## Community Wide Thanksgiving Service Slated

Community-wide Thanksgiving services are slated for 7 p. m. Sunday evening in the First United Methodist Church. The special service will give area residents an opportunity to recall that first Thanksgiving when everyone gathered together to give thanks for the blessings of the year.

Sponsored annually by the Ministerial Alliance, the program is the only opportunity during the year for all Christians of the community, regardless of race or creed, to worship together in a service of thanksgiving.

Rev. Al Jennings, host pastor, will preside. The worship message will be given by Rev. Pat Gloria, pastor of Misión la Trinidad Bautista. Other ministers of the community will participate in the service.

A union choir, made up of voices from the various churches within the community, will bring special music. The choir will gather, for rehearsal, at 6:30 p. m. Mrs. Owen Norfleet will direct.

An offering will be taken to be used during the year for needy persons within the community.

All persons are invited to join in the special service.

## Saturday 'Give-Away' Draws Crowd In Downtown Olton

Chilly temperatures failed to keep a good crowd from gathering Saturday afternoon for the first in a series of Bargain Days Drawings.

Persons must be present to win and it took several attempts to give away the \$25 gift certificate before it was claimed by Mary Carabajal.

Bobby Salinas was the lucky winner of \$37.50 with the top money, \$62.50, going to Juanita Thomas.

Saturday's drawing will see

\$150 given away. The first drawing will be for \$30 with other amounts to be \$45 and \$75.

Tickets for the Bargain Days Drawings are given by the 21 sponsoring merchants. Lucky winners of the cash certificates may spend them with any of those merchants.

Sponsoring merchants are giving tickets away at the present time and will continue to do so throughout the promotion as well as offer some real spe-

cial. These specials are printed in this week's issue of the Enterprise and will be printed each week. So check the Bargain Days Drawing special page each week for these items.

## 'Try To Remember' Theme For Mailing Xmas Packages

Postmaster D. M. Holt today urged residents of Olton, "to try to remember" that recommended mailing dates for civilian domestic Christmas mails start the first of December.

The national Christmas "mail early" theme this year, he explained, is based on the familiar musical tune "Try to Remember" - and is featured in public service radio and TV

announcements. "The ideas," he said, "is to have our customers remember recommended mailing dates. This will insure fast and efficient delivery of parcels and cards and prevent disappointments for friends and family members. Of course, it will also be a big help to your post office."

Key suggested latest dates by which Christmas mail should be mailed.

## W. B. Dickenson Jr. Gets Honorary Lone Star Degree

W. B. Dickenson Jr. was recognized for outstanding contribution to the Future Farmers of America program Tuesday evening at the Plainview District FFA Banquet held in Tulia.

An honorary Lone Star Farmer Degree was presented to Dickenson for his work with the program on the local and district levels.

Roxie Vineyard of Kress was named District FFA Sweetheart. Sweethearts from the 17 schools of the district com-

## Football Guessers Tied For Top Spot

A high school youth, a three-year-old and a housewife were the lucky predictors in last week's Enterprise grid contest.

Max Moss missed just two games, the Army-Oregon tie and the Mustangs-Bobcats battles. The other tie, Baltimore Colts versus Buffalo Bills, was not a loss for the OHS sophomore - he predicted it that way!

Young Scott Curtsinger, son of Coach and Mrs. Jim Curtsinger, claimed second place, missing four games and beating out two other contestants with a tie breaker guess of 21-7 for a 24-point span.

In truth, the three-year-old, merely lent his name to the entry. The predictions on his entry were, in reality, an experiment conducted by his father's fifth period bookkeeping class.

Voting to select winners, majority picked teams were

## Burns Victim Is Improving

Jerry Creek, victim of burns received last Monday when the truck he was driving overturned and caught fire, was transferred from intensive care to a private room in Lubbock's Methodist Hospital Wednesday.

His condition continues to improve. Arrangements are being made for his transfer to Galveston as soon as space is available in the burns treatment center.

marked. Class members and young Scott will celebrate their winning by spending the \$3 cash prize for a Coke party.

Joyce Smith, who also missed four, was 37 points off with a prediction of 35-8. Harold Lloyd, the other four-game misser, was edged out of the money with his tie breaker guess. Missing 45 points, he predicted it 48-12.

Every contestant - except young Moss - were cinched two losses since the contest contained two tied games. But each contestant was also guaranteed

## Longtime Resident Dies, Services Held Monday

Rites were conducted Monday afternoon in the First Baptist Church for Mrs. Georgia Elizabeth (Mammaw) Nixon, 87, longtime resident.

Officiating were the Rev. Bill Burton, pastor of the Church of the Nazarene, and Rev. Ernest Jennings, pastor of the Cumberland Presbyterian Church. Interment was in Olton Cemetery under the direction of Parsons Funeral Home.

Mrs. Nixon died Sunday in a Littlefield hospital where she had been a patient two days. She was born Nov. 24, 1882 in Dime Box, Tex.

A resident 42 years, Mrs. Nixon came with her family to Olton in the summer of 1928 from Maud, Okla.

She had been a member of the Church of God of North America for 55 years.

Survivors include three daughters, Mrs. Lulu Ozment of Wichita Falls and Mrs. Ruby

one correct game - the Lockney-Friona tilt which was moved up to Thursday because of a District XVI teachers meet. Since most contestants had access to the knowledge of that game's results before the contest deadline, a win was given to each entry.

W. E. "Andy" Andrew and Marilyn Miller continue their predicting battle for the two tickets to the Cotton Bowl and \$40 spending money. Each has 131 correct guesses for a one-point lead over W. E. Thomas.

Other contestants are still

in the running. Season standings are listed on page 10.

There are two more opportunities to be a weekly winner - or battle the leaders for the big prize. The final contest is carried in the today's Enterprise.

Try your luck. Pick up a copy of last week's Enterprise, select a winner in each of the games, predict the tie breaker score, completely fill in the entry and leave it with a sponsoring merchant.

If you've enjoyed the contest - always fun, sometimes frustrating - let the sponsoring merchants know you appreciate their making the contest possible.

## H Alexanders Suffer Injuries In Car Mishap

Mrs. Hugh Alexander is in serious condition in Collin Memorial Hospital in McKinney from injuries received in an accident Monday morning five miles east of Lincoln Park. Her husband, also admitted to the hospital, was released Tuesday.

The Alexanders were traveling west on Texas Highway 24, enroute home from their cabin on Lake Tawakoni, when their pickup was in collision with a car driven by Mrs. Esther Meador of Frisco.

Mrs. Meador, traveling north on FM 423, was pronounced dead at the scene.

Thrown through the windshield of their pickup, Mrs. Alexander was pinned beneath the vehicle when it overturned. Both legs were crushed above the knees and she received an injury to her nose.

Internal injuries, if any, are undetermined.

Mrs. Alexander is in room 215. Alexander received bruises, a pulled vertebrae and broken ribs.

## Beginner Band To Start Here

Monday marks the beginning of band class for 35 fifth graders according to band director Fred Stockdale.

Class members have been studying music fundamentals and looking at instruments used in the beginning band. The tonette, a pre-band instrument, has been used to teach finger coordination and observe music interest.

Stockdale indicates a conference with the parent is important prior to the start of beginning band.

Parents of fifth graders who have not been contacted and are interested in band training for their child, should call 285-2641 during school hours.

HONORARY LONE STAR FARMER---W. B. Dickenson Jr. receives his honorary degree for his work with the FFA program on the local and district levels at a banquet held in Tulia Tuesday night.

BEGINNERS - Rhonda Parsons, daughter of Mr. and Mrs. Percy Parsons, and Martin Brown, son of Mr. and Mrs. Jim Brown show the instruments they will be learning to master in the fifth grade beginner band, Band Director Fred Stockdale reminds parents that this is the only time beginners are started in the Olton schools.

## No Other Country

The Spirit of Thanksgiving encompasses many principles and ideals which deserve daily as well as annual tribute. Certainly, Thanksgiving Day is a meaningful and cherished holiday, and it is right that we have set aside a special occasion to count our blessings and good fortune. In so doing, let us be continually grateful that we live in a land where people can still laugh, dream, hope, and speak their minds and worship as they please.

Our Founding Fathers had great vision. They saw for the future of our country a promise of hope, right, justice, freedom, and equality for men and women who braved the dangers to enjoy these blessings from God. And all but the most cynical would have to admit that our Nation has made extraordinary progress in striving for these goals. No other country has ever done more to promote the spiritual and material needs of its citizens.

A noted American author and editor once stated, "There never was a land that better deserved the love of her people than America, for, there never was a mother-country kinder to her children. She has given to them all that she could give....Millions upon millions of men have lived here and with more comfort, with less fear, than any such numbers elsewhere in any age have lived. Countless multitudes, whose forefathers from the beginning of human

life on earth have spent weary lives in unrewarded toil, in anxiety, in helplessness, in ignorance, have risen here, in the course of even a single generation, to the full and secure enjoyment of the fruits of their labor, to confident hope, to intelligent possession of their own faculties. Is not the land to be dearly loved in which this is possible, in which this has been achieved?" Truly, this American was imbued with the spirit of Thanksgiving.

Our Nation does possess a heritage which is unique in the history of man. But today this heritage with its religious ideals and moral principles means practically nothing to many Americans. They do not seem to recognize nor appreciate the rewards of self-government. To them, duty, individual responsibility, enterprise, self-respect, and obedience of the law are tenets of oppression. They demand and expect "the good life," but without personal sacrifice or effort. The true meaning of Thanksgiving, as experienced in the humble and devout tribute by the early settlers, is lost on them.

Let us earnestly join in the observance of Thanksgiving. But let the spirit of Thanksgiving not be a scheduled sentiment which we turn on once a year. Rather, let it be an abiding testimony, a recognizable symbol of our daily faith—our faith in ourselves, our faith in our country, and our faith in God.

