### Truck Demolished, Man Injured In Friday Wreck

A truck loaded with wheat was demolished and the driver received severe cuts in an accident which occurred Friday afternoon on highway 83 about 31 miles south of Perryton.

Driver of the truck, Floyd McCoy of Chillicothe, Texas, was following another truck driven by Joel Edwards of Frederick, Okla., both hauling wheat from Kansas to the Gulf Coast.

The accident occurred during the Friday snowstorm and dust storm when visibility was reduced to zero, according to state highway patrolmen Jack Shields and Bob Loving.

The patrolmen said McCoy was behind Edwards going downhill at a slow rate of speed, when McCoy tried to put on the brakes and they failed to hold.

The loaded truck skidded into the Edwards truck and the impact crushed the cab of the truck, McCoy was pinned in the wreckage and was released by Edwards after about 15 minutes of work, McCoy received a gash on his leg which required 27 stitches to close and he lost considerable blood.

The injured man was taken to the Canadian hospital by patrolmen Shields and Loving, who came upon the accident shortly after it occurred.

Damage to the McCoy truck was estimated at \$2,000. Damage to the Edwards truck was estimated at \$150.

Mrs. Earl McGarraugh attended the stock show in Amarillo Monday.

### Loftin Rites Held Monday At Spearman

Funeral services were held at the First Baptist church in Spearman Monday afternoon for Rev. A. F. Loftin, retired Baptist minister of that city and father of Paul Loftin of Perryton, advertising manager of the Herald.

Rev. Loftin died early Sunday morning in the Hansford Hospital. He had been ill five months and had been in the hospital for four days. Death was due to cancer.

He was 77 years old and had been a Baptist minister since 1900. His last pastorate was at Estelline, where he retired in 1945. Since 1950 he had made his home at Spearman.

He had been a Mason more than 50 years and was a member of the Scottish Rite. He was a member of the Oddfellows Lodge and was chaplain of the Grand Chapter of Texas in 1943.

Before becoming pastor of the Estelline Baptist church he served for a short time as pastor of the Line Avenue Baptist church in Amarillo.

His first pastorate in Texas was at Bedias, Grimes county, in 1909. Later he held pastorates at Baird, Eddy, Smithville, Bartlett, Fort Worth, San Antonio, Hollis, Shawnee, Carmen and Spearman.

He was well known for his evangelistic work in South Texas.

He is survived by his wife, Mrs. Hazel Loftin, whom he married at Iowa, Texas on Dec. 21, 1910. Also surviving are a son, Paul Loftin of Perryton; two daughters, Mrs. Fred Holt of Spearman and Mrs. R. L. Cooksey of Blackwell; a brother, A. R. Loftin of Hattiesburg, Miss.; and a sister, Mrs. Sara Whitsett of Foley and seven grandchildren.

Funeral services were directed by Rev. O. L. Bryant, Spearman, assisted by Rev. Norman Sanders of Cuero, Rev. D. D. Moore of Borger and Rev. R. L. Cooksey of Blackwell.

Masonic services were conducted in the church instead of at the graveside, due to the dust and high winds outside. Burial was made in the Holt cemetery south of Spearman.

M Sgt. Myrtle Conley, stationed with the Air Force in Oklahoma City, and Mrs. Clara North of Oklahoma City spent the week end in Perryton. Mrs. North was a guest of her sister, Mrs. Mattie Maude Caylor, and Sgt. Conley visited friends and relatives.

### Track Team Starts Work

Coach Ernest Kendrick opened workouts with the track team last week and has a squad of about 20 boys out for the spring sport.

A new track has been graded at Ranger Field, 415 yards long, just short of the standard 440-yard size.

A triangular track meet here is planned for sometime within the next two weeks and Kendrick plans to invite Dumas and Canadian.

The Rangers will go to the Panhandle meet on March 20 and to the district meet in April 10 at Canyon.

### One Stop Costly

ATLANTA (AP)—All Mrs. Marie McKenzie did was stop her car on the street. Here's what happened:

1. A car driven by Thomas Williams banged into the back of the McKenzie car.

2. A tractor-trailer and two cars in the opposite lane stopped when the accident occurred.

3. But a bus behind didn't stop and smashed into the rear of the second car, driven by C. J. Vaughn.

4. The Vaughn car was knocked into the one in front, driven by Mrs. Effie Jarrett.

5. The Jarrett car smashed into the rear of the tractor-trailer. Final score: three injured, damage amounting to upward of \$1,000.

### Wanted: Garbage Cooker

PEABODY, Mass. (AP)—Owners of the city's pig population (the latest official registration was over 4000) must cook all garbage fed to the porkers. Enforcement of the new law comes under state supervision through the division of livestock.

### Veterans Forum

Q I'm going to night school under the World War Two GI Bill. I'll have to stop training for a while because my employer wants me to make an emergency two-month trip to another city. Will I be allowed to continue with my GI Bill schooling after I return?

A Yes, provided you resume your course within 30 days after you return, or at the first time enrollment is permitted, whichever is later.

