was the symbol of a pagan prayer to the gods to bless the medicine when it was administered. Now it is used at the begining of every doctor's prescription as an abbreviation for the Latin word "Recipe" which is a command to the pharmacist to "take" the ingredients specified and compound them. The value of a prescription depends largely upon the skill with which the compounding is performed, as well as upon the quality of the ingredients. We are painstaking and thorough in order that the medicine may be of greatest possible benefit when administered. There is no higher quality than ours or lower prices. In medicine quality is of first importance. Bring your doctors prescriptions to us.

Sidewalk Stories as Seen by The Sentinel Scribe.

Misses Laura Burrows, of San Augustine, and Janie Wallace, of Nacogdoches, were guests of Mrs. B. F. Nerren last week.

Miss Winnie Utterback has just returned from a visit to Madisonville.

Miss Archie Denman is visiting friends in Crocket.

Mr. Geo. Womack, of Nacogdoches. is very sick at the home of his mother-in-law, Mrs. Everett.

Mrs. E. A. Frost and children visited Mrs. J. B. McConnico at Jacksonville last week.

Miss Florrie Bonner has gone to Cincinnatti, Ohio, to enter the Conservatory. Charlie Bonner left the day she did for Poughkeepsie, N.Y. to enter school.

Mr. A. A. Leach, of Alderson, W. Va., who has been with his son, Billy Leach, here, for the past two years, died Saturday and was buried at the Walker cemetery Sunday. He was in the Civil war and was 83 years of age at the Time of his death.

School was suspended last week on account of the illness of Prof. J. V. Curlin.

Harvey Lee, a younger brother of Prof. Will Lee, died in Chester, Tyler county, Saturday and was buried at Gann church cemetery Sunday. He was widely known here and his death was deeply deplored. He was teaching school at Chester.

Plans and specifications for the new school house are here and work will soon be begun on the building, that, when finished, will be one of the prettiest and most substantial brick school buildings in East Texas. The Lufkin National Bank building will soon be completed and will be "a thing of beauty and joy forever" to Lufkin avenue. Work has also begun on the Knights of Pythias hall and the Angelina County National Bank building. There is talk of building an opera house, something that is badly needed.

The young ladies of Lufkin will give a Valentine Ball on the evening of the fourteenth of February. It will be given at Denman's Hall and promises to be one of the swellest of the season.

Mrs. J. B. McConnico, who has been visiting here several days, returned to Jacksonville Monday, accompanied by Miss Edna Clark, who will visit with her this week.

Mrs. John F. McCarter was called to Grapeland Friday by a message stating the serious illness of her little son, Marvin, who with his father was visiting relatives there.

Mr. Carter, a prominent lawyer of Livingston, is in the city on business.

Rain and lots of it is badly needed. Water is hauled from a distance of eighteen to twenty miles to keep Frost's big lumber plant running. Its an expense as well as a great inconvenience to the company.

The great prohibition election that was on with such a a vengeance, is over. The anti-prohibitionists won with a small majority. Everything passed off pleasantly and though there was an immense crowd in town all day. a more orderly one could not have been found the world over. The ladies were at the polls in full force, (had a big dinner there,) and it is safe to say, could they have voted, the prohibition campaign of Angelina county would have had a different ending.

For Constable.

W. J. Green is a candidate for constable of the Nacogdoches precinct, subject to the action of the democratic primaries. He has served several terms in this capacity in the Melrose precinct, and it elected will make a good officer and serve to the satisfaction of the people who elect him.

H. Mandalstann, of Mt. Vernon, is in the city.

VANCOUVER

An Interesting Letter From Our Former Townsman.

EDITOR SENTINEL:

Vancouver Barracks, Wash, Jan. 25, 1902.—Sunday morning, Sept. 29th, 1901, the drowsy sleepers on board the transport "Rosecrans" were aroused by the sharp "Ship-ahoy" hailed from the officers' bridge to the Light-ship anchored just out the mouth of the Columbia river to warn vessels of the dangerous sand bar. It was then about 3 o'clock a. m. and a sharp wind was blowing, throwing the salty spray well upon the deck, but no more sleep came to the eager eyes of those who had been "rocked in the cradle of the deep" for fifteen days; for all were delighted at thought of sight of native land.

It being too dangerous to attempt to enter the river without a pilot, the great ship described a circle about the light ship until day break had passed.

Soon the mist passed away and revealed a shore of evergreens behind which we could see the snow capped Rockies, upon which the morning sun had risen.

Never did land look more beautiful and inviting; never did the thought of country and home seem more sacred.

This place at the mouth of the Columbia was very interesting to me, for I knew that here ninety-seven years ago Lewis & Clarke came down the same river that I was going up.

I thought what a different aspect I was to look upon as compared with what they saw—and yet how closely akin was my feelings to theirs, for nature still holds her prestige along the Columbia. Little did they think, as they moved silently down this mighty stream, while still under the shadow of Mt. Hood, that within the century of their activity mighty commonwealths would spring up "great in heart as in territory," as perpetual statues to their achievement.

Marvelous, too, it seemed, that while enjoying a mild climate and surrounded by tropical plants, they were then in the same latitude with Montreal.

Protected by the Cascade range of mountains on the East and North, together with its proximity to the warm ocean current and Southern winds, makes this country especially adapted to the culture of fruits and vegetables, while the wheat and barley industry is immense.

Here in Portland the grain fleets of all nations assemble to receive their precious cargo for the hungry mouths of Asia and Europe.

It seems odd to a Texas boy to be in a bustling city three times the size of Houston and never hear the cotton market discussed or see a pound of the fleecy staple.

Ninety miles from the sea the narrow channel of the Willamette river joins the great Columbia, thus the waters of Oregon and Washington are united. Each about seven miles above the conjunction of these streams, are situated the city of Portland on the South bank of the former, and the town of Vancouver on the North bank of the latter.

At the latter place Vancouver Barracks are situated, and many things interesting could be related about the past. The same old log house in which Gen. Grant lived when stationed here still holds its place in the officers' line. This Post is fifty-four years old, being erected in 1848. A few miles above here the daring Sheridan swam an entire troop of cavalry across the Columbia in order to protect the settlers from the Indians. Vancouver Barracks are connected with Portland by ferry across the Columbia, thence by electric cars, crossing the Williamette on a great revolving steel bridge that turns to let vessels pass, then resumes its place across the river.

The lumber business is assuming great proportions in this section, there being great forests of fir.

Will leave here for the Philippines in the Spring by the way of Honolulu and Nagasaki, Japan.

Will write something of these places, as we stop at each a few days.

Yours very truly,
S. W. KING.

For County Judge.

Thomas Bascom Lewis, Esq., authorizes his name placed in the announcement column for the office of county judge, subject to the action of the democratic primaries of Nacogdoches county. Mr. Lewis is a practical lawyer of more than local prominence, is fully capable and competent to make an excellent county judge. He would grace the bench with honor and credit, and would fill the office with justice and impartiality. He has been a citizen of Nacogdoches long enough to be well known. He has taught school in several states, both in the common country school and the graded schools in the city, and has had an extensive legal practice in the courts of two states, which experiences make him especially fitted for the office of county judge of our county as the double duty of presiding over the county court and that of ex-officio county superintendent of public schools will devolve on the county judge.

THE SENTINEL is under obligations to Dr. E. A. Blount, of Dallas, for a copy of by-laws of the Texas Reunion Association, giving the committees and their duties for the 12th annual Confederate Reunion, which will take place in Dallas on April 22nd to 25th inclusive.

CABBAGES are now being shipped by the car loads from Corpus Christi. One farmer will realize $5,000 on his cabbage crop and it is estimated that not less than 500 carloads will be shipped this season, which has just opened. The market price at present is $1.05 per hundred pounds.

THE committee appointed to locate the Girl's Industrial School are having a good time touring over the state and being entertained by the various towns that are candidates. Not the least hint so far has been dropped as to what place is liable to be favored. Greenville being the birth place of the idea and having furnished the champion of the cause, feels that her claims are superior. In fact, we believe, if popular favor is consulted Greenville would be the choice of a majority of the people of Texas as the place for its location. Nacogdoches, we would remark "parentheticall,y' has made no offer, but she might lay special claims on account of possessing the most ancient and dilapidated school building in the state. The Stone Fort city is celebrated for her distinctions. She goes to the extreme one way or the other.

