Economic incentive agreement renewed by commissioners

A resolution of the Commissioners' Court of Mitchell County has adopted a policy which supports a tax abatement agreement within Mitchell County for the purpose of offering an incentive for economic development.

The court noted in its resolution in the policy adopted;

-Whereas, the commissioners' court desires to promote economic development within Mitchell County; and,

-Whereas, the provision of certain economic development incentives may encourage prospective businesses and companies to locate in Mitchell County or existing businesses and companies to expand; and,

-Whereas, the establishment of specific guidelines, criteria, and procedures are necessary to insure that tax abatement incentives are given and administered effectively; and,

-Whereas, the adoption of guidelines and criteria are required by State law before an area may be established as a reinvestment zone.

The purpose and objective of the economic development incentives are described as:

Mitchell County is committed to the promotion of quality development in all parts of the county and to an ongoing improvement in the quality of life for its citizens.

Where these objectives are

generally served by the enhancement and expansion of the local economy, Mitchell County, will, on a case-by-case basis, give consideration to providing incentives as a stimulation for economic development in the county.

The criteria for receiving economic development incentives includes:

-That the proposed development and/or redevelopment must create at least five jobs; or,
-An investment of at least \$25,000 in property investments; and,
-The project meets all relevant zoning requirements.

It was noted that it is the custom of Mitchell County to customize the offering of economic development incentives on a case-by-case basis.

This individualized design of a total incentive package is intended to allow maximum flexibility in addressing the unique concerns of each applicant while enabling the County to better respond to the changing needs of the community.

Should the Commissioners' Court determine that it is in the best interest of Mitchell County to provide economic development incentives to a particular applicant, a resolution shall be adopted ordering that under the guidelines and established criteria, the application is eligible for economic

WAITING IN LINE: Trailers are parked, ready and waiting at the sites around the four Mitchell County gins, which are running around the clock to gin-cotton for area farmers.

Christmas parade Saturday

The annual Christmas Parade featuring an appearance by Santa Claus, which is sponsored by the Colorado City Area Chamber of Commerce, will be in conjunction with other local activities on Sat, Dec 7.

The theme of this year's Christmas parade will be, 'Twas the night before Christmas,' and chamber officials are urging float entrants to incorporate this theme

in their presentations.

"There is room for more participants," said chamber president Marsha Burrus-Jordan.

Those groups or individuals who have, or are interested in constructing floats as well as the owners of antique cars and tractors, are encouraged to enter them into the parade which will begin forming at the parking lot of the First Baptist Church at 3:15 p.m.

on Dec 7.

Several local businesses are staying open until 7 p.m. on that day in recognition of Christmas shoppers. They include:

Sports Card and Crafts, Higginbotham-Bartlett Company, Sears Roebuck and Company, Colorado Floral, Free's, Ramage Appliance and TV, Perry Brothers, C R Anthony and Company,

Employee insurance renewed by hospital

The board of directors of the Mitchell County Hospital District met on Tuesday for their regular monthly business meeting.

Among the business action that took place during the session; board members renewed the employees health insurance policy, were updated on the ambulance service, approved a tax abatement policy which offers an economic incentive, approved a bid for termite control and heard monthly and annual reports.

The hospital district renewed the Blue Cross and Blue Shield employee health insurance policy that was presented to the board members by John Snap.

The policy rate that was presented was in the amount of \$90,607, but several changes were made as a result of the board's discussion and it was noted that the rate would be changed according to the board's decisions.

Hospital employees covered under the plan will not see a rate change in their check, but deductible level was raised.

Board members noted that they did not want the hospital employees to have both a raise in their monthly contribution and a reduction in benefits.

The hospital district board members raised the deductible levels of the insurance coverage and tightened up on the waivers allowed by the coverage.

These steps were instituted in hopes of keeping more control on the policy rates and also keeping in line with other hospital coverage policies in the area.

The coverages of hospitals including Cogdell Memorial in Snyder, Scenic Mountain in Big Spring, Seymour Hospital and Rolling Plains Hospital in Sweetwater, were compared to the local coverage.

The Blue Cross renewal bid that was accepted in the amount of \$90,607 was higher than an alternate bid which had been

submitted from Ted Parker and Associates in Lubbock, which was in the amount of approximately \$79,000.

