ANNOUNCE LEGION DEDICATION PROGRAM

LAMESA GOLF TOURNAMENT WAS OPENED MONDAY; CONTESTANTS WILL RECEIVE FORTY-ONE PRIZES

District Postal Convention Will Meet in Lamesa

CLEVE AUSTIN RE-ELECTED AS SECRETARY-TREAS.
 Lamesa was selected for the next convention of the District Postal Convention to be held next year on Memorial Day. At this meeting held in Lubbock, election of officers was held and Cleve R. Austin of Lamesa was re-elected as secretary-treasurer of the association. Other officers elected were: Miss Ruth Courtney of Littlefield, president and L. N. Nichols of O'Donnell, vice-president.

Those from Lamesa who attended the convention Saturday were Messrs. Cleve Austin, Wright Boyd, Bryan B. Cox, Hubert F. Nelson, and J. D. Dyer. The delegates reported a fine meeting. The convention next year will be held under the auspices of the Lamesa Chamber of Commerce.

Bill Bell Home Destroyed by Fire

The home of Bill Bell in the morning addition of town was totally destroyed by fire Wednesday morning at 4:00 o'clock. There was no insurance covering the house, and Mr. Bell was away from his home at the time of the fire, which was of undetermined origin.

Farmer's Short Course Will Be Held July 27-31

The twenty-second annual Farmer's Short Course held at the A. & M. College this year, promises to be greater than any previous year on account of the stress of the farm problem and because when there is an apparent need of information, inspiration and enlarged vision, men and women gather together and exchange ideas and seek the solution in unison. This has been the case since the short course was organized some twenty odd years ago and each year, many of these people attend these meetings who have been regular attendants from the beginning. They are the ones who have made it a great institution because they are acquainted with the work that each summer is done there. A few new ones come for the first time and thereafter come back to profit from the demonstrations and the lectures, the music and many other activities.

Among the many prominent men and women that are to appear on the program this year are: Hon. A. F. Lever of South Carolina, author of the Smith Lever Extension Service act, L. J. Taber, of Columbus, Ohio, Master, National Grange, E. L. Creekmore, Manager, American Co-operative Cotton Association, New Orleans, Miss Catherine Cleveland, Cotton Textile Institute, New York, Mrs. Cone Johnson, Tyler, Hon. J. P. Dunlap, Assistant Secretary Agriculture, Washington, D. C., Congressman J. P. Buchanan, and Senator Morris Sheppard of Texas and others of national reputation besides many able men and women of the college and from over the state who will direct the week's work in an interesting and instructive way. Most people who visit the A. & M. College for the first time are amazed at the size of this great farm school and feel a pride in the power of its influence and leave with a wholesome interest in its work and a keener appreciation for the business of farming and a higher regard for the home life on the farm. It is not

The Lamesa Golf Tournament opened Monday at the local course. The tournament will end the 13th at which time the Ladies tournament will begin, details of which will be given later. The tournament is carried through a process of elimination and the rules by which the tournament is governed are as follows:
 Any discussion to be taken up with tournament committees: one ball off first tee; lost ball one stroke; no grounding clubs in traps; putt on greens from where ball lies; ball must be played in calleche pit as it lies or penalty one stroke; each match must be played within two days—18 holes, or default; final match to be 36 holes; driving and putting contests on last day.

SANTA FE EXAMINATIONS TO BE GIVEN THIS MONTH
 Santa Fe examinations held every three years will be held this year sometime between this date and the 15th of June. These exams are based on the Book of Rules and include around a total of 550 to 600 questions. The exams will be taken by operator N. P. Cochran and stationmaster Barkhurst. The purpose of the exams is to see if every member of the Santa Fe system is familiar with the Book of Rules. A special ear will be sent with a special examiner to hold these exams which will be held either in Slaton or here. This work is being done over the whole Santa Fe system. A physical examination is also included.

SCHOOLS CLOSED
 Four schools in Dawson county closed Friday night with appropriate exercises, thus closing the school term. They were Mullins, McCarty, Shumake and Hancock.

Mrs. M. J. Eastman and Miss Maggie Eastman of Lou are sending a few days visiting with Mrs. C. L. Gaultney.