"ONE million dollars for Patrick's legitimate defense," were the words telegraphed by Patrick's brother-in-law, John T. Milligan, a millionaire manufacturer of St. Louis, to the attorneys of Albert T. Patrick who is now on trial in New York for the murder of W. M. Rice, the Texas millionaire. A million dollars is a heap of money for a lawyers fee in a murder case.

BILL HALTOM has more political scars on his breast than any other newspaper man in East Texas. and if the Democracy of Nacogdoches county has any "gratitude" in its make-up, it will elect him to represent that county in the next Legislature, whether he desires the position or not.—Carthage Mule.

Softly, dear Colonel. The "gratitude" is on the other foot. The democracy of Nacogdoches county has been good to "Bill," but there is a combination of "McKinley democrats," pops and "cullud cusses" that he can't scrape up courage to face again, much as he would appreciate the honor of representing this [illegible] Legislature.

S. H. Dixon, of the H. E. & W. T. Ry. Co., was in the city to-day. He was accompanied by Mr. Brunterman, who represents a company of Bostonian capitalists who are seeking a location for a large number of German immigrants and desire to purchase a block of ten thousand acres of land in the fruit belt of East Texas. Nacogdoches ought to encourage this move. We have the land and Mr. Brunsterman is inclined to pass favorably upon the location in Nacogdoches county, but we unfortunately possess a number of citizens who throw cold water on every effort Mr. Dixon has made to place a colony here. In this instance the party seeking location may exercise his own judgment regardless of the advice of our wiseacres and there is a chance that some of our idle land may yet become a garden spot.

THERE is now a deligation of prominent citizens of Orange, Beaumont and Port Arthur in Washington for the purpose of appearing before the rivers and harbors committee at the hearing which Congressman Cooper had arranged. At this hearing the claims in support of the proposed improvements of the waterways in the vicinity of the places named will be placed before the committee. Probably the most important of the contemplated plans is that which seeks to have built a canal from the mouths of the Sabine and Neches rivers around Sabine lake to deep water. It is proposed to include the Port Arthur channel in this canal, if the proper arrangements can be made with the private interests which control the channel.

The editor of a newspaper has no business ever to get anything in his paper that people do not like. He ought to know just what would suit each individual, or he ought to take each item before it is published and let the person whom it concerns censure it. An editor has plenty of time to do all this, as all he has to do is to hunt up news and clean rollers, set type, clean the floor, pen short items, hustle for advertisements, fold papers and wrappers, talk to visitors and distribute type, read proof and correct mistakes, dodge the bills and dun delinquents, take cussings and tell subscribers he needs the money.—EX.

THE Grimes county Fruit and Truck Growers Association are going to make a leader on Irish potatoes this spring and extensive preparations are going on with a view to making large shipments for the early market.

THE surveyors employed jointly by the states of Pennsylvania and Maryland to correct the boundry line as first established by Mason & Dixon have proceeded with their work as far as Gerry township, Adams county, Pa. They report that many of the stones were displaced. The surveyors found one used as a door sill in a dwelling, another in a church, others lying down and some at a considerable distance from the original places. All the stones will be secured and reset in their proper places.

LETS not be in too great a hurry to hold the democratic primaries, but when we do hold them let us see that none but democrats participate.

IT is a compliment to the drug firm of Perkins Bros., of Nacogdoches, to have their advertisements copied by oth-prominent drug firms of East Texas. Nacogdoches sets the pace.

IT will be necessary to administer an iron clad pledge to all participants in the democratic primaries of Nacogdoches county this year. If we don't do it the "Philistines" will gobble us up, sure.

SAN ANTONIO is a candidate as the place of meeting of the democratic nominating convention of 1902. No city in Texas has ever been more succesful in taking care of big bodies like this and the executive committee will not consider lightly her claims. If we had a vote we would cast it for "Tamalaville."

IN a row at Hemphill, last week Dr. Morris shot at ex sheriff Peace twice, wounding him in the right side. The latter took the pistol away from Morris and fired at him once but friends interfered and stopped the row, which the Hemphill Messenger says whiskey alone is responsible for, as Dr, Morris was drunk.

THE friends of Hon. Arthur Lefevre are making a strong pull for his nomination for State Superintendent of Public Instruction, a position he now holds by appointment. It is not likely that he will have any strong opposition, though the effort being made this early in the campaign would indicate that opposition was looked for.

Goose-neck Bill McDonald, the negro polition of north Texas, has been in Washington some time, but if there was a possum dinner given him by the president, no mention has been made of the fact. —Lockhart Register,

Maybe the President is trying to find out which is black and which is blacker, before he bestows his political favors in Texas.

WE regret to disturb the equilibrium of our "populo-republico" friends, but we insist that the strictest test should be applied to all who participate in the democratic primaries. We fail to see how such test could displease any one who is honestly opposed to the democratic party. Why should they want to participate in our nominating conventions and primaries, if they are not in sympathy with us and have no intention of voting with us in the general election?

THE Daily Courier at Mincola has been suspended. Editor Pyle says the gentleman who conducted it from the office of the Weekly Courier skipped. Editor Pyle is not hankering after taking up the job and continuing its publication; hence its suspension. The publication of a daily paper in a town of less than 15,000 people is a hazardous undertaking, and yet we find hundreds of men willing to try their hand. Failure overtakes about 9 in 10 of them, and so it goes.—Tyler Courier.

Capt. G. C. Ingraham, of Nacogdoches, is a clean, clean clear cut shooter, and a handsome, clean, clear cut gentleman. Ingraham has been in Brenham before and made hosts of friends. He has made a fine record in the Sunny South Handicap. He handles his gun with much grace, but of course somebody had to get left.—Brenham Press.

Well, now, we'd just like to know how much Neil paid for that puff. But what's the matter that he lets them Brenham fellows beat him shoo

Suppose you had millions of dollars. What would you do with them? All any one can get out of life is what he may eat and wear. Broad acres and tall houses are not yours for keeps, you simply have a short lease, some day you will turn loose all holds and leave behind what you may have accumulated by labor or gift. Lead a life of usefulness and do not make a god out of that which so soon proves to be worthless.—Lockhart Registar.

A nice little sermon, but they are not often preached by those who have the millions. There is such a race in the accumulation of wealth that the rich have little time for such reflections. Still many of the most benovelnt people of the present day are millionaires.

A LITTLE child fell from a box car on the "Windy" at Carthage a few days ago, fracturing its skull and breaking both arms. There was no surgeon nearer than Shreveport that could undertake the necessary operation to save the child's life. The child, in charge of a local physician and its parents was started to Shreveport via Timpson, but missed connection at Timpson. The situation was distressing; the child was in the clutches of the grim monster. General Manager Goodrich was appealed to, a special engine and coach was provided, the right of way to Shreveport granted and a race for life ensued, which ended successfully; all made possible by the big heartedness of the railroad men. And yet some people contend that railroad corporations are soulless. The little boy is the son of Mr. and Mrs. J. C. Whitney, of Carthage.

Visit to Nacogdoches.

As representatives of the Vindicator, we left Liberty on the 27th, ult., for Nacogdoches to attend a meeting of the East Texas Press Association. Nacogdoches! What a host of tender recollections cluster around thy name! We fain would express the pleasure of that two days visit in the historic old town, entertained by people whose very names will henceforth be synonymous with kindness, cordiality,, hospitality, etc., but anything that we might say would be wholly inadequate to describe the manner of reception and entertainment given to the members of the Press on that occasion. Arriving at Nacogdoches at 3;30 p. m. we were met by several gentlemen of the reception committee, who conveyed our party of pencil pushers, in gaily decorated carriages to the Belk hotel, our home, pro tem. Heralds, announcing the arrival of the pencil pushers were followed through the streets by the Trib band of Lufkin, thus making our welcome genuinely cordial. As a mark of distinction all the editors, their wives and sisters, were presented with badges, which served as a pass-port, so to speak, as everywhere we were received with the utmost respect. Friday night all the "newspaper people" attended the theatre in a body, and immediately after the play we repaired to the hall where an elegant banquet had been prepaired. In the hall all was lovely and grand, for Nacogdoches' elite had gathered there, some twenty or more young ladies beautifully gowned, waited on the table. Everything that could be had at a banquet (except wine) was served to the editors. Music by the orchestra was furnished all through the Banquet, such a thing of beauty will surely be a joy for ever. Numerous toasts were given and responded to and in each, the "Press" was the "leit motif." Truly the "Editor's Banquet" was a magnificent success.

