REVOLT FLARES IN OHIO PRISON

Unstylish Stouts On Rampage

BATTLESHIP FIGURE TO BE GIVEN CHANCE IN CLOTHES

By ADELAIDE KERR
Associated Press Staff Writer
NEW YORK, April 24. (P)—The unstylish stout is on the rampage, and something is going to be done about this business of trying to cram a battleship figure into a cruiser-like gown.

A brand new line of clothes will be displayed on Fifth Avenue next fall by the ladies who tip the scales at 175 pounds or more.

Next Tuesday afternoon women who confess to being "mighty sick of trying to wear daughters' clothes" will gather at the home-making center of the State Federation of Women's clubs to select a committee to wage the battle. And they are going "to see themselves as others see them."

To show how much in earnest they are over this business of getting clothes to suit them, a number of women have offered to display themselves as "horrible examples" in a style show.

They're going to don tight coats that hug no longer-slim hips, belted frocks that pinch

WATER RATES TO BE TALKED

COMMISSIONERS WILL STUDY PLAN TO CUT RATE IN SUMMER

The Lubbock City Commission will discuss a proposal for putting into effect an irrigation rate for local water consumers at a special meeting tomorrow night in the council room of the municipal building. It was announced today that such a plan is the first step toward fulfillment of the platform of Jerry Clements, elected mayor at the polls April 1.

Minimum of \$3 Set
Under the irrigation rate a minimum bill of \$3 gross per month would be charged for five months, ending September 30, 1930, for those who use 6,000 gallons or more. Each consumer would be charged 16 cents per 1,000 gallons for additional water used during the period, subject to a 10 per cent discount on bills paid within 10 days after issuance. A contract must be signed for each who shares in the reduction.

TEXAS WAITRESS ASSAULT VICTIM

HOUSTON, April 24. (P)—Police searched today for two young men after a 25-year-old waitress reported to police she had been kidnapped at the point of a pistol and attacked. The woman said she was married and the mother of three children. She said she had quit work about 5 p. m., yesterday and was waiting for a bus.

"A car drove up with two men in it," she said. "One jumped out with a pistol in his hand and said: 'Don't make a move or I'll blow your brains out.'"

"The other man called out to grab me and put me in the car," she said. "One jumped out with a pistol in his hand and said: 'Don't make a move or I'll blow your brains out.'"

BRITISH RULE FACING CRISIS

RIOTING AND FIGHTING IS PREVALENT

FATALITIES REPORTED IN VARIOUS AREAS OF INDIA

(By Associated Press)
BOMBAY, April 24.—British authority in India was confronted with an increasingly grave situation today. With spread of the anti-government movement, serious rioting and fighting with troops were reported in widely separated sections of the empire.

At Peshawar, important outpost city near the entrance to Khyber Pass, one or more British soldiers and 20 native rioters were killed, reports said, when a mob protested arrest of anti-government agitators.

Machine Guns Used
A Lahore dispatch said the outbreak was suppressed only when Gurkha troops poured machine gun and rifle fire into the mob, which had held up an armored car and burned it. Both occupants were burned to death.

At another point in the Bazaar, a British sergeant, on a motorcycle, approached the rioters, who pulled him off his machine and hacked him on the face with an axe. He was said to have died of his wounds.

Take Charge of City
British and Gurkha troops during the night took absolute charge of the city, and were said to be maintaining a strong guard at the gates to prevent incursions by hill tribesmen.

In the Chittagong neighborhood troops continued their pursuit of the "insurgents" who Friday night attacked the police arsenal, killing six of the defenders.

Meanwhile Mahatma Gandhi, leader of the civil disobedience movement, continued to preach his doctrine of passive non-violent resistance in Gujarat. In a speech at

SCOUTS TO OPEN DRIVE

NAIL PICKING WORK TO BE STARTED ON SATURDAY

Boy scouts of Lubbock will assemble Saturday morning at 8:30 o'clock at the Central ward school to start a nail picking campaign, preceding the general cleanup and paintup program starting Monday. It was announced today.

The troop having the largest attendance of members for the pick-up program will receive an award.

Sacks To Be Furnished
Sacks will be furnished by several of the mills of the city and will be issued to the scouts at mobilization. As the sacks are filled they will be tied and tagged with the number of the troop and placed along Broadway, Avenue Q, and 19th street, west of Avenue Q. From there they will be picked up by trucks sent out by the Chamber of Commerce, taken to the city hall, weighed, and placed in a huge pile. A representative of the scout office will be present and give due credit to each troop for every sack sent in by such troop, and the troop which has the greatest weight per boy will receive an award.

The Chamber of Commerce is planning to take a picture of the nail pile and has requested that all the scouts who participate in the nail picking be present at the city hall Saturday afternoon at 3:30 o'clock.

Ralls Girls Escape Injury As Rotary Plane Crashes

MUSSOLINI'S DAUGHTER WEDS TODAY

ROME, April 24. (P)—Benito Mussolini, premier and dictator of Italy, this morning gave his daughter Edda, 18, below left, in marriage to Count Galeazzo Ciano, below right, secretary of the Italian embassy at the Holy See and son of the minister of communications.

The church of St. Joseph, 11 Duce's parish church, was crowded with dignitaries. The wedding and attendant ceremonies were without show and ostentation, in keeping life and family as much in the background as possible.

Guests include United States Ambassador John W. Garrett, Mrs. Garrett, other ambassadors and ministers in the Duce's cabinet, and fascist party leaders. Mrs. Henrietta Wurts of Philadelphia also was present.

LARGEST LONE SHIPMENT OF COTTON TO ANY CO-OP IN U. S. LEAVES FOR HOUSTON TODAY; TWELVE CARS USED

Two Dead, Another Hurt In Car Crash

OLNEY, April 24. (P)—D. Kinnard, 40, Wichita Falls, and Mike Spears, 40, Vernon, were dead today, and a man believed to be Hollis Jewell of Electra was in serious condition, as a result of two automobile accidents near here. Jewell was not expected to live.

Kinnard was killed last night when his automobile overturned as he was driving alone to Olney. His head was crushed.

Spears was killed on the same highway, a few miles distant, when his automobile collided last night with one driven by A. E. Holmes of Graham. Jewell was riding with Spears. Holmes was slightly injured.

Senator Patton To Seek Rail Office

DALLAS, April 24. (P)—State Senator Nat Patton of Crockett announced he would journey from North Texas to Central Texas to open his campaign for membership on the state railroad commission with an address today or Friday in Navasota, Grimes county. He seeks the place on the commission held by Pat M. Neff, former governor, appointed by Governor Dan Moody to the commission after the death of Commissioner Clarence E. Gilmore.

The largest individual shipment of cotton to any cooperative association in the United States left Lubbock this afternoon at 3 o'clock when 1,200 bales from the colonization farms of W. L. Ellwood, of Lubbock, left this city en route to Houston.

Mr. Ellwood signed a contract last Saturday with N. H. Payne field representative of the Texas Farm Bureau Cotton association, in which he received 10 cents per pound advance. It is probable that he will get the benefit in advance agreement of the American Cotton Cooperative association of 15.23 per pound, basis middling, f. o. b. Houston. It was announced. The government advance figures closed at midnight last Saturday, shortly after the contract was made.

Twelve freight cars of the Santa Fe were needed for the 600,000 pounds of cotton, which will bring approximately \$80,000 to the grower. Most of the cotton was grown on Mr. Ellwood's colored farms in Hockley county, where he owns 300 sections of land.

PLAINVIEW'S BOOSTER SHIP HAS MISHAP AT TEMPLE CLUB MEET

(By Associated Press)
TEMPLE, April 24.—An airplane chartered by the Plainview Rotary club for advertising its city in the campaign for the next convention at a District Rotary convention here crashed shortly after landing today.

Six girls from Ralls, member of a ukelele band, and John Lee Nisbet, president of the Plainview club, were in the plane, piloted by T. T. Pennington of Fort Worth. None was injured.

Wing Torn Off
One wing and the landing gear were torn off and the cabin split in half when the brake on one wheel locked, causing the craft to crash after it started circling as it was taking on the ground.

The six members of the Ralls ukelele band were Misses Bertie Cowley, Emma Kate Stephens, Anna John Cowley, Mary Frances Johnston, Mary Ellen Sargent and Mrs. Ruth Robbins, director.

Big Group There
A delegation of 17 Ralls Rotarians, headed by President Edd McLaughlin, were in Temple to welcome arrival of the plane. Other than Mr. McLaughlin those from Ralls are Harry Schwab, Marcel Ware, A. C. Hyatt, Lloyd Wickes, Bill Mart, Reed Loflin, Forrest Robbins, Kib Rutherford, Percy Ralls, Vote Johnston, Clarence Burkholder, Frank Benson, Jap McClure, Lynn Moss and Arthur Bullock.

One of the objects of the Ralls delegation is to propose the name of Edd McLaughlin, the outgoing president of the club in that city, for the honor of being named district governor at the 1931 convention.

SENATE OKEYS HARRIS' BILL

SENATE OKEYS HARRIS' BILL

SOLONS WOULD SLASH IMMIGRATION FROM ALL OF EUROPE

WASHINGTON, April 24. (P)—The senate today voted to cut down immigration from Europe to 150,000 annually to \$6,000.

The vote was 41 to 31. Senator Harris, democrat, Georgia, proposed to cut in half the European immigration allotments as an amendment to his bill placing quota restrictions upon Central and South American countries.

Modified Amendment
Harris' amendment modified the amendment by Senator Norbeck, republican, South Dakota, to the bill repealing the national origins basis of restriction.

Under the original Norbeck amendment, immigration would be allowed to European countries on the basis of one and one-half per cent of their citizens residing in this country in 1890.

This would have reduced annual European immigration from 150,000 to 120,000.

Senator Harris today succeeded in making the basis one per cent of the foreign population resident here in 1890.

Earth Farmer Dies From Car Mishap

PLAINVIEW, April 24. (P)—A "hitch hiking" trip for Orval Whitford, young farmer of Earth, Texas, ended in his death yesterday when the automobile in which he "caught a ride" overturned near Olton. His neck was broken.

DEATH NEAR FOR MRS. B. C. RIX TODAY

PIONEER OF SECTION IS LOW FOLLOWING HEART ATTACK

Death seemed but a few hours away early this afternoon for Mrs. B. C. Rix, 75, 2102 Broadway, whose condition has been grave since she suffered a heart attack several days ago.

Her husband, and daughter, Miss Ruth Rix, and sons, W. W. Rix and J. A. Rix, all of Lubbock, and Harvey Rix, of Big Spring, are attending her bedside this afternoon, after physicians had announced that she has but a short time to live.

Mrs. Rix and her husband are pioneers of West Texas and the South Plains.

APPLICATION APPROVED

WASHINGTON, April 24. MAY BE OUSTED

COLUMBUS, O., April 24. (P)—Attorney General Gilbert Getman left Ohio penitentiary last night to confer with Governor Cooper on a proposal temporarily to suspend Preston Thomas, below, as warden. The action was taken when several thousand prisoners announced they would revolt against Thomas' rule.

They charged the warden with "cruelty," and held him responsible in part for the 313 fatalities in the prison fire disaster. Scenes of the disaster are shown on page 7.

