## T. & P. WELL NO. 1 STANDING 1400 FEET IN OIL

### FARMERS OFFERED PURE BRED PIGS

REGISTERED POLAND CHINA-DUROCK PORKERS AVAILABLE THROUGH C. O. F. C.

Boys and girls of Mitchell County who desire to obtain a pig of the very best, big type, Poland China and Duroc stock to be found in Texas, will be offered the opportunity of doing so within the next few weeks, according to an announcement made public Monday by the secretary of the Chamber of Commerce.

Plans for supplying these pigs to boys and girls on Mitchell County farms, were consummated through Paul G. Haines of Cuero, representative of the United States Department of Agriculture. Mr. Haines declares that pigs supplied through this department are guaranteed pure bred and pledges that the government will ship them to Colorado on approval.

"Farmers desiring to take advantage of this opportunity should place an order for the number of pigs desired at once," stated W. S. Cooper, secretary of the Chamber of Commerce, Monday. "We do not intend to place any orders for pigs not sold, and will, therefore, have no surplus stock to offer after our final order is made. Farmers should call at the Chamber of Commerce offices or see W. A. Dulin, County Farm Agent, without delay and leave orders for the pigs wanted."

The price asked by the Department of Agriculture for these pigs is \$25, and in case the pigs do not meet with approval, they may be returned to Cuero at the expense of the shipper.

In a letter from Mr. Haines of September 3, the government representative among other things says:

"We will be in position to furnish the very best, big type, Poland China and Duroc pigs to be found in Texas. Our foundation stock, which came from famous herds in the North, are good and have given satisfaction wherever they have gone. The past Spring we shipped out of this county \$15,000 worth of pigs to various sections of the State and have received no complaints.

"Our price is \$25. This, I agree, is lower than the same class of stock usually sells, but we have no trouble in disposing of them and customers are satisfied. Mr. A. L. Ward, Sec. of the Texas Swine Breeders Association and Swine Specialist of the A. & M. College, will, I am sure, be glad to select any number of pigs for your Association. We ship our pigs subject to your approval and pay express charges both ways in case you do not like them. We have for sale, tried sows and boars, bred and open gilts of either breed mentioned."

In a statement to the Chamber of Commerce Monday W. A. Dulin

### PREMIUM OF \$67.50 WILL GO TO FIRST BALE COTTON

A premium totaling \$67.50 for the first bale of cotton of 1920 cotton to be marketed in Colorado has been subscribed by business and professional men of the city, according to the Chamber of Commerce. In addition to this amount the premium is augmented by 12 photographs by Martin's Studio and free ginning by any of the several gins at which the first bale may be received.

The premium is expected to be increased to \$100.00, it was stated Wednesday by a representative of the Chamber of Commerce, since the solicitor had not seen all the business and professional interests of Colorado whom it was believed would desire to subscribe to the amount.

### BODY OF DROWNED MAN RECOVERED

REMAINS OF M. V. JONES FOUND NEAR BRONTE BY PARTY ON FISHING TRIP

The body of M. V. Jones, local automobile dealer, who was drowned in the Colorado river at Colorado on Sunday afternoon, August 23, while bathing, was found Saturday afternoon lodged in driftwood four miles east of Bronte, Coke County, by Rev. Mr. Parks and others of Bronte who were on the river fishing.

A. A. Dorn of the First State Bank received a telephone message from Bronte later in the afternoon telling of the recovery of the body, and G. B. Slaton, J. H. Greene, M. C. Holt and J. B. Jones, brother of the drowned man and who arrived in Colorado Friday from Guin, Alabama, left here late Saturday for Bronte to take charge of the body. The remains, which were in a mangled condition, were brought to Sweetwater by the Paine Undertaking Company and by them prepared for shipment to Guin, Alabama, where burial will be had in the family cemetery. The remains were shipped from Sweetwater Tuesday night.

Mr. Slaton stated Tuesday morning that he estimated the body had been carried at least 150 miles from Colorado down the river to the place where it was recovered. It is some eighty miles from Colorado to Bronte over the generally traveled road and the river covers a distance twice as long, it is estimated, in its meanderings from this city to Bronte.

A reward of \$150 had been offered for recovery of the body.

Dulin pledged his endorsement of the plan

### 2119 SCHOLASTICS ENROLLED IN CO.

AN INCREASE OF 441 IS SHOWN OVER ENROLLMENT OF LAST YEAR

A total of 2119 scholastics are enrolled in the 32 school districts of Mitchell County, according to statistics at the office of County Judge Hall ex-officio county superintendent. Of this number 606 are enrolled at Colorado, 303 at Loraine and the remainder of 1210 in the 30 rural districts.

This shows a marked increase over the enrollment of one year ago. Last year a total of 1678 were enrolled in the county, divided as follows: Colorado, 431; Loraine, 243; rural, 894. Compilation of the figures show an increase of 441 over last year.

Judge Hall stated Thursday morning that it could be conservatively estimated that attendance in the public schools this year would exceed the enrollment by 350 pupils. This would place the total at 2469.

Under the law there must be 3000 scholastics in the county before a county superintendent may be employed. Judge Hall is of the opinion that this number will be reached next year.

There are a total of seventy teachers employed in the various schools of the county. Of this number twelve are employed in the Colorado schools eight at Loraine and the remaining fifty in the rural schools.

Twenty-six schools of the county were granted State aid last year in an award of \$13,500 from the State Board of Education. This year twenty-one districts will apply for State aid, Judge Hall stated.

### Chamber of Commerce to Hold Executive Meeting

Dr. P. C. Coleman, president of the Chamber of Commerce, stated Monday that a call would be issued for an executive session of the Chamber to be convened Thursday evening at 8 o'clock at offices in the Shepherd building for disposing of matters of importance now pending. Dr. Coleman left Monday night for Fort Worth and returned to Colorado Wednesday.

Among the matters to be taken up at the Thursday night meeting are the following:

To determine whether Colorado should inaugurate a Trades Day program once each month; to adopt a plan of cooperation with Commissioners Court and citizens of various communities of Mitchell County in making repairs to public roads, with special reference to those roads leading from Colorado into the principal cotton producing communities, and to devise definite plans for supplying to the farmers of the county, through the United States Department of Agriculture, pure bred Poland China and Duroc pigs, as offered in letters received by the Chamber of Commerce from a representative of the department.

Every citizen interested in these matters is urged to attend the meeting Thursday (tonight) night, a representative of the Chamber of Commerce stated Wednesday.

### Loraine Citizens Subscribe \$1,260 to Repair Roads

\$1,260 was subscribed Tuesday by citizens of Loraine and those living along the public road from Loraine south to Champion Creek, a distance of six miles, to be applied to a fund for financing repairs to that road, which has been greatly damaged during the recent heavy rains. This amount was subscribed on condition that Commissioners Court allow an equal fund to be expended on the road, according to County Judge Hall who was at Loraine Tuesday.

Judge Hall stated that the entire six miles of the road leading from Loraine to Champion Creek was in practically an impassable condition and that the demand for repairs was prompted upon the desire of farmers

### COLORADO TO CONTINUE BEST COTTON MARKET

The distinction of Colorado as being one of the best cotton markets of West Texas will be maintained throughout the season soon to open, according to predictions of local merchants, bankers and cotton buyers. Two reasons are assigned for this prediction. One is the marked competition between local buyers and the addition of an official cotton classifier's office, which will assure top market offerings for the staple, and the other lies in the fact that a better staple of cotton is produced in the Colorado territory than is averaged in this section of the State.

The sandy loams of Mitchell County are peculiarly adapted to producing cotton of extra quality staple and it was pointed out during the season last year that market quotations at Colorado averaged from \$1.50 to \$3.00 per bale above those of other markets in West Texas.

### RED CROSS PLANS CLEANING TOWN

LOCAL CHAPTER NAMES SEPTEMBER 21, 22, AND 23 "CLEAN-UP" DAY

The local chapter, American Red Cross, will take the initiative in cleaning up Colorado, according to resolutions adopted at a meeting of executive officers of the chapter Wednesday afternoon at the City National Bank building. September 21, 22 and 23 were designated as "clean-up" days and it is planned to have every property owner of the city, especially those of the business district, cooperate with them in removing all refuse from the streets and alleys during those three days.

A committee composed of J. H. Greene, J. C. Prude, E. Keatley and W. S. Cooper was appointed to direct this work and to conduct an aggressive campaign to the end of making Colorado a clean and attractive city.

Under plans adopted Wednesday afternoon all property owners and tenants will be requested to cut all weeds, trim overhanging branches of trees, and collect all waste paper, tin cans and other refuse from their premises and leave them in piles at a convenient location to be reached by wagons. The chapter will employ wagons and teams or trucks to collect the refuse and haul it to the dumping grounds.

The meeting Wednesday afternoon was presided over by the chairman, Rev. Guy. B. Duff.

to have an outlet for hauling their cotton to gin and market.

It was not known Wednesday whether Commissioners' Court would allow expenditure of the fund to supplement the amount subscribed, Judge Hall stated. The Commissioners would be convened in session either Thursday or Friday of this week, he continued, for the purpose of passing on the matter.

### He Offers to Bring Several Families Here

Among the letters received by the Chamber of Commerce Wednesday from people desiring to obtain employment in the cotton harvest in Mitchell County, was one from A. P. Richardson of Fort Worth, who writes: "It is my intention to come to your county to pick cotton. I can aid you in getting up a shipment of families from here as I am personally acquainted with quite a few who desire to take their families and go west to pick cotton."

The Chamber of Commerce is receiving letters every day from people who desire to come here to pick cotton, and the facilities of this office are at the disposal of the farmers, the secretary stated Thursday morning.

### REED WELL REPORTED IN SUNDAY; MEANS EXTENSION PRESENT FIELD

DIRECTOR EXPRESSES BELIEF THAT OIL WILL FLOW WHEN UNDERWRITERS' WELL ON LOCATION WEST OF COLORADO, IS SWABBED

T. & P. Well No. 1 of the Underwriters' Producing and Refining Co., 10 miles west of Colorado, is standing 1400 feet in oil and in the opinion of S. M. Owen, a director of the Company who returned to Colorado Wednesday from Oklahoma, will flow when swabbed. Casing is now being lowered to the bottom of the well and it will be swabbed within the next few days, or as soon as this work can be completed, Mr. Owen stated Wednesday.

