WELLINGTON, COLLINGSWORTH COUNTY, TEXAS 79095 THURSDAY, MAY 5, 1977

Joe Baumgardner hands off to Shane Tarver to put the WHS Skyrocket 440 relay team in the lead on the last leg of the regional race in Odessa.

Wellington to Send 6 Trackmen to State

The Skyrocket track team placed second in the Region 1 meet at Odessa Saturday, April 30, and qualified six men to compete in the state University Interscholastic League track meet at Austin Saturday, May 14.

Stanton's team placed first with 67 points, Wellington had 60.

Coach Phil Bailey's state qualifiers include the sprint relay team of Dan Ford, Jessie Davis, Joe Baumgardner, and Shane Tarver. It was first at Odessa and set a new Class A regional record of 43.6.

Cliff Pennon will go to state in the high hurdles. He was second in region with a time of 14.7, just .1 second slower than first place Robert Beddy of Paducah, with 14.6. Pennon got a slow start and that is what he is working on this week.

Robert Chambers will run the 440 dash. His second place time at Odessa was 50.2. Stanton had a 50 flat.

The mile relay team of Chambers, Davis, Baumgardner, and Tarver will be at Austin. The team was second at Odessa with time of 3:24.6. Stanton placed first with 3:24.2.

Other Wellington points in the regional came from Pennon's fourth place in the long jump, with 20'3/4", and Baumgardner's fourth place in the 220 dash. His time was 22.9.

Others participating were Dane Dodge, a freshman, in

the shot put; Richard Garcia, a sophomore, in long jump and discus; and junior Dickie Moore in the 880 run.

Coach Bailey said the only other freshman at the meet in so far as he knew was Ronnie Waters of Shamrock.

There was disappointment among the Rockets that for the first time this year, they did not bring home a championship. However, they were competing against boys from all over West Texas. Most regional meets could have been won with 60 points, but this time it took a little more, Coach Bailey pointed out.

First place Stanton is also taking four events to state. They had two firsts and two seconds at Odessa; Wellington had one first and three seconds.

The state meet will be run at 1:00 p.m. Saturday, May 14, in Memorial Stadium at the

University of Texas, according to Coach Bailey.

"There are no preliminaries at State. Eight teams--two from each of the four regions--come up there, they are put in their lanes, step down in the blocks and that's it," he said.

Coach Bailey had the highest praise for every member of his team.

"They worked hard, there has been no complaining. They put everything they have into it," he continued. "When these boys go to Austin, they'll be ready to run. They're going to bring as much back for Wellington as they can."

Wellington's state qualifiers will attend a track meet at Texas Tech, Lubbock, Saturday, May 7, at 2:00 p.m. All classifications, from 4A down to B, will run together. It

Honor Graduates Named at Quail

The high ranking graduates of Quail High School were announced this week by Bill Wilson, principal.

The valedictorian is Kathy Guthrie, who is graduating with a grade average of 91.26. David Russell is the salutatorian with an average of 90.86.

Eighth grade honor graduates were also announced. The valedictorian is Kay Guthrie, whose average is 93.73, while Gene Caldwell is the salutatorian. He is finishing with a 86.23 average.

Kathy is the daughter of Mr. and Mrs. Dan Guthrie. Kathy is finishing high school with an impressive list of honors. This year she was named best all round girl, most athletic girl, most likely to succeed, most beautiful and Miss Personality.

She was runner-up for Farm Bureau Queen, editor of the school annual and an officer of Future Homemakers. She was named the girls all-district basketball team three years and this year played in the girls all-star game in Amarillo.

David was chosen Mr. Quail High School. He is also the best all around boy, most courteous and most spirited. He is the first boy to be elected president of the Future Homemakers chapter.

He was also a Future Farmer chapter president, Basketball king and named most likely to succeed.

His parents are Mr. and Mrs. James Allen.

Kay is also the daughter of Mr. and Mrs. Dan Guthrie, while Gene's parents are Mr. and Mrs. Harold Caldwell.

City-Wide Clean-Up Campaign May 8-14

Wellington will go into an intensive clean-up Campaign opening Sunday, May 8, and continuing through Saturday, May 14.

Residential, businesses downtown and along the highways are all involved. Clean-up Week is sponsored jointly by the City of Wellington and Chamber of Commerce.

During the time Wellington people are urged to clean their premises of all trash, rubbish and refuse, and to make this the starting point for a clean, attractive Wellington all summer long.

Lyman Daniel, CC president, and City Manager Tiny Taylor emphasized that this year's campaign is for one week only, due to the heavy schedule under which the city is operating.

However for this one week, all city employees and equipment will devote full time to working in the

clean-up drive, except for unforeseen emergencies. Mr. Daniel and Mr. Taylor jointly announced this schedule for clean-up week:

Tuesday, May 10 will be Free Pickup Day. City trucks will pick up everything that is stacked in alleys, beginning at Haskell and First Streets and working south.

Any property or articles in alleys that is not to be hauled off should be moved out of the alleys and placed on the owner's premises. The City of Wellington cannot be responsible for items left in alleys that are hauled off by mistake.

Those having items too large to be hauled off in the regular city pick-up should call the Chamber of Commerce office, 5848, and special arrangements will be made. There is no limit to the size of the items that can be carried off.

On Thursday, May 12, city employees and community

volunteers will cooperate in one big day of disposing of dead trees, excessive junk that requires front end loaders and dump trucks.

Those with dead trees or other outside items should call the chamber office. The city will not dig up trees, but it will haul off those that are already dead and down.

People cutting down trees are reminded not to let them fall on utility lines.

Vacant lots will receive attention.

Mr. Taylor emphasized that owners or lessees of vacant lots are required to remove trash, refuse, garbage and rubbish at their own expense and keep weeds under control throughout the season for protection against mosquito breeding and harboring places.

However, it has long been a practice for the city to mow vacant lots during clean-up

week, where owners keep them clean and mowable, and this practice will be continued.

Although work will be concentrated during clean-up week, both the city and Chamber of Commerce urge

that the work be continued through the summer by Wellington residents.

"We urge everyone to look around and see what needs to be done around his premises," said Daniel.

City Studies Proposed Law Enforcement Budget

The City Council has had its first look at its part of funding the combined law program for the fiscal year beginning August 1, 1977. Members voiced no criticism, but they will study the proposed budget until their next regular meeting May 16, when they will act on it.

Deputy J.R. Nelson presented the proposed budget for the Sheriff's Department at the council meeting, Monday,

May 2. Mayor Bill Hatch presided and all members were present.

Total expenditure of \$115,363.20, is called for in the proposal. However, fines from justice and county court, projected at \$27,737.88, should cut the actual expense figure to \$87,625.92.

As the county and city share the cost on a 60-40 basis, the county's part would be \$52,575.55 and the city's part

\$35,050.37.

Federal funding, which put almost \$80,000 into the program in two years, has expired, and the full expense must be borne locally.

Besides all present law enforcement duties with the present personnel, the budget covers fire department and ambulance service dispatching duties of the Sheriff's office.

It was emphasized that this is a proposed budget. It is due to be presented to the Commissioner's Court Monday May 9.

It was brought out in the meeting that the last year the city operated its law enforcement separately, it spent almost as much as its part in the combined program will be.

The council passed an ordinance, presented by its legal advisor, Paul Spillman, which duplicates an earlier ordinance setting the rate which Lone Star Gas Company can charge its customers, but adding a penalty clause.

This states that if Lone Star attempts to collect from its customers anything not contained in the rate ordinance, it will be liable for fine of \$200 per offense. Each bill mailed would constitute a separate offense. Lone Star has more than 1300 customers in Wellington.

Councilman Wayne Cudd abstained from voting and Robert Owens, who had not had an opportunity to study the proposed ordinance, said he was voting for it with reservations. Approving were members J.L. Harper, Tom

Templeton Qualifies For State Tennis Meet

Wellington's Lee Templeton has emerged from Region 1 play as the Panhandle's only UIL tennis champion of any classification.

He, along with second place winner Tim Garland of New Deal, will represent the region in Class A. University Interscholastic League state tournament at Austin Friday and Saturday, May 13 and 14.

