Traffic in the city moved cautiously in response to the icy warning, motor cops reported. A check-up at hospitals revealed that there has been no accidents as result of the dangerous road conditions.

Reports from telephone offices the bus terminal and motorists prove that the weather conditions are general. Low temperatures, accompanied by sleet and rain were reported at Ralls, Crosbyton, Slaton, Brownfield, Littlefield, Abilene, Pampa and Floyd, Texas.

Reports were arriving today on scheduled time over all routes.

OUTCOME OF PRISON PLAN HOLDS ACTION

GOVERNOR MAY RESORT TO OTHER METHODS FOR SYSTEM

(By Associated Press)
AUSTIN, Jan. 7.—If the special session of the legislature refuses to authorize reorganization of the penitentiary, Governor Moody will undertake to place some of the prisoners at work constructing highways, he announced today.

He said the work could be done with specifications furnished by engineers of the highway commission and under their supervision.

Not To Cost More
"It will not cost any more to feed and guard those prisoners on the highways than it is costing to feed and guard them in idleness at Huntsville," he said.

He said the facilities at Huntsville provided for the employment of a maximum of only 512 men and there were 1,115 men behind the walls one day last week when he paid an unannounced visit there.

To Present Deficit
After consulting data at the prison, he said, he estimated the prison system this year will present a deficit of \$1,250,000.

"It will have cost the taxpayers of Texas two-thirds as much to operate the prison this year as the legislature appropriated to sustain the University of Texas for the same period," he said.

"If the people of Texas could realize the condition of our penitentiary system this year will present a deficit of \$1,250,000."

DRAPED EFFECT

BY MME. LISBETH

With the lowering of the skirt line, décolletés have also dropped. The draped or cowl neckline is particularly popular in the extreme back décolletage.

This midnight blue chiffon from Direct-Ber has a gracefully draped cowl effect cut low, which supplements the full, dipping hemline of the skirt.

Famous Health And Beauty Expert To Conduct Three-Day School Here Soon

A real treat is in store for the women of Lubbock. Under the auspices of the Avalanche-Journal publications, Eve VeVerka, internationally known expert on beauty and health will conduct a school February 3-5, inclusive, at the Uptown Dance Palace.

As she herself is a woman of magnetic charm, personality, and health, these qualities seem to fairly radiate to her audience, and backed as they are by real scientific knowledge of the basic principals of feminine beauty, they promise to be truly beneficial to the listener.

"Gentlemen prefer brains, whether they are in brunet head or blonde," is the theory of Madame VeVerka. "A man does not expect a woman to be overburdened with business. That is prerogative. But he does want a bright woman, one of whom he can justly be proud—one who has learned the art of being well groomed and well trained in the art of her sex."

It is fortunate that it is possible to secure the services of this noted beauty expert, who has held enraptured throngs of women all over the country, with her beauty secrets and charm talks which are expressed through her magnetic personality.

"Eve VeVerka is so radiant and inspiring in her beauty school lectures that no woman can attend them without absorbing in some fashion a portion of her magnetic charm," say many of her admirers who have been regular in attendance at her schools in other cities.

Dallas Golfer Has Rather Unique Shot

DALLAS, Jan. 7. (AP)—Wylie Moore, assistant pro at Stevens Park here, turned in a shot yesterday that probably will stand for a record at the golf course for some time. It happened on No. 13, a 300-yard dog-leg hole. Moore's tee shot, a terrific whiff, hit the side of the green, kicked off at an angle and rolled into the cup for an ace. It was the first hole in one chalked up on this green.

Brownwood Man Says He Suffered For Ten Years

Halahan's Leg Ached With Awful Rheumatism. Orgatone Has Overcome It
"Rheumatism had me in its clutches for ten years, but I have not had a pain since Orgatone relieved me several weeks ago," said John Halahan, a well known transfer man and drayman, residing at 2210 Victoria Ave., Brownwood, Texas, the other day.

"My trouble started from compensation and stomach disorder and for several years I would become so dizzy I could hardly sit up in a chair, I never ate a square meal for over a year. The fact of the matter is I was actually afraid to sit, it would hurt me so bad. Sometimes one thing I would eat would make me sick, then again something else would, but it just kept me in torment day by day. My kidneys bothered me and my back would ache something terribly especially at night. Rheumatism got to bothering me in my knees and ankles and although I tried medicine upon medicine I got nothing more than temporary relief, and I simply suffered agonies all the time."

"I commenced to read so much about this Orgatone in the paper, that I decided to give it a trial but to tell you the truth I didn't have much faith in it at first as I had been disappointed so many times. I kept on taking it, however, until I have now used three bottles, and haven't a rheumatic pain since I started on my second bottle several weeks ago. Orgatone helped my stomach in place of tearing it up like other medicines. It gave me a fine appetite, and when I weighed I found I had gained several pounds in weight. The change in my condition has been so great that I hardly feel like the same person, and I am ready to say anything good I can for Orgatone."

Genuine Orgatone may be obtained in Lubbock at Bowen's Drug Store.

PICK THEIR FRIENDS
BLOOMFIELD, Conn., Jan. 7. — A family of rats in the home of Mr. and Mrs. Charles F. Bird are particular what calls they associate with. The family cat was put in the closet to exterminate the rats. When Mrs. Bird looked in, she found the cat and seven mice side by side. A neighbor cat was enlisted and after being put in the closet, made a hurried exit with two of the mice pursuing it.

How They Grew Thin

You will be surprised, if you look around, at how many people have grown thin in late years. It is evident that some new method has come into very wide use. It has been found that a weak gland is a great cause of obesity. So modern physicians have been fighting that cause without starvation diets.

This right method is embodied in Marmola prescription tablets. People have used them for 22 years—millions of boxes of them. Now in almost every circle the delightful results are apparent.

A book in each box of Marmola tells you how and why it acts. The formula is given. Go try this remarkable, this natural means. Ask your druggist today for a \$1 box of Marmola. You owe that to yourself.