Q I'm a disabled Korean veteran in training under Public Law 16. VA recently gave me a physical service-connected disability rating to zero—which means I no longer will draw compensation pay. What about my Public Law 16 training? Will I have to quit that, too?

A No. So long as you already were in training when your disability was rated as noncompensable, you will be permitted to go ahead with your Public Law 16 training until you attain your objective.

Q I'm in college under the World War Two GI Bill, and I'm running out of GI entitlement. I've been figuring out the number of days I lost because of regular school holidays, illness and other absences from class. Could I refund my subsistence pay to VA for those days, and thereby add on to my entitlement?

A No. Subsistence paid during regular absences may not be "bought back" for the purpose of adding to your entitlement. End-of-term extensions of training, on the other hand, may be

repurchased. Q I'm taking a course under the World War Two GI Bill, and my entitlement will expire when two-thirds of my course is completed. Will I be permitted to complete the course anyhow? A So long as you had a major number of credits the time your entitlement expires, you will be allowed the correspondence course. However, this extension of the number of lessons will buy

### King Size Losses

HARTFORD, Conn. (AP)—The growing popularity of king size cigarettes is cutting receipts in Connecticut. The state collects two cents on a pack of 20 cigarettes, but the Commissioner William Kelly anticipates a reduction in cigarette taxes for the current year because of the reasons, he says, is that smokers are buying king size packages and getting a better "bacco" for their tax money.

### Handy and Easy "Sign Up"

Last month's safety drive was a big success—almost. Every one helped—the schools ran movies on safe driving, Rotary put up posters, and Handy and Easy Peters went out on their own.

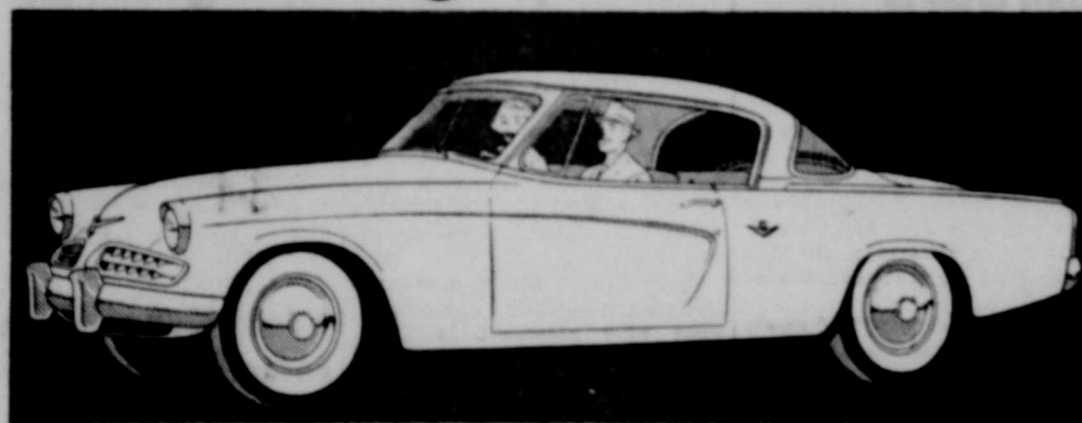

The boys put up a big sign by the side of the highway. It said, "Slow down—the life you save may be your own." It was a good idea—after the police moved the sign back twelve feet.

In their enthusiasm Handy and Easy put it too close to the road—in fact, right on the sharpest curve on the highway. They made

driving unsafe by cutting view around the curve. From where I sit, let me tell you—people—even though they may suffer from short-sightedness now and again, for instance, can never see any further than their own preferences. They go so far as to object to the use of a glass of beer with "long view"... and respect neighbors' rights?

# 'Jesse James vs. the Daltons' Technicolor Wild West Saga

The deadliest gunslingers of the West battle it out in "Jesse James vs. the Daltons," the new drama which comes to the Ellis Theatre on Friday and Saturday. Brett King and Barbara Lawrence are starred in the new Western drama filmed in Technicolor.

## Prison Life Is Exposed In New Picture

A dramatic movie, made inside California's State Prison, tells a realistic story of violent revolt against brutality and stupidity. It is "Riot in Cell Block 11," starring Neville Brand, filmed by Walter Wagner.

The fast action, emotional impact and fine photography make this an unusual combination of fine movie fare and a serious presentation of a case against antiquated prison systems.

The picture comes to the Ellis Theatre on Tuesday-Thursday, March 2-4.

Neville Brand, as riot leader, heads the cast. There are 100 off duty guards and 700 of Folsom's 2,400 inmates who brandish bal-sa "weapons" during the riot scenes.

Esther Williams acts as the crown to a five-man pyramid on water skis in one of the spectacular highlights of "Easy to Love," which comes to the Ellis Theatre on Sunday and Monday.

Three men, forming the base of the pyramid, carry two other men on their shoulders. The top duo holds Miss Williams aloft, and the sextette then skis across a two by two-and-a-half mile area of water at a speed of 40 knots an hour.

## Second Youth Rally Set for Saturday Night

A second Youth Rally is scheduled for Saturday night, Feb. 27, at 8 o'clock in the school auditorium. This is second in a series of Saturday night youth programs sponsored by the churches of the Perryton area.