BARRY MILLER PAYS LUBBOCK HIS RESPECTS

LIEUTENANT-GOVERNOR GREETED OLD FRIENDS IN PLAINS HUB

Greeting old friends and making new ones, but declining to discuss campaign issues until the formal announcement of his platform at a later date, Lieutenant-Governor Barry Miller, of Dallas, candidate for the democratic nomination as governor, spent this morning and the early part of the afternoon in Lubbock.

Mr. Miller is in the midst of a swing through the western part of the state, a trip which has carried him through every county seat on the T. & P. mainline between Dallas and El Paso thus far. He came only the Plains by way of a stop at Lamesa yesterday.

In Good Spirits
With three terms as lieutenant-governor under his belt, together with service in the state senate and other political experience, the affable Dallasite was in the best of spirits here. He said he expected to announce his platform and begin his state-wide speaking campaign about the middle of June. He declined to comment upon any of his 12 opponents seeking the nomination to which he aspires.

He commented upon an editorial, appearing today in The Lubbock Morning Avalanche in which that paper praised the candidacy announcement in Lubbock. Small, of Wellington, latest gubernatorial aspirant.

YOUTH GETS LIFE FOR POISONING

HEARNE, April 24. (P)—Admitting he poisoned his cousin, for whom he was named, John Gary Arnett, 19, today was under sentence of 99 years imprisonment.

Arnett was sentenced yesterday upon a plea of guilty, to the slaying of John Gary who died April 6. Arnett was arrested when it was discovered all food in Gary's kitchen had been poisoned, and that Arnett was the beneficiary of a life insurance policy.

Farmer Is Buried In Well Cave-In

CONROE, April 24. (P)—James Brown, 23, farmer, was dead today, having been smothered to death when he was buried beneath a cave-in of quicksand while digging at the bottom of a well on his father's farm near here. The accident occurred yesterday, and though his father and other persons working at the top of the well cast him a rope, it slipped from the youth's hands. He disappeared, screaming, beneath the murky waters and sand.

DISORDER AND UNREST RULES PRISON TODAY

CONVICTS THREATEN TO KILL GUARDS; WATCH KEPT

(By Associated Press)
COLUMBUS, Ohio, April 24.—As investigations of the Ohio Penitentiary fire today continued their probe into the disaster which took a life toll of 313 convicts, the general spirit of unrest in the prison flamed into open revolt against discipline.

After a night of disquieting reports, some 2,000 convicts in the idle house threatened open warfare if they were not released immediately. They said they would kill the score of guards in the cell block if they were not turned loose from the cage into the yard.

In the yard itself another disorder occurred. Some 100 convicts confined temporarily in the chapel were inflamed by incendiary speeches made by leaders. These men were from the cell block where a majority of the victims died. National guard officers and prison officials attempted to quiet them.

Warden Preston Thomas said that guard lines were being tightened about the White City, and that if necessary soldiers would be called in to quiet the men. About ten guards were on duty in the block.

In the White City, in addition to the idle house and company K, are the death cells, where eight condemned men are now confined. They are in the extreme southeast wing of the block.

The general spirit of unrest in the penitentiary caused state officials to move immediately to remedy the situation by reducing the population. It was said by State Welfare Director Hal Griswold that as many as possible 100 convicts would be sent to the London prison farm and from 150 to 200 to the

SANTA FE MAN NAMED TUESDAY; OTHERS ARE ELECTED

(Special To The Journal)
SLATON, April 24.—W. H. Smith, freight and passenger agent here for the Santa Fe railway company, was elected Tuesday night as president of the Slaton Chamber of Commerce and Board of City Development for the coming year. P. G. Stokes, local automobile dealer, was named vice president, and Carl George, Slaton banker, was elected treasurer to succeed himself.

Five new members took their places on the board Tuesday night, as follows: R. D. Hickman, E. R. Legg, P. G. Stokes, B. E. Payne, and Dr. M. C. Overton. They succeeded J. W. Hood, A. J. Payne, O. Z. Ball, R. P. Burks and M. W. Umel.

The other ten members of the board are: Horace Hawkins, J. H. Brewer, T. E. Roderick, T. A. Werley, Jr., J. A. Elliott, Dr. W. E. Payne, W. H. Smith, Carl W. George, H. S. Riggs and George G. Green.

The newly elected president served in the same capacity several years ago. He has been a resident of Slaton for about 15 years.

RALLS MAN OUT FOR 1931 OFFICE

TEMPLE, April 24. (P)—Rotarians of the 41st Texas district of Rotary International considered election of a new district governor, in their annual convention here, with Ray Nichols, Vernon publisher, the only man in the field.

Dr. E. P. Brooks, Waco, and Ed McLaughlin, Ralls, announced their candidacies for the governorship in 1931. Plainview, Cleburne and Mineral Wells made bids for choice as next year's convention city.

Speakers on the program for today's session were Dr. Brooks, president of Baylor University; Dr. P. W. Horn, president of

FORMER WORLD'S BILLIARD CHAMP IS FOUND DEAD AFTER HIS WIFE'S DEATH

(By Associated Press)
CHICAGO, April 24.—They called at the home of George B. Sutton, billiard champion of the world 22 years ago, Tuesday to tell him that his devoted wife, Margaret, had died in a hospital.

There was no response. Sutton, himself, was dead.

This double tragedy in the life of the noted billiard star, whose playing a quarter of a century ago brought him international fame, unfolded itself when neighbors forced the door, after hospital attaches vainly had attempted to reach him by telephone.

Just inside the door, was the kneeling figure of the former billiard champion, slumped against a chair, as if in prayer. Physicians said Sutton died of heart disease. Grief and worry over his wife's hopeless battle for recovery contributed to bring his death.

Sutton was 66 years old and in the early years of the century was the 12.2 ballroom billiard champion of the world.

The veteran tried desperately later to enter tournaments, but each time his entry was rejected with the notation: "outclassed, too old." Then, a few weeks ago, he made a successful comeback attempt.

Sutton qualified in his comeback by defeating Percy N. Collins of Chicago, national amateur 12.2 champion, and was about to meet George Sleson of Boston, another old time billiard star, for the national veteran's championship.

Change Of Service On Line Is Asked

FORT WORTH, April 24 (AP).—Officials of the Fort Worth & Denver City railway have applied to the Railroad Commission of Texas for permission to discontinue their present night service on the Wichita Valley line between Wichita Falls and Abilene with a day schedule.

The commission is expected to set a date for an early hearing of arguments on the application. Permission recently was granted for the discontinuance of day service, it was said. Railroad officials believe that a day schedule will be more advisable, they said.

There is a rumor abroad that Fannie Ward will get a free camera when George Eastman gives them away to every 12-year-old applicant.

Man Gets Life For Drowning His Son

MANDAN, N. D., April 24 (AP).—Admitting that he had thrown his four year old son into the river and then watched the boy's struggle until he had vanished under the water, Gus Reinhold, 40, a farmer living near Stanton, yesterday was sentenced to life imprisonment at hard labor.

No motive was given for the crime in the confession.

Suspect Is Probed In Hammer Murder

FORT WORTH, April 24 (AP).—Members of the district attorney's staff planned to question today a suspect arrested last night in connection with the Pearl Voss hammer murder mystery. Sheriff J. R. Wright said the man, 33, was the last person seen with the woman before she was slain in a pasture near the city March 15 and had been sought for more than a month. Wright had the man arrested in Brownwood, and he was returned last night to Fort Worth.

EXAMS BEING TAKEN
TAHOCA, April 24.—(Special).—College entrance examinations are being given students attending non-affiliated schools in Lynn county here this week by County Superintendent H. F. Caveness.

It is taken for granted, of course, that the Harvard professors who have just received a gift of 8000 insects to add to their museum will first make sure that Lon Chaney is not in the collection.

Graz and Klagenfurt, Austria, are to be connected by an automobile highway.

CHANGES MADE IN RULES OF CHURCH

PHILADELPHIA, April 24 (AP).—The special commission on marriage, divorce and remarriage of the Presbyterian church in the U. S. A., will present to the general assembly of the church in Cincinnati on June 2 a new definition of marriage, based on an exhaustive study of the subject of sex relationships.

The report of the commission, published in the official Blue Book of Denomination, recommends elimination from the confession of faith of the objection to the marriage of protestants to Roman Catholics and of all apocryphal references to "papists."

Contraceptives, used under medical advice, the report finds acceptable. The same grounds for divorce now recognized by the denomination—adultery and irretrievable desertion—are recommended for retention.

Tahoka Man Playing In New York Show

Avoid GUM-STUCK VALVES!

Use

KOOLMOTOR GASOLINE

the gas from which harmful gum has been removed

IMAGINE the fight that goes on in your engine when your valves are stuck with sticky, gummy, clinging deposits.

Gasolines containing an excessive amount of gum cause that condition. When you step on the gas for more power your engine labors—your valves struggle to get free—you wince at the faulty response.

Why tolerate this sluggish performance? Change to Koolumotor Gasolene—the gas from which harmful gum has been removed. Cities Service experts put this superior motor fuel through extra processes, exercise greater care, to relieve you of gum-stuck valves. The Cities Service mini-gum process reduces the gum content to a harmless minimum.

Keep your valves clean—help them deliver their best—insure maximum power at all times—by keeping your tank full of Koolumotor Gasolene—the gas that is free from harmful gum.

MRS. SCALES TO BEGIN ON NEW THEATER

HUTCHINSON BUILDING
IS SITE SELECTED
FOR NEW HOUSE

Work will be started soon in remodeling of the building owned by Dr. J. T. Hutchinson, adjoining the Palace Theater, where Mrs. G. T. Scales plans to install a new \$200,000 theater, it was announced last night.

Mrs. Scales and A. R. Steed, manager of the Lyric and Rex theaters, both owned by Mrs. Scales, have returned from Dallas where they spent a week in conference with architects and moving picture equipment concerns.

The building is to be erected three stories in height and will provide for seating 1,000 persons.

"We are planning one of the most magnificent and most unique theaters in the southwest," said Mrs. Scales.

Idalou Pastor Is Near Fort Worth

Idalou, April 24.—(Special)—Rev. R. C. Tennison, pastor of the Baptist church here, who resigned recently, has moved to Venus, near Fort Worth, where he will become pastor of the First Baptist church.

The change was made because Reverend Tennison desired to complete his ministerial education by finishing a course in the Southwestern Baptist Theological seminary.

During the year Reverend and Mrs. Tennison resided in Idalou, many members joined the local church. Of these 42 were by baptism. All departments of the church were greatly strengthened by the work of the pastor and his wife.

GOTT WITHDRAWS

CHARLESTON, W. Va., April 24.—Withdrawal of United States Senator Guy D. Gott of West Virginia as a candidate for the republican nomination for re-election at the fall primaries was announced here last night by Walter B. Halligan, republican national committeeman for West Virginia. His withdrawal was given as the cause for Gott's action.

PORTRAYER OF VIRGIN MARY

A number of years ago in Germany, a flaxen-haired girl attended a performance of the Freiburg Passion Play. She lost her heart to the actor portraying Christ—he was then in early twenties—and today she is Mrs. Adolf Fassnacht, portrayer of the Virgin Mary. The Freiburg Passion Play comes to Lubbock for three performances May 2 and 3, at Tech Athletic stadium.