LESS NERVOUS, SLEPT BETTER

TEXAS LADY WAS WEAK AND RESTLESS UNTIL SHE TOOK CARDUI.
Daily, Texas—Mrs. Rhoda Holley, of this place, says: "I was very much run-down. At night I suffered from sleeplessness, and I was restless and nervous. My joints ached."

"I was very weak and at times could scarcely leave my bed. My work was a drag. Some days I could do nothing at all."

"My mother asked me why I did not try Cardui, which she had read about. I thought that was a good idea, and began taking it at once. I soon began to feel better."

"The improvement in my health was noticeable after I had been taking Cardui about a week. I was less nervous and I slept better. I was so grateful that I continued it for some time. I took several bottles and think it is a fine medicine. I gained after taking it, both in health and strength."

Thousands of women have written to tell how they have obtained relief through the use of Cardui. Having helped so many others, Cardui should help you, too.

RALLS SCHOOL RETAINS RANK

UNIT ON RECOGNIZED
LIST OF SCHOOLS
FOR 1930

RALLS, Jan. 7 (Special).—A. B. Sanders, superintendent of the Ralls schools announced that he has received word from A. M. Blackman, chief supervisor of high school of Texas, stating that the Ralls High school has been retained on the list of membership in the Association of Colleges and Secondary Schools of the Southern States for another year.

This honor has been enjoyed by the Ralls High school for the last three years. Until this year only teachers in the high school at Ralls had been being reported in the application. This year all teachers were reported who are teaching high school subjects anywhere in the district. This places the whole system on an equal basis from the standpoint of the scholarship of teachers, teacher load, teaching facilities, etc.

Further, this rating, on the part of the association, classes Ralls with the best of high schools in the eleven Southern states that make up the association. This also places Ralls among the best schools on the Plains. Other member schools are Lubbock, Plainview, Slaton, Crosbyton, Tahoka, Quanah, Pampa, Panhandle and Paducah.

THE TINYMITES

BY HAL COCHRAN

(READ THE STORY, THEN COLOR THE PICTURE)

The bear grew tired of doing tricks and thought, I know just how to fix that bunch up with a big surprise. 'Twill give them quite a scare. 'Just watch me now and you will see how funny I can really be.' The stunt I'm going to pull will happen right before their eyes. The Tinymites, 'course, didn't know that Mister Bear was going to show them all a funny little

his sport. He watched the bike slide to a stop and smear the bunch with snow.

"Oh, my," cried Scouty. "I'm all white. That was a dandy trick, all right." The bear ran to his master and he seemed to laugh in glee. The bear man said, "That was a scare. Now tell me, shall I spank the bear?" "Oh, no," replied the Tinymites. "He's as clever as can be."

"Well, you're good sports," the bear man said. "And now I think I'll go ahead and show you lads some other stunts. My monkeys I will get. I'll promise a good show they'll stage. Come with me till I get their cage. You needn't be afraid of them. Each one's a friendly pet."

And so they walked along the trees where snow was almost to their knees. It wasn't long until they came up to the monkey hand. On seeing all the happy crowd, the monkeys started squealing loud. The bear man cried, "We want some tricks and you shall lend a hand."

(The monkeys do their stunts in the next story.)

One thing about those long dresses—the ladies now have to button them to keep the tails of their gowns from getting caught.

COLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (Lub.)

AVOID THAT FUTURE SHADOW*

By refraining from over-indulgence, if you would maintain the modern figure of fashion

Fashion revels in the soft, enchanting curves of the modern figure. Don't sacrifice that graceful contour by permitting your eyes to be bigger than your stomach. Be moderate—be moderate in all things, even in smoking. Eat healthfully but not immoderately. When tempted to treat yourself too well, when your eyes are bigger than your stomach, light a **Lucky** instead. Coming events cast their shadows before. Avoid that future shadow by avoiding over-indulgence if you would maintain the modern, alluringly-rounded figure.

Lucky Strike, the finest Cigarette you ever smoked, made of the finest tobacco—The Cream of the Crop—"IT'S TOASTED". Everyone knows that heat purifies and so "TOASTING" not only removes impurities but adds to the flavor and improves the taste.

"It's toasted"

"Be Moderate!... Don't jeopardize the modern form by drastic diets, harmful reducing girdles, fake reducing tablets or other quack "anti-fat" remedies condemned by the Medical profession! Millions of dollars each year are wasted on these ridiculous and dangerous nostrums. Be Sensible! Be Moderate! We do not represent that smoking **Lucky Strike** Cigarettes will bring modern figures or cause the reduction of flesh. We do declare that when tempted to do yourself too well, if you will "Reach for a **Lucky**" instead, you will thus avoid over-indulgence in things that cause excess weight and, by avoiding over-indulgence, maintain a modern, graceful form.

SHARKEY MAY MEET PHIL SCOTT IN "BATTLE OF THE PALMS"

IN THE REALM OF SPORTS

WITH ALLAN CARNEY
Journal Sports Editor

Up to date there are no teams in the American League being heard of as serious threats to the supremacy of the Athletics and the Yankees. Bob Sharkey, the new pilot for the Yankees, is facing a tough task in re-shaping the former champions, but the Gotham unit is certain to be up among the early season picks. It is not likely that Cleveland and Detroit will be the other two clubs in the circuit to finish in first division, with the St. Louis Browns less dangerous than last season when Dan Howley was at the helm. But it will be remembered that many recognized experts picked the Washington Senators as the club to be watched in the 1929 campaign, but the club finished fifth in the race.

The Cubs are again the pre-season favorites to breeze through to the National League championship with Manager McCarthy holding on to his 1929 title combination and adding a horde of recruits to his pitching staff. The Bruins are counting strong upon the services of Gabby Hartnett, their versatile backstop, who was laid out last year with a lame arm. Gabby's doctor has pronounced the ailing wing in shape again and this means the Cubs will have the best catcher in the senior loop in their lineup again. Aside from the new pitchers that have been acquired, Lester Bell, the slugging third baseman who follows Rogers Hornsby around in his National League wanderings is the only addition to the Chicago regulars. Bell had a great season when he held down the hot corner for Hornsby at St. Louis in 1928 when the Cardinals capped the world series from New York. In St. Louis he was sent to the Boston Braves. Hornsby's next stop after a season with the Giants. Bell and the Rajahs are said to be close friends, and the Chicago authorities who brought him to McCarthy's club believe that he will shine again on the same infield with Hornsby.

