FIRST PRESBYTERIAN REVIVAL IS LAUNCHED SUNDAY

'LAUNCH OUT INTO DEEP,' IS EVANGELIST SPEAKER'S PLEA TO CHURCH WORKERS

Dr. J. M. Lewis of Lubbock, Leading In Revival At Local Church

"Launch out into the deep as the Master suggested to that group of fishermen, who explained they had fished all night and caught nothing," was the appeal sounded by Dr. J. M. Lewis of Lubbock, in his opening sermon of the First Presbyterian revival Wednesday evening.

Reading from the parable of the draught of fishes, as given in Luke 5:1-11, the evangelist speaker charged that Christian people of today were too often content to play around the edges. "God is expecting us to undertake big things in His name if this revival campaign is to bring success," he stated. "Rather than fish near the shore line, as was the case of those men to whom Christ addressed Himself, we, too, must go out into the deep, where experiences are deeper and greater."

Dr. Lewis arrived Wednesday and will do preaching through remainder of the revival campaign, opening Sunday morning by the pastor, Rev. W. M. Elliott. Services are to be held twice daily, at 10 o'clock a. m. and 8 o'clock p. m.

The revival is to be continued to Sunday, May 8th.

THOMASON OF OPINION VOCATIONAL AID WILL BE CONTINUED BY U. S.

Congressman R. E. Thomason of this district is of the opinion the government is to continue financial support to vocational education in the public schools of the country. A few weeks ago, after President Hoover had demanded that this annual appropriation be eliminated by the government, considerable concern was felt here and throughout the country where this department is maintained in the schools.

In a letter received from Mr. Thomason Tuesday, he states: "With further reference to your letter concerning Federal aid for vocational education, I am glad to say that I have talked with Chairman McDuffie of the special House Economy Committee who informed me that the Committee has rejected the President's suggestion that this appropriation be discontinued."

One of the infants died within two hours of birth. The other lived through most of the night, following his tiny brother in death at an early hour Wednesday.

Local Scouts Win Honors At Annual Jamboree Meeting

Colorado boy scouts and scouters were very much in evidence at annual jamboree held at City Park, Big Spring Friday evening and Saturday. Troops 9 and 11 were rated "Class B," with more than 150 and less than 200 points. Only six other of the eleven area towns represented won that distinction.

A Colorado Boy Scout, George Whitten, won first place in the scout pace race. Colorado won third place in the knot tying contests.

There were 578 scouts and scouters in attendance from Colorado, Sweetwater, McCauley, Roscoe, Lovine, Midland, Coahoma, Big Spring, Pecos, Burdow and Wink.

RANCHMEN DONATE THREE BEEVES TO BAND BENEFIT BARBECUE AT LOCAL PARK

Coloradoans Urged to Attend Fete Thursday Afternoon Good Time Assured

Ruddick Park Thursday afternoon is to be the scene for Colorado's big attraction for the week, when several hundred citizens from this and other communities gather to have a part in the barbecue and entertainment program planned as a band benefit.

"Everything will be in readiness to feed the big crowds expected, Everett Winn, chairman of the arrangements committee, stated Thursday morning.

The barbecue will not be given at Ruddick Park, it was announced from the Chamber of Commerce Thursday afternoon. Due to rain and continued threatening weather the program has been changed to the C. L. Root building on Walnut street.

morning. At that time three choice baby beefs were simmering over glowing embers in the pits and final details to have an unusually good meal in readiness were being made. William Booker, well known for his ability as a chef, was found presiding at the barbecue pits.

The beefs, especially selected and fattened for this event, were donated by Sheriff R. E. Gregory, Bob Scott and Sam Wulfjen. The latter cattleman is in general charge of the afternoon program. The call to eat will be given at 6:30, and all that one can eat is offered for the small sum of thirty-five cents.

Proceeds from the barbecue will go into fund being raised to send the band to annual convention of the Broadway of America association in San Diego, California, next month. Chamber of Commerce officials who are actively sponsoring the program, hope that every citizen of Colorado will take advantage of opportunity to aid in this project.

"Coloradoans could not lend their enthusiastic support to a more worthy program," Jim Greene, secretary of the Chamber of Commerce, declared Wednesday afternoon. "The three cattleman named have certainly been most generous in this undertaking and when every man, woman and child in Colorado has gone to the park, enjoyed a good dinner for the small sum of 35 cents, they have not thrown any cash away, because the barbecue meal will be worth more than the price asked."

This community should lend strong support to the band just now because the organization may never have such an opportunity to place this city before the press and motoring public of the country as is offered in the trip to San Diego, Greene outlined. "Our individual pride in the splendid achievement of those fine boys and girls should prompt every citizen to rally to their support, especially through attendance at the barbecue program Thursday afternoon," he said.

OPENING PLAY IN SCHOOL TOURNAMENT GIVEN TUESDAY NIGHT AT HI AUDITORIUM

'The Country Doctor,' Will Be Given By Juniors Friday Evening

The fourth annual class play tournament at high school was opened Tuesday evening with presentation of the senior play, "The Toastmaster." The play was well patronized and the applause indicated that members of the audience were well pleased with the characterization.

Tonight the junior class is to present its play in the tournament, "The Country Doctor" is title of comedy-drama to be presented by members of this class. "Kid Colby" is title of the play to be given on Tuesday evening of next week by the sophomore class and the concluding play, sponsored by the freshmen, "I Will—I Won't," will be given Friday evening of next week.

Class winning for first place in the tournament will be announced Friday night of next week.

A unique feature of these contests is shown in fact that the same class has won first prize award consecutively each of the three years. In 1929 the sophomores won and the next year as juniors they won again. Last year the senior class was successful in the contest.

JUNIOR CLASS PLAY DELAYED TO SATURDAY

The Junior play, "The Country Doctor," has been postponed until Saturday night, April 30th. This 4-act comedy-drama will be presented in the auditorium of Colorado high school at 8:30 p. m. The play was originally scheduled for Friday.

SCHOOL HEAD PONDERS QUESTION—'WHO WILL DELIVER THE ADDRESS'

Who is to deliver commencement address to members of the senior class on the evening of May 27? That is the question that Tuesday was being pondered by John E. Watson, superintendent of the schools.

Several weeks ago Mr. Watson received a letter from Dr. Paul W. Horn, president of Texas Technological college at Lubbock accepting invitation to deliver this address. Two weeks later news was received of Dr. Horn's death.

Then an invitation was extended to Dr. J. W. Hunt, president of McMurry college, Abilene. The Taylor county educator immediately accepted. A few days later Dr. Hunt wrote his regrets to the Colorado school man, informing him that a check of his speaking schedule disclosed that he had previously accepted invitation to attend another meeting on the night of May 27th.

FIRST METHODIST CHURCH IN TRIBUTE TO PIONEERS WHO 'BUILT AN ALTAR'

Fiftieth Anniversary Program Brings Former Members Back To Colorado

Pioneers of Methodism in Colorado, who fifty years ago "built an altar unto God" amid the stirring activities of a booming frontier city to which some 5,000 people had pushed westward to make their homes, were given tribute Sunday in program commemorating fiftieth anniversary of organization of the church. It was the most conspicuous day that Colorado Methodists had ever had, many of those who have been associated with the church since the eighties stated.

The program was opened at 9:45 Sunday morning with the largest Sunday attendance the church has ever known. The goal of 500 was passed by twelve. That record, alone, was praised by the superintendent, George H. Mahon, as exemplifying that Colorado Methodists have determined that during the years yet to come the church will work to an even greater plane of Christian leadership than during the past.

The golden jubilee was made especially impressive through presence of Mrs. J. E. Wenker of Phoenix, Arizona, only surviving charter member. Mr. and Mrs. Wenker arrived Friday and during their stay in Colorado were guests of Mrs. Clara Smith. Several others present had been active in the congregation since soon after organization of the church.

At 11 o'clock Dr. J. W. Hunt, president of McMurry College, Abilene, delivered his address, "When Methodism Came to West Texas." In this the pioneer Methodist circuit rider, who planted churches along the border line of civilization on the Texas frontier, was praised. Mrs. Bill Martin of Lorraine, granddaughter.

(Slim) Davis, who was shot to death as he sat in a motor car on a Colorado residence street Sunday afternoon, April 19. HEAVY DOCKET PENDING IN 32ND DISTRICT COURT, TO OPEN ON MONDAY, MAY 23

Thirty Five Criminal Cases Listed; Three of Them Are Murder Counts

When Judge A. S. Mauzey convenes 32nd district court here on Monday, May 23, he will face one of the heaviest criminal dockets this county has ever known. A total of thirty-five criminal cases, including three murder counts, are pending and the grand jury, to be empaneled when court is convened, is expected to develop the usual quota of "new business."

Defendants in the three murder cases are Newt Miller of Colorado, charged with the death of Slim Davis here on Sunday, April 9; Bill Ainsworth, farmer of Longfellow community, charged with the killing of M. J. Hazelwood, a tenant farmer on Ainsworth's place, who was slain on a country lane near the Longfellow school house on Sunday morning, November 29, last year, and King Reed, former Midland police chief, charged with the killing of a Midland night watchman to death several months ago.

