Along The Waterfront

Many fishermen still try to get by without buying a \$2.15 fishing license. As a result, they wind up in court with fines and costs. During April, 138 of the 232 arrests by game wardens were for failure to have a fishing license.

There were also numerous hunting violations, including mostly shooting of game out of season. One man was arrested for dynamiting fish. Four were picked up for using a motorboat while intoxicated.

A life preserver is required for each occupant of a boat while on the water. This safety factor frequently is overlooked.

In all, the 232 persons paid fines and costs amounting to \$6,388.40 during the month.

This is snake season. Be careful when you get into the woods or along creek and river banks. The Poisonous snakes of Texas are the rattler, moccasin, copperhead and coral.

Now, that school is out, many families are enjoying the day and night fishing at Good Luck Pier in Fulton.

Jack McKenzie and son of Corpus Christi caught twenty-five trout, fishing from 10:30 p.m. to 12 midnight Tuesday.

Frazer Cantrell reports that George Larue, Skinny Ellis and Joe Jenivore of Dallas, caught 272 trout, fishing off Frazer's boat, the Balboa.

J. A. Casbeer, San Antonio, came in with 87 trout.

Mr. and Mrs. Buster Meadows, Waco, caught 82 trout one day, 65 trout the next, and 162 trout the third.

Mr. and Mrs. S. S. Handy, Houston, caught 112 trout.

Pat Mixon of Runge, a former Rockport banker, and his party caught 20 trout Tuesday evening and 25 trout Wednesday morning.

Several nice catches in the past week, including Mr. and Mrs. Clifford Williams, Lubbock, 55 nice trout.

Ted Giese, one 10 lb. red.

Mrs. Jim Stansell, 20 trout.

Vernon Kleypas, congenial manager of West's Super Market, slipped away from work for a short while last Monday to go fishing—results were, one cat, one strike, and one 5½ pound red fish.

Rattlesnake Point reports: Mr. and Mrs. Archie Anz of San Antonio, caught 23 trout.

Captain Henderson and party of San Antonio, caught 63 trout. George Stanush and Alvire Ransinske of Karnes City and Stockdale, caught 15 reds, 12 drum and 20 trout.

Episcopal Conference Center Here Dedicated By Bishop Everett Jones

The Episcopal Center on Copano Bay was dedicated last Sunday by the Right Reverend Everett H. Jones, D.D. Bishop of the Diocese of West Texas, assisted by Rev. Robert Megee, Rev. Joseph Miller, Rev. Douglas Mould, and the Right Rev. Earl R. Discus, D.D., Suffragan Bishop of the Diocese.

Just prior to the dedication service, C. C. Fowler made the official presentation of the keys to the bishop, for himself as contractor, and on behalf of Randal Stivers, Jr., of the Fulton Lumber Company.

He was accompanied by Lynn A. Evans, of Abbott and Evans, architects and engineers, who designed the buildings.

Clergy and lay people to the extent of some 300 attended the dedication.

Following the dedication, coffee and cookies were dispensed by Mrs. Cecil Cole and Mrs. Paul Ward, representing the Women of St. Peter's. They were assisted by Cecil Cole and Major Charles F. Brunner.

The Conference and retreat center here has been a dream of the diocese for many years, and a committee to study its possibilities was formed a long time ago. On this committee were the Right Rev. David Rose, Revs. H. W. B. Nickle, Rufus Stewart, Richard Urban, William P. Weeks, and Msrs. Howell Ward, Lynn A. Evans, Maurice W. Cochran, James R. Heldenfels, Robert G. Lovell, Emory Spencer and Mrs. F. B. Cochran, Jr.

The present committee consists of Ward, as chairman, Mrs. Cochran, M. W. Cochran, Mrs. Charles P. Dannelly, and Dr. John M. Etheridge.

The buildings were constructed on a site given by Mr. and Mrs. Emory M. Spencer of Rockport, and to commemorate that gift the main building of the center was named Spencer Hall in the services.

The white frame house at the rear of the property was possible through the generosity of Mrs. John S. McCampbell, and will provide interim housing until such time as the project is completed.

"Honor Dead By Helping Living" Aim of V.F.W. Buddy Poppy Sale

"To honor the dead by helping the living," That's the ultimate purpose of the annual Buddy Poppy distribution, or sale, to be held here May 27 under the sponsorship of Post 3904, Veterans of Foreign Wars of the United States.

Members of that organization, each of whom has served in campaigns outside the continental limits of the United States, and in many instances saw his buddies make the supreme sacrifice or become permanently disabled, are honoring those comrades-in-arms by aiding their dependents. Through the nationwide VFW campaign they also are asking their fellowmen to bestow similar honors through the purchase of the VFW memorial flower, the Buddy Poppy.

Beneficiaries of the traditional Buddy Poppy campaign include disabled war veterans, dependents of veterans and the widows and orphans of deceased veterans.

The entire proceeds from the nationwide Buddy Poppy sale are used exclusively for the welfare and rehabilitation of disabled veterans and in providing aid for their dependents.

