VOLUME XXXVII | Wellington, Collingsworth County, Texas, Thursday, September 20, 1945 | NUMBER 11

Cotton Pulling Ceiling Of $1.35 Is Recommended

A wage ceiling of $1.35 per hundred for pulling and snapping cotton and $2.25 for picking cotton has been set by the Texas USDA Wage Board, County Agent J. W. Thomas was notified in a telegram from D. A. Adam, executive officer of the board, Saturday, September 15. Approval of this ceiling was made by the Office of Labor at Washington.

This is above the ceilings of $1.25 and $2.00 recommended following a hearing before a labor board representative recently at Vernon.

The ceiling is effective in 39 counties through this section of the state.

"Ceilings are effective September 14," the telegram to Mr. Thomas continued. OPA will issue ceiling order on crew leader services as per original recommendation at once. All prices now paid must be rolled back within ceiling. Violations will be investigated effective September 14 by federal investigatory service."

The crew leader service ceiling mentioned in the telegram is 25 cents per hundred for hauling and other related services up to 15 miles and 30 cents per hundred above 15 miles.

Counties involved in the cotton gathering wage ceiling are Collingsworth, Hall, Childress, Donley, Gray, Wheeler, McCulloch, Concho, Tom Green, Coke, Runnels, Coleman, Midland, Martin,

Dr. J. M. Orr To Practice Here

Dr. J. M. Orr, formerly of Houston, has arrived in Wellington to take over the dental practice of his uncle, Dr. W. R. Orr, a dentist in this area for approximately 38 years.

The latter is retiring from practice.

Dr. J. M. Orr has been teaching in the University of Texas Dental School at Houston for the last four years. In addition, he has practiced dentistry after hours.

He and Mrs. Orr have one daughter, Lynda Dyane.

Dr. W. R. Orr established his office in Wellington in January 1911, after a year at Memphis and three years at McLean. Active in dental affairs of the area, Dr. Orr is also a goodfellow of the State Dental Society, an honor conferred only upon those who have been members in good standing for 25 years. He has served as a member of the committee from that organization studying brown tooth stain in the Panhandle.

Upon moving to his present location, across the street north of the Post Office, the office was completely remodeled and is now one of the most modern and best equipped in the area.

Mrs. Orr has served as office assistant for Dr. Orr. They will continue to live in Wellington and will devote their time to their other interests here.

Miss Ruby James will serve as office assistant to Dr. J. M. Orr.

C. A. Smith Buys Texaco Station

C. A. Smith this week announced the purchase of the Texaco Service Station located at the corner of 8th and Arlington Streets.

Walter Langford will be in charge of the station, assisted by Pete Scott.

"We will continue to handle Texaco products, and along with these, we offer our own special brand of service, prompt, efficient, and complete," Mr. Smith said.

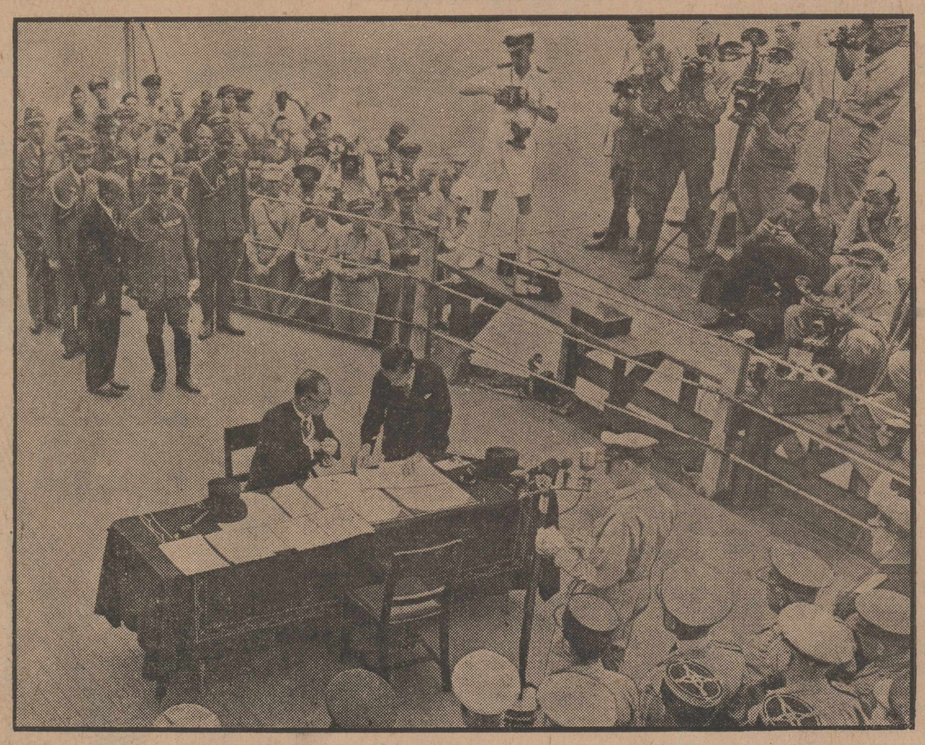
In addition to oil and gas products, the station will feature washing, greasing and tire repair work.

Mother Of Mrs. T. J. Way Dies Saturday In McAlester, Okla.

Mrs. Amelia Blalock, the mother of Mrs. T. J. Way, died at her home at McAlester, Okla., Friday evening, September 14. Mr. and Mrs. Way and son, Tommy, left immediately for McAlester.

Mrs. Blalock had been in ill health for a number of months.

Funeral arrangements were not complete when the local group left. They were due to remain in Oklahoma through this week.



SHIGEMITSU'S SURRENDER PEN BALKS

Jap Foreign Minister Mamoro Shigemitsu (seated) gets help from an aide as he finds his pen won't work to sign unconditional surrender papers for his emperor. The scene is aboard the battleship Missouri in Tokyo Bay. General MacArthur stands at the microphone, and behind him are uniformed representatives of Allied powers. In background, left, are Jap emissaries.

Rockets Open Conference Schedule Against Lakeview

A scrapping, fighting team of Lakeview Eagles will offer the Rockets stiff resistance on the local field Friday night, September 20, in the first conference game for the Wellington boys.

The Eagles this year have one of the best teams in their football history, if not the best, Loran Denton, superintendent and coach, told football officials here last week. The smallest school in the district, that team within the last two or three years has built up surprising strength, although the lack of sufficient reserves has been a handicapping factor.

Both season and general admission tickets are now on sale at the Winter Confectionery.

The starting lineup will be practically the same as last year, but several pounds heavier per player. More reserves will back up the regular team.

Last year the Rockets led the Eagles only 6-0 at the half, and the Eagles led the Shamrock Irishmen 6-0 at the same period. In both cases, superior reserve strength rolled up a heavy score against the scrapping little players.

In their opening game this year the Eagles held Clarendon to the close 12 to 6 score.

Duncan Decorated For Iwo Action

U. S. NAVAL HOSPITAL, Norman, Okla.—At general assembly here recently, Cpl. Clois E. Duncan, 28, of Wellington, was awarded the Purple Heart Medal for wounds received on Iwo Jima. The presentation was made by Captain E. C. Carr, medical officer in command here where Duncan is convalescing.

On D-Day plus 14 Duncan was rounding up a stretcher party to go out and pick up the wounded when a Jap mortar got him in the right chest. A hospital corpsman was standing right alongside of him at the time and he was untouched. As a result Duncan received immediate medical attention. Duncan stated that the hospital corpsman was later killed in action.

Attached to the Fourth Marine Division, Duncan participated in the invasions of Saipan, Tinian and Iwo Jima. In addition to the Purple Heart he has received a Letter of Commendation and the Presidential Unit Citation.

Prior to his entrance into the service he was farming at Wellington. He is going back to duty shortly but expects to be discharged on points. Upon his release he plans to return to Texas and operate a farm.

October 1 Deadline For Re-Recording Livestock Brands

All brands that expired October 1, 1943 were extended two years but now must be renewed if a person wishes to hold his brand, Miss Margaret Shields, county clerk, has reminded.

These must be re-recorded by October 1, 1945.

A majority of the brands still in use in the county have already been re-recorded, Miss Shields said, but reminded stock owners who have not done so that the deadline is October 1.