The King Reed case was tried at the October term of court. A verdict of guilty assessing a penitentiary term was assessed by the jury. The case was reversed and remanded by the appeals court at Austin.

Another item of considerable interest pending on Judge Mauzey's criminal docket is the W. C. Mitchell case. Mitchell was tried at the October term of court on the charge of robbery with fire arms, but the jury failed to agree and a mistrial resulted. The indictment against Mitchell recites that he forced Dr. R. E. Lee, Colorado physician, under threat of death, to purchase and deliver to him a new motor car. The machine was purchased from the Mills Chevrolet Company.

It is apparent that George Barber is to be brought to trial during the May term of Judge Mauzey's court. Barber is charged with highway robbery and assault with intent to murder as the sequel to his alleged robbery of two Sweetwater taxi drivers near Colorado a few months ago and later firing on a police official who attempted to place him under arrest. He is being held in jail at Abilene.

Barber Removed to Taylor County Jail By Local Officers

George Barber, arrested in Dallas two weeks ago after a few weeks of freedom following a jail delivery at Sweetwater, was brought to Abilene Friday by Dick Hickman, police chief and Jack Delaney, constable. The fugitive was placed in jail at Abilene for safekeeping.

Barber told Hickman that since breaking jail at Sweetwater he had been in Waco, El Paso and other Texas cities. He was in the act of catching a freight train with some Louis as his destination when taken into custody.

Barber is wanted by the authorities at Sweetwater, Colorado and other West Texas communities, according to information received here.

Business and Professional Women's Club Party

The Business and Professional Women's Club met last Thursday, April 21st at the home of Miss Ruelle Smartt, with Miss Smartt and Miss Elizabeth Kirkpatrick as hostesses. The house was beautifully decorated with red and pink roses and sprays of fern. Costumes for the occasion were striped overalls or sport trousers and white shirts.

When all the guests and club members had arrived, each member with a car was given a taxi number, guests and members without cars were given a number to correspond with one of the six taxis. The taxi carried this gay party of ladies (who recently organized a baseball team), to the East Ball Park where a "Hot" game was played. Myrtle Crowder, our president, was star player, she actually hit the ball and made first base, "Thanks to Myrtle." The game closed due to darkness with a final score of 6 to 8 in favor of Team No. 1.

The party returned to the home of Miss Smartt, where they were presented with green baseball caps, which they wore the remainder of the evening. They were then directed to her beautiful sunken garden, which was an array of multi-colored lights, where the hostesses served sandwiches, pickles, deviled eggs and lemonade.

This being "Transportation" month the game "Touring" was played. The tallies were green with little sport roadsters painted on them, which very cleverly carried out the idea of the party.

Besides the members, Misses Smartt and Kirkpatrick had as guests Misses Helen Hamer, Laura Louise Pearson, Winona McDonald, Junita Cook, Hattie Ballard; Mesdames Eloise Benton, Leona Mosley, Hill Watson, Mary Luckey and Bonnie Rae.

HOWSLEY OPENS CAMPAIGN AT THROCKMORTON, TEXAS FOR STATE SENATE BERTH

Prominent Albany Attorney Given Rousing Reception At Old Home Town

Coming back to Throckmorton county where his parents have lived for 62 years, and where he spent the first twenty-five years of his life, Andrew M. Howsley, of Albany, opened his campaign for State Senator from the 24th Senatorial district with an address at the Court house there Saturday night. He spoke to a capacity crowd, composed of men and women from all parts of the county and delegations from several other counties in the district, the largest of which was from Albany, the home town of Howsley, including the Albany band, which gave a concert on the court house lawn preceding the speaking.

Judge B. F. Reynolds, a resident of Throckmorton for sixty years, presided and before he introduced Howsley, short talks were made by Jeff Fowler, T. R. Odell and John Lee Smith, attorneys, who assured Howsley of the support of his old home county. The large crowd enthusiastically received Howsley's speech.

Howsley is now a member of the House of Representatives from Jones and Shackelford counties and is running against Oliver Cunningham of Abilene, the present Senator from this district, who is now serving his fourth year in that office. Howsley is asking for election to the Senate on the record he has made in the House and the constructive platform which he discussed at length. A brief synopsis of his speech follows:

"By their fruits ye shall know them," Howsley said, "and it is upon my record as a member of the House of Representatives that I submit my candidacy for the State Senate. The ever mounting cost of government must cease, both local, State and Federal, and unless a halt is called the very existence of our free democracy is threatened. The time has come when the people should concern themselves with the expenditure of their money; false issues should be forgotten, and together we must pull for retrenchment in governmental expenditures. My record is written at Austin and I invite your investigation of it believing that it will disclose I have made an honest effort to bring about a reduction in taxes."

"Since I am opposed in this race by your present Senator, the issues in this campaign must necessarily be a comparison of our records, both of which records I consider public property, and, therefore, I shall discuss them freely with the people of this Senatorial district."

Pioneer Party
"Just to bring back days of yore, When people lived in wagons out of doors, I'm going to have a Pioneer Party. The caravan starts about two-forty. Don't forget that Pioneers wore dresses that would not tear, Bonnets to protect the face and hair."
Thus was the invitation sent out by Mrs. Clay Smith for a Pioneer Party Friday afternoon.
Some of the guests arrived in real old-fashioned pioneer dresses and drove out to the Smith home in a covered wagon, followed by the typical old red hound.

When all had arrived the hostess passed score cards of covered wagons design, and before places were found for bridge, each one tried skill by trying with a pop gun to hit circles drawn on a cardboard on the wall. Each circle was numbered from 50 to 300 and the number hit was added to that person's score.

At each table on account of some pioneer, such as an Indian attack, etc., the score pad instructed the players to add some number to their score. When four games had been played, the one at each table holding high score was given colorful handmade bonnets as prizes.
The hostess then announced that the party would take a trip through the woods and that two scouts were needed to ride ahead to protect the party from Indians, wild beasts and other dangers. By vote of the crowd Mrs. Lamb and Mrs. Wheeler were chosen as scouts and rode horseback in advance. The rest of the group were loaded in a big covered wagon, drawn by two broad backed mules and driven through the woods to a picnic ground, where the camp fire was burning and a real old-time feast was served from a pioneer chuck wagon. After the return trip through the woods, the guests returned home having thoroughly enjoyed this most unusual affair.

Birthday Party
Tuesday was the birthday of Jimmy Kelley, who was seven years old. For his party he invited his entire room, with his teacher, Miss Traynor, for a picnic at the Park at 2:30 o'clock. The group had a most delightful afternoon. Each boy was given a ball and the girls jacks and balls. Nutty rolls were served. The young host received many pretty gifts from his little friends.

Harmony Club
The Harmony Club met Wednesday with Mrs. Lindley at the home of Mrs. Sadler. Her guests were Mrs. Landers, Mrs. Vaughan and Mrs. Myhre.
The house was prettily decorated with Spring roses and the afternoon was a most enjoyable one.
A refreshment plate of pear salad, sandwiches, potato chips and a fruit drink was served. The next meeting is with Mrs. Young.

EL PASO, DOUGLAS PLAN SPECIAL ENTERTAINMENT FOR COLORADO MUSICIANS

Hotel Reservations, Buffalo Barbecue Planned, Ass'n President States

Special courtesies are to be accorded members of the Colorado municipal band, official musical organization of the Broadway of America association, at every stop enroute to annual convention in San Diego, California, according to F. O. Mackey of El Paso, president of the association, who was in Colorado late Monday. Mr. Mackey left El Paso Monday morning for New York City to return with the motored to leave there on May 3.

"The City of El Paso is building a band stand in the plaza for the use of your band when they give concert there on the evening of Monday, May 9," Mr. Mackey said. "In addition to that arrangement every boy and girl in that wonderful organization is to be the special guest of El Paso at one of our most popular hotels. We are to demonstrate our appreciation of West Texas' best musical organization and the official band of our association."

Arriving at Douglas, Arizona, for the second over night stop, the band will be honor guests at a barbecue at which buffalo meat is to be served. Here, too, members of the band are to be entertained complimentary at the hotel owned and operated by President Mackey.

"A wonderful entertainment program has been provided at San Diego," Mackey continued. "Included is a banquet in the El Cortez Hotel, a visit to the naval vessels, a boat ride around the bay and an organ recital in Balboa Park."

After spending an hour here in conference with Secretary Greene of the Chamber of Commerce, Mackey continued his journey to New York City. He expects Mayor Jimmie Walker of New York to accompany the motored on its transcontinental trip to California.

The motored is scheduled to arrive in Colorado Sunday afternoon, May 8, and will make an overnight stop here. The Chamber of Commerce and Broadway club are concluding plans for entertainment of the visitors. At 7 o'clock the following morning the good will boosters will resume their motor trip to San Diego, driving to El Paso for the night.

Methodists

(Continued From Page One)

tee of Mrs. T. Q. Mullin, an active member of the church many years ago, sang during this service.

Special music under direction of Sam J. Smith added to interest and impressiveness of both the morning and afternoon programs. Both the orchestra and choir were selected from musicians identified with the Methodist and other congregations in Colorado.

The morning service was adjourned to the American Legion building at noon, where a basket lunch was served. Ladies of the church are entitled to much praise for the success of this feature of the day's program. An abundance of food, well prepared and served, was provided.

