with orange berries, backed by plumes of pumpas grass.

60 Attend P-TA Meet

Approximately 60 persons attended the Get-Acquainted meeting held by the East Elementary P-TA in the new school auditorium Wednesday afternoon at 3:45. This was the first meeting of the year.

Mrs. Ned White, president of the group introduced the guest speaker, Mrs. E. N. Baker, District Vice-president of the P-TA. Mrs. Baker chose for her theme, "Why a member in the P-TA".

Mrs. R. T. Howard, Mrs. Ned White, and Mr. Frank Weaver were in the receiving line to welcome guests.

Refreshments of cokes and cookies was served in the cafeteria.

Officers and chairmen for the coming year are: Mrs. Ned White, president; Mrs. Bill Fisher, vice-president; Mrs. Charley Morrow, secretary; Mrs. Ralph Burney, treasurer; Chairmen include Mrs. J. P. Pitner, Jr., membership and publication; Mrs. R. T. Howard, hospitality; Mrs. Royce Walker, education for family living; Mrs. Owen Dickey, publicity and scrapbook; Mrs. Ed Bolger, welfare; Mrs. Virgil Walton, arts and crafts; Mrs. Tim Dennis, music; Mrs. Lloyd Arnold, character and spiritual life; Mr. Frank Weaver, civil defense, health and safety; Mrs. W. S. McMennamy, citizenship and legislation; Mrs. Loy Neeper, historian and Mrs. Virgil Walton, year book.

Hobo Supper Held At Thomas Home

Mr. and Mrs. T. S. Thomas, 206 Thirty-sixth Street, were hosts to the Master Sunday School Class of the First Baptist Church, for a hobo supper, held Thursday evening at 7 p.m.

The traditional old iron pot was used for the stew at the party.

Mr. Buford Newton was awarded first prize as the best hobo, while Mrs. Glen Bowlin won first for the ladies.

Those attending included: Mr. and Mrs. Billy Valentine, Mr. and Mrs. Burford Newton, Mr. and Mrs. Glen Bowlin, Mr. and Mrs. J. W. Johnson, Mrs. Udell Pugh, Mr. and Mrs. Wayland Walton and Mr. and Mrs. Thomas.

Son Is Born

Mr. and Mrs. Eldon Perry of Inadale, announce the birth of a son in the Sweetwater Hospital, Wednesday morning. The baby has been named Sidney Wes and weighed seven pounds, six ounces. Grandparents of the new boy are Mr. and Mrs. J. P. DeShazo, 2411 Avenue I, and Mr. and Mrs. J. E. Perry, Lamesa Highway.

Library Site Discussion Draws Top Interest Here

Selection of a site for the proposed Scurry County library building was a point of major interest at a program concerning the library held last night by the American Association of University Women.

More than 50 persons attended the dinner meeting and program. Speakers were Miss Thelma Andrews, librarian for the city of Abilene, Edgar Taylor, county judge, and M. C. Butler and Turner Kimmel, Lubbock architects who have prepared blueprints for a library building. Other guests included L. L. (Pat) Moore, commissioner of precinct three.

Judge Taylor, who presented a brief resume of the steps which have led to the present library situation, announced that the commissioners court has been offered an opportunity to buy the present Snyder National Bank building for a library. A price of $60,000 was mentioned, Mr. Taylor said, and the court has taken the offer under consideration. The commissioners court has not selected a site for the proposed library, Mr. Taylor said in answer to a question from the floor, and he added he did not know when a selection would be made.

Mr. Kimmel described briefly a building which his firm has designed for the library here. The building may seem disappointingly small to some persons, he said, but he said it was designed to permit expansion and leave the county funds to equip the building to best advantage. Asked if he would consider the Snyder Bank building suitable for a library, Mr. Kimmel commented that it did have possibilities but that he could offer no suggestion without further study. Mr. Turner pointed out that parking space would be at a premium if the building were purchased for a library.

Miss Andrews, main program speaker, said studies of library locations have shown that a public library near the center of pedestrian traffic encourages library use. Her address was largely devoted to describing the ways in which a library serves the public. Children of pre-school age enjoy story hours and other similar activities, she said, and older children find the library a valuable source of information for school studies. Adults find material which can help them plan their work, work out problems, satisfy the desire to learn more about their jobs or surroundings as well as fill leisure time with recreational reading. Elderly people, hospital patients, handicapped persons and others with special needs can all be served by the public library, she continued.

The public library is a fine place for a community to gather information and objects relating to its particular heritage, Miss Andrews said. This might include newspaper files and other publications as well as any objects which are of special local interest. People who are interested in the history of their community frequently turn to the public library first, she said, and hence it is a logical place for such collections to be started and kept.

In answer to a question from the audience, Miss Andrews said she believed the commissioners court should take immediate action to appoint a librarian here. The librarian would perhaps be able to put the mobile library unit into use before the library building is ready for occupancy, she said.

Asked about the advisability of appointing a library board now, Judge Taylor said he believed it would be a wise step. However, the commissioners court had not yet seen fit to name the board, he said. Mr. Moore agreed that in his personal opinion the appointment of a board should be made immediately. Mr. Taylor said the court seemed to prefer to wait until the building was complete to name the board, even though this makes the court responsible for overseeing the work on the building rather than delegating this task to a special board. Miss Andrews said the time of appointment of the library board was a matter of community preference.

Mrs. E. A. Brooks, president of the Snyder A.A.U.W. chapter, opened the program with a welcome to guests and new members. Mrs. Mrs. C. M. Raine, program chairman, introduced the speakers.

El Paso Lady Lost 20 Pounds With Barcentrate

Mrs. Mary L. Lawrence, 4331 Oxford St., El Paso, Texas, writes as follows: "I lost 20 pounds taking Barcentrate and found it to be a wonderful tonic as well as a reducer."

Just get four ounces of liquid Barcentrate from your druggist. Mix and take according to directions on label. If the very first bottle doesn't show you the way to take off ugly fat, quickly, easily and without starvation diet, return the empty bottle for your money back.

HOMEOWNER?? or HOBO??

What you do about insurance protection within the next 24 hours might very well determine whether you remain a homeowner or wind up "out in the cold" like the gentleman above.

Building costs have doubled. Would you be able to replace your home if it is destroyed tomorrow? Not if it is insured by 1946 standards.

Be sure your insurance protection is up-to-date. Our free protection check costs you nothing, and may save you thousands of dollars.

MEDICAL AUXILIARY MEETS—Mrs. John Battenfield, standing, and other members of the Women's Auxiliary of the Canyon Reef Medical Society held their opening meeting Thursday. Others, left to right, are Mrs. Robert Pierce, Mrs. Rogers and Mrs. Harry Ward.

Study Club Meets Here On Thursday

The first meeting of the current club year of the Alturian Daughters Study Club was held at Mary Lynn's Tea Room. Mrs. Marcel Josephson, Mrs. Harry Ward, Mrs. D. K. Ratliff and Mrs. Harold Brown served as hostesses for the luncheon on Thursday.

New year books served as place cards at the tables.

Following the luncheon, Mrs. Melvin Blackard presented the aims of the Federation and new legislation. She gave an informative report on her trip, as a delegate, to the state convention, held in Dallas last May 8.

Mrs. P. W. Cloud, Mrs. Herman Doak, and Mrs. Harold Brown, added some of their impresssions as visitors to the convention.

Mrs. Billy Greenfield and Mrs. D. K. Ratliff showed an film titled: "Your Community". This film presented some community projects undertaken by other women's groups, and demonstrated what could be done for the betterment of a community, by united and concentrated effort on the part of women.

At the conclusion of the program, Mrs. Melvin Blackard, president, presided over the business session.

A highlight of the meeting was the unanimous vote of the club to give $500 to the new women's club, in compensation for not participating in the queens race, held last spring. Last spring, when the discussion of the queen's race was held, the club voted not to participate, but to contribute their share when the new club house was opened.

Nineteen members and one guest was present at the luncheon.

Buying Bed Linens

Here is some information which will help you when buying bed linens: The word combed refers to finer, stronger, and more even cotton yarns. Carded yarns are supposed to be the heaviest. Cotton muslin sheets give longer wear but do not have the soft feel of lighter percale.

Diced avocado, strips of drained canned pimiento and French dressing make a fine before - dinner cocktail.

Town and Country Garden Club Meets

The Town and Country Garden Club held their first meeting of the year Thursday at 2:30 p.m. Mrs. Hal Battle was hostess for the group in her home 2315 Forty-first Street.

Mrs. Carl Dillaha, president, presided at the meeting and made the announcement that the Spring Garden Show would be held May 16, with the site to be announced later.

Mrs. Dan Warren was speaker of the afternoon. Her topic was "dry materials". To demonstrate her subject Mrs. Warren brought with her an arrangement, made of drift wood, dried onion tops, dry wheat and oats.

Mrs. Battle used a fall flower arrangement on a red bread tray as her centerpiece on the refreshment table. Twenty members attended.

WHY BE A MEMBER OF THE CHURCH OF CHRIST? (No. 4)

BECAUSE IT WAS FOUNDED AT THE SCRIPTURAL TIME. That time was the first pentecost following the resurrection of Christ (Acts 2nd chapter). Any church not founded at that time is not the true church! Of course, were it possible by history to trace a church back to pentecost, it would not necessarily prove that that church is the true church now; it might be an apostate church, for the Holy Spirit said there would be a "falling away" (apotasy), see Acts 20:17, 18a, 29 30; cf. 2Thess.2:1-3. Look for these marks of identity: Built by Christ; built on Christ; in Jerusalem; on pentecost. This is one reason why a person should be a member of the church of Christ.

THESE SCRIPTURES POINT FORWARD: Isa.2:1-4, "in the last days" in Jerusalem; Dan. 2:44, "in the days of these kings"; Matt. 3:1,2, "is at hand"; Matt. 6:9,10, were to pray for its coming, Matt. 16:18, "will build"; Mark 9:1, come in life time of some of the disciples; Matt.18:3, disciples had not entered it; Lk.10:9, "nigh unto you"; Lk.22:18, "shall come"; Acts 1:6-8, "receive power" when the Holy Ghost comes.

THESE SCRIPTURES POINT BACK: Acts 2:47, "added to the church"; Eph.2:19, "fellow citizens"; Col.1:13, "translated into the kingdom"; 1Thess.2:12, called into kingdom by the gospel (2 Thess.2:14).

