Voters Go To Polls For Bond Election Saturday

Saturday is "D-Day" in Aransas County -- "Decision Day" -- as voters cast their ballots for or against a proposed \$400,000 county bond issue.

The bond issue, if approved, will pay the coun-

ty's portion in purchasing right-of-way for the proposed Highway 35 by-pass.

The entire project will have to be dropped if voters do not approve the bond issue, county officials have gone on record as saying.

As of shortly before noon Monday, February 11, 30 ballots had been cast in absentee voting, 25 in person and five by mail, according to Mary Lueder, voter registration clerk under County Clerk Ruby

Hart. Polls for the regular election on Saturday, February 16, will open at 7 a.m. and remain open until 7 p.m. at the six county voting stations.

(See BOND, Page 7)

Council Appoints Election Judges, Reviews City Hall Plans

By Pat Blair

Rachel Garcia and W.C. Underwood have been appointed election judges and Andrea Martinez and Henry Bent their alternates in Rockport's upcoming city elections.

The appointments were made at the Monday night, February 11, City Council meeting at Rockport's City Hall.

In other action during the meeting, the council reviewed preliminary draw-

ings of a proposed new city hall and mini-convention center.

The council also "with regrets" accepted Juanita Wagley's resignation from the city's planning and zoning commission.

Ms. Garcia was appointed election judge of Ward 1, polling station at city hall, with Ms. Martinez as alternate for the April 5 city elections.

Underwood and Bent are

(See COUNCIL, Page 7)

School Board Election Set

By Beverly Wilken

March 5 is the last day to file application to run for Trustee of the Aransas County Independent School District.

On March 6 the drawing for places will be held, with the two places up for election being place 4 and place 7. March 17 through April 1, absentee voting will be

held, and on April 5 the Trustee election will take place.

Trustees Joe Meyer, of Place 4, and Gene Gregory, of Place 7 are seeking re-election, it was announced in the regular meeting of the Board of Trustees, held on Monday, February 11, at 7 p.m. in the Administrative Office.

The Trustees serve a three year term.

Anyone wishing to file for election to the Board of Trustees may file their application at the School Administration Office. Absentee voting will also be held at the Administration Office from 8 a.m. to 4

p.m. The April 5 election will be held in the Junior High Cafeteria from 7 a.m. to 7 p.m.

Election Judges for the April 5 election will be: Gertrude Baugh, Ardeth Rogers, Emma Corpus, Evelyn Randolph, and Betty Whitney.

The Board of Equalization was also appointed and approved by the school board: W.E. Underwood, J. T. Slocum, and James T. Little are the new members of the Equalization Board. The purpose of the Equalization Board is to hear

'Bugs' In Weekender

"Newspaper Bingo" starts this week, in the upcoming Pilot Weekender.

The Pilot and 20 area merchants are sponsoring the game which is fun, easy and gives Pilot readers a chance to win up to \$50 each week for 13 weeks.

To play the game, take a look at the merchants listed below. These merchants will be able to give you the "Newspaper Bingo" cards -- just go in and ask for one. No purchase is necessary.

Then, starting with the coming Pilot Weekender, look

(See BUGS, Page 7)

Roy Biggs Jr. Seeks Election

Roy Biggs, Jr., Democrat, is running for Commissioner of Precinct 3.

"I've been in the construction business for over 28

years, and that's what the job is all about. Heavy construction," said Mr. Biggs. He added he runs his own business, and can handle a budget.

"It's time someone with a background in construction did something about the problems here. I've got an investment in the precinct, and I'd like to see it grow. I'd like to see that it does grow. And I can work within a budget. I've worked on many sewer systems, and I believe we need to improve our drainage system. I can make myself available to the people, and I'll be sympathetic to their needs."

R. Biggs has lived in Rockport for the past five years, and was raised in Freeport. He has been married to Dorothy Lee for 35 years and they have two children, Roy Biggs, III, and Kathy Ladd.

Roy Biggs, Jr.

Commissioners Hear Complaints

By Beverly Wilken

The Commissioners Court heard another complaint from a dissatisfied Rockport property owner on the subject of county roads at their Monday, February 11 meeting, held at 9 a.m. in the Aransas County Courthouse. County Judge John Wendell presided.

Ms. Pat Randall, the only resident of Kresta Street in Precinct 1, asked the court when the street would be opened.

"I've lived there since March of 1978, and before

we bought the property, we asked Commissioner Eller and the people here at the courthouse if the road was going to be fixed and opened. Mr. Eller said yes, it would, and that dirt would be brought in and the road would be graded. Now people are telling me the road is never going to open."

"It's a survey line," said Commissioner Erie Eller. "It might be a dedicated road, though."

"It is a dedicated road," said Ms. Randall. "It's a

30-foot road."

"I don't believe I told you it would be opened," said Commissioner Eller.

"Yes, you did," added Ms. Randall.

"Nothing less than 50 (See COUNTY, Page 7)

MOVING EARTH

A ditchdigger scoops out earth on Highway 35 North beside the SeaAire Shopping Center as the Texas Highway Department continues its project of widening the highway into a four-lane thoroughfare. Delayed for a time because of wet weather, the project is to widen 35 into a four-lane highway without shoulders from the SeaAire Center north to the County airport. The project is considered to be a stop-gap measure aimed at easing the traffic congestion on the existing Highway 35 until the Highway 35 By-pass can be constructed.

(Pilot Photo By Pat Blair)

New CPL Rates In Effect

Rockport residents can expect to see some differences on their electric bills as a result of Central Power & Light's February 4 rate increase.

But the new rates may not show up "completely" on some bills until March,

says Bob Noster, CP&L's manager of public information in Corpus Christi.

Bills sent out after February 4 are prorated, Noster said, and use of electricity up to February 4 is billed at the old rates.

This means, for example,

if your meter was read on February 10, you will be billed at the previous electric rates for the period up to February 4 and at the new rates for the period from February 4-10.

Thus some bills may not

(See RATES, Page 7)

Roy Hinton Seeks Election

Former Judge Roy Hinton has announced his candidacy for Aransas County Commissioner of Precinct 1-1A.

A resident of Aransas County for 35 years, Hinton was elected Justice of the Peace of Precinct 2, serving from 1973 to 1979. He did not seek re-election.

In 1978, the Hintons moved from Precinct 2, to Precinct 1-1A.

After moving to Rockport from Corpus Christi, Hinton became active in various businesses including the motel, fish and shrimp business. He built the Harbor Lodge Motel across from the Yacht Basin in

1946, and with his wife, Bonnie Jean, operated the motel until 1957.

Mr. Hinton is a member of the International Brotherhood of Electric Workers, and Mrs. Hinton has been involved with the Girl Scouts of America and the Chamber of Commerce.

The Hintons have been married for 50 years, and have one daughter, Jean Herring.

Coming In The

WEEKENDER

•Should women register for the draft? "Rockport Speaks Out" on the subject in the coming issue of the Pilot Weekender.

•The Navigation District will discuss expansion of Fulton Harbor. Complete coverage in the Pilot Weekender.

•Herbicides are creating headaches in communities across the nation as evidence seems to point to one chemical or another as the cause of health problems for numbers of Americans. Are unsafe chemicals being used in Aransas County? Should county residents be concerned? Answers are coming as the Pilot Weekender examines this vital topic.

Plus you get: gardening tips from County Agent Mike Rothrock... information about care of your pets in "Pet Talk"... the latest news and sports... all in the Pilot Weekender. If you aren't reading the Weekender, you're only getting half the news.

Roy Hinton

Notable Notes

Board Of Realtors Luncheon

The Rockport Area Board of Realtors will have their luncheon meeting at Noon on Tuesday, February 19 at the Cattlemen's Bayhouse Restaurant. Reservations should be made by Noon on Monday, February 18. Call 729-6002 for reservations.

Home Nursing Course

This is the final week for registration for the Red Cross Home Nursing and Health Class to be held at the VFW Hall starting February 19. Classes will begin at 10 a.m. For more information, call Concern Center, 729-7722.

Sailing Club Meeting

The Rockport Sailing Club will hold its monthly meeting on Saturday, February 16 at the Allegro House at 5:30 p.m. They will have a post-Valentine's Day potluck supper. Non-member sailors are invited to attend.

Tamale Sale

Rockport's First Baptist Church, 213 Gagon, will hold a Tamale Sale starting at 11 a.m. Saturday, February 16. A donation of \$2.50 will get you a choice of tamales ranging from hot-hot to very mild.

Valentine Program

The students of ABC Learning Center will present a Valentine Program at 10 a.m. Thursday, February 14, in the Woman's Club Building. Parents and friends are invited.

A.C.M.S.I. Luncheon

The Womens Committee of A.C.M.S.I. will hold its monthly luncheon meeting on Friday, February 15 at 11 a.m. at the Cattlemen's Bay House Restaurant. For reservations call Wanda Sorem, 729-5615.

Little League Meeting

The Aransas County Little League Association will hold its second planning meeting of the year this Thursday, February 14 in the district courtroom of the courthouse, 7:30 p.m. All Interested parties are invited.

Democratic Women Meet

The Aransas County Democratic Women's organization will meet at 7:30 p.m. Thursday, February 14, in the First National Bank's Town Hall Building. All members and prospective new members are urged to attend.

Cancer Society Meets

The Aransas County Unit of the American Cancer Society will meet at noon Thursday, February 14, at Corky's Restaurant. Plans for the 1980 Crusade will be discussed.

Features

Not A Game

This newspaper has, on several different occasions, taken complaints from citizens concerning local law enforcement officers. These complaints have dealt mainly with what one person described as "over reaction" to a given situation, and the most recent incident involved alleged "illegal arrest."

If you heard these comments in a local coffee shop, you might not take them too seriously. But, when someone makes an appointment with a newspaperman to discuss his problem, you must listen and take note of the facts he presents.

And when that reporter begins to have several of these conversations in a short period of time, he begins to develop an uneasy feeling about the overall implications of these charges, even if only half are true.

There is reason to believe that some county and city officers have lost sight of what their duty includes.

If you listen regularly to the car-to-car communications, you would be hard pressed to overlook the playfulness of some officers.

This playfulness has contributed to a "Hollywood" attitude in some calls. On television, it's great. Some jokes, mixed in with some shoot outs and ruff stuff, make a hit TV show. But, on the streets in Aransas County and Rockport, we need none of these theatrics.