Rev. Alvin Klotz, minister of the Waka Church of the Brethren, will be master of ceremonies for the Saturday night program.

Feature film will be "The Flame" in color, telling how the conflict in Korea affected the lives of war American family.

Scenes in the picture were taken in Korea by Bob Pierce, U. N. war correspondent.

Special music will be given by the First Baptist church, Church of the Brethren and the Menno-nite church.

The chorus will be led by Bob Irby.

Program for the Youth Rally, working under the direction of Mrs. Wick Brown, chairman, is arranged by a committee composed of Juanita Pletcher, Valda Jean Day, Donna Swink, Freddie Wiebe, Hobart Buxton, Gary George, Ronnie Brown, Janice Miller and Jim Baker.

The publicity committee from the schools includes Shirley Smith, Shirley Stone and Lynn Tucker, working with Mrs. Ronald Dieball, chairman.

## Funeral Held For Mrs. Kettel

Mrs. Pearl Kettel, 66, died Sunday, Feb. 21 at Pueblo, Colo., after a long illness. Funeral services were read Wednesday at her family home in Delta, Colo.

In 1903 she was married to George Kettel at Ochiltree, Texas and they made their home in Beaver County, Oklahoma until 1919 when they moved to Delta.

Mrs. Kettel is survived by her husband, George, two sons, Ralph and Robert of Delta; one sister, Mrs. Allie Ewing of Laverne, Okla., three brothers, Jimmie Shorb of Laverne; Ezra Shorb of Liberal and Herbie Shorb of Perryton. One sister-in-law, Mrs. Kate Shorb of Hardesty, Okla.; and a niece, Mrs. Earl Love of Perryton.

She was born June 3, 1888 and lived in the Range, Oklahoma community until her marriage.

## Contract Let On Canadian River Bridge

Low bidder on the proposed Canadian River bridge on highway 70 between Perryton and Pampa was the Frost Construction Co. of Hydro, Okla. Seven bids were opened last week by the Texas Highway Commission.

The bid was \$636,727.97. G. G. Reading, senior resident highway engineer of Pampa, had estimated the cost of building the bridge at \$692,200. The contract will include the bridge itself and the paving of the approaches.

Next two steps will be the actual awarding of the contract and the issuance of a work order.

The specifications call for the job to be completed within 270 working days. That would exclude Sundays, holidays and bad-weather days.

Contracts on the Canadian River bridge project already total \$373,822.76 for the jetties, 8.76 miles of roadway leading to the bridge site, and grading, rip-rap protection along with a smaller bridge across West Dugout creek.

The bridge is to be 39 spans, 3,250 feet long and will resemble the new bridges at Canadian and Borger in its construction.

## Fordson Tractor Demonstration Set

A demonstration of the new Fordson diesel tractor will be held Saturday afternoon, Feb. 27, at the Elza Kutch farm west of Perryton. The demonstration was scheduled last Saturday but was called off because of the Friday dust storm.

The farm is located six miles west and one mile south of Perryton past the county fairgrounds road.

Everyone interested is welcome to attend the demonstration.

## Dust Blamed for Friday Wreck

Poor visibility and slick roads were blamed in an accident on highway 83 about 32 miles south of Perryton last Friday in which an automobile overturned.

The car was driven by Charlotte Roos of La Junta, Colo., and she was accompanied by Barbara Head, also of La Junta.

State highway patrolmen Jack Shields and Bob Loving, who investigated the accident, said that Miss Roos came upon a warning flare set out by the highway department to warn motorists of ice on the road.

She applied the brakes to the car and it went into a skid, sliding off the road and overturning. Both girls, 19 years of age, were brought to Perryton by Wesley Pounds. Neither was injured. Damage to the car was estimated at \$400.

**Glen Calliham Is New Instructor**

ST. JOHN'S NEWFOULD—American Red Cross Headquarters reported this week that Glen R. Calliham, A-2C of Perryton has completed an Air Force sponsored Red Cross Instructor's course in First Aid.

A-2C Calliham, who is with the 1400th Medical Squadron at Keflavik Airport, Ireland, was chosen for this work by his commanding officer. He was given practical training in the care of those who become victims of accidents, sudden illness, or battle casualties, before medical care can be obtained.

Cotton acreage in North Carolina decreased from 1,800,000 acres in 1926 to about 600,000 acres in 1950.

Since World War II, France has built about 400,000 dwellings and Germany about 1,700,000.

**Liberal Set For Pancake Day Event**

The 1954 Pancake Day schedule has been drawn and all is in readiness for the annual event at Liberal under the sponsorship of the Liberal Jaycees.

Pancake Day is set for Tuesday, March 2, opening with a big parade at 10:30 a. m. and there will be a telephone call to Olney, England at 12:15 p. m. to check times of English entrants in the international race.

A free kiddies movie starts at 1 p. m. and the finals of the Miss Universe Contest and the Amateur Contest will be held at 2 p. m.

The second annual All-American Pancake Race will start at 5 p. m. and the Pancake Capers of 1954 will begin at 7 p. m., highlighted by the coronation of International and All-American Race winners.