At 2 o'clock in the afternoon tea "old-timers" had their say. Mrs. J. G. Merritt, a daughter of Mr. and Mrs. D. N. Arnett, pioneers in West Texas Methodism, was in charge. Allen J. Payne of Slaton, who for many years was organist for the church and who was living in Colorado when the building was completed in 1884, was called to the piano. The song service, in which the old sacred hymns were used, was especially impressive.

"When I heard that bell ringing this morning my heart was made to well with joy," Mrs. Wenker stated in opening a brief address before the afternoon meeting. "I came to Colorado in the fall of 1881 and it was not long until a few of us, who were Methodists interested ourselves in organization of a church. I shall never forget that day when seven of us, including my father and mother, myself and four others, met at the old school house that stood on second street and instituted a Methodist church in Colorado."

"These pioneers in Methodism here remind me of Abram," Justice W. P. Leslie of the Eastland court of civil appeals, stated after being presented by Mrs. Merritt. "Abram journeyed for a time and then built an altar. He journeyed some more and built another altar. These people, who in the long ago planted an altar at Colorado as portrayed in the founding of this church, are entitled to our most profound love and respect."

Mrs. Harry Hyman, who came to Colorado 41 years ago, was the next "old timer" to be presented. She told of the inspiration the church had been to her during the years she held membership there.

Dr. P. C. Coleman, a resident citizen of Colorado for 49 years, was next presented as a "pioneer who is a Presbyterian and loved by every Colorado Methodist." He praised

'COLORADO CITY' AMONG TEXAS' LARGEST CITIES IN THE EARLY EIGHTIES

Going back into history for fifty years the statistics of population in Texas cities placed "Colorado City" among the most important commercial centers in the Lone Star State. This fact was recalled here Sunday when West Texas Methodists met to commemorate fiftieth anniversary of Methodism at Colorado.

In 1882 there was not a town in Texas that could claim a population of 25,000 people. There were only five municipalities that rightfully could claim the distinction of having a population of 10,000. Colorado City boasted a population of more than 5,000 and was recognized as the greatest cattle and industrial center in the State.

Population of Texas in 1882 was only 1,700,000.

LAVADA BAZE' ESSAY WINS PRIZE IN LIONS STATE-WIDE CONTEST

The essay written by Miss Lavada Baze, senior in the high school from the subject, "Why We Have a Fete On Armistice Day," has been given third place in the State-wide contest sponsored by the American Legion Auxiliary, according to a statement received Wednesday from Mrs. Van W. Stewart of Perryton, president.

The essay written by Miss Baze won for first place in county contest here a few weeks ago. The local contest was sponsored by the American Legion Auxiliary of Oran C. Hooker Post and the student received a check for \$50.

the men and women who were credited with having pioneered Methodism in this and other sections of the country. "I have been associated with every pastor you have had and they have all been my friends and I have been their friend," Dr. Coleman said.

Dr. C. L. Root sang "The Old Rugged Cross" in solo, dedicating the number to Mrs. J. E. Wenker.

Mrs. Q. D. Hall, rolled to the church in a wheeled chair and who, though blind and a sufferer from illness for many months, was one of the inspirations at the afternoon service. An active member of the church since 1885, this pioneer Methodist mother spoke with feeling as she told of how she had ever loved her church and the principles for which it stood. Sunday was the first time in eight months that Mrs. Hall had attended a religious service.

"I feel more like crying that attempting to say something," Mrs. D. N. Arnett stated. With her husband, the Wulfjens and other early day Methodists, this pioneer assisted in organization of the Methodist church at Seven Wells in 1888. In 1892 the family moved their membership to Colorado.

Mrs. R. N. Gary, who joined the church in 1884, was the next speaker. She was followed by Mrs. R. B. Tertell, who during the years to follow after organization of the church was organist. Mrs. Tertell has been prominent in affairs of the First Baptist church for many years. Sunday she stated that she could never forget the associations that were hers during those early days in the church.

W. L. Doss, pioneer Colorado merchant and who has been an active member of the church since September, 1885, stated that he was too filled with emotion to attempt making an address.

Mrs. Payne was next to be presented. He recalled that his mother was choirist in old Centenary Methodist church when the congregation erected its first building in 1884. Payne and Mrs. Wenker both made reference to a severe storm that damaged the new building within a week after its dedication. The north and south walls were blown down and other damage done to the building. Mrs. Payne, who came to Colorado 41 years ago, was the next speaker.

"I came here as a bride in 1908 and shall never forget the kindness shown me by members of this church," stated Mrs. W. P. Leslie. "All of my children were baptised in this church and there is a feeling I hold for this sacred shrine and the men and women who have made it that can never be replaced."

Mrs. Tom Coffee of Big Spring, another former member of the church to come into the church as a bride, recalled how she had been impressed with sincerity of the ladies in First Methodist church. Mrs. Coffee was a "war bride," having been married to Mr. Coffee as the result of a romance begun in her native England during the World War. Mr. Coffee made a brief address.

Mrs. Sug Robinson of Slaton, Mrs. J. P. Majors of Sweetwater, Dr. C. L. Root and George H. Mahon of Colorado were others to make brief addresses.

Mrs. H. L. Lockhart of Dallas, a former member of the church, sang "In The Garden" during the afternoon program. In a brief address she recalled the associations she and her children had enjoyed with the church membership.

MAKE PLAIN CAKE RICH WITH CHOCOLATE FLAVOR

EVERY housewife has a prized cake recipe for special occasions. But cakes baked every Saturday for daily family needs must be economical as well as tempting.

How fortunate therefore that chocolate flavor is a family favorite. Chocolate works wonders either with a simple family cake or one for special occasions. A chocolate frosting makes the plainest cake tempting, while a chocolate batter makes your simplest cake rich.

One-Egg Chocolate Layer Cake
2 cups sifted cake 4 tablespoons butter
1 cup sugar 1/2 cup milk
2 teaspoons baking powder 1 egg, unbeaten
1/2 teaspoon salt 1/2 cup vanilla
1 cup sugar 1/2 teaspoon vanilla
Sift flour once, measure, add baking powder and salt, sift together three times. Cream butter thoroughly, add sugar gradually. Cream together until light and fluffy. Add egg, beat thoroughly. Add flour, alternately with milk, a small amount at a time. Beat after each addition until smooth. Add flavoring. Bake in two greased 9-inch layer pans in moderate oven (375°F.) 25 minutes, or in greased loaf pan, 8x8x2 inches, in moderate oven (350°F.) 50 minutes. Double recipe for three 10-inch layers. Spread with Soft Chocolate Frosting.

Soft Chocolate Frosting
4 squares unsweetened chocolate, melted
1 cup sugar
1/2 cup milk
1 teaspoon vanilla

Add chocolate to milk in double boiler and beat. When chocolate is melted, beat with rotary egg beater until blended. Sift flour with sugar; add a small amount of chocolate mixture, stirring until smooth. Return to double boiler, cook until thickened. Add butter and vanilla. Cool. Spread on cake. This frosting covers tops and sides of two 9-inch layers.

Chocolate Cup Cakes
(2 eggs)

1 1/2 cups sifted cake 1 cup sugar
2 cups sifted cake 1 egg, well beaten
1/2 cup flour 1 teaspoon vanilla
1/2 teaspoon baking powder 1/2 cup milk
1/2 teaspoon salt 2 squares unsweetened chocolate
1 cup butter or other shortening melted and cooled

Sift flour once, measure, add baking powder, salt. Sift together three times. Cream butter thoroughly, add sugar gradually. Cream together until light and fluffy. Add eggs and vanilla. Beat well. Add flour, alternately with milk, a small amount at a time. Beat after each addition until smooth. Fold in chocolate. Pour into greased muffin pans, filling two-thirds full. Bake in moderate oven (375°F.) 15 minutes. Cover with Soft Chocolate Frosting. Decorate with chopped nuts, decorated, coconut, or designs of melted chocolate. Makes 20 cakes.

You will find that these cakes served with fresh fruit in season or stewed fruit will make a delicious dessert.

HYMAN CLUB HONORED AT DISTRICT MEETING HELD AT SAN ANGELO

The Hyman woman's demonstration club was the only federated club unit to be officially recognized at recent district convention, women's federated clubs, in San Angelo. Ladies having membership in the Hyman organization were especially praised for the progressive programs being carried out there.

District officials pointed out some of the handicaps under which the Hyman club is "carrying on." This club is thirty miles from the county seat but has never missed attending a county federation meeting in Colorado.

ENDEAVORERS OF ABILENE DISTRICT TO MEET IN ALBANY

Hosts of Christian Endeavorers are turning their eyes toward Albany for the Abilene District Christian Endeavor convention to be held there April 29 and 30 and May 1st. Hundreds of young people, representing fourteen counties, are planning to attend the convention in what shall probably be the largest gathering of Christian young people in the State of Texas this year.

The program, featuring the theme "In Jesus' Conquering Name," will present such speakers as Rev. Patrick Henry, head of the Texas Christian Missionary society; Harold Lovitt, field secretary of Christian Endeavor in Texas; Rev. H. C. Markley and Rev. Ben Parker of Breckenridge; Rev. E. B. Surface of Abilene; Rev. L. B. Gray of Ranger; Rev. R. W. Walker of Merkel; Rev. Gary Smith of Sweetwater; Rev. J. A. Owen and Rev. Rea of Albany; Miss Lucile Russell, State Christian Endeavor Missionary chairman; Mrs. J. M. F. Gill of Abilene; and various other Christian Endeavor leaders over the district.