Two other Panhandle boys, second place winners at regional will be at state, but they will represent Class 4-A and Class B.

It was Templeton's second trip to region. A senior, it will be his last bid for a state championship on the high school level. It is Coach Ronnie Glenn's first time to take a player to state, also. Glenn represented Albany High School in regional competition, but did not reach state.

The state tournament will be held at the University of Texas Intramural tennis courts. As regional champion, Templeton will meet a second place qualifier in his first match Friday. Coach Glenn said. He will play again Friday and one match Saturday.

"This is a big thing for Lee, it's a big thing for me," commented the coach. "Lee went down and kept his cool and won." This was Templeton's second year to go into regional play.

He opened at Odessa Friday with a 6-3, 6-2 win over Andrew Blackmon of Shallowater, then won his second round from Kevin Bruington of Petersburg 6-3, 6-2.

His toughest match came in the semi finals Saturday with Johnny Rosales of Iraan, 6-2, 6-3.

At that point, Templeton knew he would take at the

least second place and go to state. But the big moment came when he took the final match from Garland, 6-1, 6-1.

School Plans Released For Contractor Bids

Final plans for enlarging and remodeling Wellington Elementary School have been released for bids to general contractors, Tom Brown, the school's architect, said this week.

These bids will include construction of 17 classrooms, library and offices, and remodeling and additions to the cafeteria, and remodeling the east wing of the present building. Bids also include an

addition to the Powell field house.

Bids will be received later for air conditioning the high school auditorium and remodeling the high school gymnasium.

Bids will be opened by the school board on Monday, May 23.

Brown said all construction should be completed by February 15, 1978.

To date, four general contractors have told Brown they will make bids: R.M. Wells, Quanah; Claude E. Mathis, Amarillo; Panhandle Engineers, Amarillo, and Speed Fab-Crete, Ft. Worth.

Wilkins, and Lyndon Crelia. Under Texas law, City Councils are authorized to set utility rates. Appeal of these rates by utility companies is to the Texas Railroad Commission, and beyond that, to the courts.

Mr. Spillman said that by passing the ordinance, an effort was made to establish venue, and that any future court action between the City and Lone Star Gas would be tried in Collingsworth County and not in Austin.

In other council action, Mr. Crelia was elected mayor pro tem.

City Manager Glen Taylor was given a go-ahead for the purchase of 4" plastic pipe to be used in improving water delivery from 15th Street to the Airport, swimming pool and ball field, and armory and several individual users.

Present cost of this pipe, tested for 200 pounds pressure, is 90 cents per foot.

The council also gave Mr. Taylor approval to secure for the city any Army surplus equipment which may be needed, and that can be secured without cost.

A new procurement period is coming up to last for three months. After that, all surplus equipment will go to the Army's bid sales, Mr. Taylor told the council.

You can BANK on it!

By BILLY MOSELEY
President
CITY STATE BANK

Two major reasons banks exist are 1) to protect your money, and 2) to lend money. This pertains to the latter reason.

Having the information necessary for a loan is relatively simple if you will prepare three things for the loan officer: a general financial statement, a projection and a personal financial statement.

The general financial statement applies to a business or a specific project and includes a balance sheet and an income and expense statement.

The projection is usually an estimate of future income and expenses. It also shows the banker that you have goals and visions and a way of putting dreams into reality.

The third is the personal financial statement, a useful tool because it provides the banker with the information he's looking for to make his judgment upon.

For personal loans on cars, refrigerators and the like, the personal financial statement would certainly help speed the paper work.

If you need help making one up, come by. We'll be happy to assist you.

"We want to"

Miss Jean Chandler, county Extension Agent.

Jennifer Pendleton won the family resource management activity, which concerns consumer education.

The home environment education activity winner was Peggy Popwell.

Kay Coffee won in public speaking.

These three competed in the senior division.

Also in the senior division Tami Boswell took part in the clothing education activity and Renee Lacy in the Family Life education activity, which concerns child development and family relations.

In the junior division, the Share the Fun team presented a skit, "Me and My Shadow." Taking part were Melanie Pendleton, Leigh Myrick, Renee Owens, Stacy Weatherly, Lisa Vaughn, Debbie Bergvall, and Valerie Van Pelt.

Mrs. Bartlett Home from Calif.

Mrs. Georgia Bartlett returned home Monday, May 2, after a month's visiting relatives.

At Albuquerque, N.M. she was the guest of her daughter, Mr. and Mrs. Gene Cook.

In Manteca, Calif., she visited her sister, Mrs. Tincy Miracle, a former Wellington woman who moved only recently from Grandfield, Oklahoma, to California.

The two visited many points of interest, including Lake Tahoe and Reno, Nevada.

Among the things they did in San Francisco was visit Fisherman's Wharf.

They rode the new BART system, San Francisco's underground rapid transit train. At the other end of the transportation scale, they rode the famous San Francisco trolley.

Mrs. Bartlett visited her daughter in Albuquerque again as she returned home.

Competing in landscape horticulture were Jannon Thomason and Danna Jameson.

This win came just two weeks after Miss Chandler took over her work here. Prior to this time, while the county was without a home extension agent, mothers of the girls carried on the 4-H Club work.

Those who went with the girls and Miss Chandler were Mrs. Troy Thomason, Mrs. Bob Weatherly, Mrs. Dick Pendleton, Mrs. Robert Lacy, Mrs. Jim Boswell and Mrs. John Coffee.

Lt. Parrigin Officer With Region 5, DPS

Lt. Van Parrigin of the Texas Department of Public Safety, Lubbock, was in Wellington recently for a routine visit and also to see his parents, Mr. and Mrs. Marcus Parrigin.

Assigned to the Drivers License Division, he is assistant to Capt. Holloway

Shelton, who is in charge of that service for Region 5.

Mr. Parrigin has supervisory duties over three sergeant areas, which geographically cover more than half the Panhandle.

In December he attended a two-weeks course at Northwestern University, Evanston, Ill. This was the last of the four-unit course in Driver License Administration he has attended, sponsored by Northwestern University Traffic Institute and the American Association of Motor Vehicle

Those enrolled were traffic law enforcement administrators, motor vehicle enforcement administrators and representatives state police organizations.

Twenty-five states and Canadian Provinces were represented.

Lt. Parrigin also is enrolled in the Wayland College Law enforcement degree program, attending its extension division in Lubbock.

Mr. Parrigin and his wife, Marjie, have three children, Gail, 13, Sue, 10, and Larry 6. Since the family moved across the street from a school a short time ago, Mrs. Parrigin has become a school crossing guard.

The DPS officer grew up northwest of Wellington and graduated from Quail High School.

Hospital District Keeps Tax Rate, Value

Collingsworth General Hospital Board set the county hospital tax evaluation and tax rate at the same level as last year, 25% valuation and 70 cents rate per \$100 valuation in a special meeting Monday, May 2.

The board also discussed plans to comply with building requirements of the Joint Committee on Accreditation of Hospitals. After the meeting the board toured the second

story area of the hospital which housed surgery and delivery rooms. New flooring has recently been installed over the old terrazzo floors to preclude the possibility of electrical shocks.

The board canvassed last month's election where Clyde Drake received 247 votes, J.D. Howell 252, and Truett Holland 268. Otis Emmert was elected president, Clyde Drake vice president and Tom Cunningham secretary.

Sales Tax Rebate Up 23% Over 1976

Sales taxes received by the City of Wellington for the first three months of the year are up 23 percent over taxes for the same period in 1976.

Figures released by the office of Comptroller Bob Bullock show that Wellington has received \$15,859.86 in sales tax rebates through March 31.

A year ago, that figure was \$12,792.95.

The March rebate amounted to \$2,907.66, and that is a big jump from the \$1,306.08 received in March 1976.

Sales taxes are computed by the calendar year, not the fiscal year.

In January, Wellington received \$1,923.10 in sales taxes, \$1,154.63 in February and \$9,874.47 in March.

Merchants and others who collect sales tax make payments to the comptroller's office on a quarterly basis, although taxes are remitted to the cities each month. Due to this, checks for the first two

months of each quarter are small, that for the third month, when taxes are paid, is much larger, explained City manager Glen Taylor.