Board members were told that the two policies that were presented to them could not be used as, "Apples to apples for comparison," said Snap.

He noted that the Blue Cross coverage offered 100 percent specific and aggregate coverage while the other policy offered 75 percent specific and aggregate coverage.

The board members opted to go with the Blue Cross renewal after raising the deductible levels on the policy and choosing to not process the local in-house claims towards the deductible levels on the insurance policy.

Board members were told that a new ambulance service contract between the hospital, the county and city had been completed and that the hospital would take over the operational management responsibilities of the service.

The aim of the hospital is to upgrade the service to a paramedic status and have sought the employment of a paramedic as a 'positive step' forward in upgrading the local unit.

It was noted that Joe Hamby will begin working with the ambulance service on December 9, for a period of 18-24 months, to upgrade the existing system and offer training towards upgrading the qualifications of other ambulance department staff personnel.

The hospital financial and statistical report was presented to the hospital district board members by hospital administrator Wendell Alford.

Tax revenue in the amount of \$512,859 was received by the hospital district during the month of October and total revenue of \$285,198 from the hospital brought the total revenue for the month to \$798,057.

See HOSPITAL, page 2

PROCLAMATION: Colorado City Mayor Jim Baum signs a proclamation which proclaims December 1 - 7 as 'Home Health Week' in Colorado City. Representing the Mitchell County Home Health Agency is director Sue Dossey.

Mitchell Co. Home Health to be recognized this week

'Home Care Week' will be celebrated during the week of December 1 - 7, recognizing the work that is done locally by the Mitchell County Home Health Agency which is now in its fifth year of assistance to the local area.

The week has been proclaimed as 'Home Care Week' by Colorado City Mayor Jim Baum.

The Mayor noted that Colorado City citizens of all ages and economic levels are concerned about high-quality, affordable, long-term health care and urges the local community to recognize the efforts of home care providers, and the families and friends of the elderly and disabled, who provide such important services in the home.

Home care provides a wide range of these needed health and supportive services to the ill,

elderly, disabled and infirm in their own homes.

The concept of home care is the oldest and most enduring tradition of health service delivery in the United States of America.

Surveys show that most people prefer to receive medical care and related supportive services in their own homes.

There is also a significant and growing body of evidence that home care services stimulate quicker and fuller recoveries and improvements than comparable services within institutions.

Home care allows our disabled and chronically ill citizens of all ages to remain with their loved ones in surroundings that are familiar and comfortable.

In doing so, home care helps preserve one of the country's most

important social values, keeping families together.

As our citizens require more in-home care, Colorado City's home care agency is meeting that challenge.

Home care agencies are providing services ranging from assistance with personal care to high-tech intravenous drug therapies.

With rapidly rising health care costs, home care offers a practical means of providing health care and related services to those who desperately need them.

By offering these services in the home, we can treat our elderly, disabled, and chronically ill population comfortably, cost-effectively, and with high-quality, individualized health care and supportive services.

HOSPITAL

The total expenses for the month were listed at \$278,944.

These amounts equal an adjusted expense per hospital day of \$1285 with a total revenue per hospital day of \$1314.

Total gross billings for the hospital in the amount of \$259,983 were reported for the month of October by the hospital. It was noted, however, that approximately 38 percent of this amount has historically been considered uncollectible.

The statistical report indicated that Mitchell County Hospital recorded 217 patient days in the month of October to end the period with an average daily census of 7 patients per day. During this cycle, 45 admissions and 46 discharges were recorded.

The district's board members were also updated on the Medicaid Disproportionate Share Program, which provided the hospital district with approximate funding of \$230,000 last year, and told that the program has a good chance of being eliminated from the federal funding.

The board of directors approved a resolution seeking an incentive for economic development in Mitchell County as presented to the board by Colorado City Area Chamber of Commerce manager Jay

McCollum.

The tax abatement incentive had been brought before the taxing entity for a two-year period in 1987-89 but had not been brought up for renewal after the first resolution expired.

McCollum explained that the basic guidelines of the policy dictate that an addition or new company is eligible to apply for the abatement if 5 or more jobs are created or if an investment of \$25,000 or more is made in property improvements.

