Death Sentence Has Aroused Nation

Mrs. Beatrice Snipes

Clyde Snipes

A nation-wide movement is under way to obtain the release of Mrs. Beatrice Snipes, an expectant mother, of York, S. C., from her prison cell at Columbia, S. C., where she awaits death in the electric chair for the slaying of a rural policeman. Mrs. Snipes seized the gun of the policeman and fired in a frenzy when the officer struck her husband after halting their auto.

Withdrawal Of Troops Ordered By Governor Sterling After Occupation Of Oil Field In Area For 16 Months

(By The Associated Press)

TYLER, Dec. 21. — Three injunction suits were filed here late today against the shutdown order of the state railroad commission, one of which attacked the bottom hole pressure factor in the combination allowable formula contained in the amended order of Nov. 29.

J. R. Blades, deputy federal district clerk, said he was informed when the last named suit, which was brought in equity by Rowan and Nichols, was filed, that a hearing had been set for it before Judge James C. Wilson at Fort Worth for Saturday.

Go To Salt Water

The other two suits were styled J. Nye Ryman vs. C. V. Terrell, et al., and the Arp Refining company vs. C. V. Terrell et al. The former alleged that Ryman's west edge well would go to salt water as a result of the shutdown. The refining company's petition set out that it would lose $3,500 on contracts because of closing of the field.

The equity petition alleged that equitable proration of the field should be based on (A) acreage of the tract drained by the well; (B) thickness, porosity and permeability of the sand. It averred that taking the bottom hole pressure with the fluid in the reservoir static

Lady Furness Files Suit For Divorce From Husband

LONDON, Dec. 21 (AP)—Lady Furness, an American beauty who married into the English peerage, filed suit for divorce today against her husband, the ship building magnate.

The Associated Press was informed that the grounds for the suit will be misconduct. The suit is expected to be heard at the next term of court, but the hearings probably will be quiet, with no more publicity than is necessary.

Babe Says That A. A. U. Is Slow

(By The Associated Press)

BEAUMONT, Dec. 21. — Mildred Babe Didrikson, world's greatest woman athlete, announced tonight she has bid farewell to amateur athletics and is now a professional. Arriving home tonight from Dallas she issued a statement declaring she had accepted several offers made her, but emphasizing matrimony will not be among the things she will accept, "at least for the present."

"It is true that I have resigned my position in Dallas and that I am considering the acceptance of not one but several of the numerous offers that have recently been made to me.

"The action of the Southern A. A. U. in disqualifying me for further participation in amateur athletics — athletics being the thing I am most interested in and care for most — virtually made this decision for me. Several leading sports writers, friends made at the Olympic games, have advised me that the A. A. U. would have to reverse their decision eventually, but I have never played a waiting game. The A. A. U. has simply been too slow."

Burns Rushes To Governor And Kisses His Hand; Mother Of Ex-Convict Is Happy After Decision Is Given

(By The Associated Press)

TRENTON, N. J., Dec. 21.—Robert Elliott Burns was given his freedom tonight so far as New Jersey is concerned.

Governor A. Harry Moore refused to send the convict-author back to a Georgia chain gang from which he twice escaped.

Brutalities Described

After listening to tales of alleged brutalities in chain gangs, of the use of "sweat boxes" and "stocks" in Georgia prison camps, Governor Moore announced he decided the case "upon its merits." The United States constitution leaves the governor no apparent discretion in extradition proceedings, he said, but the United States and New Jersey supreme courts have ruled he may decide upon merits.

Burns, a short, nervous person, was pushed and pulled by spectators who rushed from the assembly chamber galleries to shake his

NEWARK, N. J., Dec. 21. (AP)—Robert Elliott Burns, whose extradition to Georgia on a charge of being a fugitive from a chain gang was denied today by Governor A. Harry Moore, formally was released from custody tonight by Police Judge Harold Simandl.

Asks Santa To Bring Sound Limbs

Eight times in her five years of life, the legs of little Betty Marks have been broken, owing, the doctors say, to lack of calcium in her bones. As a result Betty has spent her last three Christmases in bed. She is now in the Boston Hospital facing her fourth toy-time, a patient patient. She envies her dolly's sound limbs and wishes that Santa would bring her a leg that will not break so easily.

Big Vote For 3.2 Per Cent Bill Is Given

First Successful Move By Wet Forces In Either Branch Of Congress Since Passage Of Volstead Act

Proposal Passed To Doorstep Of Senate And Early Action After Christmas Holidays Promised There

By CECIL B. DICKSON
Associated Press Staff Writer

WASHINGTON, Dec. 21.—Trampling down all dry opposition, house wets jammed the Democratic 3.2 per cent beer bill through unchanged today and laid it on the doorstep of the senate where early action is promised.

The big vote, 230 to 165; approving the measure was the first successful move by wets in either branch of congress to modify the Volstead act since it became law 12 years ago. Shouts and applause greeted Speaker Garner's announcement of the bill's passage. The size of the affirmative vote surprised even most active advocates of the measure, including Speaker Garner, who said: "It was bigger than I expected, and shows that a majority of the house wants to follow the will of a majority of the people."

Proponents Are Happy

There had been some doubt in the minds of Garner and other Democratic leaders that enough votes could be mustered to approve it. They were happy tonight, backslapping each other. Majority Leader Rainey congratulated Chairman Collier of the ways and means committee for being the first to pilot through the house in the short session a major Democratic proposal.

"It will give the people a malt beverage to drink and the federal treasury much needed revenue," Collier said. "We got more than the number of votes we expected, but the opponents did not get as many as we thought they would."

Debate Is Exciting

Action came after three and a half hours of exciting debate, watched by a number of senators, including Robinson of Arkansas, Barkley of Kentucky, and hundreds of spec-

Earthquake Shocks Felt In Various Parts Of The West

SAN FRANCISCO, Dec. 21 (AP) — Earthquake shocks were felt last night and early today over a considerable portion of the far west and were attributed by the Carnegie institution seismological laboratory at Pasadena to the growth of mountains in Nevada.

After-shocks were experienced today, particularly in west-central Nevada, the apparent epicenter. Chimneys toppled and windows were broken at Fallon.

The main shocks starting at 10:11 o'clock last night, were felt over a wide area from Denver, Colo., to Long Beach, Calif.

Wiggin Resigns As Head Of Largest Bank In The World

NEW YORK, Dec. 21 (AP)—Albert H. Wiggin today resigned as active head of the Chase National bank, after 21 years of guiding that institution through its development to the largest bank in the world.

Wiggin will continue to be active in the affairs of the bank, it was stated, but asked that the heavy responsibilities of directing its affairs be placed on a younger man. He was chairman of the governing board of the bank. He will remain a member of the Chase board of directors and also of its executive committee.

Wood Hauler Held In Jail For Shooting

Young Cowboy Badly Injured In Shooting Affray After Dispute; Pistol Shot Hits Victim In Abdomen

(By The Associated Press)

PADUCAH, Dec. 21.—A shooting affray precipitated by a dispute over wood hauling today resulted in the serious wounding of Carl Holmberg, 22-year-old cowboy employed at the Swenson ranch.

Investigating officers were informed that Vic Goodgame, a wood hauler, had started to enter a ranch gate with a wagon to get wood. The Swensons have had their ranch posted against wood hauling for several years.

Told Not To Enter

Holmberg met Goodgame at the gate and told him not to enter. Officers were told that after an exchange of words, Goodgame persisted in his efforts to drive through the gate.

It was reported that Holmberg fired with a rifle but missed. Goodgame replied with a pistol shot which struck the cowboy in the abdomen.

Being Held In Jail

Sheriff Payne held Goodgame in jail at Paducah to await examining trial. Holmberg was rushed to a Paduch hospital.

The wounded cowboy is the son of A. Holmberg of Dumont, Texas, who has been manager of the Swenson ranch there for the past 30 years. Cowboys on the ranch had been instructed to allow no one to haul wood from it, officers were told.

Husband Blamed For Attack On Woman Treated Wednesday

A 25-year-old Lubbock woman, whom Lubbock sanitarium attaches said had been struck by her husband, was received for treatment at 11:35 o'clock last night. She was to remain for X-ray examination.

The woman had a large knot on the back of her head and one of her eyes had been blacked. Police had not been informed of the case an hour after the injured woman was admitted for treatment. The address given was on West Thirteenth street.

Harlis Murray Dies At Home Of Parents Here Wednesday

Harlis Murray, 26, died at 7:45 o'clock Wednesday night at the home of his parents, Mr. and Mrs. E. C. Murray, at 1112 Sixteenth street. The young man, a former utilities company employe here, had been ill about eight months.

Funeral services will be conducted at Bynum-Stahler funeral home at 2 o'clock this afternoon by the Rev. O. W Carter, pastor of the Asbury Methodist Episcopal church. Burial will be in a cemetery here.

Survivors are the parents and one sister, Mrs. N. T. Adams of Amarillo.

BANDIT GETS $10,200

LOS ANGELES, Dec. 21. (AP) — Using a bank stenographer as a shield and covering three other employes of the Melrose avenue branch of the Bank of America with a pistol, a robber forced the manager to open the vault today and pour $10,200 into a sack with which he escaped. He left the four employes locked in a back room.

Two Young Brothers Are Held In Oklahoma After Robbery; Loot Recovered

Troops Join Search; Five Others Being Hunted By Posse

(By The Associated Press)

LAWTON, Okla., Dec. 21. — Two young brothers, Earl Alford, 20, and George Alford, 18, of Sterling, were arrested late today for the robbery of the Indiahoma bank. They were captured as they lay in a grassy pasture four and a half miles south of Apache.

The loot of more than $1,000 was recovered. Earl Alford was wounded in the leg as he fled from pursuers. The boys surrendered to George F. Long, federal investigator, and Sam Standifer, former Kiowa county sheriff, without resistance.

Another Also Held

Roy Sims, 30, Duncan garage employe, was held for investigation. Officers said the Alford boys told them they agreed to pay Sims $25 for the use of his automobile, which Sims reported was stolen yesterday.

National guardsmen joined vigilantes and officers in the hunt after the two robbers fled on foot from their automobile, disabled by possemen's bullets.

Meanwhile, posses pressed the search for five men who robbed the First National bank of Lindsay, in Garvin county, of upward of $6,000, kidnaping four men, whom they later released unharmed.

Complete Agreement Looked For On Philippine Measure

WASHINGTON, Dec. 21 (AP) — Acting with an alacrity that surprised even the principals, congressional conferees on Philippine independence legislation reached a tentative agreement at their initial sessions today on all points of major difference between the senate and house.

Details of the agreement were withheld until the two groups have had an opportunity to see the draft in print. This was turned over to the legislative drafting clerks tonight and a complete agreement was predicted by noon tomorrow.

AGED MAN DIES

UVALDE, Dec. 21 (AP) — Funeral services were said today for Elanilado Gonzales, who claimed to be 111 years old. He was born in Mexico and came to Texas 99 years ago. He was a ranch laborer.

Cupid's Market Gains Strength

The matrimonial market was strong at the county clerk's office Wednesday, with buying the feature of the day.

Six deals, whereby five couples from this county and one from Lynn county will obtain recognized marriage credentials, were begun. The Texas state law, which has caused a slump in the market for three years, will require the participants to wait three days before consummation of the trades.

