Capacity Crowd Of 867 Assured For Chamber Banquet Tuesday

WORKSHOP DISCUSSIONS highlighted the Parent-Teacher Association county-wide meeting at Hereford High School Thursday night.

Public Information Need Cited In P-TA Workshop

In a county-wide Parent-Teacher Association meeting at Hereford High School Tuesday night, workshop groups felt there is a general misconception of the purposes of P-TA and that programs should be initiated to inform the general public of its goals and urge active participation.

3 Hereford Boxers In Borger Finals

Three Hereford boxers clubbed their way into the Borger Golden Gloves finals Saturday night.

The parents and teachers were divided into four separate groups for discussion sessions at the beginning of the meeting.

Group I studied the question, "Is there a real need for Parent-Teacher organizations in Deaf Smith County?"

Generally, the group felt there was a definite need for the organization. They agreed, however, that many parents who do not attend the meeting place too much responsibility on teachers, as teachers often outnumber parents when attending.

TRACK WITH GLASS FRONT
YONKERS, N. Y. — When trotting fans talk about the modernized dining room at Yonkers Raceway little do they realize the push-button glass panel will require about 70 chemicals, 144 sponges and 75 pounds of washing powder to keep the panel clean during the meeting.

NEVER TOO OLD
NEW YORK — You're never too old for Broadway. P. J. Kelley, 78-year-old veteran actor, has been signed to appear in the forthcoming musical, "Whoop-Up." His assignment? Portraying a 105-year-old Indian chief.

BROADWAY COMPLEX
NEW YORK — Broadway, says Director Elia Kazan, suffers from "crashooter's complex."

"Everyone seems willing to gamble everything on the throw of opening night," he comments. "If they don't get smash notices they just want to crawl off and lick their wounds for a few months."

The theater, the director insists, would be better off if it would change its attitude and find room for moderate success and more experiment.

STRIPPERS
NEW YORK — The lone feminine role in "No Time for Sergeants" is developing particular appeal for certain performers.

In two recent road productions of the farce hit, the part was undertaken first by Anne Corio, then by Julie Gibson, both best known as strip tease performers in burlesque.

HOPEFUL PLAYWRIGHT
NEW YORK — Irene Kamp is one playwright who doesn't give up easily. The author of "The Young Strangers," has seen her comedy get close to production on several occasions, but something has always intervened. Now she has revised it as the script for a musical and retitled the project "Praise Me to the Skies." Producer Lawrence Carr has taken it under consideration in its new form.

Indian chief Sitting Bull is buried in Fort Yates, North Dakota.

AWARD FUND
NEW YORK — Two annual awards for the encouragement of non-professional theatrical production throughout the country have been set up under supervision of the American Education Theatre Assn. A prize of \$1,000 is to be awarded annually to an individual or group in university, college or community theater work; and a \$500 award for activity at the secondary school level. The prize fund has been set up by a theatrical costume manufacturer in observance of its 100th anniversary.

Light Blanket Of Snow Hits Area

By MRS. CARL WIMBERLEY
A light blanket of snow was on the ground here early Thursday morning. Snow continued to fall for about an hour. Wind blew it in small drifts.

Pews were installed Thursday at the Dawn Baptist Church. The pews, which are dark oak, are of contemporary design.

Mr. and Mrs. Richard Hagar are the parents of a daughter born Jan. 14 in the hospital in Canyon. Paternal grandparents are Mr. and Mrs. G. B. Hagar.

Mrs. W. T. Beavers and Mrs. Manuel Beavers visited Tuesday with Mrs. Wesley Cox who is in the hospital in Canyon. Mrs. Cox underwent surgery last

Saturday. Mr. and Mrs. Grady Coe of Muleshoe visited Tuesday with Mr. and Mrs. C. C. Stewart.

The Dawn Music Club will meet Tuesday in the home of Mrs. Carl Wimberley.

Among those who have visited N. R. Miller the past week were Mr. and Mrs. J. C. Poe and family, Ramon Miller of Hereford and Mr. and Mrs. Bud Heaton of Adrian.

Susan Cox, daughter of Mr. and Mrs. Rea Cox, had the cast removed from her legs this week. It will be two weeks before she will be allowed to walk.

Jack Frambrough and T. B. Cox of Plainview have been here several days of the past

week helping Rea Cox wreck the old feeder bins at the local co-op elevator. Cox received the lumber and tin for tearing the structure down.

Mr. and Mrs. William Wimberley left Tuesday for Dallas where he is to undergo surgery soon at Baylor Hospital. He is in room 221.

Mr. and Mrs. H. H. Miller and children and Pat Miller were dinner guests Sunday in the home of Mr. and Mrs. Billy Hill in Amarillo.

Mrs. R. L. Johnson and Mrs. L. A. Smith went to Muleshoe Wednesday to get Roy Johnson who had been there since Monday visiting his grandparents.

Mr. and Mrs. J. A. Johnson, W. J. Stewart and Ray Stewart made a trip to San Angelo Monday. Mrs. Ray Stewart and son, Jerry, visited at Big Spring while the men attended an Angus cattle show and sale at San Angelo.

Raymond Miller of Amarillo was guest for lunch Saturday in the H. H. Miller home.

Word has been received here that Miss Estelle Miller fell a-

bout ten days ago in her home at Fort Worth and broke her hip.

She is in the Harris Hospital where she will have to stay for five or six weeks. Neighbors are helping care for Mother Lucy Miller who lives with Miss Estelle.

News from reliable sources confirm the rumors that all the buildings near the highway in Dawn will have to be moved when the double highway is put through here. Much speculation has been going on concerning this for months.

Those who have been helping out at the school cafeteria this week were Mrs. Carl Wimberley, who cooked Monday and Tuesday, Mrs. Alfred Smith and Mrs. H. H. Miller, who cooked Wednesday and Thursday.

Mr. and Mrs. Eligio Romero and children went to Santa Rosa, N. M., Friday to visit her father, V. Baca, who is reported to be very ill.

By JIMMIE GILLETINE
The past week has been a tough one. I never saw so many meetings. They have been cropping up at the rate of two and three a day, even to the point of hurting business at the coffee spots around town.

Mrs. O. E. Sherman observed her eightieth birthday, along with other things, and I never saw such a crowd. They were young, old and in between, which is pretty well the way Mrs. Sherman's friends run. Most of them have probably eaten at her home during the years — and if they ever select an outstanding cook in this area, she will be a strong contender. Mrs. Sherman is an expert on just about everything from hot tamales to fried chicken, and she used to raise everything right there on the place north of town. When it comes to Mrs. Sherman, I am inclined to agree with George Goebels, who always says: "You can't hardly find 'em like that no more."

Mrs. Sherman looks just as young today as she did when I first met her 22 years ago. I am looking forward to her 100th birthday party — if I can last that long.

Politics also got off to a good start for 1959 with the filing of Dr. R. R. Wills for the office of mayor. Several people have been asking what effect this will have on the City Commission, since Doc already holds a commission post. According to our charter, he will go ahead and run. If he is elected, he will resign as commissioner after the election April 7 — and the new commission will appoint a successor to fill the vacancy. Don Little will also likely be a candidate for re-election to the commission, but has until Mar. 6 to file (30 days prior to the election). This still leaves one more opening for a commissioner, since Neil Cooper vows that he will not be a candidate.

I doubt if anyone was too surprised at the way things are shaping up on the city front. However, we do have to give the boys credit for starting early. Have you paid your poll tax?