The emphasis of the incentive plan explained as being aimed towards the upgrading and expansion of current businesses and of bringing new business into the community.

The hospital board members approved a bid for termite control services in the amount of \$10,409 from Davis Exterminating Company of Colorado City, for treatment of the hospital.

The bid which was presented to the district was less than the other bid which was received from B & F Exterminating in the amount of \$12,457.

It was indicated that the hospital was aware of a problem with termites and would need to do something about the problem.

Board members also approved the purchase of surge protectors in the amount of approximately \$3500 to be used in conjunction with the Cat Scan equipment which is in place at the hospital.

It was noted that the surge protectors should have been installed at the time that the equipment had been installed and that the purchase and installation of the protectors was needed to ensure the safety of the equipment.

The monthly report of condition at Valley Fair Lodge was presented to the district's directors by lodge administrator Marsha Rickard.

A census for the month of October was noted as being 49.16 patients, which provided for a total of 1524 patient days at the center.

Total income for the Valley Fair Lodge was indicated at \$26,725 for the month which was represented by a monthly income of \$80,808

and expenses totaling \$54,082.

This represented a reversal of last month's figures which had indicated that the lodge a net income loss of \$9,928 for the month of September.

The board of directors were told of the on-going studies being conducted by the medical staff, including studies being currently conducted which are related to Medicare issues and obstetric procedures of the hospital in the medical staff report which was presented by Dr. Dee Roach.

Other business included the annual procedure of approving the by-laws for the hospital district, auxiliary, the swing bed program manual, the hospital contract/agreement list and the appointment of physicians.

The quality assurance was approved by the directors as presented in the closed door session of the meeting.

Board members present at Tuesday nights regular business meeting of the Hospital District included presiding officer Kay McCauley, Jr. and directors Sybil Stevens, Gene Parker, Virgil Stone and Jay Craddock. Marion Bassham and Junior Smith were absent.

The December meeting of the hospital district will be held on Dec 19.

Montalvo baby in Lubbock

Meagan Noelle Montalvo, daughter of Amado and Sheila Montalvo of Colorado City is expected to be released from Methodist Hospital in Lubbock on approximately February 4, 1992.

"A nurse at the hospital told us that the technology and medical advances of the past 9 years have made miracles such as this possible," said Amado, "before that time, the facilities and technology would not have been able to offer the type of neo-natal treatment that is necessary."

Meagan weighed 1 pound 9 ounces and was 13 1/4 inches long when she was born at 7:40 p.m. on November 4.

Since that time her weight has increased to 2 pounds 3 ounces, Amado said.

Sheila was transferred to a specialist, Dr. Birkholder, in Lubbock, on Nov 4. Due to complications that were caused by high blood pressure which had risen to a near stroke level, the doctors had no alternatives but to take the baby that evening, Amado explained.

The Montalvo's had been given the expected due date of their child as February 4.

For the first couple of days, both the mother and baby were watched carefully, but both are doing well now.

Amado noted that Meagan is currently being fed 22 cc's of formula every 3 hours and that within three weeks the doctors are hoping to remove the feeding tube and let her begin to use a bottle.

Amado and Sheila have been going to Lubbock approximately 3 times a week to see their daughter

and will continue to do so until she is able to come home.

"The support from the

community has helped us," said Amado, "we thank those who have helped in so many ways."

GIVE

GIVE

FROM THE EDITOR'S DESK

DEAN WILLIAMSON

The holiday season officially began before the turkey was cleared away from the dining room table.

I enjoy most of what the season has to offer, but I'm not too keen on the shopping requirement.

I don't know what anyone else wants and if I ask those on my required gift list, I receive answers like - new cars and trips to Hawaii - which are the same answers that I give out to those who don't know what to give me.

So a couple years ago I started creating a system of speed-shopping. It was a logical result of a world that is geared around everything being done in a faster period of time than the same job was done last time.

Everyone is rushed and constantly trying to pack more into a tighter period of time - we eat concentrated stuff that comes out of microwaves, go through express check-out lines, use fax machines and cellular phones - all because we can't wait and are always trying to get things to work at warp speed.

The only area in my life that I knew of that I had not made any improvement was in the area of my required Christmas shopping.