Experts attributed the outburst of contracting partly to the Christmas holiday season. Statisticians forecast a marked improvement this month over November. December to date has had 21 contracts, as compared to 27 for last month. Yesterday's trading set a high mark for 1932.

Three Die In Train Mishap

Erie Passenger Train Plunges Into A Ditch; Fire Blazes In Coaches; No Passengers Reported Killed

(By The Associated Press)

LIMA, O., Dec. 21—At least three persons were killed and several others injured in a train wreck two miles south of here tonight. The dead were tentatively identified as Court Scott, engineer, of Huntington, Ind., Earl Swihart, fireman, of Huntington, Ind., and Charles Aldrich, of Lima, a railroad towerman.

The train, Erie, No. 7 en route from New York to Chicago, went into a ditch at a Detroit, Toledo and Ironton railroad crossing.

The wrecked train was composed of a baggage and mail car and two passenger coaches. Fire started in the baggage and mail cars, both of wood construction.

It was feared other trainmen were trapped in the flaming coaches. Fire fighting equipment and ambulances were sent to the scene from Lima.

The number of injured, all passengers, was not learned immediately but none was believed to have been hurt seriously. Physicians and nurses gave first aid treatment to the victims.

Amendment Not Effective Until The Next Election

AUSTIN, Dec. 21 (AP) — Attorney General James V. Allred held today that the constitutional amendment adopted at the November general election combining the offices of county tax assessor and collector would not become effective until the next general election.

Allred's ruling stated that tax assessors and collectors elected at the last general election would continue to serve in their respective capacities until the next election.

Trial Of Seagraves Man For Robbery Of Bank Is Ended; Jury Takes Case

Man's Aversion Takes His Life

(By The Associated Press)

INDIANA, Pa., Dec. 21. — The automobile—a bane in the life of Barbey Cogley—killed him today.

His aversion for the "horseless carriage," friends say, had prevented him from ever riding in one. He was 75 years old.

Cogley was killed by a car driven by Arthur C. Guthrie, who told officers he swerved but was unable to avoid striking Cogley, who was walking down a highway.

Alleged Gunman Will Go To Trial Today In 106th Court

(Special To The Avalanche)

SEMINOLE, Dec. 21. — Case of James W. Baker, 32, of Seagraves, charged with complicity in the $3,200 armed robbery last May of the Seagraves First State bank, went to the jury at 4 o'clock this afternoon, and late tonight no verdict had been reached.

Jodie Edwards, the alleged gunman in the holdup, is to go to trial in 106th district court Thursday morning. District Attorney Tom Price said. Edwards, widely sought after his indictment in the robbery, was arrested about two months ago in Arkansas.

Others Are Indicted

Three other men, including a former Palo Pinto county attorney, have been indicted in connection with the robbery, executed by a lone bandit.

Baker testified he attended a conference with Edwards, Elmer Slaughter and Oscar Herring, both of whom have been indicted, in a barn at Slaughter's home when the robbery, executed later that day, was discussed. He denied, however, he had agreed to aid in the robbery or had a part in it.

Quemado Gets Its Champion

But Important, Title Brings A Great Deal Of Trouble For Little Town Until Champion Himself Turns Up

(By The Associated Press)

QUEMADO, N. M., Dec. 21—The cowboy championship of the world, a title of some importance in these parts, has come to Quemado but not without some troubles.

To begin with, there were the bushels of mail that piled up in the little combination store and postoffice. Then there was the movie scout who came to look for the hero and—woe of woes—no one in town knew him.

Just Another Rancher

Don Nesbitt, Quemado, is the world's champion cowboy, crowned by the Rodeo Association of America, but in Quemado he was just another unnamed rancher.

Consider then the joy of Quemado's postmaster when the champion himself rode into town from his rancho 20 miles away and asked for his mail. He got it, mash notes, offers, congratulations and propositions, and learned for the first time he was the champion.

Nesbitt, 26 years old, six feet, two and one-half inches tall, was declared by the association to be the champion on points made at Cheyenne, Pendleton, Calgary and rodeos at Chicago and New York. He won over Earl Thode, famous Belcedere, S. D., cowboy, who was placed second in the association's list.

Guthrie Is Released Here On $2,000 Bond Wednesday

W. N. Guthrie, former special merchants' officer, was released on $2,000 bond late Wednesday, the sheriff's office reported.

Guthrie is under indictment for murder in connection with the fatal shooting Nov. 11 of Colver Moreman, Abernathy youth.

Occupation Tax On Vending Machines Is Held Invalid

AUSTIN, Dec. 21. (AP)—A defense caption was given by the Texas court of criminal appeals as ground today for invalidating a section of the omnibus tax law passed at the regular session of the 42nd legislature, which attempted to levy an occupation tax on the operation of automatic coin vending machines.

The caption did not effectively set out the purposes of the bill, the court held, in ordering the prosecution of I. W. Turner of Fort Worth dismissed. Turner had been charged with operating a cigaret vending machine without paying the occupation tax. He took his case to the court of criminal appeals on a writ of habeas corpus.

Strange Death Of Two Probed

Oklahoma Officers Endeavor To Solve Mystery Of Death At Watonga; Son Of Victims Seriously Injured

(By The Associated Press)

WATONGA, Okla., Dec. 21 — Blaine county authorities pressed efforts tonight to solve the mystery cloaking the death of Mrs. Ren Pettis, 76; the fatal beating of her 84-year old husband and the serious injury of her son by a former marriage, Ed Lutz, 59.

The body of Mrs. Pettis, clad in her night clothing, was found on the floor of the family home here last night. Pettis was under a bed, unconscious. He died a few hours later in a hospital. Lutz was suffering from severe bruises and appeared dazed.

Lutz, held under a physician's care in the county jail, told officers today he could not remember what happened. When questioned last night, he said two strangers entered the home and attacked the three of them.

Texarkana Citizens Are Planning A Big Celebration With Oil Discovery

(By The Associated Press)

TEXARKANA, Ark., Dec. 21. Prospects of Texarkana becoming a booming oil center have given its citizens the urge to celebrate in a big way.

Enthusiasm has mounted steadily since the bringing in last Saturday of the Baker-Beck No. 1 well as the area's first commercial producer. It is planned to parade the first car load of crude oil from the well through the streets Friday in all its bulky glory.

Boosters of the celebration say the car will be run through the city on street car tracks, accompanied by bands, a string of oil trucks and floats. The car of oil will be sold at auction and proceeds donated to charity.

Beside its connection with oil potentialities of the Texarkana area, the celebration will serve as a tribute to Dr. E. L. Beck, whose faith in Miller county's possibilities resulted in discovery of the field.

Others to be honored for their development work are R. G. Baker and Jim McMurray, drillers of the producer; M. D. Fitzwater, pioneer driller, and C. V. Lenz, who gave Texarkana

Secretaryship Of Pennsylvania Republican House Delegation Taken From McFadden After Attacks On Hoover

(By The Associated Press)

WASHINGTON, Dec. 21. — The secretaryship of the Pennsylvania Republican house delegation was taken from Representative McFadden today for his attacks on President Hoover but his only comment was that he would continue to "fight against double dealings between officials of the American government and international bankers."

He would say nothing directly on the action of Pennsylvania Republicans ousting him as their secretary because of his recent attempt to impeach the chief executive. But he did say:

Rosa And Carmela Ponselle Step To Heights In Sister Act At The "Met"

(By The Associated Press)

NEW YORK, Dec. 21.—A sister act played the high temple of opera, the Metropolitan, tonight.

It was Rosa and Carmela Ponselle, who thrilled to operatic renown by way of a Lexington avenue musical hall.

This was the "Met's" first taste of the sister affairs so common to the musical comedy and vaudeville stage.

But there was no rhythmic stepping of the Stone or Dolly sort. There was, however, a bit of close harmony—albeit somewhat different from the "Topsy and Eva" variety.

It was the gradeur of the duets from Ponchielli's "La Gioconda," a tragic tale of the inquisition based on Victor Hugo's "Angelo." For Sister Rosa, it was her favorite character of Gioconda, the ballad singer. Carmela sang the role of Lura.

"All my life," said Carmela, "I've dreamed of some day singing in the same opera at the Metropolitan with my sister."

"It's the most glorious night of my life," added Rosa.

Both Rosa and Carmela have been prima donnas at the "Met" several years.

3 SHOPPING DAYS UNTIL CHRISTMAS

The Woman's Angle

* * *

BY BLANCHE E. BEAN
Avalanche Woman's Editor

TRYING to write a column without a topic: Just a few more days and all this worry over what to buy for that last Christmas gift will be over. Almost everyone has at least one unbought gift now and is becoming frantically aware of the proximity of Christmas. . . . Today, Wednesday, is the shortest day of the year. All of them are short now. Seven a. m. seems like a lot earlier with moonlight still streaming in at the window and no streak of color to herald dawn. . . . Downtown lights are still burning when we come to work and they're on again when we hurry home in the failing light of evening. . . .

• • •

"Liked what you said about the school vacations." This from Mrs. D. J. Wilhelm, local teacher. "Too much overhead and no pay during vacations," she adds.

• • •

The alley between Broadway and Thirteenth still coated with ice and too slick for comfortable walking. . . . Sunshine has a hard time penetrating down there and getting off that coating of ice. . . . Sporting to walk there, though, because of the hazards. . . .

• • •

Must be grand to be a mathematician and able to determine the cost of thirty-seven one and one-half cent stamps. After multiplying a few times we had that number costing fifty-five and one-half cents and thirty-eight costing fifty-six cents. . . . Never could locate that other cent but we had a hunch the post office men would find us owing it to them. . . .

• • •

Just talk to those who haven't had the flu. Everyone has a pet theory on prevention and knows that you can avoid the malady by following the same scheme. . . . One woman sniffs salt up her nose and gargles salt water every day. She knows that kept her from having influenza. Some one else took a hot bath and a toddy and sweated the illness away. One took the serum, one drank soda water by the gallon, another drinks cod liver oil, others use one or another of the drugs on the market. . . . There isn't one person who will admit that he did not have a part in avoiding the disease. . . .

• • •

ONE leader in The Cradle, a national organization, asserts there are more homes for homeless babies than there are infants to be placed in them and sees no reason why a normal baby should want for a home . . . We were discussing adopted babies the other night and remembering the people we know who have taken them into their homes. One of the women has lived for years next door to people who adopted a youngster. He was sent there when a few weeks old and now is a grown man. We knew other homes where children have been adopted and in all of them the boys and girls had received the same attentions and have been, apparently, as happy as though they had been born there. Maybe, we decided, the adopted baby has the best chance for happiness because he is wanted so much. . . .

• • •

The amount of crime is astounding. We counted the stories one morning in the paper. These and the stories of death and accidents greatly exceeded all others together. It's alarming the number of people who are walking out and shooting other people, running them down in automobiles, stealing, and in other ways contributing to the wave of crime.

• • •

ONE of my pet peeves: The people who are always in such a hurry nothing can slow them down—the kind that have to drive fast on ice-covered streets even though it endangers lives other than their own.

