George Forecasts 'No Basic' Difference On Foreign Policy

BLIND BOY'S DOG FOUND

Three-year-old Russell Deming of Boston, Mass., blind since birth, cuddles his pet boxer Buddy who had been lost three days. Buddy is catching up on sleep lost in his wanderings. Police, when they heard the blind tot had lost his constant companion, combed the neighborhood and found the dog.

Details Asked On Security Risk Firings

By ROWLAND EVANS JR.

WASHINGTON (AP)— Sen. Mansfield (D-Mont) called today for a Senate investigation to disclose publicly "the exact number" and the names of subversives stripped from government payrolls by the Eisenhower administration.

Mansfield's request came in a letter to Sen. Olin D. Johnston (D-SC), prospective new chairman of the Senate Civil Service Committee. Mansfield made the letter public.

Yesterday, the Civil Service Commission, reporting on operation of the security program during its first 16 months, said 8,008 federal employes had been dropped as security risks, 2,096 with "subversive data" of varying kinds in their files.

Besides indications of subversion, the security program lists as grounds for dismissal perversion, criminal convictions, alcoholism and inability to keep a secret.

Mansfield and a number of other Democrats have called the figures a "numbers game" and contend they fail to show how many government employes were actually fired for subversive associations or activities and how many resigned before their cases were finally decided.

Sen. McCarthy (R-Wis), meanwhile, said in response to a question that he regards it as "unusual in the extreme" that the latest report included no figures for the Central Intelligence Agency. He declined to elaborate.

A report on the security program three months ago listed 75 separations by the CIA—all but one resignations and none in the "subversive data" category. Yesterday's report said it was deemed "not . . . in the public interest" to announce CIA figures.

Mansfield said in an interview that government workers' personnel files are filled with data, much of it unevaluated, collected from both reliable and unreliable sources. He wants to know, he said, how many of the "subversive" separations from government involve persons who:

1. May have been fired for some totally unrelated reason but whose file might contain unevaluated "subversive" information.

2. May have resigned to take a better job elsewhere without being aware that their personnel files contained unevaluated information indicating subversion.

In his letter to Johnston, Mansfield urged "that the names of those who were actually dismissed for subversive activities or for being Communists and traitors be made known to the American people. I would also like to know who among these people were hired by both the Truman and Eisenhower administration."

READY FOR CHANGE

Retiring House Speaker Joseph Martin (R-Mass), left, and the man who will succeed him, Rep. Sam Rayburn (D-Tex), shake hands as they meet in Washington to talk over the opening of the new session of Congress on Wednesday. Martin will act as minority leader when the Democrats take over.

Ike's Message Praised By GOP

By JACK BELL

WASHINGTON (AP)—Sen. George (D-Ga) predicted today Democrats will have no "basic disagreements" with President Eisenhower over foreign, national defense and world trade policies in the Congress session opening tomorrow.

George, in line to become the chairman of the Senate Foreign Relations Committee, spoke out after Republican legislative leaders predicted the President's State of the Union message will be "well received" by the country.

Saying he doesn't believe it contains anything new or startling, Sen. Knowland of California, the GOP floor leader, said he thinks the message "will be well received by the Congress and the people."

Eisenhower gave GOP leaders a preview of the message at the White House yesterday.

The President was said to be stressing in the message a new defense concept in which proposed military manpower reductions would be offset by the employment of new weapons and closer links with America's allies.

The manpower cuts, already announced, have brought Democratic demands for a review of over-all military policy.

Eisenhower was represented as taking an optimistic view of the nation's long range economic prospects and was said to be emphasizing in the message plans to advance the health and economic welfare of the country.

Some lawmakers said the message was being redrafted into the final form before the President's scheduled delivery at a joint session of Congress Thursday. Radio and television networks will carry the speech.

Senate and House Democrats and Republicans planned separate meetings today to settle on party floor leaders, with no upsets or contests in prospect.

The new Congress convenes at noon tomorrow, with the Democrats taking over control and then marks time until the President's message a day later.

Without direct reference to the message, George said in an interview that unless something unforeseen develops, he believes relations between the Democrats in Congress and the White House will be good.

"On the foreign affairs, international trade and national defense programs, I do not think there will be any basic disagreements with the President," he said. "Perhaps there will be arguments over some details. But I do not anticipate sharp, fundamental differences over even most of the domestic program."

George said he will not push in 1955 for tax-cutting increases in personal income exemptions of the kind he sought unsuccessfully last year. He said he believes exemptions should be raised, but not until greater progress has been made toward balancing the buget.

Predicting a prosperous year at home, George said he believes the prospect of peace is certainly somewhat clearer and better than in the past."

George, emphasizing he spoke as a senator and not as the incoming chairman of the Foreign Relations Committee, predicted Congress would carry on "a reasonable foreign aid program" but said that closer attention than in the past must be paid to making it effective.

George said he would favor a gradual increase in "nonwar" trade with some sections of the Communist world, such as Russia's satellite nations.

"We can't exclude vast areas of the world from our own commerce indefinitely," he said.

It already has been disclosed that Eisenhower will ask for continuance of corporation and excise taxes at present levels and will propose an increase in the statutory minimum wage from 75 to 90 cents, as well as pay increases for civil service and postal workers. The latter would be tied to a postal rate increase certain to be opposed by many Democrats.

The President is expected to ask again for a three-year extension of the reciprocal trade agreements program with power to make gradual tariff cuts ranging up to 15 per cent. In 1954 Congress extended the program only one year without tariff cutting powers.

Eisenhower probably will urge strongly also a pay increase for specialists in the armed services, with adoption of a new reserve plan embodying six months of training for volunteers.

The White House has indicated renewal of his request, ignored by Congress last year, for federal reinsurance of private health plans. He also will ask for a long-range highway building program financed by the federal government and the states.

The new budget, to be delivered to Congress Jan. 17, is expected to call for expenditure of about 63 billion dollars in the fiscal year beginning next July 1. Secretary of the Treasury Humphrey has said it will not be in balance.

Hammarskjold Plane Arrives In Hankow

UNITED NATIONS, N.Y. (AP)—U.N. headquarters received word today that Secretary General Dag Hammarskjold has arrived at Hankow on his flight to Peiping to try to gain the release of 11 American airmen and other U.N. personnel held by Red China.

Hammrskjold and his party took off in a special Chinese plane from Canton after an 8½-hour flight in an Indian plane from Calcutta, India.

The report received here said Hammarskjold planned to stay in Hankow overnight, leaving for Peiping Wednesday morning Chinese time.

WEATHER

NORTH CENTRAL TEXAS: Considerable cloudiness and warm with few light showers this afternoon and tonight. Wednesday scattered thundershowers and turning cooler.

WEST TEXAS: Mostly cloudy with occasional showers or thundershowers this afternoon and tonight and east of Pecos Valley Wednesday. Cooler tonight and Wednesday.

EAST and SOUTH CENTRAL TEXAS: Considerable cloudiness and warm with few scattered light showers through Wednesday. Moderate to fresh southeasterly winds on the coast.

Woman Agent's Case Due Further Probe

By G. MILTON KELLY

WASHINGTON (AP)—Sen. McClellan (D-Ark) said today the Senate Investigations subcommittee may inquire further into a woman witness' story that a Communist threatened her life.

Dark-haired Mary Stella Beynon, 31, who said she is former FBI undercover informant, told part of the story yesterday as a witness at the subcommittee's last scheduled public hearing before Sen. McCarthy (R-Wis) hands its chairmanship over to McClellan in the new Congress.

McClellan says he plans some investigations of Communists, possibly including some follow-through hearings based on Miss Beynon's story.

Miss Beynon told the subcommittee that Roy Hudson, whom she described as a former chairman of the Communist party in western Pennsylvania, informed her on May 13, 1947, that "I would not be killed that night, but I was under a death sentence." She said Communists had just learned she was reporting to the FBI. She did not indicate there ever had been an attempt on her life.

Yesterday's sessions brought contempt of Congress threats against five persons, one of them a Pittsburgh steelworker who swore he was not a Communist after 1:30 p.m., then refused to say if he had been one at 1 p.m. or previously.

McCarthy said he would ask the subcommittee to cite the witness, Harold K. Briney, on grounds he was taking "frivolous" refuge in the Fifth Amendment. Briney had pleaded that to answer differently "may tend to incriminate me."

McCarthy called the Government Operations Committee, the subcommittee's parent, to meet tomorrow to act on the contempt charges against Briney and others. A vote for contempt would ask the Senate to refer the cases to the Justice Department for prosecution.

Briney said he had worked for 37 years for the Westinghouse Air Brake Co. in Pittsburgh, and is president of his independent United Electrical Workers local in Pittsburgh.

Miss Beynon and Frank Nestler, of Jeanette, Pa., together named eight Pittsburgh area employes of the Westinghouse Electric Corp, as persons they had known to be Communists. Nestler said he is a former Communist.

Three of those named did not answer subpoenas, and McCarthy said he would ask that they also be cited for contempt.

Miss Beynon and Nestler named them as Evelyn O. Daren, Monroeville, Pa.; Alfred Oyler, Pittsburgh, and Armino H. Sardoch, Pittsburgh.

Last night Westinghouse announced in Pittsburgh that it had "released" the three as "undesirable employes," together with two others named at the McCarthy hearing—William L. Helston Jr. and Joseph Slater.

After the announcement, Slater told The Associated Press, "I am not a Communist and never was."

Oyler told a newsman he had been ill since Friday and sent a telegram, accompanied by a doctor's certificate, to the committee saying he would be unable to appear. He said he would have to "reserve my answer" on whether he had ever been a Communist.

Helston said at the hearing he had never accepted any Communist orders but refused to say if he ever was a party member.

Miss Daren and Sardoch were not available for comment.

Another named by Nestler was Peter Lydon, Rankin, Pa., who then testified he is a former Communist and that he has just decided to tell the FBI everything he knows about the Reds. He said he quit the Communists in 1946.

The subcommittee voted to seek a contempt citation against Edwin Garfield, of Allston, Mass., who is employed by Allis-Chalmers Co. in Boston.

In Boston, Garfield said he had no intention of defying the committee and would appear if given "ample time to get legal aid." He said he was served a subpoena last Thursday and spent all day Friday seeking an attorney at the cost of a day's pay.

Garfield said he does not work in a defense plant, and does not work on government material.

As he wound up his investigation of communism in defense plants, McCarthy said he was stepping down as subcommittee chairman "with both relief and regret." He and McClellan, who have had many differences, exchanged handshakes and McCarthy told his colleague:

"I don't have any gavel, John, to turn over to you, but I hope you have a pleasant and happy two years (as the new chairman)".

McCarthy told reporters he plans to serve "as actively as I can" as the senior Republican on the subcommittee.

Sheppard In Second Round

CLEVELAND (AP)—Dr. Samuel H. Sheppard, under a life prison sentence in the killing of his wife Marilyn, has lost the first round of his fight for a new trial.

Late yesterday Judge Edward Blythin ruled there was "no merit" in any of 41 complaints of error in the 10-week trial which ended Dec. 21 with a jury convicting the 31-year-old osteopath of second-degree murder.

Another round in the fight for a new trial — in which Sheppard would again risk death in the electric chair, is scheduled for Saturday. Then Sheppard's lawyers get a hearing on their motion based on "newly discovered evidence." Until it is held by Judge Blythin, an appeal to higher courts must wait.

Concluding a 15-page memorandum for the record, white-haired Judge Blythin wrote:

"The court is convinced that there is no merit in any of the complaints made by the defendant; that he was accorded a fair trial by an unusually intelligent and impartial jury, and that the verdict rendered is supported by the evidence adduced upon the trial."

Most of the 41 complaints raised by chief counsel William J. Corrigan, involved matters upon which Judge Blythin ruled during the trial's progress.

Neither Dr. Sheppard nor Corrigan was present when the ruling was entered. Afterward Corrigan told newsmen: "I don't comment on those things, except in court."