So I decided to do something about it. I started out with a simple effort designed to cut a little time off the procedure, but after a couple semi-successful attempts I'm now shooting for a world record.

It was easier than I thought to cut hours from the annual ritualistic procedure of walking through merchandise that was designed to get the holiday mood instilled in the shopper.

Somehow, I never received a hint as to what people on the list would be interested in getting on my pilgrimages in the past.

I used to spend hours pondering thoughts concerning what the persons on my list would possibly need, but have neglected to buy for themselves - and of course, be an item that would readily be available for under the \$3 limit.

The pondering never did me much good, I would watch television commercials which were supposed to reveal what my relatives were supposed to want and what I was supposed to give them, but I have yet to be motivated enough to order a magazine subscription to a sports magazine for any member on the list.

So somewhere along the line, I would succumb to the pressure of the elapsing time, knowing that I would run out of time if I didn't get something.

At that point I would head to the stores, hoping that somewhere among the aisles of merchandise I would suddenly be daunted by an idea of who to purchase a gift for.

Now, by using the speed method of shopping, I no longer worry about what to buy when I go shopping.

Instead of looking for the perfect gift, I add up the list of relatives who I need to buy presents for, then go to the stores and buy that number of gifts.

I load up on puzzles and collectible knickknack items that no one ever buys for themselves - maybe because they don't want any of that type of stuff in their house.

Then, when I get home I wrap all the packages and place them in a stack.

Then I put names on the tags, mix them up - so that I can attach them to presents without the hassle of trying to decide on the personalities that each present should go to.

I just hope that this year's process winds up being better received than last year. I saved enough time, but I have an Aunt who still won't talk to me after opening a gag gift I had thrown in to bring a little more excitement to last year's gift opening event.

So no matter how much time I save this year, I've promised that I won't wrap up any more live rodents.

Elf contest planned

A Christmas elf contest, where entrants will dress themselves to look like Santa's helpers will be held at the Mitchell County Courthouse in conjunction with the Colorado City Area Chamber of Commerce Christmas related activities to be conducted beginning at 7 p.m. on December 7.

The four categories of elves to be judged include: 4-and-under; 5-12; 13-high school; and adults.

Prizes to be awarded include \$30 for the first place winners in each

division and \$15 for the second place winners.

Other entrants in the contest will receive a free picture of themselves taken with Santa Claus.

Those who do not enter the contest, but would like to have their picture made with Santa will be able to do so for \$3.

The contest is scheduled to be held in front of the courthouse, but will be moved into the courthouse lobby if the weather mandates a change.

Crime prevention specialists to talk at St. Ann's Church

Crime prevention specialists will be at the Saint Ann's Catholic Church Parrish Hall in Colorado City, at 3:30 p.m. on Dec 7 to present a seminar geared at students, parents and teachers.

The seminar deals with such topics as the occult, drug and alcohol abuse, suicide, and rock concerts and their effect on teenagers, said Yolanda Molina. Porfirio Deleon and detective

Floyd Price, both of Lubbock, will present the program at the church.

The seminar is offered at no cost, said Molina, who noted that students - 6th grade and up - as well as parents and teachers are invited to attend.

For more information on the seminar, call Yolanda Molina at 728-3762 or Sister Lupe Rodriguez at 728-8948 or 5865.

VA Hospital to observe Dec. 7

Director Conrad Alexander and staff of the Big Spring VA Medical Center invite citizens of Big Spring and surrounding communities to join them in commemorating 50 years since December 7, 1941, "A date which will live in infamy."

The observance will take place at the flag pole in front of the

medical center on December 6, 1991, at 10:00 a.m., according to Alexander. There will be a display of World War II memorabilia in the front lobby of the medical center, and refreshments will be served in

the lobby following the ceremony. The public is invited.

PARTICIPANTS IN THE LITTLE FRIENDS PROGRAM included: front row, left to right: Ricky Taylor, Bo Ray, Travis J. Ross, Bubba Limones, Leslie Pineda; middle row, left to right: Misty Pineda, Rita Luera, Braid Sharp, Brooke Smith and back row, left to right: Christy Easley, Justin Dockrey, Caasi Smith, Christy Ornales, Elisha Findly and Kim Russell.