### Otho C. Posey Buried With Military Honors

Funeral services of Otho C. Posey, son of Mr. and Mrs. J. H. Posey of Sweetwater, were conducted Sunday afternoon at 3 o'clock by the Rev. A. D. Leach of Westbrook. Burial followed in the Colorado Cemetery.

The services were under the auspices of the local post, American Legion, G. R. Quinney, acting commander and Dr. W. A. Williams chaplain, in charge. A military escort conducted the remains from the undertaking parlors of J. H. Green & Co. to the church and from the church to the cemetery. Floral offerings were profuse, bespeaking the esteem in which the young man was held by his former associates.

Mr. Posey entered the service May 28, 1918, and on October 15 of the same year left his training camp for active duty in France. Soon after arriving in France, however, he became stricken with illness and died December 6. His body arrived in New York several days ago and was received in Colorado Friday.

Rev. Mr. Leach, who was pastor of the deceased while the Posey family made their home in Westbrook, paid a tribute to the life of Otho Posey, as both a soldier for Jesus Christ and for the cause of his country in the recent war.

Following the bringing in of this well several weeks ago, it was announced that it would be tested under pump. At that time oil was standing some four hundred feet in the well. A pump was later ordered shipped out of Ranger and in the meantime the well continued to improve, the depth of oil increasing to approximately 1400 feet. Officers of the Company now believe that the pump will not be necessary and that when swabbed the well will flow several hundred barrels.

Reason for delay in testing the well under pump, as was at first considered, is assigned to trouble encountered in cleaning out and in delay of arrival of the equipment from Ranger. The bailer was lost once and cave-ins were experienced several times, all of which caused delay in efforts of the crew and management to make a thorough test.

Oil scouts from various sections of the State continue to visit the Underwriters' well and many of these express themselves with optimism when asked for an opinion as to the ultimate commercial value of this well and of Mitchell County as an oil field. A few days ago an extensive investor from another State visited the well and upon his return to Colorado gave out the following statement:

"I was present in the Ranger and Eastland fields during the early stage

The Most Beautiful Car in America

YOUR eyes will tell you that our new "Glenbrook" is one of the handsomest five-passenger cars that has ever been designed. But in order to really appreciate this model, you must take an actual demonstration on the road. Then—and then only—will you understand what our engineers have accomplished in three years of patient experimental work and testing. Then and then only—will you realize what giant strides have been made in motor and chassis development. The "Glenbrook" you must remember, is a strictly modern car. It was developed during a period of world wide mechanical research and represents the last word in automotive science. It is actually and literally a motor car developed by the war. Just what these new standards of engineering have accomplished will be quite evident in a single demonstration. It will prove a liberal education, we believe, if you will permit our dealer to arrange for an appointment.

Miss Chumm of Austin, who has been visiting Miss Nelson, returned home this week.

Mr. and Mrs. W. H. Waltham and children of Liberty, Mo., are here on a visit to his parents Mr. and Mrs. J. S. Waltham near Wastella.

Jim Johnson bought a new Ford car this week from Doc Wimberly.

We have the Bain Wagon, the best wagon in the world.—Colorado Mercantile Company.

Mr. and Mrs. Charlton Brown of Mineral Wells, were here for two days this week on a visit to relatives. Their old friends regretted that their stay was of such short duration.

Wallace Pendergast sold his house this week for \$2,150; a year ago it was purchased for less than a thousand.

Aubrey Caswell and wife spent Sunday at Valley View with the Joe Johnson family.

"Boys" we have a few nice buggies left and the roads are good. Let us show you—Colorado Mercantile Co.

Miss Nell Norman left Saturday for Lubbock where she will teach school this year.

Miss Christin of Big Spring, stopped over for a few days with Miss Lillie Nelson on her way to attend the Teachers' Institute at Canyon. From there she goes to Hereford to teach school.

Brother Yell filled his regular appointment at the Presbyterian Church Sunday. His wife and children came down from Coahoma with him.

Buy the Bain Wagon from us quick before they are all gone—Colorado Mercantile Company.

J. F. Hiser went to Louisiana this week to visit his brother, whom he has not seen for 23 years.

J. H. Johnson, Sr., sold his place in town last week to S. J. D. Hallman of Snyder, for a cash consideration of \$2,000; Mr. Hallman moved down this week.

T. R. Bennett and family returned Sunday night from a two week's visit to friends and relatives at Hico and other points.

Mr. and Mrs. Baxter and Miss Patsy Capeland were over from Roscoe Saturday mingling with the Trades Day crowds.

W. C. Drury and Lewis Pety of Brownwood, nephew and grandson of Hiram Toler, were here for the week-end.

C. P. Gary and family, with Miss Ewell Gary of Colorado, were over for awhile Saturday.

Barna Haney and family and Miss Irene Garland of Roscoe, were also Trades Day visitors on Saturday.

Andrew Courtney and W. J. Coon were in Abilene on business Monday and Tuesday.

Miss Sula Cassey of Merkel, has returned home after a visit to Miss Lelia Givens.

Mr. and Mrs. McAnally of Hico, who have been visiting their daughter and family, Mrs. J. L. Pratt, returned home on Wednesday.

Miss Blanche Hooks is visiting Miss Marie Coffee. Also Claude Hooks and wife and wife's mother, Mrs. Edwards of Colorado, were over Sunday.

The dinner served on Friday by the ladies of the Parent-Teachers Association was quite a success. Over a hundred dollars was raised for the purpose of helping to repair the school building.

On Saturday the Baptist Ladies Aid served dinner, and raised over ninety dollars which was added to the fund for remodeling the Parsonage.

Mrs. Charles Reeder was hostess to the 42 Club this week. Delicious refreshments were served after many delightful games were enjoyed.

Miss Callie Stacy and Mrs. Stephens of Bangs, returned home Tuesday after a visit to their sister, Mrs. Wallace Pendergast.

Come to Colorado.

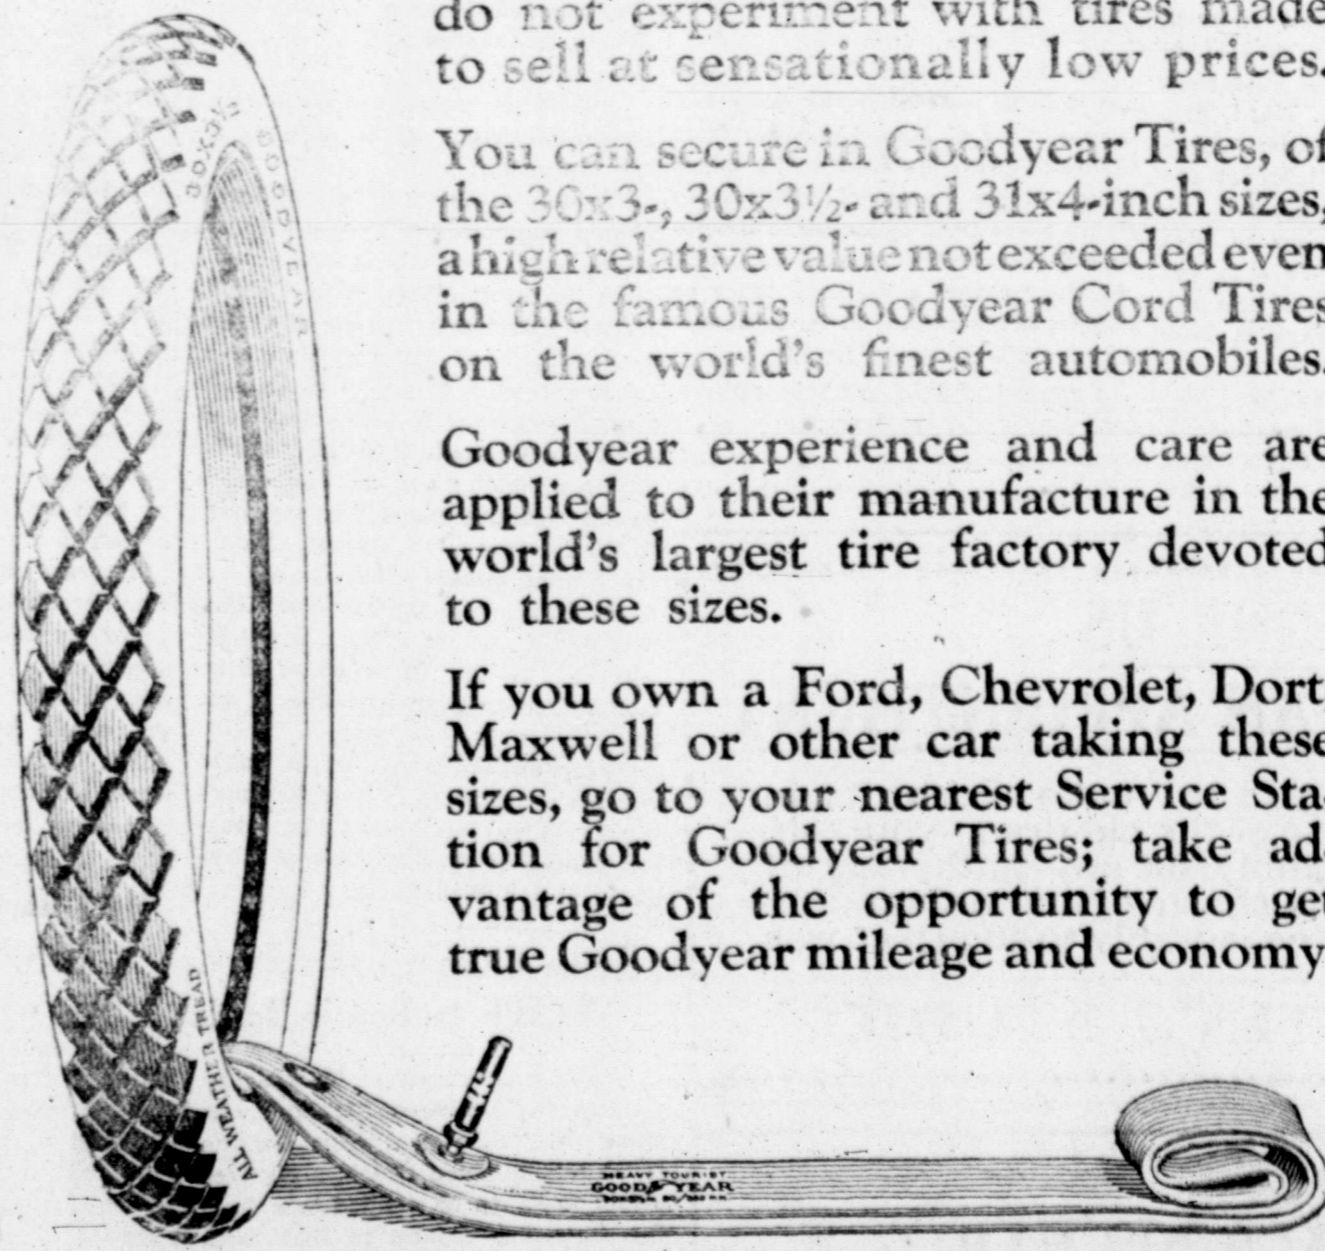

# Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50  
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? \$4.50

### CHAMBER OF COMMERCE TO ASSIST PLACING LABORERS

Letters are coming in every day from all over the state from families that want to arrange for a place to pick cotton through the fall and winter. A number of these prospects look promising and in order that they may not be turned away now when we know that we will be short later it is desired that all farmers in position to definitely say that they want pickers to list their needs with the Chamber of Commerce now.