Courier Ads

Not only do the people appreciate the splendid news service of the Dawson County Courier but read what this correspondent says about the ads in the Courier: "The Munger Community appreciates the benefit of the advertisements in the Courier each week." The Courier appreciates this little paragraph very much, and is always glad to get the views of the people of our publication, whether good or bad. We are here to serve, both in advertising and news service.

Training Course for Scouts Held Monday

The Scout Training Course held its eighth meeting of the course Monday night in the basement of the Methodist Church. Scout Executive D. T. Jennings of Lubbock lead the very interesting lesson which was enjoyed by all present. A very small crowd attended the course, and it is hoped that more will attend the future meetings.

MEMORIAL DAY IS OBSERVED IN LAMESA WITH SALE OF POPPIES SATURDAY; DECORATE GRAVES

Once again in Lamesa Memorial Day was observed in honor of the glorious dead who died for us in the World War. During Saturday poppies were sold as usual under the auspices of the Women's Auxiliary. Booths were placed at the different stores, and several girls made person to person canvasses. A total sum of \$102.53 was realized from the sale at which time 990 poppies were sold. This money will go to the disabled war veterans. The Women's Auxiliary wishes to thank each of the stores who so kindly let the front of their stores for the poppy booths, also the Boy Scouts and all the girls who helped in this good work. The following stores receive many thanks from the Women's Auxiliary: Baldwin's, Walker Barber Shop, Burnside Booterie, Morris McCall Drug and Ayres Dry Goods store and H. E. Williams Hardware Co.

Program Sunday Afternoon

The program opened with the audience singing "America" with Chaplain V. Z. Rogers leading the singing. This was followed by the invocation by Rev. J. W. Braswell, and the scripture reading by Rev. Eugene H. Serface. Mrs. Cleve Austin read the well known and justly appropriate "In Flanders Fields."

Rountree Makes Address

A most splendid and appropriate Memorial address was delivered by Judge Carl Rountree, who for an hour held the audience spell-bound as he reviewed the military history of the United States from the time the Pilgrims landed at Plymouth Rock down to the present date, together with the history of Texas' own fight for independence, and lauded the principles of freedom and democracy upon which our great government is founded.

Four-Legged Chick Lives For 24 Hours

Mr. E. C. Airheart of Martin County was a visitor in the Courier office Saturday afternoon and had with him a freak chicken. The chicken was a double one with the exception of a head. It had two sets of legs, two sets of wings. Both sets of feathers were perfect each having their pin feathers. The chicken lived for at least 24 hours.

\$6,900 Bonds Retired on Dawson Schools

Bonds amounting to \$6,900 in Dawson county were retired this week according to county superintendent W. T. Webb. Most of these bonds were not due until about ten years but in retiring these at this time an interest amounting to \$414.00 was saved the county.

LOCAL DRUG CO. SHOWS EUMECES OBOLETUS HERE

Morris-McCall Drug No. 1 on the West side of the square have been attracting attention this week with the Eumeces Oboletus more familiarly known as the Sonora Skinas. This rare specimen of lizard was found out on the Nix farm in the Munger community and brought to town. Name of the reptile was not known and it was sent to the Abilene High School for identification there. Not being able to name the species it was sent to Simmons U. but could not be named there. It was then sent to the Field Museum at Chicago and was sent back with the above name. The reptile is about twelve inches long has a forked tail, and a snake colored skin. It is nonpoisonous and is a very rare reptile and extremely rare to this part of the country. Dr. Schmidt, who made the research, said that the forked tail was caused through some injury, and that when one of the forks get hurt another fork grows. There have been as many as three forks to some of these lizard's tails. Dr. Schmidt also stated in the letter that this is one of the largest specimens that have been captured and that if any more could be found that they wanted them at the museum. The animal burrows in the ground. It was sent alive, but was returned distilled to keep in preservation.

RABBIT THIEVES ACTIVE

Several rabbit thieveries have been reported in Lamesa the past week. Mr. S. C. Alberson, who has several prize rabbits had his rabbitry raided a few nights ago. Mr. F. Kuteh, whose stock won several prizes at the Lubbock Fair, suffered likewise the following night. N. P. Cochran had his pens rifled the Sunday night. A little detective work on the part of Mr. Kuteh and Cochran recovered part of the loot and resulted in three boys being taken before County Attorney Dyrrel Kirk, who gave the boys a severe reprimand and advised them that if the practice didn't cease they would be taken to the reformatory.