• • •

You have heard, of course, about the men and women who never grow up. It's something I like. This time of year the trait is manifest. . . . There's the woman who is preparing a doll house for her small daughter and who is happy for days and days painting little furniture, making doll clothes and putting tiny curtains at tedious windows. There's the man who buys his son an electric train and plays with it all afternoon at his office. There are the many women who enjoy making doll clothes for dolls they are to give away Christmas morning.

• • •

There may be nothing to all this, but I have a feeling that these are good signs, that they indicate that men and women are just normal human beings when they, too, enjoy the childish things of the Christmas season.

Herring Wins Decision Here

Verdict For Plaintiff In The Sum Of $2,073.10 Is Given By Federal Court Jury Here Late Wednesday

Verdict for the plaintiff in the sum of $2,073.10 was given by a jury in United States district court late Wednesday in the case of Guy T. Herring vs. Iowa National Fire Insurance company. The jury received the case at 11:25 and returned its verdict at 5:10 o'clock.

At 6 o'clock another jury, in the case of L. B. Withers, receiver vs. Roy Stovall, returned a verdict for the defendant.

The one jury verdict, two default judgments and an agreed judgment brought decision on awards amounting to over $17,800.

Arguments Are Held

The Stovall case went to the jury at 5:30 o'clock after arguments by H. G. Andrews, attorney for the receiver and W. D. Wilson, for the defendant. The case involved final settlement of a share of stock in the Spur Country club for which a note had been given. Besides Mr. Stovall, the defense used James B. Reed, former cashier of the City National bank and G. W. Meadows. The plaintiffs used E. C. Edmonds, former president of the bank; Bert E. Lowe of Abilene and R. L. Martin, a former bank director. Deposition of J. G. Driscoll, St. Louis, also was introduced. Mr. Withers also testified.

Arguments in the Herring case were made at the morning session. W. E. Campbell and G. E. Lockhart spoke for the plaintiff and George R. Bean and E. L. Klett for the defendant. Herring asked $4,146.29.

Judgment Awarded

The Kelly-Springfield Tire company was awarded by Judge W. H. Atwell a judgment for $13,417.96 in its suit against W. Lee Cox, bankrupt. The court permitted staying of judgment for 12 months until the bankrupt case is settled.

Two default judgments were secured by L. B. Withers as receiver for the Floyd County National bank. One was for $458.02 from R. B. Smith and the other for $1,856.47 from C. W. Boothe.

The jury reports at 10 o'clock this morning. One case is on the docket. O. H. Sykes vs. Plainview sanitarium. The jury is expected to be dismissed this afternoon. Next week equity cases are scheduled. Judge Atwell is expected to adjourn court either late today or Friday morning, until Monday.

Senate Passes Bill Offered By Norbeck For Adjustment

WASHINGTON, Dec. 21 (AP)—The senate today passed and sent to the house a bill by Senator Norbeck (R.S.D.) authorizing the secretary of agriculture to adjust debts owed the government for seed, feed and crop production loans.

The purpose would be to permit small payments on account by those unable to make a full payment on their obligations, and to permit extensions at the discretion of the secretary.

FIELD EXTENDED

HOUSTON, Dec. 21 (AP)—The Conroe, Montgomery county, oil field was extended a mile eastward today when the South Gulf Oil company number 1 Granger came in for an estimated 1,000 barrels per day from 5,049 feet.

SAVE THE SCALES

Fishermen during 1928 made a gross income of $134,000 through the sale of 2,344,000 pounds of fish scales. These were sold to paint manufacturers for use in "pearl-essence" paint.

Thompson Rites To Be Thursday

AMARILLO, Dec. 21 (AP)—Funeral services for L. O. Thompson, 66-year-old pioneer Panhandle wholesale druggist, and father of Ernest O. Thompson, member of the Texas railroad commission, will be held at 2 o'clock Thursday afternoon at the Central Presbyterian church in Amarillo. Burial will follow in a local mausoleum.

Mr. Thompson died Tuesday afternoon at his home in Amarillo. He had been ill three years.

Coming to this locality before the organization of Potter county, Thompson had long been an important figure in the business and civic affairs of this region.

The year 1928 was the second largest in the history of foreign financing in the United States.

AFFIRM CONVICTION

AUSTIN, Dec. 21 (AP)—The court of criminal appeals today affirmed a conviction for robbery against Jack L. Tate, given thirty years by a McLennan county jury. Tate was charged with holding up Roy Horne and taking $243 from him.

Lubbock Cagers Lose To Athens Quintet

Corsicana Up Against High-Scoring Team On Monday

Hornets Sting Westerners In 33-19 Victory

Coach Nelson's Boys Resemble Athens Champs Of Few Years Ago In Roughing Up Lubbock High School Hopes

The Athens High school Hornets, on a basketball tour of West Texas, stopped off in Lubbock long enough to administer a sound thrashing to the Lubbock High school Westerners at the latters' gymnasium last night.

Because the Hornets took more shots at the hoop and made more of them count two points per shot, the Westerners soon found themselves behind a lead from which it was impossible to recover, and Coach Bobo Nelson's lads took a 33 to 19 victory.

It was the first loss in three starts for the Westerners. Victories over Meadow High school and Wayland college's varsity had placed the Westerners in the local limelight, but the team from Athens which inherits two national and three state cage championships played flashy basketball to completely subdue the McMurrymen.

Cobb Takes Honors

A long forward by the name of Cobb, said to be another Tompkins, fired three field goals and three from the free throw line to lead the individual scoring last night. Two of his mates scored three field goals each. Forward Trammell was one of them. Owen, a guard, was the other. Owen stuck in a free pitch to divide second scoring honors.

No Lubbock cager pitched more than one ball through the ring from scrimmage; but Curly Wilkins, 6-foot, 4-inch center, distinguished himself as Lubbock's high scorer by tossing in five free goals which amounted to seven points and a tie for second place in the tallying with Athen's Owen.

Game Starts Slowly

The game started slowly, but waxed warm toward the final quarter. There was much hustling and scrapping for possession of the ball after the first half, and the personal foul column was loaded. No less than 27 personals were called on the two teams, although but one player, Regan, Hornet center, was banished from the contest.

Athens scored first, a free goal. Quinlan flipped one from the chalk line but Cobb gave Athens the lead again with a field goal. Wilkinson and Snodgrass sunk free goals but Morris' field goal gave Athens a 5-3 lead at quarter time.

Curly Sinks Two-Pointer

Lubbock scored only one field goal in the first half. The Westerners were so effectively blocked from scoring position by the airtight Hornet defense that few clean shots were possible. Wilkinson managed to make one of his back-hand shots go through, but otherwise it seems that a steel cover over the ring prevented the ball from dropping through when Lubbock players shot.

The half ended with Athens leading, 15 to 9. Snodgrass, star of the Meadow game, Robert Hale and Jack Quinlan got one field goal each in the last half. Ability of the Westerners to sink nearly half their free shots kept the locals in the ball game.

Hornets Increase Lead

The Hornets increased their lead in the third period and were ahead, 26 to 14, as the last chukker got underway. They added two points to the lead in the last half, scoring seven points to Lubbock's five.

Before invading Lubbock, the Hornets, ambitious for further national and state honors and headed in that direction, defeated the Breckenridge Buckaroos, 41 to 20, Tuesday night, after walloping Mineral Wells High, 19 to 10, Monday night. The team will take another turn through this section later in the week, and early next week, meeting the Ralls High school Jackrabbits and the Brownfield Cubs.

Billy Southworth Signs As Coach For New York Giants

NEW YORK, Dec. 21. (AP)—Billy Southworth, former manager of the St. Louis Cardinals, and the Cardinal farms at Rochester and Columbus, has signed on as coach with the New York Giants for the 1933 season, the ball club announced.

Tom Clark, former major league catcher, also has signed as coach for another year, officials of the club said.

A Couple Of Thorns For Rose Bowl

There'll probably be more than two thorns among the California Roses at Rose Bowl, Pasadena, when the University of Southern California Trojans take the field against the Pittsburgh Panthers, but you can get a general idea of at least that many from the above photos. On the left, wearing No. 20, is Warren Heller, Pitt's all-American halfback. The towheaded guy is the great Joseph Skladany, Pitt's all-America end, about whom much has been written and said since last October. They're in Tucson now, with the rest of Coach Jock Sutherland's bunch, where they'll train for about eight days before going on to Pasadena.

Consider Temple, If You Please, As Outstanding Team

BY BILL PARKER
Associated Press Sports Writer

Walter R. Humphrey of Temple claims the Temple Wildcats are the uncrowned football champions.

"If the Corsicana Tigers should win the Texas Interscholastic league football championship," says the editor of the Temple Telegram, in a letter, "there are several thousand fans around Temple who will tell you that the Temple Wildcats were the best high school team in the state this past season.

Lost To Corsicana

"Temple's only defeat this season occurred Armistice day when Corsicana gained a 14 to 12 decision. There are a lot of Corsicana folks who have thanked the referee for that game and countless Temple fans who still call the Wildcats the champions of District eleven, since they came through on Thanksgiving day and defeated the Waco Tigers, 14 to 6.

"Temple made 16 first downs to Corsicana's 12. Four of the Tigers' first downs were made in the last three minutes of the game after a costly decision had ruined Temple's chances, and all three of Temple's all-district backfield stars had left the game with injuries.

"Temple made 108 yards on passes to 82 for Corsicana.

Got Down Close

"Temple penetrated Corsicana's five-yard line three times, the ten-yard line four times, the twenty-yard line four times, and the thirty-yard line five times. Corsicana penetrated Temple's ten-yard stripe twice, on its touchdown drives, and penetrated the twenty-yard line but once.

"Corsicana's chief ground gainer was Bowlin, with 88 yards. The Tigers gained 152 yards. Temple's all-district fullback, Captain Cotton Harrison, accounted for 144 yards himself.

How About That Touch?

"But it isn't on statistics that folks down here claim the Wildcats defeated Corsicana. In the middle of the fourth period, Temple started a drive that swept far into Corsicana's territory. McFarland, Temple quarterback, shot a low, fast pass over the line of scrimmage to Forrest, end. Forrest eluded several tacklers and dashed for a touchdown, but he was called back. The referee ruled he had stepped out of bounds after the first 15 yards of his run. The 3,000 spectators were indignant. They saw the referee come running to the place where the chalk had been kicked up, but they'll swear today that it was a tackler and not Forrest who touched the chalk line. A large number of Corsicana fans admitted that they did not see Forrest step outside. So instead of the game ending 18 or 19 to 14 in favor of Temple, it was 14 to 12 for Corsicana.

"That was Temple's only loss and it cost the district flag and a chance at the state championship which Corsicana and Masonic Home of Fort Worth are to play for."

"Sunny Jim" Bottomley Says It's True That He'll Marry

ST. LOUIS, Dec. 21. (AP)—James Leroy ("Sunny Jim") Bottomley, star first sacker of the St. Louis Cardinals, recently traded to Cincinnati, today confirmed a report he would marry Miss Betty Brawner of St. Louis about February 10.

Sooners Defeat Tulsa Cagers Second Straight Game, 49-20

NORMAN, Okla., Dec. 21 (AP)—University of Oklahoma cagers won their second game from Tulsa University tonight by an even more impressive margin than their first, 49-20. The Sooners won their first game of the season from the Tulsans last night, 58-33.