Hornsby didn't win the National League batting championship in 1929 but did lead the loop in the total number of bases with a mark of 410. The slugging second baseman was hampered last season by a growth on his heel, but since the season closed, has had that removed, and is expected to have a season of bases that has never been equaled. Hornsby has probably figured in more lawsuits than any other major leaguer. Some have centered around his matrimonial ventures, some with gambling and others with property disputes. The latest is a suit for \$500 by a carpenter who claims that Hornsby changed the specifications on a hen house that was constructed on his farm near St. Louis. The amount of the suit is alleged to represent the difference between the cost of construction under original plans and after the changes had been ordered. This sort of dealings don't serve to add to the glory of the famous baseball idol. There are many incidents in the life of the "Great Rajah" that are questionable, and we are made to wonder just what sort of fellow he is off the baseball diamond.

Tonight in the new Lindsey Nunn gymnasium at Plainview, the Texas Tech basketball quintet will make its initial bow before a Hale county crowd. Reports from Plainview indicate Coach Frank Kimbrough has shipped together one of the strongest quintets in the history of Wayland college. In Lummus and Key, the Rabbits have a pair of powerful guards. At center, Kimbrough has a rangy 200-pounder, Davis, who is said to be a whiz. McGregor and Mobley, the Wayland forwards, have been scoring consistently in previous games this season. The Baptist mentor has several combinations available and this reserve strength may prove a deciding factor in the game tonight and the return bout here Thursday evening.

San Antonio is to be the site for the training camp of two major league baseball clubs this spring. Transfer of the spring training camp of the Chicago White Sox from Dallas to San Antonio will give the Alamo City club from both major leagues to watch during the early season. The New York Giants returning for another year. The Pale Hose will work at St. Mary's college, a few miles from the city, with the Giants using the Texas League park of the San Antonio Indians. San Antonio will share with St. Petersburg the honor of entertaining two major league clubs. At St. Petersburg the Yankees and Braves will train.

BOSTON GOB REFUSES TO FIGHT TUFFY

BRITAIN NOW LOOMS AS ONLY MAN AVAILABLE FOR CONTEST

(By Associated Press)
NEW YORK, Jan. 7.—The second annual "Battle of the Palms" at Miami, Feb. 27, may yet become an international struggle with Jack Sharkey, Boston gob, in one corner of the ring and Phil Scott, London's famous fireman, in the other.
Back from Boston and their vain efforts to induce Sharkey to meet Tuffy Griffiths at Miami, Madison Square Garden officials have begun negotiations with Jimmy Johnston, Scott's pint-sized manager.
Financial matters have brought discussion of a Scott-Sharkey match to an impasse, but the wrinkle eventually may be ironed out to the satisfaction of everyone. Johnston has been holding out for a guarantee of \$75,000 with the privilege of 25 per cent of the receipts. Frank Bruen, general manager of Madison Square Garden, has countered with an offer of 20 per cent of the receipts.
The Garden makes no secret of the fact that it would prefer Griffiths, as well as several others, to Scott, but Sharkey appears adamant on the subject of Tuffy, and Bruen desires of bringing the Boston Gob around to the corporation's way of thinking. Scott may turn out to be the only heavyweight available for the date and at the same time, agreeable to Sharkey.

Kieckhefer Upsets Dope In Tournament

NEW YORK, Jan. 7.—A surprising stand by Augie Kieckhefer, Chicago southpaw, has knocked one corner off the triangular race for the national three-cushion billiards championship, leaving it a duel between Otto Reselt of Philadelphia and Allan Hall of St. Louis.
After breaking even in his first two games, Kieckhefer last night defeated Johnny Layton of St. Louis, defending champion, 30 to 28 in 58 innings. It was Layton's first defeat in three years of tournament competition. Reselt and Hall still are undefeated.
Yesterday Hall beat Harry Schuler of New York, 30 to 18 in 43 innings while Reselt turned in a 49 inning victory over Tiff Denton of Kansas City, 30 to 27.

Gus Copulos of Detroit beat Charles Jordan of Los Angeles, 30 to 45 in 61 innings.
Van Sickle Sought By Pro Football
PAYETTEVILLE, Ark., Jan. 7.—Professional football and high school coaching are chief bidders for the services of Clyde Van Sickle. All-Southwest conference guard and sub-captain of the University of Arkansas football team last season.
Van Sickle, who graduated this spring, said today he had decided after a process of elimination to accept either an offer to play with the New York Giants, professional eleven, or to go to Oklahoma, Oklahoma high school football coach.
He was offered a contract by Andy Andrews, Giant coach, after the Dallas classic on New Year's Day between Southwestern and Mid-West stars.