Hereford's PTA, meanwhile, is making a sincere effort to take on a "new look". In a

workshop Thursday night some 140 people presented a lot of ideas. One thing PTA still has in common with the old days, however, seems to be, a noticeable lack of attendance. This topic was kicked around in most of the sessions, but no one came up with a workable answer, especially on the high school level where PTA attendance usually drops most. Most of the people at the meeting definitely felt, however, that the organization is needed; that it serves a good purpose in coordinating school and community activities — and that it should be expanded with an effort to secure greater representation of parents at the meetings. The men, in particular, were a prime target on this score.

Very few of them will likely agree, but I personally think that the small attendance is a near-blanket endorsement of Hereford schools and their operation. When people are unhappy, they invariably come out and start complaining. The only other two ways to get people out is to either feed or entertain them. When you get a combination of all three — a free meal, outstanding entertainment and a chance to do some real complaining — you usually hit the jackpot on attendance. This may not be good, but that's pretty well how the cookie crumbles.

Charles and Mrs. Skelton are vacationing down in the Rio Grande Valley, but the last report I had the high sheriff had not landed a single fish. Charles is probably too honest to make a good fisherman, anyway. Understand the Skeltons are due back in a few days and, fish stories or not, it will be nice to have him on the job again.

Meanwhile, it looks as if the weather is again turning out just like I predicted. And don't kid yourself. Winter isn't over yet. Bob Thompson, the government history teacher, says I use the "shotgun method" in weather predictions. He says my predictions scatter out so much, they have to hit somewhere. I also hear that Clarence Morrison and Lawrence Strauss made Frank Gyles pay a 25-cent fine for even mentioning my name in connection with the weather.

I figure this is sour grapes on the part of two guys who didn't take my long-range advice and plant their crops accordingly. However, it is their own fault and, since it was Frank's quarter, I won't worry about it too much.

They had a practice test with the tornado siren around 3 p.m. Thursday, and it was a huge success except for one thing — no one seems to have even heard the siren! Or, maybe, they just thought it was a fire call and

did not get excited. I doubt if one person out of 100 knew when the test came off. All in all, the conclusion of the test should be that the sirens need to be louder or more widely scattered. Anyway, we should rejoice in that the Thursday alarm was a dry run. If a live tornado had swept through the town during the test, not many of us would be here to talk about it.

Some of the speech students are quite excited over a production which Carroll Hickey, high school speech instructor, has in the making. It is a play based on a court trial, and will probably be held in the courthouse. The idea, as I get it, will be to select a real jury for each performance — and let them come up with a verdict. Everyone will be rehearsed but the jurors, who will probably come out of the audience. Sounds like quite a production. I am going to watch for the date on this one.

Several civic clubs have seen the new Scout film on the Explorer project recently, and most everyone thinks it is an excellent deal. Rev. Joel Treadwell is advisor of the local post and plans to take our boys on a float trip down the Rio Grande river in New Mexico. Like the PTA, Scouting is also taking on a new look these days — and this explorer deal should ring the bell. If you need a program, the Explorer film is excellent and it will give you an insight of things to come, here and all over the country.

Advance ticket sales indicate another record crowd at the C.C. banquet Tuesday night. This is good, because H. Roe Bartle, Kansas City Mayor and speaker for the occasion, is definitely one of the best in the nation today. He was main speaker in Dallas for Optimist International last summer, and naturally took advantage of the geography to visit his married daughter and little 5-year-old granddaughter in Ft. Worth. He mentioned the visit to Mayor Thornton of Dallas, who insisted that Bartle take his limousine and chauffeur for the trip. Mr. Bartle was travelling in style when he drove up before the home of his daughter and went into the house.

"Where did you get the pretty car?" asked the little granddaughter and, with considerable pride, Bartle answered: "Oh, it belongs to a friend of mine, the Mayor of Dallas."
"Grandfather! You go right in the bathroom and wash out your mouth with soap," exclaimed the little girl. "We don't use that nasty word here in Ft. Worth."

Bartle really is tops. If you don't already have a ticket, be sure and get one. It's one of those "beg, borrow or steal" deals. In fact, if you don't like him, just tell C.C. Frexy Monk Johnson — and see if you can get your money back.

OPTOMETRY: The Art and Science of Visual Care

This is a sign of LIFE

It takes time to see and time to act. That's why good vision is important to safe driving.

With 20/50 vision, you won't see a STOP sign nearer than 90 feet. At 60 miles an hour you will be 200 feet PAST the sign before you can stop.

And at night the problem is multiplied. That's why two-thirds of all traffic deaths occur at night.

Seeing quickly and clearly is vital to safe driving. An examination by a professional optometrist every year can tell you if you are visually prepared to drive. He might help you save a life—maybe your own.

Don't live to regret! Live to be thankful that you could see the Sign of Life.

GETTING CHUMMY WITH "Koobraey" ("yearbook" spelled in reverse) are Judy Fowlkes and John Buck, freshman favorites at Hereford High School. Their selection was announced at a recent assembly program at the high school. They will appear in a special section of the high school yearbook, The Roundup. (Staff Photo)

Porch Furniture
Before the porch furniture is stored away for the winter it should be well-scrubbed with salt and water. Do not use soap. When thoroughly dry, wrap in newspapers and pack away until next summer.

Poached Eggs
The spreading of eggs while poaching can be prevented if the boiling water is stirred in one direction and the egg dropped in the middle of the swirl.

Indelible Pencil
Marks made by indelible pencil may be removed from clothing by soaking the spot in denatured alcohol before washing.

Chapped Hands
To make a remedy for chapped hands mix ten drops of carbolic acid in one ounce of glycerin. Rub a small quantity into the hands and allow to dry.

Fowl Dressing
Do not pack the fowl too tightly with the dressing. The stuffing needs room to expand, and if it is packed in too tightly, the result is a soggy, indigestible filling.

Leather Gloves
Unwashable leather gloves can be cleaned perfectly with a flannel cloth soaked in milk, squeezed nearly dry, then rubbed on a bar of soap.

Parsley
If parsley becomes too wilted for attractive use, place it in iced water for an hour. Shake thoroughly and put in a glass jar; cover with a thin cloth and place in the refrigerator. This will revive it.

Brighter Rugs
Rugs and carpets may be brightened by wiping with a cloth or chambris wrung out of lukewarm water to which has been added a little borax and a few drops of vinegar.

Marmalade
Cool the marmalade before it is poured into the jars. This makes the pieces of fruit remain evenly distributed through

the syrup, instead of rising to the top of the mixture.

Smoke Stains
Remove the smoke stains from the bricks in front of the fireplace with a mixture of two ounces of soda, one ounce of pumice stone, one ounce of salt, with water sufficient to make a cream. Rub the bricks well with this solution and let remain for a few minutes; then brush off with a stiff brush.

How Can I?

Q. How can I take proper care of rubber gloves?

A. If the gloves are used frequently, sprinkle talcum powder into them before putting them on. It will be easier to slip them on and off, and the powder will absorb any perspiration from the hands.

Q. How can I make the outside window boxes look more attractive during the winter?

A. Why not fill the boxes with cedar or pine branches? Also add a few sprigs of bittersweet to lend brightness to the effect.