OBSERVE: Three thousand added that day (Acts 2:41); was in the last days (Acts 2:17-21); was at Jerusalem (Lk.24:46-49; Acts 1:12; 2:1-5); was in "the days of these kings.(Acts 16:19-21); was in the days of some of the disciples (Acts 1:15-2:9); power came (Acts 2:1-4); the "beginning" was when the Holy Spirit came on the apostles on pentecost (Acts 11:15). The Scriptures point both forward to the coming of the church (kingdom) and backward to its having come, on pentecost. Pentecost is the birthday of the church of Christ, the church one reads about in the New Testament.

"THE CHURCHES OF CHRIST SALUTE YOU." (Rom. 16:16). Tune in KSNY on Tuesdays and Thursdays at 7:15 p.m. and hear C. Dale Brooks.

That 'Freak' Season

That "freak" season which is regarded with awe by people in many other states — the Texas high school football race — get's going in Snyder this evening.

Here to challenge the local Tigers in their 1956 debut will be a team from the Panhandle representing the Borger High School.

Football in Texas high schools presents at merry chase, to describe it in ultra conservative terms, and that period from early September through Thanksgiving usually is enjoyed to the hilt by the fans, especially if the home team makes a good showing against its opponents. A "good" showing, of ceurse, usually means that the home team wins more games than it loses, but the won-lost record, in our opinion, is not the most important factor in high school football. Neither is the "character building" which usually gets some attention, although that, in itself might justify the program purely from the standpoint of those who actually participate.

We think the most important factor is the opportunity for an expression of community pride. Citizens of most districts are proud of their schools. In those rare cases where such pride is lacking the citizens usually are dissatisfied and in a mood to do something about it.

A football game offers one of many opportunities for citizens to show their pride in their schools and above all to show that they are proud of their youngsters. The pride, of course, need not diminish in relation to the figures on the scoreboard, and we doubt that it does except in those rare cases when general school pride is at a low ebb.

Thus, our school pride and our sportsmanship go on trial everytime one of our teams takes the field against an outside foe. Let's start piling up evidence at the opening game tonight.

The Fort Worth Brawl

Not in many years has Texas seen anything as wild and woolly as the State Democratic Convention which met uproariously in Fort Worth this week.

Out of it came a new executive committee which may or may not give the gubernatorial nominee, Price Daniel, the support customarily accorded an incoming governor. So important is the September convention to the gubernatorial nominee that it is called "the governor's convention," and normally he gets the "highball" signal and a clear track ahead.

But this time the nominee's victory at the polls was about as narrow as history affords — a little over 3,000 votes out of 1.4 million cast in the runoff primary.

And in the delegations from Texas' 254 counties there was bitter and vociferous contention between the Daniel forces and those of his rival, Ralph Yarborough, to determine which side should be seated in a number of counties. These issues were resolved by convention vote, 1,006 for Daniel, 869 for the opposition.

In succession, as they appeared before the convention, Senator Lyndon B. Johnson and Speaker Sam Rayburn, who teamed to defeat the Shivers forces in the May precinct, county and state conventions, were alternately booed and cheered. The same thing happened to Price Daniel when he rose to acknowledge certification as the party's nominee, but eventually each had his say, and friends and foes alike got their chance to express themselves loudly and at length.

In the end Daniel, who voted for Eisenbower in 1952, pledged his support to the state and national Democratic tickets, and this move perhaps paved the way for his eventual convention victory, narrow as it was. So, in spite of the fireworks and the ill feeling that may linger on for awhile, the party presents a solid front in Texas n 1956.

Dissenters, Non-Conformists Keep Two Major Political Parties From Merging

By HOLMES ALEXANDER

WASHINGTON, D. C. — Blessed is the dissenter, and in an election year this benediction should include the volunteer outcasts from the two-party system.

It's a foregone conclusion that either Dwight Eisenhower or Adlai Stevenson will turn up the winner in November. The temptation is to be a conformist, a Democratic or Republican voter, one who swallows the appropriate party platform and ticket with reasonably good face.

Something over 60 million Americans will do that, but they will be perpetuating the likenesses rather than the differences between the two major parties. In time, with the conformists marching to the polls, the two parties would merge at the top like two giant oaks with entwining branches; or like an aged married couple, happy but no longer of productive, until they are so much of an entity as to be inseparable.

But — the noncouformists, thanks to the divine spark of individualism in human nature, are with us still. A group of them are meeting in Memphis today. While I couldn't get to the Memphis meeting, I know many of the participants either by their works or in person, and I commend them to their much-too-like-minded fellow citizens.

This is no "third party" in the sense that Theodore Roosevelt's Bull Mooser, or Henry Wallace's Progressives, or even abraham Lincoln's Republicans of 1856-60 were a Third Party. But the Memphis dissenters, Democrats and Republicans, are acting as political protestants against the two-party system. The meeting was called by For America, a fundamentalist group; by the Federation for Constitutional Government, which is also fundamentalist; and by Independent Electors, a group which is trying to restore the electoral college to its sole purpose of selecting (rather than electing) a President.

You need not agree with all, or even any, of the loyal dissent expressed by these persons; but as a good American you would have to acknowledge their right to differ. At the American Political Science Convention, held in Washington a week before the Memphis affair, there was a pertinent address on the value of political dissent. Professor Howard B. White, of the New School for Social Research, made this point:

". . . that the voluntary outcast is the most valuable member of society will command widespread assent among political scientists."

Professor White goes on to develop this point from the life and works of Jean Jacques Rousseau, a French recluse; but I read his address and kept wondering if the point wouldn't be even better made by taking some living examples. We all know of self-exiled Democrats and Republicans who refuse to stomach some of the bushwa handed down by the political committees. Some of the rebels have withdrawn conspicuously, which is one way to show disapproval. Others continue to give battle inside the parties. During the present campaign they will interpret the loose-lipped party platforms in the light of their own natures. For example:

Both parties made a perfunctory obeisance to the Supreme Court, but dissenters at both conventions managed to get in a clause renouncing the hateful idea of "force" in implementing the public school desegregation. If it hadn't been for these rebels-from-authority, the next President might have felt he had a mandate to enforce compliance by use of Cossacks or Storm Troopers, as one U. S. Senator seriously advocated.

Both parties bid for the Labor vote: the Democrats by pledging repeal of the Taft-Hartley Act, the Republicans by pledging "to overhaul and improve" it. In this instance the non-conformists of one party were able to make a significant holding attack. Senator Knowland of California got off a pre-platform speech in which he held that "It is not wise . . to repeal the Taft-Hartley Act. . . and leave the individual workers and small businessmen without the protection the act provides." Among Old Guard Republicans, this passage was — and is — taken to mean that the Labor Law should be "improved" by protecting the right-to-work in individual States.

Both parties pledged themselves to continue foreign aid, but many party leaders have their own ideas about that. Some want the aid confined to military assistance only. Others want aid to go out on a quid pro quo basis. One platform proposal, quickly suppressed in closed committee by the "open" GOP convention, called for the elimination of all foreign grants, except upon provable catastrophe, and for a foreign aid program based upon private banking loans.

Author of the proposal was Publisher Eugene Pulliam, of the Indianapolis Star and Times, a member of the platform committee. Both the Indiana Senators, Homer Capehart and Bill Jenner, have pushed this idea in the past, and it will gather strength in the 85th Congress, regardless of who becomes President.

Blessed, again, are the non-conformists.

RADIO-TV REPORT

By CHARLES MERCER

NEW YORK (AP) — "Tragedy is clean, it is firm. It is flawless. It has nothing to do with melodrama —with wicked villains, persecuted maidens, avengers, sudden revelations and 11th-hour repentances.

"Death in a melodrama is really horrible because it is never inevitable . . . In a tragedy nothing is in doubt and everyone's destiny is known. That makes for tranquility."

Those lines are from the chorus of "Antigone" by Jean Anouilh, which is based on the Greek tragedy by Sophocles, and which has been translated into English by Lewis Galantiere. Now television, on the Kaiser Aluminum Hour (NBC-TV, Tuesday), has brought us its interpretation of Sophocles, with Anouilh, with Galantiere, with director Franklin Schaffner.

It was a bold and worthy experiment which resulted in noble failure as television entertainment. That's a sad judgment to pass when one constantly urges greater experimentation in TV programming.

Yet the television "Antigone" scarcely could have pleased the classicists and it must have mystified the mass of viewers. The theme of Sophocles' drama is as old as mankind. It concerns the indestructible will of the young and compassionate, over the old and power-obsessed.

During the German occupation of Paris in World War II Anouilh overcame censorship to have his play produced and it became a meaningful source of spiritual strength to members of the Resistance. Anouilh's interpretation cast Sophocles' theme into the mold of military dictatorship, overcoming German censorship by having the male roles played in white ties and tails.

"Antigone" might have succeeded on TV were it not for the regrettable miscasting of Marisa Pavan as Antigone. Beauty and classical features, which Miss Pavan possesses, do not alone make an Antigone. The Anfigone who has survived 24 centures has great depth of feeling combined with great world-weariness. She is both rebellious and resigned. Antigone must carry the play that bears her name. It was far too great a burden for Miss Pavan.

Claude Rains, as King Creon, found himself in the embarrassing position of playing tragedy alone. Because Miss Pavan could not rise to his playing, he seemed to win every exchange—which definitely was not the intention of anyone from Sophocles to the present.

"I USED TO CAMP HERE WHEN I WAS A CUB!"

Gov. Shivers Raises A Delicate Point In The Problem Of School Integration

By BEM PRICE
Associated Press News Analyst

WASHINGTON (AP)—Gov. Allan Shivers of Texas has raised a point which lies at the heart of the school integration problem. What happens when there is open defiance of a federal court order?

So far the question has been academic, but in the case of Mansfield, Tex., it came close to being raised in concrete form.

A federal court ordered the Mansfield school board to stop discriminating against the admission of students on the basis of race. The practical effect of this order was to decree the admission of 12 Negro students to Mansfield High School.

When school opened, however, a mob gathered and threatened violence if any Negroes actually sought to enroll.

Shivers then sent six Texas Rangers to Mansfield to help maintain law and order, instructing them to transfer "any scholastics, white or colored, whose attendance or attempts to attend Mansfield High School would be reasonably calculated to incite violence."

In essence, the governor said that if violence threatened to accompany Negroes' entry to the school, they should be sent elsewhere. The Negroes dropped their attempt — at least temporarily.

Shivers denied this was defiance of the federal court, but added, "Should the resulting actions be construed as contempt of the federal court, I respectfully suggest that the charge be laid against the governor and not the local people."

So what happens? Nothing at the moment. Federal courts are blind until there is official notification of a violation. Until the interested parties — the Negroes' lawyer or the school board's — come before the court and inform it the non-discrimination order is not being obeyed, the court will take no action.

