Strong Vote Is Predicted In Tuesday General Election

LaMaster Campaign, County Judge Race Boosts Voting

Ochiltree county voters will elect a slate of county, district and state officers and vote on 11 Constitutional amendments at the general election on Tuesday, November 11. All eight voting boxes in the county are scheduled to be open that day.

Of special interest in Ochiltree county are two races which are expected to boost the vote total beyond a normal general election.

These races are, of course, the race for U. S. Congressman in which LeRoy "Pete" LaMaster of Perryton opposes Walter Rogers of Pampa and the write-in campaign of R. T. Shindler for county judge opposing incumbent H. R. Slaughter.

Outside these two races, all other candidates are unopposed. Listed on the mammoth ballot in the Democratic Party column, are county candidates: Lillian Warren, treasurer; R. C. Allen, surveyor; Ray Phagan, sheriff and tax collector; Sue Ragan, county and district clerk; H. R. Slaughter, judge; Jack M. Allen, county attorney.

Commissioners Ivan Day, precinct 1; Herman Hargrove, precinct 2; John King, precinct 3 and George Yates, precinct 4. Justices of the Peace listed are: Mrs. Helen Lee, precinct 2; Hardy Hulsey, precinct 1 and J. W. Jines, precinct 4.

The voting may be done by either scratching out all names but the one desired to vote for, or by marking an "X" in the square beside each name.

Returns will be taken to the county clerk's office by the precinct election judges following the closing of the polls Tuesday.

Votes may be cast at the courthouse, Hutto, Alfalfa, Notia, McMillen, Waka, Farnsworth or the Perryton school.

Survey On Wolf Creek Dam Will Start Next Week

A. H. Woolverton of Austin, employed by Ochiltree county to make a survey and cost estimate on Wolf Creek Dam, will be here during the first week in November to start on the survey, according to information received this week by county attorney Jack M. Allen.

The county commissioners have authorized the survey to be made as the first step in determining if it is feasible to put back the dam.

Woolverton is a former member of the State Board of Water Engineers and is considered one of the top authorities in the state on projects of this kind. He and his firm have been studying data on the Wolf Creek Dam prepared in previous years by the Soil Conservation Service and other government agencies.

Strange Golf Tourney Sunday

A Cross Country golf tournament will be held Sunday afternoon at the local course for members of the Perryton County Club. Entry fee is 50 cents and prizes will be golf balls, according to the tournament committee composed of Clinton Hearn, Bill Gray, and Garland Redfern.

Players will tee off and go around the course backward, going from 9 to 8 to 7, etc., using the rough as fairways and the fairway as rough.

The tournament is for both men and women and all members of the club are invited to participate.

Propose New Mail Route by Truck, Faster Service

Plans for improved mail service to Perryton were outlined by Irvin Van Blarcom, district mail superintendent, at a meeting in Amarillo Friday. The meeting was attended by Harold Hudson, Chamber of Commerce president, and John Mayfield, manager, representing Perryton at a meeting of towns affected by the proposed changes.

Van Blarcom said that the Postal Department proposes to take the mail route from the Santa Fe "doodle bug" train and award a truck contract for a star route. If the proposal is accepted, it would be effective on January 1.

He said this route would be scheduled so as to receive mail at Shattuck earlier than is now being done, and get the mail into Perryton earlier.

Of most interest, as far as Perryton is concerned, is the proposal to put on a star route which would leave Amarillo early in the morning and bring most of the mail into Perryton in time to be put into city delivery each morning. This would speed mail service in Perryton by at least half a day.

He said the changing from rail to truck would save the government several thousand dollars each year. The new route would operate between Shattuck and Spearman.

There were about 15 men present for the meeting, called at the request of citizens from Booker, Darrouzett and Follett, who told

Master Booster Caravan to Visit Perryton Saturday; Brings Campaign to Plains Voters

The county's candidate, Congressman, LeRoy "Pete" LaMaster, will head an automobile caravan this week end to the final week of his campaign in the grass roots voters of the 11th Congressional District.

Master caravan is due on Saturday at the members of the will eat lunch here that

number of Ochiltree county expect to make the LaMaster boosters Plains cities.

Plans to meet as many personally as possible tour and explain his and the issues to Pan-

voters. Confident of a able margin of victory opponent and what La-

terms a "do-nothing" Pete said he has been with thousands of who have urged him to the truth of his op-

Help Him With Your Vote

LeRoy "Pete" LaMaster, Perryton and Ochiltree county's home candidate for U. S. Congressman, has waged a good fight in the past week in picking up amazing support over the district during his campaign.

Now becomes essential at Pete gets the strong endorsement of his home county—the race may be a close one and the qualifications of Pete LaMaster to the people of Perryton and North Plains area seems to us quite unnecessary.

He has spent his life in Ochiltree county, except during war years and the LaMaster family are known as solid citizens and as a community.

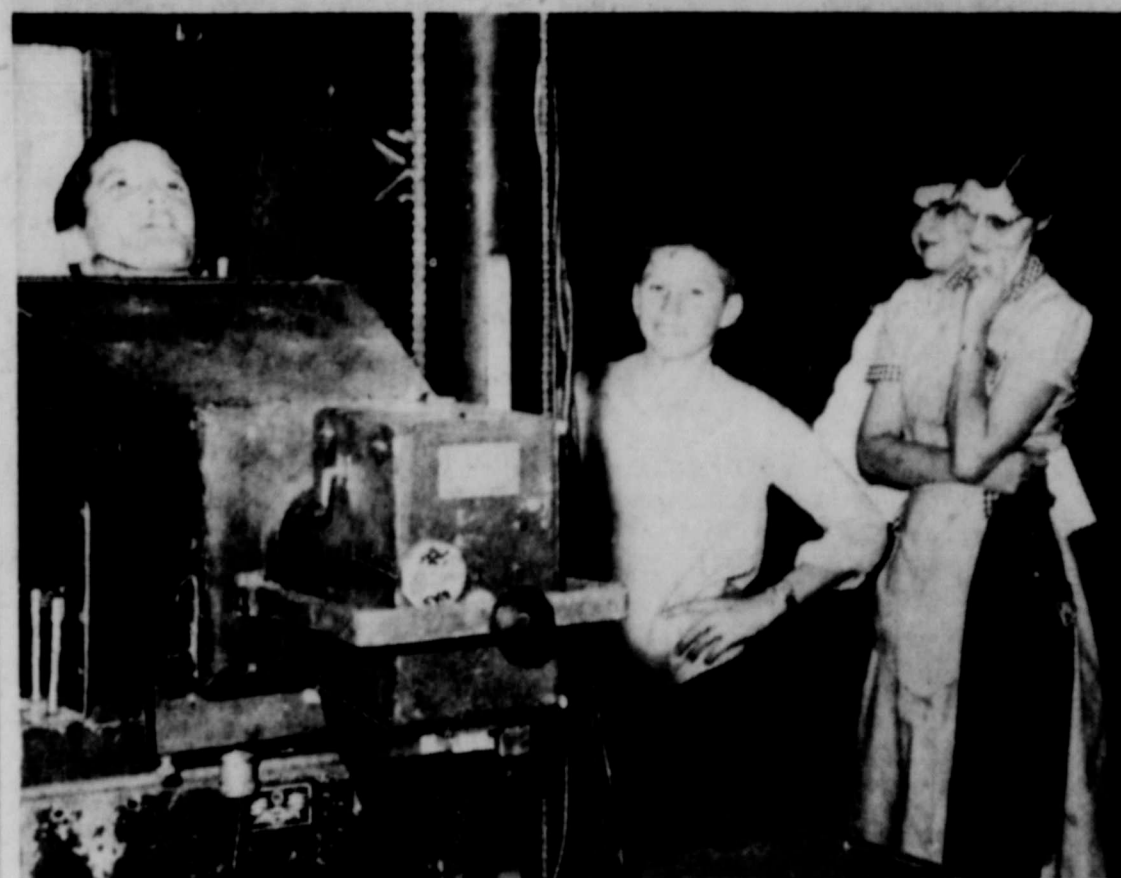

He has chosen to run as a Republican, saying that he is "a man by conviction." He believes that the Democratic Party is presently controlled by the left wing element and machines, has deserted him, not vice versa.

