

# Nelson to buy old City Hall after making \$35,000 offer

For all practical purposes, the City of Spearman has apparently sold the old, fire damaged former City Hall complex to Roscoe Nelson for \$35,000.

Nelson signed papers to purchase the property Friday morning after the city council had rejected sealed bids of \$12,500 from High Plains Conoco and \$25,000 from Mike Skinner Tuesday night.

The city acted on an opinion from its legal counsel that once the city has rejected sealed bids for purchase of the property, the property can then be sold for the highest offer without the formality of bids, according to City Manager Jim Murray.

The two lone bidders, High Plains Conoco and Skinner, were invited to meet with city officials and Nelson and were given the opportunity to bid with Nelson on the property, Murray said. High Plains Conoco spokesman declined. Skinner did show up for the meeting Friday, but he did not offer to raise his \$25,000 bid, and Nelson signed to buy the property at the \$35,000, although technically the sale will not be executed until the City Councilmen vote on it at their next meeting on Oct. 18.

After hearing that an offer of \$35,000 had been made to purchase the old City Hall complex, city councilmen turned thumbs down to the two bids during a regular council session Tuesday night at temporary City Hall.

Mayor C. Ralph Blodgett told the aldermen at the Tuesday night

session he had talked to Nelson and that Nelson had offered \$35,000 for the city hall-fire station-police department building and land it is on.

Briefly discussing the matter, the general consensus of the aldermen seemed to be that the city should get more than the \$25,000 bid from Skinner.

Mayor Blodgett then remarked, "I assume it would be in order to turn these (bids) down."

Councilman Bob Pearson hesitated, apparently concerned that if the two sealed bids opened Monday were rejected, the city might not get as good an offer.

"I guess I think the thing's worth less than anybody else does," Pearson commented. "I'm not saying to take the \$25 and run, but..."

Blodgett was asked if the offer from Nelson was a firm one, and said it was. This satisfied Pearson and he made the motion to reject the \$12,500 and \$25,000 bids. Councilman Ed Garner seconded the motion. The vote to reject the High Plains Conoco and Skinner bids was unanimous.

In other action, the aldermen passed an ordinance approving the rate schedule Texas-New Mexico Power may charge in Spearman, voted to pay annual dues of \$221.85 for continued membership in the Panhandle Regional Planning Commission and authorized Mayor Blodgett to renew a three-year contract inter-local agreement with Texas Municipal League Worker's Compensation Joint Insurance Fund.

Garner made the motion, Pearson the second and the vote was

unanimous for the ordinance approving the Texas-New Mexico rate schedule. This was a routine vote, taken to insure the city's original legal jurisdiction over rates charged by Texas-New Mexico.

The new rate has already been decided on a statewide basis by the State of Texas Public Utility Commission. The utility company had asked for an increase of \$13 million statewide, and the city had joined with other municipalities in filing a request for delay, advocating an increase of only \$1.18 million statewide. The matter was heard before the PUC, and the state regulatory board ruled the increase be \$5,083,210 statewide.

The council also discussed drivers speeding along Hwy. 207 between Hansford Implement Company and the city limit south of town.

Pearson said he had received calls from a number of people asking if the city could lower the speed limit along this stretch of highway.

Mike Cudd, manager of Hansford Implement, visiting the council session on another matter, said of the fast traffic past the John Deere dealership, "Boy, they just come blowing by--they come by there at 60 m.p.h."

Murray told the council the city could not take action on the matter, as the stretch of highway in question is just outside the city limits. He said a request could be made to the state to make a new survey to see what the speed limit would be in that area. The item was not on the agenda and no action was taken.

## Jaycees - City seek park grant

Local Jaycees and the City of Spearman have joined hands in a project that could double the number of softball parks here and improve the existing softball and Little League facilities.

The city formally entered the effort to expand and improve the ballpark facilities here by voting to expand and by West Texas Consultants Inc. to prepare a grant application for refurbishing the Jaycee Park softball complex.

The consultant firm offered to prepare the grant application, do the necessary surveying, and draw up the required plat plan and estimates for \$1,000, City Manager Jim Murray told the council.

Murray told the council the firm "thinks we have a good chance to get the grant," that such grants were available, that it would be a 50-50 matching grant but that the city's half could be put up "in kind" rather than in money, and that the \$1,000 consulting fee could be deducted from the grant money.

Murray said the Jaycees are willing to contribute the city's in kind half required by the grant by deeding the Jaycee Park to the city. The city could then use this park and the existing facilities there as its "in kind" contribution to the plan.

Spearman Jaycee President Mike Cudd and Spearman YMCA Board President Johnny Crawford appeared before the aldermen to offer

their support for the plan to expand and improve the softball facilities.

Cudd told the council that the Jaycees would be willing to deed the Jaycee Park property where the existing Little League diamond and one of the softball diamonds is now located back to the city if the city would use it in the grant application.

Cudd said, "There has been a real need for more facilities for softball teams for some time. We now have one Little League field, one softball field and a makeshift softball field over behind the YMCA."

He said this shortage of facilities causes a number of problems and makes conducting an adequate softball recreation program difficult. He said with the present facilities--or lack of them--causes scheduling problems to "put on tournaments".

Cudd said the Jaycees have some money for softball park improvements, but they feel it would be better to deed the present Jaycee Park, including the Little League and softball diamond to the city to try and get the matching grant.

He suggested converting the present Little League Field into a softball diamond and improving the adjacent softball diamond with the grant monies, then converting the present makeshift softball diamond behind the "Y" into a top rate two-ballpark Little League complex. He said the Jaycees would donate funds toward building the new Little

League ballpark.

He said the improvements and [See JAYCEES, page 2]

## Farm Tour set

A Hansford County Farm tour will be held Thursday, according to County Ag Agent Jim Smith.

Smith said the tour will get underway at 10 a.m. from A.W. Rasor's shop on Main Street in Gruver.

The tour group will head north from Gruver for six miles to visit a milo variety demonstration plot. There those making the tour will see 14 varieties of milo "and people from those companies will be there to talk their seed," Smith said.

He said the tour will make one or two more stops to look at milo, then will return to Rasor's place for lunch.

For lunch we'll have a free barbecue, sponsored by the seed companies and dealers in Hansford County, Smith remarked.

"After lunch--for those interested--we'll go look at a surge irrigation system at Dorsey Shadd's farm," Smith said, "All farmers are invited to go along on this tour."

Lynx players and fans spirits soar with the flames Thursday night as a large turnout enjoys the

spectacle of twin bonfires and cheers for a Lynx Homecoming victory Friday night.

## 'Toby' Byrd services held

Memorial services were held at 2 p.m. Friday in Gruver United Methodist Church with Rev. Tom Fuller of Lubbock, and Gary Blaney, a Church of Christ minister, officiating for S.O. "Toby" Byrd, 79, who died Wednesday in Spearman. Burial was in Gruver Cemetery by Boxwell Brothers Funeral Home in Spearman.

Mr. Byrd was born in Brown County and moved to Gruver in 1942. He was custodian for Gruver State Bank. He was a member of

Gruver United Methodist Church. He married Bertha Dethloff in 1923 in Bridgeport.

Survivors include his wife; two daughters, Lena Mae Ford and Frances Cearley, both of Gruver; three sons, Roy and Billy Joe, both of Gruver and Herman of San Antonio; two sisters, Martha Banks of Olney and Grace Norman of Fredricksburg; four half brothers, three half sisters, 13 grandchildren, 18 great-grandchildren and one great-great-grandchild.

## Homemakers offer college scholarship

The Hansford County Extension Homemakers want you. If you are a homemaker returning to college and need assistance, they want to help. They have established a scholarship just for you. If you would like to apply to receive it, come by Hansford County Extension Office, in the basement of the Courthouse. The offer will end October 15 for this year. The recipient will be awarded the scholarship on October 27 at the Extension Homemakers Annual Meeting to be held at 7:00 p.m. at 309 N. Bernice.