Money remitted for the first two months comes from delinquent payments, penalties, and from merchants who must pay their sales taxes by the month.

The Comptroller's Office has historically retained 4.76 percent of the cities' sales tax collections to cover refunds or bad checks. Bullock said this amount has been reduced to 2 percent, so that cities now will receive nearly 3 percent more of their sales tax promptly for spending or investment.

Even without the change, he notes, "city sales tax collections are running a healthy 18 percent ahead of last year."

Bullock also asked merchants to refrain from changing the due dates and period dates on the printed sales tax return forms

Coleman DAR Guest Speaker

John Coleman was guest speaker at the dinner meeting of La Paisana Chapter, Daughters of the American Revolution, Monday, April 28, comparing the freedoms offered by the United States with those of Russia.

He elaborated on the 200 years required to develop the United States to its present position, and urged that the communism be counteracted by the strength of democracy.

As a free man, Mr. Coleman told the group he has had a wonderful life.

Mrs. Dee Coleman gave the DAR national defense report. She read report of the energy problems by the nation's president, then added that the president was Franklin D. Roosevelt, writing in 1939. She also reported on Russian attempts at weather modification.

Miss Maudie Coffee, regent presided at the meeting, which was in Cherokee Inn dining room.

Present were Mrs. J.D. Coleman, John Coleman, Mrs. W.L. White, Mrs. Jennie Holcomb, Miss Hattie D. Wells, Mrs. Jack Davis, Mrs. Frank Fourmentin, Mrs. Rita Fourmentin, Miss Rita Lowrie,

Wedding Shower Saturday Compliments Miss Jan McGill

The home of Mrs. Calvin A. Hurst was the setting Saturday afternoon, April 30, for the wedding shower honoring Miss Jan McGill of Amarillo, who will be married this month to David Hodges.

Joining Mrs. Hurst as hostesses were Mrs. Henry Sullivan, Mrs. Leon Hartman, Mrs. Billy R. Long, Mrs. Ben Ratliff, Mrs. Joe Wood, Mrs. Robert Lewis, Mrs. Jimmy Cochran, Mrs. Bill Hatch and Mrs. P.M. Scott.

Mrs. Hurst received the guests and presented them to Miss McGill, her mother, Mrs. Sam McGill, and the mother of the prospective bridegroom, Mrs. Raymond Hodges.

Miss Sandra McGill of Amarillo, sister of the

honoree, registered the guests at a table decorated with a bouquet of apricot iris. Floating candles in matching color, silver wedding rings holding a shower invitation, and a pair of white lovebirds completed the arrangement.

Hostesses alternated in the three rooms where gifts were displayed, in each were arrangements of spring iris and roses.

Guests were served by Mrs. Jerry Lewis, Mrs. Ron Hodges of Ft. Cobb, Oklahoma, and Mrs. Andy Henard.

Approximately 80 guests called during the afternoon. Coming from out of town were Mrs. Roy Collins of Dalhart, Mrs. Dick Hodges and Mrs. Ron Hodges of Ft. Cobb.

Quick Meals Also Tasty

COLLEGE STATION---Homemakers can rival fast food stores in quick meal preparation--planning is the key, Mrs. Mary Sweeten, a foods and nutrition specialist, says.

The best use of time can be made by starting first with food that requires the longest preparation time. Each food is then prepared in the order of time it takes, the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said.

Prepared, partially prepared and frozen foods are one aid to lessen preparation time.

"Also, oven meals make wise use of time because the entire meal, except for the salad, can be prepared and placed in the oven to cook--eliminating the time watching the food. This gives the homemaker time to do other tasks while the meal is cooking.

"In planning oven meals consider these factors: all foods should cook at the same temperature for the same period of time. Sometimes main courses may be placed in the oven for a longer period and vegetables added later, such as Swiss steak and broccoli."

Another timesaver is one-dish meals which often can be prepared in the early part of a busy day and cooked or reheated just before mealtime. Less expensive meats can be used, and this is also a good

way to handle leftovers. Some one-dish meals such as lasagna can be frozen, making a meal much easier to get on the table, Mrs. Sweeten said.

"Broiler meals--done over hot coals, under a gas flame or an electric unit--simplify dish washing, because the whole meal can cook in one pan. Intense heat shortens cooking time. Foods selected should cook the same length of time, or foods requiring less cooking time can be added later.

"Another type of quick meal is top of the range meals. These can be put together and placed on the range to cook while the homemaker is setting the table, tossing the salad and fixing the beverage for the meal. They should be planned around a protein food such as meat, eggs, cheese, fish, dried peas and beans," the specialist advised.

"One of the fastest methods uses the pressure saucepan, which cooks foods in one-third the usual time. Pressure saucepans save fuel, food value, flavor and freshness. Also, they can be used to cook the part of the meal that takes longest, while the other foods cook by the usual method. When cooking a combination of foods in a pressure saucepan, only enough food for the meal should be cooked, because flavors tend to mingle as foods cool."

Meals from the freezer simplify meal preparation when time is short.

Family Gathering Sunday Honors Mack Horton on 80th Birthday

Children, grandchildren and other relatives of Mr. and Mrs. Mack Horton were hosts at a dinner Sunday, May 1, for an early celebration of his 80th birthday.

Although his real birthday is May 6, this was the time the family could come home.

The dinner was served in Bura Handley Community Center at noon.

Mr. Horton moved to Collingsworth County, and to the Lillie community, January 3, 1915, from Wilbarger. He

still lives on his farm there, although he has retired from farming. He still grows a good garden each year.

He finished school at Lillie and on February 21, 1926, married Miss Modene Austin.

Mr. Horton was a long-time choir director of Lillie Baptist Church, a deacon, and taught a Sunday School class until the church disbanded last year.

He was a school trustee and enthusiastic community worker.

The evening was filled by singing, taking pictures and reminiscing.

The large birthday cake was topped by a farm scene, complete with miniature house, red barn, horses, cows, chickens, tractor and even a tiny dog, all depicting Mr. Horton's farm life.

These were soon dispersed among his younger grandchildren.

Their four daughters, who attended with their children were:

Mr. and Mrs. Thomas McGarry and children, Mr. and Mrs. Mark W. Ellis and Tamara, Mr. and Mrs. Tommy McGarry, and Mr. and Mrs. Ricky Dunn from Oklahoma City;

Mr. and Mrs. Raymond Barnett and children, Debra,

Karl Ray and Mr. and Mrs. Tony Whisenhunt; Mr. and Mrs. George Younger and children, Gary and Ellen; and Mrs. Shirley Crow and daughters, Michele and Ladena, all of Amarillo.

Others attending were Mr. and Mrs. Glenn Horton and Mrs. Bill (Della) Stafford of Littlefield; Mr. and Mrs. Clifford Austin and children, Mrs. Debbie Slaughter, Mrs. Cliffla Mae Young and Mandy Austin, Ronnie Austin and Mrs. Karen Farrar and twins, Terry and Sherry of Plainview;

Mr. and Mrs. E.W. Curtis and Mrs. Ida Austin of Amarillo; Mr. and Mrs. J.W. Martin and children, Don and Jamie of Crowell and Mrs. Joe Blackshear, Jodi and Hattie of Erick, Okla.,

Joining them were Mr. and Mrs. Alvin Horton, Mr. and Mrs. Ernest Harwell, Mr. and Mrs. Raymond Horton, and Mrs. Weldon Cleveland and granddaughter, Shanna Cleveland;

Other guests were Mr. and Mrs. S.H. Manuel, Mrs. Dollie Mae Wilson, Bill Wilson, David Russell, and Mr. and Mrs. Henry Langford, Clarence Littleton,

Also Dicky Smith of Amarillo, and the guest of honor, Mr. Horton and Mrs. Horton.