We spent the following day (after the meeting had adjourned) visiting the places of historical interest. The delightful carriage drive ended at the Old Stone Fort, and right here it may be well to mention that the first newspaper published in Texas was printed in the Stone Fort, which building is said to have been erected in 1619. Sunday morning came and with it the regrets that we must so soon say adieu to such pleasant acquaintances. We boarded the 8 o'clock train and speed homeward, bringing with us the brightest happiest recollections of our visit to the Stone Fort city and her loyal citizens.—Liberty Vindicator, Jan. 10.

EAST TEXAS AND THE EXPOSITION

Anent the discussion of the Texas exhibit at the World's Fait at St. Louis, "East Texan" contributes the folfowing pointed remarks to the Rusk Journal:

"The governor seems to have forgotten that he has jurisdiction over East Texas. He has aprointed about fifty people as World's Fair commissioners, but left this section out.

"It is very true that East Texas excels in everything except population. East Texas, i. e. ten counties, can make a better exhibit of all articles of luxury, wealth or necessity than the balance of the state. Minerals, timber, mineral waters, fruits, vegetables, and clays are here as no other part of the state—or the world for that matter.

"East Texas fruit, vegetable, flora, timber, and clay districts should form an organization. and ask for space (it will be given) and make an exhibit, and "paddle her own canoe" and force recognition if not from the governor and his close corporation, but from the men with capital who are hunting a place to put it. Today East Texas offers the best field for profitable investment of money there is on earth. If ten (10) counties with Cherokee as the center, will co operate, the best exhibit of material resources can be made that will be at the Fair. East Texas has been hiding her light under a bushel long enough. It is the best part of Texas or the country at large, and her people know it, and are simply selfish in not letting world know it, and no blame can be attached to the executive for not giving her recognition among the men he appointed as state commissioners, as he is not responsible under the circumstances surrounding."

BLACK JACK.

A Flourishing Community, But Wanting In Pride

ED. SENTINEL:

In your call for correspondents at different points in the county you seemed to overlook the busy little community of Black Jack, or as it is now called, Attoyac. This little Villa is situated on the Nacogdoches and San Augustine road 3 or 4 miles from the Attoyac river, and has two stores of general merchandise a doctor shop, a blacksmith and wood shop, a church and school house. There are several nice residences and their occupants all seem to be prospering. There seems to be a lack of pride in church and educational circles, as the school and church buildings indicate. The community is sufficiently able to erect a magnificent school building, seat it with modern seats and desks, but are contented with the old eye sore of a school building which in appearance resembles an old time residence. Its walls are made of ten foot boxing, L shaped, with low squatty galleries. No one would ever take it to be a school house. Prof. McCall is the conductor and is well liked as a teacher.

The Baptist and Methodist are the prevailing denominations, and they have a house between them. The house looks more like an old barn than it does a house of worship. The old saying; "it takes money to make the mare go" is no doubt a true one; yet it would be so nice if the people of the town were to come together and erect a nice school and church house. All it needs to accomplish this is for some one to take the matter in hand.

There never was a better set of people on earth than ours and all they need is a little hustling up.

I wish also to mention another fact that should draw the attention of the supervisor of the roads in this beat. The road leading out from this place towards Nacogdoches is almost impassible in wet weather, and the commissioners court should provide the overseer with suitable tools to put the road in good passable condition, and if he fails to do so the supervisor should report him. But it is a rare thing that a road overseer is ever reported for negligence of duty. The supervisor may have to keep to the woods in order to draw his $3 per day, and then report the roads as passable. There is three things necessary in the upbuilding of a country town namely: Good church houses good school houses and good public roads. Ofcourse, those who have always lived, moved and had their being in one township do not notice such things, but the prospector and traveling man is sure to notice it, and will "spread the news to Mary." It is to be hoped that our people may realize the great importance of making such improvements that will indicate thrift and prosperity, and that they may take steps to that end before it is everlastingly too late.

BLACK JACK.

Society Notes.

The beautiful home of Mrs. G. H. Davidson was the scene of a very delightful occasion yesterday. Informal invitations were given a few friends to meet Mrs. John Durst, of Tyler, at dinner and when the whistles sounded for 12 o'clock the guests began to arrive.

Noticing all present there were sixteen handsomely gowned ladies seated round the beautifully appointed tables and the service was both well designed and well executed. There were seven courses and each one tempting in its variety; never was justice more amply done to a sumptuous feast where good cheer and appetite went hand in hand.

After dinner the ladies spent the time in a most enjoyable manner. Ceremony withdrew and bon comraderie abounded, and the guests all departed at a late hour wishing the hostess and her charming sisters the happiness of the season and a return of days as joyous as this which will be a golden memory in the minds of those in attendance.

Messrs. Bill Blankenship and John McKey, of Attoyac, were callers at THE SENTINEL office this morning.

Geo. F. Fuller, Esq., of Martinsville, is in the city attending county court. He says he positively will not be a candidate for county judge.

Elby Lilly has moved into one of Dr. Mayfield's houses near the railroad junction on South Side.

If its a good Bond, its Persian. We have it in Packet Heads, Letter Heads and Flats. HALTOM & HALTOM,

The Printers of Quality.

Richard Parrish, aged 13 years, died near Alazan Thursday and was buried in the Alazan cemetery yesterday.

H. H. Hall, of Attoyac, spent last night in the city on a business visit

The mills put quality in Persian Bond writing paper. We have it in Packet and Letter sizes, also Flats. If you are not now using Persian have your book keeper instruct us to fill your next order with Persian.

HALTOM & HALTOM,
Printers of Quality.

Dr. Fuller, of Attoyac, was in the city this morning and called around for a short chat with THE SENTINEL people.

There will be preaching service tomorrow morning and evening at the Presbyterian church. After the morning service the communion will be administered. All are invited to attend.

Willis Menefee was fined $5.00 in the county court yesterday for violating the hog law at Chireno.

A. C. Briley, of Chireno, was in the city last night.

Cultivators for Sale.

We have 5 or 6 Avery's—riding and walking cultivators—that we will sell at absolute cost. We want to quit the cultivator business. If interested call and see them. Other plow goods cheap.

MOTHERS

TESTIFY TO THE BENEFITS THEIR

SICK BABIES

HAVE RECEIVED FROM THE USE OF

LAXAKOLA

Having received your sample of Laxakola, was very much pleased with it, and have purchased a bottle for my baby. The Laxakola did wonders for my boy in case of bowel troubles. I have given up Castoria and give my baby nothing but Laxakola, and find it cheaper and a great deal better. I got it from C. H. & H. A. Lawton, cor. Union and Purchase Sts., New Bedford, Mass.

MRS. CLARENCE CASWEST, North Dartmouth, South Mills, Mass.

Enclosed please find 2c stamps for a bottle of Laxakola. I used your sample bottle and it did all you claim for it, as it helped my baby wonderfully.

MRS. JOHN PASQUACHY, Union Deposit, Dauphin Co., Pa.

I wish to thank you very much for the good Laxakola has done my little niece, Marion Lurline Bass. She is only two and one-half years old, and has suffered something awful from constipation. She has never had what you might call a natural movement. Something we were almost afraid of convulsions, it hurt her so much, and she would become frightened. She is awful pleased to think it doesn't hurt her so now, and she will take Laxakola without a fuss. We are pleased to think it helped her so much.

MRS. ORA MOFFATT, Gorham, N. H.