Arthur Capps Sends Message

A direct message from their son, Arthur V. Capps, just released from a Japanese prison, was received Thursday, September 13, by Mr. and Mrs. Fred Capps.

He stated that he was on an island in the South Pacific but would see them soon.

"The message came on our 34th wedding anniversary, and you can be sure it's the happiest anniversary we've ever had," Mrs. Capps said.

Mr. Capps, a civilian employee at Wake Island, became a prisoner when that island fell to the Japanese December 23, 1941.

Scared Negro Found In Field

A negro porter who apparently jumped off a Rock Island train near Shamrock, was picked up on the Frank Knoll farm near Samnorwood early Tuesday morning by Sheriff Claude McKinney, assisted by Deputy Glenn Cantrell and Mr. Davis, the game warden, from Shamrock.

The man gave his name as George Boyd. He told the sheriff that he was porter on a troop train out of San Francisco and Amarillo was the last place he remembered going through.

Mr. McKinney said the negro was badly scared, barefoot, and still addled, apparently having landed on his head when he jumped.

He was released later in the day and immediately bought a bus ticket for Pennsylvania.

Dale & Duncan Station Moved

The Dale and Duncan Service Station has been moved to a new location just east of the Hotel Wellington, the owners, Dale Watson and Byron Duncan, announced this week. Their new place of business is the Magnolia station, operated during recent months by J. R. Lawson and Lon Shields, and known for many years as the Jack Gibson station.

Magnolia products will be handled by them.

"We moved across the street to get into larger quarters. In this way we can give our customers better service and faster service," the owners declared. "But after all, it's going to be the same fellows helping you in the same friendly way, and we invite every one of you to come by and look over our new home."

Mr. Duncan and Mr. Watson have been in business together for the last year. The station formerly operated by them is now owned by C. A. Smith.

Harold Morrow Has Discharge

Harold Morrow, who as a staff sergeant in the Army Air Force served as a gunner on a bomber in England and later in Italy, received his honorable discharge at San Antonio last week and on Friday, September 14, returned here. He is the son of Mr. and Mrs. W. A. Morrow.

Morrow entered service September 2, 1942. He served for seven months overseas, receiving the Air Medal with three Oak Leaf clusters and seven battle stars indicating major campaigns.

He has been stationed at Sheppard Field, Wichita Falls.

Neese Returns After 2 Years Flying In North

After flying with the Air Transport Command in the north from Iceland to the Bering Strait, Master Sgt. Claude Neese Jr. has returned to Wellington after receiving his discharge September 15. With him are his wife, whom he met and married while stationed at Edmonton, Alberta, in Canada and their baby daughter, who was a year old Monday.

They will be here for 30 days with his father, Claude Neese.

As a line chief and aerial engineer, Sgt. Neese was assigned to C-54, C-46 and C-47 transport planes, carrying food, other military supplies and troops.

He flew first along the North Atlantic coast, unloading supplies sometimes in Newfoundland, sometimes farther away in Iceland, where they were picked up by the English.

This eastern route he described as much easier than the northern route to Russia, which goes through Western Canada and Alaska, and where bad weather is the biggest hazard.

"It's pretty bad working at 76 degrees below zero," he commented.

Nome, Alaska, was the end of the route for United States flyers. All cargo was unloaded, to be picked up by Russian air force men. This was on account of the non-aggres-

Plans For New City Ward School Are Announced

Plans which call for the construction of a new ward school building in Wellington and the concentration of all buildings of the system in the area of the high school and junior high were announced by the Wellington school board September 17.

"There is a most urgent need for this new building. But in the end, the entire proposal will rest with the people of the Wellington school district, since they will be the ones to approve or reject the bond issue to finance the program," L. A. Manzer, president of the school board said.

Davis Robinson, Fort Worth architect, was in Wellington last week looking over the proposed site and conferring with school authorities on the type of building and other improvements desired. Mr. Robinson is now drawing up plans and specifications, along with the cost required, and date for the bond election will be set as soon as possible after these are returned. Dr. E. W. Jones, vice-president of the board was named to contact the architect for the project.

Briefly, the program calls for the construction of a new ward school with a cafeteria and gymnasium just south of the high school campus. Material from the two old ward school buildings will be utilized as far as possible. The present combination gym-auditorium in the high school will be turned into strictly an auditorium. A central heating system will be installed to serve al units.

The new building will be either brick or concrete, depending on the availability of materials.

"It looks like it is imperative that we do something in our school

John Coleman Liberated From Japs Sept. 8

Capt. John S. Coleman was liberated from a Japanese prison camp September 8, a message from the war department informed Mrs. Coleman here Tuesday morning, September 18. It added that his condition was fair.

Capt. Coleman had been a prisoner of the Japanese since the fall of Bataan, April 8, 1942.

No other official information has been received by Mrs. Coleman. The Fort Worth Star-Telegram, however, carried a story written by the paper's war correspondent in Japan, Sam Kinch, which mentioned Capt. Coleman's name.

The story told of the Zentsugi International, "an exclusive club for survivors of the prison camp from which it took its name." It said:

"When a Rokorishi Camp prisoner train joined ours here today, Zentsugi men who transferred to Rokorishi last June were aboard. The Texas Zentsugi chapter is one of the largest and is headed by Capt. John Coleman, whose wife and two children live at Wellington. Coleman is a former Hartley County farm agent and former Texas Aggie. He came to the Philippines in 1941 and was captured at Bataan."

Mrs. Coleman and their two children, Lennie Lou and Spencer, have made their home in Wellington since Capt. Coleman went overseas. His mother, Mrs. S. L. Coleman, lives here, as does one brother, Leon Coleman. Of his other brothers, Frank Coleman, J. A. Coleman and Dee Coleman live in the county; Lt. Col. Wood Coleman of Dozier is serving in Germany and Lt. Jesse Coleman is in the Air Force.

FREED FROM JAPANESE

Official word that Capt. John Coleman had been released from a Japanese prison was received by his wife Tuesday, September 18. The message said his condition was fair.

Gordon Mills Is H. S. Principal

Gordon Mills of Fort Worth has been named principal of the Wellington high school, and arrived here Tuesday to take over his new duties.

Mr. Mills taught in the Loco school several years ago and later in schools on the south plains. More recently he has been employed in defense work in Fort Worth. He comes here with highest recommendations, Supt. Logan Cummings said.

His family will come when a house can be located for them.

At the same time Mr. Cummings stated that Mrs. Raymond Raillard, the daughter of Mr. and Mrs. Lee Fortenberry, is serving as substitute teacher in place of Miss Leitha Lowe, who is on leave of absence for the first semester. Mrs. Raillard taught last year in the Texarkana schools.

He announced that the enrollmings announced that the enrollment in all schools of the Wellington system is up over that of last year, with a total of 1073 students now attending.

This includes 327 students in the high school; 292 in junior high; 368 in east ward and 86 in the colored school.

Harold Scott Killed As Enemy Sub Explodes

Mr. and Mrs. B. C. Scott of Dodson late last week received additional information regarding the death of their son, Harold Max Scott, EM 3-c, who died July 25, the day after his ship, the USS Underhill, was sunk. A letter from Lt. J. H. Timberlake, USNR, the senior surviving officer, told the story of the sinking. It said in part:

"I am certain you will want to know something of the sinking of the Underhill. On July 24, 1945 we were on convoy duty returning with a convoy from Okinawa to Leyte when a sound contact on an enemy submarine was obtained. Our ship went into attack. A depth charge attack was made and evidence of sinking a midget submarine was obtained. Just following this a periscope was sighted nearby. Speed was increased and word passed to stand by to ram as the sub was at periscope depth. Upon ramming, the submarine exploded underneath the ship. The

Calvin A. Hurst Lands Sept. 15

S-Sgt. Calvin A. Hurst wired his wife and parents, Mr. and Mrs. Ben Hurst, during the week end that he landed in New York Saturday, September 15.

Sgt. Hurst called Monday from New Jersey and said that he was on his way to Fort Sam Houston and would be here in about six days.

Assigned to headquarters of the 69th division, he was overseas 11 months, most of the time in Germany.

Mrs. Hurst, the daughter of Mr. and Mrs. C. L. Lowry of Lutie, has been living in Wellington while her husband was overseas and is employed at the First National Bank.