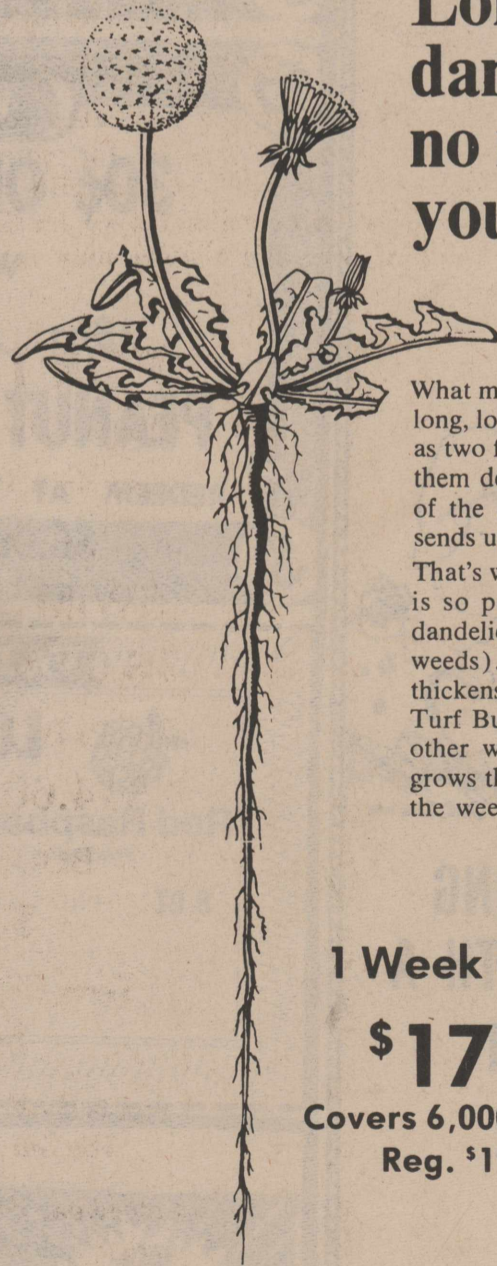

Personal

Visiting Mr. and Mrs. Rufus Jones over the weekend were their granddaughter,

Mr. and Mrs. Keith Bailey, Coleta and Jessica of Aurora, Ill., Mr. and Mrs. Tommy Smith of Wheeler, Clyde Smith of Woodward, Okla., Mr. and Mrs. Jerry Hamby, Don, Nolan, Kevin and Michelle of Amarillo and Mike Berry of Wellington.

Nancy Lindsey attended the Hair Fashion Show in Lubbock May 1 while her parents Judge and Mrs. Zook Thomas, and children DeJone and Diana visited with Mr. and Mrs. Joe Darden of Lorenzo. Mrs. Lindsey also attended a meeting of hairdresser's Affiliate #13 in Amarillo on May 2.

Long root or not, dandelions are no match for you now!

What makes dandelions so tough? It's their long, long roots. Some grow down as much as two feet into the soil. Digging or pulling them doesn't work, since you can't get all of the root. And the part that's left just sends up a new dandelion to take its place. That's why Scotts TURF BUILDER® PLUS 2® is so popular. It gets rid of the whole dandelion--root and all (plus forty other weeds). At the same time, Scotts Plus 2 thickens your lawn with a full feeding of Turf Builder fertilizer. So dandelions and other weeds fade away while your grass grows thicker and greener, filling in where the weeds used to be.

Personal Development Duo Gives B&PW Club Program

The personal development committee of Business and Professional Women's Club, Mrs. Claud Smith, chairman and Miss Myra Hays, co-chairman, presented the program at the dinner meeting Tuesday, April 2.

Mrs. Smith spoke of the role of women in the United States' third century. For women, history has never moved so fast as in the last few years, and they have made major legal, political and personal progress. She gave the credo of John D. Rockefeller, Jr., which ends: "I believe that love is the greatest thing in the world; that it alone can overcome hate; that right can and will triumph over might."

Miss Hays gave a resume of an article by Mrs. Liz Carpenter, on the new first lady, Rosalynn Carter. She has set up plans on mental health, ratification of the Equal Rights Amendment in three additional states, and concerns for the aged as some of her priorities. She works on these plans with a staff of 18. Her background includes experience as a legislative wife and as Georgia's first lady for four years.

The meeting was held in Bura Handley Community Center. Mrs. Rufus led the group singing.

Mrs. Lynn Wright, president, directed the business session. Delegates to represent the club at the state convention in Ft. Worth June 10 to 12 will include Mrs. Wright, Mrs. Ernest Harwell and Mrs. Goldie Barnett.

Allreds Host Steak Dinner For Wellington Senior Boys

Mr. and Mrs. Louis Allred hosted a steak dinner at Cherokee Inn Restaurant for boys of the Wellington High School senior class. This was given Wednesday, April 27. Their son, Don, is a member of the class.

Tables were covered in red and white checked tablecloths. Red and white flower arrangements were used in the centerpiece.

A cake, shaped and decorated in the form of the Rocket Express activity bus was placed on the head table, then cut and served to those attending.

Future Homemakers Attend State Convention April 21-22

"Shaping An Unfinished World" was the theme for the annual meeting of the Texas Association, Future Homemakers of America when more than 6,500 junior and senior homemaking students and their advisors met at the Astroarena in Houston, April 21-22.

Representing the senior FHA Chapter of Wellington High School were Debbie Stallings, Terri Vassey and Susan Kimbro. Sponsors accompanying them were Miss Nancy King and Miss Sue Wright.

An important part of the event was a series of twelve workshops with topics such as "Child Abuse", "Wanted:

Healthy Babies", "Future Family, 1998", "Family Situations and Problems", "Food Abuse" and others.

Keynote speakers were Reverend Dan McBride and Joseph N. Sorrentino. McBride is a well-known musical satirist whose subject material includes the lighter side of grass roots issues affecting modern society. Sorrentino is a nationally-known Los Angeles juvenile court judge who recently was the subject of the CBS news show "60 Minutes." He spoke of his personal experiences as a former longtime lawbreaker and now a lawyer who has served on the bench.

First Baptist Honors WHS Seniors With Banquet on Friday Evening

The WMU of First Baptist Church honored members of graduating class with their annual banquet Friday evening, April 29, at the church fellowship hall.

The Rev. Mickey Fugitt, pastor, was the banquet speaker, using as his subject, "A Song in the Night."

The banquet theme was from the popular song, "I'd Like to Teach the World to Sing." Decorations were pink worlds with floral arrangements in spring colors.

Glen Mize, music and education director gave the

invocation and introductions were by Mrs. Charles Cason, Sr., WMU director.

"A Time to Remember" was by Darla Dodge, class president, then Mr. Mize sang the theme song, "I'd Like to Teach the World to Sing."

The last to appear on the program, Rev. Fugitt based his talk on the scripture of Paul and Silas in prison.

Although they were prisoners, they could sing, he reminded the seniors. He then urged them to keep a song in their hearts--and Jesus in their lives--a lesson they should

learn young.

A chicken enchilada dinner was served.

Seniors and guests who registered included Rodney Myrick, Mr. and Mrs. Glen Mize, Rev. and Mrs. Mickey Fugitt, Mrs. Lonnie Roberson, Louis Graham,

Mr. and Mrs. Raymond Hodges, Janee Taylor, Debbie Stallings, Ranece Taylor, Tina Powell, Kathy Trimble, Cynthia Black, Tony Cox, Don Allred, Mr. and Mrs. Bob McAlister,

Also Brenda Willis, Robert Norris, Audie Watson, Bob Cummings, Harrell Lowe, Jim Hiett, James McCann, Suzy Castleberry, Kay Coffee, Rhonda Hernandez, Debbie Moore,

Larry Adams, Darla Dodge, Kathy Patterson, Terrie Vassey, Rhonda McClendon, Kim Cannon, Mr. and Mrs. Melvin Cardwell, Penny Morgan and Mary Catherine Romo.

Servers were Teresa Hodges, Connie Langford, Kim Judd and Debbie Wood.

Mrs. C.T. Hubbard was general chairman for the banquet, assisted by Mrs. Charles Cason, Sr. Members of the food committee were Mrs. E.H. Harwell, Mrs. Rufus Sweat and Mrs. Bill Harbin.

Community Honors Band at Banquet Thursday Evening

The annual band banquet, one of the highlights of the school year, will honor That Skyrocket Band, Thursday, May 12, at Bura Handley Community Center.

It will begin at 8:00 p.m. Special awards will be presented, according to Cleland Stallings, who is directing the school bands.