Little Friends program presented

Little Friends, an individual FHA chapter of team event, recognizes members for their ability to apply their knowledge of child development in developing a community service project.

The Colorado FHA Chapter presented an "It's a Jungle Out There, So Dare to Care" program on Nov. 9 to 200 elementary students and parents. The focus of the program was self-esteem. Five self-esteem builders were presented. They were: feel secure, liking

yourself, feeling successful, set goals in life and feel loved and needed.

Students from three Colorado ISD campuses participated in this program. Brad Anderson opened the program reading a poem titled "It's a Jungle Out There" written by Chad Chambliss. Student helping present the program included: CHS FHA, CHS FFA, Mrs. Kimmel's 5th grade class, CMS PALs, Refusal Skill Kids, CHS and CMS student council, "I Can" class,

CMS singing group "Mixed Image", Sonya Girvin and other CMS students. One of the highlights was a presentation by the "Puppet Connection" from Abilene, Texas. The puppets sang with the original music titled "It's a Jungle Out There" written and recorded by Roy and Rebecca Sharp.

Mrs. Judy Merrell, FHA sponsor, said, "there was a lot of good information presented to the students and parents who participated in the Little Friends program. I appreciated all the presenters, KTAB for giving us TV coverage and all the guests that participated."

The FHA members who participated were: Angela Biggers, Christina Mendoza, Elaine McNight, Rita Gonzales, Sharilyn Ross, Cathy Peitzch, Becky Silva, Melissa Williams, Melissa Bennett, Belinda Arispe, Monica Mendoza, Alva Chaney, Tony Howell, Kelly Garrett, Christy Easley, Jessica Espinoza, Aimee Jones, Anna Martinez, Amy Ward and Beatrice Morales.

Christy Easley, Aimee Jones and Elaine McNight will present the Little Friends speech this March in San Angelo, at the Region II FHA meeting.

4-Hers conclude 1991 food, nutrition projects

Mitchell County 4-Hers recently concluded their 1991 Food and Nutrition project and participated in the County Food Show.

The 4-H Food Show is more than just a cooking contest!

The 22 participants demonstrated their culinary skills as well as their knowledge of nutrition, meal planning, food buying and meal service.

While the food and nutrition project is traditionally a Fall project, 4-Hers spend time in the kitchen throughout the year preparing meals for their family and friends.

There were 4 food categories in which to participate: main dish, fruit and vegetables, breads and cereals, and nutritious snacks and desserts.

There were four age divisions including: Clover Kids, under 4-H age; Junior, 3rd grade - 11 years;

Intermediate, 12 - 13 years; and Senior, 14 - 19 years.

There was also a non-food category for the 'Most Appropriate Place Setting.'

Those participating and receiving awards include:

Junior Division:

-Main Dish: Jana Leigh Redwine, rosette; Mica Merrell, blue ribbon; Payton Kemp, blue ribbon; Randi Lynn Redwine, red ribbon; and Ashley Turner, red ribbon.

-Fruits and vegetables: Megan Merrell, rosette.

-Breads and cereals: Cole Wadsworth, rosette; Jessica Chaney, red ribbon; Halie Holman, red ribbon; and Chad Ritchey, red ribbon.

-Nutritious snacks and desserts: Hayley Smith, rosette; Kristian Morris, blue ribbon; Jennifer Ritchey, red ribbon; Kristen Ritchey, red ribbon; and Millie Wadsworth, red ribbon.

Intermediate Division:

-Fruits and vegetables: Stacy Smith, rosette.

-Breads and cereals: Joshea Kemp, rosette; and Angela Chaney, blue ribbon.

-Nutritious snacks and desserts: Bettina Bridgford, rosette.

Senior Division:

-Breads and cereals: Melissa Williams, rosette.

-Nutritious snacks and desserts: Brian Smith, rosette.

In the most 'Appropriate Place Setting' category, Brian Smith received top honors with his place

setting for 'Fiest Beef Jerky' which included a bedroll and other items necessary for a camp-out.

Those receiving the rosette awards in each category also received a gift donated by Perry Brothers of Colorado City.