But if the Negroes' or school board's attorney does appear, the court can issue a restraining order against interference with the performance of its original order. If this is violated too, then individuals may be jailed by U.S. marshals for contempt of court — but marshals are process servers primarily, not general law enforcers.

If there is continued defiance, the matter becomes quite delicate. Federal courts in themselves have no innate police powers.

Under the division of powers laid down in the Constitution, only the executive branch of the government can exercise force.

Thus, if there is open defiance of a federal court order, the responsibility for action lies with the President of the United States.

At a news conference last week President Eisenhower said he didn't think the federal government should intervene in the Mansfield case since law and order had been restored.

He omitted any reference to the more acute point, presumably because, like the court, he has had no official notification that the court's order is not being obeyed.

Eisenhower did observe, however, "when police power is executed habitually by . . . the federal government we are in a bad way. So until the states show their inability to grapple with this question properly, which they haven't yet . . . we'd better be careful about moving in and exercising police power."

Eisenhower had an excellent point. Russia and Red China exercise police power at the national level. So did Hitler and Mussolini.

Around at the Justice Department, though, the Mansfield case is under quiet discussion, and the point raised is: When must the federal government act to maintain the integrity of its courts and its own sovereignty?

Cattle Ruslers Using Flying Saucers In Idaho

By INEZ ROBB

NAMPA, Idaho. — Idaho, my favorite state, has more didtinctions and firsts than I can list without the aid of the Chamber of Commerce. It makes me very happy to report that she is still in the vanguard.

For Idaho, where everything is up-to-date, has just recorded the world's first instance of cattle rustling via flying saucer. No other state or country can make this claim.

Only last week end, a flying saucer put the snatch on a 400-pound steer at a ranch 40 miles south of Twin Falls. At least, the steer, bigger than life and twice as frisky, was there one minute and gone the next split-second, just after a flying saucer, 200 feet in diameter, settled momentarily in its vicinity.

There are three witnesses to this lawless steer-napping. E. L. Rayburn, prominent Twin Falls attorney and owner of both the ranch and the luckless if historic steer, and two employees, Joe and Dick Parker, saw the flying saucer make the snatch.

"Then the object sped off like a streak of light and the steer was gone," Mr. Rayburn told the sheriff of Twin Falls County.

Both the attorney and his two employees realized at once that they were dealing with new-type rustlers, and that it was useless to saddle up and try to head 'em off at the pass.

This snatch also has presented a problem to the sheriff and to the times, when Grandpa Callaway was an Idaho pioneer, justice was swift and summary for cattle rustlers, the lowest varmints of the wide, open spaces. They swung from a limb and a rope when caught, and they often were.

But the up-dated rustler, operating from a flying saucer, is a new and unsolved hazard to the cattleman. This is surely a challenge to the latter-day Wyatt Earps.

But, however serious this new threat may be to the cattleman and his right hand, the cow poke, this steer-napping near Twin Falls will give invaluable knowledge to serious students of flying saucers.

For the first time, it is authoritatively proved that the crew and passengers of such saucers are carniverous. Probably the saucer stewardess had run out of prepared meals, the paying customers were yelling for food and the crew decided to rustle up a sizzling platter on the hoof. This seems the most reasonable explantion of the steer's disappearance.

Again, serious students of flying saucer-ry will not be surprised that Idaho has chalked up this first. Not only is the Gem State a cattle state, but the world is indebted to a Boise businessman and private pilot, Kenneth Arnold, for flying saucers.

Mr. Arnold was the first human being ever to see an aerial saucer. He spotted this phenomenon and graphically described it to the U. S. Government some years ago when he encountered a covey of them as he was flying a search million near Mount Ranier.

Since Mr. Arnold's historic discovery, the firmament has been full of flying saucers, an a man in North Ireland even reported wrestling with a small one last week.

However, it was an Idahoan who first discovered them and a Idaho steer that was first rustled by such means. In the flying-saucer field, this state has no rival. When bigger and better flying saucers are seen, Idahoans will see 'em.

WASHINGTON LETTER

Aviatrix Setting New Goals In Politicking

By JANE EADS

WASHINGTON — Colorful Jacqueline Cochran, record-breaking aviatrix and wealthy head of her own cosmetics business, is setting new goals politicking the Republican ticket for Congress from California's 29th District.

From the time she announced her candidacy early this year until August, when she came to Washington to see an old friend, President Eisenhower, she says she has already shaken more than 40,000 hands, made some 600 speeches, flown her twin-engine plane 35,000 air miles around her district and had driven more than 8,000 miles in her car. She says she expects to double these figures before the November election.

Speaking of air travel, Mrs. John H. Lapham, the flying grandmother of Texas, who breezes in and out of the capital in connection with her interests in the National Society of Arts and Letters, has somewhat of a record of her own. Copilot with her husband, a director of an oil company, she averages about 6,000 air miles a month flying with him on business trips.

Mrs. Lapham and her husband, known to Texans as "the flying Laphams," have three private planes. They first took to the air back in 1935, when Lapham saw a sign on a Texas road which read "Learn to fly for $40."

"He just bundled me into the cockpit because he wanted a copilot," Mrs. Lapham told newswomen on one of her trips here. Actually, Mrs. Lapham says that flying a plane "feels so much safer than driving a car today."

"Once your ship is up," she explained, "you can push on the automatic pilot and relax. Apart from the getting up and the coming down there's no having to look for the other guy. In the sky other guys are always supposed to be at a different angle."

The Laphams live in San Antonio, and Lapham commutes almost every day to their ranch 52 miles away. When she goes to the ranch, this is one time she really prefers a car. The family dogs, which accompany her on these trips, are not "air minded."

Among the three planes owned by the Laphams is a trainer which Mrs. Lapham says her husband has used to teach many local Boy Scouts how to fly.

Kindergarten Period One Worth Living Over Again

By HAL BOYLE

NEW YORK (AP)— As millions of children troop off to school again, many adults know a moment of sadness and almost envy.

They are swept by a passing desire to be young themselves, and an old phrase tugs at their mind: "If I had my life to live over again:"

Well I know what I'd do. I certainly wouldn't rush through kindergarten if I had a second chance. I believe I'd stay on in kindergarten, year after stubborn year, until the school crumbled in ruin.

A return to my pimply and boisterous high school adolescence holds no appeal to me. If I had to live through the teen ages again I'd certainly demand double pay and time off for good behavior. Nor do I pine to live again the rah-rah years on a college campus amid the climbing ivy.

But kindergarten? Ah, that's a different matter. What man wouldn't like to live again the year of his real prime, the time when he stood on his first real summit and knew the thrill of feeling he was king of the hill?

This week, seeing scores of scrub-faced urchins being led to their first day in kindergarten by their mothers, I felt a wild wish that I could remake that journey again myself, and recapture the feelings that went with it.

A boy on his way to kindergarten when I was young was a Christopher Columbus, adventuring into an uncharted world. Most children didn't attend nursery schools. Kindergarten was a strange new continent full of rumored terrors and uncertain delights.

Remember how clammy your palm felt in your mother's palm? And all the questions you asked along the way?

"Mama, if you do something bad, do they really shut you up in a dark cloakroom all by yourself and close all the doors?"

"Mama, will there be anybody there I know?"

"Mama, what if you do something bad but don't know it's bad when you do it. Do they still make you hold out your hand and hit it with a ruler?"

"Mama—"

"Oh, hush child, we'll never get there if you keep asking questions."

Remember how awesome the teacher looked, and how, as she bent down to greet you, you could count the crinkly wrinkles around her warm kindly eyes? She seemed 1,000 years old, and she may have been all of 45.

Remember the blind panic you felt when your mother went out the door and left you standing there, silent amid the flock of other silent lonely children?

LITERARY GUIDEPOST

WITH LOVE FROM GRACIE: SINCLAIR LEWIS: 1912-1925. By Grace Hegger Lewis. Harcourt, Brace.

While Miss Hegger worked for Vogue magazine and Lewis for publisher Stokes, he picked her up in the freight elevator, though he bumbled it hilariously — knocking her bag from her arm and stumbling over a pail. No wonder he was impressed by her, her English accent, the candles on her talbe, her engraved card.

In 1914 they were married. He might be all elbows, but he had brains, wit, exuberance, a wonderful boyishness, and bubbled over with delightful nonsense. She became his first wife, but books, she says, came ever before her.

They traveled to Sauk Centre, across the country, and to Europe They had a son, Wells, to whom Hal, as Gracie called him, paid little attention. He was doing "Main Street" and "Babbitt", and getting ready for "Arrowsmith" and "Elmer Gantry." Some of these Gracie lived through and the rest she saw preparing.

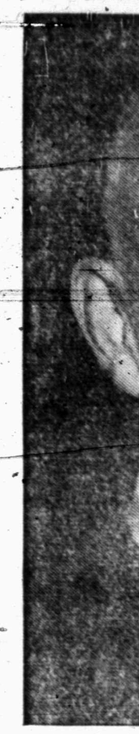

He set his typewriter up on a kitchen table, tilted back in his chair, and as he began to work enjoined Gracie:

"Kiss me, my love, and beat it!"

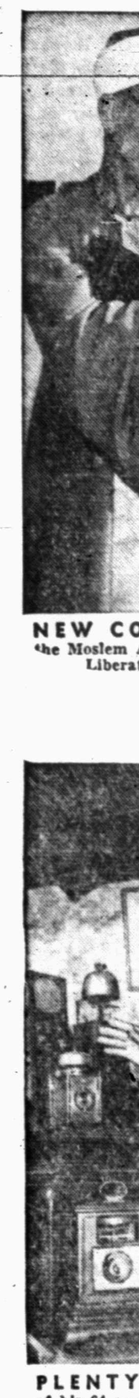

There in seven words is this entire recollection, loving, grateful and appreciative but clear-eyed. Gracie's Hal was a hard man to live with, and a grand one, too. In every chapter she has had difficult decisions to make about revealing this or betraying that, about confessing to a happiness or uncovering a hurt. She has hewed nicely to the proper dividing line. The book was mean to write — it's great to read. There'll never be another book about Lewis that does not borrow heavily from this.

Tigers Meet Bulky Bulldogs Tonight

By BUCK FRANCIS

A near capacity crowd is expected to jam Tiger Stadium tonight where the Tigers will officially open their 1956 season against a rugged outfit from Borger High School.

Kickoff time is slated for 8 p.m.

Except for several cases of influenza that has hit the Tiger squad during the past week, the Bengals will enter tonight's contest in good physicial condition.

Nine members of the Tigers have been hit by the "flu bug" during the past week but all are expected to be suited out for tonight's lid-lifter.

