## BEAM

By J. W. King, Sr.

The cheese plant needs milk, and it needs it badly. Milk now received at the plant is getting dangerously low—so low that it is not very profitable to make into cheese.

Should the milk flow go very much lower there is a possibility that the plant will have to cease operation for a time. We hope that will not happen. Dry weather and shortage of feed is the main cause of the difficulty.

It was a big job to get the plant established and to see it have to close for lack of milk would be a tragedy. I hope the farmers in this area will keep producing milk enough to keep the plant operating even if they have to sacrifice some to do it. All of us ought to realize by this time what the cheese plant has meant to this community, farmers and merchants alike.

Some claim there is a lot of milk in the territory, the plant is not getting. Whether that is true or not I am not sure, but if there is now is the time an extra effort should be made to get to the plant.

The merchants of Lorraine, nor the farmers in this territory can afford to let the cheese plant close up. Let's all join hands in an effort to keep it.

NOBODY CAN DO THIS FOR YOU!

### 13 Cars Maize Bought Here

Late Wednesday afternoon the two combine maize buyers had bought 13 carloads of the grain and had shipped out 12 cars. One buyer is keeping one carload on hand for sale locally.

The cars hold from 80,000 to 100,000 pounds each. The grain is bringing \$2.50 per bushel.

### BLUE CROSS PLAN OPEN

The Blue Cross Plan of hospitalization is still open to families of the Lorraine territory, and will remain open only a little while longer, according to Dr. Dale Johnson. Applications are available at the hospital and either Dr. Dale or Dr. Bruce Johnson will be glad to explain the plan to you.

Mr. and Mrs. Bob Hendrick of Miles spent the week end with Mr. and Mrs. Cledie Hall.

### BEIGHTS-HALLFORD RITES PERFORMED AT STOCKTON

The marriage of Miss Emma Florence Hallford, daughter of Mr. and Mrs. Joe C. Hallford, to James Edward Beights, son of Mr. and Mrs. Harvey W. Beights of Lorraine, was solemnized at a late afternoon ceremony in the Methodist Church Sunday at 5:30 P. M. The Rev. Ray B. McGrew officiated in the double ring ceremony before an altar banked with fern and baskets of white gladioli. Preceding the ceremony, white tapers in tall candelabra were lighted by John Hallford and Private Barrett Hallford, brothers of the bride, who served as ushers.

The bride, given in marriage by her father, was attired in a gown of white satin fashioned with fitted bodice and train. Shimmering neckline outlined the shallow V neckline and the bodice at the waistline which formed a V at the front. Lines of the wedding gown were enhanced by long fitted sleeves and covered buttons at the back. The bride's fingertip length veil fell from a coronet formed by her braids. She carried a bouquet of gardenias showered with white tuberoses. Her "something old" consisted of a cameo necklace which had been handed down through three generations, being traditionally presented on the recipient's 15th birthday. This necklace also served as "something borrowed," since it was loaned by the sister of the bride.

The two bridesmaids were the Misses Louise Schlegel and Velma Workman. Miss Workman, whose home is in Corpus Christi, is a former roommate of the bride and came here from Alpine where she is a summer student at Sul Ross College. The bridesmaids were attired in green marquisette frocks having fitted bodices and bouffant skirts. They wore small Juliet caps and carried nosegays of pink carnations showered with pink ribbons.

Mrs. Vernon McCall, of Alpine, sister of the bride, was matron of honor. Her dress, identical with those of the bridesmaids in style, was deep pink. She carried a nosegay of pink carnations showered with green ribbons.

The bridegroom was escorted by his brother, Marvin Beights, of Lorraine, who acted as best man.

Preceding the ceremony, Clyde Smith sang "I Love You Truly." Mrs. C. R. McKeezie was organist for the wedding. She played a number of selections before the ceremony and the traditional Lohengrin and Mendelssohn wedding marches as the party entered and left, respectively.

Following the wedding a reception was held on the lawn of the bride's home. The four-tiered bride's cake was topped with a miniature bride and groom. It was served to the guests with punch after the traditional cutting by the bride and groom.

Mrs. Beights is a graduate of Fort Stockton High School and received her B. A. degree in Speech at Sul Ross College, Alpine. She was named both Sophomore favorite and Senior favorite, was president of both her Sophomore and Junior classes, and vice-president of the Senior class. She was president of Mask and Slipper Club, listed in

### Shower Falls South Of Town

A considerable area of our territory south of town was visited by a heavy shower Tuesday afternoon. Some areas visited reported as much as three inches.

Farmers to whom we have talked in the area the shower fell say that the moisture will be of great benefit to both cotton and feed crops.

Mrs. I. J. Pierce of Abilene is spending this week with her nieces, Mrs. T. R. Bennett, Mrs. Cora Hall, and Mrs. K. L. Taylor.

Mr. and Mrs. Jimmie Hegg of Abilene are the parents of a son born Friday, August 16. Mrs. Hegg is the former Kathryn Honea. Mr. and Mrs. Barney Honea visited in the Hegg home Sunday and Monday.

"Who's Who in American Colleges and Universities," and was a member of Alpha Chi, national scholarship sorority, Alpha Psi Omega, Sachers, Los Tertulianos, Sigma Rho Chi, dormitory organization, and Student Council. She was graduated in three years and was employed in Fort Stockton in the offices of Clayton Williams, Garland Casebeer, and F. J. Ellyson. She is to assist Miss Mary Boyd, former commercial teacher in Fort Stockton High School, in her office as a Certified Public Accountant in Lubbock, where the couple will make their home.

Mr. Beights finished High School in Lorraine in 1941 and spent two years at Sul Ross before the war interrupted his education. He was president of his sophomore class, and a member of Lambda Kappa Delta, dormitory organization; Student Council, and the animal husbandry and will continue in this study at the Texas Technological College at Lubbock. He entered service with the Army Airways Communication System Corps in 1943 and received his honorable discharge on April 7, this year. He saw service in Hawaii, Guam, and Okinawa.

Mr. and Mrs. Joe C. Hallford were hosts at a lawn supper for the rehearsal party at 6:00 p. m. Saturday, following a swimming excursion by the group at 5:00. About 35 attended.

The couple left for Lubbock on a honeymoon and business trip, and will return here at the end of the week before moving to Lubbock for the winter.

Out-of-town guests here for the wedding were the parents of the bridegroom with their sons, Marvin and Royce and their daughter, Miss Marie Beights, all of Lorraine; Mrs. Workman, of Corpus Christi; Louis Woodward, Sheffield; Mrs. Chester Beights and Miss Rita Beights, Lorraine; Mrs. Travis Hallmark, Lorraine; Mr. and Mrs. Fred Hollman and family, Penwell; Ronald E. Johnston, former war buddy of the bridegroom, and Mrs. Johnston, of Detroit, Mich.; Wayland Bennett, Lorraine; Mrs. R. L. Duncan, and daughters, Penwell; Miss Louise Merriam, the Misses Kathleen and Norma Jean Wheeler, and Sam Alvin Holmes, Jr., all of Rankin; Miss Marilyn McNair, Houston; Mr. and Mrs. Taylor and Miss Joye and Dwayne Taylor, of McCombs; Mr. and Mrs. Marvin Bigbee, San Angelo; Mrs. H. J. Bice and her daughter, Lynn, and W. R. Duncan, all of Kerrville; and William Anthony, of Alpine.

### WEDDING GUESTS ARE ENTERTAINED SUNDAY

On Sunday morning a group of about 15 members of the Hallford-Beights wedding party and out-of-town guests, enjoyed a swim at Comanche Spring pool followed by a breakfast served in Rooney Park by Mesdames Vernon D. McCall, of Alpine, and H. J. Bice, of Kerrville, sister and aunt respectively, of the bride, Miss Emma Hallford. The family of the bridegroom, James Edward Beights, of Lorraine, was entertained at dinner Sunday noon at the Model Cafe when Mr. and Mrs. Vernon D. McCall, of Alpine, and Barrett and John Hallford were hosts. —Fort Stockton Pioneer.