J. Edgar Hoover,  
 Director

## What Is A Farmer?

How would you define what a farmer is? A farmer is truly a paradox and the following article we recently came across really emphasizes this.

"Farmers are found in fields plowing up, seeding down, returning from, planting to, fertilizing with, spraying for and harvesting. Wives help them, little boys follow them, the Agriculture Department confuses them, city relatives visit them, salesmen detain them, meals wait for them, weather

can delay them but it takes Heaven to stop them...

"A farmer manages more capital than most of the businessmen in town. He likes noon auctions, his neighbors, Saturday nights in town, his shirt collar unbuttoned, and above all a good soaking rain in August....

"Nobody else is so far from the telephone or so close to God. Nobody else gets so much satisfaction out of modern plumbing, favorable weather and good ice cream....

"A farmer is both Faith and Fatalist—he must have faith to continually meet the challenges of his capacities amid the ever-present possibility that an act of God (a late spring, an early frost, tornado, flood, drought) can bring his business to a standstill. You can reduce his acreage but you can't restrain his ambition....

"And when he comes in at

noon having spent the energy of his hopes and dreams, he can be recharged anew with the magic words: 'The market's up.'"

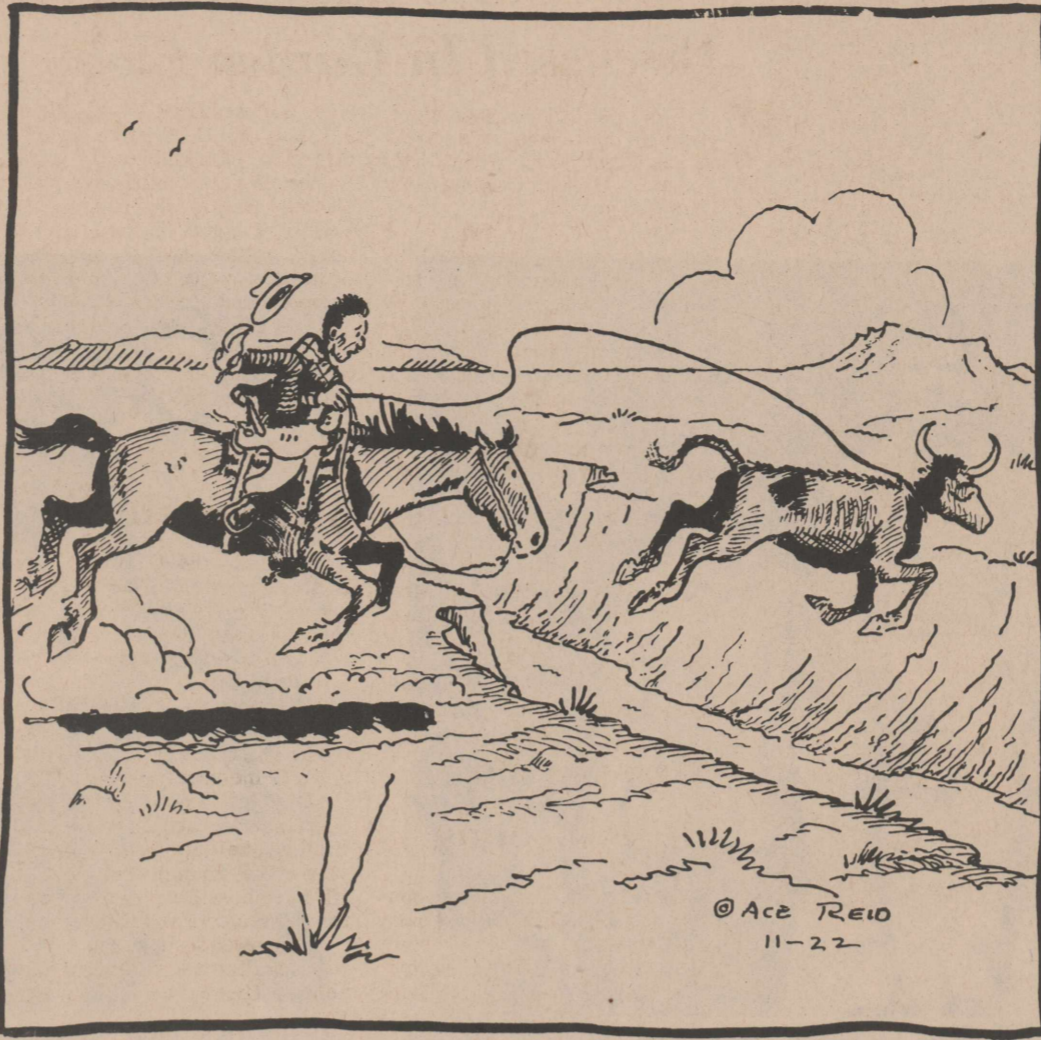

### DIVIDEND PAYABLE

The board of directors of Gifford-Hill & Company, Inc., today declared a quarterly dividend of 10 cents per share of common stock, payable Dec. 18, to share holders of record Nov. 20.

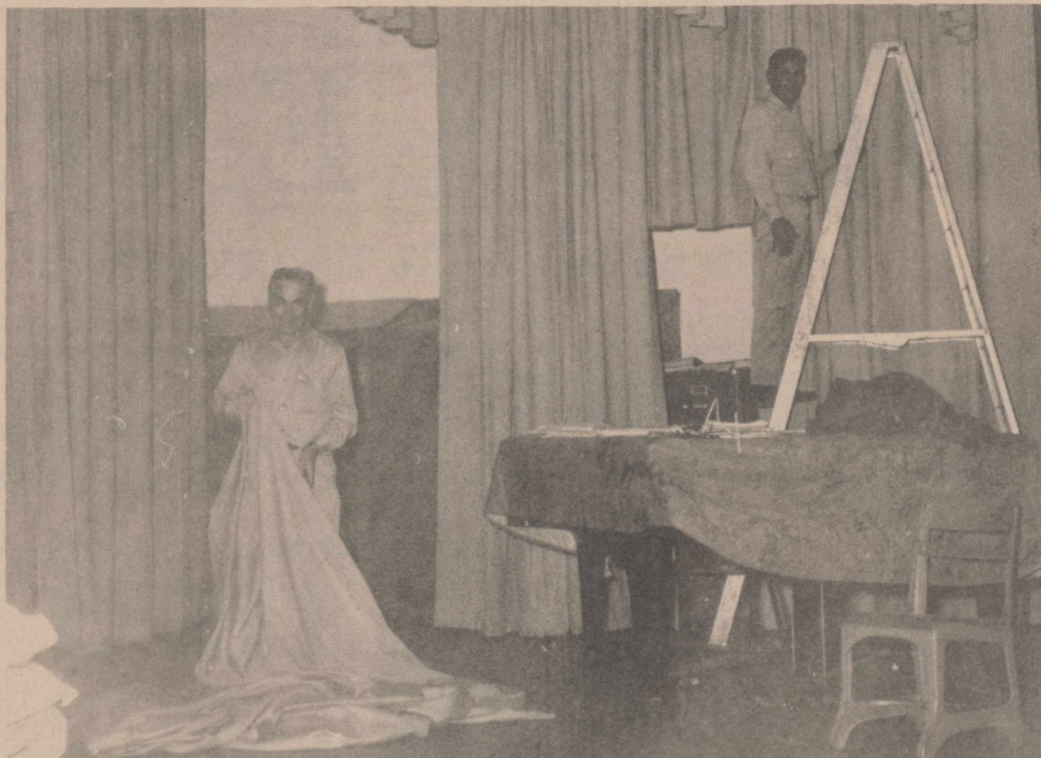

NOVEMBER PLENTIFUL FOODS—Rice and turkeys head the USDA's plentiful foods list for November. In addition potatoes, onions, fresh apples, canned applesauce, apple juice, fresh cranberries, cranberry sauce, fruit cocktail, walnuts, dry split peas, pork, and broiler-fryers are included. Holiday season food shoppers should have no trouble finding the turkey and trimmings needed for Thanksgiving.

NEW CURTAINS GOING UP!!! — New back drop curtains were installed last Monday at the Olton High School auditorium. Earlier this year, the school approved the purchase of the curtains at the request of Supt. Joe Turner. The old curtains were hung in the auditorium when it was first built.

COTTONSEED QUALITY MAY BE A PROBLEM — The quality of cottonseed for planting purposes next year could become a problem due to fall weather conditions. Therefore, point out Fred C. Elliott, Extension cotton specialist, careful attention should be given to harvesting, ginning and seed handling to insure quality seed.

## LEWIS LLEWELLYN

### Will We Cease To Be Great?

A highly respected journalist, the editor of a newspaper which enjoys a national circulation, has given his recommendations as to what the people of this country should do to quiet campus unrest and cope with the most urgent problems of our society. Erwin D. Canham, who served on the Commission on Campus Unrest, under the chairmanship of William Scranton, has concluded a series of eight articles on "The Campus Crisis" with a series of recommendations.

Some of his recommendations should, in my opinion, be immediately implemented. Others, particularly in the very important area of national defense, should be subjected to detailed analysis to determine their ultimate effect.

But the aspect of the report which was particularly disturbing to me was the fact that this man, so highly regarded and so influential, had failed to call attention to the most basic cause of our current national crisis.

**Public Morality in Danger**  
 Here, in necessarily abridged form, is what he has to say:

"The integrative fabric of American society — which is its public morality — is in danger.

"I do not think this is exaggeration. But I think the situation can be saved. . . .

"The first step has already been taken by President Nixon in his latest Indo-Chinese settlement proposals. . . .

"The second step . . . swifter progress toward full social justice: the blacks, the Chicanos, the Indians, the poor."

The third step which he proposes is "far more intensive

work" on remedying abuses of our environment.

Other items in his proposal include negotiation on limitation of arms, curbing the "political and economic power of the military-industrial complex," tax reform, inflation control, and encouraging young people to participate in politics and "the whole range of civic and service organizations."