The only injury reported in the Tiger camp is fullback Bill Fowler's sprained ankle. Fowler was originally slated to start the game but he will give way starting duties to Tommy Prichard, a converted halfback.

Fowler, however, will be suited out tonight and is expected to see some action.

Coach John Conley, who has guided the Tigers to a 5-6 record during his first two seasons here, will be gunning for his second season opening victory.

The Tigers opened the 1954 season with a 26-12 win over Ysleta but dropped the 1955 curtain raiser by 14-7 to Breckenridge.

Last season's opening night loss was the only defeat the Tigers suffered through the regular season as the Bengals compiled a 9-1 mark. The Tigers, however, suffered defeat No. 2 in bi-district, losing a heart-breaking 18-13 decision to Garland.

Borger, competing in the state's toughest district, came out with a 4-6 season record last year. Borger victories were over Monterey, Fort Worth Tech, Northeast High of Oklahoma City and Pampa. Losses were to Abilene, San Angelo, Odessa, Midland, Amarillo and Lubbock, all 1-AAAA powerhouses of last year.

Borger has been picked by its district coaches as the team most likely to take the title away from the district favorite — Amarillo Sandies.

The Bulldogs will enjoy a weight advantage in both the line and backfield. The Bulldogs will outweigh the Tigers by about eight pounds per man in the line and 16 pounds per man in the backfield.

Borger's starting forward wall averages 188 pounds to 180 for the Tigers. In the backfield, the Bulldog secondary averages 169 pounds per man to 152 for the Tigers.

Both Borger and Snyder return nine lettermen off last year's outfit.

Following are the starting lineups for the two squads:

BORGER

Ends — Charles Henson, 166, and Mickey Miller, 161.
Tackles — Harold Smith, 221, and Andy Hutchens, 183.
Guards — Clarence Smith, 181 and Archie Archambeau, 177
Center — Earl Earnest, 192.
Quarterback — Bob Page, 163.
Halfbacks — Ed Guthrie, 149, and Nealby Simpson, 178.
Fullback — Gale Gastineau, 182.

TIGERS

Ends — Milton Ham, 175, and Robert Dabbs, 183.
Tackles — Wiley Denson, 197, and Billy Phillips, 190.
Guards — Gary Hill, 162, and Roger Hensley, 184, or Gene Williamson, 188.
Center — Joe Reaves, 162.
Quarterback — Powell Berry, 163.
Halfbacks — Bobby Pollard, 130, and Bud Morgan, 152.
Fullback — Tommy Prichard, 162.

IRA BULLDOGS — Pictured is the Ira Bulldog football aggregation of 1956 which opens its season tonight at Gail. From left to right, the Bulldogs are: FRONT ROW—Travis Alexander, Donnie Max Dove, Emmett Autrey, Billy Brooks, Elvin Loper and Lyle Rosser. MIDDLE ROW—Duane Rosser, Kenneth Bonds, Arlen Brooks, Don Plumlee, Joneil Smallwood, Bobby Walker and Billy Farmer. BACK ROW—William Autrey, Carson Clayton, James Autrey, Tommy Echols, Jerry Ford, Tom Elam, Fred Turner and Coach R. C. Taylor. (Lee Watson photograph)

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

WITH THE ARRIVAL of a new "Crystal Ball" we're about set for the 1956 football season.

In the beginning we would like for it to be known that we can't be held "liable" if we mislead anyone with our prognosticating.

Over the course of the season we will call some right, some wrong, hoping, of course, it's more of the former.

We'd like to be able to guarantee our forecasting but having been around football for many seasons more than we like to think about we know better than to do such a thing.

Anyway, here we go with our "first edition" and you can take them for what they're worth.

Tigers By A TD

Of utmost importance to the local fans of course, is tonight's Tiger-Borger game.

This game has the makings of a real contest and it may depend on which way the ball bounces on who'll emerge with the victory.

Both teams have nine lettermen back from last year and the two backfields stack up as just about even in both weight and experience. Borger, however, holds a decided weight advantage in the line.

With tongue in cheek, we'll just say:

Snyder 20, Borger 14.

All other members of District 3-AAAA (our district) also swing into action tonight. Here is the way we see their opening tussles:

Colorado City 19, Seminole 13.
Lake View 12, Seminole 7.
Breckenridge 26, Sweetwater 14.
Midland 14, Lamesa 13.

In neighboring District 2-AAAA, all five should emerge victorious. Joining Midland in victories tonight will be:

Abilene 34, San Antonio Edison 7.

San Angelo 27, North Side FW 7.

Odessa 26, Sunset (Dallas) 14.
Big Spring 14, Andrews 13.

A Vote For McMurry

There aren't many college games on tap this weekend, the collegians, for the most part, waiting until next week to open the season.

In the game that means a lot to West Texas fans in general is the McMurry-ACC game. These two cross-town rivals open against each other Saturday night.

Several have been wondering why McMurry and ACC are opening against each other instead of meeting further into the season as they usually do.

There was a little slip-up between the two schools last winter in lining up their respective schedules for the 1956 season. When the two schools got around to scheduling each other, they couldn't get together on dates because of previous committments.

Both had open dates deep into the season but each school's open dates were on separate weekends. The only thing left to do then was to play the game the first week of the season.

Any facts and figures that may be accumalated in comparing the Indians and Wildcats may just as well all be thrown out the window when they are to do battle against each other.

With a shot in the dark, we'll put it this way:

McMuqrry 21, ACC 14.

In our area games, this is the way we see them:

Hermleigh 37, Aspermont 18.
Hobbs 47, Paint Creek 27.
Ira 18, Gail 14.

In our golf tournament starting today, we'll take a long shot and pick John Paul Cain of Sweetwater and Texas Tech to capture the crown.

Sooner Playoff Series Delayed

By The Associated Press

High school football action has interrupted the Sooner State League playoffs with the Seminole Oilers only one victory away from the Class D championship.

The Oilers downed Ardmore, 13-6, Thursday night.

Football games are to be played Friday night at both Seminole and Ardmore stadiums. The series will resume tomorrow night at Ardmore.

Oil Capitol and Nashua are the only horses to win Hialeah's two big races — the Flamingo and the Widen—

Tilt Here Among State Features

By The Associated Press

Abilene's all-conquering Eagles, rated No. 1 in every book, open the Texas schoolboy football season Friday night and they'll have one of the top-rated teams of the next lower class as the foe.

San Antonio's Edison couldn't have picked a tougher one to get going against. They test the winners of 23 straight games at Abilene.

But the state is dotted with important battles, with a clash of Baytown, the acknowledged power of the South, and Houston Lamar a headliner. Lamar is coming up with a powerhouse and its a real early season test for Dan Stallworth's toughies at Baytown. The teams get together at Houston.

Other big battles of Class AAAA send Dallas Sunset to Odessa, Fort Worth Arlington Heights to Sherman, Galveston to Tyler, Beaumont to Corpus Christi Miller and Houston Reagan to Corpus Christi Ray.

Class AAA has some outstanding clashes with Snyder, a top-rated outfit, taking on Borger from AAAA. Breckenridge of AA hosts Sweetwater while Garland, another ranking AAA team, takes on Dallas Hillcrest. A purely AAA tilt throwing highly placed teams together sends Waco University to Cleburne. Killeen gets tested by AA Hillsboro and AA Comanche steps up for a whack at Stephenville.

Out of the AA ranks stalks Deer Park, twice kingpin of Class A but flying in higher company this time, to stab at Lamarque of AAA.

Phillips at Ghildress and Ballinger at defending state champion Stamford are feature games of AA while Sundown and Hale Center feature Class A. These teams always are strong, and title contenders.

There was a scattering of games in the lower classes Thursday night. Among them was the fall of Atlanta, which laced Mt. Vernon last week. Atlanta took a 15-0 licking from Texarkana, Ark. Yorktown of Class A continued to pillage Class AA. The Yorks whipped Kenedy 39-0.

TCU Sets New Season Ticket Mark

FORT WORTH (AP)—Texas Christian has already set a new record for season ticket sales and individual game sales are going too.

CC Invitational Underway Today

Firing commenced this morning for the 2nd annual Snyder Country Club Invitational Tournament.

Qualifying rounds are being shot today with match play on tap for Saturday and Sunday.

An early arrival this morning was Frank Freer of Lamesa, winner of numerous West Texas tournaments in the past.

Freer is expected to be joined by such top flighters as Arlyn Scott of Odessa, John Paul Cain of Sweetwater, Bill Craig of Colorado City (last year's medalist) and others.

Between 75 and 100 players are due to post qualifying scores before the day is out.

Dr. Dean Strack of Snyder, the defending champion, is expected to defend his title although at press time it wasn't cut and dried that he would be on hand.

Dr. Strack is in Houston today getting enrolled in a dentist school and he is to call host pro Shanty Hogan late today if he will be able to make it back to Snyder for the tournament.

Among the local players to bid for championship honors in addition to Strack are Donald Ray Scott, the city champ the past two years, Manning Davis, a former champ, and Shelby Coker, this year's city runnerup.

Several hundred dollars of prizes will be awarded to the winners, and the tournament medalist.

A barbecue will be held tonight at 6 following qualifying rounds. First round pairings will be announced at the barbecue.

Ira Six Opens Tonight At Gail

All of Snyder's area football teams will see action tonight with two of them, Ira and Gail, going against each other.

In the other games, Hermleigh goes to Aspermont while Hobbs hosts Paint Creek.

Tonight's Ira-Gail game will be played at Gail. It will be the season opener for Ira while it will be the second game for Gail.

Gail won its season opener last week with a 18-14 win over Union of Terry County.

Hermleigh and Hobbs will also be playing their second games, and each will be bidding for their second wins.

Hermleigh opened last week with a 32-13 victory over Coahoma while Hobbs plastered Loop, 40-12.

Coach R. C. Taylor at Ira is building his 1956 edition around 10 returning lettermen. The Bulldogs didn't fare too well in their first season of Six-Man ball last year but things are looking up in the Ira camp.

Expected to guide the Ira attack tonight at Gail is James Autrey, one of the returning lettermen. Autrey is the Bulldog quarterback.

Autrey will be matching wits with Gail's quarterback, Rueben Vaughn, who scored all three Gail touchdowns last week.

Orioles Sign Rookie

BALTIMORE (AP)—The Baltimore Orioles announced today they have signed to a Class D contract left-handed first baseman David Bednar, a 6-2, 200-pounder from Pittsburgh.

The 19-year-old Stowe High School graduate was signed to a contract with Baltimore's Paris, Tex., farm team after attending an Oriole tryout camp.