By close cooperation between the farmers of Mitchell County and the local Chamber of Commerce it is possible to get in touch with labor that would be expensive and uncertain to hire, each man for himself. This service is absolutely without charge on the part of the Chamber of Commerce and is available in any similar connection.

The Colorado Chamber of Commerce appreciates the fact that the development of Colorado is closely tied to the development of the whole of Mitchell County, and it is their intention to assist in every possi-

ble way through their connection with the West Texas Chamber of Commerce to meet the demands for pickers through the coming season.

A number of the families writing at this time are available for heading feed while cotton is opening. If you have need for such help send in your name at once, with what sort of living quarters you can furnish and the number you will need now and later.

### MEXICAN PAPERS STRONG FOR FAIR

Herald Texas Exposition as Great Trade Opening.

Heralded by newspapers throughout Mexico as an event of national importance, the Mexican National Exhibit at the State Fair of Texas—October 9 to 24—promises to be a revelation to those who have overlooked the art, the romance and the beautiful traditions of the land of our southern neighbors. For the exhibit will abound not only with examples of Mexico's industrial and agricultural progress, but will contain relics and works of art that will be the center of attraction to hundreds of art lovers who will visit the Fair. In fact, one of the big features of the entire State Fair program will be the band of the Estado Mayor. This band ranks high among the musical organizations of the entire world and is well known to readers of musical journals. Nearly a hundred highly trained musicians comprise this band.

From a standpoint of commerce, the papers of Mexico have devoted page after page to impress upon their readers the importance of this exhibit. It is pointed out that this is an opportunity which must not be overlooked to establish better relations with business men of the United States. A typical newspaper story devoted to this exhibit appeared in a recent issue of "Excelsior" of Mexico City. The article, in part, follows:

"The Mexican exhibition of natural and manufacturing products, to be shown in Dallas, Texas, at the State Fair this year will be more complete and interesting than any other shown in any foreign country.

"At present the Texas State Fair is one of the most important in the American Union. All producers of the United States and merchants in general, exhibit their products, without omitting any effort to enlarge the market for their products. Every available space, where this great State Fair is going to take place, has already been taken and every indication is that this exposition will surpass all previously shown.

"The city of Dallas has become the large distributing center of great importance in the southwestern section of the United States. Nearly all the leading American enterprises have branches in Dallas and transactions are conducted on the same lines as at headquarters."

The paper urges that Mexico send its very best products to the Fair, paying particular attention to the art collection which will be brought here. The importance of the exhibit to American industry can be readily seen when one realizes that it is through the medium of the Texas jobbing house that the majority of trade will be conducted with Mexico and it is expected that this alone will bring hundreds of Eastern manufacturers and industrial heads here during the Fair.

### BILL'S BOY OF BROKEN BOW

The greatness in any man lies in the part of him that is "just man." That is why Great Men have always arisen out in the woods-pasture—never in the hothouse.

Instances: Napoleon, Lincoln, Beethoven, Homer, Kipling, and a legion of other leaders of men, movements, and thought.

We can improve roses and create seedless grapefruit, and by selection get cows that give amazing milk, but old Bill Jones' boy down in Broken Bow—simply because he is "just man"—has a way of intellectually and morally surpassing J. P. Morgan, 3rd, or Isaac Newton, Jr. Often he gets his first urge and impetus from an external source—from just such inspirational ideals as those radiated by the Radcliffe Chautauqua which has been secured for this community.

### SO PRESIDENT LINCOLN SAID

We are all subject to mistakes, and "the man who says he does not make a mistake deceives himself," said President Abe Lincoln at one time when a cabinet officer directed his attention to a serious clerical mistake the President had made in the execution of an official document. And in following up this feature of human nature, we have found that the newspaper man is no more immune than people of any other vocation—or occupation.

Last week in reporting the meeting of the Mitchell County Marketing Association, we referred to the meeting as having been presided over by the president, "J. C. Hooper," when in fact we should have said R. C. Morgan. Mr. Morgan is president of the association and the Record should have so stated last week.

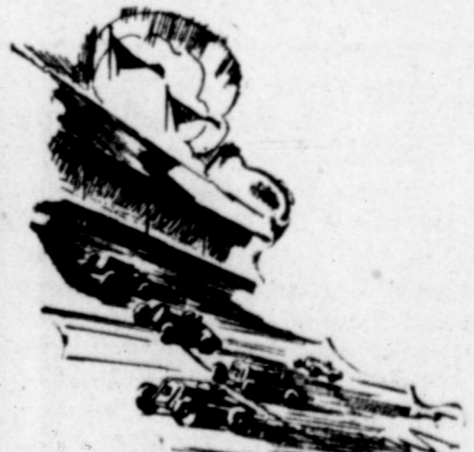

### NOTICE TO THE PUBLIC

I wish to announce to the public that Mr. S. A. Baker, formerly associated with the Peach-Edmondson Co., is now with me and he will take special pleasure in meeting his many friends at my grocery.—T. C. Donnell, the leading grocer. tf-c

Carbon paper at Record office.

### SET DATES FOR BIG AUTO RACES AT FAIR

Returning from Chicago, where he consulted with many automobile authorities, Secretary W. H. Stratton of the State Fair of Texas has announced

the dates for the auto races that will feature the State Fair season—October 9 to 24. These dates are:

Tuesday, October 12.  
Saturday, October 16.  
Sunday, October 17.

On these dates the kings of the dirt track racing game will meet in competition, insuring some of the greatest sport Texas has ever seen.

In addition to this, plans are now being made to stage a great international sweepstakes race on some day during the last week of the Fair, when the winners of the three days will meet in competition. This will undoubtedly be the greatest automobile racing event ever staged in the southwest.

### COUNTY EXHIBITS WILL BREAK ALL FAIR RECORDS

With the co-operation of T. O. Walton, director of the State Extension Department at A. & M. College, assured, the State Fair of Texas is moving forward in a record-breaking season as regards county agricultural exhibits. Mr. Walton and Secretary W. H. Stratton of the State Fair, have had a series of conferences on this important department of the Fair, and every arrangement is extended by Mr. Walton that the exhibits will be far more numerous, and far more select, than those of any previous year in Fair history.

## Let's settle this right now!

No man ever smoked a better cigarette than Camel!

You'll find Camels unequalled by any cigarette in the world at any price because Camels combine every feature that can make a cigarette supreme!

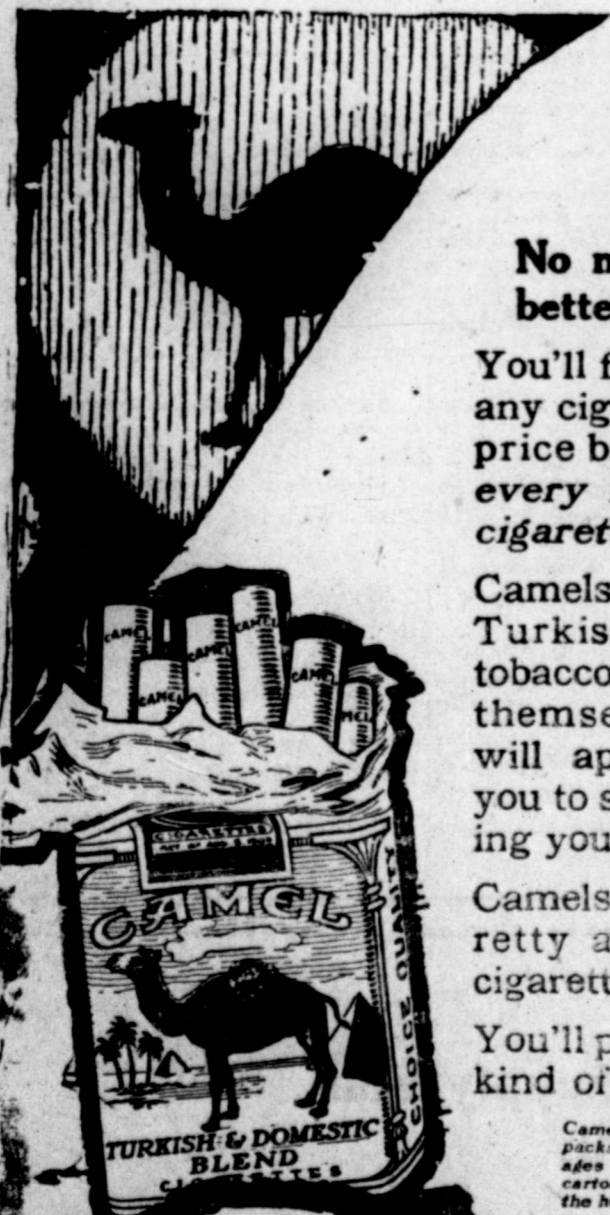

Camels expert blend of choice Turkish and choice Domestic tobaccos puts Camels in a class by themselves. Their smoothness will appeal to you, and permit you to smoke liberally without tiring your taste!