FARMERS AROUND LORENZO TURNING TO USE OF TRACTOR; WHEAT IN NEED OF RAIN; LONGER COTTON IS URGED

(By Staff Correspondent)
LORENZO, April 24.—Farmers around Lorenzo are turning to the use of tractors in the preparing of cotton ground as well as row crops. Emory Pieratt, cashier of the First State bank of Lorenzo, said here.

"Our farmers are finding that the tractor is a good thing and some of the old time cotton farmers are beginning to use them," he said.

Sells 25 or 30

"Mr. W. W. Anderson of the Lorenzo Hardware company tells me he has sold 25 or 30 tractors since the first of the year."

The country is in need of rain at this time so that farmers may get started on cotton planting and also row crops. Most of the ground has been prepared.

Besides cotton and some wheat, maize, kafir and higuera are the main crops.

Wheat Needs Rain
Wheat is expected to make better than a half crop if rain comes soon.

So far, Mr. Pieratt said, none of the farmers with wheat have begun to plow it under and prepare to plant other crops. "They may do so if we don't get rain pretty soon."

"We are urging the farmers to plant a longer staple cotton," he said in discussing that crop situation. "Heretofore the farmers have been using a half and half cotton."

"Now the long staple cotton brings a better price and there is not the demand for half and half cotton that there was. So we urge our farmers to plant more long staple cotton."

About the same acreage of cotton will be put out this year unless farmers plow under their wheat and change to cotton, the banker explained.

Many farmers are finding that

early cotton brings a better price than that sown late in May or early June. "More and more the farmers are going into the early cotton planting," Mr. Pieratt added.

LORENZO YOUTH HAS GOOD RECORD

LORENZO, April 24.—(Special)—Woodrow Herrington, a senior in the Lorenzo high school, is the school's most outstanding scholar this year and has been awarded the rank of the Balfour honor plaque for scholarship, loyalty and achievement.

Jack Agee, principal of the high school, announced.

Woodrow has made 11 "A's" in his school work the past three years and is expected to add four more this year, a total of 15 in all.

He has been recommended to the state department of education at Austin for state scholastic work and honors.

Last year's honor student was Miss Pearl Feazel of the 1929 class. Miss Feazel is now a student in Texas Technological college at Lubbock where she is continuing her splendid scholastic work, according to Superintendent Pagala. She made 16 "A's" in her four years in the local school.

This is the second year for the honor roll and school authorities will continue the record for four years more.

Scientists are now saying that

Dallas Woman Is
98 Years Old,
Census Shows

DALLAS, April 24.—(AP)—A woman whose name was hidden behind the anonymity of the census, told questioners she remembered the date of her birth by two events: the first appearance of Noah Webster's best seller, and the discarding of the flint and tinder box for the "novel" matches, which were ignited by drawing them through the folds of a sheet of sandpaper. She was born in 1838.

Engineer J. W. Scott, who has just retired from service on the London, Midland and Scottish Railway, traveled more than 1,000,000 miles on engines without mishap, and holds the record for the longest non-stop run.

Clever things you can do with

Prepared Mustard

Roast beef acquires a delicious flavor when coated with Schilling Prepared Mustard Sauce, before slipping it into a hot oven.

Spread slices of cold roast beef with Schilling Prepared Mustard Sauce, add a dash of Schilling Cayenne and Onion Salt. Brown in hot fat.

Schilling Prepared Mustard Sauce added to batter in which fish is dipped before frying, will greatly improve its flavor.

A thin layer of Schilling Prepared Mustard Sauce spread on an omelet before folding leads a most piquant touch.

Fish dishes put on a new dress when served with a sauce made by adding 1 tablespoon Schilling Prepared Mustard Sauce to 1 cup medium white sauce. This sauce is a delightful accompaniment for cauliflower, asparagus, and artichokes.

PEANUT SALAD DRESSING
Mix together:
2 teaspoons Schilling Prepared Mustard Sauce.
2 teaspoons peanut butter.
2 teaspoons sugar.

Add cream to make thin enough to pour over salad.

For savory sandwiches, blend equal parts of Schilling Prepared Mustard Sauce and butter, and spread on the bread. Meat, chicken and cheese sandwiches are ever so good this way.

Cinnamon

Artichokes may be baked in oil and water to which 1 teaspoon Schilling Ground Cinnamon has been added.

A sprinkle of Schilling Cinnamon over the top of meringue before baking gives an unusual touch to cream pies.

To vary hot chocolate, add a dash of Schilling Cinnamon to each cup. Or, if topped with whipped cream, shake the cinnamon over the cream.

Before placing muffins in the oven sprinkle the top with a mixture of 2 teaspoons of Schilling Ground Cinnamon and 4 teaspoons of sugar.

Did you ever serve cinnamon honey with waffles? Just honey blended with Schilling Cinnamon to taste.

A dash of Schilling Ground Cinnamon in cranberry sauce gives a new flavor.

Sprinkle Schilling Cinnamon on pan-fried apples.

And when you bake apples—Schilling Cinnamon dusted over each apple is a magic sprinkle.

A bit of pastry rolled out, spread with a little melted butter, sugar and Schilling Cinnamon, and a piece of banana rolled up in it, is baked and served with cream or lemon sauce.

Maple

To almost any plain sugar cookie dough add 1 teaspoon Schilling Maple Flavoring and finely chopped nuts.

When milk for the youngsters goes "a-begging," add 1 teaspoon Schilling Maple Flavoring to the glass.

For a sweet dessert, prunes may be baked slowly in Maple Syrup made the Schilling way—see below. Serve with a dust of whipped cream.

Home-made Maple Syrup is made by pouring one cup of boiling water over two cups of granulated sugar. Boil without stirring for two minutes. Remove from fire and add 1/2 teaspoonful of Schilling Maple Flavoring. A dash of salt improves the flavor.

(This recipe makes one pint of a sauce for ice cream, pudding and cake, and for flavoring frosting and candies.)

Malted milks are delicious flavored with a bit of Schilling Maple Flavoring and colored a rich brown with Schilling Caramel Coloring.

Tapioca cream is a long remembered dairy when Schilling Maple Flavoring (1 teaspoon to a quart of milk), and coconut or sliced bananas are added.

Bradshaw Stockman Endorses It

Orgatone (Argotane) Is The Most Efficient I've Ever Taken Says Belew

E. D. Belew the well known stock man of Bradshaw, Texas, is an ardent believer in Orgatone (Argotane) as his statement which is following shows.

"I suffered from stomach trouble" said Mr. Belew a few days ago, "from the after effects of a surgical operation I had about eight months ago. Ever since that time my stomach didn't act just right. I had to be very careful of what I ate or it would sour and cause gas accompanied by severe pains and my sufferings were hard to bear. I would have dull throbbing pains in the pit of my stomach and was in a general run-down condition had little or no energy and was feeling miserable all the time. I tried a great many medicines and treatments but did not get any relief so I bought some Orgatone.

"I started taking Orgatone (Argotane) and it's surprising how quick it put me in first class condition and the results was so good that my wife also started on the treatment and took it also and was greatly benefited.

"We both have completely recovered from our troubles and are feeling just as well as we ever did. Having taken nothing but Orgatone (Argotane) and we think it is the most efficient and finest medicine on earth.

Genuine Argotane may be purchased in Lubbock at Stevens Drug Store. Adv.

PROHIBITION STILL TOPIC OF HEARING

ANTIS OPEN REBUTTAL ATTACK OF DRY'S TESTIMONY

(By Associated Press)
WASHINGTON, April 24.—The decade of American industrial expansion since the World war has been coincident with, rather than a result of, national prohibition in the opinion of the anti-prohibitionists who are delivering a rebuttal attack before the house judiciary committee against testimony of the drys.

Opponents of the 18th amendment placed witnesses challenged dry contentions that happy homes ouging bank accounts, busy manufacturing plants, and a host of other good things could be attributed to the dry statute.

Young America Drinking
They took direct issue with the argument of the drys that young America was drinking less as a result of the constitutional prohibition against intoxicating beverages. George Holden Tinkham, republican representative from Massachusetts; Pierre S. Dupont, Delaware capitalist; Major General Clarence R. Edwards, retired; and Miss Elizabeth Harris of the Washington branch of the woman's organization for national prohibition reform, were those called upon by Representative Lathrop, of Maryland, democrat, who presented many anti-prohibition witnesses.

Urges Revision
After these had been heard, F. W. Buck, executive secretary of the league, incorporated urged revision of the prohibition statutes as they exist today.

Dupont, directed his assault against claims of increased wealth arguing this rested upon nothing but the coincidence with prohibition. He asserted that many persons including even some of the most upright and respected, were "in open revolt" against the dry law.

Tinkham challenged the assertion of the drys that prohibition had increased savings in the United States and presented a letter from Professor Irving Fisher of Yale University, under date of July 9, 1929, in which the economist said he had found evidence that prohibition has "materially helped the United States, but I do not think it as important a factor as several others."

Temperance Promoted
General Edwards told of the effort of army officers in the prohibition days to cope with drunkenness among troops. He said they had found that by establishing what was known as the "post exchange" temperance had been promoted.

Buck urged that congress provide for a dispensary plan under which the licensing of breweries and wineries and distilleries would be carried out and the sale of the intoxicants placed in the hands of dispensing agents, to be appointed in the same way as postmasters. An amendment to the 18th amendment, he said would be necessary.

THEORIES ON PECAN RAISING IN AREA UPSET BY LYNN COUNTY MAN; BLOOMS SHOW UP ON TREES IN 2 YEARS TIME

(Special to The Journal)

TAHOKEA, April 24.—J. C. Allen, Lynn county farmer, has upset at least two theories of pecan raising on the Plains, that they cannot successfully be grown in this section and that they will not bear the first four to seven years.

"I put out a few Halbert and Burkett trees, just small trees, two years ago," he says, "I did so half-heartedly, for every one told me that they would not do any good here. They were not irrigated last year and had no care taken of them, as the hail beat them up until I thought they were ruined. I dug them up last winter and reset them by my tank, except one Halbert tree. This tree now has 100 blossoms on it and one of the trees I set out by the tank in January has just begun to bloom."

"So, I find that the popular belief that it takes almost a life-time for pecans to begin to bear is false. There is no prettier tree than the pecan, no better nut grower, and they are long-lived. So, I wonder why we see so few of them."

DES MOINES, Ia., April 24 (AP)—Drake University today detailed a force of track experts to the task of preparing its cinder path for the 2,600 athletes expected to compete in its annual relays Friday and Saturday.

EFFORTS TO PUT UP BARS FAIL IN SENATE

(By Associated Press)
WASHINGTON, April 24.—Efforts to put up immigration bars against the Philippines, Canada, and New Zealand were defeated Wednesday by the senate, but a final vote on restricting Central and South American immigrants remained pending.

Aroused by the amendment to the measure providing for repeal of the national origins basis of restriction, Senator Glass, democrat, Virginia, sought to recommit the Harris bill to the committee, but was defeated by a 40 to 23 vote.

The Harris bill would affect Mexico, principally, Senator Harris

BURNS LANE NAMED LORENZO OFFICIAL

(By Staff Correspondent)

LORENZO, April 24.—Burns Lane, of Midland, one of the well known teachers of that part of the country has been elected superintendent of the Lorenzo school district. He succeeds A. W. Fagala, who has been here two years and who is leaving to become superintendent at Amherst.