There are many of us who feel the same way. Regardless of political affiliation, we say that Pete LaMaster, a veteran, a farmer, a native Texan, deserves the strongest support of his home county.

We believe he will get this support here next Tuesday.

Local Club Boy Wins State Fair Prize With Angus Calf

Jimmy Latham, 4-H Club member of Ochiltree county, became the county's highest winning club boy last week at Dallas when his Angus calf was declared Grand Champion of the Texas State Fair.

Competing against 349 calves, representing the best in Texas, Jimmy won first in the Angus division, then topped both Hereford and Shorthorn divisions with his calf.

This was the first Angus calf to win the State Fair grand championship since 1935. The calf was bred by Clyde Bradford of Tulia and had won two grand championships for Jimmy before he took the big prize.

This same calf won the grand championship of the Ochiltree County Junior Livestock Show in February and repeated as grand champion at the North Plains Fair in August.

The calf sold for \$3 per pound in Dallas and as it weighed 1,086 pounds, it netted the showman \$3,258. Total prizes received were \$100 for being champion Angus, grand champion, and placing second in showmanship at the fair.

Following his victory, Jimmy

appeared on one TV program, three radio programs, and had his picture distributed by the Associated Press.

He is 13 years old, son of Mr. and Mrs. Jim Latham of Hutto. Jimmy is in the seventh grade in the Perryton schools and has been in 4-H Club work for four years. This is his fifth calf to show in competition, and he has always placed high in the county show.

Mr. and Mrs. Latham, county agent and 4-H Club sponsor Delbert Timmons accompanied Jimmy to the State Fair.

Chevrolet Goes On Display In Perryton Today

The 1955 Chevrolet, representing one of the most complete styling and mechanical changes in the history of the company, will go on display at the Perryton Motor Co. on Thursday.

There will be favors for all at the showing of the new Chevrolet and the public is cordially invited.

This automobile has the first V-8 engine offered by Chevrolet in 35 years, a 162 horsepower engine with overhead valves.

The body and frame have been completely re-styled and the body and frame are integrated into one unit. Front end suspension is of a modern ball-joint design for greater stability and handling ease.

The 1955 models have increased visibility and every car window is larger than in 1954 models. The design has the "wrap around" windshield brought out by General Motors this year.

New Pontiac to Be Displayed at Johnson's Friday

Pontiac makes its biggest bid for the medium price market with an all new body and 180 horsepower overload valve V-8 engine for 1955. The "all new" Pontiacs, featuring completely new bodies and engine, will be shown at the Johnson Pontiac Co. on Friday, Oct. 29.

The new engine is one of the many features of the 1955 Pontiac. Other new improvements include a wide range of colors, new interior styling, more glass area, 12-volt electrical system, larger brakes, improved ride and a brand new design in bodies.

The 1955 Pontiac has more engineering innovations than any model since Pontiac was first produced in 1926, the company says.

The Pontiacs are available in two series, the Star Chief and the Chieftan. A two-door station wagon has been added to the line of body styles.

"Even with the brand new design and engine, most attractive to the new car customer is Pontiac's price range, which remains just above 'the lowest,'" said J. D. Johnson of the local agency. "We take pride in our slogan, 'Dollar for Dollar you can't beat a Pontiac,'" he added.

Cold Front Arrives But No Rainfall

The predicted cold front which was supposed to arrive Sunday night finally showed up late Monday night minus the predicted rainfall which was to have accompanied the drop in temperature. The temperature dropped to a low of 32 degrees Tuesday night and a cold north wind blew all day. Although there were flashes of lightning to the east Monday night, no rainfall of any description has been reported in the Perryton area this week.

NFLA Meeting Set for Nov. 4, Monroe Speaker

E. W. Thomas, secretary-treasurer of the Ochiltree and Lipscomb County National Farm Loan Associations has announced that the joint annual meeting of the two associations will be held in the Booker high school building on Thursday night, Nov. 4.

Supper will be served to the members, their wives and guests at 7:30 p. m. in the school cafeteria.

The supper will be followed by the business meeting in the school auditorium at 8 o'clock. After the business meeting, D. D. Monroe of Clayton, N. M. will address the gathering. Monroe, a Clayton businessman, is widely known as an entertainer and speaker in New Mexico, Colorado and the North Plains of Texas.

He has previously been featured as the principal speaker at meetings in Perryton and nearby towns. The public is invited to attend the meeting in the auditorium and hear the speech by Monroe.

Rangers Meet Canyon Eagles In Banner AA Football Game

The Rangers will attempt to dump the Canyon Eagles from the undefeated ranks Friday night in what shapes up as the banner game of the 1954 season for the Rangers.

Canyon has won six games in a row and are tied with Phillips for the District 1-AA lead. Last week they erased the Hereford Whitefaces by a 26-14 score and Ranger scouts say they looked good in the victory.

The Rangers also have a proud season record to defend, winning six and losing only to the Phillips Blackhaws. In spite of Canyon's undefeated record, most observers rate the Rangers at no worse than an even choice.

Canyon has defeated Happy, Panhandle, Memphis, Tulia, Dalhart, and Hereford. Comparative scores give Perryton the edge in the Panhandle and Dalhart games. Canyon beat Panhandle 33-12, while the Rangers had a 45-12 victory. Canyon won over Dalhart, 19-0, while Perryton hammered out a 40-6 victory last week.

The Eagle backfield has both speed and power, with the four regulars averaging 175 pounds. Jamie Althart and R. A. Burgess have furnished most of the scoring punch this season and they have scored at least three touchdowns in every game.

Annual Voice Of Democracy Contest Is Set

Plans for the annual Voice of Democracy contest, open to high school students in the 10th, 11th and 12th grades were underway here this week by the Junior Chamber of Commerce.

Ernest Kendrick is Jaycee chairman for the contest.

Mrs. Rose Powell, high school speech teacher, has agreed to assist Jaycees in handling the contest in the high school, as she has done every year since the contest has been organized.

The contest consists of a five-minute radio speech, composed and delivered by the contestants. Subject of the speech must be "I Speak for Democracy," but the speech may be directed at any phase of that subject.

Speeches will be recorded and judged locally.

Nationally sponsored by the Junior Chamber of Commerce, local winners will participate in the regional contest and the eight regional winners will go to the state contest. State winners are eligible to receive college scholarships and other awards.

Perryton has had the regional Voice of Democracy contest winner for three of the past five years, best record in the Panhandle.

State Director To Speak Tonight

Sam B. Culpepper, director of Field Services for the Texas State Teachers Association, Austin, will speak at a meeting of the Ochiltree County TSTA Unit in Perryton tonight, Thursday.

Topic of his speech will be "Professional Ethics of Teachers."

Culpepper, a graduate of Howard Payne College and Baylor University, has a varied back-

ground in the teaching profession. He has served as a classroom teacher, principal, and superintendent of schools.

He was for seven years Deputy State Superintendent in the State Department of Education and for two years directed the Division of Health and Physical Education for the department.

He has been Director of Field Service for TSTA since 1950.

Mrs. Claude Cook and Mrs. Bob Neese visited Mrs. Cook's daughter, Mrs. Mack Fisher of Liberal, Tuesday.

Juniors Lose to Shattuck, 41-0

The Junior High football team from Perryton ran into a hornets nest Tuesday night and came home on the short end of a 41-0 trimming.

Perryton had defeated Shattuck earlier by a 7-6 score.

This was the first defeat of the season for the Perryton juniors and closed out their season, according to Joe Champion, coach.

Perryton Scout Troop Is High At Camporee

Troop 55 of Perryton placed fifth out of 40 troops in contests at the Camporee sponsored by the Adobe Walls Boy Scout Council last week end at Camp Ki-O-Wah.

The Perryton troop, under Scoutmaster Harry Stumpf, finished behind Pampa, Miami, Adams, Okla., and Bunavista in the final totals.