April 1, Phillies at Philadelphia; 2, Baltimore at Baltimore; 3, 5, 6, 8, Phillies at Philadelphia; 9 Newark at Newark.

Inclement Weather Forces Corsicana Tigers Inside

CORSICANA, Dec. 21 (AP)—Inclement weather conditions today caused the Corsicana Tigers to work indoors again as they set about preparing for their football game against Masonic Home here Monday to decide the high school championship of the state.

Coaches were hopeful they would be able to send their charges through a long outdoor session tomorrow.

Joe Bell, a veteran guard who has been on the injured list since Thanksgiving, was expected to don a uniform tomorrow.

Bad Day When Orphans Make Less Than 20

Masons Fail To Score More Than Twice In Only Two Games And Had Closest Time With Sandies

(By The Associated Press)

DALLAS, Dec. 21. — When the Corsicana High school Tigers tie into the Fort Worth Masonic Home team Monday in the finals of the Texas Interscholastic league state championship, they will be playing a team that calls it a bad afternoon when it fails to score at least three touchdowns. The Tigers know what it is not to score. They have been held scoreless by Waco and Greenville this season, but the Masonic Home lads started their season with a 53 to 0 victory over Bridgeport, and have been traveling at three-touchdown speed since.

Only in two games this season have the Masons failed to score as many as three touchdowns. They had to be contented with a 6 to 0 district championship victory over Fort Worth Central and a 7 to 6 bi-district win over the Amarillo Golden Sandstorms.

Hold Enemies Closely

The Masons have accumulated 291 points in 10 games and held their opponents to 46 points. They reached the scoring peak in their first district game when they stopped Weatherford, 62 to 6.

It is with this powerful offense that the Corsicana Tigers are sure to have trouble but must halt if they are to win their long, hard race for the state championship. In 10 games, the Masons have whitewashed four opponents, allowed six to score at least one touchdown. The Tigers have played twelve games, and although they failed to score in a pair of them, have clicked with eight shutout games.

Such a background shows the Tigers have featured with a defense and the Masons with an offense. Hence the game Monday for the state title not only should be a powerful offense affair, but if the Tigers score first, it may develop in the finest defensive battle of the year insofar as Corsicana is concerned.

Stronger Opponents for Tigers

It must be admitted that Corsicana has played stronger opponents.

East And West Gridsters Get Together At Ogden Yesterday

OGDEN, Utah, Dec. 21 (AP)—En route to San Francisco for the annual East-West football game January 2, members of the Eastern and Western contingents arrived here at noon today.

The Western stars, traveling on the first section of the transcontinental train, are under leadership of Coach Dana X. Bible of the University of Nebraska, who will assist Oran Holingbery of Washington State in coaching them.

Bible was accompanied by Steven Hokuff, end, and Lawrence Ely, center, of Nebraska; George Atkeson, guard, of Kansas, and Ernest Koy and Harrison Stafford, halfbacks of the University of Texas. They were joined here by Frank Christensen, fullback, and Jack Johnson, guard, of the University of Utah, and will meet 15 other Western stars at San Francisco.

Andy Kerr of Colgate and Dick Hanley of Northwestern, coaches of the Eastern stars, arrived with 21 players in uniform, ready for a brisk half hour workout in front of the union station.

Extra Foliage Helps To Hide The Basketball

Meet No. 5, or Mr. Sindlinger, fast stepping forward on the House of David basketball team which appears here on the night of January 5 with his bearded mates in the first of a series of two basketball games with the Texas Tech Matadors. As a result of Mr. Sindlinger's fine passing and goal shooting this season, the House of David team, most famous traveling ball club in the world, had lost only one game out of the first twelve according to the latest report received here. Coach Del Morgan is keeping his cagers home during the Christmas holidays and will let them work out every day n preparation for the big series, first of the season's schedule of interesting home games.

Two games against John Reagan, one against Waco, Marshall, Greenville, Cleburne, San Antonio, Brackenridge; Temple and Tyler make Corsicanas 1932 record impressive. Masonic Home's victories over Central, Dallas Woodrow Wilson, Sherman and Amarillo were best tests of the Masons' strength.

Their 1932 records follow:

Masonic Home	Opponents
53	Bridgeport 0.
62	Weatherford 6.
40	Northside 14.
26	Stripling 7.
18	Polytechnic 0.
6	Central 0.
19	Mineral Wells 6.
40	Woodrow Wilson 7.
20	Sherman 0.
7	Amarillo 6.

Corsicana	Opponents
20	Highland Park 0.
46	Tyler 0.
67	Hillsboro 0.
39	John Reagan 13.
0	Waco 0.
52	Marshall 0.
14	Temple 12.
37	Mexia 0.
6	Cleburne 0.
13	Brackenridge 0.

19	John Reagan 7.

Plenty Of Seats For State Title Game

CORSICANA, Dec. 21. (AP)—Corsicana High school officials announced today that the seating capacity of Tiger field where the state championship football game will be played Monday between the Corsicana and Masonic Home of Fort Worth will be ample.

John Pierce, head coach, said there would be between 11,000 and 12,000 seats available. Bleacher seats with a capacity of 3,900 have been procured from Southern Methodist university and additional seats will be provided.

"My boys were all in good condition at their practice yesterday afternoon," Coach Pierce said, "and I expect Joe Bell, veteran guard, will report to the club this afternoon."

Tickets for the tilt are on sale.

Pitt's Victory Over Ramblers Biggest Shock

Scribes Agree That Bill Carr Leading Surprise Individual In 1932; Yanks Spring Great Baseball Upset In Series

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, Dec. 21—Judging from the response to the Associated Press poll, 1932 was filled with one surprise after another for the nation's sports experts, but the biggest shock of all was Pittsburgh's 12-0 upset of Notre Dame, at a time when the Ramblers were being widely hailed as another "wonder team."

"Surprise Of The Year"

The Panther conquest was voted the "surprise of the year" by 43 out of 142 responses to this feature of the second annual poll.

Individually, the outstanding upsets of 1932 were credited to Bill Carr, who caused a series of tremors on the Pacific Coast in the summer by beating the great Ben Eastman in three record-smashing foot-races.

Eddie Tolan Mentioned

The New York Yankees, already acclaimed as the year's outstanding team in any sport, sprang the biggest baseball upset by taking four straight from the Chicago Cubs in the World Series. On the basis of the voting, the biggest Olympic surprises were Eddie Tolan's "double" in the sprints and the triumph of the Japanese men's swimming team over the United States. Ellsworth Vines' straight-set conquest of Henri Cochet in the final round of the American Tennis championships singles was voted the leading tennis upset.

Schmeling And Max Baer May Fight 15 Rounds Next June

NEW YORK, Dec. 21. (AP) — Joe Jacobs, manager of Max Schmeling, announced today he would meet tomorrow with Ancil Hoffman, manager of Max Baer, and sign articles for a 15-round heavyweight match Jack Dempsey will promote in June.

Jacobs said the date and the place for the match would be announced tomorrow.

Field Work Is Being Hurried

Engineers Of Commission Are Confident Work Will Reach An End By Time The Shutdown Order Expires

LONGVIEW, Dec. 21 (AP)—Engineers of the Texas railroad commission pushed their work of gauging bottom hole pressure of 332 key wells in the East Texas oil field today despite the fact that snow and rain had made roads almost impassable.

E. O. Buck, petroleum engineer of the commission for the area, said he had 11 crews at work, each with a pressure "bomb", and, although the process of taking the readings was slow because of the bad roads, there would be no letup in the work.

Two more gauges will be available, one from the Rabb Ridge district and another from Pittsburgh. The latter instrument will be loaned to the commission by the Gulf Production company.

Asked if he believed the gauging of the wells could be completed by Jan. 1, Buck said:

"When you have something to do and an allotted time in which to do it, then you must find some way to get the job finished and that is the position in which we find ourselves. You can assure all that the field will be thoroughly gauged by the time the shutdown order expires."

The only difficulty experienced by the field crews has been locating responsible parties on independent leases to sign the order releasing owners of the "bombs" from blame. Lease tenders are without such authority and in many instances owners of the wells live in distant towns.

W. P. Knode, chief petroleum engineer for the commission, today asked that all independents who wished their wells tested for bottom hole pressure wire him their approval at once at the railroad commission office at Henderson.

Brief Bits Of News Gathered Over The World

CORPUS CHRISTI, Dec. 21. (AP) District Judge George C. Westervelt has overruled a motion for a new trial in the case of Isaac J. Davis, sentenced to death for the slaying November 17 of Arthur S. Dowd, manager of the Nueces hotel here. The defense gave notice of appeal.

PERSHING IS ILL

NEW YORK, Dec. 21. (AP)—James F. Pershing, brother of General John J. Pershing, was taken to Manhattan general hospital today after he had suffered a heart attack at his home. General Pershing was notified in Washington and left immediately for New York.

Hospital authorities said Pershing's condition was serious.

MINISTER NAMED

TOKYO, Dec. 21. (AP) — The foreign office announced today that Hiroshi Saito, Japanese charge 'affaires in Washington, has been selected for early appointment as minister to the Netherlands.

LAST CHIEF DIES

EUFAULA, Okla., Dec. 21. (AP) — The Creek Indians buried their last chief—the Rev. Peter Ewing—here today. Ewing, 73, died Monday night of pneumonia. He was pastor of the Baptist church of Eufaula.

SAILORS ARE SHOWN

PARIS. (AP) — Trim flatcrowned sailors stampeded with the mark of chic are being exhibited in the smartest modistes' salons here as the first word in 1933 spring headgear. Lines of the new hats, which predict a return of the vogue for brims, are sleek and unmarred by extraneous quirks. Brims are fairly narrow, although wider ones are promised for later wear.

GOLD IS EN ROUTE

CHERBOURG, France, Dec. 21. (AP)— The liner Majestic is sailing today with 139 cases of gold valued approximately at $3,500,000 consigned to American banks. A large shipment of gold from the British government in payment of the December 15 war debt interest also was reported to be aboard the Majestic.

INCREASE TARIFFS

MANILA, P. I., Dec. 21. (AP)—Four laws increasing Philippine tariffs were put into effect today by Governor General Theodore Roosevelt. Enacted by the recent legislature and approved by President Hoover, the measures place duties on a gold basis instead of depreciated foreign currencies, prevent dumping, permit duties of more than 100 per cent and increase duties on meat, lard and eggs.

ASCENSIONS PLANNED

BRUSSELS. (AP)— Plans for balloon ascensions in Belgium next summer and in northern Canada in 1934 have been announced by Prof. Auguste Piccard, who has made the farthest trip from the earth on record. Prof. Piccard plans to sail January 4 on the steamship Champlain for the United States where he will study possibilities of an ascension in the vicinity of the north magnetic pole in northern Canada.

DECREASE SEEN

WASHINGTON, Dec. 21. (AP)— A decrease of one per cent in employment and 3.1 in payrolls in November as compared with October was reported today by the labor department. The decrease in payrolls was attributed to some extent to election day and observance of armistice in some states.