A case in point. In recent weeks, the following incident allegedly took place:

A young county resident was stopped after leaving a local party. While at the party [a period of perhaps twenty or thirty minutes] a girl requested the young man to take her to get some type of medicine.

Upon leaving the party, he was stopped by a Rockport officer who "saw him weave on the road." This officer wanted to know "what he had been drinking" and was told a [one] beer. The officer then threatened to arrest the girl if she didn't tell him how much alcohol the boy had consumed. She gave the same general information as the boy had given.

The officer then attempted to arrest the young man for DWI, a charge which the boy felt was unfair and he told the officer so. This brought a physical reaction from the officer, including shoving and handcuffs and then a little mace in the face after the subject was in the car. Also included was an incident at the jail when the same officer bashed the subject's face into a table when the boy apparently took too much time in following orders given by the officer.

The young man in question refused to take a breathalyzer test, but requested a blood test be made. This was never done.

When the boy phoned his residence to secure help in contacting a doctor from his family, the phone was taken away from him.

This is the boy's story. The officer's story was told in much detail in the past issue of the Herald. This defense of the officer's position included a photograph of the young man being taken into the sheriff's office.

We submit the following questions to the police department and the sheriff's office:

1. When both people in the car told basically the same story, why didn't the officer step back and reassess the situation with at least the possibility he had made a mistake in stopping the car?

2. Where is the blood test requested by the subject? He agreed to pay the charges—hardly the action of someone who was indeed drunk.

3. Why the rough stuff? And how does the department get at the truth? Couldn't this officer take a polygraph test to exhibit his proper actions?

Why did the Herald defend that officer if he didn't need defending?

4. Why, of the several people drunk in jail that night, was this boy singled out for a picture and story and the others not even mentioned?

5. Where were the other officers during this period? Anytime a car gets stopped or a person is found along a road almost every officer in the county routinely stops to "render back up."

What can we do to make sure this type of allegedly "false arrest" never happens again?

If only 25 percent of the preceding misconduct is true, the officers involved should be suspended until such time as the truth in this case is settled.

More than once local officers have unnecessarily given different young people in this community police records. This will be with them the rest of their lives.

The drunk drivers must be taken off the streets. But no officer has the right to unduly push people around. Police work is not a game being played for the camera.

The residents of this county have rights and it is the duty of every officer to see that none of these rights are violated.

State Of The Region

By Juliet K. Wenger
Coastal Bend Council of Governments

Facts and an understanding of how they fit into our personal and national lives can go a long way to offset some of the resentments expressed today.

Greater knowledge about how and why private busi-

ness functions in our system of economics and government is helpful to everyone, at any stage of life and learning.

A telecourse, to be taught through the educational television station, KEDT, Channel 16, in cooperation with the Center for Continuing Education, Texas A&I University, Kingsville, Texas 78363, and successfully compete the course.

Anyone enrolling should mail a check for \$40 to cover registration; texts are extra. More information is available by calling 595-2861 and talking to Ralph Ferguson, who is in charge.

Those enrolled will receive a bibliography of books they might want to read to pursue the subject in greater detail. They will also receive a reading table, providing assignments in textbooks to read in connection with each

learn form it. Those who wish to receive continuing education credit can enroll by March 2 with the Center for Continuing Education, Texas A&I University, Kingsville, Texas 78363, and successfully compete the course.

Anyone enrolling should mail a check for \$40 to cover registration; texts are extra. More information is available by calling 595-2861 and talking to Ralph Ferguson, who is in charge.

Those enrolled will receive a bibliography of books they might want to read to pursue the subject in greater detail. They will also receive a reading table, providing assignments in textbooks to read in connection with each

telecast. The course description is comprehensive. It goes into such things as partnerships and corporations, sources of capital, accounting, human relations, history of labor, marketing, advertising, international trade, the distribution system, data processing and much more. Certainly the future of this country is dependent on complex factors and relationships. One of the most important of these has to be the way private business plays its role, and true understanding the public gains of that role.

This telecourse is one of many opportunities to move closer to both ends.

JIM SMITH

Jim and Kim Smith Open New Carpet Company

By Beverly Wilken
Jim and Kim Smith enjoyed Rockport so much during the summers, that they decided to move here permanently.

And with them, came K. & S. Carpet Company.

The Smiths, originally from Houston, have been vacationing in Rockport for several weeks during the summer for the last four or five years. Hauling their boat each time became quite a chore, so they decided that Rockport really had more of what they wanted in a home, than Houston did.

"The atmosphere here is so relaxed," said Mrs. Smith. "We love Rockport."

Jim Smith has been in the carpet business in Houston for 14 years. "Service plays an important part above anything in our business."

We're very service conscious," said Mr. Smith.

The Smiths are able to sell and install their carpet at lower costs than some other dealers because Mr. Smith installs the carpet himself.

"We stand behind our carpet and our labor completely," he said. "We're very eager to serve our customers during and after the sale."

They opened their doors to

the public on January 10 or 15 at 412 South Austin Street.

K & S Carpet Company also has vinyl floor coverings.

The Smiths, who have two daughters, Michelle, two years old and Bonnie, three and a half weeks old, are establishing a nice family business here in Rockport, and Rockport is glad to have them!

Students Get Financial Aid

Seniors at Rockport-Fulton High School have been instructed on sources of financial aid available for vocational and college programs.

Information is provided by the high school counselor in recognition of the fact that -

due to increasing costs of education - most students will need financial assistance if they plan to attend college or vocational schools.

Information on financial aid available to Texas students is published annually by the Texas College and University System.

Death Notices

Bissett

Rosary for Mabel Edna Bissett, 88, of Rockport was recited at 7:30 p.m. Saturday, February 9, in the Marshall Funeral Home Chapel here.

Funeral Mass was celebrated at 2 p.m. Sunday at the Sacred Heart Catholic Church with Msgr. Harold Palmer officiating.

Burial was in Rockport Cemetery.

Mrs. Bissett died Friday afternoon, February 8, in a Corpus Christi hospital.

A native of Roswell, New Mexico, she had lived in Rockport since 1918 and was a member of the Sacred Heart Catholic Church.

Survivors include a son, Norman Bissett of Bay City; two daughters, Mrs. Ruby Hart of Rockport and Mrs. Dorothy Greene of Corpus Christi; five grandchildren; and 15 great-grandchildren.

Grandsons served as pallbearers.

Larsen

Funeral services for Mrs. Isabella K. Larsen, 73, were held on Saturday, February 9, in the preceding Tuesday at Spohn Hospital.

Mrs. Larsen is survived by her husband, Harry J. Larsen of Fulton and a brother, Alvin Baur of McHenry, Illinois.

Burial services were held at the Fulton Cemetery. Marshall Funeral Home handled the arrangements.

King

Ellard A. King, 86, died Sunday in a local nursing home after a long illness.

Mr. King and his wife, Lorene Stephens King lived in Mobile End Trailer Park on Fulton Beach for many years.

Graveside funeral services were conducted at 3 p.m. on Monday, February 4, at Seaside Memorial Park with Dr. Paul Watson, officiating.

Konvicka

Rosary was recited for Mary Catherine Konvicka, 71, mother of a Rockport man, at 6:30 p.m. Monday, February 11, in the Marshall Funeral Home Chapel.

Funeral Mass was celebrated at 10 a.m. Tuesday at St. Mary's Star of the Sea Catholic Church with Father James Hamilton officiating.

Burial was at 3 p.m. Tuesday in St. Anthony's Cemetery in Runge.

Mrs. Konvicka died Friday evening in Houston. She was the mother of Robert Konvicka of Rockport.

A native of Karnes City, Mrs. Konvicka had lived in Aransas Pass for 54 years and was a member of St. Mary's Star of the Sea Catholic Church, K.J.Z.T. Lodge, Runge Chapter AARP, the National Grandmother's Club and the Altar Society. She was a Eucharistic Minister of the Catholic Church.

Other survivors include another son, David Konvicka of Richwood; two daughters, Mrs. Charles Freeze of Woodsboro and Mrs. Leon Harbobsky of Slidell, Louisiana; three brothers, Felix Linhart and Vladik Linhart, both of Runge; three sisters, Lillie Linhart and Mrs. Cecilia Mueller, both of Runge, and Mrs. Rosie Matula of Kenedy; and 14 grandchildren.

In lieu of flowers, donations may be made to the St. Mary's Star of the Sea Catholic Church Building Fund.

Help Available To Taxpayers

AUSTIN—More than 90 free publications, covering such tax subjects as child care, benefits for older Americans, or sale of a residence are available free of charge from the Internal Revenue Service.

While the instructions that come with every tax package answer most tax questions, the publications offer more detailed information on a particular tax subject.

Publications can be ordered by mail, using the order form in the tax package, or by calling the IRS number listed in the local telephone directory. If more convenient, they can also be picked up at most IRS offices.

The IRS also has some printed materials in Spanish and Braille. The Spanish publications should be requested using the order blank while the Braille material is available through regional and subregional libraries located in every state.

Taxpayers can also receive help by dialing the IRS toll-free number that appears in their tax package and in local telephone directories.

Memorial Donations Made

Memorial donations to the American Cancer Society have been made recently by Mr. and Mrs. J.M. Sorem, Mr. and Mrs. Bill Christian, Janie Herring, Bessie Johnson, Col. and Mrs. George Pfeiffer, Jr., Mr. and Mrs. Roy Olbrich, Mr. and Mrs. Dewitt Kinard, Mr. and Mrs. Joe Lister, Mr. and Mrs. Bert Warrick, Mrs. M.O. Leggett, Jr., Mrs. R.W. Moore, William Walston, Mr. and Mrs. Bob Smith, Mr. and Mrs. M.D. McNorton.

Also, Mr. and Mrs. George Duggan, Mr. and Mrs. Robert Stranahan, Yvonne Wendell, Mr. and Mrs. Herbert French, Mr. and Mrs. Carl Krueger, Jr., Mr. and Mrs. Bill Russell, Mr. and Mrs. Jim Casey, Katherine January, Mr. and Mrs. Clay Cooke and Mr. and Mrs. R.B. Cayce.

Memorial gifts may be sent to Mrs. Tom McArdle, 1426 E. Paisano Drive, Rockport, TX. 78382.

SEE ALCOHOL DISTILLED ... LEARN TO BREW IT YOURSELF!

ONE-DAY SEMINAR ONLY \$40

includes workbook ... if sold separately: \$25.

SATURDAY FEB. 16

9:00 a.m. to 5:00 p.m.