Hobbs Nips Colts To Prolong Series

SAN ANGELO (AP)—The Hobbs Sports scored three runs in the first inning and Potato Pascual slammed a three-run homer in the seventh to win the fifth game of the Southwestern League semi-final playoff from San Angelo, 10-3, last night.

The series winner meets El Paso in the final playoff. Tonight Hobbs and San Angelo play here again. Last night's win left Hobbs trailing, 3-2, in the semifinal playoff.

Snyder Jr. Hi Sweeps Pair

Snyder's two Junior High elevens romped to victories in their season openers last night at Tiger Stadium over Big Spring.

The local 7th graders won by 14-7 while the 8th graders rolled to a 34-0 triumph.

In the opening game, Snyder's 7th graders scratched first with a four-yard line smash by Mike McCright in the third quarter, climaxing a 40-yard drive. McCright also scored the extra point on another shot at the line.

The locals moved ahead 13-0 early in the fourth quarter on a 23-yard pass play from quarterback Steve Free to end Freddie Miller.

Joshua John added the extra point for the locals on a line plunge.

The Big Spring 7th grade tally came on a 65-year pass play from Jim Madry to Red Schwarzenbach. bach. Dexter Pate carried over for the extra point to conclude the night's scoring.

James McCormick stood out defensively for the Snyder 7th graders.

Jesse Crawford and John Weaver led the Snyder 8th grade scoring attack as these two fellows combined to score all five Snyder TD's.

Weaver scored the first two Snyder 8th touchdowns on runs of 32 and 27 yards, both coming in the early moments of the game.

Crawford scored the last three Snyder touchdowns and had one other called back. Crawford's first TD gallop was a 71-yarder late in the first quarter. John Billy Koonsman added the point on a run to put Snyder 8th ahead, 19-0, at the first quarter mark.

Tommy Minton tackled Johnny Freeman behind the Big Spring goal line for a safety that upped the Snyder margin to 21-0, early in the second.

Crawford dashed 46 yards for his second touchdown midway through the second period as Snyder went to rest at the intermission with a 27-0 advantage.

Coach Ace Amos began clearing his bench before the half and by the game's end he had used all 47 players suited out. The regulars played only four downs in the second half with Crawford running 26 yards for the final Snyder tally on the last play of the game.

Minton ran over the extra point to complete the scoring.

Snyder gained 307 yards rushing to 76 for Big Spring. First downs favored Snyder, 14-4.

Snyder Frosh In 25-6 Win Over L-View

LAKE VIEW, Sept. 14 — The Snyder High School Freshmen opened their season with a smashing 25-6 victory over the Lake View freshmen here Thursday night.

Jimmy Maroney raced for three of Snyder's touchdowns on runs of 15, 40 and 20 yards.

Coleman John scored the other Snyder TD on a five-yard line smash.

Maroney's first two TD's came in the second quarter with John scoring his marker in the second that saw Snyder lead 19-0 at halftime.

Maroney went 20 yards for his final touchdown in the third quarter.

Lake View's lone score came in the fourth quarter and it was the only time in the game that Lake View got past the Snyder 50 in possession of the ball.

Two 15-yard penalities against Snyder aided the lone Lake View scoring drive.

End Stanley Wolliver and Charles Popnoe stood out defensively for Snyder Frosh.

Quarterback Alex Cross drew praise from Coach J. P. Ward for his passing.

Pierce 1st To Win 20 In AL

CHICAGO (AP)—The goal of 20 victories, every major league pitcher's ambition, was realized by Billy Pierce of the Chicago White Sox at the right time, he says: "Just when we really needed it."

The brilliant left-hander, who has flirted with the mark twice in the past, came through yesterday with a 4-3 victory over the Boston Red Sox in 10 innings.

Pierce had no doubts about reaching the magic number when the White Sox opened their three-game series with Boston. "I guess I'll make it this year," he said, "but this is the club I'd like to get it against. They're pretty close to us."

That was Tuesday when the White Sox were tied for second with Cleveland and Boston was in hot pursuit. By the time Pierce's turn came, the Red Sox had taken two straight from the White Sox to move into third place, dropping Chicago to fourth.

Pierce made good, pitching Chicago back into third and becoming the first White Sox hurler to win 20 games since left-hander Thornton Lee did it back in 1941 with a 22-11 record.

Pierce, 29, came close to the goal in 1953 but he faltered late in the season and had to settle for an 18-12 record. The following season he was a poor 9-10 but came up with a 15-10 mark last year when he did some of his greatest pitching.

Lamar Lands Two Fine Fem Golfers

BEAUMONT (AP)—Jo Ann Bruni of Laredo and Clifford Ann Creed of Opelousas, La., both 16, two of the best young feminine golfers in the country, will enroll at Lamar State College of Technology as freshmen next week.

Dallas Rips Cats Again

By The Associated Press

Dallas had Fort Worth on the ropes ready for the kill and Houston led Tulsa two games to one Friday in the Texas League playoffs.

Dallas whipped the Cats, 11-2, Thursday night to make it three straight. Houston outslugged Tulsa 9-7.

Both games were rhubarb-marked with the one at Tulsa almost erupting into a free-for-all. This contest also was full of home runs. There were seven hit, four by Houston, and there were six double plays.

Young Tommy Bowers pitched 7-hit ball while Andre Rodgers, Bob Schmidt and Don Taussig clubbed home runs in a 15-hit attack that lowered Fort Worth to the next to last gasp.

Manager Clay Bryant of Fort Worth protested the struggle when umpire Gerald Van Keuren declined to thumb out Dallas second baseman Alex Cosmidis for being the aggressor in a fight with Marty Devlin, the Cat second sacker.

Dallas has scored 25 runs in the three games to 3 for the Cats.

Houston and Tulsa had a near gang fight in the eighth inning when Benny Valenzuela of the Buffs, while being tagged at the plate by Tulsa catcher Jim Fanning, allegedly stuck out his leg to prevent the catcher from taking the throw. Fanning charged Valenzuela and other players got in on the fist swinging. Fanning was put out of the game and the fans threw cushions.

JUNIOR HIGH ACTION—Robert Carr of Big Spring Junior High (8th grade) is shown taking in a short pass against Snyder in last night's game at Tiger Stadium. Larry Patterson, No. 12, Snyder reserve quarterback, nails Carr in his tracks. Other Snyder players shown are G. D. Reep, No. 85, and John Weaver, No. 22. Snyder Junior High romped to a 34-0 victory. (Lee Watson photograph)

Braves Stretch Lead With Twin Victories Over Phils

By ED WILKS
The Associated Press

The nerve - wracking pennant pressure Brooklyn's world champions have been so sure would make Milwaukee crack, today is squarely on the Dodgers—not the Braves.

Milwaukee never looked more like the National League champion than it did today.

It was hustle guy Johnny Logan, banged up with a sore back and out of the lineup when the Braves were in Brooklyn this week, who complained the loudest about how the Dodgers were being called "the old pros."

"We," said Logan, "are the young pros. We can play under pressure too."

He was right. After knocking off Don Newcombe despite a 3-0 deficit to gain a split in the series at Brooklyn Wednesday, the Braves wheeled into Philadelphia last night and twice came bustlin' from behind to sweep a twi-night double-header from the Phillies. They did it the hard way—winning 3-2 in 13 innings, and 4-3 in 12.

Third-place Cincinnati defeated Pittsburgh 5-4, falling 3½ games behind Milwaukee.

Hank Aaron, with four runs batted in for the night, tripled home the winning run for Milwaukee in the opener. And when his 25th home run failed to get the job done in the nightcap, 11th, he nailed it in the 12th with a sacrifice fly for Spahn's 200th major league victory.

Bobby Thomson, fined $100 by Manager Fred Hane for a wild attempted steal of home against Brooklyn, wiped the fine off the books with a peg that nailed a runner at the plate in the opener 12th—then did it again in the nightcap ninth.

St. Louis defeated New York 5-0 in the only other NL game.

In the American, Mickey Mantle's first September home run, his 48th, gave New York's pennant-bound Yankees a 3-2 victory over Kansas City. Baltimore bounced Cleveland 4-1, and southpaw Billy Pierce became the league's first 20 - game winner since 1954 by beating Boston 4-3 in 10 innings as Chicago reclaimed third place. Detroit beat Washington 7-2.

The Braves, now 10-10 for the season with the Phillies, were down 2-0 in the first game as Jack Meyer one-hit them for six frames. Then Danny O'Connell singled, Aaron got an RBI double and Eddie Mathews hit a run-producing single to tie it in the seventh. Taylor Phillips, who relieved Bob Trowbridge, gave up seven hits in eight innings, but struck out six and left eight runners stranded for his fifth victory.

In the nightcap, Jim Greengrass and Andy Seminick tagged Spahn for back-to-back home runs and a 2-0 Phillie lead in the second inning. Then the 35-year-old lefty, who had three hits, doubled home two to tie it off Robin Roberts in the fifth. Aaron's homer was matched by Ted Kazanski's shot in the 11th off Spahn, but reliefers Ben Flowers and Curt Simmons then walked the bases full to set up Aaron's sacrifice fly in the 12th.

A pinch single by Ray Jablonski and a single by Frank Robinson drove in the tying and winning runs for the Redlegs in the ninth inning at Pittsburgh. George Crowe's pinch homer had helped get two in the seventh for a 3-all tie, but the Pirates broke it in their seventh on Frank Thomas' 22nd home run.

Wilmer Mizell gave just four hits for his second straight shutout while the Cardinals, winning their sixth in a row, got a two-run triple from Whitey Lockman and homers from Rip Repulski and Ken Boyer.

Mantle, who doubled ahead of Yogi Berra's two-run single in the first, homered in the third for Whitey Ford's 18th victory—matching his previous high (1953, 1955) in the majors. The homer left Mantle four shy of Babe Ruth's record-60 pace with 14 games to go.

Pierce was slugged for 10 hits, but rode in on Ron Northey's pinch single in the 10th to beat 19-game winner Tom Brewer. Walt Dropo and Jim Rivera homered for the Chisox, Jim Piersall for Boston.

Ray Boone and Jack Phillips had seven of Detroit's 15 hits as the Tigers beat Chuck Stobbs (15-12) for their seventh in a row. Paul Foytack won his 13th with a five-hitter.

200th Win Was Toughest--Spahn

PHILADELPHIA (AP)—"I wish I could have got the 200th victory in Milwaukee."

That was the only note of regret in Warren Spahn's voice as he accepted congratulations for becoming the first National League southpaw since Carl Hubbell to notch 200 big league triumphs.

The 35 - year - old Milwaukee Braves' elder statesman achieved the feat last night with a brilliantly pitched 12 - inning six - hitter against Philadelphia.