Special emphasis in the program is being given to "Prayer"; two of the principal addresses being directed toward this subject.

The Fellowship banquet at 7:00 Saturday evening, will be the high light of the convention.

Entertainment will be offered by the citizens of Albany, who are providing homes and meals free of charge to the delegates.

A registration fee of 50 cents and an additional charge of 25 cents for the Fellowship banquet will cover the total expense of each delegate. All registrations should be sent to Miss Thelma Gordon, Box 486, Albany, Texas.

Mitchell county and Colorado are included in the Abilene district and several young people plan attending from here.

BEAUTY CONTEST FRIDAY EVENING AT THE PALACE TO NAME PRETTIEST MISS

Who is the most beautiful girl in Mitchell county?

There are hundreds of answers but the most beautiful according to the belief of three out-of-town judges will be given in Colorado Friday night of this week, when fifty to sixty of the prettiest misses in the county will be assembled on the stage of the Palace Theatre and from their number one selected to be honored with the plaudits of those who attend and the formal presentation of a loving cup. Second and third honors will also be awarded. The two young ladies so chosen will be maids of honor to Miss Colorado.

Announcement of the plan to have the bevy of beauties appear at the Palace was made this week by Jack Deakins, manager of the show, who is staging the feature. Fifty or more local firms and organizations are sponsoring the event, each firm or organization being represented by an entry chosen by them.

The event will not be a style show or a revue in any sense, Mr. Deakins declared early this week. The young ladies entered will not be judged by the frocks they wear but by features and personality, he said. Individual contestants entered will be asked to wear the clothes which they feel best suit their own personalities.

With the announcement of the plan much interest was shown by local business men and by residents throughout the section, and a large crowd is expected to be present for the selection of the reigning beauty. Formal presentation of the loving cup will be made at the close of the contest, when judges announce their final decision.

The stage show of charm and beauty is an added feature to the regular screen show event of the evening, in which Douglas Fairbanks Jr., and Joan Blondell in "Union Depot," the widely heralded feature of the talkies. No advance is being made in charges for the show.

Candidates for selection as the county's most beautiful miss, who have not registered to date, are asked to register at the box office of the theatre, not later than Friday morning if possible, Mr. Deakins stated.

He also requests that all candidates be at the Palace Theatre Friday afternoon at 4:30 o'clock.

We don't know whether you appreciate this fact or not, but it is true, nevertheless—that we are the only dairy people in this city who can and do furnish you with a full line of dairy products the year around: Whipped cream, coffee cream, Bulgarian buttermilk, Grade A pasteurized and raw sweet milk, sweet cream butter. PALACE THEATRE TO FEATURE STRONG PROGRAM FOR THE WEEK

For Thursday and Friday, April 28 and 29, they are showing "Union Depot," starring Douglas Fairbanks, Jr., and Joan Blondell. The story concerns Fairbanks and his pal, Kibbee, who after their release from jail wander into the railroad station. Kibbee finds a parcel check which when redeemed is found to be a violin full of greenbacks. The story is carried on to a wonderful conclusion. Thrills, humor, pathos, love interest, human interest and spectacle, they are all there.

John Barrymore and Lionel Barrymore make their first screen appearance together in "Arsene Lupin," colorful French mystery drama, which will be shown Sunday and Monday, May 1 and 2. The picture was directed by Jack Conway, who has scored with the Joan Crawford hit, "Paid," and who is said to have lightened the dramatic interludes of the Barrymore co-starring vehicle, with a large share of amusing comedy moments. Your first chance to see the famous Barrymore brothers work together in a picture.

A strange plot of mystery, love and retribution in a circus side-show fantastic people and situations that would do credit to the bizarre mind of an Edgar Allen Poe; and an amazing romance apart from the rest of humanity, figure in "Freaks," which will be the attraction at the Palace May 3rd and 4th. Its principal actors include the queerest people ever assembled, freaks who have never been seen on the screen before. Underlying the story is the appealing romance of Wallace Ford and Leila Hyams as the respective clown and seal trainer of the troupe.

"One Hour With You," featuring Maurice Chevalier and a star cast, is the feature picture for Thursday and Friday, May 5 and 6. You will see Chevalier in one of the best performances he has turned in to date, plus the beautiful singing of the striking Jeanette MacDonald, plus the superb comedy of Charles Ruggles and Roland Young.

In addition to the feature pictures, the usual comedies, news reels, etc., will be shown.

Col-Tex Baseball Chatter

By I. C. EURFAULTZ

Our baseball-manager election resulted in an overwhelming majority for Mr. Wm. Brookover, superintendent of our Pipe Line department. When he begins a task he stays with it until success is attained. Also there are few men who enjoy baseball much more than Bill does.

Tuesday afternoon, a dozen eligibles reported for a short work-out, and afterward selected L. H. Brown as captain for this season. In addition to playing a classy game at short, Brownie is a capable leader, and, with his Mississippi drawl, he should be able to keep the gang on their toes and always "fighting hard."

Sudden change to cooler weather has nipped all plans for a game next Sunday, so far as we know at this time. However, if a blizzard don't freeze off our finger-tips, perhaps we will honestly be able to announce opening game in next week's paper.

Arranged; 'Ladies Night'
Will Be Observed

The Lions Club is joining the Broadway Club and other civic organizations in plans for special benefit barbecue program scheduled to have been given Thursday afternoon of this week at Ruddick Park. The Lions voted last Friday to attend this social event, observing it as "Ladies night," and otherwise lending cooperation to the band in raising funds to meet expenses of attending highway convention in San Diego, California, next month.

A few days before the Broadway Club had announced that its membership would attend the barbecue. Both of the service organizations are to bring their wives or sweethearts. A plate charge of fifty cents will be made, the money to go into special fund now being raised.

The barbecue is to be served at 6 o'clock Thursday afternoon. Sam Wulfjen and other caterers interested in the band have donated beees. In addition to the barbecue dinner, entertainment of a unique nature is being planned.

Following adjournment of the park program, those attending will be expected to go to the high school building to hear a musical program by the Russian Chorus. These artists were presented at the high school auditorium Thursday morning and were highly praised by the students and others hearing them.

There is to be no luncheon meeting of the Lions Club Friday. The meeting the night before at Ruddick Park will take place of the regular weekly program.

'I AM GOING TO DO MY BEST AT STATE MEET,' STAGNER TELLS LIONS

"I am going to enter the State track meet at Austin determined to do my best," Elvey Stagner, captain of the Wolf squad and winner of district 8 pennant in the one-half mile race at Abilene recently, told members of the Lions Club Friday. He is to represent this district in State tournament opening at Austin April 6.

A. C. Wilkins, principal of the high school, praised the youth in an address at the club. He recalled that Stagner had lowered the district track record by two seconds and advanced the opinion that he would be a formidable contender for first place at the Austin tournament.

FAMOUS RUSSIAN CHORUS IN TWO PROGRAMS HERE

Above is the Russian Chorus, famous musical artists who were to render their second program in Colorado Thursday evening at the high school auditorium, beginning at 8:30. They gave a concert at the auditorium Thursday morning at 10 o'clock.

STORK, TOO, AFFECTED BY DEPRESSION DURING PAST TWO SEASONS IN COUNTY

Births Decline 163 Within
That Time, State Dept.
Report Indicates

In spite of the fact there are those who would contend contrarywise, deliveries by the stork in Mitchell county during the two years of depression registered a heavy decline, indicating that the era in which finances of the country have been taken to task, has, too, had telling effect upon activities of the grand old bird whose name has long since become synonymous in almost every home.

According to figures compiled by the State department of health, bureau of vital statistics, copy of which was received by The Record Friday, births in Mitchell county declined 163 in number from 1929 to 1931. When the depression came into realization two years ago the stork was gradually increasing his usefulness among citizens of the county. An increase of six births from 1928 to 1929 is shown in the report.

In 1929 there were born a total of 496 babies in Mitchell county. The following year there was a decrease of seventy-six when total number of deliveries by the stork reached only 420. Last year he was enabled to account for only 333 babies in the county.

Along with the decline in births reported for those three years, has

Burglary Suspects Released on Bond Preliminary Waved

Jack Miller and Dean Shoemaker, Colorado youths arrested recently in connection with burglary of the E. N. Moore grocery warehouse at 500 South Conch street on the night of April 15, have been released under bond pending their appearance before the grand jury on May 25. County Attorney W. H. Garrett announced that the bonds were made in the sum of \$1,000 in each case. Miller and Shoemaker were placed under arrest within a short time after Moore had reported burglarly of his warehouse. Flour, peanuts and canned vegetables, alleged to have been taken from the building, were recovered from a cache three miles northwest from town.