### Tennis Tournament Is Under Way

Play in the annual tennis tournament got under way on Wednesday with the senior singles and doubles and the junior singles matches started. The tournament is to run the rest of the week. Some of the games were to be played under the lights at night, but that part of the tournament will have to be foregone this year because of lack of lighting facilities.

In the first match of senior doubles Varnell Templeton and Edward Brown played Howard Tartt and Hubert Meadows, Tartt and Meadows winning 7-5, 4-6, and 6-2.

The second match was between Ralph Hall and Russell Coffee and H. Lucas and Gene Baird, Hall and Coffee winning 6-2 and 6-1.

In the senior singles Ralph Hall defeated Gene Baird 4-6, 7-5, and 6-3. H. Tartt and H. Lucas were next with Lucas winning 6-1 and 6-0.

In the junior singles Don Martin defeated Doyle Mayes 6-2 and 7-5, and Willard Pratt defeated Dale Baird 6-3, 4-6, and 6-2.

### TWO COUNTY BOYS TO GO TO COLLEGE STATION

Names of two Mitchell County 4-H club boys and one 4-H adult leader chosen to attend the State 4-H Round-up at College Station August 28, 29 and 30, were announced this week by T. H. Roensch, Mitchell County agent. Bob Fee, Jr., Colorado City, and Stuart Henderson of Hyman, both outstanding 4-H club boys, will represent the county when boys from all the Lone Star State gather at Texas A. and M. College.

C. C. Campbell, Star Route, is the 4-H club adult leader chosen to go from this county. Boys and leader alike, says Roensch, were elected for qualities of leadership as exhibited under the 4-H club program. Campbell is adult sponsor of Buford 4-H boys' club and father of Calvin Lynn Campbell, Buford 4-Her who has taken a number of livestock show prizes.

"He is a man who has in a quiet but very active way helped the program along," Roensch states. Campbell has frequently accompanied 4-H boys to shows in this county, Abilene, Sweetwater, and Ft. Worth, and was one of the adult leaders who went with the Mitchell county lads to summer encampment.

Bob Fee, Jr., president of the county-wide 4-H club, has an outstanding record in livestock achievement. Among prizes he has won were 1st and 4th in Mitchell County with a light weight and heavy weight Hereford steer, milk-fed 1st group of 3 steers in Mitchell County 1946 show; 3rd, 5th and 5th, single lambs in county show; 1st group of 3 lambs; 4th dairy cow; grand champion steer at Sweetwater. He was a member of the Mitchell County Livestock Judging team and superintendent of the baby beef department at the 1946 BFA-4H exhibit.

"I am proud to have boys of such caliber represent us," the agent said in announcing the names of Fee and Henderson. Stuart Henderson, son of the Roy Hendersons of Hyman, won state-wide recognition with the Grand Champion steer shown in this year's Ft. Worth Livestock Show and Exposition and has won many other lesser ribbons 1st in Mitchell County, 1st at Brownwood, and Reserve Champion Hereford at Houston.

Accompanying the club boys and adult leader will be the county agent, two Mitchell County 4-H club girls, an adult leader for the girls, and Mrs. Mary Drummond, home demonstration agent. Colorado City Lions will help finance trip for the 4-Hers.

Mr. and Mrs. C. E. Elliott and Hugh spent last week end with their daughter and sister, Mr. and Mrs. Clarence Williams, in Tahoka.

Mr. and Mrs. N. L. Crownover and children of Crane spent the week end with their parents G. L. Crownover, and Mr. and Mrs. Tom Ray.

### Coach Asks Players To Meet Saturday

Coach Vance Dickenson issued a call this week for all lettermen, reserve lettermen, and all boys interested in coming out for football to meet him at the gym Saturday morning at 10 o'clock. Plans will be discussed for a week's outing at Buffalo Gap before school starts.

Coach Dickenson says the team will be small this year but with 12 lettermen returning he expects a much better team on the field this season because of the experience the boys have gained.

Home fans this year will have an opportunity to see the team in action at least six times during the season as that number of games have been scheduled for the home field. The full schedule follows:

September 20, Stanton there  
September 27, Robert Lee here  
October 4, Merkel here (con.)  
October 11, Hobbs here  
October 18, Rotan here (con.)  
October 25, Hermleigh here  
November 1, Colorado here (con.)  
November 8, Roscoe here (con.)  
November 15, Roby here (con.)  
November 22 open  
November 28, Snyder there (con.)

### TEACHER SHORTAGE IN TEXAS SCHOOLS

The Texas State Teachers Association has just completed a survey to determine the number of teaching positions now vacant that must be filled by September 1 if schools are to open with a full staff of teachers.

Replies were received from 813 superintendents representing 33,958 teaching positions or approximately 75% of all the teachers in Texas. Out of this number, it was disclosed that there are 4,324 positions now vacant or 12.7% of the total. The picture is much worse for rural schools. The survey disclosed that in these schools there were more than 17% of all positions vacant. The larger cities were affected the least by vacancies. Most of them have been able to provide salary increases for teachers this year due to the increased per capita apportionment for the coming school year.

It is evident that unless salaries are increased substantially by increased local and state support that the schools of Texas may soon find one-tenth of their classrooms vacant.

The legislative program of the Texas State Teachers Association for 1947, according to President Elizabeth Koch of San Antonio, would be to secure better state support for the purpose of increasing teachers' salaries. She said, "This is a must on our legislative agenda. The program should be supported by every citizen in Texas because our situation is more acute today than at any time since 1941, and it appears that the situation is growing worse each year."

Mr. and Mrs. Loyd Ragain of San Antonio are here visiting his parents, Mr. and Mrs. W. R. Ragain.

Miss Rena Louise Taylor returned Thursday after spending three months in San Francisco, California, working for the Baptist Home Mission Board. During the three months there she worked in six vacation Bible schools with a total enrollment of 487 pupils. She was head counselor at an intermediate girls camp and worked in two one week study courses, and one Bible school with the enrollment made up of Japanese children. During her work there the reports showed 17 conversions, with several dedications, and a mission offering of \$120.

Mr. and Mrs. M. L. Boatwright and daughter Grace of Electric, Alabama, left Sunday after spending several days in the home of Mr. and Mrs. Otis Muns. They, with Mr. and Mrs. Muns, went to Carlsbad, N. M., and went through the caverns on Friday.

Doris Butler came in Monday after attending summer school at Hardin-Simmons University in Abilene.

### Funeral Rites For Uncle Berry Davis

Funeral services for William Berry Davis were conducted at the tabernacle Monday afternoon at three o'clock, Rev. A. C. Hardin officiating, assisted by Rev. J. W. Price.

Mr. Davis was born January 3, 1859, in Bradley County, Arkansas, and departed this life August 17, 1946, at his home in Lorraine. He had been a resident of Mitchell County for 40 years, farming until forced to retire. He was married to Sarah Elizabeth Jowers December 20, 1883 in Ellis County. She predeceased him in death in 1929. He was a member of the Baptist Church.

He is survived by eight children, 21 grandchildren, and 11 great grandchildren. The children are: Jack and Jim Davis of Lorraine, Jesse and Dick Davis of Yakima, Washington, Art Davis of San Diego, California, Mrs. Mose Hart of Lillian, Texas, Mrs. Fayette Hart of Midland, and Mollie Davis of Lorraine.

Pallbearers were Bennett and Melvin Blair, James and Virgil Bennett, Lee Battles, Harold Bennett, O. P. Blair, and T. R. Bennett.