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

You'll prefer Camels blend to either kind of tobacco smoked straight!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a disease-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

**RAINS DAMAGE PROPERTY IN CITY AND COUNTY**

Heavy rain fell at Colorado and over Mitchell County Saturday night and again Sunday night. The precipitations were accompanied by a strong wind which resulted in minor damages to property in both Colorado and over the county.

The rainfall Saturday night totaled 1.31 inches and for a time assumed the proportions of a storm. Some buildings and outhouses in Colorado were damaged and one of the high voltage wires of the West Texas Electric Company was blown down near Loraine. The highway east of Colorado was damaged approximately \$200.00 by washouts and in a number of communities public roads and farms were damaged.

Sunday night the rainfall amounted to 1.77, making a total of 3.8 inches during the two days time. Several low places and part of Walnut street adjoining the Colorado National Bank were inundated during most of the week.

The damage to crops in the county was slight, according to a compilation of reports received from most

communities. Some farmers report their maize, kaffir corn and other sorghum crops that were top heavy to have been blown down to some extent, but with favorable weather conditions it is pointed out that these will straighten up sufficiently to be harvested without waste.

HARPER BROS. INC. CO.

*Stop Buying So Much Gas!*

**The Overland Sedan**

*Costs by the Month, Saves by the Mile!  
Eats Up Distance, Saves Dollars!*

On a railroad, it is the trip and not the ticket that completes the transaction; and it is so with an automobile. No institution can build up goodwill on good-byes.

The Willys-Overland Organization is just as interested in Overland owners after they have bought as before they are sold.

Saving you money on up-keep is just as important as saving you money on the price of the car. And when gasoline began to go up four years ago, word went out to our designers that Overland owners must be protected, and the price of gasoline must be brought down—but not at the price of comfort!—get that, for that was the crux of the problem.

*Hypothetically, it was impossible, and yet—*

Under stimulus of a great public need, and spurred on by the pride of a great reputation, the designers of the Overland have Done the Thing that Couldn't be Done!—

they have unraveled still another insoluble secret of mechanics, by creating that marvel of mechanism, the new Suspension Triplex Spring, permitting the use of light alloy steels for economy, and acting as a pneumatic buffer between the Road and You!

What the new Overland car and its remarkable improvements cost to create we shall never know. But we do know that it cost \$6,000,000 to get ready to incorporate them into the new Overland car, and that the Overland car was a great car before these improvements were initiated and adopted.

*So it seems a fair conclusion:* That an institution that will voluntarily upset the ramifications of one of the greatest automobile manufacturing plants in the world, in order to reduce the gasoline bills of Overland owners, justifies the past, the future, and the immediate confidence of the American people.

*Ninety-seven cities recently reported ninety-seven Overland Sedans as averaging 25.2 miles per gallon of gas . . . . .*

LET US DELIVER YOU THE CAR THAT DELIVERS!

**COTTON SALES PLAN IS EAGERLY SOUGHT**

Problems of the cotton grower intensified by the present crisis in price, were considered at Dallas last week by farmers and men engaged in general lines of business. Suggested remedies ranged all the way from forming a pool for taking "distress" cotton off the market to "closing" the future market. A program midway between these extremes was adopted which provides for:

A gradual and rational selling plan for cotton; bonded cotton warehouses in every cotton-growing precinct in Texas; the abandonment of the lowest grade of cotton to the soil as an energizer, and a curtailment of the acreage devoted to cotton in the State by fully one-third.

Resolutions embodying such a program were adopted. Resolutions were also adopted indorsing the plan of organization of the American Cotton association and charged that organization with the task of carrying through the program by State-wide organization of effort.

The conference in Dallas was similar to meetings held throughout cotton growing sections Wednesday. The meeting was organized with J. A. Kemp of Wichita Falls, chairman, and E. F. Shropshire, secretary of the Texas division of the American Cotton association, secretary. Nathan Adams, president of the Texas division, presided and delivered the opening address.

The sum of \$10,068 was pledged to carry out the organization campaign in Texas, a considerably larger sum being tentatively pledged.

A meeting of representatives of the Cotton Seed Crushers association was held the same day, at which

\$24.75 the ton was announced as a "fair price" for cotton seed under existing conditions.

**Sisson-Glover Wedding**  
Miss Elsie Sisson, of San Saba, and Mr. E. J. Glover, Jr., of Fort Worth, were united in the bonds of matrimony at the Baptist Parsonage Saturday evening, August 28th. They will make their home in Fort Worth, where the groom holds a position with the railroad.

**Miller-Dockery Wedding**  
Miss Sadie A. Miller, of Buford, and Mr. J. O. Dockery, of Seven Wells, accompanied by three automobile load of their friends, came to Colorado and were united in marriage Sunday afternoon, September 5th, at the Baptist Parsonage. Both these young people are well known in the County, and their many friends wish for them a pleasant and prosperous voyage on the sea of life.

**Young People Meet**  
The Young Peoples Missionary Society of the M. E. Church, met with Mrs. Barcroft Tuesday afternoon. Besides working on the bazaar articles the time was set for the bazaar which will be the first week in December. Mrs. Lucian was made chairman of the committee of arrangements. Each girl is to furnish two dollar's worth of material and the W. M. S. is to furnish as much more as they need.

**Auxiliary to C. W. B. M.**  
The Auxiliary to the C. W. B. M. met with Mrs. Leslie Crowder last Thursday afternoon. The subject for study was "The New Emphasis on the Use of Money." Mrs. C. T.

Harness gave a paper on the use of money. Mrs. R. P. Price had one on Stewardship of money. Miss Mary Broadus gave a piano solo.

The new officers of the year, and who will take charge next meeting, are, Mrs. C. T. Harness, president; Mrs. Leslie Crowder, vice-president; Mrs. Pond, secretary; Mrs. H. B. Broadus, Treasurer. A salad course and ice tea were served at the social hour.

**Business Meeting**  
The Baptist Auxiliary met in business session Monday. Besides the regular business, questions were received on the Manual of W. M. U. Methods, and the examination will be taken this week. Anyone having taken the book who was not there, phone the president and the questions will be given. A committee was appointed to decide upon the next Mission book to be studied. Also a committee to see if the Circle plan was advisable. The following officers, were elected: Mrs. A. L. Whipple, president; Mrs. C. H. Laskey, 1st vice-president; Mrs. G. D. Adams, 2nd vice president; Mrs. E. Keathley, recording secretary; Mrs. J. A. Sadler, cor. sec. and treas.

**U. D. C. Meeting**  
After several month vacation the U. D. C. met with Mrs. Sadler last Thursday. The first vice-president, Mrs. Gustine, presided. Besides an interesting program, new life and inspiration were given the Chapter by having the State treasurer, Mrs. E. W. Bounds, of Fort Worth, and her daughter at the meeting. Mrs. Bounds spoke on the Chapter and what it meant. She told of the work in the past giving sketches from the

Annual and of the lives of those who had helped to keep alive this historical work. Miss Bounds delighted all present with her piano selections. At the social hour the hostess served sandwiches and ice tea.

**NOTICE IN PROBATE—No. 361.**

THE STATE OF TEXAS  
To the Sheriff or any Constable of Mitchell County, Greeting:  
You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice:

THE STATE OF TEXAS:  
To all Persons Interested in the welfare of Pauline M. Van Horn and Mary Florence Van Horn, Minors; Mellie M. Van Horn filed an application in the County Court of Mitchell County, on the 8th day of September 1920, to be appointed guardian of the persons and estate of said Minors, which said application will be heard by said Court on the 1st day of Nov. 1920, at the Court House of said County, in Colorado, Texas, at which time all persons interested in said Minors are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Colorado, Texas, this 8th day of September, 1920.

W. W. Porter, Clerk,  
County Court, Mitchell County, Texas.

A true copy, I certify:

W. J. Chesney,  
Sheriff, Mitchell County, Texas.

**1,000 BOYS AND GIRLS TO VISIT STATE FAIR**

Educational Encampment Also to See Distribution of Scholarships

One thousand boys and girls, coming from all the counties in Texas where the Boys' and Girls' Clubs are active, will be guests of the State of Texas during the season of 1920 at the Educational Encampment.

This season the work will be furthered a great deal more by the distribution of State Fair scholarships. These special prizes will be distributed during the State Fair season, as follows:

To Boys: Three A. & M. College scholarships to members of the Boys'

Boys and Girls From Farms Will Be Guests of State Fair

Agricultural Clubs, as follows: One for the best record in the production of corn in 1920, given by the Southland-Life Insurance Co., Dallas; one for the best production of grain sorghum in 1920, given by J. F. Strickland, President Texas Electric Railways, Dallas; one for the best production of peanuts in 1920, given by the Times Herald Printing Co., Dallas.

To Girls: Three Home Demonstration Scholarships to one of the State Colleges for Girls for members of Girls' Clubs, as follows: One for the first and second year work for 1920, given by L. H. Lewis Company of Dallas; one for third year work for 1920 given by Sears Roebuck & Co., of Texas; one for fourth year work for 1920, given by Titcher-Goehtinger Co. of Dallas.

While at the Fair as guests of the management, the youngsters of the Educational Encampment will be given a royal time. The entire period will by no means be devoted to research work. Amusement in plenty will be furnished.

**INVESTMENTS MUST BE ADVISED, SUPERVISOR OF HIGH SCHOOLS SAYS**

"Texas schools where pupils are not taught the necessity of living within their incomes are failing to justify their existence, as they do not prepare pupils to be efficient citizens," said Peyton Irving, Jr., State Supervisor of High Schools of the Department of Education. State Superintendent Blanton has enthusiastically approved the teaching of thrift in all schools and most of the teachers are co-operating with the Savings Division of the U. S. Treasury in this work.

"But mere preaching is not teaching thrift," he points out. "When pupils have been taught to save, the job is not complete; they must be shown how to invest. And it is here the moral question intrudes. For some safe and certain, guaranteed-not-to-lose securities, must be recommended, for one can no more learn wise investment without buying securities than one can master physics without a laboratory. Local investments abound; there is no dearth of persons to take a pupil's money and give a graven gilt certificate therefor. Yet no teacher could afford to characterize a local oil company as an unsafe investment."