That Skyrocket Bandsman is a special award given to the student other members believe has given the most to the band's progress.

The Arion Award will be presented to the student selected by the high school faculty as the band member it believes is most academic, has the most community pride, is

an asset to the community, and has shown a desire for self improvement while helping others.

These presentations, along with others, will be part of the program.

Special entertainment will be provided by a talented musician from out of town, according to Mr. Stallings.

While the band banquet is a high point in the career of all Skyrocket musicians, it is especially so for the seniors, who this year are Kay Coffee, Tim Cummings, Kim Cannon, Suzy Castleberry, Rhonda Hernandez, Penny Morgan, Debbie Moore, Susie Patrick, Sonya Scott, Debbie Stallings, Janee Taylor, Ranece Taylor, Terrie Vassey and Brenda Willis.

Banquet tickets are available from Mrs. Robert Lacy or from the mothers of senior band students.

Plans Announced For Hay Camp

Immediate and longer range plans for Hay Camp Country Club were announced this week by the new owners, Ronald Trafton and Tony Freeman of Amarillo.

The two completed the purchase of the historic facility from the Small Business Administration last week.

The owners underlined Mr. Trafton's earlier promise that initiation fees paid during the previous ownership will be honored, but dues must be received by May 15 in order to keep memberships current.

Mr. Trafton told The Wellington Leader Tuesday, May 3, that they hope to complete a deal for operation of the club and restaurant within the next week. The liquor license for the club should be here by the end of this week, but it will probably be the end of next week before it is open. The swimming pool is scheduled to open in mid-May.

Since it is the owners intention that Hay Camp will soon be operated as a members only club, a membership drive will open in the near future.

Until then, in the interest of fiscal soundness, non-members will be permitted to use the facilities on a "pay as you go" basis. This practice will be discontinued before the facilities are permitted to become crowded.

Two golf tournaments will be held at Hay Camp this summer, an announcement of interest to those who took such pleasure in the course last year.

C.T. Hubbard, president emeritus of the Wellington State Bank, is working with the owners to form a board of directors, which will meet in the near future to formulate plans. Both men and women will be named to the board.

There will be neither hunting nor fishing permitted on any of the Hay Camp land, said Mr. Trafton. Cover will be planted for the quail and a feeding program for the turkeys will be started.

It is the hope of the new owners to restore the game conservation policies it knew as part of the Mill Iron Ranch.

Present members have received a schedule of fees and charges effective May 1.

There are two types of membership: full family, which carries all privileges, and which has an initiation fee of \$300 and monthly dues of \$30; and associate membership, with a \$50 initiation fee and \$10 monthly dues.

Associate membership covers the club, restaurant and swimming pool, Mr. Trafton said.

Golf course green fees for non-members and guests are \$4.00 week days, \$5.00 Saturday, Sundays and holidays.

Golf cart rental is \$4.00 for 9 holes and \$7.00 for 18 holes. Cart storage is \$15 per month.

Non members and guests will pay \$1.00 for swimming privileges.

J.H. Jones, Dies Suddenly Early Thursday

Jess Henry Jones, 73, was dead on arrival at Collingsworth General Hospital Thursday, April 28, at 8:00 a.m.

He was stricken at his home at 409 Ennis Street, and his death was attributed to natural causes. Mr. Jones was a farm worker.

Funeral services were conducted at 2:00 p.m. Tuesday, May 3, at the Church of God in Christ, Elder N.C. Coffey of Amarillo, pastor, officiated, and burial was in Fairview Cemetery, under the direction of Kelso Funeral Home.

Mr. Jones was born June 1, 1903, in Paris, Ark. He came here in 1968 from Altus, Oklahoma.

Mr. Jones was active in the work of the Church of God in Christ.

Survivors are his wife, Mrs.

Soldier Escapes as Carrier Overturns

A Wellington soldier, Spec. 5 Daniel Martinez, 22, survived a mishap at Ft. Hood in which an armored personnel carrier overturned in 15 feet of water late Tuesday while fording Cowhouse creek during a night training maneuver.

One man survived 11 hours in the sealed, tank-like vehicle by breathing air trapped in it. He was identified as Spec. 4

Rafael Pagan-Perez, 22, of Castant, Puerto Rico.

As the vehicle was swept 25 meters downstream, Martinez and Pvt. Michael Joseph, 18, of Phoenix, Arizona, swam to safety.

Two men are missing. Martinez family was not aware of the incident when contacted Wednesday morning.

County Travel Benefits \$2 Million

AUSTIN, Texas (Special) - Collingsworth County received \$2,144,000 of the state's \$5,306,118,000 travel receipts in 1975, a national study commissioned by the Texas Tourist Development Agency has disclosed.

In addition to gross receipts, the study found that Collingsworth County had 90 of the state's 207,676 travel-related jobs, with an annual payroll of \$428,000.

It also estimated \$83,000 in State and \$18,000 in local taxes were paid by visitors.

The study was done by the U.S. Travel Data Center in Washington, D.C., an independent travel research organization funded jointly by public and private sectors.

It was based on the Center's Travel Economic Impact Model, which for the first time, breaks out a state's share of the national travel market on a county-by-county basis.

The model measures the economic impact of all travel involving overnight trips away

from home, and day trips at least 100 miles or more from home. Thus it includes travel by Texans as well as out-of-state visitors, for all purposes.

It includes estimates of the traveler's spending at home in preparation for the trip, his spending en route, and that at his destination.

Basic data for the model comes from the National Travel Survey, conducted every five years by the U.S. Census Bureau, and from the Center's own National Travel Expenditure Model.

It was the latter which, last year, estimated that Texas had dislodged New York for third place in the nation's 175 billion travel industry. Only California and Florida now outrank Texas, the Center said.

"We're pleased that travel research techniques have finally developed to the point that states can determine where, within their boundaries, travel dollars are spent and travel-related jobs exist,"

said Frank Hildebrand, executive director of the Texas Tourist Development Agency.

"Now we can trace travel's considerably economic impact

on a county-by-county basis, observe changing patterns annually, and help direct the rapid growth of this burgeoning industry."

CJC Biology Students Tour Southeast Texas

A visit to the Big Thicket near Livingston and the Alabama-Coushatta Indian Reservation at Woodville, were highlights of four-day field trip into Southeast Texas for six Clarendon College biology students.

Included were Lenora Oatman, Quail sophomore, and Bill Havens, Wellington freshman, also Gary Dorman and Theresa Heard of Vega; Connie Ferguson and Suzanne Lane of Turkey. Sponsors were David Lowrie, instructor, and his wife.

The first stop was with Henderson County Junior College biologist Vernon Price, studying trees of the Piney Woods at Athens. The

following morning, they began their day and a half tour of the Big Thicket.

Mrs. Geraldine Watson, Thicket naturalist and curator of the Lamar University Herbarium at Beaumont, conducted the lectures and tours.

In addition to common flora of the region, the group observed the carnivorous pitcher plants and sundews, along with two species of orchids, all indigenous to the area.

On the return trip, stops were made at the Indian reservation, and at the Dinosaur Valley reptile gardens in Glen Rose.

McLain Presented Scout Merit Award

The Boy Scout District Merit Award, highest given on the district level, has been presented to Glenn McLain.

The Wellington scoutmaster received the honor at the Buffalo Wallow District appreciation dinner in Canadian Thursday night, April 28.

Mr. McLain began his scouting work in Canadian in 1951, when he became leader of a Webelos group. After he moved to Wellington in 1957, he became scoutmaster of Troop 31. In later reorganizations, he reactivated Troop 32, now Troop 232, about 1965.

Wellington has been a part of the Buffalo Wallow District until only recently, when a change of district lines placed the county in the Santa Fe District.

Other towns in the district include Pampa, Shamrock, Clarendon, Memphis and McLean.