Cherry Brothers Visit At Quail

Navy Lt. Ed Cherry and Major Bill Cherry of the Army Air Force were in the county last week visiting their parents, Mr. and Mrs. W. T. Cherry of Quail.

Lt. Cherry was en route from San Francisco to his new assignment at the Submarine Base in New London, Conn. For the last 18 months, except for a short time on the west coast, he was based at Pearl Harbor, but assigned to a merchant marine cargo vessel. He has taken part in three invasions, Ulithi, Okinawa, and Ie Shima. He said he did not know the nature of his new work but expects shore duty.

Lt. Cherry has been in the Navy 41 months. Before entering service he was athletic director of the Richmond, Texas, school.

Major Cherry has just returned from Tokyo, one of the first American pilots to enter the Japanese capital after peace was declared. He is now in San Antonio where he was due to receive his discharge Monday.

Lt. Paul Scott Gets Discharge

First Lt. Paul Scott phoned his parents, Mr. and Mrs. B. C. Scott of Dodson, that he is receiving his discharge from the Air Force.

He and Mrs. Scott have been in San Antonio, but they are now in Lubbock. Scott added that after his discharge is effective November 1, he will work as a B-29 instrument instructor at the Amarillo Army Air Base.

The first man from this county to pilot a B-29, Lt. Scott was stationed in India and later the West Pacific for nearly 16 months. He returned to the United States on July 16.

Church Supper On Sept. 26

Rev. J. Frank Crow, pastor of Central Christian Church at Childress, will be guest speaker at the fellowship supper of the First Christian Church here Wednesday night, September 26. The supper will begin at 8:00 p. m.

Rev. J. F. Mathews, pastor of the church, urges all members to be present.

Sermon subject of the Sunday morning service will be, "What Shall Be the End of All These Things?" Topic for the vesper service at 5:00 p. m. will be "The Church's Responsibility to the Natives."

Paymaster Follows Front Line Fighters

When a soldier is under fire, he still gets his pay, for even while he's on the line of combat, the Army's finance department isn't far behind. This was revealed last weed by 2nd Lt. J. M. Robertson, who came September 9 to visit his wife and small son. Lt. Robertson has just completed 18 months service in Italy.

Mrs. Robertson, the daughter of Mr. and Mrs. Ray Clubb, has made her home in Wellington. They will spend his 30 day leave here and with relatives at Broken Arrow, Okla.

Lt. Robertson went north through Italy with American soldiers to the Brenner Pass, when he was transferred to the 4th Corps headquarters and sent into Trieste, one of the trouble spots that have appeared in Europe with the peace.

"Trieste belonged to Italy from World War I to World War II, but now Tito is claiming it for Yugoslavia. Most of the Italians, who were in there all the time, prefer to remain with Italy, but the Yugoslavs, and a good many have filtered in, are supporting Tito," he explained.

After a short time in Trieste, he was sent to Milan, arriving only a few days after Mussolini was killed. "I didn't see the bodies hanging in the public square, but I did see motion pictures taken of it," Lt. Robertson said.

In service for eight years, Lt. Robertson spent five years at Fort Bliss. He went overseas as a chief warrant officer and received his commission in Northern Italy in May.

MEMBER TEXAS PRESS ASSOCIATION

Editorial

Here is a remarkable editorial from The Hereford Brand—forthright and clear cut. Wellington has no Mexican population; but in principle the same things apply to the future welfare of our city. The time for talk is past in Wellington too.

For more than a decade the people of this community have been talking about things which need to be done in Hereford. Everyone agrees, nods his head, solemnly voices some sound advice—and the matter is soon forgotten. For at least ten years, perhaps even longer, this ritual has been in use with the result that not one single large-scale, long-time improvement or construction has been seen in Hereford or in Deaf Smith County.

Meanwhile, the population of the community has grown steadily, resulting in new conditions and in new problems. Finally, it has come to the point where we can no longer talk about the things we should do, but we are forced to talk about things which MUST be done.

The current scare over impurities in Hereford's city water supply is only one of many such catastrophes which this community will face if some planned sanitation program is not established. In fact, the water situation is comparatively simple; we merely have to find the cause and eliminate it. However, we will be faced with rotten garbage heaps along our alleys and these open containers will continue to breed flies, which will spread disease.

The Mexican population of Hereford this year is estimated at around 2,000. These people harvested a $2,000,000 potato crop for the farmers of Deaf Smith County and spent hundreds of dollars in stores of this community. Without them, it would have been imposible to gather the crop. They are living under the worst sanitary conditions possible; they have no toilets, no adequate garbage disposal, not even running water—yet they live adjacent to our City Water Works. Drive over to "tent city" and see for yourself. So long as these people are essential to the progress of the community, Deaf Smith County is obligated to provide adequate living conditions.

Conditions in Central School are equally shocking. Poor light in basement rooms of a building that possibly should be condemned, as high as 115 students to a grade with only two teachers, and lack of playground facilities are only a few of the many things which can be mentioned.

There is no use to blame the City, or to bemean our County and School leaders. These people have been doing just what the voters wanted them to do, and are mostly good, responsible people. Let's put the blame where it belongs—on Ourselves. We just talked when we should have been doing things.

Now that we have reached the point where we MUST do something, let us face the facts. These improvements are going to cost money. They are going to mean higher taxes. We will have to vote some bond issues. A lot more people will have to give some of their time to community affairs.

On the other hand, if Hereford is not cleaned up and operated under sanitary conditions, we are going to have some deaths — and remember, Pestilence and Disease have no respect for class or station in life. Can the life of one little boy or one little girl be valued in the terms of a few dollars in extra taxes?

The time has come to cease talking about what we should do; it is now time to start doing things which MUST be done.

• The Bomb

It is suggested that we turn the secret of the atomic bomb over to the Security Council as a means of preventing another war in the future. To our way of thinking this would be very, very foolish. We spent two billion dollars of our money developing the bomb; we employed the time of thousands of the best scientistts in the nation for more han two years. There are more than 50 nations now under the wing of the Security Council. We never know which one might turn out to be a traitor. There is always danger when more than two people know a secret. Germany and Japan would give most anything to get hold of that bomb, and the best way for us to protect the secret—if it is a scientific secret—is to keep it locked up in the United States. The world knows that we shall not use it for the purpose of exploitation, but only to maintain peace—Clyde Warwick in The Canyon News.

• Country Roads

Country roads are fast becoming narrow hog backs flanked on each side by dangerous deep ditches. Erosion sets in and the road becomes more narrow and bar ditches deeper and wider. The landowner sets back his fence at intervals as the ditch widens but the same type of road building continues that was popular when a grader was first invented.—Anton Koch in The Quanah Tribune-Chief.

• Wake Up

The Electra Chamber of Commerce, like Rip Van Winkle, has slept long enough and should be aroused to action. During the hectic war months there was very little that could be done, perhaps it is the same way now, but by giving thought and attention now, we will be in good shape to use this organization when labor, material, etc., are available, and when we can again promote entertainment, sponsor needed projects and generally work for the betterment of our city.—W. C. Stewart in The Electra Star.

LETTERS FROM MEN IN SERVICE

(Mr. and Mrs. J. W. Russell of Quail have received this letter from their son, Cpl. John W. Russell.)

August 26, 1945

Dearest Mother and Dad,

I have enjoyed your letters so much that you have written me since the war has ended. You certainly have made me feel good with all those sweet letters. I am so anxious to get home so I can be with you and Dad again. I never will run down talking to you. We will have so much to talk about. Mother, I want to write W. P. He was so thoughtful to write me the letter. I am so glad for him that he won't have to come over here and fight. He was so lucky to go all through the European war and not get hurt any worse than he did. I wonder if Rich will come back over here any more? I sure would love to see him if he does. I bet Lora shouted for joy when the war ended. I am so happy myself just knowing that the boys aren't dying like they were; the atomic bomb saved many of our boys, don't you think? Anyway, I am thankful to God that it is all over.

I got a letter from Pat and she was so thrilled about you and Lila calling her. Gee, she was so happy! She said that she grabbed Johnny in her arms and ran into the yard crying; bless her heart, I know she was so happy to hear it was all over. Well, Mother, if you can stand it a little longer, I will be helping you eat some of those chickens you have been talking about. Won't it be wonderful to be together again? I would have given anything to have seen you and Dad when you heard that the war had ended. . . I bet Dad really did whoop it up.