## Theft ring 'busted' here

Sheriff R.L. McFarlin, Deputy Gary Evans and other deputies have apparently broken a theft ring in Spearman and recovered some \$800 worth of tools and small equipment.

In a tangled web of varying charges, the officers arrested two illegal aliens on charges of possessing the allegedly stolen goods, arrested a man on a charge of cruelty to an animal and two 16-year-old girls, charged with being runaways--all at the same mobile home.

Still being sought is a 31-year-old former employee of Carl Archer, on a warrant charging him with stealing the approximately \$800 in tools and equipment from Archer at either Hansford Feedyard or Speartex Grain, or both.

The twisted chain of events began

to unravel Wednesday when the Sheriff's office received a report that a dog had been mistreated at a local motel.

While the suspect in this case was still at large, information was received on a reported theft that led the officers to obtain a search warrant for a mobile home at 317 N. Brandt. Upon arrival there the officers found and seized the tools and equipment belonging to Archer.

But the main suspect in the theft, a mechanic that had quit his job that morning, was not there.

Instead, the officers found Armi-enariz, 29, last listed address of Roswell, N.M., and charged him with cruelty to animals in the earlier motel incident. Arrested at 4:50

[See THEFT, page 2]

## Nell Patterson's mother succumbs

Mrs. Vance (Marie) Close, 71, of Coleman passed away Thursday, Sept. 29 at 6:30 a.m. in an Abilene hospital.

Services were held Saturday at 2 p.m. in the Walker Funeral Home Chapel in Coleman with Mr. Sam Wilson officiating. Interment was in Glen Cove Cemetery.

She was born August 1, 1912 in Coleman County and had lived in Colman County all her life. She was a member of the Church of Christ.

Survivors include two daughters Mrs. L.M. (Nell) Patterson, Jr. of Spearman; Mrs. Feeler of Clyde; her mother, Mrs. T.O. Burleson of Mason; 3 sisters, 4 brothers, and 5 grandchildren.

## Immunization clinic Oct. 3

There will be an immunization clinic Oct. 3, from 2-4 p.m. at Spearman Elementary School, 511 S. Townsend.

The clinic will offer vaccines that give protection against

several childhood diseases. Protection is against polio, diphtheria, lock jaw (tetanus), whooping cough (pertussis), measles, rubella and mumps. There will be no charge.

Gid Nobles celebrates  
100th birthday

Gid Nobles will celebrate his 100th birthday October 6. There will also be a birthday party at the Senior Citizen Building on October 8. Details later.

Stories from page 1

**THEFT**

conversions would be costly as they would involve not only the diamonds, but bleachers, around it. But as the property donated by the Jaycees would be used as the city's in-kind contribution, and some of the work could be done in-kind, then the city would be out no major expense not covered by the grant.

Cudd said that by deeding the property to the city in order to secure the grant, the Jaycees were not saddling the city with the "headache" supervising the softball and Little League programs. The YMCA would still be in charge of these programs, he assured the councilmen.

One of the councilmen asked if the city could later sell the park back to the Jaycees and Murray told him "no," but that the city could legally lease it to the Jaycees should the council decide to after the park project is completed.

Councilman Burl Buchanan inquired about the grant, asking, "Is there a pretty good chance we can get it?"

Murray said, "There have been quite a few grants that type project in the past and that the consulting firm seems to think there is an excellent chance to get the grant."

The council then voted unanimously to accept the proposal by West Texas Consultants to prepare the grant application. Councilman Ed Garner made the motion and Councilman Wilson McClellan the second.

**JAYCEES....**

p.m. Wednesday, Armiennariz was in custody awaiting trial at press time Friday.

On a subsequent visit Thursday evening to the mobile home where the allegedly stolen property had been recovered and Armiennariz arrested, the officers found the two 16-year-old girls, sought as runaways from Elk City, Okla., and two Mexican nationals.

The two Mexican men are being held on charges of possession of stolen property in the alleged tool and equipment theft, until they can be turned over to the Border Patrol as illegal aliens, Evans said.

The two girls--not sisters--are being held until their parents can come to Hansford jail from Elk City and at that time will be released in the custody of their parents, according to Evans.

Sheriff R.L. McFarlin said he and other officers worked on the cases and were involved in recovering the allegedly stolen goods, but that Evans did most of the investigation on the case and deserves credit for working very hard on the case and "for a job well done."

Sickness is ideal when it does not interfere with the things that you want to do.

**Jackson, Nunn, Tower, Thurmond**

The death of popular Senator Henry Jackson earlier this month will have significant political ramifications. The result in the Senate is to change the party ratio from 46-54 to 45 Democrats, 55 Republican. This is temporary, until an election this fall.

It may or may not affect the 1984 struggle for control of the Senate. The interim appointee to fill Jackson's shoes, a Republican, is not certain to retain the seat in the general election.

As 1984 Senate races now appear, Democrats are thought likely to gain a net of four seats. That's the view of experts gauging all 33 races (19 Republican seats and 14 Democratic). This was the view of experienced pros prior to Jackson's death, that Democrats would gain five seats in 1984 and lose one (possibly two). If they gain five and lose one, that would have left the Senate in G.O.P. control, with a 50-50 count, the presiding officer (vice president) making the difference. That's assuming Jackson's seat remains Democratic.

Since that is not assured, it may mean Democrats would have to gain a net of six seats to gain control of the Senate. Things are so close in the Senate race picture, this Jackson seat, if it were to be Republican, might conceivably determine control of the Senate.

In another way, the death of Jackson changes the Democratic power structure. Jackson was the ranking Democrat on the Senate Armed Services Committee. That means he would have become chairman in next year's elections Democrats win a majority in the Senate. Now, Senator Sam Nunn of Georgia is in line to become chairman.

Nunn, a hawk like Jackson, is more versed in technical and detail questions and favors a draft plus defense economies and other Pentagon policy changes. This committee is also the center of speculation about its next chairman if Republicans retain control of the Senate.

Texas' Senator Tower has announced he will not run for reelection. That puts Senator Strom Thurmond of South Carolina in line to become chairman, but he is already chairman of the Senate Judiciary Committee, and senators may chair only one major committee. Thurmond is being urged by some to remain at Judiciary--which would give Senator Barry Goldwater the chairmanship of the Armed Services Committee.

But he could do much for South Carolina as chairman of Armed Services. His role at Judiciary is partly to keep the chairmanship out of the hands of liberal Senator Charles Mathias Jr. Once already Thurmond has put party and national interests ahead of his own, and his state's, by refusing to chair Armed Services. Asking that again is asking a lot.

There's no way to accurately predict what people will do.

Few friends come through when the majority is on the other side.

The man or woman without faith in anything or anyone gives evidence against themselves.

**Area wide youth rally and revival planned**

An area wide youth rally and revival has been scheduled for Oct. 22-27th at the Spearman Union Church.

Jerry Phillips, former football coach, will be ministering in the Word of God. Johnny Ray Watson, former semi-pro basketball player, will be ministering in Special Music.

Special Childrens Service will be held on Sunday and Wednesday night.

Malolah Fullbright will be ministering to the children and they will also have a Christian Film.

Schedule will be as follows:

Youth Rally-Sat. Oct. 22nd, 7:30 p.m.

Revival-Sunday night, Oct. 23rd, 6:30 p.m.

Mon. - Thurs. Oct. 24th-27th, 7:30 p.m.

Childrens Service-Ages 3 year olds - 10 years.

A nursery will be provided.

**Public Notices**

The Cowboy Sub-Chapter of  
the F.C.A. meets the fourth  
Saturday of every month at  
7:30 p.m. at the Home Demon-  
stration Building, Spearman,  
Texas.

**Legal Notice**

**LEGAL NOTICE  
NOTICE OF  
PUBLIC HEARING  
SPEARMAN PLANNING AND  
ZONING COMMISSION**  
Date: October 17, 1983  
Time: 2:00 P.M.  
Place: City Council Chambers  
of Temporary City Hall,  
514 Collard, Spearman,  
Texas.