The change will take place, July 1, when Mr. Fagala's term expires. Increase Work

During the time he has been here estimating immigration from that country would be pared down from about 55,000 annually to 12,000. Approval was given an amendment by Senator Kendrick, democrat, Wyoming, to allow unrestricted entry from the Central and South American countries of laborers engaged in seasonal work of less than eight months' duration.

Mr. Fagala and Jack Agee, the high school principal, have increased the work of the school system.

Credits with the state department affiliation have increased from 2 to 20 1-4, the gain coming a year ago when 12 1-4 new credits were given.

Mr. Fagala has had about 20 years of school experience. He is known as a popular school executive with a record of high standards of work and is a community worker and builder.

FOREMOST THREE-YEAR-OLDS ON WAY TO KENTUCKY DERBY; 150 NOW READY TO ANSWER CALL OF HISTORIC RACE

BY ORLO ROBERTSON
Associated Press Sports Writer
NEW YORK, April 24 (AP)—Says the usual games and optimism, but lacking none of the color of yesterday, America's foremost three-year-old thoroughbreds have begun their annual trek to the fifty-seventh running of the Kentucky Derby at Churchill Downs on May 17th.

Long, however, before the winner of the historic blue grass stake is crowned many of the present hopefuls will have joined the also ran group, without having faced the barrier on that May Saturday. One hundred and fifty now stand ready to answer the call of the bugle but should more than 22 go to the post, it will be a record for the Kentucky classic.

Six Make Debut
At least six of the foremost candidates for the \$50,000 purse have already made their debut on the tracks of New York, Maryland and Kentucky, while another half, the lesser lights, have exhibited their speed or lack of it in overnight events. A few of the eligibles are carrying on from winter tracks of New Orleans, Florida and Agua Caliente.

To date Mrs. Graham Fair Vanderbilt has put in the strongest bid, sending Saracen II out to win the Pimlico handicap at the opening of Jannet and then following with Desert Light yesterday. The latter, held as one of the favorites in the future books, failed to win, but ran a creditable race back of the speedy Sandy Ford, which covered the mile and 70 yards in 1:43.4.

Dedicate, hailed as the chief hope of the middleweight to again carry off the honors, has been out at Lexington and showed he was every bit as good as the bookmakers had said. He has both disappointed and encouraged the backers of G. W. Foreman's silk, winning his first start by a wide margin, but failing in four other attempts.

Michigan Boy may prove to be the dark horse of this year's derby. This son of On Watch came back yesterday after winning the Louisiana derby and Jefferson Park and stepped the mile and 70 yards in 1:44 to win the Chesapeake purse at Harve De Grace. T. M. Casey's Crack Brigade, well favored among certain racing circles, was out in the Pimlico, but his performance was nothing to shout about.

Renewal of the \$10,000 Wood Memorial Saturday at Jannet is expected to furnish more food for thought as the Belair Stud's Gallant Fox will be making his initial three-year-old appearance. And in the saddle of the derby favorite will be Earl Sande, striving to once again gain a spot among the leading riders.

Montana's game department has stocked with trout three high snow-covered lakes which never previously contained fish.

BEAUMONT IS STILL AHEAD, BUFFS SECOND

SOUTHERN TEAMS ON SWING NORTH TODAY; SERIES CLOSE

(By Associated Press)
Southern contenders in the close Texas League scramble begin their swing along the northern front today with the spotlight focused on the inaugural between the league leading Beaumont Exporters and the Port Worth Cats at Pantherville. Second in interest is the visit of the Houston Buffs, occupants of second place, to the Sports orchard at Shreveport.

Although three games do not a season make, the series at Port Worth and Shreveport might well prove the turning point in the current chase. If the Exporters and Buffs get away to a good start on their first long road trip they promise to be hard to stop.

Two Draw Soft Spots
Two of the northern outfits drew what appeared to be soft spots at the outset of the present invasion. The Dallas Steers were bracketed with San Antonio for three days and Wichita Falls had every reason to anticipate easy pickings at the expense of the Waco Cubs, shot to pieces by the Beaumont artillery.

If ever a club caught country licking, the Cubs were the victims the last three days. As a parting shot, the Exporters hung a 17 to 4 defeat on Del Pratt's pupils yesterday. In three days of target practice at Katy park the Steers hung up a record of 45 runs, a mark that probably will stand for the season.

Houston moved into second place with its third straight over the doleful San Antonio Indians, 10 to 2. While Lefty Richmond kept eight blows scattered to win in second straight every man in the Buff line-up contributed to the onslaught on East and Carson.

A losing streak that had reached four straight was scimmed when the Spudders waged a spectacular uphill drive to nose out Dallas, 7 to 6, in their closer. The victory enabled Wichita to climb into a tie with Shreveport for the third rung as the Sports dropped their final at Port Worth, 7 to 1.

British Stars To Compete In U. S.

CHICAGO, April 24 (AP)—Pick of the British empire's track and field stars and an American team of Olympic caliber will meet in international competition on Soldier Field the night of August 27.

Hunter, Van Ryn, Allison, Lott Play

WHITE SULPHUR SPRING, W. Va., April 24 (AP)—Minus Johnny Doe, the Mason and Dixon tennis championships, swung into the semi-final round today with four of America's first seven ranking players still in running.

Francis Hunter, No. 2, was paired with Johnny Van Ryn, No. 5, in the upper bracket. In the lower half, George Lott, No. 4, opposed Wilmer Allison, No. 7, defending champion. Allison handed the tournament his first upset yesterday when he defeated Doe, who only a week previous won the Pinehurst tournament.

The downfall of Doe, however, was overshadowed by the Hunter-Berkeley Bell match, which Hunter won after the Texas had collapsed when Hunter's claim of the match by default was allowed.

The Aggies' other two home games will be with the T. C. U. Horned Pigs May 16-17.

THIRTY-FIVE MEN USED IN BALL GAME

SCORE IS 16 TO 15; STARTS WITH HOME RUN IN FIRST

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer
Between them, Brooklyn and Philadelphia have about the greatest array of sheer slugging talent any pair of teams in the two major leagues can produce, but they haven't displayed it to very good advantage through the first games. Their blows were rather ineffective until they got together yesterday, and then there were more than plenty.

It all started when Presco Thompson, Phillie leaffoff man, stepped up to the plate in the first inning and drove the ball into the stands for a home run. It didn't end there, though. Phillie catcher to appear, took advantage of an error by Flowers to romp home from third with the run that gave Philadelphia a 16 to 15 victory. In between there came 38 hits, 21 of them going to the Phillies, a parade of pitchers and pinch hitters and one big scoring rally after another. Starting with Jim Faulkner and ending with Bill Clark, the Robins used six hurriers while the Phillies called on four.

In all 35 players took part in the game. Southern and Thevenow of Philadelphia and Frederick and Flowers of Brooklyn took the leading slugging roles, yielding only to Chuck Klein's third homer of the season.

Only Game to Survive
The Brooklyn-Philadelphia was the only major league game in the east which survived the wintry weather. One western contest in each league reached its end while Pittsburgh tried to hold its home opening against Cincinnati, but gave it up in the third inning when a snowstorm swept over the field.

The Chicago Cubs, champions of the National league last season, got back above the 500 mark by beating out the St. Louis Cardinals, 6 to 5, in the other National league game. The Cubs got five runs in the third inning only to have the Cards get them all back again before the ninth. Charley Grimm came through in the ninth with his third hit of the game to bring Black Wilson home from third with the winning run. Charley Root, winning his first game of the year in three starts, outlasted a trio of Cardinal pitchers.

The St. Louis Browns were the only American leaguers to increase their average, defeating Detroit for the second time in succession, 3 to 1.

Three Thousand To Attend Penn Relays

PHILADELPHIA, April 24 (AP)—Three thousand athletes, representing more than 500 colleges and schools in all parts of this country and Canada, will participate in the University of Pennsylvania relay carnival tomorrow and Saturday on Franklin Field. Yager Shoots A 76 At Mineral Wells

MINERAL WELLS, April 24 (Special)—Bill Yager, youthful Lubbock golfer, is numbered among the first ten contestants to turn in qualifying scores here Wednesday, a day before qualifying play was to start. Yager's 76 over the 18-hole layout is likely to be good enough to get the Lubbock boy in the first round of championship play Friday morning.

Gus Moreland, flashy Dallas linkster, led the field Wednesday with a 67, four under par. Charley Quire of Post tied with Dixon White of Dublin for second low honors, both turning in a 70.

CHICAGO, April 24 (AP)—Today is Howard Ehmke's 36th birthday. He probably will receive a lot of nice greetings—but it is not likely the Philadelphia Athletics pitcher above will receive any from the Chicago Cubs.

TRAINING MAY BE EXTENDED

A strong Hubber club should be in operation by that time and Manager Lettich will likely be accommodated.

CAWTHON MAY KEEP MATADORS ANOTHER WEEK OR MORE

Length of the Matador spring football training grind at Texas Tech depends upon the interest and progress shown by the squad at the end of this week. Head Coach Pete Cawthon declared yesterday afternoon as he put the Crimson candidates through their daily practice.

"We will continue work just as long as the interest keeps up and the boys show signs of progress," said the Matador chief instructor. "The boys are running through their plays a lot smoother but there is still plenty of room for improvement. If I think that the grind is getting too monotonous by the end of the week, I will call a halt. The squad is much smaller than at the start of work at the first of the month, but that is what we expected. Those who quit wouldn't have been worth much to us anyway. All the good men are still out."

A lengthy scrimmage between picked teams has been promised the varsity gridlers for Friday or Saturday of this week, but the candidates are not far enough along to announce a public exhibition, according to Coach Cawthon.

ROVING THE SPORTS WORLD

WITH ALLAN CARNEY
JOURNAL SPORTS EDITOR

Coach Victor Payne and his Texas Tech trackmen are off tomorrow for their final 1930 cinder appearance as they compete in the annual Great Plains track and field meet at Canyon. College track teams from Oklahoma, New Mexico and Texas will send their speed merchants to the Buffalo center to vie for honors and the Matadors are certain to encounter stiff opposition in the two-day event.

Despite the fact that Coach Payne sees no hope for his squad to so anywhere in particular at the meet, we can see but one school that looks better than Tech, and this is the aggregation from Weatherford, Okla. The Southwest Teachers walked off with first honors last year and are likely to repeat this season. With Leon Fisher going strong, we'd be willing to back the Matadors with our hard-earned cash, but he isn't and now it's a different story.

Injuries, sickness and the old eligibility jinx has dogged the Tech track squad this spring. The freshman participation rule has kept a number of sure winners off the varsity team and it's quite remarkable that Payne has been able to keep even a handful of men in training. Cancellation of several meets left the team with but two dual meets in addition to the Great Plains event, but the old faithfuls continued working in spite of it all.

The Lubbock Westerners are facing a hard row of stumps in their District One football campaign next fall. Addition of two strong teams to the Class A ranks and the fact that every rival club in the section will be pointing to Lubbock make things look rather tough for the home cause. The conference season for the Westerners opens here on Sept. 27 when the powerful Pampa Harvesters launch their Class A careers. Coach Odus Mitchell has staid his charges that if they can lick Lubbock they will win the district championship and it appears certain that the North Panhandle aggregation will come here with serious intentions of hauling the mighty Westerners a drubbing that will not soon be forgotten.