TALENTED MUSICIANS ON LIONS CLUB BILL

Two of Colorado's most gifted musicians were presented on entertainment of the Lions Club Friday. They were Misses Alice Skerritt and Virginia Peden, who gave a selection of instrumental and vocal numbers. In the instrumental feature of this highly entertaining program, Miss Peden played the violin with Miss Skerritt accompanying at the piano.

been a like falling off in the number of deaths reported. In 1929 the county's death total was 154. In 1930 the total dropped to 119 and in 1931 there were 118 deaths reported.

'GREATEST ARTISTS EVER TO VISIT COLORADO,' IS SONG PRESIDENT'S CLAIM

Doss Urges Coloradans To
Hear Russian Chorus On
Thursday Evening

Coloradans who failed to hear the Russian chorus in its program at the high school Thursday morning should avail themselves of the opportunity to enjoy their singing there Thursday evening. W. L. Doss, president of the Mitchell county singing association, has stated. Mr. Doss described the visiting troupe as being composed of the greatest musical company to ever visit Colorado.

Mr. Doss, in company with Jim Greene, A. L. McSpadden and O. H. Majors, went to Big Spring Thursday evening of last week to hear the Russians in their program there. "It was the greatest musical treat that I believe I ever enjoyed," he declared. "Colorado people who fail to hear them will certainly miss an entertainment program of unusual merit."

The chorus program is scheduled to begin Thursday evening at 8:30 o'clock.

SPADE B. Y. P. U. NOTES

A special program has been arranged for next meeting at sundown at the Spade Baptist church, with Dr. C. L. Root and Judge A. F. King as the principal speakers of evening. Supper will be spread on church grounds at "sundown" sharp. The members of the Union invite the public to be present.

Colorado Athletes Won Grand Champion Pennant At State Track Meet In 1911

The last week of April, 1911, twenty-one years ago, was the occasion for great celebration in the Colorado schools. Students entered by the school in annual State track events at College Station had returned home the first of the week bearing as trophies three gold medals and the added distinction of having defeated athletes entered by Houston, Sherman and several others of the larger cities. Colorado schools had won grand champion pennant at the meet and why not rejoice?

Students representing Colorado at the meet included Robert Shelton, Frank Welch, Clinton Smith, Lee Phenix, Everett Lyons and Ed Simon. The boys had been accompanied to College Station by Prof. Hamilton, coach.

The Colorado schools do not hope to win such a commendable award at annual State meet opening in Austin today, but in event the predictions of "Big Jim" Cantrell, coach, are realized, Elvey Stagner will return home from that contest with the laurels of victory in one-half mile race event as his own.

R. L. Ransome, a former Texas Ranger stationed at Colorado, was acquitted that week by a jury at Houston following his indictment on charge of murder. He was charged with the killing of Judge J. B. Brockman, prominent Houston jurist.

Dr. A. H. Weston, editor of The Record, contributed an interesting article for that number of the paper in which future possibilities of development in West Texas was portrayed. Weston had just returned from a motor car trip to Post. The Santa Fe railway had just entered this country and everywhere new farm houses and new towns were springing up as if by magic.

A wedding of much interest was solemnized Wednesday of that week when Miss Ophelia Arnett became the bride of Floyd Beal of Sweet-

water. The wedding was solemnized at the home of the bride's parents, with Rev. Simeon Shaw officiating.

Announcement was made in the paper that week that W. W. Hart had been re-elected superintendent of the city schools. Hart had not stated whether he would accept the offer. Additional faculty members were not to be elected until after the trustee election in May.

The schools were to close another year on May 4 of the next week. Rev. W. E. Lyon of the Methodist church was scheduled to deliver the commencement sermon at 8:30 p. m.

Bankrupt stock of the Colorado Drug Company, sold under the hammer on Saturday before had been bought in by Judge R. H. Looney. Judge Looney made the announcement that the store would be opened soon under the firm name of Maurice Terrell & Company.

Covering 100 miles a day in a motor car was considered making good time in those days. The Record was authority for the statement that Mr. and Mrs. F. S. Keiper had arrived from Fresno, California, in their "30 E. M. F." The distance of 1,625 miles was covered in 16 days, which "is good average time," The Record said.

Annual conventions of the Mitchell county singing association on the first Sunday in May evidently are not new in Colorado. The Record of twenty-one years ago announced that such a meeting was to be convened the next Sunday. So will a similar convention meet here on that date in 1932. And W. L. Doss, active in the association then, is its president now.

Additional rain had fallen during that week. Farms were reported boggy and creeks and surface tanks were overflowed with flood waters. "Dry farming in West Texas is a farce, a snare and a delusion," Record sated in comment on the continued precipitations.

SWEETWATER READY FOR ANNUAL WTCC PARLEY TO OPEN THURSDAY, MAY 12

Fourteenth Annual Session Is
Now Less Than Two Weeks
In The Future

With the fourteenth annual convention of the West Texas Chamber of Commerce less than two weeks away, preparations and plans for the parley are about complete, according to information from Sweetwater, convention host city.

Colorado, as it ever has in the past, will send a band and large citizens delegation to the convention, plans being concluded by the local Chamber of Commerce indicate. Colorado's entry in "My Home Town Contest" has already been selected and identity of Miss Colorado is to be made within the next few days.

Sweetwater has all arrangements made to entertain the largest crowd in the history of the organization. A Gypsy Girl revue in which every town is asked to participate will be given each of the first two nights of the convention. Those who are to participate in the show are practicing and getting ready under the direction of competent directors. The local registration committee is all ready to go. The biggest dance in West Texas has been arranged for the two nights.

The convention program is practically completed. Nearly every place on the program has been assigned, and a definite acceptance obtained.

Towns are being urged to send in their names of the new directors, their Home Town Speaking contest entrants, Gypsy Girls, and exhibit entries. They are being received daily, and by the time of the convention each should be larger in number than in former years.

Thousands of letters of invitation, announcements, and instructions have gone out over West Texas during the past two weeks from the convention headquarters about every phase of the program, and the convention.

As a result delegations are being reported daily to the convention offices, and West Texas cities are getting ready to participate in the convention to the fullest extent.

GOODYEAR GIANT PAYS VISIT TO COLORADO ON LAST MONDAY MORNING

The world's largest tire, built by Goodyear three years ago for advertising purposes, was exhibited at Colorado Monday morning. The tire stands twelve feet high and is four feet wide. It weighs over a thousand pounds and carries an inner tube weighing an additional 125 pounds.

The tire, in charge of Tony Sentelli of Akron, Ohio, arrived from Abilene and after parading through the business district and residence sections for over an hour, returned to Abilene, making a stop at Sweetwater. The tire was brought here by Council & Beal, local Goodyear distributors. Tom Williams of Abilene, district sales manager, was with Sentelli here.

Pupils of grammar and junior high schools were privileged to inspect the tire. Mr. Sentelli made a brief address before pupils and faculty members at the latter building auditorium.

VISITOR'S DAY TO BE OBSERVED BY COLORADO BAPTISTS NEXT SUNDAY

Sunday is to be "visitors' day" among members of First Baptist church.

W. R. Morgan, chairman of the board of deacons, announced Tuesday that the board had unanimously agreed that members of the congregation be urged to attend religious services at a sister church Sunday morning and evening. There is to be no preaching at the Baptist church.

"This observance, however, is not to interfere with the Sunday school," Morgan stated. "We hope to have another high record in our attendance for the Sunday school."

Since resignation of Rev. Oren C. Reid as pastor, this congregation has had regular preaching services every Sunday, with a visiting minister occupying the pulpit.

SWEETWATER MAN DEAD FROM MYSTERY ATTACK

George Ellison, 31, Sweetwater shoe repairer, died late Thursday from effects of gunshot wounds inflicted the Saturday night before. Ellison reported to the authorities that he was shot by two unknown men who drove up beside him in a car.

'Uncle Dick' Arnett Rings Bell Calling People To Jubilee

The old bell that for so many years has hung from its accustomed place in top of tower at First Methodist church has broken its silence of several years standing. Sunday morning the bell was rung for the first time since the control rope was broken some eight or ten years ago.

And the old bell, that regularly every Sunday morning had beckoned parishioners to church for so many years, was awakened from its long silence by the hand of "Uncle Dick" Arnett, pioneer West Texas cattleman and Methodist. He was much pleased to have the opportunity of ringing the old bell calling local people and visitors in the community to the church for participation in fiftieth anniversary program.

"That bell is going to again render service at this church," the Sunday school superintendent announced. "We have replaced the old broken rope with a new one and from

COLORADO GIRL WINNER IN STATE NEGRO MEET HELD IN PRAIRIE VIEW

Dora Bess Marshall, daughter of Mary Marshall, student in the Colorado negro school, won for second place in State declaiming events held last week at Prairie View. Winning of the local girl is made commendable in view of the fact she competed against entrants from 401 schools in the State.

L. D. Glover, principal of the school, accompanied the student to Prairie View.

here on our people are to be reminded of the Sunday school and church worship every Sunday morning through the musical tones of this bell.

There were several Methodists present at the church as Mr. Arnett began to pull that rope to produce subsequent ringing tones from the bell that really did not know there was a church bell in the tower. These, of course, were numbered among members who had become identified with the church in recent years.

EDITORIAL

In our most beautiful friendships we encounter people who sacrifice for the good of those they love. They sacrifice secretly, silently, and the world never realizes the difference, but the one who sacrifices feels the loss heavily.