"Under these circumstances patriotism and high ethical ideas join hands with common sense. The thing to do is to recommend the purchase of War Savings Stamps and Registered Treasury Savings Certificates. They are always worth more than they cost; they can be converted into cash at the postoffice any time at a profit, and what is more, their ownership gives, under skillful teaching, a sense of ownership in the government, partnership in the nation, that can not but improve the civic pride and patriotism of our young citizens, boys and girls who will in a dozen years control the destiny of the nation."

**THRIFT IS CHRISTIAN VIRTUE, SAYS PROMINENT DALLAS BAPTIST PASTOR**

"The individual who has cultivated the habit of thrift and saving secures freedom from financial worries, the effort gives a vision of higher and better things that makes his heart receptive to the Gospel," writes Dr. George W. Truett, pastor of the First Baptist Church of Dallas. Dr. Truett, who is now in Europe for a conference of church workers on post-war religious efforts, specifically recommends the purchase of Thrift and War Savings Stamps and Registered Treasury Savings Certificates.

**Pure Bred Lone Star Cotton Seed**

The COLORADO NATIONAL BANK has secured a limited amount of

**PURE BRED LONE STAR Cotton Seed**

for planting next season. It is important that you book your next year's seed NOW, as the demand for this staple Cotton will be far above the supply.

These seeds are Certified Pure Bred & guaranteed FERTILE by the Cagle Seed Co., of Austin, Texas.

GAGE SEED COMPANY, AUSTIN, TEXAS  
Gentlemen: The past week I have sold ten bales of your Lone Star Cotton off of the four hundred acres I planted for you this season. It brought me a premium of from twelve dollars and fifty cents to fourteen dollars per bale premium, due to the heavy lengthy staple it produced. It ran from one and one-sixteenth to one and three-sixteenth inch staple. I want two hundred bushels of your best Lone Star Seed again to plant the same land again next year.  
With best wishes, I am  
Very truly yours, (Signed) W. R. BINGHAM.

NOTICE TO SUBSCRIBERS

On October 1st the price of the Record will be advanced to \$2.00 per year. All who will renew between now and that date can do so at the old rate of \$1.50.

Print paper is now 15c a pound; every paper issued costs us 5c and we cannot sell at a loss on a credit.

Even if they had put a war tax on religion, we wouldn't have cost the most of us much.

Men, there can possibly be no argument to the contrary. We just must do something with the streets in the business district.

There is a new process, so they say whereby a hide can be tanned in twenty-four hours, but it doesn't sound so new to those of us who remember when they would tan our hide in about thirty-seven seconds.

It is mighty funny that when wife is at home some of the boys are always asking a fellow to get out and have a time with them, but that when she is away they all seem to have a go-to-meeting spell on.

The schools were opened Monday under the most auspicious promises in the history of the institution. The enrollment the first day was one hundred more than at the same time last year.

If you have not yet purchased these season tickets for the Chautauqua, do without further delay. There is nothing of more value to a community in the way of educational entertainment than a good chautauqua.

The Record endorses the statement made Monday morning from the platform in the High School auditorium by one of the several speakers who participated in the opening exercises of school that the mother who permits her daughter to shorten her dress at both ends and attend dances during the week need not expect her to make much progress in her school work.

We wonder why the authorities whose duty it is to police the streets are so slack in enforcing the ordinance against citizens using the streets as a sewer into which refuse is heaped almost every day.

One of these days people will have to secure a special license to drive a Ford. Most of the railroad accidents are due to the fact that the cars are making so much noise that the driver cannot hear the approaching train.

The editor of the Canadian Record should come to Colorado if he desires additional dope for story writing on the subject of Ford cars making a noise. Some of our delivery jitneys almost make the town clatter as if by an earthquake.

No greater tribute can be paid to the life of any man than to describe him as having been a citizen in the community in which he lived to command the respect of all good people; a Christian gentleman in his church, standing four square for all those things that have to do with the moral and religious betterment of himself and those with whom he was associated, and as a soldier who followed the flag of his country, when the principles for which that flag is the insignia were in jeopardy, and at the last, gave his life in the service of his country.

A special to the Dallas News from San Angelo under date of September 2, reporting arrival of the Army Truck Convey in that town might not lend encouragement to the inference that outside influences had to do with detouring the convey, but does, however, suggest that efforts will be made to have the route changed so as to pass through San Angelo.

Apparently there are several citizens of Colorado who failed to fully realize the position of the City Council in ordering a revision of property valuations for taxation. Conditions had become such that the Mayor and Councilmen were faced with the inevitable of either raising more funds with which to meet the expense of city government or abandon practically every program for maintenance of the streets, the water works and other important factors of Colorado.

under supervision of the municipality, or permit the present rule of things to continue. The condition of streets in the business district are sorely in need of repairs, but these repairs, needed as badly as they are, cannot be made in the absence of finances to meet the expense to be incurred to the city, and the city has a depleted treasury.

Colorado Ginning Facilities Not Excelled Anywhere

"The new gin of O. Lambeth is one of the best, if not the best, gin plant in the State of Texas," stated a local cotton factor Saturday to a representative of the Record.

The machinery throughout is new and of the best to be obtained on the market. A recently devised cleaner, for removing trash and dirt from the lint, will assure a good sample.

The plant was given a trial run Friday afternoon and following a test lasting for three hours Mr. Lambeth states that every piece of equipment was found to be in perfect alignment and functioning properly.

The new gin of the Williams & Miller Company is nearing completion, the manager, A. D. Hodges, reports. This gin, too, will be one of the very best in the entire country and will be ready for operations at the opening of the season.

There are six cotton gins at Colorado and farmers are assured that facilities for handling their cotton will not be surpassed by any cotton market, regardless of location.

County School Board Holds Meeting Saturday

The County School Board was convened Saturday at the Court House in Colorado by call of the presiding officer County Judge Hall.

The proposed new district is south of Colorado, between Colorado and Spade, and would be formed out of parts of Districts Nos. 5, 9, and 23.

4th QUARTERLY CONFERENCE AT COLORADO SEPT 23 AND 24

The Fourth Quarterly Conference of the Methodist Episcopal Church, South will be convened at Colorado September 23 and 24, according to announcement made Sunday by the pastor, Rev. W. M. Lane.

COTTON CLASSERS OFFICE IS OPENED WEDNESDAY

J. D. Herrell, recently employed as cotton classer by the Mitchell County Marketing Association, opened his offices Wednesday on the second floor of the First State Bank building.

Cotton Pooling Association to Meet Here Sept 18th

G. E. Quinney, manager of the Cotton Pooling Association has announced a call for a meeting of the association to be convened in Colorado on Saturday, September 18, for the purpose of completing organization.

The Public is hereby notified that hereafter no refuse, trash, carcasses of animals, or any other refuse will be permitted to be placed on the Hammer land. I am in control of this land, have it posted against trespassers and I now give fair warning that I will prosecute anyone caught dumping trash or refuse of any description on this land. B. C. MURPHY. 9-17 p.

COTTON CARRIES BALE PER ACRE IN MATURED BOLLS

Luther Pond of a few miles Northwest of Colorado has several acres of cotton on his farm that is carrying a bale of cotton to the acre in matured bolls, according to W. A. Dulin, County Farm Agent, who recently made an inspection of the Pond crop. A stalk of this cotton was brought to Colorado and placed on exhibition at the Colorado National Bank. Approximately 50 well matured bolls were on the weed.

The man who has no room in his garden for a rose and no place in his heart for pity, will live a life of dismal failure though he leaves riches untold behind him.

## F. M. BURNS

### Regular September Term County Court Convened

The regular September term of County Court was convened Monday and up to Thursday morning no cases of importance had been called. The time during the first days of the session was spent in setting dates for trying cases pending and completing other preliminaries.

Judge Hall stated Wednesday that the jury panel would not be called until the beginning of the third week, which will be Monday, September 27. Cases to be tried prior to that time will be non-jury cases.

### VALLEY VIEW NOTES

A good rain fell in this community Sunday evening. A successful meeting closed at Valley View Sunday, held by Rev. Young.

Annie Seymour of Mineral Wells, is visiting Lula Compton. Mr. Roy Beight will leave the latter part of the week for Colorado to attend school.

Leavy Baker was the dinner guest of Pernesza Lazure Sunday.

D. F. Baker and family visited in this community Sunday.

Misses Ruth, Neil and Kanna Yates left last week for Strawn to attend school.

Fris Drake is on the sick list this week.

Turner May of Sylvester, visited his father, R. L. May Sunday.

Mr. and Mrs. J. D. Wooley made a business trip to Snyder Monday.

Misses M. and Winnie Hudson are visiting relatives at Dublin.

Mr. Bud and Clara Carbell of Electra, returned to their home last week after a short visit with S. H. Carbell and family.

Mr. and Mrs. Cregghead of Gorman, are visiting relatives in this community.

Mr. and Mrs. S. H. Carbell and family were dinner guests of H. Beight and wife Sunday.

They will be preaching at Valley View from Friday night, September 17, until Sunday the 19th, at 10 o'clock, conducted by Rev. Lock-ablene. Everyone is invited to attend.

### CITY COUNCIL CONVENE IN SESSION SATURDAY

The City Council was convened in special session Saturday by Mayor C. M. Adams and aside from ordering the transfer of funds from one or two departments to others showing a depleted treasury, no business of interest to the public was passed, according to city secretary Costin.

The secretary stated Monday that an adjustment of insurance carried on the City Hall building at the time of the fire there several weeks ago had been made, but that no definite plans for repairs to the building had been made public.

### WESTERN UNION OFFICE WILL CLOSE AT 6 P. M.

Miss Elsie McCarroll, in charge of the local Western Union telegraph and cable office on Walnut street, stated Saturday that after that date the office would be closed at 6 o'clock in the afternoon, instead of the usual time of one hour later as heretofore. This plan was adopted in accordance with a State law which prohibits offices of certain classification from employing females for more than fifty-four hours a week.

### Marriage Licenses Issued

County Clerk W. W. Porter reported marriage licenses issued as follows:  
September 4—J. O. Dockey and Miss Sadie A. Miller, Colorado.  
September 4—F. C. Dougherty and Miss Ruby Hargrave, of the Spade Community.