The Food and Nutrition project is one of the more popular 4-H projects with 24,000 youth in Texas enrolled.

If you are interested in finding out more about the 4-H program in Mitchell County, contact the Mitchell County Extension Service at 728-3111.

OBITUARIES

Majel Alphonzo Dunnahoo

Graveside services for Majel Alphonzo Dunnahoo, 89, of Roscoe, were held Friday, November 29, at the Loraine Cemetery with Rev Lloyd Johnson officiating under the direction of Kiker-Seale Funeral Home.

Mr. Dunnahoo passed away Wednesday, November 27, at his residence.

He was born on November 28, 1901, in Hico, Texas.

Mr. Dunnahoo was a farmer/rancher and a member of the Baptist Church. He is survived by his wife, Ruby Kidd Dunnahoo. They were married on December 3, 1921. He was preceded in death by his parents, Seth and Flora Cowan Dunnahoo.

LEGAL

NOTICE OF INTENTION TO CONDUCT WEATHER MODIFICATION OPERATIONS IN THE STATE OF TEXAS

Date of the first of three weekly publications of this Notice: November 24, 1991.

1. Notice is here by given that the Colorado River Municipal Water District has filed an application with the Texas Water Commission for a State permit to conduct weather modification operations to change or attempt to change the natural development of clouds for the purpose, objective, period, and by the method summarized hereinbelow.

2. The Colorado River Municipal Water District has valid Texas weather modification license. The initial license was issued on December 18, 1974, and was renewed in 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, and 1991.

3. The purpose of the weather modification operations is to increase rainfall to affect water resources. The period of the permit is March 1 through November 30 during the years 1992, 1993, 1994, and 1995.

4. The proposed weather modification operations are to be conducted for and on behalf of the Colorado River Municipal Water District, P.O. Box 869, Big Spring, Texas 79721-0869.

5. The proposed weather modification operation is to be carried out in both an "operational area" and a "target area" to cause the intended effects to occur only in the target area. The operational areas is that area described as being the area between an outer boundary which is defined by a line that encompasses the block of counties of Lynn, Garza, Kent, Fisher, Nolan, Runnels, Coke, Sterling, Glasscock, Martin and Dawson, and an inner boundary which is that of the target area.

6. The area to be affected by the proposed weather modification operation is the target area. The target area is that area described as bounded by a line beginning at a point of origin at Big Spring, Texas, and running along Highway 87 in a northwesterly direction to Lamesa; thence, north-northeast on Highway 87 to the north border of Dawson County; thence, east along the northern boundary lines of Dawson, Borden, and Scurry Counties to

Highway 84; thence, southeast along Highway 84 to Roscoe, in Nolan County; thence, south-southeast to Maryneal; thence east to the Nolan-Taylor County border; thence, south along the eastern Nolan County line to the Runnels County line; thence, north along the western Runnels County line to a point where the southern Coke County line meets Runnels County; thence, west along the southern Coke County line to a point 13 miles south of Robert Lee in Coke County; thence, north to Robert Lee; thence, west to Highway 87 at a point approximately 13 miles northwest of Sterling City; thence, northwesterly along Highway 87 to the point of origin at Big Spring, Texas.

7. The methods and materials to be used in conducting this operation are summarized herein: A licensed meteorologist will select cumulonimbus clouds for cloud-seeding using a weather radar display, standard meteorological analyses, forecast techniques, observations, and pilot reports to direct an aircraft equipped to dispense the seeding particles, silver iodide crystals, into the updraft air at cloud base.

8. Persons interested in knowing "more about" the technical aspects of the proposed operation should contact the applicant or the Weather & Climate Section of the Commission.

9. A public hearing on this application may be called by mailing a petition that requests a hearing to the Executive Director, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711. The petition must contain (1) the signature, full name, address, and phone number of each person requesting; (2) a statement that each person is at least 18 years of age and resides or owns property in the operational area; and, (3) a description of each person's interest and how that interest would be adversely affected. Requests for hearing must be received by the Commission within 30 days of the date of the first publication of this notice. More information on calling a hearing can be obtained through the Legal Division of the Commission.

There will be a public abandoned car auction at Dossey Wrecker Service on East Highway 80 on December 14, 1991 at 10:00 am authorized by the Mitchell County Sheriff's Dept.