Emily Dickson's poem, "To Fight Aloud Is Very Brave" best describes an inward struggle everyone makes before rendering a decision that he decides will be for the best:

To fight aloud is very brave;
But gallanter I know,
Who charge within the bosom
The cavalry of woe.

Who win and nations do not see;
Who fall, and none observe;
Whose dying eyes no country
Regards with patriot love.
We trust in planned procession
For such the angels go,
Rank after rank, with even feet
And uniforms of snow.

Thus the above poem applauds the hero who is victorious over his inward struggle.

To those who have sacrificed for the sake of friendships, this editorial is dedicated; to those that hold the love of a fellowman, worthy of sacrifice, this editorial is in commemoration.

May all our friendships be unselfish, loyal ones, where we have enough of the milk of human kindness to make the pathway of life for our acquaintances to be easier trodden, and may the sacrifices you make for them be appreciated as deeply as it hurt you to make your sacrifice of Christian brotherhood.

Assembly News

Tuesday morning in assembly—Lenora Cook, Dora Frances Harvey, Frances Elaine Price and Mabel Majors, as representatives of second year Home Economics class, demonstrated before the assembly body the decorating of cakes. One cake was decorated with sweet peas and the other one with chrysanthemums. This demonstration was altogether too tempting as it came before noon.

Miss Velma Barrett, who for the past three years has been Junior and Senior English teacher of Colorado high school, will teach Freshman English this summer in Abilene Christian College.

Junior-Senior Banquet

The Junior class entertained the Senior class Friday night, April 22, with a Junior-Senior banquet.

The program consisted of the welcome address by Elizabeth Hutchinson, the Junior president; response by James Bodine, Senior president; a reading, "Mary Cary, or Here Comes the Bride," by Lillian Bean; a solo by Mrs. Wilkins; an address by Mr. Watson; the Senior Will by Arvel Colson; and the Senior Prophecy by Princess Martin.

The table and decorations were very beautiful. The color scheme was arranged in the Senior colors, pink and green, with pink roses as plate favors and decorations. The hall was lighted with green candles in pink candlesticks holders, and the programs and menu were printed on pink paper, tied with green ribbon.

Mr. Robert Coffman was a very entertaining toastmaster. This banquet was one of the most successful banquets ever witnessed

by the school spirit of Colorado high school.

Announcement

Friday night, April 29, the Junior class will present its class play, "The Country Doctor" in the annual play tournament.

The Juniors have a strong cast, and its success is looked forward to by this Junior class. This class, which was the Sophomore class of 1930 and 1931, won second place last year in the tournament, running a close race with the final winner of the trophy.

Healthy As Well As Sick Should Use

CRAZY CRYSTALS

I have used Crazy Crystals only a short period, but have come to the conclusion that the healthy as well as the sick should use CRAZY CRYSTALS. Not only the sick and run down system should have it; But also the healthy ones who are interested in saving their health. I noticed the first few days I started the treatment that it refreshed my kidneys. Second, I noticed it took effect on the bladder. Third, it works the bowels gently and freely. I also find that it clears a person's complexion.

BLIND COMMITTEE AIDS TOTAL OF EIGHT BOYS AND GIRLS THIS YEAR

The Lions Club blind committee met expenses of fitting glasses for eight Mitchell county school students during the past few months. Jim Harvey, chairman of the committee, outlined in report to the club Friday. Four of the children are attending school in Colorado and four of them are pupils in a rural school.

"Every one of those boys and girls, handicapped through defective eyes before, are now doing good work and making much better grades," Harvey stated. "Our committee has covered the county in its work. We have caused examinations to be made on twenty eight children, one of whom was taken to a specialist at Abilene."

Funds to carry on this benevolent program are realized through fines assessed against members of the club and funds donated the club fund by members of the Col-Tex basket ball club.

SEVEN WELLS SCHOOL NEWS

Mrs. Groah and children, Mrs. Fite and her two children of Westbrook spent Sunday with Mrs. Stevens of Seven Wells community.

Paul Gee of Eastland spent the week-end with his sister Mrs. C. C. Lewis of Seven Wells.

Emogene Lewis of Paris, Texas is visiting her sister, Mrs. J. S. Hughes this week.

R. P. Lindley is moving to the Payne community. Opal is to continue the year in Seven Wells school.

Thelma Strong of Colorado spent the week-end with Fannie Brown.

Mrs. Clements' son, J. L. Lawlis, of Clovis, New Mexico, has pneumonia.

Below is a letter from Mrs. P. L. Ferguson of Bryan to our school:

Dear School Children:

"I've thought ever since I left I'd write you and tell you how much I miss you and would like to see you. Martha Gene talks about each of you and sings the Seven Wells school song. She lines up her dolls and teaches them as you children."

"I wish each one of you could visit us. This is a beautiful country and there are many interesting things to see."

"A. & M. College is only about seven miles from here and we live only three blocks from Allen Academy, a military prep school. The academy boys drill and train all over the neighborhood. They start out in a line of advancement, like real soldiers in battle, run a little way, till they find something to hide behind and then fall down. If your yard is in their line of advancement they come right ahead just the same. Martha Gene is a little afraid of their guns. One morning she was sitting out in the yard making mud pies, when a big crowd of them came through the yard. The officer blew his whistle, a signal for them to fall watched out of the kitchen window and saw them fall all around her and begin their firing (blank shells). I thought she would cry or run, but she sat as still as a mouse. When the whistle blew for them to run again she ran with them. She says the next time her daddy goes to war she is going too."

"These fields here would amuse you they are so small. I heard a farmer fussing about his long rows. They were about the length as three times across your school yard. You could not walk across their fields on a dark night for the stumps. Imagine using one of your tractors here!"

"At Navasota, thirty miles from here, is a statue of La Salle. On it is a statement that he was killed here. Look in your Texas histories and see how he came to be here."

"I hope you all have a happy time this summer."

CLASSIC DIGNITY PATTERN No. 174

Simplified illustration instructions for cutting and sewing are included with each pattern. They give complete directions for making these dresses.

Dignity comes into its own under the magic influence of the classic lines of this frock. The figure is molded gracefully with a touch that is flatteringly feminine. The V-shaped yoke below and above the waist is new. The skirt falls into soft folds. A single flower is suggested to set off this dress which depends upon sheer beauty of line for its attraction. Try it in velvet, crepe or sheer fabric.

Designed in sizes 14, 16, 36, 38, 40, 42, 44 and 46. Size 36 requires 3 3/4 yards of 36-inch material or 3 5/8 yards of 39-inch material.

To get a pattern of this model sent FIFTEEN CENTS (15c) in coins.

Please write very plainly your NAME AND ADDRESS; STYLE NUMBER and SIZE of each pattern ordered.

Our new fashion magazine with color supplement and Paris style news is now available at ten cents when ordered with a pattern and fifteen cents when ordered separately.

HONORING COLORADO

Colorado was honored Sunday through presence in the community of several men and women, who, for from forty to fifty years, had been prominently identified with religious activities in West Texas. Each of these visitors had been at one time a member of First Methodist church, and came back to the old home town for fiftieth anniversary celebration Sunday.

From among the several visitors who were our guests for this occasion, none among them, perhaps, received the solemn reverence that was accorded Mrs. J. E. Wenker of Phoenix, Arizona, lone surviving charter member of the church. Men and women who were associated with her here many years ago, did not recognize her as Mrs. Wenker. To them she was "Miss Sally."

The public could plan no more fitting program than those having to do with recognition of the church. This newspaper has often been impressed with the belief we give too much emphasis to celebrating material accomplishments, to detriment of the religious.

SAUCE FOR THE GOOSE

One extremely important phase of the railroad problem—that of competition arising from new carriers which have been mainly developed since the war—is fundamentally as simple as the alphabet.

The problem is this: If one common carrier is regulated by the Federal government, through the Interstate Commerce Commission, why shouldn't the others be? If one form of transportation is taxed heavily by all forms of government, why shouldn't the others be taxed on the same basis?

Simple justice dictates that all important forms of transport, railroads, buses, trucks and waterways, be placed under an identical type of regulation. This would make for fair competition and the effects of that would be felt, beneficially throughout the nation. Unfair competition has brought the railroads to the verge of ruin.

What is sauce for the goose is sauce for the gander. And what is considered good for the railroads, should likewise be good for their competitors.

REAL FOLKS

(Old Tack in Amarillo News)
I sure saw some real, honest-to-goodness country folks in town last Saturday. They had their cars parked on Fillmore street and they sure acted and looked like they had come a long, long ways. I bet that they came from so far out that they haven't heard that anyone has ever used anything but cow chips for fuel.

But anyway, I didn't stop to shake hands and visit with them because there weren't none of their men folks around. And as it might not look right for me to introduce myself to perfect strangers I just walked on. But I surely did want to stop and to become acquainted. They were sure old-fashioned. Real folks, I'd say.

What makes me think so? There was a middle-aged lady and a young

SCHOOL DAYS

Graduation day will soon be here and if this columnist was asked to address this class of boys and girls, who are leaving school to matriculate in the great school of experience known as practical, every-day life, I would orate about like this:

The school of experience is the oldest institution of learning the world possesses. Of course, the greater the progress one makes in the preparatory schools the better equipped he is to enter the world-wide, life-long school of experience. The school of experience confers no degrees. It gives no diplomas, because its students never graduate. They all, sooner or later, leave the school, but always involuntarily and by compulsion. Its curriculum is all-inclusive. The greater the progress its students make, the more fully do they realize that they have learned little when they pass outward through its doors never to return. These doors are never closed, either to those coming in or those going out.