My baby is four months old and is teething. He was sick and I tried a good many things, but nothing seemed to relieve him. I had a doctor, who said it was inflammation of the bowels, and that I would never pull him through, perhaps, if he were under his care. When I saw he was getting worse I stopped giving him his medicine, as he could keep nothing on his stomach. He was troubled with colic very much, and I used to scream when he had a touch of it. I did not know what it was to close my eyes day or night. I gave him a few drops of Laxakola and it relieved him. I gave it to him a few times, and it worked like a charm, and he now rests pretty fair all night. He is a great deal better looking to-day since I gave him Laxakola, and I think if all mothers knew how good it was, they would give nothing else to their sick babies.

MRS. MARY DALEY, 297 First St., South Boston, Mass.

LAXAKOLA is a pure, gentle and painless liquid laxative, and contains no alcoholic properties, which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, and will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhœa, accompanied with white or green evacuations, as it neutralizes the acidity of the bowels and carries out the cause of the fermentation. LAXAKOLA will aid digestion, relieve restlessness, assist nature and induce sleep. For constipation, simple fevers, coated tongues or any infantile troubles arising from a disordered condition of the stomach, it is invaluable.

Try it Today. Send for a Free Sample. It may Save your Baby's Life or Prevent a Long and Serious Illness. It Costs Nothing; Send For It and mention Your Druggist's Name.

DABNEY WHITE is going to run for the legislature in Rusk county. Dabney ought to go to the United States senate. He knows Texas and her people better than any man and knows all about the diversity of interests, wants of the people, etc. Suppose that we elect him governor, now that Tom Campbell has pulled down.

THE Tenaha New Era wants to repeal the homestead law and pass a law that would make it a capital punishment for not paying a debt. Make the offense for not paying debts what you please, Bro. Gibbs, but don't disturb the homestead law. What would become of the women and children of the great state of Texas, if it were not for our homestead and school laws?

THE South Texas Truck and Fruit Growers Association will meet at Sealy, Texas, on Feb. 4th. and 5th. Among the subjects to be discussed are strawberry culture, cucumber culture, care of farm implements, successful packing of garden truck, successful marketing of garden truck, packing beans, insect exterminators, growing plants, pear culture, and blight, etc., etc. A splendid local program has been arranged by the people of Sealey for the entertainment of the association.

Faust.

The Faust Company are in the city and will appear at the opera house tonight according to advertisement. This is a splendid company and is fully equipped for a first class production of this play. There is no magic lantern performance about it, as has been reported, but a real play, that will entertain all who attend The company comes well recommended, and the managers of the opera house give their word for it that the play will be well worth seeing.

Try Reed's Racket Store for dishes. They will carry a nice line of them this year and also expect to display the largest line of glass ware to be seen in the city. We will display a nice line of china cups and saucers, vases, cake plates and in fact nearly the same line as we had Xmas. Remember our guarantee, if goods are not as represented we will refund your money.

Reed's Racket Store.

Mr. W B. Campbell has bought an interest in Reed's Racket Store. The style of the firm will be Reed's Racket Store, R. L. Reed & Co. Props. This store has been extensively advertised since it opened and has had a fine trade, especially among the ladies. A good racket store is a convenient store in any town.

HON. T. M. CAMPBELL has withdrawn from the race for governor because the early primaries to be held in so many counties make it impossible for him to go before the people for the discussion of important issues, which he has heretofore set out in his policy. The action taken by many counties favorable to Mr. Campbell's opponent cuts off any possibility of his having a fair and open race.

Reed's Racket Store.

Rev. Joe Smith and wife returned Sunday morning from the Baptist Association, which met at Nacogdoches last week. He reports a most excellent time while in that busy little city, and tells us that there were about twenty five ministers in attendance and a great deal of important business was attended to. Everybody who visits Nacogdoches leaves charmed with the town and the people.—Shelby Democrat.

THE celebration of the birthday anniversary of Robt. E. Lee was general throughout the State, especially wherever there is an organization of the Daughters of the Confederacy.

D. A. MCFALL, the calamity shrieker, from Austin, has opened his campaign for attorney general of Texas. He just wants to see how bad he will get beat, probably. He certainly does have any serious thoughts of being elected.

W. D. Christopher returned yesterday from Montague county, where he has been the past year. He has been railroading out there, but got caught in a land slide and seriously hurt last fall and has not yet sufficiently recovered to return to work.

W. C. Todd, of the H. E & W. T. Ry., was in the city this morning. He is now road master of the division from Lufkin to Shreveport, and would make headquarters in Nacogdoches if he could obtain a suitable residence. His family are in Houston at present. His friends, which means everybody in Nacogdoches, would be delighted to see him make this his headquarters, and they would like it better if he would locate here permanently.

Clifton Wells.

We are authorized to announce Clifton Wells for reelection to the office of district clerk of Nacogdoches county, subject to the action of the democratic primaries. It is not necessary for us to tell anything about Mr. Wells or his qualifications, or his standing as a citzien and a gentleman. He has filled the office two terms with perfect satisfaction to the people, and is one officer that has never made any enemies. He will probably not have any opposition.

MONDAY'S LOCALS.

W. P. Selman, of Lilbert, was in the city today.

Mr. and Mrs. Bert Smith are visiting relatives in the city.

Tony Rulfs left yesterday for Beaumont to be gone several weeks.

Charley Walker, who has had a hard spell of pneumonia, is convalescing.

James Barret came in this morning from Abilene on a visit to his old home and friends.

R. E. Hanna, of Martinsville, was in the city Saturday. He was a caller at this office, accompanied by two of the Muckelroy boys.

R. L. Mayhew, special salesman, with Wray Bros., general representatives of the Bush & Gerts Piano Co. of Dallas, is in the city.

Mr and Mrs. Williams, formerly of Paris, Texas, have moved to Nacogdoches and are occupying one of the dwellings of Mr. D. Rulfs on East Main street.

E. Faber, from Eagle Lake, has accepted a position with John P. Davidson, of this city. Mr. Faber is an experienced salesman and bears the highest testimonial of good character and trustworthiness from former employers. We welcome him to our midst.

S. Kaplan's Immense Stock at Cost.

On Feb. 10th the firm of S. Kaplan & Bro. will be dissolved. Mr. S. Kaplan will continue the business here. Mr. H. Kaplan will retire and devote his entire attention to the Mt. Vernon store. In order to close up the busines and get in as much cash as possible, we offer our

Entire Stock of General Merchandise at Actual Cost

Until February 10th. It is easier to divide the money than the goods. During our 12 years in business here we have never before advertised our stock at cost, and would not do so now, but it will pay us better to exchange the goods for the cash. Everything is marked down to what it cost and sold at those prices to everybody alike. This is the rarest opportunity ever offered to the people of this section, to get good goods at the price the merchant pays. We will sell you the goods and you will make the profits. Goods sold at cost will have to be paid for before leaving the store. So bring your pocket book. Thanking you for past favors and hoping you will give us a call during this sacrifice sale, we are, Yours for trade,

Fruit and Truck Growers Meeeing.

Special meeting of the Fruit and Truck Growers Association met at the opera house Saturday, Jan. 25th, at 2.30 o'clock.

Meeting called to order by the president. The object of the meeting was to perfect the plan of organization with the other accociations along the line of the H. E. & W. T. Ry. The president suggested that the secretary invite delegations from each association along the above line to meet with this association two weeks hence, at which time the matter will be taken up and discussed in every detail.

On hearing letter of invitation read by secretary, from Palestine Association asking delegates to be sent from Nacogdoches to a general meeting of East Texas fruit and truck growers' associations to be held in Palestine Feb. 22, it was suggested, and motion carried, to send the secretary and president of this association as delegates.

The secretary was also instructed to invite Mr. Dixon, of the H. E. & W. T. Ry., and Prof. Malley to be present next meeting.

On motion, the rules were suspended and the following new members elected:

B. B. White, Jas. Lee, A. Watkins, T. E. Thrash, J. T. Booth, J. M. Avery, J. J. Shirley, G. P. Parks, G. C. Fondren, J. Price, H. Dial and J. C. Lee.