A dance at 9 p. m. with the music of Johnnie Lee Willis and his orchestra will conclude the day's festivities.

Liberal has gained national and international acclaim for their handling of the Pancake Day race and the Liberal Jaycees are seeking more entrants in the Pancake Race and the Beauty Contest for which the Jaycees have the franchise to select the Kansas entrant in the Miss Universe contest.

The winner chosen as Miss Flipper will receive an expense paid trip to Long Beach, Calif., in July to represent the state.

**Rondoliers Are Well Received By Audience**

By ALVIN KLOTZ

Third presentation of the North Plains Mutual Concert Association for the 1954 season was one of the country's excellent male quartets, the Rondoliers with Leslie Harnley as accompanist. These men, each an excellent soloist and musician in his own right, have been singing together as a quartet for about two years.

Everyone enjoys a male quartet if it seems, whether their presentation is strictly of barber shop variety or done in the finesse of professional musicians. The Rondoliers possessed the knack of doing all types of music in a most pleasing manner. Add to this an excellent stage grace and you have the makings of a wonderful evening of entertainment.

As is often the case in programs of this type the program began with classical compositions, lightened with each succeeding group and finally ended in a pleasing array of spirituals, ballads and barber shop harm-

onies.

The classics represented some of the finest quartet arrangements of adaptations from the masters. Beautifully done, they displayed vividly the fact that the men who were before us were quite out of the ordinary in their abilities to radiate their love of music. One of the very enjoyable adaptations was an entire section devoted to numbers from Rombergs "Student Prince." Of equal charm was the group of American folk songs complete with antics.

One solo (and encore) was presented during the evening by Robert Davis. Possessor of an excellent tenor voice, Mr. Davis invaded the tenor stratosphere with ease as he presented the classic tenor aria from "La Boheme."

Incidental solos were featured throughout the program. Carl Honzak did an excellent presentation of Rossini's "La Danza." The fine baritone voice of Thomas Head was featured in several numbers and the audience was especially appreciative of the deep basso of Lewis Brooks, particularly in an encore number "Lucky Old Sun." A word is due Leslie Harnley, the pianist. An excellent background accompanist, Mr. Harnley added the final touch of teamwork to a group infinitely capable of a fine evening's entertainment.

**First Aid Is Popular Subject**

Since the beginning of the Korean War in 1950, there have been 240 persons completing First Aid courses under the

sponsorship of the Ochiltree Red Cross chapter, reports Ralph Headlee, first aid instructor.

There are 16 qualified Red Cross first aid instructors in the county now.

Three persons, Tom Waugh, E.

D. Kelley and Mrs. A. Kelley have completed the course of training at A&M College.

**Heart Fund Total Is \$400**

Contributions to the 1954 Heart Fund stood at approximately \$400 to date locally through Monday, Fund Campaign, which will today, it was announced by Dean McCutcheon, fund chairman. This is \$600 behind the goal.

"With many volunteer workers yet to report, and with a number of anticipated major contributions including the proceeds of the basketball game Friday night we are in a position to reach the \$1000 goal," McCutcheon reported. "Progress so far warrants confidence that citizens of Ochiltree county will attain and surpass our goal."

"It would be difficult to name a family that has not lost at least one member because of heart disease. In point of actual fact, diseases of the heart and blood vessels are responsible for as many deaths as all other diseases combined, which is another way of saying that progress in the fight against heart diseases is of actual or potential importance to every living American," McCutcheon pointed out.

Contributions may be left at First National Bank, Perryton National Bank, and Stewart Printing Company.

led houses, automobiles and everything else and when snow started falling about noon Friday, everything was covered with a layer of mud.

Although the snow fell in near-bizzard proportions, the dust never let up and when the snow stopped that afternoon, the dust continued to blow.

There was little business transacted in Perryton Friday and automobiles had to travel with headlights on. A break in the power line of the Southwestern Public Service Co. near Spearman cut off the power to Perryton Friday afternoon and service was maintained with the local generators at the Community Public Service Co. plant.

With so much top soil deposited on fields in the area, it takes only a slight wind to start the dust to blowing again. Farmers all over the county are standing by with chisels in case the wind stirs up the dust again and starts severe wind erosion locally. Many fields have been chiseled, some solidly, in an effort to anchor the soil.

It remains for a general rain or snow to determine just how much damage has been done to the wheat crop, which went into the Friday duster with the best prospects since 1949. There is still ample sub-soil moisture for a crop, but it will take some more moisture in the very near future.

**Train Strikes Butane Truck; No Explosion**

A loaded butane truck owned by the Perryton Liquefied Gas Co. and driven by Wiley Thompson was damaged last Thursday morning when the truck was struck by a Santa Fe Diesel engine at the crossing at 3rd avenue and Brillhart.

Thompson told city policeman Rolland Shearer, who investigated the accident, that he didn't hear the whistle of the train as it approached from the west. The truck was nearly off the track but the engine hit the rear of the butane trailer, tearing off the metal valve cover and the valves at the rear of the tank.

Although some butane was lost and the fire department made a run to the scene of the accident, no fire or explosion resulted from the collision.