I love you and Dad above all others.

John.

Gifts were sent by a number of friends who were unable to be present.

'Sahara' Picnic For Quail Juniors In Sand Hills

By FRANCES SMITH

"Shades of the Sahara," "Look at that sand," and "What a lot of gravel" were a few of the expressions heard when the Quail seniors gave the juniors a picnic Thursday evening, September 6, at the sand hills on the Henry J. Wischkaemper place.

The evening was spent in wading old Suez and in rolling the members of the two classes down the sand hills.

Later in the evening a picnic supper was served at the "Oasis," a fountain of youth spring from a ten gallon cream can. Weinies were roasted over a roaring fire and these were enjoyed along with potato chips, cokes and candies.

After the picnic the entire group met at the home of Mr. and Mrs. J. P. Cummings for an hour of music and games.

The following were in the caravan: Billy Glen Ivey, Nelda Mae Messer, C. H. Jones, Jeane Morgan, Fae Jones, Winifred Pitts, Melvin Breeden, Mildred Clay, Bobbie Harris, Willa Jean Cummings, Viola Morris, Weldon Sullivan, Kelsie Gosnell, Connie DeBord, Alvie Clay, Loyd Langly, Alline Boyles, Glenna Shields, Ruby Dell Sanders, Clifton Allred, Don Manuel, Josephine Riley, Billy Langford, Billy Watkins, Jack Maloney, Delbert White, Eugene Padgett, Billy Gene Tate, Faye Neeley, Alvie Clay, Raymond Neeley, Joy Aaron, Sam Dick Morgan, Hoyt Langley, Toby Lancaster, Wayne Sullivan, Fred Thomas, Ted Thomas, Winifred Dollar, Bill Breeden, Eloise Bishop, Beth Dodson, Ernestine Gosnell, Katharine Abernathy, Lavell Feemster, Joyce Neeley, Vaughn Dell Morris, Mr. and Mrs. J. P. Cummings, Mr. and Mrs. Roland Gosnell, Mrs. James Gosnell, Mr. and Mrs. B. B. Morris, Mable Haartwell, Miss Kalda, Mrs. Gorman Owens, and the sponsors, Mr. Risinger and Frances Smith.

Norwood Homemakers Give Tea For Faculty And Eighth Grade Girls

By IMOGENE MAYO

The Samnorwood F. H. T. Club gave a tea Friday, August 30, for the eighth grade girls and the high school faculty. Postgraduate guests were: Pvt. William "Jay" Bryan, James Allen Cunningham, Gerald Robinson, Billie Glenn Waters, and Nell Porter.

The color scheme of purple and yellow was carried out by a huge braided mat behind the tea table and floor urns of giant yellow sunflowers. The punch service and a "Girls Creed" were flanked by tall white tapers which had sunflowers banked at their base. The napkins had F.H.T. stencils in the corner and favors were tiny yellow and purple bows attached to little F. H.T. pennants. Thirty-seven guests signed the guest book.

Mrs. W. J. Harbin Hostess To Loco H.D. Club

The Loco Home Demonstration Club met in the home of Mrs. W. J. Harbin on Friday, September 14, for an all day meeting and covered dish luncheon. Each member brought a covered dish for the noon meal.

In the afternoon a program was given by Mrs. R. H. Lacy and Mrs. Merritt Durfey who talked on foods. Mrs. Harbin displayed her food preservations for the canning season.

Attending were Mmes. Silas Crawford, Merritt Durfey, Earl Alexander, Hagerman, C. M. Terry, Charlie Bearden, R. H. Lacy, Miss Frances Wilroy, Childress County Demonstration Agent, and hostess, Mrs. Harbin.

LETTERS FROM MEN IN SERVICE

August 15, 1945
Nurtingen, Germany

Dear Deck,

I'll surprise you with a letter from way down in the Fatherland. Personally, I think the "Fatherland" is kaput.

I would like to tell you that I still read the paper and enjoy it very much. I am glad that you have found time to write your column again. That is the first thing I always read. I never realized until I came overseas the big difference between an editorial and a news print.

The radio tells us that the war is over; but it sounds too good to be true; even though the war for us here has been over for several months. Naturally, all we talk about is going home. And now that the war is over, we will become more restless than ever. We even heard rumors that the Governor was asking the War Dept. to send the 36th Division home. The army is always full of rumors, but they sound good to us, and we like them.

Today is a holiday for us. One year ago today the Seventh Army invaded Southern France, and the 36th was in the middle of it. The French people are erecting a memorial to the Division on the beach where it landed.

Well, Deck, I guess that everyone is wondering what will happen to the world now that the war is over. Like the rest, I sometimes think about it. Of course, I base my decisions on what I see here. And to my eye it doesn't look good. The Military Government has practically turned the people loose. They are allowed on the streets at night until 10:30, even though our guards have been fired on. And we are not allowed to carry any kind of a weapon.

Since we have moved to this town, we have been using the town's only theater, but now the Krauts use it. So we have our movies in a large dining room. This town is one of the few towns that was never bombed or shelled, so they are hard to get along with. Just yesterday morning I saw a German soldier with GI pants on. And I used to think it was an honor to wear the American uniform. Believe me, I just don't understand their policy with the Germans and I believe I speak for all the boys, when I say that we don't like them and don't trust them. I wonder who really did win the war?

Well, I'll sign off for this time, Deck. I hope the weather isn't too warm for you these days.

Your friend and reader,
Buster Hughs.

Netherlands East Indies
August 25, 1945

Dear Deck:

Received your little questionnaire asking if I would like to keep on receiving the Leader. The answer is as always YES. I would be pretty much alone out here some times if it were not for the home town Leader.

The only thing I hope for now is that by the time I have to renew my subscription I can give you the home town address and can discontinue c-o FPO. Those will be the happy days.

Must go for now, but keep the home town Leader coming out this way until you see me personally.

Your friend,
Hiram Cudd.

The Philippines,
August 26, 1945.

Dear Deck,

I guess you will be surprised to hear from me, but I thought I would write you a few lines as I have received my first Wellington Leader since I have been overseas. Boy, did I enjoy reading it!

I have been overseas six months. I joined the 77th Infantry Division on Okinawa and saw 22 days of action, and what I mean it was really rough up there. I lost a lot of buddies there, some of them from Wellington. Now that the war has ended and we rejoice, we should not forget those who gave their lives for us and will not be returning home. They will live long in my memory.

I am now in a rest camp in the Philippines, and it is nice here. We have a nice Recreation Hall built of bamboo and also mess halls, and shows and everything to help a fellow to rest. The camp is right on the beach and we can go swimming and sailboat riding.

Well, Deck, I won't take up much of your time. I just thought I would let you know I am receiving your paper and how much I enjoy it. You know news from home always cheers up a fellow more than anything. Tell everyone hello for me.

Sincerely,
Pfc. Lester E. Thomas.

Rockets Spill Mangum 20 To 0 To Upset Dope

Wellington's Skyrockets served notice on all conference teams that they were gunning for another conference crown as they downed a strong eleven from Mangum 20 to 0.

Mangum missed their main scoring chance early in the game, after a quick kick sent the ball sailing over the Rocket safety to roll to rest deep in Wellington territory. After one run the Rockets punted out to midfield. From this point and aided by three penalties, the Tigers ran the ball to the Wellington 15 yard line with hard running by Parmer and Smith, but the Rocket line held and Wellington punted to the Mangum 45.

On an attempted pass the passer was thrown for a ten yard loss by Ted O'Neil, setting the Tigers back to their own 35. They punted to the Rocket 20 yard line, and Wellington began the first of its scoring parades.

Hatch picked up 8 yards through the line to place the ball on his own 28. Russell skirted end for 12 yards, and Winter made 1 through the line. Then Russell took off on a 37 yard jaunt to advance the ball from the Rocket 41 to the Tiger 28. Orr and Russell picked up four on two tries through the middle of the line. Then Russell dropped back and passed to O'Neil who took the ball as he raced across the goal line. Russell kicked the extra point.