Q. How can I prevent lumps from forming in brown sugar?

A. By keeping the sugar covered with a damp cloth, and in a cool place.

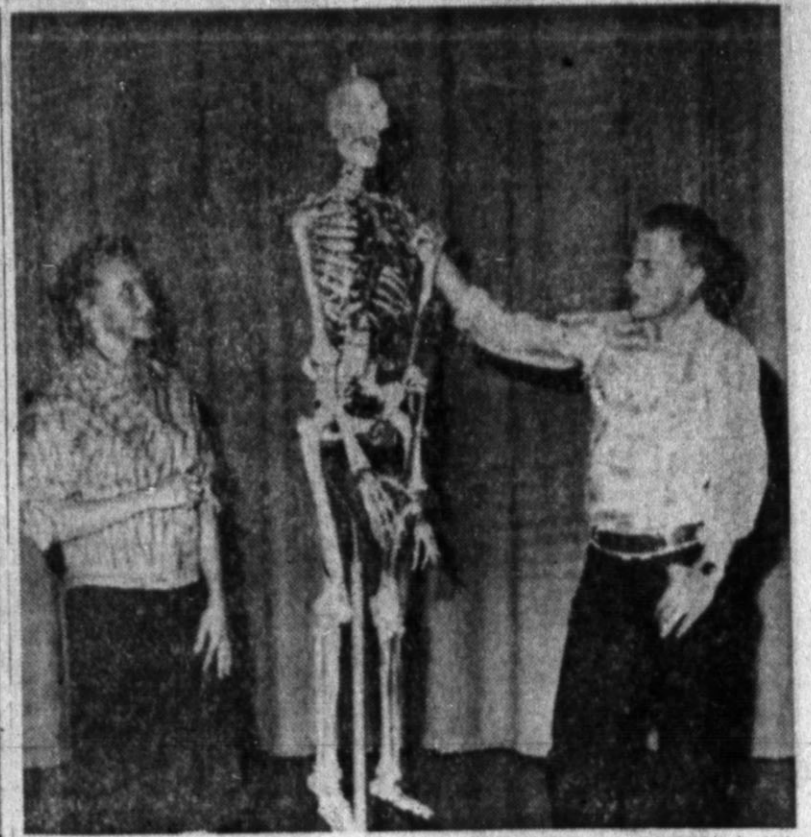

Q. Do ferns that grow wild make good house plants?

A. Yes; some of them make beautiful house plants. They should be taken in after the frost has destroyed the tops, but before the ground is frozen. Place them outside in water until frozen solid, then bring them in the house and allow them to thaw slowly. In about sixty days they will begin to grow again.

There's a 7-million-bushel single grain bin near Savage, Minn., the world's largest.

SOPHOMORE FAVORITES, selected by members of their class recently, are Linda Renfro and Corky Patzold, shown with "Koobraey" ("yearbook" spelled in reverse). Announcement of their selection was made at a special assembly program at Hereford High School recently. They will appear in a special section of the high school yearbook, The Roundup. (Staff Photo)

How Can I?

Q. How can I tighten the blades of the scissors that have become too loose?

A. Try pressing a hot poker, or similar instrument, on each side of the rivet that holds the two blades. The rivet will expand and fit the hole, thus tightening the blades.

Q. How can I destroy or drive away red lice from the bird cage?

A. Put a clean white cloth over the top of the bird's cage at night. By morning the cloth will be covered with these red lice.

Q. How can I remove grease spots from the painted wall above the gas range?

A. Wipe the wall with a cloth moistened in kerosene. Dry with

a clean cloth.

Q. How can I disinfect the carpet in a room, after a person has been ill?

A. Tear some newspapers into small pieces and soak them in a solution of formaldehyde and water. Wring out the paper and scatter over the carpet. Then sweep them off with a broom.

Q. How can I keep the hands soft, and prevent chapping?

A. Rub Indian meal on the hands after soaping them for washing. It will not only cleanse and soften the skin, but will also prevent chapping.

Q. How can I make an emergency candle?

A. Heat a cake of paraffin until it is pliable, then wrap it around a heavy cord, and your candle is ready for use.

New Crown Prince Of Baseball Is Now Making The Big Leagues

By FRANK ECK
PHILADELPHIA (AP)—Max Patkin (baseball age-36) is making the big leagues at 38. It's not exactly what Maxie wanted but it's the next best thing. Maxie is touring some of the National Basketball Assn. cities. He always wanted to make the big leagues in baseball. So during intermissions he goes out on the basketball court and gives various impressions—like how he holds a runner on first base or how he puts himself in the shoes of a pitcher facing the world champion Yankees.

Patkin is so funny that he has been dubbed "the new clown prince of baseball." Al Schacht, 66, doesn't like it because Al isn't old enough to be called old.

Actually Patkin defies description because once he goes into his act it's hard to tell whether he's just arriving or just leaving. Sometimes he looks like a two-headed person. He moves that fast when he mimics.

Connie Maek once called him "the funniest man I have ever seen." Old Connie saw quite a few, too, including Rube Waddell and Jimmie Dykes.

Incidentally, it was Dykes who discovered Patkin on the Philly sandlots. Dykes was managing the Chicago White Sox and the parent club signed him to a contract in the Wisconsin State League.

"I was a skinny kid, 150 pounds," says Max. "Not good looking, but not too ugly, neither. I thought I was doing all right. I won 10 games and struck out 185. But I set a league record with 35 wild pitches. I kept the batters loose."

Bill Veck, as president of the 1947 Cleveland Indians, signed Maxie to a coaching contract in 1947. He was so funny that he drew crowds for a losing team. When the In-

Vows Exchanged In Iowa Ceremony

A double-ring ceremony at the altar of St. Joseph's Catholic Church in Stone City, Iowa, united Miss Beverly Jean Postel and Gordon Neil Shaffer, son of Mr. and Mrs. James A. Shaffer of Hereford, recently. The Rev. Cyril Engler officiated. The bride is the daughter of Mr. and Mrs. Robert Postel of Central City, Iowa.

The church altar was arranged with red and white carnations and candelabra for the ceremony. Miss Phyllis Knight, organist, presented the wedding music.

Miss Nancy Postel was her sister's maid of honor, and bridesmaids were Miss Linda Shaffer of Hereford, sister of the bridegroom, Mrs. Robert Plath of Des Moines and Mrs. Dale Burkhardt of Anamosa, Iowa.

The attendants wore identically fashioned gowns of scarlet taffeta styled along princess lines, accented with large bows at the back neck line which extended into a full length flowing panels. They carried white satin muffs, adorned with a single red rose.

Diana Lee Postel, sister of the bride, was flower girl. She wore a cupid doll type dress of chantilly lace and carried a white lace basket of flower petals. Rickie Postel, brother of the bride, served as ring bearer.

Ronnie L. Ingels of Springfield, Ill., served as best man. Tom Postel, Butch Postel and Russ Postel assisted as groomsmen and altar boys were Tommy and Jerry Koppess, cousins of the bride.

The bride wore a traditional wedding gown of imported Chantilly lace over bridal satin, fashioned with a fitted bodice having a scalloped portrait neckline and long fitted sleeves that came to a point at the hands. The voluminous skirt of lace repeated the scalloped motif at the hemline and featured a trapeze back panel that fell into a chapel train.

Her fingertip veil of illusion was held by a pearl lace crown etched with seed beads and sequins. She carried a cascade

bouquet of red rosebuds centered with a single white orchid, and wore the bridegroom's gift of pearl ear clips. The bride was given in marriage by her father.

The bride's mother wore a beige shantung frock and Mrs. Shaffer, the bridegroom's mother wore a mauve lace dress. Each wore a red rosebud corsage.

