

On The BEAM

J. W. KING, SR.

Governor John Connally really stirred up something recently when he proposed that the Legislature legalize the sale of liquor by the drink. Without going deeply in the subject we will guess that the measure will pass because of the great amount of revenue the governor says is needed to operate the state government, and because many people are in favor of it. Personally, I am opposed to the measure because I believe the bad effects will greatly outweigh whatever good may be said for it.

A very brisk norther Sunday night and Monday reminded us that winter is not yet ready to give up though a few warm days now and then make the trees think spring is about here and it is time for the blossoms to appear.

Tuesday morning when we were writing this column, the weatherman forecast a possibility of snow for the area during the night. I am not fond of snow. I would welcome a heavy one if it will bring us moisture.

In the city election this year which is to be held on the 4th day of April, a Mayor and three Councilmen are to be elected to serve for the next two years. At this time we do not know who will be candidates for these places in our city government but the voters need to select them with care. At this time the city is in excellent financial condition and I am sure that most citizens would like to keep it that way.

Sweetwater's Snake Roundup Announced

A committee of the Sweetwater Jaycees are working diligently to make the 1967 - 9th version of the Rattlesnake Roundup more "crowd pleasing" than in prior years, says Larry Panzer, Chairman.

March 10, 11 and 12 has been selected as dates for the activities, including: the Beauty Pageant, where "Miss Snake Charmer" is selected; professional snake handling demonstrations; a dance featuring the Red Raider group from Texas Tech; hunting guides; souvenir and concession area; and new for this year -- organized tourist snake hunts, so that visitors may see a "den" being worked by experienced hunters. This new feature should be particularly attractive to visitors with young children and camera enthusiasts that would not be able to participate in actual hunting.

The sum total of the 1967 Rattlesnake Roundup adds up to more thrills, more spectacle, and more visitors to Sweetwater on March 10, 11 and 12.

Even Mr. Edison would be surprised

Thomas A. Edison predicted great things for electricity and for the electric industry he founded. But if he were alive today, even he would be surprised at the progress that has been made.

He would see many new uses of electricity, such as television, air conditioning and electronic computing, that were only dreams in the minds of visionaries in his time.

He would marvel at giant generating units and ultra high voltage transmission lines that produce and trans-

port electricity with an efficiency and dependability that were not considered possible even a few years ago.

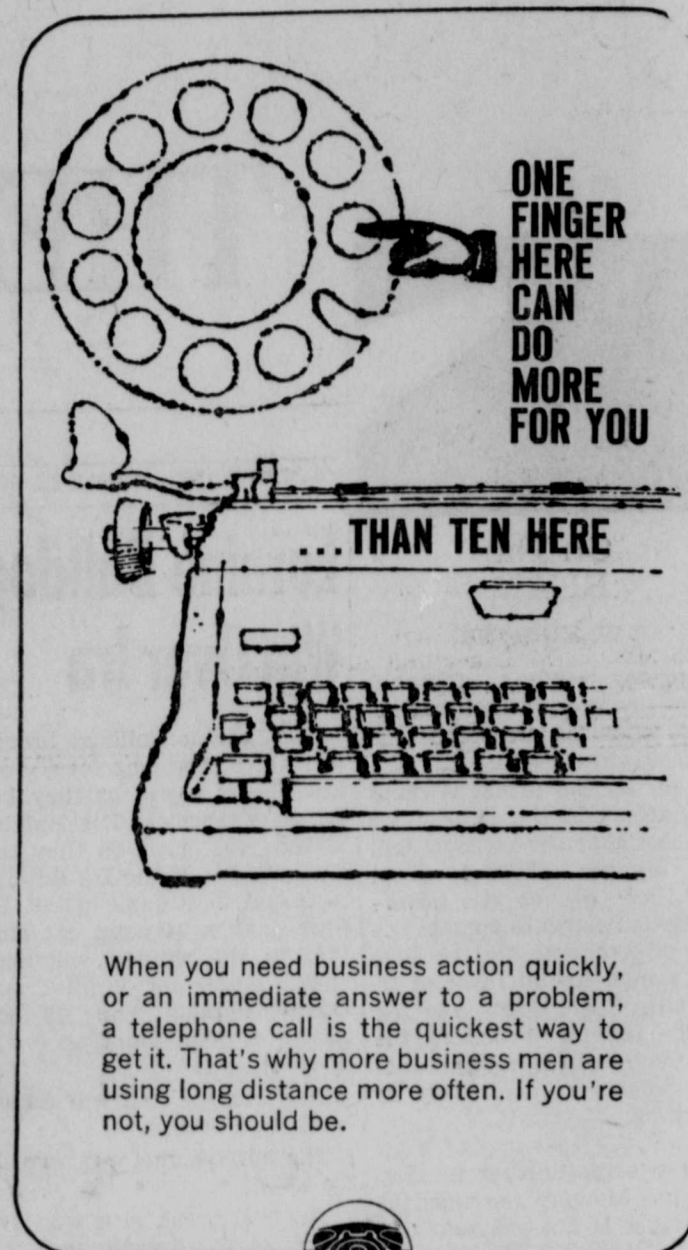

And he would discover that through the use of these and other technological advances, the price of electricity has been kept low, while other prices have gone steadily upward.

Yes, Mr. Edison would be amazed at the growth and development of the industry he founded. And he would be pleased, too, to note electricity's important contributions to progress and better living.

Couple Moves To Singapore

The Rev. J. M. Sibley Sr., former Sweetwater First Baptist Church pastor, resigned as pastor of Calvary Baptist Church in Beaumont last Sunday to assume interim pastor duties in Singapore Calvary Church. Mrs. Sibley is the former Iva Crutcher of Loraine.

Rev. Sibley left the Sweetwater church in 1944 to accept the Beaumont pastorate, where he has served since.

They plan to begin service in the Orient following retirement. He will assume the interim pastorate of Calvary Baptist Church in Singapore in August.

While at the Beaumont church, the couple saw mission work first hand in Europe and participated in the Great Campaign in Brazil. Rev. Sibley took part in the New Life movement in the Orient and the Latin-American Crusade in Texas.

Mrs. Annita Sibley Frasier, a daughter of the couple, is a Southern Baptist missionary in Brazil.

A son, J. Melburn Sibley Jr., and Charles Ray Hawley, husband of daughter Betty Sue, were ordained to the ministry at the Beaumont Church.

Rev. Sibley has served as a trustee of the Southeast Texas Baptist Hospital and Baptist Standard, and has served on the Executive Board of the Baptist General Convention of Texas for 17 years.

Mr. and Mrs. Tommy Linam and little daughter, Jill visited friends in Levelland Saturday.

Grandson In Air Force

Benny made quite a name for himself as a star player for the University of Texas Longhorn football team, where he received his degree. He later coached and has been in law school at the University. He volunteered for the Air Force one year before getting his law degree.

Rev. Doyle Combs of Strawn spent Friday night with his parents, Mr. and Mrs. Howard Combs.

House guest of Mrs. Dottie Marshall this week is her cousin, Mrs. Martha Stalling from Slaton.