Disabled veterans in government hospitals are paid for their labor in fashioning the little red flowers, and one cent for every poppy sold is contributed to the VFW National Home in Eaton Rapids, Mich., where care and a normal home life is given to widows and children of deceased veterans, Commander Melvin Hull of Post 3904 explained.

Funds from the Buddy Poppy sale also used are to support a national rehabilitation service which indirectly benefits local veterans as well as disabled and needy ones throughout the nation.

The nationwide distribution of Buddy Poppies, held annually the last week in May, this year will be conducted by 10,000 VFW Posts in every state and the District of Columbia, with some 7,000 Ladies Auxiliary units assisting.

Rockport Home Mail Delivery Approved

Must Wait on Supplies, Equipment And Proper House Numbers; Truck Route To Serve Homes In Little Bay Shores

Postmaster J. Reid Simmons announced this morning that house delivery mail service had been approved for Rockport, although it will probably be this fall before it in operation.

Simmons was notified by the Dallas office of the Post Office Department that necessary equipment and supplies to begin the service have been ordered.

Delivery will not start until after houses within the delivery limits have been properly numbered.

and the requisite mail boxes placed, Simmons said. Specifications for the type of numbers and the kind of mail boxes will be furnished later, but he specifically asked that no calls should be made at this time regarding these things, as no information is available.

Some of the local service organizations will put on a drive to complete house numbering and to get the boxes up, and at that time members of these organizations can be contacted for the necessary directions.

In addition to house to house delivery within Rockport itself, a truck route will be established, in Little Bay Shores and elsewhere, and boxes on this route will need to be mounted at the curb, Postmaster Simmons said, so the mail can be delivered without the truck driver having to leave his truck.

Informed sources say that it will probably necessitate addition of three people to the present staff, two carriers in Rockport proper, and one on the truck, but this is indefinite at present.

Postmaster Simmons said that one of the things necessary before home mail service can be started is development of correct addresses. He termed this one of the most important steps to satisfactory service.

Rockport Elementary School News

The fourth grade class of Mrs. Paul Sorenson won the Christian Flag Award for Sunday School and Church attendance with an average of 85% for the year. This award is given by the Rockport Parent-Teacher Association to the room with the largest percent of attendance at Sunday school or church. A count is made each Monday and the class with the highest percent of attendance gets to keep the Christian Flag that week. The room winning the most weeks receives a ten dollar award from the association, to use as it wishes.

This year, the winning room wanted to use the award to get a new and larger flag. The room kept the new flag and the other one was placed in the room with the next highest percent.

Next year both flags will be used for the first and second place.

A visit to the Marine Laboratory on May 15, was the climax of the science studies class of Mrs. Agnes Currie's second grade room.

The children thoroughly enjoyed the exhibits and a film on "Seashore Animals." Mrs. Currie and the class wish to express their appreciation to the staff of the laboratory for their courtesy.

On Friday, May 13, the Science Club held its final meeting for the year. Mrs. Jack Hagar, Mrs. Jack Sparks, Mrs. C. L. Taylor, and members of Mrs. Hooker's and Miss Clark's rooms were present as special guests. Mrs. Steele presented the club president, Terry Wishert, with a gold pin as a token of appreciation for her service as president for the year. The president then announced the program which was of special interest to everyone as it was the very first debate. The question was, Resolved:

Admiral Byrd experienced greater hardships than did Peary during the Polar Explorations. Members of the affirmative side were Craig Taylor, and Larry Leonard, while Kay Sparks, Patricia Clark, and Ruth Shaver made up the negative team. Each presented a very good argument and a lot of interest was shown during the rebuttal.

The guests voted for the best argument and the girls won by a margin.

Mr. and Mrs. B. T. Hardeman have returned from their vacation. Their son Ralph, who accompanied them, remained at Yellowstone National Park, where this will be his eighth year as a fishing guide.

The Bob Morrisons Resign As Sponsors For Youth Dances
The resignation of Mr. and Mrs. Bob Morrison as Youth sponsors was read at a special meeting of the Aransas County Youth Sponsor's Association, held Friday night, May 18.
Bob and Jeannette have been sponsors for more than a year and their services have been highly satisfactory to both the directors and students. It was with regret that the association accepted their resignation, to be effective at the end of the month. Their letter to the association cited personal and business reasons which would prevent them from giving the position the proper time to the job as they felt it should be done.
The association called a special meeting to be held at the Youth Center on May 29, at 7:30 p.m. at which time applicants for the position of sponsors will be interviewed. Interested applicants who are not acquainted with the association recreation program, are also cordially invited to attend the two dances prior to the May 29 meeting. These are the May 26 Junior-High dance and the May 27 Senior-High dance to be held at 8 p.m. at the Youth Center on the high school campus.
It has been the policy of the association to engage the services of a married couple who is interested in planned recreation for the youth of the community. The parents and public are invited to attend these meetings.