This wonderful school of experience, whose sessions are perpetual, is in truth and indeed the Pierian Spring. Drink deep of its water as you pass along from one branch of learning to another. The poet who wrote—
"A little learning is a dangerous thing,
Drink deep, or taste not the Pierian Spring"

was right in his admonition to drink deep but wrong when said "a little learning is a dangerous thing" for the reason that a little learning is good as far as it goes, just as much learning is either much or little is good or bad to the extent to which it is used in the right or wrong direction. Orators sometimes sacrifice facts for rounded periods, while poets do the same thing for impressive rhythm. A peculiarity of this fountain of learning is that the more you drink of its waters, the thirstier you become. If you do not, then you may not benefit much from its impartations. Have you asked yourself why you are a student? Your answer probably would be "because I want to be educated." True enough, but why be educated? The answer should be, "to fit myself for a life of usefulness."

Right ambition is a good stimulus to activity. Have a goal and start toward it. Keep your eyes on it and refuse to be diverted into detours and by-paths. Don't depend upon luck as a helper. He'll promise more and do less than any other supposed element in life. Horseshoes are well enough for horses, but there's no use having a donkey carry one about. It is a sure indication of his invisible long ears.

GOT HIS GOAT

I may have used this illustration before, but at the risk of repeating myself, I shall use it again.

Often is heard the phrase, "Got his goat." Everyone knows what it means, but not everyone is familiar

with the asserted origin of it. Horsemen and jockeys discovered that a finely trained race horse became nervous and unfit for a great race, unless he had company in his stall during the night preceding the race. After trying various other animals it was found that a goat was most satisfactory for the purpose. A certain great horse failed to win, when all expected him to, on account of being fidgety and irritable. The jockey accounted for the horse's condition by saying, "I guess somebody got his goat."

Boy, you can't win the race of life without a "goat." Therefore, don't let anyone get yours. Of course, it is not necessary that you need a real four-legged caput to keep you company, but you must have a goat in the form of an ambition, if you are to win. There is another word, only one letter of which is different from those spelling "goat," which means the same in the career of a boy worth while that the goat meant to be a horse. That word is "goal." Again we say, don't let anyone "get it." A goal begets aspiration; aspiration begets inspiration; and inspiration begets perspiration. One who has been called a great genius is credited with having said the "genius is ten per cent inspiration and ninety per cent perspiration." It should be remembered, however, that without aspiration there would be little perspiration. Aspiration is just another name for your goat-ambition. Effort causes perspiration, and aspiration causes effort. That's an undebatable combination—Aspiration, inspiration, perspiration. If you have no goal you are without aspiration. This means there'll be no perspiration—no effort, without effort there is "nothing doing."

There is nothing so helpless, so cruel, so humiliating, so profitless, so costly, so terrible, as ignorance. Education is for the purpose of enrolling one to think right. Therefore, education means increased capacity, better qualification, conscious ability to do things worthwhile. Qualification, capacity, ability, imparts self-confidence. This is a trait that causes your goat to demand greater things of you, while, at the same time, impels and inspires you to increased efforts to attain them.

Ability to labor is one thing, but knowledge as to where it is needed and how to do it, is another. Misdirected labor means wasted labor and certain failure. Enough labor is wasted in the United States each day through idleness and incompetence to direct to build the Egyptian Pyramids, the Hoover Dam and the Big Spring and Lamesa railroad. Physical labor is referred to here, but think of the waste of mental labor devoted to trifles, foolish, sinful and even criminal enterprises. Often this tragic error, waste of thought and labor, is the result of putting the emphasis at the wrong place—thinking wrong as to essentials.

True education consists of both knowledge and wisdom for its application. Were this not true there would be a still greater waste of time, thought and labor. One may have knowledge of how to do a thing, but wrong as to where and how great the need of doing it. Many of the world's greatest and most serious quarrels—political, philosophic, scientific and religious—have been about non-essentials. Even wars, have been waged about serious nothing, magnificent trivialities, stupendous follies.

Nobody cares what variety of apple Sir Isaac Newton saw fall. The important thing was and is the discovery of the law of gravitation. Keep your eye on the main thing. Don't be fooled by a camouflage of pretty inconsequentialities.

If you ever think of dying and you fear to wake tomorrow. Plant a garden! It will cure you of your melancholic sorrow. Once you've learned to know the peonies, petunias and roses, you will find that every morning come new happiness disclosures. —Guest.

People are earning far less now than they were a year or two back, so a great many of them are getting in better shape. (Back in 1929 we were earning so much that we owed money at the bank and to all the merchants. We felt we could afford debts then and we made plenty of them. Today we are earning so little that we don't dare get in debt and we are usually finding a dime bank. We would have laughed at the idea of saving dimes in 1929, but they seem like real money now and we take pride in watching the pile grow higher. We believe we could stand even harder times than we are facing, but we are convinced that one more era of prosperity would put us in the poorhouse.

Claude Callen.

There is an extravagance of exaggeration in the farmers' debacle. Most of the utopian arising from the farms is being emitted by the town farmers, telling in graphic threnodies and -al overtones of the farmers' woes.

Aunt Het in the Dallas News says: "I reckon I ain't got no sense. I used to think I could tell right from wrong, but now I ain't got no faith in myself. Any minute I'm liable to up an' fall from grace without knowin' what's comin'."

"What got me all befuddled this

way was bridge an' rook."
The Thursday Club used to play bridge regular an' feel as pure in heart as if they was playin' dominoes; an' then the preacher's wife an' the president o' the missionary society was voted in the club and our eyes were opened. We found out that bridge was wicked.

"I thought the club was goin' to bust up at first, but finally we decided to have two tables o' bridge for the worldly an' the rest play rook. That way nobody is corrupted an' nobody's conscience is troubled."

"But it's about ruined me. I can't trust myself no more. I keep tryin' to figure out why a car is wicked if it's got a king or ten spot on it an' not wicked if it's just got a number, but I can't do it. My mind don't just work right any more."

"I don't know what's goin' to become of me. If I can't figure out a little thing like that, it looks like I'm too ignorant to live. What chance has a sinner got if he has to recognize sin by spots?"

Restless, could not sleep

"THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night."

My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. R. Gibson, Fort Payne, Ala.

MITCHELL COUNTY FARM NOTES

Emmett Blasingame of Buford has constructed a lath-tile sub-irrigation system in his garden. The pipes were laid six feet apart and will water six rows.

A number of farmers in the county have made self-feeders for hogs from oil barrels, but D. R. LeFevre has built a feeder that is far superior to the average. Instead of knocking the bottom out of the barrel and building a trough to catch the feed, Mr. LeFevre cuts a door in the side of the barrel large enough for a hog to eat. The door is cut five or six inches above the floor, providing a trough to catch the feed. If you have an oil barrel, this feeder can be made for ten cents.

J. C. and Charlie Northcutt of Spade are feeding out six hogs in their 4-H club work this year. They will feed head maize on a plank floor and skim milk. If the milk supply runs short they will add a protein supplement.

Alfred Burrow and J. C. Franklin both declare that the new dish

called scrapple is mighty fine.

Blaine Morgan has developed a planter that doesn't "slide-off" in planting turnips. He fixed a long axle in his planter so that the upper wheel extends over into the next furrow, thereby holding the planter in place much better than with the usual length axle.

With comparatively little oats grown in the county, poultrymen sometimes have trouble in getting a satisfactory litter for brooder house floors. J. I. Payne finds that coarsely grown beggar stalks make a fine litter. About 50 pounds covers the average brooder house floor.

For lazy liver, stomach and kidneys, biliousness, indigestion, constipation, headache, colds and fever.

MRS. DAVIS continues her education

You know Mrs. Davis—the little bride. Two weeks before her marriage she graduated from college with high honors. But in one respect her education had been neglected.

Yesterday, for instance, she picked up the telephone and called the grocer. "I would like," she said politely, "to have some things sent up. A bag of flour—three packages of breakfast food—one can of baking powder—six bottles of ginger ale—a pound of coffee—a package of—what's that? Oh, why I'm sure I don't know what brand. Just any kind, I guess!"

No wonder the storekeeper interrupted her. He gets few orders like that nowadays. For wise housewives buy things by NAME. Not merely groceries, but kitchenware and piece goods and household appliances; shoes and shirts and garden seeds; all the thousand and one things they need.

Mrs. Davis will complete her education. She will learn to study the advertisements in the Record and keep herself informed as to qualities and prices. She will take her place alongside thousands of other women as the efficient purchasing agent of her home.

Read the advertising columns of this paper regularly. They are your guide-posts to safe buying.

Trades Day Saturday—

At a business men's meeting held in the directors room of the First State bank Friday at 3:30 p. m., following a round table discussion, twenty-six business men signed up to give \$1.00 each in merchandise Saturday the 30th, and every Saturday thereafter for some time. Ask your merchant how to get going in the new way.