Purpose: To consider in public  
hearing the rezoning of the  
tracts of land listed below  
plus one-half of all bounding  
streets, alleys, and public  
ways:

1. Lots 7-12, Block 5, Original  
Town, City of Spearman  
Hansford County, Texas;  
Street address - Hancock  
Street.  
If the Planning and Zoning  
Commission favorably consid-  
ers the request or the appli-  
cant files a written appeal with  
the City Secretary by 12:00  
noon, October 27, 1983, the  
City Council will hold a public  
hearing to consider the pro-  
posed change as follows:  
Date: October 18, 1983  
Time: 8:00 P.M.  
Place: City Council Chambers  
of Temporary City Hall,  
514 Collard, Spearman,  
Texas.

For additional information call  
659-2524.  
Donna Thomas  
City Secretary  
455-1tc

**Tristate Twosomes meeting held**

Tristate Twosomes, Mother  
of Twins Club, needs twins of  
any sex or age to help with the  
November meeting. The club  
would like to have a twin panel  
as the program. The mothers  
would simply have a discus-  
sion with the panel. If you are  
a twin and willing to attend we  
would be happy to mail a  
paper on some of the major  
questions that would be asked.

If you are a twin please  
consider attending - the meet-  
ing would be a disaster with-  
out you! Our members have  
fraternal boys, identical boys,  
fraternal girls, identical girls,  
and bo/girl twins. We love to  
have someone representing all  
5 types of sets.

Please contact Melyn John-  
son, 806-339-7109 (a local call  
for Guymon) if you can help.

**Daughter born  
to Sniders Mrs. Hefner hosts  
book club**

Bobby and Kay Snider are  
proud to announce the arrival  
of their daughter, Kylie Irene,  
born Friday, September 23,  
1983 at Ochiltree General Hos-  
pital in Perryton at 9:06 a.m.  
She weighed 7 lbs. 6 1/2 oz. and  
was 19 1/2 inches long.

Awaiting the arrival of her  
new baby sister, was four year  
old LaShera Denise.

Maternal grandparents are  
Mr. and Mrs. Steve Glassey of  
Perryton, and paternal grand-  
parents are Mr. and Mrs.  
Vance Snider of Spearman.  
Paternal great-grandmothers  
are Nola Snider of Coleman,  
and Cora Helton of Pampa.

**Brownie troop**

Brownie Troop No. 127 met  
Tuesday afternoon at the  
Brownie House.

The girls are selling home-  
coming mums for Boxwells  
Flower Shop and they worked  
on ribbons and bells for the  
mums.

Refreshments were served  
by Amber Cates to Adrian  
Blackburn, D'Edra Martin,  
Melissa Holt, Sonya Tindell,  
Alicia Zabin, Sarah Foster and  
Tracy Tigrett.

Judy Martin is the leader for  
the troop and Phylis Cum-  
mings is the assistant leader.

**NBC's Slant**

The general public is  
not fooled all the time by  
the commercial networks.  
President Reagan often  
jokes about the "evening  
blues" on network news  
programs and has a point.

Polls have shown  
ninety percent of the  
working media-reporters and  
commentators--are  
liberals, admittedly. So  
how can they be objective  
or fair in dealing with a  
conservative president?  
They can't, although  
many try. Some don't.

Network news people  
too often don't try. The  
latest example is the re-  
cent announcement by the  
president that he would  
seek changes in 47 federal  
laws which are thought to  
discriminate against  
women. Other laws,  
which discriminate  
against men, and favor  
women, are to be left as  
they are.

How did NBC report  
this? The exphasis was  
put on declaimers and  
critics of the new pro-  
gram, and Andrea  
Mitchell ended the one-  
sided, prejudiced report  
on NBC by saying that  
most people saw the pro-  
posed changes for what  
they were--just cosmetics.  
In other words, the presi-  
dent was insincere, and  
all this meant nothing.

That kind of news re-  
porting is an insult to the  
intelligence of all Ameri-  
cans.

The Spearman Book Review  
Club met September 27 in the  
home of Mrs. Frank Hefner.

After a sumptuous dinner,  
Patty Sheppard reviewed  
"Run With the Horsemen," a  
delightful chronicle of events  
in the life of a boy growing up  
in the deep South, written by  
Ferrol Sams.

In addition to the hostess  
and Mrs. Sheppard those at-  
tending were Jane Meek,  
Louise Holt, Carrie Marie  
Berry, Joe Copeland, Fred  
Sheets, Athalie Trayler, Sada  
Hoskins, Altha Townsend.

The next meeting will be  
October 25, in the home of  
Louise Holt.

**Governor  
Mark White  
REPORTS**

**AUSTIN**—Cashiers in grocery  
checkout lines across our state,  
not the number crunchers in Wash-  
ington, will ring up the alarming  
dollar signs when it finally comes  
time to total up West Texas drought  
damage.

The food prices you and I will  
pay tomorrow are being decided  
by what happens to our food pro-  
ducers today.

U.S. Agriculture Secretary John  
Block is downplaying the early  
warning signs reflected in August  
food price figures released by the  
U.S. Department of Labor. He  
continues to characterize food as  
an "inflation fighter" even as  
vegetable prices climbed 16.5 per-  
cent in August, a turnaround from  
an 11.9 percent drop in July.

Beef prices dipped by 1.3 per-  
cent last month, but food industry  
analysts say lower prices are only  
a short-term effect of increased  
cattle sales forced by drought con-  
ditions. Diners in Dallas, Detroit,  
and Dayton can expect to fork  
over more money for a Texas  
T-bone in another six months.

The hard times facing Texas  
farmers and ranchers will have  
a domino effect on related indus-  
tries, such as steel and farm ma-  
chinery, already plagued by lay-  
offs and depressed sales.

Secretary Block never responded  
to my invitation to tour the West  
Texas drought area, and the  
"drought relief" he offered falls  
far short of what is needed.

It is no surprise that only a  
handful of Texas farmers and  
ranchers have applied for federal  
loans at interest rates of 8 to 14  
percent. Already mortgaged to the  
hilt, they cannot repay what they  
owe now.

**There's A Catch**  
If arguments were  
postponed until all partici-  
pants got the facts, life  
would be simpler and in-  
telligence would replace  
emotion.

# Faye's Daze

It seems that the frost hurt everything but the crickets, and I think it just made them noisier. When I got home from my hospital stay, the first thing I heard was a cricket in the kitchen. I really hadn't been homesick for them.

Things seem to be wearing out all at once at my house. The faucets in one of the bathroom sinks no longer just drips, they run a steady stream. The TV is black and white for a few seconds before the color comes on, the bottom of the dishwasher is rusting out, and let's see, oh yes, I need a new hot water heater. Outside of these and a few other minor items, things are great at my house.

Do you remember the traveling tent shows that used to come to town? Texas Tech has a new exhibit about the traveling tent shows popular in West Texas from the turn of the century until the 1950's.

There are more than 80 photographs, numerous tent show circulars or advertisements and a variety of theatrical memorabilia displayed from four of West Texas' most popular tent show troupes--Harvey Haverstock's Tent Show, Henry L. Brunk's Comedians, Roy E. Fox's Popular Players and Harley Sadler's Tent Theatre.

When these tent shows came to town, there was really a lot of excitement and everyone wanted to see them. I mostly remember Harley Sadler's and Twyman's. I loved to see their plays, and I guess everyone else did too, as there was usually a pretty good crowd.