Toward the close of the article, he says, "The reconciliation of American society begins in the hearts of us all."

This is as close as he gets to the real, basic problem — the virtual abandonment by many people, in recent years, of the firm, Bible-based morality which was the foundation on which our greatness as a nation was built.

If God was mentioned in the article, I missed it.

#### Will He Remember Us?

If we forget God, can we expect Him to remember us?

The Bible says, "Except the Lord build the house, they labor in vain that build it. Except the Lord keep the city, the watchman waketh but in vain."

The founders of our nation understood this. "In God We Trust" was adopted as our national motto, to tell to all the world that this nation was established on the foundation of faith and reliance on the Almighty One.

The great French historian de Toqueville once said, "America is great because she is good. If ever she ceases to be good, she will cease to be great."

Must we prove this prophecy true?

Let's get going again with God.

CATFISH IN CAGES—Dr. H. R. Schmittou, Extension fisheries specialist, believes there is a high profit potential for producing catfish in cages, provided the producer has available a quality water source and the time and initiative necessary to make such a project a success.

WHEAT REFERENDUM — A mail referendum on 1971-crop wheat marketing quotas is scheduled for the Oct. 12-15 period, announces Secretary of Agriculture C. M. Hardin. A two-thirds favorable vote will be required to make quotas effective.

#### "BUCKLE UP"

Seat belts do save lives but only if they are worn, reminds Liberty Mutual Insurance Companies. "Buckle up for safety" is not just a slogan it's a way of life — a way of saving lives.

AMERICAN INDIAN — The American Indian was the product of one of the divisions of the Mongoloid stock.

be deposited are as follows, but the postmaster urged customers to mail earlier whenever possible:

Domestic Mails (Except Alaska and Hawaii):

a. Distant States, parcels, Dec. 1; greeting cards, Dec. 10.

b. Local & Nearby Areas parcels, Dec. 1; greeting cards, Dec. 15.

Alaska and Hawaii:

a. Surface Mail, parcels, Nov. 30; greeting cards, Dec. 4.

b. Airmail Mail, parcels, Dec. 14; greeting cards, Dec. 14.

In addition Postmaster Holt noted several key dates applying for civilian international mail, as follows:

To Canada and Mexico — Surface Parcels, Dec. 4; greeting cards, Dec. 9; and Air parcels, Dec. 16.

To South and Central America — Surface parcels, Nov. 13; Greeting cards, Nov. 18; and Air parcels, Dec. 14.

These same dates apply for the various types of mail for Europe.

Dates for international mails to other parts of the world are usually posted in post office lobbies, but, in case of questions, consult the local post office.

Earlier, Postmaster Holt announced deadlines required on military mail going overseas, as follows — Nov. 6 for surface parcels, Nov. 20 for "SAM" (space available parcels), and Nov. 27 for "PAL" (parcel airlift service). Further details on these basic parcel services for the military, as well as dates applying for other mailings to servicemen are also available at the post office.

### EMPHYSEMA

It was revealed in TRIAL Magazine that the mortality rate for emphysema—acknowledged to be caused primarily by air pollution—has jumped 500 percent in New York City in the past 10 years. Deaths from another pollution-linked disease, chronic bronchitis, rose 200 percent in the same period. The problem in stopping this rampant epidemic is that there is no hard evidence as to which air pollutants cause the diseases. But the chief of the government's Health Effects Research Program said, "We may have to regulate our air supply before we have complete knowledge about air pollution."

People who cook with pride cook with GAS. Mrs. Alex Zotos does.

Some of the world's best cooks are found in the kitchens of America, and they give themselves every cooking advantage, like gas range cooking. Good cooks like Mrs. Zotos and nine out of 10 professional chefs agree that precise temperature control makes the difference in good cooking, and with gas you get exactly that. Gas also gives immediate response and constant temperature, so important in oven cooking.

So, give yourself every advantage and cook with gas. Remember, people who cook with pride cook with gas.

Here's one of Mrs. Zotos' favorite recipes.

#### CHICKEN OREGANO

Mrs. Alex Zotos, 3622 Maple, Odessa

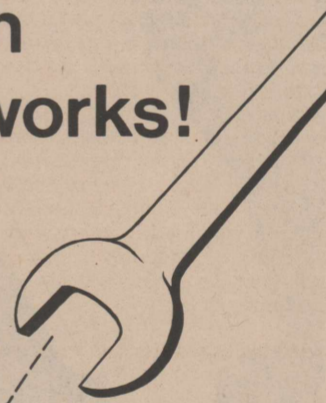

Quarter 2 fryers. Wash and dry; and squeeze juice of one lemon over pieces. Salt, pepper and paprika chicken on both sides. In large skillet melt 1 stick butter and quickly brown chicken pieces. Place in oblong pan. In butter left in pan add 1/2 cup red wine, 1/2 can tomato paste (3 oz.), 2 cups water, 1 tablespoon celery flakes, 2 cloves garlic. Bring to boil. Pour over chicken. Sprinkle about 2 1/2 teaspoons oregano over chicken. Bake covered for one hour at 350 degrees; uncover last 10 minutes for browning.

#### Meat and Rice Dressing

Saute 2 onions, chopped, in 1/2 stick butter, add 1 cup uncooked rice; saute together until golden. Add 1 1/2 lbs. ground round and brown. Add 1/2 teaspoon cinnamon, 1 teaspoon comino, pepper to taste, 2 1/2 teaspoons salt, add 1/2 cup sliced mushrooms, 2 1/2 cups water and 1/2 cup red wine. Cook until done about 20 minutes. When cooked toss in toasted pecans and almonds, if desired. Serve sauce from chicken over all.

The world's future depends on children. Unless they receive the care and education they need, they will not be able to grow into useful productive adults. The United Nations Children's Fund helps the world's children with aid to education. When you help UNICEF you are buying life insurance for the world.

MRS. J. P. HUKILL

## Cook Of The Week

Recipes for dishes which are favorites with her family are those shared this week by Mrs. J. P. Hukill of the Hart Camp Community.

Inis Hukill grew up in Haskell County and moved with her parents to Fieldton in 1929. Her dad was manager of the gin there. Her husband, Paul, had lived in the Fieldton-Hart Camp area since he was 15.

With the exception of three years when the Hukills moved to Denver, Colo. for their son, Wayland Dean's asthma, the community has remained their home. They have another son, Dewey.

Both sons graduated from Olton High School. Wayland Dean married Sue Sullivan, a Hart Camp girl. They live with their two daughters and son on a farm near Farwell.

Dewey married the former Pat LaFrance. They have two sons and a daughter. Dewey, who earned his American Farmer degree as a Future Farmer of America, farms with his dad.

Two or three years ago, Mrs. Hukill met the first person who shares her name. That Inis was a clerk in a Lubbock shoe store who happened to wait on Mrs. Hukill. Curious about how that woman got her name, Mrs. Hukill returned to the store a few weeks later.

Amazingly, the two discovered that each had been named, by their mothers, for an old maid school teacher in Erath County. Both mothers are no longer living so the two can not be certain, but they believe both must have been named for the same person.

Inis is very active in her church, the Baptist Church at Fieldton. She has taught Sunday School classes from the "cradle up". More recently, "against my better judgement," she teaches the adult class. Attempts to "resign" have not been successful.

She has worked for many years with the Vacation Bible School but this past year, took the "easy job" - being responsible for daily refreshments. She is also active in Women's Missionary Union.

Until this fall, Inis has enjoyed helping her farmer husband by hauling cotton. This year, with help from son Dewey and a hired hand, she was no longer needed for that help. "Retired" from helping with the harvest, Inis devoted her extra time to making a large Christmas tablecloth of red felt.

Through with the time-consuming job of sewing beads and sequins, all she has yet to do is to add her golden fringe.

### MEXICAN DISH

Break up 5 or 6 tortillas in bottom of square baking dish. Brown 2 pounds hamburger meat that has been salted. Add pepper and garlic salt (to taste). Brown and add one medium chopped onion. Add 1 small can chopped green chilies, 1 can cream of celery soup with 1/2 can water. Mix well and pour over tortillas. Sprinkle grated cheese on top and bake in 350 degree oven, 30 minutes.

### CRANBERRY SALAD

Grind 1 quart raw cranberries. Mix in 2 cups sugar

## Park And Wildlife Areas Discussed In Garden Club

Meditation, "Thoughts of Thanksgiving" presented by Mrs. George Brown was followed by prayer, offered by Mrs. George Bohner.

An arrangement suitable for Thanksgiving was made and discussed by Mrs. A. D. Melton. The program, "Palo Duro State Park and Muleshoe Wildlife Refuge" was discussed by Mrs. Raymon Carson.

Announcement was made of the Garden Club Council meeting to be held Dec. 3 in the Reddi Room at Littlefield. Mrs. Harry Williams of Levelland will demonstrate Christmas decorations.

Refreshments were served to one visitor, Mrs. Lloyd Gra-

## Mrs. Carson Hosts Meeting

Mrs. H. B. Carson was hostess to Olton Study Club Monday night when the subject for study was "Women in the News." Thoughts of Thanksgiving were presented by Mrs. Ray Slatten.

A study "Women on the National Front" was given by Mrs. C. S. Silcott. Her discussion included a short analysis of current fashions, buying trends and political status of women. Also examined sketchily were Equal Rights for Women and the Women's Liberation Movement.

Christmas gifts for the State Hospital were brought to the meeting for later packaging.

In attendance were Mmes. Jack Straw, Roye Aikman, Bailley Hair, Raiford Daniel, Bill Yates, J. E. Fuller, E. R. Spain, J. L. Carson Jr., Slatten, Silcott and the hostess.

## Cotton Marketing Study Released By Specialist

A comparative study of the "cotton margin" and "blend margin" realized by textile mills over a 38 month period has led an Arizona marketing specialist to conclude that "...arguments favoring a lower selling price for cotton are ignoring reality."