Troop 56, under Scoutmaster Ralph Headlee, finished fourth in the North Plains District, consisting of 10 Scout units. The North Plains District placed first in unofficial results among the four districts within the council.

Events upon which the judging was based included string burning, stretcher relay, three-legged race, tug-of-war, compass course, tracking, knot tying, tower building, heaving bar, judging and measuring.

There were 620 Scouts and 140 adult leaders at the Camporee, largest attendance at any single event ever sponsored by the Adobe Walls Council.

Adult leaders from Perryton attending the Camporee were Alton Boxwell, Vance Apple, J. B. Whigham, Dean McCutcheon, Max McLarty, Troy Sullivan, Walter LaMaster, Harry Stumpf and Ralph Headlee.

Troop 55, sponsored by the American Legion, had 12 boys there and Troop 56, sponsored by the Christian church, had 9 boys present.

Heavy Damage In Car Wreck

Heavy damage was done to two automobiles in an intersection collision Tuesday morning at the corner of 1st Avenue and S. Cedar.

Involved in the accident were Mrs. E. D. Kelley, driving a 1951 Studebaker, and Alton L. Montgomery, in a 1949 Plymouth.

City policeman Rolland Shearer said that Mrs. Kelley was traveling south on Cedar and Montgomery was going east on 1st Avenue.

The two cars met at the intersection and the impact turned over the Montgomery car. Damage to the Montgomery Plymouth was estimated at \$350, while a total of \$500 damage was estimated to the Studebaker, Shearer said.

Indian Dries Discouraged

MADRAS, India (AP)—Bootlegging and moonshining are increasing in Madras after seven years of prohibition, says a government report.

The report gives little encouragement to India's dries, who look on Madras as one of the key areas in their fight to extend prohibition over all of India. It paints a picture in many ways similar to that of prohibition America and calls for a bigger enforcement staff and stiffer penalties if there is to be "any appreciable decline in the incidence in the crime."

Standing Float

SOUTH HAVEN, Mich. (AP)—Most anyone can float, says Iver Johnson, but when you can float standing up you've accomplished something.

Johnson has been clocked floating in a vertical position for 20 minutes without twitching a muscle.

"It's 99 per cent control of the spine," said the 47-year-old retired accountant. "When the spine is straightened from its usual curved position to a perfect plumb line, you float vertically. Of course, the mind must be absolutely serene—otherwise you'd sink," he said.

Johnson swims about a mile out into Lake Michigan to practice. It took him 12 years to master it.

"Think it's easy?" says Johnson. "Try it some time."

Total of 1,677 Register for X-Ray Survey

A total of 1,677 persons registered for chest X-rays during the two and one-half days survey sponsored by the Parent Teachers Association and the State Health Department.

There were 1,410 of these from Ochiltree county and the remaining 267 were registered from surrounding counties, according to Mrs. Jess Cudd, chairman of the project.

"The PTA health committee wants to thank station KEYE, the Ochiltree Herald, and to the theatres for their splendid publicity and help," Mrs. Cudd said.

"We think special recognition should go to the more than 50

volunteer workers from the Jennie June Club, Beta Sigma Phi, Xi Lambda, Epsilon Sigma Alpha, PTA mothers," Mrs. Cudd added.

D. R. Gaither furnished the building for the survey, and John Stubbiefield provided the electrical work and was in charge of loading and unloading the heavy equipment.

Mrs. Cudd said that the committee was especially proud of the elderly people who turned out for the free X-ray. The older the person, the more opportunity that individual has had to be exposed to tuberculosis, and the more chance he has to spread it to his family, Mrs. Cudd pointed out. There were a number of persons over 80 years of age to have a chest X-ray.

Mrs. Drew Ellis, Mrs. George Clennan, Mrs. Wesley Bryan and

Mrs. Cudd composed the committee who made the arrangements and gave the free X-ray survey.

Lipscomb Wins Quizdown at Brillo Sunday

Lipscomb—a north Perryton community of about 100 people—reaped a reward for consistent work at yesterday's Quizdown session. Lipscomb's principal wrote to Quizdown last February, asking for a contest on the radio question program. But the contest was already filled for the season. On Feb. 24, Mrs. Stark, principal-teacher and coach of the Lipscomb school, was assigned the Quizdown date. So she and her kids got busy studying. Yesterday, her team took part in a close contest with the five-eyed crew of the top fifth- and sixth-graders

from Plainview's 450-pupil Highland School, one of Plainview's seven elementary schools.

For their hard work and right answers, the Lipscomb youngsters took home the first-prize Motorola radio. Each member of the team was awarded a gold Quizdown medal and red-white-and-blue mechanical pencil. (Usually, each school brings six team-members and three alternates. But the entire membership of Lipscomb's fourth, fifth and sixth-grades totaled only eight—so the extra Quizdown pencil went to Mrs. Stark. She's been wanting one for a long time.)

The runner-up team from Plainview won a Rand-McNally Premier Atlas. Each member and alternate was given a silver medal and red-white-and-blue mechanical pencil. And another left-over pencil went to Highland's handsome principal, Dale King.

Fathers Night Held at PTA

Fathers Night was observed Monday at the school auditorium by the Parent Teachers Association. Max Boyer, legislative chairman of the PTA, gave a brief summary of the 11 proposed amendments to the Texas Constitution to be voted on at the general election Nov. 2.

The program was under the direction of Giltner LaMaster. There were two numbers by the Boy's Octet composed of freshmen and sophomore boys under the direction of Bob Irby.

Vance Apple, school tax collector, spoke on "How Our Schools are Financed."

A social hour followed the meeting. Fathers of the freshman class members won the attendance award.

TV studios were R. H. Minton and Lana Rogers, fourth-graders; Orbie Sue Davis and Leuelia Koch, fifth-graders; Sandra Minton and Glenn Schneider, sixth-graders. Alternates were Dianna Koch, fourth-grader, and Maudine Longhoffer, sixth-grader.

Huddleston Rites Are Held Tuesday

Funeral services were held Tuesday at the Ochiltree cemetery for Bob Huddleston, 20, former resident of Perryton, who was killed in an automobile accident near San Antonio Thursday night.

Services were held Monday in the First Methodist church of Paris, Texas. The body was brought to Perryton for graveside services and burial.

Huddleston, a junior student at Texas A&M College, attended the Perryton schools and made his home with his aunt and uncle, Mr. and Mrs. Dwight Sims. He came here when his father died when Bob was nine years old.

He is survived by his mother, Mrs. Madge Huddleston, San Antonio; a brother, Bill; and a sister, Peggy, both living in Wyoming.

Rev. A. B. Cockrell conducted the graveside rites. Pallbearers were Forrest Duff, Bennie Bob Kerns, Raymond Vaughn, Landrum Osborne, Morland Mills and DeWitt Harris.

Obituary

Robert Beverly Huddleston, son of Mr. and Mrs. Margaret Huddleston, and Mrs. Margaret Huddleston, was born Sept. 16, 1934 at Paris, Texas, and died at San Marcos, Texas on Oct. 21 after a car accident.

After his father's death in 1943, he came to Perryton to make his home with his aunt and uncle, Mr. and Mrs. J. D. Sims of Gray. He completed his freshman and sophomore years in Perryton high school and finished high school in San Antonio's Burbank high school in 1952.

He was a member of the FFA in high school and active in school activities.

He completed two years at Texas A&M College and was a junior at Southwest State College in San Marcos, majoring in agriculture. He was a 1st Lt. at San Marcos Military Academy.

In addition to his mother, brother and sister, he is survived by the following aunts and uncles:

H. J. Boisdorf of Banning, California, formerly of Perryton, was in Perryton on business from Thursday of last week until Wednesday.

School Board Members To Be Honored Nov. 9

Present and former school board members will be honored this year at a special ceremony planned during American Education Week, Nov. 7-13, announces superintendent Gilbert Mize.

The event is set for Tuesday night, Nov. 9 in the school auditorium, when the program will be devoted to paying tribute to the men who have served the school during the past years.

Dr. J. B. Roberts of West Texas State College, who has been associated with public school administration for many years, will be the guest speaker.