Following the ceremony, a reception was held in St. Joseph's Parish Hall. Miss Carolee Dietiker had charge of the guest book and Mesdames Russell Postel, Elbridge Keith, Larry Beyrends and Miss Diann Mereson showed the gifts.

The bride's table was laid with a floor-length white cloth and centered with red and white carnations flanked by candelabra holding white candles. The three-tiered wedding cake was ornamented with white doves and wedding bells topped with tiny red sugarcorn rosebuds.

Assisting with the serving were Mesdames Ed Pospiskil, Andrew Toblissen, Pete Westphal, Fay Oltman, Ernest Ulferfs and Misses Rose Ann Knight, Janet Miller, Irene Miller and Helen Bigger.

Following the reception, the couple left on a wedding trip to Chicago. For her going-away costume, the bride chose a winter white wool jersey sheath with black accessories. She wore the orchid lifted from the wedding bouquet as her corsage.

The bride attended Sacred Heart High School and is employed at the Citizens Savings Bank in Anamosa. Mr. Shaffer attended Hereford High School Texas Tech in Lubbock. He has served in the Navy for the past four years and will be released in Feb. 1960. The couple are now residing at 2641 University Ave. in Dubuque, Iowa, where he is stationed.

Other out-of-town guests, besides the bridegroom's parents and sister of Hereford, were from Dubuque, Anamosa, Central City, Monticello, Cedar Rapids, Martelle, Bernard, Cascade, Springville, Marion, Waterloo and Viola, Iowa.

Hund-Brorman Vows Read In Catholic Church Rites

Wearing a wedding gown of white bridal satin with overbodice of French Chantilly lace, Miss Dorothy Hund became the bride of Anthony H. Brorman Wednesday, Jan. 14, in St. Anthony's Catholic Church. The long waisted bodice featured a scalloped neckline and long tapered sleeves. Appliqued lace bands formed panels in the front and back of the bouffant skirt, which terminated in a brush train.

The bride's fingertip veil of illusion was caught to a shell of matching lace, dotted with seed pearls. She carried a white orchid surrounded with white Frenched carnations with tufts of net and ribbon.

Parents of the couple are Mr. and Mrs. G. W. Hund and Mr. and Mrs. Joe Brorman of Hereford.

The bride was escorted by her father, and the Rev. Cletus McGorry performed the double-ring ceremony at the altars decorated with baskets of white gladioli and white candles. Mrs. Morris Hacker, pianist, provided selections of nuptial music and accompanied Mrs. Elbert Vance, vocalist, who sang "O Perfect Love" and "Mother At Thy Feet". She also accompanied Edward Dzuik Jr., whose vocal offerings were "Veni Jesu" and "Ave Maria". The traditional wedding marches were used for the processional and the recessional.

Mrs. Raymond Schlabs attended her sister as matron of honor in a blue lace frock having a

satin cummerbund with matching feather hat and shoes. She carried a colonial bouquet of pink carnations. The bridegroom's sister, Miss Elizabeth Brorman, was bridesmaid. Her pink lace dress was fashioned identically to that worn by the honor matron, and she carried a bouquet of blue carnations. Helen Brorman, sister of the bridegroom, was flower girl and wore a lace dress matching that of the honor matron. Ray Schlabs, nephew of the bride, carried the rings on a white satin pillow.

Frank Brorman assisted his brother as best man, and the bride's brother, Herman Hund, served as groomsmen. Ushers were Raymond Schlabs, James Hund, Anthony Paschel and Johnny Brorman.

At the reception, which followed the ceremony in St. Anthony's Hall, the bride's table was laid in pink linen and centered with

an arrangement of white gladioli holders. The three tiered wedding cake was topped with a miniature bridal couple. Dolores Loerwald presided at the guest register.

When the couple left on a honeymoon trip to points in California, the bride traveled in a green knit suit with black accessories, and the orchid from her bouquet was pinned to the lapel.

Upon their return from California, they will reside on a farm 22 miles northeast of Hereford.

Mrs. Brorman is a graduate of Hereford High School and has been employed in the Deaf Smith County Electric Co-Op offices. Brorman recently returned from Germany after spending 17 months in overseas duty in the Army. He has completed two years of active duty.

Lone Star Study Group Elects Mrs. John Jacobsen President

When new officers for the coming year were elected at the Lone Star Study Club meeting held Tuesday afternoon, Mrs. John Jacobsen Jr. was elected president.

Those elected to serve with her were Mrs. Coy Phillips, vice president, Mrs. Baker Womble, recording secretary, Mrs. Robert Thompson, corresponding secretary, Mrs. S. S. Williams,

treasurer, and Mrs. Jim Higgins, parliamentarian.

The meeting, held in the home of Mrs. Vivian Major, was opened with a showing of a March of Dimes film presented by Edgar Skypala and V. E. Dodson.

Mrs. R. G. Blue began the program with a devotional lesson, followed by a review of the book "Stay Alike All Your Life" given by Mrs. Margaret Moore.

Rules for keeping enthusiasm for life included "Keeping faith in God and man, keeping self confidence, looking after mental health, rejoicing in the success." (Continued on page 2)

Church Women Discuss Plans

Plans for the annual World Day of Prayer observance were made at the executive meeting of the local United Council of Church Women, held in the home of Mrs. Marcus Bell Saturday, Jan. 10. Plans for sponsoring school programs on that day also were considered.

The World Day of Prayer program will be held in the First Christian Church Feb. 13 at 3 p.m.

During the session, plans were discussed for the opening of the Day Center at the Hereford Labor Camp in June for the summer months. Officers attending the meeting were Mrs. Bell, president, Mrs. Fred Axe, first vice president, Mrs. A. Petersen, second vice president, and Mrs. Raymond Higginbotham, secretary-treasurer.

New Officers Elected At Garden Club Meet

Mrs. W. C. Hromas was elected president of the Hereford Garden Club Friday afternoon at the first meeting of the new year held in the home of Mrs. John Jacobsen Jr. Mrs. E. E. Fridley was assistant hostess.

Other officers named for the two-year term include Mrs. R. L. Wilson, first vice president, Mrs. O. G. Hill, second vice president, Mrs. A. L. Manjeot, third vice president, Mrs. John Jacobsen Jr., recording secretary, Mrs. E. Ramey, corresponding secretary, Mrs. Emmett Hale, treasurer, Mrs. G. W. Newsom, reporter, Mrs. S. S. Williams, parliamentarian, and Mrs. Norman Moore, federation council member. Officers will be installed late in August.

The program for the afternoon was presented by Mrs. R. L. Wilson, who gave a study of "The Birds of the Bible". She named many of the birds in the Bible and read the eighth chapter of Genesis, describing

how Noah selected the birds for the Ark.

A memorial tribute to the late Mrs. O. H. Herring, a former member, was presented in the form of a prayer given by Mrs. O. G. Hill, and members voted to place two books on gardening in the Deaf Smith County Library in memory of Mrs. Herring and the late Mrs. F. H. Oberthier, also a former member of the club.

Mrs. W. C. Hromas made the arrangements for the day, using birds as accessories.

A. Petersen and V. E. Dodson showed colored slides entitled "Our Feathered Friends, the Birds" and a March of Dimes film.

Members attending the meeting were Mesdames Jennie Clark, Emmett Hale, O. G. Hill, W. C. Hromas, A. L. Manjeot, Norman Moore, G. W. Newsom, E. Ramey, M. T. Rutter, S. S. Williams, R. L. Wilson, Ray

Mrs. Cliff Estes Named Music Group President

New officers were elected at the Music Study Club's first session of 1959, when a meeting was held in the home of Mrs. Lowell Sharp Monday afternoon, with Mrs. James Alston as co-hostess.