Registration 7:00 a.m. to 9:00 a.m.

Corpus Christi Area Convention Center
The Bay Front Plaza
1901 North Shoreline Drive
Corpus Christi, Texas 78408

We'll show you ways to:

- Become energy-self-sufficient.
- Lessen U.S. (and your) dependence on foreign oil.
- Set up a legal still for less than \$300.
- Convert cars, tractors, and furnaces to run on alcohol.
- Help convert the United States from nonrenewable to renewable sources of energy.

HERE'S HOW THE ONE-DAY SEMINAR WILL GO ... AND WHAT YOU WILL LEARN.

7:30 a.m. - 9:00 a.m. Registration.

9:00 a.m. - 10:15 a.m. MOTHER's Research Team—who worked on the alcohol project—will tell you about enzymes and the fermentation process.

10:15 a.m. - 10:30 a.m. Break.

10:30 a.m. - 12:00 noon. You will be shown how to make your mash "recipes", introduced to the equipment you'll need—such as cookers, fermentation vats, and de-watering apparatus—and find out how much it should cost.

12:00 noon - 12:45 p.m. Lunch Break.

12:45 p.m. - 2:15 p.m. You'll discover how distillation works, see what still design is right for your needs, and learn how to get the necessary license to operate a distilled spirits "plant".

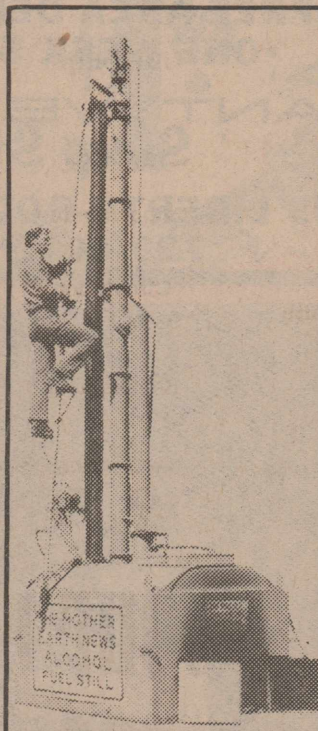

2:15 p.m. - 2:30 p.m. Break.

2:30 p.m. - 4:00 p.m. MOTHER's Researchers will show you how to convert trucks, cars, tractors—even furnaces—to run on alcohol ... and will explain how to adapt small engines to alcohol use as well.

4:00 p.m. - 5:00 p.m. The still will be fired up—weather permitting—and the team will complete the workshop by actually distilling alcohol. This will be done outdoors.

MAKE YOUR OWN ALCOHOL FUEL FOR AS LITTLE AS **50¢ A GALLON**

USE AMERICA'S SURPLUS CROPS: SUGAR CANE, SUGAR BEETS, CORN, WHEAT, RICE, & SPOILED PRODUCE

MOTHER's researchers designed and built this six-inch-column still from readily available materials. It can produce as much as eight gallons of alcohol an hour ... and you can build it yourself!

Learn all you need to know about alcohol fuel ... in a complete, one-day workshop that covers fermentation, distillation, and engine conversion. We'll show you ways to produce fuel-grade ethanol ... how to use it to run cars and tractors, even to heat your home ... and how to make big money selling the protein-rich leftover stillage for feed.

We showed hundreds of people how to make alcohol this summer at our mountain property in North Carolina. And now—because we know that no one has been harder hit by fuel shortages than the American farmer—we're bringing the workshop to your area.

THE MOTHER EARTH NEWS®

—the national bi-monthly magazine with more than 3,800,000 readers—has been for ten years a leader in the areas of alternative energy, ecology, and back-to-basics living. Our seminar program is a logical extension of our magazine ... helping readers learn to do things better themselves ... and for less!

The low \$40 seminar price includes a workbook with text and illustrations that follow the seminar plan. (This workbook sells separately for \$25, but is yours free when you take the seminar.) And you'll get that \$40 back in no time, once you can stop buying gasoline (which we hear is going up to \$2.00 a gallon by 1981!) and fuel oil (which may go that high, too!). So the sooner you get started, the better!

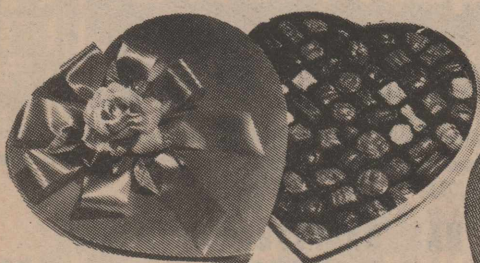

FIRST COME—FIRST SERVED!

Seating capacity is limited, so be sure to come over early to register.

IMPORTANT NOTE: Many organizations are conducting alcohol fuel seminars and charging as much as \$500.00. We've kept our fee low because we want to help Americans—especially farmers—become independent of high-priced foreign oil.

THE MOTHER EARTH NEWS® more than a magazine...a way of life

Mr. and Mrs. William Kerry Wood Lambert, Wood Are Wed

Laura Lynn Lambert, Robert L. Andrews of Rockport, and William Kerry

Wood, son of Mr. and Mrs. William A. Wood, Jr., of Irving, were united in matrimony on January 26 in Irving.

Maid of Honor was Natalie Wood; bridesmaid was Brenda Ervin.

Best man was Kenneth Wood, and Groomsman was Ronald Irving, Jr.

The bride wore a formal white dress of embroidered satin.

The groom wore a three-piece cream-colored suit.

The bride is the granddaughter of Mr. and Mrs. Frank Abt of Rockport.

The couple spent their honeymoon in the Dallas area.

By Pat Blair

Final figures aren't in yet, but Saturday night's, February 9, Valentine Benefit Dance is looking very successful.

That's the word from members of the Women's Committee of Aransas County Medical Services, Inc., who put on the annual event to raise money for the county ambulance service.

Preliminary reports on the dance indicate that some \$2,400 was raised as a result of Saturday's 8 p.m.-til-midnight event at the Paws and Taws Building.

Some 250 people attended the dance which was highlighted by the giving away of door prizes and the drawing of a name for the dollhouse made by Jane Turner for the Committee.

Winners of the dollhouse were Mr. and Mrs. Frank Caster, winter Texans from Cambridge, Iowa.

Door prize winners included Mrs. James Little, \$25 certificate to Pearson's Garden Center, donated by Aransas Warehouse; Kathryn Hargrove, watercolor by local artist Rip Harrison; Jim Reed, chicken dinner from Ron's Fried Chicken. Winner of the other fried chicken dinner from Ron's was Jan Sperry.

The ACMSI Women's Committee gave two door prizes, a hand-painted purse won by Mr. Kim Westfield and a hand-painted shirt won by Pearl Harris.

Betty Walters won a \$20 gift certificate presented by Bob Eschberger and Troy True to the Summer Place, Johnson Drugs and Lettie's Liquor 1 and 2; and Martha McCann won a hand-painted clock donated by Betty Walters Gallery.

Pearson's Garden Center gave away two ferns, to Forrest Haskell and Henry Baugh.

Other winners included Leora Axe, a TV pillow from Cantwell Mattresses; Warren Corwin, a \$25 gift certificate to Moonshell Galleries, courtesy of Aransas Warehouse; Olive Holmes, a Dresden plate from Islander Interiors; and G.E. Mulle, a gallon of

vodka from Rockport Discount Liquor.

Alma Hobson won a chicken dinner from Ron's Fried Chicken, and Janet Smith received a \$50 gift certificate from Moonshell Galleries.

Gertrude Baugh won two fish dinners from Duck Inn;

Millie Matthews an oil painting from Estelle Stair's Art Gallery; Jack Guynes, a picture light from Rockport Art Supply; and Don Lohafner, a mum plant from A Blossom Shop.

Babs Muecke, chairman

of the ACMSI Women's Committee, and Vi Street, general chairman of the dance, extend thanks to everyone who contributed to the success of the dance.

And they added a special thanks to those who contributed food and use of the building for the dance;

Juanita Wagley for the building; L.E. Casteline for 50 pounds of shrimp; and Columbia Business System of Corpus Christi for the rest of the food.

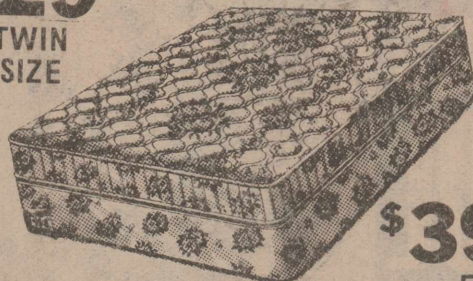

Dance music was provided by the Edie Crockett Quartet.

Iowans Hold Picnic

Every section of Iowa, including 42 counties, was represented Wednesday, February 6, when more than 160 Iowans met at the Paws and Taws building for a picnic.

Special decoration for the pot luck dinner held at noon, were flags of Texas and Iowa.

Mr. and Mrs. James Anderson, Clear Lake, registered the guests. Mr. and Mrs. Joe Fineran, Vail; Mr. and Mrs. Phil Cato, Onawa; and Mr. and Mrs. Charles Kelly, Onawa, were hosts and hostesses.

Mr. and Mrs. James Igou, Cedar Rapids, Mrs. Mary Halst, Cedar Rapids, and Mr. and Mrs. Ed Jensma, Kellogg, were in charge of food arrangements. Fred Luker supervised the program, which included a welcome from Mrs. Fred Luker, Joice, president.

Mr. and Mrs. Bill Bates from Rhineland, Kansas, entertained the Iowans on their guitars and mandolin. Mr. Art Johnson, Keystone, played the accordion.

Mr. and Mrs. Henry Nath, Toeterville, were in charge of the "after glow work."

The next picnic will be held at Pine Tree Park at Clear Lake, Iowa, on September 3, 1980. All Iowans who spend winters in Texas are invited to attend.

Mrs. Fred Luker is concluding her fifth year as president of the organization, and election of new officers will be held in September.

Pirates Hold Off Sinton, 44-41

By Bob Crawford
There was nothing easy in Friday's win by the Rockport-Fulton Pirates over Sinton in Rockport. The score was close all the way, and only clutch playing pulled out the 44-41 win for the Pirates.

Sinton came into the contest on the heels of a big win over Flour Bluff. Sinton has some of the top outside shooters in the district, and they are not afraid to put it up from anywhere.