Each of the former board members will be presented a small certificate. Invitations have been sent to all men and women who have served on the school board and there are a number of acceptances received, Mize said.

The event will be preceded by open house in all rooms of school, to be conducted as in past years on the annual "Back to School Night" for parents and other patrons of the schools.

Grandma Humphrey Celebrates 90th Birthday; Is Honored at Balko

The sacred privilege of women to conceal or "fib lightly" about their age is completely disregarded by a Beaver County Oklahoma woman.

Mrs. Emma Humphrey of Balko is 90 years old and proud of it. And she celebrated last week in a fitting manner.

Known as "Grandma" throughout the area, the spry little lady was paid high tribute on the afternoon of her birthday last Thursday when two bus loads of members of the Balko High School Band marched into her front yard to serenade her with various selections.

Under the direction of Paul Taylor, the group of students closed the informal concert with the singing of "Happy Birthday." "Grandma" stood on her front porch to listen to the program, and as she expressed her thanks she told the group she hoped they could all live to be ninety—that it was a wonderful experience to have a whole band come to call.

Thursday afternoon her Sunday School Class had a tea for her in the basement of the Baptist Church. They presented her a bouquet of golden chrysanthemums and cattails. Those pres-

ent were: Mrs. Harry Miller, Mrs. Susie Wood, Mrs. A. E. Powell, Mrs. A. M. Blackwelder, Mrs. Henry Bartel, Mrs. Maud Lane, Mrs. W. H. Naylor, Mrs. Isabelle Jackson, Mrs. A. F. Wahl, Mrs. J. R. Pearson, Mrs. G. C. Smith, Mrs. L. C. Morehead, Mrs. Floyd Humphrey, Mrs. Billy Cornell and Paula, Mrs. Nell Beatty and Mr. and Mrs. O. J. Welch.

Probably one of her nicest surprises for the occasion was the arrival last Friday night of her sister-in-law, Mrs. Agnes Humphrey of Trenton, Missouri. She was accompanied on her trip by her granddaughter, Mrs. Paul Henry Sawyer and Mr. Sawyer. The trio remained as guests of "Grandma" until Monday.

Sunday thirty-three members of her immediate family gathered in the basement of the Balko Baptist Church for a covered dish dinner. The four tier birthday cake, topped with 90 lighted candles, was prepared for the occasion by two granddaughters, Mrs. Billy Cornell, of Balko and Miss Ava Humphrey of Liberal.

Immediately prior to the dinner, "Grandma," accompanied by her three sons, F. D. Humphrey of Balko, Charley Humphrey of Grenada Hills, California, and

Neal Humphrey of Canon City, Colorado, and her two daughters, Mrs. A. S. Dickson of Guymon and Mrs. Nell Beatty of Balko, attended regular Sunday morning services at the Balko church.

After making her birthday offering, Mrs. Humphrey was called back to the rostrum by Rev. O. J. Welch who presented her with an orchid corsage in behalf of the entire church membership.

Mrs. Humphrey, with her husband, the late Clark Humphrey and their five children, homesteaded two miles north of Balko in 1905. The family had left Trenton, Missouri in 1898 and travelled to this area in a covered wagon, spending some time in Nebraska and some five years in Logan and Custer counties, Oklahoma.

"Grandma" was a charter member of the Balko Baptist Church and has been an active member in it since it started.

Mr. Humphrey died in 1909 and Mrs. Humphrey was left with the family to educate and support. In addition to her immediate family of five, Mrs. Humphrey holds dear title to the name of "Grandma" with fourteen grandchildren and twenty-three great-grandchildren.

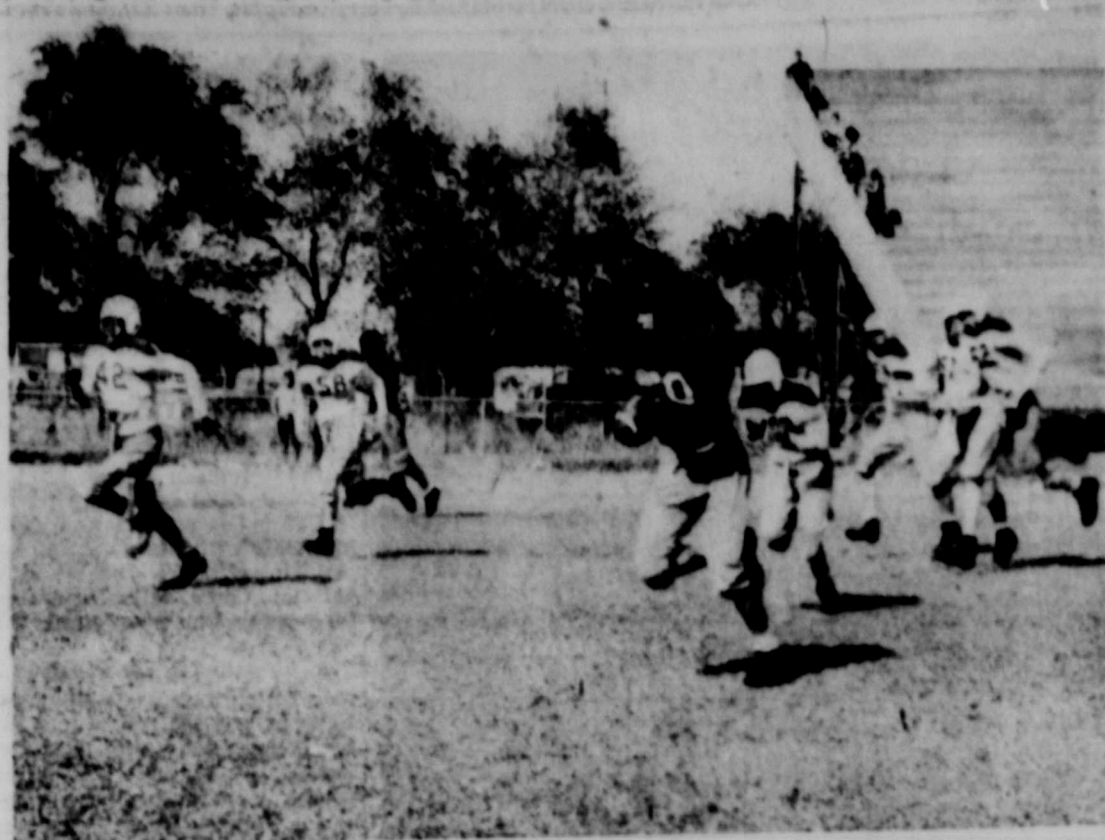

Attending the Sunday event were: Mr. and Mrs. Paul Sawyer, Mrs. Agnes Humphrey, Trenton, Missouri, Mr. and Mrs. F. D. Humphrey, Ava Ruth Humphrey, Mr. and Mrs. Billy Cornell, Mike and Paula, C. D. Humphrey, Grenada Hills, Calif., Mr. and Mrs. Calvin Slocum, Hooker, Oklahoma, Mr. and Mrs. Jack Humphrey and children, Keyes, Oklahoma, Mr. and Mrs. Neal Humphrey, Canon City, Colorado, Mr. and Mrs. Burl Gregory, Beaver, Mr. and Mrs. Melvin Ridley and Tim, Guymon, Mr. and Mrs. Otis Cooksey and boys, Mr. and Mrs. A. Dickson, and LaRue Dickson, Guymon.

Afternoon callers were Rev. and Mrs. O. J. Welch, Mrs. Essa Todd, Perryton; Cherrie and Jerrel Welch, Joe Zimmerman, Mrs. Marie McGlamery and Carolyn, Mr. and Mrs. Max Comer and Rex, Mr. and Mrs. Charlie Zimmerman, Mrs. Mary Swiger and Mr. and Mrs. A. M. Blackwelder.