SCHOOL BOARD TRUSTEE MEETING

There will be a county school board meeting of trustees, Saturday June 6th at the Court House at 2:00 o'clock. The following will be present:
 W. H. Huse of Praelnet No. 1, O. E. Witte of Praelnet No. 2, John C. Barron of Praelnet No. 3, and L. A. Duff of Praelnet No. 4. C. A. Barron is the trustee at large and W. T. Webb, secretary, will also be present.

State Commander Will Be Principal Speaker June 19

The Legion Dedication Program, which will be held Friday night June 19th has been arranged according to Phillip Yonge, chairman of the program committee. Other members of the program are J. C. Smith and M. E. Boren who have announced the following program:
 The Post Commander Sam Richardson will preside during the meeting. Music will be featured as the first number on the program. Commander Richardson will then say a few words, which will be followed by a prayer offered by Chaplain V. Z. Rogers followed by a talk by the Post Commander. All present will then stand with bowed heads for thirty minutes in reverence to those in whose memory the hall is built and dedicated. Some Legionaire, not yet named, will then accept the hall for the post. State Commander Hal Brennan will give a talk which will be one of the main features of the program, and will be followed by a talk from the State Adjutant Bob Whitaker. More music will then follow the speaker. A display of flags and the dedication of the hall will be next. The national anthem will then be played and the benediction will be pronounced by chaplain V. Z. Rogers.

The public is cordially invited to attend this dedication of the American Legion Post on the corner of North 5th and Wasson Streets.

Program to Be Given at Church of Christ

An interesting program is to be given Monday night at the Church of Christ, May 8th, by Brother Z. D. Barber of the Boles Home at Greenville and about twenty girls and boys of the home. The program, which will last well over an hour will contain a number of songs and readings. This program will be well worth your time and it is one of the best programs of this kind.

Seiberling Sends Car Load of Tires To Lamesa Dealer

Blue Burleson, the new Seiberling dealer for Lamesa, this week has placed in stock at his store on North First Street, a full car load of these tires and tubes, which arrived in the city Saturday.

This is the first full car load of tires ever shipped to Lamesa by one concern, and shows the faith this dealer and the manufacturers of this tire has in this territory.

Mr. Burleson will devote his entire time to the sale and distribution of this tire, and there is no doubt that he will tack up a records for this product that will be a star to shoot at by any tire sales company.

Blue is well known in this city, and very successfully conducted a filling station on the northeast corner of the square. We refer you to his ad in this issue of the Courier.

A NEWSPAPER FOR AND BY THE PEOPLE OF DAWSON COUNTY

ON THE UPWARD TREND

THERE are very few people who will not agree with the writer that the general feeling of the nation, and especially that of part of the nation that comprises the Lamesa territory, is now on the upward trend, and that we have passed over the last dangerous dip, and we are safe in speeding up, and looking forward with a great deal more confidence of a much better road ahead than for the past few years. We may not know just how every thing is going to turn out. We may not be able to even give a real good reason for believing that better times are near at hand, but there is just something that tells us that conditions are going to right themselves, and gradually we will build back to a normal condition.

Speaking more locally, the prospects in Dawson county are brighter right now than they have been for many months. The agricultural prospects are favorable from every viewpoint, except possibly the market value of the products, and while it is too early to know what the price of cotton and feed will be this fall, there is a very promising condition as to yield, and with the low cost of growing and gathering crops in this country, there is a very great likelihood of a heavy yield, and even at the low level of crop prices at the present time it will mean many thousands of dollars to our farmers, and likewise to the business men of this town.

There are fewer business men in a strained condition in Lamesa today, than in any town of its size that we know of. None of them boast of rushing business, but every one of them will tell you that they are looking for a much better business condition within the next few months. They are putting on a cheerful face and show a determination to carry on.