### Cattle Sold

This week Allen & Reese sold to a Northern buyer a bunch of 375 head of stock cattle for \$70 per head, said to be the best bunch of all-round cattle that has been sold here recently.

### Monday is Jewish Holiday

Monday is Jewish New Year's day and a holiday for these people. The Colorado Bargain House, and we presume all others, will be closed all day on Monday.

There are two kinds of boys in the world—the one that wishes that he could get all the ice cream he could hold, and the one who wishes he could hold all he can get.

### ANOTHER FARMER GROWING FINE CROP OF COTTON

R. C. Harlon of 13 miles south of Colorado on the B. L. Wulfjen place, was in town Saturday with a stalk of cotton from his crop, which was among the best specimens we have ever seen. The stalk contained 144 forms, ranging from the mature boll to blooms. Of this number, 44 were mature bolls.

Mr. Harlon stated that he had 130 acres in cotton this year and that the crop would average as good as the stalk he exhibited here.

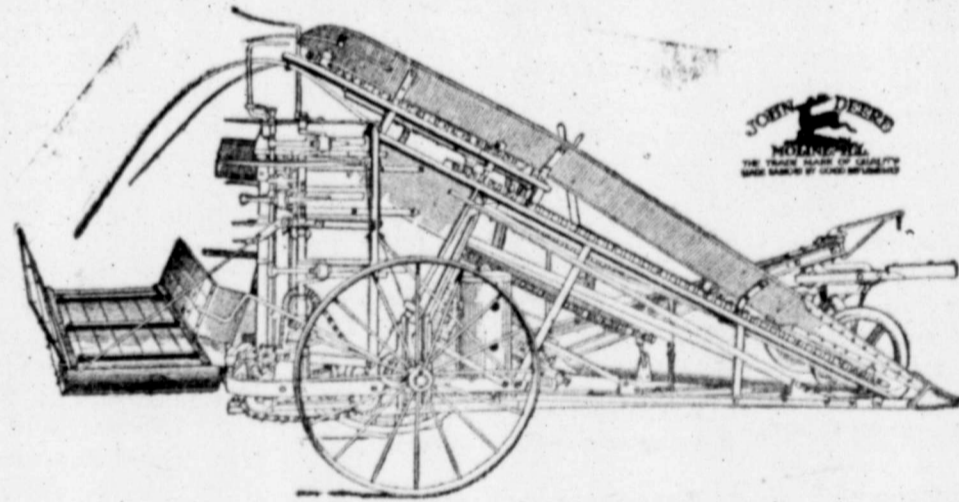

### Shooting the Mines.

The U. S. Mine Sweeping Detachment has just returned from its work in the North Seas. The ever present danger of floating mines was counteracted by the sharp eyesight of the men who were behind the guns. Their job was to pick off the mines as they appeared and explode them by direct hits. The lives of the other men aboard and the safety of the ship depended on their keenness.

A large proportion of the 55,000 mines laid in the North Seas by the U. S. Navy was destroyed in this way. This is just one of the jobs that comes in the career of a U. S. sailor; one of the experiences that gives him a grip on himself and makes him a regular fellow.

A woman hasn't much to brag on when she says that her husband can smoke his pipe longer without cleaning it than any man she ever saw.

## Combines Ease of Operation With Good Work

It's a pleasure to drive the John Deere Row Binder round after round, and see the standing corn transformed into well-shaped, easily handled bundles because the hard work is all taken out—it is just a job of driving the horses.

### JOHN DEERE ROW BINDER

The power carrier does away entirely with the hard work—you don't have to dump the bundle carrier and return to position hundreds of times during the day.

On the John Deere you press the foot trip lever and the power carrier does the rest. It delivers the bundles free of the path of the horses, and practically parallel to the standing corn.

The horses don't have to tramp over and on the bundles.

Because the carrier is always in receiving position, no bundles are scattered between the windrows.

You will also appreciate the John Deere Binder because it is easy on the horses. The Quick-Turn Tongue Truck takes off all neck weight, and makes it just as easy to turn at the ends as if the horses were hitched to a wagon.

Besides the truck takes off side draft and prevents sluing because the axle of the

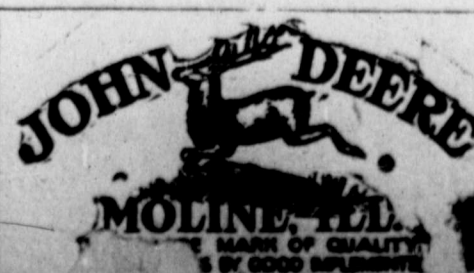

truck is flexibly mounted—the wheels hold to uneven ground constantly.

You will understand why the John Deere works so successfully in all kinds of maize-fields when you see the wide throat with flexible throat springs that hold the maize into the conveyor chains operating close to the butts, carrying the stalks back in a vertical position all of the way.

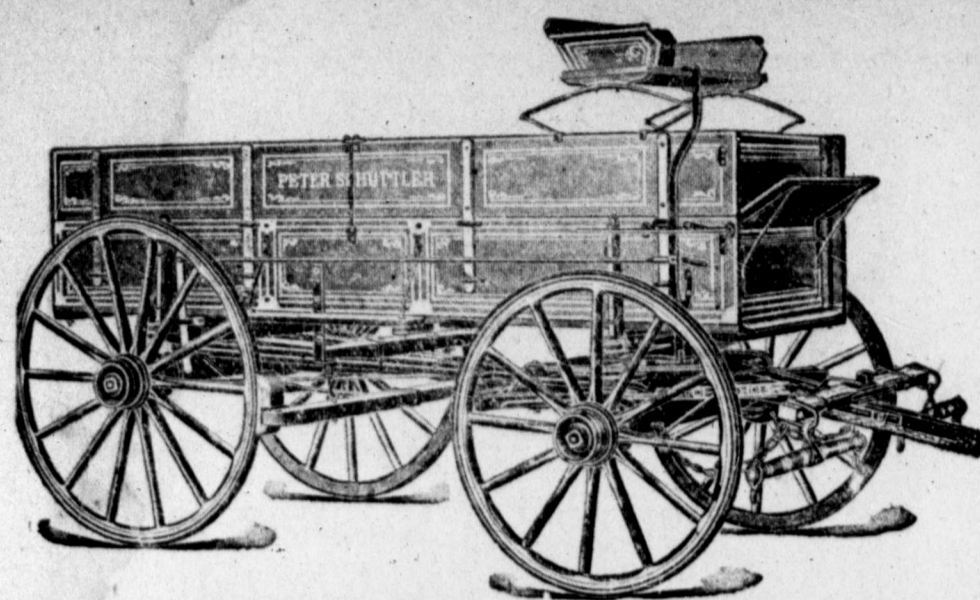

The three packers, one working above the needle and two blow, insure well-formed bundles. The three discharge arms discharge the bundles onto the power carrier, no chance of the discharging bundle mixing with the bundle being made.

### SEE THE JOHN DEERE ROW BINDER

There is enough difference to make it worth your while to go out of your way to inspect it. We have one set up, see us about this soon, and write us for our catalogue that fully describes it.

## H. C. DOSS

### The World's Best Wagon

The Peter Schuttler Wagon runs lighter—with less strain on your horses—than any other wagon in the world.

### The Old Reliable Peter Schuttler The One Best Wagon

Saves time, harness, horses, repair expense, and gives perfect service. It is built in the careful, honest, old fashioned way of the highest grade materials (thoroughly air dried) in the most complete modern wagon factory in the world. That's why it has maintained its reputation as "The World's Standard" for over 70 years.

Come in and see the Old Reliable

Wagons are hard to get. Better buy now while you can get one. Next wagons will be \$20 TO \$40 HIGHER

## A. J. HERRINGTON

HE TRAVELED ALL OVER THE WORLD

But Tanlac Helped Him More Than Treatments Here, in Europe and in South America.

"I have been treated for indigestion in France, Italy, Switzerland, North and South America and in fact all over the world, but Tanlac is the only thing I ever found to do me much good," said H. L. Finniger, watch maker for Nathan Behrman & Co., San Francisco, Cal. living at 36 Plato St.

"Always after eating," continued Mr. Finniger, "I would have such cramps in my stomach that I could hardly stand it. I had fallen off until I weighed only ninety-six pounds and was so nervous the least little thing would upset me. I could sleep but little and get up in the mornings feeling all fagged out. My strength and energy left me and I felt like I would have to give up entirely. Besides taking everything in the way of treatments and medicines I tried dieting and the rest cure, but never got more than a little passing relief.

"The way Tanlac brought me out is marvelous; I can eat anything now without any trouble afterwards, I have gained twenty pounds and my nerves are steady as a clock. I sleep fine every night and get up in the mornings ready for a good breakfast and a full day's work, and am enjoying better health than I have in years."

Tanlac is sold in Colorado by W. R. Charters Drug Store.

Carbon paper at Record office.

## SCHOOLS OF CITY OPENED MONDAY

521 PUPILS ENROLLED; SOME GRADES CROWDED BEYOND ALL EXPECTATIONS

On Monday morning it seemed as though all the children in Colorado were all in attendance, for the school opened with the largest number of pupils enrolled than at any previous opening. The trustees had supplied teachers for what they thought would be enough at the beginning, but there will have to be more teachers, for already some of the rooms are crowded. The citizens of Colorado have always stood by the school and this year is to be no exception if one is to judge by the number of parents who attended the opening. Mothers and fathers discarded business cares and went to show their interest in the greatest work of any community—that of educating the young.

While the program was quite informal, yet it was one to cement the friendship of parent and teacher. Superintendent E. F. King said he wanted the patrons to do most of the talking, and they did. The thoughts mostly emphasized by all were cooperation and patience; cooperation with each other and patience on the part of all in weaknesses and failures.

Rev. D. R. Hafjisen was the first to speak and his talk was to welcome the teachers. Rev. Guy B. Duff, Messrs. W. S. Cooper, E. Keathley, W. W. Porter, Judge J. C. Hall and Rev. W. M. Lane also made appropriate talks.

J. M. Thomas, president board of trustees, said more desks and other equipment had been ordered but had not as yet arrived, and asked that patience be exercised with the crowded condition until they did come.