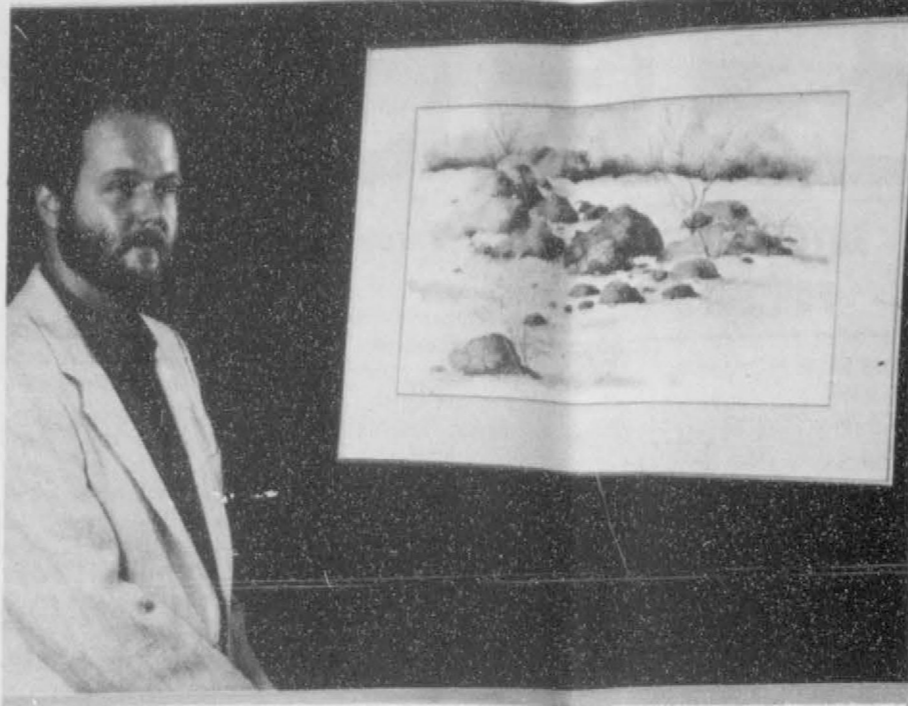

Old Mrs. Wilson loved to hear a fiery sermon. She would enounce her comfortable bulk in the pew, rock back and forth in time to the minister's cadences, take a dip of snuff, and cry, "A-a-a-amen," at every piece of ministerial denunciation.

When the minister spoke harshly of sex, drinking, smoking, drug-taking, she approved heartily, taking snuff at each item and emitting her rolling "A-a-amen."

Finally the minister began, "And now let me talk about another vicious habit that, fortunately, is going increasingly out of fashion. I refer to the deplorable practice of snuff-dipping..."

Whereupon Mrs. Wilson sat bolt upright and muttered under her breath, "Wouldn't you know? He's stopped preaching and begun meddling!"

## "Who's Who In The West" selects Wilmeth

Ernest Wilmeth II

Ernest Wilmeth II has been selected for inclusion in the forthcoming edition of "Who's Who In The West" to be published in the summer of 1984. Who's Who In The West is a culmination of biographies listing those people of the western United States in the fields of business, art, publishing, politics, and education.

Wilmeth lives in Albuquerque, New Mexico where he works in the medias of oil, watercolor, and clay. His works are in collections from Washington, D.C. to California. Additionally, he holds a B.F.A., life-membership as a "Fellow" to Great Britain's Royal Society of Arts, is a past member of the New Mexico Watercolor Society, and is listed in "Who's Who In American Art."

## Library News

**STORYTIME**--Storytime for 4 & 5 year olds will begin on Friday, October 7 at the library. Storytime will be held from 10:30-11:00 each Friday morning for six weeks, Oct. 7-Nov. 11. All 4 and 5 year old children may attend. Pre-register either in person or by phone.

**FIVE NEW FRAMED ART PRINTS**--Check out a framed art reproduction for that blank wall at home or in your office. We have a nice selection of

paintings that may be checked out for 2-month periods.

**COMIN ATTRACTION!**--Calling all shutterbugs! The Polaroid Co. has given the Hansford County Library a Polaroid Sun Instant camera that will be available for check-out at the library in a couple of weeks. We supply the camera-you buy the film. More on this later.

Think of more than books when you think of your Hansford County Library.

## Storytime for 4 & 5 set

Friday, Oct. 7 is the date to remember. Storytime for 4 year old children will begin that day at the Hansford County Library.

Librarian, Rita Curtis, will conduct the Storytime sessions on Friday mornings from 10:30-11:00. The first series will run for six weeks, from Oct. 7 through Nov. 11. Each Storytime will feature two or three storybooks and either a

film or filmstrip. Flannel-board stories will also be used.

Storytime is an excellent opportunity for young children to discover that reading and listening can be enjoyable.

All 4 year olds and 5 year old children not yet in kindergarten are invited to register for Storytime at the library. Contact Rita Curtis at 659-2231 or come by the library at 122 Main St., Spearman.

## "A Centerpiece"

by: Alma Remy

Our weather still insists on staying dry but at least the days are much cooler with morning temperatures in the low 40's. One night our thermometers registered 31 degrees. Would seem that winter is not far away with ice freezing anyplace a little water was standing. Most gardens are gone and we didn't even get to speculate whether to pick the green tomatoes for chow-chow or to let them stand for another night.

This was true also of the heat, but probably most of us turned the furnace on and cut off the air conditioner for awhile. Surely though we will have more nice days yet.

Thursday was a workday at the center with volunteers binding a quilt while others quilted on another. Not so many out as usual, but such nice people to work with. Do drop in and join us, you will be most welcome and the dinners are always delicious too.

Monday of this week was another quilting day. Someone brought watermelon and it was

appreciated by all the ladies during a break from quilting. Other ladies were binding the log cabin quilt. This will finish it and if you haven't seen it - it is a beauty. Keep watching for an announcement of how you might win this one.

Do drop in when you are downtown. We appreciate your coming and look forward to your visits.

Nurses will be here next Tuesday night, Oct. 4 and also Oct. 18 to take blood pressures. Do have yours checked.

Alma Remy

## Boxing club to begin workouts

The Spearman Boxing Club will begin workouts Tuesday, October 11 at 5:30 p.m. at the Y.M.C.A. Workouts will be held Tuesday, Wednesday and Thursday of each week.

Boxing meets will be on Fridays and Saturday evenings

or on Saturday evenings.

Boys eight (8) years of age and older are invited to join.

Boys under the age of eight years will only be accepted if they have had previous experience.

## Whirlybird Skate Center

### SALE BY OWNERS

Bixler Properties

Biggest gusher in Perryton, Texas. Clean and simple operation. 58 hour week operation manager and one employee. All cash business. No check or credit losses. Showing over \$20,000 monthly income with \$4,000 monthly expenses. Most beautiful skate center in southwest. Snack bar, video games, elaborate sound and lighting system. 400 Pair skates. Beautiful blue epoxy skate floor. Attractive 13,000 ft. clear span building. Large parking area. With owner management, this business would show even greater profits. Owners are commercial developers and at present have two projects under construction. If you could invest \$150,000 down payment, total \$650,000, this property should return your cash down payment in approximately 18 months or less, plus \$50,000 year depreciation plus principal reduction on mortgage. Owners reserve the right to approve buyers. Look this business over. Check it out with Larry Johnson, manager. Books open to qualified buyer. Would consider taking good commercial bare land in trade. Good financing.

Contact  
Larry Johnson, Manager.  
After 4 P.M. — 806-435-5633.

P.S.: Doctors, lawyers, investors, this is new prime property in XXXX location: don't be second. We intend to sell. Present your best offer.

# Spearman Police Report

On Saturday, September 24, 1983, while on routine patrol, an officer was dispatched to a Spearman residence in reference to a break in. Upon arrival, the officer was advised by the complainant that a person(s) unknown broke into the house. The complainants further advised the officer that he and his wife were asleep in the back of the house and was awakened by a group of people walking around inside the house. He stated that he heard one of the persons unknown say to another "come on guys, let's clean." At this time he stated that he got out of bed and entered the room where the people were. The people were running out of the house through the glass sliding door when he entered the room. Entry was made through a glass sliding door and through a gate leading into the back yard. Both the gate and door had been closed by the owner. After a search nothing was found missing.