Spahn not only turned in a magnificent mound performance but he performed like Mickey Mantle at the plate. He had a perfect night, rapping two singles and a double, drawing two walks, scoring two runs and driving in two. It was Spahn who scored the run in the 12th of Henry Aaron's sacrifice fly, that gave Milwaukee a 4-3 victory in the second game after the Braves had won a thrilling, 3-2, 13-inning, decision in the opener.

The doubleheader sweep increased the Braves' National League lead over the idle Brooklyn Dodgers to two games.

This has to be the greatest moment of my baseball career", said Spahn. "All things being considered, our winning both games, the contribution to the pennant race, how hard I had to work, and the fact that it was my 200th victory, must make this night my happiest."

Earlier in the day, Spahn had received a telegram from Bob Lemon, who had beaten him to the charmed circle of 200 winners by two days, wishing him luck.

"They say the first 199 are the hardest," Lemon's wire read, "but its good to get that 200."

The grateful Spahn said he would send a return wire to the Cleveland Indians pitcher.

"I'm going to tell him that my 200th was harder to get than any of the previous 199," said Spahn happily. "Boy, I was afraid I was not going to get it after all when Ted Kazanski hit that homer to tie it at 3-3 in the bottom of the 11th.

"He's the one guy I thought couldn't hurt me with the long one so, after I had gotten by the first two hitters in the 11th, I concentrated on putting the ball over to Ted. He sure kissed it. As he was rounding the bases, I shouted to him, 'Why didn't you save that for some other game?' I was kidding of course. That's the way it should be. I don't want anything given to me. I want to earn it."

Houston 9 Reaches Baseball Semi-Finals

BATTLE CREEK, Mich. (AP) — Two Eastern Division teams, Battle Creek and East Chicago, Ind., emerged victorious Thursday night to join Houston, Tex., and Tacoma, Wash., in the world series of the American Amateur Baseball Congress.

Battle Creek squeaked by Pittsfield, Mass., 7-6 to join East Chicago as the Eastern representatives. Houston and Tacoma had gone undefeated to win the Southwest and Northwest crowns respectively.

All four teams meet in Battle Creek for the World Series, a round-robin tournament beginning Saturday.

East Chicago counted on two home runs for four runs by pitcher Stan Pawanski to eliminate Kamazoo, Mich. 7-4.

SWT Favored In Lone Star

By The Associated Press

Southwest Texas State is a mild favorite to win the football championship of the Lone Star Conference as four of the seven teams prepare to open the season this week.

Southwest Texas got the nod in the poll of conference coaches, with East Texas State picked to edge Sam Houston State for second place.

East Texas, Sam Houston and Southwest Texas were tri-champions last season.

Coach R. W. Parker has 17 lettermen, 9 squadmen, 7 transfers and a dozen freshmen at Southwest Texas.

There are 19 lettermen at East Texas and 17 at Sam Houston.

Four coaches admit their teams will be stronger but three of them say their schedule will be harder. They are Lamar Tech, Sul Ross and A&I. East Texas State says its schedule is about the same.

Lamar Tech plays Southwestern Lousiana Institute at Lafayette, La., Saturday night while Stephen F. Austin entertains Northwestern Louisiana State, Sam Houston hosts East Central Oklahoma and Texas A&I plays Texas Lutheran at Kingsville.

National Amateur To Semi-Finals

LAKE FOREST, Ill. (AP) — For the second straight year, two dedicated golfers and a pair of weekend players squared off today in the 36-hole semifinals of the National Amateur Golf Championship.

People who had been calling the 56th championship another Harvie Ward benefit began to wonder a little.

The difference between 1955 and 1956 was in the pairings. Ward, who seems to have the knack of bringing his game to a peak for the late stages of an important tournament, laid his title on the line against Joe Campbell, a brash, blond-headed college kid who doesn't quite believe he can lose.

On the other side, 43-year-old Chuck Kocsis of Detroit, a top-flight golfer of 20 years ago who came here just for a little fun, opposed tall Jerry Magee, a 22-year-old Toronto auto salesman whose sight was impaired in a hockey accident some years ago.

A year ago Ward had a rather soft touch in his semifinal match against Billy Booe and he breezed through the final against Bill Hyndman, who had worn himself out upsetting Hillman Robbins. This time it looks a little different.

Campbell, a quarter finalist last year, isn't the kind of kid who is easily disturbed. So far in the tournament he has specialized in getting his approach shots so close to the pin that he can get down in one putt.

Kocsis has qualified for the championship 14 times and reached the quarter-finals way back in 1935. Never sensational, he has been playing some of the steadiest golf of the tournament.

Magee was a finalist in the Canadian Amateur this year.

Ward, 30, must be rated as an odds-on favorite. He has won the U.S. and British titles. This week on the 6,790-yard, par-71 Knollwood course he has been 9 under par for 75 holes in only five rounds.

In disposing of John P. Ward (no relation) of Syracuse, N.Y., and southern champion Arnold Blum yesterday, the good-looking San Francisco auto salesman was 6 under for 30 holes.

For College Students Only . . .

A back-to-school bargain

A subscription to The Snyder Daily News is the ideal gift for the college student away from home. He won't want to miss all the timely Daily News features and local news. And, now you can save $ $ $ by taking advantage of our special back to school offer.

A letter from home every day

Any student away at school will welcome a letter from home every day. And, the Daily News can be that letter—bring him news of his friends, neighbors, and classmates. Any college student will want to know what's going on back in his home town. And, the best source for that information is the home town newspaper—The Snyder Daily News.

Play Safe While You Drive!

Keep alert—chew gum

Avoid traffic jitters and driving drowsiness. Chew gum while you're behind the wheel. Chewing helps relieve strain and tension—helps keep you feeling fresh and alert for safer driving.

Chew any brand of gum you like but chew while you drive. Naturally, we recommend refreshing, delicious Wrigley's Spearmint Gum—for lively, satisfying flavor and real chewing enjoyment. AK105

Adlai Says Nixon Calling The Shots

By The Associated Press

Adlai Stevenson, pushing the "part-time presidency" issue to the fore, has declared that President Eisenhower is "not" master in his own house."

Democrat Stevenson, delivering the first nationwide TV - radio speech of his 1956 campaign for the presidency, said in Harrisburg, Pa., last night that "from here on the future of Republican leaders will depend not on Eisenhower, but the Republican heir apparent, Mr. Nixon."

Mention of the vice president's name evoked hearty boos from thousands of Democrats assembled for a $50-a-plate fund-raising buffet and party rally.

Reacting quickly, Republican National Chairman Leonard W. Hall said in Washington that Stevenson had "kicked off his campaign with a resounding thud." And Postmaster General Arthur Summerfield dismissed the speech as "devoid of facts, issues or substance."

Stevenson's running mate, Sen. Estes Kefauver of Tennessee, today starts a two - week swing through 15 states, His first stop: Tampa, Fla.

Eisenhower, who formally opened his campaign Wednesday at a picnic rally on his Gettysburg, Pa., farm, planned no electioneering over the weekend.

Nixon, who has gotten in a few preliminary licks at the Democrats, takes off next Tuesday on a 32-state tour.

GOP Chairman Hall today chimed in with other Republicans who have called on Stevenson to repudiate former President Truman's statements about Alger Hiss, a onetime State Department employe who served a prison sentence after he was convicted of perjury for denying he had passed government secrets to Communist spies.

"A travesty on statesmanship," was the way Hall described Stevenson's silence on the Truman statements about Hiss. Hall's remarks were prepared for the Union League Club in Philadelphia.

Questioned during an interview Sept. 3, Truman replied "no" when he was asked whether he considered Hiss a Communist spy. Truman said he had not called a congressional investigation of Hiss a "Red herring." But, he said, "it was."

A Senate Elections subcommittee, which is keeping tabs on political spending, formally asked yesterday for a list of all persons or groups buying 10 or more of the $50 tickets to the Harrisburg fund-raising affair which Stevenson addressed.

Virtually complete returns from Tuesday's primary in Minnesota showed that the Democratic-Farmer-Labor party outpolled the Republicans by a whisker. The DFL's unofficial total was 299,658; the GOP's 299,175. Seventeen precincts still were unreported.

In New York, James L. Hicks, managing editor of the New York Amsterdam News, a Negro weekly, announced yesterday he was switching from Stevenson, whom he supported in 1952, to the Eisenhower-Nixon ticket. He called the GOP ticket "the best team not only for my group but also for the country as a whole."

Boston Man Writes Wrong Kind Of Book

BOSTON (AP)—Michael Mascarri, 60, objected to being called a bookie when he was fined $500 in municipal court on a charge of being present where gaming implements were found.

"I'm not a bookie. I'm a writer," he told the court.

He didn't say what type of writing he pursued. The police said he "wrote book" on the speed of horses.

Babe Loses Weight

GALVESTON, Tex. (AP)—A "progressive loss in weight and strength" by Babe Didrikson Zaharias was reported yesterday by the hospital where she is suffering from cancer. However, a John Sealy Hospital bulletin said the noted athlete was resting well after an "uncomfortable night."

Sandlin Likes Selection Of Jim Blundell

AUSTIN (AP) — George Sandlin says Jim Blundell is an "excellent choice" to succeed him as chairman of the State Democratic Executive Committee. He said yesterday he did not envy him his assignment.

"Blundell's assignment of getting along with the executive committee selected at Fort Worth Tuesday is not an enviable one," Sandlin said.

"The convention was hailed as a victory for the Daniel-Johnson-Rayburn forces, and it might have been that, but it certainly represented a defeat for conservative Texas Democrats "when such notorious labor-liberal leaders as Fagan Dickson, Jim Sewell, Gilbert Adams, John Barnhart, Bob Dennis and Mrs. Jud Collier were named to the executive committee."

Sandlin said Daniel and Johnson "did succeed in purging Mrs. Kathleen Voigt of San Antonio from the committee and from her recently created position as a sort of state campaign director for Stevenson and Kefauver. This was a desirable development from the conservative viewpoint, of course, although it remains to be seen whether they can actually silence Mrs. Voigt."

Mrs. Voigt had been "organizer" of the party after the May state convention in Dallas.

NAACP Is Probed By State Officials

DALLAS (AP) — An investigation by close mouthed state attorneys of the regional office of the National Assn. for the Advancement of Colored People was on today.

An assistant state attorney general, Elbert Morrow, spent yesterday photographing records in the NAACP office in Dallas. Two other investigators, Sterling Fulmore Jr. and William King, checked into the organization's Houston office.

Atty. Gen. Shepperd confirmed that "We are investigating the NAACP," but added that "I cannot say for what reason at this time."