Assassins Of Remon Sought

PANAMA (AP) —Authorities pressed a nationwide search today for a band of unidentified professional killers accused of assassinating President Jose Antonio Remon at the instigation of his political enemies.

The "guns-for-hire" charge was made by Minister of Government Catalino Arrocha Graell in a funeral oration late yesterday over the body of the slain chief executive, who was mowed down by machine-gun fire at a race track Sunday night.

"Mercenary hands armed by his political enemies" fired the bullets, Arrocha declared. There was widespread speculation that the killers may have been imported.

Arrocha spoke during burial services at the national cemetery. Thousands of persons lined the capital's streets to pay their final tribute as the funeral cortege passed from the Roman Catholic cathedral to the cemetery.

There was no clue to the identity of the assassins. The National Assembly has decreed a 10-day stage of siege—a modified form of martial law temporarily suppressing some constitutional guarantees—to aid secret police in their hunt.

At least a score of persons, including ex-President Arnulfo Arias and two women, have been rounded up for questioning. Col. Saturnino Flores, deputy commander of Panama's natonal guard, has indicated strongly that the weight of suspicion is on followers of Arias, who was ousted from the presidency in 1951 by a bloody national guard coup. Remon then was head of the guard, Panama's chief military force.

City Building For December $291,544

Building permits issued in December totaled $291,544 for a total of 43 construction projects, Horace Smith, city engineer, said.

The permits were for 28 residences, two alterations to residences, 12 additions to buildings, and for one service station building.

Mercury Riding High

Continuing spring-like weather brought Snyder a maximum temperature of 71 degrees yesterday. The pre-dawn minimum was a warm 58 degrees, and by 7:30 a.m. the temperature was up to 60 degrees. A small amount of rain, too little to measure, fell this morning.

New Plumbing Code Gets Initial Okay

A new plumbing code for Snyder was passed on first reading of an ordinance by the city council last night. If the ordinance passes a second reading, the Snyder plumbing code will be patterned after plumbing codes now in use in several Texas cities.

The long ordinance was recommended to the city council by several Snyder plumbers, residential developers, and building materials suppliers here who have worked together to make recommendations for the new ordinance. The ordinance was drawn by W. W. Park, city attorney, and B. J. Shelley, city manager, using plumbing ordinances from several towns as models for this ordinance.

The new ordinance provides for city inspection of all plumbing jobs during early stages of installation, at anytime during the installation, and after completion of the job. The old ordinance provided only for inspection during the rough-in phases of the job, and no inspection at the end of the installation except for the flashing-in of ventilation pipes to prevent roof leaks around the pipes.

Inspection fee under the new plumbing ordinance will be increased from $1.50 to $3.

The new ordinance will prohibit installation of any new plumbing by un-licensed persons, but will permit anyone to make equipment installations to any existing plumbing. This provision will permit appliance dealers to install automatic washing machines where existing plumbing can be used, but will not permit them to install new plumbing in making the installation.

Fred Bullard was appointed to replace Dr. John Blum on the city planning and zoning commission. Blum resigned from the commission last year because of illness. Other members of the commission are W. P. (Bill) Davis, Harry H. Reed, Harold Bennett, and Bob Dupree.

A meeting of the planning and zoning commission is to be called sometime this month, the city manager said.

One of the things to be considered in the meeting will be possible changing of the name of Twenty-fifth Street and the East Highway to Main Street.

A delegation of business owners from the U. S. 180 street appeared at the city council last night to recommend the change.

Last year a petition recommending changing the name of the street was presented to the city council. Later a meeting was called by the council to give persons interested in the name change to appear before the council. At that meeting no one who supported the idea was present. At last night's gathering there were only persons who approved and none who disliked the change.

Malven K. Stevenson, mayor, said that the problem would be taken up by the planning and zoning commission, and the council will abide by the commission's recommendations.

Those in favor of the name change say that the present system of having two different names for the same street is confusing, and that it is difficult to locate business addresses under the present numbering system on the East Highway.

Arguments against the name change include that it would cause confusion because Twenty - fifth Street would still exist in east Snyder and would dead-end at its intersection with Main Street if the highway portion of the street's name is changed. Changing the name of the street would also make useless present stationery with letterheads which contain a street address, and would be expensive to the city, which last year purchased and installed street name signs along the entire length of the street in the city. Those signs would have to be scrapped, and new ones purchased.

The city attorney reported to the council that a default judgment has been obtained by the city against H. N. Thompson, former owner of the Waymar Apartment development for delinquent city utility bills amounting to more than $600.

Low bids submitted on two purchases were accepted by the city council.

One of the bids was for con-

Harriman, Ex-Aide Reported At Odds

WASHINGTON (AP)—The Washington Post and Times-Herald says Gov. Averell Harriman of New York and Joseph L. Rauh, Jr., who was prominent in Harriman's effort to obtain the Democratic presidential nomination in 1952, "have parted political company in spectacular fashion."

The story says Harriman ordered Rauh out of his New York office in December and in the preceding exchange took a verbal crack at Adlai Stevenson, the 1952 nominee and the man Harriman publicly says he is backing for 1956.

Rauh, a Washington lawyer and leader in Americans for Democratic Action, ran Harriman's successful campaign in the 1952 District of Columbia presidential preference primary. He declined comment on the newspaper story which gave this account of the reported Harriman-Rauh incident:

After the November election Sen. Herbert H. Lehman (D-Lib-NY) asked the governor-elect to speak at the annual ADA banquet in New York in observance of the birthday of the late President Franklin D. Roosevelt. Lehman and Harriman were co-chairmen for the January affair.

Harriman did not give Lehman a definite answer. Later he turned down a repeat invitation extended through Arthur Schlesinger Jr., another ADA leader.

Rauh then called at Harriman's office to discuss the bid further but Harriman said he did not want to hear any more about it.

Rauh asked for two minutes to explain, saying he did not believe Harriman fully understood the situation. Harriman gruffly told him to "go ahead."

The gist of what Rauh had to say was that the ADA only wanted in effect to honor Harriman, long an ADA contributor, and that Harriman's refusal to speak "might be misinterpreted."

At this Harriman shouted in anger that "I'm not running out on ADA the way your friend Adlai Stevenson did." There was no elaboration.

Taken aback by the remark which came without previous mention of the 1952 presidential nominee, Rauh still persisted in his argument that Harriman should make the address.

Harriman's response was to shout, "Get out!" Rauh left.

Recruiting Jumps After Ike's Order

By The Associated Press

There was a big upsurge in armed service enlistments yesterday in the wake of President Eisenhower's announcement Saturday that many veterans benefits would be cut off for those volunteering after Jan. 31. But in other areas no unusual increase was noted.

In Boston, Army spokesmen reported the greatest rush of volunteers since World War II-65 compared with an average of three on a normal day.

In some places, such as New York and St. Louis, young men appearing at draft boards to join up were told the Army quotas were full until after the deadline anyway.

Army, Navy and Marine recruiting stations reported a lively business in New York.

Cmdr. A. D. Garvin, in charge of Navy recruiting in New York, said the number of men applying was 2½ times higher than the "most optimistic estimate."

In St. Louis most of the volunteers said they wanted to join in time to get the benefits. Thirty applied there for induction into the Army, against a normal of three or four.

In Miami, Fla., Sgt. Don Cramer of the South Florida Air Force Recruiting Service said today was "an unusually busy day but I don't know whether it was because of the veterans benefits deadline. We always get an increase after the holiday period."

In Kansas City, Capt. Fred Gerber of the Air Force said there were 21 enlistees for his service, and 40 for the Army. Normal turnouts would be about 10 for the Air Force and 10 to 15 for the Army, he said.

In Louisville, the Army said it had 30 applicants, twice the normal load. The Navy had 22, compared with the normal average of 10.

At the naval recruiting station in San Francisco, a spokesman said the office is expecting "a much larger number of young men than would normally be the case will enlist in the Navy in January to take advantage of Korean veterans benefits."

Bank Robber Suspect Slain

NEW YORK (AP)—A robber suspect was shot and killed in an apparent holdup attempt today in a branch of the New York Trust Co. in the heart of Manhattan's garment district. A bank guard was wounded.

The shooting attracted thousands of passersby to the bank, at 7th Ave. and 39th St.

The suspect, brought down by gunfire from a former city policeman, was tentatively identified by police as Ellison Gaylord Grey, 29, a Negro, of 2208 Benton Blvd., Kansas City.

Police said the suspect fired a shot wounding Edward A. Kaszuba, 38, a bank guard, and was shot to death a moment later by William Rettig, 61, a former crack shot in the police department.

Kaszuba was taken to a hospital with a bullet wound in his right leg above the ankle.

Goldwater Receives Ike's Endorsement

By JACK BELL

WASHINGTON (AP)—White House assent was reported today for a move to name Sen. Goldwater of Arizona as chairman of the Republican Senatorial Campaign Committee.

If he is chosen by the Conference of Republican Senators, he would step into the place now filled by Sen. Dirksen of Illinois, ineligible under present rules because he is expected to become a candidate for re-election in 1956.

Both Goldwater and Dirksen voted "no" when the Senate Dec. 2 condemned Sen. McCarthy (R-Wis) 67-22 for some of his actions, but when McCarthy criticized President Eisenhower Dec. 7, Goldwater was among the first to defend the President.

At that time, McCarthy said Eisenhower had congratulated those who had hampered the exposure of Communists. And he accused the President of displaying a "shrinking show of weakness" in dealing with Communist China's imprisonment of 11 American airmen as "spies."

Goldwater announced he was solidly behind Eisenhower and disagreed with what he said was McCarthy's contention that "the Eisenhower administration has not fought communism at home and abroad."

While the choice of a campaign committee chairman lies with Senate Republicans, some leaders were reported to have consulted Eisenhower's closest aides. They reportedly were told there would be no White House objection to having Goldwater take charge of the campaign in which 17 GOP seats and control of the Senate will be at stake.

The campaign committee chairman is often included in the councils of the GOP Senate leadership, expected to include a solid front of senators who voted against censure of McCarthy.

The Republicans scheduled a conference of all their members today at which Sen. Knowland of California was expected to be re-elected floor leader without opposition.

Sen. Bridges of New Hampshire is scheduled to become chairman of the party policy committee. Sen. Millikin of Colorado is expected to continue as chairman of the conference, with Sen. Young of North Dakota as its secretary. Knowland, Bridges Millikin and Young all opposed censure.

Senate Democrats, meeting later today, are expected to endorse Sen. George of Georgia as president pro tempore of the Senate, replacing Bridges.

There has been no open opposition to the re-election of Sen. Lyndon B. Johnson of Texas as Democratic leader and Sen. Clements of Kentucky as assistant leader.

In House caucuses, Democrats are expected to name five new members to the powerful Ways and Means Committee—Harrison of Virginia, Ikard of Texas, Herlong of Florida, McCarthy of Minnesota and Karsten of Missouri.

Rep. Rayburn of Texas is scheduled to become speaker and Rep. McCormack of Massachusetts the majority leader.

Republicans will make retiring Speaker Martin their majority leader.

AREA OIL ROUNDUP

Wildcats Quit In Coke, Loving

Wildcat explorations in Coke and Loving Counties have been quit as failures.

In Southeast Coke County, F. Kirk Johnson of Midland and Fort Worth No. 2 Emma Percifull was drilled to 3,959 feet in sand and shale. It had logged no shows for production.

The drillsite was five miles southeast of Robert Lee and two and a half miles west of the Wendkirk-Cisco field in George Kuhlman survey No. 463.

Trico Exploration Co. of Midland and Jake L. Hamon of Midland and Dallas No. 1 TXL, Northwest Loving County prospector, drilled to 3,760 feet in Delaware lime and reported only salt water with no shows of oil or gas. It was 10¾ miles northeast of Orla and two miles west of the Mason field in section 13-56-tl-T&P.