The study was made and published, respectively, by C. Curtis Cable, Marketing Specialist, and George Alstad, Editor, Extension Service and Agricultural Experiment Station, University of Arizona, Tucson.

"Cotton margin" is defined as the difference between the price paid for a pound of raw cotton and the price received for the fabric obtainable from a pound of raw cotton. "Blend margin" in the study was figured as the difference between the price paid for a pound of blend fiber and the price received for the resulting 65 percent polyester and 35 percent cotton product.

As of Sept. 1969, a pound of cotton fiber at the mill door cost 24.76 cents and the finished product from that fiber sold for 68.79¢ -- a cotton margin of 44.03 cents. On the same date a pound of blend fiber at the mill door cost 49.94 cents and the fabric value was 109.46 cents -- a blend margin of 59.52 cents.

Thus, according to the study, mills in September, 1969, realized 15.49 cents more gross profit from 65-35 blends than from all-cotton fabrics. The difference between the two profit margins over the 38 months was as great as 38.20 cents in January, 1968, and as small as 6.03 cents in June, 1967. But the margin disparity was 15.49 cents or greater in 26 of the 38 months studied, and was above 15 cents for all except one month of the last two years.

Cable and Alstad concede that "if during the last three years the difference between blend mill margin and cotton mill margin had been no greater than the 6 cents of June, 1967, efforts to reduce the price of cotton to mills and make it more competitive might have had a reasonable chance of succeeding."

But with the margin difference of 15 cents or more that has prevailed for the past two years, "cotton growers would have to reduce their costs and selling prices by 15 cents per pound to make the all-cotton

margin equal to, or as attractive as, the blend margin." Cotton fiber, then, would have to sell at the mill door for less than 10 cents per pound.

It is further pointed out that for four of the 38 months studied the difference between the two margins was greater than the value of the all-cotton fabric. And Cable stated "This means that even if the cotton had been given to the mills at no charge they still would have realized a higher margin on the blend than on all-cotton."

Other factors, of course, go into a mill's determination of net profit as opposed to gross margin. These would include cost of maintaining fiber inventories, cost of mill operation, marketing costs and other expenses. But it is at least an even bet that injecting these factors into the profit picture of both fabrics would not greatly improve cotton's position.

Cable also notes that "gross margin" is of primary concern to garment makers and retailers as well as textile mills. When a retailer pays \$3 for an all-cotton shirt and sells it for \$6 he has a gross margin of \$3. If he pays \$5 for a 65-35 blend shirt and sells it for \$10, his margin goes up to \$5, and he has to sell only 60 blend shirts to obtain the same gross profit as he'd get from selling 100 cotton shirts.

"If this example is even close to reality, can there be any doubt as to why it is becoming increasingly difficult to find all-cotton shirts on the retail shelf?"

It appears obvious from the Cable study that farmers cannot hope to close the gap between cotton margins and blend margins by reducing the price of their raw fiber. The only other way to improve the cotton margin is to increase the mill's selling price of the fabric obtainable from a pound of cotton. And that can only be done by enhancing the value of cotton fabric in the minds of consumers, just as man-made fiber makers have done for blends, through product development and promotion.

## Bob Price Continues Working For American POW's Release

Congressman Bob Price (R-Texas) has arranged a second meeting with Deputy Chief Nguyen Minh Vy of the North Vietnamese Delegation to the Paris Peace Talks for Nov. 23 for further discussions on the release of American Prisoners being held by the Communists.

At their first meeting Sept. 11, Price gave Vy a list of Americans including some Texans who are prisoners or have been listed as missing in action. The Texas Congressman also requested safe passage to Hanoi to inspect prisoner of war camps.

## Lamb County Agent Offers Tips For 1971 Fertilizing Program

With the grain sorghum harvest completed and cotton harvest well under way, County Agricultural Agent Buddy Logsdon suggests giving some thought to next year's fertilization program.

Research conducted by Texas A&M University together with farmer experience strongly supports the practice of fall fertilization for next year's crops, points out Logsdon. Fall application is especially advantageous on the heavier irrigated clay loam soils.

No appreciable loss of applied nitrogen in the form of ammonia or ammonium carrying fertilizers can occur through leaching after soil tem-

peratures drop to 50 degrees. Temperatures on Nov. 3 were slightly below this level and will now decrease rapidly.

Phosphorus and potash can also be fall applied to advantage ahead of land preparation, adds Logsdon. This assures incorporation into the soil so that the relatively immobile phosphorus will be deep enough in the root zone to feed the crop throughout the growing season.

Weather conditions are generally better for fall application when the soil is dry enough to support heavy equipment with less hazard of soil compaction. Also the fertilizer dealer is not as rushed now as he will be just before the planting season. So he

can give more personalized attention to your particular operation.

Having your fertilizer applied in the fall will save you time and bother next spring, particularly if the season is wet, contends Logsdon. If the soil is dry, fall application will conserve moisture for planting.

If you have doubts as to the kind and amount of fertilizer needed, Logsdon suggests to come by his office for information on soil sample collection and mailing. The \$2 spent on a soil test now could make a real difference in your crop yields in 1971.

## High Plains Research Told

For the second year in a row at the High Plains Research Foundation, wheat responded to an irrigation applied at the jointing stage of growth compared to a delayed irrigation at the early boot stage.

In research studies this year, scientists reported an increased wheat yield of an average 15 bushels per acre when the wheat was irrigated at the jointing stage of growth. After the irrigation at jointing or early boot, irrigation was applied to both methods at the head and soft dough stages of growth.

Two years of study of irrigation applied at the jointing stage showed an increase in yields from 34.3 to 43.2 bushels per acre when compared to the delayed irrigation.

According to Jim Valliant, soil scientist, the jointing irrigation method more efficiently utilized irrigation and rainfall producing more bushels of grain per acre-inch of water. "This increase in water use efficiency was obtained even though the jointing irrigation method required 3.8 inches per acre more irrigation," Valliant said.

### RETURNS HOME

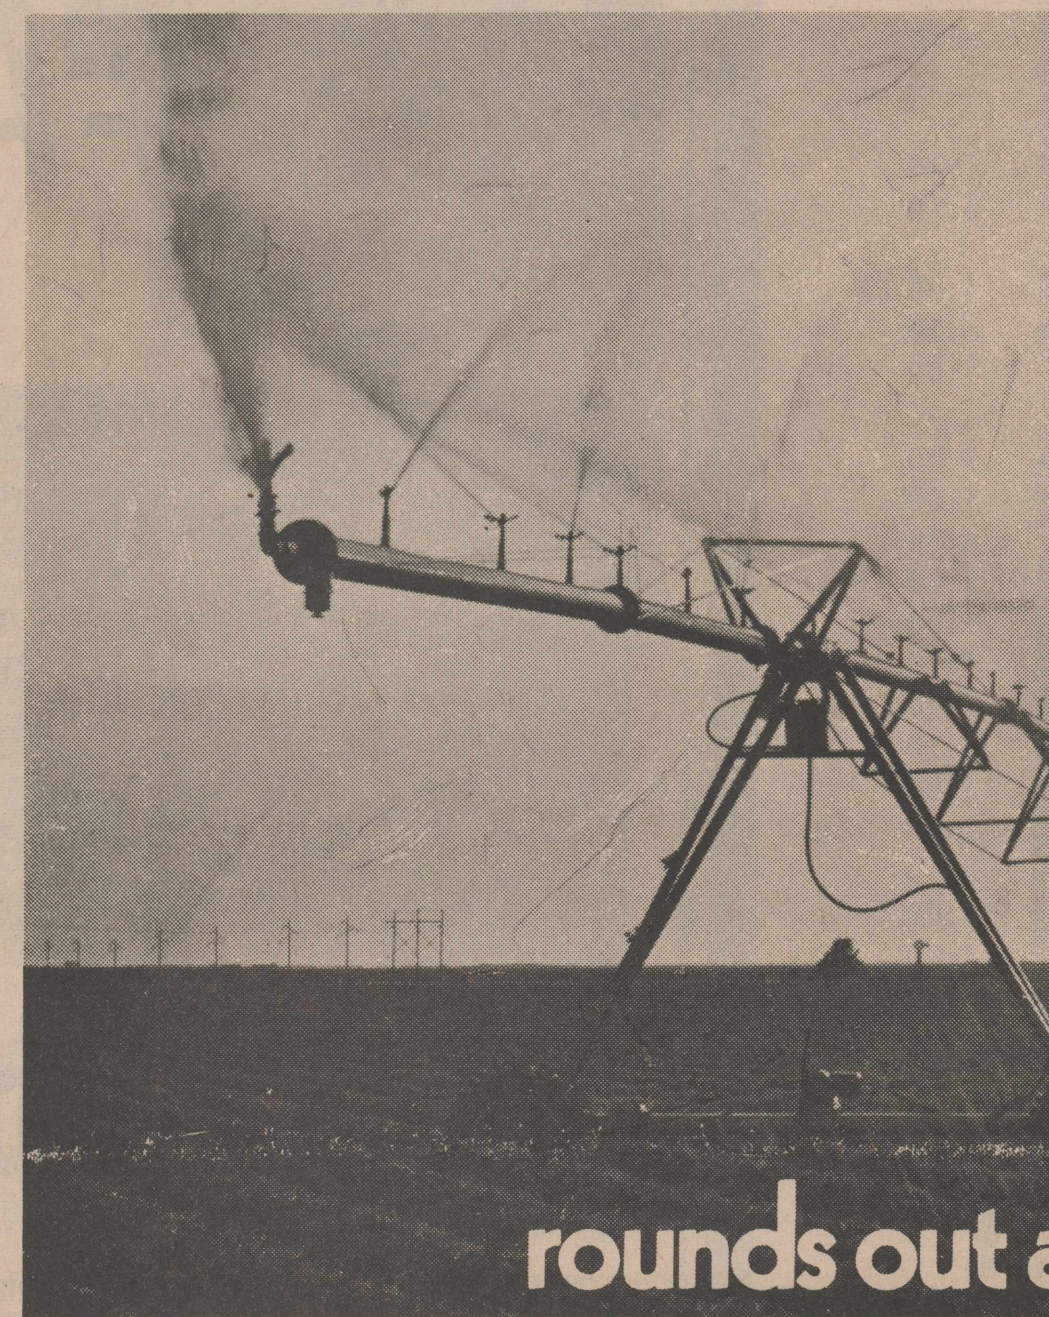

Janie Jones came home Thursday from the Central Plains Hospital of Plainview where she had surgery.