Mrs. Cliff Estes was chosen president for the two-year term with other officers, including Mrs. Howard Scott, first vice president, Mrs. T. W. Roberson, second vice president, Mrs. Ellis Combes, recording secretary, Mrs. W. E. Dameron, corresponding secretary, Miss Frances Dameron, treasurer, Mrs. H. K. Fox, reporter, and Mrs. R. P. Coneway, historian. Members of the nomination committee were Mesdames W. E. Dameron, R. P. Coneway and J. C. McCracken.

Mrs. W. T. Carmichael was leader of the program on "Church Music," giving a brief history of the development of hymns and other forms of sacred music. She said, in part, "There are two forms of church music — the hymnal and the Bible. The Bible is God's revelation to man, and the hymnal is man's response to God. The first hymn book was The

Psalms, which was the hymn book of the Hebrew people, then came the Music of the Gospels, beginning with the song of the angels which dealt with the birth of Christ.

"Jesus was taught to sing the Psalms as a boy, but during the persecution of the Christians, few hymns were sung. One that has come down to us is Shepherd of the Tender Youth. In the 15th Century, people began to practice congregational singing which influenced Martin Luther, who gave the German people the Bible in their own language. One of his hymns favored today is The Mighty Fortress is Our God."

"In 1542, John Calvin wrote The Geneva Psalter for congregational singing, and others soon to follow were John Milton, John Bunyan, and John and Charles Wesley. Favorite hymn writers of America have included Thomas Moore, John Greenleaf Whittier, Samuel Francis Smith, Phillips Brooks and Fannie Crosby," she concluded.

Following the leader's introduction, church music presented included "For God So Loved the World" (Stainer-Smith), organ and piano duet played by Mrs. Lowell Sharp and Mrs. James Alston; "Today, If Ye Will Hear His Voice" (Rogers), sung by Mrs. R. P. Coneway, with Mrs. Bill Stanford at the piano; "Watch Over Me" (Marsh), sung by Mrs. C. J. Mountz with her own accompaniment; "Come Ye Blessed" (Scott), sung by Mrs. H. K. Fox with Mrs. L. C.

McCracken at the piano, and in conclusion, the hymn of the month, "City of God, How Broad and Far", led by Mrs. James Alston and accompanied by Mrs. Bill Stanford, was sung by the entire club.

Phillips Dealers Attend Meet

Four Hereford Phillips 66 dealers attended a Phillips TV Sales Meeting in Amarillo Wednesday.

Attending from Hereford were Bill Kitchens, Eastside 66 Service Station, Jerry Gentry, Main St. 66 Service Station, Cawthorn Bryant, Bryant's 66 Service Station, and Douglas Kelley, Kelley's 66 Service Station. Also attending the meeting were Rocky Lee, jobber salesman, and Carlos Anderson, Phillips gas dealer.

They were part of approximately 20,000 Phillips sales people who watched their company's sales meeting on TV screens in auditoriums, theatres, and hotels located throughout Phillips 35-state marketing area.

The closed circuit telecast sales meeting was shown simultaneously in 37 major cities extending from Spokane, Wash., to Miami, Fla.

K. S. Adams, Phillips chairman, cited the nation's increasing population and the growing number of automobiles traveling the country's spreading network of highways as adding up to a steadily increasing use of gasoline, oil and tires. The program included an economic outlook for 1959.

Mrs. D. H. Alexander Reviews Book For Bay View Study Club

Mrs. D. H. Alexander presented the program at the Bay View Study Club meeting held Thursday afternoon in the home of Mrs. Paul Mathers.

Mrs. Alexander reviewed A. J. Cronin's "The Northern Light", an inspiring story of a man who felt that his new message reached and influenced the ordinary people of his town.

"At the beginning of the novel, Henry Page refuses a fabulous offer for his small newspaper to which he, and generations of Pages before him, have devoted their lives. In the weeks that follow, Page is treated to all the cut-throat devices ever used by a competitive newspaper, and loses a good portion of his readers as well as friends who join the enemy camp. The climax comes when, without a press or a building in which to house it, Page manages to bring out an edition of the paper which turned the tide. In the end, his devotion to honor, to high principles and to the townspeople stand as undoubted proof that the right will win," she related.

Mrs. Will S. Kerr, president, presided over a business session when yearly reports were given and the program committee for 1959 was named. They include Mesdames Ansel McDowell, Paul Mathers, D. H. Alexander and Eugene Naugle.

Members voted to contribute to the Lola B. Munday, Nurses and Latin - American Student Scholarship funds, to contribute to the Penny-Art, and Music Funds, and to make a contribution to the March of Dimes.

Members attending were Mesdames J. P. Slaton, J. W. Spradley, Carl Perrin, Eugene Nau-

Power Brakes, Seafoam Cushions,
Lots of Horses! Alas, No Tires

Unusual situations frequently result in unprecedented methods, and just such a circumstance appears to surround recent submission of a letter of recommendation from District Judge Harry Schultz concerning district court quarters in Deaf Smith County.

A few people feel that the judge may have been out of line in telling the county "how the cow ate the cabbage." However, as the judge stated in his letter, the pointing out of such situations to responsible groups can well be classified as part of the duty of his office.

Regardless of this factor, no person who has been in the district courtroom in the past five years, can conscientiously argue with fact that it is outmoded, obsolete and inefficient. Like the remainder of the courthouse, the district courtroom offers little in attractive appearance—being poorly lighted, poorly ventilated and difficult to heat. The facilities are definitely below par when compared with the average home in Hereford, daily occupied by the jurors, legal council, court officials and even the prisoners. Without question, it demands attention.

In our opinion, the present courthouse building was probably the best investment Deaf Smith County ever made. It was such a good structure that it has outlived courthouses in neighboring counties and, consequently, has become obsolete and old fashioned. Instead of voting bonds to build a new courthouse like Castro, Pater and several other neighboring counties, Deaf Smith has been able to rock along and get by for an extra 20 years. And the marble structure is still in good condition; generally speaking. Even today, there is nothing wrong with the place that a sound remodeling program would not cure.

Coinciding with state demands for a new jail and right-of-way requirements for Highway 60, the improvements might appear untimely and frightening to the Commissioners Court, as well as to the

Our JP's Lead
Way To Justice

Hats off to the JP's of Texas. We specifically have in mind their recommendation to Texas Legislature that the outmoded fee system in our Justice Courts be abolished.

The old story of "\$1 and costs" adding up to \$16.50 never did make sense to anyone, especially the violator whose infraction was questionable in the first place. Add to this such things as "speed traps," an occasional official with his hand out, and you can see why many good citizens are inclined to lose all respect for our courts and for the law.

We agree with the JP's. It is high time that our Justice Courts took on a more respectable approach. Fines should be called fines. Costs should be called costs—and if it actually costs \$15.50 for an elderly man to make a few marks on the back of a check, or a brown envelope, then the system needs changing even more than we thought.

Texas, meanwhile, should recognize the fact that the JP's, instead of fighting to retain their present inequitable status, are actually pushing the reform. It substantiates the fact that "grass roots justice" on the local level is the most practical and sensible justice of all.

The recommendation looks as a heartening beacon at a time when our court system faces in its darkest period, ranging from the Supreme Court of the United States on down.

average voter in the county. On the other hand, we have allowed our county facilities, including the jail and courthouse, to reach such a state of obsolescence that they have actually been cited as inadequate by state and district officials. Such a condition is not in keeping with the state of respectable citizenship which most of us like to consider ourselves.