On motion, the secretary was asked to take new list for publication of tomato acreage. The following names and acres were subscribed by the members present:

B F Frezell,	2
R Mosby,	1 1-2
H S Edler,	8
G W Tillery,	2

W A King,	2
Arch Watkins,	2
George Read,	1-2
J A Muckleroy,	2
Hence Burrows,	1
C W Harvey	3
Total,	115 1-2

Motion was made and carried that the secretary invite Mr. Jarrett, president of the Cherokee County Tomato association, to be with this club at their next meeting for the purpose of instructing the association on his methods of handling the crop, shipping, etc, etc.

No further business, the meeting adjourned to meet Feb. 7th. T. E. BURGESS, President.
ROBT. LINDSEY, Secretary.

A Wedding.

Mr. Tom Hamilton, an employe of the H. E. & W. T. Ry., of Houston, was married yesterday to Miss Carrie Belk, daughter of W. M. Belk, of this city, Rev. W. T. Tardy officiating, the marriage took place at the Belk Hotel, and a magnificient dinner was spread in honor to the occasion. Both bride and groom are popular young people and enjoy the esteem and friendship of a large circle of friends and acquaintances, all of whom wish them a successful voyage through life's journey, crowned with prosperity and happiness.

For Tax Assessor.

N. P. Sisco authorizes THE SENTINEL to announce him for the office of tax assessor, subject to the action of the democracy of Nacogdoches county. Mr. Sisco is a man of the strictest integrity, morality and literary attainments. He has been reared and educated in our midst, has taught school in many of our school communities and has proven himself a citizen worthy of the confidence of our people. He is fully competant, and if elected will fill the office with ability.

Rev. Steward, Col. Dead.

The colored preacher, Stewart, who was struck by Joe Bug Roquemore at the depot over a week ago, died last night. There seems to some suppressed excitement growing out of the occurrence, but as yet nothing has occurred to indicate that any disturbance will grow out of it. While the death of the negro is very much regretted, it is regarded by the friends of young Roquemore as an accident, as it is well known that he did not wish to kill him and only struck him in resentment of an insult. It is thought by some that the death of the negro was caused from other complications, and is not directly the result of the lick.

Reed's Racket Store.

W. R. Campbell has bought an interest in Reed's Racket store and hereafter will be connected with that establishment. The change in the proprietorship simply doubles its capital and will enable them to carry a larger and more complete stock, if the latter is possible. Mr. S. T. Maury, the candy man will be connected with the concern and will have charge of the candy department, in which they will engage largely in the manufacture of all kinds of candies. Drop around and see them.

Struck Water.

The Artisean well is now a thing infact at the Nacogdoches ice factory. A flow of one inch came to the surface Saturday night and was flowing beautifully all day Sunday. The flow, however, is not satisfactory and the well will be sunk deeper. It is believed that within the next fifteen or twenty feet a strong flow will be found. At any rate they can hold what they have, which at present is about the same as the flow received from the Spring, which is conveyed the ice plant through to pipes.

Melrose Musings.

Personal Paragraphs Picked up by Our Pencil Pusher.

Melrose, Jan 27.—Our preacher, Bro. Burk, for the Melrose Circuit, is domiciled in the new parsonage. We like him and his wife ever so much. He preached an able sermon last Sunday.

Mr. and Mrs. George Collier have a new baby girl at their home.

Miss Dora Price has the mumps.

Mrs. L. Teutsch from Oregon, is spending the winter with her daughter, Mrs. Ella Swift.

Bro. Lancaster and wife passed through enroute to Chireno and Sharpsville where he will preach this year with many other appointments.

The Oil companies are boring three wells within six miles of Melrose. We only need a gusher to put us ahead of Nacogdoches.

Our town is still on the increase. Mr. Will Mangham and Mr. Morris have bought out Bob Barret and another new house will go up on the old site where the B. Hardeman residence stood in 1854 when it was blown to pieces by a hurricane.

The boys have been spending some of these moonlight nights fox hunting, but have failed to fetch him in.

Z. T. Mast sold a piece of land four miles from here for $3,200. Hurrah for our county. Certainly it is on a boom on the land question.

Rev. S. F. Baucom was with us Sunday, and preached a good sermon, but we were disappointed in not seeing his bride with him.

All calls made day and night.

From Appleby.

Appleby, Texas, Jan. 27.
ED. SENTINEL:

Cold! The wind is blowing a blizzard today.

Health good, except a few cases of mumps.

J. M. Blacksher's new stock of drugs have arrived, and he is again prepared to serve his customers.

Clark & Weatherly have sold their stock of fancy groceries and soda fount to Mr. J. E. Harris, but will continue to run their barber shop.

The W. of W. met Saturday night. Some general business and one application. Call meeting for Tuesday night to consider several other applications. Our C. C., Jno. Weatherly, is an up to date Woodman. He knows just what to do to get every one to work—and by the way, he is a candidate for tax assessor.

Dr. W. H. Allen, of Rich Hill, Mo., is in the city, the guest of Mr. E. A. Blount. The doctor and Mr. Blount hunted, fished, scated and courted together in Kentucky nearly thirty years ago, and finally married sisters, and they are always glad to meet each other and talk over the old times.

Cinderella.

The entertainment given by Miss Jennie Harris' school at the opera house last night drew a large crowd and was indeed a success in every sense of the word. It was a wordless performance, but so perfectly carried out that "action spoke louder than words." There were three acts, embracing six superb scenes. First, the ugly sisters and their ill treatment of Cinderella; second, off to the ball, the fairy's visit and the transformation, in which the mice and the pumpkin are in evidence; third, the ball in the palace of Prince Charming, the arrival of Cinderella, who captivates Prince Charming, the flight of Cinderella; the lost slipper and the proclamation; the ugly sisters at home again; the trial of the slipper and the success of Cinderella; then the closing scene—the wedding of Cinderella and Prince Charming.

The programme was carried out in absolute perfection, denoting the skill, care and pains of Miss Harris in drilling her school, and reflecting great credit upon the little ones who had a part in the program.

THE CAST.

Prince Charming,
Audley Harris.
Cinderella, Tannie Stinson.
Ugly Sisters,
Mag and Elliece Harris.
Fairy, Elaine Haltom.
Priest, Wilber Paup.
Alter Boy,
William Edward Perry.

Coachman—Tom Buchanan.

Heralds—Walter Hatfield, Orland Patton, Claude Hazle.

Cushion bearers — Jaunita Tilley, Geneva Harris.

Flower girls — Ola Dee Thomason, Louise Baker.

Attendants—Helena Matthews and Leroy Thomason, Fannie Bert Nelson and Henry Tucker, Mag Harris and Claud Hazle, Elliece Harris and Tom Buchanan; Vivian Gallaway, train bearer.

Candle bearers—Willie and Walter Crouch.

Guests at the ball—Helena Matthews and Lance Harris, Vivian Gallaway and Orland Patton, Fannie Bert Nelson and Henry Tucker, Lottie Coats and Leroy Thomason, Delia Austin and Richmond Kleas, "the Ugly Sisters" and partners, Ola Dee Thomason and Joe Jackson, Olivia Foye and Julien Tilley, Prince Charming and Cinderella.

There were in the "Owl Song," in addition to those named already in the above cast, Loreno Belk, Eugene Vondersmith, Perry Vondersmith, Vivian Day, Grady Day and Ellis Weeks.

The recitation and skirt dance are entitled to special mention, but space forbids further comment. Suffice it to say that the loudest praise is spoken universally for the entire programme.

Club Notes.

Club met with Mrs. C. W. Butt last Thursday with fourteen members in attendance and four guests.

The responses to roll call were from Pindar and many beautiful sayings were given from the wise old Greek.

Minutes of previous meeting having been read, Mrs. Shindler read a letter from Galveston asking about the "Stones." Then followed a reading from the Waco Herald of Club News; how the great growth of the clubs has made it seem necessary to divide the state into districts, of which there were five, Nacogdoches coming in the fourth along with Waco, Houston, Galveston. etc.