SCURRY COUNTY

R. E. Smith of Houston has filed application to drill the No. 6 Marvin Key in the Diamond M-Canyon field three miles northwest of Knapp. The drillsite is 1,386 feet from north and 1,256 feet from east lines of section 148-25-H&TC. Rotary tools are to be used to drill to 7,000 feet, starting at once.

C. T. McLaughlin No. 11 Wellborn, Sharon Ridge 1700 field test, has been completed for a potential of 30 barrels of 26.5-gravity oil plus 50 per cent water.

The well pumped 24 hours on the potential test. Production is through perforations at 1,728-763 feet where 4,000 gallons of acid had been used. Drillsite is 990 feet from east and 330 feet from south lines of section 102-97-H&TC.

Hanley Co. No. 1 Yeager, South Scurry wildcat, is drilling below 6,829 feet in shale after a 90-minute drillstem test from 6,710-754 feet. There was a strong blow for 30 minutes which did not appear during the last hour. Recovery was 635 feet of very slightly gas-cut drilling fluid, with flowing pressure 190-200 pounds and 20-minute shutin pressure 360 pounds.

Forest Oil No. 1 H. H. Eiland in West Scurry County is drilling below 7,195 feet in lime. It cored from 6,870-888 feet, recovering 11.4 feet of tan-white lime, slightly fractured and with a slight stain in the fractures. There was also a slight odor. A 90-minute drillstem test from 6,870-888 feet recovered 70 feet of slightly gas-cut mud and 90 feet of slightly gas-cut sulphur water with a trace of oil. Flowing pressure ranged from 0-68 pounds, with 20-minute shutin pressure 440 pounds.

Sun Oil No. 1 Hudnall, East Scurry wildcat, is drilling in shale and sand below 1,598 feet.

MITCHELL LOCATION

Anderson-Prichard Oil Corp. is to drill the No. 4-C Tom Morrison in the Westbrook field four miles west of Westbrook. Drillsite is 1,980 feet from north and 660 feet from west lines of section 44-28-tln-T&P. Rotary tools will be used to drill to 3,150 feet.

JUSTICEBURG PRODUCER

Cecil Oil Corp. No. 3 J. S. Reed is a new producer in the Justiceburg-Glorieta field of Southeast Garza County.

On the potential test, the well pumped 142.37 barrels of 37.8-gravity oil plus 25 per cent water in 24 hours. Gas-oil ratio was 250-1. Casing is perforated at 2,469-496 feet, and 3,000 gallons of acid were used there. The well is 330 feet from south and east lines of section 117-5-H&GN.

KENT COMPLETION

Stanolind Oil & Gas Co. No. 1-C S. Neustadt, SMS-Canyon sand field well in Northwest Kent County, has been completed for a 24-hour flowing potential of 115.11 barrels of 39.8-gravity oil with no water. Gas-oil ratio on the test was 325-1 with casing pressure 75 pounds.

The flow was natural from perforations at 6,151-163 feet. Top of the pay was at 6,150 feet, with total depth of 6,204 feet plugged back to 6,175 feet. The well is 660 feet from south and east lines of section 22-2-H&GN.

BORDEN COUNTY

Two new locations and a completion have been reported in the JoMill-Spraberry field of Southwest Borden County.

J. E. Jones Drilling Co. of Midland will drill the No. 3-A Miller 2,331.8 feet from north and 660 feet from east lines of the lease in section 12-33-t4n-T&P, 13 miles southwest of Gail.

The same operator is to drill the No. 4-A Miller 660 feet from north and west lines of the same acreage. Both projects are to drill to 7,500 feet, starting at once.

Texaco No. 1-A-NCT-1 Texas-Felmont-W. L. Miller was completed for a 24-hour flow of 237.5 barrels of 40.8-gravity oil plus five per cent water. Gas-oil ratio was 561-1.

Top of the pay was at 7,189 feet, with total depth 7,239 feet. Production is natural.

The well is 2,236 feet from south and 550 feet from east lines of section 11-33-T&P.

DRILLING REPORT

Tennessee Production No. 1 Fambrough, Borden County wildcat, is preparing to drill below 8,200 feet after a drillstem test from 8,105-200 feet. The tool was open eight hours and eight minutes, recovering 210 feet of heavily oil and gas-cut drilling mud. Flowing pressure was 125 pounds with 60 - minute shutin pressure 400 pounds. An earlier drillstem test in a higher section recovered 630 feet of slightly gas-cut and very slightly oil-cut mud and 90 feet of heavily oil and gas-cut mud.

Tide Water No. 1-A Clayton & Johnson is at total depth of 7,905 feet and running logs.

CODE

Continued From Page 1

struction of a six-foot high net wire fence 186 feet long around the water tower in southwest Snyder. The bid accepted was submitted by Snyder Allied Fence Co., for $397. The only other bid submitted was by Levi Kruze Venetian Blind & Awning Co., for $433.07.

The other low bid accepted by the council was for purchase of two new cars on which two city police patrol cars will be used as trade-ins. Wade Pipkin Motors, Ford dealer, submitted the low bid of a total difference of $1,949 on two new Ford cars.

Other bids were: Lamb Chevrolet, $2,000 difference on the two units; Pollard Motor Co., $1,962.72 on two Plymouths; and Lee Motor Co., $1,983 on two Plymouths.

The council approved a trial of discontinuing taxi cab service by the Yellow Cab Co. owned by R. T. Busby from midnight until 5:15 o'clock each morning. Busby appeared before the council and stated that there is not enough taxi business during that period to warrant continuing the all-night service.

J. W. Phillips was added to a committee composed of two other councilmen, J. B. (Broadway) Browning, and Walter Hales, to attempt to negotiate opening of Thirty-fifth Street from Avenue U to Avenue S.

Invalid Pleads Guilty To Charge Of Robbery

MERCED, Calif. (AP)—Oscar Wilson, 20, whose legs have been paralyzed from polio since he was a baby, went into court in a wheelchair yesterday and pleaded guilty of armed robbery of a drive-in theater Dec. 17. He will be sentenced Jan. 24.

Police said Wilson and his 16-year-old brother drove to the ticket office and forced the cashier at gunpoint to hand over $33. They were captured after their car overturned.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: William Boyd Fenton, route 2; Lou Ann Longoriz, Buckeye, N.M.

Dismissals: Lloyd Devenport 2012 Avenue T; Doris Moore, 2707 Avenue R.

COGDELL MEMORIAL

Admissions: Earl Franklin Pritchard, Snyder; Billy Jack Pierce, Snyder; Wanda Lou Raborn, 3719 Avenue U.

Dismissals: Roy Kizer, Snyder; Mrs. C. L. Doty and baby, 703 Twenty-ninth Street; Mrs. O. E. Cumbie, 1408 Nineteenth Street; Michael Gee, 1712 Twenty-eighth Street.

Young Boys Clubbed By Assailant

WILLIAMBURG, Ky. (AP) — A mysterious assailant apparently tried to club two young mountain brothers to death yesterday.

John Proffitt, 14, and Coy, 11, were attacked as they gathered wood 50 yards from their home.

John said this was the second time within two weeks that a man "walking with a limp" had attacked them in the wooded spot.

Sheriff Everett Rains said Coy was beaten so badly his head "was swollen twice the normal size. He can't see. His eyes are swollen tight."

John suffered a gash from the center of his head "to the top of his left ear," the sheriff said. The bodies of both boys were "covered with blotches from their heels to their heads. There are large holes in their backs where flesh was torn away," the sheriff added.

The officer said that underneath the fresh wounds scabs and sores from the first beating were still visible.

John said he was gathering wood when he heard his young brother scream for help. He ran to his brother and saw a man in blue overalls and white coat standing over Coy "with a long black club," he told the sheriff. Coy was lying under a fence. The assailant then turned on him, John said, and beat him until he lost consciousness.

Ther father, Esco Proffitt, 42-year-old farmer, took them to a Jellico, Tenn., hospital late yesterday.

A doctor at the Jellico Hospital said the boys probably wouldn't have survived the beatings had they not been "tough as pine knots."

He said they told him the assailant, who was unknown to them, warned them they would be killed if they didn't leave home.

Two Men Held In Jail Here

Two men who appeared before the county court yesterday on misdemeanor charges remained in the county jail today, one in lieu of bond and the other in lieu of paying an assessment.

Bill Parson, 48, Snyder, a cafe cook, pleaded guilty to a charge of driving while intoxicated and was fined $50 plus court cost of $23.50 and assessed the mandatory jail sentence. He was given credit for this sentence, however, with time served since his arrest until he was brought before the court.

He was arrested by city policemen, and the charge was filed yesterday morning.

Ivan Odell Bevel, 29, Midland, pleaded innocent to a charge of swindling by worthless check, and bond was set for him at $250. He was returned here from Midland yesterday by the sheriff's department.

Another man who appeared before the court was Walter Painter, 21, who had been returned here from Menard by the sheriff's department on a charge of theft of a chain hoist by bailee. He had pleaded guilty to that charge and served the last day of a short jail sentence yesterday when he was brought to court on a swindling charge.

Painter pleaded guilty to the charge of swindling by worthless check, but sentence was withheld pending redemption of the check.

Rayburn Gets Party's Okay

WASHINGTON (AP)—Sam Rayburn of Texas was unanimously chosen by Democrats today to be speaker of the House in the 84th Congress convening at noon tomorrow.

His selection at a party caucus assured his election when Democrats take over control of Congress tomorrow.

Rayburn, who will be 73 years old Thursday, first was elected speaker in September, 1940, and held it ever since except when Republicans controlled the 80th and 83rd Congresses.

Rayburn will take over the gavel from Republican Joseph W. Martin Jr. of Massachusetts, who will step down to the post of minority leader. Martin is the unanimous choice of Republicans to be speaker but will run second in tomorrow's formal balloting. Democrats outnumber Republicans 231 to 203 and the voting follows straight party lines.

Poll Tax Payments Begin To Increase

The number of persons who had qualified by noon today for voting for the next fiscal voting year beginning Feb. 1 was 1,633.

Of this number, 1168 had paid poll tax, and 465 had obtained poll tax exemption certificates. Deadline for paying poll tax is the last day of this month.

Front Due To Set Off Wave Of Showers

By The Associated Press

Thunderstorms were expected to move into Texas Tuesday, reaching into Central Texas by Wednesday at daybreak, the Weather Bureau said.

The thunderstorms were to be set off by a cool front moving in from New Mexico and colliding with moist air which has covered the state two days.

Dense fog smothered East and Southeast Texas shortly after dawn Tuesday. The fog was reported at Texarkana, Beaumont, Lufkin, Alice, Victoria, Houston, Galveston and Longview.

Rain was falling at dawn, at Midland and Alice.

Visibility was down to 1-16th of a mile at Beaumont and Galveston. Longview had ⅛th mile visibility.

Lowest overnight temperature reported was 44 at Presidio in far West Texas.

Rainfall for the 24 hours preceding 6 a.m. Tuesday included Austin .01 inch, Houston .02, Midland .18, Presidio .06 and Wink .08.

There was fog, rain and snow over broad areas of the country today. It was cold in most of the Northern states and mild in Southern areas.

Fog, drizzle and rain extended in a belt 200 to 300 miles wide from eastern Kansas northeastward to south of the Great Lakes region and into the northern Appalachians. Some snow was reported along the northern border of the wet belt. Travel, both air and highway, was slowed in some areas.

Temperatures were in the 20s from the northern Great Lakes to Nebraska with readings below zero in northern parts of the Northern Plains. It also was cold in northern New England, with temperatures in the 20s, the same as in the central Rockies.

Mild temperatures in the 60s and some 50s extended over most of the Southern Plains and lower Mississippi Valley.

Cottonbelt Beauties Go Before Judges

MEMPHIS (AP)—Twenty-two Cottonbelt state beauties with their best foot forward today met the judges who will pick the Maid of Cotton.