Rockport jumped off to a 2-0 lead with but four seconds gone as Donnie Frels tipped the ball, Ruben Garcia got the pass, and Garcia hit Mark Setterbo under the basket, and with the shot, the Pirates were off and running. Esequiel Hernandez hit from the lane to give the Pirates a 4-0 lead before Sinton began to come back. The slow scoring first quarter ended deadlocked at 8-8. All eight of the Pirates' points had been set up by good passing from Garcia.

In the second quarter, the lead changed back and forth, and neither team would take full control of the game. The Pirates fell into foul trouble in the first half, sending the Sinton team to the charity line seven times, and they converted on five occasions. By half time, Rockport had established a lead of 20-17.

Only a few minutes into the third period, Sinton shooters began finding the range, and soon they had taken the lead away from the Pirates at 23-22. From then on, the lead was like following a tennis ball at a tennis match; when the ball went to that end, they scored and took the lead; and when the ball came to our end, we scored to take back the lead. Going into the fourth

period, the pace of the game slackened a bit, that is until the final three minutes. With 3:01 remaining, the Rockport team was behind by one point. A pair of free throws by Garcia snatched the lead back for the Pirates. Then Sinton went ahead again. McDonald missed the front end of a 1-and-1, but he nailed the second to tie the game with 2:08 to go.

In the last minute the Pirates could have put the game on ice, but just as they had failed to hit free throws against West Oso the game before, the Pirates' shooters couldn't buy a charity toss; five times in the last minute a shooter from Rockport-Fulton stepped to the free line; four times they missed on the first shot, putting the ball in play.

With the score tied, Mark Setterbo gave the Pirates the three-point bulge by slapping in an offensive rebound. The clock ticked off the seconds, and the Pirates had won.

In that last half, things turned as far as foul trouble went. The Pirates began the second half with four straight fouls called on them. The tide changed. Sinton was whistled for 17 fouls. The Pirates went to the free throw line 18 times, but could make good on only eight of those attempts.

Mark McDonald led the Pirate scorers with 12 points; Frels added 11, and Setterbo threw in 10 markers.

Rockport-Fulton will close out its home season Friday night against Beeville. That game will mark the final appearance of seniors Mark Setterbo, Mark McDonald, Ruben Garcia and Esequiel Hernandez.

The Rockport-Fulton JV captured a 55-35 contest over Sinton Thursday night, winning their fourth in five games.

The victory was the seventh against eight losses for the young Pirates. The Pirates will play at home next Friday against Beeville.

AS A NEW LIFE BEGINS.

With the economy of the 80's putting a squeeze on the dollar, more and more people will be turning to banks for advice. At Live Oak, our people are concerned about and committed to your financial future. Seventh Grade Boys Capture Second Place

The seventh grade Bucs won two and lost one in the district tournament this past weekend, and that was good enough for them to capture second place.

In their first game, they led Calallen after the first quarter by four points, but trailed by one at the half. The Bucs came out smokin' for the third quarter, as they outscored their opponents by 14-5 and took an

GOING FOR TWO

Alma Mendiola is shown getting off a jump shot in girls' varsity action against Sinton last Friday night. Helping out by setting picks for Alma are Belinda Cross and Jean Flanagan (10). The girls suffered a cold night, however, as the Sinton team pulled off a victory. [Pilot Photo By Eddie Bradley]

Girls Tumble To Sinton

By Bob Crawford
At the half, things still looked up for the Lady Pirates in Friday's game with Sinton, but before it was all over, Sinton had blown like a hurricane to get past the Lady Pirates 52-37.

At the half, Rockport trailed Sinton by a single basket at 23-21. The game before with West Oso had been similar in the first half. There the similarities ended. Whereas the Lady Pirates stayed close, and even led the Bears all the way to the end, the North that blew through Rockport Friday night must have chilled

their scoring eye, and while Sinton scored 29 points in the second half, Rockport managed only 16 points.

Older Bucs Win One Of Two In District Play

The eighth grade boys won their first district tournament game at Tuloso-Midway last weekend, but they lost the second one and finished fourth in the final standings.

Their opening game was against Calallen on Thursday afternoon. The Bucs held a 9-6 lead after one quarter, but the Calallen team fought back to a half-time tie at 14.

The third period was a good one for the locals as they raced to a 25-17 lead. As it turned out, they needed all the points they could get as the Calallen boys again came back. The Bucs held one, for a hard fought 32-30 victory.

In their second game, Friday night, the boys faced West Oso. The initial quarter was their downfall as they trailed 12-4 when it was over. The rest of the game was fairly even, but the damage was done. The final score was 38-27 in favor of West Oso, who went on to lose to Sinton by

one point in the championship game.

The boys played real well as a team, despite a cold shooting night.

Scoring for the Lady Bucs was led by Mona Cowen, 10 points. Other scorers were Laurie Coggins-six, Jodi Welsh and Lee Anna Cassel-two each.

The seventh graders faced the host Calallen team and found themselves on the short end of a 10-2 score at the half. They cut the lead to 12-6 after three quarters, but Calallen pulled away to an 18-8 win.

Cindy Barrera had four points, followed by Jill Wendell and Leigh Falk with two apiece.

ARANSAS PASS

COUNCIL

[Continued from page 1]

judge and alternate for Ward 2, polling station Rockport Elementary School.

Dr. Jerry Shaw presented council members with a rough drawing of a proposed city hall mini-convention complex.

Shaw explained that the drawing was a rough representation only -- "an attempt to get the ball rolling" -- and did not show correct dimensions or proportions.

In answer to a question from the audience, as to why the convention area was included with the city hall, Mayor Walter S. Falk Jr. said it was "partly political" -- by putting a number of elements into the same package, the city has a better chance of securing federal money to

help pay for a new facility. Falk indicated the city is going to try for a low-interest loan to fund the new building, to avoid a city bond issue.

The council also looked at two sets of plans for a proposed city dog pound then authorized the Dog Pound Committee -- Aldermen Dan Ward and Jerry Shaw -- to go to Victoria and look at the dog pound there.

The council also authorized Ward and Police Chief James Craigmile to attend an Animal Control Seminar in San Antonio on February 20 and 21.

Based on a recommendation from Craigmile, the council awarded a bid for purchase of two police cars from Commercial Motors of Aransas Pass.

Commercial Motors was one of three bidders on the

item, submitting a bid -- less trade-in -- of \$13,400.

Commercial Motors was not low bidder on the item, but Craigmile said the Aransas Pass company was more convenient and would save time and gas mileage when getting work done on the vehicles.

Low bidder on the project was Trade Winds Ford of Corpus Christi, with a bid of \$12,993.38.

Other bidder was George

Clark Chevrolet of Aransas Pass with a bid of \$13,431.12.

Following an executive session Monday, the council voted to grant a five percent pay increase to City Inspector Mike Henry and Water Wastewater Foreman Lupe Gutierrez.

The pay increase was in recognition of the efforts both men have made to improve their skills at their work.

BOND

[Continued from page 1]

tions. If the bond issue is adopted, this clears the way for construction of a 35 by-pass highway through Aransas County.

The State Highway Department is paying 10 percent of the right-of-way purchase costs and 100 percent of construction costs.

Total estimated cost of the highway project is estimated at \$23 to \$25 million.

County Judge John D. Wendell said the county is in "excellent shape" in terms of bonded indebtedness. There is no bonded indebtedness at this time.

Cost of the bond issue to taxpayers is expected to be

about five percent more to the county's present tax rate.

This means that a taxpayer with \$10,000 of property would pay an additional \$5 a year as a result of the bond issue. For a taxpayer with \$100,000 of taxable property, the added tax would amount to \$50 per year.

Polling stations for the February 16 election will be: Pct. 1A, Voting Center in Aransas Pass; Pct. 1, VFW Hall in Rockport; Pct. 2, Aransas County Courthouse, Rockport; Pct. 3, Faith Baptist Church, Fulton; Pct. 4, Fulton Fire Station; and Pct. 4A, Lamar Fire Station.

Absentee voting for the election ended Tuesday.

RATES

[Continued from page 1]

be computed entirely on the new rates until the March billing, Noster explained.

Based entirely on the new rates, what this means to the average residential customer, Noster said, is that if your electric bill was \$52.04 in February, 1979, it will total \$55.49 in February, 1980 -- an increase of 6.63 percent.

Those are the figures for a resident using 1000 kilowatt hours. For a resident using 1500 kilowatt hours of electricity, Noster said, the bill under the new rates would be \$80.88, a 5.78 percent increase over the February, 1979, billing of \$76.46.

At 2500 kilowatt hours, the residential bill would amount to \$131.66 under the new rates, up 5.08 percent from the February, 1979, billing of \$125.29.

Noster added these rates include the February fuel adjustment which varies from month to month.

But the base rate will not vary, he emphasized. "The old rate base was 2.29 cents. The new rate base is 2.38 cents -- this figure will not change," he said.

He added there has been misunderstanding over the term "price elasticity," with some people having the mistaken impression that CP&L will adjust its rates to take into account a reduction in use of electricity.

"Price elasticity" -- the fact that some people would reduce their consumption of electricity when the rates

went up -- was taken into consideration when the rates were being developed, Noster said.

The base rate of 2.38 cents was developed taking this factor into consideration, and it will not change, Noster repeated.

"If a customer uses less kilowatt hours, his bill is going to go down," Noster said. "It is possible to hold rates down by conserving -- that has not changed."

One thing that has changed, Noster said, is that city and rural customers will now be billed on the same base rate. In the past, the base rate has differed for the two groups, with the rural customer paying slightly more.

A single residential base rate now applied for both city and rural electricity users, Noster said.

for the "Bingo Bugs." They'll be carrying the numbers for that week's Bingo game.

To get the complete set of numbers, check both the Weekend and Midweek editions of the Pilot.

Compare the numbers in the paper with the numbers on your card or cards. If you fill in all the numbers on your card -- you're a winner!

If there is only one winner during the week, he or she will get the total prize for that week of \$50. If there is more than one winner, the money will be divided among them.

A total of \$650 will be given away during the 13 weeks. You play as many cards as you wish -- but you must be an adult to enter the game. No one under 18 years of age will be eligible.

DOES CIVILIZATION BEGIN OR END WHEN THE PAVEMENT STOPS?