On Sunday, September 25, 1983, an officer was dispatched to a Spearman residence in reference to a family disturbance. The officers arrived in the area of the residence and heard a scream. Officers then stopped the patrol vehicle and observed a female subject running from the house. The officer exited his vehicle and was met by the female subject. The officer observed a male subject at the front door of the residence. Upon speaking with the female subject, it was found that the male subject had assaulted her while they were in their vehicle. The officer did observe a bruise under the female subject's right eye where she had been struck. The female subject advised the officer that she was in the process of divorcing the male subject and had obtained a restraining order. The officer checked and was advised that the order had not been served at that time. At this time the female subject went into the residence to remove

some personal belongings. The male subject left the residence during this time. The female subject was then escorted to the Sheriff's Office where she signed a complaint for assault; however, she did not wish the complaint to be filed at this time.

On Sunday, September 25, 1983, while on routine patrol, an officer observed a pay phone located at the Gulf Station, had two window panes knocked out. Upon further investigation, the officer discovered the top panel of the phone booth on the East side, was shattered and a hole approximately three inches by three inches in it. Also on the door, that the bottom pane of glass on the East side of the door was completely knocked out. The phone company was contacted. Case still under investigation.

On Monday, September 26, 1983, a Spearman business man called the Spearman Police Department and stated that during the night, someone had hit his pipe trailer. Officers arrived and met with the owner. Investigation revealed that an unknown vehicle had struck the trailer while it was legally parked on the North curb of 100 block of West Kenneth; and unknown vehicle had struck the trailer and knocked it over the curb and into the parking lot. Considerable damage was done to the trailer. Evidence collected at the scene indicated that the vehicle was light green in color and had a fiberglass front end.

At approximately 6:35 p.m. on the same day, an officer was dispatched to a Spearman residence in reference to a domestic disturbance. Officer arrived and was met by a female subject, who advised the officer that a male subject had come to the house harrasing her. Subject further stated that the male subject had an accident during the night and had not reported it. The officer drove to an address given by the female and observed the above described vehicle parked in the

drive. The officer noticed that there was a large amount of damage to the right front corner of the vehicle. The subject was taken to the Spearman Police Department for questioning. At this time the subject admitted that his car had struck the trailer. The officer obtained drivers license and insurance information from the subject and released him. No further at this time.

On Monday, September 26, 1983, the Spearman Police Department served a warrant on a Spearman resident. The subject was transported to the Spearman Police Department where the subject appeared before the Judge.

On Tuesday, September 27, 1983, while on routine patrol, officers observed an abandoned men's bicycle in the vacant field adjacent to the Spearman High School. The bicycle was picked up by the officers and transported to the Spearman Police Department for safe keeping until claimed by the owner.

On Tuesday, September 27, 1983, while on patrol, an officer was dispatched to a Spearman residence. The officer was met by a male subject who advised the officer that his son was approached in school by another school mate and tried to sell some pills of some sort. The boy advised that the pills would make him hyper. The officer returned to the Spearman Police Department and related what was said. Two officers went to the school and spoke with a male subject in reference to the above matter. The subject advised the officers that he was aware of the incident and that he had spoken with the boy and his mother. The pills the boy was trying to sell was a vitamin pill. No further deemed necessary at this time.

On Tuesday, September 27, 1983, an officer was dispatched to a Spearman residence in reference to a brown car with a white stripe reportedly racing and breaking traction in that same area. Officer arrived in the area and was met by

another officer. The officers conducted a search of the area and found the vehicle matching the description behind a Spearman residence. The officer spoke with a female subject who advised that her husband had driven the vehicle and that he had driven it accelerating excessively. Tire marks were observed in the street. The officers spoke with the subject, who admitted to having operated the vehicle. The subject was then advised to appear in Municipal Court Monday, October 3, 1983 before the Judge. The complainant was also advised to appear in court the same day.

On Tuesday, September 27, 1983, a Spearman resident entered the Spearman Police Department and advised that his son had backed into another vehicle. He advised that his son was backing out onto Haney from the drive and the other vehicle was traveling North on Haney. Subject stated that his son had struck the right side of the other vehicle. Both subjects discussed the accident and since they both had business elsewhere, they had asked the subjects father to report the accident. No further.

On Tuesday, September 27, 1983, a Spearman resident called the Spearman Police Department and advised that her dog had been shot, and that she was taking the dog to the vet. An officer met the subject at the vet. The subject related that she had let the dog out to run and her husband were in the front yard when they heard a shot and the dog yelp. The dog then came running home. They then took the dog to the vet. The dog was shot in the left hip by what appeared to be a small caliber weapon. Investigation continuing.

ACCIDENT REPORT:  
On Thursday, September 22, 1983, an accident was reported at the 300 block of West Kenneth. Vehicle #1 backed out of a parking space and before vehicle #1 could proceed forward, Vehicle #2 had backed into the left rear door of vehicle #1.

On Sunday, September 24, 1983,

an accident was reported at 522 S. Bernice. The driver of vehicle #1 advised that he was North bound on South Bernice when he fell asleep and ran off the West side of the road; running over a fire hydrant and dead center into a tree. No injuries reported.

On Tuesday, September 27, 1983, an accident was reported at 400 E. Kenneth. Vehicle #1 was traveling East on Kenneth, signaled to turn left onto North James. Vehicle #2 was following behind vehicle #1, the sunlight was in his eyes and he did not see vehicle #2 turn signals on and collided with vehicle #2. No injuries reported.

D.J. Alberts  
Chief of Police

CONGRATULATIONS to Mayor Ralph Blodgett, who will be the New President of the Texas Municipal League on Sunday, Oct. 9.

## Students named to the 1983 District I Choir

Students from Spearman and Gruver have been named to the 1983 District I choir, the first step to being chosen for the region choir.

From Spearman High School, those selected were Anne Sheets, Shalynna Harris and Teresa Miesner, first sopranos; Cindy Hendrick, second soprano; Lesa Scroggs, Tracy Taylor, Kim Nelson and

Kellie McWhirter, first altos; Joann Odgarrd, second alto; Jeff Gressett, first tenor; Buddy Pool and Randy Farmer, second tenors; and Greg Meek, second bass.

Selected from Gruver High School were Andrea Whitaker, first soprano; Dee Dee Womack and Robin Karlin, second altos; and Rodney Clawson, second bass.

## Harvest ball

Come on all you Texas Two-Step-pers! Time is running out for you to reserve your ticket from last year. September 30th is the deadline for those who purchased tickets last year to the Harvest Ball (Formerly the T-Bird Ball) to get their tickets. After that date the tickets will go on sale on a first come first serve basis. And now that you've gotten the Dallas Freeze down pat from your dance lessons at the Y--Don't you want to strut your stuff to the delightful music of the Saddle

Tramps. And if you get tuckered out from all those dances of Cotton-eye Joe or Amos Moses, you can just sit back and enjoy the mouth-watering viddies that the Perryton Shriners are fixin' at their chuck wagon.

So don't forget to call and reserve your ticket from Kerry Henton or Mona Beth Windom for the 1983 Harvest Ball. Then circle your calendar for November 12th at Excol Chevrolet-Olds, 7 p.m. And don't forget to make a BIG note and see the 1984 white Toronado.

# "4-H: Building on Experience" is Theme

"4-H: Building on Experience" is the yearlong theme of the 4-H program in Texas and across the nation, and that theme will get special emphasis during National 4-H Week, October 2-8.

A number of local activities and programs are being planned to support the 4-H theme, says Jim Smith, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

The Annual 4-H Awards Banquet will be held Saturday, Oct. 8 at 7 p.m. in the Spearman High School Cafeteria. The awards the 4-H members will be receiving are based on records they completed on their 4-H projects last year.