Judging began before lunch. The winner will be named late tonight. The new Maid will be the cotton industry's "goodwill ambassador."

She will be outfitted with an elaborate wardrobe, make a six-month tour of America and Europe, and pick up a Ford convertible on her return.

The judges say they won't be satisfied with "merely a beautiful girl;" the Maid must "have culture and refinement that will make her respected in any company."

Hagler's Lawyers To Retain His Passport

FORT WORTH (AP)—Lawyers for David Hagler Jr. have changed their minds and will hold on to his passport.

They said they may need it as defense evidence in the charred corpse murder case against Hagler in Oklahoma.

The State Department has demanded the return of Hagler's passport and yesterday attorney Byron Matthews said he would surrender it under certain conditions.

Another attorney, Ronald Aultman, and Matthews said later they would retain the passport "because of various remarks Oklahoma officers have made."

Aultman said he referred to "insinuations" that Hagler obtained the passport for later flight after completing an insurance swindle

This is about YOU and your telephone service

Pleasing you is the big job of the 25,600 telephone men and women in Texas.

How well did we do that job in 1954? We hope you liked the speed and courtesy of your telephone service.

As one busy year ends and another begins, this is a good time to pause and take stock.

1954 was a busy year

The year 1954 was a busy one for the people who furnish your telephone service. To give you some idea of some of the accomplishments of 1954, we've arranged the highlights in the form of a box score at the right.

The figures are impressive, but there's a human side of telephone service, too. We tried especially hard all year to be friendly, cooperative, and pleasant to deal with. We worked out new ways to handle your calls faster and better.

We kept our telephone equipment operating at a higher peak of efficiency, too — often stopping trouble that would have interrupted your service before it happened. Today telephones in Texas are reported "out of order" on the average of only once in 25 months.

To serve Texas farm families better, we added 3,000 telephones in the rural areas last year. This brought to 90,000 the number of telephones in service on the farms and ranches in Texas at the end of the year. As rapidly as our finances permit, we are replacing crank-type telephones with lift-the-receiver and dial telephones. A healthy farm economy is essential to the progress of Texas, and we want to do our part by seeing that Texas farmers and ranchers have good, dependable telephone service.

The financial side of the story

It's not easy to keep earnings up when expenses are rising rapidly and when you have to keep investing additional huge sums of money to keep pace with the growing needs of Texas. But, we're glad to report, the telephone company's earnings showed some improvement in 1954.

As we put more money into new telephone facilities, at present day prices, our expenses increase also, because it takes more money to operate the larger telephone system. Operating expenses last year were highest in the company's history and we must expect further increases in 1955.

The problem is to make it "good business" to continue investing additional huge sums of money for more telephone facilities in Texas. It certainly is not good business to spend large sums for expansion and improvement unless this money is put to work where it will earn a fair return.

More Telephone Expansion in 1955

You can look forward to more telephone progress in Texas in 1955. During the year we plan to add 86,000 more telephones in Texas for new families, new business concerns. We will enlarge telephone buildings and erect new buildings where needed . . . continue the expansion of the network of outside lines and cables . . . and enlarge and make more storm-proof the long distance lines throughout the state. Also, early in February, telephone customers in Harlingen will begin dialing many of their long distance calls.

It all adds up to spending an additional $82 million through our telephone construction program in Texas in 1955. Good earnings must be maintained, on the money already invested and on the new money to be added this year.

At the start of this new year, Texas telephone people rededicate themselves to the big job that lies ahead . . . to furnish you the kind of service you want, when and where you want it.

Our common goal is to furnish you the best possible telephone service, consistent with fair treatment of our customers, our employees, and the investors in the business.

W. L. PREHN, *General Manager*

THE 1954 BOX SCORE OF TELEPHONE PROGRESS IN TEXAS

We carried out an $80 million construction program in Texas.

- We placed 85,670 poles and 681,000 miles of wire.
- We changed 30 towns to dial service.
- We erected 53 new buildings, enlarged 13 other telephone buildings.
- We added complex new equipment in 63 central offices to handle more calls and handle them better.
- We placed 26,000 circuit miles of storm-resistant cable and radio relay to protect service from bad weather interruptions.
- We added 85,000 telephones in Texas.
- We provided good jobs for 25,600 Texans.
- We added to the prosperity of the many Texas towns we serve through the $97 million telephone payroll, most of which is spent locally.
- We paid $16,721,000 in state and local taxes.
- We paid $36,346,000 in Federal taxes.

WOMEN

MRS. BILL HERRING
. . . to live in Abilene

Miss Smith, Mr. Herring Repeat Vows At Wellington

Formal wedding vows read December 28 united in marriage Tanya Smith, the daughter of Mr. and Mrs. Willie Smith of Wellington, and Bill Herring, the son of Mr. and Mrs. W. G. Herring, 3726 Austin Avenue.

The couple is now at home at 242 Clinton Street in Abilene, where both are students at Hardin-Simmons University.

The Rev. Bill Thomas read the double-ring ceremony in the First Baptist Church in Wellington. The couple stood beneath an archway entwined with greenery and white flowers. Arrangements of greenery and white flowers decorated the chancel, and cathedral tapers in seven-branched wrought iron candelabra lighted the church.

Mrs. Truman Estes, organist, played a group of traditional wedding selections and accompanied the bridegroom's mother as she sang "I Love You Truly" and "Because." Candles were lighted by Sherrie Ann Smith, niece of the bride, and Sally Herring, sister of the bridegroom.

The bride, given in marriage by her father, wore an original gown of white chantilly lace and tulle over satin. The fitted bodice featured a bateau neckline outlined with seed pearls and long sleeves tapering to petal points. The bouffant skirt had an overskirt of lace, divided at the center back where three rows of lace ruffles extended into a semi-sweep train. Tiers of tulle dust ruffles fell to the floor from the lace skirt, worn over hoops and crinoline.

The bridal veil was attached to a seed pearl crown. She carried a cascade bouquet of red roses topped by a white orchid.

Jannine Crawford was maid of honor. Ann Fish of Snyder and Marilyn Dickey were bridesmaids. They wore identical dresses of red velveteen fashioned with fitted bodices, three-quarter sleeves, low v-necklines trimmed in seed pearls and rhinestones, and full skirts. Their headdresses and mitts were of matching velveteen with rhinestone and pearl trim. They carried colonial bouquets of white carnations and puffed maline with accents of red. The candlelighters also wore red velveteen dresses, as did the flower girl, Mickye Ann Kendrick.

Nolan Gotcher of San Angelo was best man. George Herring of Snyder and Jerry Goad of Abilene were ushers.

A reception in the dining hall of the church followed the ceremony. The bride's table was laid with a white lace cloth over red. An arrangment of snapdragons formed the background for a miniature white church before which stood the figures of a bride and bridegroom.

When the couple left on a short wedding trip, the bride wore a suit of blaze red with charcoal gray accessories accented by a white hat and gloves.

The bride, a 1953 graduate of Wellington High School, is now a sophomore home economics major at HSU. She was freshman nominee for Homecoming Queen there last year.

Mr. Herring was graduated from Odessa High School in 1949. He attended HSU for three semesters, then enlisted in the Air Force. He returned to college shortly after receiving his discharge from the Air Force, and is a junior business administration major.

Guests Are Honored At New Year's Dinner

Mr. and Mrs. Bill Teaff, 2013 Avenue Z, entertained their out of town guests with a New Year's dinner Sunday in their home.

Those attending were Mr. and Mrs. V. S. Cassell of Littlefield, Mr. and Mrs. J. B. Teaff, Sweetwater, Mr. and Mrs. Everett Henderson, Loraine, Mr. and Mrs. Bob Chalker and son, Colorado City, Mr. and Mrs. Troy Moore and family, Andrews, Mr. and Mrs. J. T. Price, Camp Springs, Mrs. Olan Moore and family, Midland, L. D. Teaff of Camp Springs and the hosts' son, Grant, a student in Abilene.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5405.

We finally found a recipe for Savory Tidbits that is our favorite cereal snack. Try them and you'll find that they will be a popular snack around your home.

SAVORY TIDBITS

1 6-ounce package bite-size, shredded rice biscuits
¼ pound margarine
½ teaspoon salt
½ teaspoon garlic powder
6 tablespoons freshly grated Parmesan cheese
Paprika
1 cup mixed salted nuts
Dash of cayenne if desired

Dump the cereal out of the package onto a large sheet of paper. Measure three generous cupfuls of it onto another piece of paper; do not include any broken cereal shreds. Over low heat, melt ¼ cup (⅛ pound) of the margarine in a 10-inch iron skillet; stir in ¼ teaspoon of the salt and ¼ teaspoon of the garlic well. Add the three cups measured cereal; over moderately low heat, toast until lightly browned — about three minutes — stirring constantly. Remove from heat. Sprinkle with three tablespoons of the cheese; mix well. Sprinkle well with paprika and mix. Dump cereal from pan onto paper. Wash and dry skillet and repeat process with remaining ingredients. Cool tidbits and mix with nuts; store in tightly covered container. Note: The broken cereal shreds are not added because they absorb too much of the butter and seasonings; use them for a casserole topping, if desired. The dash of cayenne adds zesty flavoring for those who like highly seasoned foods.

Laws Discussed At P-TA Meet

George Killam and Bill Ballard led the program at a meeting of the High School P-TA last night in the school cafeteria. Mr. Killam outlined the manner in which laws have been made to establish justice. Mr. Ballard discussed juvenile laws, emphasizing the difference in adult and juvenile laws.

Four of Mrs. Robert Clinton's piano students presented a musical program. They were Linda Milam, Martha Robbins, Mary Ann Doak and Dana Scarborough.

The P-TA scholarship fund was discussed during a business meeting. Members are now selling candy during the noon hour at the school. They are also selling calendar 'pals' as a fund-raising project.

Following the business meeting and the program, a social hour was held.

Perfect X-Rays Prove Too Much For Heart

FLORENCE, Italy (AP)—Giovanni Degli Innocenti, 48, asked for an X-ray examination because he was afraid something was wrong with him.

Yesterday he was handed the X-ray pictures, showing everything was okay.

Innocenti fainted and died of a heart attack.

WOMEN'S CALENDAR

Ladies' Day, 9:45 a.m., Country Club; make reservations with Mrs. W. D. Beggs.

Snyder Book Review Club, Guest Day, 3 p.m., in Fellowship Hall of the First Methodist Church. Mrs. Herbert Emory, guest speaker.

El Feliz Club, meeting, 3 p.m., with Mrs. Guy Glenn, Lubbock highway.

Reunion Is Held In Taylor Home

Mr. and Mrs. Edgar Taylor 2807 Avenue X, were hosts at a reunion of Mrs. Taylor's relatives New Year's day. All but two of her brothers and sisters were present.

Those attending were Mr. and Mrs. O. Moore, Kermit, Mr. and Mrs. Claude Miller, Big Spring, Mr. and Mrs. Rea Falls, Ira, Mr. and Mrs. Alva Miller, Mr. and Mrs. Fred Miller and daughter, LaVerne, Mr. and Mrs. Owen Miller, Mr. and Mrs. P. L. Price and Mr. and Mrs. J. B. Green of Snyder.

Othre visitors were Mr. and Mrs. Don Moore and daughter, Susie, of Denver, Colo., and Bill Falls of Wichita Falls.

Gladewater Lady Lost 20 Pounds With Barcentrate

"I have lost 20 pounds taking 5 bottles of Barcentrate," writes Mrs. L. E. Philpot, Route 1, Box 151, Gladewater, Texas.

Barcentrate is the original grapefruit juice recipe for taking off ugly fat. Nearly six million bottles sold in Texas in 10 years. Money back guarantee on first bottle. Get at any Texas druggist.

WHAT'S GOING ON

Reece Gill of San Angelo has returned to her home after spending a week with Lou Norris in the Dwayne Norris home, 810 Twenty-seventh Street.