The following cars will be auctioned off:
1977 Ford PU
1981 Buick
1980 Chevrolet
1982 Datsun
1986 Dodge

Mitchell County Commissioners Court will receive sealed bids proposals at the office of the County Auditor until 9:00 a.m., December 19, 1991, for computer equipment to be used in the Mitchell County Tax Office. Specifications are available at the County Auditor's Office. Commissioners Court reserves the right to accept or reject any and all bids and/or waive any and all formalities.

George Griffith
County Auditor

NOTICE OF PUBLIC HEARING
There will be a public hearing held before the Zoning Board on December 11, 1991 at 10:00 a.m., at City Hall, 180 W. 3rd St., Colorado City, Texas to consider the following request for a zone change:

A Zone Change for reverting Lots 7,8,9,10,11 and 12, Block 1, W.W. Watson Addition #3 from Single Family Residence District to Mobile Home District (Southside of 7th Street between Waco and Rusk). Request is made by Larry Moody, 1108 E. 21st Street, Colorado City, Texas 79512.

If you have any comments you are welcome to attend the meeting or you may write. SIGNED: Buddy Foster, City Manager
DATED: November 26, 1991

Cap Rock Electric Cooperative, Inc., an electric public utility headquartered in Stanton, Texas, and Hunt-Collin Electric Cooperative, Inc., an electric public utility headquartered in Celeste, Texas, on November 5, 1991, jointly filed with the Public Utility Commission of Texas a "Notice of Agreement to Combine Hunt-Collin Electric Cooperative and Cap Rock Electric Cooperative and Request for Approval of the Transfer and Assignment of the Certificate of Convenience and Necessity" as further set out on the Commission

prescribed form for sale, transfer, or merger. A copy of the Notice and a copy of the completed Commission prescribed form are kept at the offices of Cap Rock Electric on West Highway 80 in Stanton, Texas, and at the offices of Hunt-Collin Electric on Highway 69 South in Celeste, Texas.

Persons who wish to intervene or otherwise participate in these proceedings in Docket No. 10726 should notify the Commission no later than December 20, 1991. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission, Public Information Office, at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.

November 29, 1991

Saboleh to speak at church

Dr. John Saboleh

Dr. John Saboleh, a Methodist
educator from the nation of Sierra
Leone, on the West Coast of
Africa, will be at the First United
Methodist Church of Colorado City
this weekend to speak on the
subject of missions.

He will speak during the Sunday
School assembly period at 10 a.m.
on Sunday, Dec 1; then at 6 p.m.
that evening during the evening
service and at 6:30 a.m. on Monday
morning he will meet with the
morning United Methodist Men's
Breakfast.

Saboleh was born and raised in
Mono, Sierra Leone, a primitive
community on West Africa's
Atlantic coast.

His father was the principal of
the Methodist Mission School.
Saboleh graduated from high school
at the school, in a land where only
20 percent of the population can
read and write.

Saboleh came to America and
worked simultaneously at two jobs
while he earned five college degrees
which include: a bachelor's degree
from Edinboro State College in
Pennsylvania, a master's degree
from Abilene Christian, a master's
degree and a doctorate from East
Texas State and a degree in religion
from a Bible college.

In 1988, Saboleh returned to his
homeland and began an agricultural
development project which is
supported by the Sierra Leone
Annual Conference and provides
sustenance to fifty families.

He has re-opened the Methodist
church and mission school in Mano
and hopes to develop poultry and
hog production in the area.

Saboleh has returned to the
United States to raise money which
he will use to buy tractors and other
equipment needed in the African
country.

Elmer Martin of Colorado City
has donated a used Ford tractor and
cultivator to be used in the efforts
and the church hopes to provide
other supplies that can be put in the
same shipping container for the
travel to Africa.

The public is invited to attend
the church gatherings to meet
Saboleh and learn of the work he is
doing in the area of missions.

reach 3 million Texans

Now you can run your classified ad in
newspapers all across Texas for \$250.
That's right—a 25 word ad costs only
\$250 to run in 291 newspapers with a
combined circulation of more than 1.8
million (that's more than 3 million read-
ers) throughout the Lone Star State.