Mrs. Ford read a very interesting paper on Pagan philosophy, after which the Greek history lesson was recited. Then followed a discussion on Eschylus, led by Mrs. J. T. Garrison; Mrs. Jackson and Mrs. Wettermark assisting.

Mrs. Butt then served delightful refreshments, when the afternoon came to a close with next meeting to be held at Mrs. Cox.

Went to Lufkin.

A few days ago Nacogdoches was infested by what was supposed to be a gang o thieves, who came in from other ports, and several burglaries was the consequence.

The gang must have come on down to Lufkin, as some one was seen trying to get into Richardson & Burke's drugstore Sunday night by Justice E. B. Robb, but made their escape.—Lufkin Tribune.

"Some time ago my daughter caugh a severe cold. She complained of pain in her chest and had a bad cough. I gave her Chamberlains Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia which in this instance was undoubtedly warded off by Chamberlains Cough Remedy, It counteracts any tendancy toward pneumonia. For sale by Perkins Bros.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsom, of Decatur, Ala., "if it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of Indigestion, Waterbrash, stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For Indigestion. Loss of Appetite, Stomach. Liver and Kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50c at R. C. Shindler & Son's drug store.

Angelina Went Wet.

Lufkin, Jan. 24.—The election yesterday resulted in the defeat of prohibition by a majority of about 250 votes.

The antis carried the Lufkin box by 68 majority.

The contest at this box was exciting, though it passed off good naturedly. A large number of ladies were out at the polls. But alas! they could not vote. If they could the result would have been different.

LATER.

3 o'clock, p. m. Late returns from country boxes have reduced the majority to 32, with Mississipdi and Sulphur Springs boxes to hear from, which are claimed by the pros though there is slight probability of changing the result.

For Tax Assessor.

John Weatherly, of Appleby, after consulting a number of friends and his own inclination has announced for the office of tax assessor of Nacogdoches county, subject to the action of the democracy. Mr. Weatherly is a native of Nacogdoches county, born and reared in the Appleby community, was educated in our local schools and has engaged in business in our midst. He is too well known to justify praise from this source. He is honest and capable, energetic and zealous in the discharge of any undertaking, and should he be honored with the office will serve the people well and faithfully. He asks a fair consideration of his candidacy at the democratic primaries.

For Sheriff.

Geo. W. Blackburne announces for sheriff, subject to the action of the democracy of Nacogdoches county. He is a native of Nacogdoches county, has been in public business for many years past, and of course is well known throughout the county. He is fully competent to fill the office with credit and ability, is bold and fearless, yet cautious and practical. If nominated he will prove a strong man on the democratic ticket.

A Southern Artist.

Mrs. Alice G. Dale, formerly of Shreveport, well known throughout Louisiana and almost the entire South, as a dramatic reader and story teller, will give one of her superb entertainments at the Nacogdoches opera house soon. Mrs. Dale is a woman of rare talent, "beautiful in face and graceful in person," and her powers of elocution, impersonation, interpretation and mimicry in dialect charm her audiences. The press and the people speak in great praise of her wherever she has appeared.

Rev. J. M. Yingling, pastor of the Bedford street M. E. church, Cumberland, Md., says: "It affords me great pleasure to recommend Chamberlain's Cholic, Cholera and Diarrhoea Remedy, I have used it and know others who have never known it to fail." For sale by Perkins Bros.

QUALITY

Quality should never be overlooked, no matter how small your business. The Quality of goods you carry, if of the best, will establish for you a reputation as a progressive business man. Printing above all other things should be of the very best quality. We make a specialty of Quality. A job from our press must be of the best of its kind. We have the necessary requirements for execuing the higher grades of letter press printing, i. e. Type, Inks, Paper and Brains. Our Job Department is in charge of gentlemen who have made Superior Printing their life's motto. If you are not a customer of ours, suppose you let us have your next order, it may cost a few cents more than the other fellow's, but it's cheaper—we put the quality in it.

Bailey's Burden.

Dalhart, Tex., Jan. 22.

DD. SENTINEL:

Please allow me to state to my friends who ask me to tell them through your colums all about this country that the country is so large and there are so many good things out here, and that it took so much of your space that you could not afford to publish my piece after I wrote it.

But just wait awhile. When everybody get well of the mumps, and Kaplan quits selling it for less, there will be more room for communications in THE SENTINEL.

I hope everybody will be well of the mumps when I get home. I haven't heard anything else since I have been here. Every letter and paper I get is telling about the mumps. Everybody in Nacogdoches had better come to Dalhart and get cured.

Snow is only eight inches deep; its awful nice to play in the snow and have the wind blow through your whiskers. The people here say the weather is pleasant.

Needn't meet me at the depot with a cab and a brass band when I come back. I will get off at the tank and walk up.

Yours, respectfully,
W. N. BAILEY.

[In defense against the insinuation of friend "Walk," we will state that the "pece" referred to was simply an advertisement and would have taken more than two columns of space.—ED.]

For Sale.

200 acres of fine land 2 1-2 miles east of Nacogdoches. Plenty of ever running water. Will sell all or part.

Jos. Blakey, of Melrose, is in the city.

All Knights of Pythias should enquire into the merits of the Endowment Rank. See R. W. Haltom.

C. R. Dickens and his crew of section hands are putting in a switch at the box and crate factory today.

Col. T. L. Fairris, of Alto, was in the city today. He came over after Mrs. Fairris, who has been visiting their daughter, Mrs. J. E. Mayfield.

R. S. Shipp, of Timpson, was in the city last night on a short business visit.

Bill Clevenger, of Douglass was in town this morning.

A. J. Coats, of Garrison, dropped in to chat awhile this morning, but had no news of importance to tell us.

Constable J. M. Tucke, of Douglass, was in the city yesterday on business connected with his office.

Capt. A. C. Barksdale and E. E. Grimes are in Henderson on business for Monzingo's nurseries.

Oscar Baker is back from North Texas, where he has been delivering fruit trees for Monzingo. He will leave Monday to work the H. E. & W. T. as far south as Houston.

Jack Lewis has returned from Henderson, where he has been delivering fruit trees for Monzingo's nursery. He will next go to Palestine.

M. F. Chandler, of Stoker, was in the city yesterday. He reports several cases catarrhal fever in his neighborhood, but none of a fatal type.

N. Payne, of Appleby, was in the city this morning.

J. C. Childers, of Chireno, is in the city to-day.

J. J. Traweek, of Linn Flat, is in the city.

Robt. Skillern, of Melrose, was in the city last night.

J. R. Lanier and J. E. Hunt, of Appleby, were in town today.

T. A. Bullard, of Melrose, was a visitor to THE SENTINEL office this morning.

Miss Jennie Harris' pupils will give us Cinderella at the opera house tomorrow night.

S. W. Hunt, of Appleby, was in the city this morning, accompanied by his daughter.

F. C. Sharp will leave Monday for Huntington to deliver fruit trees, for C. G. Monzingo. He will be accompanied by J. J. May.

Capt. H. A. Harris, of Attoyac, is in the city. He is the father of Mr. I. Harris of this city and is visiting his son as well as looking after business. He is accompanied by his son Henry.

Mr. F. S. Weatherly, of Linn Flat, was here yesterday. He is the father of Mrs. R. W. Murphey, of this city.

It will be a real treat to attend the performance of Miss Jennie Harris' school at the opera house tomorrow night.

W. T. Wilson was in Timpson yesterday.

J. A. Sowell and J. P. Morton, of Etoile, were in the city yesterday on a business trip, and while here dropped around to have the credit notch on our subscription books marked up a year further.

Our old friend, Chas. Hoffstadt, is closing out his business and will retire from active life. He is 74 years old and thinks he had rather spend the remainder of his life free from business cares.

The machinery will soon be placed in position and the box and crate factory will begin operations in a short while. A switch has been put in so that the cars containing the heavy machinery may be backed up close to the spot where the machinery is to be stationed.

Workmen are laying a drainage pipe across the plaza at crossing of Main and North streets for the purpose of carrying off the waste water from the new hotel and livery stable. The street has been torn up several days while the work is going on.