Mrs. M. Caton of Lubbock visited during the holidays with her daughters and their families, Mr. and Mrs. Hugh Birdwell and Mr. and Mrs. Joe Alexander. Mr. and Mrs. Birdwell took Mrs. Caton to Lubbock Saturday and remained for the week end.

Holiday visitors of Mr. and Mrs. A. H. Rigsby, Twenty-ninth Street, were their sons and families, Mr. and Mrs. C. O. Rigsby and son, Richard, of Alice, and Mr. and Mrs. Byrle Rigsby and daughters, Betty, of Andrews.

Visitors in the home of Mr. and Mrs. J. A. Neighbors, 3000 Avenue J, last week were Mr. and Mrs. Fred Jordan and sons of Sterry, Okla., Mrs. Neighbors' brother and his family. Visiting now is Mrs. Neighbors' mother, Mrs. W. H. Jordan of Skaitook, Okla., and Dale Reynolds, Bakersfield, Cal. Ronald Neighbors, a son, spent several days here last week. Ronald attends Hardin-Simmons and works in Abilene.

Richard Dickerson of Guymon, Okla., left Sunday after visiting two days in the home of Mr. and Mrs. R. E. Ham and children, 807 Twenty-third Street.

Mrs. Ruby Bearden, 1311 Twenty-ninth Street, and Mr. and Mrs. Olin Bearden, 603 Thirty-fourth Street, visited Sunday with Mr. and Mrs. Clyde Bearden in Spur.

Mr. and Mrs. Ronald Bearden, 1311 Twenty-ninth Street, and Mrs. L. S. McCright, Route 2, took Ladell McCright back to school in Abilene Sunday.

Mr. and Mrs. Bud Smith and son, Jimmy, of Lovington, N.M., visited Sunday in the home of Mr. and Mrs. Clay Proctor, 3702 Avenue V.

Mr. and Mrs. George Massingill, 3701 Highland Drive, spent the holidays in San Saba with Mr. and Mrs. W. W. Longmire and in Comanche with Mr. and Mrs. R. D. Massingill. They also visited in Temple.

Visitors in the home of Mr. and Mrs. C. I. Hill, 2611 Avenue W, during the Christmas holidays were two of Mrs. Hill's sisters and their families, Mr. and Mrs. R. C. Robertson from Columbus, Ga., and Capt. and Mrs. V. W. Sears, their son Jimmy, and daughter, Anita, from Orlando, Fla. The visitors returned to their homes last week.

French born Joset Walker, who has been successfully designing in America for many years, has recently become a member of the international couture by creating for the continental market in addition to the home market. This one piece dress is loaded with hot fashion news. Paris-inspired, but with the typical wearability Mrs. Walker instills in all her clothes that makes them highly acceptable to chic American women. Note the new high neckline, the long torsoed bodice, the low skirt fullness. However, for those who prefer a lower decolletage, the top two buttons may be left open and the front panel folded under. The left side buttoning is also utilized for the opening, a device that eliminates unnecessary sewing detail and gives the dress a calm, uncluttered look. Adaptable to almost any fabric, it is ideal in linen or novelty cotton for resort wear, in silk, shantung or peau de soie for afternoons and parties, in wool crepe as a spring dress to wear with a little fur. This pattern is cut to designer measurements, not standard pattern measurements.

BUST	WAIST	HIPS	SIZE
34	24	35	10
35	25	36	12
36½	26½	37½	14
38	28	39	16
40	30	41	18

Size 12 requires 3¼ yards of 54-inch material for dress and ⅜ yard of 39-inch material for interfacing. To order Pattern No. S-249, address International Designer Patterns, P. O. Box 993, Dept. SX-12, G.P.O., New York 1, N.Y. State size. Send $1.00. Airmail handling 25c extra. New International Designer Pattern Booklet "A" available for 25c. Make check or money order payable to International Desgner Patterns and add 4c for bank clearance.

Double-Breasted Jumper

Casual double-breasted jumper with sweetheart neckline, flared skirt is so smart teamed with collared, tailored blouse.

No. 2212 is cut in sizes 10, 12, 14, 16, 18, 20. Size 16: Jumper, 2⅝ yds. 54-in. Blouse, 2¼ yds. 35-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsea Station, New York 11, N.Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra five cents per pattern.

Cheerful mornings

follow restful nights under

ELECTRIC BEDCOVERING

Choose a good night's sleep and cheerful "good mornings" by using a lightweight, automatically warm, electric blanket or electric sheet. No matter how the wind blows... no matter how low the room temperature gets... Reddy Kilowatt and the automatic control of el[illegible] bedcovering maintain a steady, even warmth that lets you sleep relaxed.

In the coldest weather just set the switch at the degree of warmth you want, and get the most restful, relaxed sleep you've ever had... for only about 3¢ a night.

See your favorite store or electric appliance dealer for the wonderful electric bedcovering that lets you sleep like a kitten through every winter night.

Little Loop Program Revamped Here, 2 Leagues Formed

Snyder's entire Little League baseball program was re-organized last night in an open meeting, and the city this year will begin operations of two Little Leagues instead of one.

The action was taken upon recommendation of the national Little League, which said Snyder is too large to have only one league.

The group in the meeting divided the Snyder Independent School District into two areas and organized one four-team league for each area. The dividing line runs north and south. In town it is Avenue S. The line continues south on the Big Spring highway and continues south on the unimproved Roundtop Road, which runs south of Cogdell Memorial Hospital. Going north, the line remains on Avenue S and continues on the Clairemont Road.

Speedy Moffett, who had served three years as president of the one Little League here, was elected commissioner of the Snyder Little Leagues. In that capacity, he will co-ordinate activities of both leagues. The two leagues will use the same baseball field, playing doubleheaders four nights each week, with a game from each league each playing night.

The western sector of the school district will be known as the National League, while the eastern half will be the American League. Moffett told the group that boys of Little League age are almost evenly divided in the two areas. Three of the exisitng teams were placed in one league, three in another. Boys already on the teams will remain on the rosters, but all boys recruited for Little League in the future will play in the league in the area in which they live.

National league officers are Charles Gibson, president; Bill Starnes, vice-president; Dale Walton, secretary; Truman Black, treasurer; R. P. Ware, Don Robinson, W. F. McMennamy, and Paul Keaton, directors. Teams in that league are the Rotary Cardinals, managed by Buck Logan; Lions Cubs, managed by Leland Herod; Kiwanis Braves, and Quarterback Giants, neither of which presently have managers. The Giants were retained in the National League by name only. All boys who were formerly members of that team were placed in the American League under the name of Athletics. The name, "Giants," was retained because it was a club name in the National League of major league baseball now.

Officers of the American League are B. L. McKinley, president; Rex Miller, vice-president; Ed Bolger, secretary; H. W. Cargile, treasurer; Louie Minton, Max Dyer, Lee Smyth, and Basil Hanks, directors. Teams in the league are the American Legion Yankees, managed by Skipper Joyce; Holder Indians, managed by Bill Roberts; the newly-accepted Trinity Methodist White Sox, managed by Charlie Morrow; and the Athletics, which do not yet have a sponsor, managed by Dwayne Walton.

Hardy Scarborough, worker in the Little League since its organization here, will serve as umpire-in-chief for both leagues.

The two leagues will now hold separate meetings and be operated separately, except for such activities as must be co-ordinated.

DAVIS CUP ARRIVES

Billy Talbert (left) and J. Hamilton Richardson of the U.S. Davis Cup team pose with the famous cup as they arrived at Los Angeles by plane from Australia. Talbert was the non-playing captain of the U.S. team and Richardson was an alternate player. Australia has had possession of the trophy symbolizing the world tennis championship since 1949. Vic Seixas and Tony Trabert, the American players who beat the Aussies three matches out of five, remained in Australia for barn-storming.

Talbert Says Cup To Stay In U.S. Awhile

NEW YORK (AP)—Billy Talbeft, the crafty captain of the victorious United States Davis Cup team, settled down in his Wall Street brokerage office today and opined that the coveted trophy should stay on these shores for several more years.

Talbert, accompanied by the cup and Julius Myrick, a representative of the United States Lawn Tennis Assn., arrived home last night. Hamilton Richardson, the national intercollegiate champion from Tulane, went from Los Angeles to New Orleans instead of coming to New York.

"I see no reason why the cup shouldn't stay in the United States for several years," Talbert said. "We still have Richardson available, and neither Vic Seixas nor Tony Trabert intends to turn professional.

"In fact, I'm sorry that Tony and Vic couldn't come back with the cup. They're the boys who did the job."

Seixas and Trabert are staying in Australia to play in some big tournaments before returning home.

"Our boys set out to do a job and they did it," Talbert continued. "They got in top shape and just never let the Australians get the upper hand. It was just a case of Tony and Vic rising to the top of their games. Ken Rosewall and Lew Hoad (the Australians) cerwere just too good for them this time."

Kentucky Holds Top Spot For Third Week

By SHELDON SAKOWITZ

For the third straight week, the undefeated Kentucky Wildcats ranked today as the nation's No. 1 team in the weekly Associated Press basketball poll and from all indications they're going to be mighty hard to dislodge.

Of the 116 ballots cast by sports writers and sportscasters throughout the country, 89 named Kentucky as the top team. The Wildcats received 1,090 points and finished more than 200 points ahead or runner-up Duquesne.

The Wildcats have won seven in a row this season after posting a 25-0 record during the 1953-54 campaign.

The rest of the top 10 teams underwent a thorough shuffle as a result of holiday tournaments and a wave of upsets. Only fifth-ranked San Francisco retained the same poll position as last week.

Duquesne (8-1) climbed from eighth to second with 869 points. The iron dukes beat LaSalle in the finals of the Madison Square Garden Holiday Festival.

North Carolina State (12-1) dropped one notch to third place, while LaSalle (9-3) slipped from third to fourth. The Wolfpack, with 679 points, were jolted from the unbeaten ranks by twice-beaten Villanova.

George Washington (8-2) advanced from ninth to sixth on the strength of winning the Richmond Invitational. UCLA (9-2) showed the biggest increase, jumping from 15th to seventh. Utah, which didn't play last week, dropped from seventh to eighth.

Missouri (7-2), by virtue of capturing the Big Seven Tourney, vaulted from 11th to ninth. Dayton (8-2) was knocked from the unbeatens last week to fall from fourth to 10th with 175 points.

The leaders, with first-place votes in parentheses:

1.	Kentucky (89)	1,090
2.	Duquesne (14)	869
3.	N.C. State (3)	679
4.	LaSalle (2)	630
5.	San Francisco (4)	515
6.	G. Washington	338
7.	UCLA (1)	276
8.	Utah	269
9.	Missouri (2)	262
10.	Dayton	175
11.	Maryland	153
12.	Illinois	141
13.	Minnesota	136
14.	Iowa	120
15.	Niagara	97
16.	Louisville (1)	40
17.	Villanova	39
	Duke (tie)	39
19.	Pennsylvania	38
20.	Notre Dame	32
	Alabama (tie)	32
	Seton Hall (tie)	32

Tigers Open District Play Against Lamesa

District 3A-1 cage play will get underway for the Snyder Tigers tonight when they go to Lamesa.

Both A and B teams will play, with the B game starting at 6:30 o'clock.

The A squad goes into the game with a 4-6 record for the season. It has scored a total of 559 points against 588.

Individually, scoring has been: by Jack Spikes 126 points, Alan Snead 98, Jerry Taylor 95, Milton Ham 93, Hubert O'Neal 35, Joel Tankersley 34, Jimmy Bennett 30, Steve Blair 22, Don McNew 13, and Robert Dabbs and Powell Berry four each.

Both Bennett and McNew got late starts this season. Both were starters last year. The two are now in good condition to go into district play with coach J. P. Ward's varsity squad.

The Lamesa squad is considered one of the stronger teams in the district, along with Plainview, Levelland, Sweetwater, and Snyder.