Another early conference skirmish that will furnish a severe test for the locals comes on Oct. 4 when the Westerners clash with the Wichita Falls Coyotes on the latter's gridiron. In recent visits to the Spudder city we have been told repeatedly that the Pack is laying low for Lubbock and furthermore Barry Holton's aggregation will be no push-over for any team in the district.

Night baseball is not likely to be a success until they cover the ball parks with mosquito bars. Just imagine Ruth trying to hit with three on, two out, the count 3-2 and a winged animal flitting with his ankles. It might be pretty soft for the outfielders, however. During a no-hit game they could brush up on their education by talking back to the crickets.

But we'd hate to be the first umpire forced to call a game on account of a blown fuse.

VOTERS GO TO POLLS SATURDAY TO VOTE ON NEW JAIL BUILDING

BOND ISSUE TO PROVIDE FOR NEW JAIL

ACTION IS TAKEN TO REMOVE CONGESTION IN JAIL

Following an issue which has attracted much discussion and which has created no campaign lines, Lubbock county voters will go to the polls Saturday to decide whether or not the commissioners' court shall issue bonds in the sum of \$250,000 for a new criminal court and jail building.

Action by the Lubbock county commissioners' court in calling the election was taken after recommendations by a grand jury of 72nd district court were received. The grand jury severely criticized the present jail building and urged that some measure be used to relieve the present situation. Previously, the commissioners had been requested to order an election in a petition signed by 133 citizens.

Judges Announced

Election judges, as announced by Judge Robert H. Bean, are as follows: W. E. Ballew, J. J. Dillard, L. O. Burford, John F. Turner, W. M. Ross, C. B. Powell, J. W. Bush, G. K. Horton, Otto Simms, D. B. Williamson, Lonnie Williams, W. K. Pierce, J. L. Benton, L. W. Wilke, G. M. Kubaek, Douglas Pounds, J. M. Sherrod, W. B. Shelton, J. H. Reid, A. J. Bryant, W. J. Baker, P. O. Ashton, Ward Crim, Chester Merrill, J. F. Vance, Chester James, C. C. Shelton, G. A. Guthrie, J. H. Teague Jr., A. C. Hanna, J. E. Kelley, and J. E. Adams.

The proposed new building would be erected on the northeast corner of the public square and plans call for a three-story structure with provisions made for the addition of other stories.

The first floor of the building would house the county library, one justice court, offices for the county attorney, sheriff, county agricultural and home demonstration agents. The second floor would be given over to a criminal court room with offices for the district attorney, one district judge, court reporters and for the district clerk. Accommodations also would be made for juries which might be held over night. The third floor has been planned for a jail which would have accommodations for 15 to 100 prisoners. Separate compartments would be provided for white men and women, negro men and women, juveniles and persons infected with contagious diseases. A yard, with padded cells, also would be provided for insane prisoners have been held in the county jail here but the right kind of accommodations have been lacking.

The building would be of reinforced concrete frame structure with sufficient strength for the addition of other floors.

Built in 1911

The present jail structure was built in 1911 when the entire population of Lubbock county was less than 4,000 people. At the time its erection a capacity of 27 prisoners was thought sufficient for needs of the county for many years but with the rapid growth of the county in the past several years the number of criminals has fast outstripped the capacity. Wednesday the jail numbered 43 prisoners within its walls. Four are being held in the Mainview jail and three in the city jail through lack of space in the county lockup. The law requires that county jails care for federal prisoners also and when the new federal building is erected in Lubbock the number of this class will be increased.

Nine men also are being held in jail here who have penitentiary sentences assessed them. Local officers, however, must see that they are kept here for the prison board of Texas has closed the gates of the state institution until normal conditions again are reached.

Condition Alarming

"The county commissioners hesitated about calling an election at this time because it followed closely on the heels of other bond elections," stated Judge Bean yesterday. "The jail, however, has been overcrowded for so long and conditions are becoming so fast alarming that the court felt that to delay longer would be fatal. Present plans call for an expenditure of about \$175,000 for the new building and an additional \$75,000 for equipment."

