County Tax Rolls Show Increase

Titus County tax rolls have grown by 3.76% over 1960, according to the number of statements mailed out by the County Tax Office. For 1961, 8112 statements were prepared compared to 7914 last year. As another comparison, for the 1951 roll only 5347 statements were prepared, reflecting an increase of more than 51% in ten years.

Total value for County tax purposes rose 2.37 per cent from \$12,121,505 to \$12,409,465, an increase of \$287,960. About half of this was due to new construction and about half of it due to new oil field activity. The 1951 valuation was \$10,786,860, reflecting a 15% increase in ten years. The total 1961 State tax levied is \$39,319.39 up 1.58% from \$38,707.77 for 1960.

The total 1961 County tax levied is \$117,904.32 up 2.37% from \$115,168.67 for 1960.

The total 1961 Road tax levied is \$28,085.90 up 1.58% from \$27,649.11 for 1960.

Including the common school district taxes and the three independent schools for which the county tax office collects, the total 1961 tax rolls amount to \$222,631.87. If the past years are any indication, approximately 75% of this amount will be collected during the month of October. All the taxes paid to the county tax office are subject to a discount of 3% if paid during October, a 2% discount of paid during November and 1% if paid during December.

The smallest statement prepared was for 17c, the largest for \$20,023.66.

Poll tax receipts and exemption receipts will be issued starting October 1. This is the receipt you must have in order to vote in the primaries next spring and the general election in November, 1962. Exemption receipts are only issued to those voters coming of age and to newcomers to the state, the over-age not needing one in this county.

There are free fashion shows daily for the ladies. Prize-winning entries of home-making skills and arts and crafts will be on display in the Women's Building which will also house an array of model "magazine" kitchens. There will be a completely furnished model home open for inspection on the fairgrounds.

There will be a spectacular "Torchlight Parade of Music" around the fairgrounds each evening, and a number of colorful free events in the Cotton Bowl, such as the Gospel Song Festival Oct. 9, Texas Music Festival Oct. 10, Circus Night Oct. 12, Dallas Symphony concert Oct. 13 and East Texas on Parade pageant Oct. 17. Trojans Defeat Rains 38 to 14

Talco's Trojans won a game from Rains County of Emory Friday night, 38-14 at Emory.

Two early pass interceptions paved the way for victory. Jimmy Clemmons intercepted a Wildcat pass on the first play of the game on Emory's 43. Two plays later Rodney Russell galloped 38 yards for the first score. Pete Dixon ran the points and it was 8-0.

Pat Parr intercepted another pass on Rains' next offensive play. He pilfered the pass on the Emory 30 and ran it back to the five. Two plays later Sidney Bonds went over from seven yards out for the tally. Dixon ran the points for 16-0.

Emory drove 59 yards in 16 plays for a touchdown. Waddle passed to Clifton for four yards and the score, and passed for the points to make it 16-8.

Richard Parish ran the ensuing kickoff back 49 yards to Emory's 25 and Dixon bolted over from the 11-yard line for the counter. Bonds bounded thru for the points and it was 24-8 at halftime.

Emory rebounded in the third period after recovering a fumble on the Talco 20. Fullback Bob Griffin countered from the one. A pass try for the points was no go, leaving the score at 24-14.

Talco drove 61 yards early in the fourth quarter for another TD. Bonds had the big gainer, a 30-yard run. Clemmons sneaked over from one yard out for the score.

A pass bid for the points was incomplete, making score read 30-14.

The Trojans stormed 53 yards in rapid fashion to get the last TD. Dixon bounced over from the one for the touchdown. Russell ran the points for 38-14.

Offensively, all the backs ran well. Russell was top gun with 84 yards in eight trips and Bonds got 76 yards in 10 carries. Defensively Tackle Gary Whitney, Center Larry Slaughter, and Guard Stephen Buchanan were outstanding for the Trojans.

Talco, now 2-1-1 for the season, goes to White Oak Friday night.

Humble Hikes Talco, Pewitt Crude Prices

Houston. — Humble Oil & Refining Co. reduced its posted prices for crude oil purchases from the vast East Texas Field today.

Prices for six Northeast Texas fields were increased.

Humble reduced its East Texas Field price from \$3.25 to \$3.10 per barrel "in order to meet the lower prices posted recently by competitive companies."

A 10-cent upward adjustment was made in the various posted prices for the Northeast Texas fields of Hawkins, Hitts Lake (Paluxy), Sand Flat, Sugar Hill (Paluxy), Talco, and Pewitt Ranch.

"These crudes have been in short supply several months and the increase reflects strong demand for asphaltic crudes," Humble said.

The Eastern and Central Louisiana downward adjustment ranged from 5 to 15 cents a barrel, with the average amounting to about 10 cents.