Flower bearers were Jo Ann Watlington, Mrs. John Stanley, Janet Watlington, Mrs. Moody Richardson, Mrs. Tot Watlington, Mrs. Joe Glass, Mrs. James Bennett, Mrs. Alvie Bennett, and Mrs. Melvin Blair.

Out-of-town relatives here for the funeral were Mr. and Mrs. B. M. Hart of Lillian; Mr. and Mrs. H. L. Hart and family, Mr. and Mrs. Tot Watlington and family, and Mr. and Mrs. John Stanley of Midland; Mr. and Mrs. Lee Battles, and Mr. Ashley of Roosevelt, Oklahoma; Mr. and Mrs. Virgil Bennett and Billy, Mr. and Mrs. Leonard Davis of Sweetwater; Harold Bennett of Colorado City; W. A. Davis of San Diego, California. Friends from out-of-town were Mr. and Mrs. Bruce Hart of Colorado City; Mr. and Mrs. Kay McCarley and family of Longview; Chester Hart of Valley View; Appy Baker of Merkel; and Mr. and Mrs. Burr Brown of Coahoma.

### BAPTIST W. M. U.

Both circles of the Baptist W. M. U. met in joint meeting at the church Monday evening. A Mission program on the countries of the Orient was brought by the Lottie Moon Circle, after which a business meeting was held and officers for the new year elected as follows:

President, Mrs. Wright Hock; 1st vice president, Mrs. Gray Taylor; Young Peoples Chairman, Mrs. Tommie Horton; Corresponding Secretary-Treasurer, Mrs. Loyd Wiggins; Chairman for the Lottie Moon Circle, Mrs. L. G. Baker; Chairman for the Annie Armstrong Circle, Mrs. Edward F. Brown; Benevolence Chairman, Mrs. Dee McCollum; Bible Chairman, Mrs. Harvey Leach; Education, Mrs. L. L. Jarratt; Missions, Mrs. Edwin Hallmark; Mission Study, Mrs. D. W. Haralson; Periodicals, Mrs. Evert Henderson; Community Missions, Mrs. Price Hall; Stewardship, Mrs. Jack Richey.

The Baptist Association will meet at Snyder on September 3-4. All from our church who can do so are urged to attend.

Guests in the home of Mr. and Mrs. F. M. Williams last week end over the week end were Mr. and Mrs. Julian Trent of Coleman, who were here on Monday; Mr. and Mrs. Douglas Forber and sons of Amarillo were guests Friday; Mr. Ed Turner of Happy, Texas, spent Saturday night and the week end; and Mr. and Mrs. Snooks Robinson and daughter Markey of Phillips, Texas, were their guests over the week end.

Mr. and Mrs. Ben Farmer of Cuthbert visited in the home of his sister, Mr. and Mrs. W. R. Bowlin and family, Sunday.

Mrs. R. L. May spent Wednesday night with Mr. and Mrs. Ed Stahl in Abilene. Mrs. Stahl and son returned home with her and spent the week end.

### Baseball Game At Local Park Sunday

The Lorraine baseball team will play Col-Tex Refinery on the local field at City Park Sunday afternoon at 3 o'clock.

The following Sunday the team will go to Post, then the next Sunday Maverick will be here for a game. A game here with Bronte on the next Sunday will probably wind up the season since some of the players are going to college.

Last Sunday the team went to Maverick and lost to Maverick 11-8.

C. V. Jennings, local mechanic, has managed the team and did most of the pitching.

### JULY SALES INCREASED IN TEXAS OVER YEAR AGO

Austin, Texas, August 19.—Retail business in Texas in 665 independent establishments showed an increase in sales for July over July, 1945, the University of Texas Bureau of Business Research reports.

Retail sales were 28.3 per cent greater in July, 1946, but showed a normal seasonal decline of 2.0 per cent under June, 1946.

Largest gains in sales were reported in durable goods, motor vehicles, furniture, and lumber and building materials.

### LORRAINE NIGHT AT AMATEUR HOUR

The Lorraine night on the amateur hour at Colorado City is Friday night, August 23. Mrs. W. R. Martin has arranged an interesting program for the occasion with Gilbert Parish, Supt. of Schools and President of the Lions Club, as announcer.

The program will be sponsored by various organizations and individuals and will be introduced by Harold Bennett, the chairman of the amateur hour.

### CLINE-HAYS WEDDING VOWS

Cathryn Cline, daughter of Mr. and Mrs. J. W. Cline, and Elmer Lee Hays, son of Mr. and Mrs. P. P. Hays, were married August 17, at the Baptist parsonage with Rev. A. C. Hardin reading the double ring ceremony.

The couples only attendants were Mr. and Mrs. David Faulkenberry. The bride wore a two-piece gray suit with navy accessories. Her shoulder corsage was pink rosebuds. She carried a white Bible trimmed with white gardenias.

For the traditional something old, new and blue, she wore an old Indian Head penny in her slipper. Her accessories were blue and a string of pearls was borrowed.

The bride attended Lorraine High School.

The groom was in the army a year, with 6 months overseas.

The couple, accompanied by Mr. and Mrs. Faulkenberry, left after the ceremony for a wedding trip to South Texas. On their return they will make their home on a farm 4 miles north of Lorraine.

Mr. and Mrs. R. L. May and Mrs. Ed Stahl visited in the home of Mr. and Mrs. L. D. May in Big Spring Wednesday.

Mr. and Mrs. Ray Preston, Mr. and Mrs. W. W. Martin, and Mr. and Mrs. Wiley Walker were visitors in Abilene Sunday afternoon.

Mr. and Mrs. C. C. Hamilton visited Sunday with his mother, Mrs. Dora Hamilton, who is in Hendrick Hospital in Abilene.

Mr. and Mrs. Grover Crenshaw have moved from Lakeview, Texas, to the Lee May farm north of town.

Billie True McCollum of Abilene spent the week end with her parents, Mr. and Mrs. Laine McCollum.

Mrs. F. L. Logan of New Waverly, Texas, came in Tuesday and is visiting Mr. and Mrs. G. A. Hutchins.

Twaine Price underwent operation for appendicitis at the Young Hospital in Roscoe Tuesday.

### Evaluating 'Morale'

We have been looking into army and navy "E" awards. . . . Even if all the thousands of them were meritorious — which is an absurd hypothesis — this system adds up to a \$100,000,000 scandal. Based on a theory that such hooey boosted the workers' morale, it cost probably 25,000,000 man hours in war-plants, 25,000,000 lost days of officers, diversion of transportation facilities and waste of gas, plus some of the highest-powered hangovers ever experienced by men in uniform.

Army-navy urged these plants to throw celebrations. Some turned into week-long drunks, with whiskey and champagne suppers, imported entertainers and party girls, arriving in private cars and chartered planes. All this was legally deductible for income tax purposes, chargeable against production costs and valid accounting in contract renegotiation.

Officers were assigned, often traveling hundreds and thousands of miles, taking several weeks on a job, all on government pay and travel and subsistence expenses. One public relations officer was always sent on ahead, to whip up the show. Higher ones came on later, to make stuffy speeches, ride in parades and souse up with the happy executives and their ladies.

There was usually a shutdown. All hands were guests at shows and blowouts, in hotels, country clubs, local theatres taken over. Besides, there were more exclusive to-dos for officers and co-poration officials, "guardian angels" and other politicians, with costly souvenirs handed out — everything charged as legitimate expense.

PROs were briefed by higher officers to encourage as much hoopla as the plants could swing. Some of them did practically no other work. The signal corps, with only about a half-dozen HQ posts in the country, traveled. Its advance agents, countless miles. Often the plants paid these men's expenses and those of higher officers, although the army did, too, doubling the cost to the taxpayer.

It was one of the sweetest rack-ets of the conflict to exterminate the enemy by good old Yankee horse-sense and can-do. A triumph of E-bombs!