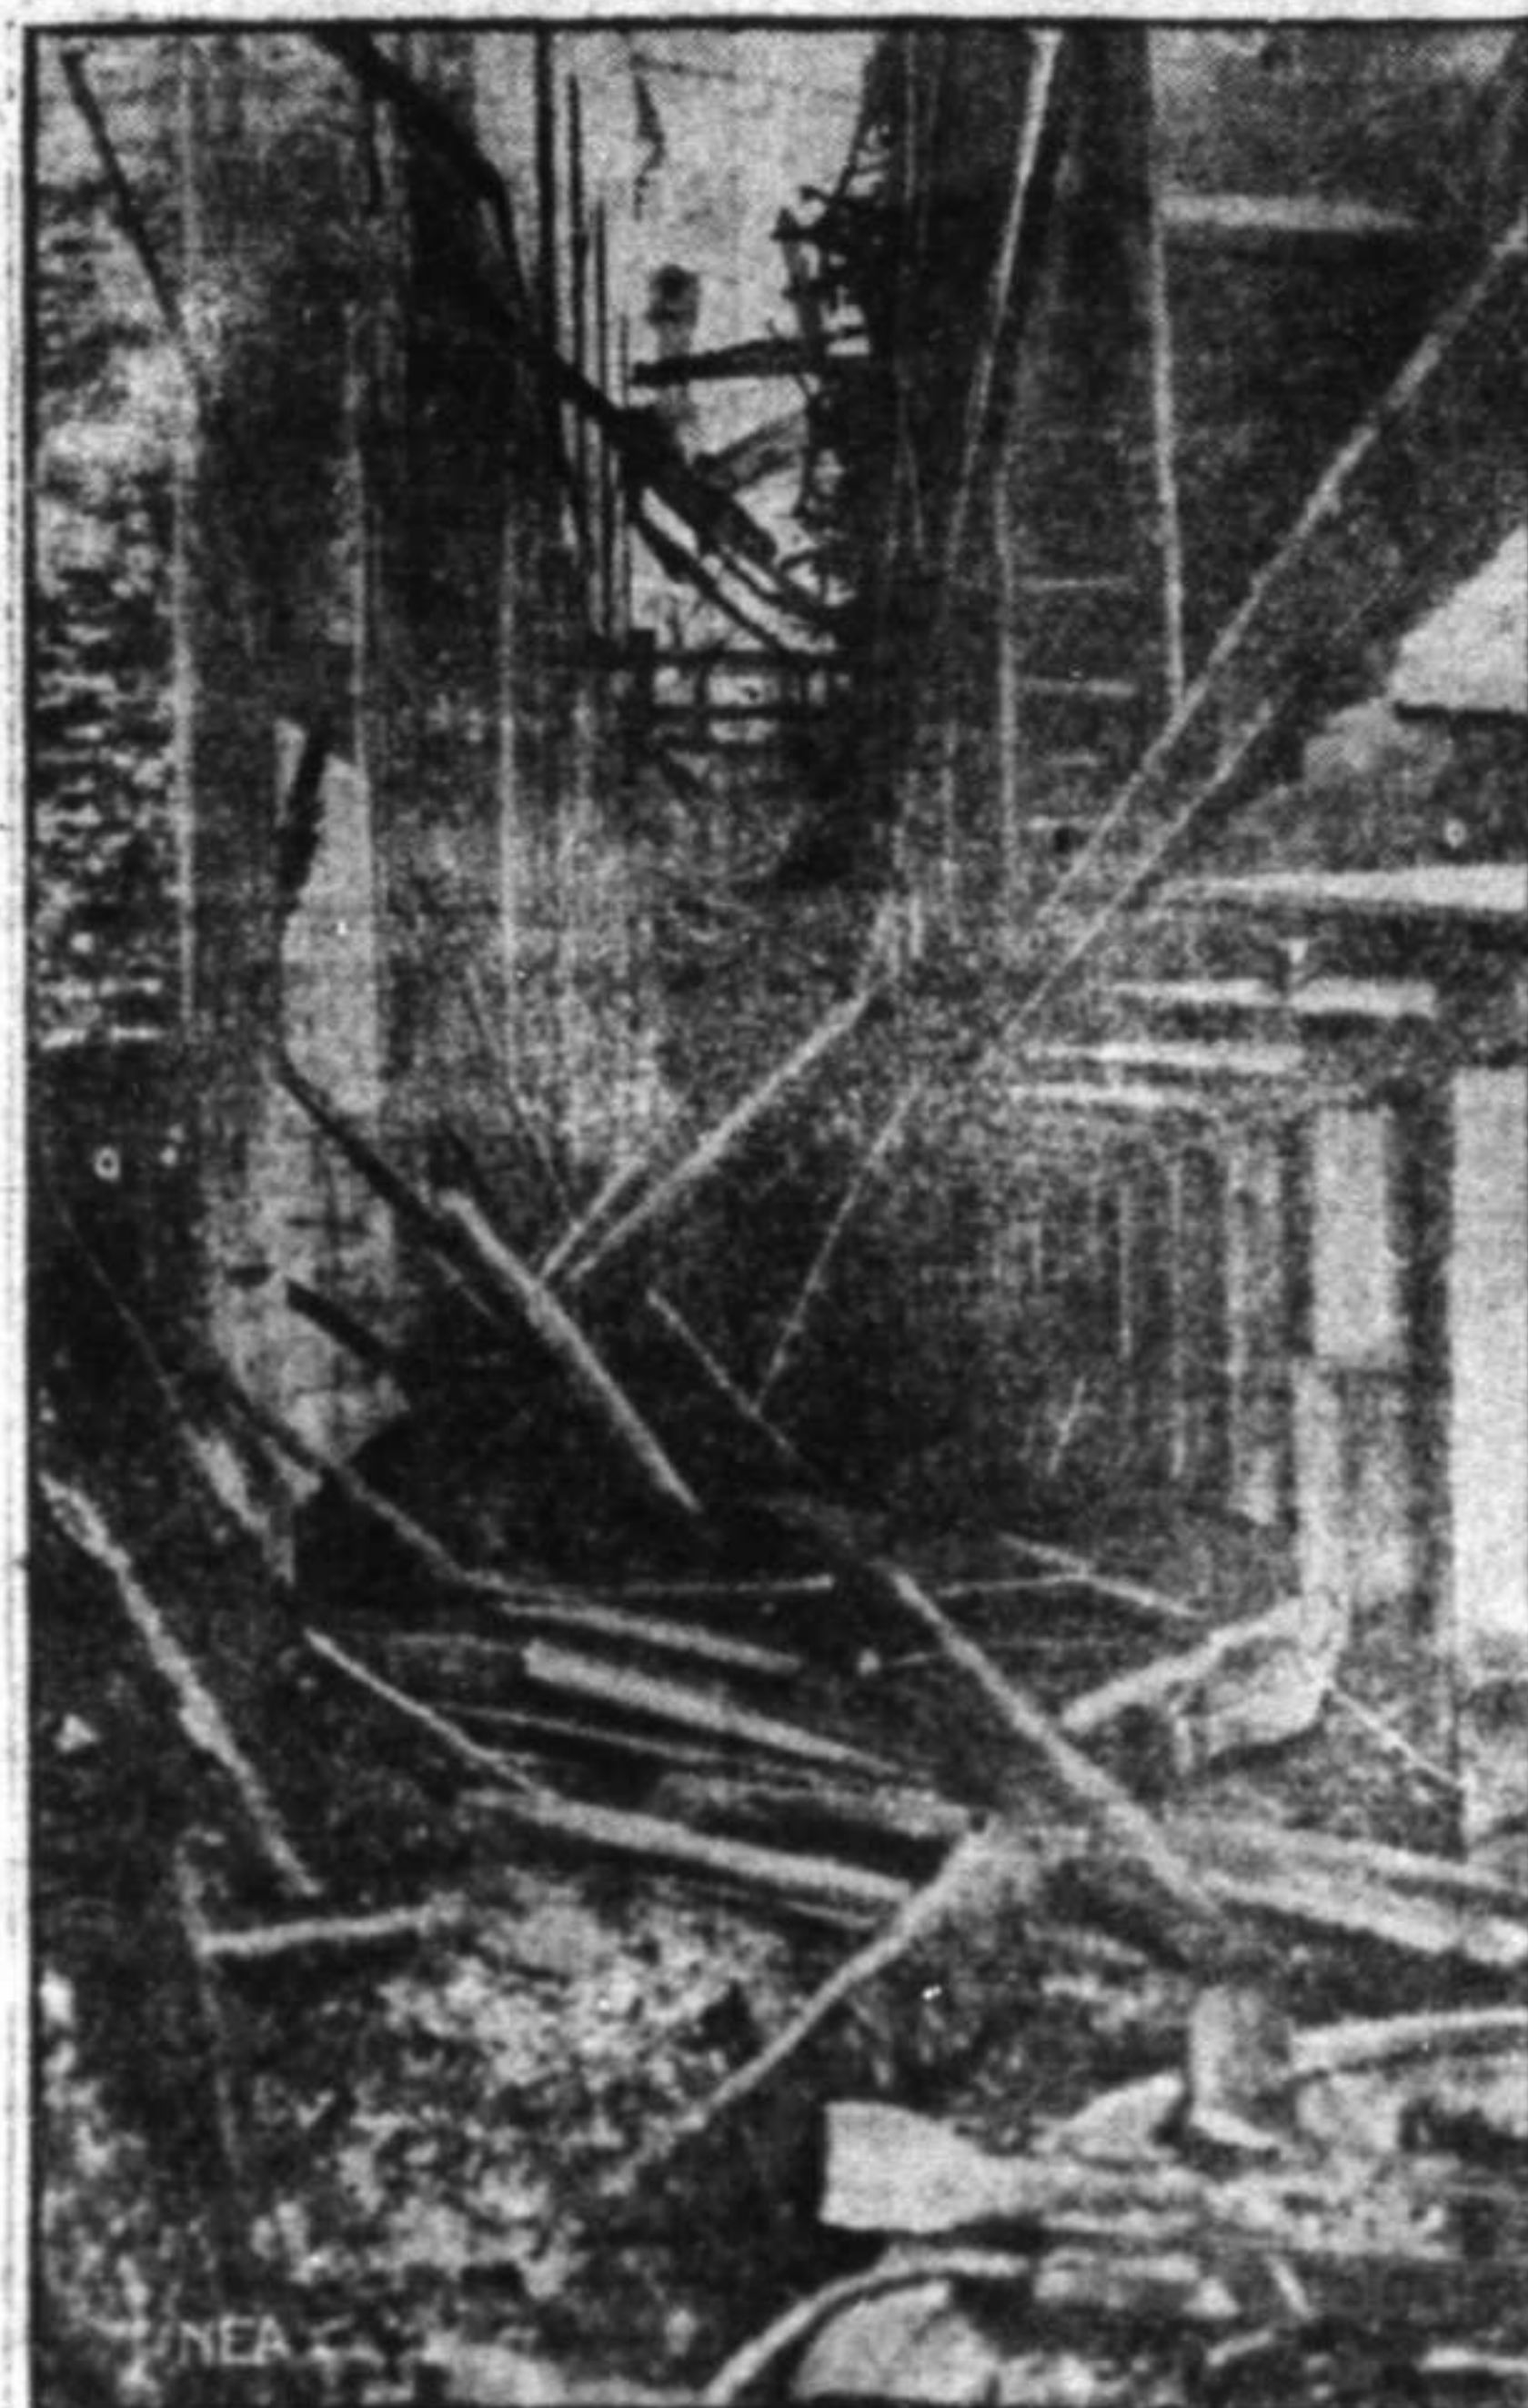

The only additional raise in taxes, according to Judge Bean, would be to put the county tax rate for all purposes, except the road bond issue, at 40 cents, where it has been for a number of years except for 1929 when it was 35 cents. The present Lubbock county court house has been thoroughly investigated by a prominent engineer and his report to the commissioners court states that it would not be practical or economical to try and put the weight of a jail floor atop this building. The necessary changes would be so expensive that nothing would be saved, and an additional story would probably be dangerous to the present building.

Balloon boxes will be established Saturday at the following places:

OKLAHOMA CITY FILED PRODUCTION INCREASED BY 40,000 BARRELS A DAY

(By Associated Press)
OKLAHOMA CITY, Apr. 24.—The potential production of the Oklahoma City field, already estimated at more than 1,500,000 barrels daily, was believed to have been boosted nearly 40,000 barrels a day with the bringing in of two big wells by Tom Slick Tuesday.

Both completions were in the north area and extended the known production territory a quarter of a mile west and slightly north.

The last one to blow in was Slick's and W. H. Atkinson's number 1 Houghton, in NE NW SW 1-11-3W, which flooded its separators and was forced to shut down after being balled in the middle of the afternoon.

Slick's number 1 Bailey, NW NW SW 1-11-3W, was balled down about 1,000 feet last night and opened this morning. It flowed 822 barrels the first hour and 777 the second. Before being shut in the Houghton well flowed 152 barrels into tanks in 15 minutes.

Japanese Seek Lost Crew Of Destroyer

TOKYO, April 24 (AP)—The Japanese destroyer Ume searched the South China coast today for thirty Japanese sailors whose ship, the Kamiyoshi Maru, was pirated Sunday or Monday. Whether the sailors were captured by the pirates or escaped in life boats was not determined.

The navy office learned today that the Kamiyoshi Maru, while carrying coal from Keelung, Formosa, to Hongkong, went aground Sunday night 35 miles south of Swatow in northern Kwangtung province, China. A Chinese junk was seen Monday alongside the apparently abandoned wreck. The destroyer found the freighter looted and the crew gone. On a nearby island were Chinese, apparently pirates, with documents of the wrecked vessel in their possession. They professed ignorance of the whereabouts of the crew.

Dallas Man Cites Needs For Dealers

FORT WORTH, April 24 (AP)—Automobile dealers should take concerted action to prevent overproduction and glutting of the automobile market at the expense of the retailer. This was the keynote sounded Wednesday by B. B. Owen, Dallas, at the convention of the Texas Automotive Dealers' association.

Utility Lineman Is Electrocuted

CONSIGNA, April 24 (AP)—Ray Manahan, 31, lineman for the Texas Utilities company, was killed Wednesday near Fairfield while assisting in moving a power line. Twenty-two hundred volts of electricity passed through his body. He was survived by his parents, Mr. and Mrs. E. A. Manahan of Fairfield.

VITALITY!

"SURE! I can finish that today"

A strong, healthy body and mind always respond to the occasion. Employers appreciate and recognize unfailing freshness—always ready—cheerfully ready to carry on—minus that "tired feeling."

DON'T let a weakened body hold you back. Prolonged, it may result in so-called premature old age. Today's happiness and friends may be gone tomorrow.

Thousands of people have a low blood count—to this may be attributed skin troubles, "run-down" systems and even more serious ailments.

If you tire easily—lack pep—if your skin is not clear—if your appetite is "gone"—you owe it to yourself and friends to try S.S.S.

When you get your red-blood-cells back up to normal, that sluggish, let-down feeling, lack of appetite, skin troubles disappear. You should get S.S.S. Again.

hungry again and sleep soundly; firm flesh should take the place of that which was once flabby. You should feel strong. Your nerves become steady. S.S.S. helps Nature build rich, red blood. It improves the processes by which the body is nourished.

For more than 100 years S.S.S. has been helping people regain and retain their strength and charm. Thousands of users have testified to its benefits in unsolicited letters of gratitude. S.S.S. is made from strictly fresh vegetable drugs and is easily assimilated. All drug stores sell S.S.S. in two sizes. Ask for the larger size. It is more economical.

Thought For Today
For there is a man whose labour
is in wisdom, and in knowledge,
and in equity, yet to a man that
hath not laboured therein shall he
leave it for his portion. This also
is vanity and a great evil.—Ecclesi-
astes 2:21.

Oh, the cares of men! How much
emphases there is in human con-
cerns.—Persius.

Gliders
The glider, or our notion, is the
best thing aviation has yet given us.
For it is the instrument which may
yet turn aviation into what it really
ought to be—the most dazzling,
breath-taking, incredible form of
recreation ever known to man.

Can you remember, as a child,
having those dreams of flying
through the air? Of course you can.
We've all had them. And you can
remember, can't you, what gorgeous
dreams those were. They gave the
dreamer the sense of having out-
flown the birds, of being free, of
being able to fly through the air.
For the moment he was completely
free, able to exult in his spirit and
soar through the air without
any restraint.

Those are the most haunting,
familiar dreams any of us ever
have. They're the dreams of this
earth. Because of their very impos-
sibility, they lie at the head of the
long list of things which, we are
aware, ought to be but are not.

Now then, a matter of 25 years
ago geniuses from Ohio invented a
means by which mankind could
actually fly through the air. And
what happened? Their invention has
progressed until now it is used very
widely in commerce, even more wide-
ly in exploration, most widely of all
as a military weapon—but very, very
little as a means of pure recreation.

We admire the planes that soar
over our heads, and we thrill to the
accounts of the aviator's exploits; but
only an infinitesimal fraction of us
ever go out to make our dreams
come true by flying ourselves. The
job is still a bit risky, and it takes
a long course of training. So we let
the greatest opportunity for
recreation that ever came our way.

The glider, now, may remedy all
of that. Fortunately, there doesn't
seem to be much chance that it will
ever be very useful commercially.
Its one excuse for existence is that
it offers a man a chance to disport
himself in the air. And it is safer
than the motored plane, and in-
finitely easier to operate.

So say we—more power to it. Let
it be perfected, used, and popu-
larized without end. We'll be giving
wings and go-a-soaring—not to save
time and not for hire, but simply be-
cause it's a lot of fun.

High Ideals
Whether or not a man is satis-
fied with his achievements seems to
depend largely on the nobility of
the goal he has set himself rather
than on his actual performance.

There committed suicide in Bos-
ton recently a 29-year-old student
at the Harvard Medical School. He
was considered one of the most bril-
liant students that famous school
ever had. He was in his fourth year
there, and because of his splendid
work was spending his final semester
performing research work at a hospital.

Surely, if any man of 29 can call
himself a success, this young man
might have. Yet he took his life
because he considered himself a failure!

The young man must have had a
very exalted goal in the back of his
mind. If his brilliant achievements
seemed to him so far short of what
he had intended to do.

College men are now warned for
work in prisons. And some colleagues
after listening to certain professors
for four years, will think nothing of
it.