The Tigers recently returned from the Brownwood tournament, where they advanced to the championship semifinals but lost there to Odessa. They were downed in consolation semifinals of the Andrews tournament by Kermit. Lamesa reached the finals of that tourney, losing to Odessa.

Jack Dillon's B team takes a 4-3 record into district play. That team has scored 289 points against 319.

The B squad before the holidays took the consolation title of the Ira tournament.

Top scorers of the B team include Dwayne Prince with 77 points, Berry with 67, Ronnie Smith with 34, Pat Fowler with 25, and Bernie Hagins 17.

WTNM Seeks Operators

ABILENE, Tex. (AP)—The West Texas-New Mexico League appears set for the 1955 season although operators still are needed at two places.

President Hal Sayles has called a meeting of the league for Jan. 15 at Lubbock when final plans will be made for the season.

Albuquerque and Clovis, N.M., and El Paso, Pampa, Plainview, Amarillo, Lubbock and Abilene, Tex., have put up their deposits of $2,300 and by June 10 will pay a like amount to the National Assn. of Professional Baseball Leagues.

While payment of the deposit doesn't mean a club will have to make the race, it is a strong indication that the club will do so.

Albuquerque is under new ownership, a group of citizens having purchased the interests of Cy Fausett. Amarillo and Lubbock are seeking new operators but their 1954 owners have put up the deposit money and obviously will operate even if they do not find purchasers for their clubs. Abilene is having a ticket-selling drive and won't make the race unless a certain number are sold but there is little doubt but that Abilene will make it.

Fate Of Baseball In Beaumont At Stake

BEAUMONT (AP)—An announcement termed "important to the future of Beaumont baseball" will be made at a special meeting of directors of the Texas League team here Thursday night, Exporter President Allen Russell said yesterday.

The meeting, open to the public, will be attended by Texas League President Dick Butler, Russell said.

Snyder's Grid Slate For 1955 Complete

John Conley, head high school athletic coach, announced the completion of the Snyder High School football schedule for next fall with the definite scheduling of Breckenridge.

The Class AAA state champion will be the Tigers' first opponent of the season. The game will be played in Breckenridge Sept. 9. Breckenridge has dropped down to District 2A-9 next year because its enrollment was insufficient to remain in Class AAA. Last year it shared championship of District 3A-1 with Big Spring but went into playoffs because it had defeated Big Spring.

Only one other team, Weatherford, is on the non-district schedule because District 3A-1 games number eight for next fall. Weatherford, which will be in Class AAA next fall, was champion of District 2A-9 at the end of last season. It also took its bi-district championship but lost in regional play to Terrell on penetrations after the two teams had tied 13-13. Weatherford will play in Snyder on Sept. 16 in the second game of the season for the Tigers.

Bowie of El Paso, which had one more contract year with Snyder on the schedule, was cancelled. Original plans were to complete the contract with Bowie, as well as to take on Breckenridge and Weatherford on the non-district schedule, but recent addition of Palo Duro High School of Amarillo to the district forced the Snyder team to take one game off the non-conference slate. Breckenridge at that time was on the schedule for later in the season, but the game time had to be changed to avoid conflict with district game dates.

Palo Duro and Lubbock's new Monterrey High are the two new members of the district. Breckenridge is the only member dropped. Other members of the loop are Snyder, Big Spring, Sweetwater, Vernon, Lamesa, Levelland, and Plainview.

Nashua, Summer Tan Top Flamingo List

MIAMI, Fla. (AP) — Nashua and Summer Tan, two of the nation's top thoroughbreds as juveniles last year, head an impressive list of 89 nominations announced Tuesday for Hialeah's $100,000 Flamingo Stakes on Feb. 26.

The mile and a furlong event drew 11 more nominations than last year and the nominees include 17 horses with 32 stakes victories to their credit.

Murcain Stable's Blue Ruler, winner of the Starlet and Del Mar Futurity, was nominated from California, giving the Far West a chance for its first Flamingo victory.

A total of 10 nominees from Ireland and England were included on the list released by Racing Secretary Charles J. McLennan.

Irish-bred Turn-To, owned by Cain Hoy Stable, won the 1954 Flamingo and was a favorite to take the Kentucky Derby until a bowed tendon forced his retirement.

Belair Stud's Nashua, voted the champion juvenile of 1954, and his top rival for that honor, Mrs. Russell A. Firestone's Summer Tan, each won four stakes races last year. They met four times and Nashua won three of the meetings.

Longhorn Varsity To Be Smaller For '55

AUSTIN (AP)—Coach Ed Price will use a smaller varsity squad in University of Texas football strategy next year.

Price said he still has to fill one assistant coaching spot on his staff, but is not ready to make a decision.

Price said the most important changes for next year are the smaller varsity squad with 40-45 members as compared with the 70 or so last season, and the use of the entire coaching staff to tutor both varsity and freshman footballers.

The men out for football will be divided into these groups: Varsity, preparatory, and freshman squads. Men in the preparatory bracket will be made up of transfers, ineligibles and eligibles who need more training in the fundamentals, Price said.

Anti-Trust Suit Is Continued Again

CHICAGO (AP)—Another continuation in the trial of a 12 million dollar anti-trust suit against 13 major league baseball clubs was announced Monday by attorneys in U.S. District Court.

The suit, first filed by the now bankrupt Liberty Broadcasting System of Dallas, in Feb. 1952, has been continued until April 18. The trial, following a series of continuations, had been scheduled to start Monday. However, attorneys for both sides agreed on the new date.

James E. S. Baker, one of baseball's attorneys, said he believed the April 18 date "is a firm one." He estmated the trial will last about two months.

All major league teams except Brooklyn, Cincinnati and the Chicago White Sox are named in the suit.

It charges violation of the Sherman and Clayton Anti-Trust laws and a "continuing conspiracy to monopolize and restrain competition in broadcasting and recreating play-by-play accounts of professional baseball games."

Turner, Klein Take Victories In Bouts

NEW YORK (AP)—Gil Turner and Joey Klein, a pair of underdogs, have started the new year right. Turner won a unanimous decision over Italo Scortichini last night at St. Nicholas Arena and Klein stopped Gerry Dreyer on a seventh-round TKO at Brooklyn's Eastern Parkway.

Turner's victory was more important than Klein's because the once high - ranking welterweight showed signs of making a comeback. Packing 154 pounds to Scortichini's 154, Turner didn't fold in the late rounds as he has been doing lately. Instead he cut loose with some of his old-style bursts in the eighth and ninth of a rousing battle.

Klein, a New Yorker, slashed cuts over both eyes of Dreyer and rocked the former British Empire welter champ just before Referee Mark Conn stopped the one-sided battle after the bell ended the seventh. Each weighed 150½ pounds.

ABOVE THE BLEACHERS

By DALE WALTON

Field goal and free throw averages are gradually picking up for most of the Snyder Tiger basketballers.

The team, going into district play at Lamesa tonight, now holds a season average of 37.2 per cent on feild goals and 61.3 per cent on free throws. Both figures are higher than they have been before this season.

The best the team has hit on field goal tries in any one game this season was 50 per cent against Travis of Austin in the Brownwood tourney, while the best on free throws was close to 75 per cent in the same game. The worst on field goals was 27.5 per cent, against Odessa in the second game of the season, while the worst on free throws was 44 per cent against Abilene in the first game.

Don McNew holds the best free throw average of those who have seen much action with the squad, with a percentage of 72.7. Other averages include 68.5 by Jerry Taylor, 66.6 by Joel Tankersley, 66.2 by Jack Spikes, 61.5 by Jimmy Bennett, 61.1 by Hubert O'Neal, 59.4 by Alan Snead, and 50 by Steve Blair and Milton Ham.

The top field goal average is 41.4 by Ham, who is closely followed by Snead's 41.3. Others are 39.7 by Spikes, 34.4 by Tankersley, 33.3 by Taylor, 29.4 by Blair, 28.5 by Bennett, and 26.5 by O'Neal.

Snead and Spikes have shot more than have any other team members, and they have more field goals, with 39 each.

* * *

Howard County Junior College of Big Spring, which Saturday night won the championship of its own tournament, now has a season record of 16-0. Not bad, eh? The team's next game is tonight in Big Spring against San Angelo JC.

Team Picker Is Sure Not A Diplomat

By JACK HAND

NEW YORK (AP)—Even if Woody Hayes buys a homburg and a chesterfield, he'll never be a diplomat. He added nothing to the cause of peace in California when he rated Iowa, Wisconsin, Michigan, Minnesota and his own Ohio State club ahead of the Trojans after the Rose Bowl game. Then he put the rap on the bands for churning up the field between the halves.

If Sugar Ray Robinson really has all that sugar stacked away in the bank, why is he making this comeback? If he stopped Joe Rindone in six rounds in 1950 when he was the welter champ, why shouldn't he better his course record over Joe Wednesday night at the Detroit Olympia? It will be interesting to read what Sugar Ray has to say after the fight in view of his retirement comments in 1952 about quitting because "the coordination isn't there any more".

Willie Mays, who flew up from Puerto Rico to attend a testimonial dinner for Leo Durocher in California, is ready to return Thursday to the Santurce team in the winter league. Frank Forbes, the New York Giants' scout who is Willie's constant companion, says it "ain't so" Willie is all tired out from too much baseball. Forbes says Willie plays with the same devil-may-care flourish in Puerto Rico as he did in the Polo Grounds last summer. Ruben Gomez, the Giants' pitcher, is a teammate. Forbes had good reports on the Yankees' Bob Cerv and Elsteon Howard of the San Juan club and Roberto Clemente, Pittsburgh's No.1 draft choice.

Washington stories that the Army may be discharging draftees a month or two ahead of time revive hope among the ball clubs that they may get back any help during the '55 season. Vinegar Bend Mizell, the St. Louis Cards' hard-throwing lefty, and Billy Martin, the Yankees' second baseman-shortstop, are two whose release could be important factors next season.

Leadership Of SMU And TCU Is On Line

By JOE BENHAM
Associated Press Sports Writer

Southern Methodist and Texas Christian, rated the teams to beat in this year's Southwest Conference basketball race, get the chance to live up to the billing Tuesday night as conference play opens with three games.

TCU plays Arkansas at Fayetteville, Southern Methodist meets Texas at Austin and Texas A&M faces Rice at Houston.

The darkhorse pick, Baylor, stays idle until Saturday night.

TCU carries the best season record—8-3—into the Fayetteville fray. The Frogs pulled above the .500 mark with three straight victories in last week's pre-season Southwest Conference tournament.

The final triumph game over Alabama, ranked 12th in the nation at that time.

The Frogs build their attack around Dick O'Neal, highscoring and high-standing (6-foot-7) sophomore center, with forward Ray Warren, 6-foot-6, adding fuel from outside.

Jim Krebs, 6-foot-8 sophomore center, is the key man in the SMU machine. He's scored 220 points this year. The Mustangs figure to be stronger against Texas than they were last week, following the return of Art Barnes, SMU captain, to the starting five. Barnes, rated one of the better guards in the circuit last year, has been out with a knee injury.

Texas A&M and Rice looked good, bad and in between during their various tournament games last week at Houston. Rice holds the better season record with 4-6 to the Aggies' 2-7.

Next Action for the conference comes Saturday night, when Baylor goes into action against Texas at Waco, Texas A&M plays Arkansas at College Station and Rice meets SMU at Dallas.

Schlundt Will Keep Indiana At The Top

By ED CORRIGAN

That man Don Schlundt still knows the direction of the basket and as long as he doesn't lose his bearings, Indiana will remain a force to be reckoned with in the Big Ten.

The experts counted the Hoosiers out before the start of the season, but it appeared today that their unimpressive 2-5 preconference record may have been a mighty hoax.

Schlundt scored 30 points last night as Indiana began its campaign for a third straight conference title with a 95-77 triumph over favored Michigan.

Jim Barley, a substitute last year, and Burke Scott, who had done little scoring in early games, got 19 points each for the winners.