J. R. Richardson, of Melrose, was in the city last night. He says his son, Steve, who has been in the Philippine army and is still in the Philippines, has served out his three years term and has been discharged and will be home in a short time.

Miss Rita Smith and brother, Roy, returned to their home at Kirbyville this morning after a two weeks visit to relatives in Nacogdoches. They were accompanied by Miss Fay Smith, of this city, who will spend a week or two with relatives at Kirbyville.

J. N. Boles, of Jacksonville, is in the city on a business visit. He is enterested in some of our local enterprises and has important business interests here. We should be glad to welcome him as a citizen.

There are over one hundred and thirty express packages in the Wells-Fargo express office in this city not called for. The greater number of these packages are for people of the city and immediate vicinity. It is presumed that the parties to whom they are addressed know that they are there, as they have been notified by postal card.

We noticed J. F. Summers "buttonholing" a fellow this morning and asked what it meant, and another fellow insinuated that Frank was going to be a candidate for county treasurer. Well, he will make a lively race if he does run.

R. H. Connor and R. E. Byrnes, two worthy young men from Etoile, were pleasant and friendly callers at THE SENTINEL office yesterday.

The Nacogdoches Cemeterw association will please meet at Mrs. W. D. Peevy's Saturday afternoon to consider important business on hand. The question of a sexton is a serious one and must be attended to at once, as we wish to obtain the services of one capable and trustworthy.

E. B. S.
Sec. N. C. A.

Rev. S. F. Baucom returned yesterday from New Orleans, where he was married Tuesday, accompanied by his bride, nee Miss Carter. The bride is the daughter of Hon. J. J. Carter, a prominent citizen of New Orleans and one of the foremost politicians of Louisiana. She is an accomplished and lovable young woman, and Bro. Baucom's numerous friends congratulate him upon winning such a prize.

Geo. W. Womack, of Lufkin, has accepted a position with C. G. Monzingo as agent and salesman for the Nacogdoches Nurseries and will go to work for him next Monday.

J. L. Wisener, manager of the American Telephone and Telegraph company, left this morning for a business visit to Beaumont and Port Arthur.

Ball Last Night.

There was a dance at the opera house last night and those of the young folks who were not stylish enough to have the mumps were present and enjoyed a dance which was one of the most pleasant of the year.

They were chaperoned by Mrs. R. S. Jordan, Mr. and Mrs. E. C. Branch, and Mr. and Mrs. H. E. Dyson. But Mr. Branch only remained a few minutes after he discovered that a very ordinary bucket of well-water, mounted upon an imposing pedestal, constituted the refreshments for the evening.

A few of the dancers had expressed a regret at not having the orchestra, which has kindly furnished music on two occusions but Randolph realized that it was "up to him" and executed his pieces with such graceful curves and tremulos that the writer was forcibly reminded of another happy occasion when the dancers glided to the music of the famous Sousa's band.

When the young folks finally decided to disperse they gathered around the water bucket in the absence of any flowing bowl and drank each others health with the wish that the same crowd would dance to the same music many more times to come.

CORRESPONDENT.

Finds Way to Live Long.

The startling announcement of a Discovery that will surely lengthen life is made by editor O. H. Downey, of Churubusco Ind. "I wish to state," he writes, "that Dr. King's New Discouery for Consumption is the most infallible remedy that I have ever known for Coughs Colds and Grip. Its invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." R. T. Shindler Drug Co., guarntee every 50c and $1. bottle, and give trial bottles free.

PROBABLE CANDIDATES.

There are quite a large number of probable candidates visible in the back grounds. They are not saying much but are "feeling around" and we expect them to step to the front in a short time. We are not advising anyone to run for office without first feeling the pulse of the people, but we do advise any and all who have made up their minds to run for office to announce without delay. Don't keep your friends in suspense and doubt. Voters are prone to commit themselves too readily at the solicitation of candidates and many a vote has been lost by tardiness.

Among those who have spoken and been "spoke to," we call to mind the following

FOR COUNTY JUDGE.

The name of Bascom Lewis has been whispered around for county judge, and from his own remarks one would be justifiable in expecting him to enter the arena pretty soon.

The name of Rho Garrison has also been mentioned, but Rho says he doesn't think he is lawyer enough for the position, besides he has a pretty good job already.

Geo. F. Fuller, Esq., says he positively will not be in it, but his friends say he is joking.

Judge Middlebrook is not an impossibility, though his inclination is not to run.

SHERIFF.

It is considered quite probable that Ike Shepherd will offer for sheriff again. He has been strongly urged and has the matter under consideration.

TAX COLLECTOR.

Henry Turner will be a candidate for reelection and the name of Jesse P. Bruton has been mentioned. Jess says its a joke, but he has had a great deal of encouragement and his announcement will be surprise to his friends.

TAX ASSESSOR.

Dick Hall will be in the race again for tax assessor.

COUNTY TREASURER.

Zeno Cox will run again for county treasurer, and Frank Summers, Sr., is also on the eve of announcing his candidacy. Charley Richardson has been "spoke to," and has had pledges that are real encouraging and very tempting. J. A. Pirtle was mentioned this morning in a crowd at the court house and it seems that he is about to come forth as an aspirant for this office.

COUNTY CLERK.

Morg Weeks is considered a candidate for reelection, and Will Pearson has been mentioned as his probable opponent for county clerk.

DISTRICT CLERK.

It is not probable that Cliff Wells will have any opposition for district clerk.

JUSTICE OF THE PEACE.

We presume W. D. Peevey will be a candidate for reelection as justice of the peace. No other name has been mentioned.

CONSTABLE.

Bob Taylor will not be a candidate for constable again and Ed Muckelroy, it is understood will be a candidate for that office. Bob Parrish has also been mentioned.

There are probably numerous other candidates in the embryo state whose names have not reached THE SENTINEL, but "up to date" we know of none not mentioned here. We shall be glad to have the list corrected and revised if we have made any mistake—by either addition or omission.

FRIDAY'S LOCALS

Tom Baker has got the mumps; so has Vail Fall.

The rain last night did very little more than settle the dust.

Mansfield Crawford is on his weekly visit to the "Hub" today.

Cotton is looking a little upward today, so the cotton men say.

W. J. Chancellor, of Linn Flat, was in the city this morning.

Oscar Matthews is sick with the grippe.

Miss Eula Ireson has gone to Jacksonville to visit friends. She will also visit Palestine before she returns.

C. J. James and family have moved up from Martinsville to make Nacogdoches their future home.

Mrs. W. W. Perry has had to postpone the recital of her pupils tomorrow on account of sickness.

The Signal says Lake Orton has a habit of visiting the "mineral springs" at Garrison on Sundays.

Andy Legg, of Eden, is in the city.

Fayette Muckelroy, of Cove Springs, was in the city today.

Will Weatherly, of Linn Flat, was here this afternoon.

J. R. Cunningham, the Chesterfield of Linn Flat, is in the city.

T. M. W. Smith, of Douglass, was in the city this afternoon.

The Faust company will appear three nights next week at the opera house.

E. B. Goodrich, general manager of the H. E. & W. T. Ry. Co., spent yesterday in the city.

C. Clayton, of Lilbert, was in the city on a trading trip yesterday, and did a little "trading with THE SENTINEL.

Luther McKnight, representing the Scarff & O'Connor company, of Dallas and Houston, was in the city last night, looking after the wants of the print shops.

Mr. Paul Kirkpatrick, traveling freight agent of the M. K. & T. Ry., spent yesterday in Nacogdoches, soliciting shipments over his lines.

Neil Ingraham has been taking in the "Sunny South Handicap" shooting tournament at Brenham all this week. But we are disappointed in not seeing his name among the prize winners this time. Wonder where Luther Wade is?

It is quiet around the court house and there is little to remind one that county court is in session from exterior appearances.

W. A. Barry, of Linn Flat, was in town to-day. He says there are no candidates up about Linn Flat that he has heard of, and that it is a mistake about him being a probable candidate for sheriff.

Mrs. Sam H. Dixon and children, of Houston, left for their home last Sunday after a ten days stay here drinking mineral water. Mrs. Dixon expressed herself as being much improved and spoke in the highest commendation of our mineral springs. She will visit Garrison again this summer.—Garrison Signal.