The Hollywood gin rummy swindle was turned up by a cub reporter (Los Angeles Examiner) on his first assignment. The paper had a tip that Michael MacDougal, the sleuth who specializes in such things, was in town. . . . Baker Conrad was sent on this thin tip. . . . He ran into some members of a club he thought might be involved. They were talking out loud — spilling names and all — on the story the youngster wasn't even sure was cooking. . . . He got an earful and ran to a phone. . . . The first newsbreak said only that three sharpers had been named. . . . An hour after the edition hit the street, three heavy winners had engaged a high-priced lawyer to "protect their interests."

The prisoner in the dark Gestapo dungeon in Berlin was tall, gaunt Rudolf Diels, founder of the Gestapo in the first turbulent days of the Nazi regime. Diels had said "no" to Adolf when the Fuehrer ordered him to liquidate an old pal who had outlived his usefulness to the swastika-gang. Now, Rudolf sat in his cell, awaiting the hangman — by order of Hitler, who did not like people who dared to say "no."

Standing before Diels was medical-dripping Hermann Goering. "I order you to divorce my sister," growled Goering. "Get out of her life. We cannot have a man in our family hung!"

Diels, a cool character, shrugged his shoulders, told Goering where to go.

Circumstances — too long and involved to relate here — saved Diels from the hangman. Today, sitting in a villa in Nuernberg, he supplies the prosecution with valuable information against the major war criminals. Among his frequent visitors was Capt. Harry N. Sperber, chief German interpreter at the trials.

"Strange," mused Diels to Harry, a sardonic smile on his hollow, sabre-slashed face. "It looks as if — after all — dear Hermann will have a man in the family hung! . . . Himself!"

"Dark of the Moon" has gone home, to the Smoky mountains, where it was written, about its own people, by Howard Richardson and William Barney. . . . It was staged at the Community theatre, in Asheville, N. C. . . . That is 15 miles from where the authors found the ballad of Barbara Allen, theme of their play. . . . Viscount Lascelles, nephew of King George VI of England, has a play he wrote making the Broadway office rounds.

## Interest Centers on November Polls

### GOP Leaders Intrigue Press With Election Prospects

By BAUKHAGE  
News Analyst and Commentator.

WNU Service, 1616 Eye Street, N.W., Washington, D. C.

WASHINGTON, D. C. — This weather—in Washington and elsewhere—develops more heat than light. That's a trite phrase, I know, but it's apropos because heat, rather than light, is always the keyword at this season, politically speaking. Congress accomplished its faded-out rather gracefully, I thought, even if they must have prayed for forgiveness for "the things we have left undone" as fervently as for the things they did which didn't sit too well with their consciences.

And now the voice of the vote-getter is heard in the land. Radio and newspaper correspondents are being courted by both political parties. For example, recently, a crowd of radio folk was given a luncheon-table look at the vote-getting machinery behind the Republican lines. Our hosts were Republican Chairman Carroll B. Reece at one end of the table, and Republican Campaign Manager Clarence Brown at the other. (A similar jaunt into Democratic territory will be reported in a future column.)

### Reece Quiet, Popular Chief

Reece is a slight, greying, quiet-voiced man whose Tennessee accent reminds one occasionally of Claude Pepper in one of Claude's unattractive moments if you can catch him in one. (Personal confession: I like Pepper and Reece both and so do a lot of people who would be the first to say, "the views of these notables do not NECESSARILY agree with those of the undersigned.")

It is a little presumptuous of me to refer to Reece as "greying" because the year 1889 had to stretch itself from January to December to fill the time-gap between my birthday and his. He has taught in almost as many academic institutions as I have casually attended. He was a battalion commander in World War I whereas I never rose above the exalted station of shavetail, and among his five decorations are the Distinguished Service Cross, the Distinguished Service Medal and the Purple Heart. He was cited for bravery by a marshal, three generals and a colonel.

Perhaps the same qualities which

won Reece his decorations qualified him for his present job. He certainly doesn't lack assurance even if he doesn't rattle sabers in expressing it.

But we are not talking about Reece. We are talking about his job. He is out on the hustings, although his trip, which will take him as far west as Seattle and as far south as Georgia, is mildly camouflaged as a vacation. Anyhow Mrs. and Miss Reece are going along, and a part of the time will be spent at a resort in the Rockies.

Backstopping Reece here in the capital where nobody votes, but where a lot of writers and talkers remain, will be Clarence Brown, representative from the Seventh district of Ohio, a state which might be called a latter-day mother of presidents and which right now is looking hopefully over the patterns of maternity gowns.

I have a fellow feeling for Representative Brown, tinged perhaps with the natural deference a reporter always has for a publisher. Brown publishes several country newspapers (that's the way he put it himself in the congressional directory) whereas I merely write for "several" besides this one. Also he has three more children than I have. He and I once met on the debating platform, and while I would naturally never admit that I didn't present the best argument, I will concede somewhat grudgingly that Brown's resounding oratory won him the most applause.

Brown and Reece complement each other very well. Reece is slight, dignified, soft-spoken. Brown is large, loud enough to be heard in the back row without using the PA system, and hail-fellow-well-met. As "campaign manager" he is going to sweat it out (that is literal) with the rest of the Washingtonians who don't vacate in the summer.

Reece and Brown didn't talk on the record at the luncheon but I have a good idea of how things looked to the Republicans at that congenial gathering of radio folk. If the elections were held as of that moment, they claimed, the Republicans would win a majority of seats in the house of representatives and would make very heavy inroads on the Democratic majority in the senate. Since then many of the primary battles have been fought and I'll report the reactions later.

While the senators had charged that UNRRA supplies were being used to bolster foreign governments, Clayton stated that the U. S. was withdrawing future assistance to the agency because the period of immediate postwar impoverishment was passing and the U. S. and other countries had supplied sufficient credit mediums for financing recovery.

In all, the U. S. provided no less than 2½ billion dollars of aid to UNRRA, sufficient for supplies to fill 2,000 cargo ships.

### Ol' Kentuck Bloody Battleground

Kentucky was catalogued as still a dark and bloody battleground. At the time of the luncheon, Representative May's followers seemed to feel, according to press reports, that he was a martyr. If something should come out to change their minds on that score, he might go down to defeat. And we are reminded that, as one Republican put it: "every 20 years or so Kentucky changes its mind."

What the Republicans seem to count on most is the natural reaction, "throw the rascals out!" theory, which Americans always have reverted to after so long a period of any party's incumbency. In addition, say the GOPundits, there are the usual mistakes of the party in power which result in the well known attitude of one of Clarence Brown's constituents who told him:

"I don't know who I'm FOR, but I know darned well who I'm AGAIN."

### 'ENCOURAGED' DESPITE LAGS

## Vet Housing May Reach Goal

WASHINGTON.—Despite reports indicating building lags throughout the nation, Housing Expediter Wilson Wyatt predicted that his veterans' housing program will achieve its goal of getting 1,200,000 temporary and permanent homes started in 1946.

Wyatt's prediction was based on a report which he characterized as "encouraging" although it contained facts indicating the picture is not too bright. The report showed:

A total of 496,000 family units of all types were started in the first half of the year. To achieve the 1,200,000 goal, the number of "starts" will have to average 117,000 per month in the last half of the year compared with an average of 83,000 in the first half and with 92,500 in June.

First Slump Reported. In June, for the first time since the Wyatt program began last January, "starts" of conventional

## New Farm Plan Studied; Death of UNRRA Looms

### UNRRA: U. S. to Quit

Following close upon the blast of Senators Butler (Rep., Neb.) and Ellender (Dem., La.) against use of United Nations relief and rehabilitation funds abroad, Assistant Secretary of State William L. Clayton told the fifth UNRRA council meeting in Geneva, Switzerland, that the U. S. would not contribute additional funds to the agency.