Just at this time our farmers are producing great quantities of dairy products and poultry. Many thousands of dollars are being distributed by the produce dealers to farmers in the Lamesa territory each week. This means that the former is in fine shape; that he is paying as he goes, and is not having to mortgage everything he has to clothe and feed his family and his work stock, and to buy his farming implements. The butter, milk, egg and poultry check is helping to keep ahead, while farmers in many other sections of the nation are lagging behind.

This is the reason that Dawson county is going to be in the white spot this year on the business map of the nation. And, to our mind we have nothing to fear from now on. The only suggestion that we would offer, and that is to "keep our head"; be conservative, and take the upward grade with a steady pull, and in due time we will mount the hill top, and plant our feet on solid ground. No doubt we are on the upward trend.

BY ONE VOTE WEST TEXAS LOST

THE lower house of the legislature voted to re-district the congressional territory, but the Senate took us to a set back by one vote. Texas has been entitled to two more congressmen for some time, and the press of the state has been fighting for it. There seems to be some politicians who are afraid they may lose their pull if such a thing was to happen, and they have been able by some hook or crook, mostly crook, we feel quite sure, to stave it off, and we will now have to wait for another two years to have this important matter adjusted in the legislature. West Texas would have been the benefactor in the redistricting job, we would have gotten two new congressmen, had this bill been oked by the state senate. This is possibly the reason that it was given the ax by the senate. West Texas is becoming a power, and the nature of the vote of West Texas is not such that appeals to the politician who wants to put stuff over, that is tinged with questionable colors. West Texas for many years was overlooked, neglected, scoffed at and abused, but her voting strength is becoming sufficient now, that politicians are afraid of her, and she is commanding more respect, and is attracting and getting more attention than ever before. West Texas has suffered long at the hands of politicians, and the uninformed and prejudicial east, but through a consistent exploit of the merits of the west, she is beginning to show a gain that is encouraging, and in the very near future, she is going to cause the people of other sections of the state to have to eat out of her hand. The people of the east and south, have found that the western portion of Texas is not to be sneered at, and the press of the state is taking altogether a different view of the claims of this section of the country. The West Texas Press has fought a good fight. They have stood loyal to the cause, and have shown their brother editors of further east in the state, that they are wrong, all wet, and sadly in error, and many of the editors of other sections of Texas have buried the hatchet, and are ready to help West Texas to get more recognition, and the fight is not going to be so hard from now on. We are going to have to wait however, for a while longer for this additional representa-

tion in the halls of congress, but all are confident that this will come by the time the Texas legislature shall meet again. The thing for West Texas to do is to fight on, and the reward will come.

We see much about ending wars forever, but at the same time figures before us disclose that there is an increase of 70 percent in the expenditures for arms.

Remember that Lamesa made products make Lamesa. Trade at home and with Local People.

Double Guarantee

Every tire manufactured by Firestone bears the name "FIRESTONE" and carries Firestone's unlimited guarantee and ours. You are doubly protected.

*A "Special Brand" Tire is made by a manufacturer for distributors such as mail order houses, oil companies and others, under a name that does not identify the tire manufacturer to the public, usually because he builds his "first line" tires under his own name. Firestone puts his name on every tire he makes.

All we ask is this: Come in to our Service Stores and see for yourself sections cut from various tires. Compare Quality—Construction—and Price!

MEMORIAL DAY

(Continued from Page One)

during wars, he mentioned about his great-grandmother who during the civil war had several sons in the Southern Army, with one son in a Yankee prison camp, and she had four hogs with which to feed the children at home; but the Northern Army came through the country and foraged everything taking the four hogs and killing them leaving only the heads and feet remaining, and the mother found herself in such destitute circumstances that she was compelled to cook the heads and feet of the hogs in order that she and the children might live.

Then he spoke on the wonderful ability of the soldiers in the World War who went over across seas and remaining as one army routed the German army back into their own soil and forced the signing of the Armistice, proving that this Nation is willing to take up the fight for others who are being wronged without any hope for reward, and in that way setting the example for the World to follow that in abiding by the Golden Rule and the teachings of Jesus Christ this Nation "shall not perish from the earth."