Don't get fretted when we fail to mention someone who is sick. We have already published so much about sick folks that Nacogdoches nas got a terrible name abroad. And yet this is one of the healthiest localities in the State of Texas.

For the past 10 days the R. T. Shindler Drug Co. have had their store in a turmoil, caused by painters and carpenters, but it is to their credit that they have handled their customers with the usual promptness and courtesy they always extend to persons visiting their establishment.

W. H. Freeman, of Denning, was in the city today. He is merchandising at Denning and accumulates a great deal of cotton during the fall and winter which he generally sells in Nacogdoches.

Prof. Maxwell attended the educational rally at Nacogdoches last week.—Rusk Industrial Press.

Prof. Maxwell is the principal of the East Texas Institute at Rusk, and was a friendly caller at this office while here. The East Texas Institute is one of the foremost sectarian literary schools of the state.

Foils a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr King's New Life Pills." They work wonders in stomoch and liver troules. Cure constipation, sick headache. 25c at R. C. Shindler's & Son's drug store.

Indications "Dry."

As we go to press the news comes over the telephone that indications are strong that Angelina county has gone for prohibition by a small majority. The hardest fight was made at Lufkin, which has probably gone in favor of the antis.

Notice.

All parties holding stock in the Merchants and Farmers Cotton Oil Co. are requested to bring their certificates of stock to me to have same properly stamped and receive issue of new stock.

Allan Seale.
d&w1 Secretary.

New Century Comfort.

Millions are daily finding a world of comfort in Bucklen's Aanica Salve. It kills pain from Burns, Scalds, Cuts, Bruises; conquers Ulcers, and Fever Sores; cures Eruptions, Salt Rheum, Boils and Felons; removes Corns and Warts. Best Pile cure on earth. Only 25c, at R. T. Shindler Drug Co.

To The Buyers of Merchandise

Of East Texas.

On the first of March 1894 we started in Nacogdoches something our friends feared would prove a failure and our competitors said would soon be a thing of the past as a Cash Store could not prosper here. Now after eight years have lapsed, we are still at the same old stand, and selling more goods than ever for Cash---as our sales for January 1902 show a decided gain over any other January in the history of our business. Last year we undertook to do some credit business in connection with our regular cash trade, but after one years experience we find that to do a credit business successfully it is necessary to charge the good man, or the man who pays his account, enough to make up for the delinquent, or the man who does not pay. Therefore, as we do not care to do that kind of business, we have decided to leave off the credit business, and the year 1902 will find us every day--except Sundays--selling goods for less money than any house in the Stone Fort City. We don't spend money advertising something we will not do. But stand here ready to furnish the proof. Every article you buy of us and find you can do better anywhere else we will cheerfully refund the money for same. In other words we guasantee our prices on everything we are selling.

Shoe Talk:

There are three kinds of material used in the making of shoe soles, namely: Paper, which seems most popular; shoddy leather, which seems second in popularity, and sound leather. Now, as a matter of fact, when a shoe has inferior soles it is entirely worthless and the money you pay for it is thrown away. The buying and wearing of Shoes is unlike buying and wearing of any other article of clothing, a cheap shirt gives the purchaser some service, a cheap dress looks very well for awhile, a cheap hat is not often dissapointing to the wearer, and a cheap coat has some value but a cheap shoe has no value, is dissapointing and dangerous, when the soles are made of paper or shoddy leather they go to peices, allowing the feet to get wet and cold always causing bad colds and often pneumonia. By allmeans we reccommend buying good shoes. We have a full line of the famous Hamilton-Brown shoes--every pair warranted to be good leather If you are not already a wearer of them try a pair.

Winter Underwear.

You may need a few suits of heavy underwear to finish up the winter with. We have cut the prices almost half on all our winter underwear rather than carry it over

Staples:

Standard Yard Wide Heavy Domestic 4c
Extra Heavy Yard Wide Domestic, ... 5c
Indian Head Yard Wide. Best on Earth, 6c
Amoskeag A. C. A. Feather Ticking 20c kind 12½
A. C. A. Feather Ticking, 15c kind 9c
Heavy Mattress Feather Ticking, 7c kind 5c
Extra Heavy all Wool filled Jeans, 35c kind 25c
Extra Heavy 75 per cent Wool Filled Jeans, 25c kind 20c
Good Grade Cotton Jeans, 12½c kind 9c
Extra Heavy 28 inch Cotton Plaid, 6c kind 5c
Standard Heavy Cotton Plaid, always sold at 5c, now 4c
Lighter Grade Cotton Plaid, always sold at 4c, now 3c
All Standard Brand Calicoes, the 5 and 6c kind, now 4c
Good Grade Outing Flanel, at 5c
All 10c and 12½c outing, now 8c
Good Grade good wide bleached Domestic 5c

Clothing:

We have a few odds and ends in coats and vests, extra vests and extra pants to be included in this sale very cheap.
We had rather have the money than carry them over, therefore if you need a suit, Coat and Vest or pair of Pants, you are the man we want to see. We still have a fairly good stock of Overcoats, Mackintoshes and Ulsters; and will sell you one powerful cheap if you need it to finish up the winter with.

Blankets, Quilts and Comforts.

You don't have any idea how cheap you can buy these until you have priced them. We've got too many and are anxious to sell them.

Trunks and Valises:

If you ever expect to move, get married or take a trip, let us sell you a Trunk or Valise. We have a nice stock and can take care of you on anything in this line.

You can't extinguish an electric light by blowing, neither can the prices we are making on merchandise now, be evaporated by the empty air of windy advertisements. You have to see the article to appreciate the prices we are making. Come to see us when you come to town, and we assure you that you wont be dissapointed.

W F Whitney vs W N Bailey, judgment by default.

For County Clerk.

I. F. Miller, of Appleby, is a candidate for the office of County Clerk, and authorizes THE SENTINEL to announce him subject to the action of the democratic primaries. Mr. Miller is a young man of superior literary attainments and clerical ability. He has had several years experience as school teacher is well and favorably known in many sections of the county. He has lived in the Appleby community twelve years and bears a good name as an honorable, upright man. He is entitled to the thoughtful considera tion of the voters at the primaries.

Just a few more John Deere stalk cutters left; will give you a low price.
2 Cason, Richardson & Co.

Arthur Gunning was called to Chireno on account of the dangerous sickness of his mother and has not yet returned.

Read Cason, Richardson & Co's ad this week.

Bob Buford, of Henderson, is visiting relatives and friends in Nacogdoches, the guest of his aunt, Mrs. J. J. Hayter.

There were five bales of cotton on the streets yesterday and only two to-day. The weather is too rough for country people to come to market.

We have the John Deere plows, for all kinds of land, in both wood and steel beam.
2 Cason, Richardson & Co.

San Augustine is soon to have an up to date planing mill. Mr. Ed Saunders placed an order for two thousand dollars worth of the machinery last Thursday, Cason, Richardson & Co. having secured the order. He bought a new outfit consisting of engine and boiler, re-saw, band saw and complete planer.

There is One Thing

That we always keep in mind, that is that people as a rule don't like to run all over town to buy three or four articles that should be handled by one concern. We have therefore carefully gone over the list of

Thousands of Things

which are carried in first-class drug stores, and flatter ourselves that we have the most complete line of

Everything

which belongs to a drug store and jewelry store. If you can't find it here you need not go further.

Dr. Smith, Dr. Nelson, and Dr. Mayfield. Office with us.

Stripling, Haselwood & Co.

Druggists and Jewelers.

Have you seen those pants that hang in front of Reed's Racket store marked in box car letters, 78c, 80c, 66c, $1.05, $2.10 and 56c per pair. Why should these times be tight when prices and sizes in this line can be adjusted to fit customers.

Toilet soap, 1c per cake, 2 Cabinets hair pins 5c, glass dippers 10c, the good kind. Have you seen the woolen wars display, pastry boards, rolling pins, coat racks, towel reels, wooden trays, steak malls and wooden paddles at Reed's Racket Store?