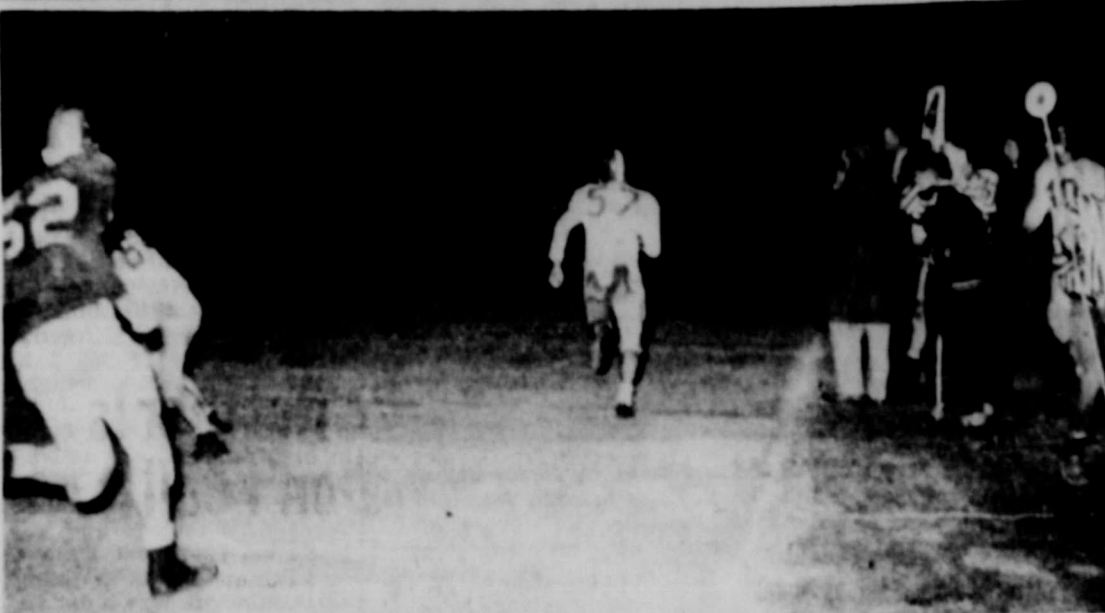

Advance of Science

BLACKSBURG, Va. (AP)—Science which is causing people to live longer, is shortening the life of broiling size chickens.

The U. S. Department of Agriculture says it took an average of 89 days to bring chickens to broiling size in 1917. But by 1952, because of advances in breeding, nutrition and disease control, such chickens reach market age in 72 days.

A SCORE FOR JUNIORS—Daniel Mounts, Perryton junior high end, scored on a 20-yard pass from Larry Clark to open the scoring against Liberal last Wednesday. Perryton won, 28-0.

ALL ALONE—At the midfield stripe, Ranger halfback Jimmy Todd found himself all alone and he outran the Dalhart team to make a 90-yard punt return for a touchdown Friday night as the Rangers won, 40-6. At the right, coaches Pete Peterson and Keith Flowers urge Jimmy to run faster.

State Man Says One-Way Street To Aid Traffic

Patrolman Cecil McNeil of the Department of Public Safety was in Perryton this week making a traffic study around the schools and has recommended a one-way street for two blocks in front of the school buildings.

McNeil has recommended to the police department and the city council that traffic going north only be established between 4th and 6th avenues on Eton street. This would eliminate the congestion found in front of the schools during the day now, he said.

He also recommended the installation of "Yield Right of Way" signs to replace the stop signs. These new type signs would allow a motorist to proceed across an intersection without coming to a complete stop.

provided no other car was approaching. This type of sign is in use elsewhere and is endorsed by the Department of Public Safety.

The council has not acted up on the recommendation for a one-way street or the change in stop signs, but will consider these at the next council meeting, according to city manager J. B. Whigham.

Girls Cosmetic-Wise at 13

Newsfeatures

Thirteen, considered by many an unlucky number, is an important age for your daughter—it's probably the time she starts to use cosmetics.

Youth Research Institute reports, little girls start "looking like mama" at age 8 by sampling available lipsticks, perfumes and powders and that by the time they reach 13 "they have a pretty good idea what's what." After finding 86 per cent of all teenagers use lipstick, the institute concludes:

"Parents today are unusually broadminded if the great range of teen-age cosmetic purchasing is to be taken as a criteria."

It is not only the older girls who chatter away at cosmetic counters and buy millions of dollars worth of makeup and fragrance. The young teens are close seconds.

Lipstick, most popular of all cosmetics, is used by 94 per cent of 16- to 19-year-olds, 78 per cent of 13- to 15-year-olds.

Next preferred is perfume, by 46 per cent of all teens. Fifty-two per cent of the older girls use it, with the 13- to 15 group 12 per cent behind. Toilet water is used by 40 per cent of all girls; cologne by 48 per cent.

Other kinds of makeup used less frequently by the girls are face powder, 38 per cent by 13 to 15s and 50 per cent by 16 to 19s.

Teen-agers are becoming skin-conscious as the statistics indicate. Fifty-two per cent of the younger age group use a face cream, 61 per cent of the 16- to 19 group. Cleansing creams are bought 35 per cent with usage doubled by the older teens, about 2 per cent go in for makeup.

An overwhelming 95 per cent of all youngsters shampoo their own hair. And 21 per cent of them even use hair cream.

Teen-agers buy cosmetics often and more wisely than they can afford to expend money, younger parents have noted. Girls now have a social life—and realize it.

Refugee Schools

NEW DELHI (AP)—Fifty thousand Delhi school children are receiving their education in teaching shops operated largely by displaced refugees from what is now Pakistan.

Most of these schools function in crowded one-room space or in open tents. Because of the shortage of public school facilities they have no lack of patronage.

Refugee teachers for a time attempted to operate universities granting easy degrees to those unable to obtain admission to recognized schools. The government soon clamped down on such institutions but the teaching shops continued. Now the government, unable to provide substitutes for these places, is seeking to force them to subscribe to minimum educational standards.

Instruction Needed

STOCKHOLM (AP)—Some recruits for the city police force cannot even spell "Stockholm" correctly, complained police instructor Simon Bertilsson after a recent examination of 72 candidates. Twenty-eight were rejected and about 20 got second-class rating.

"If their papers had been corrected by a high school teacher hardly 10 would have got through," said Bertilsson. "They would have looked fine if they had to write a report one day."

Stockholm needs another 539 men to bring the police force up to strength. The low standard of candidates is blamed on unsatisfactory wage scales. Better educated men can earn more elsewhere.

Fish Without Bomb

GOA, PORTUGUESE India (AP)—Startled villagers seeing many dead fish floating on the Rio da Sal (River of Salt) excitedly spread a report that hydrogen bomb tests in the distant Pacific were the cause.

Skeptical officials said dumping of spoiled flour and chocolate into the river killed the fish.

A Norther Is A Norther -- But Don't Call It A Cold Front

By Raymond Holbrook
Associated Press Staff

A norther is a norther. And one of these days the coldest air of the frigid Yukon will come roaring into Texas from the Arctic.

It will be a howling gale with temperatures below zero. Swirling snow will pile into great drifts. Ice-encrusted cattle will be driven helplessly before the storm, and the lone remaining strand on that barbed wire fence between Amarillo and the North Pole will be wailing like a banshee.

And when it hits, don't let any one try to tell you its just "a cold front with considerable change in temperature and abnormal precipitation."

Called by its right name—a norther. A true blue norther that is as much a part of the Texas scene as the longhorn, the big hat and son-of-a-gun stew.

Northers have been howling across Texas as far back as history goes. Coronado's men felt their sting more than four centuries ago and one of De Soto's expeditions turned back rather than face the driving snowstorms. It's a rare winter that Texas doesn't get at least one good norther.

But in recent years norther a perfectly good word that is in any dictionary costing more than a quarter, is in danger of being frozen out of Texas conversation and newspaper stories on Texas weather.

As the average Texan's book learning on meteorology increases, he is prone to try to talk about the weather in terms of air masses, dew points, frosts, occlusions, and temperature and precipitation norms. Lots of times he bogs down in the technical language of the meteorologist when that time-proved and succinct word—norther—would tell exactly what he is trying to say.

To say a norther is a cold front is technically correct but a poorly defined understatement. A cold front can come from any direction. Many of them roll into Texas from the west and they can be of such low intensity as to be barely noticeable.