The second touchdown came soon after. Wellington kicked to the Mangum 30 yard line. Mangum was penalized 5 yards for too much time in the huddle, putting the ball on their own 25 with 15 to go. Parmer was smeared on the line of scrimmage for no gain and the Tigers tried a pass that was intercepted by Tim Hatch, who returned it to the Tiger 18 yard line. Winters picked up 2 on a direct plunge and on the next play Hatch broke through to zigzag fourteen yards for the second touchdown. The try for point after touchdown failed.

After the half Mangum came back strong to make three drives down the field using a strong running attack interspersed with a good passing game. But the Rocket defense on the ground was too strong and the air defense too alert to allow the boys from Mangum to threaten too seriously.

Wellington's last touchdown march was set-up in the fourth period when Winter intercepted a Mangum pass on the Tiger 35 yard line. Hatch made 2 and on two tries Russell rammed the ball to the 20 yard line. Mangum was penalized 5 yards for offside. Hatch picked up 3 but Wellington was penalized for offside. On the next play Hatch carried the ball over from the 15 and Russell made the extra point to end the scoring 20 to 0.

The Tigers took to the air and the game ended just after Hatch had intercepted another Mangum pass.

The Rockets played exceptionally smoothly considering it was the first game of the season. There was no individual star performer; but there were many bright and shining lights. Gerald Copeland proved to be a power in the line as had been expected; but the work of some of the younger men such as McClendon, Mauldin, Johnson, Hunt, Raburn and Fulton in the line and Moore and Squyres in the backfield was particularly pleasing.

Next week the Rockets meet the Lakeview Eagles here. Last week the Eagles, who have a stronger club than usual, held the Clarendon Bronchos to a 7 to 12 margin. On the 28th the Rockets go to Childress to take on the AA Bobcats, who held Amarillo 12 to 6 in their first conference game in their district.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion,* thus help build resistance for the "time" to come. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

'Texas—Proud And Loud' House's Newest Book

Boyce House, who has scored two terrific hits with "I Give You Texas!" and "Tall Talk from Texas," has come through with a third book of Lone Star humor, "Texas — Proud and Loud," that in some respects is superior to its predecessors. All three are from the press of the Naylor Company, San Antonio.

"Texas may be proud and loud but then Texas has more to be proud about than any other state," House declares. "Just suppose a Californian had half as much to talk about!"

"Texas is the land where exaggerations are the truth!"

Carl Sandburg and Bennett Cerf have used such terms as "Hilarious" and "Bright and earthy" about House's books and his stories have been quoted in Life Magazine, Coronet and the Saturday Review of Literature. Over 100,000 copies of "I Give You Texas!" have been sold, which the publisher says is a record for a Texas writer and that the nearest approach is probably "Tall Talk from Texas," with 60,000 copies. The books have been particularly popular with Texans overseas.

There is an art in writing a joke just as there is in writing a novel or an epic and Boyce House achieves his effect with a minimum of words and seeming ease. It may well be that he will be ranked as America's foremost teller of jests, just as another Texan, O. Henry, is generally considered America's foremost story-teller. Incidentally, a chapter, "Vignettes," in House's new book is made up of short-short stories.

It is Boyce House's belief that the people, history and legend of Texas are mirrored in the jokes of Texas. From the nearly 500 in "Texas—Proud and Loud," a few samples might well be presented:

Of a ranchman whose holdings spread over half a dozen Texas counties, it was said, "He's no land hog; all the land he wants is just what joins his."

Santa Anna Mountain so dominates the landscape that it was a landmark in early days in West Texas. Really, it is two mountains, there being a gap. Citizens explain that the town's original settler hauled in the dirt to build the mountain and he would have connected it up but his wagon broke down.

Broncho Charlie had had a big time in town and now he reeled into the wagon yard and crawled under a wagon and went to sleep. The night was extremely cold, so a friend roused him and urged, "Charlie, come inside; you'll freeze out here." But the sleepy cowboy mumbled, "Naw—jes' throw another wagon over me for cover."

Two acquaintances met in a hotel lobby in Austin during a session of the legislature and one greeted the other with, "How are you doing—and who?"

The heading, "Births, Marriages, Deaths," is a standing one on many papers. One Texas editor, however, used the heading, "Yells, Bells and Knells." And another headed the department, "Hatched, Matched and Snatched."

"Texas—Proud and Loud" contains humor about the backwoods, courts, cowboys, "critters," climate, politicians, colored folks; the book even has two new ones about Judge Roy Bean. This breezy, handy little volume, cleverly illustrated by Winston Croslin, should rival House's two earlier hits in popularity.

Check On Your Drivers License

AUSTIN—Better check up on your drivers license. Under the impetus of mounting traffic fatalities, the Department of Public Safety is about to begin a vigorous enforcement campaign against unlicensed drivers, Director Homer Garrison has announced.

"This isn't a red tape or revenue proposition," Garrison said. "We are trying to keep people from being maimed and killed."

Estimating that Texas now has 250,000 drivers who either have no licenses or whose licenses have expired, Garrison said:

"The deliberately evasive person is likely to be dangerous, either because of known incompetence or, in the case of many new residents and new drivers, ignorance of Texas safety rules.

"Of those who have expired licenses, probably a considerable number have developed defects or attitudes, or records of traffic violation or accident, that give them cause to fear examination.

"Of course most delinquents are merely lazy or negligent.

"But whatever the reason, the impressive fact remains that 15 per cent of drivers cause 85 per cent of collisions, and unlicensed drivers figure in more than a proportionate share of them. As traffic volume and fatalities continue to increase, the citizen's obligation to comply with regulatory measures likewise increases. We are headed for a toll of ten lives lost daily to traffic in Texas, and it will require drastic action to hold the figure that low when post-war traffic gets into full swing."

Mrs. H. L. Duncan returned here Tuesday after visiting with her sister, Mrs. Zonetta Cherry, in Amarillo last week.

DEPENDABLE

is the word for Natural Gas

Unless your natural gas service is *dependable*, it isn't worth very much to you. The service you receive is just as important as the gas itself.

Every day and every night—through storms, floods, and hurricanes—your natural gas service is carefully guarded.

Furnishing you with dependable natural gas service calls for experienced personnel; it certainly isn't a job for amateurs.

The extensive network of pipe lines necessary to maintain your dependable gas service represents an investment of many millions of dollars. No expense has been spared by United Gas to make this valuable service dependable for your benefit.

Stay At Home— See Him Sooner

The quickest way to see your son or husband being returned from overseas, to be discharged from the Navy, is to remain at home.

That was the sage advice offered today by the Navy Department to relatives who are anxious to welcome their "boys" coming back to the States for release.

In the first place, if relatives travel to debarkation points it is highly improbable that they will even see their sailors because the Navy demobilization plan calls for returning men to separation centers in their own Naval Districts. In consequence, men will not be free to visit their families at coastal ports, but will move without delay to their own districts.

Secondly, travel by dependents will only crowd the already overloaded transportation system and hamper the orderly operation of discharge.

And last, living accommodations in coastal ports are not and will not be available.

SWEARINGEN

By MRS. DOC TURNER

Sunday School was well attended Sunday; and a large crowd was present for the singing Sunday night.

Mrs. L. G. Yarbrough, Mrs. Rube Mitchell and Mrs. D. M. Jarrell have been ill this week.

Doc Turner returned home Sunday.

Mrs. Carl Stout has been ill for some time and is now in Dallas receiving treatment.

Miss Jean Turner spent the week end in Memphis visiting with friends.

Mr. and Mrs. Pete Rody and family of California were guests in the Hill Wells home recently.

Mrs. George Creede was hostess to a quilting party this week. Each person brought a covered dish for the noon hour. Those present were Mrs. Charlie Allen, Mrs. Barney Floyd, Mrs. Cliff Pitts, Mrs. L. G. Yarbrough, Mrs. Doc Turner, Mrs. Wayne Hull, Mrs. D. M. Jarrell, Mrs. Hill Wells, Mrs. Frank Boyd, Mrs. Walter Gentry, Mrs. Frank Messer, Mrs. Clyde Brown, Mrs. Sam Brown, Mrs. Farrell, and Miss Loraine Farrell, and hostess, Mrs. George Creede. Two quilts were finished that day. Watermelon, lemonade and cookies were served at five in the afternoon.