But Iowa, heir-apparent to the title, also looked powerful in its league opener, polishing off Wisconsin 86-69. Iowa took the lead just before the half and never was headed.

In other big Ten Games, Robin Freeman, the leading scorer of the nation at the moment, dropped in 39 points to lead Ohio State to an 83-76 victory over Michigan State, and Northwestern came from behind to edge Minnesota 74-72.

Notre Dame, which had a strong bid in for the top independent of the country, came a cropper at the hands of Louisville. The Cardinals had to come from behind a 53-45 deficit with 14 minutes to go to lick the Sugar Bowl champions 73-69.

Purdue became the first team ever to score as many as 100 points against Bradley when it whipped the Braves 109-92.

Seton Hall, beaten only once, recorded its ninth victory by trampling Colby 83-63. Florida got the jump in the Southeastern Conference race with an 81-68 triumph over Georgia, and Temple crushed Richmond 80-71.

Duquesne, second-ranking team in the country in the Associated Press weekly poll, took a 60-56 decision from Ft. Belvoir.

Soviets Conceal Anti-Semitic Program Since Stalin's Death

By JAMES MARLOW

WASHINGTON (AP) — The anti-Semitism of the Communists behind their Iron Curtain—and their efforts to wipe out Jewish culture—is painted in grisly colors in a report by a special House committee which has studied the Communists' performance in many directions for more than a year.

In its conclusions, the report from the nine-man group headed by Rep. Kersten (R-Wis) says:

"The Communist attitude toward the Jews was not substantially revised after Stalin's death. Only its forms were modified: anti-Semitic drives are now less publicized and better concealed from the free world.

"But Jewish communal life remains suppressed, the belief in a worldwide Jewish conspiracy continues to be an article of Communist faith, and the persecutions are proceeding as before.

"In dozens of trials, now conducted secretly, hundreds of Jews, former communal leaders as well as Communists of Jewish parentage, are being tried on the same fake charges of 'Zionist plots.'"

The committee, commenting that anti-Semitism spread to the satellite countries as soon as Russia had grabbed them at the end of World War II, took testimony from Jewish refugees and former community leaders from the Soviet Union, Poland, Hungary and Romania, and also representatives of American Jewish organizations.

This is some of the picture given by the committee:

The Communists used Yiddish schools, theaters and books to smash Jewry. This was in addition to scattering the Jewish population. Everything reminiscent of the traditional life of the Jews, including the sabbath observance was forbidden. Teaching of Jewish history was banned. But Yiddish was used and tolerated only until the Russian government felt it had outlived its usefulness. For example, the newer generation of Jews, as time passed, spoke and understood Russian.

Then the committee gives some figures to point a contrast:

In 1931 there were 831 Jewish schools with 94,872 students in the Ukraine, and 262 Jewish schools with 31,340 students in Byelorussia. Not one remains anywhere in the Soviet Union today.

In 1932 more than 2½ million copies of 653 Yiddish books were published. But the Yiddish publishing houses Emes was closed down in 1948 and now no Yiddish books are permitted.

In 1933-34 there were 20 permanent Jewish theaters in the Soviet Union, 11 of them in the Ukraine. Not one of them survives. In 1917 there existed 49 Yiddish and Hebrew newspapers and periodicals, none of them Communist. Not one Yiddish periodical survives, with the possible exception of a small newspaper appearing every once in a while in Birobidjan.

Nor is there any jewish periodical in the Russian language or any Jewish social, fraternal or welfare organization. The committee report says:

"Two million Jews in the Soviet Union have, except for a few government - supervised synagogues, not one periodical, organization, or association of any kind. The Jewish community has been completely atomized."

Non-Paying Customer Caught By Waitress

CHICAGO (AP) — A young man stopped in a Loop restaurant last night, ate a big dinner and then ordered four hamburger sandwiches to take home.

When the waitress, Miss Millicent Yaler, handed the bill of $4 to Robert J. Smith, 26, he said: "I haven't got that kind of money!" He ran into busy Randolph Street with Miss Yaler after him, calling for help.

Policeman Carl Dobrick caught Smith, but no one at the restaurant would sign a complaint. Police hadn't decided if they would charge him with anything or let him go.

Smith, meanwhile, sat in his jail cell, ate the sandwiches and went to sleep.

A Bank Is A Place Where You Get Money

ALBANY, N.Y. (AP)—A bank is a place where you get money, and Arthur Stearns, 67, was in a bank. So . . .

Stearns was standing, hat in hand, in the lobby of the First Trust Co. of Albany, waiting to pick up some calendars.

Someone dropped a quarter and a penny in the hat. Stearns says he doesn't know who.

"I wasn't looking for money," he said, "just calendars."

Business Battles Loom In Congress

By SAM DAWSON

NEW YORK (AP) — Business has plenty at stake as the new Congress opens this week—with decisions coming up on taxes, tariffs, fair trade laws, flexible farm price supports, public housing, foreign aid, minimum wages and unions and the antitrust laws.

Most businessmen expect that, on the whole, Congress will deal with them kindly although not granting them all that many of them would like.

President Eisenhower's State of the Union message Thursday will give the lowdown on what the administration would like Congress to do for business.

Most business leaders expect the message to be woven from rose-colored threads.

The one big bogey is the threat of rising unemployment. And industrial leaders understand that Washington is counting on the business pickup to hold the total around the present three-million mark.

The President's proposal for a huge federal highway building scheme is regarded as the most likely spur to business in general that the coming session may enact.

The tax decision likely will go against business. The corporate income tax rate is due to drop from the present 52 per cent to 47 per cent April 1, and a number of excise levies are due to a slicing then too. But the congressional cards are apparently stacked for the continuation of the present rates for another year.

The tariff battle will involve many businessmen bitterly. Those with goods or farm products to export will back the President's request for power to cut tariffs on the theory that will give other nations more dollars with which to buy American goods.

Those who fear that cheaper foreign items will invade American markets will fight hard for higher tariffs. At the moment, however, the betting is that the President will get the power he asks.

Foreign traders look for the President to get somewhere near the three billion dollars he is asking for aid to foreign nations, especially in Asia. Ths wouldn't hurt world trade any.

Agriculture Secretary Benson's flexible farm price support program will be under fire, especially from dairymen objecting to a 75 per cent level for their products. In the food-processing industries, however, the expectation is that Congress will uphold Benson.

The proposed boost in the minimum wage from 75 cents to 90 cents an hour—or to $1, as some in Congress suggest — would hit only a few industries, but it would hit some of them hard.

Higher pay scales for federal workers will be advocated as merely bringing them in line with what has already happened in private industry. But businessmen expect that higher federal pay will encourage union leaders to raise their pay scale sights this year.

The new Congress will likely be more friendly to public housing than was the last. And the private housing industry — both builders and those who furnish the money for mortgages — will put up a strong fight against it.

A lot of sound and fury may come from Congress on the issue of repealing the fair trade laws which allow manufacturers to enforce their own list prices at retail level, and on the issue of bringing unions under the antitrust laws. But business' betting is that nothing will be changed at this session.

A New Feature Appearing Every Sunday In THE SNYDER DAILY NEWS

America's great new full-color rotogravure Sunday Magazine...

FAMILY WEEKLY Magazine is now appearing as a supplement to hundreds of Sunday newspapers throughout America. We are proud to announce that, beginning next Sunday, it will come to you with THE SNYDER DAILY NEWS as an added service to our readers.

You will like FAMILY WEEKLY . . . its handsome appearance . . . its beautifully printed full-color pages . . . its lively content . . . its consciousness of the things in which you are genuinely interested.

FAMILY WEEKLY has caught the heartbeat of the nation. Through words and pictures it explores the fascinating things in life and reports them to you vividly and accurately — science, religion, sports, medicine, art, amusements, romance, home - making, food, children, business, industry, gadgets, travel, fiction and fashions.

FAMILY WEEKLY will talk about cities and towns and people. It will take you to the far corners of the earth. It will tell of the significant advances in the medical and scientific worlds. It will discuss important events as well as the new fashions, bring you the latest information on time- and effort-saving devices that make life easier, and it will give you a weekly selection of tried and tested food recipes you won't be able to resist.

Each Sunday you can expect an exciting fund of reading in FAMILY WEEKLY that will enrich your experience and heighten your awareness of what is going on in the world. FAMILY WEEKLY informs as it entertains; entertains as it informs. We believe you will look upon it as a dependable, interesting, and satisfying friend that will be as welcome in your home as is THE SNYDER DAILY NEWS.

Youngsters Arrested In Numbers Game Raid

PHILADELPHIA (AP) — Two 11-year-old girls whom investigators said delivered numbers slips to a vacant house daily for the past two weeks were apprehended by police yesterday.

The youngsters said they were paid $3.25 a week by a man named Mike to drop packages into a fire bucket at the vacant house. They also told police they gave one girl's mother $2 each after payment. The mother was arrested in lottery charges.

Michener Faces Suit

PHILADELPHIA (AP) — Author James A. Michener, 47, whose "Tales of the South Pacific" won him a Pulitzer Prize and was then adapted to a hit Broadway musical, is being sued for divorce. The suit was filed yesterday on behalf of Mrs. Vange A. Nord Michener, 32, a writer, whom he married in 1948. No details were available.

Self-Proclaimed Atheist Becomes U.S. Citizen

PORTLAND, Ore. (AP) — Walter Plywacki, a self-proclaimed atheist who was denied citizenship because he refused to repeat the words "So help me God," became a citizen of the United States yesterday by affirming the oath.

Plywacki, a 25-year-old Oregon State college student, is a native of Poland. He first applied for citizenship to the federal court in Hawaii. That court refused him when he stated that he was an atheist and could not conscientiously repeat the traditional oath with its reference to God.

He appealed the Hawaiian court ruling to the 9th Circuit Court of Appeals in San Francisco and this court reversed the Hawaiian ruling.

(*)—NONE (**)—TRACE

Rainfall For Year Far Under Average

Ten and 36-hundredths inches of rain fell in Snyder during 1954, the total being slightly more than half the annual average for the last 43 years, and in turn, lowered the average again.

The 1954 total was 3.89 inches less than the total of 1953, which was more than six inches short of the average, and the 1954 total dropped the annual average 16-hundredths of an inch. The 42-year average from 1912 through 1953, both years included, was 20.53, but the new 43-year average is only 20.37.

Last year's decrease of 3.89 from the previous year was an average monthly decrease of .32 of an inch. Much of this average monthly decrease and much of the total decrease was due to scant moisture falling last month.

Last month's moisture, which came entirely by snow which averaged in depth here about three inches, measured only seven-hundredths in the gauge of Mrs. D. P. Strayhorn, official weather observer. It was also reported, however, that much of the snow had blown from the gauge. Estimates were that actual precipitation for Snyder was nearer .16 of an inch.

All figures in the records from 1911 to date are those officially guaged here, however. The total for last month was less than half the .15 of an inch measured in December, 1953. Also last month's total was the second lowest monthly total of the year, the lowest being in February, three-hundredths.

Last year's total figures an average of only .86 of an inch a month. The 1953 total gave an average of almost 1.19 a month. The average for 1952 was slightly higher, but the 1951 total of 10.26 was even less than last year's. The last year Snyder's rainfall matched the annual average was 1950 with a total, of 21.19 inches. The previous year was slightly higher than that, and other previous years were nearly as high back through 1946. The 1945 and 1944 totals, respectfully were 23.69 and 27.35, far above average.

The most rain in a single month last year was in May, 3.55 inches, but April had 2.93 inches. Both these figures were above the averages for those months. The totals of all other months last year were far less than the averages for those months.

Last month's shortage also caused a new average for December dropping it from a 42-year average of .89 to a 43-year average of .87.

Cloudy weather with mists and sprinkles which started here yesterday give a bit of hope for a good year. The 43-year average for this month is .62 of an inch.