Damage was estimated at \$900 to the truck. Shearer said that had the truck been hit closer to the center of the butane tanks, a serious fire and explosion could have easily resulted.

**County School Election Set**

Terms of two members of the county school board expire this year and will be filled in the county school election to be held on Saturday, April 3, according to county judge H. R. Slaughter.

Terms of Virgil Olmstead from precinct 2 and J. H. Callihan, precinct 4, expire this year. Holdover members of the board are J. H. Kershaw, precinct 1, Harvey Urban, precinct 3, and L. R. Conner, member at large.

Judge Slaughter said that there would be two voting boxes, the the Perryton school and the Waka school, and that the county school election would be held in conjunction with the annual election of the Perryton and Waka Independent School Districts.

MRS. JOHN ALLEN DUBBERLEY III

## Banan-Dubberley Vows Solemnized at Baptist Church, Saturday Afternoon

Vows were solemnized at 5 o'clock Saturday afternoon Feb. 20 in the sanctuary of the First Baptist Church for Miss Betty and John Allen Dubberley III.

Miss Betty is the daughter of the late Mrs. Irvin R. Buchanan, Mrs. Colgate, Mr. Dubberley and son of Mrs. John A. Dubberley of Abilene.

The wedding ceremony was officiated by the Reverend W. R. Unsworth, pastor of the church. The bride wore a white tulle gown with a high V neckline and long sleeves which formed a skirt of tulle over satin to a chapel train. Her hair was styled in a helmet, encrusted with

seed pearls, held her finger-tip illusion veil. She carried a bouquet of white orchids and hyacinth blossoms, showered with white satin streamers.

Mrs. Aubrey Kelso of Dallas, was matron of honor. Bridesmaids were Miss Lois Rowe of Dallas, Mrs. Marvin Standifer of Plainview and Mrs. Richard Stripling of Bristol, Tennessee. All were identically gowned in floor-length turquoise taffeta dresses designed with fitted bodices with illusion yokes outlined with off-the-shoulder taffeta berths. They wore half-hats of matching taffeta and carried bouquets of pink delight and sweetheart roses.

Jack Dubberley of Denver, Colorado, brother of the bridegroom, was best man. Groomsmen and ushers were William Evans of Clovis, New Mexico, Tom Ingram, Thomas James and Edward Antle of Dallas.

Benny Conley, Tommy Evans, John Erickson and Jud Shields lighted the candles.

Mrs. Buchanan, mother of the bride, wore a beige silk afternoon dress with pink and black accessories. The bridegroom's mother wore a navy blue taffeta afternoon dress with pink and black accessories. Their corsages

## Oscar Flowers Ranch Seen As Mystery Farm

The ranch in Texas and Beaver counties owned by Mr. and Mrs. Oscar Flowers was presented as the Herald Mystery Farm of the Air for Feb. 11. The ranch, consisting of 3,000 acres, is located 21 miles northwest of Perryton and is all grass land, none of it in cultivation.

M. M. Rankin is a previous owner of the ranch, bought in 1944. W. J. Welborn lives on the ranch at present. The house, four rooms in size and of stucco construction, was remodeled in 1944. Two producing gas wells have been brought in on the Flowers

ranch in the past few months and it is in the western end of the ranch that oil and gas activity has taken a decided upswing since last fall.

Flowers is a long time resident of Ochiltree county. He attended school at Old Ochiltree and is a graduate of Wayland College and the Baylor University School of Law.

He was in private law practice in Perryton for a number of years and served as county attorney for several terms.

Mr. and Mrs. Flowers have two children, Charlotte, 16, and Ben, 14. Mrs. Flowers is the former Eloise Holley of Waco.

Italy's longest river is the Po—417 miles.

### Rogers Home Matured

W. Rogers farm home southwest of Perryton was last week's Herald farm of the Air. Mr.

Rogers has lived on the farm since 1908 and first came to Ochiltree county in the winter of 1902.

There are 640 acres in the home place, and the principal crops are wheat and milo.

Previous owner of the farm was D. B. Stump.

Rogers belongs to the Farm Bureau and the Southwestern Cattle Raisers Association. His best crop year was in 1944 and the poorest crop year was in 1953.

The house was built in 1908 and contains seven rooms and a bath. Rogers hauled the lumber in a wagon from Glazier to build the house and hauled the cement for the foundation by wagon and team from Guymon.

He has subscribed to the Herald for over 30 years and says he enjoys all of it.

Mrs. C. B. Gift, 122 Indiana, was admitted to the Dr. Grans Hospital at Alva, Okla. February 11 for major surgery. A son, Cpl. Kenneth L. Hazel of San Antonio, and a daughter, Mrs. Steve Shultz of Enid, Okla., are at Mrs. Gift's bedside.

### Farm Bureau Grows

WACO, Texas (AP)—The Texas Farm Bureau Federation has a record 53,195 members, more than five times its starting membership in 1939.

It is believed that the bamboo has the most rapid growth among the higher plants.