While the senators had charged that UNRRA supplies were being used to bolster foreign governments, Clayton stated that the U. S. was withdrawing future assistance to the agency because the period of immediate postwar impoverishment was passing and the U. S. and other countries had supplied sufficient credit mediums for financing recovery.

In all, the U. S. provided no less than 2½ billion dollars of aid to UNRRA, sufficient for supplies to fill 2,000 cargo ships.

WAR INSPECTION . . . Separated by the war, Mr. and Mrs. Edgar Manske found inspiration for a unique business venture. Mrs. Manske, the former Jane, faunts of swimming fame, sculpted small figures of their daughter to send to her husband, former football star. Now they are in business selling figurines.

### FARM PROGRAM: New Proposals

A new farm program calling for a combination of sound open market practices and governmental assistance was proposed by the special house committee on postwar economic policy and planning headed by Representative Colmer (Dem., Miss.).

In recommending changes in present farm legislation, the committee urged:

Greater flexibility be allowed in farm prices, especially to ward each other.

Supply and demand be given greater opportunity to determine farm prices rather than artificial controls.

Re-examination of the out-moded parity price formula designed to give farmers an income on a par with industrial workers.

Concentration on a long rather than a short range farm program.

For establishing a "floor" under farm prices to prevent a disastrous drop, the committee proposed a support program guaranteeing producers "60, 70 or 80 per cent of parity"; a supplemental payment during hard times to assure a certain percentage of pre-depression income, and limits on the rate of decline for a specified commodity in a year.

### CIO:

#### To Fight Prices

Remaining militant in its post-war program to aid the interests of more than five million members, the CIO announced an all-out drive on rising prices to prevent further depreciation of the workers' dollar.

Revealing that it had given up plans for another big wage drive to win further increases to offset rising living costs, the union stated that demands for more money probably would result in still higher prices.

In forecasting additional price rises of 15 to 20 per cent during the next few months, the CIO said that the corresponding reduction in purchasing power of the consumer's dollar would represent a wage cut of 17 per cent. A successful consumer strike against higher prices would terminate current inflation within the next 18 months at the worst and three to six months at the best, it said.

### IT'S SAME CROWD AGAIN

PARIS. — It's hot in the galleries of the palace of Luxembourg. In the top gallery sit hundreds of newsmen — Chinese, Siamese, Greek, Indian, New Zealanders, watching a man speak far below. Newsmen from all over the world watching the peace. It's their peace. What's done here will affect their countries from Baluchistan to Iceland, from Saskatchewan to Samoa, and they are watching.

Far below, under the klieg lights, sits Jimmy Byrnes — patient, polite Jimmy Byrnes — never leaving his seat, never failing to listen. . . . A man speaks into the microphone. He's interpreting Molotov. . . . In French. Another man speaks. He's interpreting Molotov in English. . . . It takes hours. When, you wonder, will diplomacy ever become modernized? Diplomacy hasn't been changed since 1815. . . . The Vienna conference when the great powers divided up Europe and brought on more wars.

Paris today is depressingly the same. We invent modern methods of warfare. . . . Rockets that may reach the moon, atomic bombs that can destroy civilizations. . . . But the weapons of peace never keep pace with the weapons of war. . . . nor do the diplomats who wield the weapons of peace.

The same crowd which failed to head off the last war is here again — even some of the same crowd which sat in at the last Paris peace conference. . . . Look at their faces. Poker faces. No life, no lift, no passion for the peace they are negotiating, bored faces, preoccupied faces, bored with the endless translations. Bored with the whole boredom of diplomacy. Not a man among them who lost an arm or a leg, who knows what it is to suffer on the battlefield. These are the men who are writing the peace.

Jimmy Byrnes is not bored. Polite, patient, precise Jimmy Byrnes sits on the front row — perhaps he is too polite, too patient. . . . You feel like shouting down at Jimmy. You wish you had a telephone to reach him there, way down below. You wish you could tell him:

"That was a great speech you made the other day, Jimmy, but finish it. Tell them the rest of the story. Tell them not only that the United States isn't going to remain isolated but also that we're going to raise hell with anyone who blocks our path to peace. Tell them that millions of Americans are fed up with all this frittering; that millions of Americans mean business and will back you up in anything you do."

Around the senate chamber of the palace of Luxembourg are great, gold ornaments. Woodwork carved in ornate shapes, heavily encrusted with gold—remnants of the lush days of the de Medicis. . . . If the French had only been smart, if they had only painted out the gold and substituted white crosses! Then perhaps the bored diplomats sitting below would remember. . . . white crosses . . . from Guadalcanal and Stalingrad, from Salerno and New Guinea, from Tobruk and the Rapido, from Normandy and Aachen. . . . Close your eyes and you can see them. . . . Thousands of white crosses. . . . The dead speak!

"We who lie here have nothing left to give.

"To all your praises we are deaf and blind.

"We may not even know if you betray

"The hopes we cherished for mankind."

But the diplomats below don't seem to hear. . . . Men in red plush seats, fastidious men in red plush seats, their nails polished, their cravats carefully tied. They don't seem to hear. They are thinking about procedure and majority votes, vetoes and prestige and whether they will get out in time to take tea with Mrs. Ogden Mills.

One man does hear. He sits opposite Jimmie Byrnes. . . . A big, uncouth man, his hair not even parted. . . . Evatt of Australia. His cockney accent is uncultured but he dares to speak. He is the only man who comes anywhere near preaching the Sermon on the Mount, who tells the bored men in the red plush seats that they must love their neighbors as themselves. . . . Unpleasantly Evatt steps on the toes of the big nations — tells them they have no business sabotaging the peaceful goal of others. . . . They don't like Evatt, but they listen. Even patient, polite Jimmie Byrnes doesn't like Evatt. But he listens. . . . Thousands of men under white crosses listen, too.

### BARTERING OVER PEACE

Clement Attlee, prime minister of Britain, speaks — the man who performed the miracle of defeating War Leader Winston Churchill — a modest man, a sincere, earnest man. His bald head shines under the klieg lights. But it is no halo. . . . Some hours before Attlee was haggling with Byrnes over the future of Germany — bartering over the peace of the world; wanting to trade off a British policy in Palestine for an American policy in Germany.

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

### Mental Illness Clinics

In addition to 32 clinics already authorized, the Veterans' administration has directed the establishment of as many such clinics as necessary in the 70 regional offices for the treatment of mental illnesses among war veterans.

According to the announcement, the need for treatment of these emotional and nervous diseases is evident and experience in civilian practice both before and during the war indicates that a majority of such cases can be treated in clinics without hospitalization.

In the mental hygiene program, emphasis will be placed on group therapy which is the simultaneous treatment of a number of veterans suffering from similar mental or emotional disturbances. The neuropsychiatrist, clinical psychologist and social worker will co-operate as a team in these clinics in treating the patient.

### Questions and Answers

Q. Can my daughter, who is engaged to a young fellow overseas, book passage on a boat and be married to him while he is still in service in Germany?—S. P. Havre de Grace, Md.

A. The war department says the procedure is for the girl to write the boy telling him to get permission from the commanding general, European theatre, for entrance of the girl into the area for the purpose of his marriage. When he receives this letter of permission from the commanding general, he should mail it to the girl. She will then take the letter along with passport application to the state department and apply for passport and visa to get overseas. She then must arrange for her passage and pay her own way.

Q. My husband was in the army three years, from 1905 to 1908, and was in the Ute Indian campaign. Would he be entitled to a pension? He is not disabled from military service.—Mrs. R. F. J., Mahtowa, Minn.

A. There is provision for both disability and death pensions for Indian wars. I am not sure, however, whether these provisions apply to the period 1905 to 1908. They apparently apply to earlier Indian wars. However, to be sure, you should take it up with your nearest Veterans' administration office.