The number of pupils enrolled the first day was 521. First grade 52, second grade 70, third grade 59, fourth grade 69, fifth grade 57, sixth grade 47, seventh grade 49, eighth

### MANAGERS MARKETING ASS'N MEET IN COLORADO SAT.

The board of managers of the Mitchell County Marketing Association met in executive session Saturday afternoon at the Chamber of Commerce offices in response to a call issued by the president, R. C. Morgan.

The directors adopted a resolution extending time for enrolling members in the association indefinitely in that every cotton producer of the county be given an opportunity to affiliate himself with the organization. Under previously announced plans, the time for enrolling members would have expired September 1. President Morgan announced that it was the aim of his organization to have every farmer in Mitchell County become an active member.

C. P. Conway, an extensive planter and cattleman of several miles southwest of Colorado, was elected on the directorate of the association during this meeting. Mr. Conway was in Colorado Saturday and attended the executive meeting of officers.

## U.S. NAVY

Tinsmith School.

Some U. S. sailors are shown here making plain and fancy stovepipes at a Navy training school.

The gentle art of tinsmithing as taught in the U. S. Navy schools fits a man for a rating aboard a man of war. There his work is confined to his specialty and his ability should increase throughout his enlistment.

There is no excuse for a man not becoming an expert by the end of his third or fourth year. He may then return to civil life entirely qualified in a profitable trade or continue in the service at the advanced pay allowed for re-enlistments.

Besides the tinsmith school there are schools for every other trade used in the Navy. Carpenters, blacksmiths, plumbers, electricians, bakers, pharmacists, and a dozen other specialties are taught to the young recruits. If a young man has a hobby and wishes to perfect himself in some trade that he is fitted for, he may receive expert training by joining the Navy and applying for entrance to some trade school.

# The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

### THE RADCLIFFE CHAUTAUQUA OUR KHAKI COVERED COLLEGE

Hundreds of thousands of men and women, boys and girls, living in seventeen hundred towns in thirty-nine States, will sit beneath the canvas-covered dome of the Radcliffe Chautauqua in the year 1920.

They will hear musical programs rich in quality and of endless variety, by both native and foreign musicians. They will be entertained with readers, impersonators and humorists who possess the art to delight and amuse without resort to slapsticks and buffoonery.

Above all, they will get a better understanding of what it means to be a citizen of the United States of America, and a clearer vision of a citizen's obligations as well as his rights.

Do you know that literally thousands of alien born anarchists, bolshevists and other "reds" are deliberately plotting and working night and day for the destruction of the Government of the United States?

Do you know that for many months their propagandists have been engaged not only in the large cities, but even in the small towns, sowing the seeds of sedition and anarchy in the minds of the uninformed?

Do you know that every man and woman, boy and girl, black and white, in your town, has a thorough understanding of what the Government of the United States is.

Do they know that no other Government on earth guarantees to the individual such privileges and opportunities as this Government does?

Do they know that only through the fulfillment of their obligations of citizenship can our present form of Government be made secure?

Do you know that a little group of your fellow citizens have entered into a contract to bring the Radcliffe Chautauqua to your town, because they endorse the purpose of its program? That they will give any possible profit on the undertaking to some worthwhile local institution or charity?

Are you willing to work as hard to insure the safety of your Government as the "reds" are working to destroy it.

Will you go to the Chautauqua committee and let them know that you endorse their action and are going to do your utmost to help them in securing the presence of every person living in or near your town?

### THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County, GREETING:

You are Hereby Commanded to Summon Mariah H. Webb, and the unknown heirs of Mariah H. Webb, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District, to appear at the next regular term of the District Court of Mitchell County, to be holden at the Court House thereof, in Colorado, Texas on the 22nd day of November 1920, then and there to answer a petition filed in said Court on the 7th day of September, 1920, in a suit numbered on the Docket of said Court No. 3750 wherein Jane Hoover a feme sole is plaintiff, and Mariah H. Webb, and the Unknown heirs of Mariah H. Webb, are defendants; plaintiff's petition alleging that plaintiff and defendants are the joint owners in fee simple of all of lot number three (3), in block number thirty-four (34), in the Waddell & Martin Addition to Town of Colorado, in Mitchell County, Texas, the plaintiff owning an equal undivided one-half thereof, and the defendant or defendants owning the other equal undivided one-half thereof, and praying for partition thereof as between plaintiff and defendant or defendants.

HEREIN FAIL NOT, but have you before said Court at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Colorado, Texas, this 7th day of September 1920.

W. W. Porter Clerk  
District Court, Mitchell County.

### WESTBROOK FARMERS MEET

Farmers of the Westbrook vicinity held a meeting at Westbrook Friday night for the purpose of discussing marketing conditions and to adopt plans for placing the 1920 cotton crop on the market. The meeting was attended by C. W. Dulin, Agent, W. A. Dulin, of Colorado.

Battery station satisfaction; storage batteries at A. J. Herringtons.

### FINAL MAJORITY FOR NEFF TOTALS 79,373

A final majority of 79,373 votes for Neff over Bailey in the Democratic run-off primary Aug. 28, is indicated by a combination of official returns received by the state Democratic executive committee from 173 counties and the unofficial returns received by the Texas election bureau on all but four of the remaining seventy-two counties. Four counties held no elections and neither the state committee nor the bureau has heard from four counties, Crockett, Jeff Davis, McMullen and Starr. These probably held no elections.

Totals of the State committee compiled by A. S. Moody of Houston, its secretary, show the following results in the three state races: Governor, Neff 202,696, Bailey 142,377; lieutenant governor, Davidson 170,727, Johnson 147,880; supreme court, Pierson 179,882, Hawkins 132,561.

#### NOTICE.

## Full and Running Over

Our stock room is full of Genuine Ford Parts. We have an assortment of parts that would enable us to build a Ford passenger or a One Ton Truck from the ground up. These parts are Ford made, each according to its use, so that they are exact duplicates of the original parts now in your car, and will give the same constant hard wear.

Our shop is equipped with the minute tools and machinery, specially designed, so that we can properly and promptly take care of your repair work, from a minor adjustment to a complete overhaul. And the mechanics who will do the work for you are men who understand the Ford mechanism and who know the Ford way to do the work.

We are Authorized Ford Dealers; we not only give Ford service but we sell Ford cars and Ford One Ton Trucks. Drive to our garage for Ford parts, Ford Service or Ford Cars. Come to authorized Ford headquarters and be on the safe side of dependable repairs.

A. J. HERRINGTON

# SOME FACTS AND FANCIES ABOUT THE PHILIPPINES

There Has Been Much Misrepresentation in America About People and Conditions.

By MAXIMO M. KALAW,  
 Secretary of the Philippine Mission.

A certain lady at the St. Louis Exposition saw at a ballroom a brown complexioned man in faultless evening dress and accosted him with the inquiry, "I suppose you are Japanese, sir?" The man addressed replied "No, madam." "Then you must be Chinese," she said. "No, I am not. I am a Filipino," he replied. "How's that?" asked the lady. "I thought they were all savages living in the woods." "Well, I'll tell you how I came here," he said. "A month before I left the Philippines I was living in the woods, but the American Governor decided to catch as many wild men as possible, train them and send them over here. So here I am, just as you see." And the St. Louis lady actually believed him.

That is what you would call fancies about the Philippines. The fact is, however, that the 11,000,000 Filipinos and their ancestors have been civilized and Christians for 300 years; that the non-Christian population, according to the census of 1918, is only 500,000, and even these are not all uncivilized.

Another fancy is that not until the coming of the Americans were school buildings seen in the islands, roads built, or substantial houses erected. Do you know that for hundreds of years the Filipinos have had colleges and schools and that the University of Santo Tomas is only twenty-five years older than Harvard? That as early as 1861, out of a population of 4,000,000 people, there were 841 schools for boys and 833 for girls? That in 1892, eight years before the coming of the Americans, there were 2,137 schools?

To grant self-government to Luzon under Aguinaldo would be like granting self-government to an Apache reservation under some local chief. Thus spoke a former President of the United States during the Filipino-American war. Exaggeration could be an excuse at a time when the dignity of the American people demanded the extinction of Filipino opposition, but do you know that the Philippine Republic, before the American occupation of the islands, had the approval of prominent Americans who were on the spot—like John Barrett, Director of the Pan-American Union, who compared it favorably with the Japanese government? That Admiral Dewey considered the Filipinos better fitted for self-government than the Cubans? That they had drafted a constitution at Malolos which elicited the approval of distinguished Republicans like the late Senator George F. Hoar? That before the coming of the Americans they had produced national heroes like the martyred Jose Rizal, pronounced by a Republican congressman, Representative Cooper, as the noblest victim that has ever fallen into the clutches of tyranny?

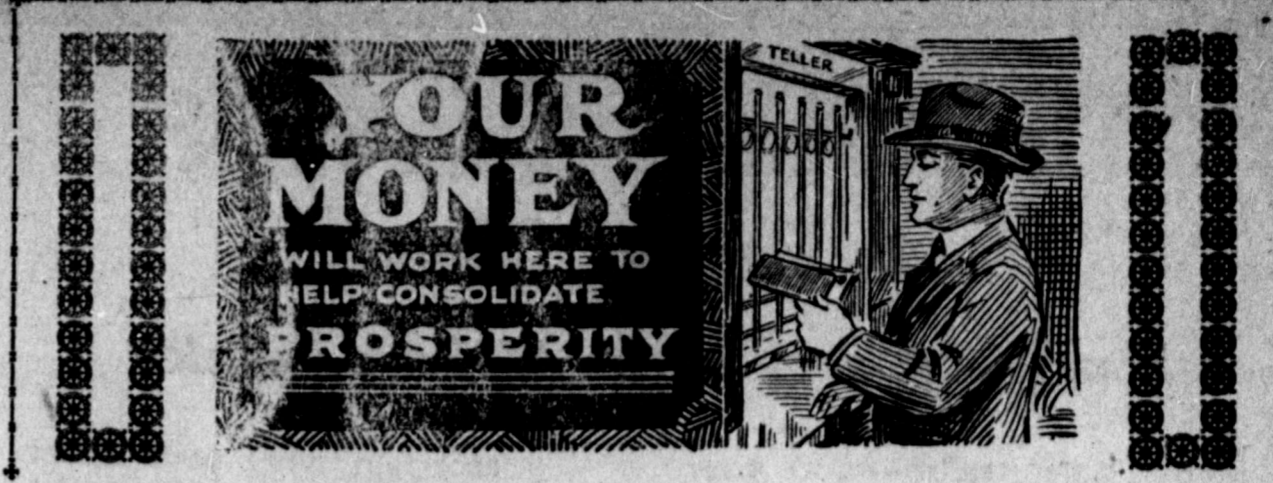

And do you know that the Filipinos have not had for hundreds of years any caste system, blood distinction or royal families, and that, unlike their oriental sisters, they are the only Christian people in the orient?