Mr. McLain has three sons,

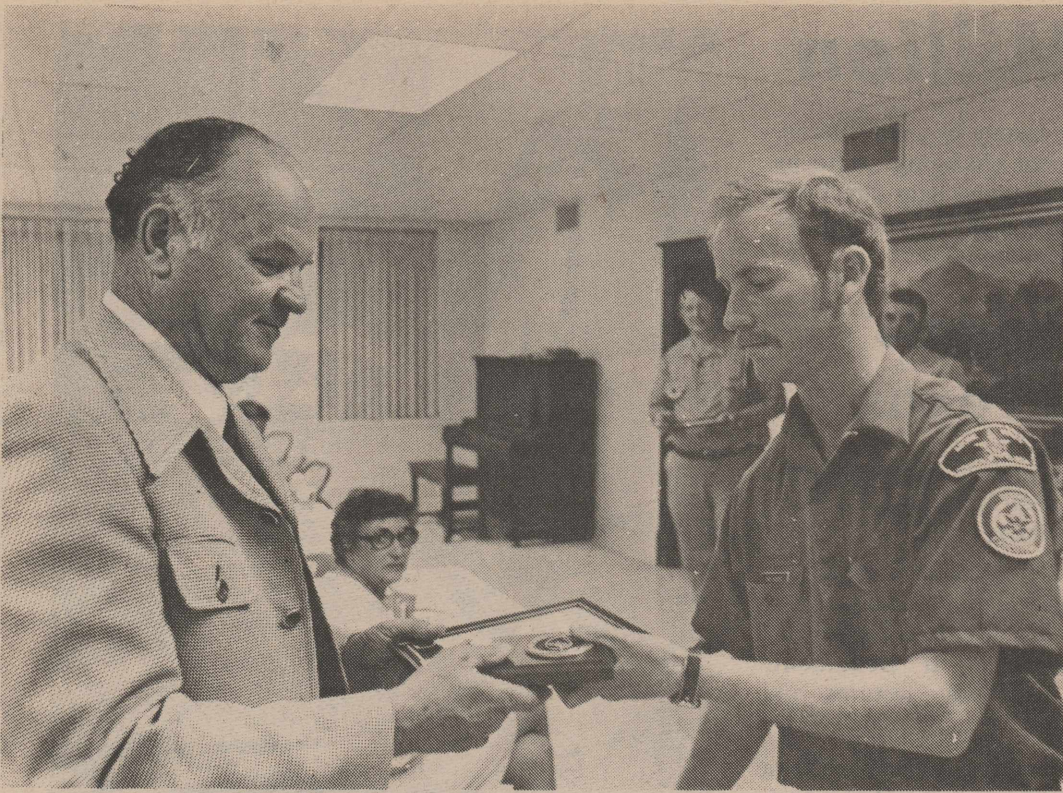

two of who are Eagle Scouts and the third a Life Scout.

Mrs. McLain accompanied him to Canadian to receive the Merit Award.

Glenn McLain, Wellington Scoutmaster, receives a District Award of Merit from Scout Executive Gary Rogers at a Buffalo Wallow District Boy Scout Awards banquet in Canadian Thursday night.

Thomas Nursing Center Plans Open House on Mother's Day

Residents will be honored during Nursing Home Week, May 8-14. The annual observance is sponsored by the Texas Nursing Home Association whose official host this year is the famous Kentucky Colonel, Harland Sanders of Louisville, Ky.

In joining the program Trusten Thomas, Jr., administrator of the Thomas Nursing Center announced an Open House on Mother's Day Sunday, May 8, from 2:00 to 4:00 p.m. Theme of the week is "Be a good neighbor...visit a Nursing Home."

Thomas Nursing Center, the county's only nursing home facility, has 79 residents and is licensed for 84.

Mr. Thomas and his mother, Mrs. Beatrice Thomas, entered the nursing home business in Wellington about 15 years ago and after operating the home on 15th Street a number of years, moved to the present location at Childress and 16th Streets April 1, 1974.

It is owned by a family corporation, which includes Mrs. Thomas and her children, Tommy Thomas, Billy Thomas, and Mrs. Patricia Rudy.

"This is an all-out effort by our profession to urge people in every community to take time for a personal visit and a close look into the operation of today's licensed nursing homes," said Mr. Thomas. "We can provide every need of our residents except one...we can't make them know that the community cares about them. This special week gives everyone a chance to show that the people in the community do care about their neighbors in nursing homes."

"America is experiencing a dramatic rise in need for more and better health care

facilities, and nursing homes are meeting that need with continuing expansion of services and facilities," he continued. "We want everyone to know what our nursing home is really like, and about the total care we administer to our residents. A visit during open house will be a big step in that direction."

Residents of Thomas Nursing Center are Mrs. Effie Phillips, Mrs. Bama McKay, Mrs. Dovie Biffle, Mrs. Lou Rankin, Mrs. Pearl Hammons, Gabriel Smith, Willie Colson, Murd Johnson, Walter Dean, Charles Turner, Mrs. Ethel Harrison, Mrs. Mamie Goforth, Mrs. Rebecca Coleman, Mrs. Edna Downing,

Mrs. Jordan Dies April 28 At 82 Years

Mrs. Alma Bell Jordan, 82, died in Collingsworth General Hospital Thursday, April 28, at 12:15 p.m. She had been in failing health a number of months and lived at Thomas Nursing Center.

Prior to that, she made her home with her brother, W.A. Colson, 200 7th Street.

Funeral services were conducted at the Church of Christ at 3:00 p.m. Saturday, April 30, with Min. Tom Anderson officiating. Burial was in the family plot in Fairview Cemetery under the direction of Kelso Funeral Home.

Pall bearers were nephews, Floyd Colson, Clyde Colson, Charley Colson, Jack Colson, Tommy Colson and Cecil Colson.

Mrs. Jordan was born September 11, 1894, in Tennessee. She first came to Collingsworth County with her family in 1918 from Foard County.

She was married to C.A. Jordan of Arnett Community in 1920 at Wellington. The couple farmed here until 1943, when they moved to Dimmitt. They continued to be engaged in farming until his death March 17, 1961.

Afterwards she returned to Wellington.

Mrs. Jordan was a member of the Church of Christ.

Survivors are her brother, W.A. Colson, 7 nephews and two nieces.

Insure your property against flood damage for as little as 25¢ per \$100 of protection.

If you live in a designated flood-prone area, your single family home can be protected against flood damage from \$35,000 up to \$70,000 for a reasonable cost.

Most other private and public buildings and their contents can be insured at comparably reasonable rates.

This is possible under the National Flood Insurance Program, a joint undertaking of the federal government and the insurance industry.

Floods can happen at any time, causing untold amounts of damage. Causes range from Spring runoff to Summer storms to Autumn hurricanes.

So be prepared. Check with your local property/casualty insurance agent. Find out if your area is eligible for the federal flood insurance program.

If so, apply for your flood insurance now. Because there's a mandatory 15-day waiting period before it goes into effect.

Don't let your future be swept away.

Martin Heads Beef Taskforce in County

Wayne Martin, Wellington, has been appointed Collingsworth County chairman for the Beef Development Taskforce. (BDT).

A national organization of cattle producers, the BDT has proposed a Beef Market Development Program to promote the industry through increased consumer education, research and foreign market development.

The Taskforce hopes to raise \$30 to \$40 million per year for the Program. More than 80 cattle organizations have endorsed it. Cattle producers will register and vote on the Program this spring.

As BDT county chairman, Mr. Martin will be organizing campaign efforts throughout Collingsworth County.

As BDT county chairman, Mr. Martin will be holding producer meetings to discuss the upcoming Beef Research and Information referendum.

"We want to make certain

that every cattle producer in the county understands how much he personally stands to gain from the Beef Market

Development Program," Mr. Martin said.

He said the beef industry needs to do more educational work with consumers, expand nutrition and production research activity, improve ways to market and handle cattle and tap huge foreign markets now able to buy high quality American beef.

BARBARA KINDIE

Barbara Kindie Graduates from Nursing School

Mrs. Barbara Hanna Kindie will be among the 74 graduates to receive diplomas from Northwest Texas Hospital School of Nursing on Thursday, May 12.

Following graduation, Mrs. Kindie will be eligible to write the State Board Examination for licensure as a professional registered nurse.

Mrs. Kindie, who will be remembered as Barbara Daves, formerly lived here and attended Clarendon College two years before enrolling in Northwest Texas Hospital School of Nursing. She was employed at Collingsworth General Hospital.