The Dallas office of the NAACP, chartered in New York as a corporation, is headquarters for Texas, Louisiana, Oklahoma, Arkansas and parts of Mississippi.

The attorney general is empowered to investigate the records of any corporation operating in Texas.

The Dallas investigation was conducted in the offices of Simpson Tate, NAACP lawyer.

Tate pressed the NAACP Federal Court suit against the Mansfield School District, where crowds barred Negroes from enrolling last week. He also is the legal spokesman for 24 Negroes who seek to enter Dallas white schools.

The activities of the NAACP drew the fire of the conservative faction of the Texas Democratic Party during the recent gubernatorial primary election.

The Dallas County delegation to the state Democratic convention in Fort Worth this week sponsored a resolution calling for an investigation of the NAACP and listing of its membership rolls. The resolution was killed in committee and did not reach the convention floor.

Hurricanes May Miss U.S. Coast

MIAMI, Fla. (AP) — The world's top hurricane forecaster, Gordon Dunn, said today there's a good chance that none of these tropical terrors will visit the United States this year.

Good news? Well, not to everybody.

Florida hasn't had a big storm since 1950 and it could use the torrential rains that always accompany them. Water tables are far below normal.

And Richard Simpson, head of the National Hurricane Research Project, wants to see some hurricanes.

The research project, launched this year, is intended to perfect long-distance hurricane forecasts and to find some way to divert or weaken the more dangerous tropical storms.

"Obviously," said Simpson, "the amount of information you get depends on the number of specimens you have to work with. We can't do much unless we see some storms."

Most persons along the Atlantic Seaboard will be delighted, however, with the cautious statement by Dunn, chief storm forecaster in the Miami Weather Bureau, that conditions are not right for hurricanes.

"We might have another hurricane or two before the season ends," he said, "but there's a good possibility that none will reach the U.S. mainland.

"That's not a definite forecast, of course. I'm just optimistic about it."

If it happens, it will be the first year since 1937 that no hurricane crossed a U.S. coastline.

And it will be a welcome relief after 1955, when hurricanes killed 218 persons and took a property damage toll of more than a billion dollars in this country.

The major factor in the lack of big storms this year, Dunn said, is that the "westerlies," which normall blow through the temperate zone, have shifted southward, dipping into the subtropics.

These high-altitude winds have brought with them cooler air and low pressure which discourages the formation of hurricanes. Tropical storms feed on warm, moist air and high pressure.

And if a hurricane does form, Dunn said, the westerlies "will tend to shunt it away from the coast."

So far this year, there have been five tropical storms but only one real hurricane, Betsy, and it was a comparatively weak one. It veered away into the Atlantic after once threatening to hit the Florida coast.

Three Plan World Trip With Horses

PRYOR, Okla. (AP)—Around the world on horseback. Sounds impossible? Crazy? Maybe., but not to three members of a Pryor, Okla., family who plan just such a trip starting Thursday.

The venturesome trio are Jesse Moore, 41, and two of his children, 21-year-old Lloyd and 15-year-old Dorothy. With two pack horses and their own mounts and traveling light, they will start for Mexico on a trek they figure will keep them away from home at least four years.

To Moore, who owns a 210-acre farm just north of here in northeastern Oklahoma, the trip is neither impossible nor crazy. He has his reasons for the unusual journey.

"I have wanted to do this for years," he explained. "It's one of those things you keep putting off and finally I decided to pick a date and go. I want to meet people and study their customs and the way they live.

"It's sort of a private good will tour."

What does Mrs. Moore, who will stay at home, think of the idea?

"I saw Jesse almost skinned to death by a bear in Alaska. But the old boy came through, and he will this time."

Hermleigh Student Given Scholarship

Word has been received that Dicky Hardee, son of Mr. and Mrs. R. A. Hardee, Route 1, Hermleigh, has been awarded a $3,000 scholarship in agriculture.

The scholarship is made possible by the Western Compress and Storage Co. of Abilene. Dicky is a freshman at Texas Technological College in Lubbock and is a 1956 graduate of Snyder High School.

Clerk-Carrier Job Is Open In Snyder

The United States Civil Service Commission has announced examinations for the position of substitute clerk-carrier for employment in the Snyder Post Office.

The position pays $1.82 per hour.

Further information on the examination and application forms may be obtained at the Post Office here, or from the regional director, eighth U. S. Civil Service Region, Room 103, 1114 Commerce Street, Dallas.

Tour By Japanese

HONG KONG (AP)—Fifteen former Japanese military men arrived here today after a month's visit to Red China. The group was headed by former Lt. Gen. Saburo Endo, deputy chief of staff in Manchuria during the war. He said he had found Red China's army well disciplined and well trained.

LEGAL NOTICE

ADVERTISEMENT FOR BIDS

Sealed proposals addressed to the General Manager, Colorado River Municipal Water District, 205 Permian Building, P. O. Box 869, Big Spring, Texas, for the furnishing of water pumping equipment with motors, and transformers will be received at the office of the General manager untill 10:00 a.m. September 27, 1956 and then publicly opened and read aloud.

Specifications and other proposed Contract Documents are on file in the office of the General Manager, 205 Permian Building, Big Spring, Texas, and may be procured from Freese and Nichols, 407 Daneiger Building, Fort Worth, Texas, without charge.

The District reserves the right to reject any or all bids and to waive formalities. No bids may be withdrawn within thirty (30) days after the date on which bids are taken.

COLORADO RIVER MUNICIPAL WATER DISTRICT
E. V. SPENCE,
GENERAL MANAGER

LEGAL NOTICE

TO: Marie Boatenhamer

GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of October, A. D., 1956, at or before 10 o'clock A. M. before the Honorable district Court of Scurry County at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 3rd day of July, 1956.

The file number of said suit being No. 6986.

The names of the parties in said suit are: J. D. Boatenhamer as Plaintiff, and Marie Boatenhamer as Defendant.

The nature of said suit being substantially as follows, to wit: Divorce.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 11th day of September A. D., 1956.

Given under my hand and seal of said Court, at office in Snyder, Texas, this the 11th day of September A. D., 1956.

(s) Eunice Weathersbee Clerk

New Church Slates High Attendance Day Sunday

One Snyder church is planning a high attendance day for Sunday here as churches prepare for weekend services.

The Grace Evangelical Lutheran Church is trying to better its previous highest mark of 76, according to the pastor, the Rev. Paul E. Janson, whose sermon topic at the Sunday 10:50 a.m. service will be "Personal Soul Winning." The church now has 56 adults signed to become charter members, and the charter is still open. An evangelism mission is planned by the church for Oct. 28-Nov. 2, with Dr. DWane Collins as lay chairman. Guest preacher will be the Rev. Myron K. Blackman of Houston. Theme of the mission is "Share Christ Today."

* * *

"The Lost Axe Head" will be the subject to be used by David Oglesby, music-education director at the First Baptist Church, at the Sunday 11 a.m. service while speaking in the absence of the pastor, the Rev. G. M. Cole. The choir will sing "Create In Me," and Mrs. J. C. Barnett will be soloist. At the 8 p.m. service, the pastor will speak. The choir's music will be "How Sweet Is His Love," and a solo will be by Mrs. Denton Lambert.

* * *

The Rev. Julian Hendren, pastor of the First Presbyterian Church, will speak on "The Importance of Remaining Faithful" at the Sunday 10:55 a.m. service, and his subject at the 5 p.m. vesper service will be "God, Our Father."

Ted Norton, minister at the Twenty-fifth Street Church of Christ, has as Sunday subjects "The Church, An Educational Agency," at the 8:45 and 10:45 a.m. services and "A Well Balanced Life" at the 7 p.m. service.

* * *

"A Mighty Fortress" will be the subject of the Rev. J. Lennol Hester, pastor of the First Methodist Church, at the Sunday 10:55 a.m. service, while the choir will sing "A Heart of Prayer." The evening service will be at 7:30.

* * *

At the Trinity Methodist Church, the Rev. Elton Wyatt, pastor, will speak on "It's Hard to Be a Christian" at the Sunday 10:55 a.m. service. The evening service will be at 7:30.

Water Hits Record Low Over Texas

AUSTIN (AP)—Water in 35 major reservoirs throughout Texas reached record lows in August and stood at only 46 per cent of capacity, the State Water Board said yesterday.

It was a 22 per cent drop from 1955 and a 5 per cent decline from July.

Water levels in six observation wells throughout South, Central and West Texas dipped and two others rose. Five wells had record lows.

The statewide average rainfall was 1.03 inches, 43 per cent of average. Stream flow proved critically deficient except in South Texas.

Flow in the Canadian River near Amarillo was about 5 per cent of the 20-year average, less than 40 cubic feet per second.

The Red River flow was 18 per cent of the 18-year average for August at 240 cubic feet per second. The Trinity River at Romayor measured its lowest discharge measurement of record Aug. 21 with 110 cubic feet per second.

Record low flows occurred on most tributaries to the San Jacinto River. The Brazos River was dry at South Bend before Aug. 18.

Rains started the Guadalupe River running above Comal River at New Braunfels. It had been dry until Aug. 21. The Pecos River basin in Texas reported "no runoff."

Ground water followed the decreasing trend with two exceptions. At El Paso, an observation well was up 1.3 feet following a seasonal trend for this area. Near LaPryor a well rose 5.4 feet from rain and a decrease in pumping.

The Travis Count observation well declined for the 13th consecutive month. Record lows were set in wells at Uvalde, San Antonio, Alief in Harris County, and near Poteet in Atascosa Count.

Conservation storage in major reservoirs by river basin, and percentage change from last year:

Red River: 41 per cent of capacity with 968,390 acre feet, down 39 per cent from last year.

Sabine: 94 per cent with 50,700 acre feet.

Neches: 29 per cent with 133,200 acre feet, down 42.

Trinity: 20 per cent with 276,250 acre feet, down 12.

San Jacinto: 70 per cent with 106,600 acre feet, down 26.

Brazos: 65 per cent with 946,410 acre feet, down 24.

Colorado: 76 per cent with 2,110,480 acre feet, down 13.

Guadalupe: 1.1 per cent down from 3.

Nueces: 100 per cent up 14 with 42,460 acre feet.

Pecos: 7.7 per cent, up 0.7 at 23,780 acre feet.

23,780 acre feet.

Rio Grande: Falcon Dam (Texas share) 5.3 per cent with 65,000 acre feet. Combined with Mexico's share, 10 per cent with 211,100 acre feet, down 33 per cent from last year.

Optometrists Plan To Attend Meeting

Three Snyder optometrists are planning to attend the annual fall conference of several optometric associations of West Texas, to be held in Big Spring Sunday.