Q. I am a World War II veteran and would like to start farming. I kept hearing over the radio that I could get a loan from the banks under the G.I. bill of rights. Well, I went to the bank and they said I had to have capital to get a loan but how can I have that when I served three years in the army? Is there any chance of me getting a loan so that I could start farming?—R. L. K., Winslow, Ill.

A. Provisions of this law are that the Veterans' administration will approve a loan up to \$4,000 for an eligible veteran, if the lending institution will make the loan. The bank or other lender is the judge of whether or not the veteran is a good risk and is likely to succeed at his venture.

Q. My son was discharged from the army in February, 1946. He was overseas 25 months and while in the army he had to work so hard he could not rest at night and would wander around in his sleep. Since he is at home the same thing happens when he works hard. He can't get any rest at night. He wasn't this way until he went into the army. Would it be possible that he is eligible for a disability pay?—Mrs. J. L. E., Hickory Flat, Miss.

A. It might be possible. The only way to find out is for your son to apply to your nearest office of the Veterans' administration and ask for an examination and disability rating.

Q. My son was killed in action in World War II. His insurance was made to his mother. We are divorced. I am 55 years old and not able to work. Can I draw a dependent parent's pension? If so, how much and where shall I apply?—D. V. M., Ferguson, W. Va.

A. Yes, although divorced, as a dependent father you should be entitled to \$25 per month. Make application to the Veterans' administration office at Huntington.

Q. My husband is a veteran of World War I, serving overseas 11 months. He has a 50 per cent permanent disability given in 1930. This disability becomes worse. Is he eligible for pension? If so, where can he get help?—Mrs. M. L., Fort Payne, Ala.

A. Your husband evidently had a disability rating from the Veterans' administration which likely was wiped out by the economy act of 1933. Suggest that he contact his nearest office of the Veterans' administration for a new disability rating.

Duke McCale, private detective, is engaged by wealthy old Miss Bigelow to guard the presents for her niece's wedding. McCale accepts, only because he senses that Miss Bigelow is afraid of something more serious than a possible theft. McCale sets his assistant, Rocky, to watch the presents while he starts out, to hunting up back ground data on the members of the families involved in the wedding. Later McCale inspects the rich presents. One is a deed to a modernistic mansion. A tall, beautiful blonde woman playing the piano intrigues his interest. Two other women and a man appear in the room. They are obviously members of the family, appearing aristocratic and self-satisfied.

"Just so."  
"She's very talented."  
"Yes, indeed."  
Miss Bigelow was mcking him feel like Paul Pry. Why had she been giving him the impression in the last few minutes, that Kare was worth watching then? He changed the subject.  
"Will you want me to have my man on duty tonight?" He watched her closely. All the tightness came back into her eyes.  
"I—I don't know."  
Suddenly he was like a man waiting in a dentist's office, wanting to

you in that dyehouse racket. Pretty good deduction. What brings you here?"

"Wedding presents."

"Not really? Didn't know you went in for small stuff."

"I have to make a living. Case after case like the dyehouse murders are rare and far between."

Storm's blue eyes narrowed.

"Well, it just didn't seem to me that the array of bric-a-brac downstairs warranted your special talents."

McCale didn't answer. "Too true, my bright young fellow," he thought, "but if I told you that a 'been a-doin' s'c' little the

Vallancourt went over to his future stepmother-in-law, almost as an apology for neglecting her. She was a little high on too much sherry and was quite crushing to him, in a bad-tempered manner she shook off his attempted coddling. Without her fixed cosmetic smile, her face was an unbecoming mask, he was unable to disguise her middle-age. There was a puzzle there in the coolness between Curt and Sybil.

## QUESTIONS AND ANSWERS

Q. How can option under which National Service Life Insurance is payable be changed?  
A. (1) By the insured at any time or, upon death of the in-

sured, by the beneficiary, before any payment has been made. Whatever form of payment is provided by the insured, the beneficiary may arrange for payments to be made over a longer period of time, provided benefit payments have not commenced.  
Q. How long must a National Service Life Insurance policy be in effect before it can be converted?

A. National Service Life Insurance must be in effect at least one year before it can be converted.

Q. Is the veteran allowed any grace in the payment of National Service Life Insurance premiums?

A. A grace period of 31 days without interest is allowed for the payment of any premiums other than the first premium payable under the policy. The policy remains in force during the grace period.

Q. Can a veteran pay his NSLI premiums by deductions from compensation, retirement pay, or pension?

A. Yes. The insured may authorize the monthly deduction of premiums from compensation, retirement pay, or pension that have been awarded him under any laws administered by Veterans Administration.

Q. Can creditors make claims on a beneficiary of a National Service Life Insurance policy?

A. Payments of insurance to a beneficiary are exempt from the claims of creditors of the insured or creditors of the beneficiary, and are not liable to attachment levy, or seizure, either before or after receipt by the beneficiary. However, this exemption does not apply against the United States.

Q. What is the "National Service Life Insurance Fund"?

A. National Service Life Insurance is mutual insurance. All premiums paid on this insurance and all interest earned thereon are deposited in a separate trust fund in the U. S. Treasury, designated as the "National Service Life Insurance Fund." The Government derives no profit from its administration and acts in the capacity of trustee of the fund for the sole benefit of the policyholders and their beneficiaries.

## VETERANS NEWS

Veterans planning construction of homes got two tips this

week from the Veterans Administration loan guarantee officer, that will save them money.

He told veterans to give special attention to the practicability of the floor plans of their future homes.

"A house without a standard floor plan has a low resale value and will suffer heavy depreciation in the next four to five years," he warned.

He suggested, too, that veterans make sure their homes have the proper exposure, pointing out that different localities may call for different exposures.

The most common objections that veterans had voiced against National Service Life Insurance were eliminated when President Truman signed a liberalized change in the insurance setup for World War II veterans is the privilege of the policyholder to direct payment of his insurance to the beneficiary in a lump sum.

Besides this plan, payment may be made in equal monthly installments ranging from 36 to 240 payments. These plans are in addition to those authorized by the former law.

The new law also gives holders of National Service Life policies the privilege of adding total disability income benefits to their life insurance through payment of extra premiums.

Pension increases recently authorized by Congress will be made automatically to veterans in Texas, Louisiana and Mississippi, VA's Director of Claims, said this week.

"Inquiries from veterans about their pensions are not necessary and will only delay the administrative work required to effect the new rates," he said.

The increases will be included in payments made September 30, he added.

## ALLAN SHIVERS RUNS FOR LT. GOVERNOR ON QUALIFICATIONS

Senator Allan Shivers, leading candidate for lieutenant governor is seeking election to that office solely on the basis of his qualifications of wide training and experience.

In every way, Allan Shivers, the legislator, lawyer, farmer and World War II combat veteran, is exceptionally qualified for the No. 2 state office. As a state senator for a number of years, he established an excellent record of public service. A loyal Democrat and native Texan, he is a man of highest character and splendid personality. The majority of Texans believe he will reflect credit and honor on the State of Texas.

Shivers, a war veteran of two years overseas, during which time he earned 5 battle stars, did his best to make this a free country for a free people. He will continue that course as lieutenant governor.

He has conducted a dignified campaign, free of mud-slinging and personalities. His platform appeals to every Texan: Better farm-to-market roads, better salaries for school teachers, enlarged public safety facilities, a thorough public health program, redistricting of the state for legislative purposes, greater aid to the aged, real assistance to war veterans, reorganization of the pardon and parole system, a first class university for the colored, and equal responsibility from both labor and management. He is against a sales, state income or any other form of new taxes.

Allan Shivers will be the lieutenant governor of all the people. In addition to integrity, sincerity and ability, he has a background of training and a record of public service already performed which gives him the right to ask for promotion. (Paid political adv.)