Brief Bits Of News Gathered From Here And There In Lubbock Area

Jack Ratliff, 9-year-old son of Mr. and Mrs. A. J. Ratliff of near Whitharral died of pneumonia at 1 o'clock Wednesday morning in a sanitarium here. Funeral services and burial were conducted Wednesday afternoon at Littlefield. The child was brought to the sanitarium Monday. The Ratliffs have lived near Whitharral four years. The parents, two brothers, and a sister survive the boy. Rix Funeral home directed arrangements.

A Christmas program was heard by Lubbock Rotarians at Hotel Lubbock Wednesday. The Rev. W. P. Jennings was chairman. Appearing on the program were Dr. V. O. Marshall, vocal soloist; Mrs. Marshall, pianist, and Mrs. S. J. McFarland, reader. Out-of-town guests included: Paul Messinger and A. V. Bullock of Ralls, Minor Huffman of Dallas, Jack Stowitz of Houston and Dewitt Knapp of Auburn, Ala.

W. C. Breedlove, manager of Municipal airport here and a director of the Association of Airport Managers of Texas, said yesterday that a quarterly convention would be conducted here Friday and Saturday, February 3 and 4. Preston Sneed of Dallas is association president.

The president's award for troops, a ten-year program of expansion, an annual council assembly, and anniversary week, which will be observed February 8-14, were discussed by scoutmasters meeting in the offices of S. A. Henry, district commissioner, Tuesday night. Minor Huffman, deputy regional executive, of Dallas, attended. T. C. Lamb, troop No. 3, was named chairman of the anniversary week program here. Other members are M. K. Foster, jr., assistant scoutmaster of No. 6; Leland Mast, of No. 5; Carroll Thompson, assistant district commissioner, and E. L. Reed, a committeeman of No. 8.

J. H. Beard, special guard for United States prisoners sent to Leavenworth federal penitentiary, was taken sick in Kansas City after his arrival there, according to word received from J. P. Edgar, deputy U. S. marshal. Sheriff W. B. Arthur, Dickens county, also a special guard, has returned home.

George W. Parker, clerk of the United States district court was recalled to Fort Worth Wednesday by illness of two of his deputies. He left Tuesday night and probably will not return until next week.

J. P. Edgar, deputy U. S. marshal, who with Mrs. Edgar went to Alderson, West Virginia, with a woman prisoner, are expected home Friday noon. Mr. Edgar took eight men to Leavenworth, Kans., and then accompanied Mrs. Edgar to Alderson with Mrs. Rena Massey.

The Santa Fe division passenger office here has received its annual gift of holly, mistletoe, cedar and other Christmas greenery from the Louisiana and Arkansas railroad, F. Kancher, division passenger agent, says. "Every year the L. and A. sends us a box of Christmas decorations," Mr. Kancher said. "We always look forward to it."

R. M. Carter Wednesday filed suit in 99th district court for $2,500 damages against A. R. Dalby, of the Dalby Motor Freight lines. Carter alleged that a baby grand piano delivered to an agent of the defendant at Amarillo was delivered to J. D. Tucker instead of to the plaintiff. Value of the instrument was set at $2,500 in the petition.

Charley Ward and George Curtis Taylor, negroes, pleaded guilty of theft in county court Wednesday and were sentenced to one day in jail, and assessed a fine of $1 and court costs by Judge E. L. Pitts.

Unemployment Insurance

THE unemployment problem stands out with renewed emphasis as a challenge to the nation. There is little the country can do about it in the disorder of depression except feed, house and clothe the jobless, but it can plan now how to arm itself against the next economic let down, which is as certain as prosperity is to return.

Unemployment insurance is the remedy usually prescribed. Every worker would be required to set aside a portion of his wages which the state will hold for his protection in time of involuntary unemployment. As to whether the state should contribute to the insurance fund there is a difference of opinion.

Should some form of unemployment insurance come as a result of the present unemployment crisis the workers should not make the fatal mistake of leaning too heavily upon this staff. It would take many years of saving at the rate the average wage-earner is able to save to build up a fund adequate to carry him through three or four years of idleness. Collective insurance should be buttressed by individual thrift.

Perhaps the chief defect in the unemployment insurance scheme is the fact that the men and women who are first to feel the need for unemployment relief are the shiftless and thriftless when there is work and good wages for all. Forced labor and compulsory insurance would be their only salvation.

Any form of unemployment insurance will be a burden during the paying-in process. There will be premiums to be paid by somebody, and there are only three possible sources—the worker, the taxpayer or the employer.

AMERICANISM

Much is heard these days of "Americanism". What does it mean?

There has been a lot of quoting it to one's own purpose. The militarist defines it in terms of battleships and armies and planes. To another group it means "America for Americans". And so on through the gamut of aims, ideas and ideals.

But there is but one true Americanism, and to learn what it is one need only look back to the purposes and ideals of the founders of the country. Their Americanism knew no selfish sectionalism, no bloc government, only freedom of speech and freedom of worship and equal opportunity for all.

Government of, by and for the people is an Americanism. A resolve to make the United States a haven for the oppressed is an Americanism. A nation that fights only in self defense and in defense of the weak against the strong is an Americanism.

Let those individuals and groups engaged in the work of Americanization first make certain that what they are teaching is true Americanism. Zeal is no guarantee of useful service either to the country or to the Americanized.

PEACE TALK

The world knows too well the hazards of war. To prepare for them to venture to run them, statesmen have long been accustomed. Their best prevision and their most careful planning often have gone wrong. But still their common attitude has been that certain risks are unavoidable in the development of nations and in the growth and complexity of international contacts. But who of them is willing today to risk something, perhaps much, for the sake of peace?

Just because plans to secure the settlement of all controversies between nations by peaceful methods are necessarily, being man-made, imperfect in the sense that they cannot absolutely guarantee the prevention of war, public men draw back from them as if affrighted. Their hearts would not quail in the presence of hostilities thrust upon them, but they grow timid and spiritless when some one points out a possible defect in the machinery to establish peace.

There has been a tremendous and futile war of mere words about how to prevent war. The disputants talk more like dialecticians than like statesmen. They discover hidden dangers where none exist. Mere suspicion of a defect is justification enough in their poor blind eyes for voting against any plan and for turning others against it.

Until some one is ready to incur great risks, to put all to the touch, the prospect is that we shall see the statesmen of the world continuing to slay war with their mouths but doing nothing whatever practical and positive to bring about and establish just and lasting peace.

We have thought of asking a medical publicist if it is dangerous for one with a tendency to hay fever to expose himself to breakfast food.

Move Aimed At Bankers

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Dec. 21.—Because seven members besides himself were all Congressman Louis T. McFadden of Pennsylvania was able to muster, to vote with him when he offered an impeachment resolution against President Hoover in the house of representatives the other day, it should not be assumed that he failed to create a profound impression.

Louis T McFadden

The fact is that most law-makers are afraid of the cat they think the Pennsylvanian might let out of the bag he is so anxious to open.

That forcing an inquiry into the official conduct of President Hoover—whose term will end less than three months hence, anyway—was only incidentally the object of the Keystone congressman's resolution, scarcely requires saying. It is to international banking that he has referred frequently as the mainspring of the expiring administration. As investigation of the president's record would be more than anything else, a probe into the activities of the financiers whom McFadden accuses, as chiefly responsible, if not for the present depression, at least for its severity.

• • •

THE CONGRESSMAN'S own career has been extraordinary. He is one of the hardest of the public men of today to understand or classify.

Now in his ninth term as a representative, he served for many years, until the Democrats gained control and reorganized the lower house in 1931, as chairman of the powerful committee on banking and currency.

Both by virtue of long experience and first rate ability, he rated among the country's foremost authorities alike on national and international financial questions. Congressional liberals considered him an ultra-conservative—a friend, in short, of the "money power". Nevertheless, he always was known as an individual of highly original ideas, exceedingly strong opinions and bulldog courage, and it may be that the big banking "interests" experienced greater trouble in managing him than ever was realized by the radicals, who often spoke of him as a reactionary.

• • •

AT ALL EVENTS, the Pennsylvanian was a severe critic of the war settlements arrived at between the Washington government and the European powers under obligations to the United States on account of wartime loans. He also clearly foresaw the crash of 1929 and its aftermath—foresaw it by several years, and, to the intense annoyance of boom profiteers, repeatedly broadcast vehement warnings to the public.

It is surprising, considering the absolute freedom with which he expressed himself and the bitterness of his arraignments of American fiscal policies throughout the whole of the Mellon regime that he continued, to the very granting of the moratorium last summer, to be regarded by progressives on Capitol hill as a Wall Street spokesman.

His savage attack on President Hoover for the moratorium, culminating in the cry, "He sold us out!" at last won their attention, however—as well, with all due emphasis, the attention of orthodox Republicans.

• • •

WHAT HIS OWN congressional district thinks of him may be judged from his easy victory in the pre-election primaries over the combined attempt by Hooverites and the Pinchot cohorts, led by the governor's wife in person, as a candidate, to beat him for renomination.

Previously deprived by the administration of his patronage, in an effort to cripple him, he received not alone the Republican indorsement by a record majority, but the Democrats' likewise, winning the election almost unanimously.

His popularity among his home folk is comprehensible.

The congressman is not, indeed, spectacular in style. His figure is bulky, his face serious and his manner of address calm, but the things he says have the quality of dynamite.

REPUBLICAN regulars in the house of representatives naturally opposed the McFadden resolution.

Democratic regulars are not, after all, so very different from Republican regulars; they have acquaintances in international banking circles, too. Therefore the average Jeffersonian was nearly as much shocked as the G. O. P. brethren.

A DIFFERENT LOBBY

All of the old blocs and minority interests are represented by lobbies at this session of Congress and will be out in force when the new Congress enters upon its first session. Alone among them there is a new lobby that seeks no special privilege, asks no appropriation.

This innovation in lobbyism is the National Economy league, which has but one purpose in Washington—cheaper government and lower taxes for all. Were the motives of the others as noble and unselfish, lobbyists in general would not be under suspicion nor lobbying discredited. Self-seeking minorities have abused the right of petition by their lobbying tactics.

Not only will the league oppose every move for immediate payment of the soldiers' bonus and other treasury grabs, but it will seek repeal of legislation under which upwards of $500,000,000 a year is being paid to men who never got beyond the training camps and left the service in perfect physical condition.

It does not, however, intend to pick on the veterans alone. Its larger purpose is to direct the pressure of the public opinion against every public extravagance and for every possible public economy. It aims to show Congressmen that they have more to fear from the vastly larger taxpayer vote than they have from the soldier vote, or the farmer vote, or the labor vote or any other minority group. It wants to restore the government to the people by taking it from organized minorities.

EXPLANATION OF YESTERDAY'S CARTOON

THE WIZARD OF WICHITA:

For eight years Lloyd A. Calkins of Wichita, Kansas has never missed a day in his office at 100 South Topeka Street, though he is hopelessly paralyzed and unable to even lift an arm. By bracing his right arm he is barely able to wield a pen, so he operates his business by telephone, using a specially constructed apparatus to hold the receiver to his ear.

Calkins' dauntless spirit is best exemplified by his own maxim "that it is up to each one to make the best of his situation, and where there is a will there is a way."

Harry Lauder Is A Globe Trotter

Sir Harry Lauder's message of good cheer, carried on his stage tours, has made him something of a globe trotter.