### RECENT GUESTS

Visiting recently in the J. L. Carson, Jr. home was Mrs. Carson's cousin, Mrs. Ruth Williams. Also Mrs. Carson's brother, Jim Ross. Both are from Dallas. GIFFORD-HILL'S  
**360**  
SPRINKLER SYSTEM

Beautiful days oft times come at the wrong time. You might just as soon see a gentle, soaking, half-inch rain. But because Mother Nature isn't always as dependable as she might be, Gifford-Hill has stolen some of her thunder.

The electrically powered 360 sprinkler system lets you schedule your own rain. The exclusive sprinkler spacing concept applies the same amount of water at one end of the system as it does at the other. No puddling. No runoff.

The 360 goes in either direction, uphill or down. It will water a quarter-circle, a half-circle, any portion of your field with the exact amount needed. And the positive gear drive motor lets it move only when you want it to.

You should have a 360. On those beautiful sunny days, you'll have everything going for you, including the rain.

# Newspapers & Ice Box Raids Customs Missed By Oltonite

"It's nice to be home, it's nice to be alone, it's nice to have room to yourself, it was especially nice to ride as I did recently into the sunset on a Texas plain and see absolutely no movement," said Topper Maxey.

Christopher W. Maxey, son of Mr. and Mrs. H. B. Maxey Jr. and Olton graduate of 1965, has spent the past fourteen months with the Army Security Agency as a "translator-interpreter" in very crowded Taiwan.

After 47 weeks of intensive study of Chinese Mandarin, the official language of both Nationalist and Communist China, "Topper" left America in August 1969 assigned to the island of Taiwan. Some 250 miles long and 120 miles at the widest point, this is the home of 14,000,000 people. Approximately 2 million of these are natives of mainland China who have been forced to flee the country now dominated by the Red Communists.

According to Maxey they are a very friendly people and he made many pleasant associations and close friendships with them as he lived among them. To help fill his days and to learn more of the people and their culture he taught Conversational English in some of the smaller language schools. He found that "having an American friend and speaking English" were status symbols among the fast growing middle class. He feels he has profited by both.

When asked about the climate of this lush green land he said "It really rains there, the first October we had two typhoons in one week, and caught 60 inches of rain in three days!" The most severe winter days are in December, January and March when the humidity hovers around 90 percent and the temperature around 50 degrees.

Maxey was stationed at Shu Lin K'ou in the northern reaches of the island. In the valley surrounding that air station tea is grown, and to the south rice, bananas and pineapple. Bricks were made too from the suitable clay soil.

"But their traffic is something else - they drive like maniacs." The better roads are four lane, with slower side lanes for bicycles and motorcycles in which it was not uncommon for a taxi to make a U-turn. Most of the cars are Japanese makes and they are less orderly than the larger busses. He chose to ride the busses for safety.

Maxey learned to like Chinese food quite well, in fact he said he was already missing it. From his collection of Far East cookbooks, and the two complete sets of China that he brought home he expects to try to serve up some tasty delicacies in the future.

Some of the very odd tidbits served with tea in a big glass were water melon seed, sun flower seed, dried beef, chicken intestines, eel and squid.

In thanking the Enterprise reporter for having furnished him with The Olton Enterprise during his stay, he said that along with the American custom of raiding the ice box the thing he missed most was access to newspapers. In a world where there is so much going on there was no way to learn about it. The few publications he read carried no dateline and were therefore unsatisfactory.

He said of course there were times when he felt depressed and bored but "time ran out" before he got to do all that he would have enjoyed on the island. He made one trip to Hualien, a resort city midway of the east coast; one trip to Hong Kong which was a great experience; and he would truly love to visit the Chinese mainland if that were possible.

After his ten days at home Maxey reports soon for his next assignment in Charlottesville, Va. which of course will be quite different to say the least.

## Mrs. F. M. Holland Visits

### Granddaughter, Sees Sights

Mrs. F. M. Holland returned Monday from Willingboro, N. J. where she visited with her granddaughter and family, Mr. and Mrs. Edward Featheringill, Lynda, Lance and Layne. Mrs. Holland viewed historic points in Philadelphia, Pa.

In Washington D. C. she saw the capital building and Washington, Lincoln and Jefferson memorials. She viewed John F. Kennedy's grave.

Mrs. Holland was amazed at the beauty of the scenery in that area. The autumn foliage of the maple and oak trees was strikingly colorful.

She admired the red cranberry bushes which she said are about three feet in height. There had been no freeze there this season. Grass was green and

some flowers were in bloom. Mrs. Holland was surprised at the warmth of the current temperature.

Making the trip by plane, she stayed in Plainview Sunday night with her son and his wife, Mr. and Mrs. Price Holland, who met her at the Lubbock airport.

## Former Drug Addict Speaks Thursday Evening To PTA

Ray Bradshaw of Cotton Center was guest speaker Thursday evening at the regular meeting of Olton Parents-Teachers Association.

REV. JOHN LEWIS

### Rev. John Lewis To Be Honored

In November of 1955, the Rev. John E. Lewis assumed the pastorate of the First Baptist Church of Olton. Sunday, Nov. 22, he will be honored by his congregation at an all-church dinner in the Olton School Cafeteria in commemoration of the 15 years of his ministry here.

Rev. Lewis pastored churches at Seymour and Henrietta prior to his coming to Olton.

Son of a Baptist minister, he graduated from Baylor University and Southwestern Theological Seminary in Fort Worth. He and his wife, Cathryn, who teaches in Olton Junior High School, have three children and a 17-month-old granddaughter, Cathryn Holliman. Their children are Mrs. Ralph Gassiot of Midland, Mrs. Gary Holliman of Houston and Johnny, a sophomore at Howard Payne College.

Active in denominational affairs for more than 30 years, Rev. Lewis has established one of the longer tenures of service to one church.

## Lamb County 4-H Awards Given At Recent Banquet

Lamb County 4-H'ers were recognized for their achievements and accorded their awards at the annual 4-H Achievement banquet held in Littlefield High School Cafeteria Nov. 7.

Serving as master of ceremonies was Kerry Wheeler of Olton, and as mistress of ceremonies, Debbie Field of Sudan.

Motto and pledge were under direction of Aubrey Pitts of Pleasant Valley. Welcome was extended by Sandra Mills of Amherst. Jerry Ogery made the introduction of guests.

Reporting on the year's activities were representatives of the various 4-H clubs, each giving a run down of events attended, projects completed and goals set for the future.

Special speaker for the event was Raymond Akin of Plainview who commended the youth of the county in their achievements and recommended them to the public as tomorrow's leaders. He commented that "these are the youth who know where they're going," Akin was introduced by Danny Cardwell of Sudan.

Lady Clare Phillips, county home demonstration agent, introduced the Gold Star Girl, Miss Vicki Cook of Littlefield, an eight year member of 4-H.

Bobby Brunson, assistant county agricultural agent, introduced Richard Fox of Earth as Gold Star Boy. Fox also is an eight year member.

Other awards were presented by Judge G. T. Sides and Buddy Logsdon, county agricultural agent. These included the Achievement Award earned by Kerry Wheeler. The object of this category is to develop leadership talents and to work toward the broad objectives of character and effective citizenship.

The Clothing Award, planned to develop skills in choosing clothing they make or buy, was presented to Kathleen Hulsey. Winning the Leadership Award was Marlos May. This program provides opportunities for boys and girls to learn and apply the knowledge, skills and attitudes necessary for effective leadership in a democratic society; and recognition to 4-H boys and girls who have demonstrated leadership abilities in their communities and counties.

Pamela Gallaway won the swine award; Mickey Pittillo the sheep award; and the Olton Club was awarded the Blue Ribbon.

First year pins were awarded Nancy Britton, Virginia Daugherty, Connie Kennedy, and Mary Ann Minjares. Also Rod-

ney Smith, Mark and Monty McFadden, Jay Harrell, Kenneth Farr, Robert Offield, Favian Minjares and Leon Sanders.

## The Wakita Hospital Story - A Dream Come True

A quiet little community in the northern part of the state of Oklahoma saw a need and set out to meet those needs.

Wakita, a town with a population figure of only 500, were without a hospital or a doctor and the residents in the area felt a responsibility to find a way to provide medical care to its population.

And today, after much hard work their dream is a reality. The town now has the finest, up-to-date medical care that is available anywhere.

They have built a community health center which provides a clinic, emergency treatment facilities, a 29-bed hospital, 13 of which are approved for extended care units, a 22-unit nursing home and a pharmacy.

The Community Health Center is located on a six-acre site which was donated by the late Clarence W. Lewis and Mrs. Lewis, former Wakita residents.

In addition to this land, the hospital also owns a 17-acre tract of land which will be sold for new residents. Located on this 17 acres is one of the most modern apartment houses, which was built as a part of the project because of the scarcity of rental property in Wakita.

The medical center is sponsored by the University of Oklahoma Medical Center as a part of the University's "Project Responsibility". A first in the nation, the health center program is a private enterprise, financed by the people of the area, without federal loans or grants.

A lot of planning and determination went into the project at Wakita.

A group first formed the Wakita Industries, which sold preferred stock with four per cent interest. This netted the organization \$150,000. This is the figure that had originally been set as a goal for a hospital.