TWO SEA CAPTAINS JOHNSON AND SOME OF THEIR FRIENDS

By Hobart Huson

(continued from last week)

Near Lamar there were some outlying settlements on St. Charles Bay and in the "black jacks." There were also some ranches and stock farms on Salt Creek and Copano Creek. I remember the following St. Charles Bay families: Bickford, Bruchmiller, Deaderick, DeForest, Dubois, Faulkner, Sideck, Stubblefield and Wigginton. The Brightmans and Wiggintons also lived part of the time

in the "black jacks." The Uptons Kroegers, Strauchs, Hills and Thomas had farms or small ranches near the creeks mentioned.

Up to 1886 Lamar was a thriving town and had a good shipping business. There were a couple of wharves and several large warehouses. There were several store buildings and a hotel or "tavern." One of the stores was operated by the Bryne family; another by the Vineyards. For many years before we moved to Lamar, Squire John R. Talley operated the hotel. He continued to run it until about the end of the Civil War. It was then taken over by Henry L. Kroeger who was its proprietor for several years. Kroeger then moved to a ranch near Salt Creek. The town stretched from Teal's place at the entrance of St. Charles bay to Captain Wells' place, west of the present state highway. There were a number of concrete houses and buildings, including the picturesque little Catholic Church, which is still standing. This church was built, as I have already stated, by Captain Bryne whose wife was Harriett Odine, a cousin or relative of Bishop J. M. Odine.

The building of the railroad into Rockport in 1886 or 1887 was the doom of Lamar (as well as other bay towns, including St. Mary's), and the place dwindled into a little sleepy fishing village quite apart from the rest of civilization.

Captain Peter Johnson took no part in the Civil War on either side. He had been able to take from the island most of his portable property, and managed to keep his schooners out of sight of the enemy. Our family existed as comfortable as most Texas families during that trying period.

During the last few months of the war a Federal force took possession of Lamar. This detachment remained there for several months after the war closed. It is my recollection that the garrison was commanded by Captain Kittridge, who had been captured by the Confederates near Corpus Christi earlier in the war. Of course, I may be mistaken in this. The encampment of the Unionists was on the Bryne place on St. Charles Bay, below Captain Charles Johnson's place.

After the war Captain Peter did not resume his former business, but remained at Lamar. He did some farming, cattle trading, and at times held public office. He sold the "Belleport" and "Fairy" and the ferry boat. In the trade he received the schooner "Frances" which he immediately sold to Theodore Johnson, who became her captain. Captain Charlie Johnson and the schooner "Frances" soon became famous up and down the coast and are immortalized in song and story.

The Peter Johnson family lived in several rented houses before it finally purchased a home of its own in about 1868. From the Bryne place on St. Charles bay, it moved into the Captain Philip D. Newcomb place at Newcomb's Point. From there to Henry Kroeger's place; thence to Captain Charlie Johnson's place. Captain Peter bought the lovely site fronting Aransas Bay. Here he had a comfortable home in which he spent the remainder of his life. The house was for many years

and related fields of modern mathematics, radiochemistry and physics, and also to give them an opportunity to discuss aspects of nuclear science with highly-qualified scientists from various fields.

The foundation is co-sponsoring with the General Atomic Division of General Dynamics Corporation a research program in controlled nuclear fusion, through which it is hoped to harness the power of the hydrogen bomb for the eventual economical generation of electrical power. The symposium, second state-wide meeting sponsored by the Foundation in the field of nuclear science, is part of its continuing program to advance knowledge of nuclear energy through research, experimentation and education. The Foundation sponsored a nuclear fusion symposium at the University of Texas in November, 1959.

Featured speaker at the symposium will be Dr. Willard F. Libby, professor of chemistry at the University of California, a Nobel Prize winner and former member of the Atomic Energy Commission.

Other nationally known speakers on the symposium program will include Dr. E. C. Creutz, General Atomic vice president—research and Dr. D. W. Kerst, inventor of the betatron particle accelerator, who is director of the controlled fusion research project at General Atomic.

Other distinguished speakers include Dr. Robert J. Shalek, head of the physics department of the M. D. Anderson Hospital of the University of Texas in Houston; Dr. W. C. Milligan, chairman of the chemistry department at Rice University; Dr. R. N. Little, Jr., and Dr. B. B. Kinsey of the physics department of the University of Texas; Dr. W. T. Guy, Jr., chairman of the mathematics department.

the postoffice at Lamar.

Captain Peter during the time he lived at Lamar did trucking and trading in cattle and salt. He hauled salt to San Antonio where it sold for as much as one dollar a pound. There was a large salt works on St. Charles bay, near the famous "Big Tree." This works had been installed by the Confederate authorities during the war, as there was a dearth of salt over the South. The works had to be abandoned because of the activities of the Federal gun-boats. After the war Seth T. (Jim) Ballou took over the salt works and operated it with his emancipated slaves, who refused to leave him. Ballou also had a molasses mill. He grew his own cane and manufactured it into syrup.

The salt works was a considerable affair. There was a mill operated by wind-power. The mill had "Johnny Armstrong arms" on the grinders. Salt was scooped from the evaporation pits and ground by the mill, either coarse or fine, as was desired. The salt works was one place where employment could be had. I often worked there as a boy, scooping salt. Sometimes I had to take my pay in molasses.