Russia Short Of Optic Aids

MOSCOW (AP)—A shortage of spectacles is irritating Moscow citizens, who complain that often they have to get up before dawn to stand in long queues—and then still don't get glasses.

Trud, newspaper of the Soviet Central Trade Unions, demands that the Ministry of Health do something about it. Trud claims that frequently people can't get glasses three weeks after they obtain a doctor's permit for them. It says:

"Early in the morning, long before dawn, a queue is standing near a shop where they sell spectacles. At 8 a.m. a man on duty appears and hands out coupons for glasses. Only 40 pairs today! What a pity! . . .

"But, in addition, one frequently can't get a fitting size. And there are also many other obstacles. If you don't get a doctor's prescription, you don't get any glasses at all, and even with the permit you wait three weeks . . .

"And this situation prevails at other optical shops in Moscow, too."

Woman, Neighbor Are Dead After Shooting

SAN ANTONIO (AP) — A woman and a man were dead today after double shooting, part of which was seen last night by the woman's grandson.

Police listed the dead as Mrs. Mary Ramos, 56, and Estevan Rocha, 65, her neighbor. Mrs. Ramos family were watching television in their home when she was shot while in her backyard, police said.

Patrolman Eddie Vela said he found Rocha locked inside his apartment with a bullet wound in his head and a pistol underneath his body.

Police said Mrs. Ramos' family was unable to offer a motive. Neighbors said Rocha often argued with them and children of the area.

Mrs. Ramos' grandson, Jesse Ramos, 12, saw his grandmother shot. Mrs. Ramos is survived by her husband, three sons and two daughters.

Spectator Is Wounded During Shootin' Movie

TOKYO (AP)—Spectator Hiroshi Nakagawa, 20, slumped in his seat during the rootin' shootin' finale of the cowboy film "Shane."

Police found a bullet in his leg and a small, broken, handmade pistol on the theater floor. Nakagawa is in good shape and so, apparently, is his assailant. The cops didn't find him.

10 Gallons Of Gas Needed By Aviatrix

LONG BEACH, Calif. (AP) — Ten more gallons of fuel might have saved Dianna Bixby, 32, noted aviatrix whose broken body was flown back here from Mexico by her grieving husband.

"If she'd have had any kind of break at all—if she'd had 10 more gallons of gas—she would have made it," said Lt. E.S. Childers, copilot of a San Diego Coast Guard plane which located the wreckage of Mrs. Bixby's plane.

Robert Bixby, 40, her husband, couldn't say anything to reporters when he arrived last night.

Mrs. Bixby's freight cargo plane, a converted A20 bomber, crash-landed Sunday 150 miles offshore in the Gulf of California near Loreto, Baja California, Mexico.

She and her husband, operators of an air freght service, had been flying two planes to Mexico to bring produce back. Bixby, flying about an hour behind his wife, heard her say over the radio she was nearly out of gas but thought she had spotted a clearing for a landing.

He searched by air, then returned to their Long Beach headquarters Sunday night.

He was waiting on shore at the scene yesterday when Navy diver James Watkins brought up Mrs. Bixby's body. Her parents, Mr. and Mrs. E.E. Converse, Santa Paula, Calif., ranchers, were there too.

The Bixbys were married in 1948 and had two children. In 1950 they attempted a round-the-world flight, but engine trouble stopped them half way around at Calcutta.

Teenagers Figure In State Violence

By The Associated Press

In far-flung spots of Texas Tuesday teen-agers figured in violence that kept courts and policemen busy.

A 19-year-old Grand Prairie, Tex., youth was charged in the death of a highway patrolmen after a patrol car overturned while chasing a 100-mile-an-hour speeder.

Two young brothers were shot and wounded in Corpus Christi by a policeman who had chased their speeding car. Three El Paso boys were to be charged Tuesday with a negligent homicide in the rifle death of a 48-year-old El Paso man.

And at Amarillo, seven teenagers—one a 15-year-old girl in handcuffs and leg irons—were back in jail after a Sunday night escape and a 105-mile-an-hour flight to Kansas.

The seven boys and girls gave up without resistance Monday at Bloom, Kans., after a sheriff splattered their car with a shotgun blast. They had fled in the car of Supt. P. E. Johnson of the Amarillo Juvenile Home Sunday night after threatening Mrs. Johnson with a paring knife.

The Federal Bureau of Investigation charged the manacled girl, Terry Lee Leonard, and two 15-year-old boys, Bobby Dickerson and Bobby Lee Reeves, with transporting a stolen car across a state line. Three other girls—Norma Smith, 14; Ann Baugin, 17; and Bobby Hodges, 14—were returned to the juvenile home. A third boy, Donald James O'Neill, 15, was held in the county jail without charges.

Police said the seven Amarillo youths had three pistols, six paring knives and a steel file when they surrendered.

One bullet from a policeman's revolver went through the left forearm of Ronny Miller, 17, at Corpus Christi. The same bullet struck 7-year-old Chris Miller in the abdomen.

Corpus Christi Police Chief Dick Runyan held the officer who did the shooting in jail Monday night and said he would be charged with aggravated assault.

The policeman told Runyan he chased the boys' speeding car for more than a mile at 65 miles an hour before it stopped. He said he thought the driver was intoxicated and attempted to knock the driver's hands from the wheel with his pistol. The gun accidentally discharged, he said.

Miguel T. Avina was the man killed in El Paso by a rifle bullet. The three boys to be charged Tuesday admitted to police they were firing .22 rifles in the vicinity at the time of the New Year's Day shooting. They are 14, 15, and 16 years of age.

Sheriff Bill Decker of Dallas County filed a murder without malice charge against Bobby Gene Witt, 19, in the death of State Highway Patrolman Milton D. Brooks, 38.

Brooks was killed with his car went out of control while chasing Witt's automobile.

In a statement to officers, Witt said he had first believed a friend was following him and did not know until later that it was a policeman. He said he called the Grand Prairie police after learning police wanted him. He went free on a $2,500 bond.

A statement by a companion, in the car during the chase, said the driver was doing "100 or better."

Ex-Sailor Confesses Pre-Halloween Murder

EBENSBURG, Pa. (AP)—A 39-year-old unemployed sailor has pleaded guilty to a general charge of murder in the "trick-or-treat" pre-Halloween slaying of 6-year-old Karen Mauk.

Judges Ivan J. McKenrick and George Griffith yesterday ordered Harry Gossard committed to Torrance State Hospital for mental observation.

The court said testimony will be taken to determine the degree of guilt after the hospital reports on Gossard's mental condition.

Karen's body was found in a cemetery not far from her home near Johnstown shortly after she left to participate in Halloween games last Oct. 29. The coroner said she was strangled.

Man Is Held After Five Die In Fire

SAGINAW, Mich. (AP)—An enraged father kicked over an oil heater during a family quarrel last night, touching off a flash fire that killed five children — three of them his own — and critically burned his wife.

Police said Eugene Pierce, 29, deliberately overturned the stove in a scuffle with his father-in-law L. C. Valentine, 44.

Pierce, unemployed father of five, was under police guard at St. Mary's Hospital, held for investigation of manslaughter. He suffered a burn on the arm and lacerations in escaping through a window of the flaming home.

Two other adults and three children also were injured.

Valentine said Pierce, who was estranged from his wife, entered the house brandishing a knife. He said he subdued Pierce by smashing him on the head with the butt of a shotgun.

Pierce fled into another room, knocking over the oil heater, police said. Flames raced through the house, trapping the five victims, who were playing upstairs.

They were Betty Jane Pierce, 8; Sherlee Laverne Pierce, 6, and Allen Pierce, 4; Juanita Johnson, 10, and Caroline Craion, 2.

Pierce's wife Ada Lee, 26, was burned critically.

Others injured in the blaze were Mrs. Pearlier Craion, 22; and Valentine's wife Lueretha, 45.

Mrs. Valentine carried three children to safety — Vickie Pierce, 2, and Leonard Pierce, 9 months, and Geraldine Craion, 9 months.

Police were forced to handcuff Pierce to keep him from dashing back into the building in an attempt to rescue his children.

Valentine told police Pierce had been living away from his family since his release from the veterans hospital at Battle Creek, where he had been under treatment as a mental case. Officers said he had been drinking.

More Areas Ask Russian Travel Ban

By WARREN ROGERS JR.

WASHINGTON (AP)—U.S. government action barring Russians from more than one fourth of this country drew no immediate reaction from the Soviet Union — but a chorus of "why not us?" queries poured in on the State Department today from many of the remaining American communities.

In retaliation for Soviet restrictions on travel of Americans in Russia — and vowedly for security reasons — the State Department yesterday declared 1,000 or so counties in 40 states off-limits to about 400 Russians working for the Soviet Embassy, the Amtorg trade agency and Russian news bureaus. The Russian delegation to the U.N. also is affected, although some 50 Soviet citizens connected with the U.N. Secretariat are not.

The Russians must stay within a 25-mile radius of both New York and Washington and must give at least 48 hours notice of plans to travel elsewhere. But in any case, they are barred from specified areas, including 15-mile-wide belts along much of the northern and southern boundaries of the United States.

When necessary, they may go by rail or commercial airline through restricted areas to reach open points. But automobile and, bus travel is banned except over specified routes along the East Coast and to the open areas south and west. Applications to travel to resorts "will be considered on the merits," the department said.

Protests have begun to roll in from many of the counties and the eight whole states left open to Soviet travel.

Some of the complaints went like this:

Why declare Orleans Parish (County) in Louisiana off-limits and exempt New Orleans, except the port? (Both have the same geographical boundaries.)

Also, people in New Jersey wanted to know why Essex County, within a 25-mile radius of New York, was declared off-limits while Sussex County, outside that area, was not.

And Vermonters were wondering why they were left out.

To all such queries, Department officials replied that no specific reasons could be given. The chief criteria, they said, were "reciprocity and security."

Besides Vermont, states left open to the Russians include Arkansas, Mississippi, North Carolina, Oregon, Utah, Wyoming and Florida.

Water Issue Up For Vote

WILLS POINT (AP)—This little town on the edge of deep East Texas voted today on a far-reaching water issue.

The vote is on whether to create the Van Zandt County Water Control District.

If the issue carries, the Texas Supreme Court may have to decide whether a Texas river authority has complete control over development of a watershed or must permit local political subdivisions, such as counties, cities and towns, to do their own development of nearby streams.

The Van Zandt group wants to build a dam on the Sabine River at Iron Bridge.

The Sabine River Authority wants to build a dam at the same place.

The president of the river authority, John Simmons of Orange, said authority attorneys have been authorized to "take all action necessary" to prevent building a dam by a local water district.

Simmons said the Sabine authority would take the matter to the state Supreme Court if necessary.

The river authority questions the ability of a local water district to build an "adequate" dam.

Dallas began negotiations last year with the Sabine River Authority for a share of the water to be impounded by the dam proposed by that group.

The territory of the proposed local water district is the limits of Wills Point (pop: 3,000), some 50 miles east of Dallas.

If Wills Point authorizes the water district, it also will elect its directors today. The state board of water engineers tentatively has set a hearing on the Iron Bridge controversy Feb. 20 in Austin.

Stricken Judge Holds Court In His Bedroom

NEW BLOOMFIELD, Pa. (AP)—A central Pennsylvania judge who suffered a heart attack five weeks ago is holding court in his bedroom. He says it's slightly complicated but entirely legal.

Judge Harry B. Crytzer, head of the Perry and Juniata County courts, explains it this way:

He is authorized to do court work in his chambers that ordinarily would be done in open court. The obvious exceptions are jury cases and procedures calling for more than one judge on the bench. Since the courthouse has no judges' chambers, Judge Crytzer uses part of his home for court work. In this way, his home passes as an office, in which court work may be done legally.

Now Many Wear
FALSE TEETH
With More Comfort
FASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little FASTEETH on your plates. No gummy, gooey, pasty taste or feeling. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.