A 19-year-old California boy con-
fessed robbing a home and burning
a barn in the hope he would be sent
to prison and given an opportunity
to play on the convict nine. The boy
seems bound to have his feelings.

It will be a crime if the fol-
lowing prisoners, after stepping on
each other's toes, should say: "Par-
don me." And when they hold their
final formal, won't there be a riot?

THE PLAINSMAN

Says:

That Girl on Broadway says a
good wife pays more attention to
the wrinkles in her husband's trousers
than to those around her eyes.

Jim Kilpatrick, (no he's not Jew-
ish) says let's see at the Plain-
man for intimating that he and the
rest of the lawyers save money by
not having to hire legal advice. Well,
Jim, here's one on our tribe:

"A newspaperman," says Colum-
bia Lee Shipley, of the Los Angeles
Times, "is a man who would rather
see himself in print than his wife
in satin!"

Does that square things up?

HAVE you seen the census man
today?

Honest, customers, this census
business is getting serious and if
we don't get in the buggy and do
something Lubbock is going to turn
up with a count of about 1907—
judging from the reports coming in
from nearby towns. They're all way
under what we thought they'd be.

Take Slator, for instance. The
census enumerators found 3969 peo-
ple in "The Santa Fe Center of
West Texas" and while that's an in-
crease of 2344 over the 1920 count.
The Plainsman doubts that Slator-
ites are cheering very much over the
tabulation.

If you'd asked The Plainsman
what Slator's population was he'd
have guessed between 4500 and
5000—in fact he still be-
lieves that there are more than
4500 in our neighboring city.
But the census folks didn't find
them and the fact that there
really are more than 3969 peo-
ple in Slator isn't going to help
matters much during the next
ten years.

AMARILLO and San Angelo have
the right idea—they take the lead
in this census business which
Lubbock will do well to follow.
They have "button-hole" squads out
in each of those cities, finding peo-
ple who are not yet enumerated
and seeing that they are counted.
That's what we're not going to do
as smart as we're given credit for
being.

The Plainsman is as sure as he
can be that there are at least from
19,000 to 21,000 people in Lubbock
not counting the students of Texas
Tech. But we're not going to show
that much if we don't get on our
mules and dig 'em out.

This column took it upon it-
self to go to the Chamber of
Commerce, the Retail Merchants
association, the Rotary and the
ADC clubs in an effort to arouse
interest and action in the census.
Aided and abetted by Able
Davis, Saffie Wells and Tom
White, The Plainsman has been
working on the problem but we
need help from every body. Let's get
behind the census.

The Plainsman believes the cen-
sus problem is so important that
even some of the ladies study clubs
could afford to get busy. The
Sahara Desert alone help enough
to help see that everyone is counted.
He believes it is important
enough to make Rotarians forget
about World Peace, the Board of
City Development to forsake rail-
road construction and the Kiwanis
club to forget about rural-urban re-
lations. Why even the Lions could
leave off a couple of roars and profit
thereby, if some work is done on
the census. Let's get going with
some kind of organization and do
a pretty piece of community ser-
vice for Lubbock—something that
will last for ten years.

In yesterday's outburst The
Plainsman promised to give you a
letter written him by a lady
whose husband planned buying
some "baby insurance" in the
hope of collecting big, should
he become the father of twins.
We don't suppose there is any-
thing anybody can do about it,
but here's the letter, anyway:

Dear Mr. Plainsman:
I am disappointed in you. I
thought you were a friend of the
people. Here's why: my husband is
a "natural insurance taker." We both
worked for our marriage and had
paid for matrimonial insurance. All
I got, when collected, was a wash-
board, a pot and two tubs. As you
can readily see I take in washing
now.

"My husband isn't lazy—he's just
languid. I have a fairly good edu-
cation but the town is just over-
run with teachers so this is all I
can do. We have fire insurance, and
nothing to burn; tornado insurance
and no house; life insurance, but
if I—well I wouldn't get it if I
could."

"Now my husband has read of
baby insurance. He's going to take
out some of that and said if it
wasn't twins it would be too bad
for me! Don't print any more in-
surance ads—protect the down-trodden
woman!"

Respectfully,
"Mrs. Ina Sonlowick."
P. S. That's not my real name.
You see, my husband takes my
money to pay the premiums!"

FOLKS, The Plainsman is plain
flabbergasted!
No foolin', this is the worst prob-
lem he has ever had. People write
this column for advice on their do-
mestic difficulties. They write to
know whether Texas was ever voted
dry by the people, or not. They
want to know what kinds of clothes
to wear at different places and if

Sketch Your World Exactly As It Goes"—Byron

Kendrick, Of Wyoming, Was Demo Leader For Highest Of
Tariffs In Senate, Correspondent Rodney Dutcher Says

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, April 24.—The
Republicans gave out a list
showing the number of times Demo-
cratic senators had voted for pro-
tection during the tariff bill
battle and it was found that
Senator Kendrick of Wyoming
voted for protection 39 times.
Kendrick had voted for an in-
crease in tariff rates exactly 63
times and there was no close
second. Broussard of Louisiana
came next with 39. Incidentally
he ran way ahead of Kendrick in
the number of his votes against de-
creases. These 63 votes of Kend-
rick's seemed to call for an ex-
planation.

"I did vote for more raises than
anybody else," he said. "I voted
for my correspondent tickled him
in the ribs with a knowing leer. 'Well
I'm proud of it!'"

Looks Out For Wyoming
The senator is an old-time calli-
man and owns one of the largest
range ranches in the west. He is
now 72 years of age. It was he who
first raised the Teapot Dome issue
in the Senate when independent oil
operators urged him to look into
the Sinclair lease.

Wyoming benefits from the tariff
bills, especially through such of her
important industries as wool, beef,
sugar, mutton and other meat
products. But Kendrick was not
one of those Democrats who stood
like a cement rampart against most
of the increases and melted promp-
tly when any local industry was in-
volved. He's just an out-and-out
protectionist.

"The nation has adopted protec-
tion as an economic policy," he
says, "and the only question left
is how its benefits are to be distrib-
uted. That's all that interests me. I
don't like the attitude of those men
who make the sky the limit on
their local products and then look
for the rest of the country. That
shows an extremely provincial
frame of mind."

"And I've nothing in common
fact, we have received all kinds of
letters from young and from old
but this matter of twins has us
stumped!"

People who have never had
twins have had no experience in
that line. Those who have had
them are bunnies and they'd let
their troubles come singly.
Who in the world is going to
tell this poor lady how to keep
from having twins—if that's
what she wants to know—
help, help!

If any of you good people have
any ideas at all on this question,
send them in. The Plainsman is a
drowning man, grabbing at a straw.
We've never failed to answer a let-
ter yet and won't somebody aid in
keeping a good record clean?

In this temporary answer to Mrs.
Sonlowick, we can just say this:
It's a good thing you didn't sign
your real name. If you had Nell
Wright and Rye Rylander would
have already sold your husband so
much more insurance that you
wouldn't be able to pay for both
the twins and the added premiums,
even if you collected on your twin
insurance."

That Man on Avenue Q says now-
adays a man doesn't stand with one
foot on a rail when he takes a
drink. He stands with one foot in
the grave!

In New York

With Swap

Gilbert Swan

NEW YORK, April 24.—Well, boys,
you might as well know the worst:
Those very swanky men's shops
of Fifth Avenue, New York, have
decided that it's all over but the
color scheme. Such silver lining as
there may be in your hat is pro-
vided by the decree that you can
now tear out the window those
Christmas ties given you by Aunt
Emma and Sister Sue.

If they don't agree with your en-
semble, why keep them around the
house? I have, if you please, be-
fore me a bit of writing asking me
if I am ensemble conscious? Am I?
And I have been ever since chorus
girls became ladies of the ensem-
ble.

But this is something else again.
It seems that we've got to be
more selective in our "color ar-
rangements," whatever they are.
We can't just go down to the store
and ask for a shirt and a hat. We
must be sure that the "ensemble
co-ordinates." Our dress must have
harmony—that is, the pocket hand-
kerchief must all but "melt into the
cravat"; the "gloves should be a
slightly lighter shade than the suit";
the "hose must exactly match the
suit."

And so it goes. With a particu-
larly ritzzy store announcing that
"our sales force is trained to tell
men what color accents to use."
My accent, I fear, is on the last
syllable.

And while speaking in this particu-
larly high-toned accent, the most
modernist of the new beauty
palaces of "the avenue" boasts of a
dozen tricky ways of "decreasing
weight while you wait."
First comes a large black rolling
machine which is rumored to knead
the fat off of particularly puchi-
trudious medusae.

From there, once the "kneading
you need" is halted, the fat dow-
agers are pushed into the salubrum
to be baked in a new-fangled elec-
tric box, which is encased in a huge
glass box.

Then comes a dowsing in a
paraffin bath and a wrapping in an
electric blanket.
There are one or two more items,
but accounts of martyrdom always
begin to bother me after a time.

Spring is routing Manhattan's
"squatters" from their many and
intricate hide-outs. These metropoli-
tan squatters generally seek out
raised buildings over on the East
Side. The ruins, covered over by
temporary board roofing, while
workers are preparing for further
raiding, provide rentless quarters for
scores of the city's bums.

The cavernous ledges paralleling
the Grand Central station tracks
provide nests for the bidders.
Any excavation is immediately tak-
en advantage of, and it is reported
that thousands are able to protect
themselves from wind and night
lodging.

Broadway reports a sudden
scarcity of ballet girls. Chorines are
plentiful, but the demands of the
picture theater revues numbers have
drawn hundreds from their regular
haunts.

to have departed without Anglo-
American alliances. One of the
girls with the American naval
delegation, homeward bound,
remarked that London men were
the finest she had ever met, and
a marine said the London girls
were wonderful. No engage-
ments have come to light.

FOUR HUNDRED IN SEARCH FOR BOY

REDDING, Calif., April 24. (AP)—
A 6-year-old boy, Asa Lee Lakey,
lost in the woods of Mount Shasta
today was sought by nearly 400
woodsmen, mountaineers and In-
dians, aided by an army observa-
tion plane from Mather Field, Sa-

Trappers, seeking the boy since
Monday, admitted hopelessness of
the quest, pointing out the child
could not be expected to long sur-
vive on the cold mountain slopes.

of 10 prisoners who escaped the
Howard county jail Monday were
back in their cells today. Two vol-
untarily returned, two were cap-
tured in a chase east of Coahoma,
one was held at San Angelo and
the sixth was captured in South-

Rate, Rules and Requirements of Classified Advertising of The Lubbock Daily Journal (Afternoon)

Lubbock Morning Avalanche
Sunday Avalanche-Journal
(Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is placed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating in the afternoon paper. Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVANCE-JOURNAL
Combined Rates:

Minimum words, per insertion, 18.
One insertion, per word 5c
Two insertions, per word 4c
Three insertions, per word 3c
Seven insertions, per word 2c
Thirty insertions, per word 1c
These rates are for consecutive insertions only. Additional consecutive insertions over 30, at 1/2c per word each.
All ads of town ads, received by mail must be cash with order. No exceptions.
None 13 or 14

Our experienced ad salesmen will receive your ad and help you to word it. They will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only.