You are driving through the Peninsula Oaks subdivision, heading south on Griffith Drive. At Club Lake you swing left and enjoy the beautiful scenery along with the residents who have built nice homes there. About a mile along, the pavements ends abruptly. And there you find a small but very unsightly, homemade dumpsite. This spot has been talked about several times before, but with all the interest about making the waterfront a beautiful place to be proud of, it is especially galling to see a sight such as this on the other side of town. It is unlawful to leave or dump trash, garbage or similar junk within 300 yards of any public highway in Texas, which would include a county road, which this is. And listen, buster, the fine, if you're caught, will be between \$50-\$400. But regardless of fines, it sure seems that civilized folks could find some other way to dispose of their own wastes rather than dump them at someone else's property, whether public, private, or in the bay!

[Pilot Photo By Eddie Bradley]

COUNTY

[Continued from page 1]

feet can be a dedicated road," said Judge Wendell.

"We've been driving down a 15-foot utility easement to get to our trailer, and the owner of the property told us not to use it anymore," said Ms. Randall.

"Well, then," said Judge Wendell, "you'd better hope the bond issue for the by-pass passes."

"There's no way we can fix the road. You live on a dedicated right-of-way. The road should have been closed before you bought it," said Commissioner El-

ler. "I suggest the Commissioners Court sit down with the County Surveyor and close these 30-foot roads," said Judge Wendell.

The court told Ms. Randall they could neither fix the road nor close it at this time.

Pet Talks

By Dr. Hap Lutz
Dr. Lutz is a graduate of Baltimore City College and Texas A&M University and a specialist - with 25 years experience in private practice - in small and exotic animal care. He is a former instructor of small animal diseases and surgery of the Veterinary School at Texas A&M.

HOW TO SELECT A HEALTHY PET
There are certain "do's and don't's" if you are buying a dog or cat. Take a look at the litter as a whole before you begin looking at individuals. If there are five puppies or kittens and four of them are playing with mock ferocity, but one sits sadly in the corner looking shy and lonely - beware!

Your heart goes out to this individual. This little one may be shy, but it's more likely that it's staying out of things because it's sick. The

lively, saucy, friendly puppy or kitten is usually the safer choice.

Now it's time to begin looking at each individual. Check each one for health, then for soundness. If there are bare spots anywhere in the coat, it could be the start of a skin condition.

If the eyes or nose have a yellow or pussy accumulation, the animal is sick. The nose of a healthy animal should be moist and not dry.

Look into the ears. If they don't look clean, or if there are secretions adhered around the opening of the ear or on the ear flap, it may indicate mites or an ear infection.

Lift up the tail and look carefully around the anus for any signs of diarrhea. The fur on the back legs may also give a clue to this.

Now consider the soundness. Place the puppy or

kitten on the floor so it can walk away from you. Does it walk without a limp? Observe the puppy or kitten as to whether the individual is bowlegged, which could indicate rickets.

After you have selected the best "pick of the litter," get a written statement from the seller that, to the best of his knowledge, the animal is healthy and sound. For your own protection, take the one you select immediately to a veterinarian for an examination.

If the puppy or kitten is not healthy or sound, the seller should refund your money. Have this in writing and signed by the seller.

When purchasing any animal, go by the fine old rule of "caveat emptor": "Let the buyer beware."

If you have any questions concerning the health and care of your pets, send them to Dr. Lutz in care of the Rockport Pilot, P.O. Box 608. Questions will be answered in the Pilot Weekender edition.

Paintings Raise 1,000-Plus For Museum

By Pat Blair

Fourteen paintings by Texas watercolorists Budd Biggs were sold, raising \$1,072.50 for a proposed art museum, during a reception for the artist at Live Oak State Bank Sunday, February 10.

Some 150 people signed the guest register at the informal reception from 2 p.m. until 5 p.m. at the bank.

Thirty of Biggs' paintings were on display during the three-hour period -- and will remain on display through Friday, February 15, during the bank's regular hours.

Biggs also was honored by an open house at Estelle Stair's Art Gallery on Austin Street Saturday night, February 9.

The open house and reception preceded a week-long workshop being conducted by Biggs from 9 a.m. until 4 p.m. Monday through Friday at Estelle Stair's Gallery.

Watercolors by Biggs being displayed by Live Oak

State Bank will continue to be sold through Friday, with 25 percent of the proceeds being donated to the Rockport Art Association's Building Fund for a museum.

Those who purchase paintings by the artist are asked to make out two checks: one to Biggs for the total price minus 25 percent and the other to the Art Association Building Fund.

Money donated to the building fund is tax-deductible.

The workshop is the 14th conducted by the Texas artist in Rockport. During those years, he has supported many of the local charitable efforts, including the Clinic Fund Drive to which he donated a painting for auction.

A native of Dallas, he received his art education at the Southern Methodist University and the St. Louis School of Fine Arts. He owned and operated his own advertising art studio in Dallas for more than 40 years.

Following his retirement

from that business several years ago, he has painted, taught and held workshops throughout the Southwest.

He teaches in the Ramon Forman School of Art in Cloudcroft, New Mexico, each June and holds a two-week workshop in his

Richardson studio each July.

Biggs has studied with most of the top watercolorists of the U.S., including John Pike and Edgar Whitney, and has received numerous awards for his works.

His paintings hang in private collections and in top corporate offices throughout the nation, and his recently-published book, "Watercolor Workbook," is on sale now in book stores, art stores and galleries.

ARTIST AND ADMIRER

Watercolor artist Bud Biggs shows Nita McDaniel of San Antonio a copy of his new "Watercolor Workbook." Scene was the reception in Biggs' honor held Sunday at Live Oak State Bank, attended by some 150 people. [Pilot Photo By Pat Blair]

Ambulances Travel 5,000 Miles

Aransas County paramedics responded to an emergency call over seven hours and 15 minutes, receiving 104 calls and logging 5,155 miles, during January.

The report was made by Bill Aston, paramedic director, and Dr. J. Martin Shaw, operations manager for the county emergency service, who added that the mileage averaged to 166.29 miles per day during the month.

Largest number of calls were to aid heart attack victims. There were 36 such calls.

Seventeen of the calls were for "miscellaneous" reasons, and 14 were in response to automobile accidents. There were no motorcycle accident calls during the month.

Nine of the calls were to aid stroke victims, seven in response to falls, four each as a response to assaults and drunk calls, three as a result of industrial accidents and three resulting from drug overdose.

Two calls were in response to emergency childbirth.

Forty-eight calls were in Rockport and 56 elsewhere in Aransas County. There were no calls originating outside the county last month.

The Life Pak Heart machine was used 55 times, 33 patients were given IV's, 19 were given drugs and two patients were defibrillated.

Seventy-one patients were

transported to hospitals, including 19 to Spohn in Corpus Christi and 17 to Lyman-Roberts in Aransas Pass. Ten were transported to Memorial Hospital.

Eight patients were taken to Enterprise Medical Clinic in Rockport, four to Taft Hospital, three each to Driscoll Children's Hospital and Medical Arts Clinic and one to the Naval Air Station.

Six patients were taken to other area hospitals.

Both county ambulance units were in service at the same time 34 times during the month. Twenty-one patients were not transported.

Five persons were dead when the ambulance arrived at the scene. Three persons refused service and units were cancelled en route to three calls.

Six of the calls were to the Aransas County Jail.

A total of 83 patients were billed.

One false alarm was reported during the month.

IT'S ALL THEIRS

Mr. and Mrs. Bill Carr of Levelland look at the painting by artist Bud Biggs that they purchased during Live Oak State Bank's reception for the artist Sunday afternoon. Mrs. Carr studied under Biggs eight years, she said. The watercolor was one of 14 sold during the three-hour reception. Biggs' paintings will be on exhibit at the bank the rest of this week, and the artist is conducting a workshop at Estelle Stair's Art Gallery. [Pilot Photo By Pat Blair]

Learn About Your Gold, Silver Before You Sell

AUSTIN—Prospects of cashing in on the boom in precious metals may have you thinking about selling off that gold bullion that Uncle Fred willed you or unloading that tacky silver brooch Aunt Sally gave you for graduation.

If so, a little advance knowledge about the pricing of gold and silver can go a long way toward helping you determine the potential value of your cache.

"One of the major misunderstandings people have about the current gold

and silver market concerns the ounce used in quoting precious metals prices," explained Agriculture Commissioner Reagan V. Brown.

The Commissioner noted that the Texas Department of Agriculture (TDA), which has the responsibility for checking and certifying the accuracy of all scales in the state, has recently been receiving consumer calls concerning gold and silver weights.

"You have to remember," Brown said, "that gold and silver are weighed by the troy ounce, a measurement which is less than the standard avoirdupois ounce, 16 of which we use to make a pound. Instead, there are 14.583 troy ounces in an American pound."

At the same time, the value of your gold or silver also depends on the quality, or amount, of pure metal in the item.

Gold or silver bullion is pure, uncoined metal in bars or ingots while gold and silver coins have had other metals added to give strength to the material. The amount of other metals in a particular coin depends on when and where the coin was minted and can best be determined with the assistance of a well-versed coin dealer.

Gold and silver jewelry is rarely made from pure material, particularly in this country, because the addition of other metals is desirable to give the item added strength. Quality of gold is measured in carats, with 24-carat gold referring to pure gold. A common quality of gold jewelry manufactured in the U.S. is 12-carat gold, which means that the item contains 50 percent pure gold.

Quality of silver is designated by the term fineness: Sterling silver, for example, contains 92.5 percent pure silver and is said to have a fineness of 925. Jewelry silver, an alloy containing 80 percent pure silver and 20 percent copper, has a fineness of 800. One the other hand, yellow gold used in jewelry is composed of 53 percent gold, 25 percent silver, and 22 percent copper.

Of course, the value of a piece of gold or silver jewelry also depends on

other qualities of the piece, including the existence of precious or semi-precious jewels, as well as the craftsmanship and age of the piece.

Noting that the Texas Department of Agriculture is not in the business of appraising precious metals, Commissioner Brown advised, "Your best bet in determining the value of any gold or silver you may have, particularly if it is contained in a finished piece of jewelry or other item, is through an appraisal by a professional jeweler or metals dealer."

Appraisal prices vary, with most charging a minimum appraisal fee. Additional costs also vary, some charging on the basis of the time it takes to make the appraisal, other on a percentage of the appraised worth, and still others, depending on the current precious metals market.

If you do have any questions concerning accuracy of scales used in weighing your precious metals, contact the Weights and Measures Section at the Texas Department of Agriculture (Austin number: 512-475-6577) or a TDA representative at any district office, Brown concluded.

public intoxication following their arrest about 2:35 a.m. Saturday on Broadway.