However, they realized that the type of medical care facilities they wanted could not be acquired for this cost, so another

corporation was formed. Wakita Clinic, Inc., formed as a profit corporation, was to raise funds for a nursing home. They collected \$100,000 in common capital.

The third corporation was formed in order that people who might want to make contributions to the hospital could do so. The James Dennis Medical Foundation was set up to receive gifts and tax exempt contributions.

Wakita Public Works was then formed and first mortgage revenue bonds bearing six per cent interest were sold to Liberty National Bank in Oklahoma City. This profited the hospital \$300,000. They also issued \$150,000 second mortgage revenue bonds, also bearing six per cent interest to purchase assets of Wakita Industries, which leaves only three corporations in the hospital.

Last Thursday, eight Olton residents traveled to Wakita to tour the medical center facilities in the hopes of learning how to go about getting this type service available in this community.

The hospital administrator showed the group through the facilities and answered all questions that the group asked.

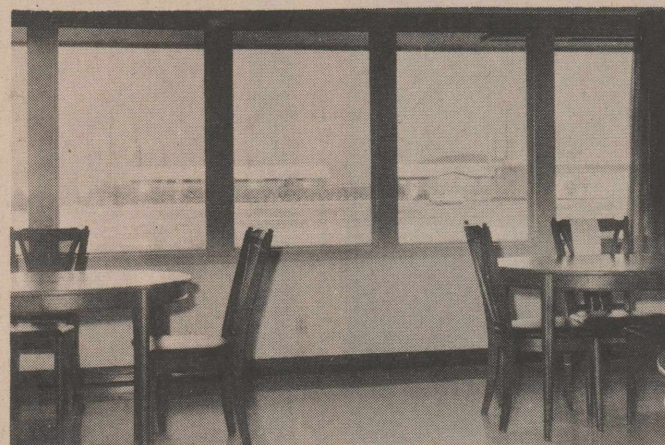

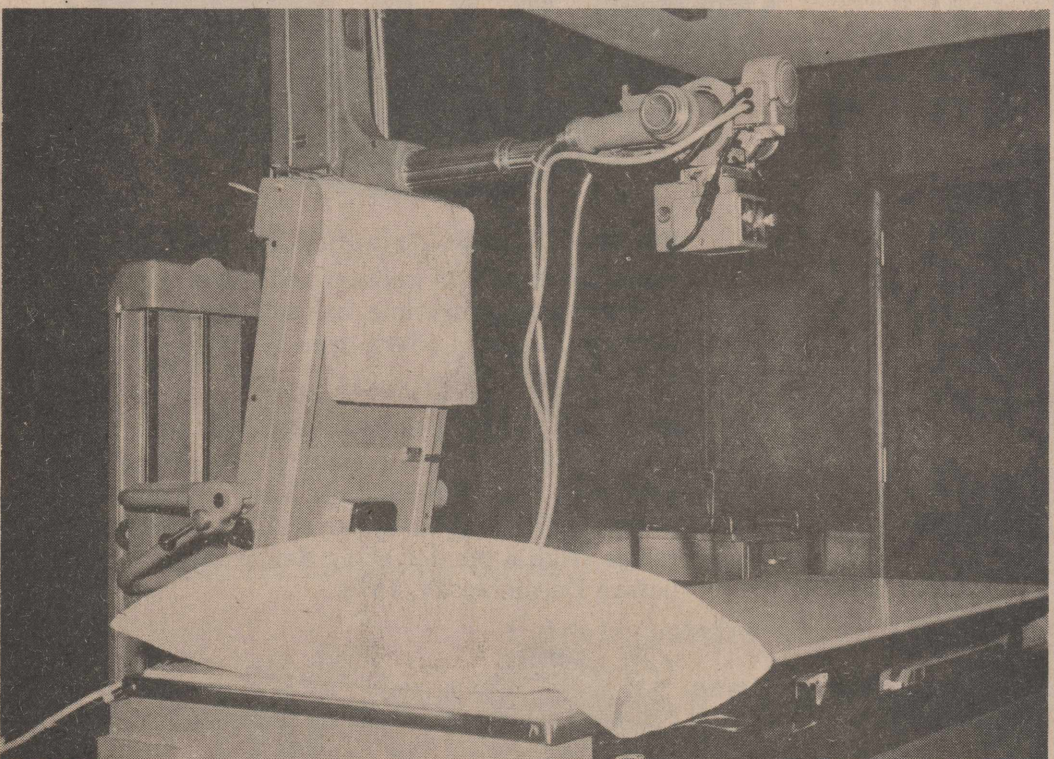

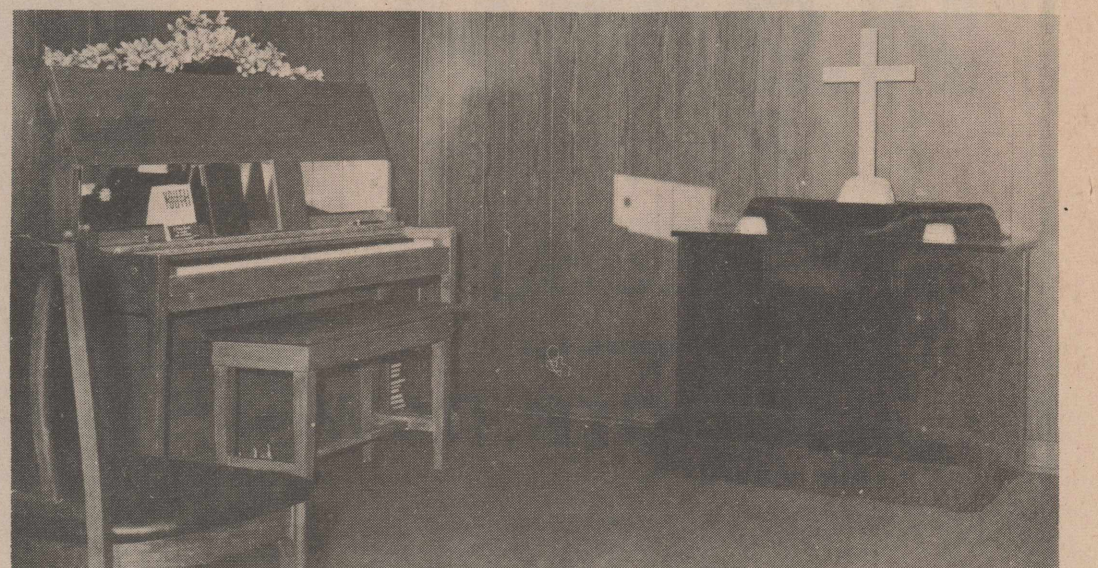

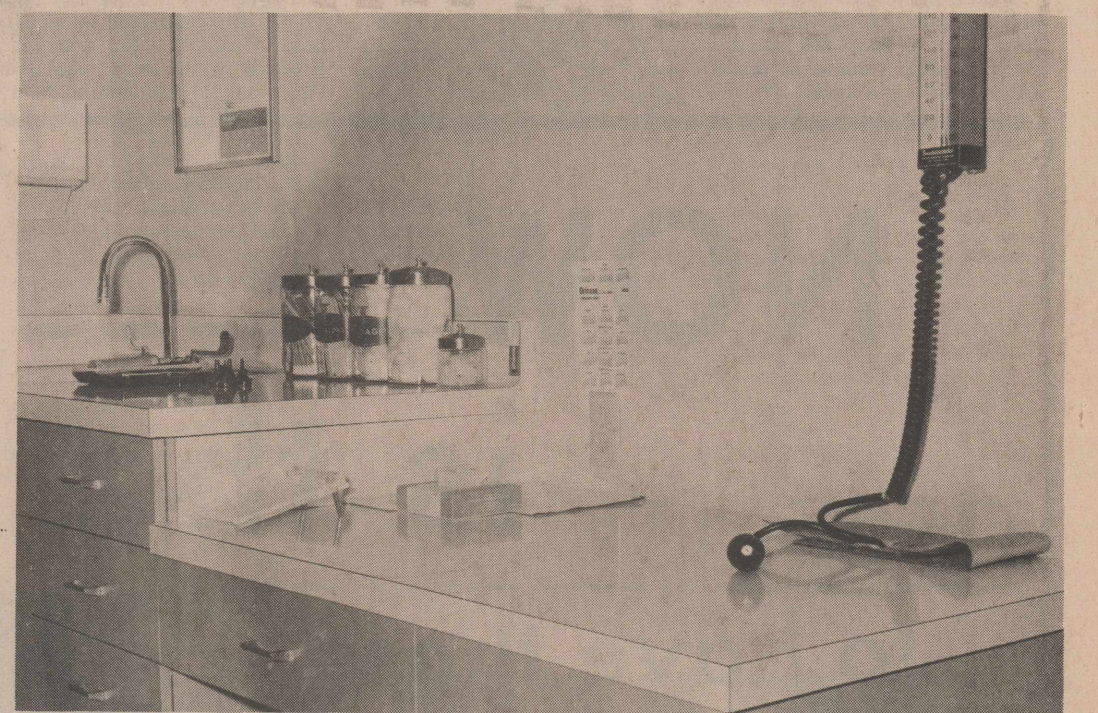

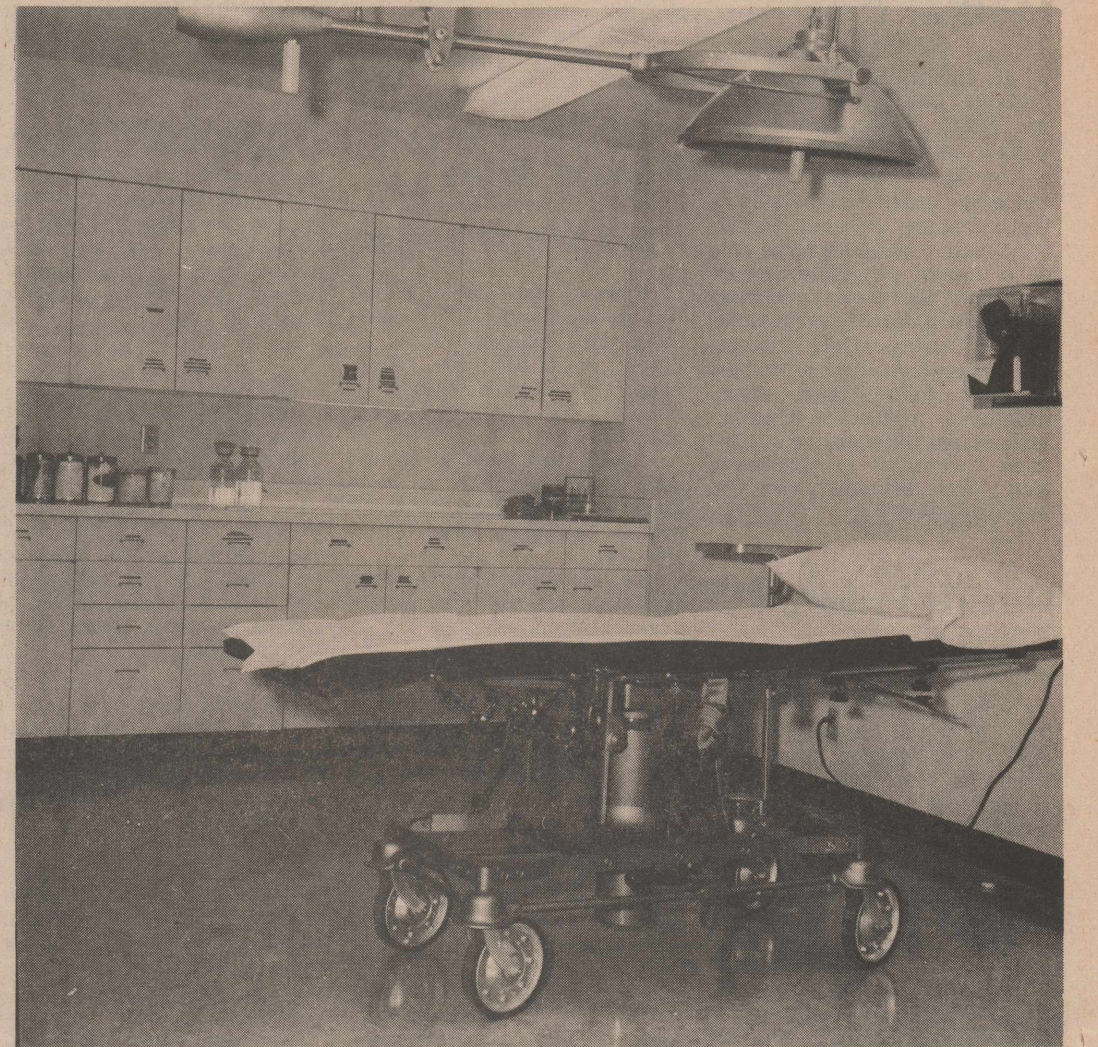

Since this was a "first", there are things that the people of the Wakita Medical Center would do different if they were to undertake a similar project.

They told the Olton group that the nursing home unit should have been larger and at the present time they are discussing the possibility of an addition to the unit.

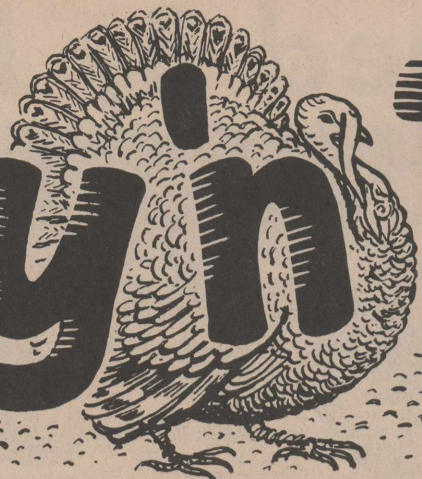

Although everything is not exactly as they'd like it to be, they feel that the residents of the Wakita area now are provided the most modern and best medical care facilities found anywhere in the United States rural areas.

There are those in Olton who feel that it is our responsibility to provide medical care such as this to the residents in this area.

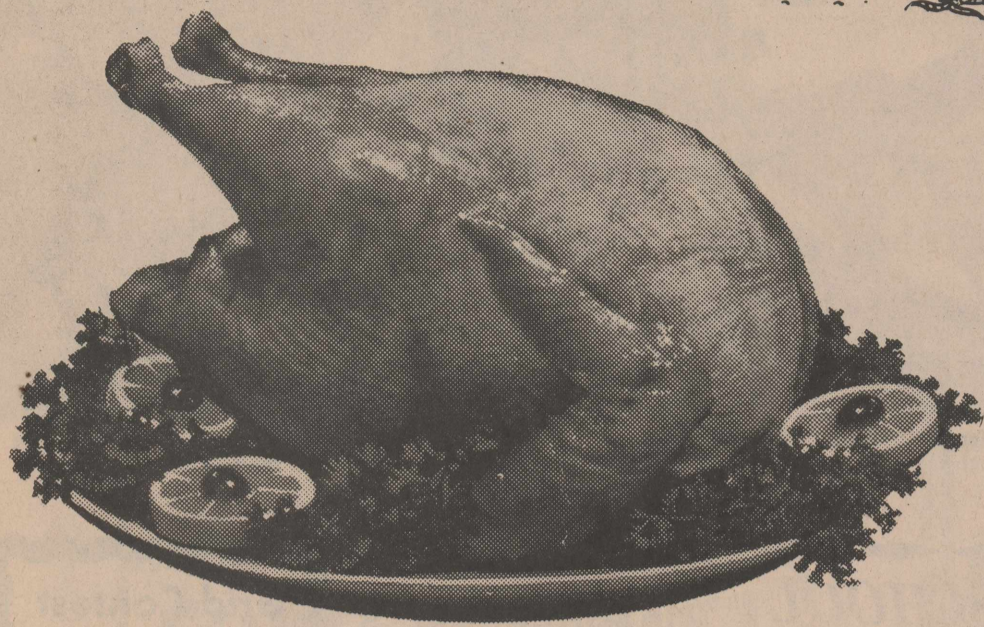

If a small community of 500 can provide a \$600,000 medical center for their population ... we believe that Olton can do as well.

Well, there just isn't much happening around the old school this week. All is well but that is about it! That is, all of us are well except for Janie! Get well, Janie; we miss you!! Report cards go out this week and we'll wait till next time to give the report on how many people are grounded and for how long. Hope not too many of us do get grounded!!

The Mustangs finished out the season last Friday night in Dimmitt with a 17-7 loss. Although we played to our best, the Bobcats proved mightier. We did finish with a 8-2 record which is pretty good. The Mustangs have nothing to be ashamed of and should be congratulated on making this past season one of the best!!!

WHO'S WHO...

Marsha P.: How about that?? Carlos: First, your jacket, now your ring????  