Accidentally Shot—

The small son of Mr. and Mrs. Non Jarratt was accidentally shot while in the car at his home Tuesday evening, and was rushed immediately to the Root hospital in Colorado.

It was reported the target shot, which pierced near the hip was a flesh wound and not considered serious at present. The loaded target had unthoughtfully been left in the car.

Painfully Burned—

Mrs. Roy Edwards was painfully burned Monday at noon, when the gas in her stove ignited and flashed over her arm and face. Her burns are not serious, but are painful.

The accident occurred when Mrs. Edwards started to light the oven in preparation of the noon meal. She received burns on her arm, and her eyebrows and part of her hair were singed.

Good Rains—

This section was visited by a good rain last Friday afternoon and night, followed by another good rain Tuesday night, which insures plenty of moisture to finish planting. High winds accompanied the rains and hail fell in some parts with no serious damage reported, however.

Boy Scouts to Big Spring—

Thirteen members of the Boy Scout troop of Lorain attended the Big Jamboree at Big Spring Friday night and Saturday. The boys report they did not win any honors at the meet, but they had a wonderful time, even though it rained Friday night, causing most of them to be up most of the night. The boys who attended are Charlie Meek, Charles Glass, F. M. Hubbard, Butch Swafford, Harold Marshall, Wiley Hamm, Louis Brown, Butsie Hall, Malcolm Mayes, Ray Preston, Elton Mahon, Chas. Reeder, George Mahoney and the Scoutmaster, R. B. Ferguson and Messrs. J. C. Hall, Clyde Bennett and Rev. A. C. Hardin.

Bridal Shower—

On Saturday afternoon, April 16, Mrs. H. B. Cook, assisted by Mrs. K. L. Taylor's Sunday school class, gave a very delightful reception and shower in honor of Mrs. Kenneth Martin, nee Miss Marion Eeds.

On arriving the guests were ushered into the dining room, where delicious punch was served by Misses Alice Mcneue, Ruth Johnson and Mrs. Jack Walker. Miss Inez Mayes presided over the guest register.

The following program given by the pupils of Mrs. Will Rowland, Mrs. K. L. Taylor and Mrs. W. R. Martin's music and expression classes added much to the enjoyment of the occasion.

Piano solo, Fredda Derryberry; musical reading, Onita Richardson; piano solo, Wynona Hardin; piano solo, Ruth Ann Hall; vocal solo, Junior Harris; reading, Roy G. Edwards; piano solo, Geneva McGehee; reading, Winola Martin; piano solo, Pauline Harrell; vocal solo, Geneva McGehee; reading, Ruby Martin. The crowning number on the program came when the hitting notes of "The Doll Dance," little Miss Wanda Mae Smith and Fredda Derryberry, dressed in rainbow dresses, representing Spring, executed a charming dance and greeted the honoree with this message: "Spring is here, we wish you much happiness and cheer in your new home."

They then presented the bride with a basket filled with beautiful and useful gifts. Miss Irene Brown then gave a toast to the bride in a very charming manner. After the gifts were passed for all to admire the bride very sweetly thanked her friends for their tokens of love.

Bridal Shower—

On Saturday afternoon, April 23, Mrs. Henry Howell, assisted by her daughter, Mrs. John Turner and Mrs. Henry Cook, Sr., gave a miscellaneous shower, honoring Mrs. Kenneth Long, who before her wedding at Colorado on March 26th was Miss Ruthell Marshall of Lorain.

A program of readings and novelty sketches, appropriate to the occasion

was given by the children and young ladies.

Mrs. Roy Edwards then gave a toast to the bride, Mrs. W. W. Rowland a toast to the groom; and Miss Josephine Cook read a message of consolation to the girls left behind. Little Jimmie Ferguson, dressed as a messenger boy, announced a special delivery package for the honoree. It was brought in in a gaily decorated express wagon by little Misses Wanda Mae Smith and Fredda Derryberry, daintily dressed in pink and green, the colors of the decorations.

The bride was lovely in a white crepe frock, white modish blue and red trimmings.

The hostess was assisted in serving by Misses Auta Mae Land and Frances Howell and Mrs. Jack Coffee, who presided at the punch bowl.

The guests registered their names on a wooden rolling pin, which, with a very charming speech, Mrs. Howell presented to the bride. Miniature rolling pins were used as favors to more than seventy guests.

The out-of-town guests were Mrs. Bill Turner, Colorado; Mrs. McClure, Colorado; Miss Ibel Hudson, Colorado; Mrs. Bill DuBois, Colorado; Miss Josephine Blain, Abilene.

Mrs. Long is a Lorain girl and finished high school here in 1931 and attended Sul-Ross college at Alpine in the summer of that year. Her friends are numbered by her acquaintances. The groom attended Brantley Draughon's Business College at Dallas during the year 1930 and 1931. He is now employed by Magnolia Petroleum Company at McKinney, Texas, where they will make their home.

District Meet at Snyder—

Eleven of the Lorain League members attended the district League meet at Snyder Saturday and Sunday. A very enjoyable time was reported by all who attended. The next district meeting will meet at Lorain in July.

Those who attended from here were Mrs. Jim Johnson, Edna Pearl and LaVern Nelson, Emma Kate Spurgur, Ollie Mae and Ruby Martin, Pauline Harrell, Winnie Rowland and Inez Briars.

Methodist W. M. S.—

The W. M. S. met Monday, April 25, at the church with eight members present. The class is studying the Bible, taking the life of Joseph. Mrs. Bennett taught the lesson, which was well explained.

Those who are not entering into these studies are missing something.

Bruce Bible Class—

Our Sunday school attendance has begun to improve some in the last few Sundays. We had 38 present in our class Sunday, but we still have room for more. Visitors are always welcome. If you are visiting here come and be with us. The weather is warm now, so let's all get the habit of going to Sunday school. It is very easy for us to go other places, but sometimes this had to get off to Sunday school. Everyone should be able to spend an hour once a week worshipping God. Make an effort to be present next Sunday. I am sure you will be there if you will only make the effort. The subject of the lesson Sunday was "Abraham's generosity to Lot," which was well explained by Mr. Bruce. There were also several splendid explanations brought out by different members of the class. We have set the last Thursday night in each month for our business meeting. All of the members are urged to attend these meetings.

First Methodist Church—

There was a considerable increase in attendance at Sunday school and church last Sunday morning. A very fine program was rendered by the primary and junior departments of the Sunday school.

It was a Sunday school day and fourth Sunday, mission program, suitable to the occasion and enjoyed by all. We shall look forward with pleasure to more enjoyable and helpful programs of this nature in the future.

After the program Rev. J. E. Harrell, pastor, preached on the "One Thing Needful." It was indeed a very fine spiritual hour we spent together on last Lord's day. Rev. O. P. Clark, presiding elder of Sweetwater district, will preach next Sunday morning at the 11 o'clock hour. Bro. Clark is one of the great preach-

ers of our church and we are fortunate to have him preach for us next Sunday. We anticipate a large attendance and a great message from our elder. Don't fail to be there, you will miss a blessing if you do. Special music will be arranged for this service. The pastor will preach Sunday night at 8 o'clock. Be sure to attend Sunday school and church Sunday. Visitors are welcome.

Baptist Church Notes—

Our Sunday school is increasing both in numbers and interest. Officers and teachers are faithfully filling their respective places. We are enjoying some wonderful lessons from the book of Genesis. Our pastor, Rev. A. C. Hardin, brought us a great Gospel message at 11 a. m. Sunday. We had another good service at the evening hour.

Several visitors worshipped with us. We are always glad to have you. We extend a hearty welcome to one and all.

Rev. Hardin urges all who can possibly do so to attend the Wednesday evening prayer service at the church. The W. M. S. meets at the church each Monday afternoon. Springtime is here, the days are longer and everyone do our best to attend our church services more regularly. Remember that vacant place that no one but you can fill.

"Sure" WE'VE BEEN BUYING~ *we can't afford not to~*

Louise and I feel quite satisfied with ourselves. We've just said goodbye to that ponderous old dining room set and bought a handsome new suite. We've turned in our old car and purchased a new one. Louise got herself a complete new outfit. I've just picked out a suit and a lot of furnishings I've been needing... even little Jimmy has new clothes to replace those he's growing out of...

You see, it all started the other evening. Out of a clear sky Louise laughed and said "That old saying about a penny saved is a penny earned, ought to be changed today to a penny spent is a penny saved." Of course I bit and asked why. "Come here and take a look," she said. "Did you ever see such low prices in your life? Everything you eat, wear or use, seems to have hit rock-bottom." Every ad played up new low prices!

Well, that just got us thinking. A fellow puts his money away to save against the future purchase of necessities and luxuries. If he has it in the bank he gets three or four per cent on his money; from investments he may get a little higher return. All went well and

good in ordinary times. But... Louise and I found by a check-up that commodity prices today are from twenty to thirty per cent lower than they were a year ago! We found that by buying NOW we're saving money... we're getting an average greater return out of twenty per cent out of our dollar. It's like putting out money at interest.

Well, we just got busy right away. For the next few weeks we kept our eyes peeled for ads in the Record featuring these new low prices. And then we all went on a shopping tour. Buy? I'll tell the world we did... we found we couldn't afford to do otherwise in these times!