### Traffic Tickets Stick

WINTER HAVEN, Fla. (AP)—Patrolman James O. Holly prided himself on his record of never tearing up a traffic ticket once he'd written it. On the day he resigned from the force, his last ticket was hung on his own car, illegally parked by his wife. He paid the fine.

Department was \$3,333,241,600. The amount asked by the Administration was \$3,338,783,000. This simply means that only \$5,541,400 was cut off of a bill in excess of three billion dollars. This sum did not include the fixed charges of interest on the public debt. In 1954 the interest on the public debt was \$6,525,000,000. Due to increases in the interest rate, as well as the issuance of some additional securities, the Treasurer estimates that the cost of interest for the coming fiscal year will be \$6,800,000,000. This simply means that the American taxpayer will have to pay an additional \$275,000,000 in interest during the 1955 fiscal year. This is approximately three quarters of a million dollars a day. This is, of course, in addition to the approximately \$175,000,000 each day that is being paid by the American taxpayer to finance the public debt in interest charges alone.

## YOUR INCOME TAX—3 Where You DON'T Pay a Tax

(Third of Six Articles)  
By FRANK O'BRIEN

**Newsfeatures**  
WASHINGTON — You do not have to pay income tax on all the money you earn. The law provides deductions for expenses and exemptions of \$600 each for most persons, including yourself, who live off your income. Together, they are a kind of non-taxed living allowance.

There are two kinds of deductions. First, there are business expenses. You take most, but not always all of these out of your income to find your adjusted gross income. Second come personal deductions which you subtract from your adjusted gross income to find your net income. (Then you subtract your exemptions to find your net taxable income.)

**Business Expense**  
There are three main kinds of business expense.

1. You may deduct all the "ordinary and necessary" expenses of any business you operate, or of your trade or profession. You report them on a special form called "Schedule C" which you can get from post office or bank. Then you summarize them on

Page 2, Form 1040.

2. An employee may deduct cost of meals and lodgings when he is away from home on his employer's business, but not unless he stays overnight. He can also deduct business transport costs whether he stays overnight or not, altho this does not usually include going to and from work.

There is a technical gimmick in putting such expenses on the tax form. You must add to your income what your employer repaid you for such expenses. Then you deduct the actual expenses whether more or less than what was repaid.

3. Other expenses like journals, magazines and business entertainment costs may be deducted to the extent that your

employer pays them back to you. (If they are not paid back they may be deducted as personal expenses.)

The add and subtract rules apply here as with transport costs, with this difference: You may deduct from your income only the amount repaid to you, not more.

In addition you can deduct expenses connected with property from which you get rent and capital losses up to \$1,000, except that a loss in selling your home does not count. It is not deductible.

You can make all such deductions and still use short Form 1040.

Then come the personal deductions.

**Itemized Expense**  
On Page 3 of Form 1040 are listed six headings under which personal expenses can be itemized. You can ignore itemization and take the standard 10 percent. But that is limited to \$500 for married people who file separately and \$1,000 for others or joint returns.

If your itemized personal expenses are larger than 10 percent you can save money. This will add a few steps in figuring

your tax. Here are the main authorized personal deductions:

Most nonfederal taxes; fire storm and theft losses; what you give religious and charitable organizations; interest payments; medical bills above 5 per cent of your adjusted gross income up to specified limits given in the instructions (if you are over 65 you get all medical costs up to the dollar limits); group hospitalization premiums; alimony or separate maintenance ordered by a court; union dues. Expenses repaid by insurance are not deductible.

(Next Week: Your Exemptions.)

### Bell Historian OU Fraternity

NORMAN, Feb. 5—Leon Bell, Perryton, has been named historian of the University of Oklahoma chapter of Acacia fraternity for the spring semester.

Bell is the son of Mr. and Mrs. Orlan Bell. The Sooner Acacia chapter, one of more than 25 in the United States, was established at OU in 1920.

The U. S. Census Bureau estimates that another person is added to the population of America every 13 seconds, on the average.

February 19, 1954  
TO THE PEOPLE OF THE 18th DISTRICT:

**Taxes**  
The tax-writing Ways and Means Committee of Congress is moving along on the rewriting of the tax laws. Many changes are being made. Some of these will result in tax relief for particular groups. So far, there has been no across-the-board relief indicated for the lower income brackets. An effort was made to increase the individual exemptions from \$600 to \$700, but this was defeated by a close margin. It will be brought up again on the House Floor, so watch for a fight.

The tax bill can not be amended on the House Floor, but it can be sent back to the committee with instructions to increase the individual exemptions. If the motion to do this prevails, it will mean tax relief for the lower income brackets. The tax law includes practically all of the tax program of the United States government, and the Ways and Means Committee would not hold the bill in committee, as such action could cause much damage to the credit of this country.

### The Money Bills

The House has passed the first of the appropriations bills. This was the appropriations for the Treasury Department and the Post Office Department for the fiscal year 1955, which begins on July 1, 1954. The Appropriations Sub-committee worked long and hard on this bill, but were unable to come up with any measurable cuts. The over-all appropriation recommended in the bill for both the Treasury Department and the Post Office

## Where's the Golden Spread?

Haven't heard much about The Golden Spread this week—this is the organization designed to convince the nation that the Panhandle has the most sunshine and the best weather in the country.