BUSH ORDERS SOX TO REPORT FEB. 18

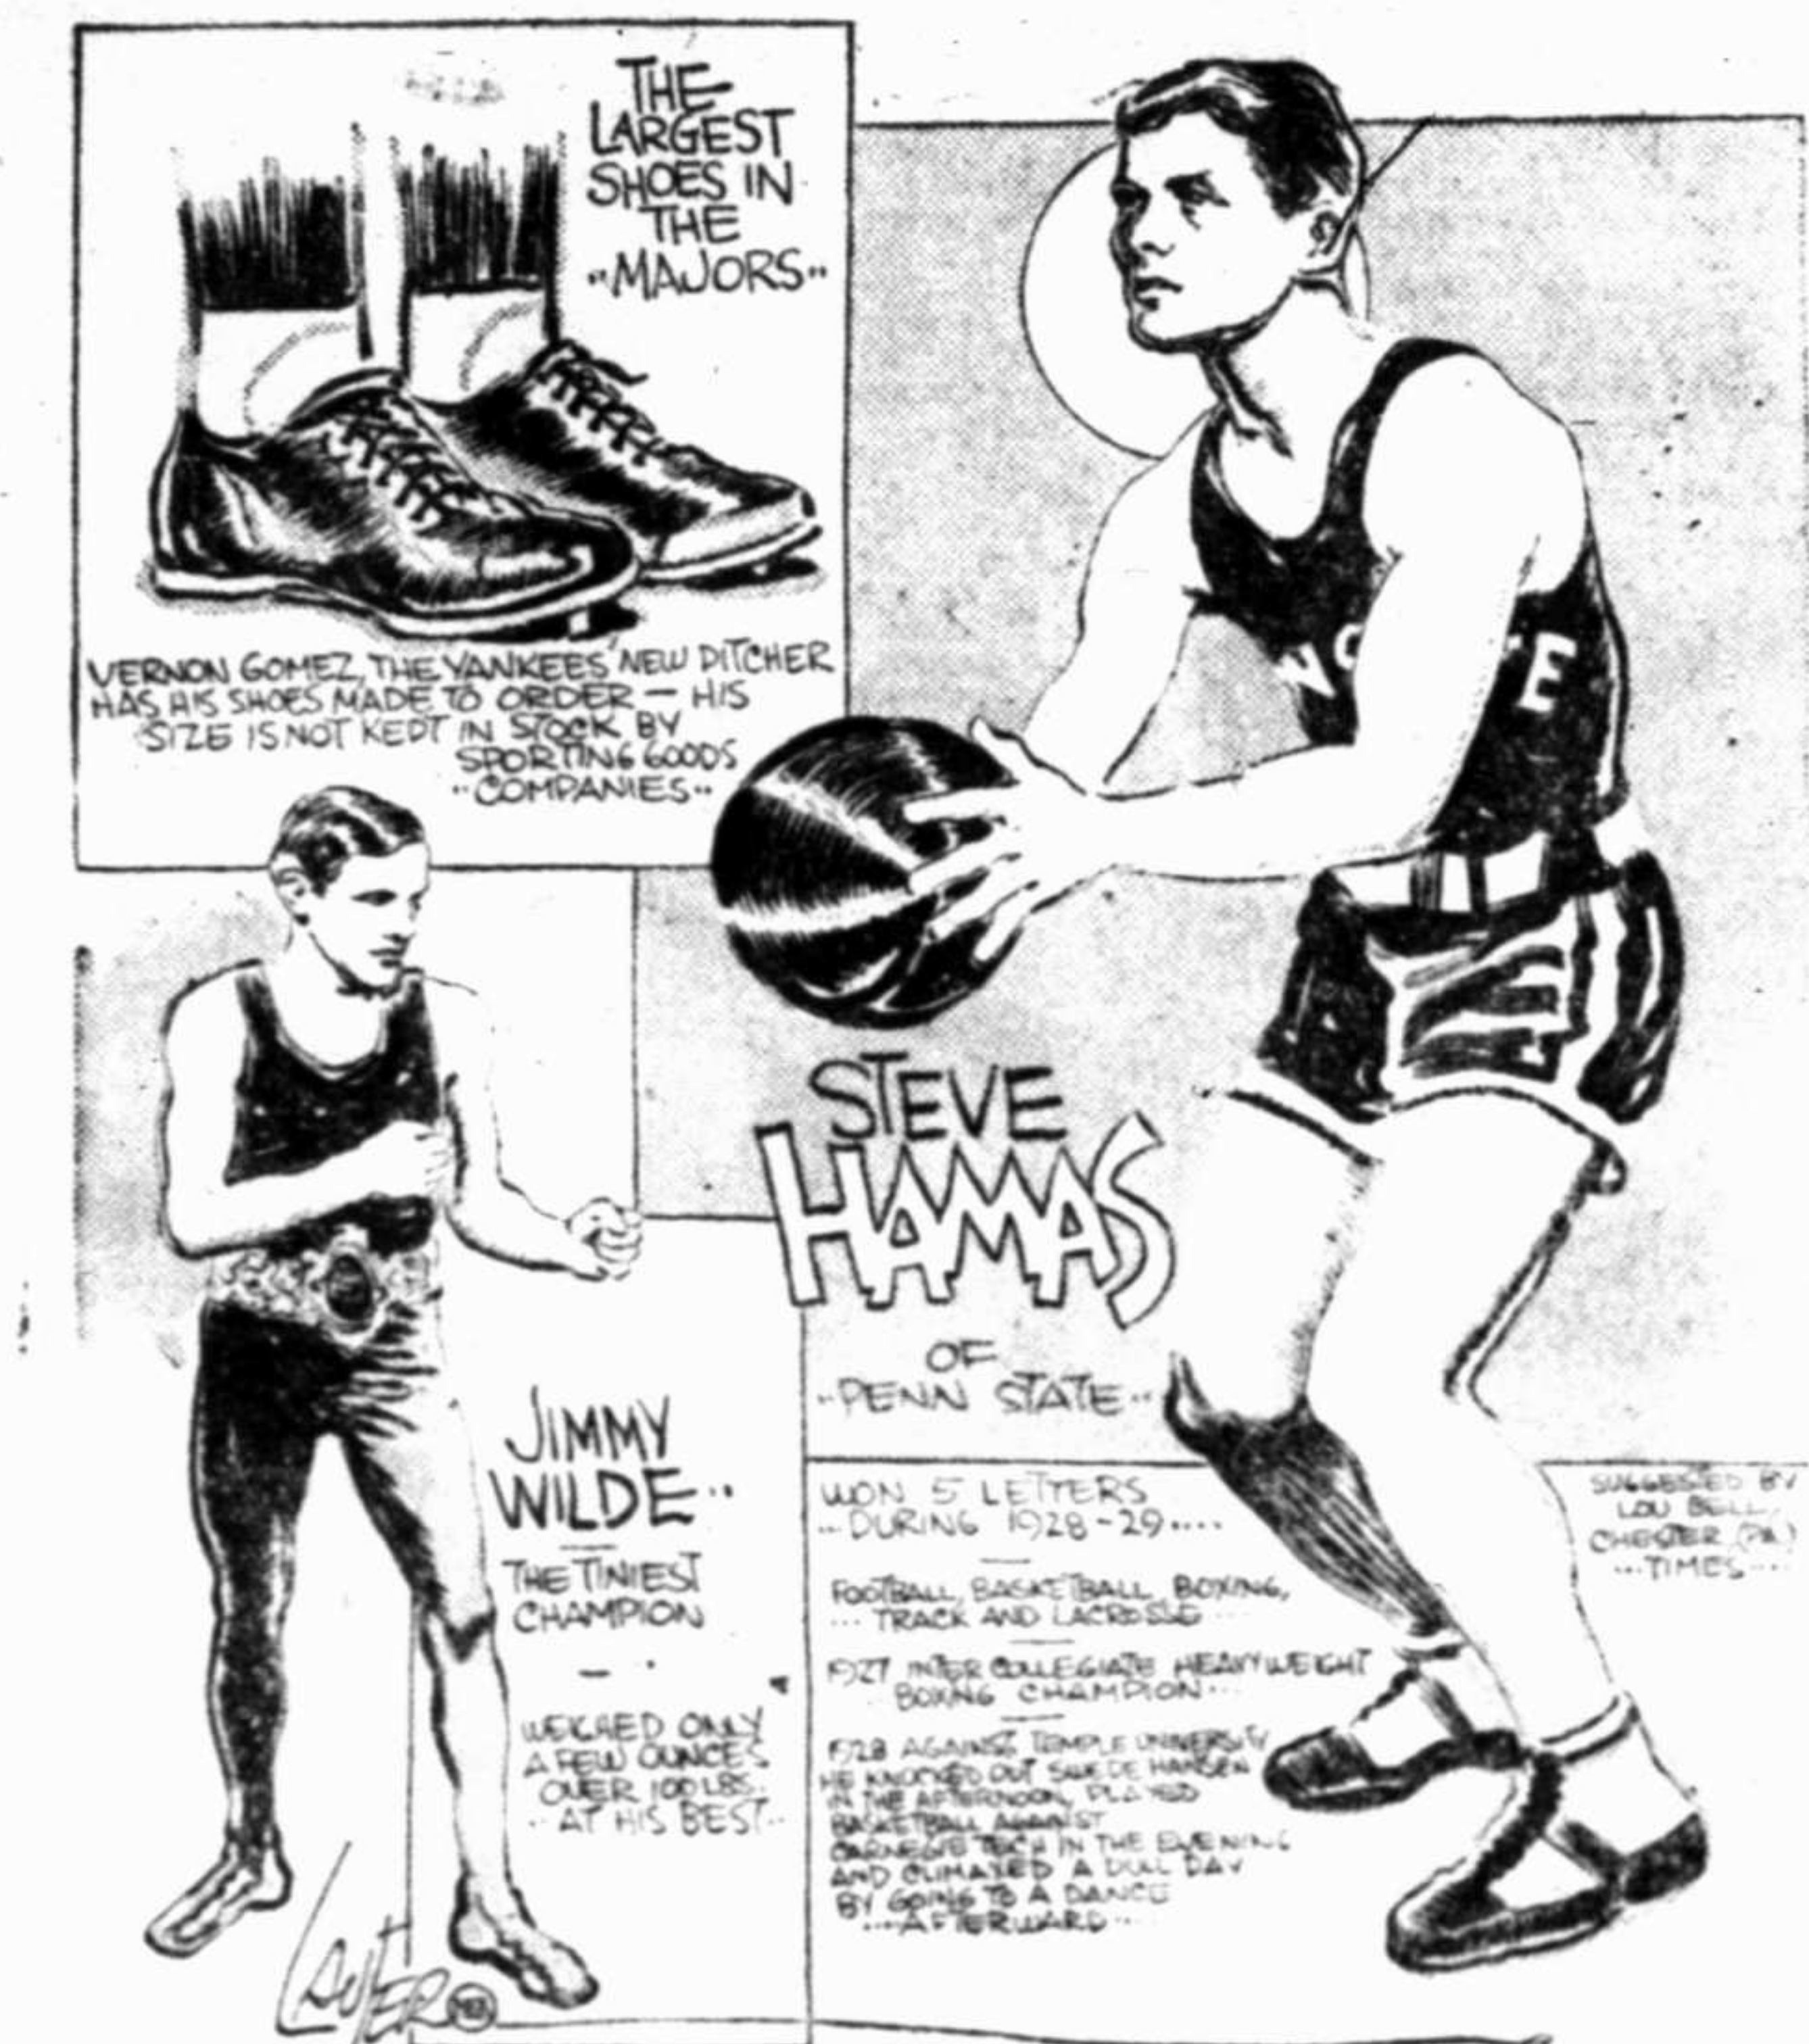

CHICAGO, Jan. 7.—Chicago White Sox batterymen have been ordered by Manager Donie Bush to report at San Antonio, Texas, Feb. 18. Remainder of the squad will be due in camp about 10 days later.

Random Scraps Of News Pertaining To Sports World

After the battle with Stanford, Johnny Murrel of the Army came off the field shaking his head and wondering why his legs had gone dead on him. "I am not tired," said Johnny, "I could go back and play another game. I'm not hurt, but there seems to be something wrong with my legs—they just won't get up and move." Maybe that's how that cold, weather gets the eastern boys. But Pitt was stronger in the third period against Southern California than at any other time in the New Year's Day game. Art (Whispering) Shires admits he isn't the ladies to look at, but adds, "You can't put Adonis features in the bank. They accept money deposits." Says Donie Bush, manager of the Sox: "One thing is certain, Shires had better not take a punch at me. I have never gone down as yet and you can bet it won't be Shires who'll have the honor of dropping me in the dust at this stage of my career."