Oh, Yea, I would say something about... Views on Capital Punishment but some people might not like me for it. Diane: Doesn't it make you feel good to know that someone will take up for you?? THIS 'N THAT

Rosemary C. -- "Cracklin' Rosy"  
??? -- "I wanna be Bobby's girl!"  
Gary D., Johnny A. Gary K., Keith Workman, Kurt G. -- "After Midnight"

Recovering from an appendectomy, Janie spent most of her time in a wheelchair, along with a couple more of her hospital mates. The only thing they looked forward to all day was the grand entrance of their handsome doctor. They were all having quite a few laughs with the doctor until one day they saw a sign near his office saying UNAUTHORIZED PERSONNEL WILL BE TOWED AWAY.

The long haired teenager of the family, who suddenly had his hair cut, was asked, "How much weight did you lose in that operation?"  
"About 130 pounds," he said. "I got my mother off my back".  
Kath'Leen to Therapist -- "Oh, it's such a long story. If only I had the money to tell you."  
Poor weary Mrs. Walden to other teachers -- "It takes all kinds to make the world -- and every one has been in here today."

Did you hear about .... The girl that returned his letters marked "Fourth Class Male."  
The boy who sent his picture to the Lonely Hearts Club and had a reply come back that said "We're not that lonely."  
The girl who decided to be an airline hostess. That was the only job where she could strap a man down.  
Hey, did you know that it's only one week until we get out for Thanksgiving? Isn't that great? It gives us all time to recover from all the hard work we have been doing at school. Some of us haven't been doing well at all, but we know it takes energy just to show our faces at school. We will have 5 1/2 glorious days of rest and relaxation. Then, it's back to school. Maybe those few days will improve our feelings toward school.

The seniors will order their invitations Thursday morning. We can just feel it in our bones that school is passing at a remarkable speed. And then we might wish later on that it hadn't passed so fast.  
Well, we must go for now. Be sure to do your homework, help your parents out in time of need, take an interest in school, take your vitamins...

Jeana and Kathy.

# Mustangs Scratched By Bobcats, 17-7

By Elmer Houston

Olton got "froze out" last Friday night 17 to 7. A cold wind with a light mist blew straight out of the north hampering Olton's passing attack and Dimmitt made big defensive plays on the Mustangs' running game.

Dimmitt recovered a fumble on the initial kickoff and after three tries netted four yards. Hoyt Hestand kicked a 38 yard field goal after only 90 seconds of play in the first quarter. Four plays later, the Bobcats blocked a Mustang punt with David Nino picking it up and carrying into the end zone for the TD. Extrapoint kick was good and Dimmitt had the lead 10-0.

Favian Minjarez returned the kickoff 23 yards for the Mustangs out to the Olton 26. Next Parsons grabbed his first of 6 passes for the night at the Olton 34.