"This adjustment was made to bring these crudes in better alignment with competitive crudes available to Gulf Coast refineries," the announcement said.

All adjustments were effective at 7 a. m. today.

Austin. — Final legal details were bulldozed from the path of the biggest state water project in Texas history. Reason—to pave the way for ground-breaking ceremonies Thursday near the site of Toledo Bend Reservoir on the Sabine River.

State Board of Water Engineers, Texas Water Development Board and the Attorney General's office worked overtime in order to approve the project—from engineering, fiscal and legal standpoints.

Sabine River Authorities in both Texas and Louisiana are 50 partners in the Toledo Bend Dam to be constructed near Newton, Texas. It may cost as much as \$60,000,000. Original estimate, back in 1957, was \$54,000,000.

No federal aid was sought. Louisiana put up \$15,000,000 in tax money. Texas is lending the SRA of Texas \$15,000,000. Rest will be borrowed from private investors.

This giant hydroelectric project will provide power for utility companies in Texas and Louisiana to market. It will supply Calcasieu Parish, La., and Orange County, Texas, with water for domestic and municipal use, irrigation and industries.

LOST LAND? —Land Commissioner Jerry Sadler dropped a bombshell in the laps of the Austin City Council.

In checking records at the Land Office, where all Texas land titles originate, he found no evidence of a patent or sale of Lots 6 and 7 of Block 185 of the original City of Austin.

Sadler referred the matter to the Attorney General, noting that these two lots hold one of Austin's water plants. Capitol wags were quick to ask if Sadler was trying to cut the city's water off.

STATE DEFICIT GROWS — Texas is still waiting for the full impact of the new sales tax. Meanwhile, the deficit in the general revenue fund increases. Latest report shows a hike in the

fund-sortage of \$20,500,000 in a period of 11 days.

With the mailing of first installment on this year's state aid to the school districts, the new total deficit is \$76,811,173 according to State Treasurer Jesse James.

First sales tax payments from retailers are due October 31.

STEPPED-UP CHECK ON UNEMPLOYMENT CLAIMS —Texas Employment Commission is hiring additional investigators to look into unemployment compensation claims to ascertain that only those entitled to it receive it.

Commissioner J. J. Pickle, Employers' representative on the three-member commission, reports that eight or nine new probes are being hired by Authorization of U. S. Department of Labor to study claims.

New investigators will be assigned to the larger employment district offices throughout Texas. Commissioner J. E. Lyles, Employers' representative, said "too many people are receiving benefits from this program through misrepresentation, honest or otherwise."

DRIVER TRAINING - FEWER ACCIDENTS — Governor Daniel reports "major progress in reducing involvement in fatal accidents through the steady expansion of driver education classes in Texas public schools."

Driver education students are having 21 per cent fewer accidents.

Since 1957 a total of 265,028 students, in the 15 to 24 age bracket, have completed driver education courses, an increase of 80,091 or 43.2 per cent, over the preceding four-year period.

STATE JOB CLASSIFICATION LEGAL — Atty. Gen. Will Wilson has ruled that the new state job classification program is constitutional.

Question was submitted by State Comptroller Robert S. Calvert. Opinion held that the graduat-

ed pay schedule for state employees is legal because the Legislature has authority to use this method of classifying workers.

New system provides for pay raises on the basis of seniority.

CARLA'S AFTERMATH — "Carla the Hurricane" has long since left Texas, but her mark remains. Governor Daniel modified his remarks about insurance adjusters by saying that most companies were paying claims fairly.

But a Chicago insurance executive came to Texas and blasted both Governor Daniel and Sen. Ralph Yarborough for remarks about fine print in insurance policies.

Speaker James Turman sent his general investigating committee probing along the Gulf Coast, intent on recommending a new widowism insurance law and one governing the handling of claims.

Texas public trusts and foundations have contributed \$255,000 to aid hurricane victims, and fund-raising appeals under the Red Cross are under way across Texas.

As usual, warm-hearted Texans are chipping in to help those hit hardest by Carla.

GOVERNOR - FOR-A-DAY — Many senators get to be governor-a-day. But Sen. Bruce Reagan of Corpus Christi got a bigger break.

While Governor Daniel was attending the Southern Governor Conference, of which he is chairman, Reagan was acting governor for a full week. He even issued some clemencies.

Reagan made the most news however, by publicly disagreeing with Daniel. He said he saw no need for another special session of the Legislature.

Proclamations issued by Reagan included one designating "Port of Corpus Christi Day" and a series of three praising Del Mar College, Texas College of Arts & Industries, and the University of Corpus Christi.

On Sunday, Oct. 8, the personality to be featured will be Rex Allen, international star of movies, TV and radio, along with his equally-famous horse, Koko. Rex Allen is best known as "Frontier Doctor" on TV. Hollywood knows him as "Mr. Cowboy" and his Rex Allen Show.