"4-H: Building on Experience" highlights the educational projects which help young people gain practical skills, develop good nutrition and health habits, explore career opportunities, generate leadership capabilities, and become involved as citizens in their local communities, the state and the nation.

The 4-H program is built on experiences of an impressive past, points out Smith. By providing useful knowledge to help youths develop as leaders of tomorrow, 4-H has enabled many young people to gain insights and experiences in careers they would enjoy. 4-H has also contributed to international understanding through exchange programs with countries around the world.

Youths from all backgrounds and walks of life can enjoy the unique learning experiences in careers they would enjoy. 4-H has also contributed to internal understanding through exchange programs with countries around the world.

Youths from all backgrounds and walks of life can enjoy the unique learning experiences that 4-H has to offer, says Smith. Through their 4-H experiences, these young people can play an important part in a more satisfying and rewarding future for all Americans.

\*\*\*\*  
The problem of living is to find time for the things that we would like to do.

## Hamm to give violin recital

Mr. Stephen Hamm will give a violin recital on Oct. 9th, 1983 at 2:00 P.M. at the First Christian Church, 9th & Jefferson in Perryton, Tex. Admission will be \$2.50. This program is being supported by the Advisory Council for the Hotel - Motel Tax pending City Council approval.

Mr. Hamm earned his Bachelor of Music at the University of Oklahoma and his Master of Music at Texas Tech University. He has been a member of the Oklahoma, Lubbock & Midland - Odessa Symphony Orchestras. He also served as associate Concertmaster of the Tulsa Philharmonic Orchestra and Concertmaster of the Oral Roberts Television Orchestra. Presently he is instructor of the Violin and Chamber Music at Oral Roberts University and Concertmaster of the Oklahoma Sinfonia - a professional chamber orchestra.

Mr. Hamm is an exceptional musician and his recital presents a great opportunity for area residents to enjoy the classical arts.

## Navy Blue Angels to be in Amarillo

AMARILLO-The U.S. Navy Blue Angels will arrive in Amarillo, Texas, October 8-9, for the second professional air show in that city's history. The precision jet pilot team will appear on a bill including the Eagles Aerobatic Flight Team, the world's smallest jet "Silver Bullet" and the U.S. Army Golden Knights Parachute Team.

Amarillo Air Show '83 will be held Saturday and Sunday (Oct. 8-9) at the city's International Airport on I-40 East. It's sponsored by the Amarillo Chamber of Commerce Aviation Committee. Free parking is available on the southeast side of the airport. Gates will open at 10 a.m., to allow visitors time to tour the ground displays.

The newest military aircraft, World War II aircraft, the latest business aircraft, experimental craft and a few ultralight aircraft will be spread out on the 20-acre air show tract at the airport. Nearly 30 Amarillo community service organizations will run the concessions at the show.

Gate admission will be \$6 for adults, \$2 for children 6-12, and free for under 6. Pre-ticket sales are being held at the Hastings Book Stores in Amarillo, Pampa and Borger. In Amarillo ticket sales will also be at Sears, Sharp's Honda and the Amarillo International Airport Information/Insurance Counter.

In addition, a trip for four to Disneyworld will be drawn for at the Air Show on Saturday. The trip is sponsored by American Airlines and Coca-Cola. Contest forms are being distributed throughout the Panhandle in Coca-Cola six pack cartons. On Sunday 2 trips to Nassau will be drawn for courtesy of Delta Airlines and McDonald's Restaurants. Application forms for that drawing are being distributed through McDonald's Restaurants in the area.

The Blue Angels demonstration consists of six A-4F Skyhawk II's performing a prescribed sequence of maneuvers. The aircraft are seen in three components: a diamond formation of four aircraft; two solo aircraft that oppose each other along the line of flight; and, finally, all six aircraft in a delta formation.

In combat, the tactics that the Blue Angels demonstrate might be flown from treetop level to 60,000 feet. However, for the aerospace enthusiasts who come to watch the Amarillo Air Show, the Blues will bring all maneuvers down to eye level. Bringing it down involves performing at low altitudes, using skills taught to student pilots at high altitudes.

None of the maneuvers are stunts or "daring feats," for all are part of the stock-in-trade of any fighter or attack pilot in tactical maneuvers. They are done in extremely close formation rather than individually and are done at a lower altitude than is normally the case.

The Eagles Aerobatic Flight Team is comprised of Charlie R. Hillard, Tom Poberezny and Gene Soucy. Flying the Eagle I sport biplanes, the team is returning to Amarillo to share the bill with the Angels. The Eagles opened the first world class air show in Amarillo in May of 1982.

The Eagles are known for the opposing knife-edge

"Switchblade" maneuver that they introduced in 1980. Team leader, Charlie Hillard is often identified with a spectacular maneuver he introduced known as the "Torque Roll." Hillard holds the airplane in a vertical climb through zero airspeed, maintaining a continual rolling maneuver all the way to the top of a vertical line and back down. The plane seems to hang on its propeller while rolling in a direction opposite the propeller's rotation. In 1972 the Eagles took the world aerobatic championships in France and Hillard took the world individual championship.

The World's Smallest Jet--The Coors Light Silver Bullet--

was built by Bob Bishop and his wife, Mary Ellen, along with the help of many friends, during the winter and spring of 1976. Even though the jet is tiny, it is capable of amazing aerobatic maneuvers and of obtaining speeds nearing 300 mph. Built largely of light gauge aluminum, the Coors Light Silver Bullet is the world's smallest and lightest man-carrying jet aircraft. It weighs 432 pounds and its total length is 12 feet.

Born in Lubbock, Texas, Bishop narrates his own performance from the cockpit of the Silver Bullet via a radio. He climaxes the show with a fall backwards, tail first, towards the earth in the Silver

Bullet. For a time the craft is lost in its own smoke. After a long slide and a violent looking tumble the nose points earthward until Bishop pulls the Bullet out of the dive.

The Golden Knights are the Army's official parachute demonstration Team. These specially selected airborne soldiers compete in national and international parachute competitions, help develop new parachuting techniques and equipment and, each year, demonstrate their skills before millions of spectators.

Four events mark a Golden Knight performance: the baton pass, the cutaway, the diamond track, and the formation. Two jumpers are involved

in the baton pass which requires them to free-fall for 60 seconds holding hands and passing the baton. The cutaway features one jumper. He free-falls for 3,500 feet, then deploys the first main chute. He causes that chute to collapse, free falls for another 2,000 feet, then opens his main chute to land. The Diamond Track involves two jumpers who free fall until they are as far apart as time will permit, they return together while free-falling and open their chutes at 2,000 feet.

Four jumpers exit the craft in the formation event. After 10 seconds they come together and free-fall for 60 seconds in the shape of a diamond. At

## Autumn

Autumn arrives on the 23rd this year. It's a season of shorter, cooler days, energetic, crisp, northern air and nostalgia--for most of the earth's plants, trees and flowers are growing dormant.

There's something stimulating about cooler air, the reopening of school, shorter days and long, cold nights; the brown, red and yellow countryside, and football, take one's thoughts back to the past.

Is it a dying countryside which reminds us we are growing older? Is it memories of school years? Is it fall's cold wind and rain, which remind us summer is gone?

Whatever it is, to every person, nature's autumn show is spectacular. Scarlet and yellow leaves on fall afternoons contrast with bluer skies, perhaps smoke from a farm house in the wind. And the last pre-winter crops are harvested with a sense of urgency.

Autumn lasts until December 21--four days before Christmas. By that time 1983 will be only days from completion.