## The EYE

that looked ahead

It was early in 1871. Across the boundless reaches of the Southwest, surveying parties for the Texas and Pacific Railway pushed their way through wild, rugged country. They were the advance men—engineers who marked the way for the shining twin rails that were to follow. They were men of courage and vision, too—men whose eyes looked ahead to the possibilities of a vast empire rising out of the Southwest. Because their eyes looked ahead and because they were determined to realize their dream of a transcontinental railroad across the Southwest, these early builders conquered almost unsurmountable difficulties.

Today their dream of empire is a reality. The Southwest is a mighty land—it is in the vanguard of the new industrial growth of the nation. During these past 75 years of progress, the Texas and Pacific has been a dominant factor in the Southwest's growth. It has furthered its industrial and agricultural development—it has furnished a life line for the flow of commerce. Today, the Texas and Pacific is providing even greater service for the people of the Southwest... with its famous Sunshine Special, the only complete through daily train linking Texas and the East. The coming of the Eagles will usher in a great new era in rail transportation. Yes, Texas and Pacific still looks ahead... seeking new horizons of achievement for the Great Southwest.

# Kathleen Norris Says:

A Way With Men

Bell Syndicate—WNU Features

"Most boys are not smart enough to keep a conversation going; that is the girl's job, and he resents it if she falls down on it."

By KATHLEEN NORRIS

WHY men want to marry certain women and don't want to marry others, is a mystery no one has ever been able to solve.

A woman can be everything admirable; pretty, clever, capable, pure and men will pass her by. Older men, younger men, popular men and unpopular men, no man sees Winifred at all. Her women friends tell them about her; "I've asked Winifred Martin for you. She's a darling. You'll love her." But they never find her a darling, and they never love her.

On the other hand, there are women like Adele. Adele has been a completely worthless character all during the 20 years since she was 18. She has married three times; she is treating her present husband just as she did the two previous ones, and this marriage will end in divorce as the earlier ones did.

Adele is not especially pretty, nor has she wealth. But she has something that renders the average male helpless in her talons. She is as cold as a female cobra inside, she is as selfish as a woman can be, she is intellectually a complete loss. But no matter, she has a way with men, and at 70 she will still be charming them into thinking her the most desirable little armful of cuteness in the world.

The impression she makes is one of friendliness, happiness and easiness. If unmarried women, going lonely and wistful into their 30s, could grasp the value of these three qualities, there would be no more unwilling spinsters. I don't mean that Adele is really friendly or happy; she merely gives that impression.

"You're Wonderful!"

If it is a picnic, Adele slips a confiding warm little hand into the nearest male hand and says, "Hang onto me, I'm a perfect little fool about hills — or woods — or beaches," as the case may be. If it is a dance she surrenders her whole fragrant little body into the arms of her partner, presently to say, "You're wonderful!"

If it's a beach fire, with frankfurters and barbershop chords, Adele leans against the man nearest her. She slips her hand into his. She sends him by a freight of glittering look of affection and challenge. Sometimes it doesn't work. But 9 times out of 10 it does.

What Adele knows by instinct, of course, for she has no brains, is that a man is as shy as a girl. He wants to be on easy terms with the girl with whom he is paired off; he wants other men to think he has a terrific way of getting on with them; he wants other less occupied couples to look over his way and wonder how he and that little brunette have found so much to laugh and chatter about.

If he gets a nice, stiff, shy girl, whose specialty is awkward pauses, who can't for the life of her be natural and relax, he feels humiliated and angry. Most boys are not smart enough to keep a conversation going; that is the girl's job, and he resents it if she falls down on it.

Shy Girl is Egotistical. Shyness in a girl is a form of egotism. Self-consciousness is obviously egotism. Stiffness is pride. Very often the unpopular girl feels—even if she doesn't analyze or express it—something like this: "I've evidently got the boy no

"This leads to a lonely 37."

## PLAYING HER PART

Some women are popular with men, while others who may be prettier and more intelligent, are not. Miss Norris explains that women who gain and hold men's interest know a few little tricks, and use them. She tells about a woman in her thirties who, although neither beautiful nor wealthy, is always able to attract the attentions of almost any man she wishes.

Her little technique is to be always feminine, always helpless and dependent. She lets the man she is with help her over rough spots in the road, or show her how to swim better; anything to make him feel superior and capable. Her conversation is not brilliant, but she keeps it going, and she puts in a good bit of flattery for her male companion. She gives the impression that she is friendly and happy.

Too many girls, says Miss Norris, are shy and awkward because they are really egotistical. They expect the man to play to them, to flatter them, to carry the burden of conversation. Many men are unable to do this. They expect the girl to keep the talk flowing, to maintain the easy, pleasant relationship of close friends.

When a girl finally realizes that she must play her part, and a bit more in the game, she is past her youth, with all its natural charm. She must then try doubly hard to be interesting.

one else wants. Adele got the Ferguson boy and Marian got that Yale boy. Ha. And I'm supposed to entertain this big clumsy thing with the glasses. Ha. I should worry! I find something that interests him! If they want to pair me off with the one they don't like, I'll simply sit here. I have more brains in my little finger than he has in his whole body, and if he won't talk, neither will I."

This sort of thing at 17 leads to a lonely 37. A smarter girl would take on the discarded boy with all her power of charm. She would get him talking, ask him to come and have supper some night. He may be the big surgeon of 1960; he may be the engineer who is going to take his wife some day to the most fascinating places of the whole world.

The Adeles of this world may be callous, cold-blooded, empty-headed little fiends. But they give. The quiet, respectable, admirable girl too, often expects only to take. She will not stoop to a little harmless flattery. Why should she? Men are quite conceited enough. She will not try to interest the quiet, clumsy, spectacled boy who has been assigned to her; the fascinating men, the dancers and tennis players, the newcomers who have taken the town's girls by storm, have been grabbed by the more sophisticated girls. And she has Sam Sloane, who was with her in grammar school and who stammers, to entertain!

That stammerer may be speaking in the senate some day. Those short-sighted eyes may be correcting author's proof on the novels of the next generation. But that won't mean anything to a certain prim, lonely unmarried woman, back in the home town.

They Won't Make You Fat Potatoes are not fattening, according to Edith Lawrence, specialist in food preparation for the A. and M. college extension service. She says studies by the bureau of human nutrition and home economics show a medium-sized potato contains about 100 calories, no more than the amount obtained from a serving of green peas. Potatoes do not step up poundage, Miss Lawrence says. It's the company they keep, such as butter and rich gravies that does it.

## LESSON

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago Released by Western Newspaper Union

### Lesson for August 25

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

#### JESUS AND PURE LIVING

LESSON TEXT—Exodus 20:14; Proverbs 4:14-23; Matthew 5:8; Philippians 4:8.

MEMORY SELECTION—Keep thy heart with all diligence: for out of it are the issues of life.—Proverbs 4:23.

Moral corruption has been the ruin of the great nations of the earth, and if history is not to be repeated by the fall of our own nation, we must do something—yes, something prompt and drastic. The breakdown of morals in our land is so evident and so widespread as to give grave concern to social and national leaders. What then, is the Church doing about it?

We do not like to talk about adultery and related sins. We must speak with care and tact, but perhaps the time has come for some straightforward dealing with an unpleasant situation.

I. Keep Your Home Pure (Exod. 20:14).

As the divinely appointed center of man's life, the home holds a place of such importance that it is the special target of Satan's offensive. That has always been true, but it seems that in recent years the onslaught against the home has been intensified.

Any violation of the divine plan for the marriage of one man and one woman, in loving communion for the founding and maintenance of the home, is a direct violation of the law of God.

It is also a violation of the law of man. It brings serious results in the destruction of the home, and in the ruin of individual life—physical, moral and spiritual.

This awful sin (and do not let a wicked world convince you that it is anything else) is back of much of the discord and divorce in our American homes.

When we realize that in the City of Chicago there is now one divorce for every three marriages, and that the ratio is rapidly becoming lower, there can be no question that divorce is a major evil in our day. Statistics are positively shocking, but they are cold and quickly forgotten. But who can fail to see, and who can forget, the awful woe brought into American home life by divorce.