The annual chicken fry at the Rolla Gin on Friday night was attended by a large group of people. They fried about 100 chickens and everyone reported as having a swell time. I. J. Lacy, John Trew, Ed Crawford, and Robert Lacy were in charge of the chicken fry.

FRESNO

LETTERS FROM MEN IN SERVICE

(The following letter was written to S. G. Henry by his son, Sgt. Silas G. Henry, who is now on Okinawa.)

August 21, 1945

Dearest Pop,

History has been in the making in the last few days and the peace may be soon signed since the Jap emissaries are now in Manila. This has been a long awaited moment for several thousands of G. I.'s and also for everyone back home, but of course it won't necessarily mean that the majority of them will be home very soon. In my case, it will probably be a year before I get back home but at least now getting home is not something that is intangible as it has been before. Now we have something to look forward to.

A few days ago you might have heard a combined network program describing the events concerning the arrival of the Jap peace envoys on Ie Shima, a small island near Okinawa. At the moment this event was taking place I was listening to the broadcast and at the same time observing the arrival of the Jap planes from a great distance. I had planned to go over on the day that it had originally been scheduled, but was later postponed so I didn't attempt to go the next day that it actually happened. It was just as well too because I understand it was very crowded with curious G. I.'s and it was almost impossible to get near enough to see everything that took place after the landing. The compilation unit published an extra that day and the picture our photographer got was one of the planes landing on the strip and that was as near as he could get, so I was better off just to see it from a distance and listen to it over the radio.

Since all this peace news in the last few days, everybody seems to be somewhat more cheerful and happy and about the main topic of conversation consists of "When do you think we will go home or to Japan?" or "Wonder if we will be in the occupation troops in Japan?" etc. If it wasn't for the rumor-mongering overseas there wouldn't be much to talk about.

Even though the war is practically over we are still in operation and will probably continue for some time. I imagine that there will be quite a bit of mapping in the future which will keep us quite busy. Practically nothing has ceased operating except the actual front line combat and warfare. Even the Japs haven't ceased or rather had not several days ago, after the surrender terms were being sent back and forth to Japan via Sweden and Switzerland, etc. They bombed Ie Shima and Okinawa once and we continued to have alerts for several nights but now they have ceased and we haven't had an alert for several nights now, and we hope not in the future. Evidently the use of the atomic bomb and Russia's entry have hastened the negotiations for peace which everyone hopes will be soon.

Yes, Dad, I have received about three or four of the papers that you mailed first class and I am getting them very much faster. The August 2 copy arrived here as fast as airmail. Just continue to send it that way. I noticed in the last issue that A. J. Fires had been in the hospital here on Okinawa. If you will find out what outfit he is in, I may be able to contact him.

According to censorship regulations, you are not allowed to tell where you are or have been until 30 days after leaving a place. Well, it has been some time since I left the Dutch East Indies so I can tell you just where I was. You will remember I told you about going first to New Caledonia, then to Brisbane. From Brisbane we went to Hollandia on the North Coast of New Guinea where we stayed for a short time. After leaving Hollandia we went to Biak, a coral island northwest of Hollandia about 400 miles. On some maps Biak is shown as the Schouten Islands and is just north of the island of Japen in Geelvink Bay. As you know we spent 4 or 5 months there and then went to the Philippines. That about sums up where I have been up until now. Evidently other branches of the service are somewhat more lax in their censorship regulations than the Air Forces.

So long for now,
Your son, Silas.

Ft. Lewis, Washington
September 2, 1945

Dear Deck,

I just received my third edition of the Wellington Leader, and it is just like getting a letter from home. By reading the paper I have learned where many of my schoolmates are and what they are doing.

The real reason I wanted the paper is to keep up on all the Rocket football games this year, and I knw I can depend on the paper giving me all the information about the games.

I would like to wish Coach Duncan and all the Rocket Squad the best of luck this season, and maybe I will get to see a couple of games along the last of the season. I certainly hope so.

Well, Deck, guess I better sign off for now and thanks again for the paper.

Sincerely yours,
Frank Orr.

(Mr. and Mrs. G. A. Keller received the following letter from their son, GM 2-c George Keller.)

S. S. William Kent
Okinawa Island
September 5, 1945

Hello, Hello!

Well, in this letter I am going to tell you a few things you have probably been wanting to know. I am going to write a few things that a couple of days ago wouldn't have passed, but now that censorship is abolished I guess I can freely tell a few things.

I've been over here in the Philippines for quite some time. I reached Manila August 5, and we stayed there until August 12th; and from there we went to Subic Bay, a place about six hours from Manila and stayed there until August 20th. We then went on to Okinawa Island where I had expected to get to see Jr. Montague, but he is home. I also thought I might see Earl Clark or Will Joe Cummings; but we can not get ashore; so they might be there, but I can't reach them even if they are.

Well, maybe I'll be home to wear civies one of these days. I heard over the radio yesterday that sailors can now wear civilian clothes ashore in the States. All I want is a discharge. I will wear my uniform home then discard it once and for all. Well, I'll close and I hope to get mail from you in a day or two.

Bye for now,
Your Sonny.

Charlie Nulan Reeves

Charlie Nulan Reeves, fire controlman, third class, USNR, whose wife, Alma, lives at Route 2, Wellington, at a turret of the destroyer USS Evans, on which he served 12 months until she was seriously damaged off Okinawa. On her, he took part in the invasions of Palau, the Philippines, Iwo Jima and Okinawa. Before he entered the Navy in December, 1943, he was employed by the Pantex Ordnance Co. (Official U. S. Navy Photo).

IN PACIFIC

S-Sgt. J. B. Stratton, now serving in the Pacific theater, was a frequent visitor in Wellington before going overseas. He is a brother of Mrs. G. B. Hopper and his wife is making her home here. His home before he entered service was Clovis, N. M.

Boy Scout Notes

Deciding they would like to have one more outing before getting into their school work, ten Boy Scouts of the Wellington troops made an overnight hike to the old country club northeast of Wellington September 5.

The boys met at the Methodist Church Wednesday morning with food and camping equipment. A program of outdoor sports, fishing, swimming and competitive games provided fun for the day.

Beryl Cooper and Don Terry proved to be the champion washer pitchers; Newell Van Pelt and Gene Todd brought in the nicest string of fish; Sandy Parsons III and Cameron Beam Jr. were the champion mud-hens in the water; Wilbur Earl Smith and Joe Lynn Moore tied for being the noisiest boys, while Don Van Pelt and Jimmy Loving proved to be the best sports.

Sandy Parsons Jr. and Walker Todd accompanied the boys.

It may be a monologue when one woman is talking; but when two women converse it's a catalogue.

News
— from the —
Army Navy Air Force Marines Coast Guard

Pvt. Clyde Newman left recently to return to Camp Crowder, Mo., after a furlough spent with his wife and four children and his mother, Mrs. T. L. Newman of Quail. He has been in service seven months.

Cpl. H. I. Manuel, who completed three years service in the Air Force September 2, is now stationed in Germany. He has been overseas two years. He landed in France shortly after the invasion of Normandy and has taken part in five major campaigns.

He is with a service squadron of the 9th Air Force.

James Gillespie, S 2-c, is now serving on a Pacific Island, attached to a radar unit. He left the United States July 3.

Gillespie is the son of Mr. and Mrs. Lawrence Gillespie of Clovis, N. M., formerly of Wellington.

L. V. Kitchens, CM 3-c, left here recently after a 30 day leave spent with his father, U. S. Kitchens, and has reported to the Naval Air Base at Corpus Christi. He returned a short time ago from Guam, where he was stationed for eight months.

Kitchens, who has been in service three years, served aboard the destroyer McFarland, during the time that ship made its notable record early in the Pacific war.

T-Sgt. Jack Branum, 22, who lived in this county a number of years ago, has been stationed with the Air Force in Germany. He was with the first unit of the 9th Air Force service command to operate on German soil.

Branum supervises repairs on damaged planes and works on those requiring maintenance. He enlisted in the Air Force in November 1940 and has been overseas about two years.

He is the son of Mr. and Mrs. R. S. Branum, now of El Paso, and a nephew of Floyd Branum of Wellington.