No advertisement accepted on a "half" basis. A specified number of insertions must be given. The publisher is not responsible for copy errors, typographical errors, or any unintentional error in any advertisement. It is the advertiser's responsibility to see that the copy is correct. All classified advertising is accepted on a "cash" basis. All ads of town ads, received by mail must be cash with order. No exceptions. None 13 or 14

TO DISCONTINUE AN AD
Notice to Discontinue An Ad must be given after 5 a. m. and before 6 p. m. to some member of the Classified Advertising Dept. We cannot be responsible for notices given before or after Office Hours, and to a member of some other department.

WE ARE BONDED

All of our members are re-insured in Bankers-Lloyds of Texas, guaranteeing the payment of our policy. Every official connected with our organization is under heavy bond, protecting you against fraud. We have two companies, the one operating in Lubbock, one in Oklahoma City. The Lubbock organization has approximately 1,900 members and the one in Oklahoma City 600 members.

We pay policy holders who marry approximately \$250 at the end of three months; \$500 at end of 6 months; \$750 at end of 9 months; \$1,000.00 at the end of one year. You do not have to know at the time that you take your policy just when you are to marry.

We have over 300 policy holders living in the city of Lubbock. That too is a record for any city in the state.

STOCKS MOVE
IRREGULARLYFEW GAINS RECORDED
ON OPENING; NEW
HIGHS MADE

NEW YORK, April 24. (AP)—Stock prices moved irregularly higher at the opening of today's market. Vindicator Steel showed an initial gain of 2-1/2 points. Westinghouse Electric 2, Chesapeake & Ohio 1-1/2, Missouri Kansas Texas 1-1/4 and American Can and Brooklyn Manhattan Transit early a point each. Tinkler Roller Bearing dropped a point and Studebaker retracted fractionally to a new low level for the year.

The market showed increasing irregularity as trading progressed with reactionary tendencies more pronounced in several leading industrial and public utility shares.

Shubert Theatres advanced to 31 1/2 up 5-3/8, and a new high record. Diamond Match jumped 3 points, duplicating yesterday's high, early gains of a point and two cents.

Renewal of buying in the oil group carried Standard Oil of New York above 39 to a new high level for the year.

Pittsburgh Coal, Continental Baking "A", Hudson Motors and Gotham Silk Hosiery sagged to new low levels for the year, the declines ranging from fractions to 1-1/2 points.

Foreign exchanges opened steady with sterling unchanged at \$4.87 3/8.

CHICAGO GRAIN

CHICAGO, April 24. (AP)—Helped by Liverpool quotations higher than looked for and by large north American export business of late, wheat here ranged upward early today.

A forecast of showers in drought districts tended, however, to cause reactions.

Opening unchanged to 1c higher. Chicago wheat afterward scored a general advance, but then sagged somewhat. Corn, oats and provisions were also firmer, with corn starting 1-4-3/4 up and subsequently keeping near to the initial range.

Ferry traffic across San Francisco Bay increased 147,294 persons in 1929, for a total of 77,734,413.

MONTHS MOVE UP 12
POINTS; NOTICES
ANTICIPATED

NEW ORLEANS, April 24. (AP)—Despite lower cables than due cotton had a firm opening. First trades showed gains of 1 to 12 points, prices advancing as the call proceeded. On liquidation and covering of shorts in new months, May traded up to 15.80, July to 16.04 and October 15.82 or 14 to 18 points above the previous close. Prices later eased off 8 to 9 points, but by the end of the first hour had recovered almost to the high. The market appears to be governed by anticipation of large May deliveries tomorrow.

The market ruled firm nearly all morning as far as old crop months were concerned, owing to covering by ring shorts. May traded as high as 16.06 and July 16.14, or 35 points above yesterday's close on May and 20 points on July. Towards noon the market eased off some as the covering appeared to be completed. Prices declined 10 points on the old crop months and 6 points on October. The undertone continued firm.

TO HOLD PRICES
ON COTTON

NEW YORK, April 24.—Cotton opened steady at an advance of 3 to 12 points on renewed covering by near month shorts and buying of new crop months on failure of the weather map to show any rain in the drouthy section of West Texas.

Spot interests were credited with buying May and July with May selling up to 16.29, or 21 points net higher during early trading while the new October advanced to 15.32, or 11 points net higher.

There was continued active buying of old crop months later which may have been promoted by a statement by a local firm generally to the effect it thought May notices on Friday would be less than generally expected and that in any event they would be promptly stopped. May sold up to 16.47, or 39 points net higher with July and later deliveries showing net gains of about 8 to 24 points.

"I believe my record will show," Mr. Miller said, "that I have been a whole-hearted supporter of West Texas and I do not believe any man can criticize my actions in regard to any part of this great state." He added that he had no criticism to make of the stand taken by the Lubbock morning paper in support of a West Texan man but added that his position be made clear.

Accompanied by his secretary, T. L. Wheeler, Mr. Miller expected to go to Plainview and Amarillo from here. He will be back on the Plains for a speaking tour later in the summer, he said.

EPISCOPAL RECTOR FACES TRIAL IN
ECCLESIASTICAL COURT FOR MARRIAGE

LEXINGTON, Ky., April 24.—The Episcopal church and the love of a 31-year-old rector for a Roman Catholic girl clashed in an ecclesiastical court here today, as the Rev. Julius A. Velasco, rector of the St. John's church of Dayton, Ky., went on trial.

He was charged with failing to carry out a promise to resign his orders if he married a Catholic girl. He was married January 25 by Father Michael O'Ryan of the Roman Catholic church at Elliott City, Md., to Miss Catherine Rogers of Baltimore, Catholic.

The rector said that 15 minutes before he was ordained he signed a promise that in the event he married a Catholic he would resign his orders. He said he signed under pressure, and that after his ordination he reopened the matter and was successful in having it rescinded. He said he was told by the venerable Theodore Will of Ashland, archdeacon and secretary of the standing diocese committee prosecuting him, that the entire matter of the promise had been expunged from the records.

WACO PASTOR PREACHING TO CROWDS HERE

DR. EVANS CONDUCTS REVIVAL AT M. E. FIRST CHURCH

"The Biggest Thing That a Man Can Do" has been announced as the subject for a sermon to be delivered this evening by Dr. L. L. Evans, Waco, who is conducting a two-week revival campaign at the First Methodist church.

Andrew Hemphill, noted Fort Worth vocalist and singer, is conducting the song services which begin promptly at 8 o'clock.

Attendance Increases
Dr. Evans, who is pastor of Austin Avenue Methodist church in the Central Texas conference, is one of the leading ministers in Southern Methodism. Attendance at both morning and evening services in the revival has shown marked increase daily.

Taking as his subject "The Near-est Way to a Man's Heart," the visiting minister preached before a small but appreciative audience this morning at 9 o'clock.

Dr. Evans gave as the nearest way to a man's heart, that of a simple testimony based upon a genuine experience.

Testimony Aids
"The Master's command of 'go back to your home and tell your people what great things the Lord hath done for thee' to the demented man is one of the basic principles of life," said the speaker. He spoke of manufacturing concerns who through their advertisements of testimony find a ready sale.

In closing his sermon Dr. Evans listed among things that the Lord has done for him that of making life real and joyful for him.

"Religion doesn't take away your desire for money or pleasures but instead you want to use them for the glory of God and humanity," he said.

Last night the minister preached on the theme "The Three Great Sins Destroying the Life, Power and Influence of the Church" and was greeted by more than 400 persons in the third week-night service of the revival.

Doctor Evans listed as the three great sins the broken promise, neglect and the human effort to serve two masters.

In his dissertation on broken promises, the speaker brought the question home to his hearers by stressing trustworthiness and pointed out that "there is still a demand for old-fashioned honesty." He recalled promises made by members joining a church and urged support of the institution. He stressed the need of law enforcement, rapped persons who violate the prohibition statutes and said that "law and order is being taken too lightly in this country." The average American, he said, can be trusted in the bigger things but is more likely to fail in the wayide in the observance of lesser duties.

SOUTH PLAINS NEWS CHATTER

BY J. SAM LEWIS
Field Correspondent

PAPER GOES ON

Down at Ralls when Editor Dick Hyatt, of the Banner, leaves town the rest of the town hardly notices it. Mrs. Dick, who can do everything in the house and can, and several more things according to business men, takes the editorial ship in hand and directs its affairs. She is bookkeeper, society editor and local reporter and she handles the outside work as well. The men in the stores seem to sense that Dick is gone and they generally bring in the ads without waiting for her to call on them. Young Dick, who presides at the linotype, can do about everything around the shop also except run the cylinder press. "I have not tried my hand at that," he says. This past week Mrs. Hyatt worked at the case setting up the display ads while the junior editor presided at the linotype in front.

GOOD EATS

M. D. Lacey of Ralls Inn, sets one of the best tables in the entire country east of Lubbock. M. D. puts up a fifty cent dinner as a regular part of his attraction that is not once the surprise and delight of his patrons. H. E. Ellis, construction foreman of the States Telephone company's line gang says he has never found anything any better, even in sunny southern California.

"SIREN KING" GONE

For the benefit of those who may want to know, the "siren" king of this Texas Motor Way line, Donald Chapman, nephew of Ed Abbott, owner, is no longer connected with the line. Donald always would let the towns on his route know that it was bus time, Ed says. "He began blowing his horn as soon as he got into the city limits and he kept it up until he got out of town. Everybody knew it was bus time."

GETS HIS PAPER

Stockton Henry, former Lubbock printer, is now owner and editor of the Idola Echo. Mr. Henry has been a resident of this section for many years and is well known. "I tried to buy the Echo for three years before I was able to convince the owner that the price I offered was right," he explained. He has owned the paper for about six months.

COLD ENOUGH

R. L. Durham, well known Lemozo business man, is rather optimistic about the future of that town. R. L. and Emory Pieratt, cashier of the First State bank and Fred Wiese, vice president, were talking the other day about W. H.

Fuqua, Amarillo banker. "Some of the fellows who are interested in the Amarillo packing plant that W. H. owns, wanted to get a loan to add to the refrigeration equipment. They got the banker to come out to the plant and took him into the cooling room and hit him up for a loan. After they got through there was no need of the additional improvement, it was cold enough in the place."

Foreign trade of the United States in sporting and athletic goods last year totaled \$12,994,908.

ANOTHER NEW PLANET IS BELIEVED TO BE FOUND UNWITTINGLY BY SCIENTISTS

OTTAWA, Ont., April 24 (AP)—The possibility that the Dominion observatory unwittingly discovered another unknown Trans-Neptunian planet six years ago, and failed to appreciate the significance of its discovery was entertained today by Dr. Meldrum Stewart director of the observatory.

In considering this possibility, Dr. Stewart was inclined to agree with Prof. Harlow Shapley, director of Harvard observatory at Cambridge, Mass., who said that a moving object recorded on negatives made by the Dominion observatory of the constellations of Feb. 7, Feb. 24, and

Feb. 29, 1924, was not the recently discovered Planet X as Dr. Stewart had first reported as believing, but an entirely new planet.

LIQUOR SALE ASKED
WASHINGTON, April 24 (AP)—A bill to permit the governor of the Virgin Islands to allow storage of liquor at St. Thomas for sale to vessels of foreign registry which call at the port was introduced Wednesday by Senator Bingham, republican, Connecticut.

Eighteen nations maintain consulates in Honolulu.