Keith Workman busted for three more for the first Mustang first down of the night at the Olton 37.

Stockdale, passing into the high north wind, had a first down pass fall incomplete and on second down Workman got 9 yards to the 46. Another pass on third down fell incomplete and Olton was faced with fourth down and one needed for the first down at the Olton 46. Stockdale punted into the wind and out of bounds at the Dimmitt 28.

Dimmitt quarterback Mark Wohlgemuth kept around the right end of the Dimmitt line on first down only to be downed at the Dimmitt 23 by Olton's Johnny Arroyos and Jimmy McCurry.

A pass lost to the 22 and another pass on third down fell incomplete to leave the Dimmitt cats with a punting situation on fourth down. The Bobcats punted to the Olton 42.

Olton's ground game couldn't get going on this series of plays as Dimmitt was able to make the big play and force them to punt on fourth down.

On the first play from scrimmage Dimmitt fumbled and Mike Parsons recovered for Olton at the Cat 28. Workman got two to the Dimmitt 26. Next Springer dropped a pass and two more fell incomplete to give the ball back to Dimmitt at their own 26.

Dimmitt found the Mustang defense led by Durham, Key and Garcia more than tough as they faced fourth down and 18 needed for the first from their own 18. Nino punted for the Bobcats, Minjarez being brought down on the Olton 41.

Workman picked up four to the 45. Stockdale circled his right end for the first down at the Dimmitt 47.

Marlos May broke through the Cat line and barged to the Dimmitt 31 breaking five tackles in the process. He got 6 more on first down again to the Dimmitt 25.

A penalty moved the ball to the Dimmitt 12 for another first down. May got two hard yards to the 10 and a pass fell incomplete for the second down try.

But third down found Olton fumbling with Dimmitt recovering to kill the Mustang threat and end the drive on the Dimmitt 8.

Once more the tough Mus-

tangs defensive unit held forcing the Cats to punt on fourth down. But Dimmitt still had a 10-0 lead and haven't made a first down yet, and it's also the second quarter of play.

This time Dimmitt had punted into the wind with the ball falling dead on the Cat 19. Workman got 7 to the 12 and a penalty moved it to the 6. On second down Stockdale narrowed the gap to 10-6 as he crossed into the end zone on an option play around left end. His kick for the extra point was good also to narrow the gap to 10-7.

Frierson took Stockdale's kick off three yards deep in the end zone and returned it 16 yards to the Dimmitt 19. Dimmitt finally got their first first down of the game with 7:42 left in the second quarter as Frierson moved it out to the Cat 29.

A pitch out around left end moved Dimmitt to the 38. Anes got five yards to the 43 for the needed first down.

But once more the Mustang defense tightened and forced Dimmitt to punt with the ball rolling dead on the Olton 29.

Olton started downfield with the wind one more time. May got 6 yards to the 35. But a penalty moved it back to the Olton 30. On second down Stockdale passed to Parsons at the Dimmitt 36 for another first down.

May got 2 to the 34 before Parsons caught another pass at the 25 for the first down. Workman got four on first down to the 21. On second down Stockdale put it in the air again only this time Dimmitt's Frierson intercepted it in the end zone and returned it to the Dimmitt 27.

Dimmitt managed to run three plays to end the half still leading in the scoring with a 10-7 lead. Dimmitt had managed two first downs in the first half and only four for the game to Olton's 11.

Olton had the wind to their back the third period and kicked off to Dimmitt with the kick going out of the end zone and being brought out on the 20.

The Mustang defense forced Dimmitt to punt and Olton had to punt it back and then Dimmitt punted it back again, to put Olton in business at the Cat 28.

On first down Stockdale passed to May at the 20. Workman got one to the 19 and Stockdale kept on third down to the 16 for the first down.

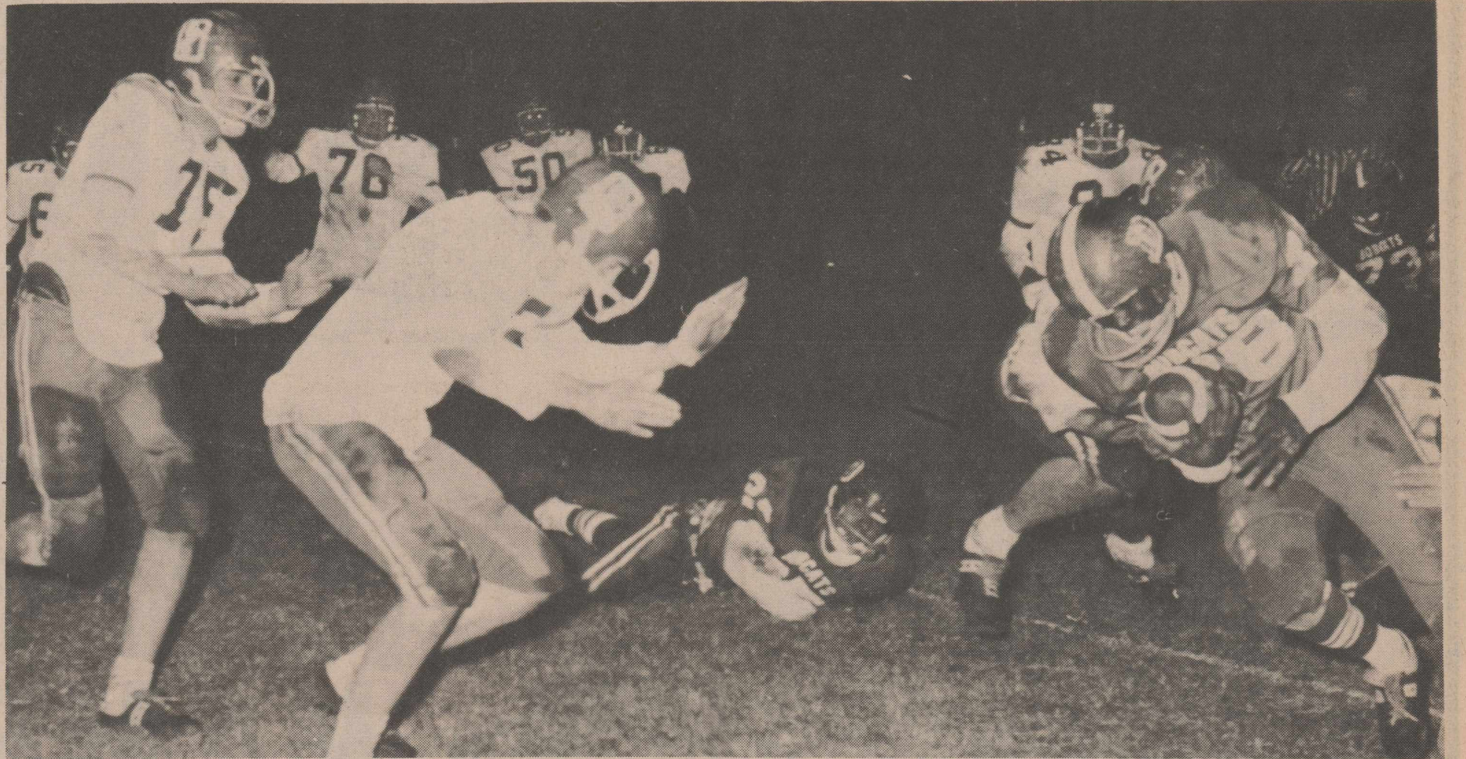

Two passes fell incomplete on first and second downs and Workman barged his way to the 13 on third down. A fourth down field goal try failed and Dimmitt started from their own 20 again.

Again Olton's line led by Jim McCurry and Arroyos stopped the Cats for two yards in three tries. Dimmitt punted to the Olton 49 this time.

Penalties and the cold high wind kept Olton from moving again and they punted to the Dimmitt 8 this time.

Dimmitt managed a first down this time as they moved to the 19 with Anes doing most of the work. But the Mustang defense stopped them cold again with Dimmitt punting to the Olton 45 again.

On first down Mike Parsons tossed an end around pass to an Olton receiver only to have

MUSTANG DEFENSE was tough during the Dimmitt-Olton game last Friday night, but not quite tough enough. Coach Jerry

Blakely said that he felt like the Mustangs played their best defensive game of the year despite the fact that they lost the game, 17-7.

On second down Anes broke 32 yards for the second Dimmitt TD of the night. Extrapoint try was good to give the Cats the 17-7 lead and the game.

Olton took the kickoff and marched once more up the field with Workman getting good yardage rushing and Parsons made another great catch to give a first down at the Cat 39.

Once more Workman broke loose and this time he rambled to the Dimmitt 19. Parsons caught another pass to the 14 and May got one to the 13. On fourth down Workman got over on their 11 to run three plays before punting to Olton again at the Olton 16.

The gallant Mustangs got two more first downs in moving into Dimmitt territory before the clock ran out ending the game.

### Spain Is Member Tech Soils Team

Steve Spain is a member of the Texas Tech University Soils Team which traveled to Nogochos last week. There they took top honors in the regional contests conducted Friday through Saturday.

Texas A&M came in second and University of Arkansas placed third.

By placing first and second in the regional contests, Texas Tech and Texas A&M teams became eligible to compete in the national contests to be held at the University of Arizona, Tucson, in the spring.

Spain is the son of Mr. and Mrs. Don Spain. Other members of the team are Jerry Bigham, Lockney; Terry Whigham, Tulia and Ray Bryant, Plainview. Prof. B. L. Allen of the Agronomy Department is coach of the team.

### Thanksgiving Service Slated

A Thanksgiving day service has been announced by First Church of Christ, Scientist, located at 9th and Austin streets in Plainview.

Traditional hymns of gratitude will be sung by the congregation. Helen Aylesworth, soloist, will present "I Sing My Thanks To Thee". She will be accompanied by Mrs. Linda Wood at the organ.

Open to all faiths, the service will be held at 11 a. m. No collections of any kind are to be taken.