They are Dr. Clyde Dawson, Dr. John Blum, and Dr. Jack Nesbit.

Representatives will be at the meeting from seven associations. Dr. D. W. Armstead of Brownfield president of the Texas Optometric Society, will preside at the meeting. On the program will be Bonner McLane of Austin, the association's executive secretary, and Charles M. Babb, Austin, the association's counsil.

The regional meeting will consider pre-legislative matters and other items of business.

Sir Winston Churchill retired as England's prime minister in April, 1955.

PRESIDENT of the Northwest Texas Conference Methodist Youth Fellowship, Keith Wiseman, center, is shown here during the ninth world Methodist Conference at Lake Junalusha, N. C. Wiseman, summer youth recreation director for the First Methodist Church here, is a student at McMurry College, Abilene. Shown with him are Bishop Ivan Holt of St. Louis, right; who is president of the conference, and the Rev. W. V. Bane, pastor of the First Methodist Church at Arlington.

CHURCH NEWS

Extension For Loans

WASHINGTON (AP)—Because of continued drought and adverse weather conditions, 157 Texas counties were granted a one-year extension yesterday as emergency loan areas under the drought aid program.

The Agricultural Department made the extention to Dec. 31, 1957. The counties include all of those now under the credit program.

Farmers and rancners in the state's other 57 counties are being served under a special plains credit program for emergency credit needs. The program has been in effect since last Sept. 15 and no termination date has been announced.

A farmer must show he is unable to obtain credit from other sources and has suffered a production loss resulting from bad weather to be eligible for a loan under the emergency program.

Turmoil of waters, the Caribbean was the beginning of eleven hurricanes in 1955.

Sauer Kraut King Eats Way To Title

FORRESTON, Ill. (AP) — In the world of sauer kraut, Richard Boyle, 25, of Rockford, Ill., is king. Boyle ate 2¾ pounds of the shredded pickled cabbage in three minutes.

That was too much, and too fast, for Dale Markel of Ridott, Ill., last year's king, who managed to stow only 2½ pounds in the time limit.

It all happened at Forreston's 37th annual kraut festival. Forreston is the place where most of the kraut comes from.

New Jersey Shavers Find Little Shaver

HOHOKUS, N.J. (AP) — A little shaver toddling down the street was stopped by patrolman William Menduno who asked: "What's your father's name?"

"Daddy," replied the 2½-year-old kid.

Actually, the boy's father is named Shaver. His mother, Mrs. Carl Shaver, drove up just then and claimed her son, David. He had wandered five blocks from home.

Behind The Scenes Story

PLAN a well rounded wardrobe for classroom or dates around a simple, well fitting jumper. This one has a bow-tied blouse as a partner.

No. 1513 with PATT - O - RAMA included is in sizes 9, 11, 12, 13, 14, 16, 18. Size 11, jumper, 5¼ yards of 39-inch; blouse, short sleeve, 1⅜ yards.

Send 35 cents in coins for this pattern to IRIS LANE, Care of Snyder Daily News, Box 438 Midtown Station, New York 18, N.Y.

Kitten Romper

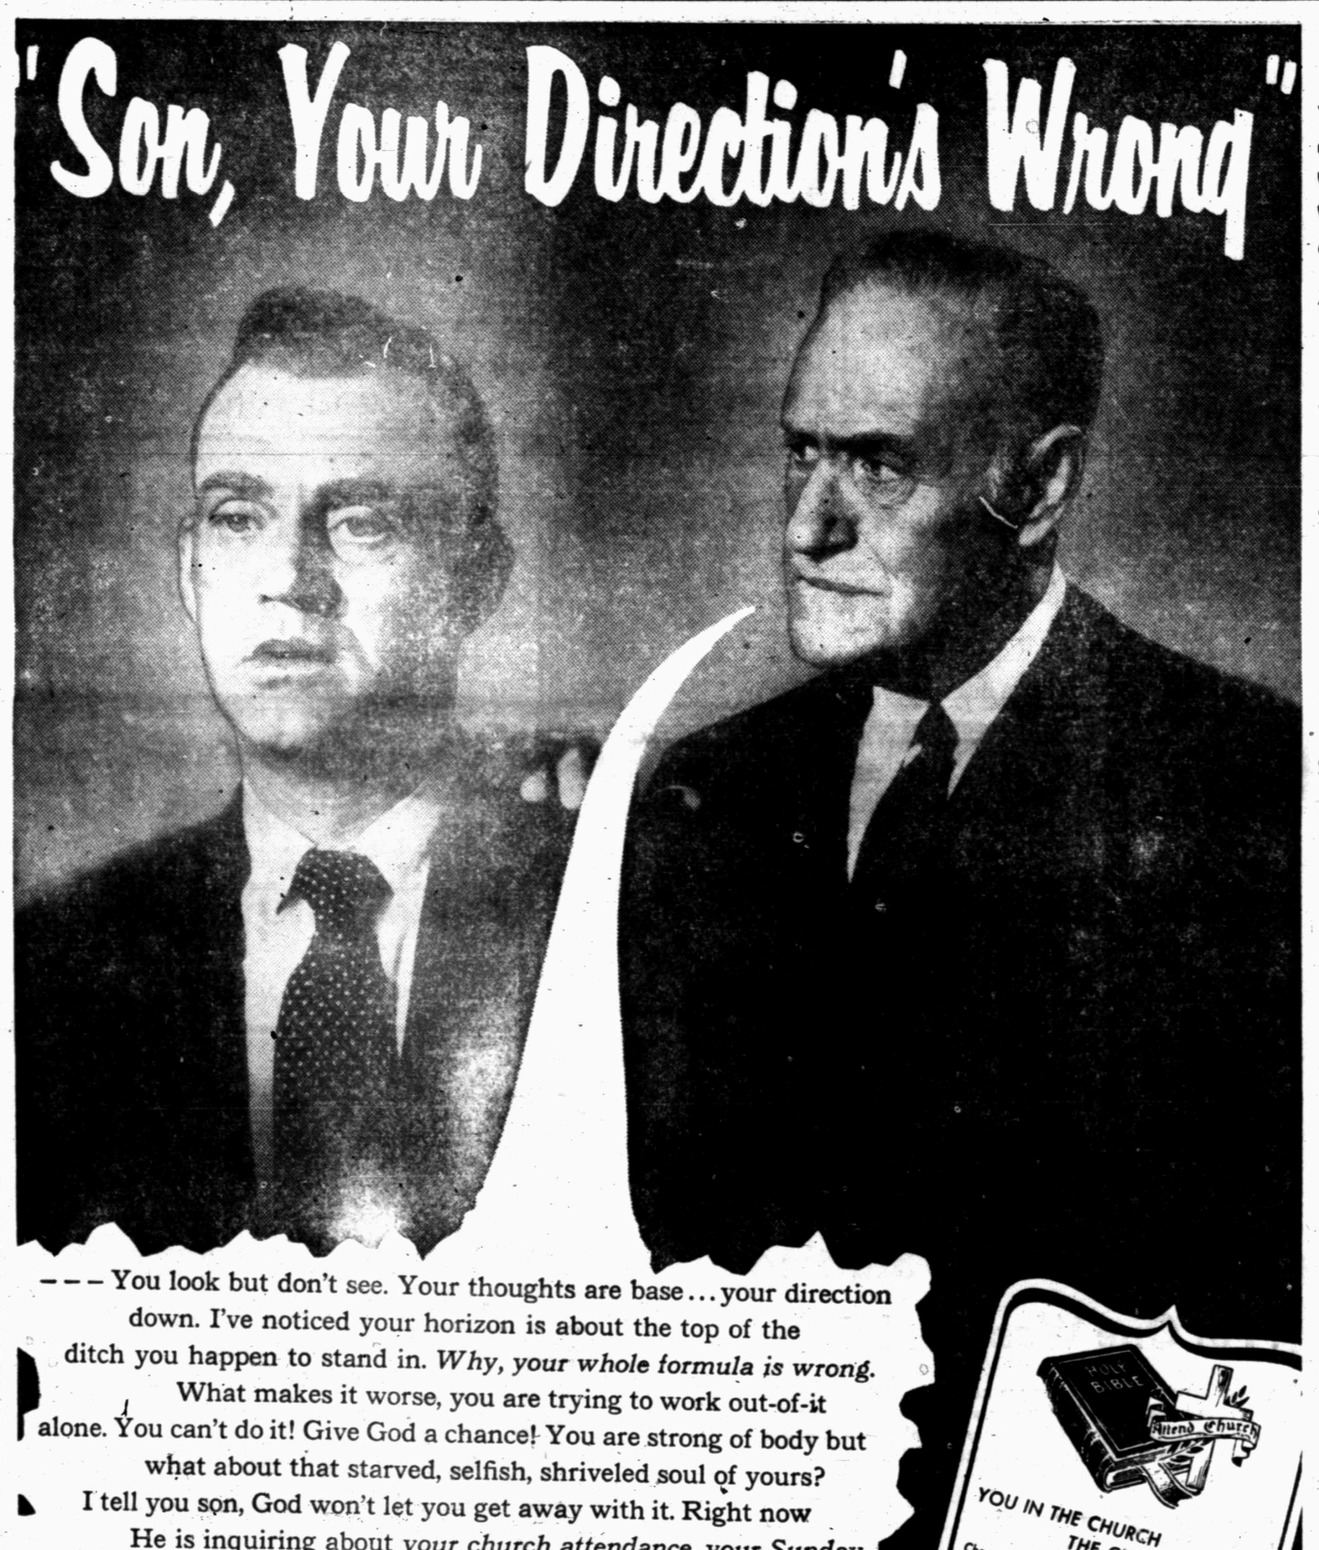

If your little one is over six months old, this creeper is just the thing. So simple to sew! No. 118 has tissue and applique patterns; full directions.

"Son, Your Direction's Wrong"

---You look but don't see. Your thoughts are base...your direction down. I've noticed your horizon is about the top of the ditch you happen to stand in. *Why, your whole formula is wrong.* What makes it worse, you are trying to work out-of-it alone. You can't do it! Give God a chance! You are strong of body but what about that starved, selfish, shriveled soul of yours? I tell you son, God won't let you get away with it. Right now He is inquiring about *your church attendance, your Sunday School record, how many churches you have helped build and what you did with the tenth that belonged to Him?* Son, with all the love of a good father, and with the promised help of God...I beg you to make a change. Let your life count for Him because your business successes won't help much in the last hours.

The Public Spirited Firms and Individuals On This Page Bring You This Weekly Message In The Hope That It Will Point To A Better Way Of Life And Be An Inspiration To Everyone.