Technical Foul Is Cause Of Defeat

DALLAS, Jan. 7.—A technical foul called by Referee Cawthron in the closing minutes of play cost the Southern Methodist University career their game here last night with the North Texas Teachers from Denton. The score was 18 to 17. The foul was called on the grounds that yelling by spectators caused Cummings of the Teachers to miss a free throw. The ball was caged by Cummings on a second try and proved the deciding point.

Sonnenberg Wins Over Joe Devito

CHICAGO, Jan. 7.—Gus Sonnenberg successfully defended his world heavyweight wrestling title last night with a two-straight fall victory over Joe Devito of St. Louis at the Chicago coliseum.
Joe Stecher, of Nebraska, former "Hultholder," took a one fall match from Paul Martinson of Chicago in 21:05. Wladek Zybsko and Martin Plestina, went 30 minutes to a draw.

Mexicans Stage Good Rally In Kansas

LAWRENCE, Kan., Jan. 7.—The Pal basketball team of Mexico City, although beaten by the University of Kansas five, 39 to 36 here last night, staged a great rally in the last half to provide an interesting contest against one of the strongest foes on their schedule.
With the Mexicans leading by 28 to 11 at the half, Coach F. C. Allen sent in his reserves and the Mexicans played a fast man-to-man defense to close up the gap.
Senator Hefflin shouldn't worry about being drowned by his party at home. He ought to be able to get a job almost any place now as a heavyweight boxer.

CHICAGO, Jan. 7.—Charles Arthur, The Great Shires, does not propose to permit meetings of the Illinois State Athletic commission this afternoon so he might go through with a bout at St. Paul tonight.
While he is more or less sure on the boxing business, the Gros One still is after money and decided not to attend a meeting of the Illinois State Athletic commission this afternoon so he might go through with a bout at St. Paul tonight.
Must Fight Faith
C. Arthur said he could not attend the meeting arranged for him to explain some things about his meeting with Dangerous Dan Daly of Cleveland and still have time to fulfill his engagement in St. Paul with Tony Faeh, baseball pitcher. Rather than disappoint the fans, he decided to pass up the meeting. Too he still is considerably short of the \$25,000 he hopes to get out of boxing.
Knosse Blumenthal, the Sky One's manager, said Mrs. Blumenthal would notify the commission whether fighter or manager could attend the meeting. Blumenthal also outlined Shires' itinerary for the next few days. The Great Man will return to Chicago after the St. Paul fight, but will leave only as long as it takes to catch a train for Lansing, Mich., where the Michigan Boxing Commission plans to deliver into the circumstances surrounding Shires' proposed bout with Battling Criss of Rockwood, Mich. Criss' manager has charged a Shires representative requested the fighter to fold up in the fight and C. Arthur has been invited to explain.
To Talk Baseball
If the Michigan Commission is convinced nothing is amiss, Shires will fulfill the date with Criss. He then plans to return to Chicago where he hopes to talk baseball contracts with the White Sox management. Shires may encounter difficulty when he sees the Sox management, for Secretary Harry Grabner has said the first baseman must clear himself of all charges before the club will be ready to consider a contract.
Promoter Jim Mullen, who staged the Shires-Daly and Shires-Traffon bouts, also was summoned to attend the meeting today, as were Daley and Eddie Meade, who handled the Cleveland fighter in Chicago.

Changes Will Be Asked In Game Law

FREDERICKSBURG, Jan. 7.—A petition to Governor Moody to submit the subject of game preservation to the approaching session of the legislature and recommendations, urging certain changes in the present game statutes were decided upon today at a meeting here. The session was attended by some 400 land owners and sportsmen from Gillespie and neighboring counties. None of the three had indicated whether he would attend.
Shires will appear in St. Paul in spite of the National Boxing Association suspension, which has ordered him barred in 32 states.

FAR WEST ABOUT TO SAY GOODBYE TO GOLFING TROUP; ONE MORE OPEN SET

(By Associated Press)
NEW YORK, Jan. 7.—The far west is about to say adieu to professional followers of the winter golf trail with a shower of gold for a parting gift.
Two big tournaments—The Los Angeles and Agua Caliente opens—mark the end of the big-money winter events on the Pacific coast. Ten thousand dollars will find its way into the pockets of the pros at the end of the Los Angeles open, which begins tomorrow. Prizes totalling \$25,000 will be distributed in the Agua Caliente open starting next Tuesday.

There are a score of golfers good enough to win these events, but the lad who will be most closely watched, perhaps, is Horton Smith, Joplin, Mo., again showing the way to the winter campaign. Victories in the Oregon open, the Berkeley open and the Pasadena open, with a second in the Hawaiian open, have netted Smith money prizes totalling approximately \$5,000. His three victories have been won with a 72-hole score of 280, an average of 70 for each of 12 eighteen-hole rounds.
Leo Diegel, Professional Golfers' association champion, may decide to flash his best golf in the two last tournaments, especially at Agua Caliente. Leo is the pro at Agua Caliente and probably will be anxious, not only to capture the major share of the \$25,000 purse, but to show his employers he can tour college game for the new gymnasium recently erected for the Jackrabbits.

Wayland has probably the best rounded team in the history of the college, although individual stars have not made their appearance. A pair of powerful guards in Captain Lummus and Key can be depended upon to carry a heavy defensive burden. Davis, at center, a tall 200-pounder, is showing the most class of any of his teammates in early-season play. McGregor and Mobley at forwards are doing their share of the scoring. The above mentioned players will likely start the game tonight although Coach Kimbrough has several combinations available.