But a norther is a special kind of cold front with a personality all its own. To call a norther a cold front is like describing a wildcat as a quadruped.

The true norther, the weatherman will tell you, has its birth around the Arctic Circle, up in northern Canada and the Yukon territory. But it doesn't come roaring south without reason; the stage has to be set for it.

That continental polar air in the far north is a perpetual high area because cold air is heavy air. When an extreme low-pressure mass develops in the central and southern part of the United States, the inequality of air pressures acts as a suction that pulls in the cold air from the north.

The norther en route to Texas follows an old route. It whistles through Medicine Hat, Canada, and down across the Great Plains just east of the Rockies. A fast-moving norther has traveled the distance from the Canadian border to the Panhandle in 24 hours though more often they will take two or three days.

Whether a norther is going to be a wet one or a dry one when it hits Texas, depends on three factors:

Farm Education

TUTTLE, Okla. (AP)—Eddie Don Burns, 4, watched closely as he rode around the farm with his grandfather on the big tractor. One day, Eddie Don decided to demonstrate the operation of the tractor to his small sister and a friend. He started it and drove through a barley field pulling a combine.

"It was working too," he boasted to his grandfather, Jim Barnett, after he was stopped.

When the excitement died down, Eddie Don's mother, Mrs. Lilly Burns, gave the boy a demonstration of another farm feature—the old woodshed.

Rangers Roar Past Dalhart Lives With Easy 40-0 Win

Rangers displayed a sharp attack plus very good work to roar past the Dalhart Wolves Friday night in victory. The Rangers scored touchdowns three plays after opening kickoff, establishing a pattern of the district encounter for the evening.

Dear passed for four downs, with Bill Thrasher and Gene Good each taking a touchdown tosses. Added another touchdown ground and the other Rangers was a thrilling 90-yard run by Jimmy Todd.

Defense, the Rangers kept halfback Jonny Cloud up, although the 142-pounder did furnish most of the scoring fireworks for the scoring the only Dalhart down.

Opening opened when the Rangers received the opening kickoff, running it out 35 yards. Dempsey Gyger made a 40-yard end to set up a touchdown on the 49. Shorty took a 40-yard end to set up a touchdown on the 49. Shorty took a 40-yard end to set up a touchdown on the 49.

Amendment Questions

There are arguments for and against all of the eleven Constitutional amendments which the voters of Texas will be called upon to decide next Tuesday. Without boosting or knocking any of them, the Herald presents herewith a capsule summary of arguments pro and con:

1. Authorizing the Texas Legislature to increase spending for old age assistance, aid to the blind and aid to dependent children by \$7,000,000 a year and requiring that names be made public.

For: This would increase the pension payments to those already on the rolls and extend payments to others. At present, the state ranks way down on the list in old age assistance.

Against: The increase in pay would not be automatic—it would be effective only when the Legislature approves the money, and this calls for additional taxes.

2. Permitting Members of the Teachers Retirement System and State Employees retirement system to receive credit for services rendered as a teacher or state employee.

For: This is a technical requirement for the constitution. It affects few persons and the change deal primarily with money paid by the persons affected into a retirement fund.

Against: There is some question about the possible intermingling of the two retirement systems between teachers and state employees.

3. Providing for coverage of proprietary employees of the state's political subdivision under Social Security.

For: This move would give county and city employees the same Social Security rights as other employees.

Against: The Federal law requires that the state guarantee any Social Security contributions. This would be the first time specific constitutional authority has been granted for the State of Texas to make a business contract with the Federal government.

4. Creating a State Building Commission with authority to erect buildings for state purposes.

For: The money would come from a building fund from the Confederate Pension Fund, now supporting one veteran and a few widows on a levy of 2 cents on the \$100 valuation. The fund is built up to over \$5,000,000 which can be used for state buildings and save thousands of dollars in rent.

Against: A specific tax levy could lead to extravagance and waste.

5. Authorizing the Legislature to fix salaries of certain officials and raising the pay of Legislators to \$25 per day.

For: Pay of \$25 per day would do no more than "break even" on living expenses today; this pay may attract better legislators.

Against: The amendment, as proposed, does not split the proposal of pay increase from the authority of the Legislature changing pay of the other officials. This could be dangerous.

6. Prohibiting use of the credit of the state or grants of public money for construction, maintenance or operation of toll roads and turnpikes.

For: This amendment would prevent the use of state money now or in the future for private toll roads.

Against: There is already a law against lending state money for private toll roads and why clutter the Constitution further?

7. Proving that women shall have both the right and the duty to serve on juries.

For: There are only five states which do not permit women to serve on juries. Women are not banned by law from other public services. Why not allow them to serve on juries?

Against: Our court houses are not equipped to furnish overnight accommodations for women jurors. Special exemptions or exceptions for women will be necessary because of household or other duties.

8. Changing to four-year terms of office the elective district, county and precinct offices which now have two year terms.

For: Officials now have to run for office every two years, this making a hardship on an official who must immediately think about the next campaign. It causes unnecessary expense to the candidates.

Against: Elective officials should be willing to subject their records at the polls every two years. The amendment would not secure better officials—the poor ones would merely be harder to get out.

9. Authorizing the creation of county hospital districts in seven large Texas counties.

For: The larger counties want to vote a hospital tax on themselves and this amendment is for their benefit and of very little concern to other counties.

Against: The Constitution is cluttered up enough without adding amendments affecting a few counties only.

10. Providing that a member of the armed forces may vote in the county in which he or she resided at the time of entering service.

For: The Constitution now prohibits criminals, lunatics and members of the regular armed forces from voting. Service in the military certainly not prevent the serviceman from voting. This is an unfair provision that should have been changed long ago.

Against: Most members of the armed forces can't qualify as to residence, anyway. Voting by members of the armed forces could lead to domination of civilian affairs by the military.

11. Providing that counties with less than 10,000 inhabitants may elect to have a tax assessor-collector.

For: There are 96 counties in Texas with a population of less than 10,000. They should be given the right to separate the two offices.

Against: A county doesn't need a separate tax assessor and sheriff unless the population is over 10,000.

From the SIDELINE

with HAROLD HUDSON

We were talking to publisher Kenneth Powell of the Southwest Daily Times at Liberal last Saturday and he brought up the subject of why Perryton and Liberal don't play each other in football. We don't know why, but there must be a reason. We used to think it was because of a higher age limit in Kansas, but Kenneth says they have an 18-year-old limit, same as Texas. It does seem strange that Perryton travels 175 miles for a district game (to Hereford) while Liberal travels upward of 100 miles for a conference game, yet these two teams do not meet.

Liberal is only 48 miles away, but it seems more like 100 miles, as far as habits and customs are concerned. Maybe the reason we don't meet in football is that we just aren't in the habit of doing so.

Perryton will either get a \$250,000 yearly payroll this week or miss it, depending upon the housing situation. A rather large Cities Service seismograph crew came into town Monday, seeking housing and they say they intend to remain at least a year. Trouble is, the town is pretty full right now. John Mayfield, Chamber of Commerce manager, finally rounded up accommodations for eight families, but this isn't enough.