Edward Gore was placed under \$500 bond on a charge of DWI and \$750 bond on charge of possessing an unlawful weapon after he was stopped by police on Broadway Street near Rockport Realty.

A passenger in Gore's car, Samuel Riggins of Myrtle Beach, South Carolina, was fined \$53.50 on a charge of public intoxication.

Police officers J.N. Tanner and James Jacoby made the arrest.

Morris Wayne Grimes, 30, of Bayside was under \$500 for DWI following his arrest by officers Jacoby and Tanner about 2:53 a.m. Saturday.

Also arrested was Larry Gene Steindorf, passenger in Grimes' vehicle, who was fined \$53.50 on a charge of public intoxication.

Jacoby said Grimes was stopped at the intersection of West Market and FM 881 after he was observed driving under the speed limit and weaving on the

road. * * *

Arthur Ennis Wallace, 48, of Dickinson was placed under \$500 bond on a charge of DWI and fined \$27.50 on a charge of driving without a license Friday night, February 8.

Wallace was arrested by officers S.P. Trevino and Tanner about 10:14 p.m. Friday at Broadway and Sabinal after the dispatcher received a call from REACT concerning a possible DWI vehicle northbound on Highway 35 through Rockport.

ALL THAT GLITTERS ... ?

In today's fast-changing money market, you'll often be tempted to invest in an "easy-money" scheme, one whose promises sound too good to be true. Most of the time, they are.

All of our deposits, checking accounts, savings and certificates, are insured by the Federal Deposit Insurance Corporation up to \$40,000 per depositor. Our interest rates are guaranteed.

So don't gamble with your money. When you leave it with First National, you're putting it on a sure winner. You don't gamble; consequently you can't lose. Come in today and we'll discuss the best way to put your money to work for you. Safe, and Guaranteed.

Student News

Two area students are among the Texas Tech University dean's honor rolls students for the 1979 fall semester.

They are Dawn Whitfill of 205 Ivy Lane, Rockport, and Mike Vermillion, 4th and Henderson, Fulton.

To qualify for the dean's honor roll, a student must have a grade point average of at least 3.0 out of a possible 4.0 and must have taken at least 12 semester hours of classes.

More than 5,500 students qualified for the fall, 1979, honor out of a total enrollment of more than 23,000 students in six colleges.

John R. Black of Rockport is among some 150 students of West Texas University who have been named to the President's List for the fall, 1979, semester.

To be eligible for the President's List, a student must end the semester with at least a 3.85 grade point average out of a possible 4.0 points.

Students named to the President's List are automatically included on the Dean's List which requires a grade point average of at least 3.84 at the end of the semester.

Black is a senior music education major at WTSU, which had a fall semester enrollment of 6,470 students.

Key Allegro

Island Estates

WATERFRONT HOMES, HOMESITES, CONDOMINIUMS

Key Allegro Sales has several attractive homes for sale at this time. Some are listed below. New and previously owned homes are priced from \$72,000 to \$500,000. Lots are available starting at \$11,500. Condominiums are listed from \$47,500 to \$115,000. We'd be delighted to show you any and all of them. Come by our office for more information on all Key Allegro developments.

HOMESITES

CANAL LOCATION—Aransas Bay View. Assumption. **\$33,900**
UNIT V—Little Bay View. **\$60,000**
OFF WATER LOCATIONS—With charming view of Little Bay. **\$11,500**

FINANCING AVAILABLE ON MOST PROPERTIES.

HOMES WITH A VIEW

BIRD'S EYE VIEW OF ARANSAS BAY from this 3 bedroom, 2 bath home. Den has cathedral ceiling and suspended fans. Two-car garage with lots of storage downstairs. **\$72,500**

BAYFRONT HOMES

MASTER SUITE WITH 7' sunken bath and Jacuzzi is only part of this beautiful home overlooking Aransas Bay. The large living and dining areas, decorated in white tile, open out on the beachside deck; 3 bedrooms and 3 baths altogether provide adequate living space in tasteful design. **\$200,000**

CANAL LOCATIONS

IMAGINE YOUR OWN BOAT DOCK with large crab traps, a fish-cleaning table for your many catches, a boat lift that can accommodate a 26' boat easily, 3 separate and roomy decks, a patio with controlled ventilation, a sun room. **\$92,500**

NEW ON THE MARKET—3 bedroom, 2 bath, split level with sitting room adjacent to living room. Nice landscaped lot, double garage and includes all appliances. Best of all is the price. **\$141,500**

YOU'VE BEEN LOOKING FOR THAT SPECIAL HOUSE? This home has everything you could ask for if you're looking for gracious living on the waterfront. A professional decorator has just redone everything from top to bottom—complimentary designs and colors everywhere, all new kitchen appliances, and the fireplace framed in rough cedar. Of course, it has 4 bedrooms, 3 baths, and a den with windows on 3 sides. Downstairs includes a large air conditioned game room, roomy tackle storage, and a utility/work-room. A deck, a dock and fish-cleaning table are there, too. We'd like to show them to you. **\$141,500**

LANDSCAPING ALREADY DONE for you with towering palms, green and flowering shrubs, grassy banks of salt tolerant greens, plus an automatic sprinkler system. **\$235,000**

QUALITY DESIGN AND CONSTRUCTION of the Startzell builders are evident throughout this new home on Key Allegro. Using white and clean, firm lines of new architecture, Startzell has created a beautiful modern home, carefully arranging the 4 bedrooms, 3 baths, kitchen and den. Also, 2 wet bars, 3 decks, ceiling fans in most rooms, fireplace, beautiful view. **\$75,000**

KEY ALLEGRO CONDOMINIUMS

Waterfront living on the island itself. Amenities include pool, tennis and boat-docking facilities. 2 bedrooms, 2 baths, ground floor. Excellent location. 80% financing. **\$75,000**

ALLEGRO NORTH CONDOMINIUMS

BEAUTIFUL VIEW OF ARANSAS BAY—Two pools, two tennis courts, private beach, fishing pier. Ground floor, two bedrooms, two bath, fireplace, furnished. Owner financing. **\$87,500**

ON THE HARBOR—Three bedroom, two bath, ground floor. Excellent view of Aransas Bay. **\$87,500**

BAYHOUSE CONDOMINIUMS

Imagine sailing into the private dock of your 2 or 3 bedroom condominium - an afternoon of tennis - then dip into one of the pools. All on Canoe Lake in Harbor Oaks. Come by and see our model. Open daily 10 A.M. till 5 P.M. 25-year, 80% financing available. Priced from \$71,350.

PUBLIC NOTICE

A Public Meeting will be held on Tuesday, March 18, 1980, starting at 7:30 P.M., in the District Court Room, Aransas County Court House, Rockport, Texas for the following purposes:

1. To present to the public an explanation of the Aransas County Conservation and Reclamation Districts' acceptance of a Step I Grant from the Environmental Protection Agency to study the need and related elements regarding a sewage collection and treatment facility for a specified area identified in North Live Oak Peninsula, Aransas County, Texas.
2. To obtain public input regarding the assessment of the existing and future situation and to identify and screen alternatives regarding this project.

Aransas County Conservation and Reclamation District
Mick Ladrer
Public Participation Coordinator.

--- O ---

PUBLIC NOTICE

"NOTICE OF HEARING"
"A.I.M. Home Health Agency, Inc., 1901 Bay Avenue, Rockport, Texas, represented by Davis, Davis and Sharp, P.O. Box 1588, Austin, Texas 78767 (THFC File #A579-1031-008) is scheduled to appear at a hearing at 9:00 a.m. on March 31, 1980, in the offices of the Texas Health Facilities Commission,

1600 West 38th Street, Suite 305, Jefferson Building, Austin, Texas, to present evidence in support of the application for a Certificate of Need to establish and operate a state certified home health agency offering skilled nursing, home health aide, physical therapy, speech therapy, and medical social services to residents of Aransas and San Patricio Counties. The Commission shall render a decision on the application no later than the ninetieth day from the date of publication of this notice.

A request to become a party to the application may be made by filing a sworn affidavit with the Commission using the format prescribed by Commission

Rule no later than 5:00 p.m., March 12, 1980, and by forwarding a copy by certified mail, return receipt requested, to the applicant and all other parties."

Note: If no request to become a party or petition for hearing is timely filed

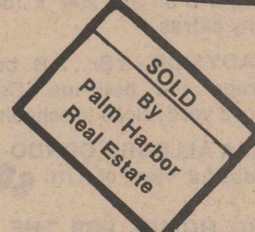

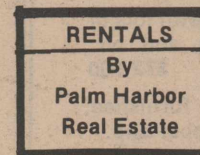

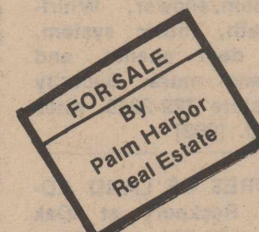

with the Commission, the Commission may proceed without a hearing on the application for a Certificate of Need at any time after March 12, 1980, upon written request by the applicant.

LEADING SCOUT FUND

A local committee is currently seeking to enlist donations for the scouting program through a Sustaining Membership Enrollment, which features the recognition of members and their gifts with a certificate or suitable plaque. Enrollment leaders are shown here with some of the awards. From the left are Dr. Jerry Shaw, local chairman; Al Hildreth, area chairman, and Mike Everett, Boy Scout District Executive for the five-county area that includes Aransas County.

Local Men Seeking Scouting 'Friends'

Several local men are currently involved in a two-week program to enlist "friends of scouting" to join what the scouting program calls their Sustaining Membership Enrollment.

Dr. Jerry Shaw is the chairman for this area and the other committee members are Norvell Jackson, Manuel Rocha, Carl Krueger, Mick Ladner, Pete Ramirez, Pat Brown, Jimmy Little and Bill Jancek.

During the two-week period, these men will be calling on individuals and businesses that are considered to be "friends of scouting," and seeking their membership in this program. This will not be any kind of door-to-door canvass and the committee stressed that the project is in no way designed to compete with the United Fund campaign.

In fact, according to Mike Everett, who is the District Executive for scouting in the immediate five-county area, local scouting gets about 37 percent of its

needs from the United Fund. They also get a little help from small grants, but the biggest single source of operating funds comes through the sustaining memberships.

The local goal is \$3,880, and to reach it the men will be offering enrollment memberships in six categories. These categories are based on the size of the tax-deductible donation, and range from a minimum of \$125 for a Supporting Member to \$5,000 or more for a Benefactor.