It would have been hard to convince tourists last Friday that they were traveling through a Golden Spread, although the atmosphere was a bit golden due to dust particles in the air.

Golden Spread or no Golden Spread, Panhandle weather has one thing in its favor—it certainly isn't monotonous. We had sunshine, high winds, dust storms and a blizzard, all in a couple of days. If variety is the spice of life, we're spiced.

## Wheat State

The new license plates, in gleaming black and white, proclaim more proudly than ever: Kansas—The Wheat State.

It is a proud slogan, well grounded in history and well backed by statistics. Will it someday be a mockery?

Last week in Leavenworth the J. C. Lyle Milling Co. quit making flour after 80 years. The shutdown at Leavenworth came on the heels of those at Sterling, Independence, Fort Scott, Lawrence, St. Joe.

It is bad enough to lose these industries. It is much worse to contemplate what meaning their failure has for the state's chief industry—the production of wheat.

The Leavenworth millers announced, as did the others who closed that they were forced out of business because Kansas no longer could supply them with the milling-type wheat demanded by modern bakers and housewives. To ship soft wheat in from northern states raised costs so much the Kansas millers couldn't compete.

It is a strange sight in Hutchinson, ringed as it is with prairie skyscrapers clogged with wheat, to see carloads of wheat coming in from Wyoming for Hutchinson millers.

What's to be done? Either Kansas must go back to a wheat variety which will meet the chief requirement of wheat; or else we must find other purposes than daily bread for our product.

Otherwise, Kansas farmers—and thus the whole of Kansas—are faced with the same sad fate of the builders of Conestoga wagons.—Hutchinson News.

## Signs of the Times

A headline in the Topeka Journal recently appeared like this:  
WOMAN TIRES  
OF "COMPANION"  
SHOOTS HIM.

Seldom has an incident of crime been so dramatically summarized. There it is—the whole story in a nutshell. But this sort of story is disturbing.

We are not familiar with life in the Kansas capital, but we hope this is not a customary way of disposing of a companion who has outworn his welcome.

Everywhere, women fire their companions at one time or another. Elsewhere, however, they relieve the tedium by throwing dishes. Or going home to mother. Or having a good cry. Or buying a new hat. Or spanking junior. In Topeka, however, they shoot him.

A headline like this suggests the need of yet another investigation.

Although some brilliant men have small brains, indications are that large brains and high intelligence often go together.

The ancient Druids believed that the dead stoned for their sins by residing in the bodies of animals.

## From the SIDELINE with HAROLD HUDSON

The dust storm we had Friday caused a wave of conversation about the "dirty thirties," an old memory of those days came back quite vividly with the weather in the air Friday. And when talk gets back into those days, the big duster of 1935 invariably crops up. For the benefit of the newcomers, the Friday duster was about as rough as any the old timers talk about—with perhaps one or two exceptions.

This famous duster of 1935 blew in on a Sunday afternoon, April 14, 1935. It was a warm spring day until about 5 o'clock that afternoon this big, black bank rolled down from the north, covering up houses and all other objects as it boiled across the ground. This department got caught out in the middle of the 1935 duster, having been with some other lads swimming at Jines Springs, just east of the golf course.

We got about a mile north of the golf course when the duster rolled over us, and it was dark as darkest night. Having wet bathing suits, we breathed through these until they dried out, and then started toward town, with two boys walking in front of the car feeling the way. It took over two hours to make it to town and there was so much static electricity in the air that we had to ground the car with a chain from the bumper to the ground.

It was Edwin Orr's car, and the other passengers were Dean Blank, Tom Patton and this department. On the way into town, we found a car stalled in the ditch beside the road and huddled inside were a man and woman from Illinois, who were merely traveling through this country. Never again, the man said, adding that anyone who actually lived here was a fool of the first order.

Another dust storm was back in 1923, on March 17, St. Patrick's Day, according to L. R. Conner of Farnsworth. He said he was working at his elevator that day, and saw the dust cloud coming in from the north. He went to the top of the elevator to close the windows, and by the time he got down, the dust had hit, and the temperature dropped from the 80's down to near zero.

Further back than that, there is record of a big dust storm on April 14, 1895, when the wind reached a velocity of 84 miles an hour and it was estimated that 5,000 cattle smothered to death in this country.

So dust storms are nothing new—but they are still undesirable, unattractive, and we suspect quite unhealthy in spite of all the "Vitamin K" they are supposed to contain.

Mrs. Linda Manross, who has the Amarillo News distributorship here, called last week and asked us to say something about the dog situation. Says there are so many stray dogs, and biting dogs, and barking dogs, that she has trouble getting boys brave enough to throw the papers. On the east side it's quite a struggle to get down the street without getting snapped at by some dog, Mrs. Manross says.

With the rabies scare in Chicago, Amarillo and Portales, N. M., people are getting concerned about these dogs. The city picks up scores of stray dogs but it seems that there is an inexhaustible source of supply for dogs. No matter how many are caught and put in the dog pound, about that many more show up to take their place. And all the biting dogs aren't strays, by any means. Plenty of them are pets who, according to their owners, "wouldn't harm anyone." This is small solace to one who is confronted by a snarling dog, however.