If our roads were a tenth as obsolete, we would have done something about it years ago. If our own homes, farms or business houses were in such ill repair, we would not think of putting up with the conditions.

Like most other citizens, we have been screaming about taxes since last October. County taxes, to most people, are a mere drop in the bucket compared to school, city and federal income payments. It is time the citizens of this area did something on a county level. The best thing is to express our opinions to the commissioners, either through personal contact or by petition.

Meanwhile, as citizens of probably the most prosperous agricultural area in the nation, we have good roads, adequate schools, fine churches, above average homes—and more big cars per capita than probably any other territory in the Southwest.

Very few of us would think of buying a new model Cadillac, complete with air conditioner, power steering, power brakes, hydraulic windows and rear-seat television, then going down to the dump ground and equipping the car with the poorest, most sordid tires we could find. Nevertheless, this is pretty much the same picture our courthouse and jail facilities present in Deaf Smith County today.

Park Growth

Hereford has several distinguishing characteristics as a town. One of the better of these features is its ample number of city parks. The situation is due partly to luck, partly to foresight and planning and partly to interest of good citizens.

A few years back the city expanded its park system to the northeast area when growth and new territory in this direction stretched the city limits. Also possibly worth considering at this time is location of still another park in the northwest portion of the community, since the territory will be expanded through location of the new grade school now under construction.

Even without any additional park expansion in this direction, Hereford is fortunate indeed in its large number of parks, which are well tended and are constantly being improved. Frankly, we do not know another community this size with such an adequate system. The least we can do is repay the foresight of our predecessors by continued expansion of the excellent foundation program, and our City Commission merits appreciation for their attitude of progressive outlook along this line.

A Real Bargain

In these days of spiraling costs, our \$1.75 poll tax payment might well be classified as "America's greatest bargain."

There are a lot of reasons for paying your poll tax but, honestly, you are just as familiar with them as the next fellow. Meanwhile, two more weeks (12 days at the tax office remain during which you can become a qualified voter who takes part in his town, county, state and national affairs.

If you lived in a country where you were not allowed to vote, you would probably risk your life fighting for the privilege. Why not pay your poll tax now—before you forget?

A news story recently pointed out that some of our distinguished visitors from Russia had never heard of Disneyland. This is bad enough, but still quite an improvement over some other Russian visitors a few years back. They had not even heard of Marilyn Monroe.

There are so many motor-driven golf carts these days that some of the players are asking for stop signs on the busier courses. Wonder if parking meters won't be the next stop?

Since Hereford is one of the few towns in the nation to offer direct dialing on long distance calls, the result often baffles the fellow on the other end of the line. A certain Amarillo law office, for instance, almost discharged an efficient secretary for violating their ironclad rule of not telling the lawyer that his call was long distance, rather than local—and the young lady was more surprised than anyone when her error was disclosed.

The POWER of FAITH by Howard Brodie

Robert E. Lee, often called the soldiers' soldier, was a living model of Christ's edict to "love your enemies."

Lee, whose birthday falls this week, was born Jan. 19, 1807. A master strategist and brilliant leader, he hated only one thing in his life: war.

"What a cruel thing war is," he once observed sorrowfully after a great victory, "—to fill our hearts with hatred instead of love for our neighbors, and to devastate the fair face of this beautiful world."

A man of prayer and sturdy faith, Lee on another occasion wrote: "I remember . . . in the Good Book that we must love our enemies. I have fought against Union soldiers, but I have never cherished any vindictive feelings. I have never seen the day when I did not pray for them."

Of The Day In Hereford

QUESTION OF THE WEEK

Local Residents Enjoy
Television, Sports Best

What is your favorite type of recreation? Why? MRS. L. E. BALLARD—We like to attend all the basketball games and see an occasional picture show. In the summers we try to go swimming as often as we can. Mostly we center our recreation around the type that the whole family can enjoy.

MRS. C. P. OWEN—Well, we like outdoor sports—picnics and things like that. The whole family likes outdoor sports, so we all try to enjoy it together.

MRS. JACK FRANCE—Well, in the summer we really like to ride horses, but we don't get to do that very often. During the winter months we usually spend our spare time watching television or have a card game or something like that.

MRS. J. C. MAYS—We don't have much time for anything except to watch television and go to church.

MRS. TED HIGGINS—Well, we watch television quite a bit and we always like to go swimming. Lately we've come to like riding bicycles around the place. I guess, mainly, we enjoy doing things together.

MRS. BILL CRAIG—In the house we usually watch television in our spare time and when we want to get outside we like to go camping or boating. We like to do things the whole family can do together.

VIRGINIA COWAN—I like to read a lot and I also like to do needle work. I love to see picture shows and go swimming. I guess mostly I enjoy just generally running around.

ANN LOOKINGBILL—I watch television a lot. I also like to go horseback riding and swimming. I like to play volleyball and I really like just plain, old visiting.

MRS. J. F. KELLY—We are interested in sports of any kind and we generally live and breath sports around the house. When we watch television it's usually a football or basketball or baseball game. You know how it is when you have a young person in the house—you try to create an interest they enjoy most.

MRS. R. A. DANIEL—I guess in the Winter time we just mostly watch television. We also like all kinds of high school sports. In the summer my husband and daughter like to water ski a lot and we all like fishing and boating.

MRS. RAY GODWIN—I guess mostly we like to go to the mountains and enjoy the scenery. When we're around the house we watch television and I sew. We enjoy things the family can do together.

MRS. JOHN VINES—We usually stay pretty close to home. We'll watch television and I piece quilts and general things like that.

JOHNNY WAYNE BROWNLOW—I like baseball more than anything else. And then since Christmas I've got to building model airplanes and ships and things like that. I got some sets like that for Christmas and I got to liking that sort of thing. I'm going to build me a big collection of things like that.

Year by year, more women in Hereford are taking jobs in industry, challenging the old adage "Woman's place is in the home."

In stores, in restaurants, in the professions and in virtually every other occupation, "women at work" is the order of the day.

Latest Government reports show that 26.6 per cent of the local female population, above the age of 14, is to be found in the labor force.

This is high in comparison with the proportion of working women elsewhere in the West South Central States, an average of 25.2 per cent.

The data is based on a survey called "Womanpower," made by the National Manpower Council, as well as on studies by the Department of Commerce and by the Department of Labor.

The last census showed that there were 512 women in the Hereford labor force out of a total female population, over age 14, of 1,919. Since then, there has been a marked increase, chiefly in the proportion of married women with outside jobs.

This large-scale entry of married women into the labor market is seen as a social revolution—a clean break with past restrictions.

What caused it and what made it possible? Because of modern labor-saving devices, she no longer requires as large a part of the day for her chores. Running the home and preparing the meals, thanks to ready-cooked foods, go quickly.

As a result, with time on her hands, she will take a job. In many cases it will be to help meet increasing family expenses. In other instances, it will be to live a little better—to afford those extra luxuries.

But often it is merely because she wants to. Working satisfies her vocational urge and gives her stimulus and companionship during part of the day-time.

The public acceptance of this social change is evident from the large and growing proportion of women in the labor force.

In Hereford, the latest official count showed, 24.6 per cent of all jobs were held by women.