Decorate Graves

This closed the program in town after which the legionnaires drove out to the Lamesa Cemetery and

there decorated the graves of the war veterans. The graves of comrades Houston, Guthrie, Hamilton, Rainey, Oats, Ault, Hinson, Rice and Rendleman were decorated. The benediction was pronounced by Buddy Wm. M. Yates as taps were blown by Conway King. At 1:15 the graves of Comrades Allen and Eason were decorated, Buddy Wm. M. Yates again pronouncing invocation and Clarence Ham sounding taps. At the Five Mile Community the grave of Comrade Crow was decorated and Conway King again sounded taps. This closed the entire program for the two days.

SHORT COURSE

(Continued from Page One)

the institution itself that makes this feeling, but rather it is the attitude of the people themselves toward each other and working for a common cause and a common problem through the institution that may enlarge the viewpoint, increase the vision and inspiration for the vocation of Agriculture and its branches.

The social side of the short course is important to many who extend their acquaintances, renew old friendships, and learn from each other how they have solved their problems. The whole family may enjoy the short course; there is work for boys and girls and pleasures too.

The accommodations at the college are adequate to care for several thousands with rooms and meals, and without rushing or waiting and with very small expense. It requires organization and precision to render this service but the A. & M. College is a military institution (it rank next to West Point in this respect) and the people there are familiar with discipline and order and are equipped to take care of large crowds satisfactorily. The meal cost for each person for the week is \$5.00 and room \$1.25 for the week. The railroad fare for the round trip is one cent per mile.

Mr. and Mrs. W. T. Webb spent Sunday in Lubbock.

TO THE READERS OF THE COURIER

Look over the ads in this issue of the Courier. The advertisers are the ones who are making it possible for you to receive the paper free of charge each week. If you like the paper and want it to continue coming, tell your merchant about it. He is interested in knowing whether or not you appreciate getting it. Just tell him you saw his ad in the Courier and you want the paper to keep coming, if you do. We'll thank you, and they will too.

B-Flight Team Loses First Game

The B-Flight Team under Capt. E. Powell lost their first game of the B-Flight series Sunday when they played Big Spring on the Big Spring Course. Final count was 29 to 26. Although the boys lost the game they made up for it with the good time they all enjoyed there. The next game will be played with Stanton.

THE CHURCH OF CHRIST

I will preach my farewell discourse with the church here Sunday. Because of a number of meetings covering the entire summer I am forced to resign my work with the church here. I hope to see the entire church present next Lord's Day. Brother Barber of the Boles Orphan Home at Greenville will be here Monday night the 8th with about twenty boys and girls of the home to put on a free program. This is one of the very best programs of the kind and the public is cordially invited to attend. It will last more than one hour with a variety of songs and readings. Please do not miss this program.

J. T. Stricklin, Minister

Miss Veta Winningham and Mrs. Clarence D. Newland were O'Donnell visitors, Thursday.

"SERVICES"

WHEN YOU LIGHT THE BURNER of your gas appliance and the flame springs to life instantly, you see results—comfort—convenience—not causes.

Seldom, if ever, do you see the Service agencies that make this ideal fuel supply amply possible. Pipe lines, gas wells and manpower, Service!—the combination of efforts that brings natural gas to your burner and which plays a major part in the cost of your fuel supply.

It is Service that provides heat at the burner automatically, when and as you want it, without ashes, smoke, or soot, or the need for extra labor or storage. Back of the flame of your burner stands the Service of your gas company with its skilled employees and its facilities for delivering the gas. Service must be maintained! Service is what you are paying for!

The fact that your gas company must maintain the year round, at great expense, capacity equal to the coldest day of the year—even though this peak capacity is not required except on a few cold days in winter—is merely one of the items of this responsibility called SERVICE.

Your Gas Company takes pride in the fact that it pioneered the distribution in this section, of the only available fuel that can be utilized by the consumer without special handling or the use of costly mechanical accessories. Realizing our responsibility we take the utmost precaution to assure you permanent fuel satisfaction by providing a dependable flow of gas—regardless of the weather.

200 percent more non-skid miles. Heat is rubber's greatest enemy and the positive air circulation through the three treads and carcass eliminates the tire failures caused by overheating and burning of rubber.

The force of the air through the tread automatically forces all road materials from the air tunnels in the tread, clay, sand, mud, pegs. The cooling area remains shiny clear under all kinds of road conditions.

**WE HAVE TIRES TO FIT EVERY CAR