RALLS CAGERS OFF FOR GOOD SEASON

(Special To The Journal)
RALLS, Jan. 7.—Although they have the scalps of three strong high school teams—Plainview, Floydada and Panhandle two games—already hanging to their belts, the Ralls High school Jackrabbits here are not feeling that they are good enough to go into the next game just as they are, but are working hard to better themselves. They sacrificed most of their Christmas holidays in preparation for the full schedule which they have.
Tonight the Rabbits will play the second game with Tahoka Bulldogs here. On the 10 and 11 they go to Turkey for two games. Wilson High school cagers will be here on the 13 and 14th, and the famed Athens High school team, winners of the National championship, comes to Ralls on January 17 and 18. The Rabbits meet Slaton at Slaton on the 21st and go to Estelline for two games on the 24 and 25th, and the last game will be played at home on the 28th against Slaton High school.

Having made an auspicious start by winning four straight games over strong teams, Coach "Proggie" Lovstrom sees prospects of a successful season.
Texas Aggies Win Over Gentlemen
COLLEGE STATION, Jan. 7.—Led by Captain Harry Keeton at forward and Shiro Hoke at center the Texas Aggie quintet mowed out the Centenary Gentlemen, 26 to 24, here last night. The Aggie captain sank four field goals and a free throw to tie for scoring honors with Nolan, Centenary forward, with nine points. The teams will play again tonight.

TOM LOVE ANNOUNCES FOR GOVERNOR; POLITICAL FIGHT LOOMS

COMMITTEE IS DIVIDED OVER BOLTING RULE

THINGS EXPECTED TO PICK UP IN STATE IN NEAR FUTURE

(By Associated Press)
AUSTIN, Jan. 7.—Since Senator Tom Love of Dallas, one of the outstanding instigators of the bolt from the democratic party in Texas in 1928 which resulted in the state's electoral votes going to a republican, has put the matter of barring his candidacy squarely up to the state executive committee, things will pick up in Texas politics shortly.

Chairman D. W. Wilcox of the state committee is expected to call a session soon to pass upon Love's application for a place on the ticket. A poll of the committeemen made by the Associated Press shows there is sharp division among the 11 members as to the wisdom of barring as candidates those who refused to accept former Governor Alfred E. Smith as the presidential nominee.

Split On Proposal
The rank and file of democracy itself is split on the proposal. One element contends that if the committee bars Love and others who refused to stand hunched in the last presidential election from the bal-

lots they will attract more notice and gain more strength than would be possible if they were permitted to run. The other faction is a stickler for "discipline" and maintains that if a party is to be a party it must have rules and enforce them rigidly.

Here are two expressions from committeemen along the line which effectively illustrate the dual points.

Martyrs Dangerous
Earl M. Greer of Willis Point: "In my opinion a martyr is a dangerous adversary and to refuse to permit a name on the democratic ticket because of the fact that the candidate refused to abide by his pledge, will make that candidate a martyr in the minds of many voters and increase his strength."

Stephen L. Pinckney of Houston: "In my opinion, those persons who offer as candidates for office this year and who voted for the republican electors in 1928 do not qualify as candidates of the democratic party. Until the party meets in convention assembled and departs from the enunciations made at its last conventions, those who seek to participate in the party's affairs must be bound by the party's declarations. To such who, as candidates, are openly at war with the party, its choices and time-honored policies, the door should be closed."

It is recalled that the legislature last winter went into the controversy rather deeply, when both houses passed what became known as the "Bolter Bill," summarily barring from participation in the primaries of next July those who forsook the democratic party to put Texas in the republican column but Governor Moody vetoed it. In vetoing the bill, Governor Moody said he hoped its disapproval would have the effect of bringing together the discordant elements and prove to be a good omen for the future. He gave it his opinion the party needed harmony.

Election Of BCD Men Closes Today

Polls for nomination of candidates in the biennial election of directors of the Lubbock Chamber of Commerce will close this evening at 6 o'clock.

Over 400 names were included in the list eligible for directors positions and from this list 15 are to be nominated and certified to the city commission for final selection of five.

Ballots were mailed out to all members Saturday by the election committee, composed of B. Sherrod, W. W. Royalty and H. L. Allen.

BALTIMORE, Jan. 7.—When it comes to a contest between mechanical and human voices, the latter has the former beaten. The tenor of Frank B. Walsh, for proof, has outlasted three organs and five choir masters at St. Luke's Episcopal church here. He has been a chorister for 60 years.

LEADER FOR 'HOOVERCRATS' ENTERS RACE

APPLICATION IS MADE TO WILCOX IN LETTER

DALLAS, Jan. 7.—Giving a resume of his political activities, Thomas B. Love, state senator and outstanding Hoover democrat leader in the last presidential campaign, yesterday filed his application with D. W. Wilcox, chairman of the democratic state executive committee, to have his name placed on the July primary ballot as a candidate for the nomination for governor.

The senator said in his letter to Wilcox that he voted for "the Hoover electoral ticket in the last election and that once previously had voted for a republican, but he asserted that at the same time he was a democrat, affiliating with the democratic party as I have all my life."

In participating in the presidential primary conventions of 1928 and in the county and state conventions and taking the required pledge, Senator Love said he expressly declared "neither in law nor in morals could any such pledge bind a voter to violate his conscience in casting his ballot at the general election."

In his application, Love said his occupation was that of a lawyer and a farmer. He gave Lancaster as his address, and said he was 59 years of age.

MUCH TERRACING WORK IS CONDUCTED IN LUBBOCK COUNTY, REPORT SHOWS

The monthly report of J. T. Patterson, assistant to County Agent D. F. Eaton in the terracing program being conducted in this county, reveals that 7,965 acres of land were terraced during December. It was made public today.

Fifteen farm levels have been placed in the county. Forty-four farms have been terraced, 10 men have been trained in the work, and M. Patterson travelled 1,000 miles in carrying out his program during December.

ACTIVE WEEK AHEAD FOR TERRACING WORK

An active program of terracing for this week in the Becton, Idalou, McClung, Canyon and Acuff communities was announced this morning by D. F. Eaton, county agricultural agent.

The farms of R. A. Powell, G. G. Woods, Archie Clark, Mack Becton and J. W. McDougal, all in the Becton community, will be terraced Wednesday.