MISSILE "COVER" FOR MOORE

Moore County's homes and industry will lie well within the protective "umbrella" provided by two U. S. Army Nike Hercules missile-launching sites to be constructed near Amarillo-North Plains area were announced this week by the U. S. Army Air Defense Command at Kansas City. The Nike Hercules is a five-ton, supersonic missile with a range of over 75 miles. Both sites announced Friday are less than 60 miles from Dumas, though the effective range of the missiles from the southern-most location will extend less than five miles north of Cactus. The missiles will not only furnish protection for the Air Force's rapidly-expanding Strategic Air Command facilities at Amarillo Air Force Base, but will deter enemy attacks on important industrial plants throughout the area—and the nation's richest gas reserve, which is centered in Moore County.—MOORE COUNTY NEWS (Dumas)

CONTRACT TEXICO PAVING

Work on approximately 27 blocks of paving in Texico is scheduled to begin "as soon as weather permits." Contract for the work, Texico's third paving program, was let at a regular session of the town's board of trustees Saturday morning. Successful bidder was Thomason Construction Co. of Denver City. Thomason submitted the lowest of three bids—\$60,013.45. When construction is started the contractor will have 120 calendar days to finish the project, Mrs. Juanita Autrey, town clerk, reports. And, according to the contract, the latest completion date will be May 1. Also, the contract specifies no asphalt will be "shot" before April 15. The contract calls for curbs and gutters in addition to the paving. Town gasoline taxes will pay the cost of the improvement. For all practical purposes, this will make the cost "free" to property owners. Texico's other two paving projects are being financed in the same manner.—STATE LINE TRIBUNE (Farwell)

LITTLEFIELD TO GO DIAL

General Telephone Company Saturday announced plans to convert the telephone system here to dial operation in June, 1960. J. L. (Dusty) Kemper, division manager of Brownfield, said in a wire from San Angelo Saturday that the company also will build a new plant at the corner of Twitchell Avenue and 5th Street. Kemper sent the same wire to Mayor E. J. Foust, who with other city officials was preparing for a meeting 10 days from now in which the city planned to ask a cut in telephone rates. The division manager said the company's management first approved dial operation for Littlefield in August of 1957. Location of the new plant will be on the corner of Twitchell and 5th, diagonally opposite the present location of Crystal Ice Co. Cost of the new plant, or the building program, was not revealed.—COUNTY WIDE NEWS (Littlefield)

The
BOOTLEG
—Philosopher

Editor's note: The Bootleg Philosopher on his bindweed farm is off on a weighty topic this week.
Dear editor:

I noticed in the papers that another Russian visitor, a man by the name of Mikoyan, second in command over there, has been touring the United States and I read in a copy of a newspaper which I borrowed out of my neighbor's mailbox in the interest of furthering the good neighbor policy and will return if he acts unreasonable about it that Mr. Mikoyan says one trouble with U. S.-Russian relationships is that we don't trust Russia enough.

What puzzles me about this is why should it puzzle Mr. Mikoyan? He knows the Russians better than we do and I doubt if he can trust his home folks enough to be 100 per cent sure he'll have his own job when he gets back home.

As I understand Russian politics, over there, you don't get elected for any definite term, you just stay in office until you get to trusting your assistants too much, at which time you wake up on a train to Siberia and one of your assistants is occupying your office.

Probably what Mr. Mikoyan meant was we ought to trust him since nobody at home would.

As everybody knows, whenever there's a change in office over in Russia, the number of funerals picks up. This is because the Russian politicians have found it's hard to get a man you've just kicked in the teeth to trust you to any extent you can depend on.

I guess maybe it sounds reasonable for the Russians to tell us to trust them when they say they won't build any more hydrogen bombs and wouldn't think of using the ones they've got, but I sure prefer to keep some lying around handy on our side just in case.

I don't know how I got off on this weighty subject, when actually I ought to be thinking about a new crop year for 1959. In the meantime, if Mr. Mikoyan happens by my place out here and wants to buy a dozen eggs, I'd just as soon he paid cash.

Yours faithfully,
J. A.

Residents Enjoy Few Days Of Warm, Pleasant Weather

By MRS. T. L. COLLINS
Walcott community has had several days of nice weather recently with all the remaining snow being melted. Warm days have enabled the children to play out of doors without coats, and some farmers have been seen gathering in feed.

Judge Homer Henslee presented Walcott's school principal, Thomas L. Collins, with blanks to be used in taking school census again. Any local resident having a child who will be six years old before Sept. 1 or who will not be over 18 years old by that time should report it for the school census.

Mr. and Mrs. M. L. Heavin, Norman Minks and Waldron Melton left Saturday for Denver, Colo. A semi-trailer of Hereford steers from Dameron Ranch is being shown there in the Denver National Western Livestock Exposition, the outstanding Hereford show of the nation.

Dawn Club Hears Guest Speaker

The Dawn Home Demonstration Club met Friday, Jan. 9, in the home of Mrs. Leroy Johnson.

Mrs. Alex Thompson of Hereford was guest speaker and spoke on the subject of "A Woman's Part in Religious Work." Mrs. Thompson reminded the members that there were places in the teaching of classes, in the church singing in the choir and congregation and many other offices women can fill in religious work. Also the responsibility of much of the child's religious training at home falls on the mother.

Mrs. Orval Galley spoke on "Women of the Bible" and briefly summarized the part

Fifth, Sixth Grades Present P T A Skit

By MRS. E. L. PINNELL
The Adrian Parent-Teachers Association met Monday evening in the High School auditorium. Mrs. Earl Brown, president, introduced Mrs. James Sesson who introduced the fifth and sixth grades for her program.
The program was entitled "A Trip Through January". Masters of ceremony were Ricky Gruhkey and Doris Horton. A large calendar, made for the classes, was turned page by page.
If it was the birthday of a notable person, a class mem-

ber presented one of his works. If it was historical, these facts were presented. All research was done by the children. The group also sang several songs and a piano solo was presented by Linda Pinnell.
Superintendent Jones gave a short talk on his recent trip to Austin. He also asked parents to enumerate their 1959-60 school children sometime during January.
Mr. and Mrs. Bob Lane and Mr. and Mrs. Carroll Gruhkey were hosts to the group for the refreshment hour held in the cafeteria following the program.

In a fast-moving game, Adrian girls won 43-40. At one time they led by eight points. Both Betty Cavitt and Wanda Pinnell looped in 19 points. Charlene Holder of Vega made 29.
Adrian boys won 70-54. High was Phillip Pinnell with 21, while Lloyd Homfeld added 20. Martin Wilhelm of Vega led the Longhorns with 20. Adrian teams were slated to

meet Channing Friday in the second conference game.
Small Ruby Irene Nance was in Deaf Smith County Hospital from Monday until Friday last week, being treated for second and third degree burns on her neck and back. She overthrew a vaporizer on herself. She is the daughter of Mr. and Mrs. Tom Nance of Sims.
Caprock 4-H Club met Wednesday in the school cafeteria for a demonstration given by Mrs. Clint Homfeld on "How to

cover boxes for clothing."
Girls attending were Paula Creitz, Glenda Homfeld, Marlene Williams, Coralie Fortenberry, Linda Pinnell, Doris Horton, Myrna Zaring, Trudy Benefield, Rita Speed, Laura Jobe, Leveina Benefield, Martha Gruhkey, Gail Gruhkey, Peggy Sifford, Bonnie Blasingame and the sponsors, Mrs. John Horton and Mrs. Homfeld. The sponsors furnished refreshments after the meeting.
Mrs. Percy Gruhkey spent

Wednesday and Thursday in Amarillo with her daughter and family, Mr. and Mrs. Bobby Banks and Lee.
Young Dude Speed had a narrow escape Sunday when he was involved in a gas oven explosion. Fortunately, the fire just flashed, singeing his hair and face, but did not catch under the stove. Mrs. Bobby Speed had gone to town and Rita called a neighbor for help. Melanie Weidner came over and extinguished the flames.