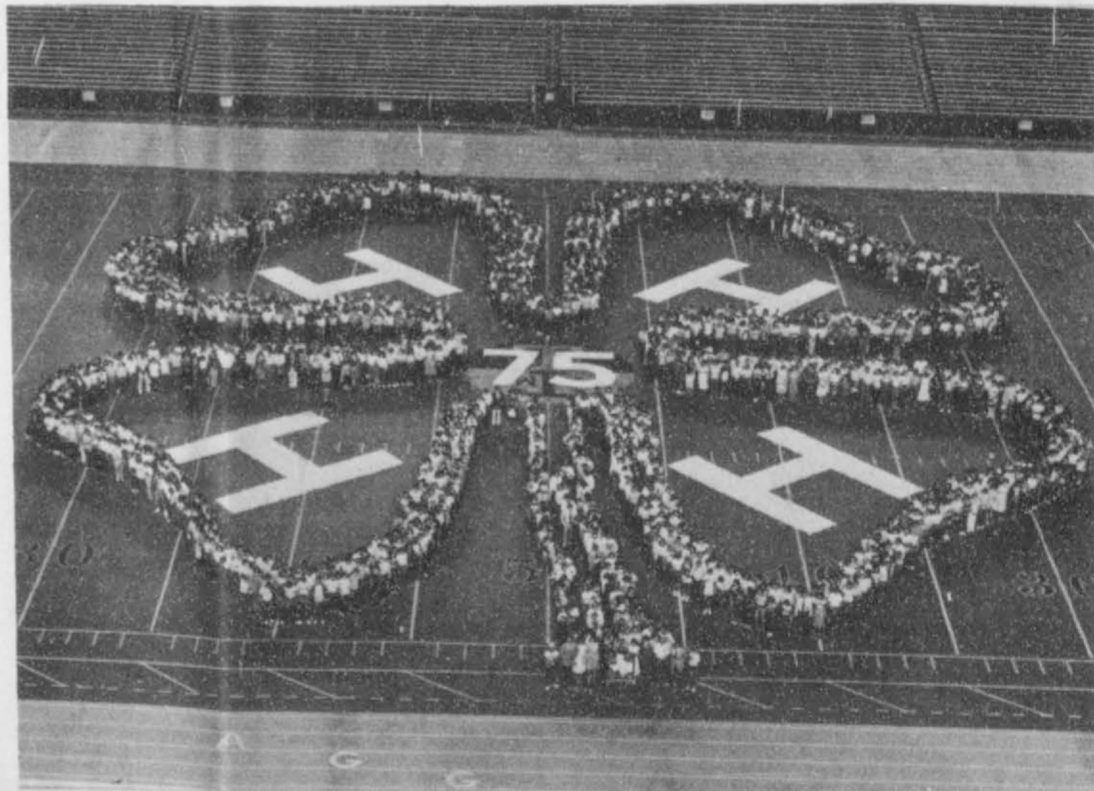

3,000 feet, the jumpers 'bomb burst' separating into a free-fall, and the main parachutes are opened at 2,000 feet.

It's surprising what some people will do in the expectation of monetary gain.

## Something Proud is Happening in Our Area

# NATIONAL 4-H WEEK

## October 2 - 8, 1983

TEXAS-SIZED 4-H CLOVER--It took about 2,300 Texas 4-H Club members and sponsors to form this giant clover on Kyle Field at Texas A&M University during the 1983 State 4-H Roundup. The unique clover formation was one of the highlights of the 75th anniversary of 4-H Club work in Texas, which was noted during the 4-H Roundup. In the foreground of the clover

stem are Dr. Zerle L. Carpenter, director of the Texas Agricultural Extension Service, the parent organization of the Texas Agricultural Extension Service, the parent organization of 4-H, and H.T. "Tom" Davison, state 4-H program leader with the Extension Service. The 75th anniversary observance continues through the remainder of the year.

We join in saluting the 4-h workers and members of our area....

## Revival services at First Christian

DR. JOHN STEWART

First Christian Church extends an invitation to attend Revival Services and the special events planned for October 2-5. Leading this time of revival and renewal will be Dr. John Stewart, Associate Professor of Old Testament, Brite Divinity School, TCU, now retired.

Dr. Stewart was born in Athens, Georgia. Received his A.B. from the University of Georgia, his B.D. from Brite Divinity School, TCU, and his Ph.D. from Duke University.

His former pastorates include churches in North Carolina as well as Texas. He received the Burney Harris Kerns fellow honor from Duke University 1955-56.

He has traveled extensively in Europe and lectures on tours of the Holy Lands.

Dr. Stewart and his wife Juliette have one son and one daughter.

Scheduled activities include a Covered dish fellowship luncheon following Morning Worship on October 2. Evening Services Monday through Wednesday evenings will be at 7:30 p. m. Each day at noon there will be a light luncheon served and a Bible Study led by Dr. Stewart.

We invite you to be inspired and challenged as the Old Testament comes to life through Dr. Stewart's messages.

## PSU parade entries needed

The Panhandle State University Student Senate is officially accepting entries for the 1983 Homecoming Parade, scheduled for October 8, at 11:00 a.m. This year's theme is "Changing Times". Prizes will be awarded in the following areas: riding groups, bands, floats, and cheerleaders. No prizes or judging will occur in special entries that will include queens, special exhibits, and the like.

Prizes will be awarded to the top three groups in the riding groups judged on costume, riding precision, and horsemanship. Trophies will be given. Trophies will be awarded to the top three bands judged on sound, appearance, and ability. Cash prizes will be awarded to the top three on campus floats and trophies will be awarded to the top three off campus floats. Floats will be judged on beauty, originality, appeal, complexity, and the following of the theme.

A prize will be awarded to the top cheerleading squad. Judging is based on the decoration of a vehicle, creativity, spirit, and enthusiasm during the parade.

Information as to what time to line up for the parade and a place to check in will be sent as soon as the entry is received. Deadline for the entries is October 3. For information and entry blanks, contact Beverly Clark, Parade Committee Chairman, Student Senate office, Panhandle State University, Goodwell, Oklahoma, 73939. Miss Clark may be reached by telephone at (405) 349-2394.

It's easier to utter brave words than to live a brave life.

We believe most people are ready for autumn this year.

# Golf Tournament Big Success

The 1983 ladies had a two ball scramble Thursday, Sept. 29th. We had an excellent turn out. There were 46 women participating. Towns represented were Spearman, Gruver, Borger, Canadian, Dumas, Pampa, Beaver, Okla., and Guymon, Okla.

The winners were 2nd flight; 1st place, Judy Davis, and Reta Stone; 2nd place, Linda Downing and Jenetta Barbly; 3rd place, Jennie McInturf and Jane Tullas. Longest Drive went to Julie Lambly. Closest to the pin went to Jennie McInturf.

1st flight was won by Barbara Cluck and Juanita Logsdon; 2nd place was Joyce Epperson and Mary Finish; 3rd place Fern Hacher and Ferrell Carter.

Longest drive was won by Karen Jackson. Closest to the pin was won by Glenda Guthrie. Championship 1st place was won by Mary Sue Gunn and Pauline Braley; 2nd place was won by Ann Sanders and Buena Lejon; 3rd place, Sharon Crosier and Shirley Stafford.

The Hansford Ladies would like to thank all the merchants who were so very nice to us and to help make it a success.

The art work was done by Lori McAdamas Franklin and Gina Bulls Davis.

The following list of merchants bought a tee box and donated door prizes.

Merchants donating door prizes were: (Soft Drinks) Pete Fisher, Bulls' Country, The General Store, Blackburn Flowers, J.G.'s, Sacks 3rd Ave., Gordons Drug, Boyd's, Lady Fair, Cates Men & Boys, Bakers, Hickerson Jewelry, Sandy's, Calloway Flower, The Woodcrafter, N Place, Gift Box, Spearman Rexall Drug, and Carolyn Winters.

Merchants buying Tee Boxes were: First State Bank, The Bunkhouse, Spearman Super Service, Excel Chevrolet, IV's Hungry Cowboy, Busters Dusters, Agco of Spearman, Hansford Implement, Berry Cleaners, Ralph Blodgett Mayor, Boxwell Flowers, Interested golf, Baker & Taylor, Crawford Motor, Whitehouse Lumber, Gruver State Bank, Sparks Bro., North Plains International, H & H Water Well Service, and Speartex Grain Co.