Those who join will be recognized with a certificate (for Supporting Member) or a nice plaque especially designed for each of the five other categories.

Anyone who is interested in becoming a sustaining member can feel free to contact any of the committee members.

The Rockport area goal is the highest of any other town in the vicinity, reflecting the greater amount of scouting activity to be found here.

Bee College Registration Starts

Registration for Bee County College occupational training programs taught on the "clock-hour" system begins February 20.

Dr. Neal M. McBryde dean of occupational education, explained that quarterly training classes, which begin Feb. 27, include air conditioning and refrigeration, auto mechanics, bookkeeping, clerk-typist instruction, diesel mechanics, radio and television servicing, welding and cashier-teller training.

A number of night opportunities to work toward professional certification in auto mechanics, welding, air conditioning and refrigeration and radio and television servicing will be available.

Evening sessions are:

—Auto mechanics, 5:30 p.m.-11 p.m. daily.

—Welding, 5:15-11:15 p.m. Mondays, Tuesdays and Wednesdays.

—Air conditioning and refrigeration, 6:15-11:15 p.m. Monday, Tuesday and Wednesdays.

—Radio and television servicing, 6:15 p.m.-11:15 p.m. Mondays, Tuesdays and Wednesdays.

McBryde pointed out that BCC has been "highly successful" in its preparation of students for employment and each year studies of its graduates reflect that more than 90 per cent are gainfully

employed.

In the most recent graduating class follow-up, McBryde pointed to figures showing job success rate has been 100 per cent in the fields of air conditioning and refrigeration, welding, radio and television servicing and diesel mechanics with 95 per cent employment reported for auto mechanics graduates.

Those figures, currently under compilation by the occupational counselor's office at BCC, reflect suc-

cess of the former students completing training in 1978 and 1979.

The complete printed report will be available later this spring, McBryde said.

More information about employment opportunities and training available at BCC for those jobs may be obtained by calling or writing to the Dean of Occupational Education, Bee County College, Route 1, Beeville, Tx 78102. Telephone number is (512)358-8973.

Cub Scout Pack No. 49 Holds Monthly Meeting

Cub Scout Pack #49, sponsored by the Rockport Rotary Club, held its monthly meeting on January 29.

Den #1 presented the Flag Ceremony, Den #2 presented a very cute skit about pirates and Cub Scouts and the Webelos served refreshments.

Webelos Wade Sorenson received the Naturalist and Aquanaut badges.

All scouts in Pack #49 received a blue ribbon for their work on the Christmas tree which the Pack entered in the Woman's Club Christmas Tree Forest. The tree won the Best Adaptation of Theme award.

Den #2 won the attendance

award at the meeting for having 20 persons present.

Plans were finalized for the Blue and Gold Banquet to be held on Tuesday, February 26 at 6:30 p.m. in the Live Oak Elementary School cafeteria. The banquet will take the place on the monthly Pack meeting for February.

ASSETS FROZEN

Britain froze Japanese assets on July 25, 1941, to counter Japan's claims to bases in Indochina.

SUEZ CANAL

Egypt nationalized the Suez Canal Company on July 26, 1956, precipitating a crisis in the Middle East.

Rheem® Heat Pumps

HEATING / COOLING AS YOU NEED IT

There is a unit that can heat your home in winter and cool it in summer. It's a Rheem Heat Pump - heating and cooling as you need it.

A Rheem Heat Pump can sometimes wind up being more energy-efficient than your present heating and cooling systems together.

Look into the advantages of having a Rheem Heat Pump. Call us for a free estimate.

**CENTRAL
SERVICE
COMPANY**

SAVING
ENERGY
TODAY

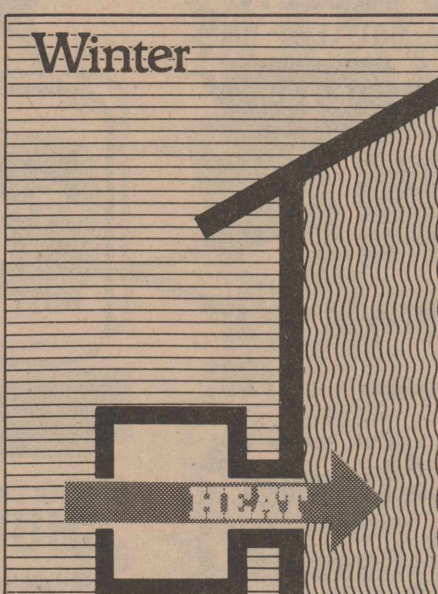

729-7086

Hwy 35 N.

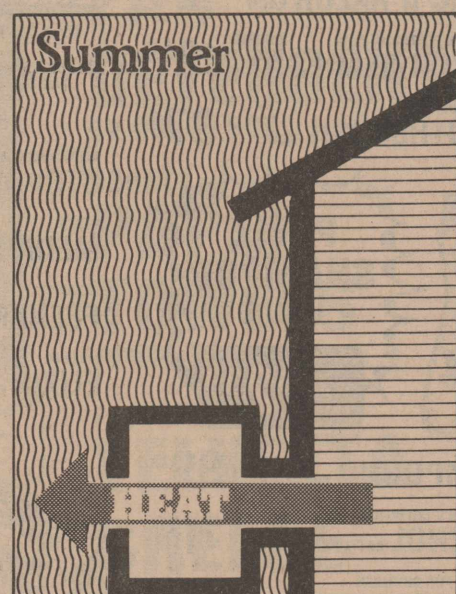

Rockport

The Heat Pump:

the most efficient system for heating and cooling.

In winter . . . the heat that is in the air is brought inside

In summer . . . the heat that is in the house is taken outside

HOW THE HEAT PUMP WORKS

If you are thinking about a new home or a new heating/cooling system in your present home, you need to know that you can save money on energy costs with an electric heat pump.

A heat pump makes use of the heat that is always present in air even when the weather is cold and cloudy. During the winter it removes heat from the outside air and pumps it into your house. In the summer it reverses the process and becomes an air conditioner, moving heat from the inside to the outside. You get the desired temperature indoors throughout the year.

Research shows that in the South Texas area served by Central Power and Light Company, the heat pump delivers about 2½ units of heat for every unit of electrical energy required to run it.

Be sure to consider the heat pump if you are in the market for a new heating/air conditioning system. It's an important device for using energy efficiently and economically.

Registered Dietitian
Copley News Service

With all the hullabaloo about protein in recent years, most Americans now get more than they actually need. The recommended daily protein allowance is 60 grams for a 172 pound man, and 48 grams for a 130 pound woman. Most people take in excess of 100 grams and do not consider their diet palatable with less. Healthy adults do not require more than 0.8 grams per kilogram of body

weight.

To get your own daily protein requirement, divide your scale weight in pounds by 2.2 to get the kilograms — then multiply by 0.8.

An ordinary mixed diet of animal and plant foods will more than meet the protein requirements of healthy people. Excessive intake can be potentially harmful, especially to the kidneys.

The misinformation surrounding the human need for protein has been blown out of all proportion. Fats and carbohydrates, which supply energy, needed vitamins and

minerals to the diet are often ignored, yet they are as essential to health as protein in the diet.

There are certain conditions that do increase protein requirements of healthy people. Growth, pregnancy and lactation, depletion of tissue after illness or deprivation — all require increased protein intake. Energy needs are also increased in these circumstances, such as provided by carbohydrates and fats.

Very young children have roughly 3 times the energy needs per unit of body weight

as those of adults. The protein-energy ratio of foods

Eat
Yourself
Slim

vary. It is recommended that at least 1.6 grams of protein be ingested for every 100 calories.

Elderly or disabled people may have some difficulty meeting protein requirements because of a hardship in buying or preparing adequate meals. Protein of high biologic value such as meat, fish, fowl, milk, cheese, eggs and yogurt are the best choices. Even small quantities of these foods taken two or three times per day will provide adequate protein for elderly people. Poor appetites and depression lead to protein

inadequacy in people who do not eat properly. The "tea and toast" diet of many elderly people certainly increase their risk of further debilitation.

The young, nursing mother has the greatest protein needs of any condition, especially if her own body may still be in the process of maturing. If the diet falls below 1200 calories for women or below 1500 calories for men, it may be inadequate to meet protein needs, and special attention should be made to include the protein-rich foods.

When restricting food intake to achieve weight loss, the need for protein is not greater in healthy people. When the energy needs of the body are not met, the stored energy or fat in the body is used, and weight loss occurs. However, body protein may be lost from muscle tissue because dietary protein is used preferentially to provide energy instead of maintaining tissue. Extra protein may help conserve the muscle tissue, if the diet is not too low in calories.

"Naturally Yours"

The carrot

By B. FRANCIS KLEIN
Copley News Service

Naturally yours! The carrot.
Wouldn't you just know it!
Carrots are the most widely

used and eaten of all the vegetables.

Carrots had their origin in the parsley family and were imported in seed form from North Africa for their ornamental value. The wild variety known as Queen Anne's Lace has a tough woody root that is unsuitable for food, but the cultivated forms of

the carrot have evolved into large fleshy root forms that have their own distinctive flavor and taste.

Nutritionists insist that carrots, among the other root edibles, are high in carbohydrates and therefore if you eat a lot of them they are not going to help you, if you're on a regimented diet.

But the fact is they taste so good, and they are filling, and they do curb your appetite for other sweets or fattening foods.

Serve your family and friends carrots, raw, cooked, steamed, pickled, diced, sliced, shredded, and don't forget ... carrot cake.

Spoon Bread

CLIP 'N' COOK
Copley News Service

3/4 cup yellow cornmeal
1 tbsp. sugar
1/2 tsp. salt
2 cups milk
1/4 cup butter
4 large eggs

In a medium saucepan stir together the cornmeal, sugar and salt. Gradually stir in the milk, keeping mixture smooth. Cook over moderate heat, stirring constantly, until as thick as mush. Off heat, stir in the butter. Beat the eggs slightly; gradually stir them into the hot cornmeal mixture. With the clean beater, beat the egg whites until stiff; fold into the cornmeal mixture. Turn into an oiled 1 1/2-quart ceramic soufflé dish (7 1/2-by-2 1/2-inch) or a similar casserole. Bake in a preheated 375-degree oven about 35 minutes, until puffed and brown. Serve at once, using a large spoon. Makes six servings.

Beth Radow Student Of The Month

Miss Mary Elizabeth Radow, 17, has been selected as Outstanding Student of the Month for January, it was announced last Friday by Norman Spears, assistant principal at Rockport-Fulton High School.