Bad as it is, the awful effect on parents is nothing compared to the nervous, moral and spiritual shock which comes to children in broken homes. Statistics reveal that now (1946) more than 70 per cent of the juvenile delinquents and young people committed to prison come from homes where divorce has entered to break down and destroy family life.

II. Keep Your Heart Pure (Prov. 4:14-23; Matt. 5:8).

Out of the heart are the issues of life (Prov. 4:23); hence it is of the utmost importance that it be kept in purity and devotion to God.

The heart in Scripture does not refer to the physical organ which circulates the blood, but even as that heart is the center of the physical life, so there is a spiritual heart which is the center of man's inner being.

Evil thoughts, unholy desires and ambitions hidden in the heart will ultimately be revealed in overt acts of ungodliness, unless God is permitted to regenerate that heart and make it clean.

The solution for the problem of impurity is found in our lesson verses. First of all one must avoid the way of the wicked (Prov. 4:14-17). They are so evil that they cannot sleep until they have misled some poor souls and brought them down to the same level (v. 18). They make sin and immorality look mysterious and attractive. Don't be led into sin by the enticement of curiosity.

Shun the evil way, which goes down with increasing darkness, by seeking the good way which "shineth more and more unto the perfect day" (Prov. 4:18-19). The way of life is a bright and shining way. Don't let Satan fool you, young people, into thinking the opposite. It's great to be a Christian!

III. Keep Your Head Pure (Phil. 4:8).

The mind of man is quick and active (that is, if he is really alive and awake), and it wants to be occupied with something of interest. The world, the flesh and the devil are keenly aware of that fact and come to fill his mind with allurements to sin and destruction.

Thank God that no one need lack for things that are good, honorable, true and noble to fill and satisfy every mental as well as spiritual interest. God's provision is not limited either in scope or variety. He provides the best, the most delightful, the loveliest and most noble.

Observe that it is for us who know Christ as our Saviour to give ourselves in diligent effort to "think on these things." As we do we shall find that they crowd out our thinking those things which are sensual, selfish or sinful. It is a sound principle of psychology as well as a spiritual admonition. It really works.

## WOMAN'S WORLD

### Plan Trim New Dresses for Fall While Fabric Selection is Good

By Erlta Haley

#### Easy to Sew

A simple pattern plus a simple rayon fabric that is easy for a beginner to handle makes this a nice frock on which to start sewing. The neckline can be worn high or low, and the fluffy peplum at the hip adds nice detail to the costume.

#### Basic Dress Must Flatter Figure

Unless you select the most figure-flattering basic dress you won't be able to do a thing with it. The side drape is only good on some figures. Others look better in gored or slightly flared skirts. Still others prefer neat pleats or strictly straight lines.

Select figure-flattering material.

All of these things must be important considerations in choosing a dress that will take the place of several. Select, too, one that has good sleeves and neckline. If you know for example that a V neck doesn't do a thing for you—and it doesn't do much for the very thin, flat-chested woman—then choose something with a little fullness in the bust.

If, on the other hand, you have a well-set pair of shoulders and are well-filled, stay away from too much material at the top of the dress.

Should you be planning several changes of collar and cuffs for the dress, then you will want a basic style that will be usable with collars most flattering to you.

Buy a good pattern, a good material, put the dress together as carefully as you know how, and you will then have the most important ingredients of the successful dress.

Black, navy blue, brown, dark green and gray are the classic colors for this type of dress. The one you look best in should be first, second and third choice.

#### Small Details Make Dress Fit Wearer

Recent figures prove what most of us have always suspected. That is that few women come close to the perfect figure. This means that small adjustments must be made on patterns and clothes to make them fit perfectly.

Adjust clothes to your figure.

Some women run narrow in the shoulders and need an extra dart there or at the collar to make the dress lie smoothly. Shoulders, of course, can be built up with padding.

## Fashion Forecast

A good fall pick-up for last year's suit or this year's too is a smart stitched dickey. It's fine foil for the felt hats which are destined to appear soon.

If you're buying a good skirt for day wear, select at least two blouses to go with it for extra wear. One may be tailored and in bright, jewel-like colors, while the other may be crisp tubbale white.

so that they will balance the figure, but this is an individual problem that must be handled directly in front of the mirror.

Another important problem in fitting is the bodice. To give a well-molded line, it's advisable to take one or two darts under the arms to get this effect. How much of a dart, and just where it should lie, is best determined by basting and fitting.

Just where the hemline should fall is another point that has troubled many of us for a long time. This should not be determined, I feel, so much by what the fashion is, but rather by where the line is most attractive to you. If you are short and plump you will want a longer skirt to give you the long line that is most flattering. The shape of the legs is often the most important factor in the length of the skirt.

Waistlines and sleeve lengths are another detail which would be judged by the figure. For this there is no guide like the full length mirror.

Another detail which can be used with the basic dress is to have one of those soft sheer wool or wool jersey jackets to wear over it. There are some gathered-at-the-waist styles that are nice. There are others that are more tailored.

If you wish to have a bolero jacket as another change of costume with the basic dress, select enough material and then choose a contrasting print for lining it and make a belt of the print to have with the dress.

#### Lingerie Touches

A dress will always do more for you if you have proper clothing to wear underneath it. A bulky slip can ruin the good lines of a dress, and a sagging slip is a mark of poor grooming.

Slender figures can wear bias cut slips; the stout figure should have one with gores.

Pay just as much attention to the seams on the slip as the fit. A too-small bias-cut slip will ride up and yield little comfort.

Select the correct length for your height. They now come in short, medium and tall lengths and everyone can be fitted properly. Leave only the minor adjustments for the straps.

Seams on slips should be flat and double-stitched. The zig-zag stitched seams wear well, but they may look wrinkled if you are wearing a sheer dress.

The top of the slip gets hard wear and should be flat and self-stitched around the edge. Lacy tops are pretty and dainty, but if a lightweight dress is worn, a simple slip will give the best lines underneath the garment.

## SEWING CIRCLE PATTERNS

### Sailor Dress for Young Girls Date Frock, Keyhole Neckline

8052

11-18

#### Keyhole Neck

AS NEW as tomorrow is this enchanting date dress designed especially for juniors. It features the popular keyhole neck, deep sleeves and softly rounded hipline. Make the wide belt of the same fabric or use one of the smart new purchased ones. A honey of a frock.

Pattern No. 8052 comes in sizes 11, 12, 13, 14, 16 and 18. Size 12 requires 3 1/2 yards of 35 or 39-inch fabric.

#### Crisp and Fresh

IDEAL school frock for the grammar school crowd. A sailor dress is a favored style with young girls—they're so crisp and fresh looking. Make this one in a bright check or plaid material and have the collar in snowy white trimmed with contrasting braid. She'll love it for that first day back at school.

Pattern No. 8059 is for sizes 4, 6, 8, 10 and 12 years. Size 6, 2 1/2 yards of 36-inch fabric; 3/4 yard for contrasting color; 3 yards braid.

Before repainting seal the wood with a coat of paint so that the oil in the putty will not be absorbed. Putty, if used over plain wood, may become dry and fall off.

Rub tin and iron utensils with unsalted fat and they're rust-proof for even a long period of rest.

Way to locate a tiny leak in a roof is go into the attic on a bright sunny day. Then no matter how small the hole, the light will show through.

A pair of tweezers is useful for plucking threads that have been caught in sewing-machine stitching.

Don't overcrowd the dishpan. Wash one pan at a time and you'll spare knobs and handles from useless dents and breakage.

Before dyeing a garment, it is best to remove all buttons, buckles, or other trimmings and rip out hems, pleats and linings so the dye can penetrate the fabric more evenly.

A child's sprinkling can is very convenient for watering house plants.