On his first world tour he did 76,000 miles, on the second 63,000 a nd on the third 56,000. It is estimated that on his six tours he probably covered 400,000 miles. Atlantic crossings and tours of Canada and the United States added 250,000 miles. He has covered at least 200,000 miles going around Britain, and the last trip to South Africa added 50,000 miles to the total.

His wanderings have taken him to places as far apart as Quetta and Peshawar on the borders of Afghanistan, and Hobart and Launceston in Tasmania. He also has played in Bombay, Lahore Poona, Karachi, Calcutta, Rangoon, Singapore, Hong Kong, Shanghai, Manila, Sydney, Melbourne, and other Australian cities and towns, and in New Zealand, and Honolulu.

Sir Harry will appear at Lubbock High school auditorium here Wednesday night, Dec. 28 in a program sponsored by the Avalanche-Journal publications.

Cattle Deals In Texas Reported

SAN ANGELO, Dec. 21 (AP)—Although trading in cattle and sheep has slowed down considerably, a number of large deals have been made in recent days in the range country of West Texas.

Roy Hildreth of Brush, Colo., continues to be the largest buyer of feeder lambs. He has purchased this fall more than 50,000 head to be shipped to his home state, and is continuing to make purchases in the country around Sonora. Some of his purchases are being sent to Iowa and Nebraska. Hildreth recently pad 3 1-2 cents a pound for 2,600 head of mutton lambs, and made other purchases at 3 1-4 to 3 1-2 cents a pound.

Nearly all of the lambs to be sold have gone out of West Texas. The steer calves are pretty well sold out also, but there are plenty of heifer calves for sale. Purchasers have steered clear of heifers because they cannot be carried through the winter as easily as steer calves in case of a drop in prices.

Heaviest range lambs to move out of the section this year were those of Milt Tippett, loaded at Rank'n. The lambs scaled 82 pounds, and brought 3 1-4 cents, or about $2.61 a head.

Ranch leasing is expected to get under way after the first of the year and many will seek reduced prices. A. Harvick has leased about nine sections of the Ask ranch, near Barnhart, at a reported price of 43 cents an acre, while Bob Owens is moving in on the O-9 ranch vacated by Harvick.

SISSOM INDICTED

HOUSTON, Dec. 21 (AP)—J. I. Sissom was indicted today by the county grand jury on a charge of failing to stop and render aid. It was alleged it was Sissom's automobile which struck and seriously injured former Congressman Thomas H. Ball last July 7. Ball has recovered from his injuries.

ORDINANCE NO. 502
Be It Ordained By The City of Lubbock:
An ordinance granting a franchise and certain privileges to John W. Moore Construction Company, with his principal office in the City of Lubbock, Lubbock County, Texas, and establishing rules and regulations for the use of natural gas for light, heat and power, and establishing a maximum limit for price to be charged for such gas.
Whereas, John W. Moore Construction Company has applied to the Mayor and City Commission of the City of Lubbock, Texas, to grant said Company the right to lay and maintain and operate a gas plant for the distribution of natural gas for light, heat and power within the City of Lubbock, Texas, upon the following terms and conditions, and reservations, such rights and franchises to be as follows, to-wit:

SECTION 1.

That the right to furnish, distribute and sell natural gas for light, heat and power, for all such other purposes for which gas may be used within the City of Lubbock, Texas, for a period of Twenty (20) years from the date of the passage and approval of this ordinance is hereby granted to John W. Moore Construction Company, hereinafter called the grantee, subject, however, to the provisions hereinafter incorporated in this ordinance and for such additional period or extensions of time as may at the expiration of the said term of years, and upon conditions

39.—Legal Notices

then found to be satisfactory to the officials of the City of Lubbock, and to this grantee, and provided that this ordinance and franchise is to be in effect and run from and after the date and day of its passage and approval. This franchise is granted subject to charter and Ordinances of City of Lubbock.

SECTION 2

That the said grantee is to have the right to lay mains, pipes and equipment, and to construct such buildings and install such machinery or equipment, and to sell or lease such equipment to the citizens of Lubbock, Texas, as may be necessary or advisable in their judgment for the proper performance of the service to be rendered to the City of Lubbock, and to its citizens and inhabitants to the best interest of the gas consumers and so have, at all times, access to the streets and alleys of said City for the purpose of laying such mains, pipes and equipment as may be needed from time to time during the term of this franchise, or any extensions thereof, provided, that at no time shall the grantee obstruct such streets or alleys so as to interfere with the public use thereof for a period longer than twenty-four hours, and that immediately such mains, pipes or equipment is laid and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

All excavations to be properly guarded by barriers by day and by red lights at night, and the said grantee shall hold the said City of Lubbock harmless from any and all damages to persons or property resulting from their negligence in the manner of constructing such distributing plant or system and guarding the same while under construction, by a good and sufficient bond executed by the grantee and some reputable surety company permitted to do business in the State of Texas, in the penal sum of Twenty-five Thousand Dollars ($25,000.00).

The work done in connection with the construction, maintenance and operation of said plant and transmission, transportation and distributing system, and the location of regulating stations, vent pipes therefor, gate valves, gauges, stock boxes, manholes, low, intermediate and high pressure mains, pipes, feeders, service pipes and conduits, and service pipe extensions and all appurtenances in the streets, highways, alleys and other public places in the City shall be subject to and governed by the regulations, rules and ordinances now in force or that may be thereafter lawfully adopted.

SECTION 3

That all mains shall be laid at least two (2) feet below the surface of the ground, and so laid as not to interfere in any manner with water mains or pipes or sewer lines of said City, or pipes or conduits of other utilities already installed; and that the connections with the said mains and pipes shall be placed and laid to the property line of the consumer at the expense of the grantee. That the grantee shall not be required to extend chain lines more than one hundred and fifty (150) feet to any one consumer.

SECTION 4

That said grantee shall at all times after said gas distribution system has been established and placed in operation, be prepared to furnish said City and its inhabitants with a good quality of gas for light, heat and power, and other purposes, and said grantee shall furnish such gas for all purposes for which same may be used in sufficient quantities to supply the needs of the said City and its citizens.

The said gas shall be furnished to said City and its inhabitants for domestic use at a net price not to exceed Forty (40c) Cents per thousand cubic feet for all gas used; provided, however, that gas used for heating public buildings, churches, hotels and apartments shall be sold at the following rates:

Class 1—Gas Used for Domestic Use:
First 50,000 cu. ft., per month ..... 40c per M cu. ft.
All over 50,000 cu. ft., per month ..... 35c per M cu. ft.
MINIMUM BILL—$1.25 PER MONTH
Class 2—Gas used under boilers for Commercial purposes. Gas used under boilers in central steam heating plants that is used for heating offices, office buildings, apartment buildings, factories, stores, churches, hospitals, schools, colleges, theatres, hotels, auditoriums and municipal buildings. Gas used in bakeries, restaurants, newspaper plants, grain elevators and rooming houses.

Next 500,000 cu. ft., per month ..... 17c per M cu. ft.
Next 2,000,000 cu. ft., per month ..... 15c per M cu. ft.
Next 3,000,000 cu. ft., per month ..... 14c per M cu. ft.
Next 4,000,000 cu. ft., per month ..... 13c per M cu. ft.
All over 10,000,000 cu. ft., per month ..... 11c per M cu. ft.
MINIMUM BILL—$1.25 PER MONTH
Class 3—Gas used in Gas Engines and under boilers for power purposes in manufacturing and industrial plants. Gas used for brick kilns, pottery kilns, cement kilns, glass plants, refinery stills, iron foundaries, steel plants, cotton oil mills, cotton gins, railroad shops, laundries, cleaning establishments and flour mills.
First 50,000 cu. ft., per month ..... 30c per M cu. ft.
Next 50,000 cu. ft., per month ..... 20c per M cu. ft.
Next 100,000 cu. ft., per month ..... 15c per M cu. ft.
Next 300,000 cu. ft., per month ..... 14c per M cu. ft.
Next 500,000 cu. ft., per month ..... 13c per M cu. ft.
Next 1,000,000 cu. ft., per month ..... 12c per M cu. ft.
Next 1,000,000 cu. ft., per month ..... 11c per M cu. ft.
Next 3,000,000 cu. ft., per month ..... 09c per M cu. ft.
Next 4,000,000 cu. ft., per month ..... 08c per M cu. ft.
Next 20,000,000 cu. ft., per month ..... 07c per M cu. ft.
All over 30,000,000 cu. ft., per month ..... 06c per M cu. ft.
MINIMUM BILL—$15.00 PER MONTH
That all above rates are to be charged for gas used through one meter only.

That all bills shall be due and payable monthly, and within ten days from date rendered, and in case of default or nonpayment within said time, the grantee shall have the right to discontinue service to said consumer, and to make an additional charge for the gas for any purpose equal to one-ninth (1-9) of the bill rendered. And in case said consumer shall make application to have services re-established and gas re-connected with his premises, he shall be required to pay all delinquent bills, together with the penalty thereto, and to pay a cut on charges not to exceed $1.50 for domestic use and heating purposes, and $2.50 for industrial use. It is further provided that the grantee shall be allowed to make a minimum charge of $1.50 per month for gas for domestic and heating service and $25.00 per month for industrial gas service.

All gas furnished or supplied by grantee shall be metered, and for this purpose the grantee shall, at his own cost and expense, provide and install for each consumer a good and accurate meter of standard make, to be approved by the City Commission, and when grantee reads his meters to determine the amount of gas furnished each month, a copy of such reading shall be left with or at the residence or place of business of the consumer. Grantee shall also provide and maintain at his proper cost and expense faeilities for testing gas meters, to be to the satisfaction of and approved by the City Commission; and said grantee shall also provide and maintain, at his proper cost and expense a standard meter prover of not less than five cubic feet capacity, to be selected by the City Commission, equipped with suitable thermometers and other necessary accessories which shall be maintained to the accepted standard of accuracy, all to be to the satisfaction and approved by the City Commission.

Such meters shall be and remain the property of the said grantee, and the grantee shall have the right to require the customer or consumer to deposit with it a sum equal to the maximum monthly bill of the consumer, provided, however, that no deposit shall be in a less sum than $10.00 for domestic meter, and $15.00 for industrial meter.

SECTION 5

The Natural gas to be furnished hereunder shall be at all times kept to a standard of eight hundred British thermal heat units or higher per cubic foot at the point of consumption, at a temperature of thirty-two degrees Fahrenheit, or zero Centigrade; and to determine whether the gas supplied is of the heating value above specified the City of Lubbock may have tests made by a competent analyst under recognized and scientific processes, according to the approved method of making such tests, and said tests shall be from samples of gas collected from the grantee's mains at any point or points within the City. If the result of such tests show that during a month the daily average of the gas supplied was below eight hundred British thermal heat units, then there shall be deducted from the customers bills for gas during such month proportionate amount, based upon the deficiency

below said eight hundred British thermal heat units. In any month when such tests are being made, the City shall advise the grantee of the result of each test within a reasonable time after it is made, and the official report of such analyst, of which said grantee is so advised, shall be taken and accepted as the agreed prima facie correct test of the heating value of the gas furnished during such month and thereafter until a different result is determined or ascertained in a similar manner; said grantee shall furnish gas to consumers at a pressure of not less than four ounces, nor greater than eight ounces, measured at the consumer's meters outlet.