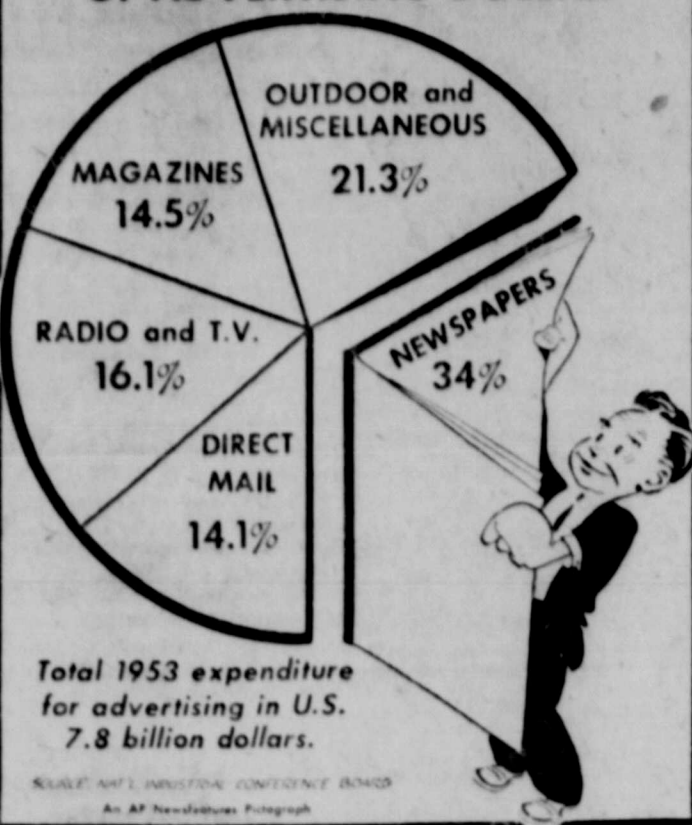

There are some apartments for rent, but they are definitely of the substandard class. It would take a small investment of material and labor to make these attractive, but the owners have had a "take it or leave it" attitude which is hard to overcome. Judging from the meter connections of the utilities, Perryton is about full up right now. Of course, many of our residents are temporary, and there may be plenty of vacant houses this winter. With crop prospects the way they are, a nice payroll would be most welcome when the snow flies.

The reason why people who mind their own business succeed so well is that they have so little competition.

The first real cold front moved into the Perryton area late Monday night, but we're sure it hasn't been cold enough. The cool weather has served to make the flies sluggish, but it certainly hasn't diminished the population. The flies nowadays are somewhat of a super race, it seems. Neither sprays nor DDT nor threats can kill them. It takes good aim and a strong fly swatter and the trouble is that flies are so prolific that a dozen new ones are born while you are taking aim on papa and mama.

We are ready for a hard

NEWSPAPERS GET BIGGEST SHARE OF ADVERTISING DOLLAR

freeze if it will thin out the flies.

A word to the wise usually interrupts a monologue.

There was some talk about a Community Chest or a United Fund drive for Perryton several months ago, but apparently the idea has died a quiet death. We notice where both Liberal and Guyton are in the midst of conducting their only fund raising drive of the year. Liberal had more than 200 workers out raising \$23,000 for the year. Guyton has a goal of \$12,000. The other towns like Perryton will go through most of the year plugging at least one drive each month, raising from \$1,000 to \$3,000 on each drive.

Perhaps it's better that way. More people get to participate in community activities. And we doubt if a "one-shot" collection would raise as much as a dozen drives. But other cities are having success with it and we'd like to see it tried.

He who hesitates loses his parking place.

Wonder what ever happened to Pappy O'Daniel? The ex-governor and ex-senator from Texas dropped from the public eye about as fast as he entered it and we haven't heard from him in a long time. But back when we were an undergraduate at the University of Texas we were quite impressed by Pappy. For example, when he was inaugurated as governor after the 1938 election—that was something! Pappy threw free dances at both large Austin hotels, in Gregory

gymnasium at the TU campus, and even roped off a couple of blocks on North Congress in front of the Capitol for dancing.

Then there was the time Pappy went hunting and claimed to have shot a buffalo. Nothing would do but he invite his friends, the public, to a free buffalo barbecue. We attended the event. It took a couple of hours to work our way through the mass of people that surrounded the governor's mansion, and when we did get to the barbecue table, we got a single slice of bread and a piece of meat about the size of a half dollar. Still, we were impressed. It took quite a bit of doing to feed one buffalo to about 25,000 people, which is what the crowd was estimated at that day.

We used to think that Pappy had laid his finger on a real political secret—but it turned out that his was only a passing fancy. But he was a go-getter while he lasted.

Perennial Mayor

BREEDSVILLE, Mich. (AP) — William E. Frude, 64, is mayor for the 38th time. He missed being elected in 1952 because he didn't run.

This is the first time he's been paid in office.

"Don't know how much it is," Frude says. "We didn't have any provision for paying the mayor, but I understand one was passed while I was out of office."

Gordon Reading and Ina Petrie of Panama were guests of her parents, Mr. and Mrs. J. W. Herrell, last Saturday evening.

Wolf Creek Philosopher Likes Two Year Elections Best

(Ed. note: The Wolf Creek Philosopher is off on the subject of worry again this week, and is talking about elections, and we'll bet he didn't even pay his poll tax.)

Dear editor:

I'm about as close to being a Constitutional authority as I am to being a loan shark, but I was interested in reading about one of the proposed Constitutional amendments Texans are gonna vote on in November.

I wasn't so much interested in the amendment itself as the reasons some people are advancing for passing it. This amendment is the one which would allow county officials to serve four years instead of two, and the arguments for it are that under the present system of serving two years and having to run again for reelection, an office holder no more than gets in than he has to turn around and start worrying about getting elected again. This they say cuts down on his efficiency.

Elect em for four years and they'd have to worry less about the next election and could be freer to devote more time to the duties of the office, the argument goes.

I do not believe this argument takes into consideration much human nature, as I have not yet seen an office holder, who regardless of how long his term was, two years or four years, wasn't immediately aware as soon as he got in that there was another election coming up and he'd better sail his ship with the prevailing winds in mind, and sailing a ship and keeping your ears to the ground at the same time has always been a delicate job.

In fact, the only way I know how to produce a worry free office holder is to elect him for life, but while that would free him from worry, it would multiply the public's, and when it comes down to a choice of whether you'd rather have the worrying done by office holders or the public, I guess you know where the majority lies.

Of course, we might vote a Constitutional amendment prohibiting office holders from giving a single thought to their future until 30 days before the election, but it would be awfully hard to find many men who

could qualify for this type of control.

There are lots of good arguments for electing county officials for four years instead of two, but eliminating their worrying over getting reelected ain't one of em.

It'll be all right with me if we elect em for four years, but I think only one fourth of em ought to be elected at a time, so we could have elections every summer. Not just every fourth summer. Enough fun has been eliminated in life as it is without eliminating the fun of voting in county politics no oftener

TO THE VOTERS OF OCHILTREE COUNTY

I am a candidate for County Judge in the coming general election November 2, and would appreciate your vote.

I offer no apologies for making the race. I feel that I am mentally and physically qualified to make you an efficient and conscientious servant.

If elected I feel that I can and will put all of my energy and ability into making you a full time public official, always looking to the County's best interest.

Owing to circumstances connected with my personal work it has been impossible for me to make a personal contact campaign.

The question has arisen as to why I waited until too late to get my name on the primary ballot. I can only say that there were two in the race and one withdrew after the time limit to file.

If you wish to vote for me it will be necessary for you to write in the space provided on the official ballot which should be R. T. SHINDLER and not "Bob" as most people in the county know me.

Respectfully Yours,
R. T. SHINDLER

Buy wisely!

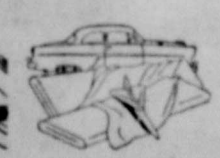

If you knew that the car you were thinking about buying would be a "has-been" at trade-in time, would you buy it? Wise buyers know that the more their car is worth on resale, the sounder their original investment. That's why more and more car buyers are swinging to FORD... the low-priced car that returns a higher proportion of its original cost at resale time than any other make.

Buy FORD!

Today's FORD has features so modern that in a few years it will still be considered... and valued as... an up-to-the-minute car. Proving just how modern these features are, no other low-priced car has them... nor do some far costlier cars! For example, in FORD you'll find...

LETTERS FROM READERS

It is pertinent that every qual-
ifier, both men and wom-
en, should be read over
and cast their ballots eth-
ically against the many issues
in next Tuesday's elec-
tion.

Check of constitutional a-
ffairs deserve close scru-
tiny. It should be read over
until you feel you have
understood their full meaning.
I observe that some four
million in the category of fi-
scal and as usual, they call
for appropriations for this thing
or that. Some worthy, others
not so much. Any merit whatsoever.
Resolution No. 7
calls for an appropriation
of \$100,000 for Old Age
pensions. How are we to spend
this money when the fi-
scal barrel is empty? Answer:
taxation. Scratch it.
Again we have No. 6.
It is immaterial, even to
the most concerned. Here
No. 10—Give this one
a "thumbs up" before you ap-
pear. If you want Six million
of the tax payers money
from the surplus fund
Confederate Soldiers and
Sailors, invested in a mam-
moth building, mostly for
the use of their assistants,
you need your head exam-
ined.