She and her husband, Stan Kindie, were in Wellington over the weekend to visit her two daughters, Carol Ann and

Connie Daves, and her sister and brother-in-law, Mr. and Mrs. Kenneth Patterson.

She has three other children, Alceia, Patty and Royce Lee of Amarillo.

In addition to her studies, she also works at Northwest Texas Hospital.

How to Battle Bureaucracy

Even since the Environmental Protection Agency was created by Congress in 1970, agriculture has been repeatedly stung by a series of nettlesome and sometimes seriously damaging roadblocks set up by that agency. The list is long on chemicals banned or unusually restricted. This year, for instance, individual states are being required to certify applicators who will be able to make use of certain restricted chemicals now being used in farming. But as of the present, farmers still don't know for certain which chemicals will be on the restricted list.

And recently EPA has instituted re-registration procedures, requiring chemical companies to go back over previously registered pesticides. All pesticides are to again be reviewed by the same standards, regardless of whether they are old or new.

Speaking about this at the recent National Cotton Council meeting in Florida, Shell Chemical Company's Dr. Edwin L. Hobson, called it a deadly game between EPA, the cotton industry and the pesticide industry. But he warned that it would be a serious mistake for cotton producers to think of this as a conflict just between EPA and the pesticide industry. It concerns all of us in agriculture, he said.

Hobson also pointed out that the House Agriculture Committee will probably hold EPA oversight hearings this year to review how that agency has carried out the law.

And this brings up a point about the whole question of farmers doing battle with bureaucratic agencies in the first place. By and large such agencies are immune from the pressures brought on by an aroused public, no matter how loud the voices might be. It is Congress to which the agencies owe their jobs. It is Congress that created them. Congress wrote the legislation by which EPA operates, and it is only by action of Congress that an overhaul could come. That truth should not be forgotten.

The Texas Farmer-Stockman

A Council of Good Men

Congress spends billions of dollars of our tax money (generally on some wasteful welfare program that costs more to administer than goes to the welfare clientele) without giving the overburdened taxpayer a hint of consideration.

If a city government goes up a nickel for its vital services (water, sewer, garbage collection) one can always expect howls of protest.

We have been attending city council meetings for about 20 years in various cities where we have lived and worked, and have been impressed with the conscientious behaviour of most of the city councilmen and mayors with whom we have come in contact.

Generally, your city councilman is a hard-working member of the community, who puts in just as many hours on his job as you do yours, then donates a large number of additional hours over a period of a month to the business of the city. Most of this time is spent for no remuneration and a minute part of it (the time spent at council meetings) draws pitifully small pay.

We would suggest that anyone ready to criticize Hollis City government attend several meetings and try to understand the problems faced by the mayor, council and city manager before throwing a brickbat. We are of the opinion Hollis is on the move, and part of the reason is Hollis' new city manager-council type of government and the conscientious behaviour of those who are serving on the city's governing board. Gary Reid in The Hollis News

Chilibarb

Just as the bluebonnet is Texas's official flower, why not someone asks—make chili or barbeque the official food?

Because both are so palatable and gastronomically satisfying, we'd hate to see a public fight over the two.

Why not combine them into one called Chilibarb? The combination would consist of three slices of highly seasoned barbeque topped with a cup of chili.

The News' Frank Tolbert could popularize the dish at his chili joint at the lower end of Main—starting at \$2 including the tip.

A man could do a good afternoon's work on chilibarb, plus a big glass of buttermilk.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN.—Consolidation of Texas' three major water agencies has approval of the Senate, and a House version of the legislation is ready for debate.

The bill (SB 1139) by Sen. Grant Jones of Abilene would combine these agencies into a new central Department of Water.

Texas Water Development Board, Texas Water Rights Commission and Texas Water Quality Board.

Merger of the three agencies, recommended by the Hobby Commission on economy and efficiency in state government, may save an estimated \$1.8 million a year.

Sen. Lloyd Doggett of Austin attached an amendment to the merger measure in the Senate which may not appeal to the House. It would make appointment of the new agency's executive director subject to confirmation by the Senate.

There are a variety of other differences in the House and Senate bills, but Jones remains "optimistic" that final agreement can be reached on the legislation before scheduled adjournment of the legislative session May 30.

Free Books Voted

Ignoring warnings that their action may be unconstitutional, senators approved legislation to provide free textbooks for church and other non-public schools.

The bill was finally passed and sent to the House late last week.

If it clears the House and is signed into law, the state would furnish textbooks to some 150,000 students in 750 private schools at a cost of up to \$7.2 million the first fiscal year, dropping to \$1.3 million thereafter.

Officials Feuding

Gov. Dolph Briscoe and Atty. Gen. John Hill, expected to square off in the 1978 governor's race, are exchanging some warm words already.

Briscoe was quoted in a Houston interview as replying to a direct question that he would not rule out shutting off Texas gas to the Northeast in protest to proposed federal energy programs.

Hill said that was "irres-

possible." Briscoe fired back that he has just started to fight and "those who want to knuckle under to greater federal regulations and to the federal bureaucracy" can criticize him if they want to.

"It is important that public officials of Texas try to present a united front to Congress and the administration on this extremely important issue, rather than to let partisan politics interfere in a matter of vital importance to the future of our state," retorted the governor.

Hill pointed to contractual obligations in sales of gas interstate. He indicated he isn't entirely happy with some of President Carter's energy proposals himself, but added: "You don't challenge the president of the United States legally for exercising his right of free speech."

Courts Speak

The Texas Supreme Court held a Nueces County district judge should vacate an order denying motions of a widow to direct a hoist and derrick company official to answer questions put to him in connection with an accident which caused death of the woman's husband.

The death penalty assessed a Bell County man in a knife slaying during a burglary and theft was upheld by the Court of Criminal Appeals.

Short Snorts

The Texas Railroad Commission approved a 60-day 50,000 mcf per day emergency interstate sale of natural gas by Lo-Vaca Gathering Company to Northern Illinois Gas Co. with \$1 million in proceeds credited to Lo-Vaca's Texas customers.

Gov. Dolph Briscoe signed into law legislation to clear the way for building a coal slurry pipeline from Colorado to Texas—but plenty of technical problems still stand in the way of construction.

Mexican-American legislators endorsed State Rep. Ben T. Reyes of Houston to succeed Leonel Castillo as treasurer of the State Democratic party. Castillo recently was named commissioner of the Immigration and Naturalization Service.

Briscoe approved the bill to remove the sales tax from newspaper sales.

Utility taxes are booming due to rate increases. Gross

receipts taxes on electric, gas and water utilities and telephone companies brought in \$80.2 million during fiscal 1976 and have yielded \$53 million the first six months of fiscal 1977.

State Insurance Board Chairman Joe Christie is suggesting a state alternative to federal hospital cost controls — legislation setting up a hospital cost care commission and a minimum health insurance program for all companies.

Appointments

Briscoe named H.B. Zachry Jr. of San Antonio to serve the remainder of the unexpired term of H.H. Coffield of Rockdale on the Texas Board of Corrections. Coffield has resigned.

Briscoe also filled vacancies or announced reappointments to new terms on 16 other boards, agencies and authorities.

AG Opinions

The county civil service act does not apply to deputy sheriffs, Atty. Gen. John L. Hill said in a new opinion.

Other recent Hill opinions concluded:

A bill dealing with local option elections on alcoholic beverage sale in cities located in more than one county is constitutional. The measure provides that elections shall be held by the county clerk and commissioners court of the county in which the greatest number of qualified voting residents of the line-straddling city reside.

Stationery as referred to in items sold by the blind to state agencies includes pens, pencils, pads and paper clips.

Dallas and Mesquite do not have authority to form a joint airport zoning authority with respect to an airport not owned or controlled by either of the cities.

A state agency may not restrict bidding on contracts to persons licensed to do business in Texas.

Laws providing for confiscation of shrimp aboard a vessel on which any shrimp have been unlawfully taken does not deprive the shrimp owner of due process of law.

A copy of an engineer's application for registration filed with the Board of Registration for Professional Engineers is subject to disclosure under the open records act.

Natural gas does far more than heat your home!