Said grantee shall supply and install not less than four, and as many as may be needed approved self-registering pressure and gas gauges capable of recording the pressure of the gas, in the mains at points in the City designated by the City Commission, and said self-registering pressure gauges shall be placed at stations which, in the opinion of the City Commission, fairly represent the pressure on adjacent territory; and such station shall be securely enclosed under locks, and duplicate keys to said stations shall be retained by the City Manager, or some officer authorized by the City Commission; and such self-registering pressure gas gauges shall be equipped with removable recording dials to record the pressure, and the said City Manager, or some representative authorized by the City Commission, shall cause to be removed or remove from said pressure gauges the pressure records of the preceding period, and provide the gauges with recording blanks for the next period during which such record is desired by the City; and each record taken from such pressure gauges shall be filed in the office of the City Secretary of the City of Lubbock, and a record thereafter be entered upon the books of the City by the said City Secretary; and the said City Manager, or some representative authorized by said City Commission, shall keep self-recording dials in said pressure gauges continuously for a month, or as often as is required by the City Commission; and the said gauge record and the said book record shall each be competent and prima facie proof of the pressure at the point at which such record was made at the time as shown by said gauge record.

Each consumer of gas shall install and maintain suitable piping within his property lines and suitable appliances and fixtures, except meters, subject to the approval of the City Commission, or such supervisor, inspector or other representative as may be authorized by said City Commission to pass upon the same.

SECTION 6

The City reserves the right to lay and permit to be laid electric conduits, water and other pipe lines or cables, and to do and permit to be done any underground work that may be deemed necessary or proper by the City Commission, in, across, along or under any street, alley, highway, or other public place occupied by the grantee; and, whenever, by reason of changes in the grade of any streets, or in the location or manner of constructing any water pipes, electric conduits, sewers or other underground structure, it shall be deemed necessary by the City Commission to alter, change, adopt or conform gas mains and service pipes of grantee, such alterations or changes shall be made by the grantee when ordered in writing by the City Commission or any supervisor or other representative of the City Commission so authorized to act, without any claim for reimbursement for damages against the City; said grantee shall indemnify and save harmless the City of Lubbock from any and all claims for injury or damages to persons or property occasioned by or arising out of the construction, maintenance, operating or repair of said grantee's transmission, transportation and distributing system, and by the conduct of the business in the City.

SECTION 7

The right to use the streets, alleys, highways or other public ways or places of the City of Lubbock by the grantee, as provided in Section 2 above, shall be and is subject to the following restrictions, limitations and conditions, viz: that in building additional mains or lines of pipe, said grantee shall build and construct the same along and under the alleyways where alleys exist, rather than along and under streets, and shall only use the streets for same insofar as may be necessary in connecting from one alley to another; and said mains and pipe line shall be so laid that the top of said main, or pipe line shall be placed below the surface of the street or alley and so as to protect all paving, wire cables, water pipes, underground wires or sewer laterals, and shall be so constructed and located with reference to water lines and sewer mains as not to interfere therewith, and under the direction and to the satisfaction of the City Commission or the City Engineer.

SECTION 8

That the City Commission hereby reserves the right to install at the point where said grantee receives his gas for distribution in the city a meter through which all gas distributed to the City and its inhabitants shall be passed, an adequate self-registering pressure gauge adequate to record the amount of gas distributed to the City and its inhabitants and the pressure at which the same was received by the grantee.

Said grantee shall also supply and install one distant pressure gauge under the direction of the City Commission and at the place designated by the City Commission, which will indicate the pressure at such designated point, said gauge to be placed in the City Hall in the office of the City Engineer.

SECTION 9

That said grantee shall make, not oftener than each six months, reports to the City Secretary of the City of Lubbock, under oath of the President, Treasurer or Superintendent of such company, showing the gross amount received from the business done within the city in payment of charges of gas for the six months next preceding.

SECTION 10

That after the said gas distribution system shall have been fully constructed, equipped and in operation as herein provided in the City of Lubbock, if the said grantee shall then fail to substantially comply with the conditions of the franchise, the City of Lubbock shall have the right by ordinance duly passed therefor to forfeit all the right and franchise herein granted to the said grantee, provided that the City of Lubbock shall give the said grantee sixty (60) days' notice in writing, specifying the conditions claimed to have been violated, and giving full and fair opportunity to be heard thereon before declaring such forfeiture, which notice shall fairly and fully set out all of the conditions claimed and complained of and shall be given by the said City and shall be signed by the City Secretary under the seal of said City, after having been properly authorized by the Mayor and City Commission of the said City; provided, however, that the said grantee shall have sixty (60) days after receiving such notice in which to rectify and correct such violations and to substantially comply with the terms and conditions of the ordinance; should the violations of this ordinance so complained of not have been rectified and corrected and the terms and conditions of this ordinance fully complied with at the end of said sixty (60) days, then, and in that event the City shall have the power to forfeit this franchise on account of the violations specified in said notice. That in case of forfeiture as herein provided the City of Lubbock, reserves the right to purchase the distributive plant of the grantee at its fair appraised value or to allow the grantee to remove same within one year from the date of such forfeiture, provided, that before any of said property may be removed, the grantee shall be required to give to the city a good and sufficient bond that the streets and alleys will be placed and left in as good condition as found.

For each and every breach or violation of any of the provisions of this ordinance by the grantee, it shall be liable to a penalty of Twenty-five Dollars to be recovered in any court of competent jurisdiction by suit, of any person, firm or corporation injured or damaged by such breach or violation; and if the breach or violation shall be a continuous one, each day during which such breach or violation continues shall be deemed a separate breach or violation and a separate ground of recovery against the grantee.

SECTION 11

That in further consideration of the privileges and franchise granted to John W. Moore Construction Company, he shall adopt and use any and all reasonable safeguards to provide for the protection of persons or property against injury or damage growing out of the use of gas and that they shall construct and maintain in good order all mains, pipes and equipment used in said City for the distributing of gas, and shall always be prepared to furnish said City and its inhabitants a sufficient quantity of gas for all purposes; provided, however, that in case of explosion or accidents of any character or nature, beyond the control of grantee, to the main lines or to the distributing system provided herein, or shortage of gas supply in the fields from which the grantee secures the gas and the grantee is not able on account of such unavoidable conditions to furnish gas for all purposes, that preference shall be given domestic consumers, schools and hospitals

in the use of gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the lines of the grantee or to the lines on property of consumers.

SECTION 12

The grantee shall in good faith begin the construction of its main lines and distributing systems by May 15, 1933, and diligently pursue such construction in good faith and shall complete such main line by November 1st, 1933, and shall be prepared to serve gas to consumers on or before November 1st, 1933, provided, however, that grantee shall not be liable for time consumed out of such period by strikes, acts of providence, acts of constituted legal authorities, or acts beyond the control of grantee. If grantee fails or refuses to begin, prosecute, complete, or operate said lines or system within time stated this franchise shall expire and forfeit.

SECTION 13

That the Grantee herein shall not have the right or privilege thereunder of assigning this Franchise or any rights or privileges without the consent and approval of the City Commission of the City of Lubbock, Texas.

SECTION 14

This ordinance shall take effect and be in force from and after its passage and approval and publication as provided by law.

Passed and approved this the 9th day of Dec., A. D., 1932.

Gold Shipments On Way To U.S.

NEW YORK, Dec. 21. (AP) — Reports received by some of the larger Wall street banks from Europe indicate that about $70,000,000 of gold will arrive in this country before the year ends, it was said today.

Great Britain, France and India, bankers said, were the principal shippers. About $46,000,000 gold is expected from England, partly representing the shifting of the metal in connection with Britain's Dec. 15 war debt payment and partly for rebuilding her balances in New York.

Approximately $8,000,000 gold is expected to arrive tomorrow from France, with an additional $3,000,000 expected to leave France this week. Indian gold, reported on its way to New York from Bombay, has been estimated at $15,000,000.

Scattering shipments are also expected from other countries. The result, bankers stated, would be to restore fully as much, and probably more gold to this country, than was taken away in the international run on American gold last spring.

gotiations and committments involving President Hoover's moratorium."

Since beginning his fight against international bankers, McFadden has twice gone to the house floor to criticize President Hoover. Last session, he said the chief executive had "sold out" to Germany and international bankers. He was deprived immediately of the right to suggest persons for appointment to political positions in his district.

Carries Issue To People

McFadden carried the issue back to his district and was reelected to the next congress by a majority of more than 50,000. Last week, he moved to impeach President Hoover for "high crimes and misdemeanors."

His impeachment resolution, however, was tabled. The Pennsylvania Republican delegation met immediately and demanded his resignation. McFadden did not reply.

its first oil thrill three years ago by locating a promising test.

The Baker-Beck well, located about 15 miles east of Texarkana, is producing 500 barrels daily of 34 gravity oil at a depth between 2,900 and 2,950 feet. The M. D. Fitzwater-Beck No. 1, not completed yet, was reported to be flowing around 200 barrels daily.

would not give the commission any information on which to base an order for the prevention of physical waste because the pressure is changing while the field is closed.

Information Sufficient

It was further claimed that the commission already has sufficient information concerning bottom hole pressure, and that it has not enough pressure "bombs" to do the work under 71 days.

The suits were filed almost at the same time Governor R. S. Sterling ordered the withdrawal of national guard troops that have been active in the field under a martial law proclamation for the last 16 months.

Beer Measure

(Continued from Page One)

tators who filled the galleries.

The drys were repulsed early in the day by a teller vote of 163 to 118 when they attempted to wreck the bill on a motion by Representative Sirovich (D., N. Y.), who unwittingly on a motion to strike out advantage on a motion to strike out the enacting clause.

The wets then clapped down in quick succession about two dozen amendments, including one to reduce the alcoholic content from 3.2 per cent to 2.75 per cent.

Is Severe Defeat

It was the most severe defeat suffered by the house prohibitionists in many years. Only last spring they defeated the O'Connor-Hull beer bill 226 to 169. The vote is almost a complete reversal of the representative strength of the two groups, but it fell far short of the 272 to 144 vote for the outright repeal resolution defeated by six votes on the first day of the session.

Party lines were shattered in the final vote. Leaders made no attempt to control their forces, holding it was not a party matter. Among the 230 votes for the bill 133 Democrats, 96 Republicans and one Farmer-Laborite were recorded. Sixty-four Democrats joined 101 Republicans in opposition. Lame ducks voting for included 17 Democrats and 43 Republicans and voting against, 12 Democrats and 69 Republicans.

Early Senate Action

Immediately after the house action, senate leaders announced plans for prompt action in their branch after the Christmas holidays. The bill will be sent to the judiciary committee first for a study of its provisions modifying the Volstead law and then to the finance committee to act on the tax provision.

In addition to legalizing 3.2 per cent beer by weight, the measure provides a tax of $5 a barrel; federal protection to dry states, and leaves to the states the regulation of distribution, except that wholesale and retail sellers must obtain federal licenses.

Purpose for Revenue

The ways and means committee estimated it would return up to $300,000,000 annually in revenue. It was adopted as one of the Democrats' major legislative proposals for the short session. As described by Representative Bankhead (D., Ala.), who presided, "its purpose is fundamentally for revenue."