S-Sgt. James M. Wattam Jr., son of Dr. James M. Wattam of Wellington, visited from Thursday until Sunday last week with relatives and friends here. He is on a 60 day furlough, and will visit with relatives in Chicago, Ill., Cincinnati and Akron, Ohio, and Richmond, Va., before reporting back to his base in Miami, Fla., the latter part of this month. S-Sgt. Wattam was a prisoner of the Germans five months, and was liberated by the Russians this spring.

Pfc. Howard Jones came Wednesday, September 12, for a short visit with his parents, Mr. and Mrs. George Jones of near Wellington.

Pfc. Jones has been stationed at East Kelly Field, San Antonio, where he completed a course in airplane craftsmanship. He is en route to Kerns, Utah, where he expects an overseas assignment.

His twin brother, Pfc. Harvey Jones, sailed recently for a base somewhere in the Pacific. He is a mechanic on B-29's. Both have been in service since June 1942.

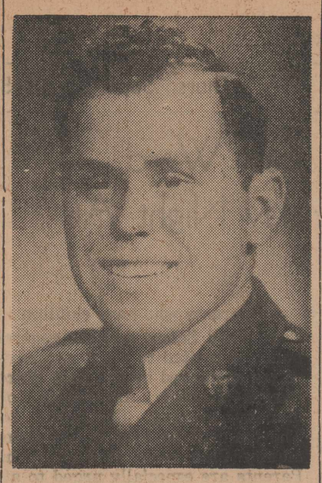
Pfc. R. T. Savage visited with his wife and small son for a short while Sunday. Pfc. Savage is now stationed in Camp Chaffee, Ark.

Merchant seamen Harmon Elliott and Bill Towns arrived home on Sunday night. They have been in Naples, Italy the last two months; but have been in the merchant marine for about nine months, and have been on ships that carry supplies overseas. Elliott and Towns have been together since they enlisted in the merchant marine in January of this year.

Pfc. and Mrs. J. H. Cooper and daughter are here visiting with his brothers, A. B. and T. A. Cooper, and other relatives. Pfc. Cooper served 18 months overseas duty with the 119th General Hospital in Dorset, England. He is a former resident of Wellington. He will report back to Ft. Sam Houston in San Antonio at the end of his 30 day furlough.

FORT LEWIS, Wash.—1st Lt. Carter Holcomb, 1002 Dalhart St., Wellington, arrived this week at the Fort Lewis Army Service Forces training center for duty, it was announced by Brig. Gen. Edgar King, commanding Fort Lewis.

Wyrick Tells Of Tank Unit In Philippines



IN MANILA

Pfc. Luther T. Edwards is now stationed in Manila, Philippine Islands, where he is assigned to the 801st Military Police battalion.

With the 716th Tank Battalion on Mindinao, P. I., 20 August 1945 —Little publicized during the operations of the Philippine Liberation Campaign, the record of the 716th Tank Battalion can now be revealed. Technician third grade Charles L. Wyrick, son of Mrs. Christene Wyrick, Loco, a member of the Medical Detachment of the Battalion is proud of that record. In all the operations which the 716th was engaged in the Medics were ready at all times to treat the wounded. Under fire of the enemy they evacuated the wounded and gave aid to the injured tankmen.

Supporting the doughboys in assault landings on Luzon, Panay, Negros, Cebu, Jolo, Zamboanga Peninsula, and on Mindanao, the tankers met and defeated the best the Japs had. Technician third grade Wyrick related:

"Our tanks have fought every kind of warfare in the books. We engaged the tanks of the Nip 2nd Armored Division on the roads and on the spreading rice paddies of Luzon, we took part in the street fighting at Manila, and as a part of Tank-Infantry Teams we cleared the 'Sons of Heaven' from the jungles of Mindanao. We had been continuously in combat from the 9th of January until the termination of the Philippine Campaign, moving from operation to operation so fast that often after firing the last shot at the retreating Nips at noon, we would find ourselves loading on LST's that evening, off for another Jap held island."

Reviewing the remarkable record of his outfit Technician third grade Wyrick adds, "In six months of fighting our Battalion has killed more than 3,000 Nips, destroyed over 600 pillboxes and knocked out much of the armor and weapons the Japanese army used in defense of the islands." It's no wonder Infantry Divisions that operated in the Philippines regard the 716th 'Wolf-Pack' so highly."

Every woman wants to retain her youth. And so does the draft board.

Mrs. Deskins Wells, Society Editor

Mrs. Herbert M. Wright

Mrs. William Tenison

Mrs. Wright was before her marriage on September 2, in Van Buren, Arkansas, Miss Doris Christene Clay, daughter of Mr. and Mrs. A. R. Clay of Dozier. Mrs. Tenison was Miss Dolly Pauline Clay of Dozier before her marriage in Wellington on September 9.

September Wedding Rites Unite Clay Sisters In Texas And Arkansas Ceremonies

Miss Doris Christene Clay and Miss Dolly Pauline Clay, daughters of Mr. and Mrs. A. R. Clay of Dozier, were both brides on the first and second Sundays in September. One wedding took place in Wellington on September 9 and the other in Van Buren, Ark., on September 2.

Miss Doris Pauline Clay of Dozier, and William Tenison, S 1-c, U. S. N., Tulare, Calif., were married Sunday, September 9, at Wellington. Rev. Shofner read the wedding rites at 4 p. m. in the presence of close relatives and a few friends.

Mrs. Tenison is a graduate of Samnorwood High School in the class of 1945 where she was a popular and outstanding student.

The groom attended high school at Samnorwood and at Tulare, Calif., before entering the Navy in 1943.

The bride wore a grey suit with black patent accessories and a corsage of pink carnations. She carried out the tradition wedding custom of "something old, something new, borrowed and blue."

A reception was held in the evening in the home of the bride's parents for a number of friends and relatives. Misses Judy Smith and Helen Carreker presided at the refreshment table. A beautifully decorated three-tiered cake, cut by the bride and groom, and punch were served. Mrs. F. E. Carreker played soft music throughout the evening.

The couple will make their home in Dallas where the groom will be stationed after the twenty-fourth of September.

Clay-Wright Wedding

Miss Doris Cristene Clay of Amarillo, daughter of Mr. and Mrs. A. R. Clay of Dozier, and Pfc. Herbert M. Wright of Amarillo were married Sunday, September 2, at 5 o'clock p. m. at the home of Mr. and Mrs. C. W. Bedell of Van Buren, Arkansas. Dr. W. B. Miller, pastor of the First Presbyterian Church of Van Buren, read the vows in the presence of a few friends and relatives.

The bride wore a sky blue suit with black accessories, and a shoulder corsage of pink carnations.

Mrs. Wright attended high school at Samnorwood, graduating with the class of 1943. She was then employed by the Bank of America at Whittier, Calif., for one year. In the fall of 1944 she entered West Texas State College at Canyon for one year and at the time of her marriage she was employed at the Amarillo post office.

The groom was reared at Marshall, Arkansas and attended college at Little Rock before entering the Army. For the past year he has been stationed at the airport in Amarillo.

The couple visited with the bride's parents Monday of last week enroute to Geneva, Nebraska where the groom will be stationed indefinitely.

Sgt. And Mrs. John Lowrie Honorees At Shower At Pleasant Point

Friends of Sgt. and Mrs. John Lowrie met at the Pleasant Point Community Building on Thursday night, September 13, to honor the couple with a bridal shower. Mrs. Lowrie was Miss Geneva Watts before her marriage on September 1.

After a short program which included talks by Sgt. Lowrie and Rev. T. L. Nipp, Mrs. Nipp presented the gifts to the honorees.

Those attending were Mr. and Mrs. B. C. Harris, Mr. and Mrs. L. C. King, Mr. and Mrs. J. T. Clement, Beauton and Don; Mr. and Mrs. Loal King and Bobby; Mr. and Mrs. Willie Moates and Jimmy Lloyd; Mr. and Mrs. Lester Harwell, Mr. and Mrs. T. C. Look to ADMIRATION for Perfection

Admiration is richer, better-tasting, and more aromatic because it's blended to be that way. Only choice, expensive coffees are used—to begin with. That makes a big difference both in blending and the kind of cup you get when you brew it. Special roasting brings out all the goodness of the blend, and more important still, gives it a lasting freshness. Vacuum processing of course preserves the coffee. Thus each cup you drink of Admiration tastes exactly as it was designed to taste—wonderful, truly wonderful!