These are some of the participants of Gruver, Buena Lyons, Ann Sanders, and Rita Stone of Canadian, and Judy Davis. Pictured from left to right are: Barbara Cluck and Juanita Logsdon

Carol Hergert displays some of her strength as she tees off during the Ladies Two Ball Golf Scramble held recently.

Enjoying a good meal are Jeff Pool and Pro Keith Atkins.

Sharon Starnes is shown above in the recent Ladies Golf Scramble held at the Spearman Golf Course.

## GSPA recommends caution in 1984 feed grain program

Carryover stocks of feed grains at the end of the 1983-84 marketing year are being estimated at 900 million bushels of corn and 216 million bushels of sorghum. That is 1.7 months' supply at the current usage of the combined two grains and is fully adequate for expansion of sales, according to Elbert Harp, Executive Director of Grain Sorghum Producers Association.

Grain Sorghum Producers Association (GSPA) is the national organization of grain sorghum farmers with its national offices in Abernathy, Texas and state organizations in Texas, New Mexico, Oklahoma, Kansas and Nebraska.

In its recommendations to USDA for the 1984 feed grain program, GSPA states that this is the level of carryover we should attempt to maintain. An analysis of carryover stocks and their affect on prices during the past twenty years shows that every time the carryover exceeded a two months' supply, prices dropped below the national average cost of production.

GSPA believes the 1984 feed

grain program should be designed to hold production at no more than 7.25 billion bushels of corn and 650 million bushels of sorghum. That is the amount of the current three-year average annual consumption.

One way to achieve this goal according to GSPA, would be with a 10% required set-aside and enough additional paid diversion to hold production at the desired level. The paid diversion could be paid with cash of PIK, but must be made attractive enough to enlist the necessary participation. Based on GSPA calculations, the 1984 planted acreage of corn and sorghum should be 89% of 1981, 91.5% of 1982, or 145.3% of 1983.

Without such a program, American farmers will, under normal conditions, produce far more grain than the market will absorb, creating another surplus and depressing prices. The 1982 corn crop was 8.4 billion bushels and sorghum was 841 million bushels. With no program, another crop of that size, or larger, is most

likely.

The combination of the success of the PIK program for feed grains and the 1983 drought have reduced feed grain stocks to what GSPA considers almost ideal carry-over levels for the first time since 1975. USDA now has an opportunity to design and implement a feed grain program at modest cost to the government that will prevent surplus from rebuilding and give feed grain producers an opportunity to sell their product for a reasonable price.

In its recommendations to Secretary Block, Grain Sorghum Producers Association urged him to take advantage of that opportunity because the survival of a large segment of U.S. farmers depends on it.

## WEDNESDAY

# Wolves slosh past JV's

# 7th & 8th graders play thrillers here Thurs

Sploshing, and splashing, slipping and sliding, the Spearman and Dalhart Junior varsities battled it out Thursday night on a rain-sogged and puddlely field in Dalhart.

Neither team could generate much of an offense, hampered by slippery underfooting and a slick ball, but Dalhart managed to capitalize on a big break to score the game's only touchdown and win 6-0.

The lone score came in the first quarter after a 25-yard pass interference call gave the Golden Wolves JV a first and goal at the Lynx JV six. Two downs later Dalhart scored on a power play.

In the second quarter Dalhart blocked a Spearman punt and covered for a Golden Wolves first down on the Lynx 10. But the Lynx JV's threw up a stiff goaline stand and stifled the threat.

Late in the game, a hard charging Lynx rush returned the favor, blocking a Dalhart punt, on a blitz

called by Lynx coach Gordon Lockett. But there was not enough time for a score.

Lockett deadpanned that "we forgot our flippers" and said the wet field was "kind of a mess."

He said the Spearman team played a fine defensive game, and the offense did move the ball well at times despite lost fumbles and dropped passes, but that these drives were killed by penalties.

The Lynx usually swift outside attack geared on the sweeps of Monty Morris and options runs of quarterback Bob Cook were greatly hampered by the slippery soggy turf.

But most of all the Spearman passing attack, frequently its most potent weapon, was almost negated by a slippery ball that kept Allan Mires from his usual passing accuracy. And when a pass was on target, the receivers had trouble holding on to the slippery ball.

Lockett said he thinks the Lynx played a good game considering the field conditions. He praised the Lynx "team effort" and said the game was a close, hard fought contest, and that the team was looking forward to the return match against the Dalhart JV here on Thursday, Oct. 20.

The Spearman JV travels to Boys Ranch Thursday for a 6 p.m. game.

Spearman's seventh and eighth grade teams hooked up against Dalhart in a couple of gridiron thrillers Thursday evening at Lynx stadium.

The Spearman and Dalhart eighth graders battled to a 0-0 draw, as a fired up Spearman defense kept the Dalhart offense bottled up in its own end of the field much of the game.

And the Spearman seventh graders were also credited with a real good defensive game by their Coach Richard Trantham. Dalhart scored in the first and fourth quarters on two long option plays for a 16-0 lead, but the Spearman rally in the fourth quarter cut Dalhart's victory margin to 16-8.

Spearman eighth grade coach Michael Hoover said after the 0-0 tie that "for once our boys played up to their potential. We played pretty good defense, and I think everybody played well."

He said the team has started afternoon practice sessions three days a week and this has helped. Featuring the running of Tony and Jesse Herdon, Carl Urban and Brett Davis and the passing of Davis, the Spearman eighth graders "MOVED THE BALL WELL" but three crucial penalties stopped big Spearman scoring drives.

Both halves of the game ended on a thrilling note. As the first half wound down the Dalhart quarterback threw a long pass. It fell incomplete near the Spearman goal after the halftime horn had sounded but there was an interference.

Both halves of the game here ended on a thrilling note. As the first half wound down the Dalhart quarterback threw a long pass. It fell incomplete near the Spearman goal after the halftime horn had sounded, but there was an interfer-

ence penalty on the play and Dalhart got one more chance to score in the first half from the Spearman eight. Again Dalhart passed and Dalhart receiver Robbie Hopson made a diving try in the end zone but officials ruled he trapped the ball and the score remained 0-0.

And it stayed that way until the final seconds of the game.

Spearman had the ball, and Davis broke loose around end on a long gainer, but the ball was moved back deep into Spearman territory on a penalty. The Spearman eighth graders ran one play for short yardage, then, with two seconds left, Davis took to the air. He hurled a long 40-yards in the air pass, and the hustling receiver outraced defenders and got his hands on the ball but could not hang on. The horn had sounded as Davis released the ball and that was the game.

A long 55-yard run on a

reverse for an apparent touchdown by Dalhart's Chris Slatten in the first half was nullified by a clipping penalty near the line of scrimmage. Slatten broke loose for about 20 yards on the next carry, but the Spearman eighth grade defense tightened up and held.

The Spearman seventh graders fourth quarter rally was sparked by the running of Matt Tucker. On a third and four situation, Tucker slammed through the line on a dive play, and repeatedly breaking tackles, high-kneed his way 40 yards for a touchdown to cut Dalhart's lead 16-6.

Tucker again carried—again on a dive play, and blasted across for a two-point conversion, making the final score Dalhart 16-Spearman 8.

Both Hoover and Brantham declined to name individuals on their teams as outstanding players but both said their players performed well in real team efforts.

Wednesday Service 7:00  
659-3948

Kangaroo mamas have one advantage over "human" mamas—their crib is "built-in." There's no need for them to dash around the house to give Junior tender loving care. He is always nearby, located quite conveniently for mother's attention.

Any mother's attention is crucial in providing a child with the religious foundations needed to produce a responsible adult. Enough freedom so that he can be independent — enough discipline to provide structure for his life. And moral precepts instilled by the Church and parental example.

One day Junior will outgrow mama's pouch or crib. Then, and only then, can parents know if they have been successful.