Program for Thursday will include terracing at the farms of W. T. Hood, Dave Parnell, T. M. Nelson and O. L. Flemming in the Idalou territory.

Work will be done Friday and

License Rush Now In Full Swing

January's usual rush is now setting itself at the Lubbock county tax collector's office, where 2,300 automobile license plates for 1936 have already been issued.

John Kellar, state highway license and weight inspector, has issued a warning that all cars operating in the county must have 1936 plates by February 1, or owners will be subject to a fine of not less than \$1 or more than \$200.

"Sale of plates this year is slower than usual and the tax collector's office will be taxed to capacity to issue all of the 11,000 license plates for the county before the first of next month."

IS IT WORTH IT?

SAN BERNARDINO, Calif., Jan. 7.—It's hard to say whether \$1000 is worth it—and harder still to say whether or not Jean Murray, 22, will abide by her grandfather's will. He provided that she should never bob her hair, use cosmetics, wear jewelry or short clothes. In return for this, he willed her \$1000.

Red Tag Holders Sought By Police

The more negligent traffic violators are in reporting to police court after being given red tags the heavier their fines will be, Chief of Police John Lemond warned this morning.

"Customary fine for parking overtime is but \$1 when the offender reports promptly," said the Chief. "The fine will be increased in proportion to the length of delay. We are now sending out after all who have been given tags. It would save time and money if the offenders would report at once."

Two S. M. U. Students Hear Byrd's Radio

DALLAS, Jan. 7. (P)—The dream of every radio amateur came true

Crackling through the air came the call "WFA—WFA—WFA"—followed

"WOLD. JHS. E ENCK FER CALL!"
The youths, dosing before their receiving set at 3:20 o'clock this morning, sat bolt upright.

Translated, it meant: Commander Richard Byrd's station at the South Pole calling, and the opening sentence was: "Good evening, old man; very glad to get in communication with you. Thanks for the call."

Young Penn had to get the Byrd operator on a wave length of 42,877 on his 50-watt crystal control, so which he built himself.

SWINE MEN PLAN MEETING

SHOW AND SALE WILL
BE HELD FEBRUARY
11 AND 12

(Special To The Journal)
BROWNFIELD, Jan. 7.—Directors of the Panhandle Swine Breeders' association formulated plans and a program for the annual sale of the organization, which will be held here February 11 and 12, at a meeting in this city Monday.

Three sessions, morning, afternoon and night, will occupy the first day of the sale. Addresses will be made by W. A. Bell, of Brownfield, and Charles L. Franz, of Turley, president of the organization.

Following luncheon on Tuesday, the afternoon program will be from 1 to 5 o'clock. This is to be an educational meeting for members and growers of swine. Frank Phillips, of the Northwest Texas State Teachers college, Canyon, will preside at this meeting.

Tuesday night the annual banquet will be held, following which will be the election of officers and reports of various committees.

Wednesday morning will be given to a junior, or 4-H club program relating to swine, although it will be open to everybody. E. M. Regenbrecht, swine specialist of Texas A. and M. college, will be in charge. W. L. Stangel, head of the Texas Tech animal husbandry department, will lead discussions.

McCreary Auctioneer
From 3 until 5 o'clock Wednesday the sale will be conducted. J. W. McCreary, of Canyon, acting as auctioneer. The sale will be limited to 25 purebred hogs.

The directors of this association were told that there is not enough hogs in the Panhandle, by at least 50 per cent, and that indications point to a sharp rise in price within the very next few months.

Texas sent \$135,000,000 out of the state last year for pork. It was claimed and at present there are some \$800,000 hogs short on a five year average throughout the United States. Northern states, because of a short corn crop are witnessing most of their breeding stock going to market.

"Best Hog Country"
The Panhandle-Plains country is the best hog country in the world," said R. E. Prewitt, of Canyon, secretary-treasurer of the association and formerly its president. "It costs only 1-2 cents per pound to produce pork on a balanced ration and the best way for farmers to get best returns from their grain and feed crops is to feed them to hogs and sell the pork."

Mr. Prewitt stated that there were 1,000,000 worth of hogs shipped out of the Tulsa stockyards last year, and in Swisher county, citing the fact that there are two other shipping points in hog raising in that section.

tion of the Panhandle. He said few breeders were selling their hogs this year, but that many communities in the mid-west portion of the Panhandle, where bumper feed crops were raised this year, are sending trucks into many sections buying up hogs for feeding purposes.

"The bankers of Tulsa tell us that hogs, calves, lambs, poultry and dairying are the things that are making that country. Wheat money is good for only a short while, during harvest season, but money from hogs and these other crops are the sources from which homes are built and the country developed."

Activity Reported
E. M. Regenbrecht, of A. and M. said there is more activity in breeding of good hogs in the Panhandle area than in any other part of the state. He said purebred hogs were just as different as purebred cows were, from scrub varieties.

D. F. Eaton, Lubbock county agent, spoke of growth in interest of swine in this county, stating a difficult problem is to get farmers to grow hogs profitably every year. "The biggest percentage of farmers have meat for home use. Our problem is to keep enough hogs in the

country to supply these farmers." It was brought out at the meeting that no litter of hogs in Texas ever has made the ton-litter contest but those that were good grade or purebred registered hogs.

J. E. Shelton, secretary of the Brownfield chamber of commerce, said the sale would be looked upon by that city as one of the most important events in Terry county for many months. "We are deeply in-

terested in it because of the widespread interest in hog raising in this county."

W. A. Bell, Brownfield merchant, spoke of the success made by 4-H club boys in Terry county during the past year. About 40 of these boys borrowed money to start pig club projects with, and every one of them paid off their notes through their own efforts with these pigs by

January 1.

Among those present at Monday's meeting, other than the ones referred to above, included, Roy B. Davis, Terry county agent and director of the association; H. J. Bower, professor of agronomy at Texas Tech; George Moore, Lubbock; B. W. Wilke, Plainview, second vice-president H. G. Tolbert, Lamesa; C. G. Jackson, Hart, directors.