Early in the day, the senate judiciary sub-committee reached an agreement on a section of a repeal resolution outlawing the saloon. It plans to submit the completed measure to the full group early in January for action.

The drys frightened the beer supporters when they forced two votes on Sirovich's motion to strike out the enacting clause. Sirovich, who yesterday had told the house that beer contained the same ingredients as milk, had made the motion in order to gain the floor to speak against an amendment by Representative Mapes (R., Mich.), which proposed to declare milk and beer as identical in contents. After speaking the New Yorker sought to withdraw his motion. Representative Mouser of Ohio, a leading prohibitionist and Republican, defeated for re-election to the next congress, took advantage of the parliamentary situation to force a vote.

There were but a few wets on the floor at the time and when a standing vote was ordered, Representative Bankhead, who was in the chair, counted slowly and announced a vote of 132 to 108. Mouser and Representative Blanton (D., Texas), objected to the count and demanded a vote by tellers.

A hurry call was sent out by the party whips and even Speaker Garner was brought into the teller line. The wets piled up a vote of 163 to 118, and from then on took control.

The second dry assault came on the amendment proposed by Representative Michener of Michigan, assistant Republican leader, who was retired in the November elections.

He proposed the alcoholic content be reduced from 3.2 per cent to 2.75 per cent. The prohibitionists expected this to go over, but when a standing vote was ordered, only 75 supported Michener and 124 voted in opposition.

Michiner told the house "there is grave doubt of the constitutionality of 3.2 beer and I for one believe the supreme court would hold it unconstitutional."

Millionaire In "Soup Kitchen"!

Thoroughly enjoying a bowl of stew is Harvey Gibson, wealthy New York banker and chairman of the metropolis' emergency unemployment relief committee, on a visit to New York's municipal lodging house. Although his Park Avenue address set him apart from the remainder of the diners, he went through the customary routine and praised the food and housing of the shelter.

Influenza Spread Shown In Report

WASHINGTON, Dec. 21. (AP) — A growing spread of influenza, now totalling 33,823 reported cases, was announced today by the public health service.

The weekly tally has steadily mounted to today's high total. There were 3,086 cases on November 19, 6,036 cases November 26, 14,291 cases December 3, 26,144 cases December 10.

The disease has been for the most part in a mild form, the deaths few, but the health service today cautioned the public to be on the alert to recognize the ailment, and to give it prompt treatment.

"Go to bed. Call a doctor," was the prescription given.

Motive For Fatal Gun Duel At Vernon Not Discovered

VERNON, Dec. 21 (AP)—A motive for the gun fight in which H. H. Hutto, 50, and D. R. Farrar, 37, killed each other last night has not been discovered by investigating authorities.

The men shot it out at close range on a stairway leading from a club in the business district. No eye witnesses to the encounter have been found. The men died without revealing the cause of the shooting.

A coroner's verdict returned at an inquest today held that they slew each other.

Railway Heads Offer A New Compromise In Wage Parley

CHICAGO, Dec. 21 (AP)—Railroad executives late today proferred to employes a compromise to extend for nine months the ten per cent wage reductions which will expire next, Jan. 31. The offer provided in addition that either side may, after June 15, sue for a revision of the basic wage scale, in accordance with the railway labor act. The proposal was submitted to the 21 railroad brotherhood heads three hours after a joint conference had reached an impasse.

$200,000 Damage Reported In A Blaze At Coney Island

NEW YORK, Dec. 21 (AP) — Fire destroyed a two-story bathhouse and other small frame buildings in a one-block area on the Coney Island boardwalk tonight. Police estimated the loss at $200,000.

A brisk wind from the ocean fanned the flames and authorities, recalling the $5,000,000 blaze of last July which made 1,000 persons homeless, sounded five alarms, calling out all apparatus in the borough of Brooklyn. The blaze was brought under control, however, about an hour after it started.

Daughter Of Baylor Prexy Will Be Married Saturday

MACON, Ga., Dec. 21. (AP)—The engagement of Dr. Rice R. Anderson, president of Wesleyan college, to Miss Martha Hardy of Belton, Texas, has been announced in Texas by Miss Hardy's father, Dr. John Crumpton Hardy, president of Baylor college for women.

Dr. Anderson and Miss Hardy will be married in Belton at noon Saturday by Dr. E. G. Townsend, dean of Baylor college.

SILENCE CONTINUES

WASHINGTON, Dec. 21 (AP) — Continued White House silence on the exchange of views between President Hoover and Governor Roosevelt over the war debts situation led to the belief tonight that further communications were proceeding between them.

hand. His mother rushed across the chamber but could not reach her son. His brother, the Rev. Vincent J. Burns, threw his arms about the former fugitive in elation.

Kissed By Mother

The ex-convict, who had listened intently to the hours of debate by his eminent array of counsel, supplied by the American civil liberties union and the representatives of Georgia, was taken to another room. There he met his mother. Tears in her eyes, she kissed him.

Anxious to thank Governor Moore, who made his freedom possible, Burns was taken to the executive offices. He kissed the governor's hands as he expressed his gratitude. He was obviously surprised by the governor's reaction.

Must Be Good Citizen

"Burns," said Governor Moore, "you can stay in New Jersey as long as you lead an honest life and remain a good citizen. But never mind the publicity stuff. It is now up to you whether you go back."

The diminutive Burns accused by John I. Kelley, Georgia assistant attorney general, with misrepresenting the treatment he received in the southern prison camps, was taken back to the Newark jail, where he will be formally released.

AIR SHOW DATE SET

DETROIT.—Officials of the 1933 National Aircraft Show, to be staged at the Detroit City Airport next year, have set a tentative date for the opening of the event. March 25 is the day selected. The exposition is the industry's only national show, and it is expected that manufacturers from all over the country will exhibit their wares.

NEW ORLEANS COTTON

NEW ORLEANS, Dec. 21. (AP)—Cotton showed but moderate activity today, trading being mostly of a pre-holiday character with January liquidation and some hedge selling. Prices tended lower closing at net declines of 3 to 6 points, January showing the most loss. Friday is first notice day in that month.

Manchester cabled a fair business continued in the cloth market. First trades here showed losses of 2 to 3 points but prices improved moderately after the start on trade buying and March the only active month for the time rallied 5 points from the initial lows to 6.05.

The market turned easy in the late trading and January made a new low for the day at 5.84, down 8 points from the high while later months were steady near the earlier lows. The close was at or near the bottom, January showing a net decline for the day of 6 points and March and May net declines of 4 points.

Liverpool is due on New Orleans tomorrow 3 to 4 penny points down.

Port receipts 21,551, for week 111,754, for season 5,570,882, last season 6,031,560. Exports 27,184, for week 125,587, for season 2,835,537, last season 3,634,034. Port stock 4,792,844, last year 4,681,354. Combined shipboard stock at New Orleans, Galveston and Houston 179,149, last year 169,666. Spot sales at southern markets 17,635, last year 26,304.

NEW YORK COTTON

NEW YORK, Dec. 21. (AP)—Cotton was quiet again today except for some further near month liquidation, with prices sagging off from a slight early advance under comparatively small offerings.

March contracts declined to 6.06 and closed at that figure. The final tone of the market was barely steady at net declines of 5 to 6 points.

The relatively easy ruling of December was attributed to selling against notice representing about 1,200 bales, according to estimates. That delivery eased off to 5.90, but there were only a few lots for sale, and the price soon steadied with the rest of the list.

January sold up to 5.97 and May to 6.21 on this bulge, after which demand slackened and prices worked off gradually, with selling a little more active in the late quotations were at or within a point or two of the lowest.

Southern selling was light. Trading in the current December position will end at noon tomorrow, and Friday will be the first January notice day. It was reported that private cable advices received in Liverpool from India claimed that yesterday's Indian government crop estimate of 4,233,000 bales was too low and that trade estimates average about 4,900,000.

Offerings in the Liverpool market were said to have been absorbed by trade calling and covering on the steadier rulin of Alexandria. Egyptian cotton futures in Alexandria were 5 to 16 points higher. Exports today 28,154 making 3,860,707 so far this season. Port receipts 25,042. U. S. port stocks 4,841,591.

Stock Market Puts On The Brakes In Decline But Prices Do Not Advance

BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, Dec. 21. (AP)—The stock market put the brakes on its recent downward slip, but contented itself mainly with holding prices as they were. There was little evidence of a rally.

Some of the industrial favorites, including U. S. Steel preferred, which had been singled out for selling early this week, responded to the lash of short covering, running up a point or so, but the main body of industrial stocks were steady or only fractionally higher.

The tobacco and railroad stocks looked rather feeble, most of them declining under scattered but fairly steady liquidation. The coppers also skidded for a time, when board room gossip turned to the question of large surplus stocks of the red metal and prospects for further price cuts, but in the late trading, they shook off some of their earlier weakness and were about steady at the close. Foreign copper prices were again firm. Trading was again quiet, transfers totaling 737,980 shares.

Grain

FORT WORTH GRAIN

FORT WORTH, Dec. 21. (AP)—Fair demand for wheat and oats but poor for other light offerings was reported on the Fort Worth cash grain market today.

Quotations ranged as follows, basis car loads on track at Fort Worth, freight paid, delivered Texas Gulf ports export rate or Texas common points: Wheat No. 1 hard according to protein and billing 50 3-4@51 3-4. Barley, No. 2 nominally 31@33; No. 3 nominally 30@31. Sorghums, No. 2 milo per 100 lbs. according to color 60@65; No. 2 kaffir according to color 52@55.

Delivered Texas common points or group three: Corn, No. 2 mixed 38 1-2@39 1-2; No. 2 white or yellow 39 1-2@41 1-2.

Delivered Texas common points: Oats, No. 2 red 24 1-2@25 1-2; No. 3 red 23 1-2@24 1-2.

CHICAGO GRAIN

CHICAGO, Dec. 21. (AP) — Extensive liquidating sales by eastern holders of wheat futures tumbled the Chicago market temporarily today to below the season's bottom level but fractional rallies ensued. Accuracy of Washington official crop estimates were widely questioned.

Late rallies in wheat prices were ascribed to purchase orders on the part of United States government-sponsored agencies and to buying here against simultaneous sales at Winnipeg. Liverpool wheat quotations declined to a new all-time record low for futures in that market and to the lowest known for cash wheat or futures in England since 1888.

Wheat in Chicago closed unsettled at the same as yesterday's finish to 3-8 higher, corn a shade to 5-8 down, oats 1-8 off to 1-8 up, and provisions unchanged to 15 cents lower.

Two Men Are Sentenced For Slaying Of Illinois Hermit

FAIRFIELD, Ill., Dec. 21 (AP) — Raymond Mallicott, 25, of Granite City and Charles Roy, 39, of Collinsville, were convicted of the torture-murder of Fremont Pearce, 76 year old hermit of Clane, Ill., last summer by a jury today and Judge R. Read sentenced each to 17 years in the penitentiary.

Pearce was attacked by several men in his farm house last July 13 and died August 5. The men endeavored to obtain a large amount of money he was reputed to have secreted in his home. They beat him, burned him with matches and tore out his toe nails with pinchers.

The robbers obtained less than $30.

DEVELOP AIR FIELD

WASHINGTON.—About $2,000,000 is to be spent in improving Bolling Field here.