Here comes the JOKER.
If one should
come by and inquire
the salary you were draw-
ing at present time, and the
answer was, "Well, its scarcely
enough to make both ends meet
at present time, but I am
going to raise shortly." How
would you consider a just
75 or 75 say "Oh no," was
only that would only be
a "thumbs down." Nothing less than
that would be acceptable in a
bribe. Pretty stiff wouldn't
it? Where will the funds
come from with an empty Treas-
ury?

Resolution No. 37. Pass it up;
it is only to those directly
concerned.
Resolution No. 14. This resolu-
tion is premature and vague;
the time arrives for Turn-
over toll roads, the taxpay-
ers rise up and make their
known.

For the Amendment re-
solutions to serve on juries
as that applicable to
Resolution No. Four and No. 8
and 10—All three are worth-
while resolutions, and deserve
attention.
A political issue that con-
cerns the voters of this immed-
iate district is of para-
mount importance in more ways
than one. First, we have avail-
able in the halls of con-
gress and valiant repre-
sentative in the person of Walter
Rogers, who joined his colleague
in the fight for flexible
resolutions. However, the bat-
tle against them in a final
analysis the defeat was largely
due to a few weak kneed

milksop democrats and republi-
cans. The American farmer and
his wife will know now, who
will get the scratch in Tuesday's
election. And it will not be WAT-
TER ROGERS.

But aside all this political hu-
lalo, there are two political
wizards, that are just scared out
of their wits, Ike and Ezra; they
have contracted the worst case
of the jitters ever to fall afoul
two political Moguls. They are
out fighting for their lives, night
and day, taking time not to eat
or sleep. It is definitely a losing
battle for the republican party,
as the odds are against them.
Presumably Ike is trying to
shift the defeat onto Ezra's
shoulders, but the latter says
"No! I took you in as full partner,
and you have flunked by betray-
ing these old farmers and their
wives, you are receiving now the
bitter seeds you have sown.
Ninety per cent will hustle to
the polls and scratch every one
of your faithful and will give
you the indelible scratch, the
next 1956 election. I espoused
your 75% of Parity; you are just
attempting to rid yourself of a
guilty conscience. In fifty-two,
you promised the farmers 90% of
parity, and their fair share of the
national income. For me" says
Ezra, "I have stuck by my
GUNS; I promised to blast the
Rigid supports to smithereens,
and tell the old farmers if you
dislike it, I'll blow the whole
system from under you and you
will finally end in financial
ruin." And this is it, as seen by
a reader of the Ochiltree Herald.

Pioneer Hardships

MOSCOW (AP)—Russian pion-
eers are moving rapidly into
wilderness areas says the news-
paper Komsomol Pravda. In one
six-week period more than 15,000
young people left cities for un-
settled areas, the paper says. But
it complains that the pioneers
cannot buy as much as a tooth-
brush, a spoon, mug or basin in
the new settlements.
The report tells of five settlers
who made a 300-mile trip to buy
toothpaste, thread, shoe laces,
shoe polish, pencils, ink, envel-
opes and pens. One girl made
another long trip to buy match-
es. The paper urged Communist
officials to open trade in the new
lands.

The most powerful atom

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To Harold Joseph Porter, de-
fendant in the hereinafter styled
and numbered cause:

You are hereby commanded to
appear before the District Court
of Ochiltree County, Texas, to be
held at the Courthouse of said
county in Perryton, Texas, by fil-
ing a written answer at or before
10 o'clock, a. m. of the first Mon-
day after 42 days from date of
issuance hereof, being Monday,
November 29, 1954, and answer
the petition of plaintiff in Cause
No. 1441, styled Lois Corinne Por-
ter vs. Harold Joseph Porter,
which petition was filed on Octo-
ber 11, 1954, being suit for di-
vorce by plaintiff against defend-
ant, alleging plaintiff and de-
fendant were married December
16, 1949 and separated May 31,
1950; that no child was born of
said marriage nor any child
adopted; that defendant has
been guilty of unkind and harsh
treatment, toward plaintiff, and

that such conduct was of such a
nature as to render their further
living together insupportable.
Premises considered; plaintiff
prays for decree of divorce; for
restoration of her maiden name,
Lois Corinne Thompson, other
and further relief, all as more
fully shown in plaintiff's petition
on file in said cause.

If this citation is not served
within 90 days after date issued
it shall be returned unserved.

Witness Sue Ragan, Clerk of
District Court, Ochiltree County,
Texas, October 11, 1954.

Christian Science Services 11 a. m. each Sunday Public Cordially Invited

"Probation After Death" is the subject of the Lesson-Sermon to be read at Christian Science church services Sunday. Keynoting the fact that purification of thought and action are necessary for individual progress is the Golden Text from James (1:12): "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him."

One of the selections from "Science and Health with Key to the Scriptures" which will be read is the following: "If the change called death destroyed the belief in sin, sickness, and death, happiness would be won at the moment of dissolution, and be forever permanent; but this is not so. Perfection is gained only by perfection. Universal salvation rests on progression and probation, and is unattainable without them." (pp. 290, 291).

From the Bible the following selection will be read (Psalms 139:23,24): "Search me, O God, and know my heart: try me, and know my thoughts: and see if there be any wicked way in me, and lead me in the way everlasting."

Two Perryton Students Now at Wayland College

PLAINVIEW, Oct. 25 (Spl.)—Dolores Clark and Virgil Case of Perryton, who are among those registered at Wayland College this fall, have helped make the increased enrollment that exceeds the goal set for the 1954-55 session by the Board of Trustees in meeting last February. The enrollment shows a six per cent increase over the fall of 1953.

Miss Clark, who is the daughter of Mr. and Mrs. R. B. Clark, 706 S. Baylor, is a freshman. She has the privilege of singing with the colorful Wayland College International A Cappella Choir, under the direction of William E. Steward. Her major subject is English, and she is minoring in education.

Mr. Case, who is the son of Mr. and Mrs. L. C. Case, 909 S. Colgate, is also a freshman. He is employed as an assistant in the department of public relations and is one of the photographers on The Traveler, college year-book. Case was recently elected freshman class reporter. He is majoring in English and minoring in journalism. Both are 1954 graduates of Perryton High School.

Already they are with groups in planning for the annual Homecoming celebration which will take place Nov. 19-20 under the sponsorship of the Student Government Association. Hundreds of former students are expected back for the week-end festivities that include a Western style barbecue, a drama production and the inauguration of basketball competition for both the Pioneers and the 1954 National Champions, the Hutcherson Flying Queens of Wayland College.

Wayland College dedicated its sixth new building in six years on October 10. This is a residence hall for young women and is named Hattie Mays Ferguson for Mrs. Jim G. Ferguson, Evanston, Ill., who gave the initial \$50,000 toward its construction. The building also contains the college infirmary. Other buildings are being planned for the immediate future, according to President A. Hope Owen.

NOTICE TO BIDDERS

Sealed proposals for the furnishing of one new 1954 1½ (one and one-half) ton truck and one new 1954 one half ton pickup will be received at the office of City Secretary, City Hall, Perryton, Texas, until 7:30 p. m. November 2, 1954, then be publicly opened and read. The City reserved the right to reject any and/or all bids and waive all formalities; except that no bid received after the closing hour will be considered.

Here is the Sanctuary where men meet God. It is where His message is spoken to the careless, sinful and needy...WHERE MEN ARE MOLDED FOR HIM. This is the church—where men bow to the God of forgiving grace. Partner, if you haven't been a regular attendant, you are missing much. It is a place where we can kneel in prayer, enjoy religious fellowship and receive help for the difficult task ahead. If you will join me here at church, in the spirit of humility, and recognize God as father, friend and Saviour, right then YOU'LL BECOME ONE WITH THE COSMIC LIFE.