AN ALMOST TEARFUL expression was on the face of Wellington's Clinton Gibbs, right, as he tried unsuccessfully to beat Jerry Reid, Levelland, in the sixth bout of the final evening of the Golden Gloves Tournament here. Gibbs received a nosebleed from a punch in the match. Reid won by a decision. (Staff Photo)

VFW Auxiliary Hears Report

Veteran's of Foreign Wars Auxiliary met Monday evening in the V. F. W. Hall for a business session followed by a social hour. Mrs. Edith Briscoe and Mrs. Jim Lookingbill served as hostesses.
Reports of 1958 activities were heard and plans for 1959 were discussed.
Members voted to send a contribution to the Polio Center at Warm Springs, Ga., and to make a contribution to the local March of Dimes.
Dr. M. C. Adams showed a film on "The March of Dimes" in which was depicted the crippling effects of many diseases which will be included in this year's March of Dimes.
Members present were Mesdames Wayne Lawrence, L. H. Lookingbill Jr., Billy Massie, Bill Craig, Ida Mae Vaughn, Jerome Erdman, Leonard Davis, Dub Maddocks and the hostesses.

Pvt. Julian Coffee returned last Tuesday from Korea after 15 months overseas duty with the U. S. Army. He has a 30-day leave to be with his family in Panhandle. They were in Adrian Wednesday visiting Mr. and Mrs. Arthur Jewett, his cousin. Julian finished school in Adrian with the class of 1956.
Miss Martha Meyers and Bob Lotspeich of Amarillo were here this weekend to visit his parents, the George Lotspeichs. On Saturday, the couple drove to Santa Fe to ski, returning home that night.
Mrs. Loyd Heaton and children left Friday to attend the circuit Assembly of Jehovah's Witnesses, held in Albuquerque, N. M., over the weekend. While there they stayed with Mrs. Heaton's sister, Mr. and Mrs. Jack Earp, and visited in the Harold West home. They were joined by another sister, Mrs. Lee Reid of Tiaban, N. M.
Adrian's first conference basketball game was played Tuesday night on the home court. Adrian hosted the Vega Longhorn boys and girls.

H.D. Club Has Meeting

The West Hereford Home Demonstration Club held its first meeting of the year Tuesday in the home of Mrs. E. B. Moseley. The program, Women of the Bible, was presented by Mrs. A. E. Douglas and Mrs. Vern Witherspoon.
Mrs. Norman Livesay, who will be moving away soon, was presented a gift.
Members attending were Mesdames Wood Vaughn, Ida Vaughn, Carlos Vaughn, Vern Witherspoon, Edna Bowe, Norman Livesay, Mary King, P. H. Luck, Alice Cox, Vida Jacobson, W. H. Awtrey, Carl Schroeder, Herbert Duncan, A. E. Douglas, J. B. Shirley, Miss Evelyn Bell and the hostess, Mrs. Moseley.
The next meeting will be a luncheon in the home of Mrs. Carlos Vaughn. Mrs. Argen Draper will speak on Color in Clothing at that time.

Church Group Here To Discuss Problems Presented On Program

A group of members of the First Methodist Church will participate locally in "Talk Back", an Amarillo television station weekly presentation which will begin Sunday.

The group will view the program, which will present a problem, and hold a discussion afterward, according to the Rev. Alby Cockrell, pastor. The program will be presented for 13 weeks, and will be telecast from 3:30 to 4 p.m. on KGNC-TV.

Rev. Cockrell said that although no local churches will be represented on the program, the group here will hold similar discussions as will be presented on the program.

The 13 problems which concern Americans most, as determined by a national poll, will be subjects of discussion for the half-hour programs.

The Rev. Charles Elzey, Amarillo, will be host and moderator for the series. Each problem will be presented in a 12-minute filmed drama, featuring professional actors. This will be followed by a live presentation from the television station.

Special viewing groups, which have been specially organized in and around Amarillo, will watch the series each week and will have their own discussion after the program.

The Amarillo Ministers Association, which is presenting the series, hopes to get viewers to face these problems,

and through talking together, arrive at individual solutions. Subjects include pressures of modern living, insecurity, civic responsibility, suffering, rearing children, prayer, knowing God's will, belonging and acceptance, guilt, life's good and bad breaks, faith, Christian principles, anxieties and fears.

In choosing topics for "Talk Back", more than 26,000 ministers in the United States were asked what problems were most frequently brought to them for help.

The dramatic portion of the program is on film, and the live discussion will be televised live from a station studio.

Natha Bryan Receives Highest Rating In Homemaker Contest

Natha Bryan, senior at Hereford High School, received the school's highest rating in the 1959 Betty Crocker Homemaker of Tomorrow contest, school officials announced this week.

Miss Bryan received the highest score in a 50-minute written examination on homemaking knowledge and attitudes taken by graduating senior girls recently. She has received a homemaking pin manufactured by Josten's, which represents the slogan, "Home is Where the Heart Is."

Her examination paper will be entered in competition with those of other school winners in the state to name the state Betty Crocker Homemaker of Tomorrow.

The test is designed and judged by Science Research Associates.

Each state Homemaker of Tomorrow will receive a \$1,500 scholarship from General Mills, an educational trip April 4-10 with her school advisor to Washington, D. C., colonial Williamsburg, Va., New York City and Minneapolis, and she will be a candidate for the title of All-American Homemaker of Tomorrow. The school of each state winner will receive a set of the Encyclopaedia Britannica. General Mills will award a \$500 scholarship to each state runner-up.

Winners are being chosen for 12,260 schools throughout the nation which enrolled 349,150 senior girls, the largest

Deadline Is Set For Wage Report

Jan. 31, 1959, is the deadline for reporting the cash wages paid in 1958 to farm employees, H. B. Hamill, Administrative Officer, Internal Revenue Service, Amarillo, stated.

Farm operators or farm owners who have paid as much as \$150 in cash wages to any farm worker in their employ during 1958 must file an employer's tax return for such farm employees. They must also report each farm employee who worked for them on 20 or more days during 1958 regardless of the amount of those wages if they were figured on a time rather than a piece rate basis.

For 1958, the social security tax rate is 4 1/2 per cent (2 1/2 per cent each for employer and employee.) This tax applies to cash wages paid to a farm worker up to a total of \$4,200 in the year. The tax amount must be entered on Form 943 (Employer's Annual Tax Return For Agricultural Employees) together with the total amount of cash wages paid to the farm worker. It is required that the farm employer do this and file the return with the District Director of Internal Revenue at Dallas on or before the due date mentioned above. For 1959, the social security tax rate will be 5 per cent (2 1/2 per cent each for employer and employee.) For 1959 and years thereafter this tax will apply to cash wages paid to a farm worker up to a total of \$4,800 in the year.

The 1959 All-American Homemaker of Tomorrow will be announced in Minneapolis April 10 at the American Table Dinner in the Leamington Hotel's "Hall of States." The scholarship of the All-American Homemaker of Tomorrow will be increased to \$5,000. The national runner-up will receive a \$4,000 grant, third place winner a \$3,000 award and fourth place winner a \$2,000 scholarship.