People have pictured an ignorant mass of Filipinos, illiterate, poor, living a life of servitude for a few wealthy land owners and foreigners, with no houses or farms or property of their own. Do you know that 70 per cent. of the people above ten years of age can read and write and that this percentage of literacy is almost as high as some of the states of the Union? That it is higher than in any country of South America, higher than the literacy of the Spanish people, and unquestionably above that of any of the new countries recognized in Europe? Do you know that there are a million and a half farms in the Philippines and that 98 per cent. of these farms are owned by Filipinos. In other words, that out of the 11,000,000 Christian Filipinos, 8,000,000 of them at least live on their own farms, with houses of their own, independent of any absentee landlord or foreign master? That 91 per cent. of the urban property consisting of houses and lands is owned by the natives of the Philippines, and only 9 per cent. is in the hands of foreigners? Yet these are facts cabled by Acting Governor Charles Emmett Yeater to the War Department from the recent census estimates.

Having solemnly promised the Filipinos their independence and having gone before the world as the champion of self-determination, the Filipino people cannot understand how America can consistently refuse to make good these promises.

#### CLIMATE OF THE PHILIPPINES.

The Philippine Islands have a mild-tropical climate. The nights are cool and sunstrokes are unknown. The temperature record for the past thirty years shows an average of 80 degrees.

If you have even a single dollar that is not employed for some good purpose it is a Slacker Dollar today.

Money is the basis for credit. Credits are necessary in the establishment and maintenance of prosperity.

#### AT EVENTIDE

When my legs grow weary at the end of the road and I stop to rest in the shadows till the break of Eternity's morn, I want to leave great wealth behind.

Silver and gold? Ah, no! To others wiser in the ways of the world such gifts must go. They were not intended for me and I despair not at the failure I have made in their pursuit. Neither do I envy those who have valiantly fought and won them.

The riches I want to leave, kind friends, if strong enough and true enough to earn them, are unselfish thoughts and deeds such as lie within easy reach of all. I wish to have gathered about me at the dusk of Life's Day, pearls of consciousness that I did not break faith with duty as I passed along the roadway. I want to cling to jewels of memory-glittering with a real and a serving love for mankind.

If none can say of me then that I won a battle in the industrial or poli-

tical arena, I will be satisfied to know that somewhere there is a boy who remembers that I stooped to pull a thorn from his wounded foot, or that I answered the call of a friend made by one out in the dark night of need, or took the part of an innocent party against whom the black wings of slander were heating.

I want to be rich as I wait there in the belief that back in the world there is no one who can say that I wronged him, no one poorer and no one happier because of any act of mine. I want my fortune to be the knowledge of many honest efforts to serve usefully those I have a chance to do something for. And when the boatman takes my hand and says, "the last time I look upon earthly things, if there are no material goods that will help, I want to be sure that there are no scars that will hurt."—Austin Callan.

## For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. White-side, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

## Theford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Theford's Black-Draught," is on the package. At all drugists.

## DAUGHTER OF AGUINALDO IN U. S. CAPITAL

### She Meets Many Wives of American Statesmen and Makes a Hit.

When General Emilio Aguinaldo was leading the Filipino army against the American forces twenty years ago he probably little dreamed that some day a daughter of his would visit the city of Washington and would be given a great reception at the famous Congressional Club! And that the wives of 120 members of the American Congress and two wives of members of the President's cabinet would call upon her to pay their respects!

But all this actually happened when Miss Carmen Aguinaldo, his nineteen-year-old daughter, visited Washington recently. And those wives of the American statesmen expressed themselves as both charmed and surprised at the refined, tactful, college educated young miss who greeted them.

"Miss Aguinaldo was simply delightful," was the expression of one congressman's wife. "She was very modest, yet she acted so natural and thor-

MISS CARMEN AGUINALDO, Daughter of the Former Leader of the Filipino Army.

oughly at home that she captivated everybody."

On another occasion while in Washington Miss Aguinaldo was given a real ovation by a Filipino-American audience when she recited "My Last Farewell," poem of Dr. Jose Rizal, the Filipino martyr.

Miss Aguinaldo is a student at the University of Illinois, Urbana, Ill. While in Washington she was the guest of Mrs. Jaime C. deVeyra, wife of one of the resident commissioners from the Philippines. The Capitol building and the Congressional library appealed particularly to the young Filipina, while the beautiful sights from the Washington monument thrilled her with delight. When asked how she liked America, she smiled and answered:

"It is a wonderful country. I didn't like winter at first, but since I have learned how to skate I am having fine times. All the Americans whom I have met have been very good to me. My friends in Urbana and my classmates in the university are just lovely, but I cannot help feeling homesick at times because I am missing my father. My coming here was indeed a great sacrifice for him, for we are very close. He is so good to me."

Miss Aguinaldo is intensely patriotic. She does not conceal her resentment when she hears or reads of a misrepresentation of the Filipinos. "It is unfortunate," she once exclaimed in a voice full of sadness, "that my country and my people are hardly known, much less understood, by the people of America."

Politics is tabooed in any conversation with this Filipino maid. She evades the topic by replying that she is too young to express opinions on things political. "All I can say," she declares, "is that I share with my father in the desire for independence for my native land. There is no question about our being able to govern ourselves."

Filipinos declare Miss Aguinaldo has a "genuine Filipino temperament"—that is, she does not believe in the occidental custom of "dates" between young men and women. She does not see anything wrong in it, she says, but it is such a violent departure from the custom in the Philippines that she cannot adopt it.

"You might laugh at me," she said, "but I cannot go out with one single escort unchaperoned. I simply can't. I will go back to my country with the soul of a Filipina."

A newspaper in one of the large American cities that Miss Aguinaldo visited expressed the opinion that she would no doubt be greatly impressed by the sight of street cars and some of the fine residences she would see, but the truth is the young lady was raised in Manila, where she has seen an up-to-date street car system all her life.

## WEST TEXAS CROP REPORTS INDICATE A BIG COTTON LOSS

### BOLL WORMS DEPREDATING ON COTTON; JONES COUNTY LOSS HEAVY

Reports from practically every section of West Texas indicate that the boll worm is making serious inroads into the ranks of the cotton crop, due to the prolonged period of wet weather. Unless hot, sunny weather intervenes in the near future the entire crop of the West may be greatly curtailed.

Two weeks ago reports were sent out from practically every part of West Texas telling of the propitious outlook for the crop. At that time the rains were falling, but the prevalence of the boll worm was not noticeable. A few scattering days of sunshine brought the worms out in all their might. The first reports of destruction came from the sandy regions of West Texas. Farmers living in the vicinity of Gorman and other Eastland county towns were the first to howl. One farmer who had sixty acres in cotton that gave promise of making a bale per acre three weeks ago just the other day declared that if he got eight bales of the entire tract he would feel lucky. Other farmers report the same serious situation.

In Jones county the second ranking cotton county in the state last season, the worms began their depredation about two weeks ago. They were for a time confined to the "shinnery" section, where they riddled many large tracts. Latest reports to the West Texas Chamber of Commerce show that the worm is now working in practically every part of Jones county. A staff man of this organization was in Hamlin a few days ago and reported that the farmers are very gloomy just now over the prospects. While all the plants examined show unusual fruiting and rank stalks, the bolls are pierced by the worm.

The worms have appeared in some communities of Mitchell County but no damage of consequence has been done the cotton by the pests, it was stated Wednesday morning by W. A. Dulin, County Farm Agent, who is keeping in touch with the situation in West Texas. "A few farmers have reported presence of the boll worm in their cotton," said Mr. Dulin, "but they are not sufficient in number as yet to do any material destructive work to the crop. With the presence

## RED PEP'S PHILOSOPHY

"The early bird catches the worm, but who wants a worm?"

Let us figure that bill. No job too large or too small to receive prompt attention. Our many years experience in making estimates on all kinds of work where lumber and building materials enter in, should be some advantage to you. Our service is free and we want you to come and consult us any time. If you don't know just the kind of Lumber to use, or the quantity necessary, just come and we will supply you with information.

## OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anuric" (anti-uric-acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anuric, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

STROUD, OKLA.—"I suffered for a year with kidney trouble. I saw Dr. Pierce's advertisement and wrote for a trial package of 'Anuric.' It helped me. I went to the drug store and bought a supply of Dr. Pierce's medicine. The 'Golden Medical Discovery' and the 'Pleasant Pellets' cured me of bowel trouble, and the 'Anuric' of the kidney trouble and rheumatism. I am cured—can do my work and it does not hurt me at all."—MRS. MARY JANE FISHER, Route 5.

Card of Thanks

The children of B. F. Henson wish to thank the good people of Colorado for the many acts of kindness and expressions of sympathy extended during his illness and death. Our depth of gratitude cannot be put into words but pray God will reward all of them.

Letter From E. M. McCrelless

I am still in the old home State—South Carolina—sauntering over the old red hills and through valleys, many of which are laden with good crops.

I have visited the old County Seat, viewing the old Court House that has been standing from my earliest recollection. Yesterday evening I attended church services at the old home church of my childhood, where my parents used to worship.

How glad I was yesterday when I heard of Bailey's defeat for governor. I truly said "Thank the Lord!" Joe used to be considered a wise man, but has not proved himself to be such.

E. M. McCrelless.

Kodak Films.—W. R. Charters.

## NEURALGIA

The powerful, healing warmth of Hunt's Lightning Oil gives instant and positive relief from rheumatic, nerve-racking pains of Rheumatism, Neuritis, Headache, etc. At your druggists, 50c and 75c a bottle.

## HUNT'S LIGHTNING OIL

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

## You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.