The Period Ahead!

Naturally our first thought is of the early return of our soldiers, sailors, marines and airmen. They are coming back to their families. We think next of the problems which must be dealt with in returning to the conditions of peace.

As bankers we are mindful of the economics involved in the conversion. How shall the nation set about to reduce expenses and begin to think of a course toward the payment of this debt, however small the beginning may be? Can unemployment be avoided except at the cost of prolonging the debt? Have the people been lulled too long in a sense of feeling that a national debt may be refunded but perhaps not otherwise liquidated?

As bankers conscious of the necessity of meeting requirements of economic principles, as definite in their demands as the laws of mathematics, we trust that people may not be content with anything short of the old-fashioned idea of thrift and frugality. There is no short cut toward the rehabilitation of a national solvency.

Of course we cannot ignore the problems of the postwar period nor that we have a responsibility toward undertaking to direct the handling of them. The national administration should be encouraged to find a way for doing our share toward dealing with world conditions without violence to the principles of sound economics. It is our only choice.

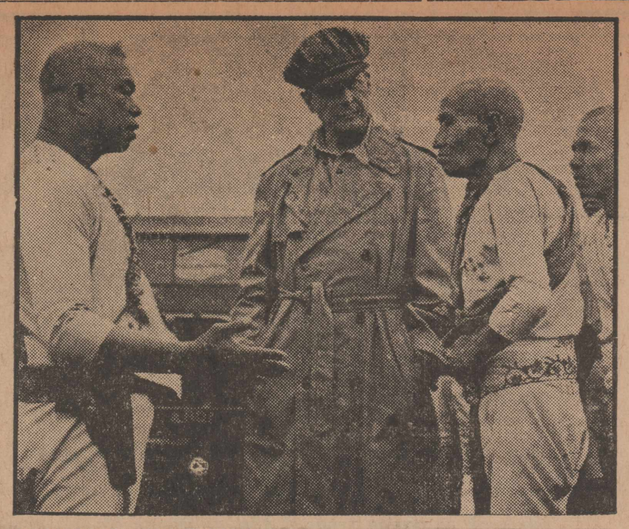
Cotton Loan Rate, Purchase Program Are Announced

The Commodity Credit Corporation has announced the Cotton Loan rate for the 1945 crop, which is 20.92 cents per pound based on 15-16" cotton, gross weight, to Collingsworth County producers, Millard Brown of the AAA office has announced.

The 1945 loan program will be handled in the same manner as it was in 1944 with the exception that the 1944 rate was based on net weight cotton instead of the gross weight.

The cotton purchase program has also been announced by the Commodity Credit Corporation, which will be handled through the local banks and Production Credit Associations.

The purchase price to farmers of Collingsworth County based on middling 15-16" cotton, gross weight, is 22.03 cents per pound for the month of September with an increase of five points for each succeeding month through the month of June, 1946.



26 WIVES, 100 KIDS! ! !

The Governor of Jolo, left, tells General MacArthur about the greatness of the Sultan of Sulu, right, who has 26 wives and more than 100 children. These are Moro natives of the Sulu Archipelago in the Philippines. They are Mohammedans.

ship was blown in two, demolishing the forward part, including the forward fireroom. All hands forward were lost.

"We, the survivors, are proud to say Harold was our shipmate. He was in my division and I feel his loss very greatly. He was dependable and reliable and I put much confidence in him. Harold was always ready to lend his helping hand to a shipmate and on any job. He was well thought of by all crew members and his judgment was respected by officers and men. His battle station was on the bridge and at the time of the explosion, he was blown into the water. Harold was picked up by our crew and immediately transferred to another ship. He was given every possible care by the Naval doctors present but in spite of all aid given him, he passed away the following day. Harold was buried at sea with full military honors attended by members of the crew of the Underhill."

Scott, 20 years old, had been in the Navy two and one-half years. In addition to his parents, he is survived by three brothers, Lt. Paul Scott, Hardy Scott, a student at Tech, and Ronald Ben Scott.

Plans For New -

system," Mr. Cummings declared. "The facilities are no longer adequate to take care of our present enrollment and an even larger enrollment seems inevitable in the future years. A visit to either junior high or east ward will show the condition the housing facilities are in. Classes have from 30 to 50 children. We could easily use, with the number of students now enrolled, three or four more grade teachers. There was a time when our school facilities were entirely adequate but that time has jassed.

"The physical condition of the ward school buildings make it prohibitive to try to repair them. West ward is no longer used. At east ward the plumbing is bad and the plaster, roof and windows are in bad condition.

"Too, in recent years, Sighth and Ninth Streets, running on each side of east ward, bear heavy traffic all day. It is only through luck that we have not yet had some child killed or critically injured in a traffic accident."

Mr. Cummings said the building proposed would contain from 12 to 14 rooms, modern in every respect. The cafeteria and gymnasium would provide facilities for the entire school. A swimming pool would be built in connection with the gym, to be used for a physical training program more than for recreation. An enlarged physical education program would provide for instruction for girls as well as boys, and the addition of tennis, volley ball and other sports would provide a set-up to include all students and not a limited number.

The school board also pointed out that if the bond issue is approved, it will be possible to dispose of the bonds at present at from two to two and one-half per cent interest, while to wait several years may mean the paying of from four to four and one-half per cent.

Mr. Robinson, the architect for the proposed building, is the son-in-law of the late Mr. and Mrs. Joe Hardy, and is himself a former resident of Wellington.

Cherry Brothers -

W.S.C.S To Meet On Tuesday Each Week In The Homes

The Methodist Women's Society of Christian Service met Monday with Mrs. Ted Rogers. The devotional was given by Mrs. A. V. Cocke. In a business meeting members voted to change the meeting day from Monday to Tuesday and also to meet in the members' homes.

Plans were made to be host to the Zone meeting next Tuesday, September 25. Women of the church are asked to help with the pies and salad for the dinner.

The next meeting of W.S.C.S. on October 2, will be in the home of Mrs. Frank Anderson.

hard-fighting little team that the Rockets are going to be up against Friday night. I don't think any fan will be disappointed, for Lakeview is definitely one of the stronger teams of the district," Coach Al Duncan declared.

Fresh from their 20-0 win over the Mangum Tigers last week, the Rockets nonetheless are undergoing strenuous workouts to smooth over a few rough edges in their playing.

"They'll be in tip-top shape, and ready to go. Not in recent years have Rocket prospects looked so good at the beginning of the season, and these early games will do the boys a lot of good getting ready for the more strenuous games later on," Duncan declared.

Action followed public hearings petitioned by producers at Sweetwater September 5 and Vernon September 5.

Approval of the recommendations by the director of labor at Washington means that producers may not lawfully pay above, nor pickers receive higher wages than those set, except where hardship cases require adjustment with approval of the state board, E. R. Alexander, chairman of the state wage board, said. Paying or receiving wages lower than ceiling will not violate the regulations.

IN COAST GUARD

Coast Guardsman Evnyl Wallace, motor machinist's mate second class, of Wellington, is serving aboard a Coast Guard-manned vessel in the Pacific. Coast Guardmen, operating a wide variety of fighting ships, are playing key roles in the push toward the Jap homeland. Coast Guardsman Wallace is the son of G. H. Wallace. Before entering service, he worked in Fort Worth for the Dickerson and Jenkins Manufacturing Company.

ATTENTION! Cream Producers

The Federal Food & Drug Administration Is Condemning Thousands of Cans of Cream and Milk Daily!

Buyers in Wellington as well as every other town have taken losses on illegal cream. Illegal cream is cream with an unpleasant taste or cream that shows dirt, insects or any foreign matter on a sediment test.

Boiling cream or cream unpleasant to the taste will invariably be illegal on account of sediment. All buyers must reject cream not up to Government standards, otherwise the losses will force us out of business.

We suggest you use a modern strainer with strainer pads. This will eliminate about 90 per cent of the sediment and will keep your cream from being turned down. Boil all utensils and sell your cream at least twice a week.

The Government Program Is Here to Stay, and We Must Either Get in Line or Get Out of Business. Cream Producers Must Do Likewise.