The easiest way to get into trouble is to be right at the wrong time.

A few property owners have had to move their fences back from their front yard, and we learned from city manager J. E. Whigham last week why this is. The city owns a good piece of your front yard, ordinarily extending 24 feet back from the curb. This places the property line about two feet inside the front sidewalk. The city doesn't like fences built into its property, front, back or side.

The way to figure this is to measure the street in front of your place. If the street is 80 ft. across, the city property extends 24 feet back from the curb. If the street is 70 feet across, the property line is 19 feet from the curb,

## Wolf Creek Philosopher Why Can't Science Solve Bad Colds?

(Ed. note: The Wolf Creek Philosopher seems to have come up with a good idea this week, but we don't know whether or not he'll get anywhere with it.)  
Dear editor:

It's sometimes hard to tell just by lookin when I'm under the weather as I don't rip and tear much even when I'm in the best of health. I always figured if feelin good meant you had to get into motion and burn up your energy you might as well feel bad to start with, after years of practice I've managed to sit still and enjoy health as much as the fellow on the run, but what I started out to say was that lately I've been sort of under the weather, with a bad cold.

And I've been thinkin, We've got nearly every kind of money raisin drive you can think of in this country, with the exception maybe of one to raise money to stamp out ingrowing toenails, but there ought to be one more. There ought to be a drive on all over the country to set up a fund to figure out how to whip a bad cold. Personally, I don't think man has any business spendin money for example on rocket ships to explore space before he finds out how to cure a cold. And if you ask me, color

There are about 200,000 service stations in the United States

television has no more business comin ahead of a prevention for the common cold than holdin office has comin ahead of gettin elected. I can't think of anything more ridiculous than a high toned, expensive color television program being called off on account of the star comin down with a cold. It's one thing for me to call off a day's plowin for that reason, even if it is in natural color, but any race of people smart enough to send color pictures through the air ought to be smart enough to whip a cold.

I know we probably have too many drives already, but we may have too many fillin stations and grocery stores and I know we've got too much cotton and butter, and we ought to find room for one more. If you'll go in with me, we'll launch the National Bad Cold Drive, with President Eisenhower as honorary head, as I understand he's already come down four times with a cold since he's been in office, and raise enough money to put some scientists on the job with instructions to isolate the germs and figure out a vaccine.

Any country able to split an atom, fly 1500 miles an hour, build a car that shifts its own gears, sell canned biscuits, and run up a national debt of 275 billion dollars, ought to be able to figure out how to prevent a cold. Let's get this organization goin.

Yours faithfully,  
J. A.

## SW Life Has Record Year

Several new high marks in its business operations were recorded by Southwestern Life Insurance Company in 1953. It has been announced by President James Ralph Wood in his report on the company's financial

statement for the year. A new record in insurance sales was set by the company's agents as it produced \$13,000,000 new paid-for business, 411 from the 1952 total of 411. The company's net income in force at the year end was \$1,965,059,383, a \$83,338,012 during the period.

Policy benefits paid to owners and beneficiaries \$14,910,827, a new record year and nearly \$2,500,000 the payments in 1952. When it was organized the company's policy benefit amount to more than \$1,000.

WHY A CHURCH STEEPLE? IT DOESN'T FLY A FLAG, IT PAYS NO DOLLAR DIVIDENDS, BUT IT POINTS UPWARD TO GOD, AND WE NEED THAT. THE CHURCH STANDS FOR FAITH AGAINST UNBELIEF, HOPE AGAINST DESPAIR, HONOR AGAINST TRICKERY, TRUTH AGAINST FALSEHOOD, FOR GOD AGAINST SIN. NEIGHBOR, YOU ARE IN A FAILING BUSINESS IF YOU ARE AGAINST THE CHURCH. CHURCH PEOPLE HAVE THEIR FAULTS BUT GOD CAN STRIKE SOME STRAIGHT LICKS WITH CROOKED STICKS YIELDED INTO HIS HAND. The Rangers won the regional basketball title in the tournament at Canyon's West Texas State College. They beat Canyon, Dalhart, Amarillo and McLean to win the championship. Ed Peery and Chryal Douglas were named to the all-regional team while Milton Morris and W. J. Newman were on the second team.

A new steam laundry for Perryton was announced by C. W. Stafford of Dalhart, who said he would build a tile structure a block south of the courthouse for a \$20,000 plant. The laundry was attracted to Perryton by the Chamber of Commerce, which bought a \$400 lot and gave it to Stafford to encourage him to build.

Fred Battle was named manager of the Burrow Lumber Co., replacing M. P. Browning, who said he planned to remain in Perryton. Leroy Hartman remained as assistant manager.

The Old Masonic Lodge was moved to a location north of the courthouse. The building was bought jointly by the Odd Fellows Lodge, Modern Woodmen and Knights of Pythias.

Dr. H. C. Caylor of Canadian announced a partnership with Dr. W. J. Brewer in the practice of medicine.