Beth, as she is known by her classmates, was chosen based on her achievement in the fields of music and drama. The daughter of Mr. and Mrs. Joe Radow, Beth recently was picked from hundreds of contestants to play in the All-Region Band.

She has played the flute since sixth grade and is also

a member of the marching band.

The All-Region concert was held at Corpus Christi's Del Mar Auditorium last month, where approximately 200 of the finest musicians from area schools played selected classical and contest music.

Beth is also a member of the Thespians, the drama club, and last performed in "The Skin of our Teeth," directed by R-F drama coach David Rice.

A junior in high school, Beth is a member of the Future Teachers of America, The National Honor

Society and is an officer of her class. Last year, she was secretary of the Student Council.

Beth got her musical start by playing the piano.

She will continue in that field when she graduates next year, setting her sights on the Baylor music program. In the immediate future, she is preparing for Solo and Ensemble contest for band and One-Act Play competition scheduled for the latter part of March.

The Outstanding Student of the Month is awarded a \$25 U.S. Savings Bond by First National Bank. The selection is made based on achievement, character and leadership by a panel consisting of Grover Watkins, high school counselor, two members of the Student Council and two members of the faculty.

Little League Association To Hold Its Second Meeting

The second general Aransas County Little League Association (ACLLA) meeting has been scheduled for 7:30 p.m., Thursday night, February 14 in the district courtroom of the Aransas County Courthouse.

The agenda includes the election of the 1980 ACLLA president. The group needs a lot of volunteer adults in all areas of their youth

program. The ACLLA offers a solid, well-rounded program for boys in baseball (8-18 years) and for girls in softball (9-18 years). In 1979, 500 kids participated in Little League.

Duke Eaton says that everyone is invited to join this very dedicated group of Aransas County youth boosters in their work, whether you have a child participating or not.

Sheriff's Report

Eugene Wallace reported burglary of his residence on FM 1069 and theft of a Mark-2 Rugger .22 gun valued at \$90.

Also taken was a metal box containing personal papers. Wallace told sheriff's deputies he did not know when the burglary occurred. He reported it about 9:45 a.m. Sunday, February 10.

Fulton Baptist Church reported an incident of criminal mischief February 5.

Deputies said someone entered the church bus through the rear door and poured white paint over the seats and floor of the vehicle.

The paint and some building supplies were being stored in the bus. Estimated damage is around \$300.

Wires aboard a barge belonging to Goldston Company, Inc. of Corpus Christi were cut, dirt put in the oil intake and radiator, gauges pulled loose on the jet pump and other damage done sometime between 6 p.m. February 4 and 10 a.m. February 5.

In addition, life jackets, ear muffs and a fire extinguisher were taken from the barge which was docked in Cove Harbor.

PUBLIC NOTICE

LEGAL NOTICE
 ORDINANCE NO. 501
 AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF ROCKPORT, TEXAS

WHEREAS, certain requests for rezoning of properties within the City of Rockport, Texas were heard at a Joint Public Hearing by the City Council and the Planning and Zoning Commission of the City of Rockport, Texas on January 28, 1980; and after a meeting of the Planning and Zoning Commission, recommendations were made to the City Council; City Council at their Regular Meeting held on January 28, 1980 granted the rezoning of said properties as shown hereafter; the zoning map shall be amended accordingly.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, TEXAS:

Section 1. The request of Nanci Barnes for rezoning the West 45 feet of Lots 7 & 8, Block 18, Doughty and Mathis Division, has been granted and is hereby rezoned from B-1 Business to B-2 Business.

Section 2. The West One-Half of Block 114, Doughty and Mathis Division (known as the Perrinot Block); Lots 9 thru 16, Block 115, Doughty and Mathis Division; and Lots 16 thru 25, Block B, Andrews Subdivision, Doughty and Mathis Division; having been rezoned in error from B-1 Business to R-2 Residential with adoption of Ordinance No. 497 on October 8, 1979, are hereby rezoned from R-2 Residential to B-1 Business which was the zoning prior to adoption of Zoning Ordinance No. 497.

Section 3. This ordinance shall be published in full one time in the official newspaper of the City of Rockport, Texas and shall be in full force and effect from and after publication.

PASSED AND APPROVED this 11th day of February, 1980.

CITY OF ROCKPORT, TEXAS

s/Walter S. Falk, Jr., Mayor

 both

8311

Consistency! That's why Coastal Bend farmers depend on 8311. It stands up to dry spells. Resists insect and disease threats. Won't sprout when harvest turns wet. And it may surprise you to know that 8311 was the first tropically adapted hybrid grain sorghum available to South Texas farmers. It's planted on more acres than any other hybrid and performance like this tells why: "It's the best grain sorghum I've ever made. My 8311 averaged 5,750 lbs. on 100 acres. The stalks held life better than others. There was very little downy mildew. It held out good without sprouting when it rained. Bushel weight was good, around 60 lbs."

Troy Berthold, Berclair

8244

Push this one for extra yields! 8244 showed extremely high yield potential as it out-produced the most popular new competitive hybrids in South Texas by an average of 409 lbs./A. in 31 tests over the last three years. It has excellent tolerance to insecticide burn. Outstanding downy mildew tolerance. Protection against all four races of head smut. As one farmer put it, "8244 had excellent vigor, good ground shade. I averaged 5,600 lbs. on 240 acres with a high of 7,100 lbs. in some places."

Joe Magdalena, Santa Rosa

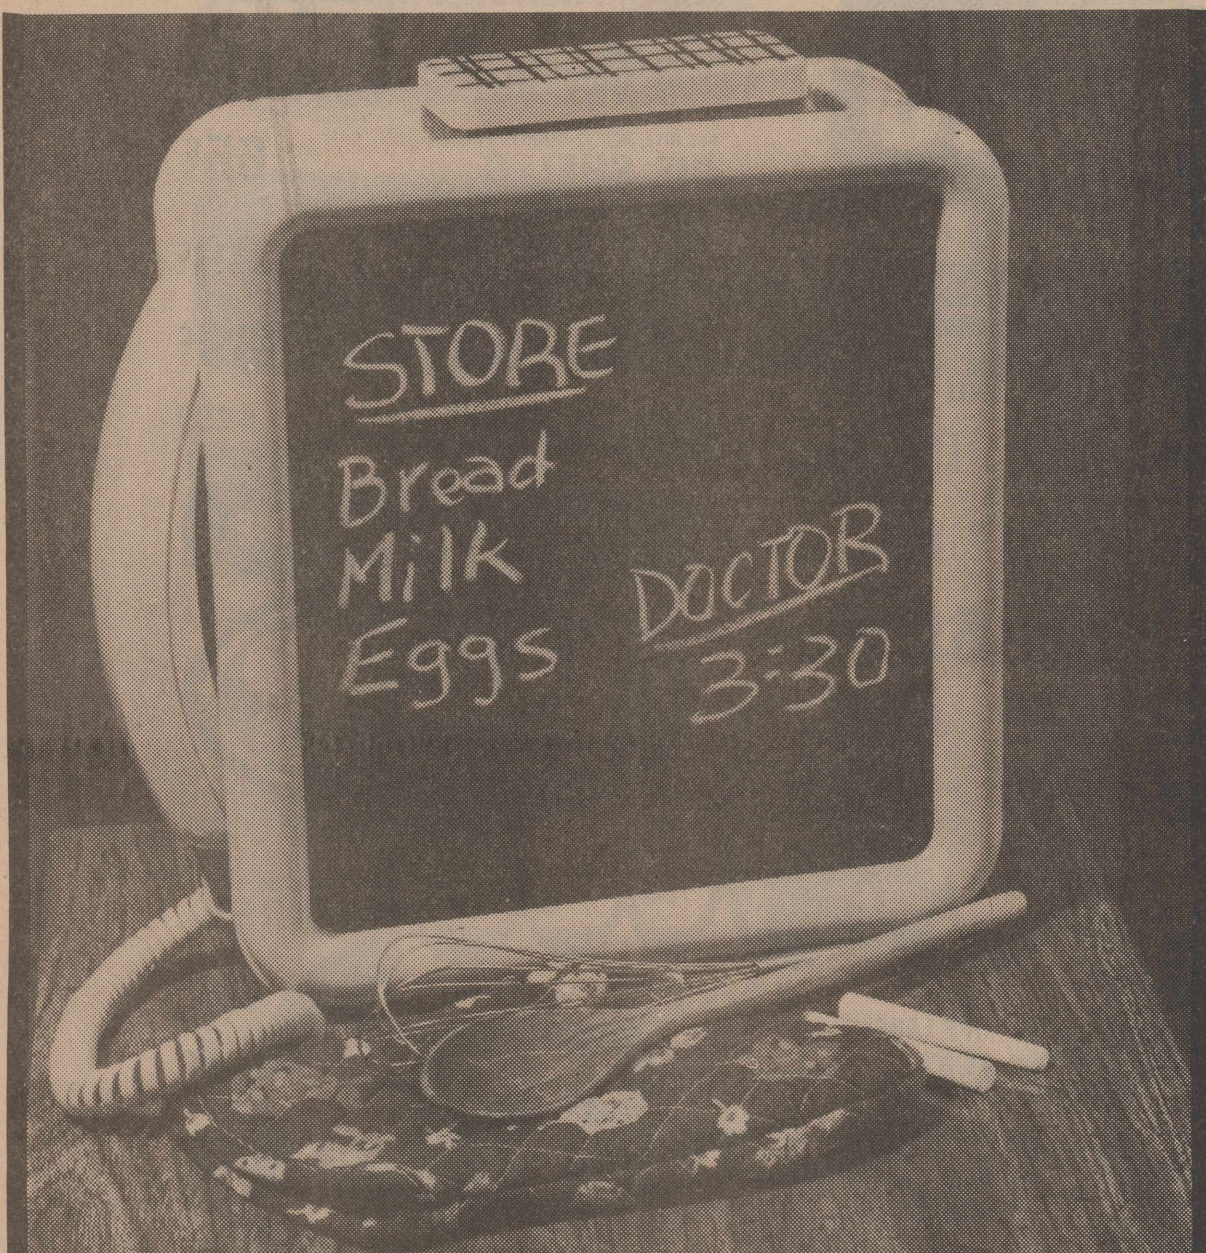

Plant 8244 along with 8311 on your place. You can't beat this pair for consistency and top yield potential!