GAS FIRES THE BRICK THAT THIS AREA'S CONSTRUCTION INDUSTRY WILL NEED TO BUILD A STRONGER ECONOMY.

As the building industry goes, so goes this area's economy. And the benefits of construction starts are all the greater when locally manufactured materials are used. Because more of the money stays at home to create more jobs.

Brick manufacturers in the Lone Star service area employ more than 10,000 people in making, distributing and selling brick. Many of these jobs depend directly on natural gas as the most efficient and economical source of heat for firing the brick.

Temperatures in the kilns run as high as 2,600 degrees F. the year around,

and this takes a lot of gas. Brick plants served by Lone Star require more than 1.6 billion cubic feet annually. Now, with so many jobs at stake in this one industry alone, future gas supplies must be considered.

It's time to build job security.

Vast basins of natural gas, yet untapped, are crossed by Lone Star's pipeline system. A fact that puts Lone Star in one of the most favorable buying positions of any gas company. But, with steadily rising prices, the new gas will be expensive.

The risk is that companies in energy-short areas of the nation could wind up with the lion's share of these reserves as they are developed.

Buying enough gas to last this area far into the 21st century adds up to one inescapable fact. Both you and Lone Star will have bigger gas bills, because Lone Star cannot make the purchases without a fair return on the necessary investment.

But we're ready to invest in this area's future. If you are.

Wellington Cubs High In Super-Stars Meet

Boys from four Wellington Cub Scout Dens participated in the Adobe Walls Council Super Stars competition at Clarendon, Saturday morning, April 30.

Districts participating were the Santa Fe, of which Wellington is now a part, the Buffalo Wallow, Pioneer and Adobe. This area covers the eastern half of the Panhandle and the entire Oklahoma Panhandle.

Den 8 placed third over all ages in the 40 yard dash. To determine the placing, the times of all boys in the den were averaged and Den 8 had a time of 8.08 seconds. The den received a ribbon.

Lynn Pulliam was best in the broad jump, 8-year-old division. His distance was 10'1 1/2".

Tim Moore was best in the

10-year old division, with distance of 11'4". Both boys received medals.

In the tug of war, with a 275 pound limit per den, a team from Den 5, and another from a combination of Dens 5 and 6, outpulled their opponents twice, only to be eliminated in the finals.

The Cubs competed as dens, but first place was also awarded to individuals by ages.

Wellington boys competing included:

Den 5: Jimmy Carroll, Kelly Goforth, Kenny Peeks, Spencer Seale, Jeff Ray Hicks, Brad Neeley and Lynn Pulliam.

Den 6: Kacy Davis, Kendall Harris, Max Kellison, Mike Myrick, Wesley Reeves and Brian Van Pelt.

Den 7: Sammy Binford.

Church Youth Plan Day at Panfork

The young people's department of First Baptist Church will hold a day of fun, food and fellowship at Panfork Encampment Saturday, May 7.

The boys and girls will Johnny Branch, Cliff Campbell, Al Forrester, Tim Hartman and Derek Seal.

Den 8: Shawn Davis, Roquel Moore, Stevie Moore, Tim Moore and Benny Encina.

gather at the church at 10:00 a.m. to leave for the camp, 7 miles northeast of Wellington.

After lunch they will play baseball, football, badminton, frisbies and other games.

After supper, a time of sharing is planned, according to Glen Mize, youth and music directors.

OUR MOTHER & GRANNY

On a Very Special Day to Us
Mother's Day

*Dear Mother, we are so thankful
That we still have you in life,
To bless us with your presence
Amid Life's weary strife.*

*For You, too, did have your part
In making our childhood bright;
We cannot forget your toil-filled days,
Nor how through many a weary night---*

*You tenderly watched over us
As the fever burned our brow;
Ah! We could not then understand the depth
Of your love for us---but now---*

*We, too, have stood by the bedside
Of our own, when they were racked with pain,
And how those half-forgotten memories
Come trooping back again.*

*Of the days when we were children,
And you a mother young,
How we used to sit close beside you
As some old sweet song you sung.*

*Those wonderful happy hours
Cannot be described by pen;
We could not then realize it
But now since we are women and men---*

*We know that we of all children
Have indeed been wonderfully blessed,
By having both Father and Mother
Of all the world the best.*

Put Litter in It's Place

Let's all help make Wellington
a cleaner, more beautiful city to live in...
by joining in with the Spring

City-Wide CLEAN-UP

Residential and Business Areas During This Time

May 8 thru May 14

Fix-Up! Paint-Up! Clean-Up!

During this time residents are encouraged to clean up premises of trash, rubbish and refuse, and put in the alley for pick up by City Trucks. ONE WEEK ONLY. Trucks will start at 1st and Haskell Streets and work south.

**Free Pick Up
Tuesday,
May 10**

TUESDAY, MAY 10 the City Trucks will begin the Annual Free Pick Up and continue through all alleys until the entire city is covered.

PROPERTY IN THE ALLEY THAT IS NOT TO BE HAULED AWAY . . .

Residents having property or articles in the alley that they do not wish hauled off are requested to remove these from the alley and place on their premises. The City of Wellington cannot be responsible for any articles hauled off by mistake.

**Vacant
Lots**

VACANT LOTS . . . Owners or lessees of vacant lots are required to remove trash, refuse, garbage and rubbish at their own expense, and to keep weeds under control throughout the season for protection against mosquito breeding and harboring places. . . .

However, it has long been a practice of the City to keep vacant lots mowed, where owners would keep them clean and mowable, and will continue this program.

**Dead Trees
and Heavy
Junk,
Thur. May 12**

THURSDAY, MAY 12 . . . City equipment and community volunteers will cooperate in one big day of disposing of dead trees, excessive junk that requires front-end loaders and dump trucks. If you have dead trees or extra heavy items to be hauled, call the Chamber office. The City will not dig dead trees, but they will haul away dead trees that have already been dug.

**Highway &
FM Roads**

IMPRESSIONS OF OUR COMMUNITY ARE FORMED along Highway 83, 8th Street, 9th Street, and FM Roads 338 and 1035 . . .

Congratulations are in order for the many businesses and individuals who have cleaned, cleared, painted and improved the appearance of property along these roads. Much more remains to be done. Let's all work together to continue to improve the looks of our approaches and create good first impressions.

Henard Chosen for "Outstanding Men"

The Board of Advisors for the Outstanding Young Men of America Awards Program announced today that Larry Glenn Henard has been selected for inclusion in the 1977 edition of Outstanding Young Men of America.

The Outstanding Young Men of America Program is

co-sponsored by the United States Jaycees and numerous other leading men's civic and service organizations throughout the nation. Serving as chairman of its 12-man Advisory Board is Doug Blankenship, U.S. Jaycee past president.

Mr. Henard, along with

approximately 11,000 fellow Outstanding Young Men from the United States, will be featured in this prestigious annual awards publication.

Mr. Henard is engaged in farming and ranching with his brothers. He is a graduate of Texas A&M University, where he was named a Distinguished

Student and was a member of the Corps of Cadets.

He is the son of Mrs. Dan Henard, Sr., and the late Mr. Henard.

Mrs. Ella Smart of Pampa visited her sister-in-laws Mrs. Lee Vaughan and Mrs. S.L. Lindsey during the weekend.

McLean Youth Sing At 1st Baptist

The youth choir of First Baptist Church, McLean, will present a musical, "Life," at First Baptist Church here Wednesday, May 18. Starting time will be 7:30 p.m.

This musical will appeal to people of all ages, but especially to young people, according to Glen Mize, youth and music director of the Wellington church.

L.V. Moore Dies at Quanah

Mr. and Mrs. Cicero Gully were in Quanah Friday, April 29, to attend the funeral of L.V. Moore, 60, a former Wellington resident.

Mr. Moore was a lineman for West Texas Utilities Company when he lived here. The family moved to Quanah from Merkel in 1949 and he was ranch and farm foreman.

He was born at Merkel and married Caribel Mansfield of Abilene June 9, 1934.

Survivors are his wife; two daughters, Mrs. Jo Ann Williams of Lancaster and Mrs. Marijohn Haynes of Quanah; his mother, Mrs. Ira Moore of Merkel; a brother, two sisters and four grandchildren.
